## **MONTHLY GENERAL FUND FINANCIAL INFORMATION (FOR MONTH ENDING APRIL 30, 2021)**

### **AND COVID-19 UPDATE**

---

By: Wisconsin Department of Administration  
Capital Finance Office  
Prepared on June 7, 2021

## Table of Contents

1. **Cautionary Information**
2. **State of Wisconsin COVID-19 Update**
3. **General Notes to the Financial Information**
4. **FY21 Actual and Projected General Fund Cash Flow (Cash Basis)**  
  
**FY22 Projected General Fund Cash Flow (Cash Basis)**  
These tables correspond to Table II-11, page 51 of the State of Wisconsin Continuing Disclosure Annual Report dated December 23, 2020.
5. **Historical General Fund Cash Flow (Cash Basis)**  
This table corresponds to Table II-12, page 52, of the State of Wisconsin Continuing Disclosure Annual Report dated December 23, 2020.
6. **General Fund Receipts and Disbursements Year-To-Date Compared to Estimates and Previous Fiscal Year (Cash Basis) – As of April 30, 2021.**  
This table corresponds to Table II-13, page 54, of the State of Wisconsin Continuing Disclosure Annual Report dated December 23, 2020.
7. **General Fund Monthly Cash Position (Cash Basis)**  
This table corresponds to Table II-14, page 55 of the State of Wisconsin Continuing Disclosure Annual Report dated December 23, 2020.
9. **Cash Balances in Funds Available for Temporary Reallocation**  
This table corresponds to Table II-15, page 56, of the State of Wisconsin Continuing Disclosure Annual Report dated December 23, 2020.
10. **General Fund Recorded Revenues and Expenditures (Agency-Recorded Basis)**  
These tables correspond to Tables II-16 and II-17, pages 57-58, of the State of Wisconsin Continuing Disclosure Annual Report dated December 23, 2020.
11. **Endnotes**
12. **Additional Information**  
This includes information on other resources available from the State of Wisconsin.

## Cautionary Information

<b>Users of this information should be cautioned about several points:</b>
--

The General Fund financial information in this document has been prepared using what is believed to be the best available data as of its date. The tables in this document have been prepared using the same procedures used to prepare similar information for the State of Wisconsin Continuing Disclosure Annual Report, Official Statements prepared for specific securities, or reports filed in conjunction with various securities. This information is, however, preliminary in nature and subject to change.

- This information is unaudited and is not a “financial statement.” None of the data presented here has been subjected to customary fiscal period closing procedures or the procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments.
- This information speaks only as of the date on which it was prepared. The State is not obligated to update any of this information unless so required by undertakings related to its Continuing Disclosure Annual Report.
- Information classified as “actual”, and any difference from any prior estimate, does not signify a change to official estimates. Any official revenue or expenditure re-estimates that do occur will be separately identified and, if material, appropriately noted.
- The information is not intended to reflect the State’s projected budgetary balance for FY21 or FY22.
- Projections of results for dates after the date this information is prepared are forward looking. Actual results will almost certainly differ.
  - It is important to note that cash flow projections are expressed on a *cash basis* while the tax revenue collection estimates released by the Department of Revenue (DOR) and the Legislative Fiscal Bureau (LFB) are expressed on a *budgetary basis* and net of any refunds.
  - Projections are not adjusted to reflect actual revenues and expenditures and routine variability in the timing of receipts and disbursements, but may be adjusted to reflect unique events.
  - Projections of remaining fiscal year cash flow may be adjusted when necessary to reflect unforeseen events or additional revised forecasts of the General Fund condition statement, including, but not limited to, the fiscal effects of the COVID-19 pandemic.
- Data in the tables of financial information are subject to revision and reclassification for prior periods. This is particularly true for revenue data, where proper classification depends on tax returns which are received and processed significantly after the tax payments are received through electronic transfers.
- Some information is presented on a cash basis of accounting while other data is presented on a budgetary or agency-recorded basis. Users should not compare information that is presented on one basis of accounting with information that is presented on a different basis of accounting.
- Comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month. In addition, comparison of year-to-date annual General Fund financial information also has many inherent problems due to the potential of different revenue and budget provisions for each fiscal year.
- The presence of information here does not imply the State of Wisconsin made any determination as to its materiality.
- None of the information in these tables of financial information is required by the State of Wisconsin’s continuing disclosure undertakings pursuant to Securities and Exchange Commission (SEC) Rule 15c2-12; however, this information is being filed with the Municipal Securities Rulemaking Board’s (MSRB) Electronic Municipal Market Access (EMMA) system as an additional / voluntary filing.
  - This information is not, and does not replace, a listed event required by SEC Rule 15c2-12.
  - This information is not, and does not replace, the annual financial information required by SEC Rule 15c2-12.

