#### UPDATED OFFICIAL STATEMENT

#### \$359,950,000

#### STATE OF WISCONSIN

GENERAL FUND ANNUAL APPROPRIATION REFUNDING BONDS OF 2019, SERIES A (FORWARD DELIVERY)

#### INTRODUCTION

This Updated Official Statement sets forth information concerning the \$359,950,000 State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2019, Series A (Forward Delivery) (2019 Series A Bonds). The State of Wisconsin (State) Department of Administration (Department or DOA) is empowered by law to issue and sell the 2019 Series A Bonds on the State's behalf. This Updated Official Statement includes by reference Parts I, II and IX of the State of Wisconsin Continuing Disclosure Annual Report, dated December 21, 2018 (2018 Annual Report). See APPENDIX A and APPENDIX B.

The 2019 Series A Bonds are being issued to current refund all or a portion of certain outstanding maturities of the State's General Fund Annual Appropriation Bonds of 2009, Series A.

The 2019 Series A Bonds are authorized and issued pursuant to Section 16.527 of the Wisconsin Statutes, as amended (**Enabling Act**), and an authorizing certification signed by the Secretary of Administration (**Authorizing Certification**). The 2019 Series A Bonds are issued under a Trust Indenture, dated as of April 1, 2009, between the State, acting by and through the Department and the Trustee, as successor to Deutsche Bank Trust Company Americas, as supplemented by a First Supplemental Trust Indenture, dated as of April 1, 2009, a Second Supplemental Trust Indenture, dated as of August 1, 2016, a Third Supplemental Trust Indenture, dated as of May 1, 2017, and a Fifth Supplemental Trust Indenture, dated as of January 1, 2019 (**Fifth Supplemental 2009 Trust Indenture**), all between the State, acting by and through the Department, and the Trustee (collectively, as supplemented, **2009 Indenture**).

The Enabling Act and the 2009 Indenture establish a framework for the issuance and sale of evidences of appropriation obligations, including the 2019 Series A Bonds, all previously issued general fund annual appropriation bonds issued under the 2009 Indenture (namely the 2009 Bonds, the 2016 Series B Bonds, the 2017 Series A Bonds, the 2017 Series B Bonds, and the 2017 Series C Bonds, defined below), any additional bonds issued under the 2009 Indenture (Additional 2009 Indenture Bonds), and any notes issued under the 2009 Indenture (2009 Indenture Notes) (collectively, the 2009 Indenture Bonds). Selected terms and provisions of the 2009 Indenture, along with certain capitalized terms used in this Updated Official Statement, are summarized in APPENDIX B. This Updated Official Statement updates and replaces the Official Statement dated October 16, 2018 with respect to the 2019 Series A Bonds. This Updated Official Statement contains information furnished by the State or obtained from the sources indicated.

#### THE STATE

The State is located in the Midwest among the northernmost tier of states. The State ranks 20th among the states in population and 25th in land area. Wisconsin attained statehood in 1848, its capital is Madison, and its largest city is Milwaukee.

Information concerning the State, its financial condition, and its general obligation debt is included as APPENDIX A, which incorporates by reference Part II of the 2018 Annual Report. APPENDIX A also makes updates and additions to Part II of the 2018 Annual Report, including but not limited to General Fund information for the 2018-19 fiscal year through November 30, 2018, which is presented on either a cash basis or an agency-recorded basis, and projected General Fund information for the remainder of the 2018-19 fiscal year, which is presented on a cash basis.

Requests for additional information about the State may be directed to:

#### PLAN OF FINANCE

#### **Statutory Authority for Issuance**

The 2009 Indenture Bonds were issued for the purchase of tobacco settlement revenues that were previously sold by the State. The Enabling Act contains legislative findings that the purchase of tobacco settlement revenues previously sold by the State with proceeds of Appropriation Obligations is appropriate and in the public interest and will serve a public purpose.

The Department is authorized to issue 2009 Indenture Bonds without limit to fund or refund outstanding 2009 Indenture Bonds, to pay issuance or administrative expenses, to make deposits to reserve funds, to pay accrued or funded interest, to pay costs of credit enhancement, or to make payments under certain ancillary agreements, such as Swap Agreements as defined below. The 2019 Series A Bonds are being issued, and the 2009 Indenture Bonds issued in 2016 (namely the 2016 Series B Bonds) and in 2017 (namely the 2017 Series A Bonds, the 2017 Series B Bonds, and the 2017 Series C Bonds) were issued, to fund or refund all or a portion of certain outstanding 2009 Indenture Bonds and to pay issuance or administrative expenses.

#### **General Fund Annual Appropriation Bonds**

Information concerning the State's general fund annual appropriation bonds is included in this Updated Official Statement as APPENDIX B, which incorporates by reference Part IX of the 2018 Annual Report. APPENDIX B and certain sections of this Updated Official Statement also make updates and additions to Part IX of the 2018 Annual Report.

As of January 1, 2019 the general fund annual appropriation bonds were outstanding as shown in the table on the following page.

The scheduled principal payments due on May 1, 2019 for all series of outstanding general fund annual appropriation bonds is approximately \$44 million; pursuant to the 2009 Indenture and the trust indenture for other general fund annual appropriation bonds (**2003 Indenture**), the funds for payment of principal due on May 1, 2019, and interest due on November 1, 2018 and May 1, 2019, has been on deposit with the Trustee since July 1, 2018. See "Payment From Annual Appropriations; Deposit Amount".

The Enabling Act and the 2003 Indenture established a framework for the issuance and sale of evidences of general fund annual appropriation bonds, including the 2003 Series A Bonds, 2008 Series B Bonds, 2008 Series C Bonds, 2012 Bonds, and the 2016 Series A Bonds, and any additional bonds delivered under the 2003 Indenture (2003 Indenture Bonds).

Separate appropriations exist for payment of debt service on obligations issued under the 2003 Indenture and the 2009 Indenture. An appropriation for payment of debt service on obligations issued under one trust indenture may not be available for payment of debt service on obligations issued under the other trust indenture.

<sup>(</sup>a) Pursuant to a refunding escrow agreement, the principal of, and interest on, all or a portion of the bonds will be paid as it comes due or will be called for redemption prior to maturity. The principal amount of bonds for which payment is provided is not treated as outstanding for purposes of this table.

#### **Plan of Refunding**

As provided for in the Enabling Act, the 2019 Series A Bonds are being issued for current refunding on May 1, 2019 of all or a portion of certain outstanding maturities of the 2009 Bonds (**Refunded Bonds**). The principal amount of the Refunded Bonds is \$399,730,000. The current refunding of the Refunded Bonds is for debt service savings. APPENDIX D identifies, and provides more information on, the Refunded Bonds.

<sup>(</sup>b) The State has hedged nearly all its variable rate exposure from the 2008 Series B Bonds and 2008 Series C Bonds through interest rate exchange agreements with multiple counterparties.

Upon delivery of the 2019 Series A Bonds, the majority of the proceeds of the 2019 Series A Bonds will be deposited into the Debt Service Fund. The proceeds will be invested in Qualified Investments and will be used to pay on May 1, 2019 the principal of and interest on the Refunded Bonds. Interest on the Refunded Bonds due on May 1, 2019 may also be paid with funds on deposit with the Trustee since July 1, 2018. The delivery of the 2019 Series A Bonds is expected to occur on January 31, 2019, or on such later date as may be agreed upon by the State and the Representative, as described under "Underwriting; Certain Forward Delivery Considerations, Acknowledgements, and Risks".

#### **Sources and Uses of Funds**

The proceeds from the sale of the 2019 Series A Bonds and amounts on deposit with the Trustee are expected to be used as follows:

Sources	
Principal Amount	\$359,950,000.00
State Funds On Deposit in Debt Service Fund	11,002,278.13
Original Issue Premium	44,824,231.95
TOTAL SOURCES	\$415,776,510.08
Uses	
Deposit to Debt Service Fund	\$ 413,297,729.13
Underwriters' Discount	1,820,495.75
Deposit to Operating Expense Fund	658,285.20
TOTAL USES	\$ 415,776,510.08

#### **Additional Bonds**

Subject to certain conditions, the issuance by the State of Additional 2009 Indenture Bonds under the 2009 Indenture for the following purposes is permitted:

- To refund any 2009 Indenture Bonds; and
- To pay any cost of issuing 2009 Indenture Bonds (which includes accrued or funded interest, issuance expenses, deposits to reserve funds, administrative expenses, and credit enhancement facilities), or to make payments under any Swap Agreement or credit facility.

#### **Interest Rate Exchange Agreements Under 2003 Indenture**

To hedge its variable rate exposure in connection with certain 2003 Indenture Bonds, namely the 2008 Series B Bonds and the 2008 Series C Bonds, the State continues, in part, interest rate exchange agreements that it had entered into in calendar years 2003 and 2005 and terminated, in part, in calendar year 2008 (**Existing Swap Agreements**). The Existing Swap Agreements provide for notional amounts declining over time in amounts that approximate the expected aggregate amortization of the 2008 Series B Bonds and the 2008 Series C Bonds. The counterparties on the Existing Swap Agreements and their notional amounts as of January 1, 2019 and interest rates are:

Counterparty	Current Notional Amount	Fixed Interest Rate Paid by State	Variable Interest Received By State
Citibank, N.A., New York	\$140,648,750	5.47%	One-Month LIBOR
UBS AG	166,221,250	5.47%	One-Month LIBOR
JPMorgan Chase Bank, N.A.	170,130,000	4.66%, 5.47%	One-Month LIBOR

The Existing Swap Agreements are outstanding under the 2003 Indenture, which is funded by separate appropriations than the 2009 Indenture. See "PLAN OF FINANCE; Outstanding Obligations". The 2019 Series A Bonds, issued under the 2009 Indenture, and all other outstanding 2009 Indenture Bonds, are fixed-rate obligations and the Department has not entered, nor does it intend to enter into, any interest rate

exchange agreement with respect to the 2019 Series A Bonds or any 2009 Indenture Bonds. See "RISK FACTORS; Existing Swap Agreements".

#### THE 2019 SERIES A BONDS

#### General

The 2019 Series A Bonds will be dated the date of their issuance. The 2019 Series A Bonds will be issued as fully registered bonds, in principal denominations of \$5,000 or multiples thereof. The 2019 Series A Bonds are initially being issued in book-entry-only form, so the registered owner will be a securities depository or its nominee. The Department has appointed, as the securities depository for the 2019 Series A Bonds, The Depository Trust Company (DTC).

The 2019 Series A Bonds will be dated their date of delivery (expected to be January 31, 2019) and will bear interest from that date payable on May 1 and November 1 of each year until their respective maturity dates, beginning on May 1, 2019. The forward delivery date for the 2019 Series A Bonds and certain conditions to the Underwriters' obligation to purchase the 2019 Series A Bonds give rise to certain risks to the investors. See "UNDERWRITING; Certain Forward Delivery Considerations, Acknowledgements, and Risks".

