Cautionary Information

Users of this information should be cautioned about several points:
--

The General Fund financial information in this document has been prepared using what is believed to be the best available data as of its date. The tables in this document have been prepared using the same procedures used to prepare similar information for the State of Wisconsin Continuing Disclosure Annual Report, Official Statements prepared for specific securities, or reports filed in conjunction with various securities. This information is, however, preliminary in nature and subject to change.

- This information is unaudited and is not a “financial statement.” None of the data presented here has been subjected to customary fiscal period closing procedures or the procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments.
- This information speaks only as of the date on which it was prepared. The State is not obligated to update any of this information unless so required by undertakings related to its Continuing Disclosure Annual Report.
- Information classified as “actual”, and any difference from any prior estimate, does not signify a change to official estimates. Any official revenue or expenditure re-estimates that do occur will be separately identified and, if material, appropriately noted.
- The information is not intended to reflect the State’s projected budgetary balance for FY22 or FY23.
- Projections of results for dates after the date this information is prepared are forward looking. Actual results will almost certainly differ.
 - It is important to note that cash flow projections are expressed on a *cash basis* while the tax revenue collection estimates released by the Department of Revenue (DOR) and the Legislative Fiscal Bureau (LFB) are expressed on a *budgetary basis* and net of any refunds.
 - Projections are not adjusted to reflect actual revenues and expenditures and routine variability in the timing of receipts and disbursements, but may be adjusted to reflect unique events.
 - Projections of remaining fiscal year cash flow may be adjusted when necessary to reflect unforeseen events or additional revised forecasts of the General Fund condition statement, including, but not limited to, the fiscal effects of the COVID-19 pandemic.
- Data in the tables of financial information are subject to revision and reclassification for prior periods. This is particularly true for revenue data, where proper classification depends on tax returns which are received and processed significantly after the tax payments are received through electronic transfers.
- Some information is presented on a cash basis of accounting while other data is presented on a budgetary or agency-recorded basis. Users should not compare information that is presented on one basis of accounting with information that is presented on a different basis of accounting.
- Comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month. In addition, comparison of year-to-date annual General Fund financial information also has many inherent problems due to the potential of different revenue and budget provisions for each fiscal year.
- The presence of information here does not imply the State of Wisconsin made any determination as to its materiality.
- None of the information in these tables of financial information is required by the State of Wisconsin’s continuing disclosure undertakings pursuant to Securities and Exchange Commission (SEC) Rule 15c2-12; however, this information is being filed with the Municipal Securities Rulemaking Board’s (MSRB) Electronic Municipal Market Access (EMMA) system as an additional / voluntary filing.
 - This information is not, and does not replace, a listed event required by SEC Rule 15c2-12.
 - This information is not, and does not replace, the annual financial information required by SEC Rule 15c2-12.

State of Wisconsin COVID-19 Update (November 16, 2021)

The following are updates to the COVID-19 discussion that was included in the State of Wisconsin Continuing Disclosure Annual Report, dated December 23, 2020 **(2020 Annual Report)**.

Federal Aid – Coronavirus Aid, Relief, and Economic Security Act (CARES Act).

Pursuant to the CARES Act, the State received approximately \$2.0 billion of federal assistance. As of June 30, 2021, the State had allocated \$1.9 billion of these funds to State and local government expenditures related to COVID-19.

Federal Aid – American Rescue Plan Act of 2021

In addition to the CARES Act, and in response to the economic fallout of the COVID-19 pandemic, the federal government enacted into law the American Rescue Plan Act of 2021 on March 11, 2021 **(ARPA)**. This latest response contains numerous provisions that authorize payments to individuals, businesses, and governments, including the establishment of the State Fiscal Recovery Fund and the Local Fiscal Recovery Fund. LFB initially identified up to approximately \$3.2 billion of federal funds that the State could receive from the State Fiscal Recovery Fund. This amount was later revised to \$2.5 billion due to revised unemployment data, which show Wisconsin in a more positive unemployment situation. In addition, LFB initially identified up to approximately \$2.1 billion of federal funds that local units of government in the State could receive from the Local Fiscal Recovery Fund. On May 19, 2021, the State received nearly \$1.3 billion from the State Fiscal Recovery Fund, and an additional \$206 million from the Local Fiscal Recovery Fund for distribution to local units of government. The administration and funding of the ARPA funds are subject to guidelines from the federal government.

