December 27, 2013

Thank you for your interest in the State of Wisconsin.

This is the Continuing Disclosure Annual Report for the fiscal year ending June 30, 2013 (**2013 Annual Report**).

The 2013 Annual Report provides information on different securities that the State issues and is provided under the State's continuing disclosure undertakings. These undertakings of the State are intended to help dealers and brokers comply with Rule 15c2-12 under the Securities Exchange Act of 1934. As of this date, the State has filed the 2013 Annual Report with the Municipal Securities Rulemaking Board (**MSRB**) through the MSRB's Electronic Municipal Market Access (**EMMA**) system. EMMA receives, and makes available to the public, continuing disclosure documents and related information that is provided by issuers and obligated persons.

Official Statements for securities that the State issues during calendar year 2014 may incorporate parts of this 2013 Annual Report by reference.

Organization of the 2013 Annual Report

The 2013 Annual Report is divided into eight parts. The first two parts present general information.

- **Part I** presents the **State's continuing disclosure undertakings**. A Master Agreement on Continuing Disclosure (Amended and Restated December 1, 2010) establishes a general framework. Separate addenda describe the information to be provided for specific types of securities.
- **Part II** presents **general information about the State**, including its operations and financial results. This part includes the General Purpose External Financial Statements portion of the audited Comprehensive Annual Financial Report for the fiscal year ending June 30, 2013. This part also provides information on the 2013-15 biennial budget and the results of the 2012-13 fiscal year.

The remaining parts present information about different types of securities that the State issues.

- **Part III – General obligations (including bonds, commercial paper, and extendible municipal commercial paper)**
- **Part IV – Master lease certificates of participation**
- **Part V – Transportation revenue obligations (including bonds and commercial paper)**
- **Part VI – Clean water revenue bonds**
- **Part VII – Petroleum inspection fee revenue obligations (including bonds and extendible municipal commercial paper)**
- **Part VIII – General fund annual appropriation bonds (including bonds and variable rate notes)**

Please note that certain terms may have different meanings in different parts.

Ratings on the State's Securities

The following chart presents a summary of the long-term ratings currently assigned to different types of securities that the State issues.

<u>Security</u>	<u>Fitch Ratings</u>	<u>Kroll Bond Rating Agency, Inc.^(a)</u>	<u>Moody's Investors Service, Inc.</u>	<u>Standard & Poor's Ratings Services</u>
General Obligations	AA	AA	Aa2	AA
Master Lease Certificates of Participation	AA-	—	Aa3	AA-
Transportation Revenue Bonds	AA+	—	Aa2	AA+
Clean Water Revenue Bonds	AA+	—	Aa1	AA+
Petroleum Inspection Fee Revenue Bonds	AA	—	Aa2	AA
General Fund Annual Appropriation Bonds	AA-	—	Aa3	AA-

^(a) The State of Wisconsin secured a long-term general obligation rating from Kroll Bond Rating Agency, Inc. on October 8, 2013. The State expects to secure in the first quarter of calendar year 2014 ratings from Kroll for its appropriation obligations.

How to Get Additional Information

If you are interested in information about securities that the State issues, please contact the Capital Finance Office; *the Capital Finance Office is the only party authorized to speak on the State's behalf about the State's securities.*

The Capital Finance Office maintains a web site that provides access to both disclosure and non disclosure information.

www.doa.wi.gov/capitalfinance

December 27, 2013

Page 3

The Capital Finance Office posts to this web site general fund cash flow reports and all event and additional (voluntary) filings that it makes through MSRB's EMMA system.

We welcome your comments or suggestions about the format and content of the 2013 Annual Report. I can be reached at (608) 266-2305 or DOACapitalFinanceOffice@wisconsin.gov.

Sincerely,

/s/ KEVIN D. TAYLOR

* The Building Commission is composed of eight members. The Governor serves as the chairperson. Each house of the Wisconsin State Legislature appoints three members. One citizen member is appointed by the Governor and serves at the Governor's pleasure. State law provides for the two major political parties to be represented in the membership from each house.

PART III

GENERAL OBLIGATIONS

Part III of the 2013 Annual Report provides information about general obligations issued by the State of Wisconsin (**State**) in the form of bonds, notes, commercial paper notes (**CP Notes**), and extendible municipal commercial paper (**EMCP**). Selected information is provided in this introduction for the convenience of the readers; however, all information presented in this Part III of the 2013 Annual Report should be reviewed to make an informed investment decision.

Total Outstanding Balance (12/15/2013)	\$8,027,531,244
Amount Outstanding of Fixed-Rate Obligations	7,122,080,244
Amount Outstanding of Variable-Rate Obligations	905,451,000
Percentage of Outstanding Obligations in the form of Variable-Rate Obligations	11.28%
Ratings ^(a) (Fitch/Kroll/Moody's/Standard & Poor's)	
Bonds	AA/AA/Aa2/AA
CP Notes/EMCP	F1+/K1+/P-1/A-1+
Authority	Chapters 18 and 20, Wisconsin Statutes
Registrar/Paying Agent	The Secretary of Administration is the registrar and paying agent for all outstanding fixed-rate general obligations. U.S. Bank National Association serves as issuing and paying agent for the CP Notes and EMCP.
Security	The Wisconsin Constitution pledges the full faith, credit, and taxing power of the State to its general obligations and requires the Legislature to provide for their payment by appropriation. The Wisconsin Statutes establish additional protections, provide for the repayment of all general obligations, and establish, as security for the payment of all debt service on general obligations, a first claim on all revenues of the State.
<p>^(a) The ratings presented are the ratings assigned to the State's general obligations without regard to any bond insurance policy. No information is provided in the 2013 Annual Report about any rating assigned to any general obligations based on any bond insurance policy.</p>

