STATE OF WISCONSIN DEPARTMENT OF ADMINISTRATION

Tony Evers, Governor
Kathy Blumenfeld, Secretary
Brian Pahnke, Administrator

December 20, 2024

Thank you for your interest in the State of Wisconsin.

This is the Continuing Disclosure Annual Report for the fiscal year ending June 30, 2024 (**2024 Annual Report**).

The 2024 Annual Report provides information on different securities that the State issues and is provided under the State's continuing disclosure undertakings. These undertakings of the State are intended to help dealers and brokers comply with Rule 15c2-12 under the Securities Exchange Act of 1934. As of this date, the State has filed the 2024 Annual Report with the Municipal Securities Rulemaking Board (MSRB) through its Electronic Municipal Market Access (EMMA) system. emma receives, and makes available to the public, continuing disclosure documents and related information that is provided by issuers and obligated persons.

Official Statements for securities that the State issues during calendar year 2025 may incorporate parts of this 2024 Annual Report by reference.

Organization of the 2024 Annual Report

The 2024 Annual Report is divided into seven parts. The first two parts present general information.

- **Part I** presents the **State's continuing disclosure undertakings**. A Master Agreement on Continuing Disclosure (Amended and Restated March 1, 2019) establishes a general framework. Separate addenda describe the information to be provided for specific types of securities.
- **Part II** presents **general information about the State**, including ESG considerations, operations, and financial results. This part also provides information on the 2023-25 biennial budget and the results of the 2023-24 fiscal year.

The remaining parts present information about different types of securities that the State issues.

- **Part III — General obligations (including bonds, extendible municipal commercial paper, variable rate demand obligations, floating rate notes, and commercial paper)**
- **Part IV — Master lease certificates of participation**
- **Part V — Transportation revenue obligations**
- **Part VI — Environmental improvement fund revenue bonds**
- **Part VII — General fund annual appropriation bonds**

Ratings on the State's Securities

The following chart presents a summary of the long-term ratings currently assigned to different types of securities that the State issues. Not every rating agency has been asked to rate every series of State obligations.

<u>Security</u>	<u>Fitch Ratings</u>	<u>Kroll Bond Rating Agency</u>	<u>Moody's Investors Service, Inc.</u>	<u>S&P Global Ratings</u>
General Obligations	AA+	AAA	Aa1	AA+
Master Lease Certificates of Participation	AA	AA+	Aa2	AA
Transportation Revenue Bonds	AA+	AAA	Aa1 ^(a)	AAA
Environmental Improvement Revenue Bonds	AAA	—	—	AAA
General Fund Annual Appropriation Bonds	AA	—	Aa2	AA

^(a) On September 11, 2024, Moody's Investors Service, Inc. upgraded its rating on the State's Transportation Revenue Bonds from Aa2 to Aa1.

How to Get Additional Information

If you are interested in information about securities that the State issues, please contact the Capital Finance Office; *the Capital Finance Office is the only party authorized to speak on the State's behalf about the State's securities.*

The Capital Finance Office maintains two websites that provide access to both disclosure and non-disclosure information. The State's investor relations website (wisconsinbonds.com) is intended to assist investors in finding disclosure information about the State. The Capital Finance Office posts to both websites monthly general fund cash flow reports and all event and additional (voluntary) filings made through MSRB's EMMA system.

* The Building Commission is composed of eight voting members. The Governor serves as the chairperson. Each house of the Wisconsin State Legislature appoints three members. State law provides for the two major political parties to be represented in the membership from each house. One citizen member is appointed by the Governor and serves at the Governor's pleasure.

PART I

STATE'S CONTINUING DISCLOSURE UNDERTAKINGS

Part I of the State of Wisconsin Continuing Disclosure Annual Report, dated December 20, 2024 (**2024 Annual Report**) provides information on the undertakings the State of Wisconsin (**State**) has made to enable brokers, dealers, and municipal securities dealers, in connection with their participation in the offerings of securities issued by the State, to comply with Rule 15c2-12(b)(5) adopted by the U.S. Securities and Exchange Commission (**SEC**) under the Securities Exchange Act of 1934 (**Rule 15c2-12**).

This Part I of the 2024 Annual Report includes the State's Master Agreement on Continuing Disclosure (Amended and Restated March 1, 2019) (**Master Agreement**), which establishes a general framework under which the State provides continuing disclosure on various types of securities the State has issued, and also includes five addenda that describe information to be provided in an annual report about the following types of securities:

- General Obligations
- Master Lease Certificates of Participation
- Transportation Revenue Bonds
- Environmental Improvement Fund Revenue Bonds
- General Fund Annual Appropriation Bonds

The State's Master Agreement was amended and restated in calendar year 2019 to reflect amendments to Rule 15c2-12, which were effective February 27, 2019. In particular, items 15 and 16 were added as "Listed Events" in the Master Agreement.

The State currently provides annual reports and notices required under its Master Agreement to the Municipal Securities Rulemaking Board (**MSRB**) through the MSRB's Electronic Municipal Market Access (**EMMA**) system, with the understanding that emma will make that information available to the public.

Requests for additional information about the State's undertakings may be directed as follows:

Contact: Capital Finance Office
Attn: Capital Finance Director

Phone: (608) 267-1836

Mail: State of Wisconsin Department of Administration
101 East Wilson Street, FLR 10
P.O. Box 7864
Madison, WI 53707-7864

E-mail: DOACapitalFinanceOffice@wisconsin.gov

Websites: doa.wi.gov/capitalfinance
wisconsinbonds.com

The 2024 Annual Report includes information and defined terms for different types of securities issued by the State. The context or meaning of terms used in one part of the 2024 Annual Report may differ from that of the same terms used in another part. No information or resource referred to in the 2024 Annual Report is part of the report unless expressly incorporated by reference.

Pursuant to action of the State of Wisconsin Building Commission (**Commission**), the State's Capital Finance Office is responsible for establishing procedures to provide continuing disclosure with respect to the State's obligations in fulfillment of its undertakings. The Master Agreement provides that, if the State fails to make a

required filing, the State must report the failure to the MSRB. In the last five years, the State has not failed to comply in any material respect with its Master Agreement, or any similar undertaking.

The following is a summary of the filings that the State has made under its Master Agreement over the past five years. The State also filed numerous other additional (voluntary) filings.

Calendar Year	Date	Type or Filing (Summary of Filings)
2024 ^(a)	December 20, 2024	Annual Report, including Annual Comprehensive Financial Report and State Audited Financial Statements for fiscal year ended June 30, 2024
	Various	19 Notices of Listed Events (Bond Call, Tender Offer/Secondary Market Purchases, Rating Changes, and audited financial statements)

^(a) As of December 20, 2024.

**MASTER AGREEMENT ON CONTINUING DISCLOSURE
(AMENDED AND RESTATED MARCH 1, 2019)**

This Master Agreement on Continuing Disclosure (**Disclosure Agreement**) is executed and delivered by the State of Wisconsin (**Issuer**), a municipal securities issuer and a sovereign government. The Issuer covenants and agrees as follows:

SECTION 1. Definitions. The following capitalized terms shall have the following meanings:

“**Addendum Describing Annual Report**” shall mean an addendum, substantially in the form of Exhibit A hereto, that describes the contents of an Annual Report for a particular type of obligation.

“**Annual Report**” shall mean any report provided by the Issuer pursuant to, and as described in, Sections 4 and 5 of this Disclosure Agreement.

“**Bonds**” shall mean any issue of the Issuer’s securities to which this Disclosure Agreement applies.

“**Bondholders**” shall mean the beneficial owners from time to time of the Bonds.

“**Commission**” shall mean the U.S. Securities and Exchange Commission.

“**Disclosure Agreement**” shall mean this agreement.

“**EMMA**” shall mean the Electronic Municipal Market Access system for municipal securities disclosure, a Commission-approved electronic database established and operated by the MSRB to accommodate the collection and availability of required filings of secondary market disclosures under the Rule.

“**Event Notice**” shall mean a notice of an occurrence of a Listed Event provided under Section 6(b) hereof or a notice provided under Sections 4(c), 6(c), or 8.

“**Exchange Act**” shall mean the Securities Exchange Act of 1934, as amended from time to time.

“**financial obligation**” shall mean (i) a debt obligation; (ii) a derivative instrument entered into in connection with, or pledged as security or a source of payment for, an existing or planned debt obligation; or (iii) a guarantee of a debt obligation or such a derivative instrument. The term financial obligation shall not include municipal securities as to which a final official statement has been provided to the MSRB consistent with the Rule.

“**Issuer**” shall mean the securities issuer described above, namely, the State of Wisconsin.

“**Listed Event**” shall mean any of the events listed in Section 6(a) of this Disclosure Agreement.

“**MSRB**” shall mean the Municipal Securities Rulemaking Board.

“**Participating Underwriter**” shall mean any broker, dealer, or municipal securities dealer that is required to comply with the Rule when acting as an underwriter in connection with a primary offering of an issue of Bonds.

“**Resolution**” shall mean the resolution or resolutions of the State of Wisconsin Building Commission or the trust indenture entered into by the Issuer, pursuant to which the Bonds are issued.

“**Rule**” shall mean Rule 15c2-12(b)(5) adopted by the Commission under the Exchange Act.

“**Supplemental Agreement**” shall mean an agreement, substantially in the form of Exhibit B hereto, that either (i) determines that the Disclosure Agreement and a specific Addendum Describing Annual Report shall apply to a specific issue of Bonds or (ii) determines that the Disclosure Agreement (other than Sections 4 or 5, which concern Annual Reports) shall apply to a specific issue of Bonds.

SECTION 2. Purpose of the Disclosure Agreement. The purpose of this Disclosure Agreement is to assist Participating Underwriters in complying with the Rule in connection with a primary offering of an issue of Bonds.

SECTION 3. Application of the Disclosure Agreement. This Disclosure Agreement shall apply to an issue of Bonds when the Issuer executes and delivers a Supplemental Agreement. This Disclosure Agreement may apply in whole or in part, as specified by the Supplemental Agreement. This Disclosure Agreement may apply to more than one issue of Bonds but shall be construed as a separate agreement for each issue of Bonds. The purpose of having this Disclosure Agreement apply to more than one issue of Bonds is to promote uniformity of the Issuer’s obligations with respect to all issues of Bonds.

SECTION 4. Provision of Annual Reports.

(a) The Issuer shall, not later than 180 days following the close of the Issuer’s fiscal year, provide to the MSRB an Annual Report that is consistent with the requirements of Section 5 of this Disclosure Agreement.

(b) If Issuer’s audited financial statements are not publicly available at the time the Annual Report is submitted, the Issuer shall submit them to the MSRB within ten business days after the statements are publicly available.

(c) If the Issuer fails to provide an Annual Report to the MSRB by the date required in subsection (a), the Issuer shall send an Event Notice to the MSRB.

SECTION 5. Content and Submission of Annual Reports.

(a) The Annual Report shall be provided for each obligated person described in the Addendum Describing Annual Report, and it shall contain, or incorporate by reference, the financial statements and operating data, and use the accounting principles, described in the Addendum Describing Annual Report.

(b) The Annual Report shall be submitted to the MSRB in an electronic format, and accompanied by identifying information, as prescribed by the MSRB. As of the date of this Disclosure Agreement, the MSRB prescribes that all submissions of secondary disclosure be made through EMMA. The Annual Report may be submitted as a single document or as a package comprising separate documents. All, or any of, the items constituting the Annual Report may be incorporated by reference from other documents available to the public on the MSRB’s Internet Web site or filed with the Commission. The Issuer shall clearly identify each document so incorporated by reference.

(c) Each time the Issuer submits information to the MSRB in accordance with this Disclosure Agreement, it shall confirm, in the manner it deems appropriate, the MSRB's prescriptions concerning the electronic format and accompanying identifying information. As of the date of this Disclosure Agreement, information on the MSRB's required electronic format and submission procedures through EMMA can be found on the MSRB's Internet Web site at www.emma.msrb.org.

(d) To allow for uniformity of the contents of Annual Reports with respect to obligations that are similar in character, the Issuer may from time to time describe the contents in an Addendum Describing Annual Report and shall incorporate a description by reference in a Supplemental Agreement.

SECTION 6. Reporting of Significant Events.

(a) This Section 6 shall govern the giving of notices of the occurrence of any of the following events with respect to the Bonds:

1. Principal and interest payment delinquencies.
2. Non-payment related defaults, if material.
3. Unscheduled draws on debt service reserves reflecting financial difficulties.
4. Unscheduled draws on credit enhancements reflecting financial difficulties.
5. Substitution of credit or liquidity providers, or their failure to perform.
6. Adverse tax opinions, the issuance by the Internal Revenue Service of proposed or final determinations of taxability, Notices of Proposed Issue (IRS Form 5701-TEB), or other material notices or determinations with respect to the tax status of the Bonds, or other material events affecting the tax status of the Bonds;
7. Modifications to rights of Bondholders, if material.
8. Bond calls, if material, and tender offers.
9. Defeasances.
10. Release, substitution, or sale of property securing repayment of the Bonds, if material.
11. Rating changes.
12. Bankruptcy, insolvency, receivership or similar event of an obligated person (for the purposes of this event, the event is considered to occur when any of the following occur: the appointment of a receiver, fiscal agent, or similar officer for an obligated person in a proceeding under the U.S. Bankruptcy Code or in any other proceeding under state or federal law in which a court or governmental authority has assumed jurisdiction over substantially all of the assets or business of the obligated person, or if such jurisdiction has been assumed

by leaving the existing governing body and officials or officers in possession but subject to the supervision and orders of a court or governmental authority, or the entry of an order confirming a plan of reorganization, arrangement, or liquidation by a court or governmental authority having supervision or jurisdiction over substantially all the assets or business of the obligated person).

13. The consummation of a merger, consolidation, or acquisition involving an obligated person or the sale of all or substantially all the assets of an obligated person, other than in the ordinary course of business, the entry into a definitive agreement to undertake such an action, or the termination of a definitive agreement relating to any such actions, other than pursuant to its terms, if material.

14. Appointment of a successor or additional trustee or the change of name of a trustee, if material.

15. Incurrence of a financial obligation of an obligated person, if material, or agreement to covenants, events of default, remedies, priority rights, or other similar terms of a financial obligation of an obligated person, any of which affect Bondholders, if material.

16. Default, event of acceleration, termination event, modification of terms, or other similar events under the terms of a financial obligation of an obligated person, any of which reflect financial difficulties.

(b) The Issuer shall file a notice of such occurrence with the MSRB not in excess of ten business days after the occurrence of the event.

(c) Similarly, if the Issuer determines that it failed to give notice of an occurrence as required by this section, it shall promptly file an Event Notice with respect to such occurrence to the MSRB.

(d) Notwithstanding (b) above, the Issuer shall not be required to file notice of the occurrence of the items listed in number 15 and 16 above for Bonds issued prior to February 27, 2019. For items listed in number 16 above, the financial obligation to which the notice relates may have been issued or entered into prior to or after February 27, 2019.

SECTION 7. Termination of Reporting Obligation. The Issuer's obligations under this Disclosure Agreement with respect to an issue of Bonds shall terminate upon the legal defeasance, prior redemption, or payment in full of all Bonds of the issue or if the Rule shall be revoked or rescinded by the Commission or declared invalid by a final decision of a court of competent jurisdiction.

SECTION 8. Amendment; Waiver. Notwithstanding any other provision of this Disclosure Agreement, the Issuer may amend this Disclosure Agreement if the following conditions are met:

(a) The amendment or waiver may only be made in connection with a change in circumstances that arises from a change in legal requirements, change in law, or change in the identity, nature, or status of the Issuer, or an obligated person, or the type of business conducted; and

(b) This Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the time of the primary offering, after taking into account any amendments or interpretations of the Rule, as well as any change in circumstances; and

(c) The amendment does not materially impair the interests of Bondholders, as determined by an opinion of nationally recognized bond counsel, a certificate from an indenture trustee for the Bonds, or an approving vote of Bondholders pursuant to the terms of the Resolution at the time of the amendment.

In the event this Disclosure Agreement is amended for any reason other than to cure any ambiguities, inconsistencies, or typographical errors that may be contained herein, the Issuer agrees the next Annual Report it files after such event shall explain the reasons for the amendment or waiver and the impact, if any, of the change in the type of financial statements or operating data being provided.

If the amendment concerns the accounting principles to be followed in preparing financial statements, the Issuer agrees that it will give an Event Notice and that the next Annual Report it files after such event will present a comparison between financial statements or information prepared on the basis of the new accounting principles and those prepared on the basis of the former accounting principles.

SECTION 9. Additional Information. The Issuer may from time to time choose to disseminate other information, using the means of dissemination set forth in this Disclosure Agreement or any other means of communication, or include other information in any Annual Report or Event Notice, in addition to that which is required by this Disclosure Agreement. If the Issuer chooses to include any information in any Annual Report or Event Notice in addition to that which is specifically required by this Disclosure Agreement, the Issuer shall have no obligation under this Disclosure Agreement to update such information or include it in any future Annual Report or Event Notice.

SECTION 10. Default. A default under this Disclosure Agreement shall not be deemed an event of default under the Resolution, and the sole remedy of a Bondholder under this Disclosure Agreement in the event of any failure of the Issuer to comply with this Disclosure Agreement shall be an action or lawsuit to compel performance. The Issuer reserves any defense it may have to any such action or lawsuit including that this Disclosure Agreement violates sovereign rights or that no funds have been appropriated for performance.

SECTION 11. Beneficiaries. The Issuer intends to be contractually bound by this Disclosure Agreement. This Disclosure Agreement shall inure solely to the benefit of the Issuer, the Participating Underwriters, and Bondholders and shall create no rights in any other person or entity.

SECTION 12. Responsible Officer. Pursuant to a resolution adopted by the State of Wisconsin Building Commission on August 9, 1995, the Capital Finance Director has been authorized to execute this Disclosure Agreement on behalf of the Issuer, and the Capital Finance Office has been designated as the office of the Issuer responsible for providing Annual Reports and giving notice of Listed Events, to the extent required hereunder. Any inquiries regarding this Disclosure Agreement should be directed to the Capital Finance Office, Department of Administration, Division of Executive Budget and Finance, 101 East Wilson Street, Madison, Wisconsin 53702, Phone: (608) 267-0374, Email: DOACapitalFinanceOffice@wisconsin.gov or such other address, telephone number, fax number, or email address as the Issuer may from time to time provide by an addendum hereto.

SECTION 13. Satisfaction of Conditions. This Disclosure Agreement amends and restates the Master Agreement on Continuing Disclosure (Amended and Restated December 1, 2010) (**Prior Agreement**), executed and delivered by the Issuer and dated December 1, 2010. The Issuer finds and determines that the conditions stated under Section 8 of the Prior Agreement for amendment of the Prior Agreement have been satisfied and, more particularly:

(a) The amendments are being made in connection with a change in circumstances that arises from a change in legal requirements or a change in law (namely, amendments to the Rule);

(b) This Disclosure Agreement, as amended, would have complied with the requirements of the Rule at the time of the primary offering of the Bonds, after taking into account the amendments to the Rule; and

(c) The amendments do not materially impair the interests of the Bondholders, as determined by an opinion of nationally recognized bond counsel.

In witness whereof, the Issuer has caused this Master Agreement on Continuing Disclosure (Amended and Restated March 1, 2019) to be executed by its duly authorized officer.

ADDENDUM DESCRIBING ANNUAL REPORT FOR TRANSPORTATION REVENUE BONDS

This Addendum Describing Annual Report for Transportation Revenue Bonds (**Addendum**) is delivered by the State of Wisconsin (**Issuer**) pursuant to the Master Agreement on Continuing Disclosure (Amended and Restated March 1, 2019), as it may be further amended from time to time in accordance with the terms thereof (**Disclosure Agreement**), executed and delivered by the Issuer and dated March 1, 2019. This Addendum describes the content of an Annual Report prepared with respect to transportation revenue bonds. Capitalized terms that are not defined in this Addendum have the meanings set forth in the Disclosure Agreement.

Issuer. The Issuer is an obligated person, as is any entity described below as an Additional Obligated Person, and no other entity is an obligated person.

Additional Obligated Person(s): None

Content of Annual Report for Issuer.

Accounting Principles. The following accounting principles shall be used for the financial statements: generally accepted accounting principles or in accordance with another comprehensive basis of accounting.

Financial Statements. The financial statements shall present the following information: Audited financial statements of the transportation revenue bond program and supplemental information to the audited financial statement.

Operating Data. In addition to the financial statements, operating data about the following matters shall be presented:

- (a) History of Section 341.25 registration fees for last 10 years.
- (b) Estimated Section 341.25 registration fees for next 10 years.
- (c) Historical and estimated amounts of other pledged revenues consisting of certain vehicle registration-related fees.
- (d) Debt service on all outstanding transportation revenue bonds and estimated revenue coverage based on estimated pledged revenues for next 10 years.
- (e) Demographic information for the State of Wisconsin relating to vehicle registrations.

In witness whereof, the Issuer has caused this Addendum to be executed by its duly authorized officer.

ADDENDUM DESCRIBING ANNUAL REPORT FOR ENVIRONMENTAL IMPROVEMENT FUND REVENUE OBLIGATIONS

This Addendum Describing Annual Report for Environmental Improvement Fund Revenue Bonds (**Addendum**) is delivered by the State of Wisconsin (**Issuer**) pursuant to the Master Agreement on Continuing Disclosure (Amended and Restated March 1, 2019), as it may be further amended from time to time in accordance with the terms thereof (**Disclosure Agreement**), executed and delivered by the Issuer and dated March 1, 2019.

Issuer. The Issuer is an obligated person, as is any entity described below as an Additional Obligated Person, and no other entity is an obligated person.

Additional Obligated Person(s): Each entity described by the objective criteria below is an obligated person (**Additional Obligated Person**): Any person, including an issuer of municipal securities, who directly or indirectly at the close of the Issuer's fiscal year, is either generally or through an enterprise, fund, or account of such person committed by contract or other arrangement to support payment of 20 percent or more of the cash flow servicing the then outstanding environmental improvement fund revenue obligations (other than providers of municipal bond insurance, letters of credit, or other liquidity facilities).

Any Additional Obligated Person will be required by the Issuer to enter into an undertaking agreement to provide, not later than 180 days following the close of that Additional Obligation Person's fiscal year, an annual report meeting the requirements outlined below under "Content of Annual Report for Additional Obligated Person".

Content of Annual Report for Issuer.

Accounting Principles. The following accounting principles shall be used for the financial statements: Generally Accepted Accounting Principles.

Financial Statements. The financial statements shall present the following information:

(a) Audited financial statements of the Environmental Improvement Fund and supplemental information to the audited financial statement.

Operating Data. In addition to the financial statements, operating data about the following clean water fund program and safe drinking water loan program matters shall be presented:

- (a) List of outstanding loans
- (b) List of financial assistance commitments

Content of Annual Report for Additional Obligated Person.

Accounting Principles. The following accounting principles shall be used for the financial statements: Generally Accepted Accounting Principles.

Financial Statements. The financial statements shall present the following information: Audited financial statements of the Additional Obligated Person.

Operating Data. In addition to the financial statements, operating data about the following matters shall be presented: None.

IN WITNESS WHEREOF, the Issuer has caused this Addendum to be executed by its duly authorized officer.

ADDENDUM DESCRIBING ANNUAL REPORT FOR GENERAL FUND ANNUAL APPROPRIATION BONDS

This Addendum Describing Annual Report for General Fund Annual Appropriation Bonds (**Addendum**) is delivered by the State of Wisconsin (**Issuer**) pursuant to the Master Agreement on Continuing Disclosure (Amended and Restated March 1, 2019), as it may be further amended from time to time in accordance with the terms thereof (**Disclosure Agreement**), executed and delivered by the Issuer and dated March 1, 2019.

This Addendum describes the content of an Annual Report prepared with respect to general fund annual appropriation bonds issued under Section 16.527 of the Wisconsin Statutes. Capitalized terms that are not defined in this Addendum have the meanings set forth in the Disclosure Agreement.

Issuer. The Issuer is an obligated person, as is any entity described below as an Additional Obligated Person, and no other entity is an obligated person.

Additional Obligated Person: None

Content of Annual Report for Issuer.

Accounting Principles. The following accounting principles shall be used for the financial statements: Generally Accepted Accounting Principles.

Financial Statements. The financial statements shall present the following information: General Purpose External Financial Statements section of the Comprehensive Annual Financial Report.

Operating Data. In addition to the financial statements, unaudited operating data concerning the following matters shall be presented:

- (i) a determination, with supporting information, of the “Annual Appropriation Amount,” as defined in the Trust Indenture, dated as of December 1, 2003 (the “2003 Indenture”), as amended, between the Issuer and U.S. Bank National Association, as successor to Deutsche Bank Trust Company Americas, as trustee, and of the “Annual Appropriation Amount”, as defined in the Trust Indenture, dated as of April 1, 2009 (the “2009 Indenture”), as amended, between the Issuer and The Bank of New York Mellon Trust Company, N.A., as successor to Deutsche Bank Trust Company Americas and U.S. Bank National Association, as trustee, for each fiscal year in the current biennium;
- (ii) the amounts appropriated by the legislature in each fiscal year with respect to appropriation obligations issued under Section 16.527 of the Wisconsin Statutes; *provided, however*, that not more than ten years in which amounts have been appropriated need be presented;
- (iii) revenues received by the State;
- (iv) expenditures made by the State;
- (v) budgets;
- (vi) selected financial data concerning the General Fund;
- (vii) information concerning temporary reallocations;

- (viii) pertinent information on significant pending litigation;
- (ix) balances of outstanding State obligations; and
- (x) statistical information on the State's economic condition and Wisconsin Retirement System.

Reporting of Significant Events: The Issuer agrees that it will treat each of the following events as though it were a Listed Event under the Disclosure Agreement:

- (i) the event of a Budget Bill failing to include the Annual Appropriation Amount (as such terms are defined in each Indenture);
- (ii) an Event of Nonappropriation (as such term is defined in each Indenture); and
- (iii) any failure to make a payment when due under a Swap Agreement (as such term is defined in each Indenture).

In witness whereof, the Issuer has caused this Addendum to be executed by its duly authorized officer.

PART II

GENERAL INFORMATION ABOUT THE STATE OF WISCONSIN

Part II of the 2024 Annual Report provides general information about the State of Wisconsin (**State**). It describes the following:

- Environmental, Social, and Governance Factors
- Revenues
- Expenditures
- Accounting and Financial Reporting
- Budgeting Process and Fiscal Controls
- Budgetary Results of 2023-24 Fiscal Year
- State Budget (including State Budget for 2025-27 Biennium)
- General Fund Information
- State Government Organization
- State of Wisconsin Building Commission
- State Obligations
- Employee Pension Funds and Other Post-Employment Benefits
- State of Wisconsin Investment Board
- Statistical Information

APPENDIX A to this Part II of the 2024 Annual Report includes the audited general purpose external financial statements for the fiscal year ended June 30, 2024 and the independent auditor's report provided by the State Auditor.

Requests for additional information about the State may be directed as follows:

Contact: Capital Finance Office
Attn: Capital Finance Director

Phone: (608) 267-1836

Mail: State of Wisconsin Department of Administration
101 East Wilson Street, FLR 10
P.O. Box 7864
Madison, WI 53707-7864

E-mail: DOACapitalFinanceOffice@wisconsin.gov

Websites: doa.wi.gov/capitalfinance
wisconsinbonds.com

The State has independently provided periodic reports on General Fund financial information. These reports are not required by any of the State's undertakings provided to permit compliance with Rule 15c2-12 adopted by the Securities and Exchange Commission under the Securities Exchange Act of 1934. These reports are available on the State's Capital Finance Office websites that are listed above and are filed as additional voluntary information with the Municipal Securities Rulemaking Board (**MSRB**) through its Electronic Municipal Market

Access (EMMA) system. These reports are not incorporated by reference into this Part II of the 2024 Annual Report. The State is not obligated to provide such reports at any time in the future.

This Part II of the 2024 Annual Report presents financial information about the State in various formats. Some financial information is presented on a budgetary basis or an agency-recorded basis, while other information is presented on a cash basis. Some financial information relates to the General Fund only, while other information relates to other funds. The reader should be aware of these different formats when reviewing the financial information presented in the 2024 Annual Report.

The 2024 Annual Report includes information and defined terms for different types of securities issued by the State. The context or meaning of a term used in one part of the 2024 Annual Report may differ from that of the same term used in another part, and the total amount shown in a table may vary from the related sum due to rounding. No information or resource referred to in the 2024 Annual Report is part of the report unless expressly incorporated by reference.

Certain statements in this Part II of the 2024 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2024 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS

The State understands that environmental, social, and governance (ESG) factors have become areas of interest to investors of municipal obligations, such as those issued by the State. A summary addressing certain ESG factors affecting the State follows below. It is not an exhaustive list. Neither any of the websites identified below, nor any information found on such sites, is incorporated herein.

The State believes that the actions that it has taken to address ESG factors, taken together, have had a positive impact on the credit quality of the State. However, the State's inclusion of this summary does not reflect a determination that such factors are material to its financial condition.

This summary of ESG factors does not indicate or imply any designation on any obligations issued by the State.

Environmental Factors

The State is susceptible to significant seasonal weather shifts during the course of a calendar year, including weather events such as flooding, tornadoes, blizzards, and drought. Changes to the climate in Wisconsin, including those resulting from emissions of greenhouse gases, and additional federal and State regulations to combat climate change may produce ecological, environmental, and economic effects on the State. The State maintains long-established environmental policies, codified in 1972 by the enactment of the Wisconsin Environmental Policy Act, designed to encourage environmentally sensitive decision-making by State agencies. In February 2019, the State joined the U.S. Climate Alliance, currently a coalition of 24 states committed to achieving reductions in greenhouse gas emissions. In August 2019, Governor Evers signed Executive Order 38, committing the State to the goal of being 100% carbon-free by 2050. The Wisconsin Office of Sustainability and Clean Energy, part of the State of Wisconsin Department of Administration (DOA), is responsible for the implementation of programs and policies to support clean energy resources and technology.

In 2019, Governor Evers issued Executive Orders 38, 52 and 161 that established the Governor's Task Force on Climate Change, the Office of Sustainability and Clean Energy (OSCE) and Office of Environmental Justice within the DOA. In April 2022, OSCE published the State's Clean Energy Plan (CEP) to address the impacts of greenhouse gas emissions and maximize the benefits to the State of moving to a clean energy economy. The 2024 CEP progress report can be found at https://content.govdelivery.com/attachments/WIGOV/2024/08/15/file_attachments/2968083/2024%20Clean%20Energy%20Plan%20Progress%20Report.pdf.

Social Factors

The State has in place a robust system designed to address social challenges, including access to essential services, socioeconomic advancement, and empowerment and employment generation, among others. Its programs aim to address or mitigate specific social issues and drive positive outcomes for its citizens.

The results of the State's historical efforts directed at social factors are reflected, in part, in the information provided within the 2024 Annual Report, including, but not limited to, population, personal income, employment/unemployment, and other demographic trends included in the following tables in **"STATISTICAL INFORMATION"**:

- Tables II-31 through II-33; population trends, population characteristics including years of school completed, and population by age group.
- Tables II-34 and II-35; estimated income information on per capita and per family basis.
- Tables II-36 and II-37; employment and earnings distribution.
- Table II-38; new housing permits.
- Table II-39; unemployment rates.

Governance Factors

The backbone of the State's government structure is its Constitution, which includes a Declaration of Rights of all citizens of the State, and sets forth the core values of State government, as well as its structure. Other sections of this Part II of the 2024 Annual Report that provide information on governance factors include, but are not limited to, the following:

- **"BUDGETING PROCESS AND FISCAL CONTROLS"**, which includes a summary of the State's budget development and enactment along with budget fiscal controls.
- **"STATE GOVERNMENT ORGANIZATION"**, which includes a summary of the general organization of, and services provided by, State government.
- **"STATE GOVERNMENT ORGANIZATION; Description of Services Provided by State Government; Information and Cybersecurity"**, which includes a summary of the State's strategy on information technology and cybersecurity.

Use of Proceeds of Obligations Issued By State to Address ESG Factors

Portions of nearly all of the obligations issued by the State address ESG factors including, but not limited to, the following:

- Environmental improvement fund revenue bonds and portions of nearly all of the State's general obligation bond issues are used to fund projects that address certain environmental factors. These include, but are not limited to, loans to municipalities to fund drinking water and wastewater improvement projects, dam safety and water pollution projects completed by the State's Department of Natural Resources, and energy conservation projects at State-owned facilities.
- General obligations are used directly to fund projects related to social challenges in the State, including but not limited to, loans to municipalities to fund drinking water and wastewater improvement projects, education facilities, including the University of Wisconsin (UW) System, health services, mental health and secured treatment facilities, stewardship programs and community medical education facilities.
- General obligation bond issues, and certain lease schedules under the State's master lease program, are used to fund projects related to governance factors of the State, including but not limited to, financing governmental functions throughout the State.

REVENUES

Revenue Structure

The State raises revenues from diverse sources:

1. Various taxes levied by the State
2. Federal government payments
3. Various kinds of fees, licenses, permits, and service charges paid by users of specific services, privileges, or facilities
4. Investment income
5. Gifts, donations, and contributions

Table II-1 identifies the specific sources of revenue (all funds) and the amounts raised from each source for each of the last five fiscal years. Future receipts may differ from historical data.

(a) The amounts shown are based on statutorily required accounting and not on GAAP. The amounts are unaudited.

(b) Figures include investment income for all funds. Investment income for the Wisconsin Retirement System totaled \$13,059,429,358 for fiscal year 2023-24, \$9,155,670,590 for fiscal year 2022-2023, \$82,245,348 for fiscal year 2021-2022, \$31,868,333,397 for fiscal year 2020-2021, and \$5,497,611,482 for fiscal year 2019-2020.

(c) Figures include all State and non-State employer and employee contributions.

Source: Department of Administration

Tax Structure

The State collects a diverse variety of taxes. The most significant taxes are based on individual income and on general sales and use. The following discussion briefly describes certain taxes that appear in [Table II-1](#).

Individual Income Tax

The tax brackets and rates for the 2024 and 2025 tax years are shown in [Table II-2](#). The taxable income brackets have been indexed for changes in the Consumer Price Index.

**Table II-2
INDIVIDUAL INCOME TAX BRACKETS AND RATES**

2024 Taxable Income Brackets ^(a)		2023 Marginal Tax Rate ^(c)
Single	Married Filing Jointly ^(b)	
0 to 14,320	0 to 19,090	3.50%
14,321 to 28,640	19,091 to 38,190	4.40
28,641 to 315,310	38,191 to 420,420	5.30
315,311+	420,421+	7.65

2025 Taxable Income Brackets ^(a)		2024 Marginal Tax Rate ^(c)
Single	Married Filing Jointly ^(b)	
0 to 14,680	0 to 19,580	3.50%
14,681 to 29,370	19,581 to 39,150	4.40
29,371 to 323,290	39,151 to 431,060	5.30
323,291+	431,061+	7.65

(a) Taxable income in dollars.

(b) Income thresholds for those married filing separately are half of the brackets for married filing jointly.

(c) Reflects the marginal tax rate reductions in the lowest two brackets under 2023 Wisconsin Act 19.

Source: Department of Administration

General Sales and Use Tax

A 5 percent tax is imposed on the sale or use of services and all tangible personal property unless specifically exempted. The most notable exemptions are food, prescription drugs, and motor and heating fuel. The State has adopted the Streamlined Sales and Use Tax Agreement, which is a multi-state agreement intended to simplify and modernize sales and use tax administration and to promote the voluntary collection of sales tax by out-of-state businesses. As of October 2024, 24 states, representing approximately one-third of the national population, had adopted the agreement. The State requires remote sellers to collect and remit sales or use taxes on sales of taxable products and services in the State.

Corporate Income and Franchise Taxes

Corporations doing business in the State are subject to either the corporate income or the corporate franchise tax. The difference between the two taxes is subtle, relating primarily to restrictions under federal law on the types of income that states can tax with an income tax. The majority of corporations pay the franchise tax. The franchise tax and the income tax are both levied at a rate of 7.9 percent of corporate net income. The net tax liability is determined by subtracting allowable credits.

Public Utility Taxes

Public utilities in the State are subject to State taxation in lieu of local general property taxation. The State tax takes one of two general forms: an *ad valorem* tax based on the assessed value of the company's property within the State, or a tax or license fee based on the gross revenues or receipts of the company generated in the State.

Companies subject to the *ad valorem* tax include air carrier companies, conservation and regulation companies, municipal electric associations, pipeline companies, railroad companies, and telephone companies. A tax assessment is calculated by determining the full market value of the company's taxable property and multiplying

that value by a tax rate. In general, the tax assessment equals the statewide average net property tax rate multiplied by the value of the taxable property. For telephone companies, however, the property values are determined within each local taxing jurisdiction. The value within each taxing jurisdiction is multiplied by the net tax rate applied in that jurisdiction. This procedure causes the value of intangible property to be excluded from the calculated amount.

Companies subject to the tax or license fee based on gross revenues or receipts include car line companies, electric cooperatives, and municipal and private light, heat, and power companies. For electric cooperatives, certain revenues are excluded and deductions may be allowed. The taxable gross revenues are taxed at a flat rate of 3.19 percent, except that the tax rate on wholesale sales of electricity is reduced to 1.59 percent. For light, heat, and power companies, certain revenues are excluded and deductions may be allowed. Taxable gross revenues from the sale of gas services are subject to tax at the rate of 0.97 percent, and wholesale sales of electricity are taxed at the rate of 1.59 percent. The tax rate on all other revenues is 3.19 percent.

Excise Taxes on Tobacco, Alcohol and Vapor

Cigarettes are taxed at the rate of \$2.52 per pack of 20, moist snuff is taxed at the rate of 100 percent of the manufacturer's list price, and other tobacco products (with the exception of cigars) are taxed at the rate of 71 percent of the manufacturer's list price. Cigars are taxed at the lesser of 71 percent of the manufacturer's list price or \$0.50 per cigar. The cigarette and tobacco products taxes are collected from distributors and sub-jobbers. The State imposes an excise tax on vapor products at the rate of \$0.05 per milliliter on the liquid or other substance used.

Wine is taxed at the rate of \$0.25 or \$0.45 per gallon (or \$0.066 or \$0.119 per liter), depending on its alcohol content. Liquor is taxed at the rate of \$3.25 per gallon (or \$0.859 per liter). The wine and liquor tax is collected from wholesalers. Beer is taxed at the rate of \$2 per barrel, and the tax is paid monthly by brewers.

Estate, Inheritance, and Gift Taxes

For deaths occurring on or after January 1, 2008, the State imposed an estate taxes based on the federal credit computed under federal law in effect on the date of death, which, based on federal law in effect since January 1, 2008, resulted in the current elimination of State estate taxes for deaths occurring on or after January 1, 2008.

Congress has since taken action to extend certain tax laws and to reinstate a modified federal estate tax to allow for a deduction for state estate taxes. Under current State law, this action resulted in the continued elimination of State estate taxes for deaths occurring on or after January 1, 2008. 2013 Wisconsin Act 20 eliminated the State's estate tax for deaths occurring after December 31, 2012. Prior statutes would take effect again if federal law is modified to provide a credit for state estate taxes.

Insurance Company Premium Tax

Wisconsin-based life insurance companies pay a tax of 2 percent of the premiums received less a credit equal to 50 percent of personal property taxes. Small companies may choose to pay 2.5 percent of all income except premiums less the personal property tax credit. Nondomestic life insurance companies pay the 2 percent rate with no personal property tax credit.

Domestic and nondomestic property and casualty insurance companies are taxed 2 percent on allocated fire insurance premiums received. The 2 percent tax levied on fire insurance premiums is redistributed to local governments as a "fire department dues" tax. Nondomestic casualty insurance companies are taxed an additional 2.375 percent on allocated fire insurance premiums received, 2 percent on all forms of casualty premiums, and 0.5 percent on ocean marine coverages.

Domestic mortgage guaranty insurance companies pay a tax of 2 percent of premiums received. Nondomestic companies are also subject to retaliation and reciprocity. If a nondomestic company's state of domicile assesses a Wisconsin domestic company, in aggregate, a greater amount than these rates, then the State

retaliates. If a nondomestic company's state of domicile assesses a Wisconsin domestic company, in aggregate, a lesser amount than these rates, then the State reciprocates, subject to minimums of the 2 percent "fire department dues," 0.375 percent for ocean marine and allocated fire insurance premiums, 0 percent for all forms of casualty premiums, and 2 percent for life premiums.

Motor Vehicle Fuel Tax

Motor vehicle fuel is taxed at the rate of 30.9 cents per gallon. The tax is collected from the wholesaler but is specifically passed through to the user. The revenues are deposited in the Transportation Fund, where they are used primarily for highway purposes.

Miscellaneous Taxes

The State collects other miscellaneous taxes and fees, the largest of which is the real estate transfer fee. This fee is assessed at the time of a sale or transfer of real estate (subject to certain exceptions) and at the rate of \$0.30 per \$100 value.

Tax Credits

Complementing the State's tax structure are tax credits designed to relieve certain taxes or provide incentives for certain activities. These credits are reflected as expenditures for budgeting purposes. A brief description of the principal tax credits follows.

Manufacturing and Agriculture Tax Credit

The manufacturing and agriculture tax credit provides tax relief to manufacturers and farmers. For individual income tax filers, the credit is equal to 7.5 percent of a claimant's qualified production activities income (**QPAI**) derived from property assessed as manufacturing or agricultural property in the State. For corporate tax filers, the credit is 7.5 percent of the claimant's QPAI, apportioned income, or income taxable under combined reporting provisions. The credit is nonrefundable, but unused credit amounts may be carried forward and used in future years. According to January 2023 estimates by the State of Wisconsin Department of Revenue (**DOR**), the credit reduces annual State income tax revenues by over \$413 million annually.

Homestead Tax Credit

The homestead tax credit provides property tax relief to low-income homeowners and renters. The maximum household income limit to qualify for the homestead tax credit is \$24,680. The maximum amount of aidable property taxes is \$1,460, and the amount of farm acreage on which the property tax is based is 120 acres. For renters, the portion of rent allocated as property tax is 25 percent, or 20 percent if heat is included in rent. In the 2023-24 fiscal year, low-income homeowners and renters received nearly \$41.1 million in homestead tax credit relief.

Earned Income Tax Credit

The earned income tax credit provides financial assistance to lower-income workers. The tax credit supplements the wages and self-employment income of such families and is refundable. It offsets the impact of the social security tax and increases the incentive to work.

The State's earned income tax credit is calculated as a percentage of the federal tax credit, which varies by income and family size. The State's tax credit varies the percentage of the federal tax credit by the number of children: 4 percent of the federal tax credit for one child, 11 percent for two, and 34 percent for three or more. The maximum State tax credit in tax year 2024 is \$160 for one child, \$726 for two children, and \$2,526 for three or more children. In the 2023-24 fiscal year, low-income wage earners received \$89.3 million in earned income tax credits.

Farmland Preservation Tax Credit

The farmland preservation program provides property tax relief to farmland owners and encourages local governments to develop farmland preservation policies. The tax credit reduces income tax liability or is rebated if the credit exceeds income tax due. The credit is based on the number of qualifying acres, as well as certain other factors. Expenditures under the program were approximately \$21.3 million in fiscal year 2023-24.

School Levy Tax Credit

The school levy tax credit is distributed based on each municipality's share of statewide levies for school purposes and is provided to all classes of property taxpayers (residential, commercial, industrial, and others). For property taxes levied in December 2023, \$1.195 billion of school levy tax credits was distributed statewide. The first dollar credit, which offsets the school district property taxes paid on the first \$9,000 on an improved parcel, provided an additional \$148.9 million of property tax relief for property taxes levied in December 2023. These tax credits offset approximately 10.3 percent of all levies or 23.3 percent when measured against school levies only. The tax credits are paid to counties or municipalities to reduce the amount due from all property taxpayers.

Lottery Property Tax Credit

The net proceeds of the State lottery are reserved for property tax relief. The lottery property tax credit is paid to counties or municipalities to reduce the amount due from local taxpayers. The lottery property tax credit is paid only for property taxes on primary residences. For the 2023-24 fiscal year, the total lottery property tax credit was approximately \$364.1 million.

School Property Tax Credit

The school property tax credit is a nonrefundable credit to reduce individual income net tax liability and is equal to 12 percent of the first \$2,500 in property taxes, or rent relating to allocable property taxes, for a maximum credit of \$300. In the 2023-24 fiscal year, the school property tax credit totaled approximately \$461.4 million.

Electronics and Information Technology Zone Tax Credit

2017 Wisconsin Act 58 created an electronics and information technology zone in southeast Wisconsin and provided for refundable tax credits for a business or businesses located in that zone. In November 2017, the State entered into a contract with Hon Hai Precision Industry Co., Ltd. (**Foxconn**) to provide up to \$2.85 billion in tax credits to Foxconn to support the development of a manufacturing campus in Racine County. Under that contract, the amount of refundable tax credits to be provided to Foxconn depended on verified levels of capital investment and job creation. In April 2021, the contract was amended to reflect a smaller project that is now eligible for a maximum of \$80 million in tax credits subject to employment and investment targets being satisfied over the contract term that ends on December 31, 2025.

Tax Collection Procedure (Delinquencies)

DOR may estimate the amount of tax due and send the taxpayer an assessment if a taxpayer does not file a valid return when required. The taxpayer has 60 days to appeal the assessment, and absent an appeal, the account is considered delinquent on the due date. A delinquency also occurs when a taxpayer fails to properly pay taxes on a filed return or under-computes the tax due. The taxpayer is billed for the shortfall, and in the case where taxes are not properly paid, there is no appeal process. An assessment can also result from office or field audits. A taxpayer has 60 days to appeal an audit adjustment.

DOR begins its collection process when a bill is not paid by the due date. If this is the first open delinquent debt for the taxpayer, an Action Required – Overdue Balance notice is sent. This notice encourages the taxpayer to take action to resolve the debt and informs the taxpayer that failure to pay may result in a tax warrant (lien) being filed and that other involuntary collection actions may be taken. The account is placed in a work queue,

where a revenue agent may contact the taxpayer to attempt to solicit payment in full or to set up an installment payment plan.

If voluntary payments cannot be arranged, DOR may initiate a variety of involuntary collection actions, such as attachment of wages, levy, or garnishment of assets. Depending on the circumstances of the account, DOR may move directly to an involuntary collection action after the tax bill passes the due date. If the amount owed is greater than \$5,000, the account will be posted on a DOR website that identifies delinquent taxpayers. If the delinquent taxpayer is eligible for a refund from any tax program administered by DOR, that refund is applied to the delinquent balance. Federal income tax refunds are also applied to the delinquent balance.

Other actions that may be recommended to resolve a delinquent account include:

- Revocation of a business seller’s permit
- Withholding a business’s liquor license
- Denial of a State-issued occupational license

A supplemental hearing to determine the taxpayer’s ability to pay may be called before the court commissioner in the taxpayer’s county of residence if the revenue agent cannot collect the delinquent taxes and it is unknown whether the taxpayer has any assets that may be garnished. If assets are discovered, DOR may request appointment of a receiver to sell the assets. If the taxpayer is without any assets, the proceedings may be stayed, and the account periodically reviewed until the taxpayer either has assets to pay or submits a petition for compromise based on inability to pay or until a determination is made to write off the account.

An analysis of the overall delinquency rate for the income, franchise, gift, and sales and use taxes is shown in [Table II-30 under “STATISTICAL INFORMATION”](#).

EXPENDITURES

General

State expenditures are categorized under eight functional categories and the general obligation bond program. They are subcategorized by three distinct types of expenditures. The eight functional categories, which are listed in [Table II-3](#), are described later in this Part II of the 2024 Annual Report. See [“STATE GOVERNMENT ORGANIZATION; Description of Services Provided by State Government”](#). The three types of expenditures are described below.

- *State Operations*. Direct payments by State agencies to carry out State programs for expenses such as salaries, supplies, services, debt service, and permanent property, including the UW System.
- *Aids to Individuals and Organizations*. Payments from a State fund made directly to, or on behalf of, an individual or private organization (for example, Medicaid, parent choice and charter school programs, or student financial assistance).
- *Local Assistance*. Payments from a State fund to, or on behalf of, local units of government and school districts, including payments associated with State programs administered by local governments and school districts (for example, elementary and secondary school aids, shared revenues, and school levy and first dollar tax credits).

[Table II-3](#) shows the amounts expended (all funds) by function and type for each of the last five fiscal years.

General Fund Expenditures

In the 2023-24 fiscal year, approximately 45.7% of all General Fund taxes collected by the State were directed to local units of government. The remaining funds were used for aid to individuals and organizations (29.3%), and State operations and programs (25.0%), which included the UW System. For the entire 2023-25 biennium, these percentages are expected to be 45.6% for local units of government, 27.8% for aids to individuals and organizations, and 26.6% for State operations and programs, which includes the UW System.

ACCOUNTING AND FINANCIAL REPORTING

Statutory Basis

The State accounts for, reports, and budgets its operations as set forth in the Wisconsin Statutes. The Annual Fiscal Report (which is unaudited) must be published each year on or before October 15th. Except as noted in the following paragraph, under statutory accounting, receipts are recorded at the time money or checks are deposited in the State Treasury, and disbursements are recorded on the payment date. As a result, actions and circumstances, including discretionary decisions by certain governmental officials, can affect the timing of payments and deposits and therefore the amounts reported in a fiscal year.

For budgeting and Wisconsin Constitutional compliance purposes, the State's records are maintained in conformity with statutory requirements. The more important legal provisions are:

- In all cases the date of the contract or order determines the fiscal year in which it is charged unless it is determined that the purpose of the contract or order is to prevent lapsing of appropriations or to otherwise circumvent budgeting intent.
- The current year records must remain open until July 31st to permit departments to certify for payment of bills applicable to the year ending June 30th and to deposit revenues applicable to such year, with the following exceptions: (1) amounts withheld for income taxes prior to July 1st and (2) taxes imposed on sales prior to July 1st are deemed to be accrued tax receipts as of the close of the fiscal year, provided such revenue is deposited on or before August 15th.
- On July 31st all outstanding encumbrances entered for the previous year must be transferred to the new fiscal year, and an equivalent prior year appropriation balance must also be forwarded to the new fiscal year.
- Revenues and expenditures are reported on a net basis. Overcollections refunded are deducted from revenues and current year overpayments made are deducted from expenditures.
- General Fund investments are carried at the lower of cost or par with discounts, premiums, and earnings recorded on an accrual basis.
- Encumbrances are treated as expenditures in the year of initiation.

Generally Accepted Accounting Principles

The State also accounts for, and reports on, its operations using generally accepted accounting principles (GAAP). For the fiscal year ended June 30, 2024, the State has prepared an Annual Comprehensive Financial Report (ACFR) in accordance with GAAP. The General Purpose External Financial Statements section of the ACFR for the fiscal year ended June 30, 2024 has been audited and is included as **APPENDIX A** to this Part II of the 2024 Annual Report.

Financial statements prepared in accordance with GAAP differ from those prepared in accordance with the Wisconsin Statutes. A notable difference pertains to the General Fund balance. Using the ACFR and audited general purpose external financial statements for the fiscal year ended June 30, 2024, as an example, the undesignated, unreserved balance for the fiscal year ended June 30, 2024 was \$4.622 billion on a budgetary

basis. However, under GAAP, the total fund balance of the General Fund for the fiscal year ended June 30, 2024 was a balance of \$4.476 billion. The difference results primarily because the budgetary basis recognizes encumbrances as expenditures, while GAAP recognizes accrued liabilities that are not taken into account under the statutory basis. The encumbrances reported under the budgetary basis were \$1.508 billion, while the single largest accrued liability under GAAP for the fiscal year ended June 30, 2024 was \$1.352 billion and related to the State's individual income taxes.

BUDGETING PROCESS AND FISCAL CONTROLS

Appropriations are made through the enactment of the State budget. Most of the budget process derives from statutory laws or custom and practice, and thus the process is subject to change.

The State budget is the legislative document that sets the amount of authorized State expenditures for the two fiscal years in a biennium and the corresponding amount of revenues (primarily taxes) projected to be available to pay those expenditures. A biennium begins on July 1st of each odd-numbered year and ends on June 30th of the subsequent odd-numbered year. The requirement for a State budget is linked directly to the Wisconsin Constitution, which provides that "No money shall be paid out of the treasury except in pursuance of an appropriation by law." The Wisconsin Constitution requires a balanced budget. It also requires that, if final budgetary expenses of any fiscal year exceed available revenues, then the Legislature must take actions to pay the deficiency in the succeeding fiscal year.

Budget Requests from Agencies

The formal budget process begins when the State Budget Office in DOA issues instructions to State agencies for submission of their budget requests for the next biennium. Larger agencies actually begin their internal processes for development of their budget requests several months prior to the issuance of these instructions.

Pursuant to the Wisconsin Statutes, agency budget requests are to be submitted no later than September 15th of each even-numbered year. Agencies are also required to submit copies of their budget requests to the State of Wisconsin Legislative Fiscal Bureau (LFB) at the same time that copies are delivered to the State Budget Office.

Executive Budget

Pursuant to the Wisconsin Statutes, the Secretary of Administration is required to provide to the Governor or Governor-Elect and to each member of the next Legislature, by November 20th of each even-numbered year, a compilation of the total amount of each agency's biennial budget request. The Wisconsin Statutes also require that DOR compile and provide, by November 20th of each even-numbered year, information on the actual and estimated revenues for the current and forthcoming biennium. These revenue estimates are used by the Governor as the basis for budget recommendations about General Fund biennial budget spending. The State Budget Director (who is an appointee of the Secretary of Administration) is involved in the review of agency requests and the development of the Governor's budget recommendations for appropriations. In addition to proposing a biennial budget, the Governor's budget recommendations also include any statutory language changes needed to accomplish the policy initiatives and program or appropriation changes that are part of the Governor's recommendations. A draft bill is prepared by the Legislative Reference Bureau incorporating the Governor's fiscal and statutory recommendations. See "**STATE BUDGET; State Budget Assumptions**".

The Governor is required to deliver the biennial budget message and executive budget bill or bills to the Legislature on or before the last Tuesday in January of the odd-numbered year. However, upon request of the Governor, a later submission date may be allowed by the Legislature upon passage of a joint resolution. It is common for the Governor to request a later submission date; a later submission date was requested, and allowed, for each of the last ten executive budget bills.

The Wisconsin Statutes provide that immediately after delivery of the Governor's budget message, the executive budget bill or bills must be introduced by the Legislature's Joint Committee on Finance (JCF), without change,

into one of the two houses of the Legislature. Upon introduction, the bill or bills must be referred to that committee for review. Because of both the complexity of the budget and its significance, committee review of the budget bill is the most extensive and involved review given to any bill in a legislative session.

Legislative Consideration

LFB usually provides initial overview briefings on the budget for the JCF. JCF holds public hearings on the proposed budget, including both hearings at which agencies present informational briefings and hearings to allow public comment. Other legislative committees may hold meetings, at the discretion of the committee chairperson, to inform committee members of particular aspects of the budget that may affect the substantive interests of the committee.

Upon conclusion of the public hearings, the JCF commences executive sessions of the Governor's recommended budget. The committee invariably adopts a budget that contains numerous changes to the Governor's recommendations. The form of the committee's budget is usually a substitute amendment to the Governor's budget bill rather than being a separately identified new bill.

In recent years, the two houses of the Legislature have passed nearly identical versions of the budget in their first consideration. However, when this is not the case, there are alternative methods available for achieving resolution of the differences between the two houses on bills. A common method is for one house to seek a committee of conference on the bill wherein members from each house are delegated to meet as a bargaining committee with the goal of producing a report reconciling the differences. Another method that has been used from time to time has been to successively pass, between the houses, narrowing amendments dealing only with the points of difference between the respective budgets as initially recommended by the two houses.

While the Wisconsin Statutes require that summary information be compiled by DOR on the actual and estimated revenues for the current and forthcoming biennia and that this summary information be available on November 20th of each even-numbered year, LFB may use its discretion to provide updated revenue estimates at any time for the current and forthcoming biennia.

Governor's Partial Veto Power

The Wisconsin Constitution grants the Governor the power of partial veto for any appropriation bill. This means that rather than having to approve or reject the budget bill in its entirety, the Governor may selectively delete portions of the budget bill. Both language and dollar amounts in a budget bill may be eliminated by the Governor's veto, and dollar amounts may be reduced. The Wisconsin Constitution prohibits the Governor from using the partial veto to strike individual letters in a word or to create a new sentence by combining parts of two or more sentences.

The budget bill (less any items deleted or reduced by the Governor's partial veto) then becomes the State's fiscal policy document for the next two years. Just as it may do with a Governor's veto of a bill in its entirety, the Legislature may, by a two-thirds vote by each house, override a partial veto and enact the vetoed portion into law. This action may be taken before or after the budget becomes effective, or any time before the next budget cycle.

Continuing Authority

The failure of the Legislature to adopt a new budget before the commencement of a biennium does not result in a lack of spending authority. Under Wisconsin law, an existing appropriation continues in effect until it is amended or repealed. Thus, in the event that a budget is not in effect at the start of a fiscal year, the prior year's budget serves as the budget until such time as a new budget is enacted. Once a newly enacted budget becomes effective, the continuing authority is superseded by the newly enacted appropriations.

The continuing authority of existing appropriations until a new budget is adopted helps to protect against the effect of a delay in the adoption of a budget. The 2023-25 biennial budget of the State was enacted on July 5,

2023, which was four days after the start of the biennium. Of the ten prior biennial budgets, the 2009-11, 2011-13 and 2013-15 biennial budgets were enacted prior to the start of the respective biennia. However, the 2015-17, 2017-19, 2019-21, and 2021-23 biennial budgets and each of the three biennial budgets prior to the 2009-11 biennium were enacted after the start of the respective biennia, with the latest date after the start of a biennium being October 26, 2007 (for the 2007-09 biennium), which was nearly four months after the start of the first fiscal year of that biennium.

General Fund Tax Increase

Wisconsin Statutes provide that neither house of the Legislature may pass a bill that increases certain General Fund taxes (income, state sales, or franchise taxes) unless the bill is approved by two-thirds of those members present and voting. There is an exception if the Legislature passes a joint resolution requiring a statewide advisory referendum on the question of whether the Legislature should authorize the tax increase, and a majority of voters voting at the referendum approve the tax increase. However, that statute could be repealed or revised by future legislation.

Fiscal Controls

The Wisconsin Constitution provides that no money shall be paid out of the State Treasury except as appropriated by law. The Wisconsin Statutes require that the Secretary of Administration and the State Treasurer must approve all payments. The Secretary of Administration is also responsible for auditing expenditures prior to disbursement. The Legislative Audit Bureau has post-expenditure audit responsibility.

DOA maintains separate accounts for all appropriations, showing the amounts appropriated, the amounts allotted, the amounts encumbered, the amounts expended, and certain other data necessary for the financial management and control of all State accounts. DOA also maintains the general ledgers of the General Fund and all other funds of the State.

State law prohibits the enactment of legislation that would cause the estimated General Fund balance to be less than a specified amount or percentage of the general purpose revenue appropriations for that fiscal year. The specified amount for the 2023-24 fiscal year is \$100 million and for the 2024-25 fiscal year is \$105 million. State law currently requires that the statutorily-required reserve be an amount equal to the lesser of the prior fiscal year's required balance plus \$5 million, or 2 percent of the general purpose revenue appropriations for that fiscal year. The specified amount, or percentage of general purpose revenue appropriations, is included in the Wisconsin Statutes, and can be changed (and has previously been changed) by legislative action.

The budget can move out of balance if estimated revenues are less than anticipated in the budget or if expenditures for open-ended appropriations are greater than anticipated. The Wisconsin Statutes provide that, following the enactment of the budget, if the Secretary of Administration determines that budgeted expenditures will exceed revenues by more than one-half of one percent of general purpose revenues (consisting of general taxes, miscellaneous receipts, and revenues collected by State agencies which lose their identity and are available for appropriation by the Legislature), then no approval of expenditure estimates can occur. Further, the Secretary of Administration must notify the Governor and the Legislature, and the Governor must submit a bill correcting the imbalance. If the Legislature is not in session, then the Governor must call a special session to take up the matter.

The Secretary of Administration also has statutory power to order reductions in the appropriations of State agencies. The Secretary of Administration may also temporarily reallocate free balances of certain funds to other funds that have insufficient balances and, further, may prorate or defer certain payments in the event current or projected balances are insufficient to meet current obligations. See "[GENERAL FUND INFORMATION; General Fund Cash Flow](#)". DOA may also request, upon making certain determinations and receiving approval of the JCF, the issuance of operating notes by the State of Wisconsin Building Commission (**Commission**). See "[STATE OBLIGATIONS; Operating Notes](#)".

Budget Stabilization Fund

Statutory provisions require, for each fiscal year, the transfer of 50 percent of general purpose revenues received over the original budget estimate to the State’s Budget Stabilization Fund (which is a “rainy day fund”), provided that the statutorily required General Fund balance for that fiscal year is maintained. As of June 30, 2024, the balance in the Budget Stabilization Fund was approximately \$1.9 billion.

The transfers to the Budget Stabilization Fund, which only occur when general purpose revenues exceed the original budget estimates, are required to continue until the balance in the Budget Stabilization Fund is at least equal to 5 percent of the estimated expenditures from the General Fund. This amount would be approximately \$1.151 billion based on estimated General Fund expenditures for the 2024-25 fiscal year; as a result, unless there are changes to Wisconsin Statutes, future transfers to the Budget Stabilization Fund will not occur until the balance in the Budget Stabilization Fund falls below an amount equal to 5 percent of estimated General Fund expenditures.

The most recent transfer to the Budget Stabilization Fund of approximately \$967 million was made in the 2020-21 fiscal year, which caused the Budget Stabilization Fund balance to exceed the 5 percent of estimated expenditures threshold for the 2021-22, 2022-23, and 2023-24 fiscal years. The statutory provisions requiring transfers from the General Fund to the Budget Stabilization Fund were suspended for the 2013-14 and 2014-15 fiscal years.

BUDGETARY RESULTS OF 2023-24 FISCAL YEAR

Pursuant to Wisconsin Statutes, the Annual Fiscal Report (budgetary basis) for the fiscal year ended June 30, 2024 was published October 15, 2024.

The Annual Fiscal Report provides that the State ended the 2023-24 fiscal year on a statutory and unaudited basis with an undesignated balance of approximately \$4.622 billion. This amount is approximately \$276 million higher than the projected gross ending balance for the fiscal year included in the budget for the 2023-25 biennium (**2023 Wisconsin Act 19**), approximately \$814 million higher than the projected gross ending balance included in the LFB report dated January 24, 2024 (**January 2024 LFB Report**), and approximately \$821 million higher than the projected gross ending balance included in the LFB memorandum dated May 22, 2024 (**May 2024 LFB Memo**).

Table II-4 shows the General Fund condition statement for the 2023-24 fiscal year as included in the Annual Fiscal Report. The table also includes, for comparison, the General Fund condition statement for the 2022-23 fiscal year as included in the Annual Fiscal Report for the 2022-23 fiscal year, the estimated General Fund condition statement included in 2023 Wisconsin Act 19, the estimated General Fund condition statement included in the January 2024 LFB Report, and the estimated General Fund condition statement included in the May 2024 LFB Memo.

Source: Department of Administration

Table II-5 shows the State ended the 2023-24 fiscal year with approximately \$21.330 billion of General Fund tax collections. This amount is approximately \$79 million higher than projected in 2023 Wisconsin Act 19, approximately \$274 million higher than projected in the January 2024 LFB Report, and approximately \$276 million higher than projected in the May 2024 LFB Memo.

Table II-5 includes the General Fund tax collections for the 2023-24 fiscal year as included in the Annual Fiscal Report. The table also includes, for comparison, the General Fund tax collections for the 2022-23 fiscal year

included in the Annual Fiscal Report for the 2022-23 fiscal year and for the 2023-24 fiscal year as included in 2023 Wisconsin Act 19 and the the January 2024 LFB Report.

STATE BUDGET

Budget for 2023-25 Biennium

The budget act for the 2023-25 biennium, **(2023 Wisconsin Act 19)**, was enacted on July 5, 2023 with some vetoes. The following is a link to 2023 Wisconsin Act 19:

<https://doa.wi.gov/budget/SBO/2023%20Wisconsin%20Act%2019.pdf>

On August 7, 2023, the LFB released its final cumulative summary of the executive and legislative action on the 2023-25 biennial budget. The summary can be obtained from the following website:

https://docs.legis.wisconsin.gov/misc/lfb/budget/2023_25_biennial_budget/102_summary_of_provisions_2023_act_19_july_2023_entire_document

The websites identified above are for the convenience of the reader only and are not incorporated by reference into this Part II of the 2024 Annual Report.

Information pertaining to 2023 Wisconsin Act 19 has been filed with the MSRB on its EMMA system.

Budget for 2024-25 Fiscal Year

Fiscal year 2024-25 is the second year of the 2023-25 biennium. See “**BUDGETARY RESULTS OF 2023-24 FISCAL YEAR**” for final information for fiscal year 2023-24, which was the first year of the 2023-25 biennium.

Table II-6 includes the estimated General Fund condition statements for the 2024-25 fiscal year as included in a report released by DOA on November 20, 2024 (**November 2024 DOA Report**). **Table II-6** also includes, for comparison, the final General Fund condition statement from the 2023-24 fiscal year, the projected General Fund condition statement from 2023 Wisconsin Act 19, the projected General Fund condition statement from the January 2024 LFB Report, and the projected General Fund condition statement from the May 2024 LFB Memo.

Budget for 2025-27 Biennium

Pursuant to the Wisconsin Statutes, the November 2024 DOA Report summarizes the amount of each agency's 2025-27 biennial budget request and includes estimated General Fund revenues, as compiled by DOR for the forthcoming biennium. The Governor will use these revenue estimates and agency requests to propose a balanced biennial budget, which must be submitted to the Legislature on or before January 31, 2025; however, a later submission date may be allowed by the Legislature if requested by the Governor.

Revenue Projections for the 2025-26 and 2026-27 Fiscal Years

The estimated General Fund tax collections for the 2025-26 and 2026-27 fiscal years, as included in the November 2024 DOA Report, are included in [Table II-8](#). These estimates reflect annual growth of 2.9% and 1.7%, respectively.

Table II-8

Source: Department of Administration

LFB typically estimates the General Fund condition statement and projected tax collections for the Legislature each January. Its analysis includes an examination of economic forecasts and tax collection and expenditure data of the current fiscal year. In even numbered years, the analysis also includes projections for each fiscal year of the current biennium. In odd-numbered years, it includes estimated revenues and expenditures for the current fiscal year and tax collections for the next biennium.

Potential Effect of Litigation

The following is a description of various legal proceedings, claims, and tax refunds that may have a budgetary effect on the State.

Enforcement Provisions of Master Settlement Agreement

The State and six other states that signed the Master Settlement Agreement with participating tobacco manufacturers to receive tobacco settlement revenues are in litigation with the tobacco manufacturers regarding the post-2004 diligence of the states in their enforcement of certification and escrow payment laws designed to monitor and regulate the sale of cigarettes by tobacco manufacturers that did not sign the Master Settlement Agreement. Tobacco manufacturers have withheld funds for every year since 2005.

The State prevailed in its arbitration about its diligence for calendar year 2004 and received approximately \$17 million of Master Settlement Agreement funds in April 2023.

Following an arbitration proceeding related to the State's diligence for calendar years 2005 through 2007 the State again prevailed. Wisconsin's state-specific arbitration hearing took place in June 2023 and the arbitration panel ruled in February 2024, finding that the State diligently enforced its qualifying statute for calendar years 2005, 2006, and 2007. The State is now entitled to receive approximately \$25 million of Master Settlement Agreement funds that were withheld by the tobacco manufacturers.

The parties have not started arbitration proceedings for the years 2008 and after.

Opioid Settlement Agreement

The State, along with a broad coalition of states and subdivisions, reached final agreements with four companies to resolve legal claims against them for their roles in the opioid crisis. One settlement agreement is with opioid manufacturer Johnson & Johnson. The other settlement agreement is with three major pharmaceutical distributors: AmerisourceBergen, Cardinal Health, and McKesson.

The two settlement agreements provide that funding will be distributed to states pursuant to an allocation agreement reached among the Attorneys General. On June 30, 2021, Governor Evers signed into law Assembly Bill 374 that puts in place a structure for the State and its local governments to receive opioid lawsuit settlement funds and permits counties to use these funds to assist families that have been impacted by the misuse and abuse of opioids. Once finally approved through the national process, the settlement is expected to result in payments of over \$400 million to the State and its local governments. Until such approval, there can be no assurance that the settlement funds will be allocated to the State and its local governments in that amount. In addition, future opioid litigation may result in suspension or reduction of payments. As a result, the State can provide no assurance as to the receipt of such settlement funds.

Other

The State, its officers, and its employees are defendants in numerous other lawsuits. It is the opinion of the Attorney General that such pending litigation will not be finally determined so as to result individually, or in the aggregate, in a final judgment against the State which would materially impair its financial position. Potential liability for such pending litigation does not constitute a significant impairment of the State's financial position or its ability to pay debt service.

Employment Relations

This summary discusses employment relations within the executive branch under the authority of DOA. Since July 2015, UW-Madison, and the remainder of the UW System combined, are independent civil service systems, with their own statutorily-defined collective bargaining units and collective bargaining authority. Therefore, neither entity is included in the following summary.

The executive branch had approximately 24,939 classified and unclassified employees in 18 statutorily-designated bargaining units as of the end of the 2023-24 fiscal year. An additional 2,769 classified supervisors in two bargaining units may, by statute, also be considered for representation, but these supervisory units have never applied for representation. An additional 3,651 managers, confidential employees, project employees, and elected officials are excluded from the possibility of union representation.

During the 2023-24 fiscal year, one of the 18 total bargaining units, covering 135 employees, was represented by a union, statutorily limited to the ability to negotiate only base wages. One additional bargaining unit, covering 362 employees, was represented by a union to negotiate wages, benefits, and working conditions. Thus, at the end of the 2023-24 fiscal year, a total of 497 employees were represented for some degree of collective bargaining.

For all except one bargaining unit, representation rights are strictly limited to negotiation of base wage increases for a single fiscal year contract, and a recertification election must be held each year. The one exception is the public safety bargaining unit (State Patrol troopers and inspectors), which may negotiate wage rates, pay schedules, fringe benefits, hours of work, and conditions of employment for fiscal biennium contracts, and represent employees for grievances. Unlike the other unions, the public safety union is not subject to annual recertification.

Each collective bargaining agreement requires ratification by the members of the applicable labor union, approval by the legislative Joint Committee on Employment Relations, approval by both houses of the Legislature, and signature of the Governor.

Most classified and unclassified employees are also covered under the State compensation plan. The compensation plan, in conjunction with statutes, administrative rules, and policies, provides wages, hours, paid leave, and conditions of employment for all civil service employees, except as negotiable by unions. Fringe benefits, including retirement and health and life insurance, are determined legislatively or through the Group Insurance and Employee Trust Fund Boards. The public safety union is the only union that can negotiate these fringe benefits.

The budget for the 2023-24 fiscal year provided for salary and fringe benefits in an amount sufficient to meet all contractual obligations.

State Budget Assumptions

Tax revenue projections for the 2023-25 biennial budget were based on May 2023 estimates from LFB, updated in January 2024 and adjusted for subsequent law changes. See “**STATE BUDGET**”. The estimates were based on the State tax structure and on assumptions about basic economic factors and their historical relationships to State tax receipts. Revenue sources other than taxes are estimated in the preparation of the budget. The all-funds budget establishes estimates of these nontax revenues and presumes that an equal amount of expenditures will be made. For that purpose, any variation from the expected level of revenue is assumed to result in a corresponding increase or decrease in expenditures.

State disbursements for the budget are based on assumptions relating to economic and demographic factors, desired levels of services, and the success of expenditure control mechanisms applied by the Secretary of Administration pursuant to statutory authority in controlling disbursements for State operations. Factors that may affect the level of disbursements in the budgets and make the projected levels difficult to maintain include uncertainties relating to the economies of the nation and the State.

Economic Assumptions

DOR prepares periodic forecasts of income and employment for the State. These forecasts focus on industry employment, housing trends, and income components for the State.

The economic report from DOR published in August 2024 reflects certain projections by S&P Global, a national forecasting group that provides national economic forecasts. **Table II-9** contains excerpts from S&P Global's August 2024 national economic forecast, and **Table II-10** contains a summary of information from DOR's Wisconsin Econometric Model (**Model**).

Wisconsin Econometric Model

The Model is a forecasting tool used for assessing the future of the State's economy, measured primarily by income and employment. The Model provides DOR with information about how the State's economy responds to changes in the national economic conditions and plays a critical role in the revenue estimating process. The Model was first designed in 1976 by a predecessor of S&P Global (Data Resources Inc.). DOR has periodically redesigned the Model to improve its performance, to correspond to changes in national modeling concepts in the S&P Global macro model of the U.S. economy, and to incorporate new data definitions as embodied in the national and regional income accounts.

The Model provides forecasts of the major components of Wisconsin income and employment. Income measures correspond to the measures of State personal income provided by the U.S. Department of Commerce, Bureau of Economic Analysis. Employment measures correspond to the North American Industry Classification System (**NAICS**) as provided by the U.S. Department of Labor, Bureau of Labor Statistics through

its Current Employment Statistics program and Quarterly Census of Employment and Wages program. The Model is a structural model that employs accounting identities and theoretical constructs for predictions on each economic variable. It is driven by a set of variables that are exogenous or determined outside the Model. The national forecast data are used in the Model to generate forecasts of State employment, income, tax revenue, and other economic indicators.

Other data come from both federal and State agencies. These data are principally measures of State personal income, employment, population, wages, milk prices, housing permits, new vehicle sales, and State tax rates and revenues. After the data are compiled into the Model, the system of equations is simultaneously solved for income, employment, and other economic variables.

DOR maintains the Model through a process of keeping the Model's database up to date and re-examining the Model's equations when historical data are revised. The Model is calibrated to be temporally consistent with current data estimates by re-estimating the system of equations on a regular basis.

Budget Format

The State prepares two budgets—a general-fund budget and an all-funds budget—as well as subbudgets for each fund.

The general-fund budget includes money appropriated for the fiscal year from:

- All State-collected general taxes
- Revenues collected by State agencies that are deposited into the General Fund and lose their identity (departmental revenues)
- Various miscellaneous receipts

A portion of these revenues is directed to local governments in the form of shared tax payments and to school districts in the form of general equalization aid payments. Additionally, some of the revenues are used for aids to individuals. The remaining portion constitutes the operating budget for State agencies conducting State-administered programs.

The all-funds budget includes money appropriated for the fiscal year from:

- All revenues included in the general-fund budget
- Revenues collected by State agencies that are paid into a specific fund (such as the Transportation Fund or the Conservation Fund)
- Federal funds that are estimated to be received and either paid into a specific fund (such as the Transportation Fund or the Conservation Fund) for a specified program or purpose, or credited to an appropriation to finance a specific program or agency
- Investment earnings or losses
- Revenues resulting from the contracting of public debt

The all-funds budget assumes that certain categories of revenues are expended in like amounts. These categories include federal funds, revenues paid into specific funds (other than the General Fund) for a specified program or purpose or which are credited to an appropriation to finance a specific program or agency, and proceeds of general obligation debt. In any given fiscal year, there may be a balance at year-end in the funds, specific program, or agency. Because it includes only estimates of federal funds to be received and expended, the all-funds budget may vary during the course of the fiscal year.

Impact of Federal Programs

With the exception of funds received under ARPA for public health and economic relief initiatives in response to the COVID-19 pandemic, the State does not typically receive substantial amounts of undirected or discretionary federal aid. The Infrastructure Investment and Jobs Act (**IIJA**) and Inflation Reduction Act (**IRA**) have created numerous competitive and formula driven funding opportunities for the State. Any reduction in federal aid would have a more immediate effect on individuals, local governments, and other service providers than on the State directly. Any reduction would, however, increase the likelihood of the State being asked to increase its support of the affected parties, which could not happen without the Legislature's approval.

Pursuant to the Coronavirus Aid, Relief, and Economic Security Act (**CARES Act**), the State received approximately \$2.0 billion of Coronavirus Relief Fund federal assistance. As of September 30, 2024, the State had allocated all of these funds to State and local government expenditures related to the COVID-19 pandemic. No additional assistance is currently available pursuant to the CARES Act.

In May 2021, the State received approximately \$1.3 billion from the State Fiscal Recovery Fund and \$206 million from the Local Fiscal Recovery Fund, which were established by ARPA, for distribution to states and local units of government, respectively. In May and June 2022, the State received approximately \$1.3 billion from the State Fiscal Recovery Fund and \$206 million from the Local Fiscal Recovery Fund, which represents the State's final allocation from the Funds. As of September 30, 2024, the State had made actual expenditures using State Fiscal Recovery Fund dollars in the amount of approximately \$1.8 billion.

As of September 30, 2024, the Governor's plans for ARPA funds included the following allocations: (i) \$478 million for continued statewide pandemic response efforts and government operations, (ii) \$100 million for broadband access, (iii) \$810 million for economic resilience including small business support and workforce, (iv) \$772 million for investments in community building, (v) \$83 million for assistance to households, and (vi) \$161 million for education and child care support.

In November 2021 and August 2022, federal aid was authorized in the IIJA for infrastructure purposes and the IRA for domestic investment in domestic clean energy. The State was eligible to receive \$1.6 billion in federal fiscal year 2024 and is eligible to receive an estimated \$1.5 billion in federal fiscal year 2025 under the IIJA. The State received an estimated \$14 million in federal fiscal year 2024 under the IRA, and the IRA amount for 2025 is unknown at this time.

Budget Sequestration Cuts

The United States Congress has mandated across-the-board cuts to the federal budget, beginning with the federal fiscal year that started October 1, 2012. The 2019 Bipartisan Budget Act set new spending caps on discretionary programs for federal fiscal years 2022 and 2023. Due to this known cap, the State did not see any significant decrease in federal funds during the 2023-24 fiscal year. With the federal government currently funded under a continuing resolution, states experience some fiscal uncertainty with federally funded programs. An extended federal government shutdown may have negative impacts on the finances and operations of these programs.

Supplemental Appropriations

Even after the budget is adopted, the State may increase appropriations or reduce taxes. However, it has been the State's practice that supplemental appropriations adopted by the Legislature will be within revenue projections for that fiscal period or balanced by reductions in other appropriations.

No legislation directly or indirectly affecting general purpose revenue may be enacted if it would cause the estimated General Fund balance at the end of the fiscal year to be less than the required statutory reserve.

GENERAL FUND INFORMATION

General Fund Cash Flow

Many of the budgetary tables presented thus far in this Part II of the 2024 Annual Report have reported information on a budgetary basis. The following tables present information primarily on a cash basis.

Table II-11 is presented over two pages and includes the detailed actual cash flow for the 2023-24 fiscal year, the detailed actual cash flow through November 30, 2024, and the projected cash flow from December 1, 2024 through June 30, 2025 for the 2024-25 fiscal year. **Table II-12** provides a five-year history of general cash flows. **Table II-13** is presented over two pages and provides, for the 2023-24 fiscal year and for the 2024-25 fiscal year through November 30, 2024, receipts and disbursements on a cash basis along with a comparison to estimates for the same period, and actual receipts and disbursements for the same period of the previous fiscal year. **Table II-14** presents a monthly summary of the General Fund from fiscal year 2022-23 through fiscal year 2024-25 with actual expenditures and revenues from July 1, 2023 through November 30, 2024 and projected expenditures and revenues from December 1, 2024 through June 30, 2025.

No operating notes were issued for the 2022-23 or 2023-24 fiscal years, and none have been, or are expected to be, issued for the current fiscal year.

Tables II-11, II-12, II-13 and II-14 should be read in conjunction with other information concerning the State budget set forth elsewhere in this Part II of the 2024 Annual Report, including “**BUDGETING PROCESS AND FISCAL CONTROLS**”, “**STATE BUDGET**”, and “**STATE OBLIGATIONS; Operating Notes**”. As noted above, there have been and will continue to be differences in the amounts shown for the cash-flow basis and the budgetary basis presentations. For example, the cash-flow basis presentations in the following tables include all tax receipts as revenues and tax refunds as disbursements, while the budgetary basis presentations in **Tables II-4 and II-6** include tax revenues that are net of tax refunds.

The results, projections, or estimates for the 2024-25 fiscal year in the following tables (unless otherwise noted) reflect 2023 Wisconsin Act 19, an act that provided funding for certain UW System projects (**2023 Wisconsin Act 102**), and the estimated General Fund tax revenues included in the January 2024 LFB Report.

Unforeseen events or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month and thus may adversely affect the projection of cash flow for the time shown. Additionally, the timing of transactions from month to month may vary from the forecast.

The State has experienced and expects to continue to experience certain periods when the General Fund is in a negative cash position. The Wisconsin Statutes provide certain administrative remedies to deal with these periods. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the general-purpose revenue appropriations then in effect (approximately \$1.894 billion in the 2024-25 fiscal year). In addition, the Secretary of Administration can temporarily reallocate an additional amount of up to 3% of the general-purpose revenue appropriations then in effect (approximately \$631 million in the 2024-25 fiscal year) for a period of up to 30 days. In aggregate, the limit on the amount available from temporary reallocations for the 2024-25 fiscal year is approximately \$2.525 billion.

If the amount available for temporary reallocation to the General Fund is insufficient, then the Secretary of Administration may set priorities for payments from the General Fund as well as prorate and defer certain payments. The Wisconsin Statutes provide that all payments shall be in accordance with the following order of preference:

- All direct and indirect payments of principal and interest on State general obligation debt have first priority and may not be prorated or reduced.
- All direct and indirect payments of principal and interest on operating notes have second priority and may not be prorated or reduced.
- All State employee payrolls have third priority and may be prorated or reduced.
- All other payments shall be paid in a priority determined by the Secretary of Administration and may be prorated or reduced. The Secretary of Administration has covenanted to give high priority to payments due under the Master Lease Program, debt service due on the General Fund Annual Appropriation Bonds, and appropriations to the Wisconsin Center District in the approximate amount of \$8 million to assist in the development and construction of an arena in Milwaukee, Wisconsin, pursuant to contracts entered into in connection with the issuance of the related obligations.

Table II-15 presents the actual cash balances available for temporary reallocation from July 31, 2022 through November 30, 2024, and the projected balances for December 31, 2024 through June 30, 2025. The available cash balances are presented in two different tables; the first table does not include balances in the Local Government Investment Pool (**LGIP**), while the second table does include such balances. Though the LGIP is available for temporary reallocation, funds in the LGIP are deposited and withdrawn by local units of government and thus are outside the control of the State.

Tables II-16 and **II-17** are each presented over two pages and include recorded revenues deposited into the General Fund and recorded expenditures made from the General Fund, as recorded by State agencies, for the 2023-24 fiscal year as compared to the prior fiscal year, and July 1, 2024 to November 30, 2024 as compared to the period of July 1, 2023 to November 30, 2023. These tables present information that is based on the revenues and expenditures that are recorded in, or processed through, the State's central accounting system and across all State agencies. There may be differences between the tax revenues shown in **Table II-16** and those reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report only includes general purpose revenues or taxes that are actually collected by DOR while certain revenues are collected by other State agencies.

(a) Temporary reallocations of cash are not included.

(b) The General Fund cash balances presented in this schedule are not based on GAAP. The General Fund includes funds designated for operations and capital purposes of certain proprietary programs of the State's universities. Receipts and disbursements of such funds for the designated programs and the disbursement of such funds for other purposes are reflected in the cash flow. A use of the designated funds for purposes other than the proprietary programs is, in effect, a borrowing of such funds. Therefore, at any time that the balance in the General Fund is less than the balance of such designated funds, the State is obligated to replenish the designated funds to the extent of the shortfall. These designated funds ranged from \$745 million to \$1.7 billion for the 2023-24 fiscal year. In addition, the General Fund holds deposits for several escrow accounts pursuant to court orders or federal rulings. These deposits have averaged and are expected to continue to average approximately \$25 million during each fiscal year.

(c) The Wisconsin Statutes provide certain administrative remedies to deal with periods when the General Fund may be in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the general-purpose revenue appropriations then in effect, with an additional amount up to 3% for a period of up to 30 days. The resulting amounts available for temporary reallocation for the 2023-24 fiscal year (based on 2023 Wisconsin Act 19), are approximately \$2.039 billion and \$680 million, respectively. If the amount available for temporary reallocation to the General Fund is not sufficient, then the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.

- (a) The projections and estimates in this table reflect 2023 Wisconsin Act 19, the January 2024 LFB Report, 2023 Wisconsin Act 102, and the receipt of ARPA federal funds, but not the May 2024 LFB Memo. Temporary reallocations of cash are not included.
- (b) The General Fund cash balances presented in this schedule are not based on GAAP. The General Fund includes funds designated for operations and capital purposes of certain proprietary programs of the State's universities. Receipts and disbursements of such funds for the designated programs and the disbursement of such funds for other purposes are reflected in the cash flow. A use of the designated funds for purposes other than the proprietary programs is, in effect, a borrowing of such funds. Therefore, at any time that the balance in the General Fund is less than the balance of such designated funds, the State is obligated to replenish the designated funds to the extent of the shortfall. These designated funds are anticipated to range from \$600 million to \$2.0 billion for the 2024-25 fiscal year. In addition, the General Fund holds deposits for several escrow accounts pursuant to court orders or federal rulings. These funds have averaged and are expected to continue to average approximately \$25 million during each fiscal year.
- (c) The Wisconsin Statutes provide certain administrative remedies to deal with periods when the General Fund may be in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the general-purpose revenue appropriations then in effect with an additional amount up to 3% for a period of up to 30 days. The resulting amounts available for temporary reallocation for the 2024-25 fiscal year (based on 2023 Wisconsin Act 19) are approximately \$1.894 billion and \$631 million, respectively. If the amount available for temporary reallocation to the General Fund is not sufficient, then the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.

- (a) None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments. In addition, comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month. Amounts are as of June 30 and are not the final amounts for the fiscal year. Transactions occurring during July, August and September may affect the prior year's final fiscal amounts.
- (b) The projections and estimates for the 2023-24 fiscal year reflect 2023 Wisconsin Act 19 and the January 2024 LFB Report. The projections and estimates do not reflect any specific disbursement of remaining ARPA federal funds. The projections and estimates also do not reflect 2023 Wisconsin Act 102 and the May 2024 LFB Memo.
- (c) Changes are sometimes made after the beginning of the fiscal year to the projected revenues and disbursements. Depending on when these changes occur, there are situations in which prior estimates cannot be changed which may result in large variances. This column includes adjustments to the variances, if any, to more accurately reflect the variance between the estimated and actual amounts.

June	7,066,654	5,085,483	5,715,681

(a) The General Fund balances presented in this table are not based on GAAP.

(b) The projections and estimates for the 2024-25 fiscal year (cash basis) reflect 2023 Wisconsin Act 19, the January 2024 LFB Report, and 2023 Wisconsin Act 102, but do not reflect the May 2024 LFB Memo.

Source: Department of Administration

Table II-15
CASH BALANCES IN FUNDS AVAILABLE FOR
TEMPORARY REALLOCATION^{(a)(b)}
July 31, 2022 to November 30, 2024 — Actual
December 31, 2024 to June 30, 2025 — Projected^(c)
(Amounts in Millions)

The following two tables show, on a monthly basis, the cash balances available for temporary reallocation. The first table does not include balances in the Local Government Investment Pool (LGIP) and the second table does include such balances. Though the LGIP is available for temporary reallocations, funds in the LGIP are deposited and withdrawn by local units of government, and thus are outside the control of the State. The monthly average daily balances in the LGIP for the past five years have ranged from a low of \$3.746 billion during November 2020 to a high of \$7.752 billion during March 2024. The Secretary of Administration may not exercise the authority to use temporary reallocation if doing so would jeopardize the cash flow of any fund or account from which a temporary reallocation would be made.

Available Balances; Does Not Include Balances in the LGIP				
Month (Last Day)	2022	2023	2024	2025
January		\$2,958	\$3,444	\$3,444
February		3,024	3,549	3,549
March		3,124	3,416	3,416
April		3,159	3,355	3,355
May		3,225	3,344	3,344
June		3,420	3,394	3,394
July	\$2,711	2,534	3,139	
August	2,443	2,732	3,123	
September	2,671	2,889	3,214	
October	2,408	2,908	3,062	
November	2,678	3,134	3,259	
December	3,008	3,352	3,352	

Available Balances; Includes Balances in the LGIP				
Month (Last Day)	2022	2023	2024	2025
January		\$8,574	\$10,552	\$10,552
February		9,110	10,879	10,879
March		9,708	11,168	11,168
April		9,212	10,600	10,597
May		8,814	10,124	10,124
June		9,194	10,233	10,233
July	\$9,343	9,135	10,854	
August	7,786	8,321	9,526	
September	7,507	8,386	9,302	
October	6,986	8,247	8,846	
November	7,121	8,350	8,838	
December	7,846	9,520	9,520	

(a) None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments. In addition, comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month.

(b) The amounts shown reflect a reduction in the aggregate cash balances available to the extent any fund had a negative balance and temporary reallocations were made from such fund.

(c) The projections and estimates for 2024-25 fiscal year (cash basis) reflect 2023 Wisconsin Act 19, 2023 Wisconsin Act 102, the January 2024 LFB Report, and generalized assumptions for disbursement of remaining ARPA federal funds, but do not reflect the May 2024 LFB Memo.

Federal and Other Inter-Governmental Revenues ^(f)	\$17,216,415,000	\$16,165,711,000	\$16,942,686,728	\$16,180,266,158
Dedicated and Other Revenues ^(g)	9,003,260,000	9,499,832,000	8,857,573,378	9,717,727,997
TOTAL	\$47,193,675,000	\$46,995,143,000	\$45,346,296,072	\$47,271,099,492

- (a) The revenues in this table are presented on an agency-recorded basis and not a budgetary basis. None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments.
- (b) The amounts are from the Annual Fiscal Report (budgetary basis) for the 2022-23 fiscal year dated October 16, 2023.
- (c) The amounts are from the Annual Fiscal Report (budgetary basis) for the 2023-24 fiscal year dated October 15, 2024.
- (d) The amounts shown are the 2022-23 fiscal year general purpose revenues and program revenue taxes as recorded by State agencies. The amounts shown are as of June 30, 2023, and do not include revenues for the 2022-23 fiscal year that were recorded by State agencies in July, August, and September 2023. There may be differences between the tax revenues shown in this table and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (e) The amounts shown are the 2023-24 fiscal year general purpose revenues and program revenue taxes as recorded by State agencies. The amounts shown are as of June 30, 2024, and include revenues for the 2023-24 fiscal year that were recorded by State agencies in July, August, and September 2024. There may be differences between the tax revenues shown in this table and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (f) This category includes intergovernmental transfers. The amount of these transfers may vary greatly between fiscal years, and therefore, this category may not be comparable on a historical basis.
- (g) Certain transfers between General Fund appropriations are recorded as both revenues and expenditures of the General Fund. The amount of these transfers may vary greatly between fiscal years, and therefore this category may not be comparable on a historical basis.

STATE GOVERNMENT ORGANIZATION

The State is located in the Midwest. The State ranks 20th among the states in population and 25th in land area. Wisconsin attained statehood in 1848, its capital is the City of Madison, and its largest city is Milwaukee. The following is a summary of the general organization of, and services provided by, the State government.

General Organization

Executive Branch

The executive branch is under the direction of the Governor. The Governor is the chief executive officer of the State and is assisted by five elected constitutional officers (each elected to a four-year term):

- *Lieutenant Governor.* The Governor and Lieutenant Governor are elected on the same ballot. The Lieutenant Governor serves as Acting Governor during the absence or incapacity of the Governor.
- *Attorney General.* The Attorney General heads the Department of Justice, which provides all State agencies with legal advice and counsel.
- *State Treasurer.* The State Treasurer participates in the promotion of the State's unclaimed property program administered by the Department of Revenue, and signs certain checks and other financial instruments.
- *Secretary of State.* The Secretary of State keeps a record of the official acts of the Legislature and executive agencies.
- *Superintendent of Public Instruction.* The Superintendent of Public Instruction heads the Department of Public Instruction, which supervises the operations of and establishes standards for schools throughout the State.

The executive branch consists of 17 departments (including two headed by other constitutional officers), 11 independent agencies, and numerous other authorities.

Legislative Branch

The legislative branch consists of the Legislature and its subordinate service agencies. The Legislature is bicameral, composed of the Senate and the Assembly. The 33 members of the Senate serve staggered four-year terms, and the 99 members of the Assembly serve identical two-year terms. Both the Senate and the Assembly operate on a committee system. The Legislature's biennial session begins in odd-numbered years on the first Monday in January (or January 3rd if the first Monday is January 1st or January 2nd). By a joint resolution, the biennial session is divided into floor periods interspersed with committee work periods. In odd-numbered years, the Joint Committee on Legislative Organization develops a schedule for the two-year period. The Legislature also meets in special session when so called by the Governor and in extraordinary session when a majority from each branch signs a petition; at these times the Legislature may transact only that business for which the special or extraordinary session is called.

Judicial Branch

The judicial branch consists of:

- *Supreme Court.* The Supreme Court is composed of seven justices who are elected statewide for staggered ten-year terms.
- *Court of Appeals.* The Court of Appeals is composed of 16 judges who are elected district-wide for staggered six-year terms, generally sitting in three-judge panels.
- *Circuit Courts.* There are 69 Circuit Courts (the State's trial courts). Each has one or more branches and judges who are locally elected for six-year terms, and all are administered from nine judicial districts.

The State pays all costs of the Supreme Court and Court of Appeals and certain costs of the Circuit Courts.

Description of Services Provided by State Government

The State provides a wide range of services to its residents and to its local government units. These services are organized, for both budgetary and financial reporting of the General Fund, into eight functional groupings. Each State agency is categorized into one or more of these functions. There are some agency activities that fit into more than one function. Listed below is a description of each function, an identification of those State agencies and boards within each function, and a brief summary of the responsibilities of each State agency.

Commerce

The State's involvement in the commerce function is in the regulation of conduct of commercial transactions. The objective is to protect the public as consumers of agricultural and manufactured goods and services and as participants in financial transactions. The State also actively promotes economic development by working with companies seeking to expand or move to the State and broadening markets for State goods and services. These objectives are met in several ways:

- Inspection of raw products and conditions under which they are grown or obtained, including conducting research in areas such as animal or plant diseases, grading of products, and establishing standards for contents of processed foods.
- Licensing of members of various trades and professions whose activities affect the health of individuals, such as doctors and nurses, or whose actions are considered important for public safety, such as architects and engineers.
- Maintaining an orderly market in which to conduct business and specifying methods of fair competition by:
 - regulating the rates that public utilities may charge for their services
 - setting standards for the operation of banks, savings and loan companies, and credit unions to protect depositors
 - regulating the sale of securities and insurance offered for sale in the State
 - approving or disapproving the establishment or discontinuance of transportation routes

Several State agencies participate in the field of commerce:

- *Department of Agriculture, Trade and Consumer Protection* provides consumer protection and regulates the conditions of the growth and processing of food and fair trade practices in general.
- *Department of Safety and Professional Services* supervises a variety of examining boards in various trades and professions and promotes industrial development.
- *Department of Financial Institutions* regulates securities transactions and supervises State-chartered banks, credit unions, and savings and loans. The department also administers the State's Section 529 College Savings Plans. Further information about these Section 529 College Savings Plans can be found at www.edvest.com.
- *Office of the Commissioner of Insurance* reviews insurance policies that are sold in the State to determine whether they comply with the requirements set forth in State law; conducts examinations of domestic and foreign insurers; monitors financial solvency of licensed companies; and performs a variety of other regulatory functions of the insurance industry to protect State consumers. The office also manages the Wisconsin Healthcare Stability Plan, the State's reinsurance program.

- *Public Service Commission* regulates the rates and services offered by railroad companies and heat, light, power, and water companies. The commission also awards grants for expansion of broadband services to unserved and underserved areas of the State.
- *Department of Tourism* promotes the State’s many attributes to visitors.

The *Wisconsin Economic Development Corporation* was created in 2011 to develop and implement economic and business development programs in the State. Prior to 2011, the Wisconsin Department of Commerce provided economic development services. The *Wisconsin Economic Development Corporation* is a public body corporate and politic with an 18-member board of directors, whose chief executive officer is appointed by the Governor, and which receives appropriations from the State to fund its activities.

Education

The State views its responsibilities in education to encompass all levels, and nearly all types, of education and related activities. As a result, the State provides significant financial support to primary and secondary schools and technical colleges operated at the local level, assists private higher educational institutions, and operates the UW System.

- *Primary and Secondary Schools.* There were 421 school districts in the State for the 2023-24 school year, which administer the elementary and secondary schools within those districts. There were approximately 814,002 students attending public elementary and secondary schools in the 2023-24 school year. Elementary and secondary schools are operated by district boards, with supervision of the system provided by the Department of Public Instruction.
- *Technical Colleges.* The State is divided into 16 technical college districts. In the 2023-24 academic year, 287,365 full- and part-time students were enrolled in the technical college system. The technical colleges are operated by district boards, with supervision of the system provided by the Technical College System Board.
- *University of Wisconsin System.* The UW System consists of its doctoral campus in Madison (the largest campus in the State), its doctoral campus in Milwaukee, and 11 other four-year degree-granting institutions. The system has joined its two-year colleges with seven of the system’s doctoral and four-year institutions and has placed the UW Extension under the administrative purview of UW-Madison. The UW System’s total enrollment in Fall 2024 was 164,431 students.

Other agencies and boards concerned with the education function of the State include the Educational Communications Board (which operates the State public radio network, the State public television network, and the State educational television network), the State Historical Society, and the Higher Educational Aids Board (which manages and oversees the State’s student financial aid system for residents attending institutions of higher education).

Environmental Resources and Transportation

Two major State agencies, the Department of Transportation and the Department of Natural Resources, are concerned with the development of transportation resources, and the protection of the land, forests, water, air, wildlife, and minerals of the State while promoting a healthy, sustainable environment.

The State works with municipal and industrial operations discharging wastewater to surface or groundwater to retain the purity of State lakes and streams and ensure quality groundwater for families, businesses, customers, and the community. The State also sets standards of air quality at a level that will provide adequate protection to public health and welfare and prevent detrimental effects on property and the environment. Parks and forests have been established and are maintained both to preserve unusual phenomena of nature and to provide the public with recreational and educational opportunities. Private forest owners are given incentives to observe scientific conservation practices so that new growth may replace cut timber. Hunting and fishing limits are set,

and hunters and anglers licensed, to preserve the fish and wildlife from extinctive practices. Farming methods that preserve the quality and stability of the soil are encouraged.

Governmental activities for preserving and protecting the State's natural resources are largely the province of the Department of Natural Resources, but the Department of Agriculture, Trade and Consumer Protection is also actively involved.

The State has an elaborate system of highways. It consists of interstate highways financed from federal and State funds and of State highways, county trunk highways, town roads, city and village streets, and park and forest roads. Closely connected with the highway building functions of the State government and the aid granted to local units for streets and highways are the objects for which these roads are built—the motor vehicle and its occupants. While the State is concerned with the building and maintenance of an adequate number of roads of certain standards to meet the traffic demands, it is also concerned with the safety and convenience of the people who are using those roads. Over 6.6 million vehicles are currently registered.

The Department of Transportation also gives various forms of driver examination tests when driver licenses are issued or renewed to ensure drivers know the laws, are physically fit to drive, and have the required driving skills. Road building and motor vehicle regulation are also responsibilities of the Department of Transportation, which also has charge of the State's aeronautical activities, the administration of funds to assist mass transit, railroad preservation, and intermodal transportation planning.

Human Relations and Resources

Various State agencies have responsibilities to maximize human growth and development, including health, living standards, safety, and working relationships with each other.

Public health covers the prevention and detection of disease, health education programs, assistance in hospital construction, maintenance of institutions for the care and treatment of the mentally disabled, the setting of standards of cleanliness of public facilities and safety in construction, and the maintenance of public health records.

Improving living standards for needy, aged, disabled, and minors in need of assistance is also a goal of the State. Such health and welfare activities are primarily the work of DHS, including the State's BadgerCare Plus Program, which provides health insurance coverage for low- and moderate- income children under the age of 19 and low-income adults, and a prescription drug program for the elderly. The State has deferred to the federal government's insurance exchange under the Patient Protection and Affordable Care Act.

The Board of Aging and Long-Term Care makes recommendations on programs to benefit the aged and those individuals needing long term care services. The Department of Veterans Affairs operates additional assistance programs for military service veterans.

As a worker, the individual comes in contact with the State in many ways, mostly through the Department of Workforce Development:

- Minimum wages and maximum hours are set by law.
- State worker's compensation provides financial assistance if a worker is injured on the job.
- Unemployment compensation is provided to the worker if the worker's job is lost.
- Employment services are provided by the State (in partnership with the federal government) to help a worker find a job or to acquire the skills necessary for employment.
- Investigation of discrimination occurs if a worker suspects employment discrimination based on age, arrest and conviction record, ancestry, creed, disability, genetic test, honest testing, marital status,

military service, pregnancy or childbirth, race, sex, sexual orientation, and use or nonuse of lawful products off the employer's premises during nonworking hours.

The State mediates or arbitrates labor disputes between workers and their employers, which is the task of the Employment Relations Commission. The State's agent in protecting and assisting the worker is the Department of Workforce Development, which is also responsible for the State's employment and training services.

The Department of Children and Families focuses exclusively on helping and protecting children and families within the State. It administers more than 30 services, including childcare assistance, child welfare, and the Wisconsin Works (W-2) program, which provides employment preparation services, case management, and cash assistance to eligible families.

To promote the general welfare of citizens and ensure peaceable relations among them, the State seeks to protect citizens from lawless elements in society by maintaining those conditions of stability and order necessary for a well-functioning society. Law enforcement is largely a local matter, but the Department of Corrections is responsible for the safe custody and supervision of offenders, as well as keeping citizens protected, helping offenders succeed in the community, and making efforts to reduce costs to taxpayers. The Department of Justice furnishes legal services to State agencies and provides technical assistance to local law enforcement agencies. The Office of the State Public Defender makes determinations of indigence and provides legal representation for specified defendants who are unable to afford private attorneys.

The State also provides an armed military force to protect the populace in times of State or national emergencies, natural or man-made, and to supplement the federal armed forces in time of war. These activities come under the jurisdiction of the Department of Military Affairs.

General Executive

The administrative or staff functions that support the direct services provided to Wisconsin residents and local governments are included in this functional group. Although each operating agency may conduct some staff functions, some agencies perform staff functions almost exclusively.

- *Department of Administration* duties include budgeting, information technology, data processing, personnel management, accounting, payroll, financial reporting, processing the receipt and disbursement of monies received or expended by the State, engineering, and facilities management and planning.
- *Elections Commission* administers and enforces Wisconsin election law, working with municipal clerks to carry out open, fair, and transparent elections.
- *Ethics Commission* administers and enforces the campaign finance, ethics, and lobbying laws.
- *Department of Revenue* collects the taxes imposed by Wisconsin Statutes, distributes that part of the revenue that is to be directed to the local units of government, calculates the equalized value of the property that has been assessed by local government, operates and distributes the proceeds of the State lottery, and serves as custodian of unclaimed property.
- *Department of Employee Trust Funds* manages the State's public employee retirement system and health and other group insurance contracts.
- *State of Wisconsin Investment Board* invests the assets of the Wisconsin Retirement System and various State and local government funds, including the State Investment Fund.

Information Technology and Cybersecurity

The DOA Division of Enterprise Technology, in collaboration with the State's Adjutant General and Homeland Security Advisor within the Department of Military Affairs, is leading the State's cybersecurity efforts. To address cybersecurity risks, the State has implemented a comprehensive strategy that provides an overview of its

key initiatives. This strategy, developed in collaboration with State and local government representatives and key private sector stakeholders, aims to strengthen the State’s cybersecurity posture, expand the cybersecurity workforce, and ensure secure digital connectivity as the State transitions to a more cloud-based environment.

Key components of this strategy include proactive cybersecurity measures such as penetration testing, annual access attestation reviews, phishing simulation campaigns, and ransomware tabletop exercises. It also encompasses multi-agency educational initiatives to develop future cybersecurity professionals and improve technology infrastructure. The Homeland Security Executive Cyber Committee further reinforces the State’s ability to identify and address emerging cyber threats.

A cornerstone of this effort is the Wisconsin Cybersecurity Strategy, which aligns with the annual Governor’s Cybersecurity Summits—most recently held in October 2024. These summits foster public-private partnerships and create opportunities for collaboration with critical infrastructure owners to respond effectively to cyber disruptions and safeguard essential services.

The State has also strengthened its incident response capabilities by expanding cybersecurity teams within State agencies and establishing Cyber Response Teams to analyze threats, respond to incidents, and facilitate information sharing with trusted partners. These efforts include upgrading cybersecurity technology, providing extensive training to cities, counties, and schools, and hosting joint meetings, such as the event at Sun Prairie Public Library with National Cyber Director Dr. Harry Coker, Dr. Jill Underly from the Wisconsin Department of Public Instruction, CISA, the FBI, and Wisconsin Cyber Response Team leadership. These continuous efforts help coordinate and collaborate with federal resources to enhance the State’s overall cybersecurity posture.

Furthermore, DOA and the Department of Military Affairs are co-managing the State and Local Cybersecurity Grant Program, which allocates millions of dollars in federal funds to improve cybersecurity capabilities across the State. A significant portion of these funds is directed to local governments, with at least 25% allocated to rural areas. In federal fiscal year 2022, more than \$3 million was awarded to 62 applicants, and federal fiscal years 2023 and 2024 funds are available for eligible applicants and expenses. These grants are a critical component to help ensuring the State’s resilience against cyber threats. Note that State matching funds will be required for all subsequent years.

General Appropriations

The function of general appropriations is assigned those appropriations that do not fit easily into any of the other functions. Most general appropriations are for payments to local governments of taxes collected by the State but shared with local governments and for other payments intended to relieve local taxes.

The major portion of this reporting area relating to State operations is the funding of any planned adjustments to employee compensation, which is budgeted centrally but transferred to, and ultimately paid by, each agency.

Legislative

The legislative function provides for the operation of the Legislature, its committees, and service agencies.

STATE OF WISCONSIN BUILDING COMMISSION

The Commission supervises all matters relating to the State’s issuance of general obligations, revenue obligations, and operating notes. The Commission also oversees the planning, improvement, major maintenance, and renovation of State facilities.

Limitations in the Wisconsin Constitution severely restricted the issuance of direct State debt until 1969, when the Wisconsin Constitution was amended to authorize the State to borrow money. Chapter 18 of the Wisconsin Statutes delegates powers to the Commission and establishes the procedures for the issuance of debt.

The Commission is composed of eight members. The Governor serves as the chairperson. Each house of the Legislature appoints three members. One citizen member is appointed by the Governor and serves at the Governor's pleasure. State law provides for the two major political parties to be represented in the membership from each house, and one member appointed from each house must be a member of the Legislative State Supported Program Study and Advisory Committee. The members act without liability except for misconduct.

The Administrator of the Division of Facilities Development serves as Secretary to the Commission with the concurrence of the Secretary of Administration. Nonvoting advisory members of the Commission include the Secretary of Administration and the ranking architect in the DOA Division of Facilities Development.

Employees of the DOA Division of Executive Budget and Finance, including the Capital Finance Director, serve as staff responsible for managing the State's various borrowing programs.

The Commission's office is located at the Administration Building, 7th Floor, 101 East Wilson Street, its mailing address is P.O. Box 7866, Madison, Wisconsin 53707-7866, and its telephone number is (608) 261-0602.

STATE OBLIGATIONS

General Obligations

The State, acting through the Commission, may issue general obligation bonds and notes or enter into loans that are secured by the State's full faith, credit, and taxing power. There is irrevocably appropriated, as a first charge upon all revenues of the State, a sum sufficient for the timely payment of State general obligations. As of December 15, 2024, the State had \$6.754 billion of outstanding general obligations.

The State has never defaulted in the punctual payment of principal or interest on any general obligation indebtedness and has never attempted to prevent or delay such required payments. The State has reserved no right to reduce or modify any terms with respect to security or source of payment of general obligation bonds or notes. See **Part III** of the 2024 Annual Report for additional information on general obligations.

Operating Notes

The Commission may issue operating notes to fund operating expenses upon the request of the Department of Administration if it determines that a deficiency will occur in the funds of the State that will not permit the State to pay its operating expenses in a timely manner. The Governor and the JFC must also approve the request for issuance.

Operating notes may be issued in an amount not exceeding 10% of budgeted appropriations of general purpose and program revenues in the year in which operating notes are issued and must be repaid no later than the last day of the fiscal year in which they are issued. Operating notes are not general obligations of the State and are not on parity with State general obligations. The General Fund may be pledged for the repayment of operating notes, and money of the General Fund may be impounded for future payment of principal and interest; however, any such repayment or impoundment must adhere to statutory requirements related to payment of the amounts due the Bond Security and Redemption Fund securing the repayment of State general obligation bonds. All payments and impoundments securing the operating notes are also subject to appropriation. Owners of the operating notes have a right to file suit against the State in accordance with procedures established in the Wisconsin Statutes.

The State has not issued, and does not intend to issue, operating notes in fiscal year 2024-25.

Master Lease Program

The State, acting by and through DOA, has entered into a master lease for the purpose of acquiring property and obtaining services (including, in limited situations, prepaid service contracts) for State agencies through installment payments. The State's obligation to make lease payments is subject to annual appropriation by the Legislature. The full faith and credit of the State are not pledged to the lease payments; the State is not obligated to levy or pledge any tax to pay the lease payments. The State's obligation to make the lease payments does not constitute debt for purposes of the Wisconsin constitutional debt limit, and there is no limit to the amount of such obligations that the State can incur. Although an effort is made to use the master lease program for all property acquired by the State through nonappropriation leases, it is possible that State agencies may separately incur such obligations through other lease arrangements. Certificates of participation have been issued that evidence proportionate interests in certain lease payments to be made by the State. As of December 15, 2024, the outstanding principal amount of the State's obligations under the master lease program was approximately \$49.5 million. See [Part IV](#) of the 2024 Annual Report for additional information on master lease certificates of participation.

State Revenue Obligations

Subchapter II of Chapter 18 of the Wisconsin Statutes authorizes the State, acting through the Commission, to issue revenue obligations. Revenue obligations may be in one, or both, of the following forms:

- *Enterprise obligations*, secured by a pledge of revenues or property derived solely from the operation of a program funded by the issuance of the revenue obligations.
- *Special fund obligations*, secured by a pledge of revenues or property derived from any program or any pledge of revenues.

Any such program to be undertaken or obligations to be issued must be specifically authorized by the Legislature. The resulting obligations are not general obligations of the State.

Revenues pledged to the repayment of revenue obligations are deposited with a trustee for the obligations or in a separate fund in the State Treasury. These revenues are pledged to the owners of revenue obligations, who have a security interest on all such revenues until payment of the obligations has been made or provided for. Two such programs have been authorized and are currently outstanding:

- *Transportation revenue bond program*. This program finances a portion of the costs of the State highways and related transportation facilities. The obligations are secured by motor vehicle registration fees and other registration-related fees. The Commission has issued 41 series of bonds (which include refunding bond issues) and three series of commercial paper notes for this program, which were outstanding in the aggregate amount of \$1.360 billion as of December 15, 2024. See [Part V](#) of the 2024 Annual Report for additional information on transportation revenue obligations.
- *Clean water fund program and safe drinking water loan program*. These programs make loans to municipalities in the State for the construction or improvement of their water pollution control or drinking water facilities. The Commission has authorized two revenue bond programs for funding the clean water fund program: clean water revenue bonds and environmental improvement fund revenue bonds. From 1991 through 2016, the Commission issued 28 series of clean water revenue bonds (including refunding bond issues). As of December 15, 2024, there are no outstanding State clean water revenue bonds and no further issuance of clean water revenue bonds is expected.