Governor Evers has vetoed multiple bills that would have required the Governor to submit a plan to the Legislature's Joint Committee on Finance **(JCF)** for any federal funds received by the State related to COVID-19 and would have directed the use of ARPA funding that the State receives.

The Governor has announced plans for allocation of the ARPA funds that include (i) \$525 million for continued statewide pandemic response efforts and government operations, (ii) \$200 million for infrastructure, including broadband access, (iii) \$650 million for small business support, (iv) \$101 million for support of the tourism industry, (v) \$130 million for workforce initiatives, (vi) \$510 million for investment in the economic wellbeing of families and other entities, and (vii) \$417 million reserved for any future response needed as a result of the pandemic. Under current law, most ARPA funds must be spent by December 30, 2024 or returned to the federal government.

The State Fiscal Recovery Fund and the Local Fiscal Recovery Fund are just two components of ARPA, and other federal funds may be available pursuant to other provisions of ARPA or future federal legislation.

General Information and Vaccinations

The Wisconsin Department of Health Services **(DHS)** continues to work to get COVID-19 vaccines to Wisconsinites. All State individuals ages 12 and older are eligible for the vaccination, and as of November 5, 2021, approximately 55% of Wisconsin residents were fully vaccinated.

The 2020 Annual Report noted that the pandemic and the emergency responses resulted in business closures, reductions in travel, and cancellations of numerous events as well as reduced aggregate demand for certain services, worker layoffs, furloughs and reductions in hours, and supply shortages. While these closures, cancellations, and restrictions have nearly ended in all parts of the State, some lingering situations related to those restrictions may still remain, and it is likely that the full financial impact of COVID-19 on the State, the State's economy, and the State's financial position will change as circumstances and events evolve. The State intends to file any appropriate reports from the DOR or LFB that address State revenues, expenditures, and financial position with the MSRB through its EMMA system.

Governor Evers and the Secretary-designee of DHS had issued various executive and emergency orders related to the COVID-19 pandemic. Under the Wisconsin Statutes, a state of emergency declared by the Governor cannot exceed 60 days, unless extended by joint resolution of the Legislature. Several such emergency declarations expired without the Legislature having taken action on the declarations. Following a challenge to one such declaration, the State Supreme Court ruled on March 31, 2021 that the Governor did not have the authority to declare multiple emergencies, spanning more than 60 days, relating to the COVID-19 pandemic.

Consequently, there are no state-wide mask mandates or restrictions on public gatherings in effect. Any future actions to impose state-wide restrictions would likely have to be approved by the Legislature prior to implementation. The Court's ruling did not address pandemic-related orders imposed at the county or local level. At this time, some counties and local governments have been recommending the use of masks when inside buildings with reference to guidance from the U.S. Centers for Disease Control and Prevention. Similar to last year, it is not possible at present to project with a reasonable degree of certainty any impact on State revenues, expenditures, reserves, budget, or financial position that may result from this recent uptick in COVID-19 cases. The information presented in this summary is subject to change without notice and only speaks as of its date. The State intends to file any appropriate reports from DOR or LFB addressing the economic and financial impact of the increase in COVID-19 cases with the MSRB through its EMMA system.

The following is a summary of various executive and emergency orders that had occurred subsequent to the 2020 Annual Report.

- Executive Order #104, issued by Governor Evers on January 19, 2021, again declared a Public Health Emergency, and Emergency Order #1 again extended the requirement (from a previous order) for use of face coverings when indoors or in an enclosed space with anyone outside the family unit, for an additional 60 days, or until March 20, 2021. The Senate and the Assembly adopted a joint resolution to terminate the emergency declaration under Executive Order #104, and that emergency declaration, and orders issued in reliance on it, ceased to be effective.
- Executive Order #105, issued by Governor Evers on February 4, 2021, again declared a Public Health Emergency, and Emergency Order #1 again imposed a requirement for use of face coverings when indoors or in an enclosed space with anyone outside the family unit, until March 20, 2021. The Court ruling described above struck down Executive Order #105 and Emergency Order #1, including the state-wide requirement for use of face coverings.

While Governor Evers had drafted legislation in late 2020 to address costs related to the pandemic, on February 5, 2021 the Assembly and Senate approved a different bill (2021 Assembly Bill 1), which was vetoed by Governor. On February 18, 2021 Governor Evers signed into law 2021 Wisconsin Act 1, which, among other provisions, changed the State tax treatment of certain loan forgiveness and other business financial assistance, including the paycheck protection program (PPP) under the CARES Act, in a manner that is consistent with recent changes in the Federal tax treatment of such items. The Legislature may continue to consider other bills related to the pandemic.