The State of Wisconsin Building Commission (**Commission**) supervises all matters concerning the State's issuance of general obligations. The Capital Finance Office, which is part of the Division of Executive Budget and Finance within the State of Wisconsin Department of Administration (**Department of Administration**), is responsible for managing the State's borrowing programs. The law firm of Foley & Lardner LLP provided bond counsel services in connection with the issuance of general obligations. Requests for additional information about general obligations of the State may be directed to the Capital Finance Office.

All outstanding fixed-rate general obligations have been issued in book-entry-only form.

For the following two series of general obligations, which were issued in fully-registered form, U.S. Bank National Association is the registrar and paying agent:

<u>Name of Obligation</u>	<u>Registrar/Paying Agent Contact</u>
General Obligation Bonds of 1990, Series D (Higher Education Bonds)	U.S. Bank National Association Attn: Registered Payments EP-MN-WS2N 60 Livingston Avenue
General Obligation Bonds of 1991, Series B (Higher Education Bonds)	St. Paul, MN 55107-2292 U.S. Bank Bondholders Communications Customer Service: 800-934-6802

The final maturity date for these general obligation bonds was May 1, 2012; any holder that has not presented these bonds for payment should contact the State or U.S. Bank National Association for information on redeeming such bonds.

General obligations issued by the State have been issued as both tax-exempt obligations and taxable obligations, with some of the taxable obligations being “qualified build America bonds” pursuant to Section 54AA of the Internal Revenue Code of 1986, as amended (**Code**).

The 2013 Annual Report includes information and defined terms for different types of securities issued by the State. The context or meaning of terms used in one part of the 2013 Annual Report may differ from those of the same terms used in another part, and the total amount shown in a table may vary from the related sum due to rounding. No information or resource referred to in the 2013 Annual Report is part of the report unless expressly incorporated by reference.

Certain statements in Part III of the 2013 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2013 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

SECURITY PROVISIONS FOR GENERAL OBLIGATIONS

Security

The Wisconsin Constitution pledges the full faith, credit, and taxing power of the State to its general obligations and requires the Legislature to provide for their payment by appropriation.

The Wisconsin Statutes establish additional protections and provide for the repayment of all general obligations. The Wisconsin Statutes establish, as security for the payment of all debt service on general obligations, a first claim on all revenues of the State. Further, a sufficient amount of those revenues is irrevocably appropriated, so that no subsequent legislative action is required to release them, and those amounts are held in segregated funds or accounts.

The Wisconsin Statutes also provide that the validity of general obligations shall not be affected by any defect in their contracting, that all instruments evidencing general obligations are valid and incontestable, and that any legislative, judicial, or administrative determination that proceeds of general obligations may not be spent shall not affect their validity.

The State has never defaulted in the punctual payment of principal or interest on any general obligation and has never attempted to prevent or delay a required payment. The State has reserved no right to reduce or modify any terms affecting the security or source of payment of its general obligations.

In the event of default, the Wisconsin Constitution guarantees recourse by allowing suit to be brought against the State to compel payment. Statutory provisions expedite the bringing of suit. Further, in the event of a final judgment against the State, payment will be made as specifically provided, together with interest at a rate of 10% per annum until the date of payment. The venue for all actions in which the sole

defendant is the State, any State board or commission, or any State officer, employee, or agent in an official capacity shall be the county designated by the plaintiff unless another venue is specifically authorized by law.

The Wisconsin Statutes also provide that, if payment has been made or duly provided for by the date that a general obligation becomes due for payment, then interest ceases to accrue, and the general obligation is no longer outstanding. If any general obligation is not presented for payment, then the money held for its payment shall be administered under the unclaimed property statutory provisions.

Flow of Funds to Pay Debt Service on General Obligations

The General Fund stands behind the payment of debt service on all general obligations. Should the General Fund have insufficient resources to pay debt service, there is a single irrevocable and unlimited appropriation from all revenues of the State for timely payment on all general obligations. It is this appropriation, which pledges all revenues of the State for payment of debt service, that enables the State to issue a general obligation that is undifferentiated by the purpose for which proceeds are used.

For budgetary control purposes, different internal funds flows apply to general obligations, depending on whether they are issued as bonds or notes, and in some cases depending on the purpose for which they were issued.

With respect to general obligation bonds, all funds necessary for timely payment of principal and interest are deposited in the statutorily created Bond Security and Redemption Fund at least 15 days in advance of the due date. Furthermore, if operating notes are outstanding, no impoundment payments required in connection with operating notes may be made until the amounts required to be paid into the State's Bond Security and Redemption Fund during the ensuing 30 days have been so deposited.