## **State of Wisconsin COVID-19 Update (June 1, 2021)**

The following are updates to the COVID-19 discussion that was included in the State of Wisconsin Continuing Disclosure Annual Report, dated December 23, 2020 **(2020 Annual Report)**.

### *Federal Aid – Coronavirus Aid, Relief, and Economic Security Act (CARES Act).*

Pursuant to the CARES Act, the State received approximately \$2.0 billion of federal assistance. As of April 30, 2021, the State had allocated \$1.9 billion of these funds to State and local government expenditures related to COVID-19.

### *Federal Aid – American Rescue Plan Act of 2021*

In addition to the CARES Act, and in response to the economic fallout of the COVID-19 pandemic, the federal government enacted into law the American Rescue Plan Act of 2021 on March 11, 2021 (ARPA). This latest response contains numerous provisions that authorize payments to individuals, businesses, and governments, including the establishment of the State Fiscal Recovery Fund and the Local Fiscal Recovery Fund. In March 2021, LFB initially identified up to \$3.2 billion of federal funds that the State could receive from the State Fiscal Recovery Fund. In May 2021, this amount was later revised to \$2.5 billion due to revised unemployment data results, which show Wisconsin in a more positive unemployment situation. In addition, LFB initially identified up to \$2.1 billion of federal funds that local units of government in the State could receive from the Local Fiscal Recovery Fund. As of May 19, 2021, the State had received nearly \$1.3 billion from the State Fiscal Recovery Fund, and an additional \$206 million from the Local Fiscal Recovery Fund for distribution to local units of government. The administration and funding of the ARPA funds are subject to guidelines from the federal government.

Governor Evers has vetoed multiple bills that would have required the Governor to submit a plan to the Legislature's Joint Committee on Finance (JCF) for any federal funds received by the State related to COVID-19 and would have directed the use of ARPA funding that the State receives. The Governor has announced plans to set aside \$2.5 billion of the ARPA funds for investment in the economic well-being of families, workers, small business owners, and communities, with \$50 million going to support the tourism industry and \$600 million to support other businesses. In addition to the economic recovery plans, the Governor intended that \$200 million be used for infrastructure and \$500 million go towards the continued statewide pandemic response efforts. The Governor has not released details on how the revised expected ARPA funding amount will impact this intended allocation. Under current law, most ARPA funds must be spent by December 30, 2024 or returned to the federal government.

The State Fiscal Recovery Fund and the Local Fiscal Recovery Fund are just two components of ARPA, and other federal funds may be available pursuant to other provisions of ARPA or future federal legislation.

### *General Information and Vaccinations*

Governor Evers and the Secretary-designee of the Department of Health Services (DHS) have issued various executive and emergency orders related to the COVID-19 pandemic. Under the Wisconsin Statutes, a state of emergency declared by the Governor cannot exceed 60 days, unless extended by joint resolution of the Legislature. Several such emergency declarations expired without the Legislature having taken action on the declarations.

Executive Order #104, issued by Governor Evers on January 19, 2021, again declared a Public Health Emergency, and Emergency Order #1 again extended the requirement (from a previous order) for use of face coverings when indoors or in an enclosed space with anyone outside the family unit, for an additional 60 days, or until March 20, 2021. The Senate and the Assembly adopted a joint resolution to terminate the emergency declaration under Executive Order #104, and that emergency declaration, and orders issued in reliance on it, ceased to be effective.

Executive Order #105, issued by Governor Evers on February 4, 2021, again declared a Public Health Emergency, and Emergency Order #1 again imposed a requirement for use of face coverings when indoors or in an enclosed space with anyone outside the family unit, until March 20, 2021.

