

Agreement or the Credit Enhancement Facility, as the case may be, or in a State Certificate provided to the Trustee with respect to such Swap Agreement or Credit Enhancement Facility.

- For purposes of applying the additional bonds test in connection with the issuance of Refunding Bonds, the proceeds of such Refunding Bonds shall be assumed to have been applied on their issuance date for the purposes provided in the Supplemental Resolution authorizing such Refunding Bonds.
- Except to the extent provided in a Supplemental Resolution adopted to provide for the issuance of Subordinate or Junior Subordinate Bonds, with respect to the determination of Debt Service for purposes of limitations relating to Subordinate or Junior Subordinate Bonds or Subordinate or Junior Subordinate Other Obligations, debt service payments with respect to Subordinate or Junior Subordinate Bonds and Subordinate or Junior Subordinate Other Obligations shall not be taken into account.

“Debt Service Coverage Ratio” means the ratio of Projected Annual Revenues to Maximum Annual Debt Service.

“Projected Annual Revenues” means the largest amount of Petroleum Inspection Fees collected in any twelve consecutive months during the eighteen most recent months for which such information is available. If legislation changes the rate of the Petroleum Inspection Fee, *“Projected Annual Revenues”* shall be adjusted to take such change into account.

Variable Rate Take-Out Capacity Test

On each Monthly Reporting Date while any Variable Rate Debt is Outstanding, the State shall provide to the Trustee a State Certificate setting forth the Variable Rate Take-Out Capacity and the Variable Rate Debt Exposure based on the most current available information. If the Variable Rate Take-Out Capacity is less than the Variable Rate Debt Exposure, the State agrees to (1) promptly notify the Rating Agencies of such fact, and (2) submit to the Trustee and each Rating Agency, no later than 45 days after such Monthly Reporting Date, a plan to cause the Variable Rate Take-Out Capacity to exceed the Variable Rate Debt Exposure by the third Monthly Reporting Date following the Monthly Reporting Date that made the notification and plan necessary.

For this purpose:

“Debt Service” shall, except as specifically provided, be calculated consistently with the provisions set forth above with respect to the additional bonds test.

“Monthly Reporting Date” means, in each month, a date on or before the fifteenth day of the month, as selected by an Authorized Commission Representative.

“Projected Monthly Revenues” means the average of the Petroleum Inspection Fees collected in each of the twelve most recent months for which such information is available; *provided*, that if the rate of the Petroleum Inspection Fee that will be in effect for any future month will be higher or lower than the rate of Petroleum Inspection Fee in effect for any corresponding prior month, *“Projected Monthly Revenues”* shall be adjusted to take such change into account.

“Senior Bond Anticipation Notes” includes all Bond Anticipation Notes for which the funding Bonds have been authorized as Senior Bonds.

“Variable Rate Debt” includes Bonds the interest rate on which is not fixed for their entire remaining term to maturity, all Senior Bond Anticipation Notes, and all Bonds with respect

to which the State has entered into interest rate exchange agreements that have the effect of shifting the State's fixed rate liability to a variable rate liability.

"Variable Rate Take-Out Capacity" means an amount equal to the present value of the net revenue stream that would be available after the collection of 50% of the Projected Monthly Revenues in each of the 240 succeeding months and the payment of Debt Service due in each such month with respect to all Outstanding Senior Bonds which do not constitute Variable Rate Debt (assuming the receipt of revenues and the payment of Debt Service on the first day of the month), discounted (on the basis of a 360-day year consisting of twelve 30-day months, and semi-annual compounding) using a discount rate equal to the Projected Interest Rate.

"Variable Rate Debt Exposure" means the difference, if any, of (1) the actual aggregate Outstanding principal amount of Variable Rate Debt, less (2) the sum of (a) the balance in the Principal Account in the Redemption Fund allocable to Variable Rate Debt, plus (b) the balance of the Rate Stabilization Fund established under the Program Resolution.

