Description	Just connect the USB modem to your laptop and access Verizon 4G LTE it's seriously that simple. There's no software to install, and the modem works with Mac and Windows operating systems. Two LED indicators show if you're connected and help you monitor how much data you're using Does not support Windows XP or Vista.	The 4G LTE Mobile Hotspot gives you a secure connection to Americas largest and most reliable 4G LTE network. Connect up to 15 Wi-Fi-enabled devices, including tablets, laptops, cameras, gaming consoles, music players and wearables. The powerful 2-in-1 battery not only keeps the Jetpack running but also helps power up your external devices. Stay connected for up to 20 hours. The Jetpack also doubles as a universal charger for external devices that are connected, meaning you can check email, video chat and more from your Wi-Fi-enabled devices longer

Description	<p>Surface 3 is light and thin, yet durable enough to take wherever you go. Use the 3-position Kick stand to work comfortably on your lap or at a desk. With up to 10 hours of battery life and support for 4G LTE, you can stay productive on the go. Conference and take great photos and video with front facing 3.5 MP camera and rear facing 8MP auto focus camera. Run desktop software with Windows 8.1 Pro and access touch apps in Windows Store. Get more done with true multitasking, running two apps side by side.</p> <p>Enjoy the complete Microsoft Office experience including Outlook, Excel, Word, PowerPoint, and more.</p>	<p>Visual Master Technology, Dual Front Speakers with detailed sound, PixelMaster increase photo brightness</p>	<p>The ASUS ZenPad Z10 is bigger, faster, has greater memory and a more powerful battery than its ZenPad Z8 predecessor. And like the Z8, the immersive picture and sound of the ASUS ZenPad Z10 transport you right into the concert hall, stadium or into the action of your favorite game. A Verizon exclusive, this extraordinary LTE Advanced-enabled tablet features a 9.7-inch wide-angle display and cinematic surround sound quality. Multitasking is quick and smooth with the Qualcomm Hexa-Core processor.</p>	<p>Since the tablet is meant to be held in landscape position, the power and volume buttons are located on the left and right side for better access. The matte, soft-touch back features an anti-fingerprint coating while the front bezel has a gloss finish and UV coating.</p>	<p>Work on the go with this super-slim, ultra-lightweight tablet. Its perfect for travel, with a thin metal design that offers a premium look and feel and a weight so light you'll hardly notice you're carrying it.</p>		<p>The Galaxy View will transform your viewing experience with an immersive 18.4 HD screen in stereo sound. Take it all in with a vibrant, immersive touchscreen display that's always at arms reach. Without unnecessary remotes and wires, you can simply move the thin and light View to experience anytime, anywhere</p>	<p>4G Capable- 4G LTE- 700 MHz (not CDMA Compatible)</p>