In 2015, the Commission established the environmental improvement fund revenue bond program. The Commission has issued seven series of environmental improvement fund revenue bonds, of which two

series refunded clean water revenue bonds. In 2019, the environmental improvement fund revenue bond program was expanded to include safe drinking water loans. As of December 15, 2024, the outstanding principal amount of the State’s environmental improvement fund revenue bonds was \$430.8 million. See **Part VI** of the 2024 Annual Report for additional information on environmental improvement fund revenue bonds.

In addition, a petroleum inspection fee revenue obligations program funded environmental remediation claims submitted under the Petroleum Environmental Cleanup Fund Award Program. Obligations issued for this program were secured by petroleum inspection fees. No obligations were outstanding as of December 15, 2024, and no further issuance is expected.

General Fund Annual Appropriation Bonds

The State has issued general fund annual appropriation bonds for the following purposes:

- To pay the State’s unfunded accrued prior service (pension) liability and the State’s unfunded accrued liability for sick leave conversion.
- To finance the purchase of tobacco settlement revenues that the State previously sold to the Badger Tobacco Asset Securitization Corporation (**BTASC**).

The general fund annual appropriation bonds are not a debt of the State, and the State’s obligation to make debt service payments is subject to annual appropriation by the Legislature. The full faith and credit of the State are not pledged, and the State is not obligated to levy or pledge any tax, to make the debt service payments.

The State has issued nine series of general fund annual appropriation bonds (including refunding bond issues) to pay the State’s unfunded accrued prior service (pension) liability, determined as of January 1, 2003, and the State’s unfunded accrued liability for sick leave conversion, determined as of October 1, 2003. See “**STATE OBLIGATIONS; Prior Service Pension Liabilities and Other Post-Employment Benefits**”. The general fund annual appropriation bonds issued for this purpose were outstanding in the aggregate amount of \$933.6 million as of December 15, 2024.

The State has issued seven series of general fund annual appropriation bonds (including refunding bond issues) to finance the purchase of tobacco settlement revenues that the State previously sold to BTASC. The general fund annual appropriation bonds issued for this purpose were outstanding in the aggregate amount of \$920.5 million as of December 15, 2024.

See **Part VII** of the 2024 Annual Report for additional information on all general fund annual appropriation bonds.

Independent Authorities

State law creates and grants to three independent special purpose authorities the power to issue bonds and notes. None of these entities is a department or agency of the State, and none can issue bonds or notes that are legal obligations of the State.

Wisconsin Housing and Economic Development Authority

The Wisconsin Housing and Economic Development Authority (**WHEDA**) acts as a funding vehicle for the development of housing for low- and moderate-income families and economic development projects.

WHEDA is also authorized to administer multiple loan guarantee programs for businesses and a housing rehabilitation program for the State. In June 2023, the administration of the residential housing infrastructure program, the main street housing rehabilitation loan program, and the commercial-to-housing conversion loan program were added to WHEDA’s programs. WHEDA may issue bonds and notes, which are general obligations of WHEDA (except for bonds for the housing rehabilitation program) unless WHEDA chooses to limit the

obligation. The State is expressly not liable on WHEDA obligations. Repayment may be secured by capital reserve funds, which may be created for each bond issue in an amount that is appropriate for the type of projects being funded.

Invasion of this reserve triggers a moral obligation pledge on the part of the State and prevents further WHEDA borrowing until the reserve is replenished. In the event a capital reserve fund is not established for a particular bond issue, the moral obligation pledge would not be applicable. As of June 30, 2024, WHEDA had borrowing authority of approximately \$1 billion for programs secured by the capital reserve fund, excluding debt issued to refund other debt. As of June 30, 2024, WHEDA had \$869 million of bonds outstanding and the outstanding amount for programs secured by the capital reserve fund, excluding debt issued to refund other debt, was \$783 million. In aggregate as of June 30, 2024, WHEDA had \$2.411 billion in outstanding notes and bonds. WHEDA has borrowing authority for several specific programs:

- *Programs secured by capital reserve fund.* Borrowing authority of \$1 billion, excluding debt issued to refund other debt, of which \$216 million of borrowing authority was available on October 31, 2024.
- *Housing rehabilitation programs.* Borrowing authority of \$100 million, of which \$100 million of borrowing authority was available on October 31, 2024.
- *Single-family home ownership mortgage loan program.* WHEDA had issued \$9.68 billion in such bonds as of October 31, 2024. In the year-to-date period ending October 31, 2024, two single-family issues in the amount of approximately \$380 million were sold.
- *Residential facilities for the elderly and chronically disabled.* Borrowing authority of \$99 million, of which \$99 million of borrowing authority was available as of October 31, 2024.
- *Economic development and agriculture loans.* From current and previous borrowing authority, as of October 31, 2024, WHEDA had sold 143 series of bonds for economic development and agriculture totaling \$125 million, which are not general obligations of WHEDA, and 58 series of bonds, totaling \$93 million, which are general obligations of WHEDA.

WHEDA is directed by a twelve-member board comprising the Secretary of Administration, the chief executive officer of the Wisconsin Economic Development Corporation, two representatives to the Assembly and two State Senators who are appointed in the same manner as the members of standing committees in their respective houses and equally represent the two major political parties, and six public members serving staggered terms, nominated by the Governor and confirmed by the Senate. Financial reports may be obtained from the Wisconsin Housing and Economic Development Authority, 908 East Main Street, Madison, WI 53703. The telephone number is (608) 266-7884, the e-mail address is info@wheda.com, and the website address is www.wheda.com.

Wisconsin Health and Educational Facilities Authority

The Wisconsin Health and Educational Facilities Authority (**WHEFA**) provides revenue bond financing for 501(c)(3) nonprofit organizations operating within the State. It may finance any qualifying capital project and may refinance any qualifying outstanding indebtedness. As of June 30, 2024, WHEFA had outstanding 202 issues totaling approximately \$9.506 billion. All bonds are limited obligations of WHEFA, payable only from revenues specified in the documents pertaining to each bond financing and are not State debt. There is no capital reserve fund or authorization for a moral obligation pledge. An annual program and financial report to the Legislature and the Governor is required. The State auditor is empowered to investigate WHEFA's financial affairs and prescribe methods of accounting. The governance of WHEFA is by a seven-member, staggered-term board nominated by the Governor and confirmed by the Senate. The Governor annually appoints the chairperson. Financial reports may be obtained from Wisconsin Health and Educational Facilities Authority, 18000 West

Sarah Lane, Suite 300, Brookfield, WI 53045-5841. The telephone number is (262) 792-0466, the e-mail address is info@whefa.com, and the website address is www.whefa.com.

University of Wisconsin Hospitals and Clinics Authority

The University of Wisconsin Hospitals and Clinics Authority (UWHCA) operates hospitals in Wisconsin, including the University Hospital, American Family Children's Hospital, and UW Health at the American Center Hospital, and hospitals in Illinois, including the Swedish American Hospital and the Swedish American Medical Center. UWHCA also operates a number of clinics in Wisconsin and Illinois. It provides instruction for medical and other health related professions, students, and sponsors. It also supports medical research and assists health care programs and personnel throughout the State. As of June 30, 2024, UWHCA had outstanding long-term debt totaling approximately \$1.150 billion.

UWHCA may issue bonds and notes payable solely from the funds pledged in the bond resolution or any trust indenture or mortgage or deed of trust that secures the obligations. The State is not liable for the payment of principal or interest on the debt, nor is it liable for the performance of any pledge, mortgage, obligation, or agreement entered into by UWHCA.

UWHCA is directed by a sixteen-member board. Composition and selection of members are specified by Chapter 233 and Section 15.96 of the Wisconsin Statutes. Financial reports can be obtained from the University of Wisconsin Hospitals and Clinics Authority, Room H4/814, 600 Highland Avenue, Madison, WI 53792. The telephone number is (608) 265-7131 and the website address is www.uwhealth.org.

Local Districts

The Legislature has authorized the creation of the following types of local districts, which may be created by one or more local units of government:

- *Local exposition district.* This type of district is authorized to issue bonds for costs related to an exposition center and for costs related to sports and entertainment arena facilities. To date, one such district has been created (the Wisconsin Center District) and it has issued bonds for both purposes. For bonds related to an exposition center, if the Secretary of Administration determines that certain conditions are met, the State may have a moral obligation to appropriate moneys to make up deficiencies in the district's debt service reserve fund that secures up to \$300 million principal amount of bonds (which limit does not apply to refunding bonds) in the event that project revenues and tax revenues received by the district are inadequate to pay debt service on the bonds. Obligations issued for costs related to sports and entertainment arena facilities are not subject to a moral obligation of the State.
- *Local professional baseball park district.* The territory of this type of district consists of each county with a population of more than 750,000 that is the site of baseball park facilities that are home to a professional baseball team. A district is authorized to borrow up to \$35 million from DOA, and may be entitled to grants from DOA totaling up to \$365.8 million through 2043 for costs related to maintenance and improvement of a baseball park.
- *Local professional football park district.* The territory of this type of district consists of any county with a population of more than 150,000 that includes the principal site of a stadium that is the home of a professional football team. To date, one such district has been created (the Green Bay-Brown County Professional Football Stadium District). A district is authorized to issue revenue bonds for costs related to a football park. If the Secretary of Administration determines that certain conditions are met, the State may have a moral obligation to appropriate moneys to make up deficiencies in the district's

reserve funds that secure up to \$160 million principal amount of bonds in the event the project revenues and tax revenues received by the district are inadequate to pay debt service.

Moral Obligations

In certain situations where the State does not have a legal obligation to make a payment, the Legislature has recognized a moral obligation to make an appropriation for the payment and has expressed its expectation and aspiration that, if ever called upon to do so, it would. The following items describe these situations and the amount of outstanding obligations that are subject to the State’s moral obligation:

- *Payments to reserve funds securing certain obligations of WHEDA.* As of June 30, 2024 there were sixteen bond issues outstanding in the aggregate amount of \$869 million that carry a moral obligation of the State.

Name of WHEDA Issue	Maturity Date	Principal Issued	Outstanding Balance
Housing Revenue Bonds			
2005 Series A-F	11/1/2045	\$179,535,000	\$52,360,000
2006 Series A-D	5/1/2047	28,580,000	3,130,000
2007 Series A-G	11/1/2042	42,570,000	13,270,000
2009 Series A	5/1/2042	14,045,000	8,015,000
2010 Series A-B	11/1/2043	42,775,000	4,350,000
2012 Series A-B	5/1/2055	53,540,000	46,535,000
2013 Series A-C	5/1/2045	21,270,000	1,075,000
2015 Series A-C	5/1/2052	73,170,000	32,135,000
2016 Series A-C	5/1/2054	39,775,000	13,725,000
2017 Series A-C	11/1/2055	110,585,000	80,125,000
2018 Series A-C	11/1/2057	148,480,000	64,955,000
2019 Series A	11/1/2057	140,330,000	55,110,000
2021 Series A-C	11/1/2059	250,885,000	186,745,000
2022 Series A-C	11/1/2060	94,460,000	83,675,000
2023 Series A-C	11/1/2061	131,035,000	131,035,000
2023 Series D-F	11/1/2061	92,600,000	92,600,000
Total			<u>\$868,840,000</u>

- *Payments to reserve funds securing certain obligations of different types of local districts,* subject to the Secretary of Administration’s determination that certain conditions have been met. One local district, the Wisconsin Center District, is currently authorized to issue bonds for specific purposes, and if the State determines that certain conditions are satisfied, the State may have a moral obligation to appropriate moneys to make up deficiencies in the district’s special debt service reserve fund. The Wisconsin Center District has the authority for up to \$300.0 million in bonds for this purpose, plus refunding bonds. Currently the Wisconsin Center District has one outstanding series of bonds in the outstanding balance of \$288.0 million and two outstanding refunding series with an outstanding balance of \$91.8 million that are subject to the State’s moral obligation pledge to appropriate moneys to make up deficiencies, if any, in the special debt service reserve funds for these series of bonds.
- *Payments for debt service on certain obligations issued by a local governmental unit in an electronics and information technology manufacturing zone,* subject to the Secretary of Administration’s designation and determination that certain conditions have been met. This moral obligation is for up to 40 percent of a local governmental unit’s aggregate municipal obligations issued to finance costs related to development occurring in, or for the benefit of, the electronics and information technology

manufacturing zone. Currently there is one bond issue (by the Village of Mount Pleasant) that is outstanding in the amount of \$119.9 million that carries the moral obligation of the State. In addition, the Secretary of Administration has entered into an agreement that allows this moral obligation to be designated, provided the required conditions are met, for other issuances. At this time, the Village has not indicated any plans to present other issuances to the State for the moral obligation designation.

- *Payments to reserve funds securing obligations issued by certain redevelopment authorities*, subject to the Secretary of Administration’s determination that certain conditions have been met. One bond issue by a redevelopment authority (the Redevelopment Authority of the City of Milwaukee) for the Milwaukee Public Schools Neighborhood Schools Initiative that carried a moral obligation of the State matured in August 2023. Currently there are no outstanding bonds issued by redevelopment authorities that carry a moral obligation of the State.
- *Payments required to be made by municipalities on loans from the clean water fund program*, if so designated by the State. Currently no clean water fund program loan carries a moral obligation of the State.

Employee Pension Funds

The State is part of the Wisconsin Retirement System (**WRS** or **System**), which is a hybrid pension plan with separate individual accounts maintained for all participants. Market-related risks are generally mitigated via regular changes in active employee contributions based on actuarial costs, and adjustment of benefits based on investment performance. A further description of the WRS and identification of the State’s obligation follows; this is supplemented with additional statistical material in [Tables II-19](#) through [II-24](#).

The State’s pension obligations are defined by formulas that establish monthly retirement benefits as a function of annual compensation and years of service. The State’s current contributions to meet these pension obligations are established by a yearly actuarial determination of the value of the retirement benefits that have accrued to State employees and will have to be paid out in the future. The actuarial method used to determine the size of the contributions is known as “Frozen Initial Liability” for prior service liability and “Entry Age Normal” for current contributions. Actuarial assumptions that have been adopted in application of this method are shown in [Tables II-25](#), [II-26](#), and [II-27](#).

The Department of Employee Trust Funds (**ETF**) administers the pension programs of both the State and local governments, and the SWIB is responsible for investment of all the funds. Although the State provides pension and investment management staff for its own and local government employees, the State has no financial obligation for payment of any local government contribution.

WRS covers eligible employees of the State. The total retirement contribution consists of a member (employee) contribution and an employer contribution, and an employer cannot fund any of the member’s required contribution. As of July 2024, employee and employer contributions for calendar year 2025 were set at the following rates, expressed as percentages of salaries:

**WISCONSIN RETIREMENT SYSTEM
STATE EMPLOYER CONTRIBUTION RATES^(a)**

<u>Employee Classification</u>	<u>Employee Required</u>	<u>Employer Required</u>
General, Executive & Elected Officials (including teachers)	6.95%	6.95%
Protective occupations with Social Security	6.95	14.95
Protective occupations without Social Security	6.95	18.95

^(a) Effective date of January 1, 2025.

Source: Department of Employee Trust Funds

The contributions are actuarially determined each year by an independent actuarial firm. In addition, the State is charged 0.08% of its protective payroll for special duty disability coverage. Prior to the enactment of 2011 Wisconsin Act 10, employers were permitted to fund all, or some of, the member's required contribution. Following the enactment of 2011 Wisconsin Act 10, the total retirement contribution must be split equally between the employee required contribution and the employer required contribution (except in certain circumstances). On December 2, 2024, certain provisions of 2011 Wisconsin Act 10 were declared unconstitutional in a decision issued by a Dane County Circuit Court. An appeal by the Legislature of the decision is pending.

Other changes to WRS as the result of 2011 Wisconsin Act 10 included the following:

- The employee required contribution for protective occupations with Social Security and for protective occupations without Social Security is the same as for general employees. The employer required contribution for these groups is the difference between the total required contribution and the employee required contribution.
- The benefit adjustment contribution, which was used to fund overall system benefit liabilities, was eliminated.
- All new participants after July 1, 2011 are subject to a five-year vesting requirement. Participants terminating before fully vesting are not eligible for a retirement benefit but can receive a separation benefit of member contributions and interest.
- The work requirement to be eligible to participate in the WRS increased from 33%, to 67%, of full-time employment.
- Employee required contributions may not be paid by the employer on behalf of the employee.
- The formula multiplier for State executives, judges, and elected officials was reduced from 2.0% to 1.6%.

Except for certain protective occupation employees and a few other minor exceptions, employees under the WRS are also covered by Social Security.

Monthly WRS benefits upon retirement at normal retirement age (65 for general employees, 62 for elected officials and for executive service retirement plan participants hired on or before December 31, 2016, and 55 for protective occupation participants) are computed on a formula basis (the formula varies by the particular class of participation). Some inactive members and a small number of currently active employees may have benefits computed on some other basis when they apply for benefits.

Contributions into the WRS are invested by the State of Wisconsin Investment Board, as provided by law, and are maintained in two separate funds: the Core Retirement Investment Trust (**Core Fund**) and the Variable Retirement Investment Trust (**Variable Fund**). Investments are recorded pursuant to the Wisconsin Statutes as follows:

- The assets of the Core Fund are carried by a hybrid method providing for the amortization of capital gains and losses as well as deferred items over a five-year period.
- The Variable Fund assets are recorded at market value with all market adjustments included in current operations.

The Employee Trust Funds Board may periodically adjust annuity payments from the retirement system based on annual investment performance. An increase (or decrease) in annuity payments may result when investment gains (or losses), together with other actuarial experience factors, create a surplus (or shortfall) in the reserves, as determined by the system’s consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core Fund annuities, decreases may be applied only to previously granted increases. By law, Core Fund annuities cannot be reduced to an amount below the original, guaranteed amount set at retirement.

The Core Fund and Variable Fund annuity adjustments granted during the past ten years are as follows:

**WISCONSIN RETIREMENT SYSTEM
SUMMARY OF ANNUITY ADJUSTMENTS**

Year	Core Fund	Variable Fund
2015	2.9%	2.0%
2016	0.5	(5.0)
2017	2.0	4.0
2018	2.4	17.0
2019	0.0	(10.0)
2020	1.7	21.0
2021	5.1	13.0
2022	7.4	15.0
2023	1.6	(21.0)

Various reports and information relating to WRS and the ETF, including the Annual Comprehensive Financial Report for the year ended December 31, 2023 for the ETF (including WRS and other benefit plans and trust funds) are or will be available from the ETF website at: etf.wi.gov/about-etf/reports-and-studies/financial-reports-and-statements.

Table II-19 provides comparative actuarial balance sheets for the most recent reporting periods. The unfunded accrued liability presented is solely the responsibility of local governments and is not an obligation of the State.

GASB Pension Accounting Standards

The Governmental Accounting Standards Board (GASB) pension accounting standards require uniform calculations of pension expense and liabilities. Under these standards, each participating employer in the WRS is required to report its proportionate share of the net pension asset (or liability) on its financial statements if such statements are prepared in accordance with GAAP. The net pension liability of participating WRS employers as of December 31, 2023 was \$1.50 billion. The WRS plan fiduciary net position as a percentage of the total pension liability was 99%.

Prior Service Pension Liabilities and Other Post-Employment Benefits

Pension Liabilities in Accompanying Financial Statements

Liabilities of WRS are reported in the following tables. While WRS covers most public employers and employees in the State, including local governments, as of December 31, 2023, the State and its participants accounted for

29% of active participants in the system. WRS tracks unfunded prior service liabilities in separate accounts for each employer. The unfunded prior service liabilities reported in the financial statements for WRS are entirely attributable to other units of government and not to the State.

Pension liabilities are calculated using the “Entry Age Normal with Frozen Initial Liability” actuarial cost method. Under this method, actuarial gains and losses are treated as future costs in the normal cost calculation and do not affect the past service liability. Investment losses, such as those experienced in 2018 and 2022, do not create an unfunded liability but do place upward pressure on future contribution rates.

Pension and Sick Leave Conversion Benefits

Prior to 2004, the State recognized for accounting and disclosure purposes an unfunded prior service liability for the State’s account within WRS. The State also recognized for accounting and disclosure purposes an unfunded prior service liability for sick leave conversion, which permits employees, at retirement, to use the value of unused sick leave to pay for health insurance premiums. Proceeds from the State’s issuance of General Fund Annual Appropriation Bonds in 2003 fully funded both of these prior service liabilities, and the State currently has no prior service liabilities associated with these benefits.

Supplemental Health Insurance Conversion Credit Program (SHICC) and Other Post-Employment Benefits (OPEB)

State employees earn sick leave hours and, depending on usage, may accumulate unused sick leave hours while employed with the State. Upon retirement, layoff, or death, the unused sick leave hours may be converted to sick leave credits and used to pay post-retirement state group health insurance premiums. If employees have at least 15 years of service, they may be credited additional sick leave hours (SHICC benefit) that increase their sick leave account balance. Similar to pension, GASB standards require uniform calculations of OPEB expense and liabilities. Under these standards, participating employers are required to report a net OPEB asset or liability on their financial statements, if such statements are prepared in accordance with GAAP. As of December 31, 2023, the net OPEB asset for the SHICC plan was \$63 million. The plan fiduciary net position as a percentage of the total OPEB liability was 105%.

Retiree Life Insurance

The State provides post-retirement life insurance coverage to retired plan participants over the age of 65 at no cost to the employee. As of December 31, 2023, the net OPEB liability for the State Retiree Life Insurance plan was \$797 million. The plan fiduciary net position as a percentage of the total OPEB liability was 27%.

Implied Subsidy of Retiree Health Insurance

The State Retiree Health Insurance program provides post-employment health insurance coverage to all eligible retired employees of the State. Through the program, the State offers certain retirees who are not yet eligible for Medicare benefits the option to continue participating in the State’s Group Health Insurance program and to pay for coverage at the premium rate set for active State employees. Although the State does not directly pay any portion of the premium for retirees who choose to participate in the program, the State does pay higher premiums for its active employees than it otherwise would if retirees were excluded. Therefore, the State implicitly subsidizes the premiums paid by participating retirees by offering these individuals access to health insurance coverage at a lower rate than they might otherwise pay based upon their age. This subsidy, in turn, creates an OPEB liability, which the State must recognize and report under GASB standards. The State’s net OPEB liability for Retiree Health Insurance as of June 30, 2024 was \$706 million.

Notes to Wisconsin Retirement System

All eligible State of Wisconsin employees participate in the Wisconsin Retirement System (**System** or **WRS**), a cost-sharing multiple-employer public employee retirement system (**PERS**). The payroll for State employees covered by the System for the year ended December 31, 2023 was \$5.9 billion, which includes various public authorities in the State.

Effective June 29, 2011, all permanent employees expected to work over 1,200 hours a year (880 hours a year for teachers) are eligible to participate in the System. General category and Executive/Elected employees are required by statute to contribute one-half of the actuarially determined contribution (6.90% of their salary) for calendar year 2024. Employers may not make these contributions to the plan on behalf of the employees. Protective occupation employees are required to contribute the same percentage of their salaries as General category employees. Employers are required to contribute the remaining amounts necessary to pay the projected cost of future benefits. The total required contribution for the year ended December 31, 2023 was \$853 million, which consisted of \$449 million, or 7.6% of payroll, for employers and \$404 million, or 6.8% of payroll, for employees.

Employees who retire at or after age 65 (62 for elected officials and executive service retirement plan participants, if hired on or before 12/31/2016, and 54 for protective occupations) are entitled to receive a WRS retirement benefit. The benefit is calculated as 1.6% (2.0% for Executives, Elected Officials, and Protective Occupations with social security and 2.5% for protective occupations without social security) of final average earnings for each year of creditable service after December 31, 1999. Service earned before January 1, 2000 accrues benefits at a rate of 1.765% (2.165% for Executives, Elected Officials, and Protective Occupations with social security and 2.665% for protective occupations without social security). The benefit multiplier for Executives and Elected Officials is reduced to 1.6% for service earned after June 29, 2011. Final Average Earnings is the average of the employee's three highest years' earnings. Employees may retire at age 55 (50 for protective occupation employees) and

receive reduced benefits. For employees joining the System after June 29, 2011, five years of service are required to be eligible for a retirement benefit. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefit. The System also provides death and disability benefits for employees. Eligibility for and the amount of all benefits are determined under Chapter 40 of the Wisconsin Statutes.

The System utilizes the "Entry Age Normal with Frozen Initial Liability" actuarial method in establishing employer contribution rates. Under this method, the Unfunded Accrued Actuarial Liability is affected only by the monthly amortization payments, compound interest, the added liability created by new employer units, and any added liabilities caused by changes in benefit provisions. All actuarial gains or losses arising from the difference between actual and assumed experience are reflected in the determination of the normal cost. The unfunded accrued actuarial liability is being amortized over a 40-year period beginning January 1, 1990. However, periodically, the Employee Trust Funds Board has reviewed and, when appropriate, adjusted the actuarial assumptions used to determine this liability. Changes in the assumptions affect the unfunded accrued actuarial liability, and the resulting actuarial gains or losses are credited or charged to employer's unfunded liability accounts. The State of Wisconsin, as of December 31, 2023, had no unfunded liability. The total System unfunded liability of \$5.0 million, as of December 31, 2023, was attributable to local governments.

Ten-year historical trend information showing the System's progress in accumulating sufficient assets to pay benefits when due is presented in the System's December 31, 2023 Annual Comprehensive Financial Report.

The preceding table provides comparative actuarial balance sheets for the most recent reporting periods.

STATE OF WISCONSIN INVESTMENT BOARD

SWIB invests the assets of the State Investment Fund, WRS, and several smaller trust funds established by the State. Overall policy direction for SWIB is established by an independent, nine-member Board of Trustees (**Trustees**). The Trustees establish long-term investment policies, set guidelines for each investment portfolio, and monitor investment performance.

The nine members of the Board of Trustees include:

- The Secretary of Administration or a designee.
- Two participants in the WRS. One of these is a teacher who is appointed by the Teacher Retirement Board. The other represents non-teacher participants and is appointed by the Wisconsin Retirement Board.
- Six public members, who are appointed by the Governor. Of these public members, four are required to have at least ten years of investment experience, and one is required to be an individual with a minimum of ten years of financial experience who holds a nonelected finance position with a local government that participates in the Local Government Investment Pool (**LGIP**).

All appointed members serve six-year terms. During calendar year 2024, the Trustees met five times.

The Trustees appoint SWIB's Executive Director/Chief Investment Officer. The Executive Director/Chief Investment Officer is responsible for oversight of staff activities and developing and recommending policies for adoption by the Trustees. Portfolio managers and analysts are all responsible for daily investment decisions in their markets.

Pursuant to Wisconsin Statutes, the State Investment Fund consists of cash balances of the General Fund, State agencies and departments, and WRS reserves. The State Investment Fund also includes investment deposits from elective participants consisting of over 1,400 municipalities and other public entities, which are accounted for in the LGIP, a subset of the State Investment Fund. This fund also acts as the State's cash management fund and provides the State's General Fund with liquidity for operating expenses.

The objectives of the State Investment Fund are to provide (in order of priority):

- Safety of principal
- Liquidity
- Competitive rate of return

The State Investment Fund is strategically managed similar to a money market fund but has the ability to have a longer average maturity than a registered money market fund. Because of the role played by the State Investment Fund, the cash balances available for investment vary daily as cash is accumulated or withdrawn from the funds.

The Wisconsin Statutes establish parameters for investments of the State Investment Fund, and the Trustees establish and monitor policies covering:

- Types of assets and the amount that can be acquired
- Delegation of powers to purchase and sell and specific guidelines for various types of investments
- Emergency powers in the event the Trustees are unable to meet
- Guidelines that govern the use of derivatives, financial futures, and related options; however, investment guidelines for the fund do not permit these types of investments.

The policies seek to achieve safety of principal and liquidity by attention to quality standards, maturity, and marketability. The policies seek to enhance return through portfolio management that considers, among other things, anticipated changes in interest rates and the yield curve.

SWIB is not required to be registered under the Investment Company Act of 1940, the Investment Advisers Act of 1940, or the Commodity Exchange Act. However, a description of risk factors, guidelines, and investment objectives concerning the LGIP and the State Investment Fund may be obtained from the State of Wisconsin Investment Board, P.O. Box 7842, Madison, WI 53707-7842. The telephone number is (608) 266-2381, the e-mail address is info@swib.state.wi.us, and the website address is www.swib.state.wi.us. Neither the preceding website nor the summaries available at such website are incorporated by reference into this Part II of the 2024 Annual Report.

Table II-28 presents unaudited financial and statistical information for the State Investment Fund. A copy of SWIB's annual report or information on the LGIP and the State Investment Fund may be obtained from SWIB but are not part of the 2024 Annual Report.

Table II-28
STATE INVESTMENT FUND
(As of October 31, 2024)
HOLDINGS DETAIL REPORT

	Amortized Cost	Percent of Portfolio at Amortized Cost
U.S. Governments & Agencies	\$8,668,061,896	37.94%
U.S. Repurchase Agreements	12,974,849,963	56.79
Commercial Paper and Corporate Notes	802,192,482	3.51
Certificates of Deposit & Bankers Acceptances	401,037,065	1.76
TOTAL	\$22,846,141,406	100.00%

AVERAGE MATURITY FOR THE LAST SIX MONTHS

Reporting Date	Average Maturity (Days)	Reporting Date	Average Maturity (Days)
10/31/2024	9	7/31/2024	12
9/30/2024	10	6/30/2024	16
8/31/2024	14	5/31/2024	19

Summary of Investment Fund Participants
(As of October 31, 2024)

Participants	Par Amount	Percent of Portfolio
Mandatory Participants		
State of Wisconsin and Agencies	\$14,758,471,000	65.15%
Wisconsin Retirement System	1,874,009,000	8.27
Elective Participants		
Local Government Investment Pool	6,019,177,000	26.57
TOTAL	\$22,651,657,000	100.00%

The difference between the total of participants' unit shares (\$22,651,657,000) and the total of the investments (\$22,846,141,406) is the result of check float (checks written and posted at DOA that have not yet cleared the bank) and a timing delay in posting bank receipts at DOA that have already been invested by SWIB.

Brian Pahnke, Administrator

December 20, 2024

The Honorable Tony Evers
The Honorable Members of the Legislature
Citizens of the State of Wisconsin

We are pleased to submit the General Purpose External Financial Statements of the State of Wisconsin for the fiscal year ended June 30, 2024. They are part of the audited Annual Comprehensive Financial Report and present financial information in conformity with generally accepted accounting principles.

The General Purpose External Financial Statements include management's discussion and analysis (MD&A), the basic financial statements, and required supplementary information (RSI).

- MD&A presents a discussion and analysis of the State's financial performance during the fiscal year.
- The basic financial statements include an overview of the government as a whole (excluding the State's fiduciary activities) as well as detailed information on all governmental, proprietary, and fiduciary fund activity. Notes, which are considered part of the basic financial statements, provide additional information and should be used in conjunction with the financial statements.
- RSI includes information on post-employment health insurance benefits, the State's proportionate share of the net pension liability, the State's pension contribution, infrastructure and the budgetary comparison schedule with accompanying notes.

The General Purpose External Financial Statements, as well as the Annual Comprehensive Financial Report, are on file at the office of the State Controller and will benefit users requiring summary information about our State's finances. The Annual Comprehensive Financial Report is available on the Department of Administration's website.

Sincerely,

Kathy Blumenfeld
Secretary

Angela Thomas, CPA
State Controller

Independent Auditor's Report on the Financial Statements and Other Reporting Required by *Government Auditing Standards*

Honorable Members of the Legislature

The Honorable Tony Evers, Governor

Report on the Audit of the Financial Statements

Opinions

We have audited the financial statements of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Wisconsin as of and for the year ended June 30, 2024, and the related notes to the financial statements, which collectively comprise the State of Wisconsin's basic financial statements, as listed in the table of contents.

In our opinion, based on our audit and the reports of the other auditors, the accompanying financial statements referred to above present fairly, in all material respects, the respective financial position of the governmental activities, the business-type activities, the aggregate discretely presented component units, each major fund, and the aggregate remaining fund information of the State of Wisconsin as of June 30, 2024, the respective changes in financial position and, where applicable, cash flows thereof for the year then ended in accordance with accounting principles generally accepted in the United States of America.

We did not audit the financial statements for the Environmental Improvement Fund, which is a major fund and represents 16.0 percent of the assets of the business-type activities, and the Deferred Compensation Fund, which represents 3.6 percent of the assets of the aggregate remaining fund information. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinions, in so far as they relate to the amounts included for these funds, are based solely on the reports of the other auditors. In addition, we did not audit the financial statements of the Wisconsin Housing and Economic Development Authority, the University of Wisconsin (UW) Hospitals and Clinics Authority, and the UW Foundation, which represent 99.0 percent of the total assets and deferred outflows of resources of the aggregate discretely presented component units. Those financial statements were audited by other auditors whose reports have been furnished to us, and our opinion in so far as it relates to the amounts included for the aggregate discretely presented component units is based solely upon these audit reports.

Basis for Opinions

We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, which is issued by the Comptroller General of the United States. Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section. We are required to be independent of the State of Wisconsin and to meet our

other ethical responsibilities in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinions. The financial statements for the Environmental Improvement Fund and the Wisconsin Housing and Economic Development Authority were audited by other auditors in accordance with these standards. The financial statements of the Deferred Compensation Fund, the UW Hospitals and Clinics Authority, and the UW Foundation were audited by other auditors in accordance with auditing standards generally accepted in the United States of America, but not in accordance with *Government Auditing Standards*.

Emphases of Matters

As discussed in Note 5B, the financial statements include investments that do not have readily ascertainable market prices. Some of these investments are valued based on a variety of third-party pricing methods and others, such as private fund investments, are reported based on net asset value. Because of the inherent uncertainty of valuation, these estimated values may differ from the values that could be realized in a secondary market transaction or the amount ultimately realized.

As discussed in Note 5B, as of June 30, 2024, the State Investment Fund held \$5.5 billion in a repurchase agreement with the Wisconsin Retirement System (WRS). The investments of the State Investment Fund and the WRS are both administered by the State of Wisconsin Investment Board.

Certain account balances cannot be measured precisely but must be estimated, including actuarially accrued liabilities and infrastructure assets reported in the financial statements and notes. Notes 14, 17, 18, and 20 include a discussion of estimates used by funds that accrue liabilities based upon actuarial information, including assumptions used in their calculation, and other sources. Note 1E includes information related to the estimated historical cost of infrastructure assets constructed prior to July 1, 2000. Because estimates are based upon information available when the financial statements are prepared, actual values may differ from the estimated amounts. These differences cannot be quantified.

Our opinions are not modified with respect to these matters.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the State of Wisconsin's ability to continue as a going concern for twelve months beyond the financial statement date, including any currently known information that may raise substantial doubt shortly thereafter.

Auditor's Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance. Therefore, reasonable assurance is not a guarantee that an audit conducted in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are

considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with auditing standards generally accepted in the United States of America and *Government Auditing Standards*, we exercised professional judgment and maintained professional skepticism throughout the audit. We also identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, and designed and performed audit procedures responsive to those risks. Such procedures included examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

In addition, we obtained an understanding of internal control relevant to the audit in order to design audit procedures that were appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State of Wisconsin's internal control. Accordingly, no such opinion is expressed. We also evaluated the appropriateness of accounting policies used and the reasonableness of significant accounting estimates and related disclosures made by management, and evaluated the overall presentation of the financial statements. We also concluded, in our judgment, there were no conditions or events, considered in the aggregate, that raise substantial doubt about the State of Wisconsin's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that the Management's Discussion and Analysis and the following items in the required supplementary information section, as listed in the table of contents—Postemployment Benefits–State Health Insurance Program, Postemployment Benefits–State Life Insurance Program, Postemployment Benefits–Supplemental Health Insurance Conversion Credit Program, State's Proportionate Share of Net Pension Liability or Net Pension (Asset), State's Pension Contributions, Infrastructure Assets Reported Using the Modified Approach, Budgetary Comparison Schedule–General Fund, Budgetary Comparison Schedule–Transportation Fund, and Notes to Required Supplementary Information–Budgetary Information—be presented to supplement the basic financial statements. Such information is the responsibility of management and, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board that considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America. These procedures consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated December 18, 2024, and published in report 24-23, on our consideration of the State of Wisconsin's internal control over financial reporting; our tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements; and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State of Wisconsin's internal control over financial reporting or on compliance. That report is an integral part of an audit

performed in accordance with *Government Auditing Standards* and should be used when considering the State of Wisconsin's internal control over financial reporting and compliance. Report 24-23 is available on our website at www.legis.wisconsin.gov/lab.

LEGISLATIVE AUDIT BUREAU

Legislative Audit Bureau

MANAGEMENT'S DISCUSSION AND ANALYSIS

The *Management's Discussion and Analysis* of the State of Wisconsin's Annual Comprehensive Financial Report (ACFR) presents a discussion and analysis of the State's financial performance during the fiscal year that ended June 30, 2024. It should be read in conjunction with the transmittal letter located at the front of this ACFR, and the State's financial statements, including the note disclosures which are an integral part of the statements, that follow this part of the ACFR.

FINANCIAL HIGHLIGHTS -- PRIMARY GOVERNMENT

Government-wide (Tables 2 and 3 on Pages 11 and 12)

- *Net Position.* The assets plus deferred outflows of resources of the State of Wisconsin exceeded its liabilities plus deferred inflows of resources at the close of Fiscal Year 2024 by \$41.3 billion (reported as "net position"). Of this amount, \$1.1 billion was reported as "unrestricted net position". The balance in unrestricted net position represents the amount available to be used to meet a government's ongoing obligations to citizens and creditors.
- *Changes in Net Position.* The State's total net position increased by \$1.8 billion in Fiscal Year 2024. Net position of governmental activities increased by \$1.1 billion or 4.0 percent, while net position of the business-type activities showed an increase of \$687.2 million or 5.6 percent.
- *Excess of Revenues over (under) Expenses -- Governmental Activities.* During Fiscal Year 2024, the State's total revenues for governmental activities of \$43.0 billion were \$2.7 billion more than total expenses (excluding transfers) for governmental activities of \$40.4 billion. Of these expenses, \$19.1 billion were covered by program revenues. General revenues, generated primarily from various taxes, totaled \$23.9 billion.

Fund

- *Governmental Funds -- Fund Balances.* As of the close of Fiscal Year 2024, the State's governmental funds reported combined ending fund balances of \$10.4 billion, a decrease of \$199.1 million in comparison with the prior year. Of this total amount, \$1.4 billion represents the unassigned fund balances.
- *General Fund -- Fund Balance.* At the end of Fiscal Year 2024, total fund balance was \$4.5 billion, a change of \$(2.2) billion from \$6.6 billion in the prior year. The unassigned fund balance for the General Fund was \$1.4 billion, or 3.8 percent of total General Fund expenditures.

Additional information regarding individual funds begins on page 16.

Long-term Debt

- The State's total long-term debt obligations (bonds, notes, and certificates of participation payable) decreased by \$755.4 million during the current fiscal year which represents the net difference between new issuances, payments and refundings of outstanding debt. Decreases in debt resulted primarily from repayments in excess of new debt issued. During the year repayments of general obligation debt exceeded new issuances by \$85.9 million. Repayments of certificates of participation exceeded new issuances by \$8.9 million. Revenue bonds outstanding increased by \$7.8 million. Annual appropriation bonds outstanding decreased by \$668.5 million.

Additional detail regarding these activities begins on page 21.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Financial Section of this ACFR consists of four parts: (1) **management's discussion and analysis** (this section), (2) **basic financial statements**, (3) additional **required supplementary information**, and (4) optional **other supplementary information**. Parts (2), (3), and (4) are briefly described on the following pages:

Basic Financial Statements

The basic financial statements include two sets of statements that present different views of the State -- the **government-wide financial statements** and the **fund financial statements**. These financial statements also include notes that explain some of the information in the financial statements and provide more detail.

- The *government-wide financial statements* provide a broad view of the State’s operations. The statements provide both short-term and long-term information about the State’s financial status, which assists in assessing the State’s financial condition at the end of the fiscal year.
- The *fund financial statements* focus on individual parts of the State government, reporting the State’s operations in greater detail than the government-wide statements. The basic fund financial statements provide more detailed information on the State’s most significant funds.

Table 1, below, summarizes the major features of the financial statements.

Table 1				
Major Features of State of Wisconsin’s Government-wide and Fund Financial Statements				
	GOVERNMENT-WIDE STATEMENTS	FUND STATEMENTS		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Scope	<p>Entire State government (except fiduciary funds) and the State’s component units, reported as follows:</p> <ul style="list-style-type: none"> • <i>Governmental Activities</i> – Most services generally associated with State government fall into this category, including commerce, education, transportation, environmental resources, human relations and resources, general executive, judicial and legislative. • <i>Business-type Activities</i> – Those operations for which a fee is charged to external users for goods and services are reported in this category. • <i>Discretely Presented Component Units</i> – These are operations for which the State has financial accountability but that have certain independent qualities. The State’s discretely presented component units are discussed in Note 1-B to the financial statements. 	<p>These funds report activities of the State that are not proprietary or fiduciary in nature. Most of the basic services provided by the State, which are primarily financed through taxes, intergovernmental revenues, and other nonexchange revenues, are reported as governmental funds.</p> <p>Examples of the State’s governmental funds (including the State’s two major governmental funds), as reported within their respective fund types, follow:</p> <ul style="list-style-type: none"> • <i>General Fund</i> (major fund) • <i>Special Revenue</i>: <ul style="list-style-type: none"> – Transportation (major fund) • <i>Debt Service</i>: <ul style="list-style-type: none"> – Bond Security and Redemption • <i>Capital Projects</i>: <ul style="list-style-type: none"> – Capital Improvement • <i>Permanent</i>: <ul style="list-style-type: none"> – Common School 	<p>The activities the State operates similar to private business. These funds are used to show activities that operate more like those of commercial enterprises. Fees are charged for services provided, both to outside customers and to other units of the State.</p> <p>Examples of the State’s proprietary funds, including the State’s three major enterprise funds, follow:</p> <ul style="list-style-type: none"> • <i>Enterprise</i>: <ul style="list-style-type: none"> – Environmental Improvement (major fund) – University of Wisconsin System (major fund) – Unemployment Reserve (major fund) – Lottery • <i>Internal services</i>: <ul style="list-style-type: none"> – Technology Services – Facilities Operations and Maintenance 	<p>These funds are used to show assets held by the State as trustee or agent for others and cannot be used to support the State’s own programs.</p> <p>Examples of the State’s fiduciary funds, as reported within their respective fund types, follow:</p> <ul style="list-style-type: none"> • <i>Pension and Other Employee Benefit Trust Funds</i>: <ul style="list-style-type: none"> – Wisconsin Retirement System • <i>Investment Trust</i>: <ul style="list-style-type: none"> – Local Government Pooled Investment • <i>Private Purpose Trust</i>: <ul style="list-style-type: none"> – Tuition Trust • <i>Custodial</i>: <ul style="list-style-type: none"> – Support Collection Trust
Required financial statements	<ul style="list-style-type: none"> • Statement of net position – Presents all of the government’s assets and deferred outflows of resources, and liabilities and deferred inflows of resources, with the difference between the two reported as "net position". Over time, increases or decreases in the State’s net position is an indicator of whether its financial health is improving or weakening, respectively. • Statement of activities – Presents a comparison between direct expenses and program revenues for each function of the State’s governmental activities and for different identifiable business-type activities of the State. 	<ul style="list-style-type: none"> • Balance sheet • Statement of revenues, expenditures, and changes in fund balances 	<ul style="list-style-type: none"> • Statement of net position • Statement of revenues, expenses and changes in fund net position • Statement of cash flows 	<ul style="list-style-type: none"> • Statement of fiduciary net position • Statement of changes in fiduciary net position <p>Because the State cannot use these assets to finance its operations, fiduciary funds are not included in the government-wide financial statements discussed in the left column.</p>

(Table 1, continued)

Major Features of State of Wisconsin's Government-wide and Fund Financial Statements

	GOVERNMENT-WIDE STATEMENTS	FUND STATEMENTS		
		Governmental Funds	Proprietary Funds	Fiduciary Funds
Accounting basis and measurement focus	<p>Accrual accounting and economic resource focus</p> <p>The accrual basis of accounting, which is similar to the methods used by most businesses, takes into account all revenues and expenses associated with the fiscal year even if cash involved has not been received or paid.</p>	<p>Modified accrual accounting and current financial resource focus</p> <p>These statements provide a detailed short-term view of the State's finances that assists in determining whether there will be adequate financial resources available to meet the current needs of the State. Because this information does not encompass the long-term focus of the government-wide statements, reconciliations are provided on the subsequent page of the governmental fund statements.</p>	<p>Accrual accounting and economic resources focus</p>	<p>Accrual accounting and economic resources focus</p>
Type of asset, deferred outflows of resources, liability, deferred inflows of resources information	<p>All assets and liabilities, both financial and capital, and short-term and long-term.</p> <p>Deferred inflows/outflows of resources reported only in limited instances as required by GASB standards.</p>	<p>Only assets expected to be used up and liabilities that come due during the year or soon thereafter; no capital assets included</p>	<p>All assets and liabilities, both financial and capital, and short-term and long-term</p>	<p>All assets and liabilities, both short-term and long-term</p>
Type of inflow-outflow information	<p>All revenues and expenses during the year, regardless of when cash is received or paid</p>	<ul style="list-style-type: none"> Revenues for which cash is received during or soon after the end of the year Expenditures when goods or services have been received and payment is due during the year or soon thereafter 	<p>All revenues and expenses during the year, regardless of when cash is received or paid</p>	<p>All revenues and expenses during the year, regardless of when cash is received or paid</p>

Additional Required Supplementary Information

In addition to this Management’s Discussion and Analysis, which is required supplementary information, the basic financial statements are followed by a section of required supplemental information that further explains and supports the information in the financial statements. The required supplementary information includes:

- Postemployment Benefits - State Health Insurance Program, State Life Insurance Program and Supplemental Health Insurance Conversion Credit Program,
- State's Proportionate Share of the Net Pension Liability or Net Pension Asset,
- State's Pension Contributions,
- Infrastructure Assets Reported Using the Modified Approach, and
- Budgetary Comparison Schedule of the General and the Transportation funds (includes reconciliations between the statutory and GAAP fund balances at fiscal year-end).

Other Supplementary Information

The Other Supplementary Information includes combining financial statements for nonmajor governmental funds, nonmajor enterprise funds, internal service funds and fiduciary funds, each of which are added together and presented in single columns in the basic financial statements.

FINANCIAL ANALYSIS OF THE STATE AS A WHOLE

Tables 2 and 3 present summary information of the State's net position and changes in net position.

Net Position

As presented in Table 2, total assets of the State on June 30, 2024 were \$67.6 billion and deferred outflows of resources were \$4.7 billion, while total liabilities were \$28.0 billion and deferred inflows of resources were \$3.0 billion, resulting in combined net position (governmental and business-type activities) of \$41.3 billion. The largest component of the State's total net position consists of \$26.8 billion invested in capital assets (i.e., land, buildings, equipment, infrastructure, and others), less any related debt outstanding that was needed to acquire or construct the assets. Approximately \$13.4 billion of net position was restricted by external sources or the State Constitution or Statutes and was not available to finance the day-to-day operations of the State.

The unrestricted net position, when positive, can be used at the State's discretion, showed a balance of \$1.1 billion. This is the second year the State has shown a positive unrestricted net position since the implementation of GASB 34 in Fiscal Year 2002.

During Fiscal Year 2024, the State issued \$1.1 billion of general obligation bonds, primarily for the acquisition or improvement of land, water, property, highways, buildings, and equipment. At June 30, 2024 general obligation bonds and long-term general obligation notes outstanding totaled \$7.0 billion. Certificates of participation, annual appropriation bonds, and revenue bonds are not considered general obligation debt of the State. The outstanding amount of these totaled \$57.3 million of certificates of participation, \$2.2 billion of annual appropriation bonds, and \$2.3 billion of revenue bonds.

	Governmental Activities		Business-type Activities		Total		Total Percentage Change

* Amounts for the prior fiscal year include restatements of prior year's balances.

Changes in Net Position

The revenues and expenses information, as shown in Table 3, was derived from the government-wide statement of activities and reflects how the State's net position changed during the fiscal year. The State earned program revenues of \$28.9 billion and general revenues of \$24.0 billion for total revenues of \$52.9 billion during Fiscal Year 2024. Expenses for the State during Fiscal Year 2024 were \$51.1 billion. As a result of the excess of revenues over expenses, the total net position of the State increased \$1.8 billion, net of contributions and transfers.

	Governmental Activities		Business-type Activities		Total Primary Government		Percent Change

* Amounts for the prior fiscal year include restatements of prior year's balances. Additional information regarding the restatements can be found in Note 23.

Governmental Activities

The net position of governmental activities increased \$1.1 billion in Fiscal Year 2024. Revenues for the governmental activities (including contributions to permanent fund principal) totaled \$43.1 billion, while expenses and net transfers totaled \$42.0 billion in Fiscal Year 2024.

General and program revenues of governmental activities increased \$169.6 million during Fiscal Year 2024. Tax revenues increased \$522.1 million primarily due to increases in income taxes, sales and excise taxes, public utility taxes and other taxes of \$454.2 million, \$28.6 million, \$22.8 million, and \$27.3 million, respectively. Conversely, motor fuel taxes decreased \$10.7 million from the prior year. Other revenues and charges for services increased by \$775.9 million and \$41.8 million, respectively. In addition, capital grants and operating grants decreased \$176.9 million and \$992.0 million, respectively.

The State’s governmental activities program expenses increased \$1.4 billion to \$40.4 billion during Fiscal Year 2024. Human relations and resources expenses increased by \$250.4 million (1.2 percent) to a total of \$20.8 billion, due to increases in medical costs. Transportation expenses increased \$17.4 million (0.6 percent) to \$3.1 billion as the result of increased operating costs to maintain and preserve infrastructure. Education expenses increased by \$1.0 billion (10.7 percent) to \$10.4 billion, due to increased spending related to the ARP ESSER federal pandemic aid programs, General Equalization Aid, and school choice. Tax relief and other general expenses, commerce, and environmental resources, increased \$166.0 million, \$48.9 million, and \$28.0 million, respectively. Conversely, general executive expenses decreased \$258.6 million (18.1 percent) to a total of \$1.2 billion, due to decreased Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) expenditures compared to Fiscal Year 2023. Interest on long-term debt and judicial expenses also decreased \$25.9 million and \$6.2 million, respectively.

As shown in Table 4, below, approximately 52.1 percent of revenues from all sources earned came from taxes (sales and excise, income, public utility, motor fuel, and other taxes). Operating grants and contributions represent amounts received from other governments/entities – primarily the federal government. Operating grants and contributions for non-capital purposes provided 35.8 percent of total revenues. Capital grants and contributions provided 2.6 percent, charges for services contributed 6.1 percent, while various other revenues provided 3.4 percent of the remaining governmental activity revenue sources.

As shown in Table 5, below, expenses for human relations and resources programs make up the largest portion – 49.6 percent – of total governmental expenses and transfers. Included in this cost function are programs such as Medical Assistance and Temporary Assistance for Needy Families as well as costs for state correctional facilities and services.

Educational expenses, which include various school aids but exclude expenses of the University of Wisconsin System, make up 24.8 percent of total expenses. Tax relief and other general expenses and the intergovernmental-shared revenue program represent 7.3 percent of the total, while transportation expenses and general executive expenses represent 7.3 percent and 2.8 percent, respectively. Net transfers to business-type activities, which include a general purpose revenue subsidy to the University of Wisconsin System, make up 3.8 percent of the total expenses and transfers. Remaining functional expenses totaled 3.7 percent while interest on long-term debt totaled 0.7 percent.

Business-type Activities

Net position of the State’s business-type activities increased \$687.2 million in Fiscal Year 2024.

Revenues of business-type activities totaled \$9.8 billion for Fiscal Year 2024, an increase of \$1.1 billion from the prior year. Program revenues consisted of \$8.4 billion of charges for services, \$1.3 billion of operating grants and contributions, and \$107.2 million of capital grants and contributions. General revenues, contributions to endowments and permanent fund principal, and net transfers totaled \$66.4 million, \$2.9 million, and \$1.6 billion, respectively.

The total expenses for business-type activities were \$10.7 billion, an increase of \$508.9 million from the prior fiscal year. The largest increase in program expenses, \$200.2 million, related to increased expenses for the University of Wisconsin System. Expenses also increased for Health Insurance, Injured Patients and Families Compensation, Unemployment Reserve, Care and Treatment Facilities, Lottery, and other business-type expenses of \$180.9 million, \$71.6 million, \$52.2 million, \$11.7 million, \$4.8 million, and \$2.4 million, respectively. Offsetting those increases, Environmental Improvement decreased \$14.9 million.

Table 6, below, compares the program revenues and program expenses of the various State business-type activities. This table does not include the transfer in (subsidy) from the General Fund to the University of Wisconsin System or other business-type activities.

FINANCIAL ANALYSIS OF THE STATE'S INDIVIDUAL FUNDS

Governmental Funds

At the end of Fiscal Year 2024, the State's governmental funds reported a combined fund balance of \$10.4 billion. Funds with significant changes in fund balance are discussed below:

General Fund

The General Fund is the chief operating fund of the State. At June 30, 2024, the State's General Fund reported a total fund balance of \$4.5 billion. The net change in fund balance during Fiscal Year 2024 was \$(2.2) billion, in contrast to \$1.9 billion in Fiscal Year 2023. Major revenue, expenditure and other sources/uses contributing to the change in fund balance are as follows:

Revenues

Revenues of the General Fund totaled \$38.4 billion in Fiscal Year 2024, a decrease of \$258.1 million (0.7 percent) from the prior year. Factors contributing to this change included the following:

- Revenues from taxes increased \$535.1 million. The increase primarily relates to income, sales and utility taxes, which increased \$415.9 million, \$75.1 million and \$22.8 million, respectively, from Fiscal Year 2023. Wisconsin personal income increased 5.3 percent in Fiscal Year 2024, leading to a rise in income taxes. Personal consumption expenditures increased in Fiscal Year 2024, resulting in an increase in sales tax revenues.
- Intergovernmental revenues (i.e., federal assistance) decreased \$1.0 billion to \$14.9 billion in Fiscal Year 2024. The decrease was mainly the result of the phase out of the temporary increase to the Federal Medical Assistance Percentage for Medical Assistance Program. Spending less Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) in Fiscal Year 2024 than 2023 also contributed to the decrease. At the end of Fiscal Year 2023, the State recorded unearned revenue of \$1.4 billion for unspent Coronavirus State and Local Fiscal Recovery Funds (CSLFRF). In Fiscal Year 2024, \$552.3 million of that amount was spent and subsequently earned and recorded as intergovernmental revenue. The remaining unspent amount was recorded as unearned revenue by the State and will be recorded as intergovernmental revenue in future years as the funds are spent.
- Investment and interest income increased \$161.7 million to \$527.9 million in Fiscal Year 2024 due to better returns on investments.

Expenditures

2023 Wisconsin Act 19 established spending authority for the State of Wisconsin for Fiscal Year 2024. Expenditures of the General Fund totaled \$36.0 billion in Fiscal Year 2024, an increase of \$1.5 billion from Fiscal Year 2023. Factors contributing to the change include the following:

- Human relations and resources expenditures increased by \$295.1 million to \$20.5 billion, primarily the result of increases of \$525.0 million aid to Wisconsin Housing and Economic Development Authority (WHEDA) to administer revolving loans, approximately \$378.0 million for grants and aids to individuals and organizations related to medical assistance and \$207.3 million for wages to correctional staff. Offsetting those increases was a decrease of approximately \$800.0 million related to the Supplemental Nutrition Assistance Program. These costs comprise 56.8 percent of General Fund expenditures.
- Education expenditures increased \$1.0 billion to \$10.3 billion, the majority of this increase is due to increased spending related to the ARP ESSER federal pandemic aid programs of \$577.5 million. Increases in general equalization aids, parental choice program for eligible school districts, aids for special education, charter schools, and school-age parents programs in Fiscal Year 2024 also contributed to the increase. These costs comprise 28.5 percent of General Fund expenditures.
- General executive expenditures decreased \$234.6 million to \$1.1 billion mainly due to decreased Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) spending compared to prior years.

Other Financing Sources and Uses

Other financing sources/(uses) totaled a net \$(4.5) billion in Fiscal Year 2024, an increase of \$2.3 billion from Fiscal Year 2023. The components of this included the following:

- Transfers out of the General Fund totaled \$4.6 billion, an increase of \$2.3 billion from the prior year.
 - The GPR supplement comprises a large portion of the transfers out and is provided to various enterprise funds. The supplement totaled \$1.3 billion, an increase of \$134.2 million from the prior year. The University of Wisconsin System, which receives the majority of the GPR supplement, had \$1.1 billion in GPR expenses in Fiscal Year 2024, an increase of \$108.6 million.
 - Transfers out for debt service payments to the Bond Security and Redemption Fund totaled \$408.1 million in Fiscal Year 2024 compared to \$439.4 million in Fiscal Year 2023. Transfers out to other nonmajor governmental funds were \$2.1 billion in Fiscal Year 2024, which included a one time transfer of \$1.2 billion to the Capital Improvement Fund to defray the issuance of debt, compared to \$405.0 million in Fiscal Year 2023.
 - Transfers out to Transportation and nonmajor enterprise funds were \$643.5 million and \$259.6 million, respectively.
- Transfers in to the General Fund increased \$16.2 million (from \$73.9 million in Fiscal Year 2023 to \$90.2 million in Fiscal Year 2024). The University of Wisconsin System transferred \$36.9 million, while nonmajor governmental funds and nonmajor enterprise funds transferred \$45.6 million and \$6.0 million, respectively.

Note 9D provides additional information on transfers in and out of the General Fund.

As of June 30, 2024, the General Fund reported an unassigned fund balance of \$1.4 billion, a change of \$2.5 billion from the prior year, which had a fund balance of \$3.8 billion. This is the third consecutive year the State’s General Fund has ended with a positive unassigned fund balance since the State began issuing an ACFR in Fiscal Year 1990.

General Fund Budgetary Highlights

Differences between the original budget and the final amended budget were significant and included a \$12.9 billion increase in appropriations. Contributing to the variance is the fact that several of the State’s programs and various transfers (see the items denoted with *, below) are not included in the original budget. In addition, numerous adjustments to spending estimates were needed as the year progressed because of changing circumstances (spending needs can change dramatically over a one-year period). The largest variances occurred in the following appropriations (in millions):

Program	Variance
Food Stamps, Electronic Benefit Transfer*	\$2,324.5
Federal Aid Medical Assistance	2,016.6
Federal Aid Coronavirus State and Local Fiscal Recovery Funds (CSLFRF)*	1,528.2
UW System, General Program Operations (part of Statutory General Fund)	709.4
UW Federal Aid	573.7
UW System, Gifts and Nonfederal Grants and Contracts	552.2
Inter agency Transfer*	197.7

Actual charges to appropriations (expenditures) were \$8.4 billion below the final budgeted estimates. Large positive expenditure variances were reported in the DHS Medical Assistance Federal Aid (\$2.0 billion), Federal Aid Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) (\$949.0 million) appropriations, and UW program operations and Federal Aid (\$713.1 million).

During the past fiscal year, the budgetary-based fund balance decreased \$1.6 billion for the statutory General Fund, due to general purpose expenditures exceeding general purpose tax revenues. Net transfers from other funds totaled \$(2.0) billion in Fiscal Year 2024 compared to \$(698.0) million in the prior fiscal year.

Transportation Fund

In Fiscal Year 2024, the Transportation Fund's fund balance increased \$685.6 million (51.0 percent) from \$1.3 billion to \$2.0 billion. The State constitutionally restricts use of state resources deposited into the Fund for transportation purposes. As such, \$2.0 billion or 97.5 percent of fund balance is reported as restricted for Fiscal Year 2024. Remaining fund balance is reported as nonspendable and correlates to prepaid and inventory assets.

Primary revenue sources of the fund include motor fuel taxes, intergovernmental, and license and permit revenue sources, as well as interfund transfers in. In Fiscal Year 2024 revenues of the fund decreased \$139.6 million (4.0 percent) to a total of \$3.3 billion. Intergovernmental revenues decreased \$193.8 million; use of external sources of funding for projects, rather than state resources regularly contributes to revenue fluctuations in this category between years. Investment and interest income increased \$31.6 million. License and permit revenues increased \$39.0 million in Fiscal Year 2024 due to an increase in vehicle titles registrations.

Transportation expenditures of \$3.1 billion decreased 6.6 percent or \$222.5 million, including a 18.7 percent or \$87.5 million decrease in capital outlay expenditures. The decrease in capital outlay expenditures is mainly due to the timing of construction, as some projects and programs slow down or finish, and others begin. In addition to the expenditures reported in the Transportation Fund, long-term debt-funded transportation expenditures of \$48.0 million and \$80.5 million were reported in the Capital Improvement Fund and Transportation Revenue Bonds Fund, respectively. In the current year, transportation-related expenditures decreased \$12.5 million in the Capital Improvement Fund and \$1.2 million in the Transportation Revenue Bonds Fund.

Transfers in increased from \$119.0 million to \$664.3 million in Fiscal Year 2024. This is mainly due to an increase in the transfer from the General Fund in Fiscal Year 2024. An on-going transfer equal to 0.25 percent of General Fund taxes as published in the General Fund condition statement is made annually with that amount being \$48.1 million in Fiscal Year 2024. In addition, \$20.7 million was transferred from the Petroleum Inspection Special Revenue Fund, compared to \$20.8 million transferred in Fiscal Year 2023. Transfers out decreased \$7.2 million to \$182.3 million. Transfers out to the Bond Security and Redemption Fund for debt service were \$147.9 million, while transfers out to the Conservation Fund were \$21.2 million in Fiscal Year 2024.

Proprietary Funds

Proprietary funds provide the same type of information found in the government-wide financial statements but in more detail. Significant changes to balances of major proprietary funds from Fiscal Year 2023 to Fiscal Year 2024 include the following:

Environmental Improvement

Fund net position of the Environmental Improvement Fund increased \$129.8 million to \$2.4 billion. Total assets of the Fund increased by \$213.1 million, while total liabilities also increased by \$82.7 million. Assets increased to \$2.9 billion as the result of loans to local governments increasing \$67.5 million, while cash increased \$145.2 million. Liabilities increased to \$503.8 million due to a \$80.9 million increase in revenue bonds payable.

Operating income of the Fund decreased by \$2.4 million to \$22.5 million in Fiscal Year 2024. Operating revenue of \$48.2 million, which consists primarily of investment and interest income, remained steady in Fiscal Year 2024. Operating expenses increased \$3.2 million in Fiscal Year 2024, mainly the result of a \$2.9 million increase in salaries and benefits.

Unemployment Reserve

Net position of the Unemployment Reserve Fund increased by \$257.5 million during Fiscal Year 2024 from \$1.7 billion at June 30, 2023 to \$1.9 billion at June 30, 2024. Benefit expenses increased from \$294.4 million in Fiscal Year 2023 to \$350.1 million in Fiscal Year 2024, an increase of \$55.7 million (18.9 percent). This increase is attributed to the average unemployment rate increasing from 2.8 percent during Fiscal Year 2023 to 3.1 percent during Fiscal Year 2024.

Total operating revenues decreased by \$2.8 million from \$579.2 million in Fiscal Year 2023 to \$576.4 million in Fiscal Year 2024. Employer contributions decreased from \$556.9 million in Fiscal Year 2023 to \$552.6 million in Fiscal Year 2024, a decrease of \$4.4 million (0.8 percent). The average tax rate on taxable wages decreased from 1.6 percent during Calendar Year 2023 to an estimated 1.5 percent in Calendar Year 2024. Reimbursements of \$22.0 million in Fiscal Year 2024 represented an increase of \$3.1 million (16.2 percent) from Fiscal Year 2023.

University of Wisconsin System

Fund net position increased \$347.2 million to \$6.7 billion. Assets, which consist primarily of capital assets and cash, increased \$240.4 million to \$9.9 billion. The Fund reported a restricted net OPEB asset of \$27.4 million, which was a decrease of \$17.8 million from \$45.1 million in Fiscal Year 2023. The Fund also reported an increase of \$146.2 million in capital assets and an increase of \$80.3 million in investments, while cash decreased \$34.8 million in Fiscal Year 2024. Total liabilities, which consists primarily of bonds payable, pension and OPEB, decreased by \$449.7 million to \$3.9 billion. The Fund reported a net pension liability of \$200.0 million in Fiscal Year 2024, a decrease of \$509.7 million from Fiscal Year 2023. Deferred outflows of resources decreased \$823.3 million to \$2.1 billion and deferred inflows of resources decreased \$480.5 million to \$1.4 billion in Fiscal Year 2024. The changes in deferred outflows and inflows were primarily related to changes in pension related amounts.

Operating revenues increased \$334.4 million or 8.0 percent to \$4.5 billion. Student tuition, and federal grants and contracts of \$1.6 billion and \$1.2 billion, respectively, comprise 61.1 percent of operating revenues. Increases of \$126.7 million, \$68.8 million, \$61.3 million and \$25.7 million were reported for federal grants and contracts, tuition and fees, sales and services of educational activities, and sales and services of auxiliary enterprises, respectively. Sales and services to UW Hospital Authority reported an increase of \$3.6 million. Other income revenues also increased by \$2.3 million (0.5 percent). Operating expenses increased \$221.7 million or 3.6 percent to \$6.5 billion. Personal services, supplies and services, and depreciation increased by \$103.2 million, \$47.2 million, and \$35.3 million, respectively. Offsetting those changes was a decrease in other revenues of \$22.0 million. Nonoperating investment and interest income, gifts and donations, operating grants, scholarship and fellowships, and interest expense increased \$114.6 million, \$55.6 million, \$17.6 million, \$13.0 million, \$6.7 million, respectively.

Transfers in to the University of Wisconsin System totaled \$1.4 billion in Fiscal Year 2024. The general purpose revenue supplement received from the State's General Fund was \$1.1 billion an increase of \$108.6 million. The Capital Improvement Fund also transferred \$176.9 million of bond and note proceeds to the University of Wisconsin System, a decrease of \$28.6 million from the prior year. Bond proceeds transferred in are a function of on-going capital projects funded with those bonds. Capital contributions increased \$74.0 million from the prior year to \$92.2 million in Fiscal Year 2024.

GOVERNMENT-WIDE CAPITAL ASSET AND DEBT ADMINISTRATION

Capital Assets

At the close of Fiscal Year 2024, the State reported \$34.5 billion invested in capital assets, net of accumulated depreciation of \$10.7 billion. This represents an increase of \$520.3 million, or 1.5 percent, from Fiscal Year 2023. Depreciation and amortization charges totaled \$254.8 million and \$499.7 million for governmental and business-type activities, respectively, in Fiscal Year 2024. The details of these assets are presented in Table 7, below. Additional information about the State's capital assets is presented in Note 7 to the financial statements.

TABLE 7 - Capital Assets, Net of Depreciation, as of June 30 (in millions)

	Governmental Activities		Business-type Activities		Total Primary Government	
	2024	2023*	2024	2023*	2024	2023*

*Amounts for the prior fiscal year have been restated

The major capital asset additions completed or acquired during Fiscal Year 2024 included the:

- Zoo Interchange \$1.5 billion
- Major Highway and Rehabilitation \$100.2 million
- MMHI Lorenz HL Secure Treatment Units \$24.4 million
- UW Milwaukee Sandburg Hall Renovation \$40.0 million
- UW Platteville Sesquicentennial Hall \$41.5 million
- UW Stout South Hall Addition and Renovation \$20.8 million
- UW Oshkosh Clow Hall Renovation Phase II \$23.8 million

In addition to these completed projects, construction and software in progress as of June 30, 2024 for governmental and business-type activities totaled \$2.2 billion and \$932.8 million, respectively. A list of those projects is provided in Note 7. The State's continuing or proposed major capital projects for Fiscal Year 2024 and future years include:

- I41 State Highway 96 to Scheuring Road (Completion in 2029) \$1.2 billion
- I43 Silver Spring to STH 60 (Completion in 2024) \$533.7 million
- STH 51 I39/90 to US 12 (Completion in 2029) \$213.6 million
- I39/90/94 Bridges over Wisconsin River (Completion in 2028) \$160. million
- STH 15 STH 76 New London (Completion in 2024) \$132.9 million
- USH 53 La Crosse Corridor (Completion and total estimated cost TBD)
- I94 East Corridor (Completion and total estimated cost TBD)

Debt Administration

The State of Wisconsin Building Commission, an agency of the State, is empowered by law to consider, act upon, authorize, issue and sell all debt obligations of the State. The total general obligation debt outstanding for the State as of June 30, 2024 was \$7.0 billion, as shown in Table 8. During Fiscal Year 2024, \$1.1 billion of general obligation bonds were issued to provide for the acquisition or improvement of land, water, property, highways, buildings, equipment, or facilities for public purposes or to refund outstanding bonds. Of the bonds issued in the current year, \$304.3 million were to be used for University of Wisconsin System academic and self-amortizing facilities, \$203.0 million for transportation projects, \$31.7 million for environmental programs, and \$97.9 million for correctional and mental health facilities. The remaining proceeds from new bonds issued were used for various other projects.

In 1992 the State established a facility to provide lease purchase financing to state agencies (Master Lease). Lease purchase obligations under the Master Lease are not general obligations of the State but are payable from appropriations of participating state agencies, subject to annual appropriation. The trustee for the facility issues Master Lease certificates of participation that evidence proportionate interest of the owners thereof in lease payments. As of June 30, 2024, \$57.3 million of these certificates were outstanding.

In Fiscal Year 2004, the State issued \$1.8 billion of annual appropriation bonds to pay the State’s unfunded accrued prior service (pension) liability and its unfunded accrued liability for sick leave conversion credits. In Fiscal Year 2009, the State issued \$1.5 billion of annual appropriation bonds to purchase the future right, title, and interest in the Tobacco Settlement Revenues (TSRs) from Badger Tobacco Asset Securitization Corporation (BTASC). As of June 30, 2024, \$2.2 billion of these bonds were outstanding.

Chapter 18 of the Wisconsin Statutes authorizes the State to issue revenue obligations. These obligations, which are not general obligation debt of the State, are secured by a pledge of revenues or property derived from the operations of a program funded by the issuance of the obligations. Revenue bonds of the primary government totaled \$2.3 billion outstanding at June 30, 2024, as shown in Table 8. These bonds included \$1.8 billion of Transportation Revenue Bonds, and \$495.9 million of Environmental Improvement Revenue Bonds.

TABLE 8 - Outstanding Debt as of June 30 (in millions)

Article VIII of the Wisconsin Constitution and Wis. Stat. § 18.05 limit the amount of general obligation bond debt the State can contract in total and in any calendar year. In total, debt cannot exceed five percent of the value of all taxable property in the State. The amount of debt contracted in any calendar year is limited to the lesser of three-quarters of one percent of the aggregate value of taxable property or five percent of the aggregate value of taxable property less net indebtedness at January 1.

At June 30, 2024, State of Wisconsin general obligation fixed rate bonds had a rating of AA+ from Fitch Ratings, AAA from Kroll Bond Rating Agency, Aa1 from Moody’s Investors Services, and AA+ from Standard and Poor’s Rating Services. General obligation variable rate notes are outstanding in different forms, with ratings from two or more rating agencies.

Detailed information about the State’s long-term debt activity is presented in Note 11 to the financial statements.

INFRASTRUCTURE - MODIFIED APPROACH

The State reports infrastructure (i.e., roads, bridges, and buildings considered an ancillary part of roads) as capital assets. Infrastructure assets exclude right-of-way costs. The State has elected to report its infrastructure assets (11,200 centerline miles of roads and 5,100 bridges with a combined value of \$20.4 billion) using the modified approach. Under this method, infrastructure assets are not required to be depreciated if the State manages its eligible infrastructure assets using an asset management system designed to maintain and preserve these assets at a condition level established and disclosed by the State.

All infrastructure assets constructed prior to July 1, 2000 have been recorded at estimated historical cost. Historical cost was determined by calculating current costs of a similar asset and deflating that cost, using the Federal Highway Administration's composite index for federal-aid highway construction, to the estimated average construction date. All infrastructure assets constructed on or after July 1, 2000 have been recorded at historical cost.

In order to adequately serve the traveling public and support the State economy, it is the State's policy to ensure at least 85 percent of the state-owned roads and bridges are in good or fair condition. As of June 30, 2024, 90.9 percent of the roads and 98.1 percent of bridges were in good or fair condition, consistent with State policies. This compares to 91.2 percent of the roads and 97.9 percent of bridges as of June 30, 2023.

For the fiscal year ended June 30, 2024, actual maintenance and preservation costs for the State's road network were \$851.7 million, or \$288.8 million less than the estimated amount. On the same date, actual maintenance and preservation costs for the State's bridge network were \$37.8 million, or \$24.6 million less than the estimated amount. In developing estimated costs at the beginning of the fiscal year, it is difficult to predict the types of projects that will actually incur costs during the year. In addition, the State of Wisconsin, Department of Transportation's multi-year contracting process, allowing encumbrances to carry forward, makes a comparison of actual to estimate amounts difficult since expenditures for the current year may have been budgeted and committed to a project in prior years.

ECONOMIC FACTORS

During calendar year 2023, the Wisconsin economy continued its steady growth following the recovery from the COVID-19 global pandemic.

Wisconsin employment grew at a more modest pace in 2023 as the economic expansion entered a mature phase following the rapid growth coming out of the steep losses in 2020. According to the federal Bureau of Labor Statistics, total nonfarm employment in Wisconsin grew 1.4 percent in 2023 after growing 2.7 percent in 2022 and 2.4 percent in 2021. Nationally, nonfarm employment grew 2.3 percent in 2023, following growth of 4.3 percent in 2022 and 2.9 percent in 2021. As before the pandemic, Wisconsin employment growth has been constrained due to slower population growth and already high labor force participation, limiting room for further employment expansion.

Wisconsin and national employment have fully recovered from the losses associated with the COVID-19 pandemic. Since the trough in employment in April 2020, national employment is up 22.0 percent and Wisconsin employment is up 17.7 percent through September 2024. Relative to prepandemic February 2020 levels, Wisconsin employment is up 1.7 percent while employment nationally is up 4.5 percent. Wisconsin's seasonally adjusted unemployment rate in September 2024 was 2.9 percent, below the 4.1 percent national unemployment rate for the same month.

Wisconsin gross state product continued a strong pace of growth after the swift recovery from contraction caused by the pandemic in 2020. Wisconsin nominal GDP grew 6.9 percent in 2023 after 8.6 percent growth in 2022 and 7.5 percent growth in 2021. National nominal GDP growth in 2023 was marginally slower at 6.6 percent after more rapid growth of 9.8 percent in 2022 and 10.9 percent in 2021.

Personal income growth followed the trajectory of overall economic growth. Wisconsin personal income accelerated to a 5.2 percent growth rate in 2023 following growth of 2.7 percent in 2022 and 8.8 percent in 2021, when growth was heavily influenced by larger transfer payments from the federal government. National personal income growth followed the same pattern, with 5.9 percent growth in 2023 following 3.2 percent in 2022 and 9.2 percent in 2021. On a per capita basis, Wisconsin's income performance is similar to the nation's. Per capita income in Wisconsin increased by 9.0 percent in 2021, 2.5 percent in 2022 and 4.8 percent in 2023. This compares to growth of 9.0 percent, 2.7 percent and 5.2 percent in the same years nationally. Relative to the national average, Wisconsin per capita income has declined slightly from 93.8 percent in 2021 to 93.6 percent in 2022 and 93.1 percent in 2023.

Wisconsin's statewide total property value increased again in 2024 for the eleventh straight year following five years of declines from 2009 through 2013. The increase in values has been broad-based, reflecting improvements in all major sectors. In 2024, total real estate property values increased 9.1 percent, with residential property values growing at a slightly slower pace of 8.7 percent. Commercial values grew 10.1 percent and manufacturing values increased 7.1 percent.

CONTACTING THE STATE'S FINANCIAL MANAGEMENT

This financial report is designed to provide Wisconsin's citizens, taxpayers, customers, investors and creditors with a general overview of the State's finances and to demonstrate the State's accountability for the money it receives. Questions about this report or requests for additional financial information should be addressed to: State of Wisconsin, State Controller's Office, 101 E. Wilson Street, 5th Floor, Madison, WI 53703 or by email to: DOAWebMaster@wi.gov.

Some state agencies, such as the State of Wisconsin Investment Board, Department of Employee Trust Funds and the University of Wisconsin, issue stand-alone audited financial statements. The information contained in those statements may vary from this document due to scope and application of generally accepted accounting principles. Questions about how to obtain the separately issued financial statements should be directed to individual agencies or to the State Controller's Office.

The State's component units issue their own separate audited financial statements. These statements may be obtained by directly contacting the component unit through their administrative offices identified in Note 1-B.

Balance Sheet - Governmental Funds
June 30, 2024

(Continued)

**Total
Governmental**

Reconciliation to the Statement of Net Position:

Total Fund Balances - Governmental Funds (from previous page) \$ 10,379,678

Capital assets used in governmental activities are not financial resources and, therefore, are not reported in the funds:

Infrastructure	20,414,928	
Other Capital Assets	8,967,425	
Accumulated Depreciation	(2,309,715)	
		27,072,637

Other long-term assets and deferred outflows and inflows of resources that are not available to pay for current period expenditures and, therefore, are not recognized in the funds. 743,042

Some of the State's revenues will be collected after year-end but are not available soon enough to pay for the current period's expenditures and, therefore, are not recognized in the funds. 711,329

Internal service funds are used by management to charge the costs of certain activities, such as telecommunications and insurance, to individual funds. The assets and liabilities of the internal service funds are included in governmental activities in the Statement of Net Position. (576,527)

Long-term liabilities, including bonds payable, are not due and payable in the current period and, therefore, are not reported in the fund statements. These liabilities, however, are included in the Statement of Net Position.

Revenue Bonds Payable	(1,537,900)	
Appropriation Bonds Payable	(2,219,478)	
General Obligation Bonds and Notes Payable	(5,121,763)	
Accrued Interest on Bonds	(48,692)	
Leases/SBITAs	(12,462)	
Certificates of Participation	(36,105)	
Compensated Absences	(202,771)	
Pollution Remediation	(322)	
Claims and Judgments	(451)	
Net Pension Liability	(201,603)	
Other Postemployment Benefits Liability	(577,277)	
		(9,958,825)

Net Position of Governmental Activities as reported on the Statement of Net Position (See page 26) \$ 28,371,334

Statement of Revenues, Expenditures, and Changes in Fund Balances - Governmental Funds
For the Fiscal Year Ended June 30, 2024

(Continued)

Total
Governmental

Reconciliation to the Statement of Activities:

Net Change in Fund Balances (from previous page) \$ (186,194)

Inventories, which are recorded under the purchases method for governmental fund reporting, are reported under the consumption approach on the Statement of Activities. As a result of this change, the Increase (Decrease) in Reserve for Inventories on the fund statement has been reclassified as functional expenses on the government-wide statement. (12,955)

Governmental funds report the acquisition or construction of capital assets as expenditures, while governmental activities report depreciation expense to allocate the cost of these assets over their estimated useful life. Donated assets are set up at acquisition value with a corresponding amount of revenue recognized. In the current period, these amounts are:

Capital Outlay/Functional Expenditures	535,059	
Depreciation Expense	(145,059)	
Grants and Contributions (Donated Assets)	<u>14,438</u>	404,438

In the Statement of Activities, only the gain/(loss) on the sale/disposal of capital assets is reported, while in the governmental funds, any proceeds from the sale increases financial resources. Thus, the change in net position differs from the change in fund balance by the cost of the capital assets sold/disposed. (13,269)

Revenues in the Statement of Activities that do not provide current financial are not reported as revenues in the funds. 77,258

Bond proceeds provide current financial resources to governmental funds, but issuing debt increases long-term liabilities in the Statement of Net Position. Repayment of bond principal is reported as an expenditure in the governmental funds, but the repayment reduces long-term liabilities in the Statement of Net Position.

Bonds Issued	(1,008,229)	
Payments for Refunded Bonds	468,982	
Payments to Refunding Bond Escrow Agent	158,841	
Repayment of Bond Principal	1,199,887	
Bond Premium	<u>(132,704)</u>	686,777

Some expenses reported in the Statement of Activities do not require the use of current financial resources and, therefore, are not reported as expenditures in governmental funds.

Net Decrease (increase) in Accrued Interest	98,407	
Decrease (increase) in Leases	(3,299)	
Decrease (increase) in Certificates of Participation	9,163	
Decrease (increase) in Compensated Absences	(16,880)	
Decrease (increase) in Pollution Remediation Liabilities	(82)	
Decrease (increase) in Claims and Judgments	236	
Change in net pension assets, net pension liabilities, and pension-related deferred outflows and inflows of resources	76,775	
Decrease (increase) in Postemployment Benefit Liabilities	<u>(16,298)</u>	148,022

Internal service funds are used by management to charge the costs of certain activities, such as insurance and telecommunications to individual funds. The net revenue (expense) of the internal service funds is reported with governmental activities. (9,854)

Changes in Net Position of Governmental Activities as reported on the Statement of Activities (See page 28) \$ 1,094,225

The notes to the financial statements are an integral part of this statement.

NOTE 1. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

A. Basis of Presentation

The accompanying basic financial statements have been prepared in conformity with generally accepted accounting principles (GAAP) for governments as prescribed by the Governmental Accounting Standards Board (GASB).

B. Financial Reporting Entity

For GAAP purposes, the State of Wisconsin includes all funds, elected offices, departments and agencies of the State, as well as boards, commissions, authorities and universities. The State has also considered all potential "component units" for which it is financially accountable, and other affiliated organizations for which the nature and significance of their relationship, including their ongoing financial support, with the State are such that exclusion would cause the State's financial statements to be misleading or incomplete.

The decision to include a potential component unit in the State's reporting entity is based on the criteria set forth in GASB Statement No. 14, The Financial Reporting Entity, GASB Statement No. 39, Determining Whether Certain Organizations Are Component Units, an amendment of GASB Statement No. 14, and GASB Statement No. 61, The Financial Reporting Entity: Omnibus, an amendment of GASB Statements No. 14 and No. 34. GASB Statement No. 14 criteria include the ability to appoint a voting majority of an organization's governing body and (1) the ability of the State to impose its will on that organization or (2) the potential for the organization to provide specific financial benefits to, or impose specific financial burdens on, the State. GASB Statement No. 39 provisions relate to separately legal, tax-exempt organizations and include: (1) the economic resources received or held are entirely or almost entirely for the direct benefit of the State, (2) the State is entitled to, or has the ability to otherwise access, a majority of the economic resources received or held by the separate organization, and (3) the economic resources received or held by an individual organization that the State is entitled to, or has the ability to otherwise access, are significant to the State. GASB Statement No. 61 modified certain requirements for inclusion in the financial reporting entity, especially in regard to the fiscal dependency criterion where a financial benefit or burden relationship is now required. It also amended the "blending" criteria for component units and clarified the reporting of equity interests in legally separate organizations.

Based upon the application of the criteria contained in GASB Statement No. 14, as amended by GASB Statement No. 39, the Wisconsin Public Broadcasting Foundation, Inc. is reported as a blended component unit; and the Wisconsin Housing and Economic Development Authority, the Wisconsin Health Care Liability Insurance Plan, the University of Wisconsin Hospital and Clinics Authority, the Wisconsin Economic Development Corporation and the University of Wisconsin Foundation, are presented as discrete component units, as discussed below.

Complete financial statements of the individual component units that issue separate statements can be obtained from their respective administrative offices:

Wisconsin Public Broadcasting Foundation Inc.

Blended Component Unit

Blended component units are entities that are legally separate from the State but are so intertwined with the State that they are, in substance, the same as the State. The blended component unit serves or benefits the primary government. They are reported as part of the State and blended into the appropriate funds.

Wisconsin Public Broadcasting Foundation, Inc. – The Wisconsin Public Broadcasting Foundation, Inc. (Foundation), created in 1983 by the Wisconsin Legislature, is a private, non-stock, nonprofit Wisconsin Corporation, wholly owned by the Wisconsin Educational Communications Board (ECB), a unit of the State. The Foundation solicits funds in the name of, and with the approval of, the ECB. The Foundation's funds are managed by a five-member board of trustees consisting of the executive director of the ECB and four members of the ECB board. The Foundation is reported as a special revenue fund.

Discretely Presented Component Units

Discretely presented component units are entities which are legally separate from the State, but are financially accountable to the State, whose relationship with the State is such that exclusion would cause the State's financial statements to be misleading or incomplete. The Wisconsin Housing and Economic Development Authority, the Wisconsin Health Care Liability Insurance Plan, the University of Wisconsin Hospital and Clinics Authority, the Wisconsin Economic Development Corporation and the University of Wisconsin Foundation are reported in a separate column and in separate rows in the government-wide statements to emphasize that they are legally separate.

Wisconsin Housing and Economic Development Authority – The Wisconsin Housing and Economic Development Authority (Authority) was established by the Wisconsin Legislature in 1972 to help meet the housing needs of Wisconsin's low and moderate income citizens. The State has significantly expanded the scope of services of the Authority by adding programs that include financing for farmers and for economic development projects. While the Authority receives no State tax dollars for its bond-supported programs and the State is not liable on bonds the Authority issues, the State has the ability to impose its will on the Authority through legislation. The State also appoints the Authority's Board. The Authority reports on a June 30 fiscal year-end.

Wisconsin Health Care Liability Insurance Plan – The Wisconsin Health Care Liability Insurance Plan (Plan) was established by rule of the Commissioner of Insurance of the State of Wisconsin to provide health care liability insurance and liability coverage normally incidental to health care liability insurance to eligible health care providers in the State. Eight out of 13 members of the Board of Directors are appointed by the Governor, and the State has the ability to impose its will upon the Plan. The Plan reports on a fiscal year ended December 31.

University of Wisconsin Hospital and Clinics Authority – The University of Wisconsin Hospital and Clinics Authority (Hospital) is a not-for-profit academic medical center. The Hospital provides comprehensive health care to patients, education programs, research and community service. Prior to June 1996, the Hospital was a unit of the University of Wisconsin-Madison. In June 1996, in accordance with legislation enacted by the State Legislature, the Hospital was restructured as a Public Authority, a public body corporate and politic created by State statutes. The State appoints a majority of the Hospital's Board of Directors and a financial benefit/burden relationship exists between the Hospital and the State. The Hospital reports on a June 30 fiscal year-end.

The legislation that created the Hospital Authority also provided, among other things, for the Board of Regents of the University of Wisconsin System to execute various agreements with the Hospital. These agreements include an Affiliation Agreement, a Lease Agreement, a Conveyance Agreement and a Contractual Services Agreement and Operating and Service Agreement.

The Affiliation Agreement requires the Hospital to continue to support the educational, research and clinical activities of the University of Wisconsin-Madison, which are administered by the Hospital. Under the terms of a Lease Agreement, the Hospital leases facilities which were occupied by the Hospital as of June 29, 1996. Under a Conveyance Agreement, certain assets and liabilities related to the Hospital were identified and transferred to the Hospital effective July 1, 1996. Subject to the Contractual Services Agreement and Operating and Service Agreement between the Board of Regents and the Hospital, the two parties have entered into contracts for the continuation of services in support of programs and operations.

Wisconsin Economic Development Corporation – The Wisconsin Economic Development Corporation (WEDC) is a legally separate body corporate and politic. The WEDC's primary purpose is economic development activities in the State. The State appoints a majority of the WEDC's Board, has the ability to impose its will on the WEDC, and a financial benefit/burden relationship exists. The WEDC reports on a fiscal year ended June 30.

University of Wisconsin Foundation – The University of Wisconsin Foundation (the Foundation) is a legally separate, tax-exempt component unit of the State. The Foundation acts primarily as a fund-raising organization to supplement the resources that are available mostly to the University of Wisconsin-Madison (UW-Madison) as well as several other units of the University of Wisconsin System in support of its programs. These include scientific, literary, athletic and educational program purposes. The University of Wisconsin System is reported as an enterprise fund of the State. Although the State does not control the timing or amount of receipts from the Foundation, the majority of resources, or income thereon, that the Foundation holds and invests, are restricted to the activities of the UW-Madison by the donors. Because these restricted resources held by the Foundation can only be used by, or for the benefit of, the UW-Madison and several

other units of the University of Wisconsin System, the Foundation is considered a component unit of the State. The Foundation reports on a fiscal year ended June 30.

Related Organizations

These related organizations are excluded from the reporting entity because the State's accountability does not extend beyond appointing a voting majority of the organization's board members. Financial statements are available from the respective organizations.

Wisconsin Health and Educational Facilities Authority – a public body politic and corporate that provides financing for capital expenditures and refinancing of indebtedness for Wisconsin health care and educational institutions.

Fox River Navigational System Authority – created under Chapter 237 as a public body corporate and politic to oversee the Fox River navigational system after the federal government (the U.S. Army Corps of Engineers) transferred the system to the State.

C. Government-wide and Fund Financial Statements

The *government-wide* financial statements consist of the statement of net position and the statement of activities.

These statements report information on all activities, except for fiduciary activities, of the primary government and its component units. The statement of net position and the statement of activities distinguish between the governmental and business-type activities of the State. Governmental activities are generally financed through taxes, intergovernmental revenues and other nonexchange revenues. Business-type activities are generally financed in whole or in part by fees charged to external parties for goods and services. The focus of the government-wide statements is the primary government. A separate column on the statement of net position and the statement of activities reports activities for all discretely presented component units.

The *fund* financial statements provide detailed information on all governmental, proprietary and fiduciary funds. Separate columns are presented for all major governmental and enterprise funds. Nonmajor governmental and enterprise funds are aggregated and presented as a single column on the respective governmental or proprietary statements. Internal service funds are exempt from the major fund reporting requirements and are aggregated and ultimately reported as a single column on the proprietary statements. Fiduciary funds are also exempt from major fund reporting and are aggregated by fund type and ultimately reported as single columns on the fiduciary statements.

D. Measurement Focus, Basis of Accounting, and Financial Statement Presentation

The *government-wide* statement of net position and statement of activities, as well as the *proprietary* and *fiduciary fund* statements, are reported using the economic resources measurement focus and the accrual basis of accounting. With this measurement focus, all assets, deferred outflows of resources, liabilities, and deferred inflows of resources associated with the operation of these funds are included on the statement of net position. Under the accrual basis, revenues are recorded when earned and expenses are recorded when the related liability is incurred.

In the University of Wisconsin System's enterprise fund, revenues and expenses of an academic term that spans two fiscal years are recognized in two years based on a proration of summer session days.

In reporting the financial activity of its enterprise funds and business-type activities, the State applies all applicable GASB pronouncements.

Most of the funds included in the State's Annual Comprehensive Financial Report are presented on a fiscal year ended June 30. However, because funds of the Department of Employee Trust Funds (DETF) are administered on a calendar year basis, they are presented on a fiscal year ended December 31. This may result in GASB standards being implemented in different fiscal years for the DETF GAAP funds. Funds reported as of December 31 include: Wisconsin Retirement System, Accumulated Sick Leave Conversion Credit, Supplemental Health Insurance Conversion Credit, Wisconsin Deferred Compensation, Duty Disability, Reimbursed Employee Expense, Local Retiree Life Insurance, Retiree Life Insurance, Milwaukee Retirement System, Retiree Health Insurance, Local Retiree Health Insurance, Income Continuation Insurance, and Health Insurance.

As a result of the differences in timing, transactions between funds with different fiscal year ends may result in inconsistencies in amounts reported as due to/due from other funds or as interfund transfers. Similar differences may occur in amounts reported as due to/from component units.

The University of Wisconsin Foundation and Wisconsin Health Care Liability Insurance Plan are reported as component units. The Foundation financial statements are prepared using accounting standards promulgated by the Financial Accounting Standards Board as they apply to not-for-profit corporations. The Plan financial statements are prepared using prescribed statutory accounting practices included in the National Association of Insurance Commissioner's Accounting Practices and Procedures Manual. Statutory accounting practices vary somewhat from United States GAAP, but differences are expected to be immaterial.

Governmental fund financial statements are accounted for using the current financial resources measurement focus. With this measurement focus, only current assets and current liabilities generally are included on the balance sheet. Operating statements of these funds present increases (i.e., revenues and other financing sources) and decreases (i.e., expenditures and other financing uses) in net available financial resources.

Governmental funds are reported on the modified accrual basis of accounting. This basis of accounting recognizes revenues generally when they become measurable and available to pay current reporting period liabilities. For this purpose, the State considers tax revenues to be available if they are collected within 60 days of the end of the current fiscal year end. Other revenues are considered to be available if received within one year after the fiscal year-end except for tobacco settlement revenues for which just one-half of revenues expected to be received within one year are recognized. Material revenue sources susceptible to accrual include individual and corporate income taxes, sales taxes, public utility taxes, motor fuel taxes and federal revenues.

Expenditures and related liabilities are recognized when obligations are incurred as a result of the receipt of goods and services. However, expenditures related to debt service, compensated absences, and claims and judgments, are recorded only when payment is due.

The State reports the following major funds:

Major Governmental Funds

- *General Fund* – the primary operating fund of the State, accounts for all financial transactions except those required to be accounted for in another fund.
- *Transportation Fund* – a special revenue fund, accounts for the proceeds from motor fuel taxes, vehicle registrations, licensing fees, and federal and local governments which are used to supply and support safe, efficient and effective transportation in Wisconsin.

Major Enterprise Funds

- *Environmental Improvement Fund* – accounts for financial resources generated and used for clean water projects. Federal capitalization grants, interest earnings, revenue bond proceeds, and general obligation bond proceeds are its primary funding sources.
- *University of Wisconsin System Fund* – accounts for the 13 four-year universities, 13 additional campuses affiliated with seven of the four-year institutions, and System Administration.
- *Unemployment Reserve Fund* – accounts for unemployment contributions made by employers, federal program receipts, benefit payment recoveries and unemployment benefits paid to laid off workers in the State.

In addition, the State reports the following fund types:

Governmental Funds

- *Special Revenue Funds* – account for and report the proceeds of specific revenue sources that are restricted or committed to expenditure for specified purposes other than debt service or capital projects. Examples include the Conservation Fund and the Petroleum Inspection Fund.
- *Debt Service Funds* – account for and report financial resources that are restricted, committed, or assigned to expenditure for principal and interest. Financial resources that are being accumulated for future principal and interest are also reported in debt service funds.
- *Capital Projects Funds* – account for and report financial resources that are restricted, committed or assigned to expenditure for capital outlays, including the acquisition or construction of capital facilities and other capital assets (other than those financed by proprietary funds or that will be held in trust for individuals, private organizations, or other governments).
- *Permanent Funds* – account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support the State's programs – that is, for the benefit of the State or its citizenry.

Proprietary Funds

- *Enterprise Funds* – account for the activities for which fees are charged to external users for goods or services. Examples include the Lottery Fund and the Veterans Trust Fund.
- *Internal Service Funds* – account for the operations of State agencies which provide goods or services to other State units or other governments on a cost-reimbursement basis. These services include technology, fleet management, financial, facilities management, risk management, human resource services and accumulated sick leave. Additional goods and services are provided by the inmate work experience program, Badger State Industries.

Fiduciary Funds

- *Pension and Other Employee Benefit Trust Funds* – used to account for resources that are required to be held in trust for members and beneficiaries for public employee retirement or other benefit plans e.g. Wisconsin Retirement System.
- *Investment Trust Funds* – account for assets invested on a commingled basis by the State on behalf of other governmental entities e.g. local government pooled investments.
- *Private-purpose Trust Funds* – account for all other trust arrangements which benefit individuals, private organizations, or other governments e.g. the state-sponsored college savings program.
- *Custodial Funds* – account for those assets for which the State acts solely in a custodial capacity e.g. the collection and disbursement of court-ordered child support payments.

Amounts reported as program revenues on the government-wide statement of activities include (a) charges for services – amounts received from customers or applicants who purchase, use or directly benefit from the goods, services or privileges provided by the State; including interest earnings from various loan funds/ component units, (b) program-specific operating grants, contributions, and restricted interest, and (c) program-specific capital grants, contributions, and restricted interest. General revenues consist of taxes and all other revenues that do not meet the definition of program revenues. Special items, if any, are significant transactions or events within the control of management that are either unusual in nature or infrequent in occurrence.

As a general rule, the effect of interfund activity has been eliminated from the government-wide financial statements. This includes all internal service fund activity, as well as other internal allocations. Exceptions to this general rule are certain charges between various functions of the government, whose elimination would distort the direct costs and program revenues reported for the various functions concerned.

The revenues and expenses shown on the proprietary fund statements are identified as either operating or nonoperating.

Operating revenues and expenses generally result from providing goods and services in connection with a proprietary fund's primary mission. The State's enterprise funds are involved in many diverse fields including patient care, insurance programs, loan programs, the University of Wisconsin System, employee benefit plans, and the lottery. The internal service funds provide services and goods to other State agencies and departments.

A significant portion of operating revenues for the proprietary funds is recorded under charges for goods and services. In the case of the State's loan program enterprise funds, investment and interest income is an important component of operating revenue. Operating revenues of the University of Wisconsin include tuition and fees, certain grants and contracts resulting from exchange transactions, and sales and services of educational activities and auxiliary enterprises. In regards to the employee benefit plans, the primary operating revenue source is participant and employer contributions. Operating expenses for the proprietary funds include the costs of sales and services, benefit expenses, administration expenses and depreciation on capital assets. All revenues and expenses not related to a fund's primary purpose are reported as nonoperating.

When both restricted and unrestricted resources are available for use, it is the State's policy to use restricted resources first, then unrestricted resources as they are needed.

GASB Standards Implemented During the Fiscal Year

Effective for Fiscal Year 2024, the State implemented the following new standards issued by the Governmental Accounting Standards Board (GASB).

GASB Statement No. 99, *Omnibus 2022*, paragraphs 4-10 relating to financial guarantees and other derivative instruments that are not investment or hedging derivatives.

GASB Statement No. 100, *Accounting Changes and Error Corrections-an amendment of GASB Statement No. 62*, defines accounting changes as changes in accounting principles, changes in accounting estimates, and changes to or within the financial reporting entity. The statement prescribes the accounting and financial reporting for each type of accounting change and error corrections.

E. Assets, Deferred Outflows of Resources, Liabilities, Deferred Inflows of Resources, and Net Position/Fund Balances

1. Cash and Cash Equivalents

Cash balances of most funds are deposited with the Department of Administration (DOA) where the available balances beyond immediate needs are pooled in the State Investment Fund for short-term investment purposes. Balances pooled are restricted to legally stipulated investments valued consistent with GASB Statement No. 72, *Fair Value Measurement and Application*. Cash balances not controlled by DOA may be invested where permitted by statute.

Cash and cash equivalents, reported on the balance sheet and statement of cash flows, include bank accounts, petty cash, cash in transit, short-term investments with an original maturity of three months or less such as certificates of deposit, money market certificates, repurchase agreements and individual funds' shares in the State Investment Fund.

GASB Statement No. 40, *Deposit and Investment Risk Disclosures*, requires disclosure of risks associated with deposit and investment balances and the policies applied to mitigate such risks. Specific disclosures are included in Note 5, Deposits and Investments.

2. Investments

The State may invest in direct obligations of the United States and Canada, securities guaranteed by the United States, certificates of deposit issued by banks in the United States and solvent financial institutions in the State, commercial paper and nonsecured corporate notes and bonds, banker's acceptances, participation agreements, privately placed bonds and mortgages, common and preferred stock and other securities approved by applicable sections of the Wisconsin Statutes, bond resolutions, and various trust indentures (see Note 5 to the financial statements).

Investments of the primary government are reported at fair value consistent with the provisions of GASB Statement No. 72, *Fair Value Measurement and Application*. Typically, fair value information is determined using quoted market prices. However, when quoted market prices are not available for certain securities, fair values are estimated through techniques such as discounted future cash flows, matrix pricing and multi-tiers.

In some instances, securities are reported at cost. Certain non-public or closely held stocks are carried at cost since no independent quotation is available to price these securities. Further, certain investment agreements are reported on a cost basis because the State cannot readily determine whether these agreements meet the definition of interest-earning investment contracts as defined by GASB Statement No. 31. However, the impact on the financial statements is immaterial.

Under Wisconsin Statutes, the investment earnings of certain Permanent Funds are assigned to other funds. The following table shows the funds earning the investment income and the ultimate recipients of that income:

Fund Generating Investment Income	Fund Receiving Investment Income
Agricultural College	University of Wisconsin System
Normal School	General Fund and University of Wisconsin System
University	University of Wisconsin System

3. Mortgage and Other Loans

Mortgage loans of the Veterans Trust Fund program, a business-type activity, are stated at the outstanding loan balance less an allowance for doubtful accounts.

4. Forestation State Tax

2017 Wis. Act 59 (the Budget Act) ended the forestry mill tax, the only property tax that had been levied by the State. The proceeds of the tax had been paid to the Conservation Fund. The tax ended effective with the January 1, 2017 property tax assessments (property taxes levied in 2017 for payment in 2018).

5. Interfund Assets/Liabilities

During the course of operations, numerous transactions occur between individual funds for goods provided or services rendered. The balance sheet or statement of net position for proprietary and fiduciary funds classifies these receivables and payables as "Due from Other Funds" or "Due to Other Funds." Short-term interfund loans are classified as "Interfund Receivables" or "Interfund Payables." Long-term interfund loans are classified as "Advances to Other Funds" and "Advances from Other Funds".

Balances that exist between the primary government and component units are classified as "Due to Primary Government" or "Due from Primary Government" and, correspondingly, "Due to Component Units" or "Due from Component Units".

Amounts reported in the funds as interfund assets/liabilities are eliminated in the governmental and business-type columns of the Statement of Net Position, except for the net residual amount due between governmental and business-type activities which is shown as internal balances.

6. Inventories and Prepaid Items

Inventories of governmental and proprietary funds are valued at cost, which approximates market, using the first-in/first-out, last in/first out, or weighted-average method. The costs of governmental fund-type inventories are recorded as expenditures when purchased rather than when consumed.

Inventories of the University of Wisconsin System held by central stores are valued at average cost, fuels are valued at market, and other inventories held by individual institutional cost centers are valued using a variety of cost flow assumptions that, for each type of inventory, are consistently applied from year to year.

Prepaid items reflect payments for costs applicable to future accounting periods.

The fund balances of governmental funds are reported as nonspendable for inventories and prepaid items, except in cases where prepaid items are offset by unearned revenues, to indicate that these accounts do not represent expendable available financial resources.

7. Capital Assets

Capital assets, which include property, plant, equipment, intangibles, land, library holdings, and infrastructure assets (roads, bridges, and buildings considered an ancillary part of roads), are reported in the applicable governmental or business-type activities columns in the government-wide financial statements. Assets of the primary government, other than infrastructure and land purchased for the construction of infrastructure assets, and right-to-use assets, are capitalized when they have a unit cost of \$5,000 or more (except for a collection of library resources that must have a cumulative value equal to or greater than \$5.0 million and software purchased by the University of Wisconsin System) and a useful life of more than one year. Right-to-use assets are capitalized when they have a contract carrying cost equal to or greater than \$100,000 and extend more than one year. In addition, internally generated intangible assets are capitalized only if costs are equal to or are greater than \$1.0 million.

Purchased or constructed capital assets are valued at cost or estimated historical cost if actual historical cost is not practicably determinable. Donated capital assets are recorded at their acquisition value at the time received.

The State has elected to report infrastructure assets (roads, bridges and buildings considered an ancillary part of roads) using the modified approach. Under this method infrastructure assets are not required to be depreciated if the State manages its eligible infrastructure assets using an asset management system designed to maintain and preserve its infrastructure assets at a condition level established and disclosed by the State. All infrastructure assets constructed prior to July 1, 2000 have been recorded at estimated historical cost which was determined by

calculating the current cost of a similar asset and deflating that cost using Federal Highway Administration's composite index for federal aid highway construction to the estimated average construction date. All infrastructure assets constructed after July 1, 2000 have been recorded at historical cost. The costs of maintenance and preservation that do not add to the asset's capacity or efficiency are not capitalized. Interest incurred during construction is not capitalized.

Exhaustible capital assets of the primary government generally are depreciated on the straight-line method over the asset's useful life. Select buildings of the University of Wisconsin System are depreciated using the componentized method over the estimated useful life of the related assets. Depreciation expense is recorded in the government-wide financial statements, as well as in the proprietary fund statements. There is no depreciation recorded for land, construction in process, and infrastructure. In addition, depreciation is not recorded for certain other capital assets including the State Capitol, Executive Residence and associated furnishings, and the Historical Society library collection. Generally, estimated useful lives are as follows:

Buildings and improvements	6 - 40 years
Equipment, machinery and furnishings	3 - 15 years
Library Holdings	15 years

Collections of works of art, historical treasures, and similar assets, which are on public display, used in furtherance of historical education, or involved in advancement of artistic or historical research, are not capitalized unless these collections were already capitalized at June 30, 1999. Collections range from memorabilia on display in the Wisconsin Veterans Museum, the Wisconsin Historical Society Museum and other museums to buildings such as the Villa Louis Mansion and the Fur Trade Museum located at the Villa Louis historical site. In addition, works of art or historical treasures on display in the various State office buildings, as well as statues on display outside the State Capitol, also are not capitalized.

8. Restricted and Limited Use Assets

Assets that are required to be held and/or used as specified in Wisconsin statutes, bond indentures, bond resolutions, trustee agreements, board resolutions, and donor specifications have been reported as Restricted and Limited Use Assets.

9. Local Assistance Aids

Municipal and County Shared Revenue Program

Through the Municipal and County Shared Revenue Program, the State distributes general revenues collected from general State tax sources to municipal and county governments to be used for providing local government services. State statutes require that

payment to local governments be made during July and November.

The State was liable to various local governments for unpaid shared revenue aid. To measure the amount of the program allocable to the State's fiscal year, the amount is prorated over portions of recipient local governments' calendar fiscal years that are within the State's fiscal year. The result is that a liability of \$592.7 million representing one-half of the total appropriated amount is reported at June 30, 2024 as Due to Other Governments.

State Property Tax Credit Program

The State was liable to various taxing jurisdictions for the school levy, the first dollar, and the lottery property tax credits paid through the State Property Tax Credit Program.

The school levy tax credit provides property tax relief in the form of State credits on individual property tax bills.

The first dollar tax credit was first established for property taxes levied in 2008, and payable in 2009. This credit is allowed on every taxable real estate parcel containing an improvement in the state.

Under the lottery property tax credit, owners of property used as a primary residence receive a tax credit equal to the school property tax on a portion of the dwelling's value.

State statutes require that payment to local taxing jurisdictions for the school levy and first dollar tax credits be made during May and July. Although the state property tax credit is calculated on the property tax levy for school purposes, the State's payments are paid to an administering municipality who treats the payment the same as other tax collections and distributes the collections to the various tax levying jurisdictions (e.g., cities, towns, and school districts).

The portion of the May payment to school districts for the school levy tax credit represents the amount earned over the school districts' previous fiscal year ended June 30. Since the entire school districts' portion of the May payment occurs within the State's fiscal year, 100 percent of the May payment relating to the school taxing jurisdictions' levy is reported as an expenditure at June 30, 2024.

A portion of the May payment to general governments for the school levy tax credit applies to their fiscal year that ends on December 31. Therefore, part of the May payment represents an expenditure of the State in Fiscal Year 2024, while the remaining portion represents advanced payments. The resulting deferred outflow of resources reported within the General Fund totals \$66.4 million at June 30, 2024.

The portion of the liability payable to school districts for the school levy and first dollar tax credits represents the amount of the July payment earned over the school districts' previous fiscal year ended June 30. Since the entire school districts' portion of the July payment occurs within the State's fiscal year, 100 percent of the July payment relating to the school taxing jurisdictions' levy is reported as a liability at June 30, 2024.

The portion of the liability payable to general government for the school levy and first dollar tax credits represents the amount of the July payment prorated over the portion of the local governments' calendar year which is within the State's fiscal year. The result is that 50 percent of the July payment based on the general government taxing jurisdictions' levy is reported as a liability at June 30, 2024.

The aggregated State Property Tax Credit Program liability of \$805.5 million is reported in the General Fund as Due to Other Governments. Of that amount, \$695.3 million relates to the school levy tax credit and \$110.2 million relates to the first dollar tax credit related to the July payments.

The lottery property tax credit is accounted for in the Lottery Fund, an enterprise fund that records revenues and expenses on the accrual basis. The State pays municipal treasurers for lottery credits who distribute the moneys to the various taxing jurisdictions. For credits reducing the calendar year 2024 property tax bills, the State made this payment in March 2024. A portion of the State's March payment distributed to the general government taxing jurisdictions applies to their fiscal year that ends on December 31. Therefore, part of the March distribution represents an expense of the State in Fiscal Year 2024, while the remaining portion represents advanced payments. The resulting deferred outflow of resources reported within the Lottery Fund totals \$95.1 million at June 30, 2024.

State Aid for Exempt Computers

The Aid for Exempt Computers compensates local governments for tax base lost due to the property tax exemption for computers, software and related equipment. Aid payments are calculated using a procedure that results in an aid amount equal to the amount of taxes that would be paid if the property were taxable. Payments to local governments are made on the fourth Monday in July.

At June 30, 2024, the State was liable to various local governments and other taxing jurisdictions for unpaid exempt computer aid payments of \$68.1 million.

State Aid for Exempt Personal Property

2017 Wis. Act 59 (the Budget Act) exempted machinery, tools, and patterns, not including such items considered manufacturing property under current law, from the property tax effective with property assessed as of January 1, 2018 (the 2018(19) property

tax levy). The Act also created a state aid program administered by DOR to make payments to each local taxing jurisdiction, including tax increment districts, that imposed property taxes on those items that were not manufacturing property in 2017(18).

Upon certification by DOR, payments are made to local taxing jurisdictions on or before the first Monday in May. Under the Act, aid payments totaling \$75.6 million were made in May 2024.

State Aid for Video Service Provider Fee

2019 Wis. Act 9 (the Budget Act) reduced the fee rate municipalities can charge cable and phone companies. This state aid to municipalities replaces the lost revenue related to the fee reduction. Payments to local governments are made on the fourth Monday in July.

At June 30, 2024, the State was liable to various local governments and other taxing jurisdictions for unpaid aid for video service fees of \$5.0 million.

10. Long-term Debt Obligations

In the government-wide financial statements, and proprietary fund types in the fund financial statements, long-term debt is reported as a liability net of the applicable bond premium or discount. Bond premiums and discounts are deferred and amortized using the effective interest rate method on a prospective basis beginning in Fiscal Year 2004, except for the annual appropriation bonds that are amortized ratably over the life of the obligations to which they relate.

In the fund financial statements, governmental fund types recognize flows for bond premiums and discounts, as well as issuance costs, during the current period. The face amount of the debt issued is reported as other financing sources. Premiums and discounts are reported as other financing sources and other financing uses, respectively. Issuance costs are reported as other debt service expenditures for governmental fund types, and non-operating expenses for proprietary fund types.

On the government-wide financial statements, bond premiums and discounts related to the Transportation Revenue Bonds, which finance programs in a capital projects fund, are amortized ratably over the life of the obligations to which they relate. Results from the use of this method do not vary materially from those that would be obtained by use of the effective interest rate method.

11. Compensated Absences

Consistent with the compensated absences reporting standards of GASB Statement No. 16, *Accounting for Compensated Absences*, an accrual for certain salary-related payments associated with annual leave and an accrual for a certain portion of sick leave is included in the compensated absences liability at year end.

Annual Leave

Full-time employees' annual leave days are credited on January 1 of each calendar year in general at a minimum of 15 or 13 days per year, depending on Fair Labor Standards Act (FLSA) status. There is no requirement to use annual leave. However, unused leave is lost unless approval to carry over the unused portion is obtained from the employing agency. In general, each full-time employee is eligible for four and one-half personal holidays each calendar year, provided the employee is in pay status for at least one day in the year. If a holiday occurs on a Saturday, employees receive leave time proportional to their working status to use at their discretion.

