December 23, 2010

Thank you for your interest in the State of Wisconsin.

This is the Continuing Disclosure Annual Report for the fiscal year ending June 30, 2010 (**2010 Annual Report**).

The 2010 Annual Report provides information on different securities that the State issues and fulfills the State's continuing disclosure undertakings. These undertakings of the State are intended to help dealers and brokers comply with Rule 15c2-12 under the Securities Exchange Act of 1934. As of this date, the State has filed the 2010 Annual Report with the Municipal Securities Rulemaking Board (**MSRB**) through the MSRB's Electronic Municipal Market Access (**EMMA**) system. EMMA receives, and makes available to the public, continuing disclosure documents and related information that is provided by issuers and obligated persons.

Official Statements for securities that the State issues during the next year may incorporate parts of this 2010 Annual Report by reference.

Organization of the 2010 Annual Report

The 2010 Annual Report is divided into eight parts. The first two parts present general information.

- **Part I** presents the **State's continuing disclosure undertakings**. A Master Agreement on Continuing Disclosure (Amended and Restated December 1, 2010) establishes a general framework. Separate addenda describe the information to be provided for specific types of securities.
- **Part II** presents **general information about the State**, including its operations and financial results. This part includes the General Purpose External Financial Statements portion of the audited Comprehensive Annual Financial Report for the fiscal year ending June 30, 2010. This part also includes the results of the 2009-10 fiscal year and information on the budget for 2010-11 fiscal year.

The remaining parts present information about different types of securities that the State issues.

- **Part III – General obligations (including bonds, commercial paper, and extendible municipal commercial paper)**
- **Part IV – Master lease certificates of participation**
- **Part V – Transportation revenue obligations (including bonds and commercial paper)**
- **Part VI – Clean water revenue bonds**
- **Part VII – Petroleum inspection fee revenue obligations (including bonds and extendible municipal commercial paper)**
- **Part VIII – General fund annual appropriation bonds (including bonds and variable rate notes)**

Please note that certain terms may have different meanings in different parts.

Ratings on the State's Securities

The following chart presents a summary of the long-term ratings currently assigned to different types of securities that the State issues.

<u>Security</u>	<u>Fitch Ratings⁽¹⁾</u>	<u>Moody's Investors Service, Inc.⁽²⁾</u>	<u>Standard & Poor's Ratings Services</u>
General Obligations	AA	Aa2	AA
Master Lease Certificates of Participation	AA-	Aa3	AA-
Transportation Revenue Bonds	AA+	Aa2	AA+
Clean Water Revenue Bonds	AA+	Aa1	AA+
Petroleum Inspection Fee Revenue Bonds	AA	Aa2	AA
General Fund Annual Appropriation Bonds	AA-	Aa3	AA-

- (1) On April 5, 2010, Fitch Ratings changed its rating on the many of the State of Wisconsin's obligations reflecting a recalibration by Fitch Ratings of certain U.S. public finance credit ratings.
- (2) On April 16, 2010, Moody's Investors Service changed its rating on many of the State of Wisconsin's obligations reflecting a recalibration by Moody's Investors Service of its long-term U.S. municipal ratings to its global rating scale. In addition, at that time the rating outlook on the State's general obligations, master lease certificates of participation, and general fund annual appropriation bonds was also changed from "negative" to "stable".

PART VII

PETROLEUM INSPECTION FEE REVENUE OBLIGATIONS

Part VII of the 2010 Annual Report provides information about petroleum inspection fee revenue obligations issued by the State of Wisconsin (**State**) in the form of bonds and extendible municipal commercial paper (**EMCP**).

Total Outstanding Balance (12/15/2010)	\$188,610,000
Amount Outstanding of Fixed-Rate Obligations	\$117,460,000
Amount Outstanding of Variable-Rate Obligations	\$ 71,150,000

EMCP	F1+/P-1/A-1+
<p>^(a) The ratings presented are the ratings assigned to the petroleum inspection fee revenue obligations without regard to any bond insurance policy. No information is provided in the 2010 Annual Report about any rating assigned to any petroleum inspection fee revenue obligations based on any bond insurance policy.</p> <p>^(b) On April 5, 2010, Fitch Ratings changed its rating on the State's petroleum inspection fee revenue bonds from "AA-" to "AA", reflecting a recalibration by Fitch Ratings of certain U.S. public finance credit ratings. According to Fitch Ratings, the recalibration should not be interpreted as an improvement in the credit quality; rather, the intent of the recalibration is to ensure a greater degree of comparability across Fitch Ratings' global portfolio of credit ratings.</p> <p>^(c) On April 16, 2010, Moody's Investors Service changed its rating on the State's petroleum inspection fee revenue bonds from "Aa3" to "Aa2", reflecting a recalibration by Moody's Investors Service of its long-term U.S. municipal ratings to its global rating scale. According to Moody's Investors Service, the recalibration does not reflect an improvement in credit quality or a change in credit opinion; instead, the recalibration aligns municipal ratings with its global scale equivalent.</p>	

APPENDIX A to Part VII of the 2010 Annual Report includes the auditor's report and the audited financial statement for the Petroleum Inspection Fee Revenue Obligations Program for the years ended June 30, 2010 and June 30, 2009. The State of Wisconsin Building Commission (**Commission**) supervises all matters concerning the State's issuance of revenue obligations. The Capital Finance Office, which is part of the State of Wisconsin Department of Administration's Division of Executive Budget and Finance, is responsible for managing the State's borrowing programs.

Petroleum inspection fee revenue obligations are issued pursuant to the Program Resolution for State of Wisconsin Petroleum Inspection Fee Revenue Obligations, adopted by the Commission on January 19, 2000, as amended and restated on May 2, 2000 and further amended on July 30, 2003 (**Program Resolution**). The Bank of New York Mellon Trust Company, N.A. (**Trustee**) serves as trustee for the petroleum inspection fee revenue obligations program. The Trustee also serves as registrar and paying agent for the bonds, and U.S. Bank Trust National Association serves as issuing and paying agent for the extendible municipal commercial paper. The law firm of Foley & Lardner LLP provided bond counsel services to the State for the issuance of petroleum inspection fee revenue obligations.

The 2010 Annual Report includes information and defined terms for different types of securities issued by the State. The context or meaning of terms used in one part of the 2010 Annual Report may differ from those of the same terms used in another part, and the total amount shown in a table may vary from the related sum due to rounding. See “DEFINITIONS OF CERTAIN TERMS” for the definitions of capitalized terms used in Part VII of the 2010 Annual Report. No information or resource referred to in the 2010 Annual Report is part of the 2010 Annual Report unless expressly incorporated by reference.

Certain statements in Part VII of the 2010 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2010 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

OUTSTANDING OBLIGATIONS

The State has issued petroleum inspection fee revenue obligation bonds and EMCP on the dates and in the amounts shown in Table VII-1. The table also includes the outstanding principal balances of the petroleum inspection fee revenue obligations as of December 15, 2010.

Senior Bonds, as defined in the Program Resolution, include the 2009 Bonds, interest payments on all Petroleum Inspection Fee Revenue Extendible Municipal Commercial Paper (**EMCP** or **Notes**), and any additional parity Bonds that may be issued as such under the Program Resolution. **Junior Subordinate Bonds**, as defined in the Program Resolution, include the principal payments on all EMCP and any additional parity Bonds that may be issued as such under the Program Resolution. The term **Bonds** refers to all revenue obligations, without regard to seniority, that are issued under the Program Resolution and are payable in whole or in part from the Petroleum Inspection Fees. See “**SECURITY**”.

FINANCING THE PECFA PROGRAM

Bonds issued in 2000 through 2004 funded approved soil and groundwater remediation payments under the Petroleum Environmental Cleanup Fund Award (**PECFA**) Program, which is a petroleum storage remediation program. Bonds issued in 2009 provided for the current refunding of obligations previously issued by the State to fund such remediation payments, and to fund a portion of EMCP previously issued for the same purpose.

In existence since 1987, the PECFA Program reimburses owners of petroleum storage tanks for 75% to 99% of remediation costs related to soil and groundwater contamination. The State of Wisconsin Department of Commerce (**Department of Commerce**) is responsible for the review and approval of remediation payments. Prior to the issuance of the Bonds, remediation payments approved under the PECFA Program were paid with Petroleum Inspection Fees as they were collected; however, the timing of the collections did not permit all remediation payments to be paid at the time they were presented and approved. When Bonds were first issued in March 2000, the backlog of approved but unpaid claims was about \$200 million. The issuance of the Bonds allowed the PECFA Program to make payments in a timely manner and provided economic savings to the State, since the debt service costs on the Bonds were less than the interest costs that accrued on the approved but unpaid remediation awards.

As of December 1, 2010, the amount of remediation awards approved for payment, but not yet paid, was approximately \$0.5 million, and approximately \$0.5 million of additional costs had been submitted and were in the review process. Petroleum Inspection Fees that are in excess of the amounts required to be held by the Trustee are currently sufficient to pay all remediation awards approved for payment.

As of the date of the 2010 Annual Report, additional Bonds to fund soil and groundwater remediation costs under the PECFA Program could be issued only if legislation were enacted to authorize additional borrowing for that purpose. This does not mean that no additional Bonds will be issued. Bonds may be issued without any additional legislative bonding authority to fund the Outstanding EMCP or to refund Outstanding Bonds. In addition, legislation could be enacted providing additional bonding authority if needed to fund remediation payments under the PECFA Program. See “**SECURITY; Additional Bonds**”.

SECURITY

The Bonds are payable from, and secured by, the Petroleum Inspection Fees. The Program Resolution also includes an additional bonds test, a Variable Rate Take-Out Capacity Test, and a nonimpairment pledge.

Proceeds of the Bonds are applied to purposes that do not generate revenues, and the application of proceeds of the Bonds *does not* create a source for the payment of the Bonds.

Debt service payments on the Senior Bonds are payable from Petroleum Inspection Fees deposited into the Redemption Fund created for the Senior Bonds. The pledge made for the payment of principal on the EMCP is junior to the pledge made for the payment of debt service on Senior Bonds. Principal of the EMCP is payable from proceeds of roll-over EMCP or proceeds of Senior Bonds issued to fund the EMCP, or from Petroleum Inspection Fees deposited into the Junior Subordinate Redemption Fund. At the same time the Commission authorized the EMCP, the Commission also authorized the issuance of Senior Bonds, which may be issued at the State’s discretion and without any legislative bonding authority, to fund EMCP. See

“PETROLEUM INSPECTION FEES” and “SUMMARY OF CERTAIN PROVISIONS OF THE PROGRAM RESOLUTION”.

The petroleum inspection fee revenue obligations are revenue obligations of the State. The State is not generally liable for these obligations, and they are not a public debt of the State for any purpose whatsoever.

Additional Bonds

As of the date of the 2010 Annual Report, additional Bonds to fund soil and groundwater remediation payments under the PECFA Program could be issued only if legislation were enacted to authorize additional borrowing for that purpose. If legislation were enacted that provides additional bonding authority for this purpose, then additional Bonds may be issued under the Program Resolution only if the additional bonds test is met. When applicable, the additional bonds test requires that the Debt Service Coverage Ratio be at least 2.0 (in connection with the issuance of Refunding Bonds, the additional bonds test may instead be met if the State certifies that the issuance of the Refunding Bonds will not increase Maximum Annual Debt Service). The **Debt Service Coverage Ratio** is the ratio of Projected Annual Revenues to Maximum Annual Debt Service.

Additional Bonds may be issued to fund Outstanding EMCP and to refund Outstanding Bonds; however, the issuance of additional Bonds for these purposes is not subject to the additional bonds test. The additional bonds test must be met prior to the initial issuance of Bond Anticipation Notes (such as EMCP), *but compliance with the additional bonds test is not required for the issuance of Bonds to fund Bond Anticipation Notes.* Furthermore, if Bonds were issued to fund Bond Anticipation Notes, under certain circumstances, the Projected Annual Revenues at that time might be less than 2.0 times Maximum Annual Debt Service.

Additional Bonds may be issued in various forms, including among others Variable Rate Bonds or Bond Anticipation Notes (such as additional EMCP). Additional Bonds may be designated as Senior Bonds (on a parity with the outstanding Senior Bonds), as Subordinate Bonds, or as Junior Subordinate Bonds (on a parity with the principal payments on the EMCP).

See **“SUMMARY OF CERTAIN PROVISIONS OF THE PROGRAM RESOLUTION”** and **“DEFINITIONS OF CERTAIN TERMS”** for a complete description of the additional bonds test and a definition of capitalized terms used for the additional bonds test.

Variable Rate Take-Out Capacity Test

Whenever Variable Rate Debt (such as the EMCP) is Outstanding, the State will, by the 15th day of each month, provide the Trustee with the results of a Variable Rate Take-Out Capacity Test. Key terms for completing the Variable Rate Take-Out Capacity Test are described in **“SUMMARY OF CERTAIN PROVISIONS OF THE PROGRAM RESOLUTION”** and **“DEFINITIONS OF CERTAIN TERMS”**.

The test uses present value calculations to estimate the maximum amount of Variable Rate Debt that, if Outstanding, could be refunded by Senior Bonds while maintaining a Debt Service Coverage Ratio of 2.0. This test also compares the Variable Rate Take-Out Capacity with the Variable Rate Debt Exposure. For purposes of this test, Senior Bonds are assumed to be issued to refund Variable Rate Debt, to be repaid within 20 years from the date the Variable Rate Take-Out Capacity Test is computed, and to bear interest at an annual rate equal to The Bond Buyer Revenue Bond Index plus 3% per annum.

The results of the test for December 15, 2010 show a Variable Rate Takeout Capacity of \$257,102,972, which is in excess of the Variable Rate Debt Exposure of \$71,150,000.

Meeting the Variable Rate Take-Out Capacity Test is not a condition to issuing any Bonds. If the test shows that the Variable Rate Take-Out Capacity is equal to or exceeds the Variable Rate Debt Exposure, then the State is required to provide the Trustee with the results of the test. However, if the monthly test shows that the Variable Rate Take-Out Capacity is less than the Variable Rate Debt Exposure, then the

State is deemed to have failed the Variable Rate Takeout Capacity Test and is required to do the following:

- Promptly notify each Rating Agency.
- Submit to the Trustee and each Rating Agency, within 45 days after the test date, a plan to cause the Variable Rate Take-Out Capacity to equal or exceed the Variable Rate Debt Exposure within 90 days following the test date.

If at any subsequent time the State is able to demonstrate that the Variable Rate Take-Out Capacity is equal to or exceeds the Variable Rate Exposure, then the requirements arising from the previous failure of the Variable Rate Takeout Capacity Test no longer apply.

Neither failure to meet the Variable Rate Take-Out Capacity Test nor failure to implement a submitted plan is an Event of Default under the Program Resolution. Accordingly, the Trustee has no enforcement power with respect to such occurrences. Failure to provide the Trustee with the results of the test or to submit any required plan to the Trustee does not initially constitute an Event of Default; however, if the failure is not corrected within 30 days of any notice from the Trustee, it then constitutes an Event of Default.