With respect to general obligation notes, funds for the payment of principal and interest are deposited in a separate and distinct account within the statutorily created Capital Improvement Fund for the repayment of notes. Proceeds of general obligations may also be used to retire notes. The Wisconsin Statutes specifically provide that if, at any time, there is not on hand in the Capital Improvement Fund sufficient money for the payment of principal and interest on general obligation notes, then the Department of Administration shall transfer to the Capital Improvement Fund, from an irrevocable and unlimited appropriation as a first charge upon all revenues of the State, the amount necessary to pay the principal of, and interest on, general obligation notes when due.

Interest on the outstanding CP Notes and EMCP is paid when due. It is collected in the same manner as other general obligation notes and is deposited by the State with the respective issuing and paying agent. The State's practice is to make deposits at regular intervals, chosen at its discretion.

Purposes of General Obligations

The Wisconsin Constitution provides that the State may issue general obligations for three categories of borrowing. The first is to acquire, construct, develop, extend, enlarge, or improve land, waters, property, highways, railways, buildings, equipment, or facilities for public purposes. The second is to make funds available for veterans housing loans. The third is to fund or refund any outstanding State general obligations. Subject to constitutional limitations about purposes and amounts, procedures governing the use of the borrowing authority are to be established by the Legislature. There is no constitutional requirement that the issuance of general obligations receive the direct approval of the electorate.

Limitations on Issuance of General Obligations

All general obligations issued by the State fall within a debt limit set forth in the Wisconsin Constitution and the Wisconsin Statutes. There is an annual limit of three-quarters of one percent, and a cumulative limit of five percent, of the aggregate value of all taxable property in the State. Currently, the annual limit is \$3,506,269,230, and the aggregate limit is \$23,375,128,200. A funding or refunding bond issue does not count for purposes of the annual debt limit, and a funded or refunded bond issue does not count for purposes of the cumulative debt limit. Accrued interest on any general obligation that is not paid during

the fiscal year in which it accrues is treated as debt and taken into account for purposes of the debt limitations. See [Table III-4](#) in “DEBT INFORMATION”.

Authorization of General Obligations

Within prescribed limitations, the Wisconsin Constitution assigns to the Legislature, acting by vote of a majority of the members elected to each of the two houses, all matters relating to the issuance of general obligations. The quorum in such votes is 60% of the membership. Among these assigned powers is the authority to establish the purposes (uses) and fix the amounts for which general obligations may be issued.

To date, the Legislature has authorized the issuance of general obligations for 108 distinct borrowing purposes and has limited the amount of general obligations that may be issued for each purpose. In practice, as a part of the budget, these amounts are adjusted to accommodate newly budgeted activity. As of the date of the 2013 Annual Report, 35 of the distinct borrowing purposes essentially have no remaining borrowing authority or statutory restrictions that keep it from being used. The Legislature has delegated to the Commission responsibility to establish the form and terms of the issuance and sale of these general obligations. [Table III-1](#) describes, as of December 15, 2013, the amounts authorized, issued, and credited to the Capital Improvement Fund for each borrowing purpose.

^(a) Amounts previously credited to the Capital Improvement Fund (which include interest earnings and may include sale proceeds representing purchase premium) reduce issuance authority by the same amount.

^(b) Accrued interest on any obligation that is not paid during the fiscal year in which it accrues is treated as debt and taken into account for purposes of the statutory authority to issue debt.

^(c) The enacted budget for the 2013-15 biennium (2013 Wisconsin Act 20) provides that the Building Commission shall not issue, until July 1, 2015, \$250 million of general obligations

Source: Department of Administration.

DEBT INFORMATION

Table III-2 shows general obligations that have outstanding balances as of December 15, 2013 and history of other issuances during the past 20 years.

^(a) Pursuant to a refunding escrow agreement, the principal of, and interest on, all or a portion of the bonds will be paid as it comes due or will be called for redemption prior to maturity. The principal amount of bonds for which payment is provided is not treated as outstanding for purposes of this table.

In addition, on October 11, 2013 the State entered into a forward delivery bond purchase agreement that, upon meeting certain conditions, will result in issuance on or about February 1, 2014 of the State's General Obligation Refunding Bonds of 2014, Series 1. The proceeds of this bond issue are expected to

refund on May 1, 2014 all the then-outstanding principal amounts of the State's General Obligation Refunding Bonds of 2004, Series 1, General Obligation Refunding Bonds of 2004, Series 2, and General Obligation Refunding Bonds of 2004, Series 4.

Tables II-30 and II-33 in Part II of the 2013 Annual Report**

Table III-4

LIMITATION ON ANNUAL AGGREGATE PUBLIC DEBT THAT MAY BE CONTRACTED

The State Constitution provides that the aggregate debt contracted by the State in calendar year 2013 shall not exceed the lesser of (a) or (b):

(a)	3/4 of 1% x \$467,502,564,000		\$ 3,506,269,230
(b)	5% x \$471,092,529,200	\$23,375,128,200	
	Deduct: Net Indebtedness 1/1/2013	<u>(8,385,972,732)</u>	
			\$14,989,155,468

The amount of \$467,502,564,000 shown above is the aggregate full market value of all taxable property in the State for the year 2013 as certified by the Department of Revenue.

The amount of \$8,385,972,732 shown above is the net indebtedness as of January 1, 2013 as certified by the Legislative Audit Bureau.