Funds and Accounts

The Program Resolution establishes the following Funds and Accounts:

- Proceeds Fund (and within it a Capitalized Interest Account, an Issuance and Administrative Account, and a Claims Account).
- Revenue Fund.
- Rebate Fund.
- Redemption Fund (and within it an Interest Account and a Principal Account).
- Reserve Fund.
- Rate Stabilization Fund.
- Junior Subordinate Redemption Fund (and within it a Junior Subordinate Principal Account).
- Program Fund (and within it a Program Expense Account).

Proceeds Fund

Upon the delivery of any series of Bonds, the Trustee will credit to the Proceeds Fund the amount specified in the resolution authorizing the Bonds. The amounts, if any, so designated in the resolution will be credited to the Capitalized Interest Account and the Issuance and Administrative Account, respectively, and the remainder will be credited to the Claims Account.

Moneys in the Capitalized Interest Account will be applied only for the payment of interest on the Senior Bonds. Moneys in the Issuance and Administrative Account will be applied to the payment of costs of issuance of the Bonds and administrative expenses. Moneys in the Claims Account will be applied to costs of the petroleum storage remedial action program.

Revenue Fund

The Trustee will credit all Petroleum Inspection Fees received from the Department of Revenue to the Revenue Fund. On each Revenue Payment Date, the Trustee will transfer the money so credited, as follows:

- *First*, to the Rebate Fund.
- *Second*, to the Interest Account for the payment of interest on Senior Bonds or Senior Other Obligations payable therefrom.

- *Third*, to the Principal Account for the payment of principal of Senior Bonds or the payment of Senior Other Obligations payable therefrom.
- *Fourth*, to the Reserve Fund, if necessary to increase the balance to the Reserve Fund Requirement.
- *Fifth*, to the Rate Stabilization Fund, if directed by the State.
- *Sixth*, to the Junior Subordinate Principal Account within the Junior Subordinate Redemption Fund for the payment of principal of Junior Subordinate Bonds or the payment of Other Obligations payable therefrom.
- *Seventh*, to the Program Fund. If the Commission creates Funds and Accounts for Subordinate Bonds or Subordinate Other Obligations, it may apply money to Funds and Accounts established for those obligations before applying the money to the Program Fund.

The Program Resolution permits the issuance of Subordinate Bonds, which would have a pledge of Petroleum Inspection Fees that is subordinate to the pledge provided the Senior Bonds yet senior to the pledge provided the Junior Subordinate Bonds. If Subordinate Bonds are issued, a Subordinate Redemption Fund will be created.

Rebate Fund

The State will periodically determine, for each issue of Bonds, the arbitrage rebate liability under federal tax law. The State may specify an amount that should be held in the Rebate Account for arbitrage rebate payments. Any amount not required for arbitrage rebate payments will be transferred to the Interest Account.

If the Trustee is furnished with a written opinion of Bond Counsel to the effect that amounts held in the Rebate Fund are not needed to make arbitrage rebate payments, those amounts will be transferred to the Interest Account.

Redemption Fund

The Redemption Fund will be used only for the payment when due of principal of, and premium, if any, and interest on, the Senior Bonds and Senior Other Obligations.

Interest Account

The Trustee will credit to the Interest Account any premium or accrued interest paid as part of the purchase price for a series of Senior Bonds. The Trustee will also deposit in the Interest Account:

- The portion of the sale proceeds from the State's borrowings to be used to pay interest on the Senior Bonds (unless those proceeds are deposited into an Escrow Account).
- All Counterparty Swap Payments.
- All investment earnings from money in the Redemption Fund (unless they are required to be in an Escrow Account), the Reserve Fund, the Rate Stabilization Fund, and the Junior Subordinate Redemption Fund.
- Amounts transferred, at the State's direction, from the Rate Stabilization Fund.
- Amounts transferred from the Rebate Fund.
- Other amounts required to be transferred thereto from the Funds and Accounts.

The Trustee will make periodic deposits to the credit of the Interest Account, at least 30 days before payment is due, of amounts determined or estimated to aggregate the full amount of each installment of interest which falls due upon Outstanding Senior Bonds on each regularly

scheduled Interest Payment Date, and the reimbursement to all Credit Facility Providers for payments of interest on the Senior Bonds pursuant to Credit Enhancement Facilities.

