October 15, 2008

The Honorable Jim Doyle
The Honorable Members of the Legislature

This report presents statements of fund condition and operations (budgetary basis) of the State of Wisconsin for the fiscal year ended June 30, 2008. This satisfies the requirements of sec. 16.40(3), Wisconsin Statutes. Displayed are major sources of revenues and major categories of expenditures for the General Fund and other funds compared to the prior year.

The General Fund has an undesignated balance of \$130.7 million as of the end of the fiscal year. This is \$50.2 million higher than the balance of \$80.5 million projected in the estimate for 2007 Wisconsin Act 226. The higher ending balance was due to tax collections exceeding estimates for the fiscal year made in February 2008.

General-purpose revenue taxes were \$13.043 billion compared to \$12.618 billion in the prior year, an increase of \$425 million or 3.4 percent. This increase was \$174.6 million higher than the 2007 Wisconsin Act 226 estimate of \$12.868 billion. General-purpose revenue expenditures, excluding fund transfers, were \$13.526 billion compared to \$13.105 billion in the prior year, an increase of \$421 million or 3.2 percent. This increase reflects funding associated with continuing support for two-thirds of local school costs, including associated increases in school levy tax credits, as well as increased higher education financial aid and child care assistance.

In fiscal year 2008, the State of Wisconsin continued to devote the major share of state tax collections to assistance to local school districts, municipalities and counties. Local assistance accounted for 55.8 percent of total general purpose revenue spending. Aid payments to individuals and organizations represented 20.7 percent of total general purpose revenue expenditures. The University of Wisconsin accounted for 7.8 percent of total general purpose revenue spending and state operations spending for all other state agencies accounted for 15.7 percent of the total.

The State of Wisconsin expects to publish its comprehensive annual financial report in December of 2008. The report will be prepared under generally accepted accounting principles.

Respectfully submitted,

Michael L. Morgan
Secretary

Stephen J. Censky, CPA
State Controller

Economic Section

The Year In Summary

Revenue Highlights

General purpose revenue (GPR) taxes for the fiscal year (FY) ending June 30, 2008 totaled \$13,042.9 million, an increase of 3.4 percent from FY 2007 collections of \$12,617.9 million.

Total collections for the FY 2008 were \$174.6 million, or 1.4 percent, above the Wisconsin Act 226 estimate of \$12,868.3 million.

Table 1

General Purpose Revenue (GPR) Taxes By Source GPR Tax Collections (\$ Millions)

Tax Source	FY 08	% of Total	FY 07	% of Total	Change FY08-FY07	% Change
Individual Income	\$6,713.7	51.5%	\$6,573.8	52.1%	\$139.9	2.1%
General Sales & Use	4,268.0	32.7%	4,158.6	32.9%	109.4	2.6%
Corporation Franchise & Income	837.8	6.4%	890.1	7.1%	-52.3	-5.9%
Excise	540.2	4.2%	365.8	2.8%	174.4	47.7%
Inheritance, Estate & Gift	158.8	1.2%	121.1	1.0%	37.7	31.1%
Public Utility	297.5	2.3%	284.9	2.3%	12.6	4.4%
Insurance Companies	156.6	1.2%	141.4	1.1%	15.2	10.7%
Miscellaneous	70.3	0.5%	82.2	0.7%	-11.9	-14.5%
TOTAL GPR	\$13,042.9	100.0%	\$12,617.9	100.0%	\$425.0	3.4%

Individual Income Tax

Individual income tax collections increased \$139.9 million (2.1 percent) from \$6,573.8 million in FY 2007 to \$6,713.7 million in FY 2008. This was \$53.7 million (0.8 percent) above the \$6,660.0 million estimate. The individual income tax share of total GPR taxes decreased from 52.1 percent in FY 2007 to 51.5 percent in FY 2008.

The largest component of individual income tax collections is withholding from wages and salaries, which increased 3.5 percent from \$6,268.4 million to \$6,490.1 million. Estimated payments increased 5.3 percent from \$1,114.4 million to \$1,173.6 million, while refunds increased 11.7 percent from \$1,546.0 million to \$1,726.3 million.