The State's compensated absence liability at June 30 consists of accumulated unpaid annual leave, personal holiday hours, and Saturday/legal holiday hours earned and vested during January through June. The liability is reported in the government-wide, proprietary fund types and fiduciary funds.

Sick Leave

Full-time employees earn sick leave at a rate of five hours per pay period. Unused sick leave is accumulated from year to year without limit until termination or retirement. Accumulated sick leave is not paid. However, at employee retirement the accumulated sick leave may be converted to pay for the retiree's health insurance premiums. The State accumulates resources to pay for the expected health insurance premiums of retired employees. The portion of the health insurance obligation funded through the sick leave conversion and accumulated resources are presented as two funds. The basic component of sick leave is presented as an internal service fund and the supplementary component of sick leave is presented as a pension and other employee benefit trust fund.

12. Unearned Revenue

In both the government-wide and fund financial statements unearned revenue represents amounts for which asset recognition criteria have been met, but not revenue recognition criteria. Unearned revenue arises when resources are received by the State before it has a legal claim to them, such as when grant moneys are received prior to the incurrence of qualifying expenditures. In subsequent periods, when revenue recognition criteria are met, or when the State has a legal claim to the resources, the liability for unearned revenue is removed and revenue is recognized.

Unearned revenue of the University of Wisconsin System consists of payments received but not earned at June 30, 2024, primarily for summer session tuition, tuition and room deposits for the next fall term, advance ticket sales for upcoming intercollegiate athletic events, and amounts received from grant and contract sponsors that have not yet been earned under the terms of the agreement.

13. Self-Insurance

Consistent with the requirements of GASB Statement No. 10, *Accounting and Financial Reporting for Risk Financing and Related Insurance Issues*, the State's risk management activities are reported in an internal service fund, and the claims liabilities associated with that fund are reported therein.

The State's policy is generally not to purchase commercial insurance for the risk of losses to which it is exposed. Instead, State management believes it is more economical to manage its own risks internally. The Risk Management Fund, an internal service fund, is used to pay for losses incurred by any State agency and for administrative costs incurred to manage a state-wide risk management program. These losses include damage to property owned by the agencies, personal injury or property damage liabilities incurred by a State officer, agent or employee, and worker's compensation costs for State employees. A limited amount of insurance is purchased to limit the exposure to catastrophic losses. Annually, a charge is allocated to each agency for its proportionate share of the estimated cost attributable to the program per Wis. Stat. § 16.865(8).

14. Deferred Outflows of Resources and Deferred Inflows of Resources

Deferred outflows of resources represent a consumption of net assets by the government that is applicable to a future reporting period. Deferred inflows of resources represent an acquisition of net assets by the government that is applicable to a future reporting period. The events associated with the outflows and inflows of resources have already occurred. Under GASB standards, however, the recognition of those outflows and inflows as expenses or expenditures and revenues are deferred until the future periods to which the outflows and inflows are applicable. GASB standards identify circumstances under which deferred outflows of resources and deferred inflows of resources must be reported. The reporting of deferred inflows and outflows are only allowable under those circumstances.

As applicable, the State reports deferred outflows of resources or deferred inflows of resources in the Statement of Net Position for governmental activities and business-type activities and for proprietary and fiduciary fund types as follows:

A decrease or increase in the fair value of derivative instruments classified as effective hedges is presented as a deferred outflow or deferred inflow of resources, respectively, with an off-setting liability or asset, as applicable.

Gains on refunded debt (i.e. the reacquisition price is less than the net carrying amount of the old debt) are reported as deferred inflows, while losses on refunded debt (i.e. the reacquisition price is greater than the net carrying amount of the old debt) are reported as deferred outflows. Both are amortized to interest

expense over the remaining life of the old bonds or the life of the new bonds, whichever is shorter.

Differences between expected and actual experience with regard to economic and demographic factors in the measurement of the pension and OPEB liabilities for the State's proportionate share are reported as deferred inflows or deferred outflows of resources. They are amortized using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all active and inactive employees provided with pensions or OPEBs through the applicable plans.

Changes of assumptions about future economic or demographic factors, or of other inputs in the measurement of the pension or OPEB liabilities for the State's proportionate share, are reported as deferred inflows or deferred outflows of resources. They are amortized using a systematic and rational method over a closed period equal to the average of the expected remaining service lives of all active and inactive employees provided with pensions or OPEBs through the applicable plans.

Differences between projected and actual earnings on the State's proportionate share of pension or OPEB plan investments, if any, are reported as deferred inflows or deferred outflows of resources and amortized using a systematic and rational method over a closed five-year period.

Changes in the State's proportionate share of the pension or OPEB liabilities since the prior measurement date, and differences between actual and proportionate share of contributions are reported as deferred inflows or deferred outflows of resources. They are amortized using a systematic and rational method over a closed period equal to the average expected remaining service lives of all active and inactive employees provided with pensions or OPEBs through the applicable plans.

Contributions to the pension or OPEB plans from the State subsequent to the measurement date of the pension or OPEB liabilities and before the end of the State's fiscal year-end are reported as deferred outflows of resources.

State resources transmitted to an entity before time requirements are met, but after all other eligibility requirements have been met, are reported as a deferred outflow of resources.

Federal or other entities' resources transmitted to the State before time requirements are met, but after all other eligibility requirements have been met, are reported as deferred inflows of resources.

When asset retirement obligations (ARO) are recognized, a corresponding deferred outflow of resources is also recognized and reduced in a systematic and rational manner over the estimated useful life of the capital asset.

Further, governmental fund types may report deferred inflows of resources for unavailable revenue, such as derived nonexchange revenue transactions (e.g. sales tax, income tax, assessments on earnings and consumption, etc.). These inflows are not deferred in the government-wide financial statements; rather, they are recognized as revenue.

15. Fund Balance Classification and Restricted Net Position

Fund Balance Classification

In the fund financial statements, governmental funds report fund balance classifications that comprise a hierarchy based primarily on the extent to which the state is bound to honor constraints on the specific purposes for which amounts in those funds can be spent. Fund balance is reported as restricted when constraints placed on the use of the resources are either externally imposed by creditors, grantors, contributors, or laws or regulations of other governments; or, imposed by law through constitutional provisions or enabling legislation.

Amounts that may be used only for specific purposes, pursuant to constraints imposed by passage of a bill by both houses of the legislature that is signed into law by the governor, are reported as committed fund balance. Those committed amounts cannot be used for any other purpose unless a bill passes both houses of the legislature and is signed by the governor to remove or change the specified use. Passage of a bill by both houses of the legislature and signing of the bill by the governor is the highest level action that results in committed fund balance.

Amounts that are constrained by the state's intent to be used for specific purposes, but are neither restricted nor committed, are classified as assigned fund balances. Intent is expressed by state officials to whom the state has delegated the authority to assign amounts to be used for specific purposes. Unassigned fund balance represents fund balance that has not been restricted, committed, or assigned to specific purposes within the General Fund. Unassigned fund balance may also include negative balances for any governmental fund if expenditures exceed amounts nonspendable, restricted or committed for those purposes. Nonspendable fund balances include amounts that cannot be spent because they are either not in spendable form or are legally or contractually required to be maintained intact.

When both restricted and unrestricted resources are available for use it is the State's policy to use restricted resources first, and then unrestricted as they are needed. The state has not established a policy for use of unrestricted fund balance. Under the provisions of GASB Statement No. 54, *Fund Balance Reporting and Governmental Fund Type Definitions*, if a government does not establish a policy for its use of unrestricted fund balance amounts, committed amounts would be reduced first, followed by assigned amounts, and then unassigned amounts.

Restricted Net Position

Restricted Net Position, presented in the government-wide and proprietary funds statement of net position are reported when constraints placed on use are either (1) externally imposed by creditors (such as through debt covenants), grantors, contributors, or laws or regulations of other governments, or (2) imposed by law through constitutional provisions or enabling legislation. Enabling legislation authorizes the government to assess, levy, charge, or otherwise mandate payment of resources (from external resource providers) and includes a legally enforceable requirement that those resources be used only for the specific purposes stipulated in the legislation. Unrestricted net position may be used at the State's discretion but may have limitations on use based on State statutes.

NOTE 2. DETAILED RECONCILIATION OF THE GOVERNMENT-WIDE AND FUND STATEMENTS**A. Explanation of Differences Between the Balance Sheet – Governmental Funds and the Statement of Net Position**

During the year ended June 30, 2024, the following adjustments and reclassifications were necessary to reconcile the information from the fund-based Balance Sheet – Governmental Funds to the amounts presented in the governmental activities section of the Statement of Net Position (in thousands). The differences result primarily from the long-term economic focus of the Statement of Net Position compared to the current financial focus of the Balance Sheet – Governmental Funds.

	Total Governmental Funds	Long-term Assets and Liabilities (1)	Internal Service Funds (2)	Reclassifications and Eliminations (3)	Total Amount for Statement of Net Position
Assets:					
Cash and Cash Equivalents	\$ 11,840,604	\$ —	\$ 1,992,068	\$ —	\$ 13,832,672

Noncurrent Portion	—	9,270,576	2,972,172	—	12,242,747
Total Liabilities	8,410,330	10,322,243	3,234,019	(134,833)	21,831,760
Deferred Inflows of Resources	714,753	704,245	50,571	—	1,469,569
Fund Balances/Net Position	10,379,678	18,568,183	(576,527)	—	28,371,334
Total Liabilities, Deferred Inflows, and Fund Balances/Net Position	\$ 19,504,761	\$ 29,594,672	\$ 2,708,063	\$ (134,833)	\$ 51,672,662

- (1) Long-term asset and liability differences arise because governmental funds focus only on short-term financing (that is, resources that will be available to pay for current period expenditures). In contrast, the Statement of Net Position has a long-term economic focus and reports on all capital and financial resources.
- (2) The adjustment for internal service funds reflects the reclassification of these funds for the government-wide statement. The assets and liabilities of these funds are reported as proprietary activities on the fund statements, but are included as governmental activities on the Statement of Net Position.
- (3) Various reclassifications are necessary due to the differing level of detail needed on each of the statements. Eliminations are done on the Statement of Net Position to minimize the grossing-up effect on assets and liabilities within the governmental and business-type activities columns of the primary government. The net residual amounts due between governmental and business-type activities are shown as internal balances.

B. Explanation of Differences Between the Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds and the Statement of Activities

During the year ended June 30, 2024, the following adjustments and reclassifications were necessary to reconcile the information from the fund-based Statement of Revenues, Expenditures, and Changes in Fund Balances – Governmental Funds to the amounts presented in the governmental section of the Statement of Activities (in thousands). The differences result primarily from the long-term economic focus of the Statement of Activities compared to the current financial focus of the Statement of Revenues, Expenditures, and Changes in Fund Balance – Governmental Funds.

	Total Governmental Funds	Long-term Revenues and Expenses (1)	Capital Related Items (2)
Revenues:

Change in Inventories	(12,955)	—	—
Net Change for the Year	\$ (199,148)	\$ —	\$ —

- Long-term revenue differences arise because governmental funds report revenues only when they are considered "available," while government-wide statements report revenues when earned. Long-term expense differences arise because governmental funds report operating expenses (including interest) using the modified accrual basis of accounting, while government-wide statements report using the accrual basis of accounting.
- Capital-related adjustments consist of the difference between proceeds for the sales of capital assets and the gain or loss from the sales of capital assets, and from the difference between capital outlay expenditures recorded in the governmental funds and depreciation expense recorded in the government-wide statements.

	Internal Service Funds (3)	Long-term Debt Transactions (4)	Eliminations (5)	Revenue/Expense Reclassifications (6)	Total Amount for Statement of Activities

				12,955	—
				\$ —	\$ 1,094,225

- (3) The adjustment for internal service funds reflects the elimination of these funds from the government-wide statement, which is accomplished by charging/refunding additional amounts to participating governmental activities to completely offset the internal service funds' cost for the year.
- (4) Long-term debt transaction differences consist of bond proceeds and principal repayments reported as other financing sources and expenditures in governmental funds, but as increases and decreases in liabilities in the government-wide statements.
- (5) Intra-entity activity within the same function is eliminated to remove the grossing up of both direct expenses and program revenues within that category.
- (6) Revenue and expense reclassifications are necessary due to the differing level of detail needed on each of the statements. In addition, the Statement of Activities focuses on program revenue, which has been redefined from the traditional revenue source categories.

NOTE 3. BUDGETARY CONTROL

The legal level of budgetary control for Wisconsin is at the function, agency, program, appropriation-level. Supplemental appropriations require the approval of the Joint Finance Committee of the Legislature. Routine adjustments, such as pay plan supplements and rent increases, are distributed by the Division of Executive Budget and Finance from non-agency specific appropriations authorized by the Legislature. Various supplemental appropriations were approved during the year and have been incorporated into the budget figures.

The budgetary comparison schedule and related disclosures for the General and Transportation funds are reported as Required Supplementary Information. This schedule presents the original budget, the final budget and actual data of the current period. The related disclosures describe the budgetary practices of the State, as well as, provide a detailed reconciliation between the General and Transportation funds' equity balance on the budgetary basis compared to the GAAP basis as shown on the governmental fund statements.

NOTE 4. DEFICIT FUND BALANCE/FUND NET POSITION, RESTRICTED NET POSITION, BUDGET STABILIZATION ARRANGEMENT, MINIMUM FUND BALANCE POLICY, AND FUND BALANCE OF GOVERNMENTAL FUNDS

A. Deficit Fund Balance/Fund Net Position

Funds reporting a deficit fund balance or net position at June 30, 2024 are (in thousands):

Special Revenue:	
Dry Cleaner Environmental Response	\$ 6,555
Police and Fire Protection	973
Enterprise:	
Northern Developmental Disabilities Center	11,097
Internal Service:	
Accumulated Sick Leave Basic Plan	734,204
Fleet Services	5,101
Human Resource Services	8,130
Risk Management	117,269

B. Restricted Net Position

GASB Statement No. 46, Net Assets Restricted by Enabling Legislation, which amends GASB Statement No. 34, Basic Financial Statements – and Management's Discussion and Analysis – for State and Local Governments, provides guidance for determining when net assets have been restricted to a particular use by the passage of enabling legislation and how those net assets should be reported in financial statements when there are changes in the circumstances surrounding such

legislation. Net position restricted by enabling legislation was as follows on June 30, 2024 (in thousands):

Governmental Activities:	
Net Position Restricted by Enabling Legislation	\$ 121,146
Business-type Activities:	
Net Position Restricted by Enabling Legislation	351,659

C. Budget Stabilization Arrangement

Wis. Stat. § 25.60 establishes a stabilization arrangement for monies to be set aside for use if General Fund revenues are less than projected and expenditures exceed budgeted amounts. Wis. Stat. § 16.518 provides for the automatic transfer of 50.0 percent of the excess of General Fund tax revenues over tax estimates to be deposited into a stabilization appropriation. However, the transfer may not be made if the stabilization balance is at least equal to 5.0 percent of estimated General Fund expenditures for the fiscal year. Further, the transfer may not reduce the General Fund balance below the required statutory balance. In addition to the transfer described, under Wis. Stat. § 16.72(4) net proceeds from the sale of supplies, materials and equipment are also to be deposited into the stabilization appropriation except as otherwise provided by law.

Wis. Stat. § 16.50(7) provides that if the secretary of the Department of Administration determines that previously authorized expenditures under the biennial budget act will exceed revenues in the current or forthcoming fiscal year by more than one-half of one percent of the estimated general purpose revenue appropriations for that fiscal year, he or she shall immediately notify the governor, the presiding officers of each house of the legislature and the joint committee on finance. Following such notification, the governor shall submit a bill containing recommendations for correcting the imbalance between projected revenues and authorized expenditures, including a recommendation as to whether moneys should be transferred from the budget stabilization appropriation to the General Fund.

The balance of the budget stabilization arrangement as of June 30, 2024 was \$1.9 billion. There was no transfer to the budget stabilization fund in fiscal year 2024 since the current balance exceeded 5.0 percent of the estimated General Fund expenditures for the fiscal year.

D. Minimum Fund Balance

Wis. Stat. § 20.003(4) establishes a minimum General Fund balance. Under the statutes, no bill directly or indirectly affecting general purpose revenues as defined in Wis. Stat. § 20.001(2)(a) may be enacted by the legislature if the bill would cause the estimated General Fund balance on June 30 of any fiscal year to be an amount equal to or less than the amount specified for that fiscal year. The minimum required balance for the fiscal year ending June 30, 2024 was \$100.0 million.

E. Fund Balance for Governmental Funds

Governmental funds reported the following categories of fund balance as of June 30, 2024 (in thousands):

	General	Transportation	Nonmajor Governmental	Total Governmental
Nonspendable for:				
Inventory, Prepaid and Long-term Receivables	\$ 36,210	\$ 50,969	\$ 16,342	\$ 103,521
Legal or Contractual Purposes (Permanent Fund Principal)	—	—	1,463,299	1,463,299
Restricted for:				
Commerce	24,932	—	—	24,932
Education	18,642	—	103,653	122,294
Transportation	—	1,979,431	—	1,979,431
Environmental Resources	994	—	280,995	281,988
Human Relations and Resources	530,551	—	74,815	605,366
General Executive	216,736	—	8,567	225,303

Education	—	—	469	469
Environmental Resources	—	—	108,672	108,672
Human Relations and Resources	—	—	46,916	46,916
General Executive	—	—	71,697	71,697
Judicial	—	—	94	94
Tax Relief and Other General Expenditures	1,899,248	—	—	1,899,248
Capital Projects	—	—	78,060	78,060
Assigned to:				
Commerce	17,341	—	—	17,341
Education	26,904	—	—	26,904
Transportation	27,647	—	—	27,647
Environmental Resources	19,383	—	—	19,383
Human Relations and Resources	212,385	—	—	212,385
General Executive	70,234	—	—	70,234
Judicial	96	—	—	96
Legislative	16	—	—	16
Tax Relief and Other General Expenditures	3,495	—	—	3,495
Unassigned	1,370,376	—	(7,528)	1,362,848
Total Fund Balance	\$ 4,475,845	\$ 2,030,400	\$ 3,873,432	\$ 10,379,678

NOTE 5. DEPOSITS AND INVESTMENTS

The State maintains a short-term investment "pool", the State Investment Fund, for the State, its agencies and departments, and certain other public institutions which elect to participate. The investment "pool" is managed by the State of Wisconsin Investment Board (SWIB) which is further authorized to carry out investment activities for certain enterprise, trust and custodial funds. A small number of State agencies also carry out investment activities separate from the SWIB.

The State of Wisconsin Investment Board also issues separate financial reports for the investments they manage, including the State Investment Fund (SIF), and the Wisconsin Retirement System (WRS). Copies of the separately issued financial reports may be obtained at www.swib.state.wi.us or by writing to:

State of Wisconsin Investment Board
P.O. Box 7842
Madison, WI 53707-7842

The Department of Employee Trust Funds issues separate financial reports for the State of Wisconsin Public Employees Deferred Compensation Plan and Trust (Deferred Compensation). Copies of the separately issued financial reports may be obtained at etf.wi.gov or by writing to:

Department of Employee Trust Funds
P.O. Box 7931
Madison, WI 53707-7931

A. Deposits

Deposits include cash and cash equivalents on deposit in banks or other financial institutions, and nonnegotiable certificates of deposit. The majority of the State's deposits are under the control of the Department of Administration. The Department of Administration maintains multiple accounts with an agreement with the bank that allows an overdraft in one account if the overdraft is offset by balances in other accounts.

Custodial credit risk is the risk that in the event of a bank failure, the government's deposits may not be returned to it. The State's policy regarding custodial credit risk is detailed in Chapter 34 of the Wisconsin Statutes. In brief, any federal or state bank, credit union or savings bank may be designated a public depository. A surety bond may be required. The State's insured deposits are covered by the Federal Deposit Insurance Corporation (FDIC) and an appropriation for losses on public deposits. In the event of loss, the division of banking makes payments up to \$1,000,000 per depositor for the excess of the payments made by the Federal Deposit Insurance Corporation or the Wisconsin Credit Union Savings Insurance Corporation. Payments are made, until the funds available in the appropriation are exhausted, in the order in which satisfactory proofs of loss are received by the State's Department of Financial Institutions.

1. Primary Government

As of June 30, 2024, \$422.5 million of the primary government's bank balance of \$433.6 million was exposed to custodial credit risk as follows (in millions):

Uninsured and uncollateralized	\$	422.5
--------------------------------	----	-------

Foreign currency risk is the risk that changes in exchange rates will adversely affect the fair value of a deposit. Deposits in foreign currency at June 30, 2024 are immaterial. The primary government does not have a formal policy specifically related to foreign currency risk.

The State's Unemployment Reserve Fund had \$1.8 billion on deposit with the U.S. Treasury. This amount is presented as "Cash and Cash Equivalents" and is not included in the carrying amount of deposits nor is it categorized according to risk because it is neither a deposit with a financial institution nor an investment.

Certificates of Deposit are carried at cost as they are considered nonparticipating interest-earning investment contracts. Because they are valued at cost, they are not included in the fair value hierarchy established by GASB Statement 72, Fair Value Measurement and Application.

2. Wisconsin Retirement System (WRS)

As of December 31, 2023, WRS cash deposits totaled \$201.6 million. Of the total deposits, \$38.8 million was collateralized by the securities borrowed. The remaining deposits, totaling \$129.3 million, were uninsured and uncollateralized. These uninsured deposits represented balances held in foreign currencies in the WRS custodian's nominee name, cash posted as collateral for derivatives transactions, and cash collateral posted in excess of the market value of securities borrowed by the WRS for short sales. In addition to cash deposits, the WRS held \$10.0 million in time deposits and \$45.0 million in certificates of deposit.

3. Deferred Compensation

Cash and cash equivalents for the Deferred Compensation Fund represent the balance of the FDIC Bank Option. The FDIC Bank option provides safety of principal and a stable credited rate of interest and is insured up to \$250,000 per participant. As of December 31, 2023, 115 individual participant accounts held more than \$250,000 totaling \$45.9 million.

4. State Investment Fund

The State of Wisconsin appropriation for losses on public deposits protects a depositing municipality up to \$1,000,000 (or less if the appropriation is exhausted) on its proportionate share of all losses of principal invested if the local governing body has designated the Local Government Investment Pool (LGIP) as a public depository. The actual coverage of these deposits can fluctuate daily based on the allocable share of participants' accounts.

The SIF held a time deposit with a financial institution with a fair value of \$50.0 million, which was uncollateralized and uninsured as of June 30, 2024. The SIF also held Certificates of Deposit (CD) totaling \$5.0 million as of June 30, 2024. These CDs were negotiable and were not insured by the FDIC.

B. Investments

1. Primary Government

Wisconsin Statutes, program policy provisions, appropriate governing boards, and general resolutions contained in revenue bond indenture documents define the types of securities authorized as appropriate investments and the conditions for making investment transactions.

Investments of the State are managed by various portfolios. For disclosure purposes, the following investment portfolios are discussed separately:

- Primary government, excluding the University of Wisconsin System, Wisconsin Retirement System and the State Investment Fund. The primary government portfolios include funds separately managed by the State of Wisconsin Investment Board consisting of the following:
 - State Life Insurance Fund (SLIF)
 - Injured Patients and Families Compensation Fund (IPFCF)
 - Historical Society Fund
- The University of Wisconsin System (UWS)
- State of Wisconsin Public Employees Deferred Compensation Plan and Trust (Deferred Compensation)
- Wisconsin Retirement System (WRS)
- State Investment Fund (SIF) -- functions as the State's cash management fund by "pooling" the idle cash balances of all State funds and other public institutions. Investments of the SIF are discussed in section B2 of this note disclosure.

Primary Government (excluding the UWS, WRS, and SIF)

For the primary government, except for the Separately Managed Funds discussed later, permitted investments include: direct general obligations of the United States of America and obligations (including obligations of any federal agency or corporation) for which the payment of the principal and interest are unconditionally guaranteed by the full faith and credit of the United States; bonds or other obligations of any state or the United States of America or of any agency, instrumentality or local governmental unit of any such state including the State of Wisconsin; bonds, debentures, participation certificates, notes or similar evidences of indebtedness of any of the Federal Financing Bank, Federal Home Loan Bank System, Federal Farm Credit Bank, Federal National Mortgage Association, Federal Home Loan Mortgage Corporation, Resolution Funding Corporation, Government National Mortgage Association, Student Loan Marketing Association or Tennessee Valley Authority; public housing bonds issued by public agencies or municipalities; commercial paper; interest-bearing time deposits, certificates of deposit or other similar banking arrangements; shares of a diversified open-end management investment company; repurchase agreements; common and preferred stock; banker's acceptances; corporate commercial paper; bonds issued by a local district created under Wisconsin Act 229; and investment agreements with a bank, bank holding company, insurance company or other financial institution.

The SWIB has control of the investment and collection of principal, interest, and dividends of all monies invested of the State Life Insurance Fund (SLIF), the Injured Patients and Families Compensation Fund (IPFCF), and the Historical Society Trust Fund, which are collectively known as the "Separately Managed Funds".

Permitted classes of investments of the SLIF and the IPFCF include bonds of government units or of corporations, loans secured by mortgages, preferred or common stocks, real property and other investments not specifically prohibited by statute.

Funds available for the Historical Society Trust Fund are managed with an investment objective of maintaining a diversified portfolio of high quality publicly issued equities and fixed income obligations providing long-term growth in capital and income generation.

University of Wisconsin System (UWS)

The UWS Board of Regents authorize and govern the UWS investment policies and guidelines. Beginning in Fiscal Year 2018, the UWS Board of Regents has delegated investment management authority to the SWIB and is responsible for monitoring its delegation of this investment management authority. The SWIB determines and sets UWS asset allocation targets which are reviewed quarterly.

In addition, UWS continues to have an allocation to private markets through a "legacy" portfolio that will self-liquidate over time as investments are sold and cash proceeds are received.

The Intermediate Term Cash Management Fund was established in 2022 in accordance with the investment policies and guidelines governed and authorized by the UWS Board of Regents, and is currently distributed among fixed income funds, bank loans, and global equities. The objective of the Intermediate Term Fund is to manage principal, ensure liquidity for anticipated needs, and maintain purchasing power for existing assets. The Intermediate Term Fund has a target asset allocation to public markets of the following: 83.3 percent fixed income and 16.7 percent public equities. The target allocations were last approved by the University Investment Committee in January 2022. The Intermediate Term Fund is an intermediate portfolio, governed by and subject to a Memorandum of Understanding between University of Wisconsin System Administration and the University of Wisconsin - Madison.

An internally managed investment fund was established for a limited and select number of participating Trust Funds accounts by the University Board of Regents to provide an educational investment management opportunity for the UW-Madison School of Business's Applied Security Analysis Program. The "RegentFund" is an intermediate-term fixed income portfolio, governed by and subject to a Board-approved Memorandum of Understanding, which includes detailed investment guidelines.

The UWS also issues separate financial reports. Copies of these separately issued financial reports may be obtained at www.wisconsin.edu or by writing to:

Office of Financial Administration
780 Regent Street, Suite 255
Madison, WI 53715

Deferred Compensation

The State of Wisconsin Public Employees Deferred Compensation Plan and Trust (Deferred Compensation) was established in 1981 pursuant to Wis. Stat. § 40.80. Deferred Compensation is governed by the Wisconsin Deferred Compensation Board and is administered by a third party.

Under Deferred Compensation Plan provisions, employees of the State of Wisconsin and public employers in Wisconsin that elect to participate are eligible to contribute to the Plan through payroll deductions. Employees electing to participate in the plan may contribute to or exchange within several available investment options.

Wisconsin Retirement System (WRS)

All assets of the WRS are invested by the SWIB. The WRS consists of shares in the Core Retirement Investment Trust and the Variable Retirement Investment Trust.

The investments of the Core Retirement Investment Trust consist of a diversified portfolio of securities. Wis. Stat. § 25.182 authorizes the SWIB to manage the Core Retirement Investment Trust in accordance with prudent investor standard of responsibility as described in Wis. Stat. § 25.15(2), which requires that the SWIB manage the funds with the diligence, skill, and care that a prudent person acting in a similar capacity and with the same resources would use in managing a large public pension fund.

Investments of the Variable Retirement Investment Trust are authorized under Wis. Stat. § 25.15 and 25.17. Wis. Stat. § 25.17(5) states that assets of the Variable Retirement Investment Trust shall be invested primarily in equity securities that shall include common stocks, real estate, or other recognized forms of equities whether or not subject to indebtedness, including securities convertible into common stocks and securities of corporations in the venture capital stage. The Variable Retirement Investment Trust consists primarily of common stock and bonds convertible into common stock, although, because of existing conditions in the securities market, there may temporarily be other types of investments.

Valuation

Investments of the State are reported at Fair Value as defined by GASB Statement Number 72 – Fair Value Measurement and Application and are categorized based on the investment valuation hierarchy established by GASB. The hierarchy is based on the valuation inputs used to measure the fair value of the assets. Level 1 inputs are quoted prices in active markets for identical assets. Level 2 inputs are significant other observable inputs. Level 3 inputs are significant unobservable inputs.

The fair value of investments are obtained or estimated using information provided by custodial banks and brokerages. A variety of independent pricing sources are used to price assets based on type, class, or issue, including published quotations from active markets, pricing models and other methods deemed acceptable by industry standards.

Primary Government (excluding the UWS, WRS, and SIF)

The following tables present fair value measurements as of June 30, 2024, in millions:

	Fair Value Measurement Using		
	Fair Value	Level 1 Inputs	Level 2 Inputs
Primary Government (excluding the UWS, WRS, SIF and Separately Managed Funds)			
Investments by Fair Value Level:			
U.S. Government & Agency Securities	\$ 464.0	\$ 369.9	\$ 94.1
State or Municipal Bonds & Notes	77.3	—	77.3
Corporate and Other Bonds and Notes	13.6	—	13.6
Closed-End Funds	5.8	5.8	—
Exchange Traded Funds	342.3	342.3	—
Equity Securities	19.1	19.1	—
Total by Fair Value Level	\$ 922.0	\$ 737.0	\$ 185.0
Investments Valued at Net Asset Value (NAV):			
U.S. Government & Agency Securities	\$ 333.2		
Money Market Funds	112.9		
Mutual Funds	579.4		
Limited Partnerships	495.6		
Investments Valued at Cost:			
Private Placement	6.6		
U.S. Government & Agency Securities	0.2		
Total Investments	\$ 2,449.9		

The following tables present fair value measurements as of June 30, 2024 for the Separately Managed Funds (in millions):

Separately Managed Funds	Fair Value Measurement Using		
	Fair Value	Level 1 Inputs	Level 2 Inputs
IPFCF			
Investments by Fair Value Level:			
U.S. Government and Agency Securities	\$ 718.9	\$ 7.2	\$ 711.7
Corporate Bonds	440.1	—	440.1
Municipal Bonds	16.2	—	16.2
Foreign Bonds	29.6	—	29.6
Asset Backed Securities	1.8	—	1.8
Total by Fair Value Level	\$ 1,206.6	\$ 7.2	\$ 1,199.4
Investments Valued at Net Asset Value (NAV):			
Equity Index Funds	\$ 240.8		
Short-Term Investment Fund	11.6		
Total IPFCF	\$ 1,459.1		
Historical Society			
Investments Valued at Net Asset Value (NAV):			
Equity Index Fund	\$ 21.8		
Fixed Income Fund	5.6		
Total Historical Society	\$ 27.4		
SLIF			
Investments by Fair Value Level:			
U.S. Government and Agency Securities	\$ 38.2	\$ —	\$ 38.2
Corporate Bonds	53.4		53.4
Total by Fair Value Level	\$ 91.7	\$ —	\$ 91.7
Investments Valued at Net Asset Value (NAV):			
U.S. Fixed Income Fund	\$ 2.0		
Total SLIF	\$ 93.7		

Securities categorized as Level 1 are valued using prices quoted in active markets for those securities.

Debt securities categorized as Level 2 are valued by third party pricing services using a matrix-pricing technique that values securities based on their relationship to quoted market prices for securities with similar interest rates, maturities and credit ratings.

Securities categorized NAV include certain Limited Partnership interests in the amount of \$495.6 million held by the Common School and Normal School funds. These limited partnerships invest in small non-public companies. Shares may typically be redeemed through the investment manager, though the ability to redeem shares may be curtailed during an acute financial crisis. The Common School fund has committed to invest up to \$99.5 million in limited partnerships as of June 30, 2024.

The Injured Patients and Families Compensation fund holds Investments in the amount of \$11.6 million in the Short-Term Investment Fund, a short-term investment pool. Investments of the Short-Term Investment Fund are reported at net asset value (NAV).

Fair values of investments in equity and fixed income co-mingled index funds, mutual funds, real estate investment trusts, privately traded limited partnerships, and money market funds are based on the investments' published NAV per share (or its equivalent) provided by the investee. These investments are considered Level 1 in the GASB fair value hierarchy.

Investments Valued at Cost or Amortized Cost — Certain investments are valued at cost or amortized cost. Investments valued at cost are not included in the GASB fair value hierarchy.

Of the \$0.2 million of U.S. Government and Agency Securities reported at amortized cost, \$0.1 million represents U.S. Government Savings Bonds.

Deferred Compensation

The following schedule presents fair value measurements at December 31, 2023 (in millions):

Deferred Compensation	Fair Value Measurement Using		
	Fair Value	Level 1 Inputs	Level 2 Inputs
Investments by Fair Value Level:			
Mutual Funds	\$ 2,103.5	\$ 2,103.5	—
Total by Fair Value Level	\$ 2,103.5	\$ 2,103.5	—
Investments Valued at Net Asset Value (NAV):			
Stable Value Fund	\$ 698.7		
Collective Investment Trust Funds (CIT)	3,936.7		
Total Investments	\$ 6,738.8		

Mutual Funds are valued at the daily closing price as reported by the fund on an active market, which is based on the underlying net asset value (NAV) of the shares held by the Plan at year-end. Mutual Funds held by the Plan are open-end Mutual Funds that are registered with the Securities and Exchange Commission (SEC). These funds are required to publish daily NAV and to transact at that price. The Mutual Funds held by the Plan are deemed to be actively traded.

CIT Funds are similar in structure to Mutual Funds but are not regulated by the SEC and are not publicly traded. CIT Funds are valued at NAV, which approximates fair value as a practical expedient. The NAV, as provided by fund administrator, is based on the fair value of the underlying investments held by the fund less liabilities. Participant transactions may occur daily. There are no unfunded commitments and no restrictions on the redemption of these investments.

The Stable Value Fund investments are valued at NAV, which consists of contract value less fees and expenses, and approximates fair value as a practical expedient. Participants can transact daily at the NAV. There are no unfunded commitments and no restrictions on redemptions.

University of Wisconsin System (UWS)

The following schedule presents fair value measurements at June 30, 2024 (in millions):

UWS	Fair Value Measurement Using		
	Fair Value	Level 1 Inputs	Level 2 Inputs
Investments by Fair Value Level:			
Investments Reported as			
Cash & Cash Equivalents	\$ 0.3	\$ 0.3	\$ —
Fixed Income Securities	6.3	0.9	5.4
Fixed Income Index Funds	278.9	278.9	—
Total by Fair Value Level	\$ 285.5	\$ 280.1	\$ 5.4
Investments Valued at Net Asset Value (NAV):			
Equity Index Funds	\$ 437.1		
Fixed Income Index Funds	473.0		
Real Estate Index Fund	13.3		
Investments Reported as			
Cash & Cash Equivalents	4.9		
Private Equity Limited Partnerships	66.5		
Total Investments	\$ 1,280.4		

The UWS measures the fair value of investments in certain entities that do not have a quoted market price at the calculated net asset value (NAV) per share or its equivalent. As these investments are not readily marketable the estimated value is subject to uncertainty, and therefore, may differ from the value that would have been used had a ready market for the investments existed.

The equity index funds include a global equity index fund (89 percent) with an investment strategy designed to track the return of equity securities traded both inside and outside of the United States. An additional 3 percent of this category includes an emerging markets index fund with an investment strategy designed to track the return of equity securities in emerging markets. The remaining 8 percent is included in an international currency hedged equity index fund with an investment strategy designed to track the return of the markets in certain countries for equity securities outside of the United States while mitigating exposure to fluctuations between the value of the currencies in the fund and the U.S. dollar. The international and emerging markets index funds have daily liquidity with 2 days notice. The international hedged index fund has monthly liquidity with 2 days notice.

The fixed income index funds category includes government/credit bond index funds (27 percent) primarily invested in debt securities to approximate the total rate of return with maturities between one and ten years, a U.S. TIPS index fund (12 percent) with an investment strategy of closely approximating the return of all outstanding U.S. TIPS with a maturity of one year or greater, a U.S. Debt Index Fund (17 percent) and U.S. High Yield Bond Index Fund (7 percent) with the objective of approximating the total return of the market for debt securities and a floating rate income fund (7 percent) with an investment strategy focused on seeking high-quality loans with attractive risk-adjusted returns. Also included is a 1-5 year USD Bond ETF (30 percent) that provides exposure to short-term high yield bonds with maturities between one and five years. The index funds have daily liquidity with 2 days notice. The ETF has a 1-2 day trade settlement.

The real estate index fund includes an investment strategy designed to track the return of publicly traded real estate equity securities. The real estate index fund has daily liquidity with 2 days' notice.

Private Equity Limited Partnership Funds

As part of the investment management transfer to the SWIB, Terrace Investment Holdings SMF, LLC was created to centrally hold and manage the University's investments in private markets Limited Partnership Funds. This investment is illiquid and is generally not resold or redeemed. Distributions from the fund will be received over the life of the investment as the underlying investments are liquidated. The investment strategy of the limited partnership focuses globally on corporate finance, venture capital, and forestry/agricultural investments. The fund-of-funds limited partnership is estimated to have an average remaining life of approximately 8 years at June 30, 2024. The estimated remaining life of the underlying investments is 8 years at June 30, 2024.

The UWS has an unfunded commitment in the amount of \$3.8 million to private markets Limited Partnership Funds. No further new commitments to these or other private markets funds are anticipated. The existing positions in the private markets Limited Partnership Funds will eventually self-liquidate, as underlying private investments are sold off and distributions are made to investors.

Wisconsin Retirement System (WRS)

The following schedules presents fair value measurements at December 31, 2023 (in millions):

WRS	Fair Value	Fair Value Measurement Using		
		Level 1 Inputs	Level 2 Inputs	Level 3 Inputs
Investments by Fair Value Level:				
Cash Equivalents

Private Fund Investments (4)	34,301.9	13,456.0	N/A	N/A
Equities (5)	12,035.0	—	Daily, Monthly, Quarterly	1-50 days
Equity Limited Partnerships (6)	4,077.0	—	Monthly	5-30 days
Hedge Funds (7)	8,077.8	1,634.7	Various	Various
Total	\$ 64,599.0	\$ 15,090.7		

(1) This category consists of short term cash funds with the investment objective of safety of principal and liquidity while earning a competitive money market rate of return. The short-term cash funds have daily liquidity with same day notice.

(2) This category includes fixed income managers which can invest across the credit quality spectrum, in varying geographies. The external asset managers require a redemption notice period of between 5 and 30 days, and the funds have daily and monthly liquidity.

(3) The Fixed Income Limited Partnership funds invest in leveraged loans and emerging markets. The funds require a redemption notice period of either 15 or 45 days and assets can be redeemed monthly.

(4) Private Fund Investments include direct, co-investments, limited liability corporations (LLCs) with existing SWIB general partners, direct secondary investments, and fund of funds. These investments are illiquid and are generally not resold or redeemed. Distributions from each fund are received as the underlying investments are liquidated or over the life of the investment. Unfunded commitments for older funds in the liquidation stage are not included in the table above as the likelihood of additional capital being called by these funds is remote. As of December 31, 2023, there are four partial and full redemption sales planned in 2024 on the secondary market. The anticipated sale prices of these funds is not expected to be materially different than the NAV as of December 31, 2023.

(5) This category includes long-only equity managers with various fundamental, quantitative, and other approaches spanning various styles, geographies and market cap weights. These long-only manager investments can be redeemed either daily, monthly, or quarterly with between 1 and 50 business days notice. As of December 31, 2023 there are six partial and full redemption sales planned.

(6) Equity Limited Partnership funds invest in US and global equity. The external asset managers require a redemption notice period between 5 and 30 days and can be redeemed monthly. These investments represent open-ended funds that are readily redeemable.

(7) Hedge Fund investments are private investment funds that seek to produce positive absolute returns using a broad range of

strategies. In certain instances, Hedge Fund investments are closed-end funds, whereby participants receive distributions over the life of the fund. The estimated remaining life for closed-end funds can be up to 10 years.

(8) Redemption terms described for NAV investments reflect contractual agreements and assume withdrawals are made without adverse market impact and under normal market conditions.

Private Fund Investments

Private Fund Investments include private equity and real estate.

Private Equity Limited Partnerships included the following investment strategies as of December 31, 2023:

Leveraged Buyout – This strategy acquires the controlling interest of a private company using a significant amount of borrowed capital (leverage).

Distressed Debt – This strategy can invest in public and private companies undergoing financial distress, a turnaround in business operations, or which are believed to be undervalued because of a discrete extraordinary event.

Growth Equity – This strategy is an investment opportunity in relatively mature companies that are going through a transformational event in their lifecycle with potential for significant growth.

Venture Capital – This strategy invests in companies with potential for significant growth (generally small to early stage emerging firms).

Private Debt – This strategy includes any debt held by or extended to privately-held companies. The debt securities can be senior debt, mezzanine debt, and structured capital but commonly involve non-bank institutions making loans to private companies or buying those loans on the secondary market.

Secondaries – This strategy provides a market for investors to sell or purchase positions in private market funds.

Real Estate Limited Partnerships generally consisted of the following investment strategies as of December 31, 2023:

Core – Core investments are expected to deliver a significant percentage of their return from income and should experience lower volatility than Opportunistic and Value investments due to lower leverage, higher occupancy, and asset location.

Value – Value investments typically have significant near-term leasing, repositioning, and/or renovation risk. This strategy is expected to have modest initial operating revenues with potential for substantial income growth and will likely encounter greater volatility than Core strategies, but lower volatility than Opportunistic strategies.

Opportunistic – Opportunistic investments usually have significant development, lease-up, financial restructuring, and/or liquidity risk with little or no initial operating income. This strategy typically uses the highest leverage, is expected to achieve most of its return from future capital gains and is likely to encounter greater volatility than Core and Value strategies.

Hedge Funds

Hedge Fund investments are private investment funds that seek to produce absolute returns using a broad range of strategies. When redeeming Hedge Fund investments, the agreements governing the investment often require advanced notice and may restrict the timing of withdrawals. Hedge Fund agreements can also include lock-up periods, which restrict investors from redeeming their investment during a specified time frame. Lock-up periods help portfolio managers mitigate liquidity risks. Lock-ups can be hard, where redemptions are not permitted for a specified time period, or soft, where redemptions are permitted provided the investor pays a penalty. In certain instances, a fund may have both hard and soft lock-up restrictions. In addition, in certain investments, Hedge Fund managers may be allowed to institute a rolling lock-up. A fund with a rolling lock-up period requires investors to commit to an initial lock-up period, and, if the investor does not submit a redemption notice within a set time prior to expiration of the lock-up, the lock-up is reset.

Similar to lock-ups, Hedge Fund agreements also commonly incorporate gating restrictions. An investor level gate limits redemption on a particular redemption date to a specified percentage of the investor’s account value, while a fund level gate may limit total investor withdrawals on a particular redemption date to a percentage of aggregated fund level (or master fund level) net asset value. In certain instances, funds can have both investor and fund level gates in place. Such funds are reflected in the investor level category.

The WRS participated in the following Hedge Fund strategies as of December 31, 2023:

Long-Short Equity – This strategy invests both long and short in publicly-traded stocks. These managers vary in their use of short selling and leverage.

Event-Driven – This strategy seeks to gain an advantage from pricing inefficiencies that may occur before or after a corporate action or related event, such as a merger, spinoff, earnings call, bankruptcy, or restructuring.

Tactical Trading – This strategy invests in indices, commodities, interest rate instruments, and currencies and, as needed, their derivatives as a result of relative value or directional forecasts from a systematic or discretionary approach.

Relative Value – This strategy seeks to take advantage of price differentials by buying and selling different yet related securities. Relative value strategies include fixed income arbitrage, insurance linked, long / short credit, quantitative strategies, structured credit, and volatility-related investments.

Multi Strategy – This strategy invests across multiple asset classes, typically with multiple portfolio managers. Most multi strategy funds diversify across three or more underlying strategies.

Special Opportunities - This strategy seeks to invest in special situations, which may include co-investments or interests in the equity or revenues of external investment managers.

Credit Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations.

Primary Government (excluding the UWS, WRS and SIF)

The primary government, except for the Separately Managed Funds discussed later, follows Wisconsin Statutes, program policy provisions, appropriate governing boards, and general resolutions contained in revenue bond indenture documents limits investments in public housing bonds issued by public agencies or municipalities, the State of Wisconsin, interest-bearing time deposits, certificates of deposit or other similar banking arrangement, shares of a diversified open-end management investment company repurchase agreements and investment agreements to a rating no lower than the rating assigned to the bonds. Investments in all other permitted debt securities are required to bear the highest rating available from each nationally recognized rating agency. In addition, credit risk of certain funds such as the Retiree Life Insurance Fund is minimized by monitoring portfolio diversification by asset class, creditor and industry and by complying with investment limitations governed by insurance laws and regulations.

Regarding the Separately Managed Funds, investment guidelines require that the bond portfolios shall maintain an average quality rating of A- or better at time of purchase, using the lower of split ratings at the time of purchase.

Investment credit quality ratings as of June 30, 2024, assigned by nationally recognized statistical rating organizations are presented below (in millions):

Primary Government (excluding the UWS, WRS, SIF and Separately Managed Funds)	
Ratings	Fair Value
AAA/Aaa	\$ 686.2
AA/Aa	63.5
A	11.5
Not Rated	706.6
Total	\$ 1,467.7

The following schedule displays the credit ratings at June 30, 2024, for the Separately Managed Funds (fair values in millions):

	Separately Managed Funds		
	IPFCF	Historical Society	SLIF
AAA	\$ 13.9	\$ —	\$ 1.0
AA	741.5	—	42.2
A	136.3	—	28.0
BBB	266.7	—	19.2
BB	36.5	—	1.3
B	11.8	—	—
Short-term Investment Fund (Not Rated)	11.6	—	—
Bond Fund (Not Rated)	—	5.6	2.0
Total	\$ 1,218.3	\$ 5.6	\$ 93.7

Deferred Compensation

The Stable Value Fund, Mutual Funds, and CIT Funds are unrated.

University of Wisconsin System (UWS)

As of June 30, 2024, the University was exposed to credit risk directly through its singular separately-managed fixed income portfolio, the RegentFund, and indirectly through the ownership of shares of commingled or mutual funds.

The following schedule displays the credit ratings for debt securities held as of June 30, 2024 (in millions). Obligations of the United States and obligations explicitly guaranteed by the U.S. government have been included in the Aaa rating.

	UWS	
	Ratings	Fair Value
AAA/Aaa		\$ —
AA/Aa		0.9
A		1.7
BBB/Baa		2.9
BB/Ba		0.4
B		0.3
Commingled Fixed Income Funds		752.0
Not Rated		5.4
Total		\$ 763.5

Wisconsin Retirement System (WRS)

With the exception of derivative instrument credit risk, there are no fund-wide or system-wide investment guidelines related to credit risk exposures for investments of the WRS. Fixed income credit risk investment guidelines outline the minimum ratings required at the time of purchase by individual portfolios, or groups of portfolios, based on the investment strategy of each portfolio. In addition, some fixed income portfolios are required to always carry a minimum weighted average rating.

The following schedule displays the lowest credit rating assigned by nationally recognized statistical rating organizations on debt securities held as of December 31, 2023 (in millions).

WRS	
Ratings	Fair Value
AAA/Aaa	\$ 484.2
AA/Aa	29,281.2
A	2,487.6
A-1/P-1	65.7
A-2/P-2	82.2
BBB/Baa	4,310.9
BB/Ba	3,187.8
B	4,776.4
CCC/Caa or below	488.9
Not Rated	4,677.9
Commingled Fixed Income Funds	6,107.4
Total	\$ 55,950.2

Reverse Repurchase Agreements

Wisconsin Retirement System (WRS)

The WRS held \$18.5 billion in reverse repurchase agreements as of December 31, 2023. Investment guidelines permit certain portfolios to enter into reverse repurchase agreements, which are a sale of securities with a simultaneous agreement to repurchase the securities in the future at the same price plus a stated rate of interest. The market value of the securities underlying reverse repurchase agreements exceeds the cash received, providing the counterparty a margin against a decline in market value of the securities. If the counterparty defaults on their obligations to sell these securities back to the WRS or provide cash of equal value, the WRS could suffer an economic loss equal to the difference between the market value of the underlying securities plus accrued interest and the agreement obligation, including accrued interest. This credit exposure at December 31, 2023 was \$120.1 million.

The WRS enters into reverse repurchase agreements with various counterparties and such transactions are governed by Master Repurchase Agreements (MRA). MRAs are negotiated contracts and contain terms in which the WRS seeks to minimize counterparty credit risk. The WRS also controls credit exposures by limiting trades with any one counterparty to stipulated amounts. The counterparty credit exposure is managed through the transfer of margin, in the form of cash or securities, between the WRS and the counterparty.

The cash proceeds from reverse repurchase agreements are reinvested by the Retirement Funds. The maturities of the purchases made with the proceeds of reverse repurchase agreements are not necessarily matched to the maturities of the agreements. The agreed-upon yields earned by the counterparty for the reverse repurchase agreements held were between 5.4 percent and 5.6 percent as of December 31, 2023. Portfolio guidelines require agreements to mature between 1 and 90 days.

Custodial Credit Risk

Custodial credit risk is the risk that, in the event of a failure of the counterparty, the State will not be able to recover the value of the investment or collateral securities that are in the possession of an outside party.

Primary Government (excluding the UWS, WRS, and SIF)

The primary government, including the Separately Managed Funds, does not have an investment policy specifically for custodial credit risk. As of June 30, 2024, the primary government did not have any direct investment securities exposed to custodial credit risk.

Deferred Compensation

The Stable Value fund, CIT Funds, and Mutual Funds do not have securities that are used as evidence of the investments and therefore are not exposed to custodial credit risk. Deferred Compensation does not have a formal policy for custodial credit risk.

Wisconsin Retirement System (WRS)

The WRS held repurchase agreements totaling \$2.0 billion as of December 31, 2023. These repurchase agreements were tri-party agreements held in a short-term cash management portfolio managed by the WRS's custodian. The underlying securities for these agreements were held by the tri-party agent, not in the WRS's name.

The WRS's custodial credit risk policy addresses the primary risks associated with safekeeping and custody. It requires that the WRS's custodial institution be selected through a competitive bid process and that the institution be designated a Systemically Important Financial Institution by the U.S. Federal Reserve. The policy also requires that the WRS be reflected as beneficial owner on all securities entrusted to the custodian and that the WRS have access to safekeeping and custody accounts. The custodian is also required to carry insurance covering errors and omissions and they must provide the WRS with an annual report on internal controls, prepared in accordance with the Statement on Standards for Attestation Engagements. In addition, the WRS management has established a system of controls for the oversight of services and related processes performed by the custodian. The WRS's current custodial bank was selected in accordance with these guidelines and meets all the requirements stipulated in the custodial credit risk policy.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of a government's investment in a single issuer.

Primary Government (excluding the UWS, WRS, and SIF)

Although the primary government, except for the Separately Managed Funds discussed later, does not have a formal policy on limiting the exposure to concentrations of credit risk, it is the primary government's policy to comply with the provisions contained within the general resolutions of revenue bond indentures and other program policy investment criteria.

Debt securities issued by the State of Wisconsin represent the largest concentration of investments in a single issuer. In total, approximately \$28.9 million of the reported investments of the permanent funds (a category within nonmajor governmental funds) were issued by the State of Wisconsin, which represents approximately 2.5 percent of their total investments.

The Separately Managed Funds' investment guidelines limit concentrations of credit risk by establishing maximum issuer and/or sector exposure limits. Generally, the guidelines require that no single issuer may exceed 5.0 percent of the fund investments, with the exception of U.S. Government and its Agencies, whose exposure is unlimited.

Excluding investments issued or explicitly guaranteed by the U.S. government and pooled investments, as of June 30, 2024, none of the Separately Managed Funds had more than 5.0 percent of their total investments in a single issuer.

University of Wisconsin System (UWS)

UWS separately managed, debt/fixed income accounts are limited to holding no more than 5.0 percent in any one issuer (U.S. Government/Agencies were exempted).

Wisconsin Retirement System (WRS)

The WRS limits concentrations of credit risk by establishing investment guidelines for individual portfolios or groups of portfolios that generally restrict issuer concentrations in any one company or to a certain percentage of the portfolio's market value. The WRS did not hold any investments with a single issuer, exclusive of investments issued or explicitly guaranteed by the U.S. government, representing 5.0 percent or more of the value of the WRS investments' value as of December 31, 2023.

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates of debt investments will adversely affect the fair value of an investment.

Primary Government (excluding the UWS, WRS, and SIF)

Although the primary government, except for the Separately Managed Funds discussed later, does not have a formal policy on limiting the exposure to changes in interest rates, it is the primary government's policy to comply with the provisions contained within the general resolutions of revenue bond indentures and other program policy investment criteria. For example, the Lottery Fund acquires investments with maturity dates that significantly coincide with scheduled payment dates of prize annuities. Investments are held to maturity unless an annuitant requests premature termination of an annuity, then any loss or gain due to market fluctuations are passed through to the redeeming annuitant. Therefore, the Lottery Fund has minimal interest rate risk exposure. Further, as a means of limiting its exposure to interest rate risks, certain funds are required to limit at least half of the fund's investment portfolio to maturities of less than one year. In addition, interest rate risk of certain other funds such as the Retiree Life Insurance Fund is minimized by maintaining a diversified portfolio of investments and monitoring cash flow patterns in order to approximately match the expected maturity of liabilities.

The following table provides information about the interest rate risks associated with the primary government's investments, except those of the Separately Managed Funds. The investments include certain short-term cash equivalents, and various long-term items. At June 30, 2024, the primary government's investments were (in millions):

Primary Government (excluding the Separately Managed Funds, UWS, WRS, SIF, and investments in an external investment pool)						
Investment Type	Fair Value	Investment Maturities				
		Less Than 1 Year	1 to 5 Years	6 to 10 years	More Than 10 Years	
U.S. Government and U.S. Agency holdings	\$ 464.1	\$ 368.4	\$ 1.1	\$ 0.4	\$ 94.2	
State and municipal bonds and notes	77.3	1.5	2.3	23.3	50.2	
Other Bonds and Notes	13.6	2.0	0.1	—	11.5	
Money market funds	577.8	577.8	—	—	—	
Mutual funds – open ended	17.1	1.3	8.6	7.2	0.1	
Private Placement	6.6	0.2	0.7	1.8	4.0	
Total	\$ 1,156.5	\$ 951.2	\$ 12.6	\$ 32.7	\$ 160.1	

As of June 30, 2024, the Separately Managed Funds had interest rate risk statistics as detailed below (in millions):

Separately Managed Funds						
Investment Type	Duration or WAM (in years) for Fixed Income Securities					
	IPFCF		Historical Society		SLIF	
	Fair Value	Duration	Fair Value	Duration	Fair Value	WAM
Govt/Agency	\$ 720.7	6.26	\$ —		\$ 38.2	21.93
Corporate Bonds	440.1	6.20	—		53.4	12.53
Municipal Bonds	16.2	8.85	—		—	
Foreign Bonds (Govt/Agency)	29.6	5.60	—		—	
Bond Fund	—		5.6	6.22	2.0	12.50
Short-Term Investment Fund	11.6	0.13	—		—	
Total	\$ 1,218.2		\$ 5.6		\$ 93.7	

The Separately Managed Funds, which are managed by the SWIB, use the duration method to identify and manage interest rate risk. Two of the Separately Managed Funds have investment guidelines relating to interest rate risk. The SLIF guidelines require the Weighted Average Maturity (WAM) of the portfolio, including cash, to be a minimum of ten years. The IPFCF guidelines require that effective duration of the bond portfolio shall remain within 15 percent of the assigned benchmark's duration and that the average duration should be less than ten years.

External Investment Pools

The Injured Patients and Families Compensation Fund has investments totaling \$11.6 million at June 30, 2024 in the Short-Term Investment Fund, a pooled short-term investment fund. This balance is reported as "Cash and Cash Equivalents" on the Statement of Net Position.

Investments for the Retiree Life Insurance Funds are held with the insurance carrier, Securian. In accordance with the administrative agreement between the GIB and Securian, interest is calculated and credited to the Retiree Life Insurance plans based on the rate of return for a segment of the insurance carrier's general fund, specifically, 10 Year A- Bonds (as a proxy and not tied to any specific investments). The funds invested during the year earn interest based on that year's rate of return for 10 Year A- Bonds. The overall aggregate interest rate is calculated using a tiered approach based on the year the funds were invested and the rate of return for that year. Investment interest is credited based on the aggregate rate of return and assets are not adjusted to fair market value. Furthermore, the insurance carrier guarantees the principal amounts of the reserves, including all interest previously credited thereto. No significant contract changes occurred during the year.

Deferred Compensation

Deferred Compensation uses weighted average effective duration to analyze interest rate risk. As of December 31, 2023, Deferred Compensation had interest rate risk statistics as detailed below (in millions):

Deferred Compensation		
	Fair Value	Effective Duration (years)
Stable Value Investments:		
Stable Value Fund	\$ 698.7	3.01
Mutual and Collective Investment Funds:		
Vanguard Target Retirement:		
2020	3.4	5.61
2025	341.4	5.97
2030	19.8	6.46
2035	319.2	6.46
2040	7.8	6.45
2045	221.1	6.44
2050	2.9	6.43
2055	97.5	6.43
2060	1.2	6.43
2065	1.8	6.44
Income Trust	160.2	5.46

BlackRock Government/Credit Bond Index Fund B	90.1	6.2
iShares Core 1-5 Year USD Bond Fund	229.3	2.7
Intermediate Government/Credit Bond Index Fund B	116.1	3.8
U.S. Debt Index Fund B	127.2	6.1
U.S. High Yield Bond Index Non-Lendable Fund B	50.5	3.3
BlackRock Floating Rate Income Portfolio	49.7	0.3
Total	\$ 752.0	

Wisconsin Retirement System (WRS)

The WRS analyzes long and intermediate term portfolios' interest rate risk using various duration calculations. Modified duration, which is stated in years, is the measure of price sensitivity of a fixed income security to an interest rate change of 100 basis points. The calculation is based on the weighted average of the present values for all cash flows. Some investments are analyzed using an option-adjusted duration calculation, which is similar to the modified duration method. Option-adjusted duration incorporates the duration shortening effect of any embedded call provisions in the securities. Duration statistics are weighted by the dollar value of the position to compute an average duration for each investment type.

Short-term portfolios' interest rate risk is analyzed using the weighted average maturity to next reset. Weighted average maturity is the maturity of each position in a portfolio weighted by the dollar value of the position to compute an average maturity for the portfolio as a whole. This measure indicates a portfolio's sensitivity to interest rate changes: a longer weighted average maturity implies greater volatility in response to interest rate changes.

The WRS's investment guidelines related to interest rate risk vary by portfolio. Fixed income portfolios generally require management within a range above or below the benchmark's duration, while others have certain limits on weighted average maturity.

Aggregated interest rate risk exposure as of December 31, 2023, stated in terms of modified duration (for long term instruments) and weighted average maturity (for repurchase agreements and short-term pooled investments), is presented below (in millions):

	WRS	
Investment Type*	Fair Value	Modified Duration (Years)
U.S. Treasury Inflation Protected Securities	\$ 23,047.0	6.6
Corporate Bonds & Private Placements	13,044.9	5.6
U.S. Treasury Securities	3,969.2	8.1
Leveraged Loans	2,162.5	0.4
Asset Backed Securities	1,414.8	2.2
U.S. Government Agencies	1,645.0	5.9
Foreign Government/Agency Bonds	1,402.5	6.9
Municipal Bonds	209.7	7.5
Commingled Funds:		
Emerging Market Fixed Income	1,476.3	4.9
U.S. Fixed Income	1,149.5	1.8

Short Term Cash Management	3,481.5	18
Subtotal	\$ 5,711.9	
Total	\$ 55,950.2	

*Excludes derivatives which are separately disclosed

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment.

Primary Government (excluding the UWS, WRS, and SIF)

The primary government, except for the Separately Managed Funds discussed later, does not have a formal policy to limit foreign currency risk, however, certain funds such as the Environmental Improvement Fund are not permitted to invest in foreign currency based on provisions contained in its bond indenture general resolution. However, foreign currency risk of the Retiree Life Insurance Fund is minimized by utilizing short-duration spot forward contracts to minimize the adverse impact of foreign currency exchange rate risks inherent in the elapsed time between trade processing and trade settlement. At June 30, 2024, the primary government, excluding the Separately Managed Funds, did not own any issues denominated in a foreign currency.

The Separately Managed Funds' investment guidelines do not specifically address foreign currency risk with the exception that the SLIF only allows investments in U.S. dollar denominated instruments. As of June 30, 2024, the Separately Managed Funds did not directly own any issues denominated in a foreign currency.

Deferred Compensation

Deferred Compensation allows the option of investments in Mutual Funds and CIT Funds that make investments in foreign securities. The fair value of these investments was \$497.9 million as of December 31, 2023.

University of Wisconsin System (UWS)

The UWS held positions only in passively-managed, indexed commingled funds which may invest in securities denominated in foreign currencies. However, the fund used for exposure to developed market equities generally seeks to hedge against the variations in returns deriving solely from the value of the foreign currencies in the fund relative to the U.S. dollar. The fund used for exposure to emerging market equities generally does not engage in similar foreign currency hedging efforts, due largely to the high cost and more limited efficacy of such hedging. Deposits in foreign currency for the RegentFund at June 30, 2024 are immaterial.

Wisconsin Retirement System (WRS)

The WRS held foreign currency denominated cash and securities directly in designated actively managed portfolios and indirectly through its investment in certain commingled invest funds. As of December 31, 2023, the WRS had the following currency exposure (all assets stated in millions of United States Dollars):

Currency Exposures by Investment Type								
Currency	Cash & Cash Equivalents	Equities	Fixed Income	Private Fund Investments	Preferred Securities	Equity Short Sales	Futures Contracts & Swaps	Total
Australia Dollar	\$ 4.0	\$ 606.9	\$ 1.0	\$ —	\$ —	\$ (25.4)	\$ 2.3	\$ 588.7

Securities Lending Transactions

University of Wisconsin System (UWS)

The UWS has an agreement with BlackRock Institutional Trust Company, N.A., which acts as custodian for the University's Long Term Fund and Intermediate Term Fund investments and authorizes the bank to lend securities held in the UWS accounts to third parties. The bank must obtain collateral from the borrower, or acceptable securities. When the UWS securities are delivered to a borrower as part of a securities lending arrangement, the borrower is required to place collateral with the lending agent equal to at least 102 percent of the loaned securities' fair value, including interest accrued, as of the delivery date. Both the collateral and the securities loaned are marked to market on a daily basis, with additional collateral obtained or refunded as necessary. In the event that the loaned securities are not returned by the borrower, the bank will, at its own expense, either replace the loaned securities or, if unable to purchase those securities on the open market, credit UWS accounts with cash equal to the fair value of the loaned securities.

The UWS receives 75 percent of the net revenue derived from all securities lending activities and the bank receives the remainder of the net revenue. Interest and dividend income earned in conjunction with the securities lending program is reported as part of non-operating investment income in the Statement of Revenues, Expenses, and Changes in Fund Net Position.

Although the UWS securities lending activities are collateralized as described above, the securities lending program involves both market and credit risk. In this context, market risk refers to the possibility that the borrower of securities will be unable to collateralize the loan upon a sudden material change in the fair value of the loaned securities or the collateral, or that the bank's investment of collateral received from the borrowers of the UWS securities may be subject to unfavorable market fluctuations. Credit risk refers to the possibility that counterparties involved in the securities lending program may fail to perform in accordance with the terms of their contracts.

At June 30, 2024, the fair value of securities loaned, was \$214.7 million. Collateral received consisted of \$216.4 million in cash and \$0.2 million in non-cash collateral. In accordance with accounting standards the value of the collateral held and a corresponding liability to return the collateral have been reported on the accompanying Statement of Net Position.

Wisconsin Retirement System (WRS)

State statutes and Board policies permit the use of investments of the WRS to enter into securities lending transactions. These transactions involve the lending of securities to broker-dealers and other entities in exchange for collateral, in the form of cash or securities, with the simultaneous agreement to return the collateral for identical securities in the future. The securities custodian acts as an agent in lending the directly held domestic and international securities. When securities are delivered to a borrower as part of a securities lending agreement, the borrower is required to place collateral with the lending agent equal to at least 102 percent of the loaned securities' fair value, including interest accrued, as of the delivery date, if the securities and the collateral are denominated in the same currency. If securities are loaned against collateral denominated in a different currency, the borrower is required to place collateral with the lending agent totaling at least 105 percent of the loaned securities' fair value, including interest accrued, as of the delivery date. Collateral is marked to market daily and adjusted as needed to maintain the required minimum

level. Pledging or selling non-cash collateral securities cannot be done without a borrower default. On December 31, 2023, the fair value of the securities on loan to counterparties was approximately \$12.5 billion.

Cash collateral is reinvested by the lending agents in either a U.S. dollar cash collateral pool or a pool denominated in Euros. These pools are administered in accordance with contractual investment guidelines which are designed to minimize the risk of principal loss and provide a modest rate of return. Investment guidelines limit credit and liquidity risk by restricting new investments to repurchase agreements collateralized with high quality U.S. government, U.S. government agencies, and sovereign debt securities. To further reduce credit risk, in addition to maintaining collateral greater than 100 percent of the loaned securities, the WRS's agents provide indemnification to the WRS against counterparty default. The earnings generated from the collateral investments or fees, plus or minus the rebates received from or paid to the dealers and less fees paid to agents, results in the net earnings from lending activities, which are then split on a percentage basis with the lending agent. Cash from the U.S. dollar pool may be posted as collateral relating to short sale transactions and it earns the Overnight Bank Funding rate plus 10 basis points.

As of December 31, 2023, a total of \$5.4 billion in cash was released from the invested securities lending collateral pool to the WRS. The cash released is used to provide liquidity for other WRS investment strategies. The Securities Lending Collateral Liability is fully collateralized when the cash released is combined with the Invested Securities Lending Collateral.

As of December 31, 2023, the WRS had minimal credit risk exposure to borrowers as loans are collateralized in excess of 100 percent. In addition to the cash collateral reinvestment indemnification, the contracts with the lending agents require indemnification for the WRS if the borrowers fail to return the loaned securities and the collateral is inadequate to replace the securities lent. The WRS is also indemnified against losses resulting from violations of investment guidelines.

The majority of security loans are open-ended and can be terminated on demand by the WRS or the borrower. Maturities of investments made with cash collateral are not necessarily matched to the maturities of the securities loaned because most loans do not have a fixed maturity date. The risk that the WRS would be unable to return collateral to securities borrowers upon termination of the loan is mitigated by the highly liquid nature of investments held in the collateral reinvestment pools and investments held by the WRS. The average maturities of the loans and the average maturities of the assets held in the collateral reinvestment pools were similar at December 31, 2023.

Securities lending is allowed in certain commingled fund investments. As an investor in such funds, the WRS does not own the underlying securities. External asset managers of commingled funds manage securities lending activity for all investors within the fund and do not separately report on securities lending activity. All earnings of these commingled funds are reported in the Statement of Changes in Fiduciary Net Position.

Derivative Instruments**Wisconsin Retirement System (WRS)**

Derivative instruments may be used to implement investment strategies for the WRS. All derivative instruments are subjected to risk analysis and monitoring processes at the portfolio, asset class, and fund levels. Investment guidelines define allowable derivative activity for each portfolio and are based on the investment objectives which have been approved by the SWIB. Where derivative instruments are permitted, guidelines stipulate allowable instruments and the manner to which they can be used.

Gains and losses for all derivative instruments are reported in the Statement of Changes in Fiduciary Net Position.

The WRS seeks to mitigate counterparty credit risk through counterparty credit evaluations and approvals, counterparty credit limits, and exposure monitoring procedures. Additionally, policies have been established which seek to implement master netting arrangements with counterparties that permit the closeout and netting of transactions with the same counterparty upon the occurrence of certain events, such as payment default, rating downgrade, bankruptcy, illegality, or force majeure. Agreements may also require daily collateral postings to further mitigate credit risk.

As of December 31, 2023, there were 26 counterparties making up the WRS's exposure to counterparty credit risk for uncleared OTC derivative contracts. The exposure of the WRS to counterparty credit risk relating to these was as follows (in millions of US Dollars):

OTC Derivative Instruments Subject to Counterparty Credit Risk		
	Counterparty Credit Rating	
FX Receivables:	AA	\$ 303.1
	A	3,800.2
To Be Announced Securities	A	52.4
Swap Receivables	A	3,647.2
Warrants	Not Rated	0.1
Total		7,803.0
Less Collateral and MNA Offsets		7,747.7
Total OTC Counterparty Credit Risk		\$ 55.3

Foreign Currency Spot and Forward Contracts – Foreign Currency Spot and Forward contracts are uncleared OTC agreements between two parties to exchange designated currencies at a specific time in the future. No cash is exchanged when a foreign exchange spot or forward contract is initiated. Amounts due are paid or received on the contracted settle date.

Currency exposure management is permitted through the use of currency derivative instruments. Direct hedging of currency exposure back to the US dollar is permitted when consistent with the strategy of the portfolio. Cross-currency exposure management to transfer out of an exposed currency and into a benchmark currency is also permitted. Discretionary currency overlay strategies at the total fund and asset class level may be employed when currency market conditions suggest such strategies are warranted.

Losses may arise from future changes in the value of the underlying currency, or if the counterparties do not perform under the terms of the contract. Spot and forward contracts are valued daily with the changes in fair value included in "Net Appreciation (Depreciation) in Fair Value of Investments" on the Statement of Changes in Fiduciary Net Position. The net receivable or payable for spot and forward contracts is reflected as "Foreign Currency Contracts" on the Statement of Fiduciary Net Position.

During the year, currency exposure management involved the use of foreign currency spot and forward contracts. The following table presents the fair value of foreign currency spot and forward contract assets and liabilities held as of December 31, 2023 (in millions):

Foreign Currency Spot and Forward Contracts

Futures Contracts – A futures contract is an exchange-traded agreement to buy or sell a financial instrument, index, or commodity at an agreed upon price and specified date in the future.

The fair value of futures contracts represents the unrealized gain/(loss) on the contracts since trade inception and is reflected as a portion of “Financial Futures Contracts and Swaps” on the Statement of Fiduciary Net Position. Futures contracts are marked to market daily, based upon the closing market price of the contract at the board of trade or exchange on which they are traded. Gains and losses resulting from investments in futures contracts are included in the “Net Appreciation (Depreciation) in the Fair Value of Investments” on the Statement of Changes in Fiduciary Net Position.

The following table presents the investments in futures contracts as of December 31, 2023 (in millions).

Futures Contracts			
Futures Contract Description	Expiration	Notional Amount	Fair Value*
Long Positions:			
Commodity	Jan 24 - Dec 24	\$ 396.9	\$ (2.4)
Currency	Jan 24 - Mar 24	148.7	1.4
Equity Index	Jan 24 - Mar 24	3,952.8	158.0
Fixed Income	Mar 24	6,828.9	172.2
Interest Rate	Mar 24 - Mar 25	295.1	0.4
Short Positions:			
Commodity	Jan 24 - Sep 24	(434.5)	6.1
Currency	Jan 24 - Mar 24	(17.8)	(0.2)
Equity Index	Jan 24 - May 24	(2,618.2)	(94.5)
Fixed Income	Mar 24	(1,624.6)	(38.3)
Interest Rate	Sep 24	(295.8)	(0.4)
Total		\$ 6,631.4	\$ 202.2

* Fair Value includes foreign currency gains/(losses).

Futures contracts involve, to varying degrees, risk of loss in excess of margin deposited with the clearinghouse. Losses may arise from future changes in the value of the underlying instrument.

Futures contracts may be entered into for purposes such as 1) to efficiently gain or adjust market exposures for rebalancing, 2) to adjust sector, interest rate, or duration exposure, or 3) to securitize cash or act as a substitute for cash market transactions.

Swap Contracts - Swaps are negotiated contractual agreements between two parties which can be either cleared or uncleared OTC investments. As is specified in the WRS's investment guidelines, swaps may be used as an alternative to physical securities when it is deemed advantageous for portfolio construction. In addition, swaps may be used to adjust asset class exposures for the WRS. Certain guideline limits and soft risk parameters for portfolios are applied to the aggregate exposures which includes both physical and synthetic securities. A synthetic security is a security or combination of securities that mirrors the properties of another reference security.

Open CDS contracts represent cleared OTC positions where the WRS gains exposure to credit protection. Under the terms of the contracts, the WRS receives or pays periodic payments and, in exchange, agrees to pay or receive a formula-driven amount to or from counterparties for losses incurred if stipulated credit events occur. CDS spreads are sensitive to credit spread and interest rate changes. The fair value of a CDS is determined using the closing price as reported by the applicable clearinghouse.

IRS positions represent cleared OTC contracts where fair value is determined using the closing price as reported by the applicable clearinghouse. The open TRS contracts represent uncleared OTC positions where the WRS gains exposure to the return of the underlying equity index and, in exchange, agrees to pay or receive the stipulated rate benchmark, plus or minus a spread. The rate benchmark is based on the 1-day Fed Funds Rate set by the Federal Open Market Committee (FOMC), or the 1-day U.S. Secured Overnight Financing Rate (SOFR) published by the Federal Reserve of New York and is sensitive to interest rate changes. The fair value of a TRS is based on the change in quoted market price of the underlying equity index and represents the unrealized gain/(loss) on the contracts since trade inception.

The fair value of CDS, IRS, and TRS is included in “Financial Futures Contracts and Swaps” on the Statement of Fiduciary Net Position. Gains and losses resulting from investments in swap contracts are included in the “Net Appreciation (Depreciation) in the Fair Value of Investments” on the Statement of Changes in Fiduciary Net Position. Any interest owed but not yet paid relating to swap contracts is reported within “Accounts Payable and Other Accrued Liabilities” on the Statement of Fiduciary Net Position. Interest Expense relating to swap contracts is reported as “Investment Expense” on the Statement of Changes in Fiduciary Net Position.

IRS and TRS contracts are highly sensitive to interest rate changes because they are based on fluctuating benchmark rates. As rates fluctuate, the total expected cash flows will fluctuate.

During the year, the WRS held positions in Total Return (TRS), Interest Rate Swaps (IRS), and Credit Default Swaps (CDS). The following table presents the investments in open Swap positions as of December 31, 2023 (in millions):

Open Swap Positions

Options – An options contract gives the purchaser of the contract the right, but not the obligation, to buy (call) or sell (put) the security or index underlying the contract at an agreed upon price on or before the expiration date of the contract. The seller of the contract is subject to market risk, while the purchaser is subject to credit risk and market risk, to the extent of the premium paid to enter into the contract.

Trust fund rebalancing policies and certain portfolio investment guidelines permit the use of exchange-traded and over-the-counter (OTC) options. Options can be used to improve market exposure efficiency, enhance expected returns, or provide market exposure hedges. Exchange rules require that the seller of short exchange traded option contracts cover these positions either by collateral deposits in the form of cash or by pledging, in escrow, the actual securities that would be transferred to the contract purchaser in the event the options contract was exercised. In the case of OTC options, investment guidelines mitigate counterparty credit risk by establishing minimum credit ratings and requiring master netting agreements with provisions for collateral exchanges.

The fair value of option contracts is based upon the closing market price of the contract and is reflected as "Options" on the Statement of Fiduciary Net Position. Gains and losses as a result of investments in option contracts are included in the "Net Appreciation (Depreciation) in the Fair Value of Investments" on the Statement of Changes in Fiduciary Net Position.

To Be Announced Securities - To be announced mortgage-backed (TBA) securities are uncleared OTC forward contracts consisting of mortgage-backed securities (MBS) issued by Government National Mortgage Association, a government entity, and by government-sponsored enterprises such as, the Federal National Mortgage Association or the Federal Home Loan Mortgage Corp. The term TBA is derived from the fact that the actual MBS that will be delivered to fulfill a TBA trade is not designated at the time the trade is made. Instead, the specific pool of mortgages making up the MBS is announced 48 hours prior to the established trade settlement date. Eligibility rules and standards for MBS pools deliverable into TBA contracts ensure that delivered MBS pools are fungible. Payment for TBA securities is not made until the settlement date.

Certain portfolio investment guidelines allow for both long and short TBA positions. To mitigate counterparty credit risk, guidelines establish minimum credit ratings and require master netting agreements which include provisions for collateral exchanges.

The table below presents the fair value of option contracts as of December 31, 2023 (in millions):

Option Contracts							
Security Description	Contract Type	Position	Exchange-Traded vs. OTC	Expiration	Notional	Fair Value	Unrealized Gain (Loss)
Equity	Call	Long	Exchange	Mar 24	\$ 1.8	\$ 0.1	\$ 0.1
Equity	Call	Short	Exchange	Jan 24 - Mar 24	(48.7)	(1.2)	(0.4)
Equity	Put	Long	Exchange	Jan 24 - Dec 24	102.5	0.5	(1.8)
Equity	Put	Short	Exchange	Jan 24 - Dec 24	(83.0)	(0.2)	0.7
Fixed Income	Put	Long	Exchange	Jan 24	46.4	—	(0.3)
Futures	Call	Long	Exchange	Dec 24	17.4	4.4	1.9
Futures	Call	Short	Exchange	Dec 24	(27.0)	(2.3)	(0.7)
Total					\$ 9.5	\$ 1.4	\$ (0.5)

TBAs, much like their underlying MBS securities, may be highly sensitive to interest rate changes. This is because the MBS pool on which these forward contracts are based can be subject to early payment in a period of declining interest rates. The price of TBAs can fluctuate as the marketplace predicts changes in timing, or possible reductions in expected cash flows, associated with a change in interest rates.

The table below presents the fair value of TBA securities as of December 31, 2023 (in millions). Duration, which is stated in years, is the measure of price sensitivity of a fixed income security to an interest rate change of 100 basis points. Duration statistics are weighted by the fair value of each position to compute an average duration for the contracts held.

TBA Contracts			
Position / Maturity	Fair Value	Unrealized Gain / (Loss)	Weighted Avg. Duration (years)
Long Jan - Feb 24	\$ 2,543.8	\$ 53.3	4.8
Short Jan 24	(1,380.0)	(12.4)	5.1
Total	\$ 1,163.8	\$ 40.9	

The fair value of TBAs is reflected in "To Be Announced Securities" on the Statement of Fiduciary Net Position. The unrealized gain/loss associated with these contracts is included within the "Net Appreciation (Depreciation) in the Fair Value of Investments" on the Statement of Changes in Fiduciary Net Position.

Warrants — A warrant is a contract that entitles the holder to buy the underlying stock of the issuing company at a specified price. Warrants and options are similar in that the two instruments allow the holder special rights to buy securities. However, warrants differ from options in that they provide additional financing to the issuing company when exercised.

As of December 31, 2023, the WRS held warrant contracts valued at \$0.2 million. Warrants are included in the "Equities" section on the Statement of Fiduciary Net Position. The associated unrealized loss of \$0.9 million is included in the "Net Appreciation (Depreciation) in the Fair Value of Investments" on the Statement of Changes in Fiduciary Net Position.

Short Sell Obligations

Wisconsin Retirement System (WRS)

The WRS may sell a security it does not own in anticipation of purchasing the security later at a lower price. This is known as a short sale transaction. For the duration of the short sale transaction, a liability is recorded under "Short Sales of Securities" on the Statement of Fiduciary Net Position. The liability presented represents the fair value of the shorted securities necessary for delivery to the purchaser and is marked-to-market daily. Realized and unrealized gains and losses associated with short sales are recorded on the Statement of Changes in Fiduciary Net Position within the "Net Appreciation (Depreciation) in Fair Value of Investments" category. Prior to executing a short sale, the WRS borrows the security from a party currently holding it. While the transaction is open, the WRS incurs expenses for securities borrowing costs. In addition, as a security borrower, the WRS may incur dividend and interest expense as such payments must be remitted to the security lender during the course of the loan. During the duration of the borrow, there may be corporate action elections requiring the borrower to deliver items such as cash or securities to the lender. Such expenses are included in "Investment Expense" on the Statement of Changes in Fiduciary Net Position.

Risks arise from short sales due to the possible illiquidity of the securities markets and from potential adverse movements in security values. The cost to acquire the securities sold short may exceed the amount of proceeds initially received, as well as the amount of the liability recorded as "Short Sales of Securities" in the Statement of Fiduciary Net Position. Short sales expose the short seller to potentially unlimited liability as there is no upward limit on the price a shorted security could reach. Certain portfolio guidelines permit short sales and mitigate risks in various ways including limiting the total value of short sales as a percentage of portfolio value, establishing portfolio versus benchmark tracking error limits, and monitoring other statistical and economic risk measures of the portfolio. Investment performance and risk associated with each portfolio is measured against benchmarks and monitored by management.

When a short sale occurs, the shorting portfolio must borrow the security and deliver it to the buyer. If the shorted security is owned by another WRS portfolio, investment policies allow the borrowing of the shorted securities from other WRS portfolios, including inter-fund borrowings. In addition to borrowing securities from existing WRS portfolios, the WRS may borrow securities from external sources. These borrowings are facilitated by the WRS's custodian.

Except in the case of borrowings within the same trust fund, the WRS is required to post collateral to the lender, at the required rate of 102 percent for in-currency loans and 105 percent for cross-currency loans. The WRS posted \$40.5 million in cash and \$2.7 billion in securities as collateral to security lenders representing \$38.1 million in excess of the fair market value of the securities borrowed as of December 31, 2023. If the security lender recalled the security and the WRS was not able to supply the lender with the security, the lender would be permitted to use the WRS's collateral to fund the purchase of the security.

2. State Investment Fund

The State Investment Fund (SIF) pools the cash of the State of Wisconsin and its agencies, the WRS, and various local government units (Local Government Investment Pool - LGIP) into a commingled fund with the investment objective of safety of principal and liquidity while earning a competitive money market

rate of return. State of Wisconsin agencies are required to invest their operating cash in the SIF. In the State's Annual Comprehensive Financial Report, the SIF is not reported as a separate fund; rather, each State fund's share in the "pool" is reported on the balance sheet as "Cash and Cash Equivalents." Shares of the SIF belonging to other participating public institutions are presented in the Local Government Investment Pool, an investment trust fund.

Wis. Stat. § 25.17(3)(b), (ba), (bd) and (dg) enumerate the various types of securities in which the SIF can be invested, which include obligations of the United States or its agencies, corporations wholly owned by the United States or chartered by an act of Congress, securities guaranteed by the United States, the unsecured notes of financial and industrial issuers, direct obligations of or guaranteed by the government of Canada, certificates of deposit issued by banks in the United States including financial institutions in Wisconsin and banker's acceptances, as well as other loans, securities or investments that meet the SWIB's standard of responsibility within Wis. Stat. § 25.15(2).

For financial statement purposes, the valuation methodology of securities varies depending on the asset class. Repurchase Agreements and non-negotiable Certificates of Deposit and Time Deposits are carried at cost because they are non-participating contracts that do not capture interest rate changes in their value.

All remaining debt investments (U.S. Government/Agency securities, Banker's Acceptances, Commercial Paper, Corporate Notes, and negotiable Certificates of Deposit) are carried at fair value. Because quoted market prices for SIF securities are often not available at month end, BNY, as the SWIB's custodial bank, compiles fair values from third party pricing services which use matrix pricing models to estimate a security's fair value.

For purposes of calculating earnings to each participant, all investments are valued at amortized cost. Specifically, income is distributed to pool participants monthly, based on their average daily share balance. Distributions include interest income based on stated rates (both paid and accrued), amortization of discounts and premiums on a constant yield basis, realized investment gains and losses calculated on an amortized cost basis, and investment expenses. This method does not distribute to participants any unrealized gains and losses generated by the pool's investments.

SIF pool shares are bought and redeemed at \$1.00 based on the amortized cost of the investments in the SIF. The State of Wisconsin does not provide any legally binding guarantees to support the value of pool shares.

Fair Value Reporting

The SIF categorizes its fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets, Level 2 inputs are significant other observable inputs, and Level 3 inputs are significant unobservable inputs. Investments held at cost or amortized cost are not reported within the fair value hierarchy.

Securities classified in Level 1 are generally valued at the official closing price (usually the last trade prices) or the last bid price on the security's primary exchange. Such investments include U.S. Treasury bills and only the most recently issued U.S. Treasury notes and bonds are classified as Level 1 because available

pricing for these securities is similarly reliable to exchange-traded securities.

Debt securities categorized as Level 2 are valued using observable inputs by third party pricing services using a matrix - pricing technique. Matrix pricing is used to value securities based on their relationship to quoted market prices for securities with similar interest rates, maturities, and credit ratings. Most debt securities are classified as Level 2 because they are generally traded using a dealer market, with lower trading volumes than Level 1 securities.

Level 3 investments are generally valued using significant inputs that are unobservable to the marketplace.

Investments held at cost (Repurchase Agreements and Time Deposits with maturity less than 90 days) are not reported within the fair value hierarchy.

The following table presents the recurring fair value measurements as of June 30, 2024 (in millions):

SIF	Fair Value Measurement Using		
	Fair Value	Level 1 Inputs	Level 2 Inputs
Investments by Fair Value Level:			
Government & Agencies	\$10,830.8	\$ 5,827.8	\$ 5,003.1
Commercial Paper	387.9	—	387.9
Corporate Notes	26.4	—	26.4
Certificates of Deposit (negotiable)	5.0	—	5.0
Total by Fair Value Level	\$11,250.1	\$ 5,827.8	\$ 5,422.4
Short-Term Reported at Cost or Amortized Cost:			
Repurchase Agreements	\$12,126.5		
Time Deposits (non- negotiable)	50.0		
Total	\$23,426.6		

Custodial Credit Risk

The custodial credit risk for investments is the risk that, in the event of the failure of the counterparty to a transaction, the SWIB will not be able to recover the value of investments or collateral securities that are in the possession of an outside party. Investments are exposed to custodial credit risk if the securities are uninsured and unregistered and are either held by the counterparty or by the counterparty's trust department or agent but not in the name of the SWIB. The SIF held repurchase agreements totaling \$12.1 billion as of June 30, 2024. Repurchase agreements, totaling \$2.8 billion, were bilateral agreements with the underlying securities held as collateral at the SWIB's custodian. Repurchase agreements, totaling \$3.8 billion, were tri-party agreements. The underlying securities (collateral) for these repurchase agreements were held by the tri-party's agent, not in the SWIB's name. The remaining repurchase agreements, totaling \$5.5 billion, were related-party, bilateral agreements with the WRS. The underlying securities for these repurchase agreements were held by the SWIB's custodian, in SIF's name.

The related party repurchase transactions with the WRS were overnight agreements collateralized with U.S. Treasury securities. The WRS is also a participant in the SIF, with investments totaling \$2.4 billion (Core Fund) and \$218.7 million (Variable Fund) at June 30, 2024.

During Fiscal Year 2024, the SIF purchased short-term securities with a par value totaling \$200.4 million from the Core Fund. The market value of the securities purchased was based on a determination of a reasonable price not favoring either portfolio using available independent bid ask inquiries for the security or a similar security.

The SIF's custodial credit risk policy addresses the primary risks associated with safekeeping and custody. It requires that custodial institutions be selected through a competitive bid process and that the institution be designated a "Systemically Important Financial Institution" by the U.S. Federal Reserve. The policy also requires that the SIF be reflected as beneficial owner on all securities entrusted to the custodian and that the SIF has access to safekeeping and custody accounts.

The custodian is also required to be insured for errors and omissions and must provide the SIF with an annual report on internal controls. The SIF's current custodial bank was selected in accordance with these guidelines and meets all requirements stipulated in the custodial credit risk policy.

Concentration of Credit Risk

Concentration of credit risk is the risk of loss attributed to the magnitude of an organization's investment in a single issuer. The SIF's investment guidelines limit concentrations of credit risk by establishing maximum issuer and/or issue exposure limits based on credit rating. These guidelines do not place a limit on maximum exposure for instruments issued or guaranteed by the U.S. Government and its agencies, repurchase agreements (collateralized with U.S. Treasury and Agency securities), or deposit instruments guaranteed or secured by letters of credit issued by U.S. Agencies or government-sponsored enterprises (GSEs). As of June 30, 2024, the SIF has more than five percent of its investments in FHLB (16.2 percent), U.S. Treasury (26.3 percent) and Repurchase Agreement collateral (51.8 percent) consisting of various securities issued by the U.S. Treasury. Since the Repurchase Agreements generally mature each day, new collateral, consisting of a different blend of U.S. Treasury securities, is assigned each day.

Credit Quality Risk

Credit risk is the risk that an issuer or other counterparty to an investment will not fulfill its obligations. The SWIB established SIF investment guidelines require at least 70 percent of the market value of the portfolio to be invested in: (1) instruments issued or guaranteed by the U.S. Government and its agencies (maturing in 10 years or less), (2) repurchase agreements (collateralized with Treasury and agency securities maturing in 10 years or less), (3) deposit instruments guaranteed or secured by letters of credit issued by U.S. agencies or government-sponsored enterprises (GSEs), and (4) FDIC insured bank instruments.

The following table presents these credit ratings and aggregate exposures by investment type as of June 30, 2024 (in millions):

Investment Type	Ratings	Fair Value
Repurchase Agreements (Collateral):		
U.S. Government & Agencies Debt	AA	\$ 12,126.5
Government Sponsored Entity		
U.S. Agency:		
Federal Home Loan Bank (FHLB)	A-1+	3,487.1
Federal Farm Loan Bank (FFCB)	A-1+	830.0
Federal Home Loan Bank (FHLB)	AA	299.0
Federal Farm Credit Bank (FFCB)	AA	50.0
U.S. Treasury:		
Short-Term (Bills and Notes)	A-1+	5,977.8
Long-Term (Notes)	AA	186.9
Commercial Paper	A-1+	338.0
Commercial Paper	A-1	50.0
Time Deposits	A-1+	50.0
Corporate Notes	A	26.4
Certificates of Deposit	A-1	5.0
Total Investments		\$ 23,426.6

Interest Rate Risk

Interest rate risk is the risk that changes in interest rates will adversely affect the fair value of an investment. The Weighted Average Maturity (WAM) method is used to analyze interest rate risk and investment guidelines mandate that the WAM for the entire portfolio will not exceed one year.

At June 30, 2024, the following table shows the investments by investment type, amount and the weighted average maturities (in millions):

Investment Type	Fair Value	Weighted Average Maturity (Days)
Repurchase Agreements	\$ 12,126.5	1
Government & Agencies	10,830.8	28
Commercial Paper	387.9	11
Time Deposits	50.0	1
Corporate Notes	26.4	7
Certificate of Deposit	5.0	108
Total Investments	\$ 23,426.6	
Portfolio Weighted Average Maturity (Days)		14

Foreign Currency Risk

Foreign currency risk is the risk that changes in exchange rates will adversely impact the fair value of an investment. At June 30, 2024, the SIF was not exposed to foreign currency risk.

3. Lottery Investments and Related Future Prize Obligations

Investments of the State Lottery Fund totaling \$1.9 million are held to finance grand prizes payable over a 20-year, 25-year or 30-year period. The investments in prize annuities are debt obligations of the U.S. government backed by its full faith and credit as to both principal and interest. Liabilities related to the future prize obligations are presented at their present value and included in "Accounts Payable and Other Accrued Liabilities".

The following is a schedule of future prize obligations (in millions):

Fiscal Year	Amount
2025	\$ 0.3
2026	0.3
2027	0.3
2028	0.4
2029	0.2
Thereafter	0.7
Total future value	2.2
Less: Present value adjustment	(0.4)
Present value of payments	\$ 1.9

NOTE 6. RECEIVABLES AND NET REVENUES**A. Receivables**

NOTE 8. ENDOWMENTS**Primary Government****University of Wisconsin System**

The University of Wisconsin System invested its trust funds, principally gifts and bequests designated as endowments or quasi-endowments, in two of its own investment pools: the Long Term Fund and the Applied Security Analysis Program "RegentFund." In Fiscal Year 2018, the Board of Regents transferred its investment management responsibilities of the Long Term Fund to the State of Wisconsin Investment Board (SWIB) as permitted through Wis. Stat. § 36.11 (11m). The RegentFund was established on April 1, 2019, as an investment fund for a limited number of participating Trust Funds accounts. The RegentFund is an intermediate-term fixed income portfolio, governed by and subject to a Board-approved Memorandum of Understanding, which includes detailed investment guidelines.

Benefiting University of Wisconsin System entities receive quarterly distributions from the Long Term Fund, principally endowed assets, based on an annual spending rate applied to a 12-quarter moving average market value of the fund. The annual spending rate is currently 4.0 percent. Distributions from the RegentFund, principally quasi-endowments and unspent income distributions, consist of interest earnings distributed quarterly. Spending rate and interest distributions from both of these funds are transferred to the State Investment Fund, pending near-term expenditures. At June 30, 2024, net appreciation of the endowment accounts was \$175.0 million which was available to meet spending rate distributions, of which \$22.2 million was actually authorized for expenditure.

For University of Wisconsin System-controlled, donor-restricted endowments, the Uniform Prudent Management of Institutional Funds Act as adopted, permits the Board of Regents of the University of Wisconsin System to appropriate for current spending, an amount of realized and unrealized endowment appreciation as they determine to be prudent. Realized and unrealized appreciation in excess of that amount appropriated for current spending is retained by the endowments.

University of Wisconsin System investment policies and guidelines are governed and authorized by the Board of Regents. The approved asset allocation for the new SWIB-managed Long Term Fund has a target to public markets of the following: 57.0 percent public equities, 20.0 percent fixed income, and 23.0 percent inflation sensitive securities. Private markets are not included in the target asset allocation. The legacy private markets investments will self-liquidate as distributions are made from existing funds with no new commitments intended.

The fair value of Endowments as of June 30, 2024 was \$584.9 million including an unrealized gain of \$47.9 million when fair values as of June 30, 2024 are compared to asset acquisition costs.

The calculation of realized gains and losses is independent of a calculation of the net change in the fair value of investments since realized gains and losses are based on the difference between the selling price and the acquisition cost of the asset. Therefore, when assets are reported at fair value much of the realized gain or loss may have already been included in prior years as part of the overall change in the fair value of investments.

At June 30, 2024, the book value and fair value of principal funds under control of the University of Wisconsin System was (in millions):

Original Contributions and Distributed Net Gains	\$ 381.6
Realized Gains – Undistributed	155.4
Book Value	537.0
Unrealized Net Gains/Losses – Undistributed	47.9
Fair Value	\$ 584.9

On June 30, 2024, the portfolio at market, for the Long Term Fund, contained 46.6 percent in global equities, 15.4 percent in Treasury Inflation Protection Securities (TIPS), 15.6 percent in investment grade government/credit, 6.2 percent in hedged non-U.S. equities, 2.3 percent in real estate investment trusts, 2.4 percent in emerging markets equities, and 11.5 percent in private markets. The total return (loss) on the principal Long Term Fund including capital appreciation was 10.7 percent for the year.

On June 30, 2024, the portfolio at market, for the RegentFund, contained 95.1 percent in fixed income securities and 4.9 percent in cash and cash equivalents. The total return on the principal RegentFund including capital appreciation was 6.6 percent for the year.

NOTE 9. INTERFUND RECEIVABLES, PAYABLES, AND TRANSFERS

Interfund balances as of or for the year ended June 30, 2024 consists of the following (in thousands):

A. Due from/to Other Funds:

Due from Other Funds and the Due to Other Funds represent short-term interfund accounts receivable and payable. The balances in these accounts at June 30, 2024 were as follows (in thousands):

Due to Other Funds:											
	General	Transportation	Nonmajor Governmental	Environmental Improvement	University of Wisconsin System	Unemployment Reserve	Nonmajor Enterprise	Internal Service	Fiduciary	Total	
Due from Other Funds:											
General	\$ —	\$ 16,662	\$ 2,746	\$ 4,294	\$ 42,253	\$ 2,775	\$ 1,668	\$ 854	\$ 81,446	\$ 152,699	
Transportation	64	—	15,983	—	—	—	—	—	—	16,046	
Nonmajor Governmental	112	12,721	1,558	26	5,217	—	8,274	1,803	—	29,712	
Environmental Improvement	15	—	46	—	—	—	—	—	—	61	
University of Wisconsin System	21,370	171	1,115	47	—	—	1	8	—	22,712	
Unemployment Reserve	—	—	—	—	82	—	—	—	—	82	
Nonmajor Enterprise	7,408	—	—	—	7	—	164,788	61	7,126	179,391	
Internal Service	6,656	1,840	718	—	608	—	189	—	5,516	15,528	
Fiduciary	17,010	1,741	104	2	54,297	—	9,842	487	1,947	85,431	
Total	\$ 52,636	\$ 33,135	\$ 22,268	\$ 4,370	\$ 102,466	\$ 2,775	\$ 184,764	\$ 3,213	\$ 96,034	\$ 501,662	

The balances in the Due from Other Funds and Due to Other Funds accounts typically result from the time lag between the dates that

- (1) interfund goods and services were provided and when the payments occurred, and
- (2) interfund transfers were accrued and when the liquidations occurred.

Most of the State's funds are presented on a fiscal year ended June 30. However, some funds are presented on a fiscal year ended December 31. As a result, inconsistencies may occur in amounts reported as interfund receivables or payables between funds with different fiscal year ends.

B. Interfund Receivables/Payables

Interfund Receivables/Payables represent short-term loans from one fund to another to cover cash overdrafts. Interfund receivables/payables at June 30, 2024 were as follows (in thousands):

	Interfund Receivable:	
	General	Total
Interfund Payables:		
Nonmajor Governmental	\$ 6,805	\$ 6,805
Nonmajor Enterprise	56,711	56,711
Internal Service	28,955	28,955
Total	\$ 92,471	\$ 92,471

C. Advances to/from Other Funds

Advances to/from Other Funds represent long-term loans to one fund from another fund. Advances at June 30, 2024 were as follows (in thousands):

	Advances from Other Funds (liability):	
	Nonmajor Governmental	Total
Advances to Other Funds (asset):		
Environmental Improvement	\$ 7,162	\$ 7,162
Nonmajor Enterprise	—	—
Total	\$ 7,162	\$ 7,162

D. Interfund Transfers

Interfund Transfers in and out that occurred during Fiscal Year 2024 were as follows (in thousands):

		Transfers In:							
		General	Transportation	Nonmajor Governmental	Environmental Improvement	University of Wisconsin System	Nonmajor Enterprise	Internal Service	Total
Transfers Out:									
General	\$	—	\$ 643,545	\$ 2,509,836	\$ —	\$ 1,218,421	\$ 259,560	\$ 854	\$ 4,632,215
Transportation		610	—	181,696	—	—	—	—	182,307
Nonmajor Governmental		45,647	20,730	58,516	199	179,864	101,003	1	405,959
Environmental Improvement		—	—	6,011	—	—	—	—	6,011
University of Wisconsin System		36,949	—	85,489	—	—	—	24	122,462
Nonmajor Enterprise		5,991	—	10,741	—	—	831	—	17,563
Internal Service		962	—	2,722	—	—	—	748	4,432
Fiduciary		3	—	730	—	—	—	—	733
Total	\$	90,162	\$ 664,275	\$ 2,855,741	\$ 199	\$ 1,398,284	\$ 361,395	\$ 1,628	\$ 5,371,682

Transfers are typically used to move: (1) revenues from the fund that statute or budget requires to collect them to the fund that statute or budget requires to expend them, (2) receipts restricted to debt service from the funds collecting the receipts to the debt service fund as debt service payments become due, (3) unrestricted revenues collected in one fund to finance various programs accounted for in other funds in accordance with statute or budgetary authorizations, and (4) accumulated surpluses from other funds to the General Fund when authorized by statute.

Most of the State’s funds are presented on a fiscal year ended June 30. However, some funds are presented on a fiscal year ended December 31. As a result, inconsistencies may occur in amounts reported as interfund transfers between funds with different fiscal year ends. In addition, the transfer of capital assets between governmental and enterprise funds will result in an inconsistency.

Nonroutine and Other Transfers

Transfers considered non-routine or inconsistent with the fund making the transfer included the following (in thousands):

Transfer out from the General Fund:

Funds Reporting the Transfer In	Amount
Capital Improvement	\$ 1,234,082
Transportation	555,524
Building Trust	18,000
Veterans Trust Fund	15,861

Transfers in to the General Fund:

Funds Reporting the Transfer Out	Amount
University of Wisconsin System	\$ 28,448
Building Trust	15,000

Transfers out from the Petroleum Inspection Fund:

Fund Reporting the Transfer In	Amount
Transportation	\$ 14,480

NOTE 10. CHANGES IN LONG-TERM LIABILITIES

During the year ended June 30, 2024, the following changes occurred in long term liabilities (in thousands):

Primary Government

Governmental Activities	Balance July 1, 2023	Additions	Reductions	Balance June 30, 2024	Amounts Due Within One Year
Bonds, Long Term Notes and Certificates Payable:					
General Obligation Bonds and Notes for:

Leases for:					
Governmental Funds	336,853	25,535	43,960	318,427	28,351
Internal Service Funds	17,956	2,859	2,653	18,162	2,813
SBITAs for:					
Governmental Funds	35,975	12,096	17,229	30,843	15,782
Internal Service Funds	65,735	15,765	25,324	56,175	26,624
Compensated Absences	2,652,517	355,784	182,625	2,825,675	187,115
Net Pension Liability	724,974	—	517,659	207,315	—
Other Postemployment Benefits	548,149	74,201	—	622,350	—
Claims, Judgments and Commitments	687	—	236	451	—
Pollution Remediation Obligations	240	251	169	322	322
Total Governmental Activities Long-term Liabilities	\$ 14,780,702	\$ 1,750,215	\$ 2,819,018	\$ 13,711,900	\$ 1,469,152

Repayment of the general obligation bonds and notes is made from the Bond Security and Redemption Fund. The amount presented in this fund represents the liability to be paid from resources accumulated to provide debt service payments in Fiscal Year 2024.

Repayment of the revenue bonds principal and interest is made from the appropriate debt service fund with payments secured by registration and inspection fees collected by the appropriate program. Most of the compensated absences, pension and other postemployment benefits liabilities are attributed to the General, Transportation and Conservation funds. Long-term liabilities for claims, judgments and commitments are generally liquidated with resources of the governmental activities.

Business-type Activities	Balance July 1, 2023	Additions	Reductions	Balance June 30, 2024	Amounts Due Within One Year

NOTE 11. BONDS, NOTES AND OTHER DEBT OBLIGATIONS

The following schedule summarizes outstanding bonds and long-term notes payable at June 30, 2024 (in millions):

Primary Government	
Governmental Activities:	
General Obligation Bonds and Notes	\$ 5,426.4
Annual Appropriation Bonds	2,219.5
Transportation Revenue Bonds	1,794.2
Certificates of Participation	49.4
Total Governmental Activities	9,489.6
Business-type Activities:	
General Obligation Bonds and Notes:	
University of Wisconsin System	1,551.8
Other Business-type	45.5
Environmental Improvement Revenue Bonds	495.9
Certificates of Participation	7.8
Total Business-type Activities	2,101.0
Total Primary Government	\$ 11,590.6

A. General Obligation Bonds

The State of Wisconsin Building Commission, an agency of the State, is empowered by law to consider, act upon, authorize, issue and sell all debt obligations of the State. To date, the Commission has authorized and issued general obligation bonds and notes primarily to provide funds for the acquisition or improvement of land, water, property, highways, buildings, equipment or facilities for public purposes. Occasionally, general obligation bonds are also issued for the purpose of providing funds for veterans housing loans and to refund general obligation bonds. All general obligation bonds and notes authorized and issued by the State are secured by a pledge of the full faith, credit and taxing power of the State of Wisconsin and are customarily repaid over a period of twenty to thirty years.

Article VIII of the Wisconsin Constitution and Wis. Stat. Section 18.05 set limits on the amount of debt that the State can contract in total and in any calendar year. In total, debt outstanding cannot exceed five percent of the value of all taxable property in the State. Annual debt issued cannot exceed the lesser of three-quarters of one percent or five percent of the value of all taxable property in the State less net indebtedness at January 1.

At June 30, 2024, \$6.1 billion of general obligation bonds were legislatively authorized but unissued.

General obligation bonds issued and outstanding as of June 30, 2024 were as follows (in thousands):

Fiscal Year Issued	Series	Dates	Interest Rates	Maturity Through	Amount Issued	Amount Outstanding
2015	2014 Series 4; 2015 Series 1	1/15; 4/15	1.0 to 5.0	5/29	\$ 428,460	\$ 229,620
2016	2015 Series C; 2016 Series 1 and A	9/15; 3/16, 3/16	1.75 to 5.0	5/36	977,435	252,485

Total	\$ 5,337,522	\$ 1,634,170	\$ 1,576,343	\$ 565,165

A portion of the general obligation bonds are issued to purchase capital assets in business-type activities, but repaid using governmental activities resources. Therefore, these amounts are not included in the net investment in capital assets in government-wide statement of net position for either governmental or business-type activities, but are included in the total column since both the capital assets and debt liability are part of the primary government. At June 30, 2024 this amount was \$1.6 billion.

Though the actual interest rate paid by the state for the floating rate notes will fluctuate, the stated future interest payments in the preceding schedule above are based on an assumed 4.00 percent fixed annual rate, and not the 3.78 percent rate that was the actual reset rate in effect at June 30, 2024.

B. General Obligation Notes

Demand Notes

In May 2019, the State issued \$53.8 million of General Obligation Demand Notes ("2019 Series A Notes") for general governmental purposes as authorized by law.

With the issuance on June 5, 2024 of its General Obligation Bonds (2024 Series B), the State retired all of the outstanding 2019 Series A Notes, and as of June 30, 2024, no demand notes remain outstanding.

Floating Rate Notes

In July 2022, the State issued \$134.8 million of General Obligation Floating Rate Notes ("2022 Series A Notes") used for the acquisition, construction, development, extension, enlargement or improvement of land, water, property, highways, buildings, equipment of facilities for public purposes. The interest rates associated with these notes are variable rate with interest payable monthly beginning August 1, 2022. The notes mature May 1, 2023 and May 1, 2025.

The face value of the floating rate notes are reported as part of General Obligation Bonds and Notes in the Statements of Net Position and bear interest at rates determined and reset every seven days and computed on the basis of a 365/366 day year for the actual number of days elapsed and payable monthly on the first business day of the month. Principal outstanding as of June 30, 2024 totaled \$109.8 million.

As of June 30, 2024, general obligation demand and floating rate note debt service requirements for principal and interest for governmental activities and business-type activities are as follows (in thousands):

Fiscal Year Ended June 30	Governmental Activities		Business-type Activities

Total	\$ 88,893	\$ 4,445	\$ 20,947	\$ 1,047

C. Annual Appropriation Bonds

2003 Annual Appropriation Bonds

In December 2003, the State issued \$1.8 billion of General Fund Annual Appropriation Bonds consisting of Series A (Taxable Fixed Rate) ("2003 Series A Bonds") and Series B (Taxable Auction Rate Certificates) ("2003 Series B Bonds"). These appropriation obligations were authorized by Wisconsin Statutes to obtain proceeds to pay the State's anticipated unfunded accrued prior service (pension) liability under Wis. Stat. § 40.05(2)(b) and its unfunded accrued liability for sick leave conversion credits under Wis. Stat. § 40.05(4)(b), (bc), and (bw) and Subchapter IX of Chapter 40.

In April 2008, the State issued \$498.1 million of General Fund Annual Appropriation Refunding Bonds (Taxable Fixed Rate) ("2008 Series A Bonds") and \$300.0 million of General Fund Annual Appropriation Refunding Bonds (Taxable Floating Rate Notes) ("2008 Series B Bonds"), to refund certain maturities of the 2003 Series A Bonds.

In June 2008, the State issued \$209.0 million of General Fund Annual Appropriation Refunding Bonds (Taxable Floating Rate Notes) ("2008 Series C Bonds") to refund certain maturities of the 2003 Series A Bonds.

In November 2012, the State issued \$251.6 million of General Fund Annual Appropriation Refunding Bonds (Taxable) ("2012 Series A Bonds") to refund certain maturities of the 2003 Series A Bonds.

In August 2016, the State issued \$400.1 million of General Fund Annual Appropriation Refunding Bonds (Taxable) ("2016 Series A Bonds") to refund the May 2018 maturities of the 2008 Series A Bonds.

In February 2020, the State issued \$623.3 million of General Fund Annual Appropriation Refunding Bonds (Taxable) ("2020 Series A Bonds") to refund the 2008 Series B Bonds and 2008 Series C Bonds, and make termination payments on the interest rate exchange agreements, or swap agreements relating to the 2008 Series B Bonds and 2008 Series C Bonds.

In March 2021, the State issued \$118.7 million of General Fund Annual Appropriation Refunding Bonds (Taxable) ("2021 Series A Bonds") to refund the 2012 Series A Bonds.

These appropriation obligations are not general obligations of the State, and do not constitute "public debt" of the State as that term is used in the Constitution and in the State Statutes. The payment of the principal of, and premium, if any, and interest on the obligations is subject to annual appropriation; that is, payments due in any fiscal year of the State will be made only to the extent sufficient amounts are appropriated by the Legislature. The State is not legally obligated to appropriate any amounts for payment of debt service. The Legislature, recognizing its moral obligation to make timely appropriations from the General Fund sufficient to pay debt service on such obligations, expresses in Wis. Stat. Section 16.527(10) its expectation and aspiration that it will do so. The Legislature's recognition of a moral obligation, however, does not create a legally enforceable obligation.

The 2003 Series A Bonds in the outstanding principal amount of \$213.4 million, bear interest at a rate of 5.70 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1 until their maturity dates.

The 2016 Series A Bonds in the outstanding principal amount of \$88.3 million, bear interest at rates from 2.33 percent to 2.48 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1 until their maturity dates.

The 2020 Series A Bonds in the outstanding principal amount of \$516.0 million, bear interest at rates from 1.90 percent to 2.50 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on May 1 and November 1 until their maturity dates.

The 2021 Series A Bonds in the outstanding principal amount of \$115.9 million, bear interest at rates from 0.66 percent to 1.64 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on May 1 and November 1 until their maturity dates.

As of June 30, 2024, the debt service requirements for principal and interest on these bonds are as follows (in millions):

Fiscal Year Ended June 30	Principal	Interest
2025	\$ 177.9	\$ 27.7
2026	195.6	20.1
2027	145.7	12.1
2028	89.3	9.0
2029	90.1	7.3
2030 - 2032	235.0	9.4
	<u>933.6</u>	<u>85.7</u>
Unamortized Prem./Discount	(0.1)	
Total, net	\$ 933.5	\$ 85.7

2009 Annual Appropriation Bonds

In April 2009, the State issued \$1.5 billion of General Fund Annual Appropriation Bonds ("2009 Series A Bonds"). These appropriation obligations were authorized by Wisconsin Statutes for the purpose of purchasing the tobacco settlement revenues that had been sold by the Secretary of Administration to the Badger Tobacco Asset Securitization Corporation pursuant to Wis. Stat. Section 16.63.

In August 2016, the State issued \$200.5 million of General Fund Annual Appropriation Refunding Bonds (Taxable) ("2016 Series B Bonds") to refund certain maturities of the 2009 Series A Bonds.