If money in the Interest Account is insufficient when needed to pay the accrued interest due on the Senior Bonds, all State Swap Payments, and all reimbursements and fees payable to a Credit Facility Provider, or any portion of the purchase price of Senior Bonds to be purchased attributable to accrued interest, the Trustee will immediately deposit to the credit of the Interest Account an amount equal to such deficiency. Each deposit required to pay the foregoing amounts shall be made by transfer from the following Funds and Accounts, in the following order of priority: the Capitalized Interest Account, the Revenue Fund, the Rate Stabilization Fund, the Reserve Fund, and the Principal Account.

If money in the Interest Account is insufficient when needed to pay amounts payable therefrom, the money shall be applied, *pro rata*, among such obligations based upon such amounts then owing to Beneficiaries and to be paid from the Interest Account.

Principal Account

With respect to each series of Senior Bonds, the Trustee will deposit to the credit of the Principal Account:

- The portion of the sale proceeds from the State's borrowings to be used to pay principal of the Senior Bonds on a Principal Payment Date (unless those proceeds are deposited into an Escrow Account).
- Amounts transferred, at the State's direction, from the Rate Stabilization Fund or the Program Fund.
- Amounts required to be transferred thereto from the Revenue Fund, the Rate Stabilization Fund, and the Reserve Fund.

To provide for the payment of each installment of principal which falls due upon Senior Serial Bonds (other than certain Bond Anticipation Notes) at the stated maturity thereof or Senior Term Bonds on a Sinking Fund Payment Date therefor, the Trustee will make periodic deposits, to aggregate the full amount of such installment at least 30 days before such payment is due. To provide for the payment of the redemption price of Senior Bonds to be redeemed on any other Redemption Date, the Trustee shall make deposits, as directed by a Supplemental Resolution or the State, to aggregate the full amount of such redemption price at least five days before such redemption price is due.

Money in the Principal Account will be applied to the payment of Senior Bonds on a Principal Payment Date or for the payment of reimbursements for amounts paid under a Senior Credit Enhancement Facility to pay principal of and premium, if any, on Senior Bonds, to such payment when due.

Each deposit required to be made to the credit of the Principal Account shall be made by transfer from the following Funds and Accounts, in the following order of priority: the Revenue Fund, the Rate Stabilization Fund, and the Reserve Fund.

When the balance in the Principal Account is not sufficient to pay all amounts payable therefrom on such date, the amounts in the account will be applied in the following order of priority: *first*, to the Interest Account; and *second*, to the payment of Senior Bonds at their stated maturity or on a Redemption Date or the reimbursement of such payments made by a Senior Credit Facility Provider, *pro rata*, among such obligations based upon such amounts then owing to Beneficiaries.

Money in the Principal Account may also be applied to the purchase of Senior Bonds if no deficiencies exist at such time in the Interest Account, the Principal Account, or the Rebate Fund. Any such purchase will be limited to those Senior Bonds whose stated maturity or Sinking Fund Payment Date is the next succeeding Principal Payment Date.

Reserve Fund

From the proceeds of any series of Bonds or, at the option of the State, from any other available moneys under the Program Resolution, the Trustee will credit to the Reserve Fund the amount, if any, specified in a Supplemental Resolution providing for the issuance of a series of Bonds, such that upon issuance of such Senior Bonds, the balance in the Reserve Fund shall not be less than the Reserve Fund Requirement. There is no Reserve Fund Requirement at this time.

If on any Revenue Payment Date the balance in the Reserve Fund is less than the Reserve Fund Requirement, the Trustee will transfer an amount equal to the deficiency from the Revenue Fund (to the extent not required for credit to the Rebate Fund or the Redemption Fund).

