We would like to express appreciation to CDBG Advisory Committee. We appreciate your effort in responding to all our questions promptly and without delay during our ongoing professional relationship. We would like to thank you for many suggestions that helped bring to our attention opportunities for brush up and fine tuning before finalizing this manual.

An unexpected benefit of working with CDBG Advisory Committee has not been limited to just good editorial services. Of very special importance is the willingness and passion for continuous improvement of the CDBG Housing Program.