Debt Service on Outstanding Senior Bonds

Table VII-2 shows the annual debt service amounts on Outstanding Senior Bonds. Table VII-2 also shows the projected Petroleum Inspection Fees and estimated debt service coverage, which differs from the Debt Service Coverage Ratio provided in the Program Resolution. The estimated debt service coverage in Table VII-2 uses current expectations, while the Debt Service Coverage Ratio is determined using assumptions required by the Indenture regarding amortization of Variable Rate Bonds. The projected Petroleum Inspection Fees are based on the average of Petroleum Inspection Fees for the past five years, adjusted to reflect the reduction in the rate of the Petroleum Inspection Fee effective April 1, 2006. See “PETROLEUM INSPECTION FEES”.

^(a) Does not include any principal payment on Outstanding EMCP.

^(b) Includes interest payments on Outstanding EMCP, which interest payments are on parity with the Senior Bonds and are calculated at the assumed interest rate of 5.00% and under the assumption that all EMCP will remain Outstanding until July 1, 2017, which is the last maturity date of Outstanding Senior Bonds having a fixed interest rate. Principal payments on Outstanding EMCP are subordinate to payments on the Senior Bonds.

^(c) The projected Petroleum Inspection Fees are based solely on the average of collected Petroleum Inspection Fees for the past five fiscal years, adjusted to reflect the reduction in the rate of the Petroleum Inspection Fees from \$0.03 per gallon to \$0.02 per gallon effective April 1, 2006. See “PETROLEUM INSPECTION FEES”.

Non-Impairment Clause

The State pledges and agrees with the holders of the Bonds that the State will not limit or alter the ability of the State to fulfill the terms of its agreements (made in the Program Resolution or with respect to the Bonds) with the holders of Bonds or impair the rights and remedies of the holders of the Bonds, while the Bonds are Outstanding.

In the legislation authorizing the petroleum inspection fee revenue obligations, the Legislature, recognizing its moral obligation to do so, expressed its expectation that, if the Legislature were to reduce the rate of the Petroleum Inspection Fee (which has happened) and if the Petroleum Inspection Fees were insufficient to pay debt service on the Bonds when due (which has not happened), the Legislature would make an appropriation from the general fund sufficient to pay such debt service. In the opinion of Bond Counsel, the Legislature's expression of its expectation is not a legally enforceable obligation.

PETROLEUM INSPECTION FEES

General

Petroleum Inspection Fees are paid by suppliers on all petroleum products distributed in the State. The current rate of the Petroleum Inspection Fee is \$0.02 per gallon; before April 1, 2006, the rate was \$0.03 per gallon. The petroleum products include:

- Gasoline products, which include gasoline and gasoline-alcohol fuel blends.
- Oil products, which include fuel oil, burner oil, diesel fuel oil, kerosene, and other refined oils.

Non-petroleum products such as natural gas and liquefied propane are not subject to the Petroleum Inspection Fee.

Collection and Deposit

The Petroleum Inspection Fees and other motor fuel taxes paid by suppliers are received by the State of Wisconsin Department of Revenue (**Department of Revenue**) by the 15th day of each month, or the next business day if the 15th day falls on a weekend or holiday. The payment is for both Petroleum Inspection Fees and motor fuel taxes due from the suppliers for activity during the previous month. At the time the fees are remitted, the Petroleum Inspection Fees are not separated from the other motor fuel taxes. The allocation is not known until the tax returns evidencing the payments are processed, usually within 30 to 35 days after receipt of the fees and taxes.

As an example, by about December 15th, suppliers submit the amount of fees and taxes due for petroleum products shipped in the month of November. By the end of December, suppliers submit tax returns delineating the payments previously made. By about the next January 20th, the Department of Revenue processes the tax returns.

Due to a period of about 30 to 35 days between receipt of the combined fees and taxes and tabulation of the returns reporting such fees and taxes, the Department of Revenue will transfer to the Trustee on the Revenue Payment Date a base monthly transfer amount, based on prior collections, adjusted upward or downward to reflect the tabulations from the previous month's returns. The amount of this base monthly transfer may be changed from time to time to reflect actual collection experience.

The Department of Revenue has various enforcement powers relating to the collection of Petroleum Inspection Fees, including the ability to revoke suppliers' licenses, to impose penalties, to assess interest on late payments, and to enforce criminal penalties for the failure to report or pay Petroleum Inspection Fees. The Wisconsin Statutes establish the State as a preferred creditor and the fees as preferred claims in any State court action.

The total amount of Petroleum Inspection Fees collected for each of the last ten fiscal years is summarized in [Table VII-5](#). The annual percentage change in the amount of collected Petroleum Inspection Fees as shown in such table may not correlate to the annual percentage change in the number of gallons inspected in [Table VII-3](#). This is due to many reasons, including the following:

- (1) the collected Petroleum Inspection Fees are reported on an accrual basis in fiscal year 2006 and on a cash basis in the other fiscal years, whereas the amount of inspected gallons is reported on an actual basis for all years, and
- (2) adjustments are made to, and refunds provided from, the collected Petroleum Inspection Fees.

Table VII-6 shows the maximum, average, and minimum monthly amount of collected Petroleum Inspection Fees for each of the last 10 fiscal years. The maximum, average, and minimum monthly amounts in the table may not correlate to the annual amount of collected Petroleum Inspection Fees in Table VII-5. This occurs because the annual amounts are reported on both an accrual and cash basis, whereas the minimum, average, and maximum amounts are reported on a cash basis.

Diminished usage of petroleum products would reduce the amount of collected Petroleum Inspection Fees. Usage may be affected, for example, by production of oil, prices for petroleum products, usage of alternate fuels, or need for fuels.

Application of Petroleum Inspection Fees

Petroleum Inspection Fees received by the Trustee on each Revenue Payment Date in the Revenue Fund are deposited in the Funds and Accounts, and applied in the following order:

- To pay arbitrage rebate, if any, due on any Outstanding Bonds.
- To pay interest on all Outstanding Senior Bonds and other parity obligations.
- To pay the principal and redemption price, if any, of all Outstanding Senior Bonds, and other parity obligations, as the same become due.
- To maintain the Debt Service Reserve Requirement, if any, in the Reserve Fund.
- To make any deposits, at the State's discretion, into the Rate Stabilization Fund.
- To make deposits, at the State's discretion or if required, into the Junior Subordinate Redemption Fund.
- To pay any expenses payable from the Program Fund.

The following chart shows the flow of funds with respect to the Petroleum Inspection Fees.

The Program Resolution permits the issuance of Subordinate Bonds, which would have a pledge of Petroleum Inspection Fees that is subordinate to the pledge made for the Senior Bonds yet senior to the pledge made for the Junior Subordinate Bonds. As of the date of this 2010 Annual Report, Senior Bonds and Junior Subordinate Bonds, but no Subordinate Bonds, have been issued.

The pledge of the Petroleum Inspection Fees remains effective until all Bonds issued under the Program Resolution are fully paid in accordance with their terms, or payment is provided for in accordance with the Program Resolution. All Petroleum Inspection Fees deposited with the Trustee on each Revenue Payment Date in excess of the amounts required above are transferred at the direction of and to the State for deposit in the Petroleum Inspection Fund and become free of the pledge.

See “**SUMMARY OF CERTAIN PROVISIONS OF THE PROGRAM RESOLUTION**” for further information on the required transfer of Petroleum Inspection Fees to these various Funds and Accounts.

EXTENDIBLE MUNICIPAL COMMERCIAL PAPER

The EMCP issued by the State is similar to commercial paper notes; however, rather than liquidity being provided by a bank or credit facility, the maturity date is extended in case there is a disruption in market liquidity for the EMCP. The State has appointed Goldman, Sachs & Co. and Merrill Lynch, Pierce, Fenner & Smith, Incorporated (**Merrill Lynch**) to serve as **Dealers**. Merrill Lynch was acquired by Bank of America Corporation in a merger that closed on January 1, 2009. With the consummation of the merger, Merrill Lynch is an indirect wholly-owned subsidiary of the Bank of America Corporation. The State has appointed U.S. Bank Trust National Association to serve as **Issuing and Paying Agent** for the EMCP, and The Depository Trust Company (**DTC**) serves as Securities Depository for the EMCP.

Table VII-7 summarizes, for each authorized and outstanding series of EMCP, the principal amount initially issued, the date of initial issuance, and the principal amount outstanding as of December 15, 2010.

Table VII-7

SUMMARY OF OUTSTANDING PETROLEUM INSPECTION FEE REVENUE EMCP
(December 15, 2010)

<u>Series of EMCP</u>	<u>Amount Issued</u>	<u>Date of Initial Issuance</u>	<u>Amount Outstanding</u>
2000	\$80,000,000	May 9, 2000	\$ 71,150,000
2002	62,300,000	September 18, 2002	<u>-0-</u>
		Total Outstanding:	\$ 71,150,000

Description of EMCP

Each EMCP note will be dated the date it is issued. It will be issued as an interest-bearing obligation in a denomination of \$100,000 or increments of \$1,000 above \$100,000. Interest is computed on the basis of a year having 365 or 366 days and the actual number of days elapsed (actual/actual basis). Payment of principal of and interest on each EMCP note will be made to the Securities Depository and then distributed by the Securities Depository.

Each EMCP note will mature on its **Original Maturity Date**, which may range from 1 to 180 days from its original issue date, unless the State exercises its option to extend the maturity date. In that case the EMCP note will mature on its **Extended Maturity Date**, which will be the date that is 270 days after its original issue date.

If the State exercises its option to extend the maturity date, notice of this extension must be provided to the Securities Depository in accordance with the Securities Depository's operational requirements.

Each EMCP note will bear interest from its original issue date until the Original Maturity Date at the rate determined on the original issue date, payable on the Original Maturity Date, unless the maturity date is extended, in which case interest will be paid on the date described below. If the State exercises its option to extend the maturity date of an EMCP note, then the extended EMCP note will bear interest on and after the Original Maturity Date at the Reset Rate and be payable on the dates described below.

If the maturity date of an EMCP note is extended, then accrued but unpaid interest to the Original Maturity Date will not be paid on the Original Maturity Date but will be payable on the following date (or any earlier redemption date):

(1) if the Original Maturity Date is before the 15th day of the month, interest will be payable on the first **Business Day** (which is a day on which banks located in Madison, Wisconsin and in each of the cities where the Principal Offices of the Issuing and Paying Agent and Dealers are located are not required or authorized by law or executive order to close for business and on which the New York Stock Exchange is not closed) of the next month, or

(2) if the Original Maturity Date is on or after the 15th day of the month, interest will be payable on the first Business Day of the second succeeding month after the Original Maturity Date.

For example, if the Original Maturity Date is November 14th, interest will first be payable on the first Business Day of December, and if the Original Maturity Date is November 15th, interest will first be payable on the first Business Day of January.

Each EMCP note will bear interest from the Original Maturity Date at the **Reset Rate** and will be payable first on the date described above and thereafter on the first Business Day of each month and on any redemption date or the Extended Maturity Date.

The Reset Rate will be a rate of interest per annum determined by the following formula:

$$(1.35 \times \text{BMA}) + E$$

As used in the formula, the *BMA* variable will be The Securities Industry and Financial Markets Association Index, or SIFMA Index, which previously was referred to as The Bond Market Association Municipal Swap Index, or BMA Index. This index is calculated weekly and released each Wednesday afternoon, effective Thursday. The *E* variable will be a percentage rate expressed in basis points that is determined based on the ratings assigned to the EMCP (**Prevailing Ratings**), as follows:

<u>Prevailing Ratings</u>			
<u>Fitch</u>	<u>Moody's Investors Service, Inc.</u>	<u>Standard & Poor's Ratings Services</u>	<u>E Variable (basis points)</u>
F1+	P-1	A-1+	100
F1	–	A-1	150
F2	P-2	A-2	200
F3	P-3	A-3	300
Lower than F3 (or rating discontinued)	Lower than P-3 (or rating discontinued)	Lower than A-3 (or rating discontinued)	400

If at any time any Rating Agency announces that a lower rating is under consideration for the EMCP, then the Prevailing Rating from such Rating Agency will not be the rating then assigned to the EMCP; rather, it will be the next lower rating of such Rating Agency. If the Prevailing Ratings would indicate different *E* variables as a result of split ratings assigned to the EMCP, then the *E* variable will be the arithmetic average of those indicated by the Prevailing Ratings.

The Reset Rate applicable to EMCP will be determined weekly by the Issuing and Paying Agent based on the *BMA* variable and the Prevailing Ratings as of 11:00 a.m. (New York time) on its Original Maturity Date and each Thursday thereafter and will apply through the following Wednesday.

SUMMARY OF CERTAIN PROVISIONS OF THE PROGRAM RESOLUTION

Certain provisions of the Program Resolution are summarized below. Reference should be made to the complete Program Resolution for a full and complete statement of its provisions. A copy of the Program Resolution may be obtained by contacting the State at the address provided in the **Introduction** to Part VII of the 2010 Annual Report.

Under existing statutory authority as of the date of the 2010 Annual Report, no additional Bonds may be issued to fund remediation payments under the PECFA Program; however, additional Bonds may be issued without statutory authority to fund Outstanding EMCP and to refund Outstanding Bonds.

Additional Bonds

The Program Resolution provides that the State may issue additional Bonds, upon compliance with certain conditions, including, in some instances, meeting the additional bonds test. In the case of Bond Anticipation Notes (such as EMCP), the conditions need be met only on the first date of issuance of any of the Bond Anticipation Notes authorized under the Supplemental Resolution providing for such Bond Anticipation Notes. These conditions include the following:

- Immediately after issuance, there cannot be a deficiency in the Reserve Fund.
- The State must certify that it is not in default in the performance of any of its covenants and agreements in the Program Resolution (unless an opinion of Independent Counsel is given that the default does not deprive any Beneficial Owner in any material respect of security given by the Program Resolution).
- Except with respect to the issuance of Refunding Bonds issued to fund Bond Anticipation Notes that are also Bonds, the State must certify that, as of the date of issuance of the Bonds, the Debt Service Coverage Ratio will be at least 2 to 1; *provided*, that in connection with the issuance of

Senior Refunding Bonds for an economic refunding, the State may instead certify that the issuance of the Refunding Bonds will not increase Maximum Annual Debt Service.