Money in the Reserve Fund will be applied solely for the payment when due of principal of and interest on the Senior Bonds and amounts owing under Senior Other Obligations. It will be so applied by transfer to the Redemption Fund, if the amounts therein and available in the Revenue Fund, the Capitalized Interest Account, and the Rate Stabilization Fund are insufficient to meet the amount required for deposit to the credit of the Redemption Fund at such time. Amounts in the Reserve Fund shall be applied, *first*, to the payment of interest on the Senior Bonds and the payment of Senior Other Obligations payable from the Interest Account, and *second*, to the payment of principal of the Senior Bonds and the payment of Senior Other Obligations payable from the Principal Account. On the stated maturity date or any Redemption Date of any Senior Bonds, amounts in the Reserve Fund shall, upon State Direction, be applied to the payment at maturity or redemption of all Outstanding Senior Bonds of a series, to the extent that such application, and payment of all deposits to be made to the credit of the Rebate Fund required by the Program Resolution upon such redemption, will not reduce the balance of the Reserve Fund below the Reserve Fund Requirement (calculated as though the Senior Bonds to be retired on such stated maturity date or Redemption Date were not Outstanding as of the date of such calculation). At any time when the aggregate of the amounts in the Redemption Fund, the Capitalized Interest Account, the Reserve Fund, and the Rate Stabilization Fund equals an amount sufficient and available to discharge and satisfy the obligations of the State with respect to all of the Outstanding Senior Bonds and Senior Other Obligations and to make all deposits to the credit of the Rebate Fund required by the Program Resolution, all in the manner described in the Program Resolution, such amounts shall, upon State Direction, be so applied. If on any Revenue Payment Date the balance in the Reserve Fund exceeds the Reserve Fund Requirement, such excess shall, upon State Direction, be transferred to the Rate Stabilization Fund or the Program Fund.

Rate Stabilization Fund

The Trustee will credit to the Rate Stabilization Fund such amounts as the State directs, from the Revenue Fund, from the Reserve Fund, or from the Program Fund.

On any date on which the balance in the Redemption Fund (after transfers thereto from the Revenue Fund and the Capitalized Interest Account) is not sufficient to pay all amounts payable therefrom on such date, the Trustee will transfer money in the Rate Stabilization Fund, as follows:

- *First*, to the Interest Account for the payment of interest on Senior Bonds or Other Senior Obligations payable therefrom; and

- *Second*, to the Principal Account for the payment of the principal of Senior Bonds or the payment of Other Senior Obligations payable therefrom.

In addition, the Trustee shall transfer from the Rate Stabilization Fund to the Interest Account or the Principal Account such amounts as the State directs.

Junior Subordinate Redemption Fund

The Trustee, or another Fiduciary if directed by a Supplemental Resolution, shall deposit to the credit of the Junior Subordinate Principal Account that portion of the proceeds from the sale of the State's bonds, notes, or other evidences of indebtedness, if any, to be used to pay principal of the Junior Subordinate Bonds (such as principal on the Notes) on a Principal Payment Date (unless those proceeds are deposited into an Escrow Account) or other funds provided by the State.

To provide for the payment of each installment of principal which falls due upon such series of Junior Subordinate Bonds prior to the due date, the Trustee shall make deposits from the Revenue Fund only as directed by a Supplemental Resolution or State Certificate.

The Notes Supplemental Resolution provides that deposits of Petroleum Inspection Fees into the Junior Subordinate Principal Account are required to be made if there is a default by the State in the payment of principal on any Note on its Extended Maturity Date. The Trustee is required from that time forward to make transfers from the Revenue Fund to the Junior Subordinate Principal Account to aggregate the full amount due to Holders of the Note. The amount of these transfers are limited to the amount of Petroleum Inspection Fees deposited into the Revenue Fund and not transferred to Funds and Accounts that are senior to that of the Junior Subordinate Principal Account. Prior to any default by the State, discretionary deposits of Petroleum Inspection Fees may be made at any time into the Junior Subordinate Principal Account. These deposits may be applied to reduce the outstanding principal balance of the Notes while they are outstanding.

The moneys in the Junior Subordinate Principal Account required for the payment of Junior Subordinate Bonds on the maturity date (after taking into account any authorized extension of maturity or any acceleration of maturity) shall be transferred to the Paying Agent for such series of Junior Subordinate Bonds and applied by the Paying Agent to such payment when due without further authorization or direction.