A Wisconsin citizen filed a lawsuit in the State Supreme Court challenging the validity of the Governor's Executive Orders and Emergency Orders. On March 31, 2021, the State Supreme Court ruled that the Governor did not have the authority to declare multiple emergencies, spanning more than 60 days, relating to the COVID-19 pandemic. The ruling struck down Executive Order #105 and Emergency Order #1, including the requirement for use of face coverings. The Court's ruling did not address any pandemic-related orders imposed at the county or local level. Any future actions by Governor Evers or DHS to impose state-wide restrictions would have to be approved by the Legislature prior to implementation.

DHS is working to get COVID-19 vaccines to Wisconsinites as equitably, quickly, and safely as possible, and has followed prioritization guidelines from the federal Advisory Committee on Immunization Practices and the State Disaster Medical Advisory Committee. Starting April 5, 2021, all State individuals ages 16 and older became eligible for the vaccination, and as of May 24, 2021, nearly 42% of Wisconsin residents are fully vaccinated.

While Governor Evers had drafted legislation in late 2020 to address costs related to the pandemic, on February 5, 2021 the Assembly and Senate approved a different bill (2021 Assembly Bill 1), which was vetoed by Governor. On February 18, 2021 Governor Evers signed into law 2021 Wisconsin Act 1, which was also a different bill that will, among other provisions, change the State tax treatment of certain loan forgiveness and other business financial assistance, including the paycheck protection program (PPP) under the CARES Act, in a manner that is consistent with recent changes in the Federal tax treatment of such items. It is expected that both houses of the Legislature will continue to consider other bills related to the pandemic.

As stated in the 2020 Annual Report, the pandemic and the emergency responses resulted in closures of restaurants, bars, malls, theatres, and other businesses, reductions in travel, and cancellations of numerous events as well as reduced aggregate demand for certain services, worker layoffs, furloughs and reductions in hours, and supply shortages. While these closures, cancellations, and restrictions have ended in many parts of the State, some lingering situations related to those restrictions may still remain. It is likely that the full financial impact of COVID-19 on the State, the State's economy, and the State's financial position will change as circumstances and events evolve.

It is not possible at present to project with a reasonable degree of certainty the continued impact on State revenues, expenditures, reserves, budget, or financial position. While it may be some time before it can determine the full economic and financial impact of the COVID-19 pandemic, the State intends to file any appropriate reports from the Department of Revenue (DOR) or LFB with the MSRB through its EMMA system.

## General Notes to the Financial Information

- **Impact of COVID-19.** See the section entitled “State of Wisconsin COVID-19 Update” for information on actions the State has taken, and federal funds it has received, in response to this pandemic.
- **Executive 2019-21 Biennial Budget.** The Governor’s executive biennial budget for FY22 and FY23 was released on February 16, 2021. The Legislative Joint Committee on Finance (**JCF**) completed its public hearings related to the executive biennial budget in early May. JCF has announced that it intends to prepare its own version of the biennial budget bill and will start from budgetary base (the budget for the 2019-21 biennium) rather than the Governor’s executive budget for the 2021-23 biennium. JCF has completed executive sessions on some parts of the budget for the 2021-23 biennium but has not yet approved any amendment to the legislation that reflected the executive budget. Information on the Governor’s executive budget for the 2021-23 biennium is available on the MSRB EMMA system and is also available from the Capital Finance Office; see the Additional Information section.
- **Recently Enacted Legislation** - On February 18, 2021 Governor Evers signed into law 2021 Wisconsin Act 1 that will, among other provisions, change the State tax treatment of certain loan forgiveness and other business financial assistance, including the paycheck protection program (**PPP**) under the CARES Act, in a manner that is consistent with recent changes in the Federal tax treatment of such items. LFB estimated that the fiscal impact of the bill would be a reduction in General Fund tax collections by \$254 million in the 2020-21 fiscal year. This would result in a \$127 million reduction in the transfer to the budget stabilization fund from the amount that was estimated in the report released by LFB on January 26, 2021 (**January 2021 LFB Report**), resulting in a net \$127 million decrease to the projected General Fund ending balance for the 2020-21 fiscal year.
- **Updated General Fund Condition Statement – FY21.** The January 2021 LFB Report included revised estimates for the FY21 General Fund Condition Statement and estimated General Fund tax collections for FY21 and the 2021-23 biennium. The January 2021 LFB Report suggested an estimated General Fund net balance at the end of FY21 of \$1,766 million. This estimate was \$630 million higher than the estimated balance in the Department of Administration (**DOA**) report on November 20, 2020 (**November 2020 DOA Report**), but the January 2021 LFB Report did not reflect the impact from 2021 Wisconsin Act 1 (described above).