General Sales and Use Tax

Collections from the 5 percent general sales and use tax increased 2.6 percent from \$4,158.6 million to \$4,268.0 million. This was \$58.0 million (1.4 percent) above the \$4,210.0 million estimate. Sales tax collections as a percentage of total GPR taxes decreased from 32.9 percent to 32.7 percent.

Corporation Franchise and Income Tax

Corporate collections decreased 5.9 percent from \$890.1 million in FY 2007 to \$837.8 million in FY 2008. Corporate collections as a percentage of total GPR taxes decreased from 7.1 percent to 6.4 percent. Corporate collections were \$27.8 million (3.4 percent) above the estimate of \$810.0 million.

The major source of corporate collections, estimated payments, decreased by 7.7 percent from \$845.7 million in FY 2007 to \$780.3 million in FY 2008.

Excise Tax

Cigarette tax collections have increased this year, up 53.9 percent from \$296.1 million in FY 2007 to \$455.7 million in FY 2008. Collections in FY 2008 were above the estimate by \$6.8 million (1.5 percent). This growth is primarily due to the increase in the cigarette tax (from \$0.77 to \$1.77) enacted in 2007 Wisconsin Act 20 and effective January 1, 2008, to fund health care programs.

Tobacco products tax collections have increased 69.7 percent from \$17.5 million in FY 2007 to \$29.7 million in FY 2008. Collections were \$800,000 more than expected. Similar to the cigarette tax, Act 20 also increased the tobacco products tax on all tobacco products, other than moist snuff, from 25 percent of manufacturer's list price to 50 percent of manufacturer's list price. In addition, Act 20 converted the tax on moist snuff from a price-based tax to a weight-based tax. These tax changes were effective January 1, 2008.

Liquor and wine tax collections have grown 5.9 percent over the previous fiscal year, from \$42.7 million in FY 2007 to \$45.2 million in FY 2008. Collections were \$2.7 million (6.4 percent) above the estimate in FY 2008.

Beer tax collections have increased in FY 2008, increasing 1.1 percent from \$9.5 million in FY 2007 to \$9.6 million in FY 2008. Collections in FY 2008 were \$200,000 (2.1 percent) more than the estimate in FY 2008.

Other Taxes

Public utility tax collections increased \$12.6 million (4.4 percent) from \$284.9 million to \$297.5 million. Collections were \$1.9 million above the FY 2008 forecast.

Estate tax collections have grown 31.1 percent during FY 2008. This reflects growth from \$121.1 million in FY 2007 to \$158.8 million in FY 2008. Estate tax collections were \$18.8 million (13.4 percent) above the estimate for FY 2008.

Insurance company taxes (generally based on premiums) increased 10.7 percent from \$141.4 million in FY 2007 to \$156.6 million in FY 2008. Collections exceeded the FY 2008 forecast by \$6.6 million (4.4 percent).

Miscellaneous taxes decreased from \$82.2 million in FY 2007 to \$70.3 million in FY 2008. This is \$2.7 million below the forecast for the fiscal year. The largest component of miscellaneous tax, the real estate transfer fee, decreased 17.2 percent, from \$71.7 million in FY 2007 to \$59.4 million in FY 2008. This reflects the depressed real estate market witnessed over the past year.

Expenditure Highlights

Total state General Purpose Revenue (GPR) spending increased 3.2 percent or \$420.9 million in FY 2008, as shown in Table 2. This compares with a 5.8 percent increase in FY 2007.

The largest portion of GPR expenditures in FY 2008 was directed to school districts and local units of government, consistent with past years. These local assistance expenditures were \$7,549.8 million or 55.8 percent of total GPR spending in FY 2008 compared to \$7,342.6 million or 56.0 percent of total spending in FY 2007. Aid payments to individuals and organizations were \$2,797.8 million, which was 20.7 percent of total GPR spending in FY 2008 compared to 21.0 percent in FY 2007. State operations costs of \$3,178.7 million accounted for 23.5 percent of total

GPR spending, compared to 23.0 percent in FY 2007.