When the balance in the Junior Subordinate Principal Account is not sufficient to pay all amounts payable therefrom on such date, the Trustee shall make periodic deposits from the Revenue Fund, prior to making any deposits to the Program Fund, to aggregate the full amount due on such maturity date from such date to the date of payment, *pro rata*, among such obligations based upon such amounts then owing to Holders of the Junior Subordinate Bonds.

The Program Resolution may be amended to establish Funds and Accounts that are senior in priority to the Junior Subordinate Principal Account.

Program Fund

Any amount in the Revenue Fund that is not required to be transferred to the Rebate Fund, the Redemption Fund, the Reserve Fund, the Rate Stabilization Fund, or any Fund created with respect to a Subordinate class of Bonds or Other Obligations will be transferred to the Program Fund.

Amounts that the State designates will be deposited in the Program Expense Account and will be disbursed for costs of the program of Bond issuance. Money in the Program Fund may be transferred to the Redemption Fund or the Junior Subordinate Redemption Fund, transferred to

the Rate Stabilization Fund, or used for the purchase of Bonds. Money in the Program Fund may also be applied to any purpose permitted by law.

Investments

Money in any Fund or Account may be invested in Permitted Investments that mature or are redeemable at the option of the holder before the money is needed for the purpose for which it is held.

Pledge and Security Interest

The Commission has pledged the Petroleum Inspection Fees to the payment of the Bonds and Other Obligations. The Wisconsin Statutes create a security interest, for the benefit of the Holders of the Bonds and the Other Beneficiaries, in the Revenue Fund, the Redemption Fund, the Junior Subordinate Redemption Fund, the Reserve Fund, and the Rate Stabilization Fund.

Nonimpairment

The Program Resolution and each Supplemental Resolution will constitute a contract with the Holders of the Bonds and the other Beneficiaries. The State pledges and agrees with the Holders of the Bonds and the Other Beneficiaries that the State will not limit or alter its powers to fulfill the terms of any agreements made with the Holders of the Bonds and the Other Beneficiaries or in any way impair the rights and remedies of the Holders of the Bonds or the Other Beneficiaries until the Bonds, together with interest and all costs and expenses in connection with any action or proceeding by or on behalf of the Holders of the Bonds are fully met and discharged and the Other Obligations are fully discharged or provided for.

Rating

The State covenants that it will, at all times Bonds are Outstanding, request at least one nationally recognized securities rating agency to maintain a rating on the Bonds.

Termination

If the State pays the principal, premium, if any, and interest payable upon any Bond, the Bond will no longer be entitled to any benefit under the Program Resolution. If all Bonds and Other Obligations are paid and all expenses of the Fiduciaries have been paid, or are deemed to be paid, the pledge of the Petroleum Inspection Fees and the security interest in the Funds and Accounts will cease.

Any Outstanding Bond will be deemed to be paid when there shall have been deposited (in an Escrow Account) either moneys in an amount which, or Federal Securities, the principal of and the interest on which when due, and without any reinvestment thereof, will provide money sufficient to pay when due the principal of and premium, if any, and interest due and to become due on the Bond at or prior to the stated maturity thereof.

Events of Default

If any of the following events occur, it constitutes an Event of Default:

- Default in the due and punctual payment of any interest on any Bond of the most senior class then Outstanding.
- Default in the due and punctual payment of the principal of, or premium, if any, on, any Bond of the most senior class then Outstanding, whether at the stated maturity or a redemption date.
- Default by the State in its obligation to purchase any Bond of the most senior class then Outstanding (or Beneficial Ownership Interests in such a Bond) on a Tender Date.

- Default in the due and punctual payment of any amount owed by the State to any Other Beneficiary under a Swap Agreement or Credit Enhancement Facility.
- Default in the performance of any of the State's obligations to transmit money to be credited to the Revenue Fund, the Rebate Fund, or the redemption fund established for the payment of Bonds of the most senior class then Outstanding as required by the Program Resolution and such default shall have continued for a period of 30 days.
- Default in the performance or observance of any other of the covenants, agreements, or conditions on the part of the State contained in the Program Resolution, or in the Senior Bonds, and such default shall have continued for a period of 30 days after written notice; *provided* that, except with respect to the State's arbitrage rebate covenants, if the default is such that it can be corrected, but not within such 30 days, it shall not constitute an Event of Default if corrective action is instituted by the State within such 30 days and is diligently pursued until the default is corrected.