The estimated General Fund condition statement for FY21 from the January 2021 LFB Report is provided on the next page, with comparisons to the actual FY20 statement as reported in the Annual Fiscal Report, and the FY21 estimates from the 2019-21 biennium (2019 Wisconsin Act 9) and the November 2020 DOA Report. The estimated General Fund condition statement provided on the next page does not reflect the provisions of 2021 Wisconsin Act 1 or anticipated receipt of federal ARPA funds.

- **Receipt of CARES Act and ARPA Funds/June 30, 2021 General Fund Cash Balance.** The projected June 30, 2021 General Fund cash balance, and the current April 30, 2021 General Fund cash balance reflects receipt, as of December 31, 2020, of approximately \$2.0 billion of federal CARES Act assistance. In addition, as of April 30, 2021, the State had allocated \$1.9 billion of funds from the CARES Act.

The projected June 30, 2021 and June 30, 2022 General Fund cash balances reflect anticipated receipt of ARPA federal funds, including a receipt of \$1.6 billion in May 2021. Projections and estimates for the June 2021 and June 30, 2022 General Fund cash balances do not reflect any specific disbursement, but rather generalized assumptions for disbursement of remaining CARES Act and ARPA federal funds.

Net Balance, June 30	\$1,172.4	\$ 29.2	\$1,136.9	\$1,766.4

<sup>1</sup> Reflects 2019 Wisconsin Act 7 and 2019 Wisconsin Act 10, which reduced individual income tax revenue, but increased sales/use tax and corporate/franchise tax revenues. Does not reflect the ending actual General Fund balance of the 2019-20 fiscal year of \$1,172 million, as included in the Annual Fiscal Report (budgetary basis) released on October 15, 2020.

<sup>2</sup> Does not reflect the provisions of, or impact from, 2021 Wisconsin Act 1, which among other changes will reduce the estimated General Fund tax collections and the estimated transfer to the Budget Stabilization Fund from \$232 million to \$105 million. Further, projections do not reflect anticipated receipt of any ARPA federal funds.

- **Projected General Fund Tax Revenue Collections – FY21.** The January 2021 LFB Report also provided updated General Fund tax revenue collections for FY21. This estimate was \$569 million more than actual General Fund tax collections for FY20, and an increase of \$437 million from the November 2020 DOA Report, but the January 2021 LFB Report does not reflect the impact from 2021 Wisconsin Act 1 (described above).

The table on the following page reflects FY21 General Fund projected tax collections as included in the January 2021 LFB Report, with comparisons to the FY20 actual tax collections as reported in the 2020 Annual Fiscal Report and the estimated FY21 collections from the 2019-21 biennial budget and the November 2020 DOA Report. The estimated General Fund tax collections provided on the next page do not reflect the provisions of 2021 Wisconsin Act 1.

In May of odd-numbered years, LFB typically releases the results of its review of tax collections to date and current economic forecasts, to determine if adjustments to its report released in January are required. Because of the delayed due date of May 17, 2021 for federal and State income taxes, LFB has not completed this review, which is expected to be completed in June, 2021. If any updates of estimated General Fund tax collections are released, the State will file such information through the MSRB EMMA system.

Miscellaneous Taxes	<u>91.7</u>	<u>102.7</u>	<u>96.5</u>	<u>111.0</u>
TOTAL	\$17,532.1	\$17,654.8	\$17,664.1	\$18,101.5

<sup>1</sup> Reflects 2019 Wisconsin Act 7 and 2019 Wisconsin Act 10, which reduced individual income tax revenue, but increased sales/use tax and corporate/franchise tax revenues.