For this purpose:

“*Debt Service*” means the aggregate principal payments (whether at stated maturity or pursuant to sinking fund redemption requirements), interest payments, and other payments of the State on all Outstanding Bonds and Other Obligations for any Fiscal Year (including any State Swap Payments, less any Counterparty Swap Payments unless the Swap Counterparty is in default with respect to its payment obligations under the related Swap Agreement, and including any fees with respect to Credit Enhancement Facilities); *provided*, however, that for purposes of calculating such amount:

- Any Variable Rate Bonds shall, for any future period for which the actual interest rate is not known on the date of determination (that is, on the date on which Debt Service is being calculated), be assumed to bear interest at the Projected Interest Rate (which is The Bond Buyer Revenue Bond Index, plus 3% per annum, so long as the index is published).
- All Outstanding Bond Anticipation Notes (such as EMCP) shall be assumed to be funded at or before the stated maturity thereof, and all Bond Anticipation Notes which have been authorized by a Supplemental Resolution but not yet issued shall be assumed to be issued and immediately funded on the date of determination, in each case by the issuance of Senior Refunding Bonds in the full amount authorized with respect to Bond Anticipation Notes bearing interest at the Projected Interest Rate and maturing according to such amortization schedule as the State may determine; *provided*, that the final maturity must not be later than 20 years from the original issuance of the Bond Anticipation Notes.
- Amounts of principal or interest due on a particular date shall be excluded from the determination of Debt Service to the extent that such amounts are payable from amounts deposited in trust, escrowed, or otherwise set aside for the payment thereof with the Trustee or another Person approved by the Trustee (including, without limitation, amounts in an Escrow Account established in the Redemption Fund or amounts in the Capitalized Interest Account of the Proceeds Fund).
- State Swap Payments, Counterparty Swap Payments, and payments with respect to Credit Enhancement Facilities shall be determined based upon such assumptions as may be set forth in the Supplemental Resolution authorizing the related Swap Agreement or the Credit Enhancement Facility, as the case may be, or in a State Certificate provided to the Trustee with respect to such Swap Agreement or Credit Enhancement Facility.
- For purposes of applying the additional bonds test in connection with the issuance of Refunding Bonds, the proceeds of such Refunding Bonds shall be assumed to have been applied on their issuance date for the purposes provided in the Supplemental Resolution authorizing such Refunding Bonds.
- Except to the extent provided in a Supplemental Resolution adopted to provide for the issuance of Subordinate or Junior Subordinate Bonds, with respect to the determination of Debt Service for purposes of limitations relating to Subordinate or Junior Subordinate Bonds or Subordinate or Junior Subordinate Other Obligations, debt service payments with respect to Subordinate or Junior Subordinate Bonds and Subordinate or Junior Subordinate Other Obligations shall not be taken into account.

“*Debt Service Coverage Ratio*” means the ratio of Projected Annual Revenues to Maximum Annual Debt Service.

“*Projected Annual Revenues*” means the largest amount of Petroleum Inspection Fees collected in any twelve consecutive months during the eighteen most recent months for which such information is available. If legislation changes the rate of the Petroleum Inspection Fee, “Projected Annual Revenues” shall be adjusted to take such change into account.

Variable Rate Take-Out Capacity Test

On each Monthly Reporting Date while any Variable Rate Debt is Outstanding, the State shall provide to the Trustee a State Certificate setting forth the Variable Rate Take-Out Capacity and the Variable Rate Debt Exposure based on the most current available information. If the Variable Rate Take-Out Capacity is less than the Variable Rate Debt Exposure, the State agrees (1) to promptly notify the Rating Agencies of such fact and (2) to submit to the Trustee and each Rating Agency, no later than 45 days after such Monthly Reporting Date, a plan to cause the Variable Rate Take-Out Capacity to exceed the Variable Rate Debt Exposure by the third Monthly Reporting Date following the Monthly Reporting Date that made the notification and plan necessary.

For this purpose:

“*Debt Service*” shall be calculated consistently with the provisions set forth above with respect to the additional bonds test.

“*Monthly Reporting Date*” means, in each month, a date on or before the 15th day of the month, as selected by an Authorized Commission Representative.

“*Projected Monthly Revenues*” means the average of the Petroleum Inspection Fees collected in each of the 12 most recent months for which such information is available; *provided*, that if the rate of the Petroleum Inspection Fee that will be in effect for any future month will be higher or lower than the rate of Petroleum Inspection Fee in effect for any corresponding prior month, “Projected Monthly Revenues” shall be adjusted to take such change into account.

“*Senior Bond Anticipation Notes*” includes all Bond Anticipation Notes for which the funding Bonds have been authorized as Senior Bonds.

“*Variable Rate Debt*” includes Bonds the interest rate on which is not fixed for their entire remaining term to maturity, all Senior Bond Anticipation Notes, and all Bonds with respect to which the State has entered into interest rate exchange agreements that have the effect of shifting the State’s fixed rate liability to a variable rate liability.

“*Variable Rate Take-Out Capacity*” means an amount equal to the present value of the net revenue stream that would be available after the collection of 50% of the Projected Monthly Revenues in each of the 240 succeeding months and the payment of Debt Service due in each such month with respect to all Outstanding Senior Bonds which do not constitute Variable Rate Debt (assuming the receipt of revenues and the payment of Debt Service on the first day of the month), discounted (on the basis of a 360-day year consisting of twelve 30-day months, and semi-annual compounding) using a discount rate equal to the Projected Interest Rate.

“*Variable Rate Debt Exposure*” means the difference, if any, of (1) the actual aggregate Outstanding principal amount of Variable Rate Debt, less (2) the sum of (a) the balance in the Principal Account in the Redemption Fund allocable to Variable Rate Debt, plus (b) the balance of the Rate Stabilization Fund established under the Program Resolution.

Funds and Accounts

The Program Resolution establishes the following Funds and Accounts:

- Proceeds Fund (and within it a Capitalized Interest Account, an Issuance and Administrative Account, and a Claims Account).
- Revenue Fund.
- Rebate Fund.
- Redemption Fund (and within it an Interest Account and a Principal Account).
- Reserve Fund.
- Rate Stabilization Fund.
- Junior Subordinate Redemption Fund (and within it a Junior Subordinate Principal Account).

- Program Fund (and within it a Program Expense Account).

Proceeds Fund

Upon the delivery of any series of Bonds, the Trustee will credit to the Proceeds Fund the amount specified in the Supplemental Resolution authorizing the issuance of the Bonds. The amounts, if any, so designated in the Supplemental Resolution will be credited to the Capitalized Interest Account and the Issuance and Administrative Account, respectively, and the remainder will be credited to the Claims Account.

Moneys in the Capitalized Interest Account will be applied only for the payment of interest on the Senior Bonds. Moneys in the Issuance and Administrative Account will be applied to the payment of costs of issuance of the Bonds and administrative expenses. Moneys in the Claims Account will be applied to costs of the petroleum storage remedial action program.

Revenue Fund

The Trustee will credit all Petroleum Inspection Fees received from the Department of Revenue to the Revenue Fund. On each Revenue Payment Date, the Trustee will transfer the money so credited, as follows:

- *First*, to the Rebate Fund.
- *Second*, to the Interest Account for the payment of interest on Senior Bonds or Senior Other Obligations payable therefrom.
- *Third*, to the Principal Account for the payment of principal of Senior Bonds or the payment of Senior Other Obligations payable therefrom.
- *Fourth*, to the Reserve Fund, if necessary to increase the balance to the Reserve Fund Requirement.
- *Fifth*, to the Rate Stabilization Fund, if directed by the State.
- *Sixth*, to the Junior Subordinate Principal Account within the Junior Subordinate Redemption Fund for the payment of principal of Junior Subordinate Bonds or the payment of Other Obligations payable therefrom.
- *Seventh*, to the Program Fund. If the Commission creates Funds and Accounts for Subordinate Bonds or Subordinate Other Obligations, it may apply money to Funds and Accounts established for those obligations before applying the money to the Program Fund.

The Program Resolution permits the issuance of Subordinate Bonds, which would have a pledge of Petroleum Inspection Fees that is subordinate to the pledge provided the Senior Bonds yet senior to the pledge provided the Junior Subordinate Bonds. If Subordinate Bonds are issued, then a Subordinate Redemption Fund will be created.

Rebate Fund

The State will periodically determine, for each issue of Bonds, the arbitrage rebate liability under federal tax law. The State may specify an amount that should be held in the Rebate Account for arbitrage rebate payments. If the Trustee is furnished with a written opinion of Bond Counsel to the effect that amounts held in the Rebate Fund are not needed to make arbitrage rebate payments, then those amounts will be transferred to the Interest Account.

Redemption Fund

The Redemption Fund will be used only for the payment when due of principal of, and premium, if any, and interest on, the Senior Bonds and Senior Other Obligations.

Interest Account

The Trustee will credit to the Interest Account any premium or accrued interest paid as part of the purchase price for a series of Senior Bonds. The Trustee will also deposit in the Interest Account:

- The portion of the sale proceeds from the State's borrowings to be used to pay interest on the Senior Bonds (unless those proceeds are deposited into an Escrow Account).
- All Counterparty Swap Payments.
- All investment earnings from money in the Redemption Fund (unless they are required to be in an Escrow Account), the Reserve Fund, the Rate Stabilization Fund, and the Junior Subordinate Redemption Fund.
- Amounts transferred, at the State's direction, from the Rate Stabilization Fund.
- Amounts transferred from the Rebate Fund.
- Other amounts required to be transferred thereto from the Funds and Accounts.

The Trustee will make periodic deposits to the credit of the Interest Account, at least 30 days before payment is due, of amounts determined or estimated to aggregate the full amount of each installment of interest which falls due upon Outstanding Senior Bonds on each regularly scheduled Interest Payment Date, and the reimbursement to all Credit Facility Providers for payments of interest on the Senior Bonds pursuant to Credit Enhancement Facilities. As a practice, the Trustee periodically transfers money from the Interest Account to the Issuing and Paying Agent because EMCP is Variable Rate Debt and interest is payable on various dates. This transfer occurs monthly and does not relate to any scheduled Interest Payment Date.

If money in the Interest Account is insufficient when needed to pay the accrued interest due on the Senior Bonds, all State Swap Payments, and all reimbursements and fees payable to a Credit Facility Provider, or any portion of the purchase price of Senior Bonds to be purchased attributable to accrued interest, the Trustee will immediately deposit to the credit of the Interest Account an amount equal to such deficiency. Each deposit required to pay the foregoing amounts shall be made by transfer from the following Funds and Accounts, in the following order of priority: the Capitalized Interest Account, the Revenue Fund, the Rate Stabilization Fund, the Reserve Fund, and the Principal Account.

If money in the Interest Account is insufficient when needed to pay amounts payable therefrom, the money shall be applied, *pro rata*, among such obligations based upon such amounts then owing to Beneficiaries and to be paid from the Interest Account.

Principal Account

With respect to each series of Senior Bonds, the Trustee will deposit to the credit of the Principal Account:

- The portion of the sale proceeds from the State's borrowings to be used to pay principal of the Senior Bonds on a Principal Payment Date (unless those proceeds are deposited into an Escrow Account).
- Amounts transferred, at the State's direction, from the Rate Stabilization Fund or the Program Fund.
- Amounts required to be transferred thereto from the Revenue Fund, the Rate Stabilization Fund, and the Reserve Fund.

To provide for the payment of each installment of principal which falls due upon Senior Serial Bonds (other than certain Bond Anticipation Notes) at the stated maturity thereof or Senior Term Bonds on a Sinking Fund Payment Date therefor, the Trustee will make periodic deposits, to aggregate the full amount of such installment at least 30 days before such payment is due. To provide for the payment of the redemption price of Senior Bonds to be redeemed on any other Redemption Date, the Trustee shall make deposits, as directed by a Supplemental Resolution or the State, to aggregate the full amount of such redemption price at least five days before such redemption price is due.

Money in the Principal Account will be applied to the payment of Senior Bonds on a Principal Payment Date or for the payment of reimbursements for amounts paid under a Senior Credit Enhancement Facility to pay principal of and premium, if any, on Senior Bonds, to such payment when due.

Each deposit required to be made to the credit of the Principal Account shall be made by transfer from the following Funds and Accounts, in the following order of priority: the Revenue Fund, the Rate Stabilization Fund, and the Reserve Fund.

When the balance in the Principal Account is not sufficient to pay all amounts payable therefrom on such date, the amounts in the account will be applied in the following order of priority: *first*, to the Interest Account; and *second*, to the payment of Senior Bonds at their stated maturity or on a Redemption Date or the reimbursement of such payments made by a Senior Credit Facility Provider, *pro rata*, among such obligations based upon such amounts then owing to Beneficiaries.

Money in the Principal Account may also be applied to the purchase of Senior Bonds if no deficiencies exist at such time in the Interest Account, the Principal Account, or the Rebate Fund. Any such purchase will be limited to those Senior Bonds whose stated maturity or Sinking Fund Payment Date is the next succeeding Principal Payment Date.

Reserve Fund

From the proceeds of any series of Bonds or, at the option of the State, from any other available moneys under the Program Resolution, the Trustee will credit to the Reserve Fund the amount, if any, specified in a Supplemental Resolution providing for the issuance of a series of Bonds, such that upon issuance of such Senior Bonds, the balance in the Reserve Fund shall not be less than the Reserve Fund Requirement. *There is no Reserve Fund Requirement at this time.*

If on any Revenue Payment Date the balance in the Reserve Fund is less than the Reserve Fund Requirement, then the Trustee will transfer an amount equal to the deficiency from the Revenue Fund (to the extent not required for credit to the Rebate Fund or the Redemption Fund).

Money in the Reserve Fund will be applied solely for the payment when due of principal of and interest on the Senior Bonds and amounts owing under Senior Other Obligations. It will be so applied by transfer to the Redemption Fund, if the amounts therein and available in the Revenue Fund, the Capitalized Interest Account, and the Rate Stabilization Fund are insufficient to meet the amount required for deposit to the credit of the Redemption Fund at such time. Amounts in the Reserve Fund shall be applied, *first*, to the payment of interest on the Senior Bonds and the payment of Senior Other Obligations payable from the Interest Account and, *second*, to the payment of principal of the Senior Bonds and the payment of Senior Other Obligations payable from the Principal Account. On the stated maturity date or any Redemption Date of any Senior Bonds, amounts in the Reserve Fund shall, upon State Direction, be applied to the payment at maturity or redemption of all Outstanding Senior Bonds of a series, to the extent that such application, and payment of all deposits to be made to the credit of the Rebate Fund required by the Program Resolution upon such redemption, will not reduce the balance of the Reserve Fund below the Reserve Fund Requirement (calculated as though the Senior Bonds to be retired on such stated maturity date or Redemption Date were not Outstanding as of the date of such calculation). At any time when the aggregate of the amounts in the Redemption Fund, the Capitalized Interest Account, the Reserve Fund, and the Rate Stabilization Fund equals an amount sufficient and available to discharge and satisfy the obligations of the State with respect to all the Outstanding Senior Bonds and Senior Other Obligations and to make all deposits to the credit of the Rebate Fund required by the Program Resolution, all in the manner described in the Program Resolution, such amounts shall, upon State Direction, be so applied. If on any Revenue Payment Date the balance in the Reserve Fund exceeds the Reserve Fund Requirement, such excess shall, upon State Direction, be transferred to the Rate Stabilization Fund or the Program Fund.

Rate Stabilization Fund

The Trustee will credit to the Rate Stabilization Fund such amounts as the State directs, from the Revenue Fund, from the Reserve Fund, or from the Program Fund.

On any date on which the balance in the Redemption Fund (after transfers thereto from the Revenue Fund and the Capitalized Interest Account) is not sufficient to pay all amounts payable therefrom on such date, the Trustee will transfer money in the Rate Stabilization Fund, as follows:

- *First*, to the Interest Account for the payment of interest on Senior Bonds or Other Senior Obligations payable therefrom; and
- *Second*, to the Principal Account for the payment of the principal of Senior Bonds or the payment of Other Senior Obligations payable therefrom.

