AT&T Connect

Select AT&T Connect Software

Select the type of AT&T Connect client software you want to use to connect to this Event:

Participant Application (Recommended for all - Required for Host)

A Windows-based application with all available AT&T Connect features - including features required by the meeting's Host. To use this option, you must be running the Windows operating system on this computer, and be able to download and install applications.

Web Participant Application

A browser-based application with some feature limitations. Use this if you are running on a Macintosh or Linux platform, or if you are not able to install software on your Windows computer.

- You will be taken to this web page. If this is your first time with Connect, click on the word Install by option 1 and follow the instructions. If you are a returning user, click on Enter Event.

Install the Participant application and enter the Event

AT&T Connect

If the application is already installed, go to step 2

- 1** **Install** the application (if not already installed)
Click "Save File" in the popup, double-click on ATT_Connect_Setup.exe, and follow the instructions

 If the above installation fails (or there is no response for a few seconds) click [Manual Installation](#)
- 2** To launch the application, click 

For more assistance, [click here](#).

5. This box will open. Click OK.

6. The Connect web conference page will open, showing this box. Select Use a telephone\already connected with a telephone option.

7. This box will appear. Click Call Me at the lower left corner.

8. This box will appear. Enter your telephone number and press OK. Connect will call you, making your audio & video connection complete.