General Notes to the Financial Information

- **Impact of COVID-19.** See the section entitled “State of Wisconsin COVID-19 Update” for information on actions the State has taken, and federal funds it has received, in response to this pandemic.
- **2021-23 Biennial Budget.** The Governor signed the FY22 and FY23 biennial budget bill on July 8, 2021 with some vetoes (**2021 Wisconsin Act 58**). Based on 2021 Wisconsin Act 58, the General Fund condition statement’s net ending balances are estimated to be \$1.9 billion in FY22 and nearly \$1.6 billion in FY23.

On August 4, 2021, the Legislative Fiscal Bureau released the final cumulative summary of the executive and legislative action on the 2021-23 biennial budget. Such summary information was posted with the MSRB’s EMMA system and can be located on the internet at the following URL:

https://docs.legis.wisconsin.gov/misc/lfb/budget/2021_23_biennial_budget/202_comparative_summary_of_provisions_2021_act_58_august_2021_entire_document.pdf

Additional Information on the budget for the 2021-23 biennium is available on the MSRB EMMA system and is also available from the Capital Finance Office; see the Additional Information section.

- **Updated 2021-23 General Fund Condition Statement.** On October 18, 2021, the Legislative Fiscal Bureau released a memo (**October 2021 LFB Memo**) that updates the estimated General Fund condition fund statement for FY22 and FY23 to reflect (i) FY21 results from the Annual Fiscal Report, and (ii) DOR’s updated individual income tax withholding tables, effective January 1, 2022.

A table in the following pages includes the estimated General Fund condition statement for FY22 and FY23 from the October 2021 LFB Memo and also includes, for comparison, the estimated General Fund condition statement for FY22 and FY23 from 2021 Wisconsin Act 58 and the Governor’s executive budget.

- **FY 22 and FY23 Estimated General Fund Tax Collections.** A table on the following pages provides estimated General Fund tax collection for FY22 and FY23, as included in 2021 Wisconsin Act 58, and also includes, for comparison, the estimates collections from a report release by the Department of Administration on November 20, 2020 and the January 2021 LFB Report.
- **Annual Fiscal Report (Budgetary Basis) and Budget Stabilization Deposit.** FY21 ended on June 30, 2021. The Annual Fiscal Report (budgetary basis) for FY21 was published on October 15, 2021. This report includes the ending budgetary undesignated balance for FY21 of \$2.581 billion. This amount is \$2.467 billion more than the projected ending balance for the fiscal year in 2019 Wisconsin Act 9, \$730 million higher than the estimates provided by the Legislative Fiscal Bureau on January 26, 2021 (**January 2021 LFB Report**), \$29 million less than the projected ending balance that was included in the June 2021 LFB Report, and \$61 million more than the assumed beginning balance for FY22 included in 2021 Wisconsin Act 58.

Based on the actual General Fund tax collections for FY21, a deposit of \$967 million was made from the General Fund into the Budget Stabilization Fund, reflecting actual General Fund tax collections for the FY21 fiscal year being higher than estimated in 2019 Wisconsin Act 9. After this deposit, the balance of the Budget Stabilization Fund is \$1.730 billion.

The tables in the next pages present a summary of the General Fund tax revenue collections and condition statement for FY21. The State filed the Annual Fiscal Report (budgetary basis) for FY21 with the MSRB through its EMMA system.

¹ Reflects 2019 Wisconsin Act 7 and 2019 Wisconsin Act 10, which reduced individual income tax revenue, but increased sales/use tax and corporate/franchise tax revenues.

² Does not reflect the provisions of, or impact from, 2021 Wisconsin Act 1 (which among other changes, was expected to reduce the estimated General Fund tax collections by \$254 million and the estimated transfer to the Budget Stabilization Fund from \$232 million to \$105 million) or the receipt of ARPA funds.

- **Receipt of CARES Act and ARPA Funds.** The actual June 30, 2021 General Fund cash balance reflects receipt, as of December 31, 2020, of approximately \$2.0 billion of federal CARES Act assistance. In addition, as of June 30, 2021, the State had obligated \$1.9 billion of funds from the CARES Act.