Local Assistance payments increased by 2.8 percent. Aids to Individuals payments increased by 1.9%. State operations spending increased 5.4 percent in FY 2008 compared to an 8.0 percent increase in FY 2007, due to pension obligation bond payments and an increase in Corrections spending.

The GPR budget is shaped by its ten largest programs, as detailed in Table 3. These programs comprised 84.2 percent of total GPR expenditures in FY 2008, down slightly from 85.1 percent in FY 2007. Immediately following this section is a brief explanation of each program.

	<u>\$13,526.3</u>		<u>\$13,130.8</u>			

School Aids: State GPR assistance to Wisconsin's 426 school districts increased by 0.9 percent or \$46.2 million in FY 2008. Total state aids to schools, plus property tax credits enabled the state to reimburse an estimated 65.1 percent of school costs in FY 2008.

Since the 1993-94 school year, school districts have been subject to statewide revenue limits. These limits control the allowable increase in each school district's revenues by limiting the total revenue a district can collect from the combined sources of property tax levies for nondebt purposes and state general aids.

There are two major types of direct school aid. Approximately 88 percent of school aids are general aids, distributed by a formula designed to equalize each school district's property tax base per student, and aids to support the Milwaukee Public Schools voluntary desegregation program. The remaining 12 percent are categorical aids, distributed based on local expenditures for specific activities or educational programs. The major categorical aid programs are programs for addressing special education needs and maintaining small class sizes.

Medical Assistance: Wisconsin's state and federally funded Medical Assistance (MA) program pays for medical services to certain categories of low-income persons. Included are people with disabilities; seniors; children, low-income families and pregnant women; and other low-income individuals who have high medical expenses.

These expenditures also include the BadgerCare Plus program which expanded Medicaid coverage to all children. Prior to the implementation of BadgerCare Plus in 2008, BadgerCare expenditures were reported separately. However, the appropriation structure and eligibility criteria were simplified in 2007 Wisconsin Act 20 in order to make BadgerCare Plus more integrated with Medical Assistance. They are now budgeted and reported together. FY 2007 amounts have been restated to reflect the change.

In FY 2008, total MA expenditures were \$4,945.3 million, of which \$1,721.2 million were GPR, \$212.1 million were SEG and the balance was funded with federal and program revenues. On an all funds basis, total Medical Assistance and BadgerCare Plus spending increased by 3.8% over

FY 2007. The 3.7% decrease in GPR funding was offset by a \$162.3 million increase in FED and \$84.9 million additional SEG.

Segregate revenues, which are in the Medical Assistance Trust Fund, are derived from GPR-earned associated with the state's Intergovernmental Transfer Program, nursing home assessments, and additional reimbursement for residential care center and hospital services provided to Medical Assistance recipients. In addition, as required by 2007 Wisconsin Act 20, \$71.5 million was transferred from the Injured Patients and Families Compensation Fund to the Medical Assistance Trust Fund in FY 2008.

The Medical Assistance totals do not include expenditures for Wisconsin's pharmacy assistance program for the elderly, SeniorCare. In FY 2008, SeniorCare expenditures totaled \$127.1 million, of which, \$38.8 million was GPR, \$33.5 million was FED and the balance was program revenue.

University of Wisconsin System: Total general purpose revenue expenditures for the UW System increased by \$35.1 million, or 3.4 percent in FY 2008. Tuition at UW institutions, despite annual increases, continues to be a relative bargain in higher education. Resident undergraduate tuition for students at the UW-Madison campus was \$1,969 below the "Big Ten" median, and is the second lowest tuition among those schools. UW-Milwaukee was \$1,212 below its peer group median and all other campuses were approximately \$1,420 below their peer group medians in the 2007-2008 academic year.

Tuition has not only remained well below peer group medians, but the affordability of a UW education for lower income families received a significant boost in the 2007-2009 biennium with a 38 percent increase over the 2005-2007 biennium in the amount provided for Wisconsin Higher Education Grants for UW students. Since FY 2003, financial aid for UW students has increased 142 percent.