Acceleration

Whenever any Event of Default has occurred and is continuing, the Trustee may, and upon the written request of the Acting Beneficiaries Upon Default (and for this purpose the specified percentage shall be 25% of the aggregate Principal Amount of Outstanding Bonds of the pertinent class), the Trustee shall, by notice in writing delivered to the State, declare the principal of and interest accrued on all Bonds then Outstanding due and payable.

Before a judgment or decree for payment of the money due has been obtained by the Trustee, the Acting Beneficiaries Upon Default may rescind and annul such declaration and its consequences if there has been paid to or deposited with the Trustee by or for the account of the State, or provision satisfactory to the Trustee has been made for the payment of, a sum sufficient to pay:

- All overdue installments of interest on all Bonds of the most senior class Outstanding.
- The principal of (and premium, if any, on) any Bonds of the most senior class Outstanding which have become due otherwise than by such declaration of acceleration, together with interest thereon at the rate or rates borne by such Bonds.
- To the extent that payment of such interest is lawful, interest upon overdue installments of interest on the Bonds of the most senior class Outstanding at the rate or rates borne by such Bonds.
- All Other Obligations on a parity with Bonds of the most senior class Outstanding which have become due other than as a direct result of such declaration of acceleration.
- All other sums required to be paid to satisfy the State's obligations to transmit money to be credited to the Revenue Fund, the Rebate Fund and the redemption fund established for payment of Bonds of the most senior class Outstanding as required by the Program Resolution.
- All sums paid or advanced by the Trustee or any other Fiduciary under the Program Resolution and the reasonable compensation, expenses, disbursements, and advances of the Trustee or other Fiduciaries, their agents, and their counsel.

Similarly, before a judgment or decree for payment of the money due has been obtained by the Trustee, the Acting Beneficiaries Upon Default may rescind and annul such declaration and its consequences if all Events of Default, other than the non-payment of the principal of Bonds of the most senior class Outstanding or Other Obligations on a parity with Bonds of the most senior class Outstanding which have become due solely by, or as a direct result of, such declaration of acceleration, have been cured or waived.

No rescission and annulment will affect any subsequent default or impair any right consequent thereon.

Other Remedies; Rights of Beneficiaries

If an Event of Default has occurred and is continuing, the Trustee may bring legal proceedings to collect money due or to enforce the covenants made by the State.

If an Event of Default has occurred and is continuing, and if it is requested so to do by the Acting Beneficiaries Upon Default (and for this purpose the specified percentage shall be a majority of the aggregate Principal Amount of Outstanding Bonds) or any Other Beneficiary and is indemnified, the Trustee will be obliged to exercise such of the rights and powers as the Trustee, being advised by its counsel, deems most expedient in the interests of the Beneficiaries.

If a default occurs under a Swap Agreement or a Credit Enhancement Facility, the Other Beneficiary may exercise such remedies as are provided therein.

Remedies are not exclusive, and delay in acting is not a waiver.

Application of Moneys

All moneys received by the Trustee pursuant to any right given or action taken will, after payment of the cost and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities, and advances incurred or made by the Trustee with respect thereto, be applied as follows (except that money received with respect to Credit Enhancement Facilities shall be applied only to the purposes for which such Credit Enhancement Facilities were provided, and shall be so applied prior to the application of other money):

(A) In every case, the Trustee shall apply the amounts to each class in order of priority, namely, Senior Bonds and Senior Other Obligations shall be paid in full before any payment shall be made with respect to Junior Subordinate Bonds and Junior Subordinate Other Obligations.

