#### Important Service/Product Specific Terms

Your Service Agreement with Sprint includes, but is not limited to, the terms of your service plan (including those outlined below and set forth in the services guide and materials), and the most recent Sprint General Terms and Conditions of Service ("Ts and Cs"). Carefully read all of the parts of your Service Agreement with Sprint, including the MANDATORY ARBITRATION PROVISION and CLASS ACTION WAIVER PROVISION set forth in the Ts and Cs.

\*\*Monthly charges exclude taxes and Sprint Surcharges [incl. USF charge of up to 15.1% (varies quarterly), Administrative Charge (up to \$2.50/line/mo.), Regulatory Charge (40¢/line/mo.) & state/local fees by area]. Sprint Surcharges are not taxes or gov't-required charges and are subject to change. Details: [sprint.com/taxesandfees](http://sprint.com/taxesandfees).

Service Agreement: The Service Agreement is provided to you at activation. There are several parts to the Service Agreement, including, but not limited to, the Subscriber Agreement you sign or accept, the detailed plan or other information on Services we provide or refer you to during the sales transaction, and any confirmation materials we may provide you. General Terms: If you agree to maintain service for a minimum Term, the Term begins when you accept the Subscriber Agreement (e.g., signature, activate service, use phone, etc.).

You may terminate any line of service before its Term ends by calling us, however you will be responsible for an EARLY TERMINATION FEE of up to \$350/line early termination fee (ETF) for advanced devices & up to \$200 ETF/line for other devices for each line/number terminated early — except for terminations consistent with our return policy. Subscriber Agreements are subject to Sprint's prorated policy. The ETF is prorated and is calculated by taking the months remaining on your Service Agreement times \$20 for Advanced Devices, with a maximum of \$350, and minimum of \$100. For all other devices, the prorated ETF is calculated by taking the months remaining multiplied by \$10 with a maximum of \$200 and minimum of \$50. Payment of the ETF does not satisfy other obligations owed to us, including Term commitments with other lines or service/equipment charges.

If you agree to maintain service for a minimum Term, upon expiration of the Term, this Agreement will automatically continue on a month-to-month basis unless you contact us to inform us of any changes, including cancellation. If there is no minimum Term associated with the service plan you elect, this Agreement will apply and automatically continue on a month-to-month basis unless you contact us to inform us of any changes, including cancellation. All offers, including plans and customizable/upgrade options are available from 10/11/2013 thru 4/10/2014 — we reserve the right to cancel offers early or extend offers without notice. Offers are subject to credit approval.

An account spending limit may apply if you ask for specific amount. Spending limit accounts are subject to a fee of \$4.99/mo. per account. The fee will be waived for accounts enrolled in recurring AutoPay and electronic billing (eBill). Monthly service plan charges accrue even if your service is turned off for exceeding your spending limit or nonpayment. If payment is not received in full by the due date on your bill, late fees may be assessed, in amounts up to the maximum amount permitted by law in the state of your billing address. A detailed bill provides comprehensive call details to customers, including, phone numbers dialed and received, call lengths, call types and call times. A \$1.99/month per account fee will apply if you choose to receive a paper invoice with detailed billing.

To avoid this fee, you can elect to receive Sprint's eBill or summary format of the paper invoice. Detailed billing information is available for all customers by visiting your Sprint account online. Additional fees may apply for phone number changes. Offers may not be available everywhere, combinable with other promotions/options, or available to business customers. Coverage is not available everywhere and varies by service — visit [sprint.com/coverage](http://sprint.com/coverage) for additional details.

Monthly charges exclude taxes, Sprint Surcharges [incl. USF charge (varies quarterly), cost recovery and administrative fees, & state/local fees by area (e.g., in some areas up to 16% but in most areas less than 3%)]. Sprint Surcharges are not taxes or gov't-required charges and are subject to change. Up to a \$36 activation fee may apply to new activations, certain service plan changes or upgrades of phones or devices. A reconnect fee of up to \$36 may apply to reestablish service on all accounts that have been disconnected for nonpayment or discontinuance of service.

A deposit or fee charge, in most instances between \$50 and \$750 (but sometimes up to \$1000), may be required per line to establish service. Our services will only work with our phones — not all services are available with all phones or on all networks. Monthly service charges are not refunded or prorated if service is terminated or modified before your billing cycle ends.