In January 2017, the State issued \$427.8 million of General Fund Annual Appropriation Refunding Bonds (Federally Taxable) ("2017 Series A Bonds") and \$102.1 million of General Fund Annual Appropriation Refunding Bonds (Federally Tax-Exempt) ("2017 Series B Bonds"), to refund certain maturities of the 2009 Series A bonds.

In May 2017, the State issued \$402.1 million of General Fund Annual Appropriation Refunding Bonds (Taxable) ("2017 Series C Bonds") to refund certain maturities of the 2009 Series A bonds.

In January 2019, the State issued \$360.0 million of General Fund Annual Appropriation Refunding Bonds (Forward Delivery) ("2019 Series A Bonds") to refund certain maturities of the 2009 Series A bonds.

In February 2023, the State issued \$383.8 million of General Fund Annual Appropriation Refunding Bonds (Taxable) ("2023 Series A Bonds") to refund certain maturities of the 2017 Series B Bonds and 2019 Series A Bonds.

These appropriation obligations are not general obligations of the State, and do not constitute "public debt" of the State as that term is used in the Constitution and in the State Statutes. The payment of the principal of, and premium, if any, and interest on the obligations is subject to annual appropriation; that is, payments due in any fiscal year of the State will be made only to the extent sufficient amounts are appropriated by the Legislature. The State is not legally obligated to appropriate any amounts for payment of debt service. The Legislature, recognizing its moral obligation to make timely appropriations from the General Fund sufficient to pay debt service on such obligations, expresses in Wis. Stat. Section 16.527(10) its expectation and aspiration that it will do so. The Legislature's recognition of a moral obligation, however, does not create a legally enforceable obligation.

The 2016 Series B Bonds in the outstanding principal amount of \$186.9 million bear interest rates from 2.33 percent to 3.29 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1, until their maturity dates.

The 2017 Series A Bonds in the outstanding principal amount of \$409.1 million bear interest rates from 3.12 percent to 3.95 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1, until their maturity dates.

The 2017 Series B Bonds in the outstanding principal amount of \$97.3 million bear interest rates at 5.00 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1, until their maturity dates. While these bonds have been refunded, they are not considered defeased for GAAP purposes.

The 2017 Series C Bonds in the outstanding principal amount of \$5.8 million bear interest rates from 2.90 percent to 3.05 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1, until their maturity dates.

The 2019 Series A Bonds in the outstanding principal amount of \$236.0 million bear interest rates at 5.00 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1, until their maturity dates. While these bonds have been refunded, they are not considered defeased for GAAP purposes.

The 2023 Series A Bonds in the outstanding principal amount of \$318.7 million bear interest rates from 4.42 percent to 4.87 percent computed on the basis of a 30-day month and a 360-day year, payable semiannually on each May 1 and November 1, until their maturity dates.

As of June 30, 2024, the debt service requirements for principal and interest on these bonds are as follows (in millions):

Fiscal Year Ended June 30	Principal	Interest
2025	\$ 97.1	\$ 53.0

D. Revenue Bonds

Chapter 18, Wisconsin Statutes, authorizes the State to issue revenue obligations secured by a pledge of revenues or property derived from the operation of a program funded by the issuance of these obligations. The resulting bond obligations are not general obligations of the State.

Transportation Revenue Bonds

Transportation Revenue Bonds are issued to finance part of the costs of certain transportation facilities and major highway projects. Chapter 18, Subchapter II of the Wisconsin Statutes as amended, Wis. Stat. § 84.59 and a general bond resolution and series resolutions authorize the issuance of these bonds.

The Department of Transportation is authorized to issue a total of \$4.3 billion of revenue bonds. Presently, there are thirteen issues of Transportation Revenue Bonds outstanding totaling \$1.6 billion. Debt service payments are secured by driver and vehicle registration fees and the program resolution provides for a reserve fund, which if funded, will be used in the event that a deficiency exists in the redemption fund.

The Transportation Revenue Bonds issued and outstanding as of June 30, 2024 were as follows (in thousands):

Issue	Issue Date	Interest Rates	Maturity Through	Issued	Outstanding

Environmental Improvement Fund Revenue Bonds

The Environmental Improvement Fund (the Fund) provides loans and grants to local municipalities to finance wastewater treatment planning and construction. The Fund is authorized to issue Clean Water Revenue Bonds and Environmental Improvement Fund Revenue Bonds up to an amount of \$2.6 billion in total.

Environmental Improvement Fund revenue bonds are payable only from revenues derived from 1) pledged loan amounts, 2) amounts in the Loan Fund, Reserve Fund (if any), and 3) all other pledged receipts.

The Environmental Improvement Fund has pledged future loan revenues, net of specified operating expenses, to repay outstanding revenue bonds. Proceeds from the bonds provided financing for loans to municipalities to construct or improve water and wastewater projects.

At June 30, 2024, there were seven issues of Environmental Improvement Fund Revenue Bonds outstanding totaling \$430.8 million.

Bonds issued and outstanding for the Environmental Improvement Fund as of June 30, 2024 were as follows (in thousands):

Issue	Issue Date	Interest Rates	Maturity Through	Issued	Outstanding

E. Certificates of Participation

The State established a facility in 1992 that provides lease purchase financing for property and certain service items acquired by state agencies. This facility is the Third Amended and Restated Master Lease between the State acting by and through the Department of Administration and U.S. Bank National Association. Lease purchase obligations under the Master Lease are not general obligations of the State but are payable from appropriations of State agencies participating in the Master Lease Program, subject to annual appropriation. The interest component of each lease/ purchase payment is subject to a separate determination.

Pursuant to the terms and conditions of this agreement, the trustee for the facility issues parity Master Lease certificates of participation that evidence proportionate interest of the owners thereof in lease payments. A common pool of collateral ratably secures all Master Lease certificates. Title in the property and service items purchased under the facility remains with the State and the State grants to the Trustee, for the benefit of all Master Lease certificate holders, a first security interest in the leased items.

At June 30, 2024, the following parity Master Lease certificates were outstanding (in thousands):

Issue	Issue Date	Interest Rates	Maturity Through	Issued	Outstanding
2023-A	5/23	5.0	3/29	\$ 19,285	\$ 14,391

Revolving Credit Agreement

Master Lease Certificates of Participation of 2013, Series A (Revolving Credit Agreement – Taxable) had a \$5.0 million balance as of June 30, 2024. This Master Lease certificate evidences the State's obligation to repay advances under a Revolving Credit Agreement, dated September 1, 2013, as amended between U.S. Bank National Association (as trustee), the State of Wisconsin, acting by and through its Department of Administration, as lessee, and PNC Bank National Association. The scheduled termination date under the Revolving Credit Agreement, as amended, is September 1, 2024. This Master Lease certificate shall bear interest at the rates and mature on the dates provided for in the Revolving Credit Agreement. The balance of this Master Lease certificate may include some accrued interest that will be payable at the next semi-annual interest payment date.

The Third Amended and Restated Master Lease 1992-1 provides that certain lease schedules to the facility can be terminated if the State deposits with the Trustee an amount that is equal to the outstanding amount of the lease schedule, or in amounts that are sufficient to purchase investments that mature on dates and in amounts to make the lease payments when due. At June 30, 2024, the State has not deposited with the Trustee amounts, that when invested, will terminate lease schedules.

F. Refundings, Exchanges and Early Extinguishments

Refunding Provisions of GASB Statement No. 23

The State implemented the provisions of GASB Statement No. 23, *Accounting and Financial Reporting for Refunding of Debt Reported by Proprietary Activities* beginning with Fiscal Year 1996. This Statement requires proprietary activities to adopt certain accounting and reporting changes for both current refunding and advance refunding resulting in defeasance of debt. GASB Statement No. 23 permits, but does not require, retroactive application of its provisions. The State has chosen not to apply the provisions retroactively to previously issued financial statements.

Current Fiscal Year Refundings/General Obligation Bonds

In March 2024, the State issued \$400.8 million of General Obligation Refunding Bonds ("2024 Series 1 Bonds"), the proceeds of \$459.7 million were deposited into the bond security and redemption fund for the purchase and redemption of \$466.4 million of various general obligation bonds for which the redemption was paid from the bond security and redemption fund and the redeemed bonds are considered defeased and the associated liability removed from the financial statements. The refunding resulted in a decrease in total debt service payments by \$52.8 million and an economic gain of \$44.8 million.

In June 2024, the State issued \$45.6 million of general obligation bonds ("2024 Series B"), for the funding of outstanding demand notes.

Prior Year Refundings/General Obligation Bonds

Government Accounting Standards Board Statement No. 7, *Advance Refundings Resulting in Defeasance of Debt*, provides that refunded debt and assets placed in escrow for the payment of related debt service be excluded from the financial statements. At June 30, 2024, \$639.6 million of general obligation bond principal has been defeased.

Current Fiscal Year Refundings/Annual Appropriation Bonds

In January 2024, the State entered into a Defeasance Escrow Agreement and deposited \$400 million into an escrow account that provided the future debt service payments and redemption of \$414.8 million of various 2009 Annual Appropriation Bonds outstanding at that time. Future debt service payments and redemptions are paid from the escrow account and as result the bonds are considered defeased and the associated liability removed from the financial statements.

Current Fiscal Year Refundings/Revenue Bonds

In September 2023, the State entered into a Defeasance Escrow Agreement, where the State deposited \$54.4 million of cash into an escrow account for the defeasance of six maturities of State of Wisconsin Environmental Improvement Revenues Bonds, 2017 Series A, in the aggregate par amount of \$51.1 million. The amount

deposited into the escrow account has been invested in allowable defeasance securities to provide the payment of principal of, and interest on, these bonds up to and including the dates of redemption. With future debt service payments and redemptions being paid from the escrow account, the bonds are considered defeased and the associated liability removed from the financial statements.

In April 2024, the State issued \$43.3 million of Transportation Revenue Refunding Bonds ("2024 Series 1 Bonds"), the proceeds of \$47.7 million were deposited into the debt service account for the purchase and redemption of \$46.5 million of various Transportation revenue bonds for which the redemption was paid from the debt service account and the redeemed bonds considered defeased and the associated liability removed from the financial statements. The refunding resulted in a decrease in total debt service payments by \$4.8 million and an economic gain of \$4.1 million.

In April 2024, the State issued \$207.6 million of Transportation Revenue Refunding Bonds ("2024 Series 2 Bonds"), the proceeds of \$231.4 million were deposited into the debt service account for the purchase and redemption of \$252.8 million of various Transportation revenue bonds for which the redemption was paid from the debt service account and the redeemed bonds considered defeased and the associated liability removed from the financial statements. The refunding resulted in a decrease in total debt service payments by \$22.8 million and an economic gain of \$18.1 million.

Prior Year Refundings/Revenue Bonds

For financial reporting purposes, the following primary government revenue bonds have been defeased, and therefore, removed as a liability from the balance sheet:

- Environmental Improvement Fund Revenue Bonds – At June 30, 2024, revenue bonds outstanding of \$51.1 million have been defeased.
- Transportation Revenue Bonds – At June 30, 2024, revenue bonds outstanding of \$130.9 million have been defeased.

G. Short-term Financing

The State of Wisconsin Building Commission, an agency of the State, is empowered by law to consider, authorize, issue, and sell debt obligations of the State. To date, the Commission has authorized the issuance of notes. When this short-term debt does not meet long-term financing criteria, it is classified among fund liabilities.

General Obligation Extendible Municipal Commercial Paper

The State has authorized General Obligation extendible municipal commercial paper for the acquisition, construction, development, extension, enlargement, or improvement of land, waters, property, highway, buildings, equipment or facilities. Periodically, additional extendible municipal commercial papers are issued to pay for maturing extendible municipal commercial paper. The State intends to make annual May 1 payments on the outstanding commercial paper notes that reflect principal amortization of the paper. The State also intends to make regular payments to the issuing and paying agent that will be used to pay the interest due on the maturing notes. At June 30, 2024, the amount of extendible municipal commercial paper outstanding was \$153.4 million which had interest rates ranging from 3.80 percent to 3.85 percent and maturities from August 22, 2024, to November 21, 2024.

Short-term debt activity for the year ended June 30, 2024 for general obligation extendible municipal commercial paper was as follows (in millions):

Balance July 1, 2023	Additions	Reductions	Balance June 30, 2024
\$ 189.7	—	\$ 36.3	\$ 153.4

H. Arbitrage Rebate

The Tax Reform Act of 1986 requires that governmental entities issuing tax-exempt debt subsequent to August 1986, calculate and rebate arbitrage earnings to the federal government. Specifically, the excess of the aggregated amount earned on investments purchased with bond proceeds over the amount that would have been earned if the proceeds were invested at a rate equal to the bond yield, is to be rebated to the federal government. As of June 30, 2024, a liability for arbitrage rebate did not exist.

I. Moral Obligation Debt

Through legislation enacted in 1999, the State authorized the creation of local districts. One district, the Wisconsin Center District, is currently authorized to issue bonds for specific purposes, and if the State determines that certain conditions are satisfied, the State may have a moral obligation to appropriate moneys to make up deficiencies in the district's special debt service reserve fund. To date, the Wisconsin Center District has the authority for up to \$300.0 million in bonds for this purpose, plus refunding bonds.

The Wisconsin Center District has one outstanding series of bonds in the outstanding balance of \$300.0 million and two outstanding refunding series with an outstanding balance of \$106.2 million that are subject to the moral obligation pledge to appropriate moneys to make up deficiencies in the debt service reserve funds.

Through legislation enacted in 1999, the State authorized the issuance of up to \$170.0 million principal amount of bonds to finance the development or redevelopment of sites and facilities to be used for public schools. If certain conditions are satisfied, and if a special debt service reserve fund is created for the bonds, the State will provide a moral obligation pledge, which would restore the special debt reserve fund established for the bonds to an amount not to exceed the maximum annual debt service on the bonds. As of June 30, 2024, no bonds remain outstanding that have a special debt service reserve fund secured by the State's moral obligation.

Through legislation enacted in 2017, subject to the Secretary of Administration's designation and determination of certain conditions being met, the State may provide a moral obligation pledge for up to 40 percent of a local governmental unit's aggregate municipal obligations issued to finance costs related to development occurring in, or for the benefit of, the electronics and information technology manufacturing zone. To date, one series of the Village of Mount Pleasant Tax Increment Revenue Bonds were issued (in 2018) with an outstanding balance of \$120.0 million that is subject to the moral obligation.

**NOTE 12. LEASE COMMITMENTS,
SUBSCRIPTION-BASED INFORMATION
TECHNOLOGY ARRANGEMENTS AND
INSTALLMENT PURCHASES**

The State leases office buildings, space, and equipment under a variety of agreements that vary in lease term, many of which are subject to appropriation from the State Legislature to continue the lease commitment. If such funding, i.e., through legislative appropriation, is judged to be assured, and the likelihood of cancellation through exercise of the fiscal funding clause is remote, leases are considered non-cancelable. Lease payments are generally fixed monthly or annually.

Additionally, the State obtains the right to use vendors' information technology software through various long-term contracts. Payments are generally fixed monthly or annually with certain variable payments not included in the measurement of the lease liability required based on their nature.

The State also leases land, facility space, and equipment to various third parties as the lessor. The University of Wisconsin System recognized revenue related to these leases totaling \$4.1 million during Fiscal Year 2024.

The University of Wisconsin System leases certain assets that are subsequently subleased to a third party. The non-cancelable terms of these leasing arrangements mature between 2024 and 2036. The discount rates applicable to these leasing arrangements range from 3.46 percent to 1.81 percent.

The State does not currently report any sale-leaseback or lease-leaseback transactions under GASB 87 as of June 30, 2024.

The State does not currently report any contracts with residual value guarantees, termination penalties, commitments prior to the commencement of the lease, or impairment under GASB 87 or GASB 96 as of June 30, 2024.

A. GASB 87 Leases

GASB Statement No. 87, *Leases*, became effective for the reporting period ending June 30, 2022. With certain exceptions, under GASB 87 all leases are considered finance leases and are reported accordingly. The concept is that leases represent a means to finance the right to use an underlying asset. Lease commitments in the government-wide and proprietary fund statements are reported as liabilities at lease inception. The related assets along with the amortization are also reported at that time as right-to-use assets. Right-to-use assets at inception are recorded at the present value of total lease payments as shown in Note 7. These payments are discounted at the State's incremental borrowing rate. Lease payments are reported as a reduction of the liability.

For lessor transactions, the State records lease receivables and deferred inflows of resources based on the present value of expected receipts over the lease term. The expected receipts are recorded at the present value of total lease payments using the State's incremental borrowing rate.

Primary Government

For leases in governmental funds, "Other Financing Sources - Lease Acquisitions" and expenditures are recorded at lease inception. Lease payments are recorded as expenditures.

The following is an analysis of future principal and interest payment requirements related to the State's lease liability as of June 30, 2024 (in thousands):

Fiscal Year	Governmental Activities	
	Principal	Interest
2025	\$ 31,164	\$ 6,927
2026	30,902	6,350
2027	30,056	5,766
2028	30,404	5,173
2029	29,643	4,575
2030-2031	112,197	15,106
2035-2029	63,030	4,947
2040-2044	6,912	907
2045-2049	2,281	136
Total	\$ 336,589	\$ 49,886

Fiscal Year	Business-type Activities	
	Principal	Interest
2025	\$ 21,361	\$ 5,546
2026	19,530	5,166
2027	17,290	4,824
2028	16,937	4,488
2029	15,695	4,165
2030-2031	72,464	16,249
2035-2029	55,128	9,351
2040-2044	46,879	3,773
2045-2049	9,775	147
Total	\$ 275,059	\$ 53,709

Fiduciary Funds

In addition to the lease liability reported by governmental and business-type activities, the fiduciary funds reported lease liability of \$30.2 million.

B. GASB 96 Subscription-Based Information Technology Arrangements (SBITAs)

GASB Statement No. 96, *Subscription-Based Information Technology Arrangements*, became effective for the reporting period ending June 30, 2023. A SBITA is a contract that conveys control of the right to use another party's IT software, alone or in combination with tangible capital assets, as specified in the contract for a period of time in an exchange or exchange-like transaction. The standards for SBITAs are based on the standards established for leases in GASB 87. Like leases, SBITA commitments in the government-wide and proprietary fund statements are reported as liabilities at inception. The related assets along with the amortization are also reported at that time as right-to-use assets. Right-to-use assets at inception are recorded at the present value of total SBITA payments as shown in Note 7. These payments are discounted at the State's incremental borrowing rate. SBITA payments are reported as a reduction of the liability.

The following is an analysis of future principal and interest payment requirements related to the State's SBITA liability as of June 30, 2024 (in thousands):

Fiscal Year	Governmental Activities	
	Principal	Interest
2025	\$ 42,406	\$ 1,761
2026	25,750	879
2027	14,230	318
2028	3,739	73
2029	894	7
Total	\$ 87,018	\$ 3,038

Fiscal Year	Business-type Activities	
	Principal	Interest
2025	\$ 16,516	\$ 443
2026	11,545	233
2027	6,197	91
2028	4,783	22
Total	\$ 39,041	\$ 789

Fiduciary Funds

In addition to the SBITA liability reported by governmental and business-type activities, the fiduciary funds reported SBITA liability of \$22.7 million.

NOTE 13. POLLUTION REMEDIATION AND ASSET RETIREMENT OBLIGATIONS

Pollution Remediation Obligations

Governmental Accounting Standards Board (GASB) Statement No. 49, *Accounting and Financial Reporting for Pollution Remediation Obligations*, establishes accounting and financial reporting standards for pollution remediation obligations. These are obligations to address the current or potential detrimental effects of existing pollution by participating in pollution remediation activities such as site assessments and cleanups. The scope of the standard excludes pollution prevention or control obligations with respect to current operations, and future pollution remediation obligations that are required upon retirement of an asset, such as landfill closure and post closure care and nuclear power plant decommissioning.

Measurement of Obligations

GASB Statement No. 49 requires the State to calculate pollution remediation obligations using the expected cash flow technique. These estimates are subject to change over time. Costs may vary due to price fluctuations, changes in technology, changes in potential responsible parties, results of environmental studies, changes to statutes or regulations and other factors. Recoveries from other responsible parties may reduce the State's obligation. In accordance with the standard, if the State cannot reasonably estimate a pollution remediation obligation, it does not report a liability. Under specific circumstances capital assets may be created when pollution remediation is performed.

During the fiscal year, the State expended \$0.2 million to clean up sites. Estimates of existing pollution remediation liabilities also increased by \$0.3 million. In total, the beginning liability of \$0.2 million increased to \$0.3 million during Fiscal Year 2024. There were no recoveries received from other responsible parties during the fiscal year and none are expected for the identified obligations.

Identified Remediation Obligations

Pollution remediation liabilities are updated annually and are based on engineering studies and the judgment of agency officials. The following table shows liabilities included in the Statement of Net Position as of June 30, 2024 (in millions):

Nature and Source of Pollution	Estimated Liability	Estimated Recovery
Contract agreement with EPA to clean up Superfund site for former wood treatment facility	\$ 0.3	\$ —
Voluntary commencement by the State to clean up heavy metal contamination of canal near former industrial site	—	—
Total estimated obligations	\$ 0.3	\$ —

In addition to the liability reported in the table above, the State expects to incur estimated costs of \$10,000 per year indefinitely to pump and treat contamination at a former chrome plating facility. The State also expects to incur estimated costs of \$70,000 per year indefinitely to operate and maintain a closed landfill. Both are Superfund sites and estimated total remediation costs for them cannot be reasonably determined. Therefore, a liability has not been reported in the Statement of Net Position for either site.

Asset Retirement Obligations

GASB Statement No. 83, *Certain Asset Retirement Obligations* (GASB 83), establishes criteria for determining the timing and pattern of recognition of a liability and a corresponding deferred outflow of resources for asset retirement obligations. In accordance with the statement, the University of Wisconsin System has recognized asset retirement obligations of \$13.8 million as of June 30, 2024, related to decommissioning costs for a nuclear research reactor. This obligation was recognized based on the best estimate of the current value of outlays expected to be incurred. The corresponding deferred outflow of resources is amortized over the estimated remaining useful life of the associated tangible capital asset coinciding with a licensure period through the year 2031. The University of Wisconsin System has issued a statement to the U.S. Nuclear Regulatory Commission of intent to obtain funds necessary for decommissioning, when necessary. No restricted assets are set aside for payment of the asset retirement obligations.

NOTE 14. RETIREMENT PLAN

The Wisconsin Retirement System (WRS) was established and is administered by the State of Wisconsin to provide pension benefits for State and local government public employees. The WRS consists of the Core Retirement Investment Trust, the Variable Retirement Investment Trust, and the Police and Firefighters Trust. Although separated for accounting purposes, the assets of these trust funds can be used to pay benefits for any member of the WRS, and are reported as one pension plan.

The WRS is considered part of the State of Wisconsin's financial reporting entity. Copies of the separately issued financial report that includes audited financial statements and required supplementary information for the year ending December 31, 2023, is available at www.etf.wi.gov.

Plan Description

The WRS, governed by Chapter 40 of the Wisconsin Statutes, is a cost-sharing multiple-employer defined benefit pension plan administered by the Department of Employee Trust Funds. Benefit terms may only be modified by the Legislature. It provides coverage to all eligible State of Wisconsin, local government and other public employees. All employees, initially employed by a participating WRS employer prior to July 1, 2011, expected to work at least 600 hours a year (440 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. All employees, initially employed by a participating WRS employer on or after July 1, 2011, and expected to work at least 1200 hours a year (880 hours for teachers and school district educational support employees) and expected to be employed for at least one year from employee's date of hire are eligible to participate in the WRS. Note: Employees hired to work nine or ten months per year, (e.g. teachers contracts), but expected to return year after year are considered to have met the one-year requirement.

As of December 31, 2023, the number of participating employers was:

State Agencies	57
Cities	189
Counties	71
Villages	306
Towns	313
School Districts	421
Wisconsin Technical College System Board Districts	16
Cooperative Educational Service Agencies	12
Other	222
Total Employers	1,607

For employees beginning participation on or after January 1, 1990 and no longer actively employed on or after April 24, 1998, creditable service in each of five years is required for eligibility for a retirement annuity. Participants employed prior to 1990 and on or after April 24, 1998 and prior to July 1, 2011 are immediately vested. Participants who initially became WRS eligible on or after July 1, 2011 must have five years of creditable service to be vested. Employees who retire at or after age 65 (54 for protective

occupation employees, 62 for elected officials and State executive participants) are entitled to receive an unreduced retirement benefit. The factors influencing the benefit are: (1) final average earnings, (2) years of creditable service, and (3) a formula factor.

Final average earnings is the average of the participant's three highest years' earnings. Creditable service is the creditable current and prior service expressed in years or decimal equivalents of partial years for which a participant receives earnings and makes contributions as required. The formula factor is a standard percentage based on employment category.

Vested employees may retire at age 55 (50 for protective occupation employees) and receive reduced benefits. Employees terminating covered employment before becoming eligible for a retirement benefit may withdraw their contributions and forfeit all rights to any subsequent benefits, or may leave contributions on deposit and defer application until eligible to receive a retirement benefit. The WRS also provides death and disability benefits for employees.

The Employee Trust Funds Board may periodically adjust annuity payments from the WRS based on annual investment performance in accordance with Wis. Stat. § 40.27. An increase (or decrease) in annuity payment may result when investment gains (losses), together with other actuarial experience factors, create a surplus (shortfall) in the reserves, as determined by the WRS' consulting actuary. Annuity increases are not based on cost of living or other similar factors. For Core Retirement Investment Trust annuities, decreases may be applied only to previously granted increases. By law, Core Retirement Investment Trust fund annuities cannot be reduced to an amount below the original, guaranteed amount set at retirement.

Accounting Policies and Plan Asset Matters

The financial statements of the WRS have been prepared in accordance with generally accepted accounting principles, using the flow of economic resources measurement focus and a full accrual basis of accounting. Under the accrual basis of accounting, revenues are recorded when earned and expenses are recorded at the time the liabilities are incurred. Plan member contributions are recognized in the period in which contributions are paid. Employer contributions to the plan are recognized in the accounting period in which the underlying earnings on which the contributions are based are paid and the employer has made a formal commitment to provide contributions. Benefits and refunds are recognized when due and payable in accordance with the terms of the plan.

All assets of the WRS are invested by the State of Wisconsin Investment Board. The retirement fund assets consist of shares in the Variable Retirement Investment Trust and the Core Retirement Investment Trust. The Variable Retirement Investment Trust consists primarily of equity securities. The Core Retirement Investment Trust is a balanced investment fund made up of fixed income securities and equity securities. Shares in the Core Retirement Investment Trust are purchased as funds are made available from retirement contributions and investment income, and sold when funds for benefit payments and other expenses are needed.

The assets of the Core and Variable Retirement Investment Trusts are carried at fair value with all market value adjustments recognized in current operations. Investments are revalued monthly to current market value. The resulting valuation gains or losses are recognized as income, although revenue has not been realized through a market-place transaction.

The WRS does not have any investments (other than those issued or guaranteed by the U.S. Government) in any one organization that represent 5.0 percent or more of plan net position.

Contributions Required

Required contributions are determined by an annual actuarial valuation in accordance with Chapter 40 of the Wisconsin Statutes. The employee required contribution is one-half of the actuarially determined contribution rate for general category employees, including teachers, and executives and elected officials. In 2016, executives & elected officials' contributions rates were changed to match General. Required contributions for protective contributions are the same rate as general employees. Employers are required to contribute the remainder of the actuarially determined contribution rate. The employer may not pay the employee required contribution unless provided for by an existing collective bargaining agreement. Contribution rates as of June 30, 2024 are:

	Employee	Employer
General (including teachers)	6.90 %	6.90 %
Executives & Elected Officials	6.90 %	6.90 %
Protective with Social Security	6.90 %	14.30 %
Protective without Social Security	6.90 %	19.10 %

Employers are required to contribute an actuarially determined amount necessary to fund the remaining projected cost of future benefits.

State of Wisconsin Net Pension Asset/Liability, Pension Contributions, Pension Revenue/Expense, and Deferred Outflows and Inflows of Resources

At June 30, 2024 the State reported a net pension liability of \$431.1 million for its proportionate share of the WRS' net pension liability. It is presented as a net pension liability on the Statement of Net Position for proprietary funds and on the government-wide Statement of Net Position.

The net pension liability was measured as of December 31, 2023, and the total pension liability was based on an actuarial valuation as of December 31, 2022. Update procedures were used to roll forward the total pension liability to the measurement date. No material changes in assumptions or benefit terms occurred between the actuarial valuation date and the measurement date.

The State's proportionate share of the net pension liability was determined based on the State's share of contributions to the WRS relative to the contributions of all participating employers. At December 31, 2023, the State's proportionate share was 29.0 percent, which is an increase of 0.3 percent from its proportionate share as of December 31, 2022.

For calendar year 2023, State employers made \$392.1 million in contributions recognized by the WRS.

For the year ended June 30, 2024, the State recognized pension expense of \$297.1 million. At June 30, 2024, the State reported deferred outflows and inflows of resources related to pensions of \$3.70 billion and \$2.31 billion, respectively. Deferred outflows and inflows related to pensions, including the types and the amounts applicable to each type, can be found in table below (in thousands):

	Deferred Outflows of Resources	Deferred Inflows of Resources
Differences Between Expected and Actual Pension Experience	\$ 1,738,013	\$ (2,302,009)
Changes of Pension Assumptions	187,885	—
Net Difference Between Projected and Actual Earnings on Pension Investments	1,502,160	—
Changes in Proportionate Share	5,887	(9,744)
Pension Contributions Subsequent to the Measurement Date	264,862	—
Total	\$ 3,698,807	\$ (2,311,753)

The \$264.9 million in deferred outflows of resources resulting from contributions subsequent to the measurement date will be recognized as a decrease to the net pension liability or an increase to the net pension asset in the year ended June 30, 2025. Other amounts reported as deferred outflows and inflows of resources related to pensions will be recognized as pension expense as follows (in thousands):

Fiscal Year Ended June 30	Amount
2025	\$ 229,318
2026	240,048
2027	942,016
2028	(289,191)
2029	—
	\$ 1,122,192

A schedule presenting multi-year trend information of the State's proportionate share of the net pension liability or asset is presented as required supplementary information following the notes to the financial statements.

Actuarial Valuation

The pension measurements as of December 31, 2023 were based upon the following actuarial assumptions:

Actuarial Valuation Date	December 31, 2022
Measurement Date of Net Pension Liability (Asset)	December 31, 2023
Actuarial Cost Method	Entry Age Normal
Asset Valuation Method	Fair Value
Long-Term Expected Rate of Return	6.8%
Discount Rate	6.8%
Salary Increases	
Inflation	3.0%
Seniority/Merit	0.1% - 5.6%
Mortality	2020 WRS Experience Mortality Table
Post-retirement Adjustments*	1.7%

* No post-retirement adjustments are guaranteed. Actual adjustments are based on recognized investment return, actuarial experience, and other factors. The assumed annual adjustment is 1.7%, based on the investment return assumption and the post-retirement discount rate. This includes the impact of known Market Recognition Account deferred gains/losses on the liability for dividend payments.

Actuarial assumptions are based upon an experience study conducted in 2021 using experience from 2018-2020. The total pension liability for December 31, 2023 is based upon a roll-forward of the liability calculated from the December 31, 2022 actuarial valuation.

Long-Term Expected Return on Plan Assets

The long-term expected rate of return on WRS investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return, net of WRS investment expense and inflation, are developed for each major asset class. The ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation. The long-term expected rate of return is reviewed every three years in conjunction with the WRS experience study. For each major asset class that is included in the Core Retirement Investment Trust fund's target asset allocation as of December 31, 2023, these best estimates of geometric long-term real rates of return were used:

Asset Class	Target Allocation	Rate of Return
Public Equities	40.0 %	4.5 %
Public Fixed Income	27.0 %	3.0 %
Inflation Sensitive	19.0 %	1.7 %
Real Estate	8.0 %	3.0 %
Private Equity/Debt	18.0 %	6.7 %
Leverage	(12.0)%	1.0 %

For each major asset class that is included in the Variable Retirement Investment Trust fund's target asset allocation as of December 31, 2023, these best estimates of geometric long-term real rates of return were used:

Asset Class	Target Allocation	Rate of Return
Domestic Equity	70.0%	4.0%
International Equity	30.0%	4.8%

The money-weighted rates of return on pension plan investment for the Core and Variable funds for the calendar year ended 2023 were (11.69) percent and (22.42) percent, respectively. The money-weighted rate of return expresses investment performance, net of pension plan expenses, adjusted for the changing amount actually invested.

Discount Rate

A single discount rate of 6.8 percent was used to measure the total pension liability. The discount rate is based on the expected rate of return on pension plan investments. Because of the unique structure of the WRS, the 6.8 percent expected rate of return implies that a dividend of approximately 1.7 percent will always be paid. For purposes of the single discount rate, it was assumed that the dividend would always be paid. The projection of cash flows used to determine this single discount rate assumed that plan member contributions will be made at the current contribution rate and that employer contributions will be made at rates equal to the difference between actuarially determined contribution rates and the member rate. Based on these assumptions, the pension plan's fiduciary net position was projected to be available to make all projected future benefit payments (including expected dividends) of current plan members. Therefore, the long-term expected rate of return on pension plan investments was applied to all periods of projected benefit payments to determine the total pension liability.

The following presents the State's proportionate share of the net pension liability (asset), calculated using a single discount rate of 6.8 percent, as well as what the State's net pension liability (asset) would be if it were calculated using a single discount rate that is 1 percent lower or 1 percent higher:

	State's share of the net pension liability (asset)	
1% Decrease (5.8%)	\$	4,166,364,133
Current Rate (6.8%)	\$	431,055,982
1% Increase (7.8%)	\$	(2,182,697,193)

NOTE 15. MILWAUKEE RETIREMENT SYSTEM

The Milwaukee Retirement System (MRS) is reported as an Investment Trust Fund. MRS participants provide assets to the State of Wisconsin, Department of Employee Trust Funds (DETF) for investing in the Core Retirement Investment Trust Fund (Core Fund) and the Variable Retirement Investment Trust Fund (Variable Fund) of the Wisconsin Retirement System. Participation of the MRS in the Core Fund and Variable Fund is described in the DETF Administrative Code, Chapter 10.12. The State of Wisconsin Investment Board (SWIB) manages the Core Fund and Variable Fund with oversight by a Board of Trustees as authorized in Wis. Stat. § 25.14 and 25.17. The SWIB is not registered with the Securities and Exchange Commission as an investment company.

The investments of the Core Fund and Variable Fund consist of a highly diversified portfolio of securities. Wis. Stat. § 25.17(3)(a) allows investments in loans, securities and any other investments as authorized by Wis. Stat. § 620.22. Permitted classes of investments include bonds of governmental units or of private corporations, loans secured by mortgages, preferred or common stock, real property and other investments not specifically prohibited by statute.

Investments are revalued monthly to fair value, with unrealized gains and losses reflected in income.

Monthly, the DETF distributes a pro-rata share of the total Core Fund and Variable Fund earnings less administrative expenses to the MRS accounts. The MRS accounts are adjusted to fair value and gains/losses are recorded directly in the accounts per DETF Administrative Code, Chapter 10.12(2). Neither State statute, a legal provision nor a legally binding guarantee exists to support the value of shares.

Copies of the separately issued financial report that includes audited financial statements along with the accompanying footnote disclosures and supplementary information for the Core Fund and the Variable Fund is available at www.swib.state.wi.us or may be obtained upon request from:

State of Wisconsin Investment Board

NOTE 16. OTHER POSTEMPLOYMENT BENEFIT (OPEB) PROGRAMS

Governmental Accounting Standards Board (GASB) Statement No. 75, *Accounting and Financial Reporting for Postemployment Benefits Other Than Pensions* establishes standards for recognizing and measuring liabilities, deferred outflows of resources, deferred inflows of resources, and expense/expenditures in financial reports of state and local governmental employers. GASB statement 74, *Financial Reporting for Postemployment Benefit Plans Other than Pension Plans*, establishes reporting standards for other postemployment benefits included in the general purpose external financial reports of state and local governmental OPEB plans.

Under Chapter 40 of Wisconsin Statutes, the Department of Employee Trust Funds (ETF) and Group Insurance Board (GIB) have statutory authority for program administration and oversight of post-employment benefits. ETF administers postemployment benefit plans other than pension plans for the Retiree Health Insurance and Retiree Life Insurance plans, along with the Supplemental Health Insurance Conversion Credit Program (for retired state employees). ETF also administers the Local Retiree Health Insurance and the Local Retiree Life Insurance plans (for retired local government employees). The plans are reported as fiduciary funds in the State's ACFR.

ETF's separately issued financial statements contain further information. ETF's report may be obtained at www.etf.wi.gov and on request from:

The Department of Employee Trust Funds
PO Box 7931
Madison, Wisconsin 53707-7931

Basis of Accounting

The OPEB plans are reported in accordance with GASB standards and accounted for using the flow of economic resources measurement focus and the accrual basis of accounting. The OPEB liability, deferred outflows of resources and deferred inflows of resources, OPEB expense/(revenue), and fiduciary net position, if any, have been determined on the same basis. Benefit payments (including refunds of employee contributions) are recognized when due and payable in accordance with the benefit terms. Investments, if any, are reported at fair value.

Retiree Health Insurance Funds

The Retiree Health Insurance plans offer group health insurance to retired State of Wisconsin and local government employees. Retirees pay the full premium amount. The State Retiree Health Insurance Fund includes the State, the University of Wisconsin, and other component units of the State. The Local Retiree Health Insurance Fund includes 428 local government employers. The plans are not administered through a trust. The Retiree Health Insurance Funds contain certain non-OPEB components relating to post-Medicare pharmacy and health insurance benefits. ETF and the GIB have statutory authority for program administration and oversight under Wis. Stat. § 15.165 (2) and Wis. Stat. § 40.03 (6).

State of Wisconsin and local government employees participating in the State Health Insurance Plan or the Wisconsin Public Employers Insurance Plan (local government plans) are eligible to continue their health insurance coverage after leaving covered employment. Membership as of December 31, 2023, included 29,169 former state employees or their beneficiaries and 1,963 former local government employees and beneficiaries.

Retirees may choose between several health plans with specific provider networks (i.e., Health Maintenance Organizations (HMO), Preferred Provider Organizations (PPO) or Medicare Advantage). The health plans must follow GIB guidelines for eligibility and program requirements. All health plans offer a prescribed benefit package called Uniform Benefits and participate in a yearly competitive premium rate bid process.

The pharmacy benefit is self-insured by the GIB and administered by Navitus Health Solutions. The dental benefit is self-insured by the GIB and administered by Delta Dental.

Effective January 1, 2012, prescription drug coverage for Medicare eligible retirees enrolled in the State group health insurance program is provided by a self-funded Medicare Part D Employer Group Waiver Plan (EGWP). A Medicare "Wrap" product is also included to provide full coverage to members, as required by Uniform Benefits, when they reach the Medicare coverage gap, also known as the "donut hole."

Retiree Life Insurance Funds

The State Retiree Life Insurance Fund includes the State, the University of Wisconsin, and other component units of the State, and is considered a single-employer defined benefit OPEB plan. The Local Government Retiree Life Insurance Fund included 743 local government employers as of December 31, 2023, and is considered a cost-sharing multiple-employer defined benefit OPEB plan. The plans are administered through a trust.

The plans provide post-employment life insurance coverage to all eligible employees of participating employers. The plans are established by Wis. Stat. § 40.70. ETF contracts with Securian Financial Group, Inc (Securian) as a third-party administrator for the Retiree Life Insurance plans. Benefit terms may be modified by the GIB, subject to state and federal legislative constraints.

Generally, members may enroll during a 30-day enrollment period after their date of hire. Members may also enroll after the initial 30-day enrollment period with evidence of insurability. Members under evidence of insurability enrollment must enroll in group life insurance coverage before age 55 to be eligible for Basic or Supplemental coverage.

Contributions

The GIB approves contribution rates annually, based on recommendations from the insurance carrier. Recommended rates are based on an annual valuation, taking into consideration an estimate of the present value of future benefits and the present value of future contributions. A portion of employer contributions made during a member's working lifetime funds a post-retirement benefit.

Employers are required to pay the following contributions for active members to provide them with basic coverage after age 65. There are no employer contributions for pre-65 annuitant coverage. All contributions are actuarially determined.

Coverage Type	State	Local
50% post retirement coverage	28% of employee contribution	40% of employee contribution
25% post retirement coverage	N/A	20% of employee contribution

Employee contributions are based upon nine age bands through age 69 and an additional eight age bands for those age 70 and over. Participating employees must pay monthly contribution rates per \$1,000 of coverage until the age of 65 (age 70 if active). The employee contribution rates in effect for the year ended December 31, 2023 are as listed below:

Attained Age	State		Local	
	Basic	Supplemental	Basic	Supplemental
Under 30	\$ 0.0500	\$ 0.0500	\$ 0.0500	\$ 0.0500
30-34	0.0500	0.0500	0.0600	0.0600
35-39	0.0500	0.0500	0.0700	0.0700
40-44	0.0800	0.0800	0.0800	0.0800
45-49	0.1300	0.1300	0.1200	0.1200
50-54	0.2000	0.2000	0.2200	0.2200
55-59	0.2800	0.2800	0.3900	0.3900
60-64	0.3800	0.3800	0.4900	0.4900
65-69	0.5000	0.5000	0.5700	0.5700

*Disabled members under age 70 receive a waiver-of-premium benefit.

At retirement, the member must have active group life insurance coverage and satisfy one of the following:

- WRS coverage prior to January 1, 1990; or
- At least one month of group life insurance coverage in each of five calendar years after 1989

and one of the following:

- Eligible for an immediate WRS benefit; or
- At least 20 years from their WRS creditable service as of January 1, 1990, plus their years of group life insurance coverage after 1989; or
- At least 20 years on the payroll of their last employer.

In addition, terminating members and retirees must continue to pay the employee contributions until age 65 (age 70 if active).

Benefits and Membership

After retirement, basic coverage is continued for life in these amounts of the insurance in force before retirement:

Age	State	Local
Before age 65	100%	100%
While age 65	75%	75%
While age 66	50%	50%
After age 66	50%	50% / 25% Employer Election

After retirement, supplemental and additional coverage may be continued until age 65 at 100 percent of the amount of the insurance in force before retirement at the employee's expense, and spouse and dependent coverage is terminated.

Membership for basic coverage as of December 31, 2023, included:

	State	Local	Total
Active*	50,933	74,716	125,649
Inactive:			
Pre-Age 65 Annuitants	6,077	9,726	15,803
Post-Age 64 Annuitants	30,477	41,835	72,312
Totals	87,487	126,277	213,764

* Active members include disabled

Supplemental Health Insurance Conversion Credit (SHICC) Program

The SHICC program includes the State, the University of Wisconsin, and other component units of the State and is considered a single-employer defined benefit OPEB plan. The Department of Employee Trust Funds (ETF) and the ETF Board have the authority for program administration and oversight. The SHICC program is reported as an Other Post-Employment Benefit Trust Fund. The SHICC program was established by Wis. Stat. § 40.95 and is defined in the state compensation plan (Wis. Stat. § 230.12(9)).

The SHICC program allows members with more than 15 years of adjusted continuous state service to convert unused sick leave balances into credits to pay for post-retirement health insurance premiums. The SHICC benefit provides a limited match of the members credits earned through the Accumulated Sick Leave Conversion Credit (ASLCC) program. ASLCC program credits are computed at the time of retirement, layoff, or death by multiplying the number of hours of unused sick leave by the highest hourly pay rate at which the employee accrued sick leave that is eligible for conversion. Employment category and number of years of service are also factored into the calculation. The SHICC program also includes a provision for the restoration of 500 hours of credits upon retirement, layoff or death provided at least 500 hours or accrued sick leave were used for a single injury or illness during the three years immediately preceding the retirement, layoff or death while in state service.

All ASLCC program credits must be used before the SHICC program credits. Unused ASLCC and SHICC credits have no cash value, are carried forward from year to year without interest, and when total health insurance premiums paid on behalf of the retired employee equal or exceed the conversion credits, no further payments are made under the ASLCC and SHICC programs. ASLCC and SHICC credits may be escrowed indefinitely after retirement for participants who provide evidence of comparable health insurance coverage from another source.

Eligibility and Membership

Generally to be eligible to use SHICC credits to pay post-retirement health insurance premiums, members with 15 or more years of adjusted continuous service (or their insured surviving spouse and/or dependents) must be covered under the State of Wisconsin Group Health Insurance Program. If a member with 20 years of service leaves eligible service prior to retirement, the benefit is vested.

Membership as of December 31, 2023, included:

Employment Status	Count
Retirees and Beneficiaries	22,381
Inactive, Non-retired Members	421
Active Members	76,550
Total	99,352

At retirement, the member must have State of Wisconsin Group Health Insurance Program coverage and satisfy the following:

- Retire on an immediate annuity; or
- Retire and receive a lump-sum benefit; or
- Qualify for a Wisconsin Retirement System (WRS) disability retirement benefit, long-term disability benefit or a protective occupation duty disability benefit under Wis. Stat. § 40.65; or
- Have 20 years of WRS creditable service and are eligible for an immediate retirement benefit, but have chosen not to apply for retirement or disability benefit immediately

Eligible members may elect to escrow their SHICC credits (to be used at a later date) if they have comparable health insurance coverage through another source. If SHICC eligible members are not immediately eligible for an annuity, they must satisfy the following to defer vested (preserved) SHICC credits to pay health premiums when becoming a WRS annuitant:

- Terminate with 20 years of WRS creditable service (providing they do not elect a WRS separation benefit); or
- State constitutional officer, a member or an officer of the legislature of the head of a state department or agency who was appointed by the governor with senate confirmation and are not eligible for an immediate annuity when terminating from state employment (providing they do not elect a WRS separation benefit).

If not eligible for an immediate annuity and the member is permanently laid off from State employment, the member must have 15 or more years of adjusted continuous service to use SHICC credits to pay health premiums for up to five years after the layoff begins.

Contributions and Benefits

The ETF Board approves contribution rates annually, based on recommendations from the actuary. Recommended rates are based on an annual valuation, taking into consideration an estimate of the present value of future benefits and the present value of future contributions, in accordance with Wis. Stat. § 40.05 (4) (by). Employer contributions made during a member’s working lifetime funds a post-retirement benefit. Employers made contributions totaling \$11.9 million based upon a percentage of active member earnings for the year ending December 31, 2023.

The SHICC program provides matching sick leave hours that are in addition to, but generally not to exceed, the unused sick leave balances that are used to calculate benefits provided under the ASLCC program, to participants retiring (or terminating employment) with 15 or more years of eligible service, as follows:

Employment Category	Benefit Eligible Hours*
Protective	Match up to 78 hours (9.75 days) per full year of service through 24 years, plus 104 hours (13 days) per full year of service over 24 years.
Others	Match up to 52 hours (6.5 days) per full year of service through 24 years, plus up to 104 hours (13 days) per full year of service over 24 years.

*The SHICC program also includes a restoration benefit of up to 500 hours when certain criteria are met.

The SHICC program also provides benefits after a member’s death. The member’s surviving spouse and/or dependents may be eligible to use SHICC credits to pay State of Wisconsin Group Health Insurance premiums under the following conditions:

- Member was covered by the State of Wisconsin Group Health Insurance Program under a family policy on the member’s date of death or the member is receiving a retirement disability benefit; or
- Member has preserved SHICC credits and the member dies before becoming a WRS annuitant; or
- Member has escrowed SHICC credits and the member dies.

All Plans Total OPEB Expense/(Revenue)

For the year ended June 30, 2024, OPEB expense/(Revenue) for all plans combined was \$62.4 million by participating employers:

Primary Government	
State of Wisconsin	\$ 25,483,907
University of WI System	27,371,691
Component Units	
UW Hospital and Clinics Auth.	9,155,846
WI Housing & Economic Development Auth.	241,982
WI Economic Development Corp.	153,177
Total	\$ 62,406,603

A detailed schedule of OPEB expense (revenue) by plan can be found in note 17.

NOTE 17. OTHER POSTEMPLOYMENT BENEFIT PLANS

A. State Retiree Health Insurance OPEB

The State Retiree Health Insurance program provides postemployment health insurance coverage to all eligible retired employees of the State, the University of Wisconsin, University of Wisconsin Hospital and Clinics Authority, Wisconsin Housing and Economic Development Authority and Wisconsin Economic Development Corporation. The employers do not directly pay any portion of the premium for participating retirees. However, because retirees pay the same premium rate set for active employees, an implicit rate subsidy exists for employers. This implicit rate subsidy is reported as an OPEB liability. At age 65, when eligible, retirees are required to enroll in Medicare. No assets have accumulated because there is no trust.

Retiree Health Insurance Plan Description

GASB standards classify the State Retiree Health Insurance program as a single employer defined benefit OPEB plan with multiple participating employers. Medical, prescription drug and dental benefits are provided to eligible retirees.

Retirees pay the full premium until age 65 directly to the plan either through "out-of-pocket" or from unused accumulated sick leave conversion credits or supplemental health insurance conversion credits. The value of the sick leave benefit is defined as compensated absences and reported under the provisions of GASB Statement No. 16, *Accounting for Compensated Absences*.

Contribution requirements are established and may be amended by the GIB. Premiums for non-Medicare retirees are based on an effective rate structure for the health care service provider selected. Monthly rates range from \$722 to \$1,559 for single coverage and \$1,768 to \$3,860 for family coverage.

As of January 1, 2023 (most recent actuarial valuation date), membership consisted of:

Member Type	Number
Retired members or beneficiaries receiving OPEB benefits	7,802
Vested terminated members not yet receiving OPEB benefits	1,271
Active members	61,593
Total Members	70,666

Inclusion of OPEB Information for Component Units

GASB standards require the presentation of OPEB related amounts and information in the State's financial statements for both the State of Wisconsin (the primary government) and the component units. The component units are responsible for their share of the OPEB liabilities. Reported amounts related to the OPEB liability, OPEB expense/(revenue) and related deferred inflows and outflows for the OPEB plans may vary by an immaterial amount from the final amounts due to the timing of available information.

Total Retiree Health OPEB Liability

The actuarial valuation was based on the plan of retiree benefits and was made for purposes of fulfilling GASB accounting standards which require recognition of the employer cost of postemployment benefits over an employee's career. The total cost of providing postemployment benefits is projected, considering relevant assumptions, then discounted to determine the total OPEB liability.

To determine the total OPEB liability for the program, the actuary performed an actuarial valuation as of January 1, 2023 and adjusted for changes such as interest earned, contributions paid, and benefits paid through June 30, 2023. Based on this, the actuary determined the OPEB liability totaled \$802.4 million.

The total OPEB liability was allocated to participating employers based on their proportionate share of health insurance premiums contributed for active employees. Amounts by participating employers as of a June 30, 2024 reporting date, are indicated in the table below (in millions):

Participating Employer	OPEB Liability
Primary Government	
State of Wisconsin	\$ 345.3
University of Wisconsin System	361.2
Component Units	
UW Hospital and Clinics Auth.	92.9
WI Housing & Economic Development Auth.	1.8
WI Economic Development Corp.	1.2
Total OPEB Liability	\$ 802.4

Changes in the Total OPEB Liability

Changes to the total OPEB plan liability during the fiscal year include the following (in millions):

Total OPEB Liability June 30, 2022	\$ 717.2
Changes for the Year:	
Service cost	54.3
Interest	26.5
Differences between expected and actual experience	9.4
Changes of assumptions	43.9
Benefit payments*	(48.8)
Net Change in Total OPEB Liability	85.2
Total OPEB Liability June 30, 2023	\$ 802.4

* Employer benefit payments of \$48.8 million were actuarially determined and pertain to the implicit rate subsidy.

Actuarial Methods and Assumptions

Projections of benefits for financial reporting purposes are based on the substantive plan (the plan as understood by the employer and plan members) and include the types of benefits provided at the time of each valuation and the historical pattern of sharing of benefit costs between the employer and plan members to that point. The actuarial methods and assumptions used include techniques that are designed to reduce short-term volatility in actuarial accrued liabilities and the actuarial value of assets, consistent with the long- term perspective of the calculations.

The total OPEB liability in the January 1, 2023 actuarial valuation was determined using the following actuarial assumptions and other inputs, applied to all periods included in the measurement unless otherwise specified:

Actuarial Valuation Date	January 1, 2023
Measurement Date of Total OPEB Liability	June 30, 2023
Actuarial cost method	Entry Age Normal
Asset Valuation Method	N/A
Inflation	2.40%
Salary increases	Separate merit and longevity increase rates by employer and service, plus 3%
Discount Rate	Discount rate was changed to 3.65% for the June 30, 2023 measurement from 3.54% for the June 30, 2022 measurement
Healthcare Cost Trend Rates	
Medical	5.32% then 6.75% grading down 0.25% per year to 4.50%
Prescription drug	6.44% then 8.75% grading down 0.50% per year to 4.50%
Dental	3.00%
Administrative Costs	11.78% then 3.00% every year after
Mortality Rates	Wisconsin 2020 Mortality Table
Benefit Changes	None
Participation Rates	Active: 60% are assumed to elect coverage at retirement, and 2.5% of the 40% that defer are assumed to be covered over the next 5 years (1.0% per year), so 65% assumed to be covered after 5 years Deferred: 5% per year over 8 years
Assumed Claims	Per capita claims costs were based on premium equivalent rates for plan year 2023 and actuarial factors applied to weighted average premium rates to estimate costs
Termination Rates	Rates for General, University, Protective, Executive and Elected employees matched the 2018-2020 experience study for the pension valuation

Disability Rates	Rates for General, University, Protective, Executive and Elected employees matched the 2018-2020 experience study for the pension valuation
Normal Retirement Rates	Rates for General, University, Protective, Executive and Elected employees matched the 2018-2020 experience study for the pension valuation
Lapse Rate	5% per year after the later of assumed commencement or the valuation date
Retiree Contribution Increase Rate	Retiree contributions are expected to increase with average benefit trend
Benefit End Date	Benefits end when participants turn 65 years old

Actuarial assumptions are based on the Wisconsin Retirement System experience study conducted in 2021 using experience from 2018 to 2020. An actuarial experience loss increased the NOL by \$9.4. This was the net result of gains and losses due to demographic changes. These actuarial gains and losses were taken into account when reviewing assumptions for the current valuation. Valuation assumption changes increased the liability by \$43.9 million as the result of an increase in obligations due to raising the valuation-year per capita health and administrative costs and future trend on such costs, and also updating the actuarial factors used to estimate individual retiree and spousal costs by age and gender, which was partially offset by a decrease in obligations due to updating the assumed retiree contributions and raising the discount rate.

Sensitivity of the Total OPEB Liability to Changes in the Discount Rate

The following presents each employer's proportionate share of the total liability and what it would be if it were calculated using a discount rate that is 1-percentage-point lower or higher than the current discount rate (in millions):

	1% Decrease in Discount Rate (2.65%)	Current Discount Rate (3.65%)	1% Increase in Discount Rate (4.65%)
Primary Government	\$ 759.4	\$ 706.5	\$ 656.9
Component Units	103.1	95.9	89.2
Total OPEB Liability	\$ 862.5	\$ 802.4	\$ 746.1

Sensitivity of the Total OPEB Liability to Changes in the Healthcare Cost Trend Rates

The following presents each employer's proportionate share of the total liability and what it would be if it were calculated using a healthcare trend rate that is 1-percentage-point lower or higher than the current healthcare trend rate (in millions):

	1% Decrease in Healthcare Trend Rate	Current Healthcare Trend Rate	1% Increase in Healthcare Trend Rate
Primary Government	\$ 631.5	\$ 706.5	\$ 795.3
Component Units	85.7	95.9	107.9
Total OPEB Liability	\$ 717.2	\$ 802.4	\$ 903.2

OPEB Expense/(Revenue) and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

For the year ended June 30, 2024, OPEB expense/(revenue) of \$4.7 million was recognized by participating employers:

Primary Government	
State of Wisconsin	\$ 673,137
University of WI System	2,313,967
Component Units	
UW Hospital and Clinics Auth.	1,685,146
WI Housing & Economic Development Auth.	19,762
WI Economic Development Corp	30,149
Total	\$ 4,722,161

At June 30, 2024, deferred outflows of resources and deferred inflows of resources for both the state and component units were reported from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 111,307,425	\$ (27,006,926)
Changes of Assumptions	70,389,255	(191,131,841)
Changes in Proportion	19,974,860	(19,974,860)
Amounts Paid Subsequent to the Measurement Date	56,566,479	—
Total	\$ 258,238,019	\$ (238,113,627)

Deferred outflows of resources and deferred inflows of resources for the state (primary government) as of a June 30, 2024 reporting date were as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 98,005,894	\$ (23,779,527)
Changes of Assumptions	61,977,552	(168,291,082)
Changes in Proportion	10,695,338	(19,167,196)
Amounts Paid Subsequent to the Measurement Date	49,806,636	—
Total	\$ 220,485,420	\$ (211,237,805)

Deferred outflows of resources and deferred inflows of resources for component units as of a June 30, 2024 reporting date were as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 13,301,530	\$ (3,227,399)
Changes of Assumptions	8,411,703	(22,840,759)
Changes in Proportion	9,279,522	(807,664)
Amounts Paid Subsequent to the Measurement Date	6,759,844	—
Total	\$ 37,752,599	\$ (26,875,822)

The \$56,566,479 in deferred outflows of resources resulting from amounts paid subsequent to the measurement date will be recognized as a decrease to the total OPEB liability in the year ended June 30, 2025 for the state and component units. Other amounts reported as deferred outflows of resources and deferred inflows of resources for the state and component units will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ (19,447,514)
FY 2026	(19,447,514)
FY 2027	(19,447,514)
FY 2028	(19,447,514)
FY 2029	13,249,355
Thereafter	28,098,614

The \$49,806,636 in deferred outflows of resources resulting from amounts paid subsequent to the measurement date will be recognized as a decrease to the total OPEB liability in the year ended June 30, 2025 for the state (primary government). Other amounts reported as deferred outflows of resources and deferred inflows of resources for the state will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ (18,517,333)
FY 2026	(18,517,333)
FY 2027	(18,517,333)
FY 2028	(18,517,333)
FY 2029	11,079,981
Thereafter	22,430,333

The \$6,759,844 in deferred outflows of resources resulting from amounts paid subsequent to the measurement date will be recognized as a decrease to the total OPEB liability in the year ended June 30, 2025 for component units. Other amounts reported as deferred outflows of resources and deferred inflows of resources for component units will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ (930,181)
FY 2026	(930,181)
FY 2027	(930,181)
FY 2028	(930,181)
FY 2029	2,169,374
Thereafter	5,668,281

The Schedule of Changes in the Total OPEB Liability and Related Ratios is presented as required supplementary information following the notes to the financial statements.

B. State Retiree Life Insurance OPEB

The State Retiree Life Insurance program provides postemployment life insurance coverage to all eligible retired employees of the State, the University of Wisconsin, University of Wisconsin Hospital and Clinics Authority, Wisconsin Housing and Economic Development Authority and Wisconsin Economic Development Corporation. Each employer's proportionate share of the net OPEB liability and collective OPEB expense, deferred inflows and outflows is based on the employer's contributions for the most recent calendar year compared to the total contributions of all employers.

Inclusion of OPEB Information for Component Units

GASB standards require the presentation of OPEB related amounts and information in the State's financial statements for both the State of Wisconsin (the primary government) and the component units. The component units are responsible for their share of the OPEB liabilities. Reported amounts related to the OPEB liability, OPEB expense and related deferred inflows and outflows for the OPEB plans may vary by an immaterial amount from the final amounts due to the timing of available information.

OPEB Liabilities, OPEB Expense, and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the State, including the University of Wisconsin System, reported a liability of \$700.3 million for its proportionate share of the net OPEB liability. The net OPEB liability was measured as of December 31, 2023 and the total OPEB liability used to calculate the net OPEB liability was determined by an actuarial valuation as of January 1, 2023 rolled forward to December 31, 2023. The State's proportion of the net OPEB liability was based on the State's share of contributions to the OPEB plan relative to the contributions of all participating employers. At December 31, 2023, the State's proportion was 87.9 percent which was a decrease of 0.8 percent from its proportion of 88.7 percent measured as of December 31, 2022.

Net OPEB liability amounts, by participating employers as of a June 30, 2024 reporting date, are indicated in the table below (in millions):

Participating Employer	Net OPEB Liability
Primary Government	
State of Wisconsin	\$ 360.2
University of Wisconsin System	340.0
Component Units	
UW Hospital and Clinics Auth.	93.1
WI Housing & Economic Development Auth.	2.6
Wisconsin Economic Development Corp.	1.2
Total Net OPEB Liability	\$ 797.1

For the year ended June 30, 2024, OPEB expense of \$60.7 million was recognized by participating employers:

Primary Government	
State of Wisconsin	\$ 26,091,385
University of WI System	26,217,314
Component Units	
UW Hospital and Clinics Auth.	8,036,247
WI Housing & Economic Development Auth.	230,283
WI Economic Development Corp.	123,028
Total	\$ 60,698,257

For the year ended June 30, 2024, contributions of \$1.9 million were recognized by the plan from participating employers:

Primary Government	
State of Wisconsin	\$ 880,428
University of WI System	831,137
Component Units	
UW Hospital and Clinics Auth.	227,505
WI Housing & Economic Development Auth.	6,248
WI Economic Development Corp.	2,895
Total	\$ 1,948,213

Changes in the Net OPEB Liability

Changes to the net OPEB plan liability during the fiscal year include the following (in millions):

Total OPEB Liability December 31, 2022	\$ 963.0
Changes for the Year:	
Service cost	29.5
Interest	36.7
Difference between expected & actual experience	(5.3)
Changes of assumptions	86.6
Benefit payments	(25.6)
Net Change in Total OPEB Liability	121.8
Total OPEB Liability December 31, 2023	\$ 1,084.8
Plan Fiduciary Net Position December 31, 2022	\$ 303.2
Changes for the Year:	
Contributions from employers	1.9
Net investment income	9.3
Administrative expense	(1.1)
Benefit payments	(25.6)
Net change in Plan Fiduciary Net Position	(15.5)
Plan Fiduciary Net Position December 31, 2023	\$ 287.8
Collective Net OPEB Liability December 31, 2022	\$ 659.8
Net change in Collective Net OPEB Liability	137.3
Collective Net OPEB Liability December 31, 2023	\$ 797.1

At June 30, 2024, deferred outflows of resources and deferred inflows of resources for the state and component units were reported from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 1,751,618	\$ (16,033,714)
Changes of Assumptions	194,923,038	(253,374,418)
Changes in Proportion	19,227,152	(19,227,149)
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	7,836,639	—
Total	\$ 223,738,447	\$ (288,635,281)

Deferred outflows of resources and deferred inflows of resources for the state (primary government) as of a June 30, 2024 reporting date were as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 1,538,850	\$ (14,086,111)
Changes of Assumptions	171,245,908	(222,597,250)
Changes in Proportion	12,169,869	(16,637,620)
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	6,884,728	—
Total	\$ 191,839,355	\$ (253,320,981)

Deferred outflows of resources and deferred inflows of resources for component units as of a June 30, 2024 reporting date were as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 212,768	\$ (1,947,603)
Changes of Assumptions	23,677,130	(30,777,168)
Changes in Proportion	7,057,283	(2,589,529)
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	951,911	—
Total	\$ 31,899,092	\$ (35,314,300)

Amounts reported as deferred outflows of resources and deferred inflows of resources for the state and component units will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ 1,719,882
FY 2026	5,893,477
FY 2027	(23,731,391)
FY 2028	(39,920,730)
FY 2029	(14,173,655)
Thereafter	5,315,588

Amounts reported as deferred outflows of resources and deferred inflows of resources for the state (primary government) will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ 701,240
FY 2026	4,476,347
FY 2027	(21,512,756)
FY 2028	(35,842,795)
FY 2029	(13,544,234)
Thereafter	4,240,575

Amounts reported as deferred outflows of resources and deferred inflows of resources for component units will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ 1,018,642
FY 2026	1,417,130
FY 2027	(2,218,635)
FY 2028	(4,077,935)
FY 2029	(629,421)
Thereafter	1,075,013

Sensitivity of the Net OPEB Liability to Changes in the Discount Rate

The following presents participating employer's proportionate share of the net OPEB liability and what the liability would be if it were calculated using a discount rate that is 1-percentage-point lower and 1-percentage-point higher than the current discount rate (in millions):

	1% Decrease in Discount Rate (2.30%)	Current Discount Rate (3.30%)	1% Increase in Discount Rate (4.30%)
Primary Government	\$ 905.0	\$ 700.3	\$ 542.3
Component Units	125.1	96.8	75.0
Net OPEB Liability	\$ 1,030.1	\$ 797.1	\$ 617.3

Single Discount Rate

A single discount rate of 3.30 percent was used to measure the Total OPEB liability for the current year, as opposed to a discount rate of 3.75 percent for the prior year. The change in the discount rate was primarily caused by the decrease in the municipal bond rate from 3.72 percent as of December 31, 2022 to 3.26 percent as of December 31, 2023. The plan’s fiduciary net position was projected to be insufficient to make all projected future benefit payments of current active and inactive employees. Therefore, the discount rate for calculating the Total OPEB Liability is equal to the single equivalent rate that results in the same actuarial present value as the long-term expected rate of return applied to benefit payments, to the extent that the plan’s fiduciary net position is projected to be sufficient to make projected benefit payments, and the municipal bond rate applied to benefit payments to the extent that the plan’s fiduciary net position is projected to be insufficient. The source of the municipal bond rate used is the Bond Buyers GO Index. The plan’s fiduciary net position was projected to be available to make projected future benefit payments of current plan members through December 31, 2033. Therefore, the long-term expected rate of return on plan investments was applied through 2033 and the municipal bond index rate was applied for all remaining periods of projected benefit payments to determine the Total OPEB Liability.

Long-term expected Return on Plan Assets

The long-term expected rate of return is determined by adding expected inflation to expected long-term real returns and reflecting expected volatility and correlation. Investments for the retiree life insurance plans are held with the insurance carrier, Securian. Interest is calculated and credited to the plans based on the rate of return for a segment of the insurance carriers’ general fund, specifically, 10 year A-Bonds (as a proxy, and not tied to any specific investments). The overall aggregate interest rate is calculated using a tiered approach based on the year the funds were invested and the rate of return for that year. Investment interest is credited based on the aggregate rate of return and assets are not adjusted to fair market value. Furthermore, the insurance carrier guarantees the principal amounts of the reserves, including all interest previously credited thereto.

Asset allocation targets and expected returns as of December 31, 2023 were:

Asset Class	Index	Long-Term Expected	
		Target Allocation	Geometric Real Rate of Return
US Intermediate Credit Bonds	Bloomberg US Interm Credit	40 %	2.32 %
US Mortgages	Bloomberg US MBS	60 %	2.52 %
Inflation			2.30%
Long-Term Expected Rate of Return			4.25%

Actuarial assumptions

Actuarial assumptions are based on the Wisconsin Retirement System experience study conducted in 2021 using experience from 2018 to 2020. The projections of cash flows used to determine the single discount rate assumed that employer

contributions will be made according to the current employer contribution schedule and that contributions are made by plan members retiring prior to age 65. The total OPEB liability in the January 1, 2023, actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	January 1, 2023
Measurement Date of Net OPEB Liability:	December 31, 2023
Experience Study:	January 1, 2018 - December 31, 2020, Published November 19, 2021
Actuarial Cost Method:	Entry Age Normal
20 Year Tax-Exempt Municipal Bond Yield:	3.26
Long-Term Expected Rate of Return:	4.25
Discount Rate:	3.3
Salary Increases:	
Wage Inflation	3.00%
Senior/Merit	0.1% - 5.6%
Mortality:	2020 WRS Experience Mortality Table

C. Supplemental Health Insurance Conversion Credit OPEB

The Supplemental Health Insurance Conversion Credit plan provides all eligible employees of the State, the University of Wisconsin, University of Wisconsin Hospital and Clinics Authority and Wisconsin Housing and Economic Development Authority with credits that can be used to pay for post-retirement health insurance. Each employer’s proportionate share of the net OPEB liability/(asset) and collective OPEB expense/(revenue), deferred inflows and outflows is based on the employer’s contributions for the most recent calendar year compared to the total contributions of all employers.

Inclusion of OPEB Information for Component Units

GASB standards require the presentation of OPEB related amounts and information in the State’s financial statements for both the State of Wisconsin (the primary government) and the component units. The component units are responsible for their share of the OPEB liabilities. Reported amounts related to the OPEB liability, OPEB expense and related deferred inflows and outflows for the OPEB plans may vary by an immaterial amount from the final amounts due to the timing of available information.

OPEB Assets, OPEB Expense/(Revenue), and Deferred Outflows of Resources and Deferred Inflows of Resources Related to OPEB

At June 30, 2024, the State, including the University of Wisconsin System, reported an asset of \$62.7 million for its proportionate share of the net OPEB asset. The net OPEB asset was measured as of December 31, 2023 and the total OPEB liability used to calculate the net OPEB asset was determined by an actuarial valuation as of December 31, 2023. The State’s proportion of the net OPEB asset was based on the State’s share of contributions to

the OPEB plan relative to the contributions of all participating employers. At December 31, 2023, the State's proportion was 86.3 percent which remained unchanged from its proportion of 86.3 percent measured as of December 31, 2022.

Net OPEB liability/(asset) amounts, by participating employers as of a June 30, 2024 reporting date, are indicated in the table below (in millions):

Participating Employer	Net OPEB Liability/ (Asset)
Primary Government	
State of Wisconsin	\$ (26.8)
University of Wisconsin System	(27.4)
Component Units	
UW Hospital and Clinics Auth.	(8.5)
WI Housing & Economic Development Auth.	(0.2)
Total Net OPEB Liability/(Asset)	<u>\$ (62.7)</u>

For the year ended June 30, 2024, OPEB expense/(revenue) of \$(3.0) million was recognized by participating employers:

Primary Government	
State of Wisconsin	\$ (1,280,615)
University of WI System	(1,159,590)
Component Units	
UW Hospital and Clinics Auth.	(565,547)
WI Housing & Economic Development Auth.	(8,063)
Total	<u>\$ (3,013,815)</u>

For the year ended June 30, 2024, contributions of \$11.9 million were recognized by the plan from participating employers:

Primary Government	
State of Wisconsin	\$ 5,073,022
University of WI System	5,182,528
Component Units	
UW Hospital and Clinics Auth.	1,604,701
WI Housing & Economic Development Auth.	29,226
Total	<u>\$ 11,889,477</u>

Changes in the Net OPEB Liability/(Asset)

Changes to the net OPEB plan liability/(asset) during the fiscal year include the following (in millions):

Total OPEB Liability December 31, 2022	\$ 1,046.0
Changes for the Year:	
Service cost	26.3
Interest	70.2
Difference between expected & actual experience	82.7
Changes of assumptions	—
Benefit payments	<u>(53.0)</u>
Net Change in Total OPEB Liability	<u>126.1</u>
Total OPEB Liability December 31, 2023	\$ 1,172.1
Plan Fiduciary Net Position December 31, 2022	\$ 1,148.8
Changes for the Year:	
Contributions from employers	11.9
Net investment income	127.8
Administrative expense	(0.6)
Benefit payments	<u>(53.0)</u>
Net change in Plan Fiduciary Net Position	86.1
Plan Fiduciary Net Position December 31, 2023	\$ 1,234.9
Collective Net OPEB Liability December 31, 2022	\$ (102.8)
Net change in Collective Net OPEB Liability/(Asset)	<u>40.1</u>
Collective Net OPEB Liability/(Asset) December 31, 2023	<u>\$ (62.7)</u>

At June 30, 2024, deferred outflows of resources and deferred inflows of resources for the state and component units were reported from the following sources:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 73,296,088	\$ (125,344,392)
Changes of Assumptions	88,920,590	—
Changes in Proportion	2,753,220	(2,753,221)
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	55,322,020	—
OPEB Contributions Subsequent to the Measurement Date	11,232,191	—
Total	<u>\$ 231,524,109</u>	<u>\$ (128,097,613)</u>

Deferred outflows of resources and deferred inflows of resources for the state (primary government) as of a June 30, 2024 reporting date were as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 63,223,277	\$ (108,118,774)
Changes of Assumptions	76,700,561	—
Changes in Proportion	2,655,654	(1,518,766)
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	47,719,318	—
OPEB Contributions Subsequent to the Measurement Date	7,297,191	—
Total	\$ 197,596,001	\$ (109,637,540)

Deferred outflows of resources and deferred inflows of resources for component units as of a June 30, 2024 reporting date were as follows:

	Deferred Outflows of Resources	Deferred Inflows of Resources
Difference between Expected and Actual Experience	\$ 10,072,811	\$ (17,225,618)
Changes of Assumptions	12,220,029	—
Changes in Proportion	97,566	(1,234,456)
Net Difference Between Projected and Actual Earnings on OPEB Plan Investments	7,602,702	—
OPEB Contributions Subsequent to the Measurement Date	3,935,000	—
Total	\$ 33,928,108	\$ (18,460,074)

The \$11,232,191 in deferred outflows of resources resulting from amounts paid subsequent to the measurement date will be recognized as a decrease to the total OPEB liability in the year ended June 30, 2025 for the state and component units. Other amounts reported as deferred outflows of resources and deferred inflows of resources for the state and component units will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ (241,404)
FY 2026	16,716,198
FY 2027	43,014,051
FY 2028	(5,681,402)
FY 2029	10,903,816
Thereafter	27,483,046

The \$7,297,191 in deferred outflows of resources resulting from amounts paid subsequent to the measurement date will be recognized as a decrease to the total OPEB liability in the year ended June 30, 2025 for the state (primary government). Other amounts reported as deferred outflows of resources and deferred inflows of resources for the state will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ (48,796)
FY 2026	14,578,385
FY 2027	37,262,221
FY 2028	(4,731,779)
FY 2029	9,575,804
Thereafter	24,184,868

The \$3,935,000 in deferred outflows of resources resulting from amounts paid subsequent to the measurement date will be recognized as a decrease to the total OPEB liability in the year ended June 30, 2025 for component units. Other amounts reported as deferred outflows of resources and deferred inflows of resources for component units will be recognized in future OPEB expense/(revenue) as follows:

FY 2025	\$ (192,609)
FY 2026	2,137,812
FY 2027	5,751,830
FY 2028	(949,623)
FY 2029	1,328,013
Thereafter	3,298,178

Sensitivity of the Net OPEB Liability/(Asset) to Changes in the Discount Rate

The following presents participating employer's proportionate share of the net OPEB liability/(asset) and what the liability/(asset) would be if it were calculated using a discount rate that is 1-percentage-point lower and 1-percentage-point higher than the current discount rate (in millions):

	1% Decrease in Discount Rate (5.80%)	Current Discount Rate (6.80%)	1% Increase in Discount Rate (7.80%)
Primary Government	\$ 51.7	\$ (54.1)	\$ (145.3)
Component Units	8.2	(8.6)	(23.2)
Net OPEB Liability/ (Asset)	\$ 59.9	\$ (62.7)	\$ (168.5)

Sensitivity of the Net OPEB Liability/(Asset) to Changes in the Healthcare Cost Trend Rates

The following presents each employer's proportionate share of the net OPEB liability/(asset) and what it would be if it were calculated using a healthcare trend rate that is 1-percentage-point lower or higher than the current healthcare trend rate (in millions):

	1% Decrease in Healthcare Trend Rate	Current Healthcare Trend Rate	1% Increase in Healthcare Trend Rate
Primary Government	\$ (121.7)	\$ (54.1)	\$ 10.0
Component Units	(19.4)	(8.6)	1.6
Net OPEB Liability/ (Asset)	\$ (141.1)	\$ (62.7)	\$ 11.6

Single Discount Rate

A single discount rate of 6.8 percent was used to measure the Total OPEB Liability for the current year. This single discount rate was based on the expected rate of return on OPEB plan investments of 6.8 percent. The projection of cash flows used to determine this single discount rate assumed that employer contributions will be made at rates equal to the actuarially determined contribution rate. Based on these assumptions, the OPEB plan's fiduciary net position was projected to be available to make all projected future benefit payments of current plan members. Therefore, the long-term expected rate of return on OPEB plan investments was applied to all periods of projected benefit payments to determine the Total OPEB Liability and projections were excluded from this report.

Long-term expected Return on Plan Assets

The assets of the SHICC are commingled with assets from other benefit programs and invested in the Core Retirement Investment Trust (Core Fund). Earnings are allocated between the benefit programs based on the average balance invested for each program. The State of Wisconsin Investment Board (SWIB) manages the Core Fund with oversight by the SWIB Board of Trustees, as authorized in Wis. Stat. § 25.17. The long-term expected rate of return is reviewed every three years in conjunction with the Wisconsin Retirement System experience study. Best estimates of geometric real rates of return of each major asset class included in the OPEB plan's target allocation as of December 31, 2023, are summarized in the following table:

Asset Class	Target Allocation	Long-Term Expected Geometric Real Rate of Return
Public Equity	40.0 %	4.5 %
Public Fixed Income	27.0 %	3.0 %
Inflation Sensitive Assets	19.0 %	1.7 %
Real Estate	8.0 %	3.0 %
Private Equity/Debt	18.0 %	6.7 %
Cash	(12.0)%	1.0 %
Total Fund	100.0 %	4.6 %
Inflation		2.7 %
Long-Term Expected Rate of Return		6.8 %

The long-term expected rate of return is 6.8 percent. The long-term expected rate of return on OPEB plan investments was determined using a building-block method in which best-estimate ranges of expected future real rates of return (expected returns, net of OPEB plan investment expense and inflation) are developed for each major asset class. These ranges are combined to produce the long-term expected rate of return by weighting the expected future real rates of return by the target asset allocation percentage and by adding expected inflation.

Actuarial assumptions

Actuarial assumptions are based on the Wisconsin Retirement System experience study conducted in 2021 using experience from 2018 to 2020. The total OPEB liability in the December 31, 2023 actuarial valuation was determined using the following actuarial assumptions, applied to all periods included in the measurement:

Actuarial Valuation Date:	December 31, 2023
Measurement Date of Net OPEB Liability/ (Asset):	December 31, 2023
Experience Study	January 1, 2018 - December 31, 2020 Published November 18, 2021
Actuarial Cost Method:	Entry Age Normal
Long-Term Expected Rate of Return:	6.80%
Discount Rate:	6.80%
Salary Increases Inflation:	3.00%
Seniority/Merit:	0.1% - 5.6%
Mortality:	2020 WRS Experience Mortality Table
Health Care Cost Trend Rate:	5.5% for the first year grading down to an ultimate health care trend rate of 3.5% over a 10 year period.
Health Care Premiums:	Actual premium amounts are used for current annuitants. For all non annuitants (active, preserved, and escrowed members), average premiums are calculated based on non Medicare and Medicare rates for one person and two person coverages.
Participation:	100% of active and preserved members will begin using sick leave credits immediately upon reaching eligibility.
Usage for Escrowed Benefits:	50% of members currently in escrow status will at some point begin using their sick leave balances to pay for health care costs.
Sick Leave Accumulation:	The assumed annual sick leave accumulation for each individual is at their same rate as in the past (earned less used), but not more than 100% of the gross earned rate based on the person's employer and not less than 25% of their gross earned rate. The assumed annual gross earned rates range from 6.4 to 16.25 days depending on the employer.

OPEB plan fiduciary net position. Detailed information about the OPEB plan's fiduciary net position is available in separately issued financial statements from ETF. The report can be obtained at www.etf.wi.gov and on request from:

The Department of Employee Trust Funds
 PO Box 7931
 Madison, Wisconsin 53707-7931

NOTE 18. PUBLIC ENTITY RISK POOLS ADMINISTERED BY THE DEPARTMENT OF EMPLOYEE TRUST FUNDS

The Department of Employee Trust Funds operates three public entity risk pools: group health insurance, group income continuation insurance and duty disability insurance. ETF's separately issued financial statements, which contain historical trend, revenue, and claims development information, are available at www.etf.wi.gov and on request from:

Wisconsin Department of Employee Trust Funds
PO Box 7931
Madison, WI 53707-7931
1-877-533-5020

The information provided in this note applies to the period ending December 31, 2023.

A. Description of Funds

The Health Insurance Fund offers group health insurance for current employees of the State government and of participating local public employers. All public employers in the State are eligible to participate. The State and 428 local employers currently participate. The State and local government portions of the fund are accounted for separately and have separate contribution rates, benefits, and actuarial valuations. The fund includes both a self-insured, fee-for-service plan as well as various prepaid plans, primarily Health Maintenance Organizations (HMO's), a self-insured plan that provides for pharmacy benefits of covered members and a self-insured dental plan that provides dental benefits for members selecting dental insurance.

The Income Continuation Insurance Fund offers both long-term and short-term disability benefits (up to 75 percent of the average monthly earnings) for current employees of the State and of participating local public employers. All public employers in the State are eligible to participate. The State and 316 local employers currently participate in the plan and it is self-insured. The State and local government portions of the fund are accounted for separately and have separate contribution rates, benefits, and actuarial valuations. Since March 2012, premiums have been suspended for the local employers as a result of the funded status of the local employer program.

The Duty Disability Fund offers special disability insurance for the State and local WRS participants in protective occupations. Participation in the program is mandatory for all WRS employers with protective occupation employees. The State and 504 local employers currently participate. The plan is self-insured, and the risk is shared between the State and local government employers in the plan. Contributions are actuarially determined and are employer paid. Contributions are based on a graduated, experience-rated formula. During 2023, contribution rates ranged from 0.02 percent to 0.57 percent of covered payroll based on employer experience.

B. Accounting Policies for Risk Pools

Basis of Accounting - All Public Entity Risk Pools are accounted for in enterprise funds using the full accrual basis of accounting and the flow of economic resources measurement focus.

Valuation of Investments - Assets of the Health Insurance, Income Continuation Insurance and Duty Disability Insurance funds are invested in the Core Retirement Investment Trust. Investments are valued at fair value.

Unpaid Claims Liabilities - Claims liabilities are based on estimates of the ultimate cost of claims that have been reported but not settled, and of claims that have been incurred but not reported. The estimate includes the effects of inflation and other societal and economic factors. Adjustments to claims liabilities are charged or credited to expense in the periods in which they are made. Unpaid claims liability is presented at face value and is not discounted for health insurance. It is discounted using an interest rate of 6.8 percent for income continuation and duty disability insurance, as face value of the liability for these programs is not available. The liabilities for income continuation, duty disability, and health insurance were determined by actuarial methods.

Administrative Expenses - All maintenance expenses are expensed in the period in which they are incurred. Acquisition costs are immaterial and are treated as maintenance expenses.

Reinsurance - Health insurance plans provided by HMO's and health insurance for local government annuitants are fully insured by outside insurers. All remaining risk is self-insured with no reinsurance coverage.

Risk Transfer - For the fully insured medical plan, risk of loss is transferred to the commercial health providers. Participating employers are not subject to supplemental assessments in the event of deficiencies. The self-insured pharmacy, dental, income continuation insurance and duty disability plans retain the risk of loss for allowable claims. To ensure plans remain financially solvent, reserving is required, as recommended by the governing board's consulting actuary. Reserve targets are considered in the annual premium rate setting, which impact future premiums to be paid by participating employers and employees. Participating employers are not subject to supplemental assessments in the event of deficiencies. If the assets of the fund were exhausted, participating employers would not be responsible for the fund's liabilities.

Premium Setting - Premiums are established by the GIB (Health Insurance and ICI) and ETF Board for Duty Disability in consultation with actuaries.

Statutory Authority - All programs are operated under the authority of Chapter 40, Wisconsin Statutes.

C. Unpaid Claims Liabilities

As discussed in Section B of this Note, each fund establishes a liability for both reported and unreported insured events, which is an estimate of future payments of losses. The following represents changes in those aggregate liabilities for the nonreinsured portion of each fund during Calendar Year 2023 (in millions):

	Income Continuation Insurance		Duty Disability Insurance		Pharmacy Benefits		Dental	
	2023	2022	2023	2022	2023	2022	2023	2022
Unpaid claims and claim adjustment expenses at beginning of the calendar year	\$ 96.7	\$ 95.7	\$ 556.8	\$ 523.8	\$ (54.9)	\$ (39.0)	\$ 1.4	\$ 1.6
Incurred claims and claim adjustment expenses:								
Provision for insured events of the current calendar year	20.5	23.2	59.8	40.6	219.3	198.6	49.2	46.7
Changes in provision for insured events of prior calendar years	(4.0)	(0.9)	17.8	29.6	0.6	0.0	(0.1)	(0.1)
Total incurred claims and claim adjustment expenses	16.5	22.3	77.6	70.2	219.9	198.6	49.1	46.6
Payments:								
Claims and claim adjustment expenses attributable to insured events of the current calendar year	4.2	4.5	0.1	0.0	292.0	253.5	47.7	45.3
Claims and claim adjustment expenses attributable to insured events of prior calendar years	16.2	16.8	40.1	37.2	(54.5)	(39.0)	1.4	1.5
Total payments	20.4	21.3	40.2	37.2	237.5	214.5	49.1	46.8
Total unpaid claims and claim adjustment expenses at end of the calendar year	<u>\$ 92.8</u>	<u>\$ 96.7</u>	<u>\$ 594.1</u>	<u>\$ 556.8</u>	<u>\$ (72.5)*</u>	<u>\$ (54.9)*</u>	<u>\$ 1.4</u>	<u>\$ 1.4</u>

*Total unpaid claims at the end of 2023 is \$72.5 million in rebates due from pharmaceutical companies. Total unpaid claims at the end of 2022 is \$54.9 million in rebates due from pharmaceutical companies.

NOTE 19. SELF-INSURANCE

It is the general policy of the State not to purchase commercial insurance for the risks of losses to which it is exposed. Instead, the State believes it is more economical to manage its risks internally and set aside assets for claim settlement in its internal service fund, the Risk Management Fund. The fund services most claims for risk of loss to which the State is exposed, including damage to State owned property, liability for property damages and injuries to third parties, and worker's compensation. All funds and agencies of the State participate in the Risk Management Fund.

State Property Damage

Property damages to State-owned properties are covered by the State's self-funded property program up to \$4.0 million per occurrence and \$6.5 million annual aggregate. Effective 7/1/23, the program participates in a 20 percent quota share (co-participation) of the primary \$10 million excess property insurance layer should a loss occur which exceeds the State's self-funded program. When claims exceed \$100,000 per occurrence, are greater than \$4 million for an occurrence or total \$6.5 million annually, the State's private insurance becomes available. Losses to property occurring after the annual aggregate are subject to a \$100,000 deductible. During Fiscal Year 2024, the excess insurance limits were written to \$500 million.

The liabilities for State property damage are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. The estimate for future benefits and loss liabilities is based on the reserves on open claims and paid claims. Losses incurred but not reported are expected to be immaterial. Claims incurred but not paid as of June 30, 2024 are estimated to total \$9.5 million.

Property Damages and Bodily Injuries to Third Parties

The State is self-funded for third party liability and retains \$5.0 million per occurrence. An excess insurance program is placed and effective 7/1/23 a primary \$5 million coverage layer sits above the retention, with the State participating in a 20 percent quota share (co-participation) of the next \$5 million layer should a covered loss exceed \$10 million. Additional layers of excess insurance are in place above \$15 million, with total policy limits during Fiscal Year 2024 at \$49.0 million.

The liabilities for property damages and injuries to third parties are reported when it is probable that a loss has occurred and the amount of that loss can be reasonably estimated. The estimate for future benefits and loss liabilities for the prior fiscal year was the reserves on open claims. The estimate for future benefits and loss liabilities is calculated by an actuary based on the reserves on open claims and prior experience. No liability is reported for environmental impairment liability claims either incurred or incurred but not reported because existing case law makes it unlikely the State would be held liable for material amounts. Because actual claims liabilities depend upon complex factors such as inflation, changes in legal doctrines, and damage awards, the process used in computing claims liability does not necessarily result in an exact amount. Immaterial non-incremental claims adjustment expenses are not included as part of the liability. Claims incurred but not paid as of June 30, 2024 are estimated to total \$43.7 million.

Worker's Compensation

The Worker's Compensation Program was created by Chapter 102 of the Wisconsin Statutes to provide benefits to workers injured on the job. All employees of the State are included in the program. An injury is covered under worker's compensation if it is caused by an accident that arose out of and in the course of employment.

The responsibility for claiming compensation is on the employee. A claim must be filed with the program within two years from the date of injury; otherwise the claim is not allowable.

The worker's compensation liability has been determined by an actuary using paid claims and current claims reserves. Liabilities include an amount for claims that have been incurred but not reported. Because actual claims liabilities are affected by external factors, the process used in computing claims liabilities does not necessarily result in an exact amount. Claims incurred but not paid as of June 30, 2024 are estimated to total \$90.2 million.

Changes in the balances of claims liability for the Risk Management Fund during the current and prior fiscal years are as follows (in thousands):

	2024	2023
Beginning of fiscal year liability	\$ 143,962	\$ 152,922
Current year claims and changes in estimates	33,480	32,142
Claim payments	(34,117)	(39,727)
	143,325	145,337
Excess insurance reimbursable	(713)	(1,375)
Balance at fiscal year-end	<u>\$ 142,612</u>	<u>\$ 143,962</u>

Settlements have not exceeded coverages for each of the past three fiscal years.

Annuity Contracts

The Risk Management Fund purchased annuity contracts in various claimants' names to satisfy claim liabilities. The likelihood that the fund will be required to make future payments on those claims is remote and, therefore, the fund is considered to have satisfied its primary liability to the claimants. Accordingly, the annuity contracts are not reported in, and the related liabilities are removed from, the fund's balance sheet. The aggregate outstanding amount of liabilities removed from the financial statements at June 30, 2024 is \$4.1 million.

NOTE 20. INSURANCE FUNDS

A. Injured Patients and Families Compensation Fund

The Injured Patients and Families Compensation Fund was created in 1975 for the purpose of providing excess medical malpractice coverage for claims exceeding the legal primary insurance limits prescribed in Wis. Stat. § 655.23(4), or the maximum liability limit for which the health care provider is insured, whichever limit is greater. Management of the Fund is vested with a 13-member Board of Governors, which is chaired by the Commissioner of Insurance. Most health care providers permanently practicing or operating in the State of Wisconsin are required to pay Injured Patients and Families Compensation Fund assessment fees. Risk of loss is retained by the Fund.

The Future Benefits and Loss Liability account includes individual case estimates for reported losses and estimates for incurred but not reported losses based upon the projected ultimate losses recommended by a consulting actuary. The liability for incurred but not reported losses as of June 30, 2024, is determined by deducting individual case estimates of the liability for reported losses and net losses paid from inception of the Fund, and adding a risk margin to the projected ultimate loss liabilities, as follows (in thousands):

Projected ultimate loss liability	\$ 1,328,751
Less: Net loss paid from inception	(984,543)
Less: Liability for reported losses	(246,197)
Risk Margin	<u>86,052</u>
Liability for incurred but not reported losses	<u>\$ 184,063</u>

The Future Benefits and Loss Liability account also includes an estimate of the loss adjustment expense (LAE). Using the data available through September 30 of the fiscal year, the actuary estimated the liability for LAE as 20 percent of the estimated unpaid losses as of June 30, 2024. The percentage used in the financial statements was different, since the actuary's estimate was adjusted to reflect actual LAE payments. Specifically, the loss adjustment expenses paid from the inception of the Fund through June 30, 2024, are deducted from the projected ultimate LAE to determine the liability for LAE as June 30, 2024 as follows (in thousands):

Projected ultimate LAE liability	\$ 195,462
Less: LAE paid from inception	(123,141)
Risk Margin	<u>18,080</u>
Liability for LAE	<u>\$ 90,401</u>

In accordance with Section Ins. 17.27(3), Wis. Adm. Code, the liability for reported losses, liability for incurred but not reported losses, and liability for loss adjustment expense are maintained on a present value basis with the difference from full value being reported as a contra account to these estimated loss liabilities. These estimated loss liabilities are discounted only to the extent that they are matched by cash and invested assets. Using the actuarially determined discount factor of 0.8991, which is based on an investment yield assumption of 3.0 percent approved by the Board of Governors, the discounted loss liability would be as follows as of June 30, 2024 (in thousands):

Estimated liability for incurred but not reported losses	\$ 184,063
Estimated liability for reported losses	246,197
Estimated liability for loss adjustment expense	<u>90,401</u>
Total estimated loss liabilities	520,661
Less: Amount representing interest	<u>(52,556)</u>
Discounted loss liabilities	<u>\$ 468,105</u>

Included in the above estimates of loss liabilities, both undiscounted and discounted, is a 25 percent risk margin, which was recommended by the actuary and approved by the Board of Governors.

The Office of the Commissioner of Insurance contracts for periodic actuarial audits of the Fund. This audit includes a review by another actuary of the reasonableness of the actuarial methodology and assumptions used in developing estimates of the Fund's liabilities. The actuarial audits have concluded that the Fund's loss liability estimates are reasonable, although conservative. The Fund's contracted actuary has considered the recommendations made in the actuarial audits and appropriately incorporated any necessary changes based on those recommendations into the actuarial methodology and assumptions used to calculate the Fiscal Year 2024 liabilities estimate.

In addition to discounted loss liabilities, the Future Benefit and Loss Liabilities account also includes a future medical expenses liability and a contributions being held liability. The future medical expenses liability consists of those accounts required by Wis. Stat. § 655.015 to be established if a settlement or judgment provides for future medical expense payments in excess of \$100,000. The accounts are managed by the Fund and earn a proportionate share of the Fund's interest. Any account balance remaining when a claimant dies reverts back to the Fund. The contributions being held liability consists of nonrefundable payments, generally in amounts equal to the primary coverage in effect for related claims, that primary insurers have voluntarily presented to the Fund and which are negotiable with the Fund in exchange for a release of payment for any future defense costs that may be incurred on the claim. This amount is held as a liability to the Fund until a payment on the claim is made.

The breakdown of Future Benefit and Loss Liabilities, including the portions that are estimated as current and noncurrent as of June 30, 2024 (in thousands), is as follows:

Discounted loss liabilities	\$ 468,105
Future medical expense liability	<u>62,287</u>
Total estimated loss liabilities	530,392
Current portion	<u>(62,220)</u>
Noncurrent portion	<u>\$ 468,172</u>

The uncertainties inherent in projecting the frequency and severity of large claims because of the Injured Patients and Families Compensation Fund's unlimited liability coverage and extended reporting and settlement periods makes it likely that the amounts ultimately paid will differ from the recorded estimated loss liabilities. These differences cannot be quantified.

The estimated amounts included in the balance of Future Benefits and Loss Liabilities are continually reviewed and adjusted as the Fund gains additional experience. Such adjustments are reflected in current operations. Because of the changes in these estimates, the benefit expense for the fiscal year is not necessarily indicative of the loss experience for the year.

The following is a reconciliation of the change in the balance of Future Benefits and Loss Liabilities during Fiscal Year 2024 (in thousands):

Liability at the beginning of the year	\$ 462,992
Incurred claims and related expenses for the current year and the change in estimated amounts for claims incurred in prior years	95,526
Less: current year payments attributable to claims incurred in current and prior years	(28,126)
Liability at the end of the year	\$ 530,392

B. State Life Insurance Fund

The State Life Insurance Fund was created under Chapter 607 of the Wisconsin Statutes, to offer life insurance to residents of Wisconsin in a manner similar to private insurers. This fund functions much like a mutual life insurance company and is subject to the same regulatory requirements as any life insurance company licensed to operate in Wisconsin.

Premiums are reported as earned when due. Benefits and expenses are associated with earned premiums so as to result in recognition of profits over the life of the contracts. This association is accomplished by means of the provision for liabilities for future benefits and the amortization of acquisition costs.

The State Life Insurance Fund does not pay commissions nor does it incur agent expenses.

Future benefits and loss liabilities have been computed by the net level premium method based upon estimated future investment yield and mortality. The composition of liabilities and the more material assumptions pertinent thereto are presented below (in thousands):

Issue Year	Ordinary Life Insurance in Force	Amount of Policy Liability
1913-1966	\$ 4,274	\$ 3,641
1967-1976	20,821	14,349
1977-1985	53,639	25,574
1986-1994	40,011	10,903
1995-2012	39,566	8,936
2013-2018	5,660	659
2019-2020	1,382	92
2021+	1,841	130
	\$ 167,194	\$ 64,284

Issue Year	Basis of Assumption	
	Interest Rate	Mortality
1913-1966	3.0 %	American Experience, ANB*
1967-1976	3.0	1958 CSO, ALB, Unisex
1977-1985	4.0	1958 CSO, ALB, Female Setback 3 years
1986-1994	5.0	1980 CSO, ALB, Aggregate
1995-2008	4.0	1980 CSO, ALB, Aggregate
2009-2012	4.0	2001 CSO, ALB, Aggregate
2013-2018	3.5	2001 CSO, ALB, Aggregate
2019-2020	3.5	2017 CSO, ALB, Aggregate
2021+	3.0	2017 CSO, ALB, Aggregate

* Age Next Birthday

All of the State Life Insurance Fund's life insurance in force is participating. This Fund is required by statute to maintain surplus at a level between 7 percent and 10 percent of statutorily admitted assets as far as practicably possible. All excess surplus is to be returned to the policyholders in the form of policyholder dividends. Policyholder dividends are declared each year in order to achieve the required level of surplus.

The statutory assets at December 31, 2023 were \$112.7 million and statutory capital and surplus was \$11.0 million. Fund equity at June 30, 2024 was \$2.1 million.

NOTE 21. SEGMENT INFORMATION AND CONDENSED FINANCIAL DATA**Primary Government**

The State issues revenue bonds as a component of the total funding for the Direct Loan Portfolio, which is accounted for as part of the Environmental Improvement Fund. The Direct Loan Portfolio is also funded by grants from the U.S. Environmental Protection Agency (the "EPA"). Loans in this portfolio are made for water and wastewater projects. Repayments from loans in this portfolio, grants and revenue bond proceeds are used to fund new loans.

The Environmental Improvement Fund has pledged future loan revenues, net of specified operating expenses, to repay outstanding revenue bonds. Investors in these revenue bonds rely solely on the revenues generated from the loans within the Direct Loan Portfolio. Condensed financial statement information of the Direct Loan Portfolio as of and for the year ended June 30, 2024 is presented below (in thousands):

Condensed Statement of Net Position		Condensed Statement of Revenues, Expenses and Changes in Net Position

A. Accounting Changes

Change in the Reporting Entity - No change in the reporting entity occurred for the State of Wisconsin during fiscal year 2024.

Change in Accounting Principle - No change in accounting principles occurred for the State of Wisconsin during fiscal year 2024.

Change in Accounting Estimate

During the fiscal year, the Capital Improvement Fund made changes to project class classifications resulting in an understatement of beginning construction in progress balances of \$0.1 million. An adjustment was made in fiscal year 2024 to reclassify these expenditure amounts. This adjustment did not result in a change to fund balance.

B. Prior Year Error Corrections

Primary Government

During the fiscal year, it was determined that twenty-seven pay periods occurred. Analysis performed in 2014 concluded that the split pay period accrual entry was immaterial and wasn't justified from a cost-benefit perspective. In most years, an accrual entry is not made. However, once every approximately eleven years, the amount to be accrued becomes more significant. In these years, beginning equity is restated to ensure current year expenses are accurately presented. An adjustment of \$97.8 million was made to decrease beginning fund balance of the general fund. An adjustment of \$12.1 million was made to decrease beginning fund balance of the transportation fund. An adjustment of \$1.1 million was made to decrease beginning fund balance of the nonmajor governmental funds. An adjustment of \$3.7 million was made to decrease beginning fund balance of the internal service funds. An adjustment of \$13.7 million was made to decrease beginning fund balance of the nonmajor enterprise funds.

During the fiscal year, it was determined that an invoice at the Department of Health Services (DHS) was recorded to the general fund accounts receivable. However, the reporting of this invoice belonged in a nonmajor enterprise fund. The movement of this from the general fund resulted in a decrease of the fiscal year 2023 general fund net position of \$4.9 million, and a corresponding increase in nonmajor enterprise activities net position.

During the fiscal year, it was determined that revenue from other governments was understated at the Department of Natural Resources (DNR) in fiscal year 2023 totaling \$9.9 million, resulting in an understatement of net position in the governmental activities. An adjustment was made in fiscal year 2024 to increase net position to reflect correction to the prior year amounts.

During a conversion to the central asset management tracking system for the Wisconsin Supreme court, it was determined that capital assets net of depreciation were overstated in fiscal year 2023 totaling \$0.9 million, resulting in an overstatement of net position in the governmental activities. An adjustment was made in fiscal year 2024 to decrease net position to reflect correction to the prior year amounts.

During the fiscal year, it was determined that capital assets, net of depreciation, were understated at the DNR in fiscal year 2023 totaling \$6.9 million, resulting in an understatement of net position in the governmental activities. These assets included \$1.4 million in fully depreciated donated assets, and \$5.5 in various other capital assets, net of depreciation. In addition, it was determined that \$3.8 million of assets related to public debt funding were reported as expenditures during fiscal year 2023. Therefore, capital assets, net of depreciation, were understated by \$3.8 million, resulting in an understatement of net position in the governmental activities. An adjustment was made in fiscal year 2024 to increase net position to reflect correction to the prior year amounts.

During the fiscal year, it was determined that \$152.0 million of capital construction in progress was erroneously reported as completed capital infrastructure at the Department of Transportation. In addition, it was determined that expendable costs related to infrastructure and land in the amounts of \$2.8 million and \$0.1 million respectively, were erroneously capitalized. These errors resulted in a net overstatement of capital assets of \$2.9 million in the governmental activities. An adjustment was made in fiscal year 2024 to decrease net position to reflect correction to the prior year amounts.

During the fiscal year, it was determined that \$0.2 million of leased assets, net of associated liabilities and depreciation/amortization, were understated across the Department of Corrections, the Department of Workforce Development, the Department of Justice, the Public Defender Board, and the Department of Administration, resulting in an understatement of net position in the governmental activities. An adjustment was made in fiscal year 2024 to increase net position to reflect correction to the prior year amounts.

During the fiscal year, it was determined that \$9.6 million of capital assets, net of depreciation, were overstated in the Internal Service funds in fiscal year 2023. In addition, it was determined that \$0.4 million of leased assets, net of associated liabilities and amortization, were understated in the internal service funds in fiscal year 2023. These errors resulted in a net overstatement of fund balance. An adjustment was made in fiscal year 2024 to increase fund balance to reflect correction to the prior year amounts.

During the fiscal year, it was determined that equity funds related to an opioid settlement at the DHS was not restricted in fiscal year 2023 governmental activities. An adjustment was made in fiscal year 2024 to restrict equity. This adjustment did not result in a change to net position.

During the fiscal year, it was determined that accumulated interest earned on advanced Coronavirus State and Local Fiscal Recovery Fund (CSLFRF) monies through June 30, 2023 were earned in advance of expenditure, in the general fund. This error resulted in an overstatement of unearned revenue and an understatement of intergovernmental operating revenue. An adjustment was made in fiscal year 2024 to reclassify these amounts. This adjustment did not result in a change to fund balance or restricted equity.

During the fiscal year, it was determined that capital outlay expenditures were understated and capital expenditures were overstated by \$2.2 million in the Capital Improvement Fund and \$1.5 million in the Building Trust Fund. This resulted in an understatement of ending construction in progress balances. An adjustment was made in fiscal year 2024 to reclassify these expenditure amounts. This adjustment did not result in a change to fund balance.

NOTE 24. LITIGATION, CONTINGENCIES AND COMMITMENTS

A. Litigation and Contingencies

The State is a participant in various legal proceedings pertaining to matters incidental to the performance of routine governmental operations.

The State accrues liabilities related to legal proceedings, if a loss is probable and reasonably estimable. Such losses, totaling \$0.5 million on June 30, 2024 reported in the governmental activities, are discussed below:

The Work Injury Supplemental Benefit Fund, administered by the Department of Workforce Development, provides compensatory payments to survivors of fatally injured employees or disabled employees with work-related injuries. The liability for annuities to be paid totaled \$0.5 million at June 30, 2024.

Other Claims, Judgments, and Contingencies

The State is also named as a party in other legal proceedings where the ultimate disposition and consequence are not presently determinable. The potential loss amount relating to an unfavorable outcome for certain of these proceedings could not be reasonably determined at this time. However, the ultimate dispositions and consequences of any single legal proceeding or all legal proceedings collectively should not have a material adverse effect on the State's financial position.

In August 2018, the Department of Health Services (DHS) received notification from the U.S. Department of Health and Human Services (DHHS) recommending a \$27.6 million disallowance related to the Medicaid program. DHHS concluded DHS did not refund the full federal share of Medicaid-related settlements and judgements from October 2008 through September 2016. DHS partially disagreed with the report. The Centers for Medicare and Medicaid Services (CMS) reviewed the report and determined that DHHS underreported the settlement and requested that DHS refund \$31.0 million to the federal government. In February 2021 DHS submitted a formal objection letter to CMS and in August 2022 CMS issued a disallowance in the amount of \$24.9 million. On behalf of DHS, the Department of Justice (DOJ) appealed this disallowance to the Disallowance Appeals Board (DAB) on February 1, 2023. DAB is currently deliberating on a decision.

During Fiscal Year 2024, DHS was made aware of a potential disallowance related to an audit by the federal DHHS Office of Inspector General (OIG) of Applied Behavior Analysis (ABA). DHHS OIG identified \$12.3 million in payments that did not contain appropriate documentation to support the claim. A formal report is expected early in 2025.

KJS Amoco Inc. filed a civil lawsuit against the Department of Transportation (DOT) for relocation benefits due to commercial displacement following DOT's total acquisition of leased property. The plaintiff is seeking payment of approximately \$11.4 million. DOT successfully obtained dismissal of a second plaintiff and the claims of that plaintiff. Cross motions for summary judgement on the remaining claim were filed and on September 5, 2023, the court entered summary judgement in favor of DOT. The court entered a final appealable order on May 13, 2024 and the plaintiffs appealed the final order.

At the end of Fiscal Year 2024, the Unemployment Reserve Fund, administered by the Department of Workforce Development (DWD), had outstanding weekly claims filed. DWD accrued a liability in the Unemployment Reserve Fund for benefits paid through August 31, 2024 that were related to weeks prior to June 30, 2024. However, an estimate of payments related to the remaining claims, totaling 4,352 adjudication issues and 557 appeals as of September 21, 2024, cannot be estimated and therefore a liability for these claims has not been reported.

A class action lawsuit alleging discrimination under the Rehabilitation Act and the ADA as well violation of the "when due" clause of the Social Security Act and the Due Process Clause of the Fourteenth Amendment was filed against the DWD in September 2021. The plaintiffs seek to invalidate Wis Stat. 108.04(12)(f) and 108.04(2)(h) which prohibit recipients of social security disability insurance payments from receiving regular unemployment compensation benefits. In addition to an injunction, the plaintiffs seek back payments for any weeks that members of the class would have been eligible for regular unemployment benefits, excluding the weeks for which they received PUA instead, and reimbursement for any collection costs and penalties.

The case was pled as a class action, but the State successfully moved for an order allowing the district court to rule on a summary judgement motion first. In July 2024 the court granted summary judgement to the plaintiffs and the case will go forward to address whether the plaintiffs' proposed class can be certified and determine proper remedy.

Several employees of the Department of Corrections (DOC) filed a Wisconsin Statute Chapter 109 wage claim action against DOC seeking unpaid wages for tasks they claim are integral and indispensable to their primary work duties. The plaintiffs are seeking class action certification, which was granted in September 2022 by the circuit court. DOJ appealed the decision certifying the class and the court of appeals reversed the circuit court's decision granting class certification. The plaintiffs have petitioned for review from the Wisconsin Supreme Court.

In Fiscal Year 2020, Intersystems Corporation filed a claim against the Department of Revenue (DOR) asserting that DOR owed Intersystems Corporation a refund of \$73.9 million plus interest for 2010-2017. The issue is whether or not fees from sublicensing software sold to Epic, who is domiciled in Wisconsin, may be treated as Wisconsin sales in the sales factor. The case is currently being appealed to the Wisconsin Tax Appeals Commission, but DOR believes that its position is meritorious and will defend the matter vigorously.

In Fiscal Year 2022, Caidan Enterprises Incorporated filed a claim against DOR asserting that DOR owed Caidan approximately \$15.0 million in income tax and interest for the 2015-2018 tax years because Caidan should not pay taxes on gain that was not unitary. The case is currently being appealed to the Wisconsin Tax Appeals Commission, but DOR believes the gain was not unitary and will defend the matter vigorously.

In Fiscal Year 2024, Encore Capital Group Incorporated filed a claim against DOR asserting that DOR owed Encore a refund for over \$2 million in income tax and interest because DOR should not have apportioned income derived from Encore's collection of receivables in Wisconsin to Wisconsin. The case is currently being appealed to the Wisconsin Tax Appeals Commission, but DOR believes the gain was not unitary and will defend the matter vigorously.

In Fiscal Year 2023 a taking clause case was filed against the State challenging the failure of the unclaimed property program, administered by DOR, to pay interest on certain forms of abandoned property. The plaintiffs sought to certify a class of individuals whose property had been presumed abandoned and put into the unclaimed property program. The circuit court granted a motion to dismiss this case on October 11, 2023. The plaintiffs appealed and the appeal has been fully briefed and is now awaiting a decision.

In Fiscal Year 2024 a representative for the Estate of Dean Henry Hoffman brought an Eighth Amendment deliberate indifference action against the Wisconsin DOC and other named defendants. The action alleges prison officials were deliberately indifferent to Hoffman’s mental health needs, resulting in Hoffman’s suicide. Discovery in this case is just beginning and the State will defend the matter vigorously.

In Fiscal Year 2024 a representative for Cameron Williams brought an Eighth Amendment deliberate indifference action against the Wisconsin DOC and other named defendants. The action alleges prison officials were deliberately indifferent to Williams’s health needs, resulting in Williams’s death. Discovery in this case is just beginning and the State will defend the matter vigorously.

In Fiscal Year 2024 a representative for the Estate of Tyshun Lemons brought an Eighth and Fourteenth Amendment action against the Wisconsin DOC and other named defendants. The action alleges prison officials were deliberately indifferent to Lemons who died while incarcerated. Discovery in this case is just beginning and the State will defend the matter vigorously.

The Injured Patients and Families Compensation Fund may be required to purchase an annuity as a result of a claim settlement. Under specific annuity arrangements, the Fund may have ultimate responsibility for annuity payments if the annuity company defaults on annuity payments. The total estimated replacement value of the Fund’s annuities as of June 30, 2024 was \$32.8 million. The replacement value calculation includes only annuities where the Fund remains the owner. Annuities with qualified assignments are no longer included. The Fund reserves the right to pursue collection from State guarantee funds.

State Public Deposit Guarantee - As required by Wis. Stat. § 34.08, the State is to make payments to public depositors for proofs of loss (e.g., loss resulting from a bank failure) up to \$400 thousand per depositor above the amount of federal insurance. This statutory requirement guarantees that the State will make payments in favor of the public depositor that has submitted a proof of loss. Payments would be made in the order in which satisfactory proofs of loss are received by the State’s Department of Financial Institutions, until the designated appropriation is exhausted. At June 30, 2024, the appropriation available totaled \$83.1 million. Losses become fixed as of the date of the loss. A public depositor experiencing a loss must assign its interest in the deposit, to the extent of the amount paid, to the Department of Financial Institutions. Any recovery made by the Department of Financial Institutions under the assignment is to be repaid to the appropriation. The possibility of a material loss resulting from payments to and recovery from public depositors is remote.