Correctional Services: Total GPR expenditures for the state corrections program increased \$38.2 million or 3.7 percent over the prior year, reaching \$1,075.7 million in FY 2008. The number of incarcerated felons under the supervision of the state adult corrections program increased 1.07 percent from an average daily population of 23,093 in FY 2007 to 23,341 in FY 2008.

Shared Revenue: State shared revenue provides unrestricted aid to municipal and county governments. In FY 2008, the shared revenue formula distributed \$945.7 million GPR. Of this amount, county and municipal aids distributed were \$854.6 million. The Expenditure Restraint Program distributed another \$58.1 million to municipalities with tax rates over five mills that restrained their spending increases. Statewide, shared revenue payments provided municipalities with about 15.4 percent and counties with about 3.2 percent of their general revenues.

State Property Tax Credits: The School Levy Tax Credit pays local governments to relieve each property owner's taxes. Funding for the credit in FY 2008 was \$593.0 million, \$123.7 million more than in the prior fiscal year. This offset 6.4 percent of 2007 gross property tax levies for all purposes statewide.

Tax Relief to Individuals: Wisconsin paid out \$228.8 million GPR in tax relief to individuals through a variety of programs during FY 2008.

The GPR funded Homestead Credit and Farmland Preservation Credit and the Farmland Tax Relief Credit, which is funded by lottery proceeds, are "circuit-breaker" tax credits. Circuit-breakers assist households with paying property taxes in excess of their ability to pay. Claimants receive a credit against their state income tax liability or a refund check.

Wisconsin's Homestead Credit pioneered property tax relief through circuit-breakers. The program remains one of the nation's leaders in circuit-breaker relief. The Homestead Credit provided \$125.1 million of tax relief in FY 2008, compared with \$117.5 million in FY 2007. About 242,000 low-income homeowners and renters – around 40 percent of them elderly – benefit from the program each year.

The Farmland Preservation Credit provides a refundable credit to 19,100 farmers who qualify through exclusive agricultural zoning or individual farmland preservation agreements. Wisconsin's Farmland Preservation Credit is one of only two similar state programs in the country. Farmland Preservation Credit expenditures totaled \$12.0 million in FY 2008, slightly less than the FY 2007 spending level.

The Earned Income Credit program reduces income taxes for 245,000 low-income working families with children. In FY 2008, this program paid a total of \$92.6 million in all funds to these households, an increase of \$7.5 million over FY 2007.

Community Aids: Community Aids are state and federal funds distributed to counties to fund human services programs serving primarily low-income persons, children in need of protection, the elderly and the disabled. All funds expenditures were \$230.5 million in FY 2008, of which \$146.4 million was GPR. On an all funds basis total FY 2008 Community Aids expenditures increased by 1.7 percent from the FY 2007 expenditures of \$226.5 million. The increase from FY 2008 spending is related to the timing of payments and recoveries under the Wisconsin Medicaid Cost Reporting Program.

State Supplemental Income: Wisconsin provides a supplement to the federal supplemental security income (SSI) program offering cash assistance to low-income aged, blind and disabled workers and to disabled parents as support for their children. In FY 2008, a total of \$133.9 million was expended in SSI payments.

Wisconsin Works: Wisconsin Works, or W-2, is the state's replacement program for the Aid to Families with Dependent Children (AFDC) program. W-2 is a work-based system that provides support services, such as child care and transportation, to families in order to help them achieve self-sufficiency. On average, there were approximately 6,479 cases per month served over the course of FY 2008. However, as of June 2008, the monthly W-2 caseload for cash assistance had fallen to 6,140, down from the 34,430 cases in 1997 when W-2 was implemented.

In addition to W-2 cash benefits, other program-related costs for work experience, job search, education and training, and administration are funded by the program. These include state funds committed for fraud programs and several other small public assistance-type programs. In total, \$121.0 million of state GPR was spent on W-2 and other public assistance programs administered by the Department of Workforce Development in FY 2008, an increase of \$6.1 million, or 5.3 percent from FY 2007. The increase is due to lower than expected expenditures in FY 2007.