A deposit or fee charge, in most instances between \$50 and \$750 (but sometimes up to \$1000), may be required per line to establish service. Our services will only work with our phones — not all services are available with all phones or on all networks. We may block network access or refuse activation for devices that are incompatible with our network or for any reason that protects our customer's or network's interests including, but not limited to, devices that are lost, stolen or terminated for nonpayment of service. Monthly service charges are not refunded or prorated if service is terminated or modified before your billing cycle ends. All phone usage, including incoming/outgoing calls, incurs charges unless specified otherwise.

Except where specified, included plan minutes are not good for off-network roaming calls. International roaming rates for voice and data services are additional and will vary. On calls that cross time periods, minutes are generally deducted or charged based on the call start time. Unused monthly plan minutes and data do not carry forward. Partial minutes of use are rounded up to the next whole minute. We may, but are not required to, decline usage on your line of service to protect against fraudulent or unlawful activity. Monthly add-ons or plans must remain active on the line of service for a full month after activating; no proration applies and refunds will not be issued for unused days during the billing cycle.

Nature of our Service. Our rate plans, customer devices, services and features are not for resale and are intended for reasonable and non-continuous use by a person using a device on Sprint's networks. Prohibited Network Uses. To ensure the activities of some users do not impair the ability of our customers to have access to reliable services provided at reasonable costs, you may not use our services in a manner that is unlawful, infringes on intellectual property rights, or harms or unduly interferes with the use of Sprint's network or systems.

Sprint reserves the right, without notice or limitation, to limit data throughput speeds or quantities or to deny, terminate, end, modify, disconnect, or suspend service if an individual engages in any of the prohibited voice or data uses detailed below or if Sprint, in its sole discretion, determines action is necessary to protect its wireless networks from harm or degradation.

Examples of prohibited voice uses: Sprint voice services are provided solely for live dialogue between, and initiated by, individuals for personal use and as otherwise described in this policy. Sprint services may not be used for any other purposes, including, but not limited to: monitoring services, transmission of broadcasts, transmission of recorded material, telemarketing, autodialed calls, other commercial uses, or other connections that do not consist of uninterrupted live dialogue between individuals.

Examples of prohibited data uses: Sprint data services are provided solely for purposes of web surfing, sending and receiving email, photographs and other similar messaging activities, and the non-continuous streaming of videos, downloading of files or on line gaming.

Our data services may not be used: (i) to generate excessive amounts of Internet traffic through the continuous, unattended streaming, downloading or uploading of videos or other files or to operate hosting services including, but not limited to, web or gaming hosting; (ii) to maintain continuous active network connections to the Internet such as through a web camera or machine-to-machine connections that do not involve active participation by a person; (iii) to disrupt email use by others using automated or manual routines, including, but not limited to "auto-responders" or cancel bots or other similar routines; (iv) to transmit or facilitate any unsolicited or unauthorized advertising, telemarketing, promotional materials, "junk mail", unsolicited commercial or bulk email, or fax;

(v) for activities adversely affecting the ability of other people or systems to use either Sprint's wireless services or other parties' Internet-based resources, including, but not limited to, "denial of service" (DoS) attacks against another network host or individual user; (vi) for an activity that connects any device to Personal Computers (including without limitation, laptops), or other equipment for the purpose of transmitting wireless data over the network (unless customer is using a plan designated for such usage); or (vii) for any other reason that, in our sole discretion violates our policy of providing service for individual use.

Unlimited Use Plans: If you subscribe to rate plans, services or features that are described as unlimited, you should be aware that such "unlimited" plans are subject to these Sprint Prohibited Network Uses. New Service Agreements on the Sprint 4G (WiMAX) Network: Your Service on a device activated on the Sprint 4G (WiMAX) Network may require a new one or two-year Service Agreement per line. Sprint expressly reserves the right to migrate your Service during this Service Agreement term from the Sprint 4G (WiMAX) Network to the Sprint 4G LTE network to complete your Service Agreement term.

Reasonable advance notice of the Service change will be provided to impacted customers, who can then select one of the following options: (a) Choose to complete the Service Agreement term using your existing device without 4G (WiMAX) capability (b) Elect to complete the Service Agreement term by contacting us after receiving notice from Sprint to transition to the Sprint 4G LTE network with no additional term commitment required (Transition Option) (c) Deactivate service.

Deactivations because of this Service change will not result in an Early Termination Fee (ETF). Transition Option: If you select the Transition Option, you will receive a free standard Sprint LTE capable device and can maintain your existing Service plan, if available. During the Service Agreement term, Sprint may provide other offers that are separate from the Transition Option, and these offers will be subject to a new two-year Service Agreement per line.