B. Commitments

Primary Government

As of June 30, 2024, encumbrances of the General Fund totaled \$1.1 billion, encumbrances of the Transportation Fund totaled \$2.3 billion, and encumbrances of other nonmajor governmental funds totaled \$174.4 million. Obligations at June 30, 2024 representing multi-year, long-term commitments included (in thousands):

Transportation Fund	\$	697,807
Capital Improvement Fund – WisDOT Harbors, Rails and Highway Programs		14,987
Transportation Revenue Bonds Capital Projects Fund		33,827
General Fund – Housing Programs		27,553

The Environmental Improvement Fund (the Fund) was established to administer the Clean Water Fund Loan Program. Loans and grants are made to local units of government for wastewater treatment projects for terms of up to 20 years. Loans are made at a number of prescribed interest rates based on environmental priority. The loans contractually are revenue obligations or general obligations of the local governmental units. Additionally, various statutory provisions exist which provide further security for payment. The Fund has made financial assistance commitments of \$303.4 million as of June 30, 2024. These loan and grant commitments are expected to be met through proceeds from issuance of revenue obligations and additional federal grants.

NOTE 25. TAX ABATEMENTS

Wisconsin statutes authorize tax abatements to encourage economic development and other actions beneficial to the State or its citizens resulting in a reduction in tax revenue the State would otherwise be entitled to collect. GASB Statement No. 77, *Tax Abatement Disclosures*, requires disclosure of tax abatement agreements entered into by a reporting government, along with agreements entered into by other governments, which reduce the reporting government’s tax revenues. Most tax abatement programs meeting the criteria for disclosure in the State’s ACFR are certified by the Wisconsin Economic Development Corporation (WEDC), a separate legal entity also reported as a component unit in the ACFR. The WEDC enters into the abatement agreements and administers the programs. The Wisconsin Department of Revenue (DOR) is responsible for ensuring the certified tax abatements were properly applied when processing income tax returns filed by recipients. The table below describes abatement programs that impact tax revenues for the State of Wisconsin.

State Agency Programs	Authority	Purpose	Tax Abated	Primary Criteria	Mechanism	Abatement Calculation	Recapturing Abatements
Historical Homeowners Tax Credit - Administered by Wisconsin Historical Society	Wis. Stats. 44.02(24)	Preserving or rehabilitating historic property located in Wisconsin	Income Tax	Own and occupy as personal residence property Costs must relate only to preservation or rehabilitation work done Costs must be more than \$10,000	Nonrefundable state income tax credit	25% of qualified expenditures for the current year for individuals	DOR may recover all or a portion of the credit if the claimant has not complied with all requirements
WHEDA Programs	Authority	Purpose	Tax Abated	Primary Criteria	Mechanism	Abatement Calculation	Recapturing Abatements
Low Income Housing Tax Credit Administered by Wisconsin Housing and Economic Development Authority	Wis. Stats. 234.45	Low-income housing tax credits	Income Tax	Person has an ownership interest in the qualified development The tax credit is necessary for financial feasibility of the qualified development Maintenance and operation as a qualified development for the compliance period and in compliance with Title VIII of the federal Civil Rights Act of 1968, as amended The allocation certificate is issued in accordance with the qualified allocation plan	Nonrefundable state income tax credit	A claimant may claim as a credit against the taxes imposed, up to the amount of the tax, the amount allocated by the authority	DOR may recover the credit based on the amount determined under section 42(j) of the Internal Revenue Code

WEDC Programs	Authority	Purpose	Tax Abated	Primary Criteria	Mechanism	Abatement Calculation	Recapturing Abatements
Business Development Credit (also includes the Economic Development and Jobs Tax Credit programs)	Wis. Stats. 238.308	Provides incentives for job creation, capital investment, training, and corporate location or retention for new and current businesses in Wisconsin	Income Tax	Person increases net employment in the state from net employment in the state during the year before certification	Refundable state income tax credit or offset against economic development surcharge	<p>Up to 10% of eligible employee wages</p> <p>Up to 5% of additional eligible employee wages in economically distressed area</p> <p>Up to 50% of eligible training costs</p> <p>For investments of \$1.0 million or greater or investments of less than \$1.0 million but at least \$10,000 per eligible employee: Up to 3% of personal property investment and up to 5% of real property investment</p> <p>Certain percentage of wages paid to eligible headquarters employees</p>	The WEDC may require repayment of tax benefits claimed for a year in which the person failed to employ an eligible employee required by the agreement
Development Opportunity Zone Tax Credit	Wis. Stats. 238.395	<p>Incent new and expanding businesses in the cities of Beloit, Janesville, and Kenosha</p> <p>Incent the creation of jobs for target group members</p>	Income Tax	Business located in or relocating to, Beloit, Janesville, or Kenosha	Nonrefundable state income tax credit	<p>Credits ranging from \$6,000 to \$8,000 per job for an FTE paying at least 150% of federal minimum wage</p> <p>Up to 3% of all eligible capital investments</p> <p>Up to 50% of eligible environmental remediation costs</p>	The WEDC may revoke tax benefits if false or misleading information is provided, if the business ceases to operate in the zone or moves outside the development zone
Enterprise Zone Tax Credit	Wis. Stats. 238.399	Incent expansion of existing Wisconsin businesses or relocation of major business operations from other states to Wisconsin	Income Tax	<p>Businesses located in, or relocating to, an enterprise zone in Wisconsin</p> <p>Business that begins or expands operations in an enterprise zone</p> <p>Business makes a significant capital contribution</p> <p>Positions created as a result of tax credits must be maintained for at least five years</p>	Refundable state income tax credit	<p>The WEDC determines the maximum amount of tax credits a business may claim</p> <p>Credit of up to 7% of the net increase in zone payroll less certain adjustments</p> <p>Credit up to 100% of job-related training costs</p> <p>Up to 10% of significant capital expenditures</p> <p>Up to 1% of amount paid for property, goods or services purchased from Wisconsin vendors</p>	The WEDC may require a business to repay tax benefits for which the business failed to maintain employment levels or a significant capital investment in property. The WEDC may revoke tax benefits if false or misleading information is provided, if the business ceases to operate in the zone or moves outside the development zone
Electronics and Information Technology Manufacturing Zone Tax Credit	Wis. Stats. 238.396	Incent a project (Foxconn) involving the attraction of major business operations to Wisconsin to support the creation of jobs	Income Tax	<p>Business that begins operations in the zone</p> <p>Services must be performed in the state</p> <p>Business maintains job creation threshold and requirements as designated by the WEDC</p> <p>Business makes a significant capital expenditure in the zone</p>	Refundable state income tax credit	<p>Job creation credit equal to no more than 17% of payroll within the state for the benefit of the operations within the zone</p> <p>Investment credit where the business may claim up to 15% of its significant capital expenditures</p>	The WEDC may require the business to repay any tax benefits the business claims for a year in which the business failed to maintain employment levels or a significant capital investment in property

WEDC Programs, continued	Authority	Purpose	Tax Abated	Primary Criteria	Mechanism	Abatement Calculation	Recapturing Abatements
Qualified New Business Venture (Consists of Early Stage Seed Investment and Angel Investment Credits)	Wis. Stats. 238.15	Promote development of research and development and early-stage capital availability by providing tax credit incentives for private equity investment in technology-based Wisconsin businesses with significant long-term growth potential	Income Tax	Investor must keep investment in a certified business or with a certified fund manager for no less than 3 years unless the investment becomes worthless or the person has kept the investment for at least 12 months and a bona fide liquidity event occurs during the 3 year period Certified businesses are those headquartered in the State and engaged in innovation within certain sectors such as manufacturing, biotechnology, agriculture, etc. or that process or assemble items such as medical devices, pharmaceuticals, computer hardware or software, etc.	Nonrefundable state income tax credit	25% of the value of the investment made in the certified company	The certified business must pay a penalty ranging from 60% to 100% of the tax credit provided if it relocates out of state during the 3 years after it received an investment
Historical Preservation Tax Credit (Supplement to Federal Historic Rehabilitation Tax Credit)	Wis. Stats. 238.17	Incentive for businesses to rehabilitate historic structures in Wisconsin used for production of income	Income Tax	Must own the historic property Building must be depreciable property that is either nonresidential real property, residential rental property, or real property with a class life of more than 12.5 years Rehabilitation expenditures are more than the greater of \$50,000 or the adjusted basis Expenditure test must be met within a 24-month (or, for phased rehabilitation projects, a 60-month) period	Nonrefundable state income tax credit	20% of qualified rehabilitation expenditures for the current year The state credit must be claimed ratably over a five-year period beginning in the taxable year the building is placed in service effective for amounts paid or incurred after December 31, 2017 ¹	If sale or noncompliance occurs within 5 years then a prorated amount of the credit received will be added back to the individual's tax liability

¹ State law automatically adopted the provision in the federal Tax Cuts and Jobs Act signed into law on December 22, 2017. The federal law effectively modified the timing for claiming the state credit from one year to over five years with a transition rule in place that applies to projects contracted and completed prior to tax year 2021.

The gross dollar amount by which the State's tax revenues were reduced as a result of abatement agreements during the fiscal year ended June 30, 2024 (in millions):

	Amount
State Agency Administered Program	
Historical Homeowners Tax Credit	\$ 2.0
WHEDA Administered Programs	
Low Income Housing Tax Credit	6.9
WEDC Administered Programs	
Business Development Credit *	24.9
Development Opportunity Zone Tax Credit	0.3
Enterprise Zone Tax Credit	42.0
Qualified New Business Venture	5.9
Historical Preservation Tax Credit	43.9
Total State Agency and WEDC:	\$ 125.9

* Includes Economic Development, Jobs Tax Credit and Business Development Credit abatements

Tax Abatement-related Commitments

2017 Wis. Act 58 created an electronics and information technology manufacturing zone in southeast Wisconsin (the Foxconn project). Subject to the Act, the state may contract public debt in an amount not to exceed \$252.4 million in general fund-supported general obligation bonds to be used for road expansion and improvements to the I-94 North-South corridor. The Act also recognized a moral obligation in which the legislature expresses its expectation and aspiration, if ever called upon to do so, to make an appropriation to pay no more than 40 percent of the principal and interest of a local governmental unit's municipal obligations used to finance costs related to the zone.

NOTE 26. SUBSEQUENT EVENTS**Primary Government****Long-term Debt**

General Obligation Bonds – In February 2024, the State entered into a forward delivery bond purchase agreement for the issuance of general obligation refunding bonds and a preliminary closing for those bonds occurred in March 2024. Subject to the forward delivery agreement, the State expects to issue \$89.0 million of 2025 Series 1 general obligation refunding bonds in February 2025 to be used for the current refunding of certain principal of previously issued general obligation bonds. When issued, the interest rates are expected to be 5.0 percent payable semiannually beginning November 1, 2025. The bonds mature annually beginning May 1, 2033 through and including May 1, 2036.

In July 2024, the State entered into a forward delivery bond purchase agreement for the issuance of general obligation refunding bonds and a preliminary closing for those bonds occurred in August 2024. Subject to the forward delivery agreement, the State expects to issue \$253.8 million of 2025 Series 2 general obligation refunding bonds in February 2025 to be used for the current refunding of certain principal of previously issued general obligation bonds. When issued, the interest rates are expected to be 5.0 percent payable semiannually beginning November 1, 2025. The bonds mature May 1, 2026, May 1, 2027, May 1, 2028, May 1, 2029, and May 1, 2038.

In August 2024, the State issued \$301.2 million of 2024 Series 2 general obligation refunding bonds to be used for the current refunding of certain principal of previously issued general obligation bonds. The interest rate associated with these bonds was set at 5.0 percent payable semiannually beginning November 1, 2024. The bonds mature annually beginning on May 1, 2025 through and including May 1, 2031, and also on May 1, 2033 and May 1, 2034.

In September 2024, the State issued \$267.3 million of General Obligation Bonds ("2024 Series C Bonds") to be used for the acquisition, construction, development, extension, enlargement or improvement of land, water, property, highways, buildings, equipment of facilities for public purposes. The interest rates associated with these bonds were set at 5.0 percent payable semiannually beginning May 1, 2025. The bonds mature annually beginning May 1, 2026 through and including May 1, 2045.

In August 2024, the Master Lease Certificates of Participation of 2024, Series A (Revolving Credit Agreement - Taxable) was issued. The scheduled termination date under the Revolving Credit Agreement is September 1, 2027 and replaces the agreement between the State and PNC Bank, National Association that had a scheduled termination date of September 1, 2024. This Master Lease certificate shall bear interest at the rates and mature on the dates provided for in the Revolving Credit Agreement.

GASB standards require the presentation of 10 years of information. Because fiscal year 2018 (6/30/17 measurement date) was the first year for reporting this information, a full 10-year schedule will not be available until fiscal year 2027 (6/30/26 measurement date).

Note to preceding required supplementary information - State Health Insurance Program

The State Health Insurance OPEB plan does not have assets in trust or equivalent arrangements and is funded on a pay-as-you-go basis. Potential factors that may significantly affect trends in amounts reported include changes to the discount rate, health care trend rates, and participation rate assumptions. Employer benefit payments were actuarially determined and pertain to the implicit rate subsidy.

Contributions as a percentage of covered-employee payroll	0.40 %	0.40 %	0.30 %	0.30 %	0.30 %	0.10 %	0.20 %

GASB standards require the presentation of 10 years of information. Because fiscal year 2018 (12/31/17 measurement date) was the first year for reporting* this information, a full 10-year schedule will not be available until fiscal year 2027 (12/31/26 measurement date).

*In FY 2020 it was determined that the SHICC Program was an OPEB to the State and should've been reported with the implementation of GASB 75. Therefore, FY 2020 was the first year it is reported in the statements.

State's Proportionate Share of the Net Pension Liability or Net Pension (Asset)

The State's proportionate share of the net pension liability (NPL) or net pension (asset) (NPA) of the Wisconsin Retirement System is provided below:

Fiscal Year*	State's Proportion of the NPL/(NPA) (a)	State's Proportionate Share of the NPL/(NPA) (b)	State's Covered Payroll (c)	State's Share of the NPL/(NPA) as a Percentage of Covered Payroll (b / c)	WRS' Net Position as a Percentage of the Total Pension Liability (d)
2024	29.0 %	\$ 431,055,982	\$ 5,114,726,881	8.4 %	98.9 %
2023	28.7	1,519,439,625	4,678,449,239	32.5	95.7
2022	(28.5)	(2,293,804,977)	4,540,800,913	(50.5)	106.0
2021	(28.1)	(1,756,102,234)	4,401,057,149	(39.9)	105.3
2020	(27.7)	(895,288,646)	4,159,693,791	(21.5)	103.0
2019	27.7	985,537,744	3,972,324,722	24.8	96.5
2018	(27.8)	(826,113,891)	3,867,555,186	(21.4)	102.9
2017	28.0	232,791,419	3,806,871,835	6.1	99.1
2016	28.1	455,475,378	3,790,475,424	12.0	98.2
2015	(28.0)	(686,873,469)	3,735,598,305	(18.4)	102.7

* The amounts presented were measured as of the calendar year-end or for the calendar year ended that occurred within the fiscal year listed.

State's Pension Contributions

The State's pension contributions to the Wisconsin Retirement System are provided below:

Fiscal Year*		State's Actuarially Determined Contributions (a)	State's Contributions Made (b)	Contribution Excess/ (Deficiency) (b - a)		State's Covered Payroll (c)	State's Contributions Made as a Percentage of Covered Payroll (b / c)
2024	\$	392,059,628	\$ 392,059,628	\$ —	\$	5,114,726,881	7.7 %
2023		336,675,729	336,675,729	—		4,678,449,239	7.2
2022		333,860,600	333,860,600	—		4,540,800,913	7.4
2021		324,683,196	324,683,196	—		4,401,057,149	7.4
2020		292,078,527	292,078,527	—		4,159,693,791	7.0
2019		284,968,840	284,968,840	—		3,972,324,722	7.2
2018		280,500,929	280,500,929	—		3,867,555,186	7.3
2017		263,970,133	263,970,133	—		3,806,871,835	6.9
2016		270,985,300	270,985,300	—		3,790,475,424	7.2
2015		275,968,183	275,968,183	—		3,735,598,305	7.4

* The amounts presented were measured for the calendar year ended that occurred within the fiscal year listed.

Infrastructure Assets Reported Using the Modified Approach

The State has adopted the modified approach for reporting infrastructure assets. Under the modified approach, infrastructure assets are not depreciated as long as the State can demonstrate that these assets are properly managed and are being preserved at or above an established condition level. Instead of depreciation, the costs to maintain and preserve infrastructure assets are expensed, while additions and improvements are capitalized. The State owns approximately 11,200 centerline miles of road and 5,100 bridges.

Road Network

Condition assessments are completed on a two-year cycle with the most current results reported for each State road. The State completes the assessment of the Eastern half of the State in one year and the Western half of the State in the next. Numerous measures are used to assess the condition of the State's road network. The State has adopted the International Roughness Index (IRI), as defined by the Federal Highway Administration, as one of its condition measures. IRI is a direct measure of road roughness, with an IRI of 2.69 mm/m (170 inches/mile) or greater being defined as a "poor" ride. Roads with a "poor" IRI assessment may cause negative impacts for the traveling public by decreasing driver comfort and potentially increasing the damage to vehicles and goods. It is the State's policy to ensure no more than 15 percent of its roads receive a "poor" IRI assessment.

Recent condition assessment results are as follows:

Year Ended June 30	Miles of Road	Percent Rated "Poor"	Established Percent	Variance Favorable/ (Unfavorable)
2024	11,200	9.1 %	15.0 %	5.9 %
2023	11,200	8.8	15.0	6.2
2022	11,200	7.8	15.0	7.2
2021	11,200	7.5	15.0	7.5
2020	11,200	7.6	15.0	7.4
2019	11,200	7.6	15.0	7.4
2018	11,200	7.4	15.0	7.6
2017	11,200	7.4	15.0	7.6
2016	11,200	8.9	15.0	6.1
2015	11,200	7.3	15.0	7.7

Each year the State estimates the costs to maintain and preserve the road network at, or above, the established condition level. Actual maintenance/preservation costs compare to estimates as follows:

Year Ended June 30	Estimated Costs (In millions)	Actual Costs (In millions)	Variance (In millions) Favorable/ (Unfavorable)
2024	\$ 1,140.5	\$ 851.7	\$ 288.8
2023	1,199.6	627.5	572.1
2022	1,265.2	688.9	576.3
2021	939.8	571.4	368.4
2020	828.6	671.0	157.6
2019	847.9	612.0	235.9
2018	748.0	616.7	131.3
2017	770.3	629.3	141.0
2016	617.6	564.7	52.9
2015	603.4	643.3	(39.9)

Estimated costs are developed at the beginning of the fiscal year based on projects planned for the current and future years. The types of projects ultimately contracted and incurring costs during the year are often very different. In addition, the State of Wisconsin, Department of Transportation's multi-year contracting process, allowing encumbrances to carry forward, makes a comparison of actual to estimated amounts difficult since expenditures for the current year may have been budgeted and committed to a project in prior years.

Bridge Network

Condition assessments are completed on a two-year cycle, with more frequent inspections completed if warranted. The most current assessment results are reported for each State bridge, making the overall assessment a blend of measures completed in the current fiscal year and those completed in the prior year.

The structural condition rating is a broad measure of the condition of a bridge. Each bridge is rated using three National Bridge Inventory (NBI) condition codes and two NBI appraisal ratings. The three NBI condition codes are Deck Condition, Superstructure Condition, and Substructure Condition. The two NBI appraisal ratings are Structural Evaluation and Waterway Adequacy. The NBI uses a 10-point scale for condition codes and appraisal ratings. A bridge is considered "structurally deficient" if any condition code is 4 or less, or if either appraisal code is 2 or less.

“Structurally deficient” bridges cause negative impacts for the public by increasing the likelihood that heavy loads will need to be rerouted to less efficient routes, thus increasing logistic costs for State businesses. It is the State’s policy to ensure no more than 15 percent of its bridges are “structurally deficient”.

Recent condition assessment results are as follows:

Year Ended June 30	Number of Bridges	Percent Structurally Deficient	Established Percent	Variance Favorable/ (Unfavorable)
2024	5,100	1.9 %	15.0 %	13.1 %
2023	5,100	2.1	15.0	12.9
2022	5,100	2.5	15.0	12.5
2021	5,100	2.3	15.0	12.7
2020	5,200	2.3	15.0	12.7
2019	5,200	2.6	15.0	12.4
2018	5,200	3.0	15.0	12.0
2017	5,200	3.1	15.0	11.9
2016	5,200	3.1	15.0	11.9
2015	5,200	3.2	15.0	11.8

Each year, the State estimates the costs to maintain and preserve the bridge network at, or above, the established condition level. Actual maintenance/preservation costs compare to estimates as follows:

Year Ended June 30	Estimated Costs (In millions)	Actual Costs (In millions)	Variance (In millions) Favorable/ (Unfavorable)
2024	\$ 62.4	\$ 37.8	\$ 24.6
2023	47.5	37.0	10.5
2022	58.0	58.6	(0.6)
2021	59.0	77.2	(18.2)
2020	107.3	67.5	39.8
2019	63.1	65.8	(2.7)
2018	92.1	89.9	2.2
2017	56.9	59.3	(2.4)
2016	78.6	128.3	(49.7)
2015	57.1	164.4	(107.3)

Estimated costs are developed at the beginning of the fiscal year based on projects planned for the current and future years. The types of projects ultimately contracted and incurring costs during the year are often very different. The State of Wisconsin, Department of Transportation’s multi-year contracting process, allowing encumbrances to carry forward, makes a comparison of actual to estimated amounts difficult since expenditures for the current year may have been budgeted and committed to a project in prior years.

Notes To Required Supplementary Information

NOTE 1. BUDGETARY INFORMATION

A. Budgetary – GAAP Reporting Reconciliation

The accompanying Budgetary Comparison Schedule compares the legally adopted budget (more fully described in RSI Note 1-B) with actual data on a budgetary basis. Because accounting principles applied for purposes of developing data on the budgetary basis differ significantly from those used to present financial statements in conformity with generally accepted accounting principles (GAAP), a reconciliation of basis and perspective differences as of June 30, 2024 is presented below (in thousands):

	General Fund	Transportation Fund
Fund balance June 30, 2024 (budgetary basis – budgetary fund structure):		
General Purpose Revenue – fund balance per budgetary basis <i>Annual Fiscal Report</i>		
Undesignated fund balance	\$ 4,622,291	
Designated fund balance	455,422	
Total General Purpose Revenue fund balance	<u>5,077,713</u>	
Program Revenue – fund balance per budgetary basis <i>Annual Fiscal Report</i>	<u>1,738,265</u>	
Fund balance June 30, 2024 (budgetary basis – budgetary fund structure) as reported on the budgetary comparison schedule	6,815,978	\$ (636,701)
Reclassifications:		
To eliminate encumbrances reported as expenditures under budgetary reporting (<i>basis difference</i>)	1,507,934	2,340,708
To eliminate the effect of uncollected revenue adjustments under budgetary reporting (<i>basis</i>)	427,584	
To include activities of funds such as the Medical Assistance Trust, Hospital Assessment, Critical Hospital Assessment, Budget Stabilization, and Permanent Endowment Funds (reported as revenue funds under budgetary reporting) as part of the General Fund (<i>perspective difference</i>)	2,283,943	—
To remove activities reported in another GAAP fund type (<i>perspective differences</i>):		
Enterprise funds (except for the University of Wisconsin System)	31,950	—
University of Wisconsin System	(1,512,911)	—
Internal Service funds	(89,247)	—
Transportation Revenue Bonds capital project fund	—	11,959
Fund balance June 30, 2024 (GAAP fund structure – budgetary basis, excluding encumbrances treated as expenditures at year end)	<u>9,465,232</u>	<u>1,715,965</u>
Adjustments (<i>basis differences</i>):		
To accrue receivables and establish payables for individual income taxes (net)	(1,351,740)	—
To defer revenues for gross receipts public utility taxes	(315,807)	—
To adjust revenues and expenditures for tax-related items and other tax credit/aid programs (net)	(720,661)	(932)
To adjust expenditures for the intergovernmental shared revenue program	(644,038)	—
To adjust expenditures for State property tax credit/relief program	(739,120)	—
To record unspent Coronavirus State and Local Fiscal Recovery Funds (CSLFRF) as unearned as of 6/30/2024	(878,184)	—
To accrue unpaid Medicaid payments to providers (net of receivable from federal government)	(176,526)	—
To adjust revenues and expenditures for certain major Health Services, and Children and Families human services payments to local governments	(210,161)	—
To accrue receivable for Medicaid drug rebates (net of payable to federal government)	190,042	—
To accrue WHISP payments and claims	(85,468)	—
To adjust expenditures/revenues for other Health Services, Workforce Development, Children and Families, and Corrections accruals and deferrals	(93,284)	—
To recognize the tobacco settlement revenue receivable	62,474	—
To adjust expenditures and revenues for State Energy Program and other revolving loan programs	154	—
To adjust revenues and expenditures for other items (net)	<u>(27,069)</u>	<u>315,367</u>
Fund balance June 30, 2024 (GAAP fund structure – GAAP basis) as reported on the governmental fund statements	<u><u>\$ 4,475,845</u></u>	<u><u>\$ 2,030,400</u></u>

B. Budgetary Basis of Accounting

The State's biennial budget is prepared using a modified cash basis of accounting. The final budget is primarily a general purpose revenue and expenditure budget. General purpose revenues consist of general taxes and miscellaneous receipts which are paid into the General Fund, lose their identity, and are then available for appropriation by the Legislature. The remaining revenues consist of program revenues, which are credited by law to an appropriation to finance a specified program or State agency, and segregated revenues which are paid into separate identifiable funds.

While State departments and agencies are required to submit estimates of expected revenues for program revenue and segregated revenue categories, these estimates are not formally incorporated into the adopted budget except for revenue estimates of the Lottery Fund. As a result, legally budgeted revenues for these categories are not available and, consequently, actual amounts are reported in the budget column of the Budgetary Comparison Schedules.

Expenditure budgeting differs for the various types of appropriations. For most appropriations, budgeted expenditures equal the amount from the adopted budget plus any subsequent legislative or administrative revisions. Various supplemental appropriations were approved during the year and have been incorporated into the budget figures.

While State statutes prohibit spending beyond budgetary authority, a provision is made to include the value of accounts receivable, inventories and work in process in identifying available revenues. The State also utilizes nonbudget accounts for which no budget is established but expenditures may be incurred. As a result, actual expenditures may exceed budgeted amounts in certain categories.

The budgetary basis of accounting required by State law differs materially from the basis used to report revenues and expenditures in accordance with GAAP. Other variances arise because the State's biennial budget is developed according to the statutorily required fund structure which differs extensively from the fund structure used in the GAAP basis financial statements. This difference is primarily caused by the elimination of the University of Wisconsin System, and various fiduciary, proprietary and other governmental fund activities from the statutorily General and Transportation funds. In addition, funds such as the Medical Assistance Trust, Hospital Assessment, Budget Stabilization and Permanent Endowment, special revenue funds under statutory reporting, are included as part of the General Fund under GAAP reporting. As a consequence of these differences, a reconciliation between budgetary basis and GAAP basis is provided in Note 1-A of the notes to the required supplementary information.

The Budgetary Comparison Schedules for the General and the Transportation Fund present both the original and final appropriated budgets, as well as the actual inflows, outflows, and fund balance on the budgetary basis. The supplementary budget comparison schedule provides this same information (with the exception of the original budget data) for the nonmajor governmental funds with annual budgets. The capital project and debt service funds are excluded from this schedule because no comprehensive budget is approved for these funds. One special revenue fund, the Wisconsin Public Broadcasting Foundation, has been excluded from reporting because it is a blended component unit that is neither budgeted nor included under statutory reporting. Of the permanent funds, only the Historical Society Fund and a portion of the Common School and Normal School funds are budgeted.

The State's biennial budget was enacted on July 5, 2023 and published on July 6, 2023. This legislation is recognized by State officials as the original budget and is treated as such on the Budgetary Comparison Schedules.

While the legal level of budgetary control for the reported funds is maintained at the appropriation line as specified by the Legislature in Chapter 20 of the Wisconsin Statutes, this level of detail is impractical for inclusion in the Annual Comprehensive Financial Report. Accordingly, a supplementary report is available upon request which provides budgetary comparisons at the legal level of control.

Unexpended appropriation balances lapse at year-end or forward to the subsequent fiscal year depending on the type of appropriation involved:

-
- *Continuing* - unexpended balances automatically forward to ensuing years until fully depleted or repealed by subsequent action of the Legislature.
 - *Annual*:
 - *General Purpose Revenue* - unencumbered balances lapse at year end.
 - *Program Revenue* - unexpended cash balances may be forwarded to the next fiscal year.
 - *Biennial* - unexpended balances or deficits automatically forward to the second year. At the end of the second year all unencumbered general purpose revenue balances lapse.
 - *Sum sufficient* - moneys are appropriated and expended in the amounts necessary to accomplish the purpose specified.
-

Encumbrances may be carried over to the next fiscal year as a revision to the budgetary appropriation with Department of Administration approval. Under budgetary reporting, encumbrances are treated like expenditures and are shown as a reduction of fund balance.

PART III

GENERAL OBLIGATIONS

Part III of the 2024 Annual Report provides information about general obligations issued by the State of Wisconsin (**State**) in the form of bonds, extendible municipal commercial paper (**EMCP**), variable rate demand obligation notes (**VRDO Notes**), and floating rate notes (**Floating Rate Notes**). The State provides selected information in this introduction for the convenience of the readers; however, readers should review all information presented in this Part III of the 2024 Annual Report to make an informed investment decision.

Total Outstanding Balance (12/15/2024)	\$6,754,033,000
Amount Outstanding of Fixed-Rate Obligations	6,600,650,000
Amount Outstanding of Variable-Rate Obligations	153,383,000
Percentage of Outstanding Obligations in the form of Variable-Rate Obligations	2.27%
Ratings	
Bonds (Fitch/Kroll/Moody's/S&P) ^(a)	AA+/AAA/Aa1/AA+
EMCP (Kroll/Moody's/S&P)	K1+/P-1/A-1+
VRDO Notes (Fitch/S&P)	AA+; F1+/AA+; A-1+
Floating Rate Notes (Kroll/Moody's/S&P)	AAA/Aa1/AA+
Authority	Chapters 18 and 20, Wisconsin Statutes
Registrar/Paying Agent	The Secretary of Administration is the registrar and paying agent for all outstanding fixed-rate general obligations. U.S. Bank Trust Company, National Association serves as issuing and paying agent for the EMCP.
Security	The Wisconsin Constitution pledges the full faith, credit, and taxing power of the State to its general obligations and requires the Legislature to provide for their payment by appropriation. The Wisconsin Statutes establish additional protections, provide for the repayment of all general obligations, and establish, as security for the payment of all debt service on general obligations, an irrevocable appropriation as a first charge on all revenues of the State.
^(a) The ratings presented are the ratings assigned to the State's general obligations without regard to any bond insurance policy. No information is provided in the 2024 Annual Report about any rating assigned to general obligations based on bond insurance. Not every rating agency shown above has been asked to rate every series of general obligation bonds.

The State of Wisconsin Building Commission (**Commission**) supervises all matters concerning the State's issuance of general obligations. The Capital Finance Office, which is part of the Division of Executive Budget and Finance within the State of Wisconsin Department of Administration (**Department of Administration**), is

responsible for managing the State’s borrowing programs. The law firms of Foley & Lardner LLP and Quarles & Brady LLP provided bond counsel services in connection with the issuance of the outstanding general obligations. Requests for additional information about general obligations of the State may be directed to the Capital Finance Office.

The State has tax-exempt obligations and taxable obligations outstanding.

The 2024 Annual Report includes information and defined terms for different types of debt issued by the State. The context or meaning of a term used in one part of the 2024 Annual Report may differ from that of the same term used in another part. In addition, the total amount shown in a table may vary from the related sum due to rounding. No information or resource referred to in the 2024 Annual Report is part of the report unless expressly incorporated by reference.

Part II of the 2024 Annual Report contains general information about the State, including but not limited to operating data such as revenues, expenditures, budgets, General Fund data, information on significant pending litigation, and statistical information on the State’s economic condition and the Wisconsin Retirement System, along with the audited general purpose external financial statements for the fiscal year ending June 30, 2024 and the independent auditor’s report that is provided by the State Auditor.

Certain statements in this Part III of the 2024 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2024 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS

See “**ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS**” in Part II of the 2024 Annual Report for further information relating to these factors that may present a risk to the State’s finances and, in particular, its General Fund, that could then affect its general obligations.

SECURITY PROVISIONS FOR GENERAL OBLIGATIONS

Security

The Wisconsin Constitution provides for a pledge of the full faith, credit, and taxing power of the State to the payment of its general obligations and requires the Legislature to provide for their payment by appropriation.

The Wisconsin Statutes establish additional protections and provide for the repayment of all general obligations including, as security for the payment of all debt service on general obligations, a first charge on all revenues of the State. Further, the Wisconsin Statutes contain an irrevocable appropriation of a sufficient amount of State revenues to pay all installments of principal, interest, and premium, if any, due on all general obligations. No subsequent legislative action is required to release the appropriated revenues, which are held in segregated funds or accounts.

The Wisconsin Statutes also provide that the validity of general obligations shall not be affected by any defect in their contracting, that all instruments evidencing general obligations are valid and incontestable, and that any legislative, judicial, or administrative determination that proceeds of general obligations may not be spent shall not affect their validity.

The Wisconsin Constitution and the Wisconsin Statutes allow a suit to be brought against the State to compel payment of general obligations. Statutory provisions expedite the bringing of a suit. In the event of a final judgment against the State, payment of amounts due under the judgment will be made as specifically provided, together with interest at a rate of 10% per annum from the date of the judgment until the date of payment. The venue for all actions in which the sole defendant is the State, any State board or commission, or any State

officer, employee, or agent in an official capacity shall be the county within the State designated by the plaintiff unless another venue is specifically authorized by law.

The State has never defaulted in the punctual payment of principal or interest on any general obligation and has never attempted to prevent or delay a required payment. The State has reserved no right to reduce or modify any terms affecting the security or source of payment of its general obligations.

Flow of Funds to Pay Debt Service on General Obligations

The State's General Fund is available for the payment of debt service on all general obligations. To the extent that the State's General Fund has insufficient funds for the payment of debt service, the Legislature has irrevocably appropriated, as a first charge on all revenues of the State, a sum sufficient to fund any shortfall.

For budgetary control purposes, different internal funds flows apply to general obligations, depending on whether they are issued as bonds or notes and, in some cases, depending on the purpose for which they are issued.

The Wisconsin Statutes create a Bond Security and Redemption Fund, into which all funds necessary for timely payment of principal, interest, and premium, if any, on general obligation bonds are deposited at least 15 days in advance of the due date. To the extent that the State's operating notes require an impoundment of funds of the General Fund to secure operating notes, no impoundment will be made until the amounts to be paid into the Bond Security and Redemption Fund during the ensuing 30 days have been deposited.

The Wisconsin Statutes require that funds are deposited in a separate and distinct account within the statutorily created Capital Improvement Fund for the payment of general obligation notes, including EMCP, VRDO Notes and Floating Rate Notes. The Wisconsin Statutes provide that if, at any time, there is not on hand in the Capital Improvement Fund sufficient money for the payment of principal and interest on general obligation notes, then the Department of Administration shall transfer to the Capital Improvement Fund, from the irrevocable and unlimited appropriation as a first charge upon all revenues of the State, the amount necessary to pay the principal of, and interest on, general obligation notes when due.

Interest on the outstanding EMCP is paid when the EMCP become due (unless the maturity date is extended as described under "**VARIABLE RATE OBLIGATIONS; Extendible Municipal Commercial Paper**"), and interest on the outstanding VRDO Notes and Floating Rate Notes is paid monthly. Interest is collected in the same manner as other general obligation notes and deposited by the State with the applicable paying agent. The State's practice is to make deposits at regular intervals, chosen at its discretion.

Purposes of General Obligations

The Wisconsin Constitution provides that the State may issue general obligations for three categories of borrowing to: (1) acquire, construct, develop, extend, enlarge, or improve land, waters, property, highways, railways, buildings, equipment, or facilities for public purposes; (2) make funds available for veterans housing loans; and (3) fund or refund any outstanding State general obligations. The Legislature establishes procedures governing the use of the borrowing authority, subject to constitutional limitations on purposes and amounts. The Wisconsin Constitution does not contain a requirement that the issuance of general obligations receive the direct approval of the electorate.

Limitations on Issuance of General Obligations

The Wisconsin Statutes and the Wisconsin Constitution require all general obligations issued by the State to fall within an annual debt limit of three-quarters of one percent, and a cumulative limit of five percent, of the aggregate value of all taxable property in the State. Currently, the annual limit is \$6,805,610,378 and the aggregate limit is \$45,370,735,850. A funding or refunding bond issue does not count for purposes of the annual debt limit, and a funded or refunded bond issue does not count for purposes of the cumulative debt limit.

Accrued interest on any general obligation that is not paid during the fiscal year in which it accrues is treated as debt and taken into account for purposes of the debt limitations. See [Table III-5](#) in “DEBT INFORMATION”.

Authorization of General Obligations

Within prescribed limitations, the Wisconsin Constitution assigns to the Legislature, acting by vote of a majority of the members elected to each of the two houses, all matters relating to the issuance of general obligations. The quorum in such votes is 60% of the membership. Among these assigned powers is the authority to establish the purposes (uses) and fix the amounts for which general obligations may be issued.

To date, the Legislature has authorized the issuance of general obligations for more than 120 distinct borrowing purposes and has limited the amount of general obligations that may be issued for each purpose. In practice, as part of the budget, these amounts are adjusted to accommodate newly budgeted activity. As of the date of the 2024 Annual Report, approximately 60 of the distinct borrowing purposes have no remaining borrowing authority or are subject to statutory restrictions that keep them from being used. The Legislature has delegated the Commission responsibility to establish the form and terms of the issuance and sale of general obligations. [Table III-1](#) describes, as of December 15, 2024, the amounts authorized, issued, and credited to the Capital Improvement Fund for each borrowing purpose.

- (a) Amounts previously credited to the Capital Improvement Fund (which include interest earnings and may include sale proceeds representing purchase premium) reduce issuance authority by the same amount.
- (b) Does not reflect the 2025 Series 1 Bonds and 2025 Series 2 Bonds defined herein.
- (c) Accrued interest on any obligation that is not paid during the fiscal year in which it accrues is treated as debt and taken into account for purposes of the statutory authority to issue debt.

Source: Department of Administration

On February 27, 2024, the State entered into a forward delivery bond purchase agreement that, upon meeting certain conditions, will result in the issuance on or about February 4, 2025 of the State’s General Obligation Refunding Bonds of 2025, Series 1 (Forward Delivery) **(2025 Series 1 Bonds)** in the par amount of \$89 million. The proceeds of the 2025 Series 1 Bonds, when issued, are expected to be used to refund on May 1, 2025 the outstanding principal of certain general obligation bonds in the aggregate outstanding principal amount of \$102 million. The 2025 Series 1 Bonds are not included in [Table III-2](#).

On July 23, 2024, the State entered into a forward delivery bond purchase agreement that, upon meeting certain conditions, will result in the issuance on or about February 4, 2025 of the State’s General Obligation Refunding Bonds of 2025, Series 2 (Forward Delivery) **(2025 Series 2 Bonds)** in the par amount of \$254 million. The

proceeds of the 2025 Series 2 Bonds, when issued, are expected to be used to refund on May 1, 2025 the outstanding principal of certain general obligation bonds in the aggregate outstanding principal amount of \$266 million. The 2025 Series 2 Bonds are not included in [Table III-2](#).

[Table III-3](#) provides a historical view of the amount of outstanding general obligations as of December 15th for the previous ten years and the other following tables provide additional data about the State’s outstanding general obligations.

REVENUE-SUPPORTED GENERAL OBLIGATION DEBT

The State issues revenue-supported general obligations for which beneficiaries and users of revenue-supported programs and facilities pay fees and other amounts that are estimated to be at least sufficient to pay or reimburse the General Fund for the amount paid for debt service on the portion of the State's general obligations issued to fund such programs and facilities.

Table III-7 identifies the amount of outstanding general obligations designated as revenue-supported. The programs and facilities funded with these general obligations support debt service payments on approximately \$1.767 billion of State general obligations outstanding on December 15, 2024. **Table III-12** shows that revenue-supported debt service payments were approximately 23.6% of the total debt service cost for the fiscal year ending June 30, 2024.

VARIABLE RATE OBLIGATIONS

The State has issued general obligation EMCP, VRDO Notes, and Floating Rate Notes of which only general obligation EMCP remains outstanding.

Extendible Municipal Commercial Paper

In June 2022, the Commission adopted a Program Resolution for State of Wisconsin General Obligation Extendible Municipal Commercial Paper (**EMCP Program Resolution**), which governs the issuance of the State's EMCP.

Pursuant to the EMCP Program Resolution, the total amount of EMCP authorized to be outstanding at any given time is \$950 million. The State may increase the principal amount of EMCP outstanding upon adoption by the Commission of one or more authorizing resolutions, to fund various general governmental purposes or veterans housing loans.

On August 18, 2022, the State issued \$73 million par amount of EMCP that replaced the series of outstanding EMCP issued during calendar years 2008 through 2014. On June 1, 2023, the State increased the outstanding amount of EMCP through a new note issuance in the par amount of \$139 million.

In general, maturing EMCP is paid through the issuance of additional (or "rollover") EMCP under the EMCP Program Resolution, except to the extent the State determines to reduce the outstanding balance of EMCP. The maturity date can be extended in case there is a disruption in market liquidity for the EMCP, that prevents the issuance of rollover EMCP. The State has appointed Goldman Sachs & Co. LLC and BofA Securities, Inc. to serve as **Dealers** of EMCP. The State has appointed U.S. Bank Trust Company, National Association to serve as **Issuing and Paying Agent** for the EMCP, and The Depository Trust Company (**DTC**) serves as **Depository** for the EMCP.

With respect to an initial issuance, specific instructions must be provided to the Issuing and Paying Agent before a Dealer may increase the principal amount of EMCP outstanding. EMCP is not given a series designation based on any initial issuance date.

Table III-13 summarizes, for each authorized and outstanding series of EMCP issued under the EMCP Program Resolution, the principal amount outstanding as of December 15, 2024.

Table III-13
SUMMARY OF OUTSTANDING GENERAL OBLIGATION EMCP
(December 15, 2024)

Amount Issued	Date of Initial Issuance	Amount Outstanding
\$73,446,000	8/18/22	\$27,063,000
138,920,000	6/1/23	126,320,000
		\$153,383,000

Source: Department of Administration

Description of EMCP

Each EMCP note is dated the date it is issued and is issued as an interest-bearing obligation in a denomination of \$100,000 or increments of \$1,000 above \$100,000. Interest is computed on the basis of a year having 365 or 366 days and the actual number of days elapsed. Payment of principal of, and interest on, each EMCP note is made to the Depository and then distributed by the Depository.

Each EMCP note matures on its **Original Maturity Date**, which may range from 1 day to 180 days from its original issue date, unless the State exercises its option to extend the maturity date. In that case the EMCP note will mature on its **Extended Maturity Date**, which will be 270 days after its original issue date (or if such day is not a Business Day, then the last Business Day occurring before such day).

If the State exercises its option to extend the maturity date, then the State is required to notify the Issuing and Paying Agent, who is then required to provide notice of the extension to the Depository in accordance with the Depository's operational requirements.

Each EMCP note bears interest from its original issue date until the Original Maturity Date at the rate (not to exceed 12% per annum) determined on the original issue date, payable on the Original Maturity Date, unless the maturity date is extended, in which case interest will be paid on the date described below. If the State exercises its option to extend the maturity date of an EMCP note, then the extended EMCP note will bear interest after the Original Maturity Date at the Reset Rate and be payable on the dates described below.

If the maturity date of an EMCP note is extended, then any accrued but unpaid interest to the Original Maturity Date will not be paid on the Original Maturity Date but will be payable on the following date (or any earlier redemption date):

- (1) if the Original Maturity Date is before the 15th day of the month, then interest will be payable on the first **Business Day** (which is a day on which banks located in Madison, Wisconsin and in each of the cities where the principal offices of the Issuing and Paying Agent and Dealers are located are not required or authorized by law or executive order to close for business and on which the New York Stock Exchange is not closed) of the next month, or
- (2) if the Original Maturity Date is on or after the 15th day of the month, then interest will be payable on the first Business Day of the second succeeding month after the Original Maturity Date.

For example, if the Original Maturity Date is November 14th, then interest will be payable on the first Business Day of December, and if the Original Maturity Date is November 15th, then interest will be payable on the first Business Day of January.

Each EMCP note bears interest from its Original Maturity Date at the **Reset Rate**, which will be a variable rate in effect for each period from the Original Maturity Date to the next following Rate Determination Date, and thereafter from the day immediately following each Rate Determination Date through the next following Rate

Determination Date. For each such period, the Reset Rate will be determined by the Issuing and Paying Agent and will be equal to the lesser of

- 12.0% per annum and
- the rate of interest per annum determined by the following formula:

$$\text{Greater of } (SIFMA + E) \text{ and } F$$

As used in the formula, the *SIFMA* variable is the most recently published SIFMA Municipal Swap Index, and the *E* and *F* variables are each a fixed percentage rate, determined based on the Prevailing Ratings of the Rating Agencies, as follows:

	Prevailing Rating			<i>E</i> Variable	<i>F</i> Variable
	<u>Kroll</u>	<u>Moody's</u>	<u>S&P</u>		
K1+	P-1	A-1+	3.0%	7.0%	
K1	–	A-1	4.0	8.0	
K2	P-2	A-2	5.0	9.0	
K3	P-3	A-3	6.0	10.0	
Lower than K3 (or rating discontinued)	Lower than P-3 (or rating discontinued)	Lower than A-3 (or rating discontinued)	7.0	12.0	

If the individual Prevailing Ratings indicate different *E* and *F* variables, then the *E* and *F* variables shall each be the arithmetic average of those indicated by the Prevailing Ratings. If an agency no longer qualifies as a Rating Agency under the EMCP Program Resolution (meaning that it is not then maintaining a rating on the EMCP notes at the request of the State), then the Reset Rate shall be determined without regard to any rating assigned by that agency. If another agency becomes a Rating Agency, then the Issuing and Paying Agent shall, in its judgment, determine how the agency's rating categories shall be treated for the purpose of indicating the *E* and *F* variables.

For purposes of determining the Reset Rate:

Rate Determination Date means each day on which the SIFMA Municipal Swap Index is published.

SIFMA Municipal Swap Index means the Securities Industry and Financial Markets Association Municipal Swap Index, or such other weekly, high-grade index comprised of seven-day, tax-exempt variable rate demand notes produced by Municipal Market Data, Inc. or its successor, or as otherwise designated by the Securities Industry and Financial Markets Association (**SIFMA**). If the Securities Industry and Financial Markets Association Municipal Swap Index is no longer produced by Municipal Market Data, Inc. or its successor, then SIFMA Municipal Swap Index shall mean (i) the S&P Municipal Bond 7 Day High Grade Rate Index produced by Standard & Poor's Financial Services LLC or its successors or (ii) if the S&P Municipal Bond 7 Day High Grade Rate Index is no longer produced, such other reasonably comparable index as is selected by the Capital Finance Director of the State, after consultation with the Dealers.

The Securities Industry and Financial Markets Association Municipal Swap Index is a 7-day, high-grade market index comprised of tax-exempt variable rate demand obligations that meet certain criteria established by SIFMA. The index is calculated weekly and released each Wednesday afternoon, or on the next business day if Wednesday is not a business day for purposes of determination of the index rate. Further information concerning the Securities Industry and Financial Markets Association Municipal Swap Index is available at www.sifma.org. The State is not responsible for any information available on SIFMA's website. That information may be subject to change without notice.

Variable Rate Demand Obligations

In 2018, the Commission adopted a Program Resolution for State of Wisconsin General Obligation Variable Rate Demand Obligations (**VRDO Program Resolution**), which governs the issuance of the State's VRDO Notes. The most recent new issuance of VRDO Notes occurred in 2019. With the issuance on June 5, 2024 of its General Obligation Bonds of 2024, Series B, the State retired all outstanding series of VRDO Notes, and no VRDO Notes currently remain outstanding. The State has no intention to issue additional VRDO Notes under the VRDO Program Resolution

Floating Rate Notes

On July 7, 2022, the State issued its \$134,820,000 General Obligation Floating Rate Notes of 2022, Series A (SIFMA-Based Interest Rate) (**Floating Rate Notes**). The outstanding Floating Rate Notes mature May 1, 2025, and bear interest at a variable rate determined each week based on the Securities Industry and Financial Markets Association Municipal Swap Index. With the issuance on August 8, 2024 of its General Obligation Refunding Bonds of 2024, Series 2, the State retired all outstanding series of Floating Rate Notes, and no Floating Rate Notes currently remain outstanding. At this time, the State has no intention to issue additional Floating Rate Notes.

Commercial Paper Notes

In 1997, the Commission adopted a Program Resolution for State of Wisconsin General Obligation Commercial Paper Notes (**CP Notes Program Resolution**), which governed the issuance of the State's commercial paper notes (**CP Notes**). The CP Notes Program Resolution required a liquidity facility to be available as a source of funds to pay maturing CP Notes.

The most recent new issuance of CP Notes occurred in 2016. With the issuance on March 1, 2022 of its General Obligation Refunding Bonds of 2022, Series 1, the State retired all of the outstanding CP Notes, and no CP Notes currently remain outstanding. The liquidity facility that the State had obtained for the CP Notes expired on March 13, 2022. The State has no intention to issue additional CP Notes under the CP Notes Program Resolution.

PART IV

MASTER LEASE CERTIFICATES OF PARTICIPATION

Part IV of the 2024 Annual Report provides information about master lease certificates of participation issued under the State of Wisconsin Master Lease Program (**Program**). The State of Wisconsin (**State**) has provided selected information in this introduction for the convenience of the readers; however, readers should review all information presented in this Part IV of the 2024 Annual Report to make an informed investment decision.

Total Outstanding Balance (12/15/2024)	\$49,458,287
Amount Outstanding of Fixed-Rate Obligations	42,607,626
Amount Outstanding of Variable-Rate Obligations	6,850,661
Percentage of Outstanding Obligations in the form of Variable-Rate Obligations	13.85%
Ratings ^(a) (Fitch/Kroll/Moody's)	AA/AA+/Aa2
Authority	The Master Lease is authorized by Section 16.76(4), Wisconsin Statutes; Certificates are issued pursuant to the Master Indenture.
Trustee/Paying Agent	U.S. Bank Trust Company, National Association serves as Trustee, Paying Agent, and registrar.
Lessor	U.S. Bank National Association is the Lessor.
Security	The Certificates evidence a proportionate interest in Lease Payments to be made by the State under the Master Lease with regard to equipment items and service contracts. <i>The Certificates do not constitute debt of the State or any of its subdivisions. The State's obligation to make Lease Payments is not a general obligation of the State and is not supported by the full faith and credit of the State. The State is not obligated to levy or pledge any tax to make the Lease Payments, but such payments are required to be made from legally available funds, subject to annual appropriation.</i>
^(a) The ratings presented are the ratings assigned to the Certificates without regard to any bond insurance policy. No information is provided in the 2024 Annual Report about any rating assigned to any Certificates based on any bond insurance policy.

The Capital Finance Office, which is part of the Division of Executive Budget and Finance within the State of Wisconsin Department of Administration (**Department of Administration** or **DOA**), is responsible for managing the State's borrowing and finance programs. The law firm of Foley & Lardner LLP provides bond counsel services in connection with the Program. Requests for additional information about the master lease certificates of participation (**Certificates** or **COPs**) or the Program may be directed to the Capital Finance Office.

The 2024 Annual Report includes information and defined terms for different types of debt issued by the State. The context or meaning of a term used in one part of the 2024 Annual Report may differ from that of the same term used in another part, and the total amount shown in a table may vary from the related sum due to rounding. No information or resource referred to in the 2024 Annual Report is part of the report unless expressly incorporated by reference.

Part II of the 2024 Annual Report contains general information about the State including, but not limited to, operating data, such as revenues, expenditures, budgets, General Fund data, information on significant pending litigation, and statistical information on the State's economic condition and the Wisconsin Retirement System, along with the audited general purpose external financial statements for the fiscal year ending June 30, 2024 and the independent auditor's report provided by the State Auditor.

Certain statements in this Part IV of the 2024 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2024 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS

See “**ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS**” in Part II of the 2024 Annual Report for further information relating to these factors that may present a risk to the State's finances and, in particular, its General Fund, which could then affect the Certificates.

OUTSTANDING CERTIFICATES

Pursuant to the Master Indenture, dated as of July 1, 1996, as amended and supplemented from time to time (**Master Indenture**), among the State, acting by and through the Department of Administration (**State or Lessee**), U.S. Bank National Association, as a successor in interest to Firststar Bank Milwaukee, N.A. (**Lessor**), and U.S. Bank Trust Company, National Association, as a successor in interest to Firststar Trust Company, as trustee (**Trustee and Paying Agent**), the Trustee, with the consent of the State, has issued Certificates on the dates and in the amounts shown in **Table IV-1**. The table includes the outstanding principal balances as of December 15, 2024, and only includes Certificates that have an outstanding balance as of that date.

Table IV-1
OUTSTANDING MASTER LEASE CERTIFICATES OF PARTICIPATION BY ISSUE
(As of December 15, 2024)

Financing	Date of Financing	Maturity	Amount of Issuance	Amount Outstanding
<i>Fixed-Rate Master Lease COPS</i>				
2021 - Master Lease COPS Series A	2/9/21	2021-29	\$31,375,000	\$18,803,388 ^(a)
2022 - Master Lease COPS Series A	1/11/22	2022-31	23,960,000	11,565,000
2023 - Master Lease COPS Series A	5/31/23	2023-29	19,285,000	12,239,238 ^(a)
<i>Total Fixed-Rate Master Lease COPS</i>				<u>\$42,607,626</u>
<i>Variable-Rate Master Lease COPS</i>				
2024 - Master Lease COPS Series A ^(b)	8/30/24	2027	\$25,000,000	\$6,850,661
<i>Total Variable-Rate Master Lease COPS</i>				<u>\$6,850,661</u>
<i>Total Outstanding Master Lease COPS</i>				<u><u>\$49,458,287</u></u>

^(a) The Master Lease provides that certain Lease Schedules can be terminated if the State deposits with the Trustee an amount that is equal to the outstanding amount of the Lease Schedule or sufficient to purchase investments that mature on dates and in amounts to make the Lease Payments when due. The principal amount of Certificates for which payment has been provided is treated as not outstanding for purposes of this table.

^(b) This series of Certificates evidences the State’s repayment obligation under a revolving credit facility in the maximum amount of \$25,000,000, which the State uses for acquisition funding for the Program. See “**SECURITY FOR CERTIFICATES; Two-Phase Financing Structure**”.

THE MASTER LEASE PROGRAM

General

The Program, which was created in 1992 for use by all State agencies, permits the State to acquire tangible property or intangible property or prepaid service items (**Leased Items**), for State agencies through installment purchase contracts. Particular Leased Items are described in schedules (**Lease Schedules**) that are prepared under the Third Amended and Restated Master Lease, dated as of April 28, 2000 (**Master Lease**), between the Lessor and the State, as lessee.

Through the period ending December 15, 2024, 19 State departments, the Legislature, the Supreme Court, and various other State bodies have used the Program to acquire approximately \$822 million of Leased Items.

Program Structure

The Master Lease and the Master Indenture establish the structure of the Program. The Master Lease contains general terms and conditions applicable to both the Program and Lease Schedules entered into by the Lessor and the State. A supplemental indenture issued under the Master Indenture creates a particular series of Certificates. See “**SUMMARY OF THE MASTER LEASE**”.

The Master Indenture establishes a trust (**Trust**) comprising certain Lease Schedules, rents, and other payments the State is required to make under the Master Lease (**Lease Payments**), Leased Items, and other property and rights related to those Lease Schedules, including the security interest granted by the Master Lease. The Trust serves as a common pool of collateral, ratably securing all present and future Certificates. See “**SUMMARY OF THE MASTER INDENTURE**”.

Program Operations

The Department of Administration has centralized control of day-to-day operations of the Program, including:

- Functions related to Program administration, review of requests for eligible use of the Program, and day-to-day Program operations that occur in the Capital Finance Office.
- Functions related to review of requests for budgetary capacity for Lease Payments resulting from use of the Program and biennial budget preparation that occur in the State Budget Office.
- Functions related to collection of Lease Payments that occur in the State Controller’s Office.

Each of these offices is part of the Department of Administration’s Division of Executive Budget and Finance.

To use the Program to acquire a Leased Item, a State agency submits a written request to the Capital Finance Office. This request is reviewed and approved by the Capital Finance Office, the State Budget Office, and the Secretary of Administration. Requests that include information technology items, including development of software or related systems, must contain an addendum of certain related information and such requests (including the addenda) are also reviewed by the Department of Administration’s Division of Enterprise Technology. The review process includes a determination by the Capital Finance Office that lease financing is the best alternative for the particular circumstance and a determination by the State Budget Office that current resources are available to make the Lease Payments due in the current fiscal year. Upon receiving approval to use the Program, the State agency completes procurement of the Leased Item in compliance with State procurement requirements.

Upon acceptance of the Leased Item, the State agency forwards all related outstanding invoices to the Department of Administration for coordination of payment through the Program. Parallel to payment being made to the vendor, a Lease Schedule is prepared by the Department of Administration and executed by the State, the Lessor, and the applicable State agency. This Lease Schedule is then added to the Master Lease. The

Lease Schedule also identifies the budgetary appropriation from which the related Lease Payments are expected to be made.

Lease Payments are collected by the State Controller's Office. Scheduled Lease Payments are automatically withdrawn from the appropriations identified by the State agency and electronically wired to the Trustee.

State Appropriation Process

Lease Payments are not included in the State budget as a separate budget line item; rather, Lease Payments are included with other expenditures in one or more of a State agency's existing budget lines. State law establishes procedures for the budget's enactment. See "**BUDGETING PROCESS AND FISCAL CONTROLS**" in **Part II** of the 2024 Annual Report for a summary of the budget enactment process and other financial procedures of the State. The State Budget Office's review and approval of requests to use the Program provides that the allocation of Lease Payments to a particular budget line will be determined during preparation of a biennial budget.

The Department of Administration maintains separate accounts for all appropriations, showing the amounts appropriated, the amounts allotted, the amounts encumbered, the amounts expended, and certain other data necessary to the financial management and control of all State accounts. The Department of Administration also maintains the general ledgers of the General Fund and all other funds of the State.

SECURITY FOR CERTIFICATES

General

The Certificates represent proportionate interests in Lease Payments required to be made by the State under the Master Lease. The Master Lease requires the State to make Lease Payments from any source of legally available funds, subject to annual appropriation. The scheduled Lease Payments are sufficient to pay when due the semiannual principal and interest payments on all outstanding Certificates.

*The Certificates do not constitute debt of the State or any of its subdivisions. In addition, the obligation of the State to make Lease Payments does not constitute an obligation for which the State is obligated to levy or pledge any form of taxation or for which the State has levied or pledged any form of taxation. The obligation of the State to make Lease Payments is not a general obligation of the State and is not supported by the full faith and credit of the State. Lease Payments are required from legally available funds, subject to annual appropriation. See "**RISK FACTORS**".*

Common Pool of Collateral

Under the Master Indenture, the Lessor has assigned to the Trustee, for the benefit of all owners of Certificates, all its rights in the following:

- The funds and accounts created by the Master Indenture.
- The Lease Schedules specified in supplemental indentures.
- All Lease Payments, Leased Items, and other property and rights related to those Lease Schedules, including the security interest granted by the Master Lease.

All Leased Items serve as a common pool of collateral, ratably securing all present and future Certificates. All Certificates are secured by all Leased Items, regardless of their funding source or the time at which the Program finances them. If the Legislature fails to appropriate necessary funds for the continued performance of the State's obligations under any Lease Schedule or if an event of default occurs under the Master Lease, then an event of default exists with respect to all outstanding Certificates. Once a Lease Schedule is fully paid, the Leased Item covered by the Lease Schedule no longer serves as collateral.

In the opinion of bond counsel, the transfer of Lease Schedules by the Lessor to the Trustee constitutes a true sale and not a secured transaction. The State's obligation to make Lease Payments does not depend upon any

service provided by the Lessor, and thus the transfer of Lease Schedules would be unaffected by any insolvency of the Lessor.

Security Interest in Leased Items

The State has granted the Lessor a security interest in the Leased Items pursuant to the Master Lease, and the Lessor has assigned that security interest to the Trustee in the Master Indenture. The Wisconsin Uniform Commercial Code provides that no financing statements are required to perfect the security interest in the Leased Items. Records that evidence the security interest are kept by the Department of Administration, separate and apart from the central record system of security interests kept by the State of Wisconsin Department of Financial Institutions under the Uniform Commercial Code.

While the Master Lease purports to grant a purchase money security interest in the Leased Items, purchase money security interests, which are entitled to special priority under the Uniform Commercial Code, can only be created in goods and certain software. Thus, the security interest in most software and other intangible Leased Items is not a purchase money security interest under the Uniform Commercial Code. See “**RISK FACTORS; Collateral Value of Leased Items**”.

Reserve Fund

The Master Indenture allows a reserve fund to be established for any specific series of Certificates. As of December 15, 2024, no reserve fund has been established for any series of outstanding Certificates. In the event that the Department of Administration were to establish a reserve fund under the Master Indenture, the amounts in the reserve fund would only be available to the series of Certificates for which the reserve fund was established.

Governmental Use

In connection with each Lease Schedule, the State certifies that each Leased Item will be used to perform a governmental function. Many of the Leased Items will perform critical governmental functions, but the State does not certify that the Leased Items perform any “essential” functions. Examples of Leased Items currently existing in the Trust include components of the State’s central mainframe computer, technology upgrades and equipment for various information technology initiatives, aircraft, mobile radios, golf course maintenance equipment, and components of a comprehensive information technology system that allows the State to centrally manage finance, budget, procurement, business intelligence, and human resource functions. See “**Table IV-3; Outstanding Master Lease Schedules**”.

Centralized Control and Review

The Program structure allows one division within the Department of Administration to centrally administer many Program activities. Program functions related to administration, review, and day-to-day operations occur in the Capital Finance Office. Program functions related to review and biennial budget preparation occur in the State Budget Office. Program functions related to collection of Lease Payments occur in the State Controller’s Office. Each of these offices is part of the Division of Executive Budget and Finance.

Two-Phase Financing Structure

The State typically uses a two-phase financing structure for the Program. In the first (or acquisition) phase, all Leased Items are initially financed with proceeds from a revolving credit facility. The revolving credit facility is a line of credit and the State, acting on behalf of the Trustee, requests draws from the revolving credit facility to pay for the acquisition of Leased Items. A Certificate has been issued to the provider of the revolving credit facility to evidence the State’s repayment of balances under the facility. The provider is currently Johnson Bank, and the current scheduled termination date to make draws is September 1, 2027. The State pays interest on funds drawn from the revolving credit facility based on a taxable variable interest rate, and the repayment term under the credit facility can extend for up to three years after the scheduled termination date.

In the second phase, the State, acting on behalf of the Trustee, may sell Certificates, with interest payments based on a fixed (and generally tax-exempt) interest rate to fund all, or a portion of, the Lease Schedules previously funded with proceeds from the revolving credit facility. Given that substantially all of the proceeds of the Certificates being used as part of the second phase are immediately applied to acquire existing Lease Schedules, the proceeds of those Certificates are not subject to significant nonorigination risk. The State most recently issued fixed-rate Certificates for this purpose in May 2023, January 2022, and February 2021.

In connection with any refinancing, the Master Lease and the Lease Schedules provide for amendments to the terms of the Lease Schedules to match the payment dates and amounts of the Certificates.

All sources of financing for the Program are issued under the Master Indenture. See “**SECURITY FOR CERTIFICATES; Common Pool of Collateral**”.

Budget Process

Lease Payments due under the Master Lease are not included in the State budget as a separate budget line item; rather, Lease Payments due under the Master Lease are included with other expenditures in one or more of the existing budget line items for the participating State agencies. The Secretary of Administration, under the direction of the Governor and with assistance from the State Budget Office, compiles all budget information and prepares an executive budget consisting of the planned operating expenditures and revenues of all State agencies.

The failure of the Legislature to adopt a new budget before the commencement of a biennium does not result in a lack of spending authority. Under Wisconsin law, an existing appropriation continues in effect until it is amended or repealed. Once a newly enacted budget becomes effective, the continuing authority of existing appropriations is superseded by the newly enacted appropriations.

The continuing authority of existing appropriations until a new budget is adopted helps to protect against the effect of a delay in the adoption of a budget. If an amount has been appropriated for the second fiscal year in one biennium, there will be continuing authority in the same amount until a new biennial budget is enacted or some other legislative action is taken to amend or repeal the appropriation. The 2023-25 biennial budget of the State was enacted on July 5, 2023, which was four days after the start of the biennium. Of the ten prior biennial budgets, the 2009-11, 2011-13 and 2013-15 biennial budgets were enacted prior to the start of the respective biennia; however, the 2015-17, 2017-19, 2019-21, and 2021-23 biennial budgets and each of the three biennial budgets prior to the 2009-11 biennium were enacted after the start of the respective biennia, with the latest date after the start of a biennium being October 26, 2007 (for the 2007-09 biennium), which was nearly four months after the start of the first fiscal year of that biennium.

The Secretary of Administration has statutory power to order reductions in the appropriations of State agencies (which represent less than one-quarter of the General Fund budget). See “**BUDGETING PROCESS AND FISCAL CONTROLS**” in **Part II** of the 2024 Annual Report for additional information on the State’s budget process.

Priority of Claims

The Master Lease includes representations that, if an emergency arises that requires the Department of Administration to draw vouchers for payments that will be in excess of available moneys, then the Secretary of Administration will establish a priority schedule for payments that gives a high priority to Lease Payments due under the Master Lease. However, the Secretary of Administration is required to give higher priority to payments on outstanding State general obligations, operating notes, and employee payroll. See “**GENERAL FUND INFORMATION; General Fund Cash Flow**” in **Part II** of the 2024 Annual Report.

Table IV-3
OUTSTANDING MASTER LEASE SCHEDULES
(As of December 15, 2024)

Schedule Number	Origination Date	Maturity Date	Leased Item	Amount Financed	Principal Balance
13-010	6/14/2013	9/1/2028	ERP Software/Hardware - STAR Project	\$14,315,300.00	\$3,715,232.31

					\$49,369,050.82

Note: The maturity date is the original maturity date of each respective Lease Schedule before amendment of Lease Schedule term to match payment dates and amounts of the Certificates. In addition, the principal balance of each Lease Schedule reflects amortization at an assumed fixed interest rate; however, during the period that a Lease Schedule is funded with proceeds from a revolving credit facility, interest accrues based on a variable interest rate. As a result, the principal balances included in this table may change slightly when reconciled to reflect actual accrued interest. During a period of low interest rates, the principal balance of each Lease Schedule may be slightly less than shown in the table, as any payment in excess of the actual accrued interest is applied as principal payments. Final reconciliation of the actual to the assumed interest rates occurs either upon the funding of Lease Schedules with Certificates having fixed interest rates, or with the last scheduled Lease Payment.

Source: Department of Administration

RISK FACTORS

Nonappropriation

The State's obligation to make Lease Payments is subject to appropriation of the necessary funds by the Legislature. No assurance is given that sufficient funds will be appropriated or otherwise available to make the Lease Payments. **Nonappropriation** is defined in the Master Lease as a determination by the State (or Lessee) that the Legislature has failed to appropriate necessary funds for the continued performance of the obligations of the Lessee under the Master Lease. A failure by the State to make a Lease Payment with respect to any Leased Item would cause the Master Lease to terminate with respect to all Leased Items. The State's obligation to make Lease Payments is not a general obligation of the State, and the State of Wisconsin Building Commission is not a party to the Master Lease. Rather, the Master Lease is a contract entered into by the Department of Administration under separate statutory authority. The owners of the Certificates could suffer a loss or fail to obtain payment on a timely basis if no appropriation were made or if an insufficient appropriation were made. This could occur either through the direct action of the Legislature or the Governor or through a failure to act.

The Master Lease does not include a nonsubstitution clause. If the Legislature fails to appropriate necessary funds for the continued performance of the State's obligations under the Master Lease, the State is allowed to acquire and use similar items for the same function as the Leased Item for which no appropriation was made.

While failure to make the Lease Payments could hinder the State's subsequent access to the capital markets, it should not be assumed that the Legislature would regard that consequence as a compelling reason to appropriate the money needed for Lease Payments. See "[SUMMARY OF THE MASTER LEASE](#)" and "[SUMMARY OF THE MASTER INDENTURE](#)" for additional information about remedies available under the Master Lease and Master Indenture if no appropriation is made.

Leased Items May Not Be Essential

Although the State has made certain representations that each Leased Item serves a governmental function and although many Leased Items serve critical functions, it should be assumed that the State could function without any Leased Item.

Collateral Value of Leased Items

Although the State has provided a security interest in the Leased Items to the Trustee for the benefit of the owners of Certificates, the Certificates are not offered on the basis of the collateral value of the Leased Items or the value of any pledged asset other than the Lease Payments. The term of a Lease Schedule is not permitted to exceed the useful life of the Leased Item; however, it should not be assumed that the value of the Leased Item at any particular time will exceed the portion of the remaining Lease Payments that will be applied to principal (or that the existence of any excess would motivate the State to continue making Lease Payments). Typically, it is difficult to realize the full value of collateral through sale of the collateral, and some of the Leased Items, such as service contracts or intangible property (which, in aggregate, account for the majority of the amounts financed under outstanding Lease Schedules as of December 15, 2024), or tangible property that is incorporated into real estate, may be impossible or difficult to sell or have little or no value to a third-party purchaser.

Risk of Loss of Tax Exemption

No assurance can be given that if the Master Lease were terminated, then subsequent payments made by the Trustee with respect to the outstanding Certificates and designated as interest would be excluded from gross income for federal income tax purposes.

Registration Provisions of Securities Law If Master Lease Terminated

If the Master Lease is terminated, then the transfer of a Certificate might be subject to compliance with the registration provisions of applicable federal and state securities laws, which could impair the liquidity of the Certificates.

SUMMARY OF THE MASTER LEASE

Certain provisions of the Master Lease are summarized below. A copy of the Master Lease may be obtained by contacting the State at the address provided in the introduction of this Part IV of the 2024 Annual Report.

Acquisition, Delivery, and Lease of Leased Items

The Master Lease establishes the process for acquiring property items and service items. It requires the State to provide written notice to the Lessor, identifying:

- The items it desires to lease.
- The anticipated schedule for making Lease Payments.
- The anticipated date or dates on which payments to acquire the Leased Item are due and payable.

The notice must also confirm that the State expects that sufficient moneys will be available to pay the acquisition costs, as arranged solely by the State. The State (or the Lessor at the State's request) orders each Leased Item from the contractor selected by the State.

The State is responsible for selecting Leased Items, reviewing the terms of purchase, and arranging for the delivery, installation, testing, servicing, and maintenance of the Leased Items.

Upon delivery and any required installation of any Leased Item that is a property item, the State is required to inspect such item, and if it meets the State's specifications, then the State, before the end of the acceptance period agreed to by the contractor, must provide the Lessor with a certificate of acceptance. At the time the property item is accepted, the State will perfect a security interest therein in favor of the Lessor or any party to which such security interest is assigned with the State's consent. Before the commencement of service for a Leased Item that is a service contract, the State must provide the Lessor with a certificate of acceptance. Any Leased Items thus acquired thereon become subject to the Master Lease, and upon acceptance, as described, the State becomes obligated to make the Lease Payments.

Lease Term and Lease Termination

The Master Lease is in effect until all Lease Payments have been paid, unless the Master Lease is either extended or terminated earlier, as provided in the Master Lease. With respect to any Leased Item, the obligation to make Lease Payments begins:

- on the date of execution of the related Lease Schedule and the certificate of acceptance, or
- on the date that sufficient moneys are received in a particular fund from which the costs of Leased Items are to be paid.

*Subject to appropriation, the State presently intends to keep the Master Lease in effect for its entire term and to make all Lease Payments. The State agrees that the appropriate budget requests for each fiscal year will include all Lease Payments coming due in such fiscal year. In the event an emergency arises that requires the State to draw vouchers for payments that will be in excess of available moneys and the Secretary of Administration establishes a priority schedule for payments under the Wisconsin Statutes (**Statutes**), the Secretary will give a high priority to Lease Payments due under the Master Lease.*

In accordance with the Statutes, the continuance of the Master Lease beyond the limits of funds already available to the State is contingent upon appropriation of the necessary funds. Upon the occurrence in any fiscal

year of a Nonappropriation (**Event of Nonappropriation**), the State has the right to terminate the Master Lease. Termination would affect all Leased Items and would be effective as of the last day of a fiscal year (June 30th). The State would still be obligated to make any Lease Payments due by the end of the fiscal year but would not be responsible for the payment of any Lease Payments scheduled to come due in any succeeding fiscal year. In the event of termination of the Master Lease based on an Event of Nonappropriation, if the Lessor requests, the State is required to (1) deliver possession of all Leased Items to the Lessor and (2) convey or release to the Lessor its interest in all Leased Items.

With respect to any Leased Item, the applicable Lease Schedule terminates when all Lease Payments relating to it are paid under the Lease Schedule or when the State terminates the Lease Schedule by paying the applicable purchase price for the Leased Item.

The Master Lease will terminate in its entirety (which will affect all Leased Items) if the State exercises its right to terminate upon the occurrence of an Event of Nonappropriation, or if the State defaults and the Lessor elects to terminate the Master Lease.

Insurance Requirements; Loss or Damage to Leased Items

The State is required to provide insurance coverage against certain risks through its self-funded liability and property insurance programs, for which sum-sufficient appropriations are made under the Statutes. Insured risks include:

- Damage to, or destruction of, Leased Items.
- Liability for injuries to or death of any person or damage to or loss of property related to use of the Leased Items.
- The employer's costs for worker's compensation relating to use of the Leased Items.

The State assumes all risks and liabilities for loss or damage to any Leased Item and for injury to or death of any person or damage to any other property arising from use of the property items or arising with respect to service items, to the extent such loss, damage, injury, death, or damage to other property is caused by acts committed by an officer or employee of the State while acting within the scope of employment or any agent of the State while acting within the scope of the agency.

If any Leased Item delivered to the State is lost, then the State is required to replace the item or pay the applicable purchase price for that Leased Item.

When the State pays the purchase price for any Leased Item, the Master Lease terminates with respect to such Leased Item and the State becomes entitled to such Leased Item, as is, where is, and without any warranty, except for any warranty from the contractor that provided the Leased Item.

Other Obligations

The Lessor has no responsibility for the use or maintenance of the Leased Items. The State is required to maintain all Leased Items and use each Leased Item carefully, properly, and lawfully. The State is required to pay any charges assessed against Leased Items.

Rights in Leased Items; Security Interest

The Lessor does not have legal title to Leased Items that are property items. Legal title to all property items rests in the State. Should the Master Lease terminate due to an Event of Nonappropriation or an event of default under the Master Lease, the State is required to transfer to the Lessor its interest in all Leased Items.

The State has granted to the Lessor a first priority purchase money security interest in Leased Items to secure the State's payment of all Lease Payments (although the security interest in most software and other intangible Leased Items is not a purchase money security interest under the Uniform Commercial Code).

The Lessor has no responsibility in connection with the selection of the Leased Items or the contractors providing the Leased Items. The Leased Items and contractors are selected solely by the State.

The Lessor has no responsibility for the condition or usefulness of the Leased Items. The Leased Items are leased as is, where is, and without any warranty. The Lessor also is not responsible for any damages in connection with the use of the Leased Items.

Assignment, Mortgaging, and Selling

The Lessor may not, without the prior written consent of the State, assign its obligations under the Master Lease or its interest in the Leased Items, or grant a security interest in or lien upon the Leased Items, or enter into any financing for the Leased Items.

Option to Terminate Lease Schedule

Depending on the source of funding for the Lease Schedule, the State may have the option to terminate the Lease Schedule by depositing an amount equal to the applicable purchase price, which shall be either:

- an amount equal to the outstanding principal amount of the Lease Schedule, interest to the date of redemption of the source of funding, and any redemption premium, or
- if permitted, an amount sufficient to purchase investments maturing on such dates and in such amounts to pay the Lease Payments when due (or until the source of funding may be redeemed).

Events of Default and Remedies

Each of the following shall be an event of default under the Master Lease:

- Failure by the State to pay when due any Lease Payments and the continuation of such failure for five business days.
- Failure by the State to observe any covenant with respect to any Leased Item (other than a failure to make Lease Payments) for a period of thirty days after notice unless the Lessor and the Trustee agree to an extension.
- Any representation or warranty by the State in the Master Lease was untrue in any material respect.
- An event of default shall have occurred and be continuing under the Master Indenture.

If, by reason of *force majeure*, the State is unable to carry out its obligations under the Master Lease with respect to any Leased Item (other than its obligation to make Lease Payments, which must still be paid when due), then the State shall not be deemed in default during the period of inability.

Whenever any event of default occurs, the Lessor has the right to take one or more of the following steps:

- The Lessor, with or without terminating the Master Lease, may declare all Lease Payments due or to become due during the fiscal year to be immediately due and payable.
- The Lessor, with or without terminating the Master Lease, may give the State written notice requiring the State to deliver all the Leased Items to the Lessor. If the State fails to return them within 30 days, then the Lessor may exercise all its legal rights to take possession of the Leased Items and to receive damages resulting from the State's failure. Even if the Lessor takes possession of the Leased Items, the State will continue to be responsible for Lease Payments during the fiscal year. If the event of default is cured and the Master Lease has not been terminated with respect to such Leased Items, then the Lessor is required to return the Leased Items to the State at the State's expense.
- If the Lessor terminates the Master Lease and takes possession of Leased Items, then the Lessor is required to attempt to sell the Leased Items in a commercially reasonable manner. The Lessor

is required to apply any proceeds of the sale in the following order: (1) all expenses incurred in securing possession of the Leased Items, (2) all expenses incurred in completing the sale, (3) any amounts payable to any party having a security interest in or lien against the Leased Items, (4) the applicable purchase price for the Leased Items, and (5) the balance of any Lease Payments due with respect to such Leased Items for such fiscal year. Any remaining proceeds of the sale will be paid to the State.

- The Lessor would be permitted to use any other remedy available at law or in equity with respect to such event of default.

If the Master Lease is terminated before all Lease Payments have been paid, then the Lessor may require the State to return the Leased Items.

SUMMARY OF THE MASTER INDENTURE

Certain provisions of the Master Indenture are summarized below. In general, this Section does not summarize any provisions of the supplemental indentures. Reference should be made to the Master Indenture for full and complete statements of the provisions. A copy of the Master Indenture may be obtained by contacting the State at the address provided in the introduction of this Part IV of the 2024 Annual Report.

General

Pursuant to the Master Indenture, the Lessor has transferred to the Trustee without recourse all its right in the funds and accounts established under the Master Indenture, the Lease Schedules specified in supplemental indentures, and all Lease Payments, Leased Items, and other property and rights related to those Lease Schedules, including the security interest granted by the Master Lease (which transfer does not affect the Lessor's obligations under the Master Lease). Except as provided in the Master Indenture, all properties and rights received by, and moneys and investments held by, the Trustee under the provisions of the Master Indenture shall be held in trust for the benefit of the owners of the Certificates.

Funds and Accounts; Payments to be Deposited

The Master Indenture creates the following funds and accounts to be held and administered by the Trustee for each series of Certificates:

- Certificate Payment Fund (which contains an Interest Account, a Principal Account, and an Additional Rents Account),
- Project Fund (which contains a Project Account and an Earnings Account),
- Lease Payment Fund (which contains an Interest Account, a Principal Account, and an Additional Rents Account),
- Lease Payment Reserve Fund,
- Administrative Expense Payment Fund, and
- Insurance Fund.

The Trustee will deposit the proceeds from the issuance of a series of Certificates, net of the underwriters' discount as follows:

- If specified in the supplemental indenture providing for the issuance of that series, then the Trustee will deposit in the Principal Account and the Interest Account of the Certificate Payment Fund an amount to be used for the partial or complete redemption of one or more series of outstanding Certificates, and the Leased Items related to the redeemed Certificates will thereafter relate to the newly issued Certificates.

- If specified in the supplemental indenture, then the Trustee will pay to the Lessor the costs of acquiring Leased Items that have not been reimbursed.
- If specified in the supplemental indenture, then the Trustee will apply the amount specified for payment or reimbursement of costs of issuance.
- If specified in the supplemental indenture, then the Trustee will deposit an amount in the Lease Payment Reserve Fund.
- The Trustee will deposit an amount into the Project Account of the Project Fund specified in the supplemental indenture.
- The Trustee will deposit the balance of the proceeds, if any, in the Lease Payment Fund.

Earnings on the Project Account of the Project Fund are transferred, as received, to the Earnings Account of the Project Fund. Moneys in the Earnings Account are transferred and used for payment of amounts due or coming due within 30 days, in the following order: (1) to the Interest Account of the Lease Payment Fund for retransfer to the Interest Account of the Certificate Payment Fund and (2) to the Administrative Expense Payment Fund.

To the extent moneys in the Earnings Account of the Project Fund exceed amounts payable as described above, the excess is deposited in the Project Account of the Project Fund.

Money available in the Project Account of the Project Fund will be disbursed to pay for the acquisition of additional Leased Items, as directed by the State. Except as provided in the Master Indenture, any money remaining in the Project Account of the Project Fund on the date specified in the applicable supplemental indenture will be transferred by the Trustee to the Principal Account of the Lease Payment Fund, to be applied as a credit against the Lease Payments required to be paid by the State.

Upon any Event of Nonappropriation or upon an event of default under the Master Lease requiring the surrender of Leased Items, or upon any other termination of a Lease Schedule other than pursuant to the payment of all Lease Payments or the exercise by the State of its option to pay the purchase price, the Trustee is required immediately to transfer all amounts on deposit in the Project Account of the Project Fund to the Principal Account of the Lease Payment Fund.

On any day on which Certificates are to be paid or redeemed, the Trustee is required to transfer the aggregate amount on deposit in the Principal Account of the Lease Payment Fund for deposit into the Principal Account of the Certificate Payment Fund. On the date Certificates are to be redeemed in accordance with the Master Indenture as a result of the deposit of moneys into the Principal Account of the Lease Payment Fund, the Trustee is required to transfer the money for deposit into the Principal Account of the Certificate Payment Fund. On the date that Certificates are to be redeemed due to the termination of a Lease Schedule as a result of an Event of Nonappropriation, and if funds have been transferred to the Principal Account of the Lease Payment Fund, the Trustee is required to transfer all amounts on deposit in such Principal Account for deposit into the Principal Account of the Certificate Payment Fund. On each Interest Payment Date with respect to Certificates, the Trustee is required to transfer from the Interest Account of the Lease Payment Fund (and, if necessary, from the Earnings Account of the Project Fund) for deposit into the Interest Account of the Certificate Payment Fund, an amount equal to the interest then due on the Certificates.

On each Interest Payment Date with respect to Certificates, the Trustee is required to transfer from the Lease Payment Reserve Fund to the Interest Account or the Principal Account of the Lease Payment Fund for a particular series of Certificates to the extent amounts on deposit in such Interest Account are insufficient to pay interest due on the Certificates of such series, or amounts on deposit in such Principal Account are insufficient to pay that portion of the principal of the Certificates of such series to be paid or redeemed. If at any time amounts on deposit in the Lease Payment Reserve Fund are less than the required amount, as adjusted from time to time

as provided for in the Master Indenture, then the State, upon receiving notice of such deficiency from the Trustee, shall immediately pay the Trustee an amount equal to the deficiency.

The Trustee shall bill the State semi-annually for all administrative expenses. If at any time the Trustee determines that payments deposited, or to be deposited, in the Administrative Expense Fund will be more or less than the expenses for the current fiscal year, then the Trustee shall adjust the semi-annual billing. The Trustee shall disburse amounts from the Administrative Expense Fund to pay invoices rendered in accordance with the Master Indenture.

Except as provided in the Master Indenture, the Trustee is required to pay to the State any amount remaining in any fund or account after full payment (or redemption) of all Certificates outstanding and payment of any fees, expenses, or costs owing with respect to the Certificates or the Lease Schedules.

The Trustee is required to invest moneys it holds under the Master Indenture in **Qualified Investments**, to be selected at the direction of the State, giving consideration, however, to the times at which moneys are required to be disbursed under the Master Indenture and, in that connection, may place moneys in demand or time deposits with any bank or trust company authorized to accept deposits of public funds.

The following are Qualified Investments:

- Obligations of, or obligations guaranteed as to interest by, the United States or any agency or instrumentality thereof, when such obligations are backed by the full faith and credit of the United States.
- Federal Housing Administration debentures.
- Federal Home Loan Mortgage Corporation participation certificates.
- Farm Credit System consolidated system-wide bonds and notes.
- Federal Home Loan Banks consolidated debt obligations.
- Federal National Mortgage Association senior debt obligations and mortgage-backed issues.
- Student Loan Marketing Association senior debt obligations and letter-of-credit-backed issues.
- Resolution Funding Corporation (**REFCORP**) debt obligations.
- Unsecured certificates of deposit, time deposits, and banker's acceptances (having maturities of not more than 365 days) of any bank, the short-term obligations of which are rated the highest classification (without regard to any suffix or numerical order) by each of those agencies selected by the State to assign a credit rating to the Certificates or the Program (**Rating Agencies**).
- Certificates of deposit or time deposits constituting direct obligations of any bank, the full amount of which is insured by the Federal Deposit Insurance Corporation.
- Debt obligations, including pre-refunded municipals, rated in either of the two highest classifications (without regard to any suffix or numerical order) by each of the Rating Agencies.
- Commercial paper rated the highest classification (without regard to any suffix or numerical order) by each of the Rating Agencies.
- Securities issued by those investment companies registered under the Investment Company Act of 1940 commonly known as "money market funds" rated in the highest classification by each of the Rating Agencies that invest solely in securities which are otherwise Qualified Investments.
- Investments made through repurchase agreements with any transferor with debt or commercial paper rated in the highest classification (without regard to any suffix or numerical order) by each of the Rating Agencies, *provided* that each repurchase agreement (1) is acceptable in form and substance to the State

and the Trustee, (2) provides for the registration of title to certificated government obligations in the name of the Trustee or any agent of the Trustee and the physical transfer of certificated government obligations to the Trustee or to a custodial account in the name of the Trustee at a Federal Reserve Bank and for the registration of title to book-entry government obligations in the name of the Trustee, (3) provides that the government obligations acquired pursuant to such repurchase agreement shall be valued at least monthly at the lower of the then-current fair market value or the repurchase price in the applicable repurchase agreement (except that the Lease Payment Reserve Fund shall always be valued at the then current fair market value), and (4) is with any state or national bank or foreign bank with a United States branch or agency with short-term obligations rated in the highest classification (without regard to any suffix or numerical order) by each of the Rating Agencies.

- Any stripped securities rated in the highest classification by each of the Rating Agencies, including, but not limited to, U.S. Treasury STRIPS and REFCORP STRIPS.
- Any security which matures or which may be tendered for purchase at the option of the holder within not more than seven years of the date on which it is acquired, if that security has a rating from each of the Rating Agencies which is equal to or higher than the rating assigned to the Certificates by the Rating Agencies and the rating is in either of the two highest classifications (without regard to any suffix or numerical order) of each of the Rating Agencies.

The following chart depicts the sources and uses of the various funds.

State of Wisconsin Master Lease Program Master Indenture - Sources and Uses of Funds

Servicing of Lease Schedules

The Lessor has agreed to service the Lease Schedules, and should the Lessor fail to do so, the Trustee has agreed to do so and to enforce their terms. The Lessor is an affiliate of the Trustee.

Events of Default and Remedies

The following shall constitute **Events of Default** under the Master Indenture:

- Any Event of Nonappropriation or event of default under the Master Lease or any Lease Schedule.
- Failure by the Lessor or the State to observe any covenant under the Master Indenture (other than an event specified above) for a period of 30 days after notice from the Trustee, the Lessor, or the owners of not less than 5% in aggregate principal amount of Certificates then outstanding; *provided, however*, if the failure cannot be corrected within the applicable period, then those parties may not unreasonably withhold their consent to an extension of such time if corrective action is instituted and diligently pursued.
- Any additional event designated as an event of default under any supplemental indenture.

If an Event of Nonappropriation or an event of default under the Master Lease occurs and is continuing, then the Trustee is required to cause the Certificates of all series to be redeemed pursuant to the Master Indenture, *pro rata*, to the extent money is available in the Lease Payment Fund. In addition, if an Event of Nonappropriation or an event of default occurs and is continuing, then the Trustee may proceed, and upon written request of owners of not less than a majority in aggregate principal amount of Certificates then outstanding shall proceed, to take any of the remedial steps available under the Master Lease (including acceleration, if applicable) or whatever action at law or in equity may be necessary or appropriate to enforce its rights as assignee under the Master Indenture. All payments received by the Trustee with respect to the Trust upon an event of default, whether from the sale of Leased Items, damages, or otherwise, shall be applied by the Trustee, *first*, to its reasonable fees and expenses and *second*, to the Lease Payment Fund.

In the event that no action is taken to eliminate an event of default under the Master Lease, the owners of a majority in aggregate principal amount of the Certificates then outstanding may institute any suit, action, or other proceeding at law or in equity for the protection or enforcement of any right under the Master Lease or the Master Indenture, but only if such owners have first requested in writing that action be taken, have given a reasonable opportunity for such suit, action, or other proceeding to be instituted, and have offered reasonable indemnity against the costs, expenses, and liabilities to be incurred thereby.

Amendment

The Master Indenture, the Master Lease, or any Lease Schedule (**Operative Documents**) may be amended, or a supplemental indenture created, without the consent of any owners of Certificates, in order to provide for the issuance of a series of Certificates, to cure any ambiguity, to correct or supplement any provision in any of the Operative Documents that may be inconsistent with any provision in any other Operative Document, or to add any other provision with respect to matters or questions arising under any Operative Document if it is not inconsistent with the provisions of any Operative Document, *provided* that such action does not, as evidenced by an opinion of counsel, adversely affect in any material respect the interests of any owner of Certificates.

Any of the Operative Documents may also be amended from time to time with the consent of the owners of not less than 51% of the aggregate outstanding principal amount of Certificates of any series affected thereby for the purpose of adding any provisions to or changing in any manner or eliminating any of the provisions of the Operative Documents, or of modifying in any manner the rights of the owners of not less than 51% of the aggregate outstanding principal amount of Certificates; *provided, however*, that no amendment shall without the consent of the owners of all Certificates:

- increase or reduce the amount of, or delay the timing of, or otherwise adversely affect, collections of payments under any Lease Schedule (other than modifications permitted under the Master Lease) or required to be made on any Certificate,
- release any Lease Schedule or all or substantially all collateral securing a Lease Schedule, or
- reduce the percentage required for consent to any amendment.

Limitation on Rights of Certificate Owners

No owner of a Certificate has any right to vote (except as provided in the Master Indenture) or in any manner otherwise control the operation and management of the Trust, or the obligations of the parties to any of the Operative Documents; nor shall anything set forth in the Master Indenture, or contained in the terms of the Certificates, be construed so as to constitute the owners of Certificates as partners or members of an association; nor shall any owner of a Certificate be liable to any third person by reason of any action taken by the parties to the Master Indenture pursuant to any provision of the Master Indenture.

No owner of a Certificate has any right by virtue of any provision of the Master Indenture to institute any suit, action, or proceeding at law or in equity under or with respect to the Master Indenture, unless:

- such owner of a Certificate has previously given to the Trustee a written notice of an event of default and of the continuance thereof, as provided in the Master Indenture,
- the owners of not less than 25% of the aggregate outstanding principal amount of Certificates have made written request of the Trustee to institute such action, suit, or proceeding in its own name as Trustee under the Master Indenture and have offered to the Trustee such reasonable indemnity as it may require against the costs, expenses, and liabilities to be incurred therein or thereby, and
- the Trustee, for 30 days after its receipt of such notice, request, and offer of indemnity, has neglected or refused to institute any such action, suit, or proceeding.

PART V

TRANSPORTATION REVENUE OBLIGATIONS

Part V of the 2024 Annual Report provides information about transportation revenue obligations issued by the State of Wisconsin (**State**) in the form of transportation revenue bonds and transportation revenue commercial paper notes. The State provides select information in this introduction for the convenience of the readers; however, readers should review all information presented in this Part V of the 2024 Annual Report to make an informed investment decision.

Total Outstanding Balance (12/15/2024)	\$1,360,305,000
Amount Outstanding of Fixed-Rate Obligations	1,360,305,000
Ratings ^(a) (Fitch/Kroll/Moody's/S&P Global Ratings)	AA+/AAA/Aa1 ^(b) /AAA
Authority	State of Wisconsin Transportation Facilities and Highway Projects Revenue Obligations General Resolution, dated June 26, 1986, as amended, and Subchapter II of Chapter 18 and Section 84.59, Wisconsin Statutes.
Trustee/Paying Agent	The Bank of New York Mellon Trust Company, N.A. serves as Trustee for all obligations, as well as Registrar and Paying Agent for the Bonds.
Security	The Bonds are secured by a first lien pledge of Program Income, the Funds created by the General Resolution, as amended, and any other income of the Program. A substantial amount of Program Income is from vehicle Registration Fees authorized under Section 341.25, Wisconsin Statutes. Program Income also includes certain Other Registration-Related Fees added pursuant to 2003 Wisconsin Act 33 (including, but not limited to, vehicle title transaction fees, registration and title counter service fees, and personalized license plate issuance and renewal fees).
Audit Report and Financial Statement	APPENDIX A to this Part V of the 2024 Annual Report includes the independent auditor's report and the audited statement of cash receipts and disbursements.
^(a) The ratings presented are the ratings assigned to the transportation revenue obligations without regard to any bond insurance policy. No information is provided in the 2024 Annual Report about any rating assigned to any transportation revenue obligations based on any bond insurance policy. Not every rating agency has been asked to rate every series of Bonds.	
^(b) On September 11, 2024, Moody's Investors Service, Inc. upgraded its rating on the State's Transportation Revenue Bonds from Aa2 to Aa1.

The State of Wisconsin Building Commission (**Building Commission** or **Commission**) supervises all matters concerning the State's issuance of revenue obligations. The Capital Finance Office, which is part of the State of Wisconsin Department of Administration's Division of Executive Budget and Finance, is responsible for

managing the State’s borrowing programs. Requests for additional information about transportation revenue obligations may be directed to the Capital Finance Office. The law firm of Quarles & Brady LLP has provided bond counsel services in connection with the issuance of the outstanding transportation revenue obligations. The State of Wisconsin Department of Transportation (**DOT** or **Department of Transportation**) is responsible for the planning and completion of major highway projects funded, in part, with the proceeds of transportation revenue obligations.

Transportation revenue obligations issued by the State have been issued as both tax-exempt obligations and taxable obligations.

The 2024 Annual Report includes information and defined terms for different types of securities issued by the State. The context or meaning of a term used in one part of the 2024 Annual Report may differ from that of the same term used in another part, and the total amount shown in a table may vary from the related sum due to rounding. See “**GLOSSARY**” for the definitions of capitalized terms used in this Part V of the 2024 Annual Report. No information or resource referred to in the 2024 Annual Report is part of the report unless expressly incorporated by reference.

Part II of the 2024 Annual Report contains general information about the State including, but not limited to, operating data, such as revenues, expenditures, budgets, General Fund data, information on significant pending litigation, and statistical information on the State’s economic condition and the Wisconsin Retirement System, along with the audited general purpose external financial statements for the fiscal year ending June 30, 2024 and the independent auditor’s report that is provided by the State Auditor.

Certain statements in this Part V of the 2024 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2024 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS

See “**ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS**” in Part II of the 2024 Annual Report for further information on the State’s disclosure relating to these factors that may present a risk to the State’s finances.

OUTSTANDING OBLIGATIONS

Table V-1 shows transportation revenue obligations that have outstanding balances as of December 15, 2024 and history of other issuances during the past 20 years.

Table V-1

2023	1,544,825,000	-0-	1,544,825,000

Source: Department of Administration

The Commission periodically adopts Series Resolutions that authorize the issuance of transportation revenue obligations for new money and refunding purposes. This authorization is generally effective for a period of one year from date of adoption. On May 22, 2024, the Commission adopted a Series Resolution authorizing the issuance of transportation revenue obligations for refunding purposes in an amount not to exceed \$300 million. The issuance of these obligations depend on market conditions, and if issued, will be issued pursuant to the General Resolution on parity with the Prior Bonds.

In addition, the Commission has previously adopted, and may in the future adopt, Series Resolutions that authorize the issuance of Transportation Revenue Commercial Paper Notes (**Notes**) and Bonds to pay for the funding of any Notes; these Series Resolutions have been and may be required pursuant to terms of any credit agreement by which the liquidity facility provider provides a line of credit for liquidity on the Notes, and this authorization is effective for the term of any Notes. Any Bonds authorized to fund new money purposes, and Bonds to take-out any Notes, when and if issued, are expected to be issued on a parity with the Bonds issued by the State pursuant to the General Resolution.

SECURITY

Sources of Payment

The Prior Bonds have been issued on parity with each other. The Prior Bonds and any additional parity Bonds issued by the State pursuant to the General Resolution, are revenue obligations of the State payable solely from the Redemption Fund created by the General Resolution and are secured by a first lien pledge of Program Income, the Funds created by the General Resolution, and any other income of the Program pledged to the payment of interest, principal, and Redemption Price on the Bonds.

Program Income consists mainly of vehicle registration fees authorized under Section 341.25, Wisconsin Statutes, including fees for hybrid-electric vehicles and electric vehicles (**Registration Fees**). Program Income also includes certain other vehicle registration-related fees (**Other Registration-Related Fees**). The Other Registration-Related Fees include many types of fees that are enumerated in Wisconsin Statutes, however, many of the Other Registration-Related Fees result in insignificant or sporadic annual revenues.

Given this insignificant and sporadic nature, the State is currently providing continuing disclosure on some, but not all, Other Registration-Related Fees. These specific Other Registration-Related Fees include vehicle title transaction fees, registration and title counter service fees, and personalized license plate issuance and renewal fees. See "**OTHER REGISTRATION-RELATED FEES**".

All Program Income is collected by the Trustee, or the Department of Transportation as agent of the Trustee and deposited outside the State Treasury in an account with the Trustee defined as the **Redemption Fund**. Program Income is defined to include all the interest earned or gain realized from the investment of the Redemption Fund.

Any Notes issued in the future, and any other obligations to be issued on parity with any Notes, are also revenue obligations of the State payable from Program Income deposited into the Subordinated Debt Service Fund created by the General Resolution. The pledge of such Program Income to payment of any Notes is subordinate to the pledge of Program Income granted to payment of the Bonds. The pledge remains effective until all Bonds and Notes issued under the General Resolution are fully paid in accordance with their terms.

The Bonds are revenue obligations of the State payable solely out of the Redemption Fund. Any Notes are revenue obligations of the State payable solely out of the Subordinated Debt Service Fund. The State is not generally liable on the Bonds and any Notes, and the Bonds and any Notes are not a debt of the State for any purpose whatsoever.

Program Income Covenant

In the General Resolution, the State has covenanted that it will charge and cause to be deposited with the Trustee sufficient Program Income:

- To pay all interest on and principal of the Bonds as the same become due
- To maintain the Debt Service Reserve Requirement, if any, in the Reserve Fund
- To pay Program Expenses
- To pay principal of and interest on any Notes, as such amounts are deposited into the Subordinated Debt Service Fund
- To maintain the applicable requirements of such other funds and accounts specified under the General Resolution

Starting on the date a series of Bonds is issued and also on each Redemption Fund Deposit Day (the 1st day of January, April, July, and October), all Program Income is deposited into the Redemption Fund and then into the funds and accounts established under, and in the order of priority and amounts required by, the General Resolution.

Program Income received by the Trustee in the Redemption Fund is used in the above order. With respect to payment of debt service on the Bonds, 50% of interest due on each January 1 must be deposited into the respective debt service accounts starting on each of the preceding Redemption Fund Deposit Days of July 1 and October 1 until funded, 50% of interest due on each July 1 must be deposited into the respective debt service accounts starting on each of the preceding Redemption Fund Deposit Days of January 1 and April 1 until funded, and 25% of principal due on each July 1 must be deposited into the respective debt service accounts starting on each of the preceding Redemption Fund Deposit Days of July 1, October 1, January 1, and April 1 until funded. For Bonds that are issued between the Redemption Fund Deposit Days, Program Income is deposited into the debt service account for such Bonds to meet the above requirements starting on the date of issuance of such Bonds until funded at the required level.

All Program Income in excess of the amounts needed for such purposes is to be transferred to the Transportation Fund held by the Department of Transportation and becomes free of the lien of the pledge of the General Resolution. DOT uses moneys in the Transportation Fund for many authorized purposes. See **“SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION”**.

In the General Resolution, the State pledges and agrees with the Bondholders and holders of any Notes that the State will not limit or alter its powers to fulfill the terms of any agreements (made in the General Resolution, in

the Bonds, or in any Notes) with the Bondholders and holders of Notes, or in any way impair the rights and remedies of the Bondholders and holders of any Notes until the Bonds and any Notes, together with interest, including interest on any unpaid installments of interest thereon, Redemption Price, and all costs and expenses in connection with any action or proceeding by or on behalf of the Bondholders and holders of any Notes, are fully met and discharged.

Transportation Fund Constitutional Amendment

A constitutional amendment referendum question was approved in the State's general election in November 2014. The constitutional amendment requires most revenues generated by use of the State's transportation system be deposited with a trustee for the benefit of the Department or the holders of transportation-related revenue bonds (such as Bondholders and holders of any Notes) or into the Transportation Fund administered by the Department for the exclusive purpose of funding the State's transportation systems. The constitutional amendment further prohibits any transfers or lapses from this Transportation Fund.

This constitutional amendment has no direct impact on Bondholders and holders of any Notes. Pursuant to the General Resolution, Program Income will continue to be first collected by the Trustee and deposited outside the State Treasury in the Redemption Fund and Subordinated Debt Service Fund. After all General Resolution requirements are met, excess Program Income is then transferred to the State's Transportation Fund. See **"SECURITY; Program Income Covenant"** above. At that time, the revenues will then be subject to the requirements of this constitutional amendment.

Reserve Fund

The General Resolution creates a Reserve Fund for the Bonds; however, the balance of the Reserve Fund is \$0.00.

The State pursuant to each Series Resolution specifies the Debt Service Reserve Requirement, if any, for each Series of Bonds. The individual Debt Service Reserve Requirements for each Series of the Outstanding Bonds are combined to determine the aggregate Debt Service Reserve Requirement for the Reserve Fund. If all of the Bonds of a Series cease to be Outstanding, then the aggregate Debt Service Reserve Requirement is reduced by the Debt Service Reserve Requirement attributable to that Series of Bonds. Since 2003, the State has not specified a Debt Service Reserve Requirement for any Series of Bonds that have been issued. Furthermore, the State does not currently expect to specify a Debt Service Reserve Requirement for any future Series of additional Bonds; however, the State reserves the right to change its practice and no representation is made as to the amount of the Debt Service Reserve Requirement that the State may specify for any future Series of additional Bonds.

In the event that the Reserve Fund were to be funded in connection with a future Series of Bonds, the General Resolution provides that it shall be used to make up any deficiency in the Redemption Fund for the payment of principal of and interest on all of the then Outstanding Bonds. If there is a deficiency in the Reserve Fund, the Trustee shall, after setting aside in the Principal and Interest Account the applicable amount required to be deposited therein, deposit Program Income into the Reserve Fund in an amount sufficient to remedy such deficiency.

Additional Bonds

The General Resolution authorizes the issuance of additional Bonds for the purpose of paying the costs of Projects, funding reserves, paying costs of issuance, and refunding Outstanding Bonds. On May 22, 2024, the Commission adopted a Series Resolution authorizing the issuance of transportation revenue obligations to refund outstanding transportation revenue bonds in an amount not to exceed \$300 million.

Except in the case of additional Bonds being issued to refund Outstanding Bonds, the Series of additional Bonds may be issued only if Program Income for any 12 consecutive calendar months of the preceding 18 calendar

months was at least equal to 2.25 times the maximum aggregate Principal and Interest Requirement in any Bond Year for all Outstanding Bonds, which includes the Bonds to be issued. The General Resolution defines Outstanding Bonds, as of any particular date, as all Bonds theretofore and thereupon being delivered except:

- Any Bond canceled by the Trustee, or proven to the satisfaction of the Trustee to have been canceled by the Registrar
- Any Bond deemed to have been defeased pursuant to the General Resolution
- Any Bond in lieu of or in substitution for which another Bond shall have been delivered pursuant to the requirements of the General Resolution or any Series Resolution

Statutory authority exists for the issuance of a total of \$4.326 billion of transportation revenue obligations to finance a portion of major highway projects. Approximately \$67 million of this legislative authority remains unissued. The issuance of transportation revenue obligations beyond the legislative authorized amount would require additional legislative authorization, which has customarily happened with each biennial budget of the State.

In addition, upon the issuance of additional Bonds the amount on deposit in the Reserve Fund must at least equal the aggregate of any Debt Service Reserve Requirement. See “[SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION; Additional Bonds](#)” and “[Reserve Fund](#)”.

Forecasted Debt Service Coverage

[Table V-3](#) provides a summary of annual debt service due on the Outstanding Bonds and shows the forecasted coverage ratio of annual debt service on the Outstanding Bonds as of December 15, 2024, based on the Department of Transportation’s estimated total Program Income for fiscal years 2024-25 through and including 2032-33. The estimated Program Income includes both Registration Fees and certain Other Registration-Related Fees for this period. See “[REGISTRATION FEES; Estimated Future Registration Fees](#)” and “[OTHER REGISTRATION-RELATED FEES](#)”. There can be no assurance that the following estimates will be realized in the amounts shown.

Table V-3
DEBT SERVICE ON OUTSTANDING TRANSPORTATION REVENUE OBLIGATIONS AND
ESTIMATED COVERAGE RATIO

Maturity (July 1)	Estimated Program Income ^{(a)(b)}			Total Outstanding Bonds ^{(a)(b)}			
	Estimated Registration Fees (Millions)	Estimated Other Registration- Related Fees (Millions)	Total Program Income (Millions)	Total Principal	Total Interest	Total Debt Service	Coverage Ratio

2043				10,890,000	544,500	11,434,500	
				<u>\$1,360,305,000</u>	<u>\$406,532,544</u>	<u>\$1,766,837,544</u>	

(a) The estimated Program Income for fiscal years 2024-25 through and including 2026-27 reflect revenue projections completed by DOT in Fall 2024 in anticipation of the 2025-27 biennial budget. Revenue projections for fiscal years 2024-25 through and including 2026-27 utilized forecast indices that were formulated with data available in September 2024. The estimated Program Income for fiscal years 2027-28 through and including 2032-33 reflect revenue projections completed by DOT in Fall 2023. Revenue projections for fiscal years 2027-28 through and including 2032-33 utilized forecast indices that were formulated with data available in August 2023. Due to a continued, high degree of economic uncertainty in recent years, the estimated Program Income for fiscal years 2027-28 through and including 2032-33 will be re-evaluated periodically. See "REGISTRATION FEES; Estimated Future Registration Fees" and "OTHER REGISTRATION-RELATED FEES; Actual and Estimated Other Registration-Related Fees" for discussion of updates. Excludes interest earnings.

(b) Assumes that no additional Bonds will be issued and continuation of current Registration Fees and Other Registration-Related Fees. Estimates of Program Income and coverage beyond the 2032-33 fiscal year are not currently available.

Source: Department of Transportation

The Department of Transportation will monitor Registration Fee and Other Registration-Related Fee revenues as they relate to scheduled debt service payments on the Bonds and payments on any Notes and recommend appropriate adjustments in Registration Fees or Other Registration-Related Fees to the Governor and the Legislature. The State has covenanted in the General Resolution that as long as Bonds and Notes are Outstanding it will charge and cause to be deposited with the Trustee sufficient Program Income, including Registration Fees and Other Registration-Related Fees, to pay principal and interest on such Bonds, as the same become due, to maintain the Reserve Fund at the Debt Service Reserve Requirement, to pay Program Expenses, and to make payments into the Subordinated Debt Service Fund.

Neither the State’s independent auditors nor any other independent accountants have compiled, examined, or performed any procedures with respect to the prospective financial information shown above, nor have they expressed any opinion or any other form of assurance on such information or its achievability and assume no responsibility for and disclaim any association with the prospective financial information.

REGISTRATION FEES

Current Fees and Registered Vehicles

Registration Fees as enumerated under Section 341.25 Wisconsin Statutes are highway user fees collected by the Department of Transportation from owners of most motor vehicles. **Table V-4** summarizes the types of major Registration Fees and the specific fee amount. 2019 Wisconsin Act 9 increased registration fees for automobiles and certain trucks based on gross vehicle weight. In addition, provisions of 2019 Wisconsin Act 9 implemented a previously authorized \$75 hybrid-electric vehicle surcharge. The surcharge applies to hybrid-electric vehicles registered as automobiles or as light trucks up to 8,000 pounds gross weight, including dual purpose vehicles. All changes from 2019 Wisconsin Act 9 became effective October 1, 2019. 2023 Wisconsin Act 19 increased the surcharge on electric vehicles from \$100 to \$175, effective October 1, 2023.

Table V-4
REGISTRATION FEES
(Section 341.25, Wisconsin Statutes)

Vehicle	Annual Fee
Automobile	\$85
Trucks	Weight-based fee ranging from \$100 to \$2,560.
Bus	Fee equal to the fee for a truck of the same weight.
Trailer 12,000 lbs. and under	Fee equal to one-half of the fee for a truck of the same weight.
Trailer over 12,000 lbs.	Fee equal to the fee for a truck of the same weight.
Motor Homes	Weight-based fee ranging from \$48.50 to \$119.50.
Recreational vehicle and Camping Trailers	\$15
Motorcycle/Moped	\$23 biennial fee.
Hybrid-electric Vehicles	\$75 surcharge.
Electric Vehicles	\$175 surcharge.

2024 ^{(c)(d)}	163.6	26.2	77.2	267.0	(0.2)
2025 ^{(c)(d)}	166.3	25.8	80.9	272.9	2.2

(a) Includes Registration Fees (Non-IRP Fees and Pledged IRP Fees) and certain Other Registration-Related Fees for the first five months of the current and previous seven fiscal years. Fiscal year totals of such fees are included in **Tables V-6 and V-9**, respectively, of this 2024 Annual Report.

(b) Includes Title Transaction Fees, Customer Service Fees, and Personalized License Plates Fees.

(c) 2019 Wisconsin Act 9 increased various Registration Fees and certain Other Registration-Related Fees effective, October 1, 2019.

(d) 2023 Wisconsin Act 19 increased the surcharge on electric vehicles from \$100 to \$175, effective October 1, 2023.

Source: Department of Transportation

Interstate truck registration revenues are collected through the International Registration Plan (**IRP**) and is a component of Registration Fees. Wisconsin is one of 48 states, the District of Columbia, and ten Canadian provinces that participate in the IRP, which is a multi-state compact for the collecting and sharing of large truck registration fees. Under the IRP, the registration fees on trucks involved in multi-state commercial activity are split between the participating states on the basis of proportionate mileage.

The majority of Registration Fee revenues for fiscal year 2023-24 are generated from three broad categories of vehicles:

- 47.18% of total revenues generated from registration of passenger vehicles (automobiles, mini-van, conversion vans, and sport-utility vehicles).
- 15.11% of total revenues generated from registration of small trucks (8,000 pounds or less gross weight).
- 37.71% of total revenues generated from registration of large trucks (over 8,000 pounds gross weight plus IRP vehicles).

Table V-6 reflects non-IRP Registration Fee revenues over the past ten years. Prior to the increases included in 2019 Wisconsin Act 9, the prior increase in automobile registration fees occurred on October 1, 2008 raising the annual fee from \$55 to \$75, and a new \$100 annual Registration Fee for electric vehicles, effective January 1, 2018.