UNDESIGNATED UNRESERVED BALANCE	<u>\$ 130,696</u>	<u>\$ 80,540</u>	<u>\$ 50,156</u>	

Notes:

1. UNDESIGNATED, UNRESERVED OPENING BALANCE. The most recent general fund condition for the fiscal year 2008, ending June 30 is contained in the June 10, 2008 summary prepared by the Legislative Fiscal Bureau for 2007 Wisconsin Act 226 (Budget Adjustment Bill). The opening balance for fiscal year 2008 was based on actual revenues, appropriations and opening balance for the preceding year, the last year of the previous biennium.
2. PRIOR YEAR DESIGNATION FOR CONTINUING BALANCE. A portion of the previous year's gross ending balance had been designated, or set aside, to cover left over continuing budget authority that could legally be carried forward and spent in the next year. This continuing authority is generated in biennial appropriations in the first year, or even numbered year, of the biennium and in continuing appropriations each year. The Act 226 fund condition summary does not include an estimate for the amount of continuing authority carried forward, and therefore, the designated amount for continuing balances is always a variance with the budget estimate.
3. TAXES. Actual tax collections were more than the estimated tax collections contained in the Budget Adjustment Bill.
4. DEPARTMENTAL REVENUES. Departmental revenues are revenues received by individual state agencies and deposited in the general fund. Departmental revenues include tribal gaming revenue. Tribal gaming revenues were \$78.7 million less than estimates due to payments assumed to occur in FY08 instead being received in FY09. In addition, the estimate used in 2007 WI Act 226 assumed that the entire \$270 million of state agency reductions would be allocated to departmental revenues. However, some of those reductions actually occurred as lapses from GPR appropriations. Finally, \$40 million associated with the sale of state buildings was not realized in FY08.
5. GROSS APPROPRIATIONS. Final gross appropriations varied from Act 226 estimated gross appropriations as follows:

Gross Appropriations Per the Act 226 fund condition summary	13,799,410
Add: continuing appropriation authority brought forward	6,823
Add: increases to sum sufficient appropriations above Chapter 20	19,993
Add: fiscal year legislation other than budget bill legislation	69
Add: biennial appropriation authority from FY09 used in FY08	<u>34,777</u>
FINAL GROSS APPROPRIATIONS	<u>13,861,072</u>
6. COMPENSATION RESERVES. Compensation reserves are budgetary set-asides for employee wage and benefit increases for the fiscal year.
7. TRANSFERS. No transfers were enumerated in the Act 226 Budget Adjustment Bill.
8. LAPSES. A lapse is the automatic termination of an appropriation. It represents the amount of unexpended, unencumbered balance of the appropriation at the end of the fiscal year. Actual lapses may differ from budgeted lapses due to the manner in which the legislature treats certain required appropriation reductions.

Notes To Fund Statements

Note A Statutory Basis of Accounting

The State of Wisconsin Annual Fiscal Report is a report of financial results recognized on the statutory basis of accounting, for the fiscal year, against the state's budget as reflected in Chapter 20 of the Wisconsin Statutes. The report is not intended to display accounting information in accordance with Generally Accepted Accounting Principles (GAAP).

The State's Comprehensive Annual Financial Report, which is prepared in accordance with GAAP is issued under a separate cover at the end of the calendar year.

Statutes generally require that revenues and expenditures be recognized in the fiscal year in which they are received or paid, with specific exceptions. The legislature may change the recognition of revenues and expenditures among fiscal years.

The state's centralized accounting records remain open until July 31 (August 15 for income, sales and use tax receipts) to permit the state departments to record revenues and expenditures applicable to the fiscal year ended June 30.

The July and August recording of prior fiscal years' revenues and expenditures results in accrued revenues and accounts payable in the statement of assets, liabilities and fund balances. Included in these amounts are receivables and payables between funds which are not eliminated for presentation as "due to" or "due from" other funds.

Encumbrances are treated as expenditures in the initial year. However, the recording of charges against encumbrances applicable to the prior year is limited by the available appropriation balances of that year. Expenditures reported in this report are equal to current year disbursement and encumbrance balances less the prior year encumbrance balances. The Building Trust Fund, the Capital Improvement Fund, and the Bond Security and Redemption Fund, are closed for encumbrances as of June 30.