In addition, the Trustee shall transfer from the Rate Stabilization Fund to the Interest Account or the Principal Account such amounts as the State directs. *There is no balance in the Rate Stabilization Fund at this time.*

Junior Subordinate Redemption Fund

The Trustee, or another Fiduciary if directed by a Supplemental Resolution, shall deposit to the credit of the Junior Subordinate Principal Account that portion of the proceeds from the sale of the State's bonds, notes, or other evidences of indebtedness, if any, to be used to pay principal of the Junior Subordinate Bonds (such as principal on the Notes) on a Principal Payment Date (unless those proceeds are deposited into an Escrow Account) or other funds provided by the State.

To provide for the payment of each installment of principal which falls due upon such series of Junior Subordinate Bonds prior to the due date, the Trustee shall make deposits from the Revenue Fund only as directed by a Supplemental Resolution or State Certificate.

The Notes Supplemental Resolution provides that deposits of Petroleum Inspection Fees into the Junior Subordinate Principal Account are required to be made if there is a default by the State in the payment of principal on any Note on its Extended Maturity Date. The Trustee is required from that time forward to make transfers from the Revenue Fund to the Junior Subordinate Principal Account to aggregate the full amount due to Holders of the Note. The amount of these transfers are limited to the amount of Petroleum Inspection Fees deposited into the Revenue Fund and not transferred to Funds and Accounts that are senior to that of the Junior Subordinate Principal Account. Prior to any default by the State, discretionary deposits of Petroleum Inspection Fees may be made at any time into the Junior Subordinate Principal Account. These deposits may be applied to reduce the outstanding principal balance of the Notes while they are outstanding.

The moneys in the Junior Subordinate Principal Account required for the payment of Junior Subordinate Bonds on the maturity date (after taking into account any authorized extension of maturity or any acceleration of maturity) shall be transferred to the Paying Agent for such series of Junior Subordinate Bonds and applied by the Paying Agent to such payment when due without further authorization or direction.

When the balance in the Junior Subordinate Principal Account is not sufficient to pay all amounts payable therefrom on such date, the Trustee shall make periodic deposits from the Revenue Fund, prior to making any deposits to the Program Fund, to aggregate the full amount due on such maturity date from such date to the date of payment, *pro rata*, among such obligations based upon such amounts then owing to Holders of the Junior Subordinate Bonds.

The Program Resolution may be amended to establish Funds and Accounts that are senior in priority to the Junior Subordinate Principal Account.

Program Fund

Any amount in the Revenue Fund that is not required to be transferred to the Rebate Fund, the Redemption Fund, the Reserve Fund, the Rate Stabilization Fund, or any Fund created with respect to a Subordinate class of Bonds or Other Obligations will be transferred to the Program Fund.

Amounts that the State designates will be deposited in the Program Expense Account and will be disbursed for costs of the program of Bond issuance. Money in the Program Fund may be transferred to the Redemption Fund or the Junior Subordinate Redemption Fund, transferred to the Rate Stabilization Fund, or used for the purchase of Bonds. Money in the Program Fund may also be applied to any purpose permitted by law.

Investments

Money in any Fund or Account may be invested in Permitted Investments that mature or are redeemable at the option of the holder before the money is needed for the purpose for which it is held.

Pledge and Security Interest

The Commission has pledged the Petroleum Inspection Fees to the payment of the Bonds and Other Obligations. The Wisconsin Statutes create a security interest, for the benefit of the Holders of the Bonds and the Other Beneficiaries, in the Revenue Fund, the Redemption Fund, the Junior Subordinate Redemption Fund, the Reserve Fund, and the Rate Stabilization Fund.

Nonimpairment

The Program Resolution and each Supplemental Resolution will constitute a contract with the Holders of the Bonds and the other Beneficiaries. The State pledges and agrees with the Holders of the Bonds and the Other Beneficiaries that the State will not limit or alter its powers to fulfill the terms of any agreements made with the Holders of the Bonds and the Other Beneficiaries or in any way impair the rights and remedies of the Holders of the Bonds or the Other Beneficiaries until the Bonds, together with interest and all costs and expenses in connection with any action or proceeding by or on behalf of the Holders of the Bonds, are fully met and discharged and the Other Obligations are fully discharged or provided for.

Rating

The State covenants that it will, at all times Bonds are Outstanding, request at least one nationally recognized securities rating agency to maintain a rating on the Bonds.

Termination

If the State pays the principal, premium, if any, and interest payable upon any Bond, then the Bond will no longer be entitled to any benefit under the Program Resolution. If all Bonds and Other Obligations are paid and all expenses of the Fiduciaries have been paid, or are deemed to be paid, then the pledge of the Petroleum Inspection Fees and the security interest in the Funds and Accounts will cease.

Any Outstanding Bond will be deemed to be paid when there shall have been deposited (in an Escrow Account) either moneys in an amount which, or Federal Securities, the principal of and the interest on which when due, and without any reinvestment thereof, will provide money sufficient to pay when due the principal of and premium, if any, and interest due and to become due on the Bond at or prior to the stated maturity thereof.

Events of Default

If any of the following events occur, it constitutes an Event of Default:

- Default in the due and punctual payment of any interest on any Bond of the most senior class then Outstanding.
- Default in the due and punctual payment of the principal of, or premium, if any, on, any Bond of the most senior class then Outstanding, whether at the stated maturity or a redemption date.

- Default by the State in its obligation to purchase any Bond of the most senior class then Outstanding (or Beneficial Ownership Interests in such a Bond) on a Tender Date.
- Default in the due and punctual payment of any amount owed by the State to any Other Beneficiary under a Swap Agreement or Credit Enhancement Facility.
- Default in the performance of any of the State's obligations to transmit money to be credited to the Revenue Fund, the Rebate Fund, or the redemption fund established for the payment of Bonds of the most senior class then Outstanding as required by the Program Resolution and such default shall have continued for a period of 30 days.
- Default in the performance or observance of any other of the covenants, agreements, or conditions on the part of the State contained in the Program Resolution, or in the Senior Bonds, and such default shall have continued for a period of 30 days after written notice; *provided that*, except with respect to the State's arbitrage rebate covenants, if the default is such that it can be corrected, but not within such 30 days, it shall not constitute an Event of Default if corrective action is instituted by the State within such 30 days and is diligently pursued until the default is corrected.

Acceleration

Whenever any Event of Default has occurred and is continuing, the Trustee may, and upon the written request of the Acting Beneficiaries Upon Default (and for this purpose the specified percentage shall be 25% of the aggregate Principal Amount of Outstanding Bonds of the pertinent class), the Trustee shall, by notice in writing delivered to the State, declare the principal of and interest accrued on all Bonds then Outstanding due and payable.

Before a judgment or decree for payment of the money due has been obtained by the Trustee, the Acting Beneficiaries Upon Default (and for this purpose, the specified percentage shall be a majority of the aggregate Principal Amount of Outstanding Bonds of the pertinent class) may rescind and annul such declaration and its consequences if there has been paid to or deposited with the Trustee by or for the account of the State, or provision satisfactory to the Trustee has been made for the payment of, a sum sufficient to pay:

- All overdue installments of interest on all Bonds of the most senior class Outstanding.
- The principal of (and premium, if any, on) any Bonds of the most senior class Outstanding which have become due otherwise than by such declaration of acceleration, together with interest thereon at the rate or rates borne by such Bonds.
- To the extent that payment of such interest is lawful, interest upon overdue installments of interest on the Bonds of the most senior class Outstanding at the rate or rates borne by such Bonds.
- All Other Obligations on a parity with Bonds of the most senior class Outstanding, which Other Obligations have become due other than as a direct result of such declaration of acceleration.
- All other sums required to be paid to satisfy the State's obligations to transmit money to be credited to the Revenue Fund, the Rebate Fund, and the redemption fund established for payment of Bonds of the most senior class Outstanding as required by the Program Resolution.
- All sums paid or advanced by the Trustee or any other Fiduciary under the Program Resolution and the reasonable compensation, expenses, disbursements, and advances of the Trustee or other Fiduciaries, their agents, and their counsel.

Similarly, before a judgment or decree for payment of the money due has been obtained by the Trustee, the Acting Beneficiaries Upon Default may rescind and annul such declaration and its consequences if all Events of Default, other than the non-payment of the principal of Bonds of the most senior class Outstanding, or Other Obligations on a parity with Bonds of the most senior class Outstanding, which have become due solely by, or as a direct result of, such declaration of acceleration, have been cured or waived.

No rescission and annulment will affect any subsequent default or impair any right consequent thereon.

Other Remedies; Rights of Beneficiaries

If an Event of Default has occurred and is continuing, the Trustee may bring legal proceedings to collect money due or to enforce the covenants made by the State.

If an Event of Default has occurred and is continuing, and if it is requested so to do by the Acting Beneficiaries Upon Default (and for this purpose the specified percentage shall be a majority of the aggregate Principal Amount of Outstanding Bonds) or any Other Beneficiary and is indemnified, the Trustee will be obliged to exercise such of the rights and powers as the Trustee, being advised by its counsel, deems most expedient in the interests of the Beneficiaries.

If a default occurs under a Swap Agreement or a Credit Enhancement Facility, the Other Beneficiary may exercise such remedies as are provided therein.

Remedies are not exclusive, and delay in acting is not a waiver.

Application of Moneys

All moneys received by the Trustee pursuant to any right given or action taken will, after payment of the cost and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities, and advances incurred or made by the Trustee with respect thereto, be applied as follows (except that money received with respect to Credit Enhancement Facilities shall be applied only to the purposes for which such Credit Enhancement Facilities were provided, and shall be so applied prior to the application of other money):

- (1) In every case, the Trustee shall apply the amounts to each class in order of priority, namely, Senior Bonds and Senior Other Obligations shall be paid in full before any payment shall be made with respect to Junior Subordinate Bonds and Junior Subordinate Other Obligations.
- (2) Unless the principal of all the Outstanding Bonds of a particular class shall have become or shall have been declared due and payable, all such money will be applied to the payment to the Beneficiaries of all installments of principal and interest then due on the Bonds and all Other Obligations, and if the amount available is not sufficient to pay all such amounts in full, then to the payment ratably, in proportion to the amounts due, without regard to due date, to the Holders and to each Other Beneficiary, without any discrimination or preference (being applied first to interest and then to principal).
- (3) If the principal of all Outstanding Bonds of a particular class shall have become due or shall have been declared due and payable and such declaration has not been annulled and rescinded, all such moneys will be applied to the payment to the Beneficiaries of the principal and interest then due and unpaid upon the Bonds and all Other Obligations, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Beneficiary over any Other Beneficiary, ratably, according to the amounts due, to the Persons entitled thereto without any discrimination or preference.
- (4) If the principal of all the Outstanding Bonds of a particular class shall have been declared due and payable and if such declaration shall thereafter have been rescinded and annulled, then (subject to the provisions of clause (3) above, in the event that the principal of all the Outstanding Bonds shall later become or be declared due and payable) the money held by the Trustee hereunder will be applied in accordance with the provisions of clause (2) above.

Whenever money is to be applied by the Trustee as described above, the money will be applied by it at such time or times as the Trustee determines, having due regard to the amount of such money available and the likelihood of additional money becoming available in the future. Whenever the Trustee shall apply such funds, it shall fix the date upon which such application is to be made and upon such date interest on the amounts of principal to be paid shall cease to accrue. The Trustee shall give such notice as

it may deem appropriate of the deposits with it of any such moneys and of the fixing of any such date, and shall not be required to make payment to the Holder of any unpaid Bond until such Bond shall be presented to the Trustee for appropriate endorsement or for cancellation if fully paid.

Limitation on Suits by Beneficiaries

Except as may be permitted in a Supplemental Resolution with respect to an Other Beneficiary, no Holder of any Bond or Other Beneficiary shall have any right to institute any suit, action, or proceeding in equity or at law for the enforcement of the Program Resolution or for the execution of any trust or for the appointment of a receiver or any other remedy unless all of the following conditions apply:

- An Event of Default shall have occurred and be continuing.
- The Acting Beneficiaries Upon Default (and for this purpose the specified percentage shall be 25% of the aggregate Principal Amount of Outstanding Bonds) shall have made written request to the Trustee.
- Such Beneficiary or Beneficiaries shall have offered to the Trustee indemnity.
- The Trustee shall have thereafter failed for a period of 60 days after the receipt of the request and indemnification, or refused, to exercise the powers granted under the Program Resolution or to institute such action, suit, or proceeding in its own name.
- No direction inconsistent with such written request shall have been given to the Trustee during such 60-day period by such Acting Beneficiaries Upon Default.

No one or more Holders of the Bonds or any Other Beneficiary shall have any right in any manner whatsoever to affect, disturb, or prejudice the security interest created in the Revenue Fund, the Redemption Fund, the Rate Stabilization Fund, the Reserve Fund, and the Junior Subordinate Redemption Fund or to enforce any right except in the manner provided in the Program Resolution. All proceedings at law or in equity shall be instituted, had, and maintained in the manner provided in the Program Resolution and for the benefit of the Holders of all Outstanding Senior Bonds and Other Beneficiaries under the Program Resolution as their interests may appear thereunder. The Acting Beneficiaries Upon Default may institute any suit, action, or proceeding permitted under the Program Resolution in their own names for the benefit of the Holders of all Outstanding Senior Bonds and Other Beneficiaries thereunder.

Supplemental Resolutions Without Beneficiary Consent

The Commission may, without the consent of or notice to the Beneficiaries, adopt Supplemental Resolutions as follows:

- To cure any formal defect, omission, inconsistency, or ambiguity in the Program Resolution; *provided* that no such action shall adversely affect the interests of the Beneficiaries who have not consented thereto.
- To add other covenants or agreements, or to surrender any right or power reserved or conferred upon the State, and which shall not adversely affect the interests of the Beneficiaries who have not consented thereto.
- To issue a particular series of Senior Bonds or enter into a Swap Agreement or obtain a Credit Enhancement Facility and, in connection therewith, to establish provisions for making deposits to the Redemption Fund to provide for the payment of any Senior Bonds, or Other Obligations and to establish assumptions for computing the Debt Service obligations with respect thereto.
- To cause the Program Resolution to comply with the requirements of the Trust Indenture Act of 1939.
- To provide for the removal of a Fiduciary or the Securities Depository, or the appointment of an additional or successor Fiduciary or a successor Securities Depository.
- To make any change in the Program Resolution required by any Rating Agency in order to maintain the current, or restore the previous, rating by such Rating Agency on the Bonds, and

which shall not adversely affect the interests of the Beneficiaries who have not consented thereto.