The lesser of (a) or (b) is \$3,506,269,230. Aggregate debt contracted by the State in calendar year 2013 shall not exceed this amount.

(a) Revenue-Supported Debt represents general obligation debt of the State issued to fund particular programs and facilities with the initial expectation that revenues and other proceeds derived from the operation of the programs and facilities will amortize the allocable debt without recourse to the General Fund.

(b) Includes the Transportation Fund and certain administrative facilities for the Department of Natural Resources.

(c) Includes university dormitories, food service, intercollegiate athletic facilities, certain facilities on the State Fair grounds, and capital equipment acquisition.

Source: Department of Administration

VARIABLE RATE OBLIGATIONS

The State has issued, and there currently remain outstanding, both general obligation CP Notes and EMCP.

Commercial Paper Notes

The State has appointed, to serve as **Dealers** of CP Notes, Goldman, Sachs & Co., J.P. Morgan Securities LLC, and Merrill Lynch, Pierce, Fenner & Smith Incorporated. The State has appointed U.S. Bank National Association, as successor to Deutsche Bank Trust Company Americas, to serve as **Issuing and Paying Agent** for the CP Notes, and The Depository Trust Company (**DTC**) serves as **Depository** for the CP Notes.

The State has obtained a **Liquidity Facility** in the form of a line of credit, which is provided through a **Credit Agreement** between the State and The Bank of New York Mellon (**Liquidity Facility Provider**). The principal portion of the Credit Agreement is currently \$200 million.

Table III-12 summarizes, for each authorized and outstanding series of CP Notes, the principal amount initially issued, the date of initial issuance, and the principal amount outstanding as of December 15, 2013.

Table III-12

SUMMARY OF OUTSTANDING GENERAL OBLIGATION CP NOTES (December 15, 2013)

<u>Series of CP Notes</u>	<u>Amount Issued</u>	<u>Date of Initial Issuance</u>	<u>Amount Outstanding</u>
2005 Series A	\$100,350,000	December 14, 2005	\$ 52,810,000
2006 Series A	123,510,000	August 2, 2006	88,184,000
2013 Series A	58,825,000	December 10, 2013	<u>58,825,000</u>
			\$ 199,819,000

Additional CP Notes may be issued pursuant to action of the Commission, but the aggregate amount of CP Notes outstanding may not exceed the principal amount of the Liquidity Facility.

Description of CP Notes

Each CP Note is dated the date it is issued. It is issued as an interest-bearing obligation in a denomination of \$100,000 or increments of \$1,000 above \$100,000.

The CP Notes are not callable prior to maturity.

Each CP Note matures from 1 to 270 days from its issue date. Also, no CP Note may be issued with a maturity date later than the expiration date of the Liquidity Facility or any substitute Liquidity Facility.

Each CP Note bears interest from its date of issuance, at the rate determined at the date of issuance, payable at maturity. Interest is computed on the basis of a year having 365 or 366 days and the actual number of days elapsed. Payment of each CP Note is made to the Depository and then distributed by the Depository.

Liquidity Facility

To provide liquidity for the payment of the principal of maturing CP Notes, the State entered into the Credit Agreement with the Liquidity Facility Provider. Payment of interest on the Notes cannot be made from the line of credit established by the Credit Agreement.

Pursuant to the Credit Agreement, the Liquidity Facility Provider is obligated, subject to certain conditions, to make **Advances** from time to time on any business day during the term of the Credit Agreement, only for providing funds to pay the principal of the CP Notes on the maturity date thereof to the extent that proceeds of other CP Notes or other moneys on deposit in the Note Fund for the CP Notes are not available. The aggregate principal amount of all Advances made on any date may not exceed the

principal portion of the Credit Agreement (currently \$200 million), as such amount may be increased or decreased from time to time. Also, the principal portion of the Credit Agreement cannot be less than the sum of the outstanding CP Notes plus the aggregate principal amount of all outstanding Advances provided by the Liquidity Facility Provider.

The Credit Agreement currently terminates on March 19, 2016. The Credit Agreement provides that the termination date may be extended, if the parties agree. Alternatively, the State is permitted to replace the Credit Agreement with another comparable agreement or agreements with any other liquidity facility provider provided that such substitution meets all required qualifications, including, but not limited to, written evidence from each rating agency which, at the request of the State, is then rating the CP Notes and which is then also rating the provider (or its guarantor) of the proposed substitute liquidity facility, to the effect that the substitution of the Liquidity Facility will not by itself result in a withdrawal, suspension, or reduction of its ratings of the CP Notes from those which then prevail.

The State has delivered a promissory note (**Promissory Note**) to the Liquidity Facility Provider, evidencing its obligation to repay all Advances. The Promissory Note is a general obligation of the State. Likewise, new Promissory Notes would be issued to the providers of any substituted Liquidity Facility.

The State will notify the Dealers of any change in the Liquidity Facility. The State will also notify the Municipal Securities Rulemaking Board (**MSRB**) through its Electronic Municipal Market Access system of any change in the Liquidity Facility.

Description of the Liquidity Facility Provider

The following information concerning The Bank of New York Mellon (**Bank**) has been provided by representatives of the Bank and has not been independently confirmed or verified by the State. No representation is made herein as to the accuracy or adequacy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof, or that the information given below or incorporated herein by reference is correct as of any time subsequent to its date.