Note that the health and life insurance premiums are paid two months in advance of the actual coverage months. The health and life insurance costs for the last two months of the fiscal year are recorded as expenditures in the following fiscal year.

All investments owned by the state retirement funds are an exception to the requirement to recognize revenues and expenditures on the cash basis since investments are adjusted to market and the resultant unrealized gains or losses are reflected in the accounts of those funds.

State statutes also provide that contributions to the state retirement funds received after August 1, which relate to earnings paid for services rendered in the previous fiscal year, may be recorded as revenues of the previous fiscal year.

In addition, state administrative policies require that revenues and expenditures be reported on a net basis; i.e., overcollections refunded are deducted from revenues, and overpayments collected are deducted from expenditures. Collections on loan principal and interest are recorded as receipts.

Certain unused appropriation balances may be allowed to continue for use in future years, rather than lapse to the General Fund. In these cases the continuing balances are treated as reserves for Program Revenue (PR) or General Purpose Revenue (GPR) balances. GPR consists of general taxes and miscellaneous revenues which are paid into the general fund and are then available for appropriation by the legislature. PR consists of funds also paid into the General Fund which are dedicated for specific purposes and are appropriated by the legislature as estimates through the use of revolving accounts.

Note B Fiscal Controls

The State Constitution provides that no money shall be paid out of the Treasury except as appropriated by law. The Secretary of Administration exercises detail allotment control over all agency appropriations and approval authority over all encumbrances. The Secretary of Administration is also responsible for the audit of expenditures.

The Department of Administration maintains separate accounts for all appropriations showing the amounts appropriated, the amounts allotted, the amounts encumbered, the amounts disbursed and certain other data necessary to the financial management and control of all state accounts. The department also maintains the general ledgers of the funds of the state including the General Fund.

Note C Classification of Funds

Funds are generally classified in accordance with classification criteria appropriate for governmental accounting.

However, certain activities of a proprietary and fiduciary nature are combined within the Governmental and Trust, Agency and Other Funds. In addition, the activities of the State Building Trust Fund, included within the Capital Projects classification, consist of capital projects as well as projects for the maintenance and repair of state facilities.

Note D Extraordinary Transfers and Transactions Affecting Fund Balance

Compensation Reserve

In FY08, Chapter 20 included a compensation reserve for employe salary and fringe benefit increases. The total amount reserved (appropriated) was \$62,759,600 and the amount allotted was \$50,428,600 leaving a lapse amount of \$12,331,000.

Note E Published Budget

The published budget amounts used in Exhibit A-1 are those shown for "General Purpose Revenues" (GPR) under 2007 Wisconsin Act 226 also known as the Budget Adjustment Bill.

The adjustments column reflects legislation passed subsequent to the budget act, statutorily required appropriation adjustments to sum-sufficient and biennial appropriations and appropriation changes enacted under the statutory authority of the Legislative Joint Finance Committee or by statutory authority under program supplements.

The State of Wisconsin utilizes a budgetary procedure within the General Fund which treats most federal grant revenues, licenses and fees and revenues for proprietary activities as dedicated for the activities to which they relate. As such, variable budgeting techniques are used and the official state budget includes them only as estimates. These accounts, referred to as Program Revenue Appropriations, are not included in Exhibit A-1. Only those appropriations made from nondedicated General Purpose Revenues are included.

Note F Total Departmental Revenues

For budget comparison purposes, inter-fund transfers are added to other revenues to arrive at total departmental revenues. In FY08, a \$155,000,000 transfer from the Transportation Fund and other cash transfers of \$87,854,718 required by law were recorded into the General Fund for a total of \$242,854,718, rather than as revenues. The 2007 Wisconsin Act 226 budget captured these funds more generically as revenue. In order to properly compare actual revenues to budgeted revenues, actual revenues and transfers should be added together in order to compare to the departmental revenues in the fund condition statement.