#### **Optional Redemption At Par**

The 2019 Series A Bonds maturing on or after May 1, 2028 are subject to optional redemption, at the option of the Department, on May 1, 2027 or any date thereafter, in such principal amounts and from such maturities as the State shall determine, at a redemption price equal to par (100% of the principal amount to be redeemed), plus accrued interest to the date of redemption. In the event of partial redemption, the State shall direct the amounts and maturity or maturities of the 2019 Series A Bonds to be redeemed.

#### Selection of 2019 Series A Bonds for Redemption

If some but less than all the 2019 Series A Bonds are to be redeemed on any date, the State shall select the aggregate principal amounts of each stated maturity to be redeemed.

So long as the 2019 Series A Bonds are in the book-entry-only system, there will be only one registered owner, and neither the State nor the Trustee will have responsibility for prorating partial redemptions among beneficial owners of the 2019 Series A Bonds. See "The 2019 Series A Bonds; Book-Entry-System".

The 2019 Series A Bonds of any particular maturity to be redeemed shall be selected by lot or by such other random means as the Trustee shall determine in its discretion, which shall provide for the possibility of partial redemption of 2019 Series A Bonds in multiples of \$5,000. While the 2019 Series A Bonds are in the book-entry-only system and so long as DTC is the sole registered owner of the 2019 Series A Bonds, it is DTC's practice is to determine by lottery the amount of the 2019 Series A Bonds of such maturity to be redeemed from each DTC Participant; provided that such selection will in any event be made in accordance with the operational arrangements of DTC then in effect.

#### Notice of Redemption of 2019 Series A Bonds

The Trustee shall send a notice of any redemption of 2019 Series A Bonds, by first class, registered, or certified mail or, for so long as the 2019 Series A Bonds are in the book-entry-only system, as otherwise agreed by the State and the securities depository, to the registered owner of each 2019 Series A Bond which will be redeemed in whole or in part, at the address for the registered owner shown in the registration books. Such notice will include the information as provided under the 2009 Indenture and will be provided at least 30 days but not more than 60 days prior to the date fixed for the redemption. Failure to give a notice of redemption or any defect in any such notice does not affect the validity of the proceedings for the redemption of any 2019 Series A Bonds for which proper notice was given.

Any notice of optional redemption of 2019 Series A Bonds may state that it is contingent upon the availability of appropriated funds to pay the full redemption price of the 2019 Series A Bonds to be

redeemed, or upon the satisfaction of such other conditions as an authorized Department representative may direct. At such time as the Department determines that any condition to such a redemption will not be met, it shall so notify the Trustee. Upon receipt of such notice, the Trustee shall send notice to the owners of the 2019 Series A Bonds to which redemption notices were sent, in the same manner in which the redemption notices were sent, stating that the redemption will not occur and that the 2019 Series A Bonds identified in the redemption notice will remain outstanding.

Interest on any 2019 Series A Bonds or portions of such 2019 Series A Bonds called for redemption stops accruing on the redemption date if notice of their redemption has been given as provided in the 2009 Indenture, any conditions to the redemption set forth in the notice as described in the preceding paragraph have been satisfied, and money sufficient for their payment is on deposit with the Trustee as required by the 2009 Indenture.

If any such notice states that it is contingent, then the failure to pay the redemption price of the 2019 Series A Bonds otherwise to be redeemed due to the failure of the conditions identified therein shall not constitute an event of default or event of nonappropriation or give rise to any remedy of the owners of the 2019 Series A Bonds.

#### Registration and Payment of 2019 Series A Bonds

How the 2019 Series A Bonds are paid depends on whether or not they are in book-entry-only form. While the 2019 Series A Bonds are in book-entry-only form (as they are initially), payment of principal of and premium, if any, will be made by wire transfer to the securities depository or its nominee. Payment of interest will be made by wire transfer to the securities depository or its nominee on the payment date.

The record date of the 2019 Series A Bonds is the 15<sup>th</sup> day (whether or not a Business Day) of the calendar month before the interest payment date. The Trustee serves as the registrar and paying agent for the 2019 Series A Bonds. The following is contact information for the Trustee:

#### **Ratings**

The following ratings have been assigned to the 2019 Series A Bonds:

Rating Agency
AA Fitch Ratings

Aa2 Moody's Investors Service, Inc.

Any explanation of what a rating means may only be obtained from the rating organization giving the rating. No one can offer any assurance that a rating given to the 2019 Series A Bonds will be maintained for any period of time; a rating organization may lower or withdraw the rating it gives if in its judgment circumstances so warrant. Any downgrade or withdrawal of a rating may adversely affect the market price of the 2019 Series A Bonds. The State may elect not to continue requesting ratings on the 2009 Indenture Bonds from any particular rating organization, or may elect to request ratings on the 2009 Indenture Bonds from a different rating organization.

#### **Book-Entry System**

The 2019 Series A Bonds will initially be issued in book-entry-only form. Purchasers of the 2019 Series A Bonds will not receive bond certificates but instead will have their ownership in the 2019 Series A Bonds recorded in the book-entry system.

Bond certificates are to be issued and registered in the name of a nominee of DTC, which acts as securities depository for the 2019 Series A Bonds. Ownership of the 2019 Series A Bonds by the purchasers is shown in the records of brokers and other organizations participating in the DTC book-entry system (DTC Participants). All transfers of ownership in the 2019 Series A Bonds must be made, directly or indirectly, through DTC Participants.

#### Payment

The Trustee will make all payments of principal of, and interest and any redemption premium on, the 2019 Series A Bonds to DTC. Owners of the 2019 Series A Bonds will receive payments through the DTC Participants.

#### Notices and Voting Rights

The State or Trustee will provide notices and other communications about the 2019 Series A Bonds to DTC. Owners of the 2019 Series A Bonds will receive any notices or communications through the DTC Participants. In any situation involving rights, DTC will not vote but will rather give a proxy through the DTC Participants.

#### Redemption

If less than all of the 2019 Series A Bonds of a given maturity and interest rate are being redeemed, DTC's practice is to determine by lottery the amount of 2019 Series A Bonds to be redeemed from each DTC Participant. See "THE 2019 SERIES A BONDS; Selection of 2019 Series A Bonds for Redemption".

#### Discontinued Service

In the event that participation in DTC's book-entry system were to be discontinued and a successor securities depository were not obtained, Bond certificates would be executed and delivered to DTC Participants.

#### Further Information

Further information concerning DTC and DTC's book-entry system is available at www.dtcc.com. Neither the State nor the Trustee is responsible for any information available on DTC's web site. That information may be subject to change without notice. Neither the State nor the Trustee is responsible for a failure by DTC or any DTC Participant to transfer payments or notices to the owners of the 2019 Series A Bonds or to follow the procedures established by DTC for its book-entry system.

#### Possible Discontinuance of Book-Entry System

In the event the 2019 Series A Bonds were not in book-entry-only form, how the 2019 Series A Bonds are paid and redeemed would differ.

#### Payment

Payment of principal of and premium, if any, will be made (i) by check issued upon the presentation and surrender of the 2019 Series A Bonds at the designated office of the Trustee or (ii) in such other fashion as is agreed upon between a registered owner and the Trustee, including without limitation, by wire transfer upon such prior notice as may be satisfactory to the Trustee. Interest on the 2019 Series A Bonds will be paid to the registered owner shown in the registration books on the record date, which is the 15<sup>th</sup> day of the month (whether or not a business day) of the month preceding the interest payment date (i) by check mailed by first class mail, (ii) by wire transfer to any bank in the continental United States, to any securities depository or a registered owner of \$1,000,000 or more in aggregate principal amount of Bonds who, by written request delivered to the Trustee no later than the record date for the payment, has requested the Trustee to make any payments of interest due to it at a specified wire transfer address (which request needs to be given only once unless the registered owner wishes to change the wire transfer address), or (iii) in such other fashion as is agreed upon between a registered owner and the Trustee, including without limitation, by wire transfer upon such prior notice as may be satisfactory to the Trustee.

#### Redemption

If less than all of a particular maturity of the 2019 Series A Bonds is to be redeemed, the particular 2019 Series A Bonds or portions of the 2019 Series A Bonds to be redeemed will be selected among the registered owners of the outstanding 2019 Series A Bonds of such maturity by lot or such other random means as the Trustee shall determine in its discretion, which shall provide for the possibility of partial redemption of 2019 Series A Bonds in multiples of \$5,000. Any such means of selecting 2019 Series A Bonds for redemption shall provide for the possibility of partial redemption of any 2019 Series A Bonds of a denomination greater than the smallest authorized denomination. Particular 2019 Series A Bonds may be redeemed only in multiples of the smallest authorized denomination (Unit). In the case of 2019 Series A Bonds of denominations greater than a Unit, each Unit shall be treated as though it were a separate 2019 Series A Bond in the denomination of a Unit. If it is determined that one or more, but not all, of the Units of principal amount represented by any such 2019 Series A Bonds are to be called for redemption, then upon notice of redemption of such Unit or Units, the Registered Owner of such 2019 Series A Bond shall present and surrender the same to the Trustee (i) for the payment of the Redemption Price in respect of the Unit or Units called for redemption and (ii) in exchange for a new 2019 Series A Bond of the same stated maturity and interest rate in the aggregate principal amount of the unredeemed balance of the principal amount not called for redemption. A new 2019 Series A Bond representing the unredeemed balance of the principal amount of such 2019 Series A Bond shall be issued to the Registered Owner thereof without charge therefor. If the Registered Owner of any such 2019 Series A Bond shall fail to present such 2019 Series A Bond to the Trustee for payment and exchange as aforesaid, such 2019 Series A Bond shall nevertheless, subject to the provisions of the 2009 Indenture, become due and payable as provided in the 2009 Indenture on the date fixed for redemption to the extent of the Unit or Units of principal amount called for redemption (and to that extent only).

Any notice of the redemption of any 2019 Series A Bonds would be mailed by first class, registered or certified mail, at least 30 days but not more than 60 days prior, to the date of redemption to the registered owners of any 2019 Series A Bonds to be redeemed. Interest on any 2019 Series A Bond called for redemption will cease to accrue on the redemption date so long as the 2019 Series A Bond was paid or money was on deposit with the Trustee for its payment.

#### PAYMENT FROM ANNUAL APPROPRIATIONS

The 2019 Series A Bonds are not general obligations of the State, and the 2019 Series A Bonds do not constitute "public debt" of the State as that term is used in the Wisconsin Constitution and in the Wisconsin Statutes. The payment of the principal of, and premium, if any, and interest on the 2019 Series A Bonds is subject to annual appropriation; that is, payments due in any Fiscal Year of the State will be made only to the extent sufficient amounts are appropriated by the legislature of the State (**Legislature**) for that purpose. The State is not legally obligated to appropriate any amounts for payment of debt service on the 2019 Series A Bonds, and if it does not do so, it incurs no liability to the owners of the 2019 Series A Bonds. Thus, payment of the 2019 Series A Bonds is at the discretion of the Legislature.