<sup>2</sup> Does not reflect the provisions of, or impact from, 2021 Wisconsin Act 1, which among other changes will reduce the estimated General Fund tax collections by \$254 million.

- **Actual FY21 General Fund Tax Revenues and Disbursements.** Compared to projections, the actual FY21 General Fund tax receipts (cash basis) for the period ending April 30, 2021 were higher by \$1.6 billion. Compared to the same period for FY20, General Fund tax receipts (cash basis) were higher by \$2.6 billion for the period ending April 30, 2021. Regarding fiscal year disbursements, the actual FY21 General Fund disbursements (cash basis) were higher than projections by \$270 million for the period ending April 30, 2021. Compared to the same period for FY20, disbursements increased by \$3.1 billion in April.
- **Tax Filing Update.** As of May 22, 2021, the total number of State of Wisconsin tax returns completely processed in CY21 was up by 18% when compared to those processed during the same time in CY20. The total number of refunds issued in CY21 is up 9% compared to CY20. The average dollar amount of refunds was \$790 which is a 10% increase from CY20 levels. The portion of processed returns with refunds decreased to 76%, which had been 84% at the same time in CY20.

On March 18, 2021, DOR announced that Wisconsin individual tax return filings and payment due dates were extended to May 17, 2021 from April 15, 2021. This extension mirrors the determination by the Internal Revenue Service to extend the federal income tax filing and payment due date for individuals for the federal 2020 tax year to May 17, 2021 from April 15, 2021. During the period of the extension, no penalties were incurred, and no interest will accrue, for payments otherwise due. The federal and state income tax filing and payment due date for the federal 2019 tax year was also extended due to the COVID-19 pandemic to July 15, 2020 from April 15, 2020.

**CASH BALANCES IN FUNDS AVAILABLE FOR  
TEMPORARY REALLOCATION <sup>(a) (g)</sup>  
July 31, 2019 to April 30, 2021 — Actual  
May 31, 2021 to June 30, 2022 — Projected  
(Amounts in Millions)**

The following two tables show, on a monthly basis, the cash balances available for temporary reallocation. The first table does not include balances in the Local Government Investment Pool (LGIP) and the second table does include such balances. Though the LGIP is available for temporary reallocations, funds in the LGIP are deposited and withdrawn by local units of government, and thus are outside the control of the State. The monthly average daily balances in the LGIP for the past five years have ranged from a low of \$2.7 billion during November 2016 to a high of \$5.7 billion during March 2021. The Secretary of Administration may not exercise the authority to use temporary reallocation if doing so would jeopardize the cash flow of any fund or account from which a temporary reallocation would be made.

**Available Balances; Does Not Include Balances in the LGIP**

<b><u>Month (Last Day)</u></b>	<b><u>2019</u></b>	<b><u>2020</u></b>	<b><u>2021</u></b>	<b><u>2022</u></b>

Note: All footnotes to this table appear at the end of this report in the section entitled "Endnotes".