- To provide for the creation of Funds or Accounts, to which amounts in the Revenue Fund may be credited on any Revenue Payment Date prior to transfer of such amounts to the Junior Subordinate Redemption Fund, but only after all transfers therefrom to the Rebate Fund, the Redemption Fund, the Reserve Fund, the Rate Stabilization Fund, or the creation of one or more subordinate classes of Bonds payable solely from Funds and Accounts created under that or another Supplemental Resolution; *provided* that no such subordinate class of Bonds or Other Obligations may be senior in any respect to any previously created class of Senior Bonds or Other Obligations any of which are then Outstanding, except to the extent specifically authorized or permitted by the Supplemental Resolution authorizing such previously created class or except to the extent consented to by each Beneficiary who would be adversely affected thereby.
- To modify, alter, amend, or supplement the Program Resolution in any other respect which is not materially adverse to the Beneficiaries who have not consented thereto or which is permitted for Bonds of one or more particular series, as provided in the Supplemental Resolution for Bonds of those series and affects only (1) the Holders of such Bonds and (2) any other Beneficiaries who have consented thereto.
- To modify, alter, amend, or supplement the Program Resolution in any other respect so long as each Rating Agency shall have confirmed that no outstanding ratings on any of the Outstanding Bonds will be reduced or withdrawn as a result of such modification, alteration, amendment, or supplement, as evidenced by written confirmations thereof delivered from each Rating Agency.

In connection with the adoption of any Supplemental Resolution without consent of the Holders of the Bonds, the Trustee must be given an opinion of Bond Counsel to the effect that such Supplemental Resolution is authorized or permitted by the Program Resolution and the Revenue Obligations Act, complies with their respective terms, will be valid and binding upon the State in accordance with its terms, and will not adversely affect the exclusion of the interest payable on the Bonds from gross income of the Holders of the Bonds for federal income tax purposes pursuant to the Code.

Supplemental Resolutions With Beneficiary Consent

The Commission may, with the prior written consent of the Holders of a majority of the principal amount of each class of Bonds Outstanding affected by such Supplemental Resolution, and with the prior written consent of the Other Beneficiaries, adopt a Supplemental Resolution to modify, alter, amend, or supplement the Program Resolution in any respect. No Supplemental Resolution, however, may permit any of the following:

- An extension of the stated maturity or reduction in the principal amount of, a reduction in the rate or extension of the time for paying interest on, a reduction of any premium payable on the redemption of, a reduction in the purchase price payable on a Tender Date for, or a reduction in the amount or extension of the time for any principal payment required for any sinking fund or otherwise applicable to, any of the Bonds without the consent of the Holders of all the Bonds and Other Beneficiaries which would be affected by the action to be taken.
- The creation of any security interest prior to or on a parity with the security interest in the Funds and Accounts for the benefit of the Holders of the Bonds and the Other Beneficiaries without the consent of the Holders of all the Bonds Outstanding and the Other Beneficiaries which would be adversely affected by such creation.
- A reduction in the aggregate principal amount of Bonds the Holders of which are required to consent, or the elimination of a requirement that any Other Beneficiary consent, to any Supplemental Resolution without the consent of the Holders of all Bonds at the time Outstanding, and any Other Beneficiary which would be affected by the action to be taken.
- A modification of the rights, duties, or immunities of the Trustee or any Fiduciary without the written consent of the Trustee or Fiduciary.

- The creation of a privilege or priority of any Obligation of one class over any other Obligation of the same class, or of any other class except as provided in the Program Resolution, or the surrender of a privilege or a priority granted by the Program Resolution, to the detriment of another Beneficiary.

DEFINITIONS OF CERTAIN TERMS

The following definitions apply to capitalized terms used in this Part VII of the 2010 Annual Report.

“*2009 Bonds*” means the \$117,460,000 State of Wisconsin Petroleum Inspection Fee Revenue Refunding Bonds, 2009 Series 1, issued on October 20, 2009.

“*Account*” means any of the accounts in the Funds.

“*Acting Beneficiaries Upon Default*” means:

- for purposes of the provisions of the Program Resolution concerning acceleration of maturity, the Holders of not less than the specified percentage of the aggregate Principal Amount of Senior Bonds Outstanding if Senior Bonds are Outstanding and otherwise the Holders of not less than the specified percentage of the most senior class of Bonds Outstanding, and
- for all other purposes under the Program Resolution, any Senior Other Beneficiary or the Holders of not less than the specified percentage of the aggregate Principal Amount of Senior Bonds Outstanding if Senior Bonds or Senior Other Obligations are Outstanding and otherwise the Holders of not less than the specified percentage of Bonds of the most senior class of any Bonds or Other Obligations of which are Outstanding and any Other Beneficiary of such class.

“*Authorized Commission Representative*” means any person at the time designated to act on behalf of the State by written certificate furnished to the Trustee containing the specimen signature of such person and signed on behalf of the State by the Capital Finance Director, and also includes the Capital Finance Director.

“*Beneficial Owner*” means the Person in whose name a Bond is recorded as beneficial owner of such Bond by the Securities Depository, Participant, or Indirect Participant, as the case may be.

“*Beneficial Ownership Interest*” means the right to receive payments and notices with respect to Bonds which are held by the Securities Depository under a Book-Entry System and for which the Securities Depository does not act on behalf of the Beneficial Owner in connection with the optional or mandatory tender of Bonds on a Tender Date.

“*Beneficiary*” means any Holder of Bonds, any Swap Counterparty, and any Credit Facility Provider.

“*Bond Anticipation Notes*” means obligations for the funding of which the Building Commission has authorized the issuance of Bonds in a Supplemental Resolution.

“*Bond Counsel*” means any Independent Counsel selected by the State and nationally recognized as an attorney or firm of attorneys whose opinions are generally accepted in the municipal bond market and who is familiar with the transactions contemplated under the Program Resolution. Unless specifically otherwise provided, any opinion of Bond Counsel required by the Program Resolution shall be in writing.

“*Bonds*” means revenue obligations of the State, however designated and whether Senior, Subordinate, or Junior Subordinate, that are issued pursuant to the Program Resolution and payable, in whole or in part, from the Petroleum Inspection Fees and does not include Bond Anticipation Notes that are payable solely from the proceeds of Bonds authorized in a Supplemental Resolution.

“The Bond Buyer Revenue Bond Index” means the Revenue Bond Index as published by *The Bond Buyer*.

“Book-Entry System” means a book-entry system established and operated for the recordation of Beneficial Owners of Bonds.

“Building Commission” or *“Commission”* means the State of Wisconsin Building Commission.

“Business Day” or *“business day”* means, with respect to any series of Bonds, a day on which (a) banks located in the city in which the Principal Office of any Fiduciary with responsibilities for that series of Bonds is located are not required or authorized by law or executive order to close for business, and (b) the New York Stock Exchange is not closed; *provided* that a Supplemental Resolution may provide for a different meaning with respect to Bonds of any series issued pursuant thereto.

“Capitalized Interest Account” means the Capitalized Interest Account created within the Proceeds Fund.

“Claims Account” means the Claims Account created within the Proceeds Fund.

“Code” means the Internal Revenue Code of 1986, as amended. Each reference to a section of the Code herein shall be deemed to include the United States Treasury Regulations in effect or proposed from time to time with respect thereto and applicable to the Bonds or the use of the proceeds thereof.

“Counterparty Swap Payment” means a payment due to or received by the State from a Swap Counterparty pursuant to a Swap Agreement (including, but not limited to, payments in respect of any early termination of such Swap Agreement) and amounts received by the State under any related Swap Counterparty Guaranty.

“Credit Enhancement Facility” means, if and to the extent provided for in a Supplemental Resolution, with respect to Bonds of one or more series, (1) an insurance policy insuring, or a letter of credit, surety bond, or other guaranty providing a direct or indirect source of funds for, the payment of principal of and interest on such Bonds (but not necessarily principal due upon acceleration of maturity) or (2) a letter of credit, standby purchase agreement, or similar instrument providing for the purchase of such Bonds (or the Beneficial Ownership Interests therein) on a Tender Date and, in either case, all agreements entered into by the State or the Trustee and the Credit Facility Provider with respect thereto.

“Credit Facility Provider” means any Person or Persons engaged by the State pursuant to a Credit Enhancement Facility to provide credit enhancement or liquidity for the payment of the principal of and interest on Bonds or the State’s obligation to purchase Bonds (or the Beneficial Ownership Interests therein) on a Tender Date.

“Debt Service” means the aggregate principal payments (whether at stated maturity or pursuant to sinking fund redemption requirements), interest payments, and other payments of the State on all Outstanding Bonds and Other Obligations for any Fiscal Year (including any State Swap Payments, less any Counterparty Swap Payments unless the Swap Counterparty is in default with respect to its payment obligations under the related Swap Agreement, and including any fees with respect to Credit Enhancement Facilities); *provided*, however, that for purposes of calculating such amount:

- Any Variable Rate Bonds shall, for any future period for which the actual interest rate is not known on the date of determination (that is, on the date on which Debt Service is being calculated), be assumed to bear interest at the Projected Interest Rate.
- All Outstanding Bond Anticipation Notes shall be assumed to be funded at or before the stated maturity thereof, and all Bond Anticipation Notes which have been authorized by a Supplemental Resolution but not yet issued shall be assumed to be issued and immediately funded on the date of determination, in each case by the issuance of Senior Refunding Bonds in the full amount authorized with respect to such Bond Anticipation Notes, bearing interest at the Projected Interest Rate and maturing according to such amortization schedule as the State may determine; *provided* that the final maturity must not be later than 20 years from the original issuance of the Bond Anticipation Notes.

- Amounts of principal or interest due on a particular date shall be excluded from the determination of Debt Service to the extent that such amounts are payable from amounts deposited in trust, escrowed, or otherwise set aside for the payment thereof with the Trustee or another Person approved by the State or the Trustee (including, without limitation, amounts in an Escrow Account established in the Redemption Fund or amounts in the Capitalized Interest Account of the Proceeds Fund).
- State Swap Payments, Counterparty Swap Payments, and payments with respect to Credit Enhancement Facilities shall be determined based upon such assumptions as may be set forth in the Supplemental Resolution authorizing the related Swap Agreement or the Credit Enhancement Facility, as the case may be, or in a State Certificate provided to the Trustee with respect to such Swap Agreement or Credit Enhancement Facility.
- For purposes of applying the additional bonds test in connection with the issuance of Refunding Bonds, the proceeds of such Refunding Bonds shall be assumed to have been applied on their issuance date for the purposes provided in the Supplemental Resolution authorizing such Refunding Bonds.
- Except to the extent provided in a Supplemental Resolution to provide for a subordinate class of Bonds or other obligations with respect to the determination of Debt Service for purposes of limitations relating to Subordinate or Junior Subordinate Bonds or Subordinate or Junior Subordinate Other Obligations, debt service payments with respect to Subordinate or Junior Subordinate Bonds and Subordinate or Junior Subordinate Other Obligations shall not be taken into account.

“*Debt Service Coverage Ratio*” means the ratio of Projected Annual Revenues to Maximum Annual Debt Service.

“*Issuing and Paying Agent*” means, for purposes of Bonds issued as EMCP, the issuing and paying agent for EMCP as appointed by the Notes Supplemental Resolution.

“*Junior Subordinate*” means, (1) when used with respect to a Bond, a Bond of a series designated as such pursuant to the Supplemental Resolution pursuant to which such series of Bonds is issued, (2) when used with respect to a Credit Enhancement Facility, a Credit Enhancement Facility designated as such pursuant to the Supplemental Resolution pursuant to which such Credit Enhancement Facility is obtained by the State, and (3) when used with respect to a Swap Agreement, a Swap Agreement designated as such pursuant to the Supplemental Resolution pursuant to which such Swap Agreement is obtained by the State.

“*Junior Subordinate Principal Account*” means the Junior Subordinate Principal Account created within the Junior Subordinate Redemption Fund.

“*Junior Subordinate Redemption Fund*” means the Junior Subordinate Redemption Fund created under the Program Resolution.

“*Maximum Annual Debt Service*” means, as of the date of determination, the maximum annual Debt Service, as computed for the then current or any future Fiscal Year.

“*Notes*” or “*EMCP*” means, collectively, the State of Wisconsin Petroleum Inspection Fee Revenue Extendible Municipal Commercial Paper of all series issued pursuant to the Notes Supplemental Resolution.

“*Notes Supplemental Resolution*” means 2000 State of Wisconsin Building Commission Resolution 6, adopted on May 2, 2000, which created the terms and conditions for the issuance of EMCP.

“*Original Maturity Date*” means, for each Bond designated as EMCP, the date that is from 1 to 180 days from the original issue date, specified as such in the confirmation sent to the Holder of the EMCP.

“*Other Beneficiary*” shall mean a Person who is a Beneficiary of an Other Obligation.

“*Other Obligation*” shall mean the State’s obligations to pay any amounts under any Swap Agreements and any Credit Enhancement Facilities.

“*Outstanding*” means (1) when used in reference to the Bonds as at any given date, all Bonds which have been duly authenticated and delivered by the Registrar or Issuing Agent under the Program Resolution *except*:

- Bonds which have been canceled by the Registrar at or before such date or which have been delivered to the Registrar at or before such date for cancellation;
- Bonds deemed to be paid because their payment has been provided for;
- Bonds in lieu of which other Bonds have been authenticated;
- Bonds not surrendered for payment when due (unless the State shall default in the payment thereof); and
- Bonds which are otherwise not treated as Outstanding pursuant to the terms of the Supplemental Resolution providing for their issuance;

and (2) when used with respect to Other Obligations, means any Other Obligations which have become, or may in the future become, due and payable and which have not been paid or otherwise satisfied.

“*Participant*” means a broker-dealer, bank, or other financial institution for which the Securities Depository holds Bonds as a securities depository.

“*Paying Agent*” means an agent of the State designated by or on behalf of the Building Commission to process payments to Holders of the Bonds.

“*PECFA Program*” means the Petroleum Environmental Cleanup Fund Award Program, which is a petroleum storage remediation program provided for in the Wisconsin Statutes.

“*Permitted Investments*” means any of the following:

- Direct obligations of the United States and of agencies of and corporations wholly owned by the United States, and direct obligations of federal land banks, federal home loan banks, central bank for cooperatives and banks for cooperatives, international bank for reconstruction and development, the international finance corporation, inter-American development bank, African development bank, and Asian development bank, in each case maturing within one year or less from the date of investment;
- Commercial paper maturing within one year or less from the date of investment and rated prime by the national credit office, if the issuing corporation has one or more long-term senior debt issues outstanding, each of which has one of the three highest ratings issued by Moody’s Investors Service, Inc., Standard & Poor’s Ratings Services, or Fitch, Inc.;
- Certificates of deposit maturing within one year or less from the date of investment, issued by banks, credit unions, savings banks, or savings and loan associations located in the United States and having capital and surplus of at least \$40 million; and
- Any other investment permitted by law, so long as each Rating Agency shall have confirmed that no outstanding ratings on any of the Outstanding Unenhanced Bonds will be reduced or withdrawn as a result of such investment, as evidenced by written confirmations thereof delivered from each Rating Agency, or if no Unenhanced Bonds are then Outstanding, but Other Obligations are Outstanding, the Beneficiaries holding such Other Obligations consent to such investment, as evidenced in writing to the Trustee by each such Beneficiary.

“*Person*” means any natural person, firm, association, corporation, company, trust, partnership, public body, or other entity.

“*Petroleum Inspection Fees*” means the fees imposed under Section 168.12 (1), Wisconsin Statutes, the payments under Section 101.143 (4) (h) Im., Wisconsin Statutes, the payments under Section 101.143 (5) (a), Wisconsin Statutes, and the net recoveries under Section 101.143 (5) (c), Wisconsin Statutes.