#### **General Fund**

The Wisconsin Statutes establish the General Fund, into which are deposited income tax, sales tax, and other general tax revenues and other revenues not dedicated to a specific purpose. Out of the General Fund the State pays its general operating expenses, shared revenues to local governmental units, aids to individuals and organizations, and many State program expenses. See APPENDIX A.

The State has chosen a name for the 2009 Indenture Bonds (including the 2019 Series A Bonds) that includes the words "General Fund" because the Enabling Act reflects an expectation that appropriations to pay debt service will be made from the General Fund. In the Enabling Act, the Legislature expressed its expectation and aspiration (but not a binding obligation) that it would make timely appropriations from money in the General Fund that are sufficient to pay the principal and interest due in any year with respect to obligations such as the 2009 Indenture Bonds. A budget adopted for a future year, however, may fail to make an appropriation or may change the source of the appropriation to a fund other than the

General Fund (and thus a fund with substantially less annual revenues than the General Fund). See "RISK FACTORS; Dependence Upon Annual Appropriations" and "RISK FACTORS; Nature of Moral Obligation."

#### **Budget Process**

Annual appropriations are made through the enactment of the State budget. Most of the budget process derives from statutory laws or custom and practice, and thus the process is subject to change. See APPENDIX A, which incorporates by reference Part II of the 2018 Annual Report, and APPENDIX B, which incorporates by reference Part IX of the 2018 Annual Report, for further information about the State's budget process.

#### **Annual Appropriations and Continuing Authority**

Although the Wisconsin Statutes provide for other types of appropriations, any appropriation made to pay debt service on the 2009 Indenture Bonds as anticipated by the Enabling Act would be an annual appropriation. That is, the amount appropriated would be separately stated for each of the two Fiscal Years that the biennium comprises, and any unused amount would lapse at the end of the applicable Fiscal Year.

The failure of the Legislature to adopt a new budget before the commencement of a biennium does not result in a lack of spending authority. Under Wisconsin law an existing appropriation continues in effect until it is amended or repealed. Thus, in the event a budget is not in effect at the start of a Fiscal Year, the prior year's budget serves as the budget until such time a new one is enacted. Once a newly enacted budget becomes effective, the continuing authority is superseded by the newly enacted appropriations.

The continuing authority of existing appropriations until a new budget is adopted helps to protect against the effect of a delay in the adoption of a budget. The 2017-19 biennial budget of the State was enacted on September 21, 2017, which was 82 days after the start of the biennium. Of the ten prior biennial budgets, the 2009-11, 2011-13 and 2013-15 biennial budgets were enacted prior to the start of the biennium; however, the 2015-17 biennial budget and each of the six biennial budgets prior to the 2009-11 biennium was enacted after the start of the biennium, with the latest date after the start of a biennium being October 27, 1999 (for the 1999-2001 biennium), which was nearly four months after the start of the first Fiscal Year of that biennium.

#### **General Fund Cash Flow and Priority of Payments**

The State has experienced, and expects to continue to experience, certain periods when the General Fund is in a negative cash position. The Wisconsin Statutes provide certain administrative remedies to deal with these periods. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund.

If needed, the Secretary of Administration has statutory power to order reductions in the appropriations of state agencies, which represent less than one-quarter of the General Fund budget. In addition, the Secretary of Administration may set priorities for payments from the General Fund as well as prorate certain payments. The Wisconsin Statutes provide that all payments shall be in accordance with the following order of preference:

- All direct and indirect payments of principal of, and interest on, State general obligation debt have first priority and may not be prorated or reduced.
- All direct and indirect payments of principal of, and interest on, operating notes have second priority and may not be prorated or reduced.
- All State employee payrolls have third priority and may be prorated or reduced.
- All other payments shall be paid in a priority determined by the Secretary of Administration and may be prorated or reduced.

In the authorizing certification for the 2009 Bonds, the Secretary of Administration has covenanted to give debt service payments on appropriation obligations of the State (including, but not limited to, the 2009 Indenture Bonds and the 2019 Series A Bonds) a higher priority than all other payments (after the first three statutory priorities above) that may be prorated or reduced. Similar covenants have been made with respect to debt service payments on the 2003 Indenture Bonds, lease payments due under the State's existing master lease and appropriations to the Wisconsin Center District to assist in the development and construction of a new arena in Milwaukee, Wisconsin. Before the Secretary of Administration may establish a priority schedule for payments, the Secretary of Administration is required to notify the Legislature's Joint Committee on Finance.

#### **Enabling Act Provisions**

The Enabling Act contains a statement to the effect that the Legislature, recognizing its moral obligation to make timely appropriations from the General Fund sufficient to pay debt service on obligations such as the 2009 Indenture Bonds (including the 2019 Series A Bonds), expresses its expectation and aspiration that it will do so. The Legislature's recognition of a moral obligation, however, does not create a legally enforceable obligation. See "RISK FACTORS; Nature of Moral Obligation".

The Wisconsin Statutes include an appropriation of moneys received from any sale of refunding appropriation bonds for payment of the redemption price of refunded bonds and related obligations incurred under ancillary agreements (such as Swap Agreements). The Wisconsin Statutes also include, in the schedule of annual appropriations, an appropriation from the General Fund to pay debt service costs due in the current Fiscal Year on appropriation obligations (such as the 2009 Indenture Bonds) issued under the Enabling Act, to make payments under ancillary agreements, to make deposits into reserve funds, and to pay related issuance or administrative costs. See "PAYMENT FROM ANNUAL APPROPRIATIONS; 2017-19 Biennium".

#### **Determination of Annual Appropriation Amount**

In the 2009 Indenture, the State directs officers of the Department of Administration to take actions to facilitate the appropriation for each Fiscal Year of a specified amount (**Annual Appropriation Amount**) for the purpose of paying debt service on the 2009 Indenture Bonds and for other purposes under the 2009 Indenture. The Annual Appropriation Amount equals the sum of specific amounts (except that, for the second Fiscal Year in a biennium, the Annual Appropriation Amount equals the sum of the below-described amounts determined for such second Fiscal Year or the immediately succeeding Fiscal Year, whichever is greater).

With respect to the 2009 Indenture Bonds, the Annual Appropriation Amount is determined by adding the following:

- *Bonds Principal Maturities*. The amount of principal of 2009 Indenture Bonds maturing during the Fiscal Year.
- *Bonds Redemption*. The amount of principal of 2009 Indenture Bonds to be redeemed during the Fiscal Year, including any scheduled amount to be redeemed pursuant to optional redemption.
- *Bonds and Notes Fixed Rate Interest*. Interest to be paid during the Fiscal Year on 2009 Indenture Bonds and Notes, if any, bearing interest at a fixed rate.
- Bonds and Notes Variable Rate Interest (Maximum Rate). Interest that would be payable during the Fiscal Year on 2009 Indenture Bonds and Notes, if any, bearing interest at a variable rate, assuming they bear interest at the maximum permitted rate.
- Funding Obligations Interest (Assumed Rate). The amount of interest on Additional 2009 Indenture Bonds or Notes, if any, assuming that they are issued to fund Notes that mature during, or prior to, the Fiscal Year, that they bear interest at a

rate of 15%, and that they are in a principal amount estimated by the Department to be sufficient.

- Funding Obligations Principal. The amount, if any, certified by an authorized Department representative to be the expected principal amortization in such Fiscal Year for Additional 2009 Indenture Bonds to be issued to fund Notes, if any, that are scheduled to mature during, or prior to, the Fiscal Year.
- Swap Agreements (Assumed Rate). The maximum amount of any payment obligations (other than termination payments) that would be payable during the Fiscal Year under interest rate exchange agreements that provide for a variable rate or rates to be paid by the State to the counterparty, with any payment that is determined without limit as to amount to be determined at a rate that would result if the index provided in such agreement were at 15% per annum.
- Credit Facilities. The maximum amount of payments due during the Fiscal Year with respect to credit facilities, to the extent not included in the amounts described above.
- *Administrative Expenses*. Estimated administrative expenses payable from the Operating Expense Fund during the Fiscal Year.
- Swap Termination Payments. The amount of all termination payments with respect to interest rate exchange agreements that are unpaid as of the September 1<sup>st</sup> immediately preceding the commencement of the biennium that includes the Fiscal Year, plus interest to accrue on the payments to the date on which they are reasonably expected to be made.

The determination of the Annual Appropriation Amount does not include the principal amount of any Notes.

#### **2017-19 Biennium**

The General Fund budget adopted by the Legislature for the current biennium (2017-19), and the schedule of annual appropriations in the Wisconsin Statutes, includes an appropriation from the General Fund to make debt service payments due in the 2018-19 fiscal year on the 2009 Indenture Bonds issued under the Enabling Act, to make payments under ancillary agreements, to make deposits into reserve funds, and to pay related issuance or administrative costs.

In addition, since the 2018-19 fiscal year is the second Fiscal Year of the 2017-19 biennium, the Annual Appropriation Amount is based on the greater of the amount determined for the 2018-19 fiscal year and the amount determined for the first year of the next biennium (fiscal year 2019-20). See "PAYMENT FROM ANNUAL APPROPRIATIONS; Annual Appropriations and Continuing Authority".

The Annual Appropriation Amount for the 2017-19 biennium was determined prior to the issuance of the 2019 Series A Bonds. For the 2018-19 fiscal year, interest due May 1, 2019 on the Refunded Bonds has been on deposit with the Trustee since July 1, 2018, and those funds combined with any 2019 Series A Bond proceeds, will be sufficient to pay debt service on both the Refunded Bonds and the 2019 Series A Bonds. For both the 2019-20 fiscal year and the 2020-21 fiscal year, the annual debt service on the 2019 Series A Bonds is expected to be less than the annual debt service on the portion of the 2009 Bonds refunded by the 2019 Series A Bonds. As a result, due to the requirements outlined above regarding determination of the Annual Appropriation Amount for the second Fiscal Year of a biennium, if the Legislature did not adopt a new budget before the start of the 2019-21 biennium, the continuing authority of appropriations from the 2018-19 fiscal year would be sufficient to make all payments of principal and interest due on the 2009 Indenture Bonds through at least June 30, 2020.

#### **2019-21 Biennium**

The following table summarizes the calculation of the Annual Appropriation Amount for the 2009 Indenture Bonds that will be required for the 2019-21 biennium. The Annual Appropriation Amount has been calculated pursuant to the factors outlined above. The calculation for the 2019-21 biennium does not incorporate the issuance of the 2019 Series A Bonds, however, the annual debt service on the 2019 Series A Bonds is expected to be less than the annual debt service on the portion of the 2009 Bonds refunded by the 2019 Series A Bonds. If provided for during the preparation and release of the executive budget, or legislative review and approval of the 2019-21 biennial budget, the Annual Appropriation Amounts for the 2019-21 biennium may be reduced to reflect the effect of the refunding accomplished by the issuance of the 2019 Series A Bonds.

<sup>(</sup>a) First Fiscal Year of the next biennium.