## Endnotes

- (a) Please refer to the cautionary statements at the beginning of this document. The cautionary statements are an integral part of this report. None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments. In addition, comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month.
- (b) The results, projections, and estimates for FY21 and FY22 (cash basis) reflect the January 2021 LFB Report, 2021 Wisconsin Act 1, the Governor's proposed executive budget for the 21-23 biennium and the anticipated receipt of ARPA federal funds, including a receipt of \$1.6 billion in May 2021 and a receipt of \$1.5 billion in May 2022 (reflecting funds for the State under the State Fiscal Recovery Fund along with certain non-entitlement governmental unit allocation of funds under the Local Fiscal Recovery Fund that are required to pass through the State). They also reflect 2019 Wisconsin Act 7 and 2019 Wisconsin Act 10, which reduced individual income tax revenue, but increased sales/use tax and corporate/franchise tax revenues. Projections and estimates do not reflect any specific disbursement, but rather generalized assumptions for disbursement, of remaining CARES Act and ARPA federal funds. Temporary reallocations of cash are not included. See the section entitled "State of Wisconsin COVID-19 Update" for information on actions the State has taken in response to this pandemic and the potential impacts of the pandemic on the State.
- (c) The General Fund cash balances presented are not based on Generally Accepted Accounting Principles. The General Fund includes funds designated for operations and capital purposes for certain proprietary programs of the State's universities. Receipts and disbursements of such funds for the designated programs and the disbursement of such funds for other purposes are reflected in the cash flow. A use of the designated funds for purposes other than the proprietary programs is, in effect, a borrowing of such funds. Therefore, at any time that the balance in the General Fund is less than the balance of such designated funds, the State is obligated to replenish the designated funds to the extent of the shortfall. These designated funds ranged from \$1.2 billion to \$1.9 billion during FY19, from \$1.2 billion to \$1.9 billion during FY20, and are expected to range from \$1.3 billion to \$1.9 billion for FY21 and from \$1.3 billion to \$1.8 billion for FY22. In addition, the General Fund holds deposits for several escrow accounts pursuant to court orders or federal rulings. These funds have averaged, and are expected to continue to average, approximately \$25 million in each fiscal year. In addition, the April 30, 2021 General Fund cash balance reflects receipt, as of December 31, 2020, of approximately \$2.0 billion of federal CARES Act assistance. As of April 30, 2021, the State had allocated nearly all assistance from the Coronavirus Relief Fund to State and local governmental expenditures related to COVID-19. Further, the General Fund cash balance reflect anticipated receipt of ARPA federal funds.
- (d) The Statutes provide certain administrative remedies to deal with periods when the General Fund is in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the gross general-purpose revenue appropriations then in effect (approximately \$1.73 billion in FY21 based on 2019 Wisconsin Act 9 and January 2021 LFB Report, and approximately \$1.8 billion in FY22 based on the Governor's executive budget for the FY21-23 biennium) and may also temporarily reallocate for a period of up to 30 days an additional amount up to 3% of the general-purpose revenue appropriations then in effect (approximately \$576 million in FY21 based on 2019 Wisconsin Act 9 and January 2021 LFB Report, and 605 million in FY22 based on the Governor's executive budget for the FY21-23 biennium). If the amount of available to the General Fund is not sufficient, the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.
- (e) Reflects no operating notes issued or assumed to be issued for FY20, FY21, or FY22.
- (f) Changes are sometimes made after the beginning of the fiscal year to the projected revenues and disbursements. Depending on when these changes occur, there are situations in which prior estimates cannot be changed and the result is a large variance. This column includes adjustments, if any, to the variances to more accurately reflect the variance between the estimated and actual amounts.
- (g) The amounts shown reflect a reduction in the aggregate cash balances available to the extent any fund had a negative balance and temporary reallocations were made from such fund.
- (h) This category includes intergovernmental transfers. The amount of these transfers may vary greatly between fiscal years, and therefore, this category may not be comparable on a historical basis. In addition, reflects receipt, as of

December 31, 2020, of approximately \$2.0 billion of federal CARES Act assistance, but does not reflect anticipated receipt of ARPA federal funds.

- (i) Certain transfers between General Fund appropriations are recorded as both revenues and expenditures of the General Fund. The amount of these transfers may vary greatly between fiscal years, and therefore this category may not be comparable on a historical basis.
- (j) The amounts are from the Annual Fiscal Report (unaudited, budgetary basis) for FY20, dated October 15, 2020.
- (k) The estimates reflect the 2019-21 biennial budget (2019 Wisconsin Act 9), the November 2020 DOA Report, and the January 2021 LFB Report, but do not reflect 2019 Wisconsin Act 7 and 2019 Wisconsin Act 10, which reduced individual income tax revenue, but increased sales/use tax and corporate/franchise tax revenues, or provisions of 2021 Wisconsin Act 1. The projections and estimates for FY20 (cash basis) were not updated to reflect impacts from the COVID-19 pandemic. See the section entitled “State of Wisconsin COVID-19 Update” for information on actions the State has taken in response to this pandemic and the impacts of the pandemic on the State.
- (l) The amounts shown are FY20 general purpose revenues and program revenues taxes as recorded by State agencies. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (m) The amounts shown are FY21 general purpose revenues and program revenue taxes as recorded by State agencies. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (n) The amounts shown are FY20 expenditures as recorded by State agencies.
- (o) The amounts shown are FY21 expenditures as recorded by State agencies.