Relative to even-numbered years, the growth rate in odd-numbered fiscal years is lower and reflects, in part, some vehicle types such as motorcycles and mopeds being registered only on a biennial basis. In a period of relatively flat vehicle registrations, the variation from this biennial registration pattern becomes more apparent. There can be no assurance that trends shown in **Table V-7** with amounts collected year-to-date for the 2024-25 fiscal year will continue for the entire fiscal year.

Estimated Future Registration Fees

Future Registration Fee revenues depend on the size of the vehicle fleet in subsequent years and the level of fees imposed on the various vehicle types. The methodology for Registration Fee revenue projections consists of two components:

- Projection of registration by vehicle type by an econometric model developed by DOT, which relates the size of the vehicle fleet to anticipated changes in certain key economic variables
- Application of the relevant registration fee to the projection of registered vehicle type

The Department of Transportation's model has two distinct components:

- Anticipated changes in the size of the State's automobile fleet
- Anticipated changes in the size of the State's truck fleet

The econometric model relates the size of the automobile fleet and truck fleet to the disposable income in the State, the relative price of new autos and light trucks, the level of unemployment, the size of the driving age 18-64 population, historical rates of vehicle scrappage, construction employment in the State, total industrial production and a measure of consumer sentiment. The long-range economic data used in the model are based on the projections published by IHS Markit Index, as well as the State of Wisconsin Department of Revenue.

Table V-8 summarizes projected Registration Fee revenues pursuant to Section 341.25, Wisconsin Statutes, through the 2032-33 fiscal year. The 2024-25 through and including 2026-27 fiscal years reflect projections completed by DOT in Fall 2024 in anticipation of the 2025-27 biennial budget. The 2027-2028 through and including 2032-33 fiscal years reflect projections completed by DOT in Fall 2023.

Neither the State's independent auditors nor any other independent accountants have compiled, examined, or performed any procedures with respect to the prospective financial information shown below, nor have they expressed any opinion or any other form of assurance on such information or its achievability and assume no responsibility for and disclaim any association with the prospective financial information.

Table V-8
PROJECTED REGISTRATION FEE REVENUES^(a)
(Amounts in Millions)

Fiscal Year (June 30)	Revenues ^(b)	% Change
2025	\$699.34	(1.91)%
2026	701.44	0.30
2027	698.45	(0.43)
2028	738.84	5.78
2029	739.27	0.06
2030	753.16	1.88
2031	748.88	(0.57)
2032	768.54	2.63
2033	773.71	0.67

(a) 2019 Wisconsin Act 9 increased various vehicle Registration Fees, effective October 1, 2019. Authorized increases include \$10 increase in the automobile fee and increase in light truck fees ranging from \$16 to \$25. 2019 Wisconsin Act 9 also clarified the definition for hybrid-electric vehicles. 2023 Wisconsin Act 19 increased the surcharge on electric vehicles from \$100 to \$175, effective October 1, 2023. The estimated Program Income for fiscal years 2024-25 through and including 2026-27 reflect revenue projections completed by DOT in Fall 2024 in anticipation of the 2025-27 biennial budget. Revenue projections for fiscal years 2024-25 through and including 2026-27 utilized forecast indices that were formulated with data available in September 2024. The estimated Program Income for fiscal years 2027-28 through and including 2032-33 reflect revenue projections completed by DOT in Fall 2023. Revenue projections for fiscal years 2027-28 through and including 2032-33 utilized forecast indices that were formulated with data available in August 2023. Due to a continued, high degree of economic uncertainty in recent years, the estimated Program Income for fiscal years 2027-28 through and including 2032-33 will be re-evaluated periodically.

(b) Includes both IRP and non-IRP Registration Fees pursuant to Section 341.25, Wisconsin Statutes. Does not include Other Registration-Related Fees, which are addressed later in this Part V of the 2024 Annual Report.

Source: Department of Transportation

Registration Fee Collection Procedures

Registration Fees are collected throughout the fiscal year. In order to smooth out the Department of Transportation’s vehicle registration workload, it has staggered vehicle registrations throughout the year. As a result, in fiscal year 2023-24 the flow of quarterly collections of annual Registration Fee revenues ranged from a low of 21.8% to a high of 26.8%. The registration fee changes affect the quarterly distribution; increase occurred after quarter one. Additionally, any future adjustment of Registration Fees may change the monthly distribution of Registration Fees collected.

The Department of Transportation is the agent of the Trustee with respect to the collection of Registration Fees, pursuant to an agreement between these parties. The non-IRP Registration Fees are collected in a number of ways:

- By mail to a lock-box system operated by Deluxe, Inc and U.S. Bank, National Association (**Bank**)
- Over the counter in field registration stations
- By mail to the Department of Transportation’s Central office in Madison (**Central Office**)
- At vehicle emission testing stations
- By State auto, light truck, and motorcycle dealers
- Via internet charge card renewal system
- By financial institutions
- By private financial service centers

- By various retailers, such as grocery stores and convenience stores
- By law enforcement agencies
- By municipal and County Clerk offices, as well as some municipal courts

Regardless of the method of collection, all Registration Fees are initially deposited with the Trustee for deposit in the Redemption Fund.

The principal method of collecting non-IRP Registration Fees is registration renewals by mail, which are sent directly to the Bank operating the lock-box system as agent for the Trustee. Under this lock-box system the vehicle owner mails the renewals to the Bank. The renewal includes a check payable to “Registration Fee Trust” and an enclosure with relevant registration information on it. The Bank is to deposit its receipts of Registration Fees daily with the Trustee for deposit in the Redemption Fund.

Over-the-counter collections take place in 79 Division of Motor Vehicle Customer Service Centers (**DMV CSCS**) throughout the State. These DMV CSCS collect Registration Fees on behalf of the Trustee, as well as driver license fees, title fees, lien fees, salesman’s license fees, permit fees, disabled identification card fees, and various other Department of Transportation charges. The Department of Transportation’s financial system is a transaction-based computer system with the field stations linked to the DOT’S Central Office by terminal. All transactions are summarized daily and reported to the Central Office. The DMV CSCS deposit their collections in an account in the Trustee’s name for deposit in the Redemption Fund.

Collections at the Department of Transportation’s Central Office differ from DMV CSCS collections in that it is primarily IRP payments and mail applications that are processed. IRP payments consist of checks submitted by individual truck operators, as well as checks generated by other states transmitting IRP payments to the State. Mail applications handled through the Central Office are primarily associated with the registration of vehicles that involve the transfer of ownership. All checks and cash collected through the Central Office are delivered to the Trustee for deposit in the Redemption Fund.

The Department of Transportation has a contract with a vehicle emission contractor to collect Registration Fees at any of the emission testing facilities. Currently, there are around 180 privately owned facilities, two centralized facilities, and two self-service kiosks throughout the seven-county emission program area with the self-service kiosks being open 24 hours a day, 7 days a week. A registrant may choose to renew their registrations at a testing station. Under this method, the emission testing station is treated like a field registration station with a direct connection to the Central Office’s terminal. The vendor retains a service fee charged to registrants who use this option.

Licensed motor vehicle dealers are required by law to process vehicle title and registration transactions for their customers, unless exempted by the Department. The Department of Transportation has a series of contracts with car, light truck, and motorcycle dealers to process vehicle title and registration and transmit such information electronically to it through an interface managed by a third-party vendor. The contracts provide an electronic interface between the Department of Transportation and the dealer’s data processing systems. The dealer collects registration and other fees that are electronically transferred daily from their bank accounts to the Department of Transportation by the third-party vendor. The vendor retains a service fee charged to registrants who use this option. In addition, dealers may choose to process title and registration applications electronically through an internet-based system managed by the Department.

Internet charge card renewal is a system available to motorists who prefer to charge their vehicle registration renewals. Under this system, motorists can renew their registrations through the internet. The Department of Transportation has contracted with a banking vendor to handle the interfaces and transmission of data to a credit card processing vendor. The vendor transfers all monies collected from these transactions daily, through a wire transfer to the Department of Transportation’s account and then to the Trustee for deposit in the Redemption

Fund. The vendor retains a service fee charged to registrants who use this option. Charge cards are also accepted at DMV CSCS. The Department of Transportation has contracted with the same banking vendor and credit card processing vendor to provide the necessary interfaces. The processing vendor charges a service fee and this fee is passed onto customers who use this option.

Financial institutions are required by law to process stand-alone lien add and release transactions electronically for customers, unless exempted by the Department of Transportation. Lenders may use contracted third party vendors or a free electronic interface provided by the Department of Transportation. In addition, the Department of Transportation runs a voluntary program for financial institutions, State agencies, and small businesses to contract in order to process titles and registrations and transmit the information through an electronic interface, provided by a separate vendor, to itself and the approved business. These contracted agents collect registration and other fees that are electronically transferred daily from the financial institution to the Trustee for deposit into the Redemption Fund. The vendor retains a service fee charged to registrants who use this option.

Registrants may renew vehicle registrations at private financial service centers. The Department of Transportation has contracted with a separate vendor to handle the electronic interface and transmission of data. The financial service centers collect Registration Fees that are electronically transferred daily from the center to the Trustee for deposit into the Redemption Fund. The vendor retains a service fee charged to registrants who use this option.

Registrants may also renew vehicle registration at participating retailers, law enforcement agencies, and municipal and County Clerk offices as well as some municipal courts. The Department of Transportation has contracted with a separate vendor to handle the electronic interface and transmission of data. The retailers, law enforcement agencies, and County Clerk offices collect Registration Fees that are electronically transferred daily from the participating agent to the Trustee for deposit into the Redemption Fund. The vendor retains a service fee charged to registrants who use this option.

OTHER REGISTRATION-RELATED FEES

General

Pursuant to provisions of 2003 Wisconsin Act 33 and the supplement to the General Resolution, adopted by the Commission on October 15, 2003, Other Registration-Related Fees are pledged as Program Income. The Other Registration-Related Fees include approximately 60 types of fees that are enumerated in Wisconsin Statutes, however, many of the Other Registration-Related Fees result in insignificant or sporadic annual revenues. Given this insignificant and sporadic nature, the State is currently providing continuing disclosure on some, but not all, Other Registration-Related Fees. These specific Other Registration-Related Fees include vehicle title transaction fees, registration and title counter service fees, and personalized license plate issuance and renewal fees.

Vehicle Title Transaction Fees

The Wisconsin Statutes require all motor vehicles and trailers exceeding 3,000 pounds to be titled. Titling occurs prior to vehicle registration and the resulting Certificate of Title is evidence of vehicle ownership. The Department of Transportation issues a title when ownership of the vehicle has been confirmed.

This occurs when a vehicle is purchased from a dealer, or when vehicles are transferred between individuals in a non-dealer sale. Titling occurs only when vehicle ownership changes and is not an annual reoccurring fee. The Certificate of Title document is issued on secured paper stock and contains the following information: name and address of owner, description of vehicle (make, year, color, vehicle type, and vehicle identification number), name of the secured party or lien holder, odometer reading information, and other required information.

The title fees are enumerated in Section 342.14, Wisconsin Statutes. The title fee is comprised of two components: a \$157 title fee and \$7.50 supplemental title fee. The \$164.50 title fee is paid by the owner when

filing an application for first Certificate of Title, and by the buyer when filing an application for Certificate of Title after transfer of ownership of the vehicle. The titling fees are paid to the Department of Transportation at the same time the vehicle is registered. The replacement, or duplicate, title fee is currently \$20. Replacement titles are issued for lost, stolen, or mutilated titles.

From fiscal year 2019-20 through and including fiscal year 2023-24, the Department of Transportation issued on average 1,616,272 titles, whereby a title fee was collected. In fiscal year 2023-24, the Department of Transportation issued 1,521,854 titles.

Registration and Title Counter Service Fees

Customers have the option of processing their vehicle titling and registration transactions by mail or in person at a DMV CSC. If the transaction is processed at the DMV CSC, the customer is charged an additional fee for that service. The additional fee is intended to recover some of the cost of providing face-to-face service. Before the customer receives the various products, the counter fee, and titling and/or vehicle Registration Fees are collected.

The counter fee is enumerated in Section 341.255, Wisconsin Statutes. For transactions that renew a vehicle registration, the counter fee is \$3, however a \$5 counter fee is charged for transactions relating to the issuance of a Certificate of Title, issuance of temporary license plates, issuance of temporary or permanent parking permits for disabled persons, transactions involving both titling and registration for the same vehicle, or transactions relating to only vehicle registration (but not renewals).

The average volume of registration renewals for fiscal years 2019-20 through and including 2023-24 was 290,387 transactions at the DMV CSCS. The fiscal year 2023-24 volume at the DMV CSCS for renewals was 344,210.

The average volume of titling, temporary plates, and registrations for fiscal years 2019-20 through and including 2023-24 was 566,990 transactions at the DMV CSCS. The fiscal year 2023-24 volume at the DMV CSCS for titling, temporary plates and registrations was 710,793.

Personalized License Plate Fees

Personalized license plates are license plates whereby the registration number is composed of a maximum set of numbers or letters or both specifically requested by the customer. The personalized license plate is only available for certain vehicle types: automobiles, motorcycles, motor homes, motor trucks with a gross weight of no more than 8,000 pounds, and farm trucks with a gross weight of no more than 12,000 pounds.

During the initial vehicle registration process or any time a registrant desires to change a license plate message, an applicant must complete and return to the Department of Transportation a special application form specifying the desired personalized message and provide two alternate messages. Subject to approval by the Department of Transportation, the customized license plate is then manufactured and sent to the customer.

The personalized license plate fee is enumerated in Section 341.145, Wisconsin Statutes. The \$15 annual fee must be submitted with the application and is also due annually at the time of vehicle registration renewals. This fee is in addition to the regular Registration Fees. For motorcycles and farm trucks that receive biennial license plates, the personalized license plate fee is also \$15 a year, due with the initial application. The fee to maintain a personalized plate issued on a biennial basis is \$30, payable during registration renewal and is in addition to the regular biennial Registration Fee.

The average number of requests for new personalized license plates processed for fiscal years 2019-20 through and including 2023-24 was 22,326. The average number of annual personalized license plate registrations during fiscal years 2019-20 through and including 2023-24 was 220,863. At the end of calendar year 2023, the State had 224,979 registered personalized license plates.

Actual and Estimated Other Registration-Related Fees

Table V-9 provides further information on the amount of Other Registration-Related Fees described above in “OTHER REGISTRATION-RELATED FEES; General”. These amounts include actual collections for the past ten years and projections for the upcoming nine years; the projected Other Registration-Related Fees are for fiscal years 2024-25 through 2032-33.

The Other Registration-Related Fees include many types of fees that are enumerated in the Wisconsin Statutes; while all are Program Income, the certain Other Registration-Related Fees outlined by the box in Table V-9 are those fees for which the State is currently providing continuing disclosure. See Table V-3 for the total of Registration Fees and the Other Registration-Related Fees being used for ratings and continuing disclosure. See Table V-7 for a summary of actual year-to-date Other Registration-Related Fees compared to the past five years.

Neither the State’s independent auditors nor any other independent accountants have compiled, examined, or performed any procedures with respect to the prospective financial information shown below, nor have they expressed any opinion or any other form of assurance on such information or its achievability and assume no responsibility for and disclaim any association with the prospective financial information.

**Table V-9
ACTUAL AND PROJECTED OTHER REGISTRATION-RELATED FEES^(a)**

Fiscal Year (June 30)	Title Transaction Fees	Counter Service and Personalized Plates	Subtotal	Other Pledged Revenue	Total Registration Related Fees
2015	\$97,129,227	\$7,678,806	\$104,808,033	\$8,295,274	\$113,103,308
2016	99,096,834	8,131,116	107,227,950	8,330,235	115,558,185
2017	102,057,631	8,094,194	110,151,825	9,621,958	119,773,783
2018	101,808,955	8,428,165	110,237,121	9,667,885	119,905,006
2019	101,267,018	8,011,573	109,278,591	9,760,223	119,038,814
2020	172,985,152	6,919,501	179,904,653	9,405,375	189,310,028
2021	236,123,710	3,895,897	240,019,607	10,072,255	250,091,862
2022	213,105,194	6,366,711	219,471,905	9,567,295	229,039,200
2023	206,109,959	6,756,471	212,866,430	9,289,874	222,156,305
2024	211,773,885	7,448,538	219,222,423	920,159	228,512,581
2025	214,351,200	7,073,818	221,425,018	9,346,117	230,771,135
2026	213,514,700	11,613,700	225,128,400	9,240,700	234,369,100
2027	209,610,800	18,992,300	228,603,100	9,142,900	237,746,000
2028	240,626,600	5,732,700	246,359,300	8,737,200	255,096,500
2029	241,795,600	5,583,700	247,379,300	8,628,400	256,007,700
2030	244,931,300	5,442,900	250,374,200	8,522,200	258,896,400
2031	240,626,600	5,309,800	245,936,400	8,418,400	254,354,800
2032	241,795,600	5,184,000	246,979,600	8,317,100	255,296,700
2033	244,931,300	5,065,100	249,996,400	8,218,100	258,214,500

- (a) The projected Other Registration-Related Fees for fiscal years 2024-25 through and including 2026-27 reflect revenue projections completed by DOT in Fall 2024 in anticipation of the 2025-27 biennial budget. Revenue projections for fiscal years 2024-25 through and including 2026-27 utilized forecast indices that were formulated with data available in September 2024. The estimated Projected Other Registration-Related Fees for fiscal years 2027-28 through and including 2032-33 reflect revenue projections completed by DOT in Fall 2023. Revenue projections for fiscal years 2027-28 through and including 2032-33 utilized forecast indices that were formulated with data available in August 2023. Due to a continued, high degree of economic uncertainty in recent years, the estimated Projected Other Registration-Related Fees for fiscal years 2027-28 through and including 2032-33 will be re-evaluated periodically. See "**OTHER REGISTRATION-RELATED FEES; Actual and Estimated Other Registration-Related Fees**" for discussion of updates. Excludes interest earnings.
- (b) 2019 Wisconsin Act 9 increased various vehicle registration fees, effective October 1, 2019. Authorized increases include a \$95 increase in the standard title fee to \$164.50 from \$69.50.

RISK FACTORS

Revenue Obligations

The Bonds are limited obligations of the State, payable from and secured by a first lien pledge of Program Income, the Funds created by the General Resolution, and any other income of the Program. Any Notes are limited obligations of the State, payable from Program Income deposited into the Subordinated Debt Service Fund. The pledge of Program Income to the Subordinated Debt Service Fund for any Notes is junior and subordinate to the pledge of Program Income to the payment of the Bonds. See "**SECURITY**" above.

No representation or assurance can be made that Program Income will be realized in amounts sufficient to pay principal of, and interest on, the Bonds and Notes when due. The Program Income and the other amounts held by the Trustee under the General Resolution, and for any Notes under the Note Program Resolution, constitute the only property pledged to secure the payment of the Bonds and Notes. No physical collateral secures the payment of the Bonds or Notes. Moreover, in the event the amount of the Program Income is inadequate for

payment of the Bonds and Notes, the Trustee cannot compel the State to impose taxes to address such inadequacy.

The amount of Program Income collected is expected to be sufficient to pay debt service on the Bonds and any Notes. However, no assurance can be given that such expected results will in fact be achieved, nor can there be any assurance that the sufficiency of historic Program Income collections indicates that future Program Income will similarly be sufficient.

Neither the full faith and credit nor the taxing power of the State or any political subdivision of the State will be pledged to the payment of the principal of, premium, if any, or interest on the Bonds or Notes.

Parity Debt

The Bonds are issued pursuant to the General Resolution on parity with each other and any other obligations to be issued on parity with the Bonds.

Any Notes are issued pursuant to the General Resolution, as supplemented by the Note Program Resolution, on a parity with each other and any other obligations to be issued on a parity with the Notes. The pledge of Program Income granted to any Notes is junior and subordinate to the pledge granted to the Bonds.

The State may issue additional Bonds on a parity with existing Bonds, and additional Notes on a parity with existing Notes, under the General Resolution, and with respect to any Notes, the Note Program Resolution, if certain conditions are met. See “**SECURITY; Additional Bonds**” above. Any such additional Bonds or Notes will be entitled to share ratably with the holders of the Bonds or Notes, respectively, in any moneys realized from the exercise of remedies under the General Resolution and, with respect to the Notes, the Note Program Resolution, in the event of a default.

Impact of General Economic Factors

The amount of Program Income available to be collected depends on economic activity related to the registration of motor vehicles and related fee-generating activities. A reduction in the number of motor vehicle registrations, title transactions and related fee-generating activities could lead to a reduction in the amount of Program Income collected. Various economic, climatic, political, or civil disruptions could affect the State’s economy and economic conditions, resulting in reduced Program Income. These include, without limitation, adverse changes in income levels, adverse changes in the availability of financing options for automobile and truck purchases, and fluctuations in the price of energy inputs.

Industry Demand Factors

The number of motor vehicle registrations, title transactions and related fee-generating activities depend in large part on demand for and use of automobiles, trucks and other motor vehicles in the State. In addition to adverse general economic factors, longer term trends in automobile, truck and other motor vehicle demand could be adversely affected by various factors, including increased reliance on alternative methods to trucking for business and industrial transport, increased reliance on public transportation, or other alternative transportation options, stagnation in or lack of acceptance of new motor vehicle product offerings, demographic changes in the driving age population.

Registration Fee Collection Procedures

All Program Income is collected by the Trustee, or the Department of Transportation as agent of the Trustee, and deposited outside the State Treasury in an account with the Trustee defined as the Redemption Fund. Disruptions with respect to the collection of Program Income could adversely affect the Bonds and Notes.

Potential Future Reduction of Registration Fees and Other Registration-Related Fees

Registration Fees and Other Registration-Related Fees may be reduced by Legislative decisions, which may be influenced by many factors. While under the General Resolution the State has pledged and agreed that the State will not limit or alter the ability of the State to fulfill the terms of its agreements with respect to the Bonds and Notes, or impair the rights and remedies of holders of the Bonds and Notes, and has covenanted that it will charge sufficient Program Income to pay principal and interest on the Bonds and Notes, no guarantee can be made that the Legislature will not reduce the Registration Fees or Other Registration-Related Fees pledged to the Bonds and Notes. While a failure to make payments of the principal of, and premium, if any, and interest on, any of the Bonds or Notes could hinder the State's subsequent access to the capital markets, it should not be assumed that the Legislature would regard that possible consequence to be a compelling reason to raise fees needed for those payments.

Future occurrences could adversely affect legislative support for the current level of the Registration Fee and Other Registration-Related Fees. Political factors may also come to bear on such fees.

Future Changes in Law

Future changes in applicable law by the Legislature could be adverse to holders of the Bonds and Notes. Legislative changes relating to the amount and timing of vehicle registration and related fees and collection procedures could lead to a reduction in or delay in receipt of Program Income. State law also allows for consideration of constitutional amendment referendum questions, such as the amendment preventing transfers out of the Transportation Fund passed by voters in November 2014.

Tax Matters

There are or may be pending in the Congress of the United States legislative proposals relating to the federal tax treatment of interest on obligations of the nature of the Bonds and Notes. The State cannot predict whether and in what form any such proposal might be enacted or how such proposals, if enacted, would apply to the Bonds or Notes. A change in the federal tax status of Bonds or Notes issued on a tax-exempt basis may cause the value of such Bonds or Notes to fall. In addition, interest on such Bonds or Notes could become includible in gross income for federal income tax purposes as a result of future acts or omissions of the State.

A defeasance of any Bonds issued on a taxable basis may cause recognition of a gain or loss, for federal tax purposes, at the time of defeasance. Owners of such Bonds should consult their tax advisors regarding the tax consequences of any defeasance of such Bonds.

PROJECTS

Security on the Bonds or Notes is not dependent upon projects built with Bond or Note proceeds.

Bond and Note proceeds are used to finance a portion of major highway projects enumerated in the Wisconsin Statutes for construction. A major highway project is defined as a project which has either (i) a total cost greater than \$128.8 million or (ii) a total cost of \$51.5 million and which involves one or more of the following:

- Constructing a new highway 2.5 miles or more in length.
- Reconstructing or reconditioning 2.5 miles or more of an existing highway
- Adding one or more lanes, 5 miles or more in length to an existing highway
- Improve at least 10 miles of an existing multi-lane divided major highway to freeway standards.

The cost thresholds listed above are adjusted annually on October 1st to reflect increases in highway construction costs due to inflation.

All state highway improvement projects, including authorized major highway projects, are scheduled in the Department of Transportation’s six-year highway improvement program. The six-year program, updated on a biennial basis, serves as a basic tool for the Department of Transportation’s long-term improvement plans and construction programs.

Construction of major highway projects uses moneys from the following sources:

- Bond or Note proceeds
- Federal aid
- Moneys in the Transportation Fund which may be appropriated for such purposes

The Transportation Projects Commission (TPC) has the authority to recommend approval of major construction projects for enumeration to the Governor, Legislature, and Joint Committee on Finance. Major highway projects must be enumerated prior to construction. The TPC also reviews and approves “high-cost” major projects. The TPC has authority to approve such projects for construction as major highway projects; enumeration of “high-cost” major highway projects in the Biennial Budget is not required. The Department of Transportation is actively working on eight major highway projects with an estimated remaining cost to complete of \$1.7 billion in 2024 dollars. See “[SECURITY; Additional Bonds](#)”.

Requests for additional information about the major highway projects funded or to be funded with proceeds of transportation revenue obligations may be directed as follows:

VARIABLE RATE OBLIGATIONS

The State has previously issued transportation revenue commercial paper notes, but there currently are no transportation revenue commercial paper notes outstanding. The State may issue transportation revenue commercial paper notes in the future.

SUMMARY OF CERTAIN PROVISIONS OF THE GENERAL RESOLUTION

The General Resolution contains various covenants and security provisions, certain of which are summarized below. In general, this Section does not summarize any provisions of the Series Resolutions. Reference should be made to the General Resolution for a full and complete statement of its provisions. A copy of the General Resolution or any Series Resolution may be obtained by contacting the State at the address provided in the [introduction to this Part V](#) of the 2024 Annual Report.

Resolution to Constitute Contract

The provisions of the General Resolution shall be a part of the contract of the State with the holders of Bonds and shall be deemed to be and shall constitute a contract among the State, the Trustee and the holders from time to time of the Bonds and shall be for the equal benefit, protection and security of the holders of any and all of such Bonds.

Provisions for Issuance of Bonds

The General Resolution authorizes Bonds of a Series to be issued from time to time in accordance with the terms of the General Resolution without limitation as to amount except as provided by law. Bonds shall be issued pursuant to authorization by a Series Resolution containing the provisions specified by the General Resolution. Following issuance of the initial Series of Bonds, the Commission must determine that the additional obligations test set forth in the General Resolution is met prior to issuing Bonds for other than refunding purposes. The Bonds of a Series may be authenticated and delivered only upon receipt by the Trustee of, among other things:

- A Bond Counsel's opinion to the effect, among other things, that the Bonds of such Series have been duly and validly authorized and issued in accordance with the Wisconsin Constitution and the Wisconsin Statutes and in accordance with the General Resolution; and,
- The proceeds of the Bonds of such Series to be deposited with the Trustee pursuant to the General Resolution.

Additional Bonds

Following the initial issuance of Bonds, the State will not create or permit the creation of, or issue any obligations or create any indebtedness which shall be secured by a superior or equal charge and lien on the Program Income, except that additional Series of Bonds may be issued from time to time subsequent to the issuance of the initial Series of Bonds on a parity with the Bonds of such initial Series of Bonds and secured by an equal charge and lien on the Program Income. However, no additional Series of Bonds shall be issued subsequent to the initial Series of Bonds unless:

- The principal amount of the additional Bonds together with the principal amount of the Outstanding Bonds will not exceed in aggregate principal amount any limitation thereon imposed by law;
- Except in the case of refunding Bonds, there shall be filed with the Trustee a Certificate of an Authorized Officer of the Commission and the Department of Transportation stating that Program Income, including interest earnings on amounts deposited in the Funds or Accounts held by the Trustee and available for debt service, for any twelve (12) consecutive calendar months of the preceding eighteen (18) calendar months, was equal to at least 2.25 times the maximum aggregate Principal Requirement and Interest Requirement for any Fiscal Year for all Outstanding Bonds (the General Resolution defines Outstanding Bonds to include the Bonds being issued upon the delivery of such Certificate);
- Upon the issuance and delivery of the additional Bonds, the amount credited to the Reserve Fund shall be at least equal to the Debt Service Reserve Requirement immediately after issuance; and
- All requirements with respect to adoption of Series Resolutions and conditions precedent to delivery of Bonds set forth in the General Resolution have been complied with.

Refunding Bonds

The State may issue refunding Bonds of one or more Series to refund any Outstanding Bonds of one or more Series whether by payment at maturity or by redemption. Refunding Bonds shall be issued pursuant to and in accordance with the provisions of a Series Resolution authorizing such refunding Bonds.

Application of Bond Proceeds

The proceeds of sale of a Series of Bonds shall be deposited as follows:

- To the Principal and Interest Account of the Redemption Fund, the amount of any accrued interest on the Series of Bonds to their date of delivery;

- To the Principal and Interest Account of the Redemption Fund, the amount of any premium determined by the applicable Series Resolution, or specified in a certificate of an authorized officer of the Commission;
- To the Principal and Interest Account of the Redemption Fund, the proceeds of any Series of refunding Bonds to the extent provided in the applicable Series Resolution;
- To the Reserve Fund, the amount specified in the Series Resolution as necessary to establish or increase the amount set aside therein to the Debt Service Reserve Requirement;
- To any other Fund or Account to the extent permitted by the Revenue Obligations Act and provided for by a Series Resolution; and
- To the Program Capital Fund, the balance of the proceeds of any Series of Bonds, which shall be allocated:
 - (a) to the Capitalized Interest Account, the amount of capitalized interest, if any, determined by the applicable Series Resolution to be deposited; and
 - (b) to the Program Account, the balance of the proceeds of any Series of Bonds.

Establishment of Funds

All Program Income and other moneys or securities held by the Trustee pursuant to the General Resolution are revenues of the Trustee and are revenues outside of the State Treasury which shall be held in trust and applied only in accordance with the provisions of the General Resolution. The General Resolution establishes and creates the following trust funds that are to be held by the Trustee:

- Program Capital Fund, which consists of a Capitalized Interest Account and a Program Account;
- Redemption Fund, which consists of a Principal and Interest Account and a Program Income Account;
- Reserve Fund; and
- Program Expense Fund.

The General Resolution authorizes the creation of other Funds and Accounts for a particular Series of Bonds by the applicable Series Resolution.

Capitalized Interest Account

Amounts in the Capitalized Interest Account, if any, shall be transferred to the Principal and Interest Account of the Redemption Fund to be used for payment of capitalized interest on the Bonds in accordance with the schedule set forth in a Series Resolution or in a Certificate of an Authorized Officer of the Building Commission delivered to the Trustee. Amounts in the Capitalized Interest Account shall also be transferred to the Principal and Interest Account of the Redemption Fund for redemption of Bonds (1) upon receipt by the Trustee of a Certificate of an Authorized Officer of the Building Commission stating that such redemption is necessary for compliance with the covenants contained in the General Resolution concerning tax exemption of the interest on certain of the Bonds, and (2) in accordance with the provisions of the terms of a Series Resolution with respect to the Series of Bonds authorized by such Series Resolution.

Program Account

Amounts in the Program Account shall be used solely for the following purposes:

- Paying the Costs of Issuance;
- Financing Projects in accordance with the Act and the General Resolution; and

- Transfers to the Principal and Interest Account of the Redemption Fund to pay interest on the principal of or Redemption Price of Outstanding Bonds (a) upon receipt by the Trustee of a Certificate of an Authorized Officer of the Building Commission stating that such redemption is necessary for compliance with the covenants contained in the General Resolution concerning tax exemption of the interest on certain of the Bonds, (b) in accordance with the provisions of the terms of a Series Resolution, and (c) upon receipt by the Trustee of a Certificate of an Authorized Officer of the Building Commission stating that there are no further Projects to be funded from the Program Account.

Redemption Fund

There shall be deposited into the Principal and Interest Account of the Redemption Fund from the proceeds of the sale of the Bonds, immediately upon receipt thereof, an amount equal to the accrued interest and any premium (if so specified in a certificate of an authorized officer of the Commission) paid upon the sale of the Bonds and the proceeds of any Series of refunding Bonds. All Program Income shall be deposited promptly with the Trustee (or with national banking associations, state banks or trust companies acting as agents of the Trustee for transfer daily to the Trustee) and such amounts shall be deposited in the Program Income Account of the Redemption Fund. There shall also be deposited in the Program Income Account of the Redemption Fund any other amounts required or permitted to be deposited therein pursuant to the General Resolution or a Series Resolution.

The amounts deposited in the Principal and Interest Account of the Redemption Fund from the proceeds of a Series of Bonds representing accrued interest and any specified premium shall be set aside and applied to the payment of interest on the next succeeding Interest Payment Date and any additional Interest Payment Dates specified in the Series Resolution or a Certificate of an Authorized Officer of the Building Commission.

The amounts deposited in the Principal and Interest Account of the Redemption Fund from the proceeds of a Series of refunding Bonds shall be applied to the payment or redemption of Bonds as provided in the Series Resolution.

Commencing on the date of issuance of the Bonds and continuing each succeeding business day until the amounts required in (1) through (5) of this paragraph are deposited and thereafter on each Redemption Fund Deposit Day (the 1st day of January, April, July, and October), and continuing each succeeding business day until the amounts required in (1) through (5) of this paragraph are deposited, the Trustee shall immediately transfer aside from the amounts deposited in the Program Income Account, in the following order of priority:

- (1) To the Principal and Interest Account, after giving effect to:
 - (a) amounts to be available from accrued interest and premium, if specified, and in the Capitalized Interest Account, and
 - (b) any balance in the Principal and Interest Account on each Redemption Fund Deposit Day, and
 - (c) amounts transferred from the Reserve Fund, and
 - (d) amounts transferred from the Program Expense Fund, an amount equal to the Interest Requirement with respect to Outstanding Bonds;
- (2) To the Principal and Interest Account, after giving effect to any balance in the Principal and Interest Account in excess of the Interest Requirement an amount equal to the Principal Requirement on the Outstanding Bonds;
- (3) To the Reserve Fund, an amount equal to any deficiency in the Reserve Fund;
- (4) To the Program Expense Fund created in the General Resolution, an amount equal to any unfunded portion of the Program Expenses payable over the next three months according to the General Resolution; and

- (5) To the Subordinated Debt Service Fund created for the Notes, an amount equal to the Subordinated Debt Service Fund Requirement.

Immediately upon meeting the requirements set forth above, amounts in the Program Income Account of the Redemption Fund, including any interest earned thereon, in excess of the amounts required to be set aside above, shall be paid by the Trustee to the State Treasury for deposit into the Transportation Fund free and clear of the lien of the General Resolution in accordance with the Revenue Obligations Act and the Act.

To the extent not otherwise provided for in the Series Resolution applicable to any Series of Bonds, on the first day of each Fiscal Year and prior to any of the transfers by the Trustee that day specified above, all amounts in the Principal and Interest Account shall be paid by the Trustee to the State Treasury for deposit into the Transportation Fund free and clear of the lien of the General Resolution in accordance with the Revenue Obligations Act and the Act.

Payment of Bonds

The Trustee is required to pay to the Registrar and Paying Agent for the Bonds on or before each Interest Payment Date, (1) the amount equal to interest due on the Outstanding Bonds on such date, (2) the amount equal to the principal amount of Outstanding Bonds maturing on such date and (3) the amount equal to the Redemption Price of any Outstanding Bonds to be redeemed on such date, and in each such case, such amounts shall be applied by such Registrar and Paying Agent to such payments.

There shall be deposited in the Principal and Interest Account of the Redemption Fund any amounts which are required to be deposited therein pursuant to the General Resolution, a Series Resolution and any other amounts available therefor and determined by the Building Commission to be deposited therein for the purpose of redeeming Bonds. Subject to the provisions of the respective Series of Bonds and to the provisions of the respective resolutions authorizing the issuance thereof and authorizing the issuance of refunding Bonds, all amounts deposited in the Principal and Interest Account of the Redemption Fund in accordance with the provisions described in this paragraph shall be set aside and applied to the payment, purchase or redemption of Bonds.

Purchase of Bonds

Except as may be otherwise provided in connection with the issuance of refunding Bonds, at any time prior to the 45th day upon which Bonds are to be paid or redeemed from the amounts described in the preceding paragraph, the Trustee may upon receipt of written instructions signed by an Authorized Officer of the Building Commission apply such amounts to the purchase of any of the Bonds which may be paid or redeemed by application of amounts on deposit in the Principal and Interest Account of the Redemption Fund. The Trustee shall purchase Bonds at such times, for such prices, in such amounts and in such manner as the Building Commission shall direct. The purchase price paid by the Trustee (excluding accrued interest but including any brokerage and other charges) for any Bond purchased shall not exceed the principal amount of such Bond or the Redemption Price of such Bond on the next Redemption Date for such Bond.

Program Expense Fund

On the 1st day of January, April, July, and October, the Trustee shall immediately transfer amounts on deposit in the Program Income Account to the Program Expense Fund for the purpose of paying Program Expenses for the succeeding three months as set forth in the annual budget prepared by the Department of Transportation, but only upon a Certificate of an Authorized Officer of the Department of Transportation, stating that the amounts are required and have been or will be expended for purposes for and to which the Program Expense Fund may be used and applied.

Reserve Fund

If on any Interest Payment Date, Principal Installment Date, or Redemption Date for the Bonds, the amount in the Principal and Interest Account of the Redemption Fund shall be less than the amount required for the payment of interest, principal or Redemption Price on Outstanding Bonds on such date, the Trustee shall apply assets in the Reserve Fund to the extent necessary to make good the deficiency.

In the event there is a deficiency in the Reserve Fund, it shall be made up from the Redemption Fund after both the Interest Requirement and the Principal Requirement with respect to Outstanding Bonds have been met. Monies flow to the Redemption Fund commencing on the date of issuance of a Series of Bonds or on a Redemption Fund Deposit Day, whichever is earlier.

On the first day of each Fiscal Year or on the maturity or redemption date of any Bonds, income and earnings from Investment Obligations in the Reserve Fund shall be transferred to the Principal and Interest Account to the extent such transfer will not reduce the amount in the Reserve Fund below an amount equal to the Debt Service Reserve Requirement.

Investments and Deposits

Subject to instructions from time to time received from an Authorized Officer of the Building Commission and to the provisions of the General Resolution, monies in any Fund or Account shall be continuously invested and reinvested or deposited and redeposited by the Trustee in the highest yield Investment Obligations that may be reasonably known to the Trustee to the extent the same are authorized by the applicable Series Resolution and at the time legal for investment of funds under the Act, the Revenue Obligations Act and other applicable law. Investments shall be made with a view toward maximizing yield (with proper preservation of principal) and minimizing the instances of uninvested funds.

Investment Obligations purchased as an investment of moneys in any Fund or Account held by the Trustee under the provisions of the General Resolution shall be deemed at all times to be part of such Fund or Account but the income or interest earned and gains realized from Investment Obligations held by the Reserve Fund and Program Expense Fund in excess of the requirements of said Funds shall be transferred to the Principal and Interest Account on the first day of each Fiscal Year or on the maturity or redemption date of any Bonds.

The Trustee shall sell at the best price obtainable, or present for redemption or exchange, any Investment Obligations purchased by it pursuant to the General Resolution whenever it shall be necessary in order to provide moneys to meet any payments or transfers from the Fund or Account for which such investment was made.

In computing the amount in the Reserve Fund, obligations purchased as an investment of moneys therein shall be valued at par if purchased at par value or at amortized value if purchased at other than par value. Valuation shall be made on the 20th day of each March, June, September and December and as otherwise required under the General Resolution and on any particular date shall not include the amount of interest then earned or accrued to such date on any deposit or investment.

The Trustee shall invest and reinvest the moneys in any Fund or Account in available Investment Obligations so that the maturity date or date of redemption at the option of the holder thereof shall coincide as nearly as practicable with the times at which monies are needed to be so expended.

Investment Obligations means any of the investments described under **“GLOSSARY”**.

Powers as to Bonds and Pledge

The State covenants that it is duly authorized pursuant to law to authorize and issue the Bonds and to adopt the General Resolution and to pledge the Program Income purported to be pledged by the General Resolution in the manner and to the extent provided in the General Resolution.

Payment Covenant

The State covenants that it will duly and punctually pay or cause to be paid, but solely from sources as provided in the General Resolution, the principal and Redemption Price of every Bond and the interest thereon, on the dates and at the places and in the manner stated in the Bonds according to the true intent and meaning thereof.

Tax Covenants

The State and the Trustee shall at all times do and perform all acts and things necessary or desirable in order to assure that interest paid on the Bonds shall, for the purposes of federal income taxation, be excludable from the gross income of the recipients thereof and exempt from such taxation.

The State and the Trustee shall not permit at any time or times any of the proceeds of the Bonds or any other funds of the State to be used directly or indirectly to acquire any securities or obligations, the acquisition of which would cause any Bond to be an “arbitrage bond” as defined in Section 148 of the Code.

The State and the Trustee shall not permit at any time or times any proceeds of any Bonds or any other funds of the State to be used, directly or indirectly, in a manner which would result in the exclusion of any Bond from the treatment afforded by Section 103 of the Code, as from time to time amended, by reason of the classification of such Bond as a “private activity bond” within the meaning of Section 141 of the Code.

The State reserves the right to elect to issue Bonds, the interest on which is not exempt from federal income taxation, if such election is made prior to the issuance of such Bonds, and the covenants as to tax exemption shall not apply to such Bonds.

Funds and Reports

The Department of Transportation covenants that it will keep, or cause to be kept and maintained proper books of account relating to the Program and within 120 days after the end of each Fiscal Year shall cause such books of account to be audited by an Accountant. A copy of each audit report, annual balance sheet and income and expense statement showing in reasonable detail the financial condition of the Program (including a schedule of monthly Program Income) as of the close of each Fiscal Year, and summarizing in reasonable detail the income and expenses for such year, including the transaction relating to the Funds, shall be filed promptly with the Trustee and shall be available for inspection by any Bondholder. See **“AUDITED FINANCIAL STATEMENTS”** in **APPENDIX A**.

Budgets

The Department of Transportation must file an annual budget broken down on a quarterly basis covering the fiscal operations of the Program for the succeeding Fiscal Year not later than the first day of each Fiscal Year with the Trustee. The annual budget shall at least set forth for such Fiscal Year the estimated Program Income, the debt service due and payable or estimated to become due and payable during such Fiscal Year and estimated Program Expenses. The Department of Transportation may at any time file with the Trustee an amended annual budget for the remainder of the then current Fiscal Year in the manner provided for the filing of the annual budget. Copies of the annual budget as then amended and in effect shall be made available by the Trustee during normal business hours in the Trustee’s office for inspection by any Bondholder.

The Program

The State covenants from time to time, with all practical dispatch and in a sound and economical manner consistent in all respects with the Act, the Revenue Obligations Act, the provisions of the General Resolution and sound banking practices and principles to:

- Use and apply the proceeds of the Bonds, to the extent not reasonably or otherwise required for other purposes of the Program, to finance Projects, pursuant to the Act, the Revenue Obligations Act and the General Resolution;

- Do all such acts and things as shall be necessary to charge and cause to be deposited with the Trustee Program Income sufficient to pay interest and principal and redemption premium on all Outstanding Bonds, to maintain the Debt Service Reserve Requirement in the Reserve Fund, to maintain any Credit Support and Liquidity Fund Requirement provided for in a Series Resolution, to pay Program Expenses; and maintain any Subordinated Debt Service Fund Requirement provided for in a Series Resolution.

Power of Amendment

The Building Commission may, from time to time and without the consent and concurrence of any holder of any Bond, adopt a Supplemental Resolution modifying or amending the General Resolution if the modification or amendment does not adversely affect the rights of the holders of the Outstanding Bonds.

Any modification of or amendment to the General Resolution which does affect the rights and obligations of the State and of the holders of the Bonds, in any particular, may be made by a Supplemental Resolution with the written consent given as provided in the General Resolution, (1) of the holders of at least two-thirds in principal amount of the Outstanding Bonds at the time such consent is given, (2) in case less than all of the several Series of Bonds then Outstanding are affected by the modification or amendment, of the holders of at least two-thirds in principal amount of the Bonds of each Series so affected and Outstanding at the time such consent is given, and (3) in case the modification or amendment changes the terms of any Sinking Fund Installment, of the holders of at least two-thirds in principal amount of the Bonds of the particular Series and maturity entitled to such Sinking Fund Installment and Outstanding at the time such consent is given. If any such modification or amendment will not take effect so long as any Bonds of any specified maturity remain Outstanding, however, the consent of the holders of such Bonds shall not be required and such Bonds shall not be deemed to be Outstanding for the purpose of any calculation of Outstanding Bonds under the General Resolution or Series Resolution. No such modification or amendment shall permit a change in the terms of redemption or maturity of the principal of any Outstanding Bond or of any installment of interest thereon or a reduction in the principal amount or the Redemption Price thereof or in the rate of interest without the consent of the holder of such Bond, or shall reduce the percentages or otherwise affect the classes of Bonds, the consent of the holders of which is required to effect any such modification or amendment.

Events of Default

It is an Event of Default if:

- (1) Payment of any installment of interest on the Outstanding Bonds shall not be made after the same shall become due;
- (2) Payment of the principal of, Redemption Price or any Sinking Fund Installment on any Bond when and as the same shall become due and payable, whether at maturity or upon call for redemption or otherwise, shall not be made when and as the same shall become due; or
- (3) The State shall fail or refuse to comply with the provisions of the General Resolution including replenishment of the Reserve Fund, or shall default in the performance or observance of any of the covenants, agreements or conditions on its part contained in the General Resolution or in any Supplemental or Series Resolution or the Bonds, and such failure, refusal or default shall continue for a period of thirty (30) days after written notice thereof by the Trustee or the holders of not less than 25% in principal amount of the Outstanding Bonds.

Remedies

Upon the happening and continuance of any Event of Default specified in clauses (1) and (2) under Events of Default above, the Trustee shall proceed, or upon the happening and continuance of any Event of Default specified in clause (3) under Events of Default above, the Trustee may proceed and, upon the written request of the holders of not less than 25% in principal amount of the Outstanding Bonds, shall proceed, in its own name,

subject to the General Resolution, to protect and enforce the rights of the Bondholders by such of the following remedies as the Trustee, being advised by counsel, shall deem most effectual to protect and enforce such rights: (a) by mandamus or other suit, action, or proceeding at law or in equity, to enforce all rights of the Bondholders, including the right to require the State to charge and cause to be deposited with the Trustee sufficient Program Income and to require the State to carry out the covenants and agreements with Bondholders and to perform its duties under the Act, the Revenue Obligations Act and the General Resolution; (b) by bringing suit upon the Bonds; (c) by action or suit in equity, to require the State to account as if it were the trustee of an express trust for the holders of the Bonds; (d) by action or suit in equity, to enjoin any acts or things which may be unlawful or in violation of the rights of the holders of the Bonds; (e) by declaring all Bonds due and payable, and if all defaults shall be cured, then, with written consent of the holders of not less than 25% in principal amount of the Outstanding Bonds, by annulling such declaration and its consequences; or (f) in the event that all Bonds are declared due and payable, by selling Investment Obligations.

Before declaring the principal of Bonds due and payable upon an Event of Default, the Trustee shall first give thirty (30) days notice in writing to the Governor and Attorney General of the State.

Priority of Bonds After Default

In the event that upon the happening and continuance of an Event of Default, the Funds or Accounts held by the Trustee, Registrar and Paying Agent are insufficient for the payment of interest, principal or Redemption Price then due on the Bonds, such Funds or Accounts (other than portions of Funds held for the payment or redemption of particular Bonds which have theretofore become due at maturity or by call for redemption) and any other monies received or collected by the Trustee acting pursuant to the Act, the Revenue Obligations Act and the General Resolution, after making provisions for the payment of any expenses necessary in the opinion of the Trustee to protect the interests of the holders of the Bonds and for the payment of the charges and expenses and liabilities incurred and advances made by the Trustee or the Registrar and Paying Agent in the performance of their respective duties under the General Resolution, are to be applied as follows:

- (1) If the principal of all of the Bonds has not become or been declared due and payable:

First: To the payment to the persons entitled thereto of all installments of interest then due in the order or maturity of such installments, and, if the amount available is not sufficient to pay in full any installment, then to the payment thereof ratably, according to the amounts due on such installment, to the persons entitled thereto, without any discrimination or preference.

Second: To the payment to the persons entitled thereto of the unpaid principal or Redemption Price of any Bonds which shall have become due, whether at maturity or by call for redemption, in the order of their due dates, and, if the amounts available shall not be sufficient to pay in full all the Bonds due on any date, then to the payment thereof ratably, according to the amounts of principal or Redemption Price due on such date, to the persons entitled thereto, without any discrimination or preference.

- (2) If the principal of all of the Bonds has become or been declared due and payable, to the payment of the principal and interest then due and unpaid upon the Bonds without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Bond over any other Bond, ratably, according to the amounts due respectively for principal and interest, to the persons entitled thereto without any discrimination or preference except as to any difference in the respective rates of interest specified in the Bonds.

Limitation on Rights of Bondholders

No individual Bondholder shall have any right to initiate legal proceedings to enforce rights under the General Resolution unless such holder shall have given to the Trustee written notice of the Event of Default or breach of duty on account of which such proceeding is to be taken, and unless the holders of not less than 25% in principal

amount of the Outstanding Bonds have made written request of the Trustee after the right to exercise such right of action has occurred, and shall have afforded the Trustee a reasonable opportunity either to exercise the powers granted to it under the General Resolution or under the law or to institute such proceedings in its name and unless, also, there has been offered to the Trustee reasonable security and indemnity against costs, expenses and liabilities and the Trustee has refused or neglected to comply with such request within a reasonable time. No provision in the General Resolution on defaults and remedies affects or impairs the right of any Bondholder to enforce the payment of the principal of and interest on his Bonds, or the obligation of the State to pay the same from the source, at the time and place specified in said Bond.

Compensation of Fiduciaries

Each Fiduciary is entitled to such fees and reimbursement as shall be established in an agreement between the Commission and such Fiduciary by the Trustee from the Program Expense Fund (except that the agreement for Registrar shall be between the Secretary of Administration and the Registrar). Each Fiduciary shall have a lien for such fees and reimbursement on any and all Funds at any time held by it under the General Resolution.

Removal of Trustee

The Trustee is required to be removed if so requested by the holders of a majority in principal amount of the Outstanding Bonds excluding any Bonds held by or for the account of the State. The State may remove the Trustee at any time, except during the existence of an Event of Default, for such cause as the State may determine in its sole discretion. In either such event, a successor is required to be appointed.

Defeasance

If the State shall pay or cause to be paid to the holders of the Bonds, the principal and interest and Redemption Price to become due thereon, at the times and in the manner stipulated therein and in the General Resolution, then the pledge of Program Income and other monies, securities and funds thereby pledged and all other rights granted thereby shall be discharged and satisfied.

Bonds or interest installments for the payment or redemption of which monies have been set aside and shall be held in trust by Fiduciaries (through deposit by the State of funds for such payment or redemption or otherwise) shall, at the maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect expressed in the above paragraph. Any Bonds shall, prior to maturity or Redemption Date thereof, be deemed to have been paid within the meaning and with the effect so expressed if:

- In case any of the Bonds to be redeemed on any date prior to their maturity, the State has given to the Trustee in form satisfactory to it, irrevocable instructions to publish, as provided in the General Resolution, notice of redemption on said date of such Bonds;
- There has been deposited with the Trustee either monies in an amount which are sufficient, or Investment Obligations which are direct obligations of or obligations guaranteed by the United States of America or other obligations, the payment of which is provided for by an irrevocable escrow deposit invested in direct obligations of the United States of America, the principal of and the interest on which when due will provide monies which, together with the monies, if any, deposited with the Trustee at the same time, will be sufficient to pay when due the principal of, Redemption Price and interest due and to become due on said Bonds on and prior to the Redemption Date or maturity date thereof, as the case may be; or
- In the event said Bonds are not by their terms subject to redemption within the next succeeding 60 days, the State has given the Trustee, in form satisfactory to it, irrevocable instructions to publish, as soon as practicable, at least once in an Authorized Newspaper a notice to the holders of such Bonds that the deposit required above has been made with the Trustee and that said Bonds are deemed to have been

paid and stating such maturity or Redemption Date upon which monies are to be available for the payment of the principal of and Redemption Price on said Bonds.

Neither the Investment Obligations nor the monies so deposited with the Trustee nor principal or interest payments on any such Investment Obligations shall be withdrawn or used for any purpose other than (and shall be held in trust for) the payment of the principal of, Redemption Price and interest on said Bonds, but any cash received from such principal or interest payments on such Investment Obligations deposited with the Trustee, if not then needed for such purpose may, to the extent practicable and legally permitted, be reinvested in Investment Obligations maturing at times and in amounts sufficient to pay when due the principal of, Redemption Price and interest to become due on said Bonds on and prior to such Redemption Date or maturity date thereof, as the case may be, and interest earned from such reinvestments may be paid over to the State, as received by the Trustee, free and clear of any trust, lien or pledge.

GLOSSARY

This Glossary includes definitions from the General Resolution and the Series Resolutions that apply to capitalized terms used in Part V of the 2024 Annual Report.

Accountant means such reputable and experienced independent certified public accountant or firm of independent certified public accountants of nationally recognized standing as may be selected by the Department of Transportation and be satisfactory to the Trustee which may be the accountant or firm of accountants who regularly audit the books and accounts of the Department.

Act means Section 84.59, Wisconsin Statutes.

Authorized Newspaper means either The Wall Street Journal or The Bond Buyer, or such other financial newspaper or financial journal of general circulation, printed in the English language and customarily published (except in the case of legal holidays) at least once a day for at least five days in each calendar week, in the Borough of Manhattan, City and State of New York.

Authorized Officer when used with reference to the Department of Transportation means the Secretary or other person designated from time to time by the Secretary, and when used with reference to the Commission, means the Chairperson of the Commission or other person designated from time to time by the Chairperson of the Commission and, in the case of any act to be performed or duty to be discharged, any other member, staff, officer or employee of the foregoing Department of Transportation or Commission then authorized to perform such act or discharge such duty.

Bond or **Bonds** means any bond or any other evidence of revenue obligation authorized under the General Resolution and issued pursuant to a Series Resolution.

Bond Counsel's Opinion means an opinion executed by the Attorney General of Wisconsin or an attorney or firm of attorneys of nationally recognized standing in the field of law relating to municipal, state and public agency financing, selected by the State.

Bondholder and the term **Holder** or **holder** means the registered owner of any Outstanding Bond or Bonds, if registered to a particular person or persons, or the holder of any Outstanding Bond or Bonds in bearer form or registered as to principal only, or his duly authorized attorney in fact, representative or assigns.

2015 Series 1 Bonds means the State of Wisconsin Transportation Revenue Refunding Bonds, 2015 Series 1, issued on April 30, 2015.

2017 Series 1 Bonds mean the State of Wisconsin Transportation Revenue Bonds, 2017 Series 1, issued on May 31, 2017.

2017 Series 2 Bonds mean the State of Wisconsin Transportation Revenue Refunding Bonds, 2017 Series 2, issued on December 21, 2017.

2019 Series A Bonds mean the State of Wisconsin Transportation Revenue Bonds, 2019 Series A, issued on April 4, 2019.

2020 Series 1 Bonds mean the State of Wisconsin Transportation Revenue Refunding Bonds, 2020 Series 1 (Taxable), issued on July 30, 2020.

2021 Series A Bonds mean the State of Wisconsin Transportation Revenue Bonds, 2021 Series A, issued on March 31, 2021.

2021 Series 1 Bonds mean the State of Wisconsin Transportation Revenue Refunding Bonds, 2021 Series 1 (Taxable), issued on August 12, 2021.

2023 Series A Bonds mean the State of Wisconsin Transportation Revenue Bonds, 2023 Series A, issued on April 6, 2023.

2024 Series 1 Bonds means the State of Wisconsin Transportation Revenue Refunding Bonds, 2024 Series 1 (Forward Delivery), issued on April 2, 2024.

2024 Series 2 Bonds means the State of Wisconsin Transportation Revenue Refunding Bonds, 2024 Series 2, issued on April 9, 2024.

Building Commission or Commission means the State of Wisconsin Building Commission established and existing pursuant to Section 13.48, Wisconsin Statutes, and any successor thereto to whom the powers and duties granted to or imposed by the General Resolution shall be given by law.

Capitalized Interest Account shall mean the account established by Section 402 of the General Resolution.

Certificate means (i) a signed document either attesting to or acknowledging the circumstances, representations or other matters therein stated or set forth or setting forth matters to be determined pursuant to the General Resolution, or (ii) the report of an Accountant as to audit or other procedures called for by the General Resolution.

Code means the Internal Revenue Service Code of 1986, as amended.

Costs of Issuance means all items of expense, directly or indirectly payable or reimbursable by or to the State which are related to the authorization, sale, credit support, liquidity or issuance of Bonds.

Credit Support and Liquidity Fund Requirement means as of any date of calculation, an amount equal to the aggregate Credit Support and Liquidity Fund Requirements for each Series of Outstanding Bonds as specified with respect to each such Series in the applicable Series Resolution.

Debt Service Requirement means as of any particular date of calculation, the aggregate Interest Requirement and Principal Requirement for Outstanding Bonds as specified in each Series Resolution authorizing the issuance of a Series of Bonds.

Debt Service Reserve Requirement means, as of any particular date of computation, an amount equal to the aggregate of the amounts specified in each Series Resolution authorizing the issuance of a Series of Bonds (any of which are Outstanding on the date of computation) as the amount to be the Debt Service Reserve Requirement, provided that, with respect to any Series of Bonds, in lieu of a deposit to the Reserve Fund of an amount equal to the applicable Series Debt Service Reserve Requirement, the State may provide for a letter of credit, municipal bond insurance policy, surety bond or other type of agreement or arrangement with an entity having, at the time of entering into such agreement or arrangement, a credit rating equal to or greater than the Bonds which provides for the availability, at the times required pursuant to the provisions of any Series Resolution, of an amount at least equal to such Series Debt Service Reserve Requirement and such method of

funding shall be deemed to satisfy all provisions of the Series Resolution with respect to the Debt Service Reserve Requirement and the amount required to be on deposit in the Reserve Fund with respect to such Series of Bonds.

Department of Transportation or **Department** or **DOT** means the State of Wisconsin Department of Transportation established and existing pursuant to Section 15.46, Wisconsin Statutes, and any successor thereto to which the powers and duties granted to or imposed by the General Resolution shall be given by law.

Fiduciary means the Trustee, the Registrar and any Paying Agent, or any or all of them as may be appropriate.

Fiscal Year means the annual period beginning on July 1st of each year and ending on June 30th of the following year.

Fund means one or more, as the case may be, of the funds or accounts created and established pursuant to the General Resolution.

General Resolution means the General Resolution as the same may from time to time be amended, modified or supplemented by a Supplemental Resolution.

Interest Payment Dates means any date on which is due the payment of interest on any Series of Bonds as specified in each Series Resolution authorizing the issuance of the Series of Bonds.

Interest Requirement means as of any particular date of calculation, the amount equal to any unpaid interest then due, plus an amount to the interest accruing or payable during the period between the date of calculation and the next Redemption Fund Deposit Day with respect to each Series of Outstanding Bonds.

Investment Obligations means and includes any of the following obligations to the extent the same are at the time legal for investment of funds of the State under the Act, the Revenue Obligations Act, or under other applicable law:

1. Direct obligations of or obligations guaranteed by the United States of America;
2. Obligations the payment of principal and interest on which, by act of Congress or in the opinion of the Attorney General of the United States in office at the time such obligations were issued, are unconditionally guaranteed by the United States of America;
3. Bonds, debentures, notes, participation certificates or other similar evidences of indebtedness issued by any of the following: Federal Land Banks, Federal Home Loan Banks, Federal Intermediate Credit Banks, Banks for Cooperatives, the Federal Financing Bank, the Federal Home Loan Mortgage Corporation, Federal National Mortgage Association, Export Import Bank of the United States, Student Loan Marketing Association, Farmer's Home Administration, Government National Mortgage Association, Small Business Administration, or any other agency or corporation which has been or may hereafter be created by or pursuant to an Act of Congress of the United States as an agency or instrumentality thereof or sponsored thereby (including but not limited to the fully guaranteed portion of an obligation partially guaranteed by any of the foregoing, if the State's ownership of such portion is acknowledged in writing by an officer of the guaranteeing agency or instrumentality);
4. Public Housing Bonds issued by public agencies or municipalities and fully secured as to the payment of both principal and interest by a pledge of annual contributions under an annual contributions contract or contracts with the United States of America or temporary notes, preliminary loan notes or project notes issued by public agencies or municipalities, in each case, fully secured as to the payment of both principal and interest by a requisition or payment agreement with the United States of America;
5. Obligations of any state within the United States or of any political subdivision of any state, provided that at the time of purchase such obligations are rated in either of the two highest rating categories by a nationally recognized bond rating agency;

6. Bankers acceptances drawn on and accepted by banks (including the Trustee and Paying Agent) and certificates of deposit by banks (including the Trustee and Paying Agent), with a combined capital and surplus aggregating at least \$100,000,000 and securities of which are currently rated within the two highest rating categories assigned by a nationally recognized rating agency, or the international branches or banking subsidiaries thereof;
7. Interest-bearing time deposits, or certificates of deposit of a bank (including the Trustee and Paying Agent) or trust company, continuously secured and collateralized by obligations of the type described in clauses (1), (2), (3) and (4) hereof, having a market value at least equal at all times to the amount of such deposit or certificate, to the extent such deposit or certificate is not insured by the Federal Deposit Insurance Corporation or the Federal Savings and Loan Insurance Corporation, or any successors thereto;
8. Commercial paper given the highest rating by S&P Global Ratings and Moody's Investors Service at the time of such investments;
9. Investment agreements with banks or bank holding companies the senior long-term debt securities of which are rated within the two highest categories by a nationally recognized rating agency and which have a capital and surplus of at least \$100,000,000;
10. Repurchase agreements, with banks or other financial institutions (including the Trustee and Paying Agent) (**Repurchaser**) provided that each such repurchase agreement (a) is in a commercially reasonable form and is for a commercially reasonable period, and (b) result in transfer to the Trustee of legal and equitable title to, or the granting to the Trustee of a prior perfected security interest in, identified obligations referred to in clauses (1), (2), (3) and (4) above which are free and clear of any claims by third parties and are segregated in a custodial or trust account held either by the Trustee or by a third party (other than the Repurchaser) as the agency solely of, or in trust solely for the benefit of the Trustee, provided that obligations acquired pursuant to such repurchase agreements shall be valued at the lower of the then current market value of such obligations or the repurchase prices thereof set forth in the applicable repurchase agreement, such investments shall be made so as to mature on or prior to the date or dates that the Trustee anticipates that moneys therefrom be required;
11. Shares of beneficial interests in an investment fund or trust substantially all of whose assets consist of those identified obligations referred to in clauses (1) and (2) above; and
12. Any short term government fund whose assets consist of those identified obligations referred to in clauses (1), (2), (3), (4) and (10) above.

Notes or Commercial Paper Notes means any State of Wisconsin Transportation Revenue Commercial Paper Notes issued pursuant to the Note Program Resolution.

Note Program Resolution means the Transportation Revenue Commercial Paper Note Program Resolution, dated April 23, 1997.

Outstanding, when used with reference to Bonds and as of any particular date, describes all Bonds that have been delivered and are expected to be delivered except (a) any Bond cancelled by the Trustee, or proven to the satisfaction of the Trustee to have been cancelled by the Registrar, at or before said date, (b) any Bond deemed to have been paid in accordance with the provisions of Section 1201 of the General Resolution, and (c) any Bond in lieu of or in substitution for which another Bond shall have been delivered pursuant to the requirements of the General Resolution or any Series Resolution.

Paying Agent for the payment of the principal of, Redemption Price and interest on the Bonds of a particular Series means the Treasurer or any bank or trust company designated as paying agent for the Bonds, and its successor or successors hereafter appointed in the manner provided in the General Resolution.

Principal and Interest Account means the account established by Section 502 of the General Resolution.

Principal Installment means (a) the principal amount of Outstanding Bonds that mature on a single future date, and (b) the amount of any Sinking Fund Installment required to be paid on a single future date.

Principal Installment Dates means any dates designated in a Series Resolution as a day a Principal Installment is to be paid.

Principal Requirement means, as of any particular date of calculation, the amount of money equal to any unpaid Principal Installment then due with respect to each Series of Outstanding Bonds and the amount of the next succeeding Principal Installment divided by the number of Redemption Fund Deposit Days prior to the next Principal Installment Date with respect to each Series of Outstanding Bonds.

Program means the State of Wisconsin Transportation Facilities and Highway Projects Revenue Obligations Program financed under the Act, the Revenue Obligations Act and the General Resolution in accordance with any other enactment of the State which may hereafter specify an extension, expansion, addition or improvement of and for said Program pursuant to the Act, the Revenue Obligations Act and the General Resolution but not financed under the provisions of any other bond resolution or indenture of trust.

Program Account means the account so designated by Section 402 of the General Resolution.

Program Capital Fund means the Fund that is established and created by Section 402 of the General Resolution and pursuant to Section 18.57 of the Revenue Obligations Act.

Program Expense Fund means the Fund that is established and created by Section 514 of the General Resolution.

Program Expenses means the reasonable and proper costs and expenses of the Department of Transportation for the operation and maintenance of the Program, including, without limitation, the administrative expenses allocable to the Program and the fees and expenses of the Trustee and the Paying Agents and Registrars of the Bonds.

Program Income means moneys derived under Sections 341.25, 341.09(2)(d), (2m)(a)1., (4), and (7), 341.14(2), (2m), (6)(d), (6m)(a), (6r)(b)2., (6w), and (8), 341.145(3), 341.16(1)(a) and (b), (2), and (2m), 341.17(8), 341.19(1)(a), 341.255(1), (2)(a), (b), and (c), (4), and (5), 341.26(1), (2), (2m)(am)and(b), (3), (3m), (4), (5), and (7), 341.264(1), 341.265(1), 341.266(2)(b) and (3), 341.268(2)(b) and (3), 341.30(3), 341.305(3), 341.308(3), 341.36(1) and (1m), 341.51(2), and 342.14, except Section 342.14(lr), of the Wisconsin Statutes or any other moneys that the State is authorized to pledge, which is to be deposited by the Department of Transportation under Section 18.562(3) and (5) of the Revenue Obligations Act in a separate and distinct fund outside of the State Treasury in an account maintained by the Trustee as the Redemption Fund and all interest earned or gain realized from the investment of amounts in said fund.

Program Income Account means the account established by Section 502 of the General Resolution.

Projects means the projects authorized under the Act and funded with proceeds of Bonds authorized by one or more Series Resolutions.

Redemption Date means the date upon which Bonds are to be called for redemption.

Redemption Fund means the Fund that is established and created by Section 502 of the General Resolution pursuant to Section 18.562(3) of the Revenue Obligations Act.

Redemption Fund Deposit Day means January 1st, April 1st, July 1st, and October 1st of each Fiscal Year.

Redemption Price when used with respect to a Bond or portion thereof, means the principal amount of such Bond or portion plus the applicable premium, if any, payable upon redemption thereof in the manner contemplated in accordance with its terms pursuant to the General Resolution and to the Series Resolution.

Registrar means, with respect to Bonds of a particular Series, the Treasurer or any person with whom he has contracted with for the performance of any of his functions under Section 18.10(5) and (7), Wisconsin Statutes.

Reserve Fund means the Fund that is established and created by Section 508 of the General Resolution pursuant to Section 18.562 of the Revenue Obligations Act.

Revenue Obligations Act means Subchapter II of Chapter 18 of the Wisconsin Statutes, as amended.

Secretary means the Secretary of the Department of Transportation or any other officer, board, body, commission or agency succeeding to the powers, duties and functions thereof.

Serial Bonds means the Bonds so designated in a Series Resolution.

Series, when used with respect to less than all of the Bonds, means and refers to all of the Bonds delivered on original issuance in a simultaneous transaction, regardless of variations in maturity, interest rate or other provisions, and any Bond thereafter delivered in lieu of or substitution for any of such Bonds pursuant to the General Resolution or a Series Resolution.

Series Resolution means any resolution adopted by the Commission pursuant to and in accordance with the terms of Article II of the General Resolution, providing for the issuance of a particular Series of Bonds.

Sinking Fund Installment means the amount of money unconditionally required by or pursuant to a Series Resolution to be paid toward the retirement of any particular Term Bonds prior to their respective stated maturities.

State means the State of Wisconsin, including the Commission, or Department of Transportation, as the case may be, acting on behalf of the State pursuant to the Act or the Revenue Obligations Act, or any body, agency or instrumentality of the State which shall hereafter succeed to the powers, duties and functions of any of the foregoing.

Statutes means the Wisconsin Statutes.

Subordinated Debt Service Fund means an account established in Section 5.1 of 1997 State of Wisconsin Building Commission Resolution 7, adopted by the Commission on April 23, 1997, as amended, pursuant to Section 714(C) of the General Resolution, and pledged to the payment of the Commercial Paper Notes.

Subordinated Debt Service Fund Requirement means, as of any date of calculation, an amount equal to the aggregate Subordinated Debt Service Fund Requirements for each Subordinated Indebtedness Series of Outstanding Bonds (or Commercial Paper Notes) as specified with respect to each such Series in the applicable Series Resolution.

Subordinated Indebtedness means a Series of Bonds issued pursuant to Section 714 (C) of the General Resolution, and includes the Commercial Paper Notes.

Supplemental Resolution means any resolution adopted by the Commission pursuant to and in accordance with the terms of Article VIII of the General Resolution amending or supplementing the provisions of the General Resolution as originally adopted or as amended or supplemented prior to the amending or supplementing affected by the particular Supplemental Resolution.

Term Bonds means the Bonds so designated in a Series Resolution.

Transportation Fund means the fund established in Section 25.40, Wisconsin Statutes.

Treasurer means the State Treasurer or any other officer, board, body, commission or agency succeeding to any of the powers, duties and functions thereof.

Trustee means The Bank of New York Mellon Trust Company, N.A., as trustee appointed by or pursuant to Section 1101 of the General Resolution, and its successor or successors and any other corporation or association that may at any time be substituted in its place pursuant to the General Resolution.

APPENDIX A
AUDITED FINANCIAL STATEMENTS

The following are the Independent Auditors' Report, dated October 7, 2024 and audited statement of cash receipts and disbursements for the years ended June 30, 2024 and June 30, 2023, for the Transportation Revenue Bond Program. Together with unaudited information pertaining to the Program Income. Any websites listed in the independent auditor's report and audited statement of cash receipts and disbursements are not incorporated by reference into this Part V of the 2024 Annual Report.

{This page number is the last sequential page number of the 2024 Annual Report to be used in Part V of the 2024 Annual Report. The following uses page numbers from the independent auditor's reports, audited statements of cash receipts and disbursements, and unaudited supplementary information pertaining to Program Income. The sequential page numbers for the 2024 Annual Report continue in Part VI.}

INDEPENDENT AUDITORS' REPORT

Wisconsin Department of Transportation
State of Wisconsin
Madison, Wisconsin

Report on the Audit of the Financial Statements

Opinion

We have audited the accompanying cash-basis financial statements, which comprise the statements of cash receipts and disbursements of the Wisconsin Transportation Revenue Obligation Program (the Program) of the Wisconsin Department of Transportation, as of and for the fiscal years ended June 30, 2024 and 2023, and the related notes to the statements.

In our opinion, the financial statements referred to above present fairly, in all material respects, the respective cash receipts, disbursements and balances of the Wisconsin Transportation Revenue Obligation Program for the years ended June 30, 2024 and 2023, in accordance with the cash basis of accounting as described in Note 2.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Program, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matters

We draw attention to Note 2 of the notes to the financial statements, which describes the basis of accounting. The financial statements are prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

As discussed in Note 1, the statements of cash receipts and disbursements present only the cash receipts and disbursements related to the Program and do not purport to, and do not, present fairly the financial position and changes in cash receipts, disbursements and balances of the Wisconsin Department of Transportation, as of June 30, 2024 and 2023, in accordance with the cash basis of accounting, which is basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinions. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.

- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.

- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, no such opinion is expressed.

- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

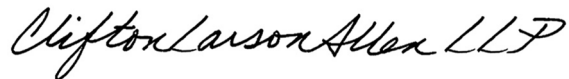

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the statements of cash receipts and disbursements, which comprise the basic financial statements of the Program of the Wisconsin Department of Transportation. The schedule of monthly motor vehicle registration and registration-related fees retained by trustee and schedules of bonds outstanding are presented for purposes of additional analysis and are not a required part of the basic financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the basic financial statements. The information has been subjected to the auditing procedures applied in the audit of the basic financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the basic financial statements or to the basic financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the schedule of monthly motor vehicle registration and registration-related fees retained by trustee and schedules of bonds outstanding are fairly stated, in all material respects, in relation to the basic financial statements as a whole on the basis of accounting described in Note 2.

Other Information

Management is responsible for the other information included in the annual report. The other information comprises the schedule of program revenue but does not include the basic financial statements and our auditor's report thereon. Our opinion on the basic financial statements does not cover the other information, and we do not express an opinion or any form of assurance thereon.

In connection with our audit of the basic financial statements, our responsibility is to read the other information and consider whether a material inconsistency exists between the other information and the basic financial statements, or the other information otherwise appears to be materially misstated. If based on the work performed, we conclude that an uncorrected material misstatement of the other information exists, we are required to describe it in our report.

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

1. NATURE OF PROGRAM

The State of Wisconsin Transportation Facilities and Highway Projects Revenue Obligation Program (the "Program") originated in June 1986 pursuant to the adoption of the General Resolution, as amended, by the State of Wisconsin Building Commission (the "Building Commission"). The Program provides financing for the construction, maintenance and repair of certain major highway projects and administrative facilities. The program is currently authorized to issue the following revenue obligations:

Transportation Revenue Bonds (the "Revenue Bonds"). issued for the Program are pursuant to the General Resolution. The Program has issued, and may issue in the future, Revenue Bonds that are revenue obligations of the State, payable solely from the Redemption Fund created by the General Resolution.

All Revenue Bonds are issued pursuant to Subchapter II of Chapter 18 of the Wisconsin Statutes, as amended and a General Resolution and Series Resolutions adopted by the Building Commission. The Department has statutory authority (as amended) as of June 30, 2024, to issue a total of \$4,325,885,700 of revenue obligations (excluding refunding Revenue Bonds), in order to partially finance the costs of the authorized projects. Projects are also funded, in part, with proceeds from State of Wisconsin ("State") general obligation debt, federal aid and other money in the State Transportation Fund. As of June 30, 2024, The Wisconsin Department of Transportation (the "Department") has remaining statutory authority to issue \$66,569,853 of additional revenue obligations.

Of the statutorily authorized amount, the Program has authority to issue Transportation Revenue Commercial Paper Notes (the "CP Notes") in an aggregate outstanding principal amount not to exceed \$275,000,000. No CP Notes are outstanding as of June 30, 2024, but authority remains to issue additional CP Notes in the future.

Receipts provided from motor vehicle registration fees under Section 341.25 of the Wisconsin Statutes and certain other vehicle registration-related fees, as collected by the Trustee ("Program Income") are used to service borrowing obligations, with debt service for Revenue Bonds having a first lien pledge of receipts and debt service for CP Notes having a subordinate pledge of receipts. The State has covenanted in the General Resolution that it will charge motor vehicle registration fees and certain other vehicle registration-related fees sufficient to pay principal and interest on the Revenue Bonds as they become due, to pay program expenses, to maintain the Debt Service reserve requirement, and to pay principal and interest on CP Notes. Remaining Program Income is transferred to the Department free of the lien pledge of the General Resolution.

The Department is responsible for managing the construction projects and the collection of motor vehicle registration fees and certain other vehicle registration-related fees.

As part of the State's reporting entity, the Program's financial information is included in the State of Wisconsin Comprehensive Annual Financial Report. The financial statements present only the cash receipts and disbursements related to the Program, and not the financial position or cash receipts and disbursements of the Wisconsin Department of Transportation.

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Cash Receipts and Disbursements Basis of Accounting—The statements of cash receipts and disbursements present the Program’s cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, cash receipts are recorded when received and disbursements are recorded when paid. The cash and investments balance is presented at cost.

The Department has entered into trust agreements, as amended, with The Bank of New York Mellon Trust Company, N.A. (the “Trustee”), relating to the creation and administration of the Bonds. The Bonds series which are currently active include: 2014 Series 2, 2015 Series 1, 2015 Series A, 2017 Series 1, 2017 Series 2, 2019 Series A, 2020 Series 1, 2021 Series A, 2021 Series 1, 2023 Series A, 2023 Series 1, 2024 Series 1 and 2024 Series 2. Among other provisions, the trust agreements, in conjunction with the General Resolution, specify those funds to be created and maintained, the timing and flow of monies through the funds, the determination of the debt service reserve requirements (see Note 6) and the procedure to be followed for the redemption of the Bonds. It is the Department’s view that the statements of cash receipts and disbursements along with the related notes meet the reporting requirements of the trust agreements.

Receipts and Disbursements:

Motor Vehicle Registration Fees Retained by Trustee - Motor vehicle registration fees and certain other vehicle registration-related fees retained by the Trustee are recorded at time of impounding, when transfer of possession occurs.

Investment Income - Investment income is recorded when received.

Revenue (or Refunding) Bond Proceeds - Bonds proceeds are recorded as receipts on the date of closing at gross value of the issuance. All related fees are reported as bond issuance costs within disbursements.

Revenue Bond Debt Service - Principal and Interest - Debt service payments on Bonds are recorded when paid.

Program Expenses - Represents payments for program expenses.

Net Premium Paid (Discount Earned) on Investments - The net of the premium paid on investments purchased at more than face value and the discount earned on investments purchased at less than face value.

Highway Program Expenditures - Highway program expenditures are recorded when paid by the Program to the Transportation Fund of the State of Wisconsin.

Bond Issuance Costs and Underwriters Discount - Costs associated with issuing Revenue Bonds, such as legal, financial advisor and accounting fees, are recorded when paid. For Revenue Bonds issued late in the fiscal year, subsequent payment of the related issuance costs may occur and be reported in the fiscal year following issuance of the obligations and recording of the proceeds.

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Defeasance of Debt – Revenue Bonds are periodically retired before their maturity by the Program. In a current refunding, a disbursement is recorded when the refunded Revenue Bonds are paid, which may differ from when the refunding Revenue Bond proceeds are received. In an advance refunding, a disbursement is recorded at the settlement of the refunding Revenue Bonds when the payment to an escrow account occurs, and the Program has defeased its obligation. The refunded Revenue Bonds are fully retired at a later date using the investments in the escrow account.

3. CASH AND INVESTMENTS

The Program’s investment policies are governed by the General Resolution and Wisconsin Statutes. The Program is authorized to invest in direct obligations of or obligations guaranteed by the United States, obligations of agencies created or sponsored by an Act of Congress, obligations of any state or municipality that are rated in either of the two highest rating categories by a nationally recognized bond rating agency, bankers acceptances and certificates of deposit from banks with combined capital and surplus aggregating at least \$100 million whose securities are rated within the two highest rating categories assigned by a nationally recognized rating agency, corporate commercial paper given the highest rating by S&P Global Ratings and Moody’s Investors Service, Inc., and a fund whose assets consist of direct obligations or obligations guaranteed by the United States or obligations of agencies created or sponsored by Congress. Program assets are to be invested in the highest yielding authorized securities, with maturity or redemption dates coinciding as closely as possible with cash flow and liquidity needs of Program operations.

During fiscal years 2024 and 2023, the Program’s assets were held in deposit accounts or invested in money market funds, U.S. Treasury securities, and federal agency securities by the Trustee. The money market fund invests exclusively in obligations of the U.S. Treasury, including Treasury bills, bonds, and notes. Program assets are reported at cost, which approximates fair value.

The following tables summarizes the cost and fair market value for each of the investments:

Investment	June 30, 2024		June 30, 2023	
	Cost	Fair Value	Cost	Fair Value
Bank of New York Cash	\$ -	\$ -	\$ 236,432	\$ 236,432
Bank of New York Cash Reserve (deposit account)	15,596,800	15,596,800	213,718,173	213,718,173
Money Market Funds:				
• Dreyfus Treasury Cash Management	9,411	9,411	39,608	39,608
• Dreyfus Government Money Market	-	-	5,467,102	5,467,102
• United States Treasury Bill/Note/Bond	<u>363,557,751</u>	<u>367,967,833</u>	<u>121,849,270</u>	<u>122,074,778</u>
Total	<u>\$379,163,962</u>	<u>\$383,574,044</u>	<u>\$341,310,585</u>	<u>\$341,536,093</u>

The cash balance does not include \$568,327 of matured investment securities that were deposited on July 1, 2024.

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

3. CASH AND INVESTMENTS (Continued)

Investments of the Program are subject to various risks:

- Custodial credit risk is the risk that, in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, the Program will not be able to recover the value of investments or collateral securities that are in the possession of another party. Securities of the U.S. government and its agencies were registered and held by the Program's agent in the Program's name. The deposit account is FDIC-insured up to \$250,000 but is not collateralized. Money market funds are not insured or collateralized. Wisconsin statutes require repurchase agreements to be fully collateralized by bonds or securities issued or guaranteed by the federal government or its instrumentalities. The Program does not have an additional custodial policy.
- Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by a nationally recognized statistical rating organization, such as S&P Global Ratings, Moody's Investors Service, Inc., and Fitch Ratings. As of June 30, 2024, the deposit account was rated Aa1 by Moody's and AA- by S&P and Fitch. The treasury securities were rated AAA by S&P and Fitch and Aaa by Moody's. US government securities were rated AA+ and A-1+ by S&P, Aaa by Moody's, and AA+ and F1+ by Fitch. Wisconsin statutes limit investments in securities to the top two ratings assigned by nationally recognized statistical rating organizations. The Program does not have an additional credit risk policy.
- Concentration of credit risk may be a concern if investments in any one issuer represent 5 percent or more of net Program assets, excluding investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments. Concentration of credit risk is not addressed in the investment requirements. As of June 30, 2024, 4.1 percent of the Program's assets were held in a deposit account, and 95.9 percent were in U.S. government securities. The Program does not have an additional concentration of credit risk policy.
- Interest rate risk involves the potential price fluctuations in a bond that are caused by changes in the general level of interest rates. Generally, the longer the maturity on an investment, the greater the sensitivity of its fair value to changes in market interest rates. The current portfolio has minimal interest rate risk.
- Foreign currency risk is the risk that changes in currency exchange rates will adversely affect the fair value of an investment. Foreign currency holdings are not specifically addressed in the Program's investment requirements; however, no investments denominated in foreign currency were held by the Program as of June 30, 2024.

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

4. BONDS

Revenue Bonds are collateralized by a first lien pledge of Program Income. The State is not generally liable on the Revenue Bonds nor are the projects financed by the Revenue Bonds pledged as collateral.

The following is a summary of changes in long-term obligations of the Program for the years ended June 30, 2024 and 2023:

	Balance 7/1/2023	Issued	Retired	Balance 6/30/2024	Due Within One Year
Revenue Bonds	1,682,470,000	250,905,000	316,745,000	1,616,630,000	256,325,000

	Balance 7/1/2022	Issued	Retired	Balance 6/30/2023	Due Within One Year
Revenue Bonds	1,710,990,000	329,780,000	358,300,000	1,682,470,000	137,645,000

A summary of the revenue obligations in the form of Revenue Bonds outstanding as of June 30, 2024 and 2023 is as follows:

	2024	2023
Transportation Revenue Bonds, 2014 Series 2, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2028	\$42,540,000	\$52,310,000
Transportation Revenue Bonds, 2015 Series 1, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2030	65,435,000	80,075,000
Transportation Revenue Bonds, 2015 Series A, varying interest rate from 3% to 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2032	86,880,000	97,175,000
Transportation Revenue Bonds, 2017 Series 1, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2032	158,125,000	166,800,000
Transportation Revenue Bonds, 2017 Series 2, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2033	241,015,000	289,285,000
Transportation Revenue Bonds, 2019 Series A, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2040	79,250,000	87,820,000

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

4. BONDS(Continued)

Transportation Revenue Bonds, 2020 Series 1, varying interest rate from .420% to 1.859%, interest payable semiannually, annual principal payments of variable amounts through 2035	151,490,000	294,610,000
Transportation Revenue Bonds, 2021 Series A, varying interest rate from 3.0% to 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2042	143,575,000	148,490,000
Transportation Revenue Bonds, 2021 Series 1, varying interest rate from .567% to 2.317%, interest payable semiannually, annual principal payments of variable amounts through 2038	67,635,000	120,870,000
Transportation Revenue Bonds, 2023 Series A, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2044	142,510,000	142,510,000
Transportation Revenue Bonds, 2023 Series 1, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2028	187,270,000	187,270,000
Transportation Revenue Bonds, 2024 Series 1, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2031	43,325,000	-
Transportation Revenue Bonds, 2024 Series 2, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2037	<u>207,580,000</u>	<u>-</u>
Total principal amounts of Bond outstanding at June 30, 2024	1,616,630,000	1,682,470,000
Less: current maturities		
Available bond proceeds for current refunding	120,200,000	-
Program Income Deposits	<u>136,125,000</u>	<u>137,645,000</u>
Subtotal	<u>256,325,000</u>	<u>137,645,000</u>
Principal of Bond outstanding at June 30, 2024 due beyond one year	<u>\$1,360,305,000</u>	<u>\$1,544,825,000</u>

Additional series of obligations may be issued on par with the Revenue Bond series outstanding and collateralized by an equal charge and lien on the Program Income.

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

4. BONDS(Continued)

However, no additional series may be issued unless, among other things, Program Income, including interest, for 12 consecutive months within the preceding 18-month period is at least 2.25 times the maximum aggregate principal and interest requirement in any bond year for all outstanding Revenue Bonds.

Future maturities of Revenue Bonds payable as of June 30, 2024 are as follows:

Fiscal Year Ending June 30,	Principal	Interest
2025	\$ 256,325,000	\$ 64,864,701
2026	125,450,000	58,735,874
2027	113,710,000	53,317,271
2028	131,255,000	47,463,844
2029	119,715,000	41,392,203
2030 – 2034	534,460,000	124,529,396
2035 – 2039	242,860,000	42,114,718
2040 – 2044	<u>92,855,000</u>	<u>8,237,625</u>
	<u>\$ 1,616,630,000</u>	<u>\$ 440,655,632</u>

5. DEFEASED REVENUE BONDS

From time to time, the Program issues bonds to defease older Revenue Bonds to generate debt service savings. The proceeds from the issuance of Revenue Bonds, together with assets transferred from the refunded bond series, are deposited with an escrow agent in a separate Escrow Account. These funds are invested by an escrow agent in U.S. Treasury obligations and certain other government securities so that sufficient monies are available to pay the principal, interest, and redemption price of the defeased Bonds.

Defeased Revenue Bonds, totaling \$130.9 million as of June 30, 2024, are not included in the outstanding Revenue Bonds summarized in Note 4. Also, the related securities in the Escrow Accounts are not included in the Program's cash and investments balance.

Once defeased, no related activity in the Escrow Accounts is reported in the Program's Statements of Cash Receipts and Disbursements. The following is a summary of these defeased Bonds on June 30, 2024.

The Bonds defeased by 2020 Series 1 that have not been redeemed were as follows:

2015 Series A	July 1, 2033	\$16,765,000		
	July 1, 2034	<u>17,605,000</u>	July 1, 2024	Par
		34,370,000		
		<u>\$34,370,000</u>		

WISCONSIN DEPARTMENT OF TRANSPORTATION PROGRAM

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS
FOR THE FISCAL YEARS ENDED JUNE 30, 2024 AND 2023

5. DEFEASED REVENUE BONDS (Continued)

The Bonds defeased by 2021 Series 1 that have not been redeemed were as follows:

Series	Maturity	Principal Amount	Redemption Date	Redemption Price
2015 Series 1	July 1, 2035	18,485,000	July 1, 2024	Par
	July 1, 2036	<u>19,410,000</u>		
		37,895,000		
2017 Series 1	July 1, 2032	8,620,000	July 1, 2024	Par
	July 1, 2033	9,055,000		
	July 1, 2034	9,505,000		
	July 1, 2035	9,980,000		
	July 1, 2036	10,480,000		
	July 1, 2037	<u>11,005,000</u>		
	58,645,000			
		<u>\$96,540,000</u>		

Total defeased Revenue Bonds outstanding
at June 30, 2024: \$130,910,000

6. DEBT SERVICE RESERVE FUND REQUIREMENT

The General Resolution creates a Reserve Fund for the Revenue Bonds; however, the balance as of June 30, 2024 is zero. The State, pursuant to each Series Resolution, specifies the Debt Service Reserve Requirement (“DSRR”), if any, for each series of Bonds. The individual DSRRs for each series of outstanding obligations are combined to determine the aggregate DSRR for the Reserve Fund. If all the obligations cease to be outstanding, then the aggregate DSRR is reduced by the individual DSRR attributable to that obligation.

Since 2003, the State has not specified a DSRR for any obligation that has been issued. Furthermore, the State does not currently expect to specify a DSRR for any future Series of additional Bonds, however, the State reserves the right to change its practice and specify a DSRR for any future series of additional obligations.

7. ADMINISTRATIVE EXPENSES

The Program is not charged for certain departmental administrative expenses incurred by the State of Wisconsin related to the operation of the Program. All such costs are charged to the Transportation Fund of the State of Wisconsin. Costs charged to the Program include Bond of the trustee, audit fees and other direct expenses of the Program.

PART VI

ENVIRONMENTAL IMPROVEMENT FUND REVENUE BONDS

Part VI of the 2024 Annual Report provides information about environmental improvement fund revenue bonds issued by the State of Wisconsin (**State**). The State provides selected information on this page for the convenience of readers; however, readers should review all information presented in this Part VI of the 2024 Annual Report to make an informed investment decision.

Total Outstanding Balance (12/15/2024)	\$430,800,000
Amount Outstanding of Fixed-Rate Obligations	430,800,000
Ratings ^(a) (Fitch/S&P)	AAA/AAA
Authority	Amended and Restated Environmental Improvement Fund Revenue Obligations Program Resolution adopted by the Building Commission on February 15, 2017 (Program Resolution), and Subchapter II of Chapter 18 and Sections 281.58, 281.59, and 281.61 Wisconsin Statutes.
Trustee/Paying Agent/ Registrar	U.S. Bank Trust Company, National Association
Security	The Bonds are payable solely from Pledged Revenues, which include (1) Loan Repayments on Pledged Loans, (2) moneys received by the State upon any default under Municipal Obligations, and (3) any other moneys or revenues pledged in the Program Resolution to secure the Bonds, and from any amounts on deposit in the Loan Fund, Revenue Fund, Redemption Fund, and Supplemental Income Fund.
Audit Report and Financial Statements	APPENDIX A to this Part VI of the 2024 Annual Report includes the independent auditor's report and the financial statements for the State's Environmental Improvement Fund.
<p>^(a) The ratings presented are the ratings assigned to the State's environmental improvement fund revenue bonds without regard to any bond insurance policy. No information is provided in the 2024 Annual Report about any rating assigned to any environmental improvement fund revenue bonds based on any bond insurance policy.</p>

The State of Wisconsin Building Commission (**Building Commission**) supervises all matters concerning the State's issuance of revenue obligations. The Capital Finance Office, which is part of the State of Wisconsin Department of Administration's Division of Executive Budget and Finance, is responsible for managing the State's borrowing programs. The law firm of Foley & Lardner LLP has provided bond counsel services, and the firm of PFM Financial Advisors LLC has provided municipal advisor services, in connection with the issuance of environmental improvement fund revenue bonds. Requests for additional information about the Bonds or the Environmental Improvement Fund may be directed to the Capital Finance Office.

The 2024 Annual Report includes information and defined terms for different types of municipal obligations issued by the State. The context or meaning of a term used in one part of the 2024 Annual Report may differ from that of the same term used in another part, and the total amount shown in a table may vary from the related sum due to rounding. See “**GLOSSARY**” for the definitions of capitalized terms used in this Part VI of the 2024 Annual Report. No information or resource referred to in the 2024 Annual Report is part of the report unless expressly incorporated by reference.

Certain statements in this Part VI of the 2024 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2024 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS

See “**ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS**” in Part II of the 2024 Annual Report for further information relating to these factors that may present a risk to the State and the State’s finances, which could also have an impact on the Environmental Improvement Fund.

PRIOR CLEAN WATER REVENUE BONDS

The State previously issued clean water revenue bonds (**Clean Water Revenue Bonds**) to finance the State’s Clean Water Fund Program pursuant to a Clean Water Revenue Bond General Resolution adopted by the Building Commission in 1991, as supplemented and amended (**Prior General Resolution**).

Upon the payment at maturity or early redemption of all outstanding Clean Water Revenue Bonds, 2010 Series 3 (Taxable) on July 1, 2020, all obligations issued under the Prior General Resolution have been either paid at maturity, redeemed, or legally defeased in accordance with the terms of the Prior General Resolution. On February 11, 2021, the Building Commission adopted a resolution terminating the Prior General Resolution, and the State subsequently transferred remaining funds in accounts created under the Prior General Resolution to the Environmental Improvement Fund.

OUTSTANDING BONDS

The 2015 Bonds, 2017 Bonds, 2018 Bonds, 2020 Bonds, 2021 Bonds, 2022 Bonds, 2024 Bonds (each as defined below), and all other environmental improvement fund revenue bonds to be issued under the Program Resolution, are collectively referred to as **Bonds**. U.S. Bank Trust Company, National Association, as successor to U.S. Bank National Association, is the trustee for the Bonds (**Trustee**). In addition, the Trustee is the registrar (**Registrar**) and paying agent (**Paying Agent**) for the Bonds. **Table VI-1** shows the outstanding principal balances of the Bonds as of December 15, 2024.

Table VI-1
OUTSTANDING ENVIRONMENTAL IMPROVEMENT FUND REVENUE BONDS BY ISSUE
(As of December 15, 2024)

Financing	Date of Financing	Maturity	Amount of Issuance	Amount Outstanding
2015 - Series A (2015 Bonds)	12/3/15	2016-30	\$43,380,000	\$1,975,000
2017 - Series A (2017 Bonds)	6/6/17	2018-35	218,705,000	37,045,000 ^(a)
2018 - Series A (2018 Bonds)	9/13/18	2020-26	92,080,000	30,525,000
2020 - Series A (Green Bonds) (2020 Bonds)	5/13/20	2021-39	80,000,000	73,010,000
2021 - Series A (Green Bonds) (2021 Bonds)	9/16/21	2023-40	100,000,000	91,080,000
2022 - Series A (Green Bonds) (2022 Bonds)	11/17/22	2024-43	50,000,000	47,165,000
2024 - Series A (Green Bonds) (2024 Bonds)	2/27/24	2027-33	150,000,000	150,000,000
<i>Total Outstanding Environmental Improvement Fund Revenue Bonds</i>				\$430,800,000

^(a) On September 29, 2023, the State entered into a defeasance escrow agreement pursuant to which it deposited cash into an escrow account that, when added to the investment of the proceeds therein, will be in an amount sufficient to pay the principal and redemption price of, and interest on, certain maturities of the 2017 Bonds through and including the redemption date June 1, 2025. The principal amount of the defeased 2017 Bonds is not treated as outstanding for purposes of this table.

Source: Department of Administration

Table VI-2 provides a historical view of the amount of outstanding Bonds and Clean Water Revenue Bonds as of December 15th of the previous ten years.

Table VI-2
HISTORICAL OUTSTANDING ENVIRONMENTAL IMPROVEMENT FUND REVENUE BONDS AND CLEAN WATER REVENUE BONDS

Year (December 15)	Outstanding Bonds	Outstanding Clean Water Revenue Bonds	Total
2014	-0-	\$764,745,000	\$764,745,000
2015	\$43,380,000	698,160,000	741,540,000
2016	40,135,000	634,815,000	674,950,000
2017	328,435,000	45,080,000	373,515,000
2018	329,965,000	40,290,000	370,255,000
2019	245,885,000	35,290,000	281,175,000
2020	307,760,000	-0-	307,760,000
2021	368,800,000	-0-	368,800,000
2022	394,970,000	-0-	394,970,000
2023	314,475,000	-0-	314,475,000

Source: Department of Administration

STATE REVOLVING FUND PROGRAMS

The Federal Water Quality Act of 1987, as amended (**Water Quality Act**), established a joint federal and state program commonly referred to as the State Revolving Fund (**Federal SRF**) Program. Under the Federal SRF Program, the United States Environmental Protection Agency (**EPA**) is authorized to make grants (**Capitalization Grants**) to a state to assist in providing financial assistance to municipalities within the state for governmentally-owned water treatment projects and other water pollution abatement projects. The Federal Safe Drinking Water Act of 1974, as amended in 1996 (**Safe Drinking Water Act**), established an additional Federal SRF Program under which EPA is authorized to make Capitalization Grants to a state to assist public water

systems with financing the costs of infrastructure to achieve and maintain compliance with water quality standards and to protect public health. As a condition to receipt of each Capitalization Grant, a state is required to establish separate perpetual Federal SRF Programs into which each Capitalization Grant and the required state matching funds (**State Match**) must be deposited.

In response to the Water Quality Act and the Safe Drinking Water Act, the State has created the Environmental Improvement Fund, the Clean Water Fund Program, and the Safe Drinking Water Loan Program. Financial assistance is made available to Municipalities and includes loans from the Clean Water Fund Program and the Safe Drinking Water Loan Program that are subject to repayment in accordance with Financial Assistance Agreements (**Loans**). See “**ENVIRONMENTAL IMPROVEMENT FUND**”.

The Legislature has authorized, in aggregate, the issuance of \$2.597 billion of revenue bonds for the Clean Water Fund Program and the Safe Drinking Water Loan Program. The State has issued, in aggregate, \$2.216 billion of Clean Water Revenue Bonds under the Prior General Resolution and Bonds under the Program Resolution. The Legislature has also authorized the issuance of revenue bonds for refunding purposes without a limit on amount, and the State has issued, in aggregate, an additional \$1.063 billion of Clean Water Revenue Bonds under the Prior General Resolution and Bonds under the Program Resolution for refunding purposes. See “**FINANCING PLAN**”.

ENVIRONMENTAL IMPROVEMENT FUND

The State’s Environmental Improvement Fund currently provides for the following separate environmental financing programs:

- **Clean Water Fund Program.** Established in 1990, the Clean Water Fund Program is a municipal financial assistance program for water pollution control projects and includes the State’s implementation of a Federal SRF Program under the Water Quality Act.
- **Safe Drinking Water Loan Program.** Established in 1998, the Safe Drinking Water Loan Program is a municipal loan program for drinking water projects and includes the State’s implementation of a Federal SRF Program under the Safe Drinking Water Act.

The State receives applications for financial assistance, which are reviewed and approved prior to the award of any Loans. All Loans are made to Municipalities pursuant to financial assistance agreements (**Financial Assistance Agreements**). As evidence of each Loan, the Municipality is required to issue and deliver to the State a bond or note of the Municipality (**Municipal Obligation**) obligating the Municipality to repay the Loan on the maturity schedule and at the interest rate set forth in the Financial Assistance Agreement. See “**LOANS**”.

Clean Water Fund Program

The Clean Water Fund Program is a single program consisting of multiple portfolios:

- **Pledged Loans**, consisting of Loans funded with Capitalization Grants, the required State Match, the Bonds issued under the Program Resolution, and Clean Water Revenue Bond proceeds under the Prior General Resolution, together with repayments of the principal of and interest thereon. See “**FINANCING PLAN; General**”.
- **Proprietary Portfolio**, consisting of Loans funded with State general obligation bond proceeds, together with repayments of the principal of, and interest on, those Loans. Loans in the Proprietary Portfolio are not pledged pursuant to the Program Resolution.

Safe Drinking Water Loan Program

The Safe Drinking Water Loan Program is a single program consisting of a single portfolio of Pledged Loans.

FINANCING PLAN

General

In 2015, the Program Resolution established a separate program for the issuance of Bonds to provide financing for the Clean Water Fund Program. Upon the issuance of the 2015 Bonds, all then-existing Loans of the Clean Water Fund Program funded with Capitalization Grants or State Match were designated as Pledged Loans. Upon the issuance of the 2017 Bonds, all then-existing Loans of the Clean Water Fund Program funded with Clean Water Revenue Bond proceeds (totaling approximately \$543 million at that time) were released from the Prior General Resolution and became Pledged Loans under the Program Resolution.

The State's 2019-21 biennial budget (**2019 Wisconsin Act 9**) authorized the State to issue revenue obligations under the Revenue Obligations Act to finance Loans under the Safe Drinking Water Loan Program. In November 2019, the State designated \$329 million of outstanding Loans under the Safe Drinking Water Loan Program as Pledged Loans and granted to the Trustee a security interest therein. At that time, the State also deposited approximately \$111 million into the Revenue Fund, representing collections previously received with respect to such Loans. Pledged Loans also include, among others, all Loans made from the proceeds of any additional Bonds under the Program Resolution.

Only Pledged Loans are funded with Bond proceeds, and only repayments of Pledged Loans are pledged to the repayment of the Bonds. Bond proceeds do not fund Loans in the Clean Water Fund Program Proprietary Portfolio, and repayments of Loans in the Proprietary Portfolio are not pledged to the repayment of the Bonds. See "**SECURITY**".

Under EPA regulations, Grant Proceeds and principal repayments of Pledged Loans are not permitted to be used to pay any amounts due with respect to debt incurred to finance the State Match. For that reason, the Bonds and the proceeds of the Bonds are allocated to State Match Portions and Leveraged Portions, and the principal of, and interest on, the State Match Portions of the Bonds are paid solely from interest receipts with respect to the Pledged Loans and investment earnings on the Funds and Accounts.

Designation as Green Bonds

The 2020 Bonds, the 2021 Bonds, the 2022 Bonds, and the 2024 Bonds were each designated by the State as "Green Bonds". The purpose of labeling the 2020 Bonds, the 2021 Bonds, the 2022 Bonds, and the 2024 Bonds as Green Bonds is to allow investors to invest directly in bonds that finance environmentally beneficial projects. The designations were not reviewed or approved by any third party, and do not reflect or give rise to any additional rights to the owners of the 2020 Bonds, the 2021 Bonds, the 2022 Bonds, or the 2024 Bonds.

Proceeds of the 2020 Bonds, the 2021 Bonds, the 2022 Bonds, and the 2024 Bonds have been and will be used to make Pledged Loans under the Environmental Improvement Fund for projects for both wastewater and drinking water purposes. Projects are determined in accordance with the requirements of the Water Quality Act, the Safe Drinking Water Act, and administrative guidelines adopted by the State of Wisconsin Department of Natural Resources (**DNR**). In addition, DNR must prepare annual Intended Use Plans (**IUP**) for the Clean Water Fund Program and the Safe Drinking Water Loan Program, which describe the intended uses for each Program and how such uses support the goals of the respective Programs. Each IUP identifies which types of projects have been determined to be eligible for financial assistance, establishes an order of priority for such projects on the basis of environmental or public health significance and other factors, and establishes the basis of funding commitments by DNR and the State of Wisconsin Department of Administration (**DOA**). Furthermore, each Program has a project priority list that provides a summary of projects that are eligible to apply for financial assistance. The prospective Borrowers may then submit applications for financial assistance to the Clean Water Fund Program or the Safe Drinking Water Loan Program.

The State tracked the use of proceeds of the 2020 Bonds, the 2021 Bonds, and the 2022 Bonds, which were expended for the purposes of the Clean Water Fund Program and the Safe Drinking Water Loan Program. The State continues to track the use of proceeds of the 2024 Bonds, which are currently being expended for the purposes of the Clean Water Fund Program and the Safe Drinking Water Loan Program. DNR provides annual reports on the Clean Water Fund Program and the Safe Drinking Water Loan Program to EPA. The annual reports include lists of projects for which DNR and DOA entered into Financial Assistance Agreements during the applicable year, as well as projects for which construction was begun during the applicable year and projects for which construction was completed during the applicable year. The annual reports are available on the DNR website for the Clean Water Fund Program and the Safe Drinking Water Loan Program. No other tracking or reporting will be completed for projects funded with proceeds of the 2020 Bonds, the 2021 Bonds, the 2022 Bonds, and the 2024 Bonds.

It is likely that additional Bonds to be issued by the State will carry the Green Bond designation.

Funding Levels

Table VI-3 presents the historical federal Capitalization Grants and required State Match funding sources for the Clean Water Fund Program and Safe Drinking Water Loan Program.

Table VI-3
FUNDING SOURCES; CAPITALIZATION GRANTS AND REQUIRED STATE MATCH

Fiscal Year		Clean Water Fund Program		Safe Drinking Water Loan Program		Total
Federal	State	Federal Funding	State Match	Federal Funding	State Match	
Prior to 1999	Prior to 2000	\$385,448,569	\$77,089,713	\$51,094,800	\$10,218,960	\$523,852,042

- (a) Includes grant under the Federal Rural Communities Hardship Grants Program.
- (b) The American Recovery and Reinvestment Act of 2009 provided \$142 million for grants in aggregate for the Clean Water Fund Program and the Safe Drinking Water Loan Program and \$2 million for administration and did not require a State Match.
- (c) The Infrastructure Investment and Jobs Act provided increases in annual funding in federal fiscal years 2022 through 2026 for the Clean Water Fund Program and the Safe Drinking Water Loan Program.

Source: Department of Administration

As permitted by the Water Quality Act and the Safe Drinking Water Act, prior to 2003 the State transferred approximately \$24 million to the Safe Drinking Water Loan Program from the Clean Water Fund Program. In addition, in October 2019 and pursuant to the federal Water Infrastructure Financial Transfer Act, the State transferred approximately \$64 million to the Safe Drinking Water Loan Program from the Clean Water Fund Program for the purpose of providing principal forgiveness under the Safe Drinking Water Loan Program for lead service line replacements. The transferred funds were applied to principal forgiveness beginning in the 2020-21 fiscal year and will continue to be so applied until all such funds are exhausted. Components of past Capitalization Grants have been used for allowable set-asides and to provide financial assistance in the form of principal forgiveness.

Management

Management of the Clean Water Fund Program and the Safe Drinking Water Loan Program is shared between DNR and DOA. DNR is responsible for environmental and programmatic management, and DOA is responsible for financial and investment management. DNR and DOA have agreed upon the division of responsibilities and joined in a memorandum of understanding that details their respective roles. Joint responsibilities between DNR and DOA include entering into Financial Assistance Agreements. DOA and DNR also jointly prepare biennial finance plans, which include the estimated wastewater facility and drinking water needs of the State’s municipalities and the projected amount of financial assistance and sources of the funding to be provided therefor.

Operating Agreements with EPA

In connection with receipt of Capitalization Grants, the State, acting through DNR and DOA, entered into operating agreements with EPA, which set forth the objectives and structure of the Clean Water Fund Program and the Safe Drinking Water Loan Program and the responsibilities of DNR and DOA. Among these responsibilities are:

- Financial management;
- Management of the environmental and project construction aspects; and
- Preparation of an intended use plan, setting forth the projects the State expects to finance under the applicable Clean Water Fund Program and the Safe Drinking Water Loan Program.

SECURITY

General

Bonds issued under the Program Resolution include the 2015 Bonds, the 2017 Bonds, the 2018 Bonds, the 2020 Bonds, the 2021 Bonds, the 2022 Bonds, and the 2024 Bonds (**Outstanding Bonds**), which are **Senior Bonds** for purposes of the Program Resolution. Any other Bonds that may be issued under the Program Resolution in the future may be issued as Senior Bonds on parity with the Outstanding Bonds, or as Subordinate Bonds.

The Bonds are special obligations of the State, payable from the revenues or receipts, funds or moneys pledged under the Program Resolution. It is anticipated that Loan Repayments on Pledged Loans pursuant to the Financial Assistance Agreements will be sufficient to pay principal or redemption price of, and interest on, the Bonds. In addition, the Bonds are further secured by other amounts in or payable into the Funds and Accounts held under the Program Resolution. Debt service on all Bonds is secured by a pledge of:

- **Pledged Revenues**, consisting of:
 - Loan Repayments made by Municipalities;
 - moneys received by the State (State payments intercepted by DOA, and taxes collected by county treasurers) upon a default under a Municipal Obligation;
 - Counterparty Swap Payments (if any);
 - amounts received under a Credit Enhancement Facility (if any), except as limited by a Supplemental Resolution;
 - earnings or income from Funds and Accounts payable into the Revenue Fund;
 - other moneys held or received relating to any Municipal Obligation; and
 - any other revenues pledged to secure Bonds.
- Amounts in the Loan Fund, Costs of Issuance Fund, Revenue Fund, Redemption Fund, Supplemental Income Fund, and to the extent available for particular Bonds pursuant to the Program Resolution, the Reserve Fund.

The Program Resolution also contains provisions for:

- The establishment and funding of an account within the Reserve Fund (or, in the case of Subordinate Bonds, within the Subordinate Reserve Fund) in connection with the issuance of a series of Bonds; and
- The State to obtain letters of credit, bond insurance policies, or other credit enhancement instruments (each, a **Credit Enhancement Facility**) to provide a source of payment or security for a particular series of Bonds.

No Account within the Reserve Fund has been established, and no Credit Enhancement Facility has been obtained. The Outstanding Bonds are not expected to be entitled to the benefit of any Account within the Reserve Fund or any Credit Enhancement Facility in the future.

The Equity Fund and the Rebate Fund established by the Program Resolution are not pledged to the payment of the Bonds.

The State is not obligated to pay the principal or redemption price of, and interest on, the Bonds from any revenues or funds of the State other than those pledged pursuant to the Program Resolution, and neither the full faith and credit nor the taxing power of the State or any agency, instrumentality or political subdivision thereof is pledged to the payment of the principal or redemption price of, or interest on, the Bonds.

As outlined under “**SECURITY; Flow of Funds**”, although Loan Repayments are deposited into accounts based on the purpose of the Pledged Loan, the Program Resolution allows for transfers between Programs, with the Loan Repayments of each Program to be used to pay debt service allocable to the other Program.

Pledged Loans

Bond proceeds have been and are expected to be used to make or refinance Pledged Loans under the Program Resolution. The State has also designated (and may in the future designate) additional Loans which are not otherwise subject to the pledge of the Program Resolution as Pledged Loans, as described under “**SECURITY; General**”. Such Pledged Loans are included in **Table VI-4**.

The primary revenues available to pay debt service on the Bonds are Loan Repayments of Pledged Loans. The Financial Assistance Agreements contain security provisions to limit the effect of Loan Repayment defaults. However, persistent failures by one or more Municipalities to make Loan Repayments on Pledged Loans, or a failure by a Municipality whose Pledged Loans make up material portion of the Pledged Loans, may adversely affect the State’s ability to pay debt service on the Bonds. See “**LOANS; Statutory Powers**”.

As discussed in more detail under “**LOANS; Statutory Powers; State Aid Intercept**”, DOA may also intercept financial assistance from the State payable to certain types of Municipalities upon the occurrence of a Loan Repayment default. As of December 15, 2024, 70% (by outstanding principal amount) of Municipal Obligations that evidenced outstanding Pledged Loans represented Loans with State Aid intercept provisions. This percentage will change as new Pledged Loans are made and existing Pledged Loans are repaid.

Table VI-4 identifies all Municipalities that have received Pledged Loans and provides certain other information about the Pledged Loans made to these Municipalities. As of December 15, 2024, the outstanding principal balance of the Pledged Loans was \$2.4 billion.

Table VI-4 includes the outstanding Pledged Loan principal balances of each Municipality as of December 15, 2024, and the percentage of the Pledged Loan principal balance compared to the principal balances for all outstanding Pledged Loans. The table includes the balance of Pledged Loans in the Clean Water Fund Program and the balance of Pledged Loans in the Safe Drinking Water Loan Program. The amounts in this table include only Pledged Loans, and do not include amounts for any grants and other awards.