The table on the following page includes the amount previously appropriated by the Legislature in each Fiscal Year since the date the 2009 Indenture Bonds were issued. Prior to the 2011-12 fiscal year, an Annual Appropriation Amount was not yet required under the 2009 Indenture so the amount appropriated equaled either an estimate (for the 2008-09 fiscal year) or the amount that the Annual Appropriation Amount would have been for that respective Fiscal Year, if such a determination were so required. For the 2017-18 and 2018-19 fiscal years, the amount appropriated by the Legislature was the Annual Appropriation Amount at the time of such legislative action; the Annual Appropriation Amount was subsequently reduced to reflect debt service savings resulting from the issuance of the 2017 Series C Bonds.

#### **Deposit Amount**

The 2009 Indenture also provides that, on the first business day of each Fiscal Year, the State shall pay to the Trustee from appropriated funds, for deposit into the Appropriations Fund, an amount (**Deposit Amount**) certified by the Secretary as the net amount reasonably expected to be needed during that Fiscal Year to pay principal of the 2009 Indenture Bonds (including any scheduled amount to be redeemed by optional redemption), interest on the 2009 Indenture Bonds, and any payment obligations (other than Subordinated Swap Payment Obligations) with respect to Swap Agreements, and to pay administrative expenses.

Due to requirements for determining the Annual Appropriation Amount, the Deposit Amount is expected to be less than the Annual Appropriation Amount. The Deposit Amount in the 2018-19 fiscal year for the 2009 Indenture Bonds, was calculated and certified to be \$65 million.

### AMOUNTS APPROPRIATED BY LEGISLATURE (Section 20.505 (1)(bq), Wisconsin Statutes)

Fiscal Year	Annual Appropriation Amount	Amount Appropriated By Legislature
2008-09	n/a	\$ 165,000,000
2009-10	n/a	98,800,000
2010-11	n/a	92,600,000
2011-12	\$ 92,474,100	92,474,100
2012-13	93,693,400	93,693,400
2013-14	93,693,400	93,693,400
2014-15	113,262,100	113,262,000
2015-16	113,262,037	113,262,000
2016-17	107,423,457	107,423,500
2017-18	70,493,340	76,783,800
2018-19	99,072,112	105,433,400

#### **Swap Agreements**

While none currently exist, the 2009 Indenture does allow the State from time to time to enter into (and thereafter may terminate) interest rate exchange agreements, indexing agreements, or similar agreements relating to any 2009 Indenture Bonds (**Swap Agreements**). The State's obligation to make payments under the Swap Agreements will be payable from money held in separate accounts established in the Debt Service Fund under the 2009 Indenture for that purpose. Payments under a Swap Agreement may include net payments based on the interest rates exchanged. Should a Swap Agreement be terminated, under certain circumstances the State may be required to make a termination payment. The Enabling Act provides authority for the State to issue Additional 2009 Indenture Bonds to make this payment. Money held in the Debt Service Fund may be applied to a termination payment under a Swap Agreement only if the termination payment was due on September 1<sup>st</sup> of the year before the first Fiscal Year in a biennium and a budget bill has been enacted for the biennium. Correspondingly, the budget request for the first Fiscal Year in any biennium is expected to include an amount to provide for any termination payment that was due on September 1<sup>st</sup> of the prior year. If certain conditions of the 2009 Indenture are met, termination payments may be payable from money held in (or permitted to be transferred to) the Subordinated Payment Obligations Fund.

#### **Event of Nonappropriation**

The 2009 Indenture defines **Event of Nonappropriation** to mean an insufficiency of appropriated funds in any Fiscal Year to pay when due all debt service on 2009 Indenture Bonds and Additional 2009 Indenture Bonds and payment obligations under Swap Agreements, other than termination payments under Swap Agreements that were not included in the determination for that Fiscal Year of the Annual Appropriation Amount (**Subordinated Swap Payment Obligations**). Upon an Event of Nonappropriation, the Secretary of Administration will promptly provide a written notice to the Trustee.

The 2009 Indenture provides that, if an executive budget bill, as introduced, or a budget bill adopted by either house of the Legislature, fails to include the Annual Appropriation Amount, then the Secretary of Administration will provide a written notice to the Governor and the presiding officer of each house of the Legislature, requesting action to ensure the satisfaction of the State's moral obligation and will promptly provide a written notice to the Trustee and each rating agency rating the 2009 Indenture Bonds, stating the nature of the deficiency. Similarly, if a budget bill that fails to include the Annual Appropriation Amount is signed into law by the Governor, then the Secretary of Administration will send a letter to the Governor and the presiding officer of each house of the Legislature seeking the introduction of a separate bill authorizing the appropriation that would be needed. As of the date of this Updated

Official Statement, the Secretary of Administration has not been required to provide any such notice or letter required under the 2009 Indenture.

#### **Authorized Stabilization Fund**

The 2009 Indenture authorized the creation of a Stabilization Fund. While the State has not funded and does not currently expect to fund the Stabilization Fund under the 2009 Indenture, it may do so in connection with the issuance of Additional 2009 Indenture Bonds. See APPENDIX B.

The 2003 Indenture did establish a Stabilization Fund, with a current Stabilization Fund Amount requirement of \$32,935,000 (although the State is considering action to reduce said amount). However, the 2003 Indenture Stabilization Fund is not available to the 2009 Indenture Bonds.

#### Other Funds Established by 2009 Indenture

The 2009 Indenture establishes an Appropriations Fund, an Operating Expense Fund, a Debt Service Fund, a Subordinated Payment Obligations Fund, and a Rebate Fund.

#### RISK FACTORS

#### **Dependence Upon Annual Appropriations**

The State's obligation to make payments of the principal of and interest on the 2009 Indenture Bonds, including the 2019 Series A Bonds, is not a general obligation of the State and is not supported by the full faith and credit of the State. The State's obligation to make those payments, and its obligation to make payments on any Swap Agreements, is subject to annual appropriation of the necessary funds by the Legislature. The amounts that are payable in any Fiscal Year from the annual appropriation are subject to change, for example, because of the termination of any Swap Agreements, the State's entering into additional Swap Agreements, the State's issuance of refunding bonds or Additional 2009 Indenture Bonds, or the State's issuance of other appropriation obligations. No assurance is given that sufficient funds will be appropriated or otherwise available to make those payments in the future.

The owners of 2009 Indenture Bonds (including the 2019 Series A Bonds) could suffer a loss or fail to obtain payment on a timely basis if no appropriation were made or if an insufficient appropriation were made. This could occur either through the direct action of the Legislature or the Governor or through a failure to act. The Governor may include or exclude the annual appropriations in the executive budget bill, and similarly, the Legislature may include or exclude the annual appropriations in the budget the Legislature adopts. Moreover, even if the annual appropriations are included in the budget the Legislature adopts, the Governor has the power to veto the appropriations. See "PAYMENT FROM ANNUAL APPROPRIATIONS".

#### No Collateral

Other than granting a security interest in money held in funds under the 2009 Indenture, the State has not pledged any collateral or other security to support payment of the principal of or interest on the 2009 Indenture Bonds, including the 2019 Series A Bonds. If the State were to fail to appropriate sufficient funds for that payment, the owners of the 2009 Indenture Bonds, including the 2019 Series A Bonds, would not have any recourse against any other property or revenues of the State.

#### **Nature of Moral Obligation**

In the Enabling Act, the Legislature, recognizing its moral obligation to do so, expressed its expectation and aspiration to make timely appropriations from moneys in the General Fund that are sufficient to pay debt service on the 2009 Indenture Bonds in any year; however, the recognition of a moral obligation does not create a legally enforceable obligation. The Legislature's recognition of a moral obligation would provide strong but not conclusive evidence in support of a judicial determination that a payment made by the State serves a public purpose and thus should not be enjoined if a lawsuit challenged the payment as not legally required.

#### **Legislative Decision-Making**

Legislative decisions, such as making appropriations through the adoption of a budget, may be influenced by many factors. The Secretary of Administration believes that failure to make payments of the principal of, and premium, if any, and interest on, any of the 2009 Indenture Bonds might hinder the State's subsequent access to the capital markets; however, it should not be assumed that the Legislature would regard that possible consequence to be a compelling reason to appropriate the money needed for those payments. Future occurrences could adversely affect legislative support for appropriating the money needed for those payments.

Moreover, certain events could result in the need for an appropriation that is larger than originally expected. For example, the State could be required to pay a substantial termination payment upon the termination of a Swap Agreement, including a termination outside the State's control. In addition, the Legislature may authorize the State to issue other obligations that are payable from the same annual appropriations, and it may also consider and adopt legislation that changes the amounts of existing appropriations.

The State intends to refund the principal amount of the 2017 Series C Bonds maturing in 2027 (\$378 million) so that the principal will be repaid in smaller annual amounts over years on or subsequent to 2027. It cannot be predicted what the State may do with respect to its debt structure in the future based on the circumstances existing at that time. If the State is unable to access the debt market when the 2017 Series C Bonds maturing in 2027 come due, a large payment would be required, which may affect the legislative decisions at that time regarding making appropriations in the budget.

#### **State Financial Difficulties**

The sole source of repayment of the 2019 Series A Bonds is appropriations made by the Legislature. The availability of State funds for such appropriations is a function of the condition of the State economy and such appropriations typically occur during a biennial budget process. The Legislature may base its decisions about appropriations on many factors, including the State's economic performance. Decreases in State revenues may adversely affect the appropriations made by the Legislature. No liability would accrue to the State in the event the Legislature does not make appropriations for repayment of the 2019 Series A Bonds, and the State would not be obligated or liable for any future payments or any damages.

#### **Forward Delivery Considerations**

The 2019 Series A Bonds were sold on a "forward" basis. The 2019 Series A Bonds will be purchased by the Underwriters pursuant to the Forward Delivery Purchase Agreement as defined below. The obligation of the Underwriters to purchase the 2019 Series A Bonds from the State is subject to satisfaction of certain conditions as set forth in the Forward Delivery Purchase Agreement as of the forward delivery date. The forward delivery date for the 2019 Series A Bonds and certain conditions to the Underwriters' obligation to purchase the 2019 Series A Bonds give rise to certain risks to investors. See "UNDERWRITING; Certain Forward Delivery Considerations, Acknowledgements, and Risks" for a discussion of the Forward Delivery Purchase Agreement and related risks.

#### **Existing Swap Agreements**

While the Existing Swap Agreements are outstanding pursuant to the 2003 Indenture, and paid from appropriations different than the 2009 Indenture Bonds, there are certain general financial risks the State is subject to as a result of the Existing Swap Agreements.

The State has hedged nearly all its variable-rate exposure on the 2008 Series B Bonds and the 2008 Series C Bonds through the Existing Swap Agreements. As of December 31, 2018, the aggregate fair market value of the Existing Swap Agreements was negative \$114 million. The fair market value may vary throughout the life of the Existing Swap Agreements due to changes in interest rates and swap market conditions.

#### GASB 53 Disclosure

All the Existing Swap Agreements, as of June 30, 2018, continue to be classified as effective cash flow hedges for purposes of GASB Statement No. 53. As a result, changes to fair market value are not reported in the State's general purpose financial statements. The State contracts with a third party advisor to provide estimates of the fair market value of the Existing Swap Agreements.