The Bank of New York Mellon, a New York state chartered bank, is one of the two principal banking subsidiaries of The Bank of New York Mellon Corporation (NYSE: BK), a bank holding company and a financial holding company (**BNY Mellon**). BNY Mellon is a global investments company dedicated to helping clients manage and service their financial assets throughout the investment lifecycle. Whether providing financial services for institutions, corporations or individual investors, BNY Mellon delivers informed investment management and investment services in 35 countries and more than 100 markets.

As of September 30, 2013, BNY Mellon had \$27.4 trillion in assets under custody and/or administration and \$1.5 trillion in assets under management. BNY Mellon can act as a single point of contact for clients looking to create trade, hold, manage service, distribute, or restructure investments. Additional information is available at www.bnymellon.com; this web site is not incorporated by reference into this Offering Memorandum.

In addition, BNY Mellon's and the Bank's ratings information is available at www.bnymellon.com/investorrelations/creditratings.html; this web site is not incorporated by reference into this Offering Memorandum. A rating is not a recommendation to buy, sell, or hold securities, and may be subject to revision or withdrawal at any time by the assigning rating organization. Each rating should be evaluated independently of any other rating.

BNY Mellon's principal office is located at One Wall Street, New York, New York 10286. A copy of the most recent Annual Report on Form 10-K of BNY Mellon may be obtained from BNY Mellon's Public Relations Department, One Wall Street, 31st Floor, (212) 635-1569. For additional information about BNY Mellon, please refer to the reports filed with the Securities Exchange Commission, including BNY Mellon's Form 10-K, proxy statement, quarterly reports on Form 10-Q, and current reports on Form 8-K, available at www.sec.gov.

The Credit Agreement is an obligation of the Bank. BNY Mellon has no obligation under the Credit Agreement or otherwise with respect to the Notes.

Extendible Municipal Commercial Paper

General obligation EMCP is similar to CP Notes; however, rather than liquidity being provided by a bank or credit facility, the maturity date is extended in case there is a disruption in market liquidity for the EMCP. The State has appointed, to serve as **Dealers** of EMCP, Goldman, Sachs & Co. and Merrill Lynch, Pierce, Fenner & Smith, Incorporated. The State has appointed U.S. Bank Trust National Association to serve as Issuing and Paying Agent for the EMCP, and DTC serves as Depository for the EMCP.

On February 1, 2008, the State issued a single series of EMCP that replaced multiple series of outstanding EMCP that had been issued between calendar years 2000-2006. The total amount of EMCP authorized to be outstanding at any given time, pursuant to the program resolution, is \$950 million. The State may increase the principal amount of EMCP outstanding, upon adoption by the Commission of one or more authorizing resolutions, to fund various general governmental purposes or veterans housing loans. With respect to an initial issuance, specific instructions must be provided to the Issuing and Paying Agent before a Dealer may increase the principal amount of EMCP outstanding. This has occurred four times since 2008 for an aggregate par increase of \$424 million. EMCP is not given a series designation based on any initial issuance date.

Table III-13 summarizes, for each authorized and outstanding program under this single series of EMCP, the principal amount initially issued, the date of initial issuance, and the principal amount outstanding as of December 15, 2013.

Table III-13
SUMMARY OF OUTSTANDING GENERAL OBLIGATION EMCP
(December 15, 2013)

<u>Series of EMCP</u>	<u>Amount Issued</u>	<u>Amount Outstanding</u>
Tax-Exempt Notes	\$895,129,000	\$ 695,332,000
Tax-Exempt AMT Notes	4,445,000	<u>-0-</u>
		\$ 695,332,000

Description of EMCP

Each EMCP note is dated the date it is issued and is issued as an interest-bearing obligation in a denomination of \$100,000 or increments of \$1,000 above \$100,000. Interest is computed on the basis of a year having 365 or 366 days and the actual number of days elapsed. Payment of principal of, and interest on, each EMCP note is made to the Depository and then distributed by the Depository.

Each EMCP note matures on its **Original Maturity Date**, which may range from 1 day to 180 days from its original issue date, unless the State exercises its option to extend the maturity date. In that case the EMCP note will mature on its **Extended Maturity Date**, which will be the date that is 270 days after its original issue date.

If the State exercises its option to extend the maturity date, notice of the extension must be provided to the Depository in accordance with the Depository's operational requirements.

Each EMCP note bears interest from its original issue date until the Original Maturity Date at the rate determined on the original issue date, payable on the Original Maturity Date, unless the maturity date is extended, in which case interest will be paid on the date described below. If the State exercises its option to extend the maturity date of an EMCP note, then the extended EMCP note will bear interest after the Original Maturity Date at the Reset Rate and be payable on the dates described below.

If the maturity date of an EMCP note is extended, accrued but unpaid interest to the Original Maturity Date will not be paid on the Original Maturity Date but will be payable on the following date (or any earlier redemption date):

- (1) if the Original Maturity Date is before the 15th day of the month, then interest will next be payable on the first **Business Day** (which is a day on which banks located in Madison, Wisconsin and in each of the cities where the principal office of the Issuing and Paying Agent and Dealers are

located are not required or authorized by law or executive order to close for business and on which the New York Stock Exchange is not closed) of the next month, or

(2) if the Original Maturity Date is on or after the 15th day of the month, then interest will next be payable on the first Business Day of the second succeeding month after the Original Maturity Date.