(B) Unless the principal of all the Outstanding Bonds of a particular class shall have become or shall have been declared due and payable, all such money will be applied to the payment to the Beneficiaries of all installments of principal and interest then due on the Bonds and all Other Obligations, and if the amount available is not sufficient to pay all such amounts in full, then to the payment ratably, in proportion to the amounts due, without regard to due date, to the Holders and to each Other Beneficiary, without any discrimination or preference (being applied first to interest and then to principal).

(C) If the principal of all Outstanding Bonds of a particular class shall have become due or shall have been declared due and payable and such declaration has not been annulled and rescinded, all such moneys will be applied to the payment to the Beneficiaries of the principal and interest then due and unpaid upon the Bonds and all Other Obligations, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Beneficiary over any Other Beneficiary, ratably, according to the amounts due, to the Persons entitled thereto without any discrimination or preference.

(D) If the principal of all the Outstanding Bonds of a particular class shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled, then (subject to the provisions of paragraph (C) above, in the event that the principal of all the Outstanding Bonds shall later

become or be declared due and payable) the money held by the Trustee hereunder will be applied in accordance with the provisions of paragraph (B) above.

Whenever money is to be applied by the Trustee as described above, the money will be applied by it when the Trustee determines, having due regard to the amount of such money available and the likelihood of additional money becoming available in the future. Whenever the Trustee shall apply such funds, it shall fix the date upon which such application is to be made and upon such date interest on the amounts of principal to be paid shall cease to accrue. The Trustee shall give such notice as it may deem appropriate of the deposits with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Holder of any unpaid Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Limitation on Suits by Beneficiaries

Except as may be permitted in a Supplemental Resolution with respect to an Other Beneficiary, no Holder of any Bond or Other Beneficiary shall have any right to institute any suit, action, or proceeding in equity or at law for the enforcement of the Program Resolution or for the execution of any trust or for the appointment of a receiver or any other remedy unless all of the following conditions apply:

- An Event of Default shall have occurred and be continuing.
- The Acting Beneficiaries Upon Default (and for this purpose the specified percentage shall be 25% of the aggregate Principal Amount of Outstanding Bonds) shall have made written request to the Trustee.
- Such Beneficiary or Beneficiaries shall have offered to the Trustee indemnity.
- The Trustee shall have thereafter failed for a period of 60 days after the receipt of the request and indemnification or refused to exercise the powers granted under the Program Resolution or to institute such action, suit, or proceeding in its own name.
- No direction inconsistent with such written request shall have been given to the Trustee during such 60-day period by such Acting Beneficiaries Upon Default.

No one or more Holders of the Bonds or any Other Beneficiary shall have any right in any manner whatsoever to affect, disturb, or prejudice the security interest created in the Revenue Fund, the Redemption Fund, the Rate Stabilization Fund, the Reserve Fund, and the Junior Subordinate Redemption Fund or to enforce any right except in the manner provided in the Program Resolution. All proceedings at law or in equity shall be instituted, had and maintained in the manner provided in the Program Resolution and for the benefit of the Holders of all Outstanding Senior Bonds and Other Beneficiaries under the Program Resolution as their interests may appear thereunder. The Acting Beneficiaries Upon Default may institute any suit, action, or proceeding permitted under the Program Resolution in their own names for the benefit of the Holders of all Outstanding Senior Bonds and Other Beneficiaries thereunder.

Supplemental Resolutions Without Beneficiary Consent

The Commission may, without the consent of or notice to the Beneficiaries, adopt Supplemental Resolutions as follows:

- To cure any formal defect, omission, inconsistency, or ambiguity in the Program Resolution; *provided*, that no such action shall adversely affect the interests of the Beneficiaries who have not consented thereto.