#### Interest Rate Risks

Although the overall effective interest rate is synthetically fixed as a result of the Existing Swap Agreements, interest payments on the 2008 Series B Bonds and the 2008 Series C Bonds and net swap payments will vary as interest rates vary.

#### Credit Risks

To the extent the fair market value of an Existing Swap Agreement were positive, the State would be subject to credit risk of the counterparty in the like amount. The ratings of counterparties to the Existing Swap Agreements also present the State with other credit risk factors. As of January 1, 2019, the lowest rating assigned to these counterparties was A1 by Moody's Investors Service, Inc., A+ by S&P Global Ratings, and A+ by Fitch Ratings. Under each of the Existing Swap Agreements and to mitigate the potential for credit risk, if any counterparty's credit rating falls below A3 by Moody's Investors Service, Inc. or A– by either S&P Global Ratings or Fitch Ratings, then the counterparty will be required to fully collateralize the fair market value of the Existing Swap Agreement. In addition, an event of termination occurs under an Existing Swap Agreement if the counterparty's credit rating falls below Baa2 by Moody's Investors Service, Inc. or BBB by either S&P Global Ratings or Fitch Ratings.

#### Termination Risks

Any Existing Swap Agreement may be terminated by the State upon two business days written notice, designating to the counterparty the termination date. In addition, either the State or the counterparty may terminate any Existing Swap Agreement if the other party fails to perform under the terms of the Existing Swap Agreement, or if other various events occur. If any Swap Agreement were terminated, the State would be unhedged and exposed to additional interest rate risk on a like amount of the 2008 Series B Bonds and 2008 Series C Bonds. In addition, if the terminated Existing Swap Agreement were to have a negative fair market value at the time of termination, the State would incur a loss and would be required to make a settlement payment to the counterparty. Termination payments, if required to be made, can be made, at the State's discretion, from the Stabilization Fund of the 2003 Indenture, or delayed until funds are available in the Subordinated Payment Obligations Fund of the 2003 Indenture, or until the next biennium when appropriations can be made in the biennial budget for the termination payments.

#### Market-Access and Rollover Risks

Each of the Existing Swap Agreements has a term that is equal to the related maturities of the 2008 Series B Bonds and the 2008 Series C Bonds. In addition, since the notional amounts of the Existing Swap Agreements decline in a manner substantially related to the scheduled amortization of the 2008 Series B Bonds and the 2008 Series C Bonds, there is no material market-access risk or rollover risk relating to the Existing Swap Agreements.

#### **Investment Loss**

In the event a loss were incurred on appropriated funds held in funds or accounts under the 2009 Indenture, no assurance can be given that additional amounts could be withdrawn from the General Fund pursuant to the appropriation to replenish the loss. See APPENDIX B for a description of Qualified Investments.

#### **Tax Exemption**

There are or may be pending in the Congress of the United States legislative proposals relating to the federal tax treatment of interest on obligations of the nature of the 2019 Series A Bonds. The State cannot

predict whether and in what form any such proposal might be enacted or how such proposals, if enacted, would apply to the 2019 Series A Bonds. A change in the federal tax status of the 2019 Series A Bonds may cause the value of the 2019 Series A Bonds to fall. In addition, interest on the 2019 Series A Bonds could become includible in gross income for federal income tax purposes as a result of future acts or omissions of the State. See "TAX MATTERS; Federal Tax Considerations."

#### **Additional Bonds**

The 2009 Indenture does not preclude the issuance of Additional Bonds under circumstances in which the resulting debt service might exceed the amount appropriated for the biennium during which the Additional Bonds are issued.

#### UNDERWRITING

The 2019 Series A Bonds are being purchased by the **Underwriters**, for which Stifel, Nicolaus & Company, Incorporated, is serving as representative (**Representative**). The Underwriters agreed, subject to certain conditions, to purchase from the State the 2019 Series A Bonds at an aggregate purchase price of \$402,953,736.20 (reflecting an original issuance premium of \$44,824,231.95 and an underwriters' discount of \$1,820,495.75). The Underwriters agreed to reoffer the 2019 Series A Bonds at the public offering prices set forth on the front cover of this **Updated Official Statement**. The 2019 Series A Bonds may be offered and sold to certain dealers (including dealers depositing the 2019 Series A Bonds into investment trusts) at prices lower than such public offering prices, and such prices may be changed, from time to time, by the Underwriters. The Underwriters' obligations are subject to certain conditions, and they will be obligated to purchase all the 2019 Series A Bonds if they purchase any of the 2019 Series A Bonds.

In connection with the offering of the 2019 Series A Bonds, the Underwriters may over-allot or effect transactions which stabilize or maintain the market prices of the 2019 Series A Bonds at levels above those that might otherwise prevail in the open market. Such stabilizing, if commenced, may be discontinued at any time.

Certain of the Underwriters may have entered into retail distribution agreements with third party broker-dealers, under which the Underwriters may distribute municipal securities to retail investors through the respective financial advisors or electronic trading platforms of such third party broker-dealers. As part of these arrangements, the Underwriters may share a portion of their underwriting compensation with such third party broker-dealers.

The Underwriters and their affiliates include full service financial institutions engaged in various activities, which may include sales and trading, commercial and investment banking, advisory, investment management, investment research, principal investment, hedging, market making, brokerage and other financial and non-financial activities and services. In the course of their various business activities, the Underwriters and their affiliates, officers, directors, and employees may purchase, sell, or hold investments or other financial instruments for their own accounts and for the accounts of their customers. Such investment and trading activities may involve assets, securities, or other instruments of the State (directly, as collateral securing other obligations, or otherwise) or of others that have relationships with the State. The Underwriters and their affiliates may also communicate independent investment recommendations, market color, or trading ideas and may publish or express independent research views in respect of any such assets, securities, or instruments and may at any time hold, or recommend to clients that they should acquire, long or short positions in such assets, securities, or instruments.

Certain legal matters will be passed upon for the Underwriters by their counsel, MWH Law Group LLP.

#### Certain Forward Delivery Considerations, Acknowledgements, and Risks

On October 16, 2018, the State entered into a forward delivery bond purchase agreement (**Forward Delivery Purchase Agreement**) for the 2019 Series A Bonds with the Underwriters, acting through the Representative. Subject to the terms of the Forward Delivery Purchase Agreement, the State expects to

issue and deliver the 2019 Series A Bonds on January 31, 2019, or on such later date (no later than February 7, 2019) as is mutually agreed upon by the State and the Representative (**Forward Settlement Date**). The following is a description of certain provisions of the Forward Delivery Purchase Agreement. This description is not to be considered a full statement of the terms of the Forward Delivery Purchase Agreement and accordingly is qualified by reference thereto and is subject to the full text thereof.

The obligation of the Underwriters to purchase the 2019 Series A Bonds from the State is subject to the satisfaction of certain conditions as of the Forward Settlement Date.

The State agreed in the Forward Delivery Purchase Agreement to prepare an updated Official Statement, dated a date not more than twenty-five nor less than ten days prior to the Forward Settlement Date, and this Updated Official Statement satisfies that requirement.

The issuance and purchase of the 2019 Series A Bonds on the Forward Settlement Date are subject to the satisfaction of certain conditions set forth in the Forward Delivery Purchase Agreement, including, among other things, the delivery to the Representative of certain documents and legal opinions, and the satisfaction of other conditions, on and as of the Forward Settlement Date, including the delivery to the Representative of: (i) the opinion of Bond Counsel, substantially in the form and to the effect set forth in APPENDIX C relating to the 2019 Series A Bonds, (ii) this Updated Official Statement, and (iii) written evidence satisfactory to the Representative that Fitch Ratings and Moody's Investors Service, Inc. continue to rate (at any level) the 2019 Series A Bonds. Changes or proposed changes in federal or state laws, court decisions, regulations or proposed regulations or rulings of administrative agencies occurring or in effect prior to the Forward Settlement Date or the failure by the State to provide closing documents of the type customarily required in connection with the issuance of state and local government tax-exempt bonds could prevent those conditions from being satisfied. None of the 2019 Series A Bonds will be issued unless all of the 2019 Series A Bonds are issued and delivered on the Forward Settlement Date.

#### Termination of Forward Delivery Purchase Agreement

The Representative has the right, between the date of the Forward Delivery Purchase Agreement and the Forward Settlement Date, by written notice to the State, to cancel the Underwriters' obligation to purchase the 2019 Series A Bonds if, in the Representative's sole and reasonable judgment, any of the following events occur during that time and cause the market price or marketability of the 2019 Series A Bonds, or the ability of the Underwriters to enforce contracts for the sale of the 2019 Series A Bonds, to be materially adversely affected:

- There shall have been a Change in Law. A "Change in Law" means (i) any change in or addition to applicable federal or state law, whether statutory or as interpreted by the courts or by federal or state agencies, including any changes in or new rules, regulations or other pronouncements or interpretations by federal or state agencies; (ii) any legislation enacted by the Congress of the United States (if such enacted legislation has an effective date which is on or before the Forward Settlement Date), (iii) any law, rule or regulation enacted by any governmental body, department or agency (if such enacted law, rule or regulation has an effective date which is on or before the Forward Settlement Date) or (iv) any judgment, ruling or order issued by any court or administrative body, which in any such case would, (A) as to the Underwriters prohibit the Underwriters from completing the underwriting of the 2019 Series A Bonds or selling the 2019 Series A Bonds or beneficial ownership interests therein to the public, or (B) as to the State, would make the completion of the issuance, sale or delivery of the 2019 Series A Bonds illegal.
- As a result of any legislation, regulation, ruling, order, release, court decision or judgment or
  action by the U.S. Department of the Treasury, the Internal Revenue Service, or any agency of
  the State either enacted, issued, effective, adopted or proposed (but only with respect to any such
  proposed legislation, regulation, ruling, order, release, court decision or judgment or action that
  continues to be proposed as of the Forward Settlement Date), or for any other reason Bond

Counsel cannot issue an opinion substantially in the form of APPENDIX C as to the tax-exempt status of the 2019 Series A Bonds.