For example, if the Original Maturity Date is November 14th, interest will be first payable on the first Business Day of December, and if the Original Maturity Date is November 15th, interest will be first payable on the first Business Day of January.

Each EMCP note bears interest from the Original Maturity Date at the **Reset Rate** and is payable first on the date described above and thereafter on the first Business Day of each month and on any redemption date or the Extended Maturity Date.

The Reset Rate will be a rate of interest per annum determined by the following formula:

$$(1.35 \times BMA) + E$$

As used in the formula, the *BMA* variable will be Securities Industry and Financial Markets Association Index, or SIFMA Index (which previously was referred to as The Bond Market Association Municipal Swap Index, or BMA Index). This index is calculated weekly and released each Wednesday afternoon, effective Thursday. The *E* variable will be a fixed percentage rate expressed in basis points that is determined based on the ratings assigned to the EMCP (**Prevailing Ratings**), as follows:

<u>Fitch</u>	<u>Prevailing Ratings</u>		<u>E Variable (basis points)</u>
	<u>Moody's Investors Service, Inc.</u>	<u>Standard & Poor's Ratings Services</u>	
F1+	P-1	A-1+	100
F1	–	A-1	150
F2	P-2	A-2	200
F3	P-3	A-3	300
Lower than F3 (or rating discontinued)	Lower than P-3 (or rating discontinued)	Lower than A-3 (or rating discontinued)	400

If at any time any rating agency announces that a lower rating is under consideration for the EMCP, then the Prevailing Rating from such rating agency will not be the rating then assigned to the EMCP; rather, it will be the next lower rating of such rating agency. If the Prevailing Ratings would indicate different *E* variables as a result of split ratings assigned to the EMCP, then the *E* variable will be the arithmetic average of those indicated by the Prevailing Ratings.

The Reset Rate applicable to any EMCP note will be determined weekly by the Issuing and Paying Agent based on the *BMA* variable and the Prevailing Ratings as of 11:00 a.m. (New York time) on its Original Maturity Date and each Thursday thereafter and will apply through the following Wednesday.

REVENUE-SUPPORTED GENERAL OBLIGATION DEBT

General

Although all general obligations issued by the State are supported by its full faith, credit, and taxing power, a portion of these general obligations are issued with the expectation that debt service payments will not impose a direct burden on the State's taxpayers and its general revenue sources. Beneficiaries and users of revenue-supported programs and facilities pay fees and other amounts that are estimated to be at least sufficient to pay or reimburse the General Fund for the amount paid for debt service related to these revenue-supported programs and facilities.

Table III-6 identifies the amount of outstanding general obligations designated as revenue supported. The programs and facilities funded with these general obligations support debt service payments on approximately \$1.813 billion of State general obligations outstanding on December 15, 2013. Furthermore, **Table III-11** shows that revenue-supported debt service payments were approximately 20.9% of the total debt service cost for the fiscal year ending June 30, 2013. The percentages for the fiscal years ending June 30, 2011 and June 30, 2012 are higher than other fiscal years; in these fiscal years the State issued general obligation refunding obligations for certain maturing general obligations that related to tax-supported debt service payments. This resulted in a decrease in percentage of tax-supported debt service payments and corresponding increase to percentage of revenue-supported debt service payments.

Veterans Housing Loan Program

The veterans housing loan program, operated by the State of Wisconsin Department of Veterans Affairs (**DVA** or **Department of Veterans Affairs**), is one of the revenue-supported general obligation bonding programs of the State. Lending activities under the veterans housing loan program began in 1974. The program is currently funded by general obligations that are either **Tax-Exempt Veterans Mortgage Bonds** or **Taxable Veterans Mortgage Bonds**, collectively referred to as **Veterans Mortgage Bonds**. The repayment of veterans housing loans funded with proceeds of the Veterans Mortgage Bonds are estimated to be at least sufficient to pay or reimburse the General Fund for the amount paid for debt service related to the Veterans Mortgage Bonds.

Approximately \$85 million in aggregate principal amount of Veterans Mortgage Bonds remain outstanding on December 15, 2013. As outlined later in this section, there are different special redemption provisions for the Tax-Exempt Veterans Mortgage Bonds and each series of Taxable Veterans Mortgage Bonds. Due to market conditions and other factors resulting in private mortgage rates being lower than mortgage rates that could be obtained through Veterans Mortgage Bonds, the State has not issued any general obligations for this purpose since 2008, and the Department of Veterans Affairs has not made any new mortgages or loans under this program since June 2010. Furthermore, in the Department of Veterans Affairs' budget for the 2013-15 biennium, it has made the assumption that no new mortgages or loans under this program will be made; however, the State makes no forecast regarding future mortgage activity under the veterans housing loan program or future general obligation issuances. **Tables III-18 through III-24** in Part III of the 2013 Annual Report include unaudited financial and statistical information and related notes that may be helpful in describing the operation of the veterans housing loan program.

Default Risks and Other Information

No prepayments have been assumed in the nominal amortization of outstanding Veterans Mortgage Bonds. Based on asset and liability balances as of July 1, 2012 and DVA assumptions, the cash flow of the mortgages on September 6, 2013 was sufficient to meet future debt service payments. A loan under the veterans housing loan program may be assumed only by another qualifying veteran.