The actual June 30, 2021 and projected June 30, 2022 General Fund cash balances reflect anticipated receipt of ARPA federal funds, including a receipt of approximately \$1.6 billion in May 2021 and an anticipated receipt of approximately \$1.5 billion in May 2022. Projections and estimates for the June 30, 2022 General Fund cash balances do not reflect any specific disbursement, but rather generalized assumptions for disbursement of remaining CARES Act and ARPA federal funds.

- **Actual FY22 General Fund Tax Revenues and Disbursements.** Compared to projections, the actual FY22 General Fund tax receipts (cash basis) for the period ending September 30, 2021 were higher by nearly \$305 million. Compared to the same period for FY21, General Fund tax receipts (cash basis) were lower by nearly \$523 million for the period ending September 30, 2021. Regarding fiscal year disbursements, the actual FY22 General Fund disbursements (cash basis) were higher than projections by nearly \$594 million for the period ending September 30, 2021. Compared to the same period for FY21, disbursements increased by \$1.7 billion for the period ending September 30, 2021.

**CASH BALANCES IN FUNDS AVAILABLE FOR
TEMPORARY REALLOCATION ^{(a) (g)}
July 31, 2019 to September 30, 2021 — Actual
October 31, 2021 to June 30, 2022 — Projected
(Amounts in Millions)**

The following two tables show, on a monthly basis, the cash balances available for temporary reallocation. The first table does not include balances in the Local Government Investment Pool (LGIP) and the second table does include such balances. Though the LGIP is available for temporary reallocations, funds in the LGIP are deposited and withdrawn by local units of government, and thus are outside the control of the State. The monthly average daily balances in the LGIP for the past five years have ranged from a low of \$2.724 billion during November 2016 to a high of \$5.399 billion during March 2021. The Secretary of Administration may not exercise the authority to use temporary reallocation if doing so would jeopardize the cash flow of any fund or account from which a temporary reallocation would be made.

Endnotes

- (a) Please refer to the cautionary statements at the beginning of this document. The cautionary statements are an integral part of this report. None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments. In addition, comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month.
- (b) The results and projections for FY21 (cash basis) reflect the June 2021 LFB Report, the January 2021 LFB Report, 2021 Wisconsin Act 1, receipt of approximately \$2.0 billion in December 2020 of federal CARES Act assistance, and receipt of ARPA federal funds, including a receipt of approximately \$1.6 billion in May 2021 (reflecting funds for the State under the State Fiscal Recovery Fund along with certain non-entitlement governmental unit allocation of funds under the Local Fiscal Recovery Fund that are required to pass through the State). They also reflect 2019 Wisconsin Act 7 and 2019 Wisconsin Act 10, which reduced individual income tax revenue, but increased sales/use tax and corporate/franchise tax revenues. Projections and estimates do not reflect any specific disbursement, but rather generalized assumptions for disbursement, of remaining CARES Act and ARPA federal funds. As of June 30, 2021, the State had allocated nearly all assistance from the CARES Act and Coronavirus Relief Fund to State and local governmental expenditures related to COVID-19. Projections and estimates also do not reflect budget changes recommended by the Joint Committee on Finance. Temporary reallocations of cash are not included. See the section entitled “State of Wisconsin COVID-19 Update” for information on actions the State has taken in response to this pandemic and the potential impacts of the pandemic on the State.

The results, projections, and estimates for FY22 (cash basis) reflect the June 2021 LFB Report, enacted budget for the 2021-23 biennium (2021 Wisconsin Act 58), and receipt of ARPA federal funds, including the anticipated receipt of approximately \$1.5 billion in May 2022 (reflecting funds for the State under the State Fiscal Recovery Fund along with certain non-entitlement governmental unit allocation of funds under the Local Fiscal Recovery Fund that are required to pass through the State). Projections and estimates do not reflect any specific disbursement, but rather generalized assumptions for disbursement, of remaining CARES Act and ARPA federal funds. Projections and estimates also do not reflect budget changes recommended by the Joint Committee on Finance and DOR’s updated individual income tax withholding tables, effective January 1, 2022. Temporary reallocations of cash are not included. See the section entitled “State of Wisconsin COVID-19 Update” for information on actions the State has taken in response to this pandemic and the potential impacts of the pandemic on the State.