- There shall have occurred (i) an outbreak or escalation of hostilities (but not any such event that shall have occurred prior to the date of the Forward Delivery Purchase Agreement, including, but not limited to, actions in Afghanistan, Iraq and Syria) or the declaration by the United States of a national emergency or war or (ii) any other calamity or crisis in the financial markets of the United States or elsewhere.
- A general suspension of trading on the New York Stock Exchange or other major exchange shall be in force, or minimum or maximum prices for trading shall have been fixed and be in force, or maximum ranges for prices for securities shall have been required and be in force on any such exchange, whether by virtue of determination by that exchange or by order of the U.S. Securities and Exchange Commission (SEC) or any other governmental authority having jurisdiction.
- A general banking moratorium has been declared by federal, New York or State authorities and shall remain in effect.
- Legislation shall have been enacted by the Congress of the United States or shall have been favorably reported out of committee or be pending in committee, or shall have been recommended to the Congress for passage by the President of the United States, or a decision by a court of the United States shall be rendered, or a ruling, regulation, proposed regulation or statement by or on behalf of the SEC or other governmental agency having jurisdiction of the subject matter shall be made, to the effect that any obligations of the general character of the 2019 Series A Bonds are not exempt from the registration, qualification or other requirements of the Securities Act of 1933, the Securities Exchange Act of 1934 or the Trust Indenture Act of 1939 or otherwise, or would be in violation of any provision of the federal securities laws.
- Any event or circumstance exists that either makes untrue or incorrect, in a material respect, any statement or information contained in this Updated Official Statement, or is not reflected in this Updated Official Statement but should be reflected in this Updated Official Statement in order to make the statements and information contained in this Updated Official Statement not misleading in any material respect and, in either such event, the State refuses to permit this Updated Official Statement to be supplemented to supply such statement or information, or the effect of this Updated Official Statement as so supplemented is to materially adversely affect the market price or marketability of the 2019 Series A Bonds or the ability of the Underwriters to enforce contracts for the sale of the 2019 Series A Bonds.
- The New York Stock Exchange or other national securities exchange, or any governmental authority, shall impose as to the 2019 Series A Bonds or securities of the general character of the 2019 Series A Bonds, any new material restrictions not in force as of the date of the Forward Delivery Purchase Agreement with respect to the extension of credit by or the charge to the net capital requirements of the Underwriters.
- As of the Forward Settlement Date, the 2019 Series A Bonds are not rated (or any rating on the 2019 Series A Bonds is suspended) by Fitch Ratings or Moody's Investors Service, Inc.

Additional Risks Related to Forward Delivery Period

Between the date of the Forward Delivery Purchase Agreement and the Forward Settlement Date (**Forward Delivery Period**), certain information contained in this Updated Official Statement may change in material respects. Any changes in such information will not permit the Representative to terminate the Forward Delivery Purchase Agreement or release the purchasers of their obligation to purchase the 2019 Series A Bonds unless the change reflects an event described under "*Termination of Forward Delivery Purchase Agreement*" above. In addition to the risks set forth above and under "RISK"

FACTORS" herein, purchasers of the 2019 Series A Bonds are subject to certain additional risks, some of which are described below.

*Ratings Risk.* Issuance of the 2019 Series A Bonds and the Underwriters' obligations under the Forward Delivery Purchase Agreement are not conditioned upon the assignment of any particular ratings for the 2019 Series A Bonds or the maintenance of the initial ratings of the 2019 Series A Bonds.

Secondary Market Risk. The Underwriters are not obligated to make a secondary market for the 2019 Series A Bonds, and no assurance can be given that a secondary market will exist for the 2019 Series A Bonds during the Forward Delivery Period or at any time thereafter. Prospective purchasers of the 2019 Series A Bonds should assume that there will be no secondary market for the 2019 Series A Bonds during the Forward Delivery Period.

Market Value Risk. The market value of the 2019 Series A Bonds as of the Forward Settlement Date may be affected by a variety of factors, including, without limitation, general market conditions, the financial condition of the State, and federal and state tax, securities and other laws. The market value of the 2019 Series A Bonds as of the Forward Settlement Date could therefore be higher or lower than the price to be paid by the initial purchasers of the 2019 Series A Bonds, and that difference could be substantial. Neither the State nor the Underwriters make any representations as to the expected market value of the 2019 Series A Bonds as of the Forward Settlement Date.

Tax Law Risk. Subject to the other conditions of closing and delivery and the Representative's rights of termination described above, the Forward Delivery Purchase Agreement obligates the State to deliver, and the Underwriters to accept, the 2019 Series A Bonds if the State delivers an opinion of Bond Counsel substantially in the form and to the effect set forth in APPENDIX C relating to the 2019 Series A Bonds. Notwithstanding that the enactment of new legislation, new court decisions or the promulgation of new regulations or rulings might diminish the value of, or otherwise affect, the exclusion from gross income of interest payable on "state or local bonds" (such as the 2019 Series A Bonds) for federal income tax purposes, the State might be able to satisfy the requirements for the delivery of the 2019 Series A Bonds. In such event, the purchasers would be required to accept delivery of the 2019 Series A Bonds. Prospective purchasers are encouraged to consult their tax advisors regarding the likelihood of any such changes in tax law and the consequences of such changes to the purchasers. See "Tax Matters" herein.

#### OTHER INFORMATION

#### **Planned Borrowings**

The following summary addresses planned borrowings in calendar year 2019. The 2019 Series A Bonds is the first series of general fund annual appropriation bonds to be issued by the State in calendar year 2019.

The State has very limited authority (approximately \$12 million) to issue general fund annual appropriation bonds for authorized new money purposes. The State has unlimited authority for the issuance of general fund annual appropriation refunding bonds, such as the 2019 Series A Bonds. The amount and timing of any additional authorization and issuance of general fund annual appropriation refunding bonds depend, among other factors, on market conditions.

#### General Obligations

The State has not yet issued any general obligations in calendar year 2019, but the Commission has authorized the issuance of the following general obligations:

- Up to \$59 million of additional general obligations for general governmental purposes. The State anticipates issuing a portion of these general obligations in the form of fixed rate bonds or variable rate notes in the first or second quarter of calendar year 2019.
- Up to \$495 million of general obligations for the refunding of general obligation bonds previously issued for general governmental purposes. The amount and timing of any sale and

issuance of general obligations for refunding purposes depend, among other factors, on market conditions.

• General obligations for the funding of the State's outstanding general obligation commercial paper notes and extendible municipal commercial paper notes, which were outstanding in the amount of \$406 million as of January 1, 2019. The amount and timing of any issuance of general obligations for this purpose depend on a decision to fund outstanding obligations bearing variable interest rates either with a different form of variable-rate obligations or with bonds bearing fixed interest rates.

#### Other Obligations

The Commission has authorized up to \$300 million of transportation revenue obligations to refund outstanding transportation revenue bonds. The amount and timing of any issuance of transportation revenue refunding bonds depend, among other factors, on market conditions.

The State may issue master lease certificates of participation in calendar year 2019. The amount and timing of any issuance of master lease certificates of participation depend, among other factors, on market conditions and originations in the State's Master Lease Program.

The State does not currently intend to issue operating notes for the 2018-19 fiscal year.

#### **Reference Information About the 2019 Series A Bonds**

The table on the front cover provides information about the 2019 Series A Bonds. The identification numbers for each maturity (such as the CUSIP number) have been obtained from sources the State believes to be reliable, but the State is not responsible for the correctness of those numbers or other identifying numbers assigned to the 2019 Series A Bonds. The Underwriters have provided the reoffering prices. For each of the 2019 Series A Bonds subject to optional redemption, the yield at issuance shown is the lower of the yield to the first optional call date or the yield to the nominal maturity date.

#### **Financial Advisor**

Acacia Financial Group, Inc. has been employed by the State to perform professional services in the capacity of financial advisor. The financial advisor has provided advice on the plan of finance and the structure of the 2019 Series A Bonds, reviewed certain legal and disclosure documents, including this Updated Official Statement, for financial matters, and reviewed the pricing of the 2019 Series A Bonds by the Underwriters.

#### **Legal Opinion**

Legal matters incident to the authorization, issuance, and sale of the 2019 Series A Bonds are subject to the approval of Quarles & Brady LLP (**Bond Counsel**), whose approving opinion, substantially in the form shown in APPENDIX C, will be delivered on the date of issue of the 2019 Series A Bonds (which will be on the Forward Settlement Date). In the event certificated 2019 Series A Bonds are issued, the opinion will be printed on the reverse side of each 2019 Series A Bond.

Quarles & Brady LLP has also been retained by the State to serve as Disclosure Counsel to the State with respect to the 2019 Series A Bonds. Although, as counsel to the State, Quarles & Brady LLP has assisted the State with certain disclosure matters, Quarles & Brady LLP has not undertaken to independently verify the accuracy, completeness or sufficiency of this Updated Official Statement or other offering material relating to the 2019 Series A Bonds and assumes no responsibility whatsoever nor shall have any liability to any other party for the statements or information contained or incorporated by reference in this Updated Official Statement. Further, Quarles & Brady LLP makes no representation as to the suitability of the 2019 Series A Bonds for any investor.

#### Litigation

There is no action, suit, or proceeding, either pending or threatened in writing, known to the State Attorney General, restraining or enjoining the issuance, sale, execution, or delivery of the 2019 Series A Bonds or in any way contesting or affecting (i) the titles to their respective offices of any of the State officers involved in the issuance of the 2019 Series A Bonds, (ii) the validity of the 2019 Series A Bonds or any proceedings of the State taken with respect to the issuance, sale, execution, or delivery of the 2019 Series A Bonds, or (iii) the pledge or application of any moneys or security provided for payment of the 2019 Series A Bonds. The State Attorney General will render an opinion to this effect when the 2019 Series A Bonds are delivered (which will be on the Forward Settlement Date).

#### DISCLAIMER REGARDING FEDERAL TAX DISCUSSIONS

Any discussion of U.S. federal tax issues included in this Updated Official Statement is not intended or written to be used, and cannot be used, by any taxpayer for the purpose of avoiding federal tax penalties that may be imposed on the taxpayer. Such discussions were written in connection with the promotion or marketing of the 2019 Series A Bonds. Each taxpayer should seek advice from an independent tax advisor based on the taxpayer's particular circumstances.

#### TAX MATTERS

#### **Federal Tax Considerations**

Bond Counsel will deliver a legal opinion with respect to the exclusion from gross income for federal income tax purposes applicable to the interest on the 2019 Series A Bonds under existing law substantially in the form as set forth in APPENDIX C.

Prospective purchasers of the 2019 Series A Bonds should be aware that ownership of the 2019 Series A Bonds may result in collateral federal income tax consequences to certain taxpayers. Bond Counsel will not express any opinion as to such collateral tax consequences. Prospective purchasers of the 2019 Series A Bonds should consult their tax advisors as to collateral federal income tax consequences.

From time to time, legislation is proposed and there are or may be legislative proposals pending in the Congress of the United States that, if enacted, could alter or amend the federal tax matters referred to above or adversely affect the market value of the 2019 Series A Bonds. It cannot be predicted whether or in what form any proposal that could alter one or more of the federal tax matters referred to above or adversely affect the market value of the 2019 Series A Bonds may be enacted. Prospective purchasers of the 2019 Series A Bonds should consult their own tax advisors regarding any pending or proposed federal tax legislation. Bond counsel expresses no opinion regarding any pending or proposed federal tax legislation.

#### Original Issue Premium

To the extent that the initial offering prices of certain of the 2019 Series A Bonds are more than the principal amount payable at maturity, such 2019 Series A Bonds (**Premium Bonds**) will be considered to have bond premium.