After deducting a servicing charge (.375% per annum), the participating lender deposits the veteran's monthly loan repayments and any prepayments into the Veterans Mortgage Loan Repayment Fund of the veterans housing loan program, a segregated statutory fund. An irrevocable appropriation is provided by law as a first charge on assets of the Veterans Mortgage Loan Repayment Fund in a sum sufficient to provide for the repayment of principal of, premium, if any, and interest on, State general obligations issued to fund the program.

Program loans financed with Veterans Mortgage Bonds are not required to be insured or guaranteed (casualty insurance coverage is, however, required). Instead, the default risk with respect to such loans is borne by the program. The ability of DVA to dispose of defaulted properties and realize the amount of the outstanding principal balances of the related loans has varied in recent years depending upon the location of the properties within the State and their physical condition upon foreclosure. Although DVA expects that it will continue to experience liquidation losses, it also expects that such losses will not require recourse to the State's General Fund but rather will be covered by the Insurance Reserve Account within the Veterans Mortgage Loan Repayment Fund. As of October 31, 2013, of 929 outstanding primary mortgage housing loans financed by the veterans housing loan program, there were 31 loans in an aggregate principal amount of approximately \$3.6 million had payment were 60 days or longer past due. The insurance reserve requirement (4% of the principal amount of outstanding loans) is currently satisfied. See [Table III-22](#) for more complete details concerning delinquencies.

Special Redemption; Tax-Exempt Veterans Mortgage Bonds

As of December 15, 2013, approximately \$62 million of Tax-Exempt Veterans Mortgage Bonds were outstanding. All Tax-Exempt Veterans Mortgage Bonds are subject to special redemption before maturity (even if not subject to optional redemption as provided above), at the option of the Commission, on any date, in whole or in part, at a redemption price equal to par (100% of the principal amount to be redeemed), plus accrued interest to the date of redemption, from:

- Prepayments of veterans housing loans funded from, or attributed to, *any* series of Tax-Exempt Veterans Mortgage Bonds.
- Payments on veterans housing loans, or interest or income on investments in certain accounts, including money available from the Insurance Reserve Account, in excess of amounts required to meet scheduled debt service on all Tax-Exempt Veterans Mortgage Bonds and other costs associated with the veterans housing loan program.

The redemption provisions described above are commonly referred to as a "cross-call". In addition, other special redemption provisions (such as allowing redemptions funded from unexpended proceeds) may apply to certain series of Tax-Exempt Veterans Mortgage Bonds. In the event of a partial redemption, the Capital Finance Director is authorized to direct the maturities and amounts of the Tax-Exempt Veterans Mortgage Bonds to be redeemed.

Prepayments of mortgages originated with, or attributed to, any series of Taxable Veterans Mortgage Bonds may not be used for special redemption of Tax-Exempt Veterans Mortgage Bonds, and prepayments of mortgages originated with, or attributed to, any series of Tax-Exempt Veterans Mortgage Bonds may not be used for special redemption of Taxable Veterans Mortgage Bonds.

Table III-14 presents a summary of the outstanding Tax-Exempt Veterans Mortgage Bonds as of December 15, 2013. [Table III-25](#) presents further detailed information on these outstanding Tax-Exempt Veterans Mortgage Bonds that are subject to special redemption.

Table III-14

			<u>\$ 61,855,000</u>	

The State has historically received, and expects to continue to receive, prepayments of veterans housing loans funded with Tax-Exempt Veterans Mortgage Bonds. See [Table III-26](#) for a summary of the prepayments received over the past three years. The State previously from time to time used veterans housing loan prepayments to make new veterans housing loans. However, for the past three years the State has determined that it was not feasible to make new veterans housing loans, and the State used these prepayments to purchase or redeem Tax-Exempt Veterans Mortgage Bonds, as determined by the Commission. As for future veterans housing loan prepayments, it is likely that State will continue use the prepayments to purchase or redeem Tax-Exempt Veterans Mortgage Bonds; however, the State continues to reserve the right use such prepayments to make new veterans housing loans.

Prior to calendar year 2002, it had been the working policy of the Department of Administration, on behalf of the Commission, to call Tax-Exempt Veterans Mortgage Bonds for special redemption based on the highest estimated market price, while taking into consideration the Legislature’s mandate that the veterans housing loan program be self-amortizing. Since that time, this working policy has been modified from time to time to address both (1) the impact special redemption cross-calls have on the cash flow that supports all Veterans Mortgage Bonds and (2) compliance with applicable federal tax law restrictions. This working policy is subject to change at any time. While the Tax-Exempt Veterans Mortgage Bonds that were called for special redemption in the year 2009 were those with the highest interest rates, the Tax-Exempt Veterans Mortgage Bonds called for special redemption in the years 2010, 2011, 2012, and 2013 reflect the more recent working policy outlined above.

A special redemption of Tax-Exempt Veterans Mortgage Bonds occurred on October 1, 2013, as summarized in [Table III-15](#). This special redemption used prepayments of veterans housing loans funded with Tax-Exempt Veterans Mortgage Bonds. In addition, this special redemption used money available from the Insurance Reserve Account and other allowable funds and accounts that were in excess of amounts required to meet scheduled debt service requirements.