Note G Projected-to-Actual General Fund Condition

The variance between the published budgeted ending balance and actual undesignated balance at the end of fiscal year 2008 is explained as follows:

	(thousands)
ENDING FUND BALANCE (UNDESIGNATED) PER FINAL CHAPTER 20 SUMMARY	\$ 80,540
OPENING BALANCE	
ADJUSTMENTS:	
Prior year designation for continuing balances	6,823
Total opening balance adjustments	6,823
REVENUE ADJUSTMENTS	
Taxes received more than estimate	174,643
Departmental revenues less than estimate	(414,295)
Total revenue below estimate	(239,652)
APPROPRIATION ADJUSTMENTS	
Sum Sufficient Changes	
Reestimates	(19,993)
Subsequent Legislation	(69)
Budget brought forward from previous year	(6,823)
Budget carried to next year for continuing appropriations	27,434
Biennial Spend Ahead	(34,777)
Total Appropriation Adjustments	(34,228)
LAPSES MORE THAN BUDGETED	101,792
INTER-FUND TRANSFERS	242,855
DESIGNATION FOR CONTINUING BALANCES	(27,434)
UNDESIGNATED FUND BALANCE	\$ 130,696

Note H General Fund Cash Flow

Without corrective action, the General Fund can experience a short-term cash flow problem during the first half of each fiscal year. A temporary reduction in cash balances occurs every year due to a mismatch between the timing of receipts and disbursements.

The majority of receipts are collected in the second half of the year while payments are more evenly distributed. Because of this mismatch, a \$600 million operating note was issued in fiscal year 2008. The note reduced borrowing from other operating funds and ensured timely payments to local governments and the state's suppliers. The proceeds of the note and their timely repayment allowed the General Fund to more closely match receipts and payments. The operating note sinking fund payments were met as scheduled and the full amount of the note plus accrued interest was repaid on June 16, 2008.

Note I Negative Transportation Fund Balances

The negative ending fund balance in the Transportation Fund represents commitments (encumbrances) recorded as expenditures in the current year which will be funded by the Federal and/or local governments in the future.

Note J Unappropriated Activities

The Department of Commerce enters into contracts with private vendors for programs that they manage. These contracts have not been budgeted within a state appropriation and therefore, this activity is summarized here to provide full disclosure of state agency operations.