Any Premium Bond purchased in the initial offering at the issue price will have "amortizable bond premium" within the meaning of Section 171 of the Code. The amortizable bond premium of each Premium Bond is calculated on a daily basis from the issue date of such Premium Bond until its stated maturity date (or call date, if any) on the basis of a constant interest rate compounded at each accrual period (with straight line interpolation between the compounding dates). An owner of a Premium Bond that has amortizable bond premium is not allowed any deduction for the amortizable bond premium; rather the amortizable bond premium attributable to a taxable year is applied against (and operates to reduce) the amount of tax-exempt interest payments on the Premium Bonds. During each taxable year, such an owner must reduce his or her tax basis in such Premium Bond by the amount of the amortizable bond premium that is allocable to the portion of such taxable year during which the owner held such Premium 2019 Series A Bond. The adjusted tax basis in a Premium Bond will be used to determine

taxable gain or loss upon a disposition (including the sale, exchange, redemption, or payment at maturity) of such Premium Bond.

Owners of Premium Bonds who did not purchase such Premium Bonds in the initial offering at the issue price should consult their own tax advisors with respect to the tax consequences of owning such Premium Bonds.

Owners of Premium Bonds should consult with their tax advisors regarding the state and local tax consequences of owning such Premium Bonds.

#### **State Tax Considerations**

The interest on the 2019 Series A Bonds is not exempt from current Wisconsin income or franchise taxes.

#### CONTINUING DISCLOSURE

The State has made an undertaking, for the benefit of the beneficial owners of the 2019 Series A Bonds, to provide an annual report presenting certain financial information and operating data about the State (**Annual Report**). By December 27 of each year, the State will send the report to the Municipal Securities Rulemaking Board (**MSRB**) through its Electronic Municipal Market Access (**EMMA**) system. The State will also provide to the MSRB notices of the occurrence of certain events specified in the undertaking. Part I of the 2018 Annual Report, which contains information on the undertaking, is included by reference as part of this Updated Official Statement. Copies of the Annual Reports and notices may be obtained from:

State of Wisconsin Capital Finance Office
Department of Administration
Attn: Capital Finance Director

The undertaking also describes the consequences if the State fails to provide any required information. The State must report the failure to the MSRB. In the last five years, the State has not failed to comply in any material respect with this, or any similar, undertaking.

# APPENDIX A INFORMATION ABOUT THE STATE

This Appendix includes by reference information concerning the State of Wisconsin (**State**), contained in Part II of the State of Wisconsin Continuing Disclosure Annual Report, dated December 21, 2018 (**2018 Annual Report**), which can be obtained as described below. This Appendix also makes updates and additions to the information presented in Part II of the 2018 Annual Report, including, but not limited to General Fund information for the 2018-19 fiscal year through November 30, 2018, which is presented on either a cash basis or an agency-recorded basis, and projected General Fund information for the remainder of the 2018-19 fiscal year, which is presented on a cash basis.

Part II of the 2018 Annual Report contains general information about the State. More specifically, that part presents information about the following matters:

- State's revenue and expenditures
- State's operations, financial procedures, accounting, and financial reporting
- Organization of, and services provided by, the State
- Budget process and fiscal controls
- State budget (including results of fiscal year 2017-18 and State budget for the 2017-19 biennium)
- Potential effects of litigation
- State obligations
- Employee pension funds and other post-employment benefits
- State Investment Board
- Statistical information about the State's population, income, and employment

The State's audited General Purpose External Financial Statements and independent auditor's report provided by the State Auditor for the fiscal year ended June 30, 2018, prepared in conformity with generally accepted accounting principles (GAAP) for governments as prescribed by the Governmental Account Standards Board, are included as Appendix A to Part II of the 2018 Annual Report.

The 2018 Annual Report was filed with the Municipal Securities Rulemaking Board (MSRB) through its Electronic Municipal Market Access (EMMA) system. The 2018 Annual Report along with the Comprehensive Annual Financial Report (CAFR) are also available from the part of the Capital Finance Office web site called "Official Disclosure for Bonds, Notes, and Other Securities Issued by the State of Wisconsin". The Capital Finance Office web site is located at the following address:

doa.wi.gov/capitalfinance

Copies of the 2018 Annual Report may also be obtained from:

State of Wisconsin Department of Administration Capital Finance Office 101 E. Wilson Street, FLR 10 P.O. Box 7864 Madison, WI 53707-7864 (608) 267-0374 DOACapitalFinanceOffice@wisconsin.gov

The State independently provided, from July 2001 to June 2013, monthly reports on general fund financial information. The State did not provide these monthly reports from June 2013 through March 2014, and the frequency of the reports provided during calendar years 2015 and 2016 was less than monthly. These reports are not required by any of the State's undertakings to provide information concerning the State's securities. These reports are available on the State's Capital Finance Office web site that is listed above and also were filed as additional voluntary information with the MSRB through its EMMA system; however, the reports are not incorporated by reference into this Updated Official

Statement or Part II of the 2018 Annual Report. The State is not obligated to provide such reports at any time in the future.

After publication and filing of the 2018 Annual Report, certain changes or events have occurred that affect items discussed in the 2018 Annual Report. Listed below by reference to particular sections of Part II of the 2018 Annual Report, are changes or additions to the discussions contained in those particular sections. When such changes occur, the State may or may not file notices with the MSRB. However, the State has filed, and expects to continue to file, informational notices with the MSRB, some of which may be notices that are not required to be filed under the State's undertakings.

State Budget; Budget for the 2018-19 Fiscal Year (Part II, Pages 36-37), State Budget; Revenue Projections for the 2018-19 Fiscal Year (Part II, Pages 36-37), and State Budget; Budget for the 2019-21 Biennium (Part II, Page 38). Update with the following information:

January 2019 LFB Report

Each January, the Legislative Fiscal Bureau (LFB) typically releases a report that includes (i) an estimated General Fund condition statement for the-then current fiscal year, (ii) estimated General Fund tax collections for the-then current fiscal year, and (iii) in odd-numbered years, estimated General Fund tax collections for each fiscal year of the upcoming biennium. This report has not yet been released for calendar year 2019, but when released, the State intends to file such report with the MSRB through its EMMA system, and a copy will also be available from the State as provided on page A-1.

General Fund Information; General Fund Cash Flow (Part II; Pages 44-57). The following tables provide updates and additions to various tables containing General Fund information through November 30, 2018 for the 2018-19 fiscal year, which are presented on either a cash basis or an agency-recorded basis. The following tables also include projections and estimates for the remainder of the 2018-19 fiscal year, reflecting the budget bill for the 2017-19 biennium (2017 Wisconsin Act 59) and the estimated General Fund tax revenues in the LFB report dated January 17, 2018 (January 2018 LFB Report), the LFB paper dated June 18, 2018 (June 2018 LFB Paper), and prepared by the Department of Revenue and included in the DOA report of November 20, 2018 (November 2018 DOA Report).

The comparison of monthly General Fund information that is presented on a cash basis has many inherent problems. Unforeseen events or variations from underlying assumptions may cause a decrease or increase in receipts and disbursements from those projected for any specific month. The following tables may show negative balances on a cash basis. The State can have a negative cash balance at the end of a fiscal year.

The Wisconsin Statutes provide certain administrative remedies to deal with periods when the General Fund is in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the general-purpose revenue appropriations then in effect and may also temporarily reallocate for a period of up to 30 days an additional amount up to 3% of the general-purpose revenue appropriations then in effect.

If the amount available for temporary reallocation to the General Fund is not sufficient, then the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate and defer certain payments.

<sup>(</sup>a) The results, projections, or estimates in this table reflect the enacted budget for the 2017-19 biennium (2017 Wisconsin Act 59) along with agency reestimates, and the estimated General Fund tax revenues included in the January 2018 LFB Report, the June 2018 LFB Paper, and the November 2018 DOA Report. Temporary reallocations of cash are not included.

<sup>(</sup>b) The General Fund cash balances presented in this schedule are not based on generally accepted accounting principles (GAAP). The General Fund includes funds designated for operations and capital purposes of certain proprietary programs of the State's universities. Receipts and disbursements of such funds for the designated programs and the disbursement of such funds for other purposes are reflected in the cash flow. A use of the designated funds for purposes other than the proprietary programs is, in effect, a borrowing of such funds. Therefore, at any time that the balance in the General Fund is less than the balance of such designated funds, the State is obligated to replenish the designated funds to the extent of the shortfall. These designated funds ranged from \$1.1 billion to \$1.8 billion during the 2018-19 fiscal year. In addition, the General Fund holds deposits for several escrow accounts pursuant to court orders or federal rulings. These funds have averaged and are expected to continue to average approximately \$25 million during each fiscal year.

<sup>(</sup>c) The Wisconsin Statutes provide certain administrative remedies to deal with periods when the General Fund may be in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the general-purpose revenue appropriations then in effect with an additional amount up to 3% for a period of up to 30 days. The resulting amounts available for temporary reallocation in the 2018-19 fiscal year are approximately \$1.594 billion and \$531 million, respectively. If the amount available for temporary reallocation to the General Fund is not sufficient, then the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.

  Depending on when these changes occur, there are situations in which prior estimates cannot be changed and the result is a large variance. This column includes adjustments, if any, to the variances to more accurately reflect the variance between the estimated and actual amounts.

- (a) The General Fund balances presented in this table are not based on generally accepted accounting principles (GAAP).
- (b) The results, projections, and estimates for the 2018-19 fiscal year reflect the enacted budget for the 2017-19 biennium (2017 Wisconsin Act 59) and the estimated General Fund tax revenues included in the January 2018 LFB Report, the June 2018 LFB Paper, and the November 2018 DOA Report.
- (c) Operating notes were not issued for the 2016-17 or the 2017-18 fiscal years and are not anticipated for the 2018-19 fiscal year.
- (d) At some period during the month, the General Fund was in a negative cash position. The Wisconsin Statutes provide certain administrative remedies to deal with periods when the General Fund is in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the general-purpose revenue appropriations then in effect (approximately \$1.594 billion in the 2018-19 fiscal year) and may also temporarily reallocate for a period of up to 30 days an additional amount up to 3% of the general-purpose revenue appropriations then in effect (approximately \$531 million in the 2018-19 fiscal year). If the amount of available to the General Fund is not sufficient, the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.

# CASH BALANCES IN FUNDS AVAILABLE FOR TEMPORARY REALLOCATION (a) (b)

July 31, 2016 to November 30, 2018 — Actual December 31, 2018 to June 30, 2019 — Projected (c)

(Amounts in Millions)

The following two tables show, on a monthly basis, the cash balances available for temporary reallocation. The first table does not include balances in the Local Government Investment Pool (**LGIP**) and the second table does include such balances. Though the LGIP is available for temporary reallocation, funds in the LGIP are deposited and withdrawn by local units of government, and thus are outside the control of the State. The monthly average daily balances in the LGIP for the past five years have ranged from a low of \$2.18 billion during November 2013 to a high of \$3.98 billion during August 2018. The Secretary of Administration may not exercise the authority to use temporary reallocation if doing so would jeopardize the cash flow of any fund or account from which a temporary reallocation would be made.