## PROMOTIONS, OPTIONS AND OTHER PROVISIONS

**Messaging (text, picture and video):** Messaging rates are subject to change. Standard message rates are charged when a message is sent or received, whether read or unread, viewed or unviewed, solicited or unsolicited. Unused monthly plan messages do not carry forward. Certain messages, including those to 3rd parties to participate in a promotion or other program, will result in additional charges. International messaging rates may vary and are subject to change without notice. There is no guarantee that messages will be received, and we are not responsible for lost or misdirected messages. Most text messages are limited to 160 characters.

Messages may incur an additional Pay-As-You-Go data charge of 3¢/KB. Pictures and video messaging must be sent, viewed and uploaded through the text/messaging application (MMS) or Picture Mail application. Viewing, uploading or linking to the web, email, or clicking on a web link to view or obtain pics/video is a data activity and casual data charges of \$.03/kb will apply, unless data is included in your plan.

**Any Mobile, Anytime:** Applies when directly dialing/receiving standard voice calls between domestic wireless numbers as determined when the call is placed using indep. 3rd party and Sprint databases. (excludes calls to voicemail, 411, and other indirect methods). Not available while off-network roaming. **Sprint Mobile to Mobile:** Allows you to make or receive unlimited calls directly to or from Sprint subscribers on the Nationwide Sprint Network without using your service plan minutes. Only available for calls directly between Sprint phones (not through Voicemail, 411 or other indirect methods). Not available while off-network roaming.

**Location Based Services:** Environment may limit location based service information. Location Based Services require an account holder's authorization for Sprint to share location and other needed enabling information with third parties. It is the responsibility of the account holder to notify device users that location can be identified while using location based service applications. **Total Equipment Protection: Equipment Replacement Program** is insurance underwritten by Continental Casualty Company (CNA), a CNA company, and administered by Asurion Protection Services, LLC, a licensed agent of CNA (In California, Asurion Protection Services Insurance Agency, LLC, CA Lic. #OD63161. In Puerto Rico, Asurion Protection Services of Puerto Rico, Inc.). Please see the Device Protection brochure available at any participating retail location or visit [sprint.com/TEP](http://sprint.com/TEP) for complete terms and conditions of coverage. Terms and conditions are subject to change. May not be available in all states. Eligibility varies by device.

**Assurant Advanced Protection Pack:** Plan provided and administered by the Assurant Solutions Companies. Companies underwriting the plan all operate under the trade name Assurant Solutions. Limitations and Exclusions apply. For complete details, see an in-store Device Protection brochure or visit [www.assurantprotection.com](http://www.assurantprotection.com). **Sprint to Home:** Monthly charge is invoiced to Sprint wireless account. Not available for Corporate-liable accounts. **Mobile to Office:** Monthly charge is invoiced to Sprint wireless account. Available only for Corporate-liable accounts. **Add-a-Phone:** Requires a minimum two-year Service Agreement for each line added ("Secondary Line"). The first phone activated on the service plan ("Primary Line") and Secondary Lines may have different Term end dates. If the Primary Line on the account is terminated prior to the expiration of the Term of any Secondary Line, a Secondary Line will become the Primary Line.

**Email:** Wireless access to corporate/employee email may require add'l server or server access, licenses, or additional requirements which incur add'l charges. **Data:** Services are not available with all Sprint phones. The amount of data transmitted over our network is measured in kilobytes (KB), megabytes (MB) or gigabytes (GB). Unless specified otherwise, 1024KB equal 1MB. 1024MB equal 1GB. Usage is calculated on a per KB, MB or GB (depending on your plan) basis and is rounded up to the next whole KB, MB or GB, at which time we deduct accumulated usage from your plan, or assess overage or casual usage charges. You are responsible for all data activity from and to your device, regardless of who initiates the activity. Estimates of data usage will vary from actual use. Your invoice will not separately identify the number of KB, MB or GB attributable to your use of specific sites, sessions or services used. Premium content (games, ring tones, music tracks, etc.) priced separately. Services are not available for use in connection with server devices or host computer applications, other systems that drive continuous heavy traffic or data sessions, or as substitutes for private lines or frame relay connections.

Except with Phone-as-Modem add-on, you may not use a phone (including a Bluetooth phone) as a modem in connection with a computer, PDA, or similar device. We reserve the right to deny or terminate service without notice for any misuse or any use that adversely affects network performance. Availability of downloadable or streaming content is subject to change without notice, including but not limited to television channels and radio stations. If user is not subscribed to a data included plan or add-on, Pay-As-You-Go charges are incurred when using data applications and services. **Web Access:** Sprint can help you prevent the transmission of material harmful to minors on certain devices by allowing access only to a limited number of Internet web sites or restricting web access. For more information, visit [sprint.com](http://sprint.com).