“Petroleum Inspection Fund” means the separate nonlapsible trust fund created under Section 25.47, Wisconsin Statutes, which includes all the funds and accounts created under the Program Resolution and a separate fund held in the state treasury.

“Principal Account” means the Principal Account created within the Redemption Fund.

“Principal Amount” when used with respect to a Bond, shall mean the then outstanding principal amount of such Bond; *provided* that, to the extent provided in the Supplemental Resolution for Bonds of such series that pay interest less frequently than semiannually, accrued interest or amortized original issue discount with respect to such Bond shall be treated as principal, and to the extent provided in the Supplemental Resolution for Bonds of such series that bear no interest, only the purchase price plus amortized original issue discount shall be treated as principal.

“Principal Office” means, with respect to any Fiduciary, the office which may be designated as such, from time to time, by the Fiduciary in writing to the State and (in the case of any Fiduciary which is not the Trustee) to the Trustee.

“Principal Payment Date” means the stated maturity date of principal of any Serial Bond, the Sinking Fund Payment Date for any Term Bond, and any other Redemption Date for any Bond.

“Proceeds Fund” means the Proceeds Fund created under the Program Resolution.

“Program Expense Account” means the Program Expense Account created within the Program Fund.

“Program Fund” means the Program Fund created under the Program Resolution.

“Program Resolution” means the Program Resolution for State of Wisconsin Petroleum Inspection Fee Revenue Obligations, as adopted by the Building Commission on January 19, 2000, as amended and restated on May 2, 2000, and further amended by a resolution adopted by the Building Commission on July 30, 2003, together with any and all Supplemental Resolutions.

“Projected Annual Revenues” means the largest amount of Petroleum Inspection Fees collected in any twelve consecutive months during the eighteen most recent months for which such information is available; *provided* that if, as a result of legislation enacted prior to the time of determination, the rate of the Petroleum Inspection Fee for any future month will be higher or lower than the rate of Petroleum Inspection Fee in effect for any corresponding prior month, Projected Annual Revenues shall be adjusted to take such change into account.

“Projected Interest Rate” means the sum of the Bond Buyer Revenue Bond Index, as most recently compiled and published in *The Bond Buyer* as of the date of determination, plus 3% per annum, or if such index is no longer published, *“Projected Interest Rate”* shall mean an interest rate determined in such alternate manner as the State may establish by State Certificate or Supplemental Resolution; *provided* that each Rating Agency shall have confirmed that no outstanding ratings on any of the Outstanding Unenhanced Bonds will be reduced or withdrawn as a result of the use of such alternate manner of determination, as evidenced by written confirmations thereof delivered from each Rating Agency, or if no Unenhanced Bonds are then Outstanding, but Other Obligations are Outstanding, the Beneficiaries holding such Other Obligations consent to the use of such alternate manner of determination, as evidenced in writing by each such Beneficiary.

“Rate Stabilization Fund” means the Rate Stabilization Fund created under the Program Resolution.

“Rating Agency” means, at any time, any nationally recognized securities rating agency that is then maintaining a rating on the Bonds at the request of the State. *“Rating Agency”* includes the successors and assigns of such agency.

“Rebate Fund” means the Rebate Fund created under the Program Resolution.

“Redemption Date” means the date fixed for redemption of any Bond pursuant to the Program Resolution.

“Redemption Fund” means the Redemption Fund created under the Program Resolution.

“Securities Depository Nominee” means the Securities Depository or the nominee of the Securities Depository in whose name the Bonds are registered during the continuation with such Securities Depository of participation in its Book-Entry System.

“Senior” means (1) when used with respect to a Bond, a Bond of a series designated (or deemed to have been designated) as such pursuant to the Supplemental Resolution pursuant to which such series of Bonds is issued, (2) when used with respect to a Credit Enhancement Facility, a Credit Enhancement Facility designated (or deemed to have been designated) as such pursuant to the Supplemental Resolution pursuant to which such Credit Enhancement Facility is obtained by the State, and (3) when used with respect to a Swap Agreement, a Swap Agreement designated (or deemed to have been designated) as such pursuant to the Supplemental Resolution pursuant to which such Swap Agreement is obtained by the State.

“Serial Bonds” means all Bonds other than Term Bonds.

“Sinking Fund Payment Date” means the date on which any Term Bond is to be called for redemption pursuant to the sinking fund requirements of the Supplemental Resolution providing for the issuance thereof or, if not redeemed, the stated maturity date thereof.

“State” means the State of Wisconsin.

“State Certificate” means a certificate signed by an Authorized Commission Representative and delivered to the Trustee or, if required by the context in which such term is used, to any other Fiduciary.

“State Direction” means a direction to the Trustee or, if required by the context in which such term is used, to any other Fiduciary and signed by an Authorized Commission Representative.

“State Swap Payment” shall mean a payment due to a Swap Counterparty from the State pursuant to the applicable Swap Agreement (including, but not limited to, payments in respect of any early termination of such Swap Agreement).

“Subordinate” means, after the adoption of a Supplemental Resolution to provide for the creation of a subordinate class of Bonds or Other Obligations that is subordinate to Senior Bonds and prior to Junior

Subordinate Bonds, (1) when used with respect to a Bond, a Bond of a series designated as such pursuant to the Supplemental Resolution pursuant to which such series of Bonds is issued, (2) when used with respect to a Credit Enhancement Facility, a Credit Enhancement Facility designated as such pursuant to the Supplemental Resolution pursuant to which such Credit Enhancement Facility is obtained by the State, and (3) when used with respect to a Swap Agreement, a Swap Agreement designated as such pursuant to the Supplemental Resolution pursuant to which such Swap Agreement is obtained by the State.

“*Supplemental Resolution*” means a resolution adopted by the Building Commission to supplement or amend the Program Resolution.

“*Swap Agreement*” means an interest rate exchange agreement or other interest rate hedge agreement between the State and a Swap Counterparty, as originally executed and as amended or supplemented, for the purpose of (1) converting, in whole or in part, (a) the State’s fixed interest rate liability on all or a portion of any Bonds to a variable interest rate liability, (b) the State’s variable interest rate liability on all or a portion of any Bonds to a fixed interest rate liability, or (c) the State’s variable interest rate liability on all or a portion of any Bonds to a different variable interest rate liability, or (2) providing a maximum or minimum with respect to the State’s variable interest rate liability on all or a portion of any Bonds.

“*Swap Counterparty*” means any Person with whom the State shall, from time to time, enter into a Swap Agreement.

“*Swap Counterparty Guaranty*” means a guaranty in favor of the State given in connection with the execution and delivery of a Swap Agreement under the Program Resolution.

“*Tender Date*” means, with respect to any Bond or Beneficial Ownership Interest, a date on which such Bond or Beneficial Ownership Interest is required to be tendered for purchase by or on behalf of the State, or has been tendered for purchase by or on behalf of the State pursuant to a right given the Holder or Beneficial Owner of such Bond, in accordance with the provisions in the Supplemental Resolution providing for the issuance thereof.

“*Term Bonds*” means Bonds that are subject to mandatory redemption on Sinking Fund Payment Dates according to a schedule provided in or pursuant to the Supplemental Resolution providing for the issuance of such Bonds.

“*Trustee*” means the entity designated by or on behalf of the Building Commission to have custody of the Funds and Accounts and to perform such other duties as may be required of the Trustee under the Program Resolution or any Supplemental Resolution. The Bank of New York Mellon Trust Company, N.A. currently serves as the Trustee.

“*Unenhanced Bond*” means a Bond the payment of the principal of and interest on which is not provided for or secured by a Credit Enhancement Facility.

“*Variable Rate Bonds*” means Bonds whose interest rate is not fixed for the entire remaining term of such Bonds, but varies on a periodic basis as specified in the Supplemental Resolution providing for the issuance thereof.

“*Variable Rate Debt*” means (1) all Senior Variable Rate Bonds and Senior Bond Anticipation Notes, and (2) includes any Principal Amount of Bonds with respect to which the State shall have entered into Senior Swap Agreements that have the effect of shifting the State’s fixed rate liability to a variable rate liability.

“*Variable Rate Debt Exposure*” means the difference, if any, of (1) the actual aggregate Outstanding Principal Amount of Variable Rate Debt, less (2) the sum of the balance in the Principal Account allocable to Variable Rate Debt plus the balance of the Rate Stabilization Fund.

LEGISLATIVE AUDIT BUREAU

The Bureau is a nonpartisan legislative service agency responsible for conducting financial and program evaluation audits of state agencies. The Bureau's purpose is to provide assurance to the Legislature that financial transactions and management decisions are made effectively, efficiently, and in compliance with state law and that state agencies carry out the policies of the Legislature and the Governor. Audit Bureau reports typically contain reviews of financial transactions, analyses of agency performance or public policy issues, conclusions regarding the causes of problems found, and recommendations for improvement.

Reports are submitted to the Joint Legislative Audit Committee and made available to other committees of the Legislature and to the public. The Audit Committee may arrange public hearings on the issues identified in a report and may introduce legislation in response to the audit recommendations. However, the findings, conclusions, and recommendations in the report are those of the Legislative Audit Bureau. For more information, write the Bureau at 22 East Mifflin Street, Suite 500, Madison, WI 53703, call (608) 266-2818, or send e-mail to leg.audit.info@legis.wisconsin.gov. November 30, 2010

Senator Kathleen Vinehout and
Representative Peter Barca, Co-chairpersons
Joint Legislative Audit Committee
State Capitol
Madison, Wisconsin 53702

Dear Senator Vinehout and Representative Barca:

At the request of the departments of Commerce and Administration, and in accordance with s. 13.94(1s), Wis. Stats., we have completed a financial audit of the State of Wisconsin Petroleum Inspection Fee Revenue Obligations Program for the fiscal years ending June 30, 2010, and June 30, 2009. We have provided our unqualified audit opinion on the Statement of Changes in Program Assets.

Under the program, the State was authorized to issue \$386.9 million in revenue bonds and commercial paper to provide financing for payment of claims under the Petroleum Environmental Cleanup Fund Award (PECFA) program. These revenue obligations are not general obligation debt of the State. Instead, they are to be repaid primarily from the \$0.02 per gallon fee charged to suppliers of petroleum products sold in Wisconsin.

During fiscal year 2009-10, the State refinanced the outstanding revenue bonds and a portion of the commercial paper. As of June 30, 2010, a total of \$188.7 million in revenue obligations was outstanding, including \$117.5 million in revenue bonds and \$71.2 million in commercial paper.

By refinancing a portion of the program's revenue obligations, the State was able to reduce total inspection fees needed to make debt service payments during the 2009-11 biennium. However, the refinancing also extends the period of indebtedness.

The State collected \$72.5 million in petroleum inspection fees during fiscal year 2009-10. Because of the refinancing, only \$11.2 million of the inspection fees was retained by the program for debt service and other costs. The \$61.3 million of excess inspection fees was deposited to the Petroleum Inspection Fund, of which \$9.5 million was subsequently used to pay PECFA claims. The remaining \$51.8 million was used for a variety of purposes, including transfers authorized by the Legislature in 2009 Wisconsin Act 28 of \$16.3 million to the Transportation Fund and \$12.5 million to the General Fund. In addition, at least \$8.0 million was transferred to the General Fund to help the Department of Commerce meet lapse requirements related to 2007 Wisconsin Act 20 and 2009 Wisconsin Acts 2 and 28.

We appreciate the courtesy and cooperation extended to us during our audit by staff of the departments of Commerce, Administration, and Revenue.

Respectfully submitted,

Janice Mueller

Audit Opinion ■

Independent Auditor's Report on the Statement of Changes in Program Assets of the State of Wisconsin Petroleum Inspection Fee Revenue Obligations Program

We have audited the accompanying Statement of Changes in Program Assets of the State of Wisconsin Petroleum Inspection Fee Revenue Obligations Program for the years ended June 30, 2010 and 2009. This financial statement is the responsibility of the program's management. Our responsibility is to express an opinion on the financial statement based on our audits.

We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statement is free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statement. An audit also includes assessing the accounting principles used and significant estimates made by management, as well as evaluating the overall financial statement presentation. We believe that our audits provide a reasonable basis for our opinion.

As discussed in Note 1, the Statement of Changes in Program Assets presents only the Petroleum Inspection Fee Revenue Obligations Program and does not purport to, and does not, present fairly the financial position of the State of Wisconsin and the changes in its financial position and its cash flows, where applicable, in conformity with accounting principles generally accepted in the United States of America.

4 AUDIT OPINION

As described in Note 2, to provide a meaningful presentation to bondholders and noteholders regarding resources available to pay debt service, the program's policy is to prepare its financial statement on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America.

In our opinion, the Statement of Changes in Program Assets presents fairly, in all material respects, the Petroleum Inspection Fee Revenue Obligations Program's assets as of June 30, 2010 and 2009, and the program's receipts and disbursements for the fiscal years then ended, on the cash basis of accounting.

Our audits were conducted for the purpose of forming an opinion on the Statement of Changes in Program Assets of the Petroleum Inspection Fee Revenue Obligations Program. The supplementary information included as Management's Discussion and Analysis on pages 5 through 9 is presented for purposes of additional analysis and is not a required part of the financial statement. We have applied certain limited procedures, which consisted principally of inquiries of management regarding the methods of measurement and presentation of the supplementary information. However, we did not audit the information and express no opinion on it.

In accordance with *Government Auditing Standards*, we have also issued a report dated November 18, 2010, on our consideration of the program's internal control over financial reporting; our tests of its compliance with certain provisions of laws, regulations, and contracts; and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* and should be considered in assessing the results of our audit.

Management's Discussion and Analysis ■

Prepared by Management of the Petroleum Inspection Fee Revenue Obligations Program

Management's Discussion and Analysis (MD&A) is intended to provide users of the State of Wisconsin Petroleum Inspection Fee Revenue Obligations Program's Statement of Changes in Program Assets with a narrative overview of the statement, as well as an analysis of some key data presented in the statement. The MD&A should be read in conjunction with the accompanying financial statement and notes. The financial statement, notes, and this discussion are the responsibility of the program's management.

Overview of the Statement of Changes in Program Assets

The Statement of Changes in Program Assets of the State of Wisconsin Petroleum Inspection Fee Revenue Obligations Program is intended to show the changes in the program's assets for fiscal years (FYs) 2009-10 and 2008-09. Accounting for the program is done outside the State of Wisconsin's central accounting system.

The Statement of Changes in Program Assets presents the program's receipts and disbursements on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Under the cash basis of accounting, receipts are reported when received and disbursements are reported when paid. Both the financial position and the activity of the program are presented on the cash basis of accounting to provide a meaningful presentation to bondholders and extendible municipal commercial paper noteholders regarding resources available to pay debt service. The notes to

the financial statement provide additional information that is essential for a full understanding of the data provided in the financial statement.

Noteworthy Financial Activity

The program originated in January 2000 pursuant to a State of Wisconsin Building Commission program resolution adopted on January 19, 2000, amended and restated on May 2, 2000, and further amended on July 30, 2003. The purpose of the program is to provide financing for the payment of claims under the State of Wisconsin Petroleum Environmental Cleanup Fund Award (PECFA) program, which is administered by the Wisconsin Department of Commerce and accounted for in the Petroleum Inspection Fund. The Building Commission may from time to time adopt supplemental resolutions authorizing the issuance of revenue refunding obligations and, subject to legislative authorization, additional revenue obligations.