As of December 15, 2024, the Municipal Obligations that evidenced outstanding Pledged Loans consisted of 29% (by outstanding principal amount) general obligations and 71% (by outstanding principal amount) revenue, special assessment, or combined obligations.

Lending Criteria and Conditions

Sections 281.58, 281.59, and 281.61 of the Wisconsin Statutes, as amended (**Act**), set forth certain requirements for eligibility of a Municipality to receive financial assistance from the Clean Water Fund Program or the Safe Drinking Water Loan Program. Financial assistance can only be awarded to the types of governments specified by the Act. The Act provides that the Municipality must comply with a number of requirements, including

establishing a dedicated source of revenue for the repayment of the financial assistance, complying with the requirements of the Water Quality Act or Safe Drinking Water Act, developing a program of water conservation as required by DNR, developing a program of systematic operation and maintenance of the treatment works or public water system, including the training of personnel, as required by DNR, and developing and adopting a system of equitable user charges or fees.

Although the Act permits financial assistance to take forms other than Loans, such as guaranteeing or purchasing insurance for Municipal Obligations or subsidizing the interest cost on certain other loans, the State currently makes financial assistance available from the Clean Water Fund Program and the Safe Drinking Water Loan Program primarily by making Loans to Municipalities at interest rates that are at or below market rates determined by the State, as specified in the Act.

The State currently determines the market interest rate, which is the same for both Programs, based on a calculated cost of borrowing using various indices and taking into consideration other factors. A review is done quarterly to complete this determination, but changes to the market interest rate may be made at any time based on the discretion of the State. The following is a summary of market interest rate changes in the past five years for Loans having repayment terms not exceeding 20 years:

- Increased from 3.00% to 3.20% on April 1, 2020,
- Decreased from 3.20% to 3.00% on October 1, 2020,
- Decreased from 3.00% to 2.70% on January 1, 2021,
- Increased from 2.70% to 3.00% on April 1, 2022,
- Increased from 3.00% to 3.70% on April 19, 2022,
- Increased from 3.70% to 3.90% on July 1, 2022,
- Increased from 3.90% to 4.30% on July 1, 2024, and
- Decreased from 4.30% to 4.00% on October 1, 2024.

The market interest rate discussion above is for the historical Loan terms not exceeding 20 years. 2017 Wisconsin Act 59 included provisions that allow for Loan terms under the Clean Water Fund Program to extend up to 30 years. 2019 Wisconsin Act 9 included similar provisions that allow for Loan terms under the Safe Drinking Water Loan Program to also extend up to 30 years. A separate market interest rate (currently, and subject to periodic review using various indices and taking into consideration other factors, 0.20% greater than the rate for Loan terms not exceeding 20 years) is established for Loans with terms that exceed 20 years. Beginning in the 2024-25 fiscal year, if a municipality chooses to issue a taxable bond (excluding lead service line projects), the State will determine a separate market interest rate by dividing the applicable market interest rate by the average ratio of taxable to tax exempt rates for the prior calendar year.

Proceeds of Loans are disbursed in installments pursuant to a Municipality's Financial Assistance Agreement as project costs are incurred. Interest on the Loan accrues on the amounts disbursed from the date of disbursement until the date such amount is repaid. The interest rate in effect at the time the Municipality authorizes the execution of the Financial Assistance Agreement applies to all disbursements of the Loan.

In most instances, the repayment schedule of each Loan is structured to provide level annual debt service from the disbursement dates until the final maturity specified in the Municipality's Financial Assistance Agreement. Upon project completion, the Municipality's Loan repayment schedule under its Financial Assistance Agreement will reflect the cumulative principal amortization of the disbursements to the Municipality.

If an audit of the project conducted after the final disbursement of a Loan reveals that the eligible project costs are less than the amount disbursed to the Municipality, the Municipality agrees to reimburse the State within 60 days after DNR or DOA provides a notice of overpayment.

If the Municipality fails to make any payment when due on the Municipal Obligation or fails to observe or perform any other covenant, condition, or agreement on its part under the Financial Assistance Agreement for a period of 30 days after DNR has given the Municipality written notice specifying the default and requesting that it be remedied, the State shall have all remedies provided by law and, to the extent permitted by law, the Financial Assistance Agreement.

Each Financial Assistance Agreement requires the Municipality to submit annual audited financial statements to the State, within 180 days after the end of the Municipality's fiscal year, for the State's review. DOA takes an active role in the collection of these documents with initial and follow-up requests to Municipalities that have not complied with this requirement. The State's review of these financial statements focuses on revenue sufficiency; if concerns about sufficient revenues are identified, the Municipality is notified and required, pursuant to the Financial Assistance Agreement, to take actions to address the concerns. In addition, each Municipality covenants in the Financial Assistance Agreement to review its user charge system and user fees every two years for the life of the Loan.

See "**MUNICIPALITIES**", "**LOANS**", and "**LENDING CRITERIA**" for additional information concerning the loan application process, lending criteria, levy limits for municipalities, and Financial Assistance Agreements.

As of December 15, 2024, no Municipality has been in default in the payment of any Municipal Obligation issued to evidence a Pledged Loan.

Statutory Powers

The Act includes several provisions that may provide additional security for payment of the principal or redemption price of, and interest on, the Bonds. These provisions include State Aid intercept, collection through county treasurers, and State moral obligation, if designated. See "**LOANS; Statutory Powers**" for more information.

Milwaukee Metropolitan Sewerage District

Based on balances as of December 15, 2024, Pledged Loans to the Milwaukee Metropolitan Sewerage District (**MMSD**) were outstanding in the principal amount of \$325 million, which was approximately 13% of the total principal amount of all outstanding Pledged Loans. As of December 15, 2024, Pledged Loans to MMSD represented 14% of the cash flows servicing the Outstanding Bonds. MMSD has the largest outstanding balance of Pledged Loans.

Additional Bonds

The Program Resolution permits the issuance of additional Senior Bonds or Subordinate Bonds. Prior to the issuance of any Bonds, the State must certify that (1) it is not in default in the performance of any of its covenants and agreements in the Program Resolution (unless, in the opinion of Independent Counsel, any such default does not deprive any Beneficiary in any material respect of the security afforded by the Program Resolution) and (2) as of the date of issuance of the Bonds (and after giving effect to the issuance of the Bonds and the pledge of any additional Pledged Loans to be financed with such Bonds or otherwise to be pledged), (i) the Aggregate Debt Service Coverage Ratio will be at least 1.0 to 1 for each future Fiscal Year, and (ii) if the Bonds to be issued are Senior Bonds, the Senior Debt Service Coverage Ratio will be at least 1.0 to 1 for each future Fiscal Year.

In connection with the issuance of Refunding Bonds, the State may instead certify that the issuance of the Refunding Bonds will not increase Debt Service in any Fiscal Year.

Prepayment of Pledged Loans Limited

The State may consent to prepayment of any Pledged Loan and the Municipal Obligation evidencing such Pledged Loan only if it delivers a State Certificate to the effect that, immediately following such prepayment (and giving effect to the deposit of the proceeds thereof into the applicable Fund or Account and the further application thereof), the State could issue at least \$1 of additional Bonds under the tests set forth in the Program Resolution and described above under “SECURITY; Additional Bonds”.

Disposition of Loans

The State may sell, assign, transfer or otherwise dispose of any Pledged Loan and the Municipal Obligation evidencing such Pledged Loan, free and clear of the pledge of the Program Resolution and at such price as the Building Commission (or the Capital Finance Director, on behalf of the Building Commission) may determine. Prior to any such sale or disposition, the State must deliver a State Certificate to the effect that, immediately following such sale, assignment, transfer or disposition (and if applicable, giving effect to the deposit of the proceeds thereof into the applicable Fund or Account and the further application thereof), the State could issue at least \$1 of additional Bonds under the tests set forth in the Program Resolution and described above under “SECURITY; Additional Bonds”.

The State may also assign, transfer or otherwise dispose of any Pledged Loan and the Municipal Obligation evidencing such Pledged Loan and deposit the proceeds in the applicable Account of the Revenue Fund as specified in a State Certificate, if such Pledged Loan is delinquent in payments of principal or interest and if in the reasonable opinion of the State, as evidenced by a State Certificate, the proceeds of such sale, assignment, transfer or disposition are not less than the fair market value of such delinquent Pledged Loan and Municipal Obligation.

Amendment of Loan Terms

The State may consent or agree to permit the amendment or modification of any Financial Assistance Agreement or Municipal Obligation, including amendments and modifications made in connection with the settlement of any delinquency or default on any Pledged Loan, which settlement the State determines to be in the best interests of the State. However, an amendment or modification will be permitted only if the amended Financial Assistance Agreement or Municipal Obligation and the Pledged Loan thereunder continue to satisfy the requirements of the Program Resolution for a Pledged Loan and the State determines that the modification will not have a material adverse effect, taking into account the reasonable expectations with respect to the Pledged Loan in question immediately prior to the modification, on the State’s ability to pay the principal of and interest on the Bonds and the Other Obligations. In addition, prior to any such amendment or modification that reduces the payments due under the Municipal Obligation securing any Pledged Loan, the State must file with the Trustee a State Certificate to the effect that, immediately following such amendment or modification, the State could issue at least \$1 of additional Bonds under the tests set forth in the Program Resolution and described under “SECURITY; Additional Bonds”.

Flow of Funds

Within the Revenue Fund there are a Clean Water Revenue Account and a Safe Drinking Water Revenue Account, within each of which Accounts there are a Principal Receipts Subaccount and an Interest Receipts Subaccount.

Upon receipt, all Pledged Revenues (other than (i) payments under Credit Enhancement Facilities or for the payment of the purchase price of Bonds on a Tender Date and (ii) any proceeds of the sale or other disposition of Pledged Loans that the State directs to be deposited in the Loan Fund or another Fund) shall be deposited to the Revenue Fund. All Loan Repayments and other Pledged Revenues received with respect to Pledged Loans under the Clean Water Fund Program, and all Counterparty Swap Payments allocable to the Leveraged Clean

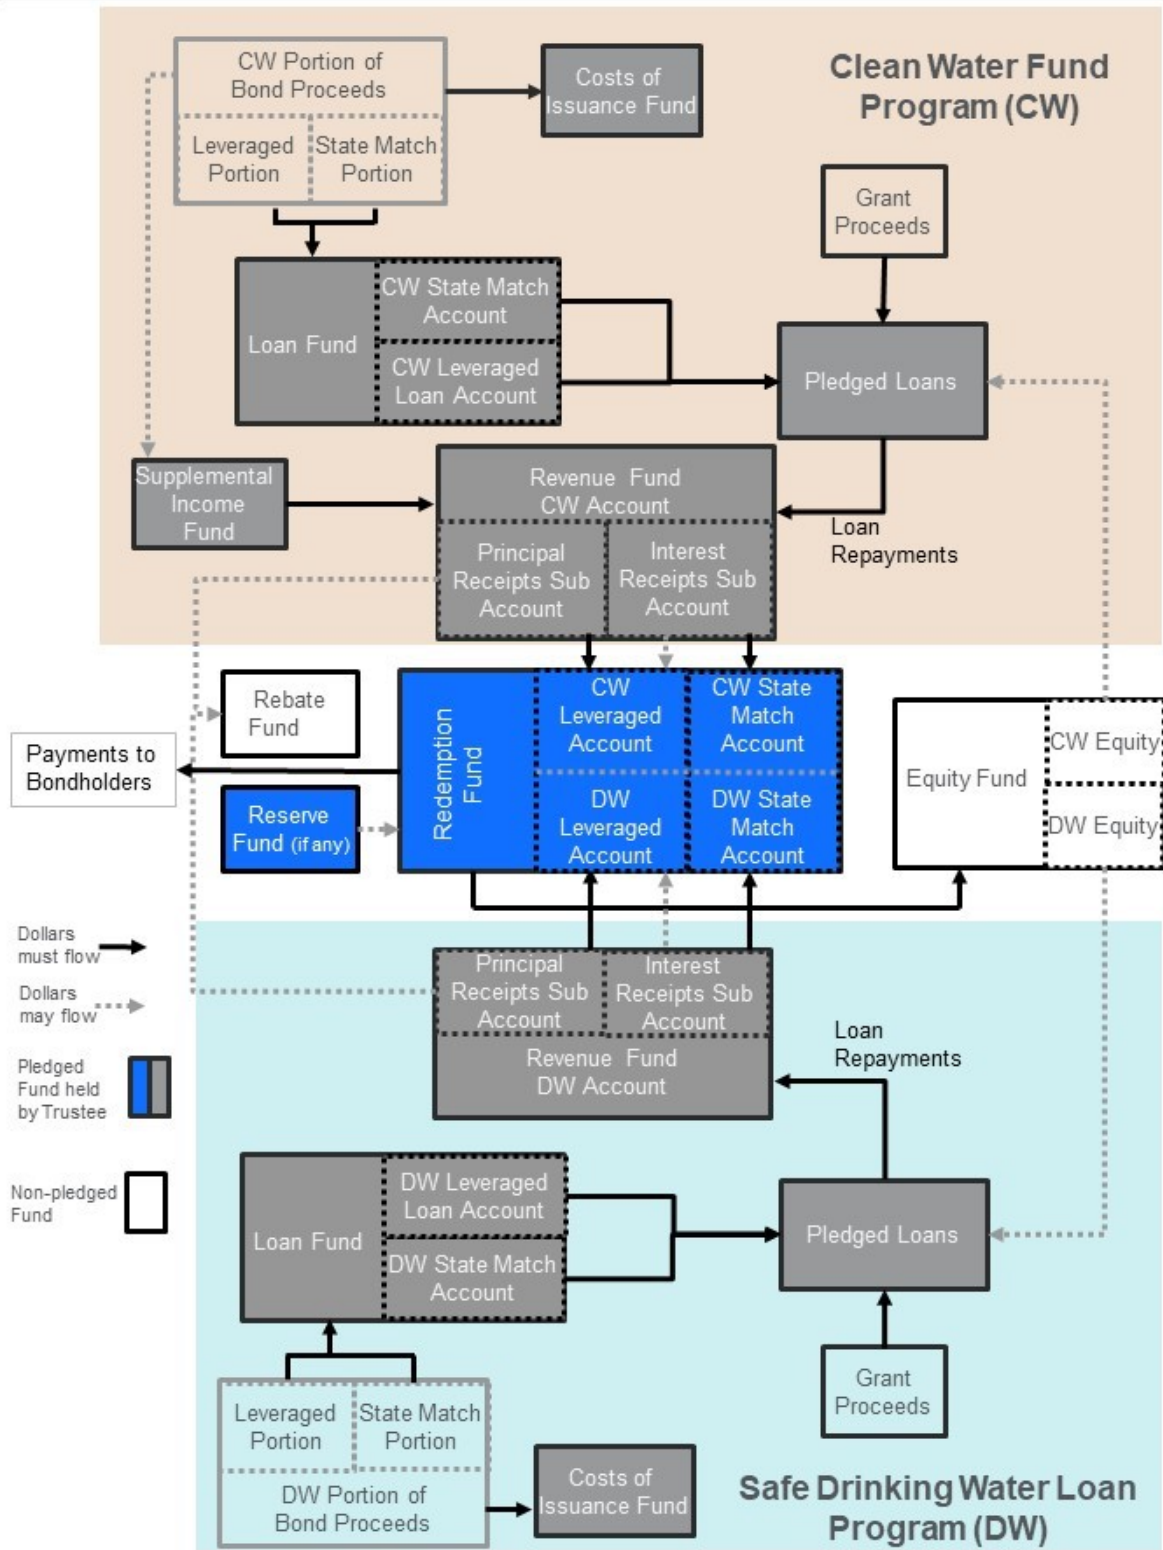

Water Portion and the State Match Clean Water Portion, shall be credited to the Clean Water Revenue Account. Likewise, all Loan Repayments and other Pledged Revenues received with respect to Pledged Loans under the Safe Drinking Water Loan Program, and all Counterparty Swap Payments allocable to the Leveraged Safe Drinking Water Portion and the State Match Safe Drinking Water Portion, shall be credited to the Safe Drinking Water Revenue Account. No Swap Agreements were entered into in connection with the issuance of the Outstanding Bonds or are otherwise contemplated at this time.

On each June 1 and December 1 (each a **Transfer Date**), amounts in the Revenue Fund are transferred to the applicable accounts in the Redemption Fund and applied to pay the debt service on the Bonds as described under “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Revenue Fund**”.

The Equity Fund is held and maintained by the State and is not subject to the lien of the Program Resolution. There shall be deposited in the Equity Fund (i) all Fees and Charges, (ii) amounts transferred from the Revenue Fund on a Transfer Date, upon State Direction, following transfers to pay debt service on the Bonds and all other required transfers, and (iii) such additional funds that are not subject to the lien of the Program Resolution as may be directed by an Authorized Commission Representative. Moneys and securities may be transferred from the Equity Fund for any purpose authorized by the Act and deposited into other funds and accounts established by the Program Resolution at the written direction of an Authorized Commission Representative.

The following **diagram** is a detailed summary of the flow of funds under the Program Resolution. Further details of the flow of funds within the Program Resolution are outlined in “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION**”.

Detailed Flow of Funds*

*Additional detail on flow of funds outlined in "SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION".

No Acceleration

Upon the occurrence of an Event of Default under the Program Resolution, there is no remedy of acceleration available to the Trustee with respect to the Bonds.

Investment of Funds

Moneys held under the Program Resolution, including proceeds of the Bonds held in the Loan Fund pending disbursement under Financial Assistance Agreements, are invested by the Trustee, at the direction of the State, in Permitted Investments.

Funding Levels

The amount of federal funding available in the future may affect the amount of Loans to be made by the Clean Water Fund Program and the Safe Drinking Water Loan Program and the amount of Bonds to be issued by the State. See “**FINANCING PLAN**”.

Non-Impairment

Under Section 18.61 (2), Wisconsin Statutes, the State pledges and agrees with the Holders of the Bonds and the Other Beneficiaries that the State will not limit or alter its powers to fulfill the terms of any agreements made with the Holders of the Bonds and the Other Beneficiaries or in any way impair the rights and remedies of the Holders of the Bonds or the Other Beneficiaries until the Bonds, together with interest (including interest on any unpaid installments of interest) and all costs and expenses in connection with any action or proceeding by or on behalf of the Holders of the Bonds are fully met and discharged and the Other Beneficiaries are fully discharged or provided for.

PROJECTED CASH FLOW AND DEBT SERVICE TABLE

Table VI-5 sets forth projections of Projected Annual Revenues, Debt Service, and Aggregate Debt Service Coverage Ratio for the Bonds by Fiscal Year. The projections assume that there are no defaults on the Pledged Loans. Actual events may vary from that assumption and any variations may be material and adverse. The presentation of projected Aggregate Debt Service Coverage Ratios does not constitute a representation by the State that the Projected Annual Revenues will be realized or will be received at the times or in the amounts projected.

Table VI-5 assumes that the Outstanding Bonds continue to be the only Bonds outstanding under the Program Resolution. Projected Annual Revenues, as expressed in **Table VI-5**, includes only the payments associated with the Pledged Loans outstanding as of December 15, 2024. The disbursement of the remaining 2024 Bond proceeds for Pledged Loans, combined with other sources, will increase the Projected Annual Revenues and the Aggregate Debt Service Coverage Ratio. The future issuance of Bonds and the acquisition of additional Pledged Loans will also affect the Projected Annual Revenues, the annual Debt Service amounts, and the Aggregate Debt Service Coverage Ratios. See “**SECURITY; Additional Bonds**”.

Although satisfying certain projected Aggregate Debt Service Coverage Ratio tests is a condition to the issuance of additional Bonds under the Program Resolution, failure to maintain any level of coverage is not a default under the Program Resolution.

**Table VI-5
PROJECTED DEBT SERVICE COVERAGE**

Year Ending June 30	Projected Annual Revenues	Debt Service ^(a)	Aggregate Debt Service Coverage Ratio ^(a)
2025	\$264,331,882	\$55,452,600	4.77x

MUNICIPALITIES

General

Prospective municipal borrowers fall into one of several general categories:

- *General-purpose municipalities*, such as counties, cities, villages, and towns, may borrow for a variety of public purposes, including the construction or improvement of wastewater and water facilities. Such general-purpose municipalities may incur long-term obligations in the form of general obligation debt secured by property tax levies, revenue obligations secured by user fees and special assessments, or installment lease contracts.
- *Special-purpose municipalities*, such as town sanitary districts, public inland lake protection and rehabilitation districts, metropolitan sewerage districts, joint local water authorities, and municipal water districts, may borrow for the purpose for which they are created, primarily wastewater and water facilities. Debt may be incurred by special-purpose municipalities in generally the same forms as may be incurred by general-purpose municipalities. Town utility districts may be utilized by towns to allocate tax levies, but the town is the actual borrower, and any general obligation issued for a town utility district is secured by the full faith and credit of the entire town.
- *Indian tribes and bands* are sovereign governments that may borrow for various purposes, including the construction or improvement of wastewater and water facilities.

- *Intergovernmental cooperation commissions* are special-purpose intergovernmental bodies formed by agreements authorized under State law between two or more Municipalities. Because an intergovernmental cooperation commission does not have general taxing powers and typically depends upon its contracting members to collect revenues via user fees or tax levies from individual users of wastewater and water facilities, Loans are made only to the individual Municipalities that constitute the intergovernmental cooperation commission.

Constitutional and Statutory Requirements

Municipal powers are primarily statutory and in some instances established by the State Constitution. To the extent not inconsistent with the State Constitution and State law, Municipalities may adopt and amend local laws and ordinances relating to their property, affairs, or government.

In general, the State Constitution and State law limit the power of Municipalities to issue Municipal Obligations and otherwise to contract indebtedness. As a condition for making any Loan, the State requires an opinion of counsel to the effect that (subject to certain exceptions for bankruptcy, insolvency, and similar laws affecting creditors' rights or remedies and equitable principles) the Financial Assistance Agreement and the Municipal Obligation evidencing the Loan constitute legal, valid, and binding obligations of the Municipality, enforceable against the Municipality in accordance with their respective terms.

Limitations on Indebtedness

Generally, the aggregate general obligation debt that may be incurred by a Municipality may not exceed 5% of the equalized value of all real estate in the Municipality. Municipalities are not limited as to the amount of revenue obligations that they may incur. However, as described under “**LENDING CRITERIA**”, the Act requires that a Municipality must comply with a number of requirements, including establishing a dedicated source of revenue for the repayment of financial assistance and developing and adopting a system of equitable user charges or user fees.

Revenues

Revenues of counties, cities, villages, and towns are principally derived from property taxes, State and federal aids, and fees and charges. Counties may generally levy a sales tax of up to a 0.5% rate. For a discussion of real property taxes and special assessments, see “**MUNICIPALITIES; Collection of Real Property Taxes and Assessments**”.

Counties, cities, villages, and towns receive financial assistance from the State (**State Aid**). The State is not constitutionally obligated to maintain or continue State Aid. Accordingly, no assurance can be given that present State Aid levels will be maintained in the future. The payment of State Aid by the State is subject to appropriations being made by the Legislature. As discussed in more detail under “**LOANS; Statutory Powers**”, DOA may intercept State Aid payable to certain types of Municipalities if such a Municipality defaults on a Loan.

Collection of Real Property Taxes and Assessments

Real property taxes, special assessments, and special charges are collected by the county treasurer and remitted to the proper taxing authority. Special assessments may be levied generally by a taxing authority as an assessment against property to compensate for all, or part of, the costs of a public work or improvement which benefits the property. The right to levy special assessments may be based upon the taxing power of the Municipality or the police power of the Municipality. The clearest difference between the two types of special assessments is that under the taxing power, the amount of the special assessment may not exceed the benefit conferred on the property, while under the police power, the amount of the special assessment need only be determined upon a reasonable basis as determined by the governing body of the Municipality. Costs of any public work or improvements that may be reflected in whole or in part by special assessments may include the

direct and indirect costs thereof and the anticipated interest on a Municipal Obligation issued in anticipation of the collection of the assessments. Special assessments are collected by county treasurers along with general property taxes.

General property taxes may be paid in installments in the year following the levy thereof (so long as all installments are paid no later than July 31). Special assessments and special charges included in the tax roll must be paid in full on or before January 31. Even though a person elects to pay general property taxes in installments, if any special assessment or special charge entered on the tax roll is delinquent because it is not paid by January 31, the entire annual amount of real property taxes on that parcel that is unpaid becomes delinquent as of February 1. If the county treasurer receives a payment that is not sufficient to pay all general property taxes, special assessments, and special charges, the county treasurer applies the payments to the amounts due, including interest and penalties, in the following order:

- Special charges
- Special assessments
- Special taxes
- General property taxes

The county treasurer settles with the appropriate taxation district on or before January 15 of each year for all payments received through the previous December 31, and on or before February 20 for all payments received through January 31, including all special assessments and special charges received.

On or before each August 20, the county treasurer must settle in full with the underlying taxing jurisdictions for all real estate and special taxes (except special assessments). Counties are authorized, but not required, to settle in full with all taxing jurisdictions for special assessments and special charges, and if so directed by the county board of supervisors, August 20 is the date upon which the Municipality would receive the cash in settlement of unpaid special assessments and special charges.

As discussed under “**LOANS; Statutory Powers**”, if a Municipality is in default of payment on its Municipal Obligation, the State may, pursuant to the Act, add a special charge to the amount of State taxes levied upon the county. The enforceability of such a procedure has not been tested in court. Therefore, no assurance can be given as to the enforceability of this procedure.

A Municipality issuing a general obligation to the State must levy sufficient taxes, upon the adoption of the resolution authorizing the Municipal Obligation, to pay debt service on the Municipal Obligation, which tax levy will be collected along with other real estate taxes as discussed above. A Municipality may, however, abate such levy to the extent it deposits amounts in its statutorily required debt service fund before the date it carries the levy into the tax roll. A Municipality issuing a revenue obligation may rely entirely upon sewer or water utility revenues to pay the Municipal Obligation or, alternatively, may in addition levy special assessments upon property within the boundaries of the Municipality in an amount sufficient to pay all or part of the Municipal Obligation.

Municipalities Exhibiting Financial Distress

The State is not aware that any Municipality party to a Financial Assistance Agreement has publically disclosed financial distress.

LOANS

Financial Assistance

Clean Water Fund Program

Clean Water Fund Program projects are segregated into five different project-type categories. Interest rates for the project-type categories are determined pursuant to the Act.

The five project types include the following:

- *Compliance Maintenance/New and Changed Limits Projects*—Projects that are necessary to maintain compliance with permit requirements or to implement new or changed effluent limits required by DNR. If the project includes construction of a septage receiving and treatment facility, that portion of the project may be eligible for an interest rate of 0%.
- *Stormwater & Nonpoint Projects*—Projects pertaining to urban stormwater and nonpoint pollution sources.
- *Unsewered Projects*—Projects involving unsewered areas within Municipalities. More than two-thirds of the initial flow must be wastewater originating from residences in existence at least 20 years prior to the application date for this type of project to qualify for assistance.
- *Industrial, Violator, and Future Growth Projects*—Projects that address violations of a DNR discharge permit or that provide industrial or reserve capacity, or that involve certain other capital costs attributed to industrial or commercial needs or involve unsewered areas where residences were not in existence at least 20 years prior to the application date.
- *Pilot Projects*—Other projects consistent with the federal program for state water pollution control revolving funds.

Prior to July 1, 2011, the interest rate on each Loan varied by project type and the Clean Water Fund Program's costs of borrowing. Differing interest rates were designed to provide greater incentives for compliance with environmental requirements than for new sewer systems or correcting discharge permit violations.

Loans made after July 1, 2011, and prior to July 13, 2015, to finance most project-type categories had interest rates set at 75% of the actual or calculated cost of borrowing. Loans made on or after July 13, 2015, and prior to September 21, 2017, have an interest rate equal to 70% of the estimated cost of borrowing.

Loans made on or after September 21, 2017 have an interest rate equal to 55% of the estimated cost of borrowing, except that certain Loans may have interest rates equal to 33% of the estimated cost of borrowing if the Municipality has a population less than 10,000 and a median household income equal to or less than 80% of the median household income of the State, or equal to 0% if the Municipality has a population less than 1,000 and a median household income equal to or less than 65% of the median household income of the State.

The 2011, 2015, and 2017 changes to interest rates did not affect industrial, violator, or future growth projects. These projects may receive Loans at an interest rate equal to 100% of the estimated cost of borrowing.

If a Municipality undertakes a project that includes more than one of the above categories (or components within a category), the respective portions of the project may be allocated accordingly, resulting in a Loan with a blended interest rate. Most Clean Water Fund Program Loans have been made for compliance maintenance projects.

Safe Drinking Water Loan Program

The Safe Drinking Water Loan Program offers subsidized interest rates of 55% of the actual or calculated cost of borrowing for eligible Safe Drinking Water Loan Program projects. Loans to disadvantaged communities

with populations less than 10,000 and median household incomes less than or equal to 80% of the State's median household income are offered at 33% of the State's market rate.

General

In a limited number of cases, the Clean Water Fund Program and the Safe Drinking Water Loan Program may provide additional financial assistance in the form of Loans with interest rates lower than those indicated above for qualifying projects. Prior State law established a program to provide additional assistance in the form of grants to Municipalities qualified as hardship.

The Clean Water Fund Program and the Safe Drinking Water Loan Program have provided financial assistance in the form of principal forgiveness, which has been a component of recent Capitalization Grants. Between October 1, 2009 and December 15, 2024, financial assistance in the form of principal forgiveness has been included in Financial Assistance Agreements made with Municipalities. The amount of Capitalization Grants allocable to principal forgiveness for the period between October 1, 2009 and December 15, 2024 is \$530 million.

Requirements Under the Act

The Act sets forth certain requirements for eligibility of a Municipality to receive financial assistance from the Clean Water Fund Program and the Safe Drinking Water Loan Program. Each Municipality must be one of the types of governments specified by the Act. See "**MUNICIPALITIES; General**". The Act further requires that the Municipality comply with other requirements, including establishing a dedicated source of revenue for the repayment of the financial assistance, complying with the requirements of the Water Quality Act, developing a program of water conservation as required by DNR, and developing and adopting a system of equitable user charges or user fees. While the Act permits financial assistance to take forms other than Loans, such as guaranteeing or purchasing insurance for Municipal Obligations or subsidizing the interest cost on certain other loans, the State currently makes financial assistance available from the Clean Water Fund Program and the Safe Drinking Water Loan Program primarily by making Loans to Municipalities at interest rates that are at or below market rates, as specified in the Act.

DNR is responsible for establishing eligibility criteria for determining applicants and projects that are eligible to receive financial assistance. Among the criteria DNR considers are water quality and public health. A Municipality is eligible for financial assistance from the Clean Water Fund Program for a wastewater project that corrects a DNR discharge violation.

Loan Application Process

DOA and DNR have developed separate application forms for the Clean Water Fund Program and the Safe Drinking Water Loan Program, which Municipalities use to apply for financial assistance from the respective Programs. The application forms require the Municipality to provide technical information regarding the proposed project and the existing wastewater or water system, a project schedule, financial information relating to the project, and financial and other information relating to the Municipality. The application is reviewed by DNR for items pertaining to technical, administrative, and environmental matters, including project eligibility and determination of the interest rate category for which the project is eligible. The application is reviewed by DOA to determine, among other things:

- The financial capability of the applicant to repay its loan,
- The financial terms and conditions of the loan, and
- The security that will be required to be pledged by the Municipality for the loan.

A Loan is made only if DOA determines that the Municipality is likely to be able to repay the loan.

Financial Assistance Agreements

Upon a determination by DOA that the Municipality meets the financial criteria that DOA has established, DNR and DOA may approve an application and enter into a Financial Assistance Agreement, by which the Loan is made. The Financial Assistance Agreement contains the terms and conditions of the Loan, including the final maturity, maximum principal amount, interest rate, procedures for disbursement of funds to the Municipality, agreements of the Municipality to construct the project, and covenants of the Municipality regarding proper use of Loan proceeds and compliance with Clean Water Fund Program or Safe Drinking Water Loan Program requirements.

Certain Provisions of Financial Assistance Agreements

Proceeds of Loans are disbursed in installments pursuant to a Municipality's Financial Assistance Agreement as project costs are incurred. As proceeds are disbursed, interest on the Loan accrues on the amount disbursed from the date of disbursement until the date such amount is repaid.

In most instances, the repayment schedule of each Loan is structured to provide level annual debt service from the disbursement dates until the final maturity date specified in the Municipality's Financial Assistance Agreement. Upon project completion, the Municipality's Loan repayment schedule under its Financial Assistance Agreement will reflect the cumulative principal amortization of the disbursements to the Municipality.

If the final audit of the project reveals that the eligible project costs are less than the amount disbursed to the Municipality, the Municipality agrees to reimburse the State within 60 days after DNR or DOA provides a notice of overpayment.

If the Municipality fails to make any payment when due on the Municipal Obligation or fails to observe or perform any other covenant, condition, or agreement on its part under the Financial Assistance Agreement for a period of 30 days after DNR has given the Municipality written notice specifying the default and requesting that it be remedied, the State has all remedies provided by law and, to the extent permitted by law, the Financial Assistance Agreement.

The Financial Assistance Agreement may be modified or amended upon a written agreement between the State and the Municipality.

Loans and Municipal Obligations

Upon execution of a Financial Assistance Agreement, a Municipality must issue and deliver to the State one or more Municipal Obligations evidencing the obligation of the Municipality to repay the Loan. The Municipal Obligations reflect the terms of the Loan set forth in the Financial Assistance Agreement. Upon execution of a Financial Assistance Agreement and issuance of the Municipal Obligations, a Municipality must deliver an opinion of counsel concerning the validity and enforceability of its obligations under the agreement.

Statutory Powers

The Act includes several provisions that may provide additional security in the event a Municipality does not make payment of principal of, or interest on, its Loan. These provisions include State Aid intercept, collection through county treasurers, and (only in the case of a Loan made under the Clean Water Fund Program that has been designated for such purpose) a State moral obligation.

State Aid Intercept

The Act confers an intercept power upon DOA. If a Municipal Obligation is in default, DOA, as the paying agent for State moneys payable to Wisconsin municipalities, must place on file a certified statement of all amounts due under the Loan. Thereafter, DOA is authorized to collect all amounts due under the Loan by deducting those amounts from any State Aid payments due to the Municipality. The State has covenanted in the Program

Resolution to exercise this intercept power with respect to Pledged Loans to the extent State Aid payments are available. The amount of money realized by the Clean Water Fund Program or the Safe Drinking Water Loan Program from the exercise of the intercept power will depend on the amount of State Aid payments to the Municipality. Certain Municipalities, including but not limited to town sanitary districts, public inland lake protection and rehabilitation districts, metropolitan sewerage districts, joint local water authorities, municipal water districts, and intergovernmental cooperation commissions, do not receive any State Aid payments. The level of State Aid payments to Municipalities may vary in the future. Although State Aid payments can be intercepted by DOA for certain other purposes, current administrative rules require DOA to exercise the Clean Water Fund Program or Safe Drinking Water Loan Program intercept as a first charge against State Aid payments due to a particular Municipality. As of December 15, 2024, DOA had not exercised this intercept power.

Collection Through County Treasurers

If a Municipal Obligation to the State is in default, the Act gives DOA the authority, after placing on file the certified statement of amounts due under a Loan, to add the amount due on the Loan as a special charge to the amount of taxes levied upon the county in which the defaulting Municipality is located. In turn, the county treasurer must apportion the amount of such special charges to the underlying governmental entities. The special charges are then collected with the annual property tax. The enforceability of this procedure for collection of special charges has not been tested in court. Accordingly, no assurance can be given as to the enforceability of this procedure. As of December 15, 2024, DOA had not taken any actions under this authorization.

Power to Designate a Loan as a State Moral Obligation

At the time of making a Clean Water Fund Program Loan, the Building Commission may by resolution designate the Loan as one to which the State moral obligation applies. The Act provides that, if payments received or expected to be received from a Municipality for a Loan that has been so designated are insufficient to pay when due the principal of, and interest on, such Loan, DOA shall certify the amount of such insufficiency to the Secretary of Administration, the Governor, and the Joint Committee on Finance. The Joint Committee on Finance must then introduce a bill appropriating the amount so requested for the purpose of payment of the designated Loan. Recognizing its moral obligation, the Legislature expressed in the Act its expectation and aspiration that it would make such an appropriation if ever called upon to do so. The moral obligation does not apply to the Bonds; it applies only to the Loans that are specifically designated by the Building Commission when the Loan is made.

In the opinion of Bond Counsel, the provisions of the Act relating to the State's moral obligation do not violate the constitution of the State or any other law of the State, but such provisions do not constitute a legally enforceable obligation or create a debt on behalf of the State.

No Loan has been designated as a moral obligation Loan, and no Loan is expected to be so designated.

Loan Terms

Loan Size

The size of each Loan is determined as follows:

- The principal amount of the Loan will not exceed 100% of the estimated project costs, plus a contingency of up to 10% where applicable, plus any allowable amount of capitalized interest on the Loan.
- A contingency amount may be allowed only if the project has not been completed.

- In general, capitalized interest is only allowed for Municipalities that will not have revenues available for Loan debt service until after the Project is complete (such as unsewered Municipalities or those without water service).

Final Maturity and Amortization

The final maturity on a Loan from the Clean Water Fund Program or the Safe Drinking Water Loan Program may not exceed 30 years from the date of its origination. DOA requires principal amortization that is typically on a level-debt-service basis with principal amortization typically beginning not later than 12 months after the expected date of substantial completion of the project (except in the case of a refinancing, in which case principal amortization generally begins immediately). Loans with terms exceeding 20 years require a determination from DNR that the expected useful life of the Project exceeds the Loan term. As of December 15, 2024, there are 38 outstanding Loans totaling over \$451 million to cities, villages, and town sanitary districts with maturities that exceed 20 years.

Debt Service Payment Dates

Principal payments are required on May 1 and interest payments on May 1 and November 1. For Loans secured primarily by special assessments, an annual payment of principal and interest may instead be required on May 1 to align more closely with the date on which the Municipality's collection of the special assessments is deposited into its debt service fund.

Special Provisions

DOA requires that the Financial Assistance Agreement include certain provisions that apply if an event of default occurs. These provisions permit the State to intercept any State Aid to the Municipality and to appoint a receiver to manage the Municipality's utility operations. The provisions require the Municipality, to the extent it has taxing power, to add delinquent user charges and user fees to the property tax bill of the user.

Tax Levy Limit for Cities, Villages, Towns, and Counties

Under current law and subject to certain exceptions and adjustments, no city, village, town, or county (**political subdivision**) may increase its property tax levy in any year by a percentage that exceeds its valuation factor. The valuation factor is the greater of zero percent and the percentage change in the political subdivision's January 1 equalized value due to new construction less improvements removed between January 1 of the previous year and the current year. However, the levy increase limit may be increased in either (but not both) of the following ways by action of the governing body:

- If a political subdivision's allowable levy in the prior year was greater than its actual levy, the levy increase limit otherwise applicable may be increased by the difference between the two amounts, up to a maximum increase of 1.5% of the actual levy in the prior year, or
- The levy increase limit may be increased by the total amount by which the valuation factor exceeded the actual percentage increase in the levy for each of the previous five years, up to a maximum increase of 5% of the actual levy in the prior year, to the extent such excess had not previously formed the basis for such an increase.

A political subdivision may also exceed the levy limit by action of its governing body that is approved by a referendum.

Exceptions apply to amounts levied to pay general obligation debt service. The levy increase limit otherwise applicable does not apply to property taxes levied to pay debt service on general obligations authorized on or after July 1, 2005. For general obligations authorized before July 1, 2005, if the amount of scheduled debt service in the preceding year is less than the amount of debt service needed in the current year, the levy increase limit otherwise applicable is increased by the difference in the two amounts. If the levy for debt service on

general obligations issued before July 1, 2005 (and general obligations issued to fund or refund such general obligations) is less in the current year than it was in the previous year, the political subdivision shall reduce its levy increase limit in the current year by an amount equal to the amount that its levy was reduced.

The levy increase limit otherwise applicable does not apply to the amount that a political subdivision levies to make up any revenue shortfall for the debt service on a revenue bond issued under Section 66.0621 of the Wisconsin Statutes, which authorizes revenue obligations. Other exceptions or adjustments to the levy increase limit, which are not described in this summary, apply in specified situations.

Interest Rate Subsidies for Small Loans

In addition to providing Loans to directly fund project costs, the Clean Water Fund Program and the Safe Drinking Water Loan Program are authorized to subsidize the interest cost on loans made by the State Board of Commissioners of Public Lands to Municipalities for eligible projects. This subsidy is only available on loans of \$2,000,000 or less. The State has not entered into agreements to provide these subsidies for any Loans related to Projects under the Safe Drinking Water Loan Program. The Clean Water Fund Program pays Municipalities in February or March of each year to reduce the Municipalities' interest cost on their loans from the State Board of Commissioners of Public Lands. As of December 15, 2024, the Clean Water Fund Program had outstanding agreements with 22 Municipalities to provide annual interest subsidies on 28 projects.

On January 1, 2022, the State stopped accepting applications for new interest rate subsidies for small loans until the State identified a sustainable funding source from which to pay subsidies. The State currently pays subsidies from money in the Proprietary Portfolio. Any additional agreements for these interest rate subsidies are subject to the availability of funds for such purpose.

Proceeds of the Bonds are not used for this purpose, and the subsidy payments are not paid from any funds pledged to the repayment of the Bonds.

LENDING CRITERIA

The same general loan underwriting standards are generally applied to all Loans regardless of whether they are made under the Clean Water Fund Program or the Safe Drinking Water Loan Program.

DOA, in consultation with DNR, has the statutory responsibility to establish the financial terms and conditions of Loans, including what type of Municipal Obligation is required. In establishing these terms and conditions, DOA may consider factors that it finds relevant, including the type of Municipal Obligation and the Municipality's creditworthiness. DOA must be satisfied that the Municipality has the financial capacity to assure sufficient revenues to operate and maintain the project for its useful life and to pay debt service on the loan according to its terms.

The following is a summary of the current lending criteria of DOA. DOA may change its lending criteria from time to time.

DOA requires each Loan to be evidenced by one of four types of Municipal Obligations:

- A revenue obligation secured by a covenant to assess user fees and a pledge of the utility's revenues,
- A revenue obligation secured by special assessments and other utility revenue and a pledge of the utility's revenues,
- A revenue obligation secured by special charges imposed by a Municipality, or
- A general obligation secured by a tax levy and a pledge of the full faith and credit of the Municipality.

Some Loans may be evidenced by more than one type of Municipal Obligation.

Revenue Obligations

When a local government issues a revenue obligation, the obligation is a limited obligation of the government. Only revenues that are specifically pledged are available to pay the principal of, and interest on, the revenue obligation. Sewer utility revenues typically include sewer user charges and investment earnings but may also include impact fees, hook-up fees, and payments from tax incremental districts for their beneficial share of wastewater projects. Most of the Municipalities receiving financial assistance under the Clean Water Fund Program do not have sewer utilities regulated by the State of Wisconsin Public Service Commission. Water utility revenues typically include user fees and investment earnings but may also include hook-up fees and payments from tax incremental districts for their beneficial share of water projects. Most of the Municipalities receiving financial assistance under the Safe Drinking Water Loan Program have water utilities that are regulated by the State of Wisconsin Public Service Commission.

So long as the following criteria can be met, DOA will accept revenue obligations from all types of Municipalities except counties and metropolitan sewerage districts. Under the State constitution, a county's issuance of revenue obligations is treated as public debt. DOA requires a metropolitan sewerage district to provide general obligations as security for its Loans.

Coverage Ratio

For a revenue obligation, DOA will require the Municipality to covenant to generate each year **Net Revenues** (that is, utility revenues after deducting operating and maintenance expenses but not deducting depreciation, debt service, tax equivalents, or capital expenditures) equal to at least 110% of the annual principal of and interest on the Loan and other revenue obligations payable from the revenues of the utility (**110% Coverage**). The Net Revenues may be established from the existing utility revenues or projected net revenues from a newly imposed user fee rate structure. If the Municipality does not have outstanding any other obligations with a lien on pledged revenues, DOA will require the Municipality to covenant to generate Net Revenues sufficient to provide 110% Coverage. In the event the Municipality has other obligations outstanding with a lien on pledged revenues, DOA will require that the Municipality covenant to generate Net Revenues at least equal to the highest level of debt service coverage (but not less than 110% Coverage) then required under the Municipality's outstanding revenue obligations. In the event an outstanding obligation requires a debt service reserve fund for a parity obligation or requires payment dates that do not match the Loan payment dates, or requires other conditions which prevent the Loan from being a parity obligation, DOA will accept a subordinate obligation. In such cases, DOA normally requires any additional revenue obligations (whether senior, subordinate, or on a parity) to meet a coverage test equal to the highest ratio then in effect on any other obligations (including the Loan). During construction periods when the annual principal and semiannual interest payments are based on cumulative amounts drawn under the Financial Assistance Agreement, user fees may be assessed such that the level of coverage available is estimated based on debt service projections.

In the event a Municipality were to breach any of the covenants described above, it would be subject to a suit for mandamus to compel performance of such covenants. However, enforcement of the covenants through a suit for mandamus would likely be subject to the delays and costs inherent in litigation.

Collection of Delinquent Charges

The Clean Water Fund Program and Safe Drinking Water Loan Program loan documents require that the Municipality take all actions permitted by law to certify any delinquent user charges and user fees to the County Treasurer so that such unpaid amounts will be added as a special charge to the property tax bill of the user.

Senior Revenue Bonds

In most instances the Clean Water Fund Program and Safe Drinking Water Loan Program loan documents limit a Municipality's ability to issue additional bonds payable out of the revenues of the wastewater or water system

that have payment priority over the bonds sold to the Environmental Improvement Fund. In some situations, this provision has been modified to allow additional senior bonds if the Municipality can demonstrate to the satisfaction of DOA that, following the issuance of the additional senior bonds, the rating of the Municipal Obligation evidencing the Loan will be no lower than AA or Aa2 or equivalent.

Service Contract

DOA will also require the Municipality to agree to pay for the value of sewerage or water services provided to it and to stipulate that the value equals any unpaid debt service on the Loan or debt coverage shortfall. Although such provisions are often used in revenue obligations from Wisconsin local governments, their enforceability has not been tested in court. Accordingly, no assurance can be given as to the enforceability of such a service contract. Moreover, the Wisconsin Statutes or local law may limit the value of the sewerage or water service, and unless the Municipality has already appropriated money for such payment, it would be necessary for the Municipality to levy and collect a tax, which could result in some delay in payment.

No Debt Service Reserve Fund or Mortgage

Although Wisconsin municipalities issuing revenue obligations typically establish a debt service reserve fund and sometimes pledge a mortgage to secure the revenue obligations, the current policy of DOA does not permit a debt service reserve fund to be established with respect to Municipal Obligations, and DOA will not require a mortgage on the property the Municipality uses to operate its wastewater or water facilities.

Special Assessment-Secured Revenue Obligations

Special assessments may be levied by a Municipality to pay the costs of a public improvement. Payments to the Municipality of such special assessments may be used to repay a revenue obligation. The special assessments are paid in annual installments as established by the Municipality. Because special assessments under State law may not exceed the cost of the project, the regularly scheduled special assessment revenue alone will typically not meet the 110% Coverage test. In the event the Municipality receives prepayments of its special assessment installments, or the term of the Loan exceeds the term of the special assessments, or the interest rate on the special assessment exceeds the interest rate on the Loan, the Municipality may have more special assessment revenue in a year than required for debt service on its Loan. In general, excess special assessment revenue collected by the Municipality will be applied to reduce debt incurred for the public improvement project. If special assessments are levied to secure revenue obligations, payments on the special assessments are deposited in the funds and accounts of the revenue-generating enterprise.

Collection of Delinquent Special Assessments

A special assessment constitutes a lien on the property against which it is levied on behalf of the local government that levies it. Delinquent special assessment payments are entered on the tax roll as a delinquent tax on the property against which they are levied and are subject to the same proceedings for collection, return, and sale of property that apply to delinquent real estate taxes.

General Obligations

When a Municipality issues a general obligation, its full faith and credit are pledged to secure payment when due of the principal of, and interest on, the obligation. State law requires the Municipality to levy taxes that will be collected in amounts and at times sufficient to make these payments (or to appropriate available funds for payments that are required to be made before taxes can be levied and collected). If the Municipality fails to make a payment when due, the owner of a general obligation can bring a suit for mandamus to require the tax levy to be collected and applied to debt service. A suit for mandamus would likely be subject to the delays and costs inherent in litigation.

With respect to general obligations:

- The amount of the general obligation may not exceed the constitutional or statutory limits. For an American Indian tribe or band, the amount of the general obligation may not exceed the amount that would be permitted if the constitutional and statutory limits were to apply to the tribe or band.
- As required by law, the Municipality must levy taxes sufficient to pay when due the principal of, and interest on, the Loan.

Intergovernmental Cooperation Commissions

The Clean Water Fund Program and the Safe Drinking Water Loan Program do not make Loans to intergovernmental cooperation commissions. Instead, DOA will analyze each member’s credit, and separate Loans will be made to its members in proportion to their participation in the project.

SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION

Through the Program Resolution, the State pledges revenues that secure the Bonds, establishes certain funds and accounts, specifies the conditions under which Bonds may be issued, and makes covenants and other provisions for the benefit of Holders of the Bonds. Certain capitalized terms are defined in “**GLOSSARY**”. A copy of the Program Resolution may be obtained by contacting the State via the means provided on the **first page of this Part VI** of the 2024 Annual Report.

The Program Resolution includes provisions permitting the financing of Loans to Borrowers other than Municipalities, and potentially, with the approval of EPA, loans made under other similar programs. However, those provisions could become effective only if the Act were to be amended to permit the State to issue revenue bonds to finance those Loans or programs. The Act currently authorizes revenue bonds issued by the State to fund only Loans made to Municipalities pursuant to the Clean Water Fund Program and the Safe Drinking Water Loan Program.

Resolution to Constitute a Contract

The provisions of the Program Resolution (including each Supplemental Resolution) constitute a contract with the Holders of the Bonds and the Other Beneficiaries.

Pledge

Pursuant to its power under the Wisconsin Statutes, the Building Commission (jointly with DOA and DNR) pledges the Pledged Revenues to the payment of the Bonds and Other Obligations and directs the Trustee to deposit the Pledged Revenues into the Funds and Accounts in the order and amounts described under “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Establishment of Funds and Accounts**”, and determines that the amounts deposited in the Equity Fund may be made available for other purposes.

From time to time the State may, by State Certificate, designate additional Loans (which are not otherwise subject to the pledge of the Program Resolution) that meet the requirements set forth in the Program Resolution as “Pledged Loans,” and thereby assign and grant to the Trustee a security interest in the related Loan Repayments and other related Pledged Revenues. Upon receipt by the Trustee of such State Certificate, the Loans identified therein will become Pledged Loans under the Program Resolution, subject to the lien of the Program Resolution.

In accordance with Section 18.561 (2), Wisconsin Statutes, a security interest is created, for the benefit of the Holders of the Bonds and the Other Beneficiaries, in the Pledged Revenues and in the Loan Fund, the Costs of Issuance Fund, the Revenue Fund, the Redemption Fund, the Supplemental Income Fund, and any Reserve Fund, Subordinate Redemption Fund and Subordinate Reserve Fund that may be established under the Program Resolution. Such Pledged Revenues and the moneys in such Funds will remain subject to the security interest until the Bonds and the Other Obligations have been paid in full or provision for their payment in full has been made, as described under “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Defeasance**”. A

Holder of the Bonds or any Other Beneficiary may (subject to the certain restrictions contained in the Program Resolution) either at law or in equity protect and enforce the security interest and compel performance of all duties required by Section 18.561, Wisconsin Statutes.

State Match Restriction

The establishment of the Funds and Accounts under the Program Resolution, and the deposit and disbursement of moneys held under the Program Resolution, are intended to ensure that Grant Proceeds and the principal repayments of Pledged Loans made under the Clean Water Fund Program and the Safe Drinking Water Loan Program will not be used to pay, or to reimburse any Credit Facility Provider for the payment of, amounts due on the State Match Clean Water Portion or the State Match Safe Drinking Water Portion of the Bonds or to make rebate payments from the Rebate Fund allocable to such State Match Portions. In light of the State Match Restriction, interest payments on Pledged Loans and other investment earnings will generally be used first to pay amounts due on the State Match Clean Water Portion and the State Match Safe Drinking Water Portion of the Bonds, and then to pay any remaining amounts due on the Leveraged Clean Water Portion and the Leveraged Safe Drinking Water Portion, respectively, of the Bonds.

Issuance of Bonds

The Bonds will be issued, pursuant to one or more Supplemental Resolutions, at one time or from time to time, in one or more series, in principal amounts specified by the Building Commission in or pursuant to a Supplemental Resolution.

The aggregate principal amount of Bonds issued under the Program Resolution shall not be greater than the aggregate amount at the time authorized by the Legislature for the program(s) or purpose(s) for which Bonds are issued, when considered together with any other obligations issued pursuant to such authorization.

From time to time, the State may issue one or more series of Bonds, upon compliance with the following conditions and any additional conditions specified in a Supplemental Resolution. In the case of Bond Anticipation Notes, the following conditions need be met only on the first date of issuance of any of the Bond Anticipation Notes authorized under the Supplemental Resolution providing for such Bond Anticipation Notes:

- (1) The Trustee shall have been provided with a State Certificate to the effect that the State is not in default in the performance of any of its covenants and agreements in the Program Resolution (unless, in the opinion of Independent Counsel, any such default does not deprive any Beneficiary in any material respect of the security afforded by the Program Resolution).
- (2) Except with respect to the issuance of Refunding Bonds issued to fund Bond Anticipation Notes that are also Bonds, the Trustee shall have been provided with a State Certificate evidencing that, as of the date of issuance of the Bonds (and after giving effect to the issuance of the Bonds and the pledge of any additional Loans to be financed with such Bonds or otherwise to be pledged pursuant to the Program Resolution or the Supplemental Resolution authorizing the Bonds), (i) the Aggregate Debt Service Coverage Ratio will be at least 1.0 to 1 for each future Fiscal Year, and (ii) if the Bonds to be issued are Senior Bonds, the Senior Debt Service Coverage Ratio will be at least 1.0 to 1 for each future Fiscal Year. In connection with the issuance of Refunding Bonds, such State Certificate may instead evidence that the issuance of the Refunding Bonds will not increase Debt Service in any Fiscal Year.
- (3) The Trustee, or another Fiduciary if directed by a Supplemental Resolution, shall have received the following:
 - (a) A duly certified copy of the Program Resolution, as then in effect.
 - (b) A duly certified copy of the particular Supplemental Resolution.

(c) Original, fully-executed Bonds for the series or an original, fully-executed master Bond that includes the series.

(d) An opinion of Bond Counsel to the effect that the Program Resolution and the particular Supplemental Resolution have each been duly adopted.

(e) An opinion of Bond Counsel to the effect that the Bonds of that series have been duly and validly authorized and, when duly executed in the form and manner provided in the Program Resolution and the particular Supplemental Resolution, duly authenticated by the Registrar or Issuing Agent, delivered, and paid for, will constitute valid and binding enterprise revenue obligations of the State.

(f) Such ancillary agreements or other documents as the Supplemental Resolution for such series shall specify.

Each Supplemental Resolution authorizing a series of Bonds shall designate the Bonds of such series as Senior Bonds or Subordinate Bonds; however, a Supplemental Resolution may provide that certain of the State's obligations with respect to such Bonds are Senior and its other obligations with respect to such Bonds are Subordinate.

Credit Enhancement Facilities and Swap Agreements

The State may from time to time, pursuant to a Supplemental Resolution and upon compliance with Section 18.55 (6) of the Wisconsin Statutes, enter into or obtain the benefit of any Credit Enhancement Facility with respect to Bonds of any series, or any Swap Agreement with respect to its Debt Service obligations relating to Bonds of any series. Any such Credit Enhancement Facility or Swap Agreement must satisfy any conditions specified in a Supplemental Resolution.

In connection with any Swap Agreement, either a Supplemental Resolution or a State Direction provided to the Trustee shall set forth assumptions regarding State Swap Payments and Counterparty Swap Payments to be made thereunder for purposes of the definition of Debt Service in the "GLOSSARY".

Notwithstanding anything in the Program Resolution to the contrary, (1) any Supplemental Resolution authorizing the execution by the State of a Swap Agreement or Credit Enhancement Facility may include provisions with respect to the application and use of all amounts to be paid thereunder, (2) amounts paid under any such Credit Enhancement Facility with respect to the Bonds secured thereby shall be applied and used only as specifically provided in such Supplemental Resolution and no Beneficiaries shall have any rights with respect to any such amounts so paid except as may be specifically provided in such Supplemental Resolution, (3) Bonds of one or more series or any portions thereof may be secured by a pledge of any or all amounts payable pursuant to such Credit Enhancement Facility, in the manner and to the extent provided in such Supplemental Resolution, and (4) except as otherwise provided in the Supplemental Resolution pursuant to which such Credit Enhancement Facility is obtained or such Swap Agreement is entered into, the State's obligations under any such Credit Enhancement Facility or Swap Agreement shall be limited obligations, payable solely from the revenues and assets of the State pledged therefor under the Program Resolution.

Each Supplemental Resolution authorizing any Swap Agreement or Credit Enhancement Facility shall designate the State's obligations under such Swap Agreement or Credit Enhancement Facility, as the case may be, as Senior Other Obligations or Subordinate Other Obligations. A Supplemental Resolution authorizing any Swap Agreement or Credit Enhancement Agreement may provide that certain of the State's obligations with respect thereto are Senior and its other obligations with respect thereto are Subordinate, except that all State Swap Payments in respect of the early termination of a Swap Agreement shall be designated as Subordinate.

Establishment of Funds and Accounts

The following funds (and within certain of the funds, the following accounts and subaccounts) are established and required to be maintained pursuant to the provisions of the Program Resolution:

- (1) Loan Fund
 - (a) Clean Water State Match Loan Account
 - (b) Clean Water Leveraged Loan Account
 - (c) Safe Drinking Water State Match Loan Account
 - (d) Safe Drinking Water Leveraged Loan Account
- (2) Revenue Fund
 - (a) Clean Water Revenue Account
 - (i) Principal Receipts Subaccount
 - (ii) Interest Receipts Subaccount
 - (b) Safe Drinking Water Revenue Account
 - (i) Principal Receipts Subaccount
 - (ii) Interest Receipts Subaccount
- (3) Rebate Fund
 - (a) Separate Account for each series of Tax-Exempt Bonds
 - (i) Clean Water State Match Subaccount
 - (ii) Clean Water Leveraged Subaccount
 - (iii) Safe Drinking Water State Match Subaccount
 - (iv) Safe Drinking Water Leveraged Subaccount
- (4) Redemption Fund
 - (a) Clean Water State Match Redemption Account
 - (b) Clean Water Leveraged Redemption Account
 - (c) Safe Drinking Water State Match Redemption Account
 - (d) Safe Drinking Water Leveraged Redemption Account
- (5) Supplemental Income Fund
- (6) Reserve Fund
 - (a) Separate Account for each series of Bonds to be secured by the Reserve Fund
 - (i) Clean Water State Match Subaccount
 - (ii) Clean Water Leveraged Subaccount
 - (iii) Safe Drinking Water State Match Subaccount
 - (iv) Safe Drinking Water Leveraged Subaccount
- (7) Subordinate Redemption Fund
 - (a) Clean Water State Match Subordinate Redemption Account
 - (b) Clean Water Leveraged Subordinate Redemption Account
 - (c) Safe Drinking Water State Match Subordinate Redemption Account

- (d) Safe Drinking Water Leveraged Subordinate Redemption Account
- (8) Subordinate Reserve Fund
 - (a) Separate Account for each series of Subordinate Bonds to be secured by the Subordinate Reserve Fund
 - (i) Clean Water State Match Subaccount
 - (ii) Clean Water Leveraged Subaccount
 - (iii) Safe Drinking Water State Match Subaccount
 - (iv) Safe Drinking Water Leveraged Subaccount
- (9) Costs of Issuance Fund
- (10) Equity Fund

Each of the funds and accounts, or assets for each of the funds and accounts, are deposited with, and held by the Trustee (or such other Fiduciary as the State may designate) pursuant to the provisions of the Program Resolution, except for the Equity Fund, which is held and maintained by either the State or the Trustee (at the State's direction). Amounts held in the Equity Fund and (except in certain limited circumstances) in the Rebate Fund are not available to pay debt service on the Bonds.

Loan Fund

Each Supplemental Resolution authorizing a series of Bonds will specify the amount of the proceeds of the Bonds of the series and any other State moneys that are required to be deposited in each Account within the Loan Fund. Proceeds of the disposition of Pledged Loans may also be deposited in the Loan Fund if so directed by the State. Amounts in the Loan Fund will be applied by the State from time to time as follows:

- (1) For disbursing Loans to Borrowers under the Program, including transfers of Loan Capitalized Interest to the Revenue Fund; and
- (2) For reimbursing the State for the application of other funds to the prior origination of Loans.

Moneys may be withdrawn from the Loan Fund for financing a Pledged Loan upon a requisition of an Authorized Commission Representative containing certifications as to the use of the amounts to be disbursed.

Prior to the initial transfer of amounts to a Municipality with respect to a Pledged Loan, the State will deliver to the Trustee:

- (1) a copy of the original executed Financial Assistance Agreement evidencing the Loan to be so made and
- (2) a copy of the original executed Debt Obligation evidencing and securing such Loan in an aggregate principal amount equal to the maximum permissible Loan amount.

The State agrees to maintain records of the account from which each Loan is disbursed.

A Supplemental Resolution authorizing a series of Bonds may provide for unused proceeds of such Bonds in the Loan Fund to be transferred to the Redemption Fund and used to redeem Bonds of such series.

Supplemental Income Fund

A Supplemental Resolution authorizing a series of Bonds may specify the amount of the proceeds of the Bonds of the series and any other State moneys that are required to be deposited in the Supplemental Income Fund. Amounts in the Supplemental Income Fund shall be applied to reimburse the State for the application of other funds to the prior origination of Investment Loans or otherwise refinancing Investment Loans, including by the

defeasance of the bonds issued pursuant to the Prior General Resolution or by depositing amounts in the appropriate funds or accounts established pursuant to the Prior General Resolution to obtain the release of Loans financed thereunder. *A portion of the proceeds of the 2017 Bonds was applied as described in the immediately preceding sentence to refinance Investment Loans.*

Revenue Fund

Deposit of Pledged Revenues

The Trustee will credit all Pledged Revenues (other than (i) payments under Credit Enhancement Facilities for the payment of the principal of, and premium, if any, and interest on Bonds or for the payment of the purchase price of Bonds on a Tender Date and (ii) any proceeds of the sale or other disposition of Pledged Loans, to the extent directed to be applied in some other manner pursuant to the Program Resolution), upon receipt thereof, to the Revenue Fund. In accordance with the direction of an Authorized Commission Representative:

(1) all Loan Repayments and other Pledged Revenues received with respect to Pledged Loans under the Clean Water Fund Program, and all Counterparty Swap Payments allocable to the Leveraged Clean Water Portion and the State Match Clean Water Portion, will be credited to the Clean Water Revenue Account;

(2) all Loan Repayments and other Pledged Revenues received with respect to Pledged Loans under the Safe Drinking Water Loan Program, and all Counterparty Swap Payments allocable to the Leveraged Safe Drinking Water Portion and the State Match Safe Drinking Water Portion, will be credited to the Safe Drinking Water Revenue Account;

(3) all Loan Repayments and other Pledged Revenues allocable to the payment of principal of or prepayment fees or premiums, if any, with respect to the Pledged Loans will be credited to the Principal Receipts Subaccount of the applicable Account; and

(4) all Loan Repayments and other Pledged Revenues allocable to interest on the Pledged Loans (including Loan Capitalized Interest transferred from the Loan Fund pursuant to the Program Resolution), all Counterparty Swap Payments, and all investment earnings on amounts in the Funds and Accounts (other than the Rebate Fund) will be credited to the Interest Receipts Subaccount of the applicable Account.

If all Bonds and Other Obligations of a particular class (that is, Senior Bonds and Other Obligations or Subordinate Bonds and Other Obligations) have been paid, or payment has been provided for, and no Bonds or Other Obligations of that class are Outstanding, money remaining in any Fund or Account established for the payment of principal of or interest on Bonds or Other Obligations of that class, or any reserve fund established with respect thereto, will be transferred to the corresponding Account(s) within the Revenue Fund.

Application of Revenues in the Clean Water Revenue Account

On each Transfer Date, the Trustee will transfer the moneys received in the Clean Water Revenue Account as follows:

First, amounts in the Interest Receipts Subaccount within such Account will be transferred to the Clean Water State Match Redemption Account, until it is funded up to the amount necessary to pay Debt Service on the State Match Clean Water Portion of the Senior Bonds prior to the next Transfer Date;

Second, amounts in the Principal Receipts Subaccount within such Account will be transferred to the Clean Water Leveraged Redemption Account, until it is funded up to the amount necessary to pay Debt Service on the Leveraged Clean Water Portion of the Senior Bonds prior to the next Transfer Date;

Third, any remaining amounts in the Interest Receipts Subaccount within such Account will be transferred to the Clean Water Leveraged Redemption Account, to the extent of any shortfall under clause *Second* above;

Fourth, any remaining amounts in the Interest Receipts Subaccount within such Account will be transferred to the Safe Drinking Water State Match Redemption Account, to the extent of any shortfall under clause *First* under “SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Revenue Fund; Application of Revenues in the Safe Drinking Water Revenue Account” below;

Fifth, any remaining amounts in the Principal Receipts Subaccount within such Account will be transferred to the Safe Drinking Water Leveraged Redemption Account, to the extent of any shortfall under clause *Third* under “SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Revenue Fund; Application of Revenues in the Safe Drinking Water Revenue Account” below;

Sixth, any remaining amounts in the Interest Receipts Subaccount within such Account will be transferred to the Safe Drinking Water Leveraged Account, to the extent of any shortfall under clause *Fifth* above; and

Seventh, any excess amounts in the Principal Receipts Subaccount or the Interest Receipts Subaccount will (subject to the State Match Restriction) be transferred:

First, to the credit of the corresponding Account(s) or subaccount(s) within the Rebate Fund to the extent provided in the Program Resolution;

Second, to the credit of the corresponding Account(s) or subaccount(s) within the Reserve Fund to the extent provided in the Program Resolution;

Third, to the extent provided in a Supplemental Resolution, to the credit of the corresponding Account(s) or subaccount(s) within the Subordinate Redemption Fund or any Subordinate Reserve Fund established with respect thereto;

Fourth, (a) on the Transfer Date occurring in June of each year, remaining amounts in the Principal Receipts Subaccount will be transferred to the Clean Water Leveraged Redemption Account in an amount up to the amount necessary to cause the balance of such Account to equal the Debt Service to come due on the Leveraged Clean Water Portion of the Senior Bonds prior to the next June Transfer Date, and (b) on the Transfer Date occurring in December of each year, remaining amounts in the Interest Receipts Subaccount will be transferred to the Clean Water State Match Redemption Account in an amount up to the amount necessary to cause the balance of such Account to equal the Debt Service to come due on the State Match Clean Water Portion of the Senior Bonds prior to the next December Transfer Date; and

Fifth, pursuant to State Direction, to the credit of the Equity Fund.

Application of Revenues in the Safe Drinking Water Revenue Account

On each Transfer Date, the Trustee will transfer the moneys received in the Safe Drinking Water Revenue Account as follows:

First, amounts in the Interest Receipts Subaccount within such Account will be transferred to the Safe Drinking Water State Match Redemption Account, until it is funded up to the amount necessary to pay Debt Service on the State Match Safe Drinking Water Portion of the Senior Bonds prior to the next Transfer Date;

Second, amounts in the Principal Receipts Subaccount within such Account will be transferred to the Safe Drinking Water Leveraged Redemption Account, until it is funded up to the amount necessary to pay Debt Service on the Leveraged Safe Drinking Water Portion of the Senior Bonds prior to the next Transfer Date;

Third, any remaining amounts in the Interest Receipts Subaccount within such Account will be transferred to the Safe Drinking Water Leveraged Redemption Account, to the extent of any shortfall under clause *Second* above;

Fourth, any remaining amounts in the Interest Receipts Subaccount within such Account will be transferred to the Clean Water State Match Redemption Account, to the extent of any shortfall under clause *First* under “SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Revenue Fund; Application of Revenues in the Clean Water Revenue Account” above;

Fifth, any remaining amounts in the Principal Receipts Subaccount within such Account will be transferred to the Clean Water Leveraged Redemption Account, to the extent of any shortfall under clause *Third* under “SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Revenue Fund; Application of Revenues in the Clean Water Revenue Account” above;

Sixth, any remaining amounts in the Interest Receipts Subaccount within such Account will be transferred to the Clean Water Leveraged Redemption Account, to the extent of any shortfall under clause *Fifth* above; and

Seventh, any excess amounts in the Principal Receipts Subaccount or the Interest Receipts Subaccount will (subject to the State Match Restriction) be transferred:

First, to the credit of the corresponding Account(s) or subaccount(s) within the Rebate Fund to the extent provided in the Program Resolution;

Second, to the credit of the corresponding Account(s) or subaccount(s) within the Reserve Fund to the extent provided in the Program Resolution;

Third, to the extent provided in a Supplemental Resolution, to the credit of the corresponding Account(s) or subaccount(s) within the Subordinate Redemption Fund or any Subordinate Reserve Fund established with respect thereto; and

Fourth, (a) on the Transfer Date occurring in June of each year, remaining amounts in the Principal Receipts Subaccount will be transferred to the Safe Drinking Water Leveraged Redemption Account in an amount up to the amount necessary to cause the balance of such Account to equal the Debt Service to come due on the Leveraged Safe Drinking Water Portion of the Senior Bonds prior to the next June Transfer Date, and (b) on the Transfer Date occurring in December of each year, remaining amounts in the Interest Receipts Subaccount will be transferred to the Safe Drinking Water State Match Redemption Account in an amount up to the amount necessary to cause the balance of such Account to equal the Debt Service to come due on the State Match Safe Drinking Water Portion of the Senior Bonds prior to the next December Transfer Date; and

Fifth, pursuant to State Direction, to the credit of the Equity Fund.

Investment

Pending transfers from the Revenue Fund, the moneys in either Account therein will be invested in Permitted Investments as provided in the Program Resolution, and any earnings on or income from said investments will be deposited in the Interest Receipts Subaccount of such Account.

Redemption Fund

The Redemption Fund will be used only for the payment when due of principal of, and premium, if any, and interest on, the Senior Bonds and Senior Other Obligations, as provided in the Program Resolution.

With respect to each series of Senior Bonds, the Trustee will, upon delivery to the original purchasers thereof and from the proceeds thereof, credit to each Account within the Redemption Fund the allocable portions of the amount, if any, so designated in any Supplemental Resolution for the issuance of Refunding Bonds. The Trustee will also deposit in each such Account (1) the allocable portions of the proceeds from the sale of the State’s bonds, notes, or other evidences of indebtedness (including Refunding Bonds), if any, to be used to pay principal of the Senior Bonds or interest on the Senior Bonds (except to the extent a Supplemental Resolution or

State Direction directs that such proceeds be deposited into an Escrow Account), (2) all amounts required to be transferred thereto from the Revenue Fund and the Reserve Fund as described in the following two paragraphs, and (3) all amounts required under the Program Resolution to be transferred thereto from the Loan Fund or the Supplemental Income Fund.

To provide for the payment of (1) each installment of interest which falls due upon Outstanding Senior Bonds on each regularly scheduled Interest Payment Date, (2) each installment of principal which falls due upon Senior Serial Bonds (other than Bond Anticipation Notes which are also Senior Bonds, the payment of which will be paid from Refunding Bonds) at the stated maturity thereof or Senior Term Bonds on a Sinking Fund Payment Date therefor and (3) the reimbursement to all Credit Facility Providers for payments of principal of and interest on the Bonds pursuant to Senior Credit Enhancement Facilities, the Trustee will make deposits to the credit of each applicable Account within the Redemption Fund on each Transfer Date, (a) to aggregate the full amount of such principal coming due on any Principal Payment Date prior to the next Transfer Date and such interest coming due on any Interest Payment Date prior to the next Transfer Date, and (b) to the extent of available moneys in applicable Accounts within the Revenue Fund, to aggregate the respective amounts referred to in subclause *Fourth* of clause *Seventh* of each of the paragraphs describing payments from the Revenue Fund above under “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Revenue Fund; Application of Revenues in the Clean Water Revenue Account**” and “**Application of Revenues in the Safe Drinking Water Revenue Account**”. Each deposit provided for in the foregoing clauses (a) and (b) will be the amount allocable to the applicable Account, in proportion to the State Match Clean Water Portion, the State Match Safe Drinking Water Portion, the Leveraged Clean Water Portion and the Leveraged Safe Drinking Water Portion applicable to each applicable series of Bonds. To provide for the payment of all State Swap Payments and fees to a Credit Facility Provider, deposits will be made to each applicable Account in amounts determined as provided in the Supplemental Resolutions authorizing such Senior Swap Agreements or Senior Credit Enhancement Facilities, as the case may be.

Each deposit required by the immediately preceding paragraph will be made by transfer from the following Funds, in the following order of priority: the Revenue Fund (to the extent described above) and the Reserve Fund (but only from the Account therein, if any, established with respect to the series of Bonds for the payment of which such transfer is made, only with respect to the payments to come due prior to the next Transfer Date, and only to the extent authorized by the Supplemental Resolution pursuant to which such Account was established).

To provide for the payment of the redemption price of Senior Bonds to be redeemed on any Redemption Date, other than a Sinking Fund Payment Date for Term Bonds, the Trustee will make deposits to the applicable Accounts within the Redemption Fund from the proceeds of Refunding Bonds, excess amounts in the Loan Fund or the Costs of Issuance Fund, or such other source as may be provided in the Supplemental Resolution authorizing the issuance or redemption of such Senior Bonds.

The moneys in the Accounts within the Redemption Fund required for the payment of principal of and premium, if any, and interest on the Senior Bonds of any series, or for the reimbursement of amounts paid under a Senior Credit Enhancement Facility to pay principal of and premium, if any, and interest on the Bonds, will be applied by the Trustee to the payment of the allocable portions of such amounts when due without further authorization or direction and may be transferred to a Paying Agent, pursuant to State Direction.

Subject to the State Match Restriction and the provisions of the Program Resolution described below under “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Remedies**”, when applicable, amounts on deposit in the Accounts within the Redemption Fund required to be applied on any date on which the balance in such Accounts (giving effect to the State Match Restriction) is not sufficient to pay all amounts payable therefrom on such date will be applied:

first, to the payment of interest on all Senior Bonds, State Swap Payments under Senior Swap Agreements, and fees and reimbursements, allocable to interest payments, payable to Credit Facility Providers under Senior Credit Enhancement Facilities, *pro rata*, among such obligations based upon such amounts then owing to Beneficiaries; and

second, to the payment of Senior Bonds at their stated maturity or on a Redemption Date or the reimbursements, allocable to principal and premium payments, payable to Credit Facility Providers under Senior Credit Enhancement Facilities, *pro rata*, among such obligations based upon such amounts then owing to Beneficiaries.

Moneys in the Redemption Fund may also be applied to the purchase of Senior Bonds at a purchase price (including any brokerage or other charges) not to exceed the principal amount thereof plus accrued interest thereon, as determined by the State at such time, provided the Trustee will have first certified that no deficiencies exist at such time in the Redemption Fund or the Rebate Fund. Any such purchase will be limited to those Senior Bonds whose stated maturity or Sinking Fund Payment Date is the next succeeding Principal Payment Date. Any such purchase of Senior Bonds may be made with or without tenders of Bonds and at either public or private sale.

The moneys in the Redemption Fund will be invested in Permitted Investments as provided in the Program Resolution, and any earnings on or income from such investments in each Account will be transferred to the Interest Receipts Subaccount of the corresponding Account in the Revenue Fund.

Reserve Fund

Upon the delivery of any series of Bonds, and from the proceeds thereof or, at the option of the State, from any other available moneys under the Program Resolution, the Trustee will credit to the Reserve Fund the amount, if any, specified in the Supplemental Resolution authorizing the issuance of that series of Bonds. From time to time, additional amounts will be deposited in the respective Accounts in the Reserve Fund as provided in the Supplemental Resolutions authorizing the series of Bonds secured thereby, to the extent such amounts are available pursuant to the Program Resolution. *No deposit to the Reserve Fund has been made with the proceeds of the Outstanding Bonds, and none of the Outstanding Bonds are expected to be entitled to the benefit of any amount that may be deposited in the Reserve Fund.*

Moneys in each Account of the Reserve Fund will be used and applied solely for the payment when due of principal of and interest on the Bonds of the corresponding series and amounts owing under Senior Other Obligations to the extent provided in the Supplemental Resolution that established such Account, or for the other purposes specified in such Supplemental Resolution, and (in the case of application to pay principal of and interest on the Bonds) will be so used and applied by transfer by the Trustee to the credit of the Redemption Fund, at any time and to the extent that the amount therein and the amounts available for deposit to the credit thereof from the Revenue Fund are insufficient to meet the requirements specified in the Program Resolution for deposit to the credit of the Redemption Fund at such time. Such amounts will be applied, subject to the State Match Restriction, to the payment of principal of and premium, if any, and interest on the Bonds of such series and the payment of Other Obligations related to such series in the order described above under “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Redemption Fund**”. However, on the stated maturity date or any Redemption Date of any Bonds secured by an Account within the Reserve Fund, amounts in such Account will, upon State Direction and subject to the State Match Restriction, be applied to the payment at maturity or redemption of all Outstanding Bonds of the corresponding series, to the extent that such application, and payment of all deposits to be made to the credit of the Rebate Fund required by the Program Resolution upon such redemption, will not reduce the balance of such Account below the applicable Reserve Fund Requirement (calculated as though the Bonds to be retired on such stated maturity date or Redemption Date were not Outstanding as of the date of such calculation).

Pending transfers from the Reserve Fund, the moneys in each Account therein will be invested in Permitted Investments as provided in the Program Resolution, and any earnings on or income from such investments will be transferred to the Interest Receipts Subaccount of the corresponding Account in the Revenue Fund.

Subordinate Redemption Fund

At the time of the initial issuance of any Subordinate Bonds or incurrence of Subordinate Other Obligations, there will be established a Subordinate Redemption Fund and, within such Fund, Accounts that correspond to those within the Redemption Fund, to the extent applicable. The Subordinate Redemption Fund will only be used for the payment when due of principal of and premium, if any, and interest on the Subordinate Bonds and Subordinate Other Obligations.

Rebate Fund

For each issue of Tax-Exempt Bonds, a separate Account shall be established in the Rebate Fund. The State shall determine the rebate amount for each issue of Tax-Exempt Bonds at the times and in the manner required by the Program Resolution and the Code. Upon each such determination, the Trustee shall transfer the rebate amount to the Account in the Rebate Fund relating to the Bonds of that issue. Moneys in an Account in the Rebate Fund shall be paid by the Trustee to the United States at such times and in such amounts as are necessary to comply with the provisions of the Code relating to arbitrage rebate.

Subordinate Reserve Fund

At the time of the initial issuance of any Subordinate Bonds there may be established a Subordinate Reserve Fund, and within such Fund, Accounts and subaccounts that correspond to those within the Reserve Fund, to the extent applicable, to be funded and applied as provided in the Supplemental Resolution authorizing such Subordinate Bonds.

Payment of Bonds

Each Bond certificate will contain on its face a statement to the effect that the State will not be generally liable on the Bonds, that the Bonds will not be a public debt of the State for any purpose whatsoever, and that each Bond will be payable only out of the redemption fund established for such payment.

Representations; Covenants

Authority; Due Execution. The State represents that it is duly authorized under the Constitution and laws of the State, including particularly the Revenue Obligations Act, to issue the Bonds and to adopt the Program Resolution. The State further represents that all action on its part for the issuance of the Bonds and the adoption of the Program Resolution has been duly and effectively taken, and that the Bonds when issued and delivered in accordance with the provisions of the Program Resolution are and will be valid and enforceable enterprise revenue obligations of the State according to the terms thereof and of the Program Resolution.

Agreement of the State. The State pledges and agrees with the Holders of the Bonds and the Other Beneficiaries that the State will not limit or alter its powers to fulfill the terms of any agreements made with the Holders of the Bonds and the Other Beneficiaries or in any way impair the rights and remedies of the Holders of the Bonds or the Other Beneficiaries until the Bonds, together with interest (including interest on any unpaid installments of interest) and all costs and expenses in connection with any action or proceeding by or on behalf of the Holders of the Bonds are fully met and discharged and the Other Beneficiaries are fully discharged or provided for.

Arbitrage and Tax Covenants. The State agrees that it will, to the extent that it may lawfully do so, comply with all requirements of the Code that must be satisfied in order that interest on the Tax-Exempt Bonds be (or continue to be) excluded from gross income for federal income tax purposes.

The State agrees that it will not take any action or fail to take any action with respect to the investment of the proceeds of, or amounts pledged to the payment of, Tax-Exempt Bonds or in any other manner which would

result in constituting such Tax-Exempt Bonds “arbitrage bonds” within the meaning of such term as used in Section 148 of the Code.

The federal tax covenants contained in the Program Resolution will not apply to Taxable Bonds.

Accounts and Reports. The State will keep, or cause to be kept, proper books of record and account in which complete and correct entries will be made of its transactions relating to all Loan Repayments, Debt Obligations, and Fees and Charges, if any, and all Funds and Accounts established by the Program Resolution.

The State will annually, within 180 days after the end of each Fiscal Year, file with the Trustee and with the Rating Agencies a copy of the audited financial report for the preceding Fiscal Year with respect to each Program.

A copy of the independent auditor’s report and financial statements for the Environmental Improvement Fund for the years ended June 30, 2024 and June 30, 2023, is set forth as **APPENDIX A** to this Part VI of the 2024 Annual Report.

Covenants Relating to Loans. The State covenants to (i) diligently enforce and take all steps, actions, and proceedings reasonably necessary in the judgment of the State for the enforcement of all terms, covenants, and conditions of all Financial Assistance Agreements and the Debt Obligations evidencing the Pledged Loans, and (ii) at all times defend, enforce, preserve, and protect the rights and privileges of the State under or with respect to each Pledged Loan and the Financial Assistance Agreements and Debt Obligations evidencing and securing the same. The State has the power and authority to settle a default on any Pledged Loan on such terms as the State will determine to be in the best interests of the State and the Beneficiaries and to forbear from taking action with respect to enforcement of a Pledged Loan if it determines such forbearance to be in the best interests of the State and the Beneficiaries. The State also has the authority to modify the terms and conditions of the Financial Assistance Agreements or Debt Obligations, subject to the limitations in the Program Resolution. See **“SECURITY; Amendment of Loan Terms”**.

Events of Default

Each of the following events constitutes an “Event of Default”:

- (1) The State defaults in the due and punctual payment of any interest on any Bond of the most senior class then Outstanding; or
- (2) The State defaults in the due and punctual payment of the principal of, or premium, if any, on, any Bond of the most senior class then Outstanding, whether at the stated maturity thereof, at the date fixed for redemption thereof (including, but not limited to, Sinking Fund Payment Dates) or otherwise upon the maturity thereof; or
- (3) The State defaults in its obligation to purchase any Bond of the most senior class then Outstanding (or Beneficial Ownership Interests therein) on a Tender Date therefor; or
- (4) The State defaults in the due and punctual payment of any amount owed by the State under a Swap Agreement or Credit Enhancement Facility to any Other Beneficiary, the State’s obligation to which is senior to or on a parity with Bonds of the most senior class then Outstanding; or
- (5) The State defaults in the performance of any of the State’s obligations with respect to the transmittal of moneys to be credited to the Revenue Fund, the Rebate Fund, or the redemption fund established for payment of Bonds of the most senior class then Outstanding (which, in the case of the Senior Bonds, will be the Redemption Fund and, in the case of the Subordinate Bonds, will be the Subordinate Redemption Fund) under the provisions of the Program Resolution and such default continues for a period of 30 days; or
- (6) The State defaults in the performance or observance of any other of the covenants, agreements, or conditions on the part of the State in the Program Resolution or in the Bonds of the most senior class then

Outstanding, and such default continues for a period of 45 days after written notice thereof, specifying such default, has been given to the State by the Trustee, which may give such notice in its discretion and is required to give such notice at the written request of the Acting Beneficiaries Upon Default (and for this purpose the specified percentage will be 25% in aggregate Principal Amount of the Outstanding Bonds of the most senior class) to the State and the Trustee. Except with respect to the State's arbitrage and tax covenants under the Program Resolution, if the default is such that it can be corrected, but not within such 45 days, it will not constitute an Event of Default if corrective action is instituted by the State within such 45 days and is diligently pursued until the default is corrected.

Remedies

If an Event of Default has occurred and is continuing, the Trustee may (1) institute judicial proceedings in its own name and as or on behalf of a trustee of an express trust for the collection of all amounts then payable on the Bonds and any Other Obligations or under the Program Resolution with respect thereto, enforce any judgment obtained, and collect from the State and any other obligor upon such Bonds and Other Obligations moneys adjudged due, and (2) pursue any other available remedy by suit at law or in equity to enforce the covenants of the State in the Program Resolution, including, without limitation, any remedy of a secured party under the Uniform Commercial Code, foreclosure, and mandamus, and may pursue such appropriate judicial proceedings as the Trustee will deem most effective to protect and enforce, or aid in the protection and enforcement of, the covenants and agreements in the Program Resolution.

If an Event of Default has occurred and is continuing, and if it has been requested so to do by the Acting Beneficiaries Upon Default (and for this purpose the specified percentage will be a majority of the aggregate Principal Amount of Outstanding Bonds) and has been indemnified as provided in the Program Resolution, the Trustee will be obliged to exercise such one or more of the rights and powers conferred by the Program Resolution as the Trustee, being advised by its counsel, deems most expedient in the interests of the Beneficiaries. However, the Trustee will have the right to decline to comply with any such request if the Trustee is advised by counsel that the action so requested may not lawfully be taken or if the Trustee receives, before exercising such right or power, contrary instructions from the Holders of not less than a majority in aggregate Principal Amount of the Bonds then Outstanding or from any Other Beneficiary.

Notwithstanding any other default and remedy provisions of the Program Resolution, if a default occurs under a Swap Agreement or a Credit Enhancement Facility and, as a result, the Other Beneficiary that is a party thereto is entitled to exercise one or more remedies thereunder, such Other Beneficiary may exercise such remedies, including, without limitation, the termination of such agreement, as provided therein, in its own discretion so long as the exercise of any such remedy will not adversely affect the legal ability of the Trustee or Acting Beneficiaries Upon Default to exercise any remedy available under the Program Resolution.

No remedy conferred upon or reserved to the Trustee or to the Beneficiaries under the Program Resolution is intended to be exclusive of any other remedy, but each and every such remedy is intended to be cumulative and to be in addition to any other remedy given to the Trustee or to the Beneficiaries under the Program Resolution or now or hereafter existing at law or in equity or by statute.

All moneys received by the Trustee pursuant to the default and remedy provisions of the Program Resolution shall, after payment of the cost and expenses of the proceedings resulting in the collection of such moneys and of the expenses, liabilities, and advances incurred or made by the Trustee with respect thereto, be applied as follows, subject to the State Match Restriction (except that moneys received under Credit Enhancement Facilities shall be applied only to the purposes for which such Credit Enhancement Facilities were provided):

- The Trustee shall apply the amounts to each class in order of priority, namely, Senior Bonds and Senior Other Obligations shall be paid in full before any payment shall be made with respect to Subordinate Bonds and Subordinate Other Obligations.

- Unless the principal of all the Outstanding Bonds of a particular class shall have become due and payable, all such moneys shall be applied to the payment of all principal and interest then due on the Bonds and all amounts due under Other Obligations, as follows:

First, (i) to the Holders of the Bonds, all installments of interest (other than interest on overdue principal) then due and payable, (ii) to the Beneficiaries of Other Obligations, all periodic fees for Credit Enhancement Facilities and reimbursement payments for interest payments advanced under Credit Enhancement Facilities, to the extent provided in the Supplemental Resolutions authorizing such Credit Enhancement Facilities, and (iii) to the appropriate Swap Counterparties, State Swap Payments to the extent provided in the Supplemental Resolutions authorizing the related Swap Agreements, in the order in which such installments of interest or such Other Obligations became due and payable, and if the amount available is not sufficient to pay in full the amounts due on any date, then to the payment, ratably, according to the amounts due on such date; and

Second, (i) to the Holders of the Bonds, the unpaid principal of any of the Bonds which shall have become due and payable (other than Bonds called for redemption for the payment of which money is held pursuant to the provisions of the Program Resolution), with interest on the principal amount of such Bonds at the respective rates specified therein from the respective dates upon which such Bonds became due and payable, (ii) to the Beneficiaries of Other Obligations, reimbursement payments for principal payments advanced under Credit Enhancement Facilities, to the extent provided in the Supplemental Resolutions authorizing such Credit Enhancement Facilities, and (iii) to the appropriate Swap Counterparties, State Swap Payments not paid in clause *First* above, in the order of their stated payment dates, and if the amount available is not sufficient to pay in full the amounts due on any date, then to the payment, ratably, according to the amounts due on such date.

If the principal of all Outstanding Bonds of a particular class shall have become due and payable, all such moneys shall be applied to the payment to the Beneficiaries of the principal and interest then due and unpaid upon the Bonds and all Other Obligations that are on a parity with such class of Bonds, without preference or priority of principal over interest or of interest over principal, or of any installment of interest over any other installment of interest, or of any Beneficiary over any Other Beneficiary, ratably, according to the amounts due.

Supplemental Resolutions

The Program Resolution may not be modified or amended in any respect subsequent to the delivery of fully executed and authenticated Bonds except as provided in and in accordance with and subject to the provisions described below.

Supplemental Resolutions Without Holder Consent. Subject to such additional provisions as a Supplemental Resolution may provide, the Building Commission may, from time to time and at any time, without the consent of or notice to the Beneficiaries, adopt Supplemental Resolutions for any of the following purposes:

- (i) to cure any formal defect, omission, inconsistency, or ambiguity in the Program Resolution; however, no such action may adversely affect the interests of the Beneficiaries who have not consented thereto;
- (ii) to add to the covenants and agreements of the State in the Program Resolution other covenants or agreements, or to surrender any right or power reserved or conferred upon the State, which does not adversely affect the interests of the Beneficiaries who have not consented thereto;
- (iii) to issue a particular series of Bonds as permitted by the Program Resolution or enter into a Swap Agreement or obtain a Credit Enhancement Facility as permitted by the Program Resolution and, in connection therewith, to establish provisions for making deposits to the Redemption Fund to provide

for the payment of any Bonds or Other Obligations and to establish assumptions for computing the Debt Service with respect thereto;

- (iv) to cause the Program Resolution to comply with the requirements of the Trust Indenture Act of 1939, as from time to time amended;
- (v) to provide for the removal of a Fiduciary or the Securities Depository, or the appointment of an additional or successor Fiduciary or a successor Securities Depository;
- (vi) to make any change in the Program Resolution required by any Rating Agency in order to maintain the current, or restore the previous, rating by such Rating Agency on the Bonds, which does not adversely affect the interests of the Beneficiaries who have not consented thereto;
- (vii) to provide for the creation of Funds or Accounts, to which amounts in the Revenue Fund may be credited on any Transfer Date prior to transfer of such amounts to the Subordinate Redemption Fund, or after the transfer of such amounts to such Fund but prior to the transfer of such amounts to the Equity Fund, but in either case only after all transfers therefrom to the Rebate Fund, the Redemption Fund, and (if applicable) the Reserve Fund, or the creation of one or more subordinate classes of Bonds payable from Funds and Accounts created under that or another Supplemental Resolution; however, no such subordinate class of Bonds or Other Obligations may be senior in any respect to any previously created class of Bonds or Other Obligations any of which are then Outstanding, except to the extent specifically authorized or permitted by the Supplemental Resolution authorizing such previously created class or except to the extent consented to by each Beneficiary who would be adversely affected thereby;
- (viii) to pledge additional revenues of the Program(s) to secure the payment of the Bonds or Other Obligations under the Program Resolution;
- (ix) to modify, alter, amend, or supplement the Program Resolution in any other respect which is not materially adverse to the Beneficiaries who have not consented thereto or which is permitted for Bonds of one or more particular series, as provided in the Supplemental Resolution for Bonds of those series, and affects only (1) the Holders of such Bonds and (2) any Other Beneficiaries who have consented thereto;
- (x) to provide for the financing of Loans under the Safe Drinking Water Loan Program (*the Building Commission adopted such a Supplemental Resolution on August 7, 2019*), Loans to Borrowers other than Municipalities, and/or obligations incurred under such additional programs from time to time under the Water Pollution Control Act, the Safe Drinking Water Act, or any other similar State or federally-supported financing program as may be approved by EPA, to the extent such Loans or other obligations are then authorized to be financed with enterprise revenue obligations under the Revenue Obligations Act;
- (xi) to modify, alter, amend or supplement the provisions of the Program Resolution related to the establishment of the Rebate Fund or arbitrage and tax covenants to reflect or conform to amendments made to the Code as it applies to Bonds issued under the Program Resolution; or
- (xii) to modify, alter, amend, or supplement the Program Resolution in any other respect so long as the State has determined that the adoption of such Supplemental Resolution will not result in the withdrawal or downgrade of any rating of the Bonds then maintained by any Rating Agency.

In connection with the adoption of any such Supplemental Resolution, there must be delivered to the Trustee an opinion of Bond Counsel to the effect that such Supplemental Resolution is authorized or permitted by the Program Resolution and the Revenue Obligations Act, complies with their respective terms, will, upon the adoption thereof, be valid and binding upon the State in accordance with its terms, and will not adversely affect

the exclusion of the interest payable on any outstanding Tax-Exempt Bonds from gross income of the Holders of the Bonds for federal income tax purposes pursuant to the Code.

Supplemental Resolutions With Holder Consent. Subject to such additional provisions as a Supplemental Resolution may provide, the Building Commission may, from time to time and at any time, with the prior written consent of the Holders of a majority of the principal amount of each class of Bonds Outstanding affected by such Supplemental Resolution, and with the prior written consent of the Other Beneficiaries, adopt a Supplemental Resolution to modify, alter, amend, or supplement the Program Resolution in any respect. However, no Supplemental Resolution may permit (1) an extension of the stated maturity or reduction in the principal amount of, a reduction in the rate or extension of the time for paying interest on, a reduction of any premium payable on the redemption of, a reduction in the purchase price payable on a Tender Date for, or a reduction in the amount or extension of the time for any principal payment required for any sinking fund or otherwise applicable to, any of the Bonds without the consent of the Holders of all the Bonds and Other Beneficiaries which would be affected by the action to be taken, (2) except as expressly permitted under the Program Resolution, the creation of any security interest prior to or on a parity with the security interest in the Funds and Accounts for the benefit of the Holders of the Bonds and the Other Beneficiaries without the consent of the Holders of all the Bonds Outstanding and the Other Beneficiaries which would be adversely affected by such creation, (3) a reduction in the aggregate principal amounts of Bonds the Holders of which are required to consent to any Supplemental Resolution, without the consent of the Holders of all Bonds at the time Outstanding, or the elimination of a requirement that any Other Beneficiary consent to any Supplemental Resolution, without the consent of any Other Beneficiary which would be affected by the action to be taken, (4) a modification of the rights, duties, or immunities of the Trustee or any Fiduciary without the written consent of the Trustee or such Fiduciary, or (5) the creation of a privilege or priority of any Obligation of one class over any other Obligation of the same class, or of any other class except as provided in the Program Resolution, or the surrender of a privilege or a priority granted by the Program Resolution, to the detriment of another Beneficiary under the Program Resolution.

Redemption and Purchase of Bonds

Right of Redemption. The Bonds of any series are subject to redemption as provided in the Program Resolution and in the Supplemental Resolution creating such series.

Purchase of Bonds. The State may at any time authorize and direct the Trustee to purchase Bonds in the open market out of any funds available for such purpose (subject to the State Match Restriction), such purchases to be made at a price not in excess of the amount specified in the Program Resolution. In addition, the State may, from time to time, direct the Trustee to request the submission of tenders following published notice requesting such submission prior to making the purchases authorized pursuant to the Program Resolution. All Bonds so purchased by the Trustee will be canceled and not reissued.

Defeasance

Any Outstanding Bond (or any portion thereof) will be deemed to have been paid for the purposes of the Program Resolution, and will no longer be entitled to the benefit of the Program Resolution, if there are deposited in an Escrow Account either moneys in an amount sufficient, or Defeasance Securities, the principal of and the interest on which when due, and without any reinvestment thereof, will provide moneys in an amount sufficient, to pay when due the principal of and premium, if any, and interest due and to become due on said Bond (or portion thereof) at or prior to the stated maturity thereof.

The moneys and Defeasance Securities deposited in an Escrow Account held by an escrow agent pursuant to the defeasance provisions of the Program Resolution shall be held in trust and shall not be withdrawn or used for any purpose other than the payment of the principal of and premium, if any, and interest on said Bonds (or

portions thereof) deemed to have been paid in accordance with the defeasance provisions of the Program Resolution.

GLOSSARY

The following definitions apply to capitalized terms used in this Part VI of the 2024 Annual Report:

2015 Bonds means the State of Wisconsin Environmental Improvement Fund Revenue Bonds, 2015 Series A, issued on December 3, 2015.

2017 Bonds means the State of Wisconsin Environmental Improvement Fund Revenue Bonds, 2017 Series A, issued on June 6, 2017.

2018 Bonds means the State of Wisconsin Environmental Improvement Fund Revenue Bonds, 2018 Series A, issued on September 13, 2018.

2020 Bonds means the State of Wisconsin Environmental Improvement Fund Revenue Bonds, 2020 Series A (Green Bonds), issued on May 13, 2020.

2021 Bonds means the State of Wisconsin Environmental Improvement Fund Revenue Bonds, 2021 Series A (Green Bonds), issued on September 16, 2021.

2022 Bonds means the State of Wisconsin Environmental Improvement Fund Revenue Bonds, 2022 Series A (Green Bonds), issued on November 17, 2022.

2024 Bonds means the State of Wisconsin Environmental Improvement Fund Revenue Bonds, 2024 Series A (Green Bonds), issued on February 27, 2024.

Account means any of the accounts in the Funds created by or pursuant to the Program Resolution.

Act means Sections 281.58, 281.59, and 281.61 of the Wisconsin Statutes, as amended from time to time.

Acting Beneficiaries Upon Default means:

- (1) for purposes of the direction of proceedings by the Trustee, the Holders of not less than the specified percentage (as set forth in the applicable provisions of the Program Resolution) of the aggregate Principal Amount of Senior Bonds Outstanding if Senior Bonds are Outstanding and otherwise the Holders of not less than the specified percentage of the most senior class of Bonds Outstanding, and
- (2) for all other purposes under the Program Resolution, any Senior Other Beneficiary or the Holders of not less than the specified percentage of the aggregate Principal Amount of Senior Bonds Outstanding if Senior Bonds or Senior Other Obligations are Outstanding and otherwise the Holders of not less than the specified percentage of Bonds the most senior class any Bonds or Other Obligations of which are Outstanding and any Other Beneficiary of such class.

Aggregate Debt Service Coverage Ratio means, for any Fiscal Year, the ratio of Projected Annual Revenues to Debt Service.

Authorized Commission Representative means any person at the time designated to act on behalf of the State by written certificate furnished to the Trustee containing the specimen signature of such person and signed on behalf of the State by the Capital Finance Director, and also includes the Capital Finance Director.

Balloon Bonds means any series of Bonds, 25% or more of the aggregate principal amount of which mature in a single year.

Balloon Payments means regularly scheduled principal payments with respect to a series of Balloon Bonds that are due in any year in which 25% or more of the aggregate principal amount of such series of Balloon Bonds matures.

Beneficial Owner means the Person in whose name a Bond is recorded as beneficial owner of such Bond by the Securities Depository, Participant, or Indirect Participant, as the case may be.

Beneficial Ownership Interest means the right to receive payments and notices with respect to Bonds which are held by the Securities Depository under a Book-Entry System and for which the Securities Depository does not act on behalf of the Beneficial Owners in connection with the optional or mandatory tender of Bonds on a Tender Date.

Beneficiary means any Holder of Bonds and, to the extent provided in a Supplemental Resolution, any Swap Counterparty and any Credit Facility Provider.

Bond Anticipation Notes means obligations for the funding of which the Building Commission has authorized the issuance of Bonds in a Supplemental Resolution.

Bond Counsel means any Independent Counsel selected by the State and nationally recognized as an attorney or firm of attorneys whose opinions are generally accepted in the municipal bond market and who is familiar with the transactions contemplated under the Program Resolution. Any opinion of Bond Counsel required by the Program Resolution shall be in writing.

Bonds means revenue obligations of the State, however designated and whether Senior or Subordinate, that are issued pursuant to the Program Resolution and payable, in whole or in part, from the Pledged Revenues but does not include Bond Anticipation Notes that are payable solely from the proceeds of Bonds authorized in a Supplemental Resolution.

Book-Entry System means a book-entry system established and operated for the recordation of Beneficial Owners of Bonds pursuant to the Program Resolution and the Supplemental Resolution providing for the issuance of such Bonds.

Borrower means any Person authorized to obtain a Loan under the Act pursuant to either the Clean Water Fund Program or the Safe Drinking Water Loan Program.

Building Commission means the State of Wisconsin Building Commission or any successor body having the power under subchapter II of Chapter 18 of the Wisconsin Statutes (or any successor provision) to authorize and direct the issuance of Bonds.

Capitalization Grant means grants that EPA is authorized to make, pursuant to the Water Pollution Control Act or the Safe Drinking Water Act, to a state to assist in providing financial assistance to municipalities within the state for governmentally-owned water treatment projects and other water pollution abatement projects and to assist public water systems with financing the costs of infrastructure to achieve and maintain compliance with water quality standards and to protect public health.

Capitalization Grant Agreement means an agreement the State has entered into with EPA for receipt of Capitalization Grants.

Clean Water Fund Program means the Clean Water Fund Program as defined in and established by the Act.

Clean Water Revenue Bonds means the State's clean water revenue bonds previously issued under the Prior General Resolution.

Code means the Internal Revenue Code of 1986, as amended. Each reference to a section of the Code in the Program Resolution shall be deemed to include the United States Treasury Regulations in effect or proposed from time to time with respect thereto and applicable to the Bonds or the use of the proceeds thereof.

Costs of Issuance means, except as limited in any Supplemental Resolution, any items of expense directly or indirectly payable by or reimbursable to the State and related to the authorization, sale and issuance of Bonds and the investment of the proceeds thereof, including, but not limited to, printing costs, costs of reproducing

documents, filing and recording fees, initial fees and charges of Fiduciaries, fees, costs and expenses of underwriters, purchasers and placement agents, legal fees and charges, professional consultants' fees, costs of credit ratings, premiums for insurance of the payment of Bonds or any fees and expenses payable in connection with any Credit Enhancement Facilities or Swap Agreements, costs and expenses of refunding of Bonds or any fees and expenses payable in connection with any remarketing agreements, tender agent agreements, or interest rate indexing agreements and other costs, charges, and fees in connection with the original issuance of Bonds.

Costs of Issuance Fund means the Costs of Issuance Fund established by the Program Resolution.

Counterparty Swap Payment means a payment due to or received by the State from or for the account of a Swap Counterparty pursuant to a Swap Agreement (including payments in respect of any early termination of such Swap Agreement), including amounts received by the State under any related guaranty or other credit support in favor of the State given in connection with such Swap Agreement.

Credit Enhancement Facility means, if and to the extent provided for in a Supplemental Resolution, with respect to Bonds of one or more series, (1) an insurance policy insuring, or a letter of credit, surety bond, or other guaranty providing a direct or indirect source of funds for, the payment of principal of and interest on such Bonds or (2) a letter of credit, standby purchase agreement, line of credit, or similar instrument or facility, providing for the purchase of such Bonds (or the Beneficial Ownership Interests therein) on a Tender Date, and in either case, all agreements entered into by the State or the Trustee and the Credit Facility Provider with respect thereto.

Credit Facility Provider means any Person or Persons engaged by the State, pursuant to a Credit Enhancement Facility, to provide credit enhancement or liquidity for the payment of the principal of and interest on Bonds or the State's obligation to purchase Bonds (or the Beneficial Ownership Interests therein) on a Tender Date.

Debt Obligation means an evidence of indebtedness issued by a Borrower evidencing and securing a Loan to such Borrower, which in the case of a Municipality shall be a Municipal Obligation.

Debt Service means the aggregate regularly scheduled principal payments (whether at stated maturity or pursuant to sinking fund redemption requirements), interest payments, and other payments of the State on all Outstanding Bonds and Other Obligations for any Fiscal Year (including any State Swap Payments, less any Counterparty Swap Payments unless the Swap Counterparty is in default with respect to its payment obligations under the related Swap Agreement, and including any fees with respect to Credit Enhancement Facilities). For purposes of calculating such amount:

1. Any Variable Rate Bonds shall, for any future period for which the actual interest rate is not known on the date of determination (that is, on the date on which Debt Service is being calculated), be assumed to bear interest at a rate equal, as applicable, to: (i) if such Variable Rate Bonds bear interest based on a stated index or benchmark rate (including at a stated margin above or below such index or benchmark or a percentage thereof), the rate that would apply based on the daily average of such index or benchmark during the five years preceding the date of such calculation (or if such index or benchmark has not been available for five years, such shorter period during which it has been available) or (ii) if such Variable Rate Bonds do not bear interest based on a stated index or benchmark rate, (A) if such Variable Rate Bonds have been or are to be issued as Tax-Exempt Bonds, the daily average SIFMA Municipal Swap Index during the five years preceding the date of such calculation, or (B) if such Variable Rate Bonds have been or are to be issued as Taxable Bonds, the daily average LIBOR during the five years preceding the date of such calculation. A Supplemental Resolution that contains a determination by the Building Commission that another generally available index or benchmark more closely corresponds to the actual or expected interest rate on any such Variable Rate Bonds may substitute such index or benchmark for the SIFMA Municipal Swap Index or LIBOR, as applicable. *Because LIBOR has been discontinued as an*

available index, the State expects that any Supplemental Resolution authorizing Variable Rate Bonds issued as Taxable Bonds would provide for such a substitute index.

2. All Outstanding Bond Anticipation Notes shall be assumed to be funded at or before the stated maturity thereof, and all Bond Anticipation Notes which have been authorized by a Supplemental Resolution but not yet issued shall be assumed to be issued and immediately funded on the date of determination, in each case by the issuance of Senior Refunding Bonds in the full amount authorized with respect to such Bond Anticipation Notes, maturing according to such amortization schedule as the State may determine (however, the final maturity must not be later than 30 years from the original issuance of the Bond Anticipation Notes), and bearing interest at rates based on the then-applicable rates for comparable maturities of municipal bonds of comparable credit rating, as set forth in such nationally recognized municipal market publication as the State may select (including interest rate scales published by Municipal Market Data, a division of Thomson Reuters).
3. All Balloon Payments shall be assumed to be funded or refunded at or before the stated maturity thereof, by the issuance of Senior Refunding Bonds in the full amount of such Balloon Payment, maturing according to such amortization schedule as the State may determine (however, the final maturity must not be later than 30 years from the original issuance of the related Balloon Bonds), and bearing interest at rates based on the then-applicable rates for comparable maturities of municipal bonds of comparable credit rating, as set forth in such nationally recognized municipal market publication as the State may select (including interest rate scales published by Municipal Market Data, a division of Thomson Reuters).
4. Amounts of principal or interest due on a particular date shall be excluded from the determination of Debt Service to the extent that such amounts are payable from amounts deposited in trust, escrowed, or otherwise set aside for the payment thereof with the Trustee or another Person approved by the State or the Trustee (including amounts in an Escrow Account established in the Redemption Fund pursuant to the Program Resolution).
5. State Swap Payments, Counterparty Swap Payments, and payments with respect to Credit Enhancement Facilities shall be determined based upon such assumptions as may be set forth in the Supplemental Resolution authorizing the related Swap Agreement or the Credit Enhancement Facility, as the case may be, or in a State Direction provided to the Trustee with respect to such Swap Agreement or Credit Enhancement Facility, as provided in the Program Resolution.
6. For purposes of applying the test set forth in the Program Resolution in connection with the issuance of Refunding Bonds, the proceeds of such Refunding Bonds shall be assumed to have been applied on their issuance date for the purposes provided in the Supplemental Resolution authorizing such Refunding Bonds.

Defeasance Securities means, subject to any applicable restrictions relating to investment of Funds or Accounts in the Revenue Obligations Act or otherwise applicable to the Environmental Improvement Fund, and except as limited with respect to any series of Bonds as provided in the Supplemental Resolution authorizing such series:

1. any direct and general obligations of, or any obligations unconditionally guaranteed by, the United States of America, which obligations are not redeemable prior to maturity other than at the option of the holder thereof;
2. obligations of, or unconditionally guaranteed as to payment of principal and interest by, the Federal National Mortgage Association, the Government National Mortgage Association, the Federal Financing Bank, the Federal Intermediate Credit Bank, Federal Banks for Cooperatives, Federal Land Banks, Federal Home Loan Banks, the Farmers Home Administration or the Federal Home Loan Mortgage Corporation, or any other agency or corporation created pursuant to an act of the Congress of the United

States as an agency or instrumentality thereof, which obligations are not redeemable prior to maturity other than at the option of the holder thereof;

3. any obligations of any state or political subdivision of a state (**Municipal Bonds**) that are rated at least the rating then assigned to the Senior Bonds by each Rating Agency and that (i) are fully secured as to principal and interest by an irrevocable pledge of moneys or direct and general obligations of, or obligations unconditionally guaranteed by, the United States of America, which moneys or obligations are segregated in trust and pledged for the benefit of the owners of the Municipal Bonds, and (ii) are not redeemable prior to maturity other than at the option of the holder thereof;
4. certificates of ownership of the principal of or interest on direct and general obligations of, or obligations unconditionally guaranteed by, the United States of America, which obligations are held in trust by a commercial bank which is a member of the Federal Reserve System, which certificates of ownership are not redeemable prior to maturity other than at the option of the holder thereof;
5. the interest component of obligations issued by the Resolution Trust Corporation, which are not redeemable prior to maturity other than at the option of the holder thereof; and
6. securities evidencing ownership interests in open-end management type investment companies or investment trusts registered under the Investment Company Act of 1940, as amended, whose investments are limited to the obligations described in clauses (a) and (b) of the definition of “Permitted Investments” and to repurchase agreements fully collateralized by such obligations, the average maturity of which obligations does not exceed 90 days.

DNR means the State of Wisconsin Department of Natural Resources or any other body succeeding to the authority and responsibilities of the State of Wisconsin Department of Natural Resources under the Act.

DOA means the State of Wisconsin Department of Administration or any other body succeeding to the authority and responsibilities of the State of Wisconsin Department of Administration under the Act.

Environmental Improvement Fund means the separate nonlapsible trust fund created under Section 25.43, Wisconsin Statutes, which includes all the Funds and Accounts created under the Program Resolution and which is a separate fund held in the State treasury.

EPA means the United States Environmental Protection Agency or any successor entity which may succeed to the administration of the programs established by the Water Pollution Control Act or the Safe Drinking Water Act.

Escrow Account means a separate and distinct Account created within the Redemption Fund or the Subordinate Redemption Fund pursuant to the Program Resolution in connection with the defeasance of any Bonds pursuant to the Program Resolution.

Event of Default means one of the events described as such under the heading “**SUMMARY OF CERTAIN PROVISIONS OF PROGRAM RESOLUTION; Events of Default**”.

Equity Fund means the Equity Fund created in the Program Resolution.

Fees and Charges means all fees and charges, if any, charged by the State to Borrowers pursuant to the terms and provisions of Pledged Loans or Financial Assistance Agreements but does not include principal of and interest on, or any prepayment fee or premium with respect to, such Pledged Loans.