	Commerce
Revenues	\$2,209,111
Expenditures	\$2,209,111
Balance	\$0

Note K Sum Sufficient Increases

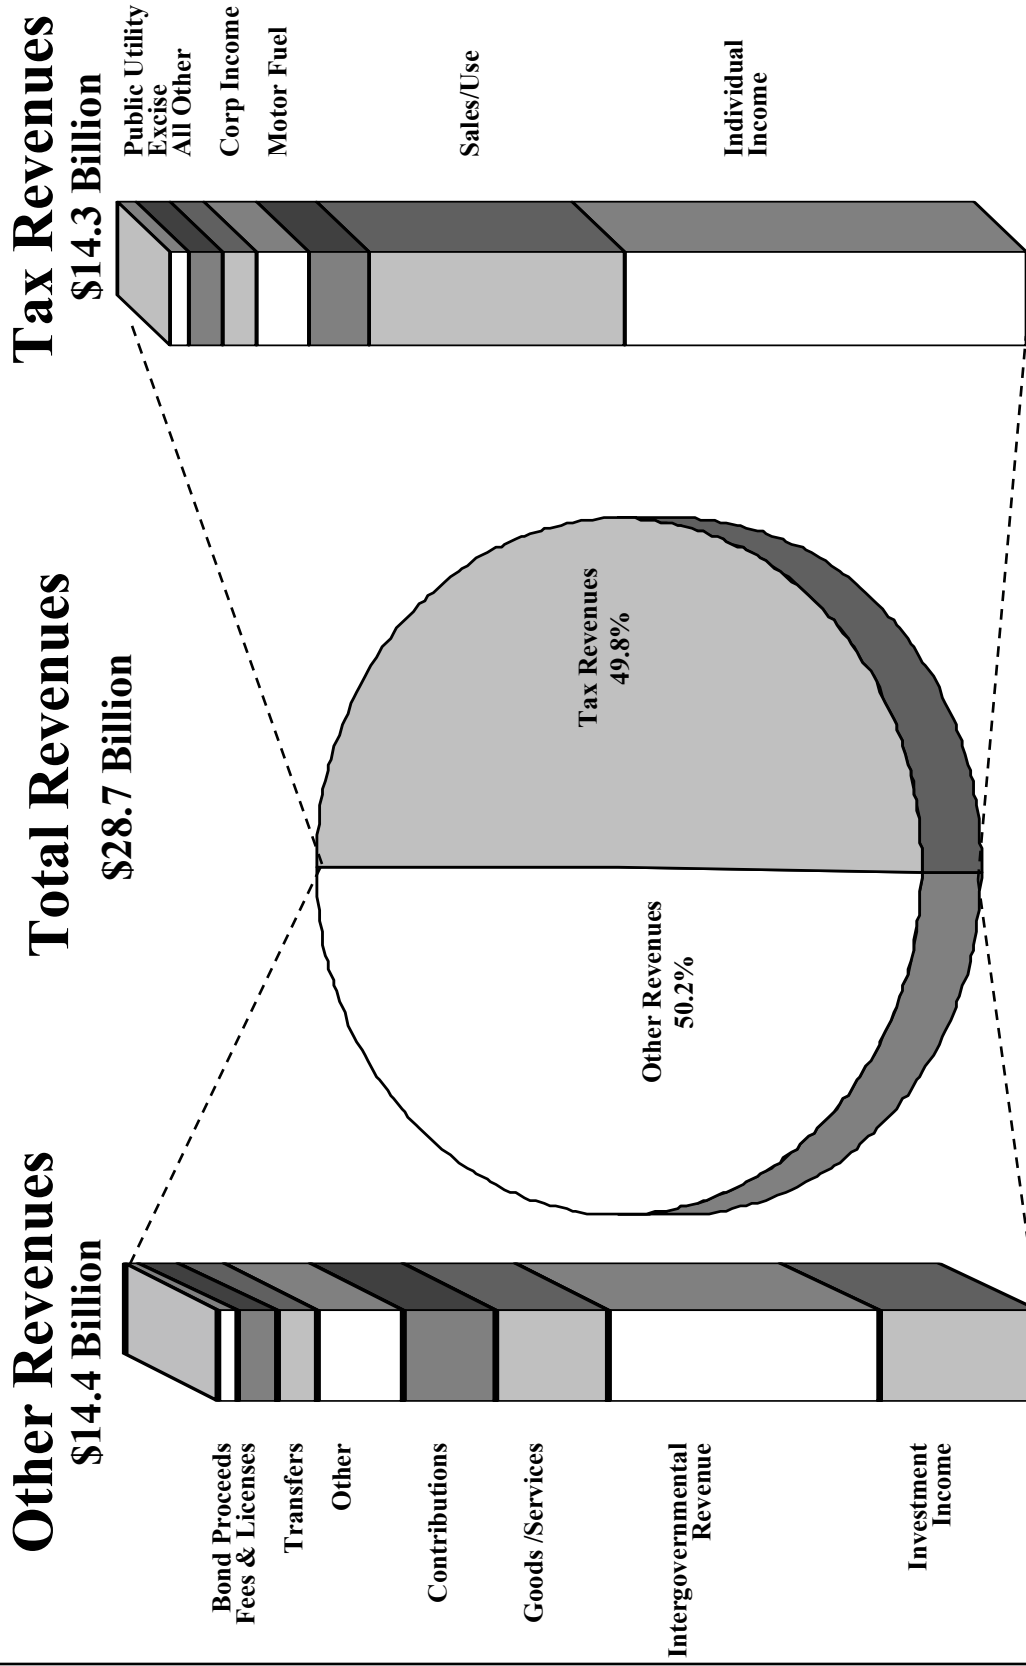

The B-2 Exhibit shows both lapsing amounts and adjustments to sum sufficient appropriations. In order to correctly show the lapsing amounts the increase column includes supplements. These supplements need to be removed to calculate the Actual Sum Sufficient Increases.

B-2 Sum Sufficient Increases	\$20,847
Less Supplements (included in total above)	(854)
Actual Sum Sufficient Increases	19,993