- To add other covenants or agreements, or to surrender any right or power reserved or conferred upon the State, and which shall not adversely affect the interests of the Beneficiaries who have not consented thereto.
- To issue a particular series of Senior Bonds or enter into a Swap Agreement or obtain a Credit Enhancement Facility and, in connection therewith, to establish provisions for making deposits to the Redemption Fund to provide for the payment of any Senior Bonds, or Other Obligations and to establish assumptions for computing the Debt Service obligations with respect thereto.
- To cause the Program Resolution to comply with the requirements of the Trust Indenture Act of 1939.
- To provide for the removal of a Fiduciary or the Securities Depository, or the appointment of an additional or successor Fiduciary or a successor Securities Depository.
- To make any change in the Program Resolution required by any Rating Agency in order to maintain the current, or restore the previous, rating by such Rating Agency on the Bonds, and which shall not adversely affect the interests of the Beneficiaries who have not consented thereto.
- To provide for the creation of Funds or Accounts, to which amounts in the Revenue Fund may be credited on any Revenue Payment Date prior to transfer of such amounts to the Junior Subordinate Redemption Fund, but only after all transfers therefrom to the Rebate Fund, the Redemption Fund, the Reserve Fund, the Rate Stabilization Fund, or the creation of one or more subordinate classes of Bonds payable solely from Funds and Accounts created under that or another Supplemental Resolution; *provided*, that no such subordinate class of Bonds or Other Obligations may be senior in any respect to any previously created class of Senior Bonds or Other Obligations any of which are then Outstanding, except to the extent specifically authorized or permitted by the Supplemental Resolution authorizing such previously created class or except to the extent consented to by each Beneficiary who would be adversely affected thereby.
- To modify, alter, amend, or supplement the Program Resolution in any other respect which is not materially adverse to the Beneficiaries who have not consented thereto or which is permitted for Bonds of one or more particular series, as provided in the Supplemental Resolution for Bonds of those series and affects only (1) the Holders of such Bonds and (2) any other Beneficiaries who have consented thereto.
- To modify, alter, amend, or supplement the Program Resolution in any other respect so long as each Rating Agency shall have confirmed that no outstanding ratings on any of the Outstanding Bonds will be reduced or withdrawn as a result of such modification, alteration, amendment, or supplement, as evidenced by written confirmations thereof delivered from each Rating Agency.

In connection with the adoption of any Supplemental Resolution without consent of the Holders of the Bonds, the Trustee must be given an opinion of Bond Counsel to the effect that such Supplemental Resolution is authorized or permitted by the Program Resolution and the Revenue Obligations Act, complies with their respective terms, will be valid and binding upon the State in accordance with its terms, and will not adversely affect the exclusion of the interest payable on the Bonds from gross income of the Holders of the Bonds for federal income tax purposes pursuant to the Code.

Supplemental Resolutions With Beneficiary Consent

The Commission may, with the prior written consent of the Holders of a majority of the principal amount of each class of Bonds Outstanding affected by such Supplemental Resolution, and with the prior written consent of the Other Beneficiaries, adopt a Supplemental Resolution to modify,

alter, amend, or supplement the Program Resolution in any respect. No Supplemental Resolution, however, may permit any of the following:

- An extension of the stated maturity or reduction in the principal amount of, a reduction in the rate or extension of the time for paying interest on, a reduction of any premium payable on the redemption of, a reduction in the purchase price payable on a Tender Date for, or a reduction in the amount or extension of the time for any principal payment required for any sinking fund or otherwise applicable to, any of the Bonds without the consent of the Holders of all the Bonds and Other Beneficiaries which would be affected by the action to be taken.
- The creation of any security interest prior to or on a parity with the security interest in the Funds and Accounts for the benefit of the Holders of the Bonds and the Other Beneficiaries without the consent of the Holders of all the Bonds Outstanding and the Other Beneficiaries which would be adversely affected by such creation.
- A reduction in the aggregate principal amount of Bonds the Holders of which are required to consent, or the elimination of a requirement that any Other Beneficiary consent, to any Supplemental Resolution without the consent of the Holders of all Bonds at the time Outstanding, and any Other Beneficiary which would be affected by the action to be taken.
- A modification of the rights, duties, or immunities of the Trustee or any Fiduciary without the written consent of the Trustee or Fiduciary.
- The creation of a privilege or priority of any Obligation of one class over any other Obligation of the same class, or of any other class except as provided in the Program Resolution, or the surrender of a privilege or a priority granted by the Program Resolution, to the detriment of another Beneficiary.