- (c) The General Fund cash balances presented are not based on Generally Accepted Accounting Principles. The General Fund includes funds designated for operations and capital purposes for certain proprietary programs of the State’s universities. Receipts and disbursements of such funds for the designated programs and the disbursement of such funds for other purposes are reflected in the cash flow. A use of the designated funds for purposes other than the proprietary programs is, in effect, a borrowing of such funds. Therefore, at any time that the balance in the General Fund is less than the balance of such designated funds, the State is obligated to replenish the designated funds to the extent of the shortfall. These designated funds ranged from approximately \$1.2 billion to \$1.9 billion during FY19, from \$1.2 billion to \$1.9 billion during FY20, from \$1.3 billion to \$1.9 billion for FY21, and are expected to range from \$1.3 billion to \$1.8 billion for FY22. In addition, the General Fund holds deposits for several escrow accounts pursuant to court orders or federal rulings. These funds have averaged, and are expected to continue to average, approximately \$25 million in each fiscal year.
- (d) The Statutes provide certain administrative remedies to deal with periods when the General Fund is in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the gross general-purpose revenue appropriations then in effect (approximately \$1.7 billion in FY21 and approximately \$1.7 billion in FY22 based on the enacted budget for the FY21-23 biennium) and may also temporarily reallocate for a period of up to 30 days an additional amount up to 3% of the general-purpose revenue appropriations then in effect (approximately \$576 million in FY21 and \$579 million in FY22 based on the enacted budget for the FY21-23 biennium). If the amount of available to the General Fund is not sufficient, the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.
- (e) Reflects no operating notes issued or assumed to be issued for FY20, FY21, or FY22.

- (f) Changes are sometimes made after the beginning of the fiscal year to the projected revenues and disbursements. Depending on when these changes occur, there are situations in which prior estimates cannot be changed and the result is a large variance. This column includes adjustments, if any, to the variances to more accurately reflect the variance between the estimated and actual amounts.
- (g) The amounts shown reflect a reduction in the aggregate cash balances available to the extent any fund had a negative balance and temporary reallocations were made from such fund.
- (h) This category includes intergovernmental transfers. The amount of these transfers may vary greatly between fiscal years, and therefore, this category may not be comparable on a historical basis. In addition, reflects receipt, as of September 30, 2021, of approximately \$2.0 billion of federal CARES Act assistance and \$1.6 billion of ARPA federal funds.
- (i) Certain transfers between General Fund appropriations are recorded as both revenues and expenditures of the General Fund. The amount of these transfers may vary greatly between fiscal years, and therefore this category may not be comparable on a historical basis.
- (j) The amounts are from the Annual Fiscal Report (unaudited, budgetary basis) for FY20, dated October 15, 2020.
- (k) The estimates reflect the 2019-21 biennial budget (2019 Wisconsin Act 9), but do not reflect the November 2020 DOA Report, the January 2021 LFB Report, and 2019 Wisconsin Act 7 and 2019 Wisconsin Act 10, which reduced individual income tax revenue, but increased sales/use tax and corporate/franchise tax revenues, or provisions of 2021 Wisconsin Act 1.
- (l) The amounts shown are FY20 general purpose revenues and program revenues taxes as recorded by State agencies. The amounts shown are as of June 30, 2020 and also include any FY20 revenues that may have been recorded by State agencies during the months of July, August, and September 2020. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (m) The amounts shown are FY21 general purpose revenues and program revenue taxes as recorded by State agencies. The amounts shown are as of June 30, 2021 and also include revenues for FY21 that were recorded by State agencies during the months of July, August, and September 2021. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (n) The amounts shown are FY20 expenditures as recorded by State agencies. The amounts shown here are as of June 30, 2020 and also include any expenditures for FY20 there may have been recorded by State agencies during the months of July, August, and September 2020.
- (o) The amounts shown are FY21 expenditures as recorded by State agencies. The amounts shown are as of June 30, 2021 and also include expenditures for the FY21 that were recorded by State agencies during the months of July, August, and September 2021.
- (p) The amounts are from the Annual Fiscal Report (unaudited, budgetary basis) for FY21, dated October 15, 2021.
- (q) The estimates reflect the 2021-23 biennial budget (2021 Wisconsin Act 58) but do not reflect DOR's updated individual income tax withholding tables, effective January 1, 2022.
- (r) The amounts shown are FY21 general purpose revenues and program revenues taxes as recorded by State agencies. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (s) The amounts shown are FY22 general purpose revenues and program revenue taxes as recorded by State agencies. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.

- (t) The amounts shown are FY21 expenditures as recorded by State agencies.
- (u) The amounts shown are FY22 expenditures as recorded by State agencies.