Table III-15

OCTOBER 1, 2013 SPECIAL REDEMPTION
TAX-EXEMPT VETERANS MORTGAGE BONDS

<u>Bond Issue</u>	<u>Maturity Date</u>	<u>Coupon</u>	<u>Redemption Amount</u>
2003 Series 2	2020	4.65%	\$ 625,000
	2021	4.80	935,000
2003 Series 3	2026	5.00	1,325,000
2006 Series C	2031	5.00	575,000
	2037	5.00	1,110,000
2008 Series 1	2018	4.75	25,000

During calendar year 2013, other special redemptions of Tax-Exempt Veterans Mortgage Bonds using prepayments of veterans housing loans and using other money available from the Insurance Reserve Account in excess of amounts required to meet scheduled debt service requirements or available from other allowable sources. These special redemptions occurred on February 25 (aggregate of nearly \$5 million) and on June 24 (aggregate of nearly \$5 million).

Special Redemption; Taxable Veterans Mortgage Bonds

As of December 15, 2013, approximately \$24 million of Taxable Veterans Mortgage Bonds were outstanding.

In addition to optional redemption provisions, the Taxable Veterans Mortgage Bonds are subject to special redemption prior to maturity, at the option of the Commission, on any date, in whole or in part at a redemption price equal to 100% of the principal amount to be redeemed, plus accrued interest to the date of redemption, from:

- Unexpended proceeds from only that series of Taxable Veterans Mortgage Bonds, as provided in the respective authorizing resolution.
- Prepayments of veterans housing loans or HILP loans, or interest or income on investments in certain accounts, funded from or attributed to only that series of Taxable Veterans Mortgage Bonds, as provided in the respective authorizing resolution.

In the event of a partial redemption, the Commission shall direct the maturities of the Taxable Veterans Mortgage Bonds and the amounts thereof so to be redeemed; however, the Commission has stated in the respective Official Statements that it intends to apply amounts from these sources as a *pro rata* redemption on all applicable outstanding maturities of the Taxable Veterans Mortgage Bonds, subject to rounding, to reflect approximately the unexpended proceeds or prepayment from either veterans housing loans or HILP loans.

Prepayments of veterans housing loans or HILP loans originated with, or attributed to, a series of Taxable Veterans Mortgage Bonds may not be used for special redemption of any other series of Taxable Veterans Mortgage Bonds. Prepayments of mortgage loans or loans originated with, or attributed to, any series of Tax-Exempt Veterans Mortgage Bonds may not be used for special redemption of Taxable Veterans Mortgage Bonds.

The State has historically received, and expects to continue to receive, prepayments of veterans housing loans and HILP loans funded with Taxable Veterans Mortgage Bonds. See [Table III-26](#) for a summary of these prepayments received over the past three years. The State may use prepayments of veterans housing loans and HILP loans funded with Taxable Veterans Mortgage Bonds to make new veterans housing loans and HILP loans. If the State determines that it is not feasible to make new veterans housing loans or HILP loans, then the State intends to use these prepayments to purchase or redeem Taxable Veterans Mortgage Bonds, as determined by the Commission.

The Commission has made several special redemptions of Taxable Veterans Mortgage Bonds from these prepayments. A special redemption of Taxable Veterans Mortgage Bonds occurred on October 1, 2013. The redemption, which is summarized in [Table III-16](#), also included optional redemption of certain Taxable Veterans Mortgage Bonds using money available from certain funds and accounts that were in excess of amounts required to meet scheduled debt service requirements.

Totals			\$ 469,450,000	\$ 31,645,000	\$ 25,345,000	\$ 6,000,000	\$ 8,065,000	\$ 3,090,000	\$ 19,450,000	\$ 10,515,000	\$ 21,150,000	\$ 25,305,000	\$ 5,005,000	\$ 33,665,000	\$ 24,070,000	

Note: The total original issue amount less all the special redemptions and sinking fund payment amounts does not equal the total outstanding par amount since the table does not include serial bonds that matured prior to the date of this 2013 Annual Report. In addition, certain optional redemptions that have been completed using allowable funds available from the veterans housing loan program are included within the above "special redemption" amounts.

Financial and Statistical Information

The following unaudited financial and statistical information and notes relate to the operation of the veterans housing loan program. Veterans Mortgage Bonds issued to fund this program are general obligations; the bondholders have no special pledge or lien on revenues derived from this program.

6/26/2008	19,855,000	4.80	5.75

^(a) Does not include bonds issued solely to fund HILP loans.

^(b) Reflects the true interest cost rate for the associated series of bonds.

^(c) Includes an add-on to cover lender's fees, DVA administrative costs, and a reserve for self-insurance.

^(d) A subsidy resulting from refunding savings is being used to cover the difference between the debt service on the bonds and cash flow from the mortgages. In addition, the subsidy covers the lender's fees, DVA administrative costs, and a reserve for self-insurance.

^(e) In setting the interest rate charged to the borrower for a loan made with the proceeds of certain Taxable Veterans Mortgage Bonds, DVA has chosen to apply a subsidy from the primary mortgage home loan program. The result is that the lending rate may be lower than the true interest cost rate on the respective Taxable Veterans Mortgage Bond issue.