The program resolution establishes special trust funds and accounts and fiduciary responsibilities that are to be undertaken by a trustee for the benefit of the bondholders, extendible municipal commercial paper noteholders, and holders of any other obligations that may be issued. The Bank of New York Mellon Trust Company N.A. has been appointed as the trustee for the revenue obligations. The trustee is responsible for maintaining the trust funds in accordance with the program resolution.

As shown in Table A, the program's assets were \$27.0 million as of June 30, 2008, \$27.2 million as of June 30, 2009, and \$4.5 million as of June 30, 2010. Program assets are classified as reserved for debt service or unreserved.

Table A
Program Assets

	June 30, 2010	June 30, 2009	Percentage Change, 2009 to 2010	June 30, 2008	Percentage Change, 2008 to 2009
Program Assets Reserved for Debt Service:					
Demand deposits	\$4,519,896	\$27,244,422	(83.4)%	\$ 24,850,272	9.6%
Investments	0	0	0.0	2,160,759	(100.0)
Total	4,519,896	27,244,422	(83.4)	27,011,031	0.9
Unreserved Program Assets:					
Demand deposits	5,474	2,642	107.2	3,017	(12.4)
Total Program Assets	<u>\$4,525,370</u>	<u>\$27,247,064</u>	(83.4)	<u>\$27,014,048</u>	0.9

Program assets reserved for debt service are available to pay principal and interest for revenue obligations. Reserved funds may be invested in direct obligations of the United States or held in demand deposit accounts. From June 30, 2009, to June 30, 2010, total reserved funds showed a net decrease of 83.4 percent. From June 30, 2008, to June 30, 2009, total reserved funds showed a net increase of 0.9 percent. The balances shown as of June 30 are used to pay the debt service payments scheduled for July 1. As discussed in more detail later, in October 2009 the State issued revenue refunding bonds. A portion of the proceeds of the October 2009 issue was used in November 2009 to redeem the program's other outstanding bond issues early. The balance of the program assets reserved for debt service as of June 30, 2010, was significantly lower than the balance as of June 30, 2009, because the debt service payment made on July 1, 2010, for the newly issued revenue refunding bonds was for interest only and, therefore, was lower than the debt service payment made on July 1, 2009.

The program's revenue obligations are issued pursuant to subchapter II of ch. 18, Wis. Stats.; s. 101.143(9m), Wis. Stats.; and the program resolution and supplemental resolutions adopted by the State of Wisconsin Building Commission. The revenue obligations are not general obligations of the State of Wisconsin. They are payable from, and primarily secured by, petroleum inspection fees charged to suppliers of petroleum products received for sale in Wisconsin and subsequently transferred to and received by the trustee. The fee amount imposed under s. 168.12(1), Wis. Stats., is currently \$0.02 per gallon.

Wisconsin Statutes authorize the program to issue revenue obligations not to exceed \$386,924,000 in principal amount, excluding any obligations that have been defeased under a cash optimization program administered by the Building Commission. At this time, all statutorily authorized revenue obligations have been issued in the form of revenue bonds and extendible municipal commercial paper. In addition to this limit on principal amount, the Building Commission may issue an unlimited amount of additional revenue obligations to fund or refund outstanding revenue obligations, pay issuance and administrative costs, make any necessary deposits to reserve funds, or pay accrued or capitalized interest.

A portion of the revenue bonds issued has already been repaid. As of June 30, 2009, revenue obligations outstanding totaled \$231.0 million and consisted of \$88.7 million in revenue bonds and \$142.3 million in extendible municipal commercial paper.

On July 1, 2009, the program made its scheduled debt service payment, which included a revenue bond principal payment of \$22.3 million. On October 20, 2009, the State issued 2009 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds in the amount of \$117.5 million. On November 9, 2009, some of the proceeds from this issue, which included an original issue premium of \$14.3 million, were used, along with other funds on deposit with the program trustee, to redeem early the remaining \$19.0 million of outstanding 2004 Series A Petroleum Inspection Fee Revenue Bonds and the remaining \$47.4 million of outstanding 2004 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds. These bonds were redeemed

at 102 percent of their face value, resulting in a total redemption premium of \$1,327,800. Accrued interest on the early redemptions totaled \$1,089,280. A portion of the proceeds of the 2009 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds was also used to fund \$71,150,000 of the \$142,300,000 in outstanding extendible municipal commercial paper between October 20, 2009, and December 11, 2009.

As of June 30, 2010, revenue obligations outstanding totaled \$188.7 million and consisted of \$117.5 million in revenue bonds and \$71.2 million in extendible municipal commercial paper.

The debt service coverage ratio, calculated as the ratio of petroleum inspection fees remitted by the State to the trustee divided by the senior debt service payments made during each fiscal year, excluding amounts related to bond refundings, was 2.90 in FY 2009-10 and 2.60 in FY 2008-09. The FY 2009-10 debt service coverage ratio was calculated based on \$72,540,493 in petroleum inspection fees remitted by the State to the trustee, and senior debt service payments of \$24,982,406. In FY 2008-09, the calculated ratio was based on \$73,358,641 in petroleum inspection fees remitted by the State to the trustee, and senior debt service payments of \$28,178,211.

Petroleum inspection fees not retained by the trustee for debt service are transferred by the trustee to the State. Petroleum inspection fee revenue, up to the amount authorized by statute, is used to pay PECFA claims, PECFA administrative costs, and other costs and transfers, including optional transfers to the trustee for early redemption of revenue obligations. Petroleum inspection fees transferred to the State were \$61.3 million in FY 2009-10, \$45.0 million in FY 2008-09, and \$47.0 million in FY 2007-08, as shown in Table B. As discussed previously, in October 2009 the State issued revenue refunding bonds for early redemption of the program's other outstanding bond issues. The debt service payment made on July 1, 2010, for the newly issued revenue refunding bonds was for interest only. As a result, fewer petroleum inspection fees needed to be retained by the trustee during FY 2009-10 for debt service costs and, therefore, more funds were transferred to the State.

Table B

Petroleum Inspection Fees

	FY 2009-10	FY 2008-09	Percentage Change, FY 2008-09 to FY 2009-10	FY 2007-08	Percentage Change, FY 2007-08 to FY 2008-09
Petroleum Inspection Fees Remitted by the State to the Trustee	\$72,540,493	\$73,358,641	(1.1)%	\$76,557,606	(4.2)%
Petroleum Inspection Fees Retained by the Trustee	11,196,056	28,341,339	(60.5)	29,561,333	(4.1)
Petroleum Inspection Fees Transferred by the Trustee to the State	<u>\$61,344,437</u>	<u>\$45,017,302</u>	36.3	<u>\$46,996,273</u>	(4.2)

During FY 2009-10, claims totaling \$9.5 million were paid from petroleum inspection fees transferred to the State. This amount represents a decrease of 8.7 percent from the \$10.4 million in claims paid from fees in FY 2008-09. During FY 2008-09, claims paid from fees decreased 38.1 percent from the \$16.8 million paid in FY 2007-08. Both decreases resulted from the identification of fewer new sites needing cleanup and from decreases in the average dollar value of claims. No claims were paid from the proceeds of revenue obligations and any related interest and investment income during FYs 2009-10, 2008-09, and 2007-08.

As of June 30, 2010, approved but unpaid claims totaled \$0.1 million, which is \$0.7 million less than approved but unpaid claims as of June 30, 2009. In addition, as of June 30, 2010, approximately \$1.2 million in claims submitted to the Department of Commerce had yet to be both reviewed and approved. The Department of Commerce estimates that approximately \$8.3 million in additional claims had not been submitted as of June 30, 2010, for costs that landowners had already incurred as of that date. In addition, the Department of Commerce estimates that an additional \$37,000 in liabilities may exist related to claimants appealing its determinations on previously finalized claims.

Notes to the Statement of Changes in Program Assets ■

1. DESCRIPTION OF THE PROGRAM

The State of Wisconsin Petroleum Inspection Fee Revenue Obligations Program, which is administered jointly by the Wisconsin Department of Commerce and the Wisconsin Department of Administration, originated in January 2000, pursuant to the State of Wisconsin Building Commission Program Resolution for State of Wisconsin Petroleum Inspection Fee Revenue Obligations adopted on January 19, 2000, amended and restated on May 2, 2000, and further amended on July 30, 2003. The purpose of the program is to provide financing for the payment of claims under the State of Wisconsin Petroleum Environmental Cleanup Fund Award (PECFA) program, which is administered by the Wisconsin Department of Commerce.

Pursuant to the program resolution, the Building Commission may from time to time adopt supplemental resolutions authorizing the issuance of revenue obligations up to the aggregate amount authorized by Wisconsin Statutes. As of June 30, 2010, all statutorily authorized revenue obligations have been issued. In addition, the Building Commission may from time to time adopt supplemental resolutions authorizing the issuance of an unlimited amount of revenue refunding obligations.

The program resolution establishes special trust funds and accounts and fiduciary responsibilities that are to be undertaken by a trustee for the benefit of the bondholders, extendible municipal commercial paper noteholders, and holders of any other obligations that may be issued. The Bank of New York Mellon Trust Company N.A. has been appointed as the trustee for the revenue obligations. The trustee is responsible for maintaining the trust funds in accordance with the program resolution, which requires investments

of trust fund balances to be in accordance with directives established by the program resolution. The Bank of New York Mellon Trust Company N.A. is also the registrar for the revenue obligations.

The Bank of New York Mellon Trust Company N.A. is the issuing and paying agent for the revenue bonds. U.S. Bank Trust N.A. is the issuing and paying agent for the extendible municipal commercial paper.

When issued, revenue bond and extendible municipal commercial paper proceeds are held by the trustee until the Department of Commerce and the Department of Administration request the specific amounts be remitted to the State to pay PECFA claims. Petroleum inspection fee revenue obligations are payable from, and primarily secured by, petroleum inspection fees that result from a \$0.02 per gallon fee authorized in s. 168.12(1), Wis. Stats., and imposed on suppliers of petroleum products received for sale in Wisconsin. Petroleum inspection fees are paid monthly by suppliers to the Wisconsin Department of Revenue, which subsequently forwards them to the program's trustee.

All revenues and assets of the Petroleum Inspection Fee Revenue Obligations Program are initially restricted for the purposes provided by the program resolution under which the revenue obligations are issued. The fees in excess of the amounts needed to meet debt service requirements and pay program administrative costs are transferred by the trustee to the State of Wisconsin Petroleum Inspection Fund. Subject to appropriation, the Department of Commerce uses the transferred fees to pay PECFA claims, PECFA program administrative costs, and other costs and transfers. In addition, an appropriation exists for the optional transfer of excess petroleum inspection fees to the trustee for early redemption of revenue obligations.

The Statement of Changes in Program Assets presents only the Petroleum Inspection Fee Revenue Obligations Program and is not intended to present fairly the financial activity of the State of Wisconsin.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Statement of Changes in Program Assets presents the Petroleum Inspection Fee Revenue Obligations Program's receipts and disbursements on the cash basis of accounting, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States. Under the cash basis of accounting, receipts are reported when received and disbursements are reported when paid. The program's assets may include cash, consisting of demand deposits held by the Bank of New York Mellon Trust Company N.A. and U.S. Bank Trust N.A., and investments valued at historical cost. The financial position and activity of the program is presented on the cash basis of accounting to provide a meaningful presentation to bondholders and extendible municipal commercial paper noteholders regarding resources available to pay debt service.

3. DEPOSITS AND INVESTMENTS

The program is authorized by Wisconsin Statutes and the program resolution to deposit funds with the trustee and the extendible municipal commercial paper issuing and paying agent. The program is also authorized by Wisconsin Statutes and the program resolution to invest funds reserved for debt service in direct obligations of the United States. In addition, the program is authorized to invest funds not reserved for debt service in direct obligations of the United States, high-quality corporate commercial paper, certificates of deposit, and other investments authorized under s. 25.17(3)(b), Wis. Stats., and permitted by the program resolution.

Custodial credit risk for deposits is the risk that in the event of the failure of a financial institution, the deposits may not be returned. As of June 30, 2010, the demand deposit accounts with the trustee and the extendible municipal commercial paper issuing and paying agent totaled \$4,525,370. As of June 30, 2009, the demand deposit accounts with the trustee and the extendible municipal commercial paper issuing and paying agent totaled \$27,247,064. As of June 30, 2010, \$376,943 was insured against loss by the Federal Deposit Insurance Corporation (FDIC). The remaining balance of \$4,148,427 as of June 30, 2010, was not insured or collateralized. As of June 30, 2009, \$500,000 was insured against loss by the FDIC. The remaining balance of \$26,747,064 as of June 30, 2009, was not insured or collateralized. The program does not have a specific deposit policy related to custodial credit risk.

Custodial credit risk for investments is the risk that in the event of failure of a counterparty to a transaction, the program will not be able to recover the value of the investments that are in the possession of another party. As of June 30, 2010, and June 30, 2009, the program did not hold any investments and, therefore, it was not exposed to custodial credit risk for investments at the end of either fiscal year.

Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Under the program resolution, the program is generally permitted to make investments with maturities of one year or less. As of June 30, 2010, and June 30, 2009, the program did not hold any investments and, therefore, it was not subject to interest rate risk at the end of either fiscal year.

4. PROGRAM ASSETS

Program assets required to be held in the various interest and principal redemption accounts at the trustee and the issuing and paying agents are reported as program assets reserved for debt service. Program assets in excess of those reserved for debt service are reported as unreserved program assets. The program's unreserved assets are available for transfer to the State of Wisconsin Petroleum Inspection Fund. In addition, the program's unreserved assets are available to pay debt issuance costs or administrative costs of the program.

As of June 30, 2010, the program’s assets totaled \$4,525,370. Of this amount, \$4,519,896, consisting of demand deposits, was reserved for debt service. The remaining \$5,474, consisting of demand deposits, was unreserved.

As of June 30, 2009, the program’s assets totaled \$27,247,064. Of this amount, \$27,244,422, consisting of demand deposits, was reserved for debt service. The remaining \$2,642, consisting of demand deposits, was unreserved.

5. REVENUE BONDS AND EXTENDIBLE MUNICIPAL COMMERCIAL PAPER

The program’s revenue obligations are issued pursuant to subchapter II of ch. 18, Wis. Stats.; s. 101.143(9m), Wis. Stats.; and the program resolution and supplemental resolutions adopted by the State of Wisconsin Building Commission. The revenue obligations are payable from, and primarily secured by, petroleum inspection fees that suppliers are charged on petroleum products received for sale in Wisconsin (see also Note 8). The revenue obligations are not general obligations of the State.

The program’s revenue obligations may include extendible municipal commercial paper, which may have maturities from 1 to 180 days, is not callable prior to maturity, and bears interest from date of issuance at the rate determined on the date of issuance. The principal of and interest on the extendible municipal commercial paper will be paid at the original maturity date unless the State exercises its option to extend the maturity date. In such an event, the maturity date is extended to a date that is up to 270 days after the original issue date. Interest is then due on the first business day of either the first or second month after the original maturity date and then on a monthly basis and on any redemption date or the extended maturity date. In addition, principal and interest on the extendible municipal commercial paper may be payable from issuance of additional revenue obligations in the form of bonds that have been authorized to refund the commercial paper or any other funds made available by the State for this purpose.