- (a) None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments. In addition, comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month.
- (b) The amounts shown reflect a reduction in the aggregate cash balances available to the extent any fund had a negative balance and temporary reallocations were made from such fund.
- (c) The results and projections for the 2018-19 fiscal year, reflect the enacted budget for the 2017-19 biennium (2017 Wisconsin Act 59), the estimated General Fund tax revenues included in the January 2018 LFB Report, the June 2018 LFB Paper and the November 2018 DOA Report.

Copies of the 2018 Annual Report may also be obtained from:

State of Wisconsin Department of Administration Capital Finance Office 101 E. Wilson Street, FLR 10 P.O. Box 7864 Madison, WI 53707-7864 (608) 267-0374 DOACapitalFinanceOffice@wisconsin.gov

This Appendix also includes the following definitions that apply to certain capitalized terms used in this Updated Official Statement.

2009 Bonds means the State of Wisconsin General Fund Annual Appropriation Bonds of 2009, Series A.

**2009 Indenture** means the Trust Indenture, dated as of April 1, 2009, between the State, acting by and through the Department of Administration, under the authority of the Act, and the Trustee, as supplemented and amended from time to time.

**2009 Indenture Bonds** means the obligations of the State designated by the Department as "Bonds" in a Supplemental Indenture to the 2009 Indenture, including the 2009 Bonds, the 2016 Series B Bonds, the 2017 Series A Bonds, the 2017 Series B Bonds, the 2017 Series C Bonds, and the 2019 Series A Bonds, and any Additional Bonds issued pursuant to the 2009 Indenture.

**2009 Indenture Bonds Outstanding** means Outstanding Bonds issued pursuant to the 2009 Indenture.

**2016 Series B Bonds** means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2016, Series B (Taxable).

**2017 Series A Bonds** means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2017, Series A (Federally Taxable).

**2017 Series B Bonds** means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2017, Series B (Federally Tax-Exempt).

**2017 Series C Bonds** means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2017, Series C (Taxable).

**2019 Series A Bonds** means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2019, Series A (Forward Delivery).

**Additional 2009 Indenture Bonds** means additional bonds issued under the 2009 Indenture.

Act or Enabling Act means Section 16.527 of the Wisconsin Statutes, as from time to time amended.

Annual Appropriation Amount means for any Fiscal Year that is the first Fiscal Year of a Biennium, an amount equal to the sum of the amounts in the following clauses (a) through (i) for such Fiscal Year, plus the amount in the following clause (j), and for any Fiscal Year that is the second Fiscal Year of a Biennium (beginning with Fiscal Year 2012-13), an amount equal to the sum of the amounts in the following clauses (a) through (i) for such Fiscal Year or for the immediately succeeding Fiscal Year, whichever is greater, plus the amount in the following clause (j):

- (a) the amount of principal of 2009 Indenture Bonds Outstanding maturing during the Fiscal Year;
- (b) the amount of principal of 2009 Indenture Bonds Outstanding scheduled to be redeemed pursuant to mandatory or scheduled optional redemptions during the Fiscal Year;
- (c) the amount of interest to be paid during the Fiscal Year with respect to Outstanding Fixed Rate Appropriation Obligations;
- (d) the amount of interest that would be payable during the Fiscal Year with respect to Outstanding Variable Rate Appropriation Obligations, calculated at the Maximum Rate with respect thereto for any portion of such Fiscal Year for which the interest rate has not been determined;
- (e) the amount of interest that would be payable during the Fiscal Year with respect to Funding Obligations, assuming that any Outstanding Notes maturing during or prior to such Fiscal Year are retired on the maturity date thereof through the contemporaneous issuance of Funding Obligations in an aggregate principal amount determined by the Department to be sufficient to provide funds to pay the principal amount of such maturing Notes, which Funding Obligations mature on the last day of such Fiscal Year and bear interest, payable on the last day of such Fiscal Year, at a rate of 15% per annum;
- (f) the amount, if any, certified by an Authorized Department Representative to be the expected principal amortization in such Fiscal Year for Funding Obligations described in clause (e) above;
- (g) the maximum amount of any Swap Payment Obligations (other than Swap Termination Payments) that would be payable during the Fiscal Year under Swap Agreements that provide for a variable rate or rates to be paid by the State to the Swap Provider, with any payment that is determined without limit as to amount being calculated at a rate equal to the rate that would result if the index provided in such Swap Agreement were at 15% per annum;
- (h) the maximum amount of Credit Facility Payment Obligations due during the Fiscal Year, except to the extent included in clauses (a) through (g) above;
- (i) the estimated amount of administrative expenses that will be payable from the Operating Expense Fund during the Fiscal Year; and
- (j) the amount of all Swap Termination Payments that are unpaid and owing as of the September 1 immediately preceding the commencement of the Biennium that includes the Fiscal Year with respect to which the Annual Appropriation Amount is being determined, plus interest accrued and to accrue on such Swap Termination Payments to the date on which they are reasonably expected to be made (with interest based on a variable rate calculated at the maximum rate permitted in the Swap Agreement, or if no maximum rate is specified, at a rate of 15% per annum).

**Appropriated Funds** means all amounts appropriated by law pursuant to Sections 20.505(1)(bq), 20.505(1)(iw), and 20.505(1)(it) of the Wisconsin Statutes, or any successor provisions, from year to year with respect to the Indenture Obligations, and any other amounts appropriated by law for payment of the Indenture Obligations.

**Appropriations Fund** means the fund by that name established pursuant to the 2009 Indenture.

**Appropriation Obligations** means bonds or notes of the State issued, authenticated, and delivered pursuant to the 2009 Indenture.

**Authorized Department Representative** means the person identified in a written certificate which is signed by the Secretary of Administration, which contains a specimen of the Authorized Department Representative's signature. An Authorized Department Representative or alternate may be an employee of the Department.

**Authorizing Certification** means a written certification of the Department of Administration pursuant to section (5)(a) of the Act, as it may be amended in accordance with the terms of the 2009 Indenture, executed by the Secretary of Administration or his or her designee and delivered to the Governor, authorizing the execution and delivery of the 2009 Indenture and the 2009 Indenture Bonds, or authorizing the execution and delivery of a Supplemental Indenture or one or more Series of Bonds or Appropriation Obligations.

**Biennium** means the two-Fiscal Year period beginning July 1<sup>st</sup> of each odd-numbered year.

**Bond Counsel** means legal counsel whose legal opinions on municipal bond issues are nationally recognized.

**Bondowner** means the Registered Owner of a Bond.

**Bond Insurance Policies** means, collectively, all policies of municipal bond insurance issued by the Bond Insurers insuring the 2009 Indenture Bonds.

**Bond Insurers** means with respect to any Series of Additional Bonds, any Person that issues a Bond Insurance Policy insuring such Series of Bonds, as identified in the applicable Supplemental Indenture.

**Book Entry Form** or **Book Entry System** means a form or system, as applicable, under which (1) the ownership of beneficial interests in the 2009 Indenture Bonds may be transferred only through a book entry system and (2) physical bond certificates in fully registered form are registered only in the name of a Depository or its nominee as Registered Owner, with the physical bond certificates immobilized in the custody of the Depository.

## APPENDIX C EXPECTED FORM OF BOND COUNSEL OPINION

Upon delivery of the 2019 Series A Bonds, it is expected that Quarles & Brady LLP will deliver a legal opinion in substantially the following form:

, 2019

Re: \$359,950,000 State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2019, Series A (Forward Delivery) (**Bonds**)

We have acted as bond counsel to the State of Wisconsin (**State**) in connection with the issuance by the State of the Bonds. In such capacity, we have examined such law and such certified proceedings, certifications and other documents as we have deemed necessary to render this opinion. We have also examined the Bonds and find the same to be in proper form.

The Bonds are issued pursuant to Section 16.527 of the Wisconsin Statutes, as amended (Act), an authorizing certification of the Department of Administration of the State (Department) executed and delivered by its Secretary and dated October 4, 2018 (Authorizing Certification) and a Trust Indenture, dated as of April 1, 2009 (as supplemented and amended, the Indenture), between the State, acting by and through the Department, and U.S. Bank National Association, as successor to Deutsche Bank Trust Company Americas, as trustee, as supplemented by a First Supplemental Trust Indenture, dated as of April 1, 2009, a Second Supplemental Trust Indenture, dated as of August 1, 2016, a Third Supplemental Trust Indenture, dated as of May 1, 2017, and a Fifth Supplemental Trust Indenture, dated as of January 1, 2019 (Fifth Supplemental Indenture), all between the same parties.

Regarding questions of fact material to our opinion, we have relied on the representations of the State contained in the Authorizing Certification, the Indenture and in the certified proceedings and other certifications of public officials and others furnished to us, without undertaking to verify the same by independent investigation.

Based on the foregoing, we are of the opinion that, under existing law:

- 1. The State has the valid right and lawful authority to enter into and perform its obligations under the Authorizing Certification and the Fifth Supplemental Indenture and to issue the Bonds.
- 2. The Authorizing Certification and the Fifth Supplemental Indenture have been duly authorized, executed and delivered by the State and are valid and binding obligations enforceable against the State.
- 3. The Bonds have been authorized, executed, issued and delivered in accordance with law, the Authorizing Certification and the Indenture. The Bonds are valid and binding limited obligations of the State payable as provided in the Indenture solely from amounts appropriated by law for such payment.
- 4. The Bonds do not constitute a debt of the State for constitutional purposes nor do they constitute the giving or lending of credit of the State, and the State shall not be generally liable on the Bonds. Neither the faith and credit nor the taxing power of the State or any political subdivision thereof is pledged to the payment of the principal of or the interest on the Bonds.

5. The interest on the Bonds is excludable for federal income tax purposes from the gross income of the owners of the Bonds. The interest on the Bonds is not an item of tax preference for purposes of the federal alternative minimum tax imposed by Section 55 of the Internal Revenue Code of 1986, as amended (Code) on individuals. The Code contains requirements that must be satisfied subsequent to the issuance of the Bonds in order for interest on the Bonds to be or continue to be excludable from gross income for federal income tax purposes. Failure to comply with certain of those requirements could cause the interest on the Bonds to be included in gross income retroactively to the date of issuance of the Bonds. The State has agreed to comply with all of those requirements. The opinion set forth in the first sentence of this paragraph is subject to the condition that the State comply with those requirements. We express no opinion regarding other federal tax consequences arising with respect to the Bonds.

The rights of the owners of the Bonds and the enforceability of the Bonds, the Authorizing Certification and the Indenture are limited by bankruptcy, insolvency, reorganization, moratorium and other similar laws affecting creditors' rights generally, and by equitable principles, whether considered at law or in equity.

We express no opinion herein regarding the accuracy, adequacy or completeness of the Official Statement, or other offering material relating to the Bonds or regarding the perfection or priority of the lien on the funds and accounts created by the Indenture.

This opinion is given as of the date hereof, and we assume no obligation to revise or supplement this opinion to reflect any facts or circumstances that may hereafter come to our attention, or any changes in law that may hereafter occur.