**Third-Party Content:** Sprint allows customers to purchase mobile content on a per item or monthly basis from Sprint and other entities. Subscribers are responsible for all billed content, including content purchased by others authorized to use devices on the account. If we bill you for amounts on behalf of a third party, payments received are first applied to our charges. Usage can be restricted by use of account blocking tools or similar features. Deleting third-party applications from your device alone may not stop the billing of monthly recurring charges. Visit [sprint.com/premiummessaging](http://sprint.com/premiummessaging) for details.

**Off-network Roaming:** The primary use of your Device must be for domestic purposes within the Sprint-owned network. Domestic means use in the 50 United States and U.S. Territories (except Guam). Domestic roaming usage may be invoiced after 30-60 days. Sprint reserves the right, without notice, to deny, terminate, modify, disconnect or suspend service if off-network usage in a month exceeds: (1) voice: 800 min. or a majority of minutes; or (2) data: 100 MB, 300 MB or a majority of kilobytes based on terms of plan. The display on your device may not always be on and will not indicate whether you will incur roaming charges. You can monitor usage online through My Account. Roaming is not available with single-band phones, or to customers who reside or whose primary use is outside an area covered by the Nationwide Sprint Network. Sprint may limit or terminate service if you move outside of the Sprint owned-network.

**International Roaming:** International calling, including in Canada, Mexico, and Guam is not included in plans with no roaming charges. International roaming usage may be invoiced after 30-60 days. Data services and certain calling features (Voicemail, Caller ID, Call Waiting, etc.) may not be available in all roaming areas. Usage initiated near country borders may be carried by a cell site in a neighboring country and billed at that country's rates. Sprint reserves the right to deny, terminate, modify, disconnect or suspend service if the majority of minutes or kilobytes are used for international roaming.

**International Long Distance, Messaging and Data:** Phones must be activated on international service to enable international long-distance calls, messaging or data including to Mexico and Guam. For verification purposes, you may be required to provide additional information and activation of plan may take approximately 1 to 3 days. Verification for account spending limit customers may take up to 30 days. Rates, mobile termination fees and available countries at [sprint.com/internationalrates](http://sprint.com/internationalrates). International rates are subject to change without notice.

**Sprint Phone Connect:** Device compatible with traditional home/office phones that use standard RJ11 wall jack. Sprint reserves the right, without notice, to deny, terminate, modify, disconnect or suspend service if off-network voice usage in a month exceeds: 800 min. or a majority of minutes. Patent Information for certain smartphones and other devices: Some devices may contain User Guides or other guides in the packaging referencing expired and/or inapplicable patents. Please see [sprint.com](http://sprint.com) for updated patent information for your specific device.

**Sprint Buyback:** Limit 3. Devices will not be returned. To best protect your data, please delete all personal information from your phone. Credit amount depends upon valuation and may vary based on condition. Credit will be applied to in-store purchase or Sprint account within three invoices. Fraudulent devices will not receive credit and will not be returned. **Wireless Emergency Alerts:** Free wireless emergency alerts are now available on capable devices on the Nationwide Sprint Network. To learn more on emergency alerts and their availability in your area, see rep. or visit [sprint.com](http://sprint.com). **IL Discounts:** Discount amounts may vary and are subject to corporate contract and ongoing eligibility/enrollment criteria.

**Call Blocking:** Important Information about E911 impacts on Call Blocking. After dialing 911, inbound call blocking will be removed from the subscriber for 24 hours to allow for public safety to place a call-back to the customer. Other inbound calls will be allowed for this time period. In the event a 911 call is dropped or disconnected, public safety may not be able to place a call-back to the customer. Removing in-bound call blocking requires processing time. Sprint will make a good faith effort to complete the removal of inbound blocking, and will cooperate with public safety to remove inbound call blocking upon request.

Call blocking will be restored after the 24-hour period. The customer will not be notified when the block is removed nor reinstated as a result of a call to 911. If you do not agree to the terms of Sprint's in-bound call blocking procedure, in-bound call blocking will not be provided. **Network Management and Performance:** For important information on Sprint's network management tools, policies and other related information, please visit [Sprint.com/networkmanagement](http://Sprint.com/networkmanagement).