Interest payments on extendible municipal commercial paper are on parity with the payments on the senior bonds. Principal on extendible municipal commercial paper has a junior subordinate pledge and is payable from proceeds of rollover notes, issuance of refunding senior bonds, certain moneys held by the trustee, or other funds made available by the State for this purpose.

During the fiscal years ended June 30, 2009, and June 30, 2010, the following changes occurred in revenue bonds outstanding:

Change in Revenue Bonds Outstanding

<u>Fiscal Year</u>	<u>Balance July 1</u>	<u>Bonds Issued</u>	<u>Principal Redeemed</u>	<u>Balance June 30</u>
2008-09	\$110,020,000	\$ 0	\$21,280,000	\$ 88,740,000
2009-10	88,740,000	117,460,000	88,740,000	117,460,000

In addition to the \$22.3 million in scheduled payments during FY 2009-10, on November 9, 2009, the State called the remaining \$19.0 million of the 2004 Series A Petroleum Inspection Fee Revenue Bonds and the remaining \$47.4 million of the 2004 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds for early redemption. These bonds had maturity dates on or after July 1, 2010, and were called at 102 percent of face value, resulting in a premium payment of \$1,327,800. The premium payment is reported in other costs on the financial statement. The bond calls were funded, in part, from a portion of the proceeds of the \$117.5 million of 2009 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds issued by the program in October 2009 (see Note 6).

The senior revenue bonds issued by the program and outstanding as of June 30, 2010, were as follows:

Senior Revenue Bonds						
<u>Date Issued</u>	<u>Series</u>	<u>Interest Rates</u>	<u>Maturity Through</u>	<u>First Optional Redemption Date</u>	<u>Amount Issued</u>	<u>June 30, 2010 Amount Outstanding</u>
10/20/2009	2009 Series 1	2.5 to 5.0%	7/1/2017	Not Callable	<u>\$117,460,000</u>	<u>\$117,460,000</u>
Total Senior Revenue Bonds					\$117,460,000	\$117,460,000

The 2009 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds are not subject to redemption prior to maturity.

The program's future debt service requirements as of June 30, 2010, for principal and interest for the 2009 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds are as shown on the following table.

Future Debt Service on Revenue Bonds			
<u>Fiscal Year Ending June 30</u>	<u>Principal Amount</u>	<u>Interest Amount</u>	<u>Total Debt Service on Bonds</u>
2011	\$ 0	\$ 6,700,374	\$ 6,700,374
2012	0	5,596,600	5,596,600
2013	0	5,596,600	5,596,600
2014	24,165,000	5,006,663	29,171,663
2015	25,345,000	3,817,200	29,162,200
2016	26,540,000	2,588,488	29,128,488
2017	27,800,000	1,269,700	29,069,700
2018	<u>13,610,000</u>	<u>290,050</u>	<u>13,900,050</u>
	\$117,460,000	\$30,865,675	\$148,325,675

The following table presents the extendible municipal commercial paper activity for FYs 2008-09 and 2009-10.

Change in Extendible Municipal Commercial Paper Outstanding

<u>Fiscal Year</u>	<u>Balance July 1</u>	<u>Commercial Paper Issued</u>	<u>Principal Repaid</u>	<u>Balance June 30</u>
2008-09	\$142,300,000	\$0	\$ 0	\$142,300,000
2009-10	142,300,000	0	71,150,000	71,150,000

As noted previously, in October 2009, the State issued \$117.5 million of 2009 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds. A portion of this issue was used to fund \$71.2 million of the extendible municipal commercial paper.

As of June 30, 2010, the \$71,150,000 in outstanding extendible municipal commercial paper had interest rates ranging from 0.38 percent to 0.44 percent, and maturities ranging from July 8 to September 10, 2010. As of June 30, 2009, the \$142,300,000 in outstanding extendible municipal commercial paper had interest rates ranging from 0.45 percent to 0.70 percent, and maturities ranging from July 7 to September 1, 2009.

Additional series of senior bonds may be issued on parity with the current bond series outstanding and collateralized by an equal lien on the petroleum inspection fees. However, no additional series, other than refunding bonds and bonds issued to fund outstanding extendible municipal commercial paper, may be issued unless, among other things, additional legislative authorization is provided and the debt service coverage ratio, as defined in the program resolution, is at least 2.0.

Each month that variable-rate debt, such as the extendible municipal commercial paper, is outstanding, the State is required by the program resolution to provide to the trustee a certificate setting forth the program's "variable-rate take-out capacity" and "variable-rate debt exposure." The "variable-rate take-out capacity" measures the State's ability, given certain conservative interest rate assumptions, to convert variable-rate debt to fixed-rate debt. "Variable-rate debt exposure" measures the program's outstanding variable-rate debt. This certification was required and performed each month during FY 2009-10 and FY 2008-09. Because the program's ability to convert variable-rate debt to fixed-rate debt was higher than the amount of variable-rate debt outstanding each month, as evidenced by the program's variable-rate take-out capacity, the State needed to take no further action. For June 2010, the program's variable-rate take-out capacity was calculated to be \$266,513,437, which was \$195,363,437 higher than the variable-rate debt exposure of \$71,150,000. For June 2009, the program's variable-rate take-out capacity was calculated to be \$263,188,549, which was \$120,888,549 higher than the variable-rate debt exposure of \$142,300,000.

On April 5, 2010, Fitch Ratings changed its rating on the State's petroleum inspection fee revenue bonds from "AA-" to "AA," reflecting a recalibration by Fitch Ratings of certain U.S. public finance credit ratings. On April 16, 2010,

Moody's Investors Service changed its rating on the State's petroleum inspection fee revenue bonds from "Aa3" to "Aa2," reflecting a recalibration by Moody's Investors Service of its long-term U.S. municipal ratings to its global rating scale. According to Fitch Ratings, the recalibration should not be interpreted as an improvement in the credit quality of the State's petroleum inspection fee revenue bonds or other securities; rather, the intent of the recalibration is to ensure a greater degree of comparability across Fitch Ratings' global portfolio of credit ratings. According to Moody's Investors Service, the recalibration does not reflect an improvement in credit quality or a change in credit opinion; instead, the recalibration will align municipal ratings with its global-scale equivalent.

6. CURRENT REFUNDING

On October 20, 2009, the program issued \$117,460,000 of 2009 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds. The net proceeds totaled \$131,238,006, including an original issue premium of \$14,320,139, less the underwriters' discount of \$542,133. A portion of the bond proceeds was used on various dates in October through December 2009, to fund \$71,150,000 of previously issued extendible municipal commercial paper. The remaining portion of the bond proceeds, along with other cash already on deposit with the trustee, was used on November 9, 2009, to redeem the remaining \$18,960,000 of the program's 2004 Series A Petroleum Inspection Fee Revenue Bonds and the remaining \$47,430,000 of the program's 2004 Series 1 Petroleum Inspection Fee Revenue Refunding Bonds at a redemption price of 102 percent plus accrued interest to the date of redemption. As a result of this current refunding, the program effectively increased its aggregate debt service payments by \$1.9 million over the life of the refunding bonds and obtained an economic gain of \$1.1 million. This analysis does not address or include the bond proceeds used to fund previously issued extendible municipal commercial paper.

7. DEBT AUTHORITY FOR THE PROGRAM

The program's revenue obligations are issued pursuant to subchapter II of ch. 18, Wis. Stats.; s. 101.143(9m), Wis. Stats., and the program resolution and supplemental resolutions adopted by the State of Wisconsin Building Commission. Wisconsin Statutes, as amended by 2007 Wisconsin Act 20, authorize the program to issue revenue obligations not to exceed \$386,924,000 in principal amount, excluding any obligations that have been defeased under a cash optimization program administered by the Building Commission. To date, the balance of statutorily authorized revenue obligations has been issued. In addition to this limit on principal amount, the Building Commission may issue an unlimited amount of additional revenue obligations to fund or refund outstanding revenue obligations, to pay issuance and administrative costs, to make any necessary deposits to reserve funds, or to pay accrued or capitalized interest.

8. PETROLEUM INSPECTION FEES

Petroleum inspection fees result from the fees imposed under s. 168.12(1), Wis. Stats., and payments received under ss. 101.143(4)(h)1m, 101.143(5)(a), and 101.143(5)(c), Wis. Stats. Under s. 168.12(1), Wis. Stats., a \$0.02 per gallon fee is imposed by the State on suppliers of petroleum products received for sale in Wisconsin. The per gallon fees are paid to the State of Wisconsin Department of Revenue by suppliers, along with motor fuel taxes, and are initially deposited into the Transportation Fund. The Department of Revenue determines the amount collected for the per gallon fees and remits it to the program's trustee on a monthly basis. The trustee transfers petroleum inspection fees in excess of the amount needed to meet debt service requirements and to pay administrative costs of the Petroleum Inspection Fee Revenue Obligations Program to the State of Wisconsin Petroleum Inspection Fund, free of the first lien pledge of the program resolution. The Department of Commerce uses the fees transferred to the State of Wisconsin Petroleum Inspection Fund to pay PECFA claims; PECFA program administrative costs; and other costs and transfers, including optional transfers to the trustee to redeem revenue bonds.

The other petroleum inspection fees consist of penalty payments made under s. 101.143(4)(h)1m, Wis. Stats., by consultants for submitting claims for ineligible costs; proceeds under s. 101.143(5)(a), Wis. Stats., from the sale of remedial equipment and supplies that had originally been paid for by PECFA awards; and net recoveries under s. 101.143(5)(c), Wis. Stats., related to the Wisconsin Attorney General's actions against fraudulent claims. In FY 2009-10, these other petroleum inspection fees totaled \$1,861 and were made available to the trustee. In FY 2008-09, the other petroleum inspection fees totaled \$23,578 and were made available to the trustee. These fees were not transferred to the trustee in either fiscal year because the trustee indicated that no deficiencies that would require the transfer of the fees existed in any of the program's accounts held by the trustee as of June 30, 2010, or June 30, 2009.

During FY 2009-10 and FY 2008-09, the following amounts of petroleum inspection fees were remitted by the Wisconsin Department of Revenue to the trustee, retained by the trustee to meet debt service requirements and pay Petroleum Inspection Fee Revenue Obligations Program administrative costs, and transferred by the trustee to the State of Wisconsin Petroleum Inspection Fund:

<u>Month</u>	Petroleum Inspection Fees Remitted by the State to the Trustee	Petroleum Inspection Fees Retained by the Trustee	Petroleum Inspection Fees Transferred by the Trustee to the State

9. DEBT SERVICE COVERAGE RATIO FOR SENIOR DEBT

There are alternative methods to calculate debt service coverage. For purposes of additional analysis, the debt service coverage ratios for senior debt for FY 2009-10 and FY 2008-09 follow. They are calculated as the ratio of petroleum inspection fees remitted to the trustee during the respective fiscal years, divided by the senior debt service payments made during each fiscal year, excluding amounts related to bond refundings.

Debt Service Coverage Ratio for Senior Debt

	<u>Fiscal Year 2009-10</u>	<u>Fiscal Year 2008-09</u>
Fees Remitted to the Trustee	\$72,540,493	\$73,358,641
Senior Debt Service:		
Principal—bonds	\$22,350,000	\$21,280,000
Interest—bonds	2,090,550	4,685,825
Interest—commercial paper	<u>541,856</u>	<u>2,212,386</u>
Total Senior Debt Service	\$24,982,406	\$28,178,211
Debt Service Coverage Ratio for Senior Debt	2.90	2.60

10. PECFA CLAIMS

The Petroleum Inspection Fee Revenue Obligations Program was established during FY 1999-2000, and bonds and extendible municipal commercial paper were issued to reduce a backlog that had accumulated because at that time approved PECFA claims significantly exceeded the petroleum inspection fee revenues available to pay them. While the original backlog has been eliminated, PECFA claims continue to be submitted to the Department of Commerce.

The following table summarizes the activity related to PECFA claims during FY 2009-10 and FY 2008-09.

Summary of PECFA Claims July 1, 2008, through June 30, 2010 (in millions)

	<u>FY 2009-10</u>	<u>FY 2008-09</u>
Approved but Unpaid PECFA Claims as of July 1	\$0.8	\$ 0.9
Claims Approved for Payment During the Fiscal Year	<u>8.8</u>	<u>10.3</u>
Total Approved PECFA Claims	9.6	11.2
Less Claims Paid:		
Paid from proceeds of revenue obligations and interest and investment income	0.0	0.0
Paid from petroleum inspection fees	<u>9.5</u>	<u>10.4</u>
Total Claims Paid During the Fiscal Year	<u>9.5</u>	<u>10.4</u>
Approved but Unpaid PECFA Claims as of June 30	\$0.1	\$ 0.8

In addition to the \$0.1 million in approved claims awaiting payment as of June 30, 2010, approximately \$1.2 million in claims submitted to the Department of Commerce had yet to be both reviewed and approved. The Department of Commerce estimates that additional claims for costs that landowners had incurred but had not submitted as of June 30, 2010, amount to approximately \$8.3 million. It also estimates that an additional \$37,000 in liabilities may exist related to claimants appealing its determinations on previously finalized claims.

Report on Internal Control and Compliance ■

Independent Auditor's Report on Internal Control over Financial Reporting and on Compliance and Other Matters Based on an Audit of Financial Statements Performed in Accordance with Government Auditing Standards

We have audited the cash-basis Statement of Changes in Program Assets of the Wisconsin Petroleum Inspection Fee Revenue Obligations Program for the years ended June 30, 2010, and June 30, 2009, and have issued our report thereon dated November 18, 2010. We conducted our audits in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States.

INTERNAL CONTROL OVER FINANCIAL REPORTING

In planning and performing our audits, we considered the program's internal control over financial reporting (internal control) as a basis for designing our auditing procedures for the purpose of expressing our opinion on the financial statement, but not for the purpose of expressing an opinion on the effectiveness of the program's internal control. Accordingly, we do not express an opinion on the effectiveness of the program's internal control.

A *deficiency* in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent or to detect and correct misstatements on a timely basis. A *material weakness* is a deficiency or a combination of deficiencies in internal

control, such that there is a reasonable possibility that a material misstatement of the program's financial statement will not be prevented or will not be detected and corrected on a timely basis.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be deficiencies, significant deficiencies, or material weaknesses. We did not identify any deficiencies in internal control that we consider to be material weaknesses as defined in the preceding paragraph.

COMPLIANCE AND OTHER MATTERS

As part of obtaining reasonable assurance about whether the program's Statement of Changes in Program Assets is free of material misstatement, we performed tests of the program's compliance with certain provisions of laws, regulations, and contracts, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit and, accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

This independent auditor's report is intended solely for the information and use of the program's management and the Wisconsin Legislature. This report is a matter of public record and its distribution is not limited. However, because we do not express an opinion on the effectiveness of the program's internal control or on compliance, this report is not intended to be used by anyone other than these specified parties.