Fiduciary means each of the Trustee and any co-trustee, Registrar, Issuing Agent, Paying Agent, or other fiscal agent and includes any agent designated by or on behalf of the Building Commission or a Fiduciary to perform the functions of a Fiduciary. One entity may perform multiple Fiduciary functions, and multiple entities may perform a particular Fiduciary function.

Financial Assistance Agreement means any agreement entered into between DNR, DOA, and a Borrower for financial assistance.

Fiscal Year means the annual period beginning on July 1 of each year and ending on June 30 of the following year.

Fund means any of the funds created by the Program Resolution.

Grant Proceeds means the funds received under a Capitalization Grant award made to the DNR by the EPA under the terms of a Capitalization Grant Agreement.

Holder means the registered owner of any Bond (which shall be the Securities Depository Nominee so long as a Book-Entry System is being used), as shown on the registration books of the State maintained by the Registrar, *except* that to the extent and for the purposes provided in a Supplemental Resolution for a series of Bonds (including for purposes of the definition of “Acting Beneficiaries Upon Default”), a Credit Facility Provider that has delivered a Credit Enhancement Facility with respect to such series of Bonds may instead be treated as the Holder of the Bonds of such series.

Independent Counsel means an Independent Person duly admitted to practice law before the highest court of any state of the United States of America or the highest court of the District of Columbia. Any opinion of Independent Counsel required by the Program Resolution shall be in writing.

Independent Person means a Person designated by the State and not an employee of the State.

Indirect Participant means a broker-dealer, bank, or other financial institution for which the Securities Depository holds Bonds as a securities depository through a Participant.

Interest Payment Date means any date on which interest is due on any Bond pursuant to the Program Resolution and the applicable Supplemental Resolution.

Investment Loans means any Loans that meet the definition of “Permitted Investments” pursuant to clause (o) of that definition below, financed through the application of amounts in the Supplemental Income Fund as provided in the Program Resolution, except that “Investment Loans” shall not include Loans released from the pledge of the Program Resolution as described under “**SECURITY; Disposition of Loans**”.

Issuing Agent means an entity designated by or on behalf of the Building Commission to perform such duties as may be required of the Issuing Agent under the Program Resolution or any Supplemental Resolution.

Legislature means the legislature of the State.

Leveraged Clean Water Portion means that portion of a series of Bonds designated as such in the applicable Supplemental Resolution, as adjusted pursuant to a State Direction, if applicable.

Leveraged Portion means the Leveraged Clean Water Portion and/or the Leveraged Safe Drinking Water Portion of a series of Bonds.

Leveraged Safe Drinking Water Portion means that portion of a series of Bonds designated as such in the applicable Supplemental Resolution, as adjusted pursuant to a State Direction, if applicable.

LIBOR means the London interbank offered rate, an interest rate benchmark that has been discontinued.

Loan means any form of financial assistance subject to repayment, whether or not interest bearing, provided by the State to a Borrower in accordance with a Financial Assistance Agreement for all or any part of the cost of a Project, made pursuant to the Act.

Loan Capitalized Interest means, for any Loan financed in whole or in part by disbursement of amounts in the Loan Fund, the amount, if any, that the State agrees in a Financial Assistance Agreement shall be advanced on behalf of a Borrower as capitalized interest on such Loan, which amount shall be transferred by the Trustee from

the Loan Fund to the Interest Receipts Subaccount(s) of the appropriate Account(s) in the Revenue Fund as provided in the Program Resolution, and which amount shall, when transferred, be deemed to be a Loan disbursement from the Loan Fund to such Borrower.

Loan Fund means the Loan Fund established by the Program Resolution.

Loan Repayment means any payment on a Pledged Loan pursuant to a Financial Assistance Agreement, or on the Debt Obligation evidencing and securing such Pledged Loan, on account of the principal, interest and premium, if any, due on such Pledged Loan, including scheduled payments of principal and interest on such Pledged Loan or Debt Obligation, any payment made to cure a default, prepayments of principal or interest and any additional amounts payable upon prepayment of such Pledged Loan or Debt Obligation, and any amounts paid with respect to such Pledged Loan or Debt Obligation on account of (i) acceleration of the due date of such Pledged Loan or such Debt Obligation, (ii) the sale or other disposition of such Pledged Loan or Debt Obligation and other collateral securing such Pledged Loan, (iii) the receipt of proceeds of any insurance, letter of credit or other guaranty of such Pledged Loan or Debt Obligation, (iv) payments with respect to such Pledged Loan pursuant to Section 281.59 (13m) of the Wisconsin Statutes (that is, the State moral obligation), and (v) the exercise or any right or remedy granted to the State and available under law or the applicable Financial Assistance Agreement or Debt Obligation upon default on such Pledged Loan or Debt Obligation (including by recourse to collateral and security devices under the Debt Obligation), but specifically excluding Fees and Charges.

Municipal Obligation means the Debt Obligation, in the form of a bond, note or other evidence of debt issued by any Municipality and authorized by law, which has been or shall be acquired by the State as evidence of indebtedness of a Loan to the Municipality pursuant to the Act.

Municipality means a political subdivision of the State or a federally recognized American Indian tribe or band located within the State, in either case constituting a “municipality” within the meaning of the Act.

Other Beneficiary means a Person who is a Beneficiary of an Other Obligation.

Other Obligation means, to the extent provided in a Supplemental Resolution, the State’s obligations to pay any amounts under any Swap Agreements and any Credit Enhancement Facilities.

Outstanding means, (1) when used in reference to the Bonds as of any given date, all Bonds which have been duly authenticated and delivered by the Registrar or Issuing Agent under the Program Resolution *except*:

- (a) Bonds which have been canceled by the Registrar at or before such date or which have been delivered to the Registrar at or before such date for cancellation;
- (b) Bonds deemed to be paid in accordance with Article VI of the Program Resolution (relating to defeasance);
- (c) Bonds in lieu of which other Bonds have been authenticated under the Program Resolution;
- (d) Bonds not surrendered for payment when due (unless the State shall default in the payment thereof); and
- (e) Bonds which are otherwise not treated as Outstanding pursuant to the terms of the Supplemental Resolution providing for their issuance; and

(2) when used with respect to Other Obligations, means any Other Obligations which have become, or may in the future become, due and payable and which have not been paid or otherwise satisfied.

Participant means a broker-dealer, bank, or other financial institution for which the Securities Depository holds Bonds as a securities depository.

Paying Agent means the Trustee or another agent of the State designated by or on behalf of the Building Commission to process payments to Holders of the Bonds.

Permitted Investments means, subject to any applicable restrictions relating to investment of Funds or Accounts in the Revenue Obligations Act (including particularly Sections 18.561 (5) and 18.57 (3), Wisconsin Statutes) or otherwise applicable to the Environmental Improvement Fund, any of the following:

- (a) Any bonds or other obligations which the timely payment of principal and interest constitutes direct obligations of, or are unconditionally guaranteed by, the United States of America, including obligations of any of the federal agencies set forth in clause (c) of this definition to the extent unconditionally guaranteed by the United States of America.
- (b) Any bonds or other obligations of any state of the United States of America or of any agency, instrumentality or local governmental unit of any such state (i) which are not callable prior to maturity or as to which irrevocable instructions have been given to the trustee of such bonds or other obligations by the obligor to give due notice of redemption and to call such bonds for redemption on the date or dates specified in such instructions, (ii) which are secured as to principal and interest and redemption premium, if any, by a fund consisting only of cash or bonds or other obligations of the character described in clause (a) of this definition, which fund may be applied only to the payment of such principal of and interest and redemption premium, if any, on such bonds or other obligations on the maturity date or dates thereof or the redemption date or dates specified in the irrevocable instructions referred to in subclause (i) of this clause (b), as appropriate, and (iii) as to which the principal of and interest on bonds or other obligations of the character described in clause (a) of this definition which have been deposited in such fund along with any cash on deposit in such fund are sufficient to pay principal of and interest and redemption premium, if any, on the bonds or other obligations described in this clause (b) on the maturity date or dates thereof or on the redemption date or dates specified in the irrevocable instructions referred to in subclause (i) of this clause (b), as appropriate; and that are rated at the date of purchase at least the Required Rating for Permitted Investments.
- (c) Bonds, debentures or other evidences of indebtedness issued or guaranteed by any agency or corporation which has been or may hereafter be created pursuant to an act of Congress as an agency or instrumentality of the United States of America.
- (d) The interest component of obligations issued by the Resolution Trust Corporation, which are not redeemable prior to maturity other than at the option of the holder thereof.
- (e) Obligations of any state of the United States of America or any political subdivision thereof or any agency or instrumentality of any such state or political subdivision which are rated at least the Required Rating for Permitted Investments.
- (f) Certificates or other instruments that evidence ownership of the right to payments of principal of or interest on obligations of any state of the United States of America or any political subdivision thereof or any agency or instrumentality of any state or political subdivision, if (i) such obligations are held in trust by a commercial bank which is a member of the Federal Reserve System and meets the eligibility requirements for a Trustee under the Program Resolution, and (ii) payment of all principal of and interest on such certificates or such obligations is fully insured or unconditionally guaranteed by, or unconditionally payable pursuant to a credit support arrangement provided by, one or more financial institutions or insurance companies or associations the debt of which is rated at least the Required Rating for Permitted Investments, or, in the case of an insurer providing municipal bond insurance policies insuring the payment when due of the principal of and interest on municipal bonds, such insurance policy results in such municipal bonds being rated at least the Required Rating for Permitted Investments.
- (g) Certificates that evidence ownership of the right to payments of principal of or interest on obligations described in clause (a) of this definition, provided that such obligations are held in trust by a commercial

bank which is a member of the Federal Reserve System and meets the eligibility requirements for a Trustee under the Program Resolution.

- (h) Certificates of deposit, whether negotiable or non-negotiable, and banker's acceptances of any bank in the United States of America which is rated at least the Required Rating for Permitted Investments.
- (i) Commercial paper, other than that issued by bank holding companies, the debt of which is rated at least the Required Rating for Permitted Investments.
- (j) Written repurchase contracts, reverse repurchase contracts or securities lending agreements (collateralized by cash or securities) that satisfy the criteria for being rated at least the Required Rating for Permitted Investments.
- (k) Shares of an investment company organized under or a money market fund regulated under the Investment Company Act of 1940, as amended, or units of a common trust fund, which satisfies the criteria for being rated at least the Required Rating for Permitted Investments.
- (l) Any agreement for an investment of money with a Qualified Institution, provided that such agreement (or the debt of the Qualified Institution) must (i) be rated at least the Required Rating for Permitted Investments at the time such agreement is entered into or (ii) be collateralized with cash or securities in such manner as required for a Required Rating for Permitted Investments. **Qualified Institution** means any entity, the unsecured long-term debt obligations of which are rated at least the Required Rating for Permitted Investments.
- (m) obligations secured or supported by a letter of credit, contract, guaranty, agreement or surety bond issued by an entity the obligations of which are rated at least the Required Rating for Permitted Investments.
- (n) any investment agreements or debt obligations rated at least the Required Rating for Permitted Investments.
- (o) Loans or other obligations incurred under the Clean Water Fund Program or the Safe Drinking Water Loan Program (including Loans made with bonds issued pursuant to the Prior General Resolution).
- (p) The local government pooled-investment fund managed by the State of Wisconsin Investment Board pursuant to Section 25.50 of the Wisconsin Statutes.
- (q) Any other investment that the State is authorized to make pursuant to the Act and the Revenue Obligations Act and that is rated at least the Required Rating for Permitted Investments.

Person means any natural person, firm, association, corporation, company, trust, partnership, public body, or other entity.

Pledged Loans means (i) all Loans financed through the application of amounts in the Loan Fund as provided in the Program Resolution, (ii) all Investment Loans, and (iii) any other Loans designated as such by the State under the Program Resolution pursuant to the provisions thereof, except that "Pledged Loans" shall not include Loans released from the pledge of the Program Resolution as described under "**SECURITY; Disposition of Loans**".

Pledged Revenues means (i) all Loan Repayments, including both timely and delinquent payments; (ii) any moneys received by the State under Section 281.59 (11) (b) of the Wisconsin Statutes (that is, State Aid payments intercepted by DOA, and taxes collected by county treasurers) upon a default under a Municipal Obligation that evidences and secures a Pledged Loan; (iii) all Counterparty Swap Payments; (iv) except as limited as provided in the Supplemental Resolution authorizing such Credit Enhancement Facility, all amounts received with respect to the payment of Bonds pursuant to a Credit Enhancement Facility; (v) earnings or income from investments of moneys in the Funds and Accounts that are payable into the Revenue Fund (without

double-counting any earnings on or income from Investment Loans); (vi) any other moneys held or received by the State or the Trustee relating to any Debt Obligation that evidences and secures a Pledged Loan; and (vii) any other revenues of the Program(s) pledged to secure Bonds by a Supplemental Resolution adopted pursuant to the Program Resolution.

Principal Amount when used with respect to a Bond, means the then outstanding principal amount of such Bond. To the extent provided in the Supplemental Resolution for Bonds of a series that pay interest less frequently than semiannually, accrued interest or amortized original issue discount with respect to such Bond shall be treated as principal, and to the extent provided in the Supplemental Resolution for Bonds of a series that bear no interest, only the purchase price plus amortized original issue discount shall be treated as principal.

Principal Payment Date means the stated maturity date of principal of any Serial Bond, the Sinking Fund Payment Date for any Term Bond, and any other Redemption Date for any Bond.

Prior General Resolution means 1991 State of Wisconsin Building Commission Resolution 5, entitled “State of Wisconsin Clean Water Revenue Bond General Resolution,” as amended.

Program means the Clean Water Fund Program or the Safe Drinking Water Loan Program.

Program Resolution means the 2015 State of Wisconsin Building Commission Resolution 10, entitled “Program Resolution for State of Wisconsin Environmental Improvement Fund Revenue Obligations”, adopted by the Building Commission on October 7, 2015, as amended and restated by 2017 State of Wisconsin Building Commission Resolution 2, entitled “Amended and Restated Program Resolution for State of Wisconsin Environmental Improvement Fund Revenue Obligations”, adopted by the Building Commission on February 15, 2017, as supplemented and amended from time to time by Supplemental Resolutions.

Project means any project for the planning, design, acquisition, construction, improvement, repair, reconstruction, modification, renovation or expansion of any wastewater collection or treatment system or water supply system, or other project that is eligible for financing by the State pursuant to the Act.

Projected Annual Revenues means, for any Fiscal Year, the sum of (i) the aggregate amount of Loan Repayments scheduled to come due during such Fiscal Year (based on the State’s estimated schedule for disbursement of Loans), excluding any such payments with respect to Pledged Loans that are in default, and (ii) the aggregate amount that the State estimates will be received during such Fiscal Year as earnings or income from investments of moneys in the Funds and Accounts that are payable into the Revenue Fund (without double-counting any earnings on or income from Investment Loans).

Rating Agency means, at any time, any nationally recognized securities rating agency which then provides a rating on the Bonds at the request of the State (which request may be withdrawn) and includes the successors and assigns of any such agency.

Rebate Fund means the Rebate Fund created in the Program Resolution.

Redemption Date means the date fixed for redemption of any Bond pursuant to the Program Resolution and the applicable Supplemental Resolution.

Redemption Fund means the Redemption Fund created in the Program Resolution.

Refunding Bonds means Bonds issued or to be issued to provide for the payment of principal of (and, to the extent provided by the Supplemental Resolution authorizing the issuance thereof, premium, if any, and interest on) Bonds previously issued under the Program Resolution or to fund Bond Anticipation Notes.

Registrar means the Trustee or any other agent of the State designated by or on behalf of the Secretary of DOA to maintain the registration books for the Bonds.

Required Rating for Permitted Investments means:

- (a) in the case of investment securities or debt obligations to which long-term debt ratings apply, that such securities or obligations (or where applicable, other securities or obligations of the issuer thereof) are rated by each Rating Agency at least “AA-,” “Aa3” or their equivalent, and
- (b) in the case of investment securities or debt obligations to which short-term debt ratings apply, that such securities or obligations (or where applicable, other securities or obligations of the issuer thereof) are rated by each Rating Agency in its highest applicable rating category,

in each case, without regard to numerical or other modifiers of such rating categories.

Reserve Fund means the Reserve Fund created in the Program Resolution.

Reserve Fund Requirement means, with respect to any Account within the Reserve Fund, the amount established as such in the Supplemental Resolution pursuant to which such Account is established, which may be expressed as a percentage of the Outstanding Bonds secured by such Account, as a stated dollar amount, or in any other manner. In calculating the Reserve Fund Requirement, all Bonds to be redeemed or defeased by a series of Refunding Bonds shall be deemed not Outstanding as of the date of calculation.

Revenue Fund means the Revenue Fund created in the Program Resolution.

Revenue Obligations Act means Subchapter II of Chapter 18 of the Wisconsin Statutes and any other enactment by the Legislature that shall authorize the issuance of revenue obligations of the nature of the Bonds on behalf of the State.

Safe Drinking Water Act means the federal Safe Drinking Water Act, 42 U.S.C. Section 300f *et seq.*, as amended from time to time, or any successor provisions.

Safe Drinking Water Loan Program means the Safe Drinking Water Loan Program as defined in and established by the Act.

Securities Depository means the securities depository and any substitute for or successor to such securities depository that shall, at the request of the Building Commission, maintain a Book-Entry System with respect to the Bonds.

Securities Depository Nominee means the Securities Depository or the nominee of the Securities Depository in whose name the Bonds are registered during the continuation with such Securities Depository of participation in its Book-Entry System.

Senior means, (1) when used with respect to a Bond, a Bond of a series designated (or deemed to have been designated) as such pursuant to the Program Resolution and the Supplemental Resolution pursuant to which such series of Bonds is issued, (2) when used with respect to a Credit Enhancement Facility, a Credit Enhancement Facility designated (or deemed to have been designated) as such pursuant to the Program Resolution and the Supplemental Resolution pursuant to which such Credit Enhancement Facility is obtained by the State, and (3) when used with respect to a Swap Agreement, a Swap Agreement designated (or deemed to have been designated) as such pursuant to the Program Resolution and the Supplemental Resolution pursuant to which such Swap Agreement is obtained by the State. A Supplemental Resolution may provide that only certain obligations with respect to Bonds, Credit Enhancement Facilities or Swap Agreements are Senior. Payments in respect of any early termination of a Swap Agreement may not be designated as Senior.

Senior Debt Service means Debt Service, computed without taking into account Subordinate Bonds and Other Subordinate Obligations.

Senior Debt Service Coverage Ratio means, for any Fiscal Year, the ratio of Projected Annual Revenues to Senior Debt Service.

Serial Bonds means all Bonds other than Term Bonds.

Sinking Fund Payment Date means the date on which any Term Bond is to be called for redemption pursuant to the sinking fund requirements of the Supplemental Resolution providing for the issuance thereof or, if not redeemed, the stated maturity date thereof.

State means the State of Wisconsin.

State Aid means aid that counties, cities, villages, and towns receive from the State (including primarily, but not limited to, pursuant to Chapter 79 of the Wisconsin Statutes).

State Certificate means a certificate signed by an Authorized Commission Representative and delivered to the Trustee or, if required by the context in which such term is used, to any other Fiduciary.

State Direction means a direction to the Trustee or, if required by the context in which such term is used, to any other Fiduciary and signed by an Authorized Commission Representative.

State Match means the amount of matching State funds required under the Water Pollution Control Act or the Safe Drinking Water Act, which presently equals not less than 20% of the amount of funds available under the applicable Capitalization Grant Agreement.

State Match Clean Water Portion means that portion of a series of Bonds designated as such in the applicable Supplemental Resolution, as adjusted pursuant to a State Direction, if applicable.

State Match Portion means the State Match Clean Water Portion and/or the State Match Safe Drinking Water Portion of a series of Bonds.

State Match Restriction means the prohibition set forth in the Program Resolution against using Grant Proceeds and principal repayments of Pledged Loans to pay amounts due with respect to State Match Portions.

State Match Safe Drinking Water Portion means that portion of a series of Bonds designated as such in the applicable Supplemental Resolution, as adjusted pursuant to a State Direction, if applicable.

State Swap Payment means a payment due to a Swap Counterparty from the State pursuant to the applicable Swap Agreement (including, but not limited to, payments in respect of any early termination of such Swap Agreement).

Subordinate means, after the adoption of a Supplemental Resolution pursuant to the Program Resolution to provide for the creation of a class of Bonds or Other Obligations that is subordinate to Senior Bonds, (1) when used with respect to a Bond, a Bond of a series designated as such pursuant the Program Resolution and the Supplemental Resolution pursuant to which such series of Bonds is issued, (2) when used with respect to a Credit Enhancement Facility, a Credit Enhancement Facility designated as such pursuant to the Program Resolution and the Supplemental Resolution pursuant to which such Credit Enhancement Facility is obtained by the State, and (3) when used with respect to a Swap Agreement, a Swap Agreement designated as such pursuant to the Program Resolution and the Supplemental Resolution pursuant to which such Swap Agreement is obtained by the State. A Supplemental Resolution may provide that only certain obligations with respect to Bonds, Credit Enhancement Facilities or Swap Agreements are Subordinate.

Subordinate Redemption Fund means the Subordinate Redemption Fund created in the Program Resolution.

Supplemental Income Fund means the Supplemental Income Fund created in the Program Resolution.

Supplemental Resolution means a resolution adopted by the Building Commission in accordance with the Program Resolution to supplement or amend the Program Resolution.

Swap Agreement means an interest rate exchange agreement or other interest rate hedge agreement between the State and a Swap Counterparty, for the purpose of (1) converting, in whole or in part, (a) the State's fixed interest rate liability on all or a portion of any Bonds to a variable interest rate liability, (b) the State's variable interest rate liability on all or a portion of any Bonds to a fixed interest rate liability, or (c) the State's variable

interest rate liability on all or a portion of any Bonds to a different variable interest rate liability, or (2) providing a maximum or minimum with respect to the State's variable interest rate liability on all or a portion of any Bonds.

Swap Counterparty means any Person with whom the State shall, from time to time, enter into a Swap Agreement.

Taxable Bonds means Bonds of a series that are not offered on the basis that interest on the Bonds of that series is excluded from gross income of the Beneficial Owners for federal income tax purposes pursuant to the Code, as designated in the Supplemental Resolution authorizing such Bonds.

Tax-Exempt Bonds means Bonds of a series are offered on the basis that interest on the Bonds of that series is excluded from gross income of the Beneficial Owners for federal income tax purposes pursuant to the Code, as designated in the Supplemental Resolution authorizing such Bonds.

Tender Date means, with respect to any Bond or Beneficial Ownership Interest, a date on which such Bond or Beneficial Ownership Interest is required to be tendered for purchase by or on behalf of the State, or has been tendered for purchase by or on behalf of the State pursuant to a right given the Holder or Beneficial Owner of such Bond, in accordance with the provisions in the Supplemental Resolution providing for the issuance thereof.

Term Bonds means Bonds which are subject to mandatory redemption on Sinking Fund Payment Dates according to a schedule provided in or pursuant to the Supplemental Resolution providing for the issuance of such Bonds.

Transfer Date means each June 1 and December 1, commencing June 1, 2016.

Trustee means U.S. Bank Trust Company, National Association, as successor to U.S. Bank National Association, or any successor entity designated by or on behalf of the Building Commission to have custody of the Funds and Accounts and to perform such other duties as may be required of the Trustee under the Program Resolution or any Supplemental Resolution.

Variable Rate Bonds means Bonds whose interest rate is not fixed for the entire remaining term of such Bonds, but varies on a periodic basis as specified in the Supplemental Resolution providing for the issuance thereof.

Water Pollution Control Act or **Water Quality Act** means subchapter VI of the federal Water Pollution Control Act, 33 U.S.C. Section 1381 *et seq.*, as amended from time to time, or any successor provisions.

APPENDIX A

AUDITED FINANCIAL STATEMENTS

The following are the independent auditor's report and financial statements for the Environmental Improvement Fund for the years ended June 30, 2024 and June 30, 2023, along with supplemental information as of June 30, 2024. Any websites listed in the independent auditor's report and the financial statements are not incorporated by reference into this Part VI of the 2024 Annual Report.

Financial statements present the financial position, results of operations, and cash flows of the Environmental Improvement Fund for the fiscal years ended June 30, 2024 and June 30, 2023. These financial statements are not intended to predict future cash flows that will be available for the benefit of the owners of the Bonds pursuant to the Program Resolution.

Baker Tilly US, LLP, the independent auditor of the Environmental Improvement Fund, has not been engaged to perform and has not performed, since the date of its reports included on the following pages, any procedures on the financial statements addressed in those reports. Baker Tilly US, LLP also has not performed any procedures related to this Part VI of the 2024 Annual Report.

{This page number is the last sequential page number of the 2024 Annual Report to be used in Part VI of the 2024 Annual Report. The following uses page numbers from the financial statements and independent auditor's report. The sequential page numbers for the 2024 Annual Report continue in Part VII.}

Independent Auditors' Report

To the Secretary of the Department of Administration and the Secretary
of the Department of Natural Resources of the State of Wisconsin
State of Wisconsin Environmental Improvement Fund

Report on the Audit of the Financial Statements

Opinion

We have audited the financial statements of the State of Wisconsin Environmental Improvement Fund, an enterprise fund of the State of Wisconsin, as of and for the years ended June 30, 2024 and 2023, and the related notes to the financial statements, as listed in the table of contents.

In our opinion, the accompanying financial statements referred to above present fairly, in all material respects, the financial position for the State of Wisconsin Environmental Improvement Fund, as of June 30, 2024 and 2023, and the changes in financial position and cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America.

Basis for Opinion

We conducted our audits in accordance with auditing standards generally accepted in the United States of America (GAAS) and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*). Our responsibilities under those standards are further described in the Auditors' Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the State of Wisconsin Environmental Improvement Fund and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Emphasis of Matter

As discussed in Note 1, the financial statements of the State of Wisconsin Environmental Improvement Fund, are intended to present the financial position and the changes in the financial position of only the State of Wisconsin Environmental Improvement Fund. They do not purport to, and do not, present fairly the financial position of the State of Wisconsin, as of June 30, 2024, and 2023, and the changes in financial position, or cash flows for the years then ended in accordance with accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to this matter.

Responsibilities of Management for the Financial Statements

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America; and for the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibilities for the Audit of the Financial Statements

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditors' report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS and *Government Auditing Standards* will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS and *Government Auditing Standards*, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the State of Wisconsin Environmental Improvement Fund's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings and certain internal control-related matters that we identified during the audit.

Required Supplementary Information

Management has omitted management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic or historical context. Our opinion on the financial statements is not affected by this missing information.

Supplementary Information

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The Statement of Net Position by Program, Statement of Revenues, Expenses, and Changes in Net Position by Program, and the Statement of Cash Flows by Program as listed in the table of contents are presented for purposes of additional analysis and are not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information are fairly stated in all material respects, in relation to the financial statements as a whole.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 1, 2024 on our consideration of the State of Wisconsin Environmental Improvement Fund's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is solely to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the State of Wisconsin Environmental Improvement Fund's internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the State of Wisconsin Environmental Improvement Fund's internal control over financial reporting and compliance.

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements
June 30, 2024 and 2023

1. Nature of Operations and Summary of Significant Accounting Policies

Reporting Entity

The State of Wisconsin Environmental Improvement Fund (the Fund) is an enterprise fund of the State of Wisconsin (the State) administered by the State of Wisconsin Department of Natural Resources (the DNR) and the State of Wisconsin Department of Administration (the DOA).

The Fund was established with the adoption of the 1997-1999 State of Wisconsin budget. The Fund replaced the Clean Water Fund Program and expanded loan activity to include drinking water system loans and brownfield loans. The Fund provides for two separate environmental financing programs: the Clean Water Fund Program (which includes the Land Recycling Loan Program) and the Safe Drinking Water Loan Program.

The Clean Water Fund Program was established in 1990 and provides financial assistance to municipalities at subsidized interest rates for the purpose of constructing or improving municipal wastewater facilities. The Safe Drinking Water Loan Program was established in 1997 and provides municipal loans for the construction or repair of municipal drinking water facilities. The following four loan portfolios have historically and continue to comprise the Environmental Improvement Fund for reporting purposes, and are based on the source of funds:

- **Direct Loan Portfolio** - This portfolio is funded by the U.S. Environmental Protection Agency (the EPA) grants and proceeds from the issuance of Environmental Improvement Fund Revenue Bonds (which revenue bonds are issued, in part, to meet the 20% match of EPA capitalization grants). Repayments from loans in this portfolio are also used to fund new loans. Loans in this portfolio are made for wastewater projects of the Clean Water Fund Program.
- **Leveraged Loan Portfolio** - This portfolio was funded by proceeds of Clean Water Revenue Bonds and operating transfers from the State. Assets in this portfolio were used for loans for Wisconsin municipal wastewater projects that met applicable State eligibility and reporting requirements of the Clean Water Fund Program. During fiscal 2017, all of the Clean Water Revenue Bonds were economically or legally defeased and the municipal loans were sold to and purchased by the Direct Loan Portfolio (see Note 6). This fund has been closed in the current fiscal year.
- **Proprietary Loan/Grant Portfolio** - This portfolio is funded by operating transfers from the State. Assets of this portfolio are used to fund both loans and previously awarded hardship grants for qualifying wastewater projects. Repayments from loans in this portfolio may be used to fund new loans, previously awarded hardship grants under the Clean Water Fund Program, or other allowable uses.
- **Safe Drinking Water Loan Portfolio** - This portfolio is funded by the EPA grants, operating transfers from the State and proceeds from the issuance of Environmental Improvement Fund Revenue Bonds (which revenue bonds are issued, in part, to meet the 20% match of EPA grants). Repayments from loans in this portfolio are also used to fund new loans. Loans in this portfolio are made for drinking water projects under the Safe Drinking Water Loan Program.

The issuance of Environmental Improvement Fund Revenue Bonds is pursuant to a program resolution that was adopted in 2015 for a new revenue bond program.

The Land Recycling Loan Program was a municipal loan program for the remediation of contaminated lands. As of June 30, 2024 and 2023, there were ten loans granted under this program for a total of \$15,218,891. As of June 30, 2024 and 2023, the total amount drawn on these loans was \$13,500,343. The Land Recycling Program loans are included in the Clean Water Fund Program - Direct Loan Portfolio for reporting purposes. 2023 Wisconsin Act 6, enacted on May 8, 2023, eliminated the Land Recycling Loan Program. All statutory requirements remain for the outstanding loan, including repayments to the Clean Water Fund program.

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements

June 30, 2024 and 2023

Net Operating Income/Loss

The Fund incurred net operating income of \$22.5 million and a net operating income of \$24.9 million in 2024 and 2023, respectively. However, management anticipates the Fund will periodically incur net operating losses. As explained in Note 2, a loss will generally result from the Fund's statutory mission to provide loans to municipalities at interest rates below the Fund's own cost of funds. Previous losses have historically been funded by EPA grants and operating transfers from the State of Wisconsin. EPA grants were approximately \$134.8 million and \$103.8 million in 2024 and 2023, respectively and are classified as intergovernmental grants. Transfers from the State of Wisconsin were approximately \$0.2 and \$0 million in 2024 and 2023, respectively and are classified as transfers in. Management expects the grants and transfers will continue for the foreseeable future sufficient to fund both the anticipated future net operating losses and, together with additional borrowing, to fund additional loans to municipalities.

Loans Receivable

Loans receivable are recorded at cost. Direct costs to originate loans are not material and are expensed as incurred. Fees received to originate loans are not material and are recorded as income when received.

Interest on Loans Receivable

Interest on loans receivable is recognized on an accrual basis and recorded within Due from Other Governmental Entities on the statements of net position.

Investments

The Fund may invest in direct obligations of the United States and Canada, securities guaranteed by the United States, certificates of deposit issued by banks in the United States and solvent financial institutions in the State, commercial paper and nonsecured corporation notes and bonds, bankers acceptances, participation agreements, privately placed bonds and mortgages, common and preferred stock and other securities approved by applicable sections of the Wisconsin Statutes, bond resolutions and various trust indentures (see Note 3).

Investments that are stated at fair value includes the State Investment Fund (SIF) (see Note 3). The Fund has received fair value information for investments from external sources. Changes in the fair value of investments are included in investment income. Accrued interest on investments is recorded as earned. To the extent interest income on investments exceeds applicable arbitrage limits specified in the Internal Revenue Code; the amount that must be rebated (estimated arbitrage) to the U.S. Treasury is recorded as a reduction of investment income (see Note 7). Investment transactions are recorded on the trade date.

Comparative Data

Certain amounts presented in the prior year data may have been reclassified in order to be consistent with the current year's presentation.

Revenue Obligation Bonds

Interest expense on revenue obligation bonds is recognized on an accrual basis.

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements
June 30, 2024 and 2023

Deferred Outflows of Resources

A deferred outflow of resources represents a consumption of net position that applies to a future period and will not be recognized as an outflow of resources (expense) until that future time.

The Fund defers the difference between the reacquisition price and the net carrying amount of defeased debt and amortizes it as a component of interest expense over the shorter of the remaining life of the old debt or the life of the new debt. The unamortized deferred charge related to debt defeasance is classified as a deferred outflow of resources.

Cash Equivalents

The Fund considers all highly liquid investments with an original maturity of three months or less when purchased to be cash equivalents.

Cash and cash equivalents in the Direct Loan Portfolio, Leveraged Loan Portfolio and Safe Drinking Water Portfolio, while classified as unrestricted assets under accounting principles generally accepted in the United States (GAAP), are restricted as to use under federal statute and code and under the Environmental Improvement Fund Bond covenants and indenture. Those federal restrictions require that, with few exceptions, the funds can only be used for purposes of making loans to municipalities for program purposes and that the funds must be kept available in perpetuity for such purposes. Likewise, the Environmental Improvement Fund Bond indenture specifies the use of bond proceeds, proceeds from loan repayments and money in other accounts created under the bond indenture.

Deferred Inflows of Resources

A deferred inflow of resources represents an acquisition of net position that applies to a future period and therefore will not be recognized as an inflow of resources (revenue) until that future time.

Net Position

Net position is classified as either restricted or unrestricted based on the presence or absence of restrictions, including federal laws, the Clean Water Act of 1987, resolutions, state statutes and Title XIV of the 1996 Safe Drinking Water Act, as amended. When both restricted and unrestricted resources are available for use, restricted resources are used first, then unrestricted as they are needed.

Revenue Recognition

Loan interest and investment income are recognized as revenue when earned. Operating grants are recognized as revenue in the period the related expense occurs and include \$134.8 million and \$103.8 million of EPA contributions in 2024 and 2023, respectively.

Hardship Grants

Hardship grants are recognized as an expense when the funds are disbursed.

Transfers In / (Out)

Transfers in consist primarily of contributions from the State of Wisconsin and are recognized as the contributions are received. Transfers out consist primarily of items related to debt service.

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements
June 30, 2024 and 2023

Estimates

The preparation of financial statements in conformity with generally accepted accounting principles requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements and the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

Claims and Judgments

Claims and judgments are recorded as liabilities if all the conditions of Governmental Accounting Standards Board pronouncements are met. Claims and judgments are recorded as expenses when the related liabilities are incurred. Refer to Note 10 on commitments and contingencies.

2. Financial Assistance Agreements to Local Governments

Loans to local governments at June 30, 2024 and 2023 represent loans for wastewater treatment projects or drinking water projects and are for terms of up to 30 years. These loans are made at a variety of prescribed interest rates based on project type categories. In order to effectuate statutory policy, virtually all of the loans issued by the Clean Water Fund Program and Safe Drinking Water Loan Program are at interest rates that are below the market rate that is established by the State. The net losses that can result from this negative interest margin are funded by State transfers. Interest rates on loans receivable ranged from 0% to 4.09% in both 2024 and 2023. The weighted average interest rate was 2.034% and 2.048% at June 30, 2024 and 2023, respectively. The loans contractually are revenue obligations or general obligations of the local governments or both. Additionally, various statutory provisions exist which provide further security for payment.

In the event of a default, the State can intercept State aid payments due to the applicable local government, induce an additional charge to the amount of property taxes levied by the county in which the applicable local government is located or both. Accordingly, no reserve for loan loss is deemed necessary. At June 30, 2024 and 2023, all loan repayments were performing in accordance with the contractual terms.

Principal forgiveness, awarded through the Clean Water Fund Program and Safe Drinking Water Loan Program, is an additional subsidy in the form of a grant, to assist municipalities that would experience significant difficulty in raising the revenue necessary to finance needed infrastructure projects. From July 1, 2023 through June 30, 2024, these programs entered into financial assistance agreements that included principal forgiveness grants of \$42,567,894.

Of the loans outstanding at June 30, 2024 and 2023, \$309,031,835 and \$337,858,592 (13% and 15%), respectively, were loans due from the Milwaukee Metropolitan Sewerage District.

The Clean Water Fund Program and Safe Drinking Water Loan Program entered into \$345,553,576 of new loans and \$42,567,894 of new grants during fiscal year 2024. For fiscal year 2023, these same programs entered into \$241,577,039 of new loans and \$76,452,986 of new grants. As of June 30, 2024, they had undisbursed commitments of \$283,068,886 relating to loans and \$20,312,684 relating to grants. For fiscal year 2023, they had undisbursed commitments of \$220,863,650 relating to loans and \$26,633,443 relating to grants.

From July 1, 2024 to September 23, 2024, the Fund executed 75 new financial assistance agreements with loans that totaled \$134,513,200 and principal forgiveness that totaled \$42,468,171. Between July 1, 2024, and September 23, 2024, disbursements against these financial assistance agreements (loans and principal forgiveness) totaled \$35,194,564. This amount includes one lead service line project that closed prior to July 1, 2024, but received their first disbursement during this time. These funding commitments are generally met through the proceeds from additional Federal grants, recycled loan payments and from the issuance of additional revenue obligation bonds (see Note 5).

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements
June 30, 2024 and 2023

3. Cash and Cash Equivalents

As of June 30, 2024 and 2023, cash and cash equivalents consisted of the following:

	<u>2024</u>	<u>2023</u>	<u>Associated Risk</u>
Money market mutual funds	\$ 577,754,964	\$ 435,590,468	N/A
State Investment Fund (SIF)	<u>12,809,000</u>	<u>9,808,000</u>	Custodial credit risk, credit risk, concentration of credit risk, interest rate risk
Total unrestricted cash and cash equivalents	<u>\$ 590,563,964</u>	<u>\$ 445,398,468</u>	

The SIF functions as the State of Wisconsin's cash management fund by pooling the idle cash balances of all State funds and other public institutions. In the State of Wisconsin's Annual Comprehensive Financial Report, the SIF is not reported as a separate fund; rather, each State fund's share in the pool is reported on the balance sheet as Cash and Cash Equivalents, including amounts reported in the Environmental Improvement Fund. SIF pool shares are bought and redeemed at \$1.00. The State of Wisconsin does not provide any legally binding guarantees to support the value of pool shares. Wisconsin Statute 25.17 enumerate the various types of securities in which the SIF can be invested. Concentration of credit risk is the risk of loss attributed to the magnitude of an organization's investment in a single issuer. As of both June 30, 2024 and 2023, the SIF made up 2% of the Fund's total portfolio. For further information on the specific associated risks for SIF, see the State of Wisconsin's Annual Comprehensive Financial Report as of and for the year ended June 30, 2024, when available.

4. Interfund Receivables/Payables and Transfers

Interfunds resulted from the time lag between the dates that: (1) interfund goods and services are provided or reimbursable expenditures occur, (2) transactions are recorded in the accounting system and (3) payments between funds are made.

The following is a schedule of transfers between the loan portfolios and/or other funds at the State of Wisconsin at June 30, 2024 and 2023:

<u>Transferred To</u>	<u>Transferred From</u>	<u>June 30, 2024 Amount</u>	<u>June 30, 2023 Amount</u>	<u>Principal Purpose</u>
Proprietary Portfolio	Capital Improvement	\$ 198,752	\$ -	Future debt service
Bond Security and Redemption	Direct Loan Portfolio	6,000,000	7,000,000	G.O. bond debt service
Debt Service Fund Program	Proprietary Portfolio	<u>11,451</u>	<u>11,932</u>	Personnel services
Subtotal		6,210,203	7,011,932	
Less eliminations		<u>-</u>	<u>-</u>	
Total transfers, statements of revenues, expenses and changes in net position		<u>\$ 6,210,203</u>	<u>\$ 7,011,932</u>	

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements
June 30, 2024 and 2023

Generally, transfers are used to: (1) move revenues from the fund that collects them to the fund that the budget requires to expend them, (2) move receipts restricted to debt service from the funds collecting the receipts to the debt service fund and (3) use unrestricted revenues collected in the general fund to finance various programs accounted for in other funds in accordance with budgetary authorizations.

5. Revenue Obligation Bonds

Revenue bonds are payable only from revenues derived from the operation of the loan programs.

Environmental Improvement Fund Revenue Bonds activity as of June 30, 2024 is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
Clean Water Fund Program:					
Revenue bonds issued	\$ 309,075,000	\$ 98,375,000	\$ 82,390,000	\$ 325,060,000	\$ 31,435,000
Unamortized premiums	40,231,055	18,608,890	11,794,235	47,045,710	-
Safe Drinking Water Loan Program:					
Revenue bonds issued	56,520,000	51,625,000	2,405,000	105,740,000	2,525,000
Unamortized premiums	9,217,442	9,916,042	1,081,787	18,051,697	-
Total	<u>\$ 415,043,497</u>	<u>\$ 178,524,932</u>	<u>\$ 97,671,022</u>	<u>\$ 495,897,407</u>	<u>\$ 33,960,000</u>

Environmental Improvement Fund Revenue Bonds activity as of June 30, 2023 is as follows:

	<u>Beginning Balance</u>	<u>Increases</u>	<u>Decreases</u>	<u>Ending Balance</u>	<u>Amounts Due Within One Year</u>
Clean Water Fund Program:					
Revenue bonds issued	\$ 304,985,000	\$ 32,175,000	\$ 28,085,000	\$ 309,075,000	\$ 31,270,000
Unamortized premiums	44,846,199	2,563,161	7,178,305	40,231,055	-

Environmental Improvement Fund revenue bonds are payable only from revenues derived from: (1) pledged loan amounts, (2) amounts in the Loan Fund, Reserve Fund (if any) and (3) all other pledged receipts.

The Environmental Improvement Fund has pledged future loan revenues, net of specified operating expenses, to repay outstanding revenue bonds. Proceeds from the bonds provided financing for loans to municipalities to construct or improve water and wastewater projects. The bonds are payable solely from loan revenues. Specifics of these requirements are as follows:

Type of Revenue Bonds	Outstanding	Issuance Dates	Maturity Through	Percentage of Revenues to Pay Principal and Interest	Principal and Interest Outstanding	Principal and Interest Paid In Current Year	Total Net Revenues
Environmental Improvement Fund - 2024	\$ 430.8 M	2015-2024	2043	18%	\$ 588.99 M	\$ 51.4 M	\$ 170.5 M
Environmental Improvement Fund - 2023	\$ 365.6 M	2015-2022	2043	18%	\$ 503.79 M	\$ 47.4 M	\$ 152.6 M

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements

June 30, 2024 and 2023

6. Debt Refunding

Current-Year and Prior-Year Defeasance of Debt

In prior years, the Fund defeased certain Clean Water Revenue Bonds by placing the proceeds of new bonds in an irrevocable trust to provide for all future debt service payments on the old bonds. Accordingly, the trust account assets and the liability for the defeased bonds are not included in the Fund's financial statements. On August 4, 2021, the State of Wisconsin Building Commission entered into a Defeasance Escrow Agreement, where the State of Wisconsin deposited \$18.7 million of cash into an escrow account for the defeasance of five maturities in the aggregate par amount of \$16.4 million from State of Wisconsin Environmental Improvement Revenues Bonds, 2015 Series A: Maturities June 1, 2026 through and including June 30, 2030. On September 29, 2023, the State of Wisconsin Building Commission entered into a Defeasance Escrow Agreement, where the State of Wisconsin deposited \$54.4 million of cash into an escrow account for the defeasance of six maturities in the aggregate par amount of \$51.1 million from State of Wisconsin Environmental Improvement Revenues Bonds, 2017 Series A: Maturities June 1, 2030 through and including June 30, 2035. At June 30, 2024, \$51,120,000 of bonds outstanding are considered defeased. At June 30, 2023, \$182,265,000 of bonds outstanding are considered defeased. The bonds are callable as follows:

	<u>Amount as of June 30, 2024</u>	<u>Amount as of June 30, 2023</u>
June 1, 2024	\$ -	\$ 182,265,000
June 1, 2025	51,120,000	-

7. Investment Income

Investment income is recorded net of estimated required arbitrage relating to outstanding State of Wisconsin Environmental Improvement Revenue Bonds and consisted of the following for the fiscal years ended June 30, 2024 and 2023:

	<u>2024</u>	<u>2023</u>
Interest:		
State of Wisconsin Investment Board State Investment Fund	\$ 1,519,753	\$ 967,994
U.S. Bank	19,190,500	11,316,545
Total investment income	<u>\$ 20,710,253</u>	<u>\$ 12,284,539</u>

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements
June 30, 2024 and 2023

8. Operating Grants and Financial Assistance

EPA Operating Grants for Wastewater Projects - The Federal Water Quality Act of 1987 (the Water Quality Act) established a joint Federal and State program with the EPA to assist in providing financial assistance to municipalities within the states for governmentally owned wastewater treatment projects. Under the terms of the EPA grant, the State was required: (1) to establish the Clean Water Fund Program, a perpetual state revolving fund into which the grant monies must be deposited, (2) to provide State matching funds equal to 20% of the grant and (3) to use the monies to provide financial assistance to municipalities for governmental owned wastewater treatment projects in a number of ways, provided that such assistance is not in the form of a grant. Reauthorization of the Water Quality Act of 1987 is expected to result in the allocation of capitalization grants to Wisconsin of approximately \$83.6 million for federal fiscal year 2024. Four percent of the EPA grant amount may be used for wastewater program administrative expenses. Appropriation levels for years after 2024 through and including 2026 are known and were included as part of the Infrastructure Investment and Jobs Act. Appropriation levels for years after 2026 are unknown at this time.

EPA Operating Grants for Drinking Water Projects - The Federal Safe Drinking Water Act Amendment of 1996 (the Safe Drinking Water Act) established a joint Federal and State program with the EPA to assist in providing financial assistance to municipal and community water system projects. Under the terms of the EPA grant, the State was required: (1) to establish the Safe Drinking Water Loan Program, a perpetual state revolving fund into which the grant monies must be deposited; (2) to provide State matching funds equal to 20% of the grant; and (3) to use the monies to provide financial assistance to municipal and community water system projects. The Safe Drinking Water Act was authorized through federal fiscal year 2024 and a grant to Wisconsin of approximately \$147.9 million is expected for federal fiscal year 2024.

Reauthorization of the Safe Drinking Water Act may not be acted upon by the present Congress of the United States, although the Fund expects EPA capitalization grants to states to continue into the future. Four percent of the EPA grant amount may be used for water program administrative expenses plus a portion of the grant may be used by DNR for various water-related issues and initiatives.

Hardship Assistance - Wisconsin statutes require that the Fund provide financial hardship assistance to disadvantaged communities that qualify under Wisconsin Statute 281.58(12). This assistance is currently in the form of further reduced interest rates (as low as 0%), but prior to statutory changes that were effective September 23, 2017 was in the form of reduced interest rates (as low as 0%) or grants, for wastewater projects subject to limitations prescribed by the statute.

9. Effect of New Accounting Standards on Current-Period Financial Statements

The Governmental Accounting Standards Board (GASB) has approved the following:

- Statement No. 101, *Compensated Absences*
- Statement No. 102, *Certain Risk Disclosures*
- Statement No. 103, *Financial Reporting Model Improvements*

When they become effective, application of these standards may restate portions of these financial statements.

State of Wisconsin Environmental Improvement Fund

Notes to Financial Statements

June 30, 2024 and 2023

10. Commitments and Contingencies

Occasionally the Fund is party to various pending claims and legal proceedings. Although the outcome of such matters cannot be forecasted with certainty, it is the opinion of management and the state legal counsel that the likelihood is remote that any such claims or proceedings will have a material adverse effect on the Fund's financial position or results of operations.

In prior years, the State of Wisconsin issued bonds to be repaid through both GPR (general fund tax revenue) and SEG (segregated revenue) to satisfy the state match requirements on Environmental Protection Agency capitalization grants. Once the Fund's revenue bond debt service has been paid, remaining equity is available to offset GPR for debt service payments. The Fund reports these amounts as transfers out (see Note 4). Subject to availability of funds, the Fund will continue to reimburse the State of Wisconsin for these bonds through their expected final maturity of May 1, 2034. If the Fund does not have sufficient resources in any given year, this reimbursement would not be made. Since the SEG appropriation for the Fund is reimbursing the GPR appropriation, and not making the debt payment directly, the bonds are not reported as a liability of the Fund.

11. Risk Management

The State of Wisconsin's policy is generally not to purchase commercial insurance for the risk of losses to which it is exposed. Instead, risks are managed internally through self-insurance accounted for in an internal service fund. No separate policies exist for the Fund itself.

**Report on Internal Control
Over Financial Reporting and on Compliance
and Other Matters Based on an Audit of
Financial Statements Performed in Accordance
With *Government Auditing Standards***

Independent Auditors' Report

To the Secretary of the Department of Administration and the Secretary
of the Department of Natural Resources of the State of Wisconsin
State of Wisconsin Environmental Improvement Fund

We have audited, in accordance with the auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards* issued by the Comptroller General of the United States (*Government Auditing Standards*), the financial statements of the State of Wisconsin Environmental Improvement Fund, an enterprise fund of the State of Wisconsin, which comprise the State of Wisconsin Environmental Improvement Fund's statement of net position as of June 30, 2024, and the related statement of revenues, expenses, and changes in net position, and cash flows for the year then ended, and the related notes to the financial statements, and have issued our report thereon dated November 1, 2024.

Report on Internal Control Over Financial Reporting

In planning and performing our audit of the financial statements, we considered the State of Wisconsin Environmental Improvement Fund's internal control over financial reporting (internal control) as a basis for designing audit procedures that are appropriate in the circumstances for the purpose of expressing our opinion on the financial statements, but not for the purpose of expressing an opinion on the effectiveness of the State of Wisconsin Environmental Improvement Fund's internal control. Accordingly, we do not express an opinion on the effectiveness of the State of Wisconsin Environmental Improvement Fund's internal control.

A deficiency in internal control exists when the design or operation of a control does not allow management or employees, in the normal course of performing their assigned functions, to prevent, or detect and correct, misstatements on a timely basis. A *material weakness* is a deficiency, or a combination of deficiencies, in internal control, such that there is a reasonable possibility that a material misstatement of the entity's financial statements will not be prevented, or detected and corrected, on a timely basis. A *significant deficiency* is a deficiency, or a combination of deficiencies, in internal control that is less severe than a material weakness, yet important enough to merit attention by those charged with governance.

Our consideration of internal control was for the limited purpose described in the first paragraph of this section and was not designed to identify all deficiencies in internal control that might be material weaknesses or significant deficiencies. Given these limitations, during our audit we did not identify any deficiencies in internal control that we consider to be material weaknesses. However, material weaknesses or significant deficiencies may exist that were not identified.

Report on Compliance and Other Matters

As part of obtaining reasonable assurance about whether the State of Wisconsin Environmental Improvement Fund's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the financial statements. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of This Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the entity's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the entity's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

PART VII

GENERAL FUND ANNUAL APPROPRIATION BONDS

Part VII of the 2024 Annual Report provides information about general fund annual appropriation bonds issued by the State of Wisconsin (**State**). The State provides select information in this introduction for the convenience of the readers; however, readers should review all information presented in this Part VII of the 2024 Annual Report to make an informed investment decision.

Total Outstanding Balance (12/15/2024)	\$1,854,110,000
Amount Outstanding of Fixed-Rate Obligations	1,854,110,000
Ratings ^(a) (Fitch/Moody's/S&P)	AA/Aa2/AA
Authority	Authorizing Certifications of the Secretary of Administration and either the 2003 Indenture or the 2009 Indenture, and Section 16.527, Wisconsin Statutes.
Trustee/Paying Agent	The Bank of New York Mellon Trust Company, N.A. as successor to U.S. Bank National Association
Security	The payment of the principal of, and interest on, the Bonds is subject to annual appropriation; that is, payments due in any Fiscal Year of the State will be made only to the extent sufficient amounts are appropriated by the Legislature for that purpose. <i>The Bonds do not constitute debt of the State or any of its subdivisions. The State's obligation to make payments of the principal of, and interest on, the Bonds is not a general obligation of the State and is not supported by the full faith and credit of the State.</i>
^(a) Not every rating agency has been asked to rate every series of Bonds.

The Capital Finance Office, which is part of the Department of Administration's Division of Executive Budget and Finance, is responsible for managing the State's borrowing programs, and requests for additional information about general fund annual appropriation bonds may be directed to the Capital Finance Office. The law firm of Quarles & Brady LLP has provided bond counsel services in connection with the issuance of the outstanding general fund annual appropriation bonds.

General fund annual appropriation bonds have been issued as both tax-exempt obligations and taxable obligations.

The 2024 Annual Report includes information and defined terms for different types of securities issued by the State. The context or meaning of a term used in one part of the 2024 Annual Report may differ from that of the same term used in another part, and the total amount shown in a table may vary from the related sum due to rounding. See "**GLOSSARY**" for the definitions of capitalized terms used in this Part VII of the 2024 Annual

Report. No information or resource referred to in the 2024 Annual Report is part of the report unless expressly incorporated by reference.

Part II of the 2024 Annual Report contains general information about the State including, but not limited to, operating data, such as revenues, expenditures, budgets, General Fund data, information on significant pending litigation, and statistical information on the State's economic condition and Wisconsin Retirement System, along with the audited general purpose external financial statements for the fiscal year ending June 30, 2024 and the independent auditor's report provided by the State Auditor.

Certain statements in Part II and this Part VII of the 2024 Annual Report may be forward-looking statements that are based on expectations, estimates, projections, or assumptions. Any forward-looking statements are made as of the date of the 2024 Annual Report, and the State undertakes no obligation to update such statements to reflect subsequent events or circumstances. Actual results could differ materially from the anticipated results.

ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS

See “**ENVIRONMENTAL, SOCIAL, AND GOVERNANCE FACTORS**” in Part II of the 2024 Annual Report for further information on the State’s disclosure relating to these factors that may present a risk to the State’s finances and, in particular, its General Fund that could then affect its general fund annual appropriation bonds.

OUTSTANDING OBLIGATIONS

The State has issued general fund annual appropriation bonds on the dates and in the amounts shown in **Table VII-1**. The table also includes the outstanding principal balances of general fund annual appropriation bonds as of December 15, 2024.

- (a) Pursuant to a refunding escrow agreement, the principal of all, or a portion of the 2017 Series B Bonds and the 2019 Bonds, have been or will be paid as it comes due or will be called for redemption prior to maturity. The principal amount of the 2017 Series B Bonds and the 2019 Bonds for which payment is provided is treated as not outstanding for purposes of this table, however, interest on the 2017 Series B Bonds and the 2019 Bonds will continue to be paid from appropriations by the State as such the 2017 Series B Bonds and the 2019 Bonds are not defeased and continue to be considered outstanding under the 2009 Indenture.
- (b) Pursuant to a defeasance escrow agreement, the principal of and interest on all, or a portion of the 2017 Series C Bonds and the 2023 Bonds, have been or will be paid as it comes due or will be called for redemption prior to maturity. The principal amount of the 2017 Series C Bonds and the 2023 Bonds for which payment is provided is treated as not outstanding under the 2009 Indenture.

Source: Department of Administration

Of the outstanding general fund annual appropriation bonds, the 2003 Series A Bonds, 2016 Series A Bonds, 2020 Bonds, and 2021 Bonds are collectively referred to as the **Outstanding 2003 Indenture Bonds**, and are currently outstanding in the amount of \$933.6 million. They were issued pursuant to an Indenture dated December 1, 2003, as amended and supplemented (**2003 Indenture**), by and between the State, acting by and through the State of Wisconsin Department of Administration (**DOA** or **Department of Administration**), and The Bank of New York Mellon Trust Company, N.A., as successor to Deutsche Bank Trust Company Americas and U.S. Bank National Association (**Trustee**). The Outstanding 2003 Indenture Bonds, together with the obligations, if any, issued in the future under the 2003 Indenture, are referred to as the **2003 Indenture Bonds**. Similarly, the 2003 Series A Bonds and 2003 Series B Bonds are collectively referred to as the **2003 Bonds**, and the 2008 Series A Bonds, 2008 Series B Bonds, and 2008 Series C Bonds are collectively referred to as the **2008 Bonds**.

The 2016 Series B Bonds, 2017 Series A Bonds, 2017 Series B Bonds, 2017 Series C Bonds, 2019 Bonds, and 2023 Bonds are collectively referred to as the **Outstanding 2009 Indenture Bonds**, and are currently outstanding in the amount of \$920.5 million^{(a)(b)}. They were issued pursuant to an Indenture dated April 1, 2009 (**2009 Indenture**), by and between the State, acting by and through the Department of Administration and the Trustee. The Outstanding 2009 Indenture Bonds, together with the obligations, if any, issued in the future under the 2009 Indenture, are referred to as the **2009 Indenture Bonds**. Similarly, the 2017 Series A Bonds, 2017 Series B Bonds, and 2017 Series C Bonds are collectively referred to as the **2017 Bonds**.

The 2003 Indenture Bonds and the 2009 Indenture Bonds are collectively referred to as the **Bonds**. References to the “**Indenture**” refer to the 2003 Indenture, the 2009 Indenture, or both, as applicable.

- (a) Pursuant to a refunding escrow agreement, the principal of all, or a portion of the 2017 Series B Bonds and the 2019 Bonds, have been or will be paid as it comes due or will be called for redemption prior to maturity. The principal amount of the 2017 Series B Bonds and the 2019 Bonds for which payment is provided is treated as not outstanding for purposes of this figure, however, interest on the 2017 Series B Bonds and the 2019 Bonds will continue to be paid from appropriations by the State as such the 2017 Series B Bonds and the 2019 Bonds are not defeased and continue to be considered outstanding under the 2009 Indenture.
- (b) Pursuant to a defeasance escrow agreement, the principal of and interest on all, or a portion of the 2017 Series C Bonds and the 2023 Bonds, have been or will be paid as it comes due or will be called for redemption prior to maturity. The principal amount of the 2017 Series C Bonds and the 2023 Bonds for which payment is provided is treated as not outstanding under the 2009 Indenture.

Table VII-2 provides a historical view of the amount of outstanding Bonds as of December 15th for the previous ten years.

Table VII-2
HISTORICAL OUTSTANDING GENERAL FUND ANNUAL APPROPRIATION BONDS

Year (December 15)	Outstanding Amount
2014	\$3,179,230,000
2015	3,115,935,000
2016	3,101,760,000

FINANCING PLAN

General

Part VII of the 2024 Annual Report addresses general fund annual appropriation bonds, which were authorized and have been issued:

- To fund the State’s unfunded accrued prior service (pension) liability and the State’s unfunded accrued liability for sick leave conversion, and to refund a portion of obligations previously issued for that purpose.
- To finance the purchase of tobacco settlement revenues that had been previously sold by the State, and to refund obligations previously issued for that purpose.

The State issued the 2003 Bonds to provide funds for costs of issuance, capitalized interest, and payment to the Wisconsin Retirement System (**Retirement System**) for the State's unfunded accrued prior service (pension) liability, as of January 1, 2003 and its unfunded accrued liability for sick leave conversion credits, as of October 1, 2003. The State has issued various series of 2003 Indenture Bonds to refund all or a portion of previous series of 2003 Indenture Bonds and to pay termination payments related to certain interest rate exchange agreements.

The State issued the 2009 Bonds to purchase tobacco settlement revenues that were previously sold by the State to the Badger Tobacco Asset Securitization Corporation (**BTASC**) and to pay costs of issuance. The State has issued various series of 2009 Indenture Bonds to refund all or a portion of previous series of 2009 Indenture Bonds.

The Bonds were issued pursuant to Section 16.527, Wisconsin Statutes, as amended (**Enabling Act**), Authorizing Certifications signed by the Secretary of Administration, and the 2003 Indenture or the 2009 Indenture, respectively.

Statutory Authority for Issuance

2003 Indenture Bonds

The Enabling Act contains a legislative finding that the State, by prepaying all, or part of, its unfunded prior service liability and its unfunded liability for sick leave conversion credits, may reduce its costs and better ensure the timely and full payment of retirement benefits. The Department is authorized by the Enabling Act to issue bonds to provide up to \$1.500 billion of net proceeds to make payments to the Retirement System for the State's unfunded prior service liability and its unfunded accrued liability for sick leave conversion credits. The State has issued bonds providing \$1.488 billion of net proceeds for those purposes. The 2003 Bonds were issued primarily for such purposes. The Department is also authorized to issue bonds without limit to fund or refund outstanding 2003 Indenture Bonds, to pay issuance or administrative expenses, to make deposits to reserve funds, to pay accrued or funded interest, to pay costs of credit enhancement, or to make payments under certain ancillary agreements. The 2012 Bonds, 2016 Series A Bonds, 2020 Bonds, and 2021 Bonds were issued for such purposes.

See "**STATE OBLIGATIONS; Employee Pension Funds**" in Part II of the 2024 Annual Report for further information on the Retirement System and prior service pension liabilities and other post-employment benefits.

2009 Indenture Bonds

The Enabling Act contains a legislative finding that the State, by purchasing tobacco settlement revenues previously sold by the State, is acting appropriately and in the public interest and will serve a public purpose. The Department is authorized by the Enabling Act to issue bonds to provide up to \$1.700 billion of net proceeds to purchase tobacco settlement revenues previously sold by the State. The State has issued bonds in the aggregate par amount of \$1.529 billion and with the proceeds completed the purchase of the tobacco settlement revenues from BTASC, as authorized by the Enabling Act. With the receipts received from the State's purchase, BTASC defeased and subsequently redeemed all the obligations that it previously issued. The Department is also authorized to issue bonds without limit to fund or refund outstanding 2009 Indenture Bonds, to pay issuance or administrative expenses, to make deposits to reserve funds, to pay accrued or funded interest, to pay costs of credit enhancement, or to make payments under certain ancillary agreements. The 2016 Series B Bonds, 2017 Bonds, 2019 Bonds, and 2023 Bonds were issued for such purposes.

Interest Rate Exchange Agreements

No interest rate exchange agreements are outstanding as of December 15, 2024.

Additional Bonds

Subject to certain conditions, the issuance by the State of additional bonds for the following purposes (**Additional Bonds**) is permitted:

- Under the 2003 Indenture, to provide funds (up to the remaining amounts provided for in the Enabling Act, which at this time is limited to \$12 million) for payment to the Retirement System for any unfunded accrued prior service (pension) liability and any unfunded accrued liability for sick leave conversion credits;
- Under the 2003 Indenture or the 2009 Indenture, to refund any Bonds, provided the principal amount of the refunding obligations may not exceed the sum of the principal amount of obligations being refunded, applicable redemption premiums, unpaid interest on the refunded obligations, and expenses incurred in the issuance of the refunding obligations; and
- Under the 2003 Indenture or the 2009 Indenture, to pay any cost of issuing Bonds (which includes accrued or funded interest, issuance expenses, deposits to reserve funds, administrative expenses, and credit enhancement facilities), or to make payments under any Swap Agreement, or Credit Facility.

INFORMATION ABOUT THE STATE OF WISCONSIN

See **Part II** of the 2024 Annual Report for further information about the State of Wisconsin. **Part II** of the 2024 Annual Report includes information on various State financial, budgetary, and statistical matters.

PAYMENT FROM ANNUAL APPROPRIATIONS

The Bonds are not general obligations of the State and do not constitute “public debt” of the State as that term is used in the Wisconsin Constitution and in the Wisconsin Statutes. The payment of the principal of, and premium, if any, and interest on, the Bonds is subject to annual appropriation; that is, payments due in any Fiscal Year of the State will be made only to the extent sufficient amounts are appropriated by the Legislature for that purpose. The State is not legally obligated to appropriate any amounts for payment of debt service on the Bonds, and if it does not do so, it incurs no liability to the owners of the Bonds. Thus, payment of the Bonds is at the discretion of the Legislature.

The Enabling Act contains a statement to the effect that the Legislature, recognizing its moral obligation to make timely appropriations from the General Fund sufficient to pay debt service on obligations such as the Bonds, expresses its expectation and aspiration to make timely appropriations from the General Fund sufficient to pay debt service on obligations such as the Bonds. The Legislature’s recognition of a moral obligation, however, does not create a legally enforceable obligation. Separate appropriations exist for payment of debt service on obligations issued under each respective Indenture, and an appropriation for payment of debt service on Bonds issued under one Indenture may not be available for payment of debt service on Bonds issued under the other Indenture. See **“RISK FACTORS; Nature of Moral Obligation”**.

Separate appropriations exist for payment of debt service on obligations issued under the 2003 Indenture and the 2009 Indenture. An appropriation for payment of debt service on obligations issued under one trust indenture may not be available for payment of debt service on obligations issued under the other trust indenture.

General Fund

The Wisconsin Statutes establish the General Fund, into which are deposited income tax, sales tax, and other general tax revenues and other revenues not dedicated to a specific purpose. Out of the General Fund the State pays its general operating expenses, shared revenues to local governmental units, aids to individuals and organizations, and many State program expenses. See **Part II** of the 2024 Annual Report for further information about the General Fund. The State has chosen a name for the Bonds that includes the words “General Fund” because the Enabling Act reflects an expectation that appropriations to pay debt service will be made from the

General Fund. In the Enabling Act, the Legislature expressed its expectation and aspiration (but not a binding obligation) that it would make timely appropriations from money in the General Fund that are sufficient to pay the principal and interest due in any year with respect to obligations such as the Bonds. A budget adopted for any Fiscal Year may fail to make an appropriation or may change the source of the appropriation to a fund other than the General Fund (and thus a fund with substantially less annual revenues than the General Fund). See [“RISK FACTORS; Dependence Upon Annual Appropriations”](#) and [“RISK FACTORS; Nature of Moral Obligation”](#).

2023-25 Biennium

Under each Indenture, the Department is required to take actions to facilitate the appropriation for each year of a specified amount (**Annual Appropriation Amount**) for the purpose of paying debt service on the respective Bonds and for other purposes under that Indenture. The General Fund budget adopted by the Legislature for the current biennium (2023-25), and the schedule of annual appropriations in the Wisconsin Statutes, includes an appropriation from the General Fund to make debt service payments due in the 2024-25 fiscal year on the Bonds issued under the Enabling Act, to make any payments under ancillary agreements, to make any deposits into reserve funds, and to pay related issuance or administrative costs.

In addition, under each Indenture, the Annual Appropriation Amount for the second Fiscal Year of the 2023-25 biennium is based on the greater of the amount determined for fiscal year 2024-25 and the amount determined for the first year of the next biennium (fiscal year 2025-26). If the Legislature does not adopt a new budget before the start of the 2025-27 biennium, the continuing authority of appropriations from fiscal year 2024-25 would be sufficient to make all payments of principal and interest due on the Bonds through at least June 30, 2026. See [“PAYMENT FROM ANNUAL APPROPRIATIONS; Annual Appropriations and Continuing Authority”](#).

Budget Process

Annual appropriations are made through the enactment of the State budget. Most of the budget process derives from statutory laws or custom and practice, and thus the process is subject to change. The State budget is the legislative document that sets the level of authorized state expenditures for the two Fiscal Years in the Biennium and the corresponding level of revenues (primarily taxes) projected to be available to finance those expenditures. See [Part II](#) of the 2024 Annual Report for further information about the State’s budget process.

Annual Appropriations and Continuing Authority

Although the Wisconsin Statutes provide for other types of appropriations, any appropriation made to pay debt service on the Bonds as anticipated by the Enabling Act would be an annual appropriation. That is, the amount appropriated would be separately stated for each of the two Fiscal Years that the Biennium comprises, and any unused amount would lapse at the end of the applicable Fiscal Year.

The failure of the Legislature to adopt a new budget before the commencement of a Biennium does not result in a lack of spending authority. Under Wisconsin law an existing appropriation continues in effect until it is amended or repealed. Thus, in the event a budget is not in effect at the start of a Fiscal Year, the prior year’s budget serves as the budget until such time a new one is enacted. Once a newly enacted budget becomes effective, the continuing authority is superseded by the newly enacted appropriations.

The continuing authority of existing appropriations until a new budget is adopted helps to protect against the effect of a delay in the adoption of a budget. The 2023-25 biennial budget of the State was enacted on July 5, 2023, which was four days after the start of the Biennium. Of the ten prior biennial budgets, the 2009-11, 2011-13 and 2013-15 biennial budgets were enacted prior to the start of the respective biennia; however, the 2015-17, 2017-19, 2019-21, and 2021-23 biennial budgets and each of the three biennial budgets prior to the 2009-11 biennium were enacted after the start of the respective biennia, with the latest date after the start of a Biennium being October 26, 2007 (for the 2007-09 biennium), which was nearly four months after the start of

the first Fiscal Year of that Biennium. See “[PAYMENT FROM ANNUAL APPROPRIATIONS; Determination of Annual Appropriation Amount](#)” and [Part II](#) of the 2024 Annual Report.

General Fund Cash Flow and Priority of Payments

The State has experienced, and expects to continue to experience, certain periods when the General Fund is in a negative cash position. The Wisconsin Statutes provide certain administrative remedies to deal with these periods. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund.

If needed, the Secretary of Administration has statutory power to order reductions in the appropriations of state agencies, which represent less than one-quarter of the General Fund budget. In addition, the Secretary of Administration may set priorities for payments from the General Fund as well as prorate certain payments. The Wisconsin Statutes provide that all payments shall be in accordance with the following order of preference:

- All direct and indirect payments of principal of, and interest on, State general obligation debt have first priority and may not be prorated or reduced.
- All direct and indirect payments of principal of, and interest on, operating notes have second priority and may not be prorated or reduced.
- All State employee payrolls have third priority and may be prorated or reduced.
- All other payments shall be paid in a priority determined by the Secretary of Administration and may be prorated or reduced.

See [Part II](#) of the 2024 Annual Report for further information about these remedies when the General Fund is in a negative cash position.

Under the 2003 Indenture, the State has covenanted that the Secretary of Administration will give payment of the appropriation obligations issued under the 2003 Indenture the highest possible priority permitted under law. In the Authorizing Certification for the 2009 Bonds, the Secretary of Administration has covenanted to give debt service payments on appropriation obligations issued under the 2009 Indenture a higher priority than all other payments (after the first three statutory priorities above) that may be prorated or reduced. Similar covenants have been made with respect to priority of payment for lease payments due under the State’s existing master lease and also for appropriations to the Wisconsin Center District to assist in the development and construction of a new arena in Milwaukee, Wisconsin. Before the Secretary of Administration may establish any priority schedule for payments, the Secretary of Administration is required to notify the Legislature’s Joint Committee on Finance.

Determination of Annual Appropriation Amount

In each Indenture, the State directs officers of the Department of Administration to take actions to facilitate the appropriation for each Fiscal Year of the Annual Appropriation Amount. The Annual Appropriation Amount is summarized in more detail below and equals the sum of the following respective amounts (except that, for the second Fiscal Year in a Biennium, the Annual Appropriation Amount equals the sum of the following amounts determined for such second Fiscal Year or the immediately succeeding Fiscal Year, whichever is greater).

2003 Indenture Bonds

With respect to the 2003 Indenture Bonds, the Annual Appropriation Amount is summarized in more detail below and equals the sum of the following amounts (except that, for the second Fiscal Year in a Biennium, the Annual Appropriation Amount equals the sum of the following amounts determined for such second Fiscal Year or the immediately succeeding Fiscal Year, whichever is greater):

- *Bonds – Principal.* The amount of principal of 2003 Indenture Bonds coming due during the Fiscal Year.

- *Bonds – Redemption.* The amount of principal of 2003 Indenture Bonds to be redeemed during the Fiscal Year, including any scheduled amount to be redeemed pursuant to optional redemption.
- *Bonds – Fixed Rate Interest.* Interest to be paid during the Fiscal Year on 2003 Indenture Bonds bearing interest at a fixed rate.
- *Bonds – Variable Rate Interest (Maximum Rate).* Interest that would be payable during the Fiscal Year on 2003 Indenture Bonds bearing interest at a variable rate, assuming they bear interest at the maximum permitted rate.
- *Swap Agreements (Maximum Rate).* The maximum amount of any payment obligations (other than termination payments) that would be payable during the Fiscal Year under Swap Agreements that provide for a variable rate or rates to be paid by the State to the counterparty, with any payment that is determined without limit as to amount to be determined at a rate that would result if the index provided in the Swap Agreement were at 15% per annum.
- *Credit Facilities.* The maximum amount of payments due during the Fiscal Year with respect to credit facilities, to the extent not included in the amounts described above.
- *Administrative Expenses.* Estimated administrative expenses payable from the Operating Expense Fund during the Fiscal Year.
- *Swap Termination Payments.* The amount of all termination payments with respect to Swap Agreements that are unpaid as of the September 1st immediately preceding the commencement of the Biennium that includes the Fiscal Year, plus interest to accrue on the payments to the date on which they are reasonably expected to be made.

Table VII-3 summarizes the calculation of the Annual Appropriation Amount for the 2003 Indenture Bonds applicable for the 2025-27 biennium.

2009 Indenture Bonds

With respect to the 2009 Indenture Bonds, the Annual Appropriation Amount equals the sum of the following amounts (except that, for the second Fiscal Year in a Biennium, the Annual Appropriation Amount equals the sum of the following amounts determined for such second Fiscal Year or the immediately succeeding Fiscal Year, whichever is greater):

- *Bonds - Principal Maturities.* The amount of principal of 2009 Indenture Bonds maturing during the Fiscal Year.
- *Bonds - Redemption.* The amount of principal of 2009 Indenture Bonds to be redeemed during the Fiscal Year, including any scheduled amount to be redeemed pursuant to optional redemption.
- *Bonds and Notes - Fixed Rate Interest.* Interest to be paid during the Fiscal Year on 2009 Indenture Bonds and Notes, if any, bearing interest at a fixed rate.
- *Bonds and Notes - Variable Rate Interest (Maximum Rate).* Interest that would be payable during the Fiscal Year on 2009 Indenture Bonds and Notes, if any, bearing interest at a variable rate, assuming they bear interest at the maximum permitted rate.
- *Funding Obligations – Interest (Assumed Rate).* The amount of interest on Additional Bonds or Notes, if any, under the 2009 Indenture assuming that they are issued to fund Notes that mature during, or prior to, the Fiscal Year, that they bear interest at a rate of 15%, and that they are in a principal amount estimated by the Department to be sufficient.
- *Funding Obligations – Principal.* The amount, if any, certified by an authorized Department representative to be the expected principal amortization in such Fiscal Year for Additional Bonds under the 2009 Indenture to be issued to fund Notes, if any, that are scheduled to mature during, or prior to, the Fiscal Year.
- *Swap Agreements (Assumed Rate).* The maximum amount of any payment obligations (other than termination payments) that would be payable during the Fiscal Year under interest rate exchange agreements that provide for a variable rate or rates to be paid by the State to the counterparty, with any

payment that is determined without limit as to amount to be determined at a rate that would result if the index provided in such agreement were at 15% per annum.

- *Credit Facilities.* The maximum amount of payments due during the Fiscal Year with respect to credit facilities, to the extent not included in the amounts described above.
- *Administrative Expenses.* Estimated administrative expenses payable from the Operating Expense Fund during the Fiscal Year.
- *Swap Termination Payments.* The amount of all termination payments with respect to interest rate exchange agreements that are unpaid as of the September 1st immediately preceding the commencement of the Biennium that includes the Fiscal Year, plus interest to accrue on the payments to the date on which they are reasonably expected to be made.

The determination of the Annual Appropriation Amount does not include the principal amount of any Notes.

Table VII-5 summarizes the calculation of the Annual Appropriation Amount for the 2009 Indenture Bonds applicable for the 2025-27 biennium.

**Table VII-5
DETERMINATION OF ANNUAL APPROPRIATION AMOUNT

^(a) Includes the amount appropriated for the defeasance and/or tender of outstanding 2009 Indenture Bonds. See “**OUTSTANDING OBLIGATIONS**”.

Source: Department of Administration

Deposit Amount

Each Indenture also provides that, on the first business day of each Fiscal Year, the State shall pay to the Trustee from appropriated funds, for deposit into the respective Appropriations Fund, an amount (**Deposit Amount**) certified by the Secretary as the net amount reasonably expected to be needed during that Fiscal Year to pay principal of the respective Bonds (including any scheduled amount to be redeemed by optional redemption), interest on the respective Bonds, and any payment obligations (other than Subordinated Swap Payment Obligations) with respect to Swap Agreements, and to pay respective administrative expenses.

Due to requirements for determining each Annual Appropriation Amount, the respective Deposit Amount is expected to be less than the related Annual Appropriation Amount. The Deposit Amount in the 2024-25 fiscal year for the 2003 Indenture Bonds was calculated and certified to be \$206 million and, for the 2009 Indenture Bonds, was calculated and certified to be \$106 million.

Event of Nonappropriation

Each Indenture defines **Event of Nonappropriation** to mean an insufficiency of appropriated funds in any Fiscal Year to pay when due all debt service on Bonds and Additional Bonds and payment obligations under Swap Agreements, other than termination payments under Swap Agreements that were not included in the determination for that Fiscal Year of the Annual Appropriation Amount (**Subordinated Swap Payment Obligations**). Upon an Event of Nonappropriation, the Secretary of Administration will promptly provide a written notice to the Trustee.

Each Indenture provides that, if an executive budget bill, as introduced, or a budget bill adopted by either house of the Legislature, fails to include the Annual Appropriation Amount, then the Secretary of Administration will provide a written notice to the Governor and the presiding officer of each house of the Legislature, requesting action to ensure the satisfaction of the State’s moral obligation and will promptly provide a written notice to the Trustee and each rating agency rating the Bonds, stating the nature of the deficiency. Similarly, if a budget bill that fails to include the Annual Appropriation Amount is signed into law by the Governor, then the Secretary of Administration will send a letter to the Governor and the presiding officer of each house of the Legislature

seeking the introduction of a separate bill authorizing the appropriation that would be needed. The Secretary of Administration has not been required to provide any such notice or letter required under the 2003 Indenture or 2009 Indenture.

RISK FACTORS

Dependence Upon Annual Appropriations

The State's obligation to make payments of the principal of, and interest on, the Bonds is not a general obligation of the State and is not supported by the full faith and credit of the State. The State's obligation to make those payments, and its obligation to make payments on any Swap Agreements, is subject to annual appropriation of the necessary funds by the Legislature. The amounts that are payable in any Fiscal Year from the annual appropriation are subject to change, for example, because of the termination of any Swap Agreements, the State's entering into additional Swap Agreements, the State's issuance of refunding bonds or Additional Bonds, or the State's issuance of other appropriation obligations. No assurance is given that sufficient funds will be appropriated or otherwise available to make those payments in the future.

The owners of Bonds could suffer a loss or fail to obtain payment on a timely basis if no appropriation were made or if an insufficient appropriation were made. This could occur either through the direct action of the Legislature or the Governor or through a failure to act. The Governor may include or exclude the annual appropriations in the executive budget bill, and similarly, the Legislature may include or exclude the annual appropriations in the budget it adopts. Moreover, even if the annual appropriations are included in the budget the Legislature adopts, the Governor has the power to veto the appropriations. See **"PAYMENT FROM ANNUAL APPROPRIATIONS"**.

No Collateral

Other than granting a security interest in money held in funds under each respective Indenture, the State has not pledged any collateral or other security to support payment of the principal of, or interest on, the Bonds. If the State were to fail to appropriate sufficient funds for that payment, the beneficial owners of the Bonds would not have any recourse against any other property or revenues of the State.

Nature of Moral Obligation

In the Enabling Act, the Legislature, recognizing its moral obligation to do so, expressed its expectation and aspiration to make timely appropriations from moneys in the General Fund that are sufficient to pay debt service on the Bonds in any year; however, the recognition of a moral obligation does not create a legally enforceable obligation. The Legislature's recognition of a moral obligation would provide strong but not conclusive evidence in support of a judicial determination that a payment made by the State serves a public purpose and thus should not be enjoined if a lawsuit challenged the payment as not legally required.

Legislative Decision-Making

Legislative decisions, such as making appropriations through the adoption of a budget, may be influenced by many factors. The Secretary of Administration believes that failure to make payments of the principal of, and premium, if any, and interest on, the Bonds might hinder the State's subsequent access to the capital markets; however, it should not be assumed that the Legislature would regard that possible consequence to be a compelling reason to appropriate the money needed for those payments.

Future occurrences could adversely affect legislative support for appropriating the money needed for payment of the Bonds. For example, the State issued the 2003 Indenture Bonds in 2003 with the expectation that it would thereby save money, as compared to the payments on the liabilities that it would otherwise have had to make, but may fail to realize that expectation.

Moreover, certain events could result in the need for an appropriation that is larger than originally expected. For example, the State could be required to pay a substantial termination payment upon the termination of a Swap Agreement, including a termination outside the State’s control. In addition, the Legislature may authorize the State to issue other obligations that are payable from the same annual appropriations, and it may also consider and adopt legislation that changes the amounts of existing appropriations.

Investment Loss

In the event a loss were incurred on appropriated funds held in funds or accounts under the respective Indenture, no assurance can be given that additional amounts could be withdrawn from the General Fund pursuant to the appropriation to replenish the loss. See “GLOSSARY” for a description of qualified investments.

State Financial Difficulties

The sole source of repayment of the Bonds is appropriations made by the Legislature. The availability of State funds for such appropriations is a function of the condition of the State economy and such appropriations typically occur during a biennial budget process. The Legislature may base its decisions about appropriations on many factors, including the State’s economic performance. Decreases in State revenues may adversely affect the appropriations made by the Legislature. No liability would accrue to the State in the event the Legislature does not make appropriations for repayment of the Bonds, and the State would not be obligated or liable for any future payments or any damages.

Defeasance

A defeasance of any outstanding 2003 Indenture Bonds, 2016 Series B Bonds, 2017 Series A Bonds, 2017 Series C Bonds, and 2023 Bonds may cause the recognition of a gain or loss, for federal tax purposes, at the time of the defeasance. Owners of the outstanding 2003 Indenture Bonds, 2016 Series B Bonds, 2017 Series A Bonds, 2017 Series C Bonds, and 2023 Bonds should consult their tax advisors regarding the tax consequences of any defeasance of such Bonds.

Additional Bonds

Neither Indenture precludes the issuance of Additional Bonds under circumstances in which the resulting debt service might exceed the amount appropriated for the Biennium during which the Additional Bonds are issued. The 2003 Indenture does, however, require the State to provide the Trustee with evidence from each of at least two of the rating agencies then rating the 2003 Indenture Bonds that the issuance of the Additional 2003 Indenture Bonds would not adversely affect the ratings assigned to the 2003 Indenture Bonds by that rating agency.

SUMMARY OF THE 2003 INDENTURE

The following is a summary of certain provisions of the 2003 Indenture, which relates to the 2003 Indenture Bonds. The summary does not purport to be complete, and reference should be made to the full text of the 2003 Indenture for a complete recital of its terms.

The following summary may also use terms that are familiar to, but could slightly vary from similar terms used in the summary for the 2009 Indenture. The term “Bonds” in the following summary refers to 2003 Indenture Bonds.

Funds Established by 2003 Indenture

The 2003 Indenture establishes with the Trustee the following funds:

- Appropriations Fund
- Operating Expense Fund

- Debt Service Fund
- Subordinated Payment Obligations Fund, and
- Stabilization Fund.

On the first business day of each Fiscal Year, the State shall pay to the Trustee from appropriated funds, for deposit in the Appropriations Fund, an amount certified by the Secretary of Administration as the net amount reasonably expected to be needed during that Fiscal Year to pay principal of Bonds (including the scheduled amount, if any, to be redeemed by optional redemption), interest on the Bonds, and any payment obligations (other than Subordinated Swap Payment Obligations) with respect to Swap Agreements, and to pay administrative expenses. The Deposit Amount is expected to be less than the Annual Appropriation Amount.

The 2003 Indenture requires the Trustee, upon receipt of the deposit, to transfer from the Appropriations Fund an amount designated by the State (and consistent with its determination of the amount required to be deposited in that fund) to the Operating Expense Fund and then transfer the balance into the Debt Service Fund.

The 2003 Indenture requires the Trustee to apply money in the Debt Service Fund to pay:

- The unpaid interest due on the Bonds on each payment date.
- The amount due on Swap Agreements (other than Subordinated Swap Payment Obligations).
- The principal installment of Bonds due on each payment date.
- The principal due upon optional redemption of Bonds.

On any payment date on which the amount on deposit in the Debt Service Fund is insufficient, the 2003 Indenture requires the Trustee to withdraw from the Subordinated Payment Obligations Fund and transfer to the Debt Service Fund the amount needed to make up the shortfall, and thereafter (if a shortfall still exists) to withdraw from the Stabilization Fund and transfer to the Debt Service Fund the amount needed to make up the shortfall.

The State may at any time, at its option, transfer to the Trustee for deposit in the Appropriations Fund, for further distribution into any of the funds and accounts, appropriated funds in addition to the amounts specifically required by the 2003 Indenture.

Stabilization Fund

A Stabilization Fund was previously created and funded under the 2003 Indenture; however, the Sixth Supplemental Trust Indenture, dated as of January 29, 2019, amended the definition of the Stabilization Fund Amount and pursuant to that amended definition, an Authorized Department Representative, reduced the required Stabilization Fund amount to \$0.00. As of the date of this Part VII of the 2024 Annual Report, the amount on deposit in the Stabilization Fund remains at \$0.00. While the State does not currently expect to fund the Stabilization Fund under the 2003 Indenture, it may do so in connection with the issuance of Additional 2003 Indenture Bonds.

The 2003 Indenture Bonds

The sum of the aggregate principal amount of Bonds issued to fund the State's unfunded prior service (pension) liability and unfunded liability for sick leave conversion credits may not exceed the limit set forth in the Enabling Act.

Deposit of Bond Proceeds to Funds and Accounts

Initial deposits will be made from proceeds of a Series of Bonds into the funds and accounts created under the 2003 Indenture as provided in a Closing Statement executed by an Authorized Department Representative and

furnished to the Trustee. The Closing Statement shall specify the purchase price of the Bonds and shall further specify, with respect to that amount:

- the amount representing accrued interest, if any, on the Bonds and the amount, if any, representing Funded Interest, to be deposited in the Proceeds Account; and
- the amount, if any, to be deposited in any other fund or account as provided in the Closing Statement.

Issuance of Additional Bonds

The State reserves the right to issue one or more Series of Additional Bonds under the 2003 Indenture from time to time, with a charge or lien equal to the charge and lien applicable with respect to the 2003 Bonds, the 2016 Series A Bonds, the 2020 Bonds, and the 2021 Bonds, *provided that*:

- the proceeds of such Additional Bonds may be used only to pay the Payment or Payment Costs or to fund or refund Bonds issued for that purpose; and
- the aggregate amount of Bonds issued may not cause the authorization of the Enabling Act to be exceeded.

For each Series of Additional Bonds, the Department of Administration shall provide a separate Authorizing Certification authorizing a Supplemental Indenture and setting forth the aggregate principal amount of Additional Bonds authorized thereby, the manner of their sale, and the form and other terms thereof.

Prior to the delivery by the State of any of the Additional Bonds there must be filed with the Trustee:

- a Supplemental Indenture executed on behalf of the State by the Department of Administration and the Trustee creating the Additional Bonds, specifying their terms and providing for the disposition of the proceeds of their sale,
- a copy of the Authorizing Certification executed by the Secretary of Administration or his or her designee authorizing the execution and delivery of the Supplemental Indenture and the issuance of the Additional Bonds,
- a request and authorization to the Trustee by the Department of Administration on behalf of the State and signed by an Authorized Department Representative requesting the Trustee to authenticate and deliver the Additional Bonds, and
- evidence of a Rating Confirmation.

Redemption of Bonds

If the Bonds are to be called for redemption, and if sufficient monies are on deposit with the Trustee in the Debt Service Fund on the applicable redemption date to redeem the Bonds to be redeemed and to pay any interest and premium due thereon, the Trustee is authorized and directed to apply those funds to the payment of the Bonds to be redeemed. Interest on any Bonds called for redemption stops accruing on the date that the notice of redemption fixes for their redemption if:

- notice of their redemption has been given as provided in the 2003 Indenture, and
- money sufficient for their payment is on deposit with the Trustee as required by the 2003 Indenture.

General Terms and Provisions of Bonds

The Bonds, Swap Payment Obligations, and Credit Facility Payment Obligations, together with any interest thereon, shall be special and limited obligations of the State, payable solely out of the Appropriated Funds. The Appropriated Funds consist principally of amounts that are subject to annual appropriation by the Legislature. The Bonds, Swap Payment Obligations, and Credit Facility Payment Obligations are valid claims of the Registered Owners, Swap Providers, and Credit Issuers, respectively, only against the Trust Estate and other

Appropriated Funds. The Trustee agrees to hold the Trust Estate and apply the Appropriated Funds only as provided in the 2003 Indenture, except to the extent otherwise specified by law in an appropriation. The State is not generally liable on the Bonds. Neither the general credit nor the taxing power of the State or any political subdivision thereof is pledged to the payment of the Bonds. The Bonds do not constitute an indebtedness of the State or any political subdivision thereof within the meaning of any constitutional or statutory debt limitation or restriction.

General Covenants

Payment of Principal and Interest, Swap Payment Obligations, and Credit Facility Payment Obligations

The State represents, warrants, and covenants that so long as any of the Bonds are Outstanding or any Swap Payment Obligations or any Credit Facility Payment Obligations exist, it will deposit, or cause to be paid to the Trustee for deposit, in the Appropriations Fund, but solely from the Appropriated Funds, amounts sufficient to promptly pay the principal of, and premium, if any, and interest on, the Outstanding Bonds and the Swap Payment Obligations and Credit Facility Payment Obligations as the same become due and payable.

Performance of Duties Under the 2003 Indenture and the Bonds

The State represents, warrants, and covenants that it will perform its obligations under the 2003 Indenture, and Bonds executed, authenticated, and delivered under the 2003 Indenture and all its proceedings relating to the issuance of the Bonds. The State further represents and warrants that it is duly authorized under the Constitution and laws of the State, including without limitation the Enabling Act, by and through the Department of Administration, to issue the Bonds, to execute the 2003 Indenture, and to pledge and assign the property described in the 2003 Indenture in the manner and to the extent set forth in the 2003 Indenture. The State represents that all action on the part of the State and the Department of Administration for the issuance of the Bonds and the execution and delivery of the 2003 Indenture have been effectively taken and that the Bonds, the Swap Payment Obligations, and the Credit Facility Payment Obligations are and will be valid and enforceable obligations of the State contracted by the Department of Administration according to the terms of the 2003 Indenture, the Bonds (where applicable), and the Enabling Act.

Nonimpairment

Subject to the right of nonappropriation and the right to rescind, repeal, or amend an appropriation by the Legislature, the State represents, warrants, and covenants that it will not enter into any contract or take any action impairing the rights of the Trustee, the Bondowners, any Swap Provider, or any Credit Issuer under the 2003 Indenture, the Bonds, a Swap Agreement, or any agreement relating to a Credit Facility. Subject to the right of nonappropriation and the right to rescind, repeal, or amend an appropriation by the Legislature, the State will not limit or alter its powers to fulfill the terms of any agreements made with Bondowners or in any way impair the rights and remedies of Bondowners until the Bonds, together with interest and all costs and expenses in connection with any action or proceeding on behalf of the Bondowners, are fully met and discharged.

Budget Process and Appropriations

The State directs the appropriate officers of the Department of Administration to take all appropriate actions within their power to assure that the Annual Appropriation Amounts with respect to the Bonds, Swap Payment Obligations, and Credit Facility Payment Obligations are annually appropriated. The Secretary of Administration or his designee shall:

- (a) while any Bonds are Outstanding, or Swap Agreements or Credit Facilities are in effect, ensure that the budget request prepared under Section 16.42, Wisconsin Statutes, for each Fiscal Year includes the Annual Appropriation Amount;

- (b) in the event a Budget Bill fails to include the Annual Appropriation Amount, promptly provide a written notice to the Governor and the presiding officer of each house of the Legislature, stating the nature of the deficiency and requesting action to ensure the satisfaction of the State’s moral obligation;
- (c) in the event a Budget Bill fails to include the Annual Appropriation Amount, promptly provide a written notice to the Trustee, each Purchaser, each Rating Agency, each Swap Provider, and each Credit Issuer stating the nature of the deficiency;
- (d) in the event a Budget Bill fails to include the Annual Appropriation Amount, promptly send a letter to the Governor and the presiding officer of each house of the Legislature seeking an amendment to such Budget Bill or, if such a Budget Bill is signed into law by the Governor, promptly send a letter to the Governor and the presiding officer of each house of the Legislature seeking the introduction of a separate bill authorizing the necessary or additional appropriation required;
- (e) upon an Event of Nonappropriation, promptly provide a written notice thereof to the Trustee, each Purchaser, each Rating Agency, each Swap Provider, and each Credit Issuer; and
- (f) in the event a Swap Termination Payment becomes due, and there are insufficient funds available from Appropriated Funds under the 2003 Indenture or from other legal sources provided by the State to pay the Swap Termination Payment, promptly send a letter to the Governor and the presiding officer of each house of the Legislature seeking the introduction of a separate bill authorizing an additional appropriation.

The Secretary of Administration has covenanted that, in the event the Secretary exercises his or her authority under Section 16.53(10)(a), Wisconsin Statutes, to establish a priority schedule for payments, he or she will give payment of the Outstanding Bonds, the Swap Payment Obligations, and the Credit Facility Payment Obligations the highest possible priority permitted by law.

Trustee Notices Regarding Budget Process and Appropriations

The Trustee may at any time request that the Secretary of Administration certify that he or she has performed his or her obligations under the 2003 Indenture described above under **clause (a) of “SUMMARY OF THE 2003 INDENTURE; General Covenants; Budget Process and Appropriations”** and that no event described above in **clause (b), (c), or (e) under “SUMMARY OF THE 2003 INDENTURE; General Covenants; Budget Process and Appropriations”** has occurred, and the Secretary of Administration shall promptly provide such a certification. The Trustee shall promptly provide written notice to the following parties of the occurrence of certain events, as follows:

- Upon failure to receive the certification requested by the Trustee with regard to compliance with **clause (a) under “SUMMARY OF THE 2003 INDENTURE; General Covenants; Budget Process and Appropriations”**, to the Governor and the presiding officer of each house of the Legislature, with a copy to the Secretary of Administration, each Purchaser, each Rating Agency, each Swap Provider, and each Credit Issuer, in the event that the Secretary of Administration fails to include in the budget requests prepared under Section 16.42, Wisconsin Statutes, for any Fiscal Year, the Annual Appropriation Amount;
- Upon receipt of the notice described in **clause (c) under “SUMMARY OF THE 2003 INDENTURE; General Covenants; Budget Process and Appropriations”** or upon failure to receive a certification requested by the Trustee that no event described in that clause has occurred, to the Governor and the presiding officer of each house of the Legislature, with a copy to the Secretary of Administration, each Purchaser, each Rating Agency, each Swap Provider, and each Credit Issuer, in the event that a Budget Bill at any time fails to include the Annual Appropriation Amount; or

- Upon receipt of the notice described in **clause (e) under “SUMMARY OF THE 2003 INDENTURE; General Covenants; Budget Process and Appropriations”** or upon failure to receive a certification requested by the Trustee that no event described in that clause has occurred, to the Governor and the presiding officer of each house of the Legislature, with a copy to the Secretary of Administration, each Purchaser, each Rating Agency, each Swap Provider, and each Credit Issuer, in the event of an Event of Nonappropriation.

Event of Default

The State covenants that, should there be a Default or an Event of Default, the State will fully cooperate with the Trustee, the Registered Owners, the Swap Providers, and the Credit Issuers to the end of fully protecting the rights and security of the Registered Owners, the Swap Providers, and the Credit Issuers.

Appropriated Funds and Funds and Accounts

The 2003 Indenture establishes in the Debt Service Fund a Debt Service Account for each Series of Bonds and each Swap Agreement and a Proceeds Account. Sinking fund accounts for any Series of Bonds having sinking fund installments may be established within the Debt Service Account for such Series in any schedule to the 2003 Indenture or in a Supplemental Indenture.

The 2003 Indenture provides that any monies derived from an appropriation of the State Legislature may only be applied in a manner consistent with its appropriation.

On the last Business Day of each Fiscal Year, the Trustee shall transfer all monies remaining in the Appropriations Fund, the Operating Expense Fund (except for amounts therein funded from proceeds of Bonds), the Debt Service Accounts, and the Subordinated Payment Obligations Fund (1) to the Stabilization Fund or (2) to the State, as directed in writing by an Authorized Department Representative.

Deposits Into and Use of Monies in the Appropriations Fund

The Trustee shall receive for immediate deposit into the Appropriations Fund the Deposit Amount and any additional Appropriated Funds transferred to the Trustee by the State or by any Swap Provider pursuant to the terms of a Swap Agreement as follows:

- On the first Business Day of each Fiscal Year for which a Budget Bill has been enacted, the State shall pay the Deposit Amount to the Trustee for deposit in the Appropriations Fund, from amounts appropriated pursuant to Section 20.505(1)(br), Wisconsin Statutes, or any successor provision. On the first Business Day of each Fiscal Year, in the event a Budget Bill for that Fiscal Year has not yet been enacted, the State shall pay to the Trustee the full amount, up to the Deposit Amount, that is available pursuant to the carry-over of existing appropriations from the prior Fiscal Year pursuant to Section 20.002(1), Wisconsin Statutes. On the Business Day following the subsequent enactment of such a Budget Bill creating additional Appropriated Funds, the State shall pay to the Trustee, for deposit in the Appropriations Fund, the amount, if any, by which amounts appropriated thereby exceed amounts previously paid to the Trustee in such Fiscal Year for deposit therein, *provided* that the total paid to the Trustee shall not exceed the Deposit Amount.
- No later than 30 days following the enactment of any separate bill or bills providing for an appropriation available for the payment of the Bonds, Swap Payment Obligations, and/or Credit Facility Obligations, for payment of issuance or administrative expenses or for funding a deposit to the Stabilization Fund in that Fiscal Year, the State shall pay to the Trustee for deposit in the Appropriations Fund the amounts appropriated thereby.
- No later than 30 days following the enactment of a Budget Bill, the State shall pay to the Trustee the amount of any Swap Termination Payment which is a Parity Swap Payment Obligation, and which was

included in the calculation of Annual Appropriation Amount for that Fiscal Year, to the extent that Appropriated Funds are available.

- Any amounts appropriated pursuant to Section 20.505(1)(it), Wisconsin Statutes, or any successor provision, not otherwise deposited into the Indenture Funds under the terms of a Swap Agreement shall be transferred, immediately upon receipt by the State, to the Trustee for deposit in the Appropriations Fund.
- At any time during any Fiscal Year that any Appropriated Funds previously transferred to the Trustee are insufficient for the requirements of the Indenture Funds, the Trustee shall notify the State of such insufficiency and the State shall promptly pay such amount to the Trustee, but solely from Appropriated Funds, for deposit in the Appropriations Fund.
- The State may, at any time, at its option, transfer to the Trustee for deposit in the Appropriations Fund for further distribution into any of the funds and accounts described below, Appropriated Funds in addition to the Deposit Amount or other amounts required above.
- The State may direct the Trustee to transfer amounts from the Stabilization Fund to the Appropriations Fund as described below under “**SUMMARY OF THE 2003 INDENTURE; Appropriated Funds and Funds and Accounts; Use of Monies in the Stabilization Fund**”.

The Trustee shall receive for immediate deposit into the Appropriations Fund the Deposit Amount and any additional Appropriated Funds transferred by the State or by any Swap Provider pursuant to the terms of a Swap Agreement to the Trustee. The Trustee, promptly after receipt of the Deposit Amount in the Appropriations Fund, shall transfer an amount thereof designated in writing by an Authorized Department Representative, consistent with the amount used in the computation of the Deposit Amount, to the Operating Expense Fund and shall transfer the balance into the Debt Service Fund for distribution into the Debt Service Accounts as designated in writing by an Authorized Department Representative. The Trustee, promptly after receipt of any other monies in the Appropriations Fund, and at any time thereafter as needed to fund the following Indenture Funds, shall make payments into the following Indenture Funds, but as to each Indenture Fund only within the limitations set forth below:

- FIRST: Into the Operating Expense Fund, the amounts designated in writing by an Authorized Department Representative to be deposited in the Operating Expense Fund;
- SECOND: Into each Debt Service Account, to the extent, if any, needed to increase the amount in such Debt Service Account so that it equals the interest and principal (whether at maturity or upon mandatory redemption) for the related Series of Bonds due on each Payment Date and the amount of any Parity Swap Payment Obligations, if any, due on each Payment Date, after taking into account amounts available for that purpose in the Proceeds Account;
- THIRD: Into the Subordinated Payment Obligations Fund, the amount of any Subordinated Swap Payment Obligations and Credit Facility Payment Obligations due on each Payment Date; and
- FOURTH: Into the Stabilization Fund, the amount designated in writing by an Authorized Department Representative to be deposited for such Fiscal Year into the Stabilization Fund.

Any remaining Appropriated Funds shall remain in the Appropriations Fund until June 30th of each Fiscal Year. On May 1st of each year, the State shall determine the extent to which there are available monies on deposit in the Appropriations Fund, the Debt Service Accounts and the Subordinated Payment Obligations Fund which will not be needed for the purposes thereof for the balance of that Fiscal Year as reasonably determined by the State, and the State shall direct the Trustee to apply such monies prior to the end of the Fiscal Year in an amount up to any amount set forth in a schedule or formula, if any, set forth in the 2003 Indenture or Supplemental Indenture pursuant to which Additional Bonds are issued, to the optional redemption of the Additional Bonds.

To the extent that any such scheduled amount of optional redemption is not achieved in any Fiscal Year, the shortfall shall be added to the remaining scheduled amounts of optional redemptions on a prorated basis rounded to the nearest authorized denomination of the applicable Series of Bonds, and any schedule or formula for such Series of Bonds set forth in the related Supplemental Indenture shall be modified accordingly.

Use of Monies in the Debt Service Fund

The Trustee shall withdraw from the applicable Debt Service Account of the Debt Service Fund and the Proceeds Account on or prior to each Payment Date an amount equal to:

- The unpaid interest due on the Bonds on each such Payment Date, and shall cause the same to be applied to the payment of said interest when due.
- The amount of each Parity Swap Payment Obligation due on such Payment Date, and shall cause the same to be paid to the applicable Swap Provider (*provided* that any Swap Termination Payment which is a Parity Swap Payment Obligation will be paid no later than 30 days after enactment of the Budget Bill or other bill providing an appropriation available for its payment).
- The Principal Installment of such Bonds due on such Payment Date, and shall cause the same to be applied to the payment of such Principal Installment when due.
- The principal due upon optional redemption of such Bonds on such Payment Date, and shall cause the same to be applied to the payment of such principal when due, *provided* that, prior to distributing notice of any such optional redemption (other than scheduled optional redemption described under “**SUMMARY OF THE 2003 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Appropriations Fund**”), an Authorized Department Representative has certified that the total of (1) amounts remaining on deposit in the Debt Service Fund (other than amounts on deposit in the Proceeds Account that are expected to be needed in future Fiscal Years) and (2) amounts remaining under the appropriation made for that Fiscal Year pursuant to Section 20.505(1)(br), Wisconsin Statutes, or any successor provision, are sufficient to meet the requirements of the Debt Service Fund for the balance of the Fiscal Year, assuming, for purposes of said certification, that the interest on any Variable Rate Bonds for the balance of the Fiscal Year shall be calculated at the Maximum Rate and the amount of any Parity Swap Payment Obligations that would be payable under Swap Agreements that provide for a variable rate to be paid by the State shall be calculated at an annual rate equal to the maximum rate provided for therein (or if no maximum is provided for, shall be determined at a rate equal to the rate that would result if the index provided in such Swap Agreement were at 15% per annum) and that interest accruing on any overdue Parity Swap Payment Obligation at a variable rate shall be calculated at an annual rate equal to the maximum rate provided for therein (or if no maximum is provided for, a rate of 15% per annum on the amount of the overdue Parity Swap Payment Obligation).

Prior to the Payment Date of a Principal Installment, any amounts then on deposit in a Debt Service Account shall, if so directed in writing by an Authorized Department Representative, be applied by the Trustee to another Debt Service Account to the extent not needed for purposes of the Debt Service Account in which it was originally deposited or to the purchase of Bonds of the Series and maturity for which such Principal Installment was established, in an amount not exceeding that necessary to complete the payment of the unsatisfied balance of such Principal Installment. All purchases of Bonds pursuant to the 2003 Indenture shall be made at prices not exceeding the applicable sinking fund Redemption Price or principal amount of such Bonds plus accrued interest.

If for any reason a Debt Service Account shall contain excess monies after a Payment Date, such excess may be held in that Debt Service Account as a credit against the requirements of that Debt Service Account for the balance of that Fiscal Year, transferred to another Debt Service Account, or returned to the Appropriations Fund, as the State shall direct.

In an amount at least equal to the Annual Appropriation Amount has been appropriated pursuant to Section 20.505(1)(br), Wisconsin Statutes, then the Trustee shall, if the State so directs, transfer monies in the Proceeds Account to the Operating Expense Fund or to the Stabilization Fund to increase or replenish the Stabilization Fund Amount therein, *provided* that any such direction shall be accompanied by a certificate of an Authorized Department Representative to the effect that such monies will not be needed to pay interest on the Bonds and that any increase in the Stabilization Fund Amount is reasonable.

In connection with a defeasance of any Bonds, the Trustee shall, if the State so directs, withdraw from the Debt Service Fund all, or any portion of, the amounts accumulated therein with respect to debt service on Bonds being defeased and deposit such amounts in escrow to be held for the payment of the principal amount or Redemption Price, if applicable, and interest on the Bonds being refunded; *provided* that such withdrawal shall not be made unless immediately thereafter the Bonds being defeased shall be deemed to have been paid pursuant to the 2003 Indenture as described under “**SUMMARY OF THE 2003 INDENTURE; Discharge of 2003 Indenture**” below.

Except to the extent that such application would be inconsistent with the appropriation of said amounts by the Legislature, and except as described under “**SUMMARY OF THE 2003 INDENTURE; Defaults and Remedies**” below, payments from the Debt Service Fund shall be made ratably by the Trustee according to amounts due in respect of each Bond and Parity Swap Payment Obligation without preference of one Bond or Parity Swap Payment Obligation over another (and without regard to the deposit of amounts in a particular Debt Service Account). Notwithstanding anything in the 2003 Indenture to the contrary, any monies derived from an appropriation of the State legislature may only be applied in a manner consistent with that appropriation.

Use of Monies in the Subordinated Payment Obligations Fund

Throughout each Fiscal Year on any Payment Date on which the amount on deposit in the Debt Service Fund is insufficient for the purposes thereof, the Trustee shall withdraw from the Subordinated Payment Obligations Fund and transfer to the Debt Service Fund the amount needed to make up the shortfall. On (a) June 10th (or if June 10th is not a Business Day, the Business Day next succeeding June 10th) of each Fiscal Year (but only if the amounts on deposit in the Debt Service Fund are sufficient to meet the requirements thereof for the balance of the Fiscal Year) or (b) such earlier date on which an Authorized Department Representative, at the State’s option, certifies that the total of (1) the monies on deposit in the Debt Service Fund and (2) the amounts remaining under the appropriation made for that Fiscal Year pursuant to Section 20.505(1)(br), Wisconsin Statutes, or any successor provision, are sufficient to meet the requirements of the Debt Service Fund for the balance of the Fiscal Year, assuming, for purposes of said certification, that the interest on any Variable Rate Bonds for the balance of the Fiscal Year shall be calculated at the Maximum Rate and the amount of any Parity Swap Payment Obligations that would be payable under Swap Agreements that provide for a variable rate to be paid by the State shall be calculated at an annual rate equal to the maximum rate provided for therein (or if no maximum is provided for, shall be determined at a rate equal to the rate that would result if the index provided in such Swap Agreement were at 15% per annum) and that interest accruing on any overdue Parity Swap Payment Obligation at a variable rate shall be calculated at an annual rate equal to the maximum rate provided for therein (or if no maximum is provided for, a rate of 15% per annum on the amount of the overdue Parity Swap Payment Obligation), then the Trustee shall withdraw from the Subordinated Payment Obligations Fund the amount of any Subordinated Swap Payment Obligations or Credit Facility Payment Obligations which are due and owing on such date and shall cause the same to be paid to the applicable Swap Provider or Credit Issuer.

Except to the extent that such application would be inconsistent with the appropriation of said amounts by the Legislature, payments from the Subordinated Payment Obligations Fund shall be made ratably by the Trustee according to the amounts due in respect of each Subordinated Swap Payment Obligation and Credit Facility Payment Obligation without priority or preference of one Subordinated Swap Payment Obligation or Credit Facility Payment Obligation over another.

Use of Monies in the Stabilization Fund

Throughout each Fiscal Year on any Payment Date on which the amount on deposit in the Debt Service Fund is insufficient for the purposes thereof and amounts drawn from the Subordinated Payment Obligations Fund are not sufficient to make up the shortfall, the Trustee shall withdraw from the Stabilization Fund and transfer to the Debt Service Fund the amount needed to make up the shortfall. Throughout each Fiscal Year until June 10th (or if June 10th is not a Business Day, the Business Day next succeeding June 10th), the State may, but is not required to, direct the Trustee to withdraw from the Stabilization Fund and transfer to the Subordinated Payment Obligations Fund the amount needed to make up any shortfall in such Indenture Fund for the purposes thereof. On June 10th (or if June 10th is not a Business Day, the Business Day next succeeding June 10th) of each Fiscal Year, the Trustee shall withdraw from the Stabilization Fund and transfer to the Subordinated Payment Obligations Fund the amount needed to make up any shortfall in such Indenture Fund for the purposes thereof, *provided* that amounts in the Stabilization Fund will not be required to be used to fund the Debt Service Fund to meet the requirements thereof for the balance of the Fiscal Year.

On the first Business Day of each Fiscal Year, the State may direct the Trustee to transfer amounts in the Stabilization Fund in excess of the Stabilization Fund Amount to the Appropriations Fund for further distribution to the Indenture Funds described above as directed by the State.

In connection with a defeasance of any Bonds, the Trustee shall, if the State so directs, withdraw from the Stabilization Fund, and deposit in escrow to be held for the payment of the principal amount or Redemption Price, if applicable, and interest on the Bonds being defeased, all, or any portion of, the amount therein in excess of the Stabilization Fund Amount after giving effect to the defeasance of such Bonds; *provided* that such withdrawal shall not be made unless immediately thereafter the Bonds being defeased shall be deemed to have been paid pursuant to the 2003 Indenture as described under “**SUMMARY OF THE 2003 INDENTURE; Discharge of 2003 Indenture**” below.

Amounts in the Stabilization Fund may be used for the final payment at maturity or upon earlier redemption of all remaining Outstanding Bonds.

The Sixth Supplemental Trust Indenture, dated as of January 29, 2019, amended the definition of Stabilization Fund Amount in the 2003 Indenture, so that it means such amount as may be deemed reasonable and designated in writing by an Authorized Department Representative; *provided* that the Stabilization Fund Amount shall not be reduced unless the State obtains (i) a Rating Confirmation with respect to such reduction and (ii) the written consent to such reduction from each Swap Provider that is party to a Swap Agreement under which a transaction that was entered into prior to April 1, 2008 remains in effect. Pursuant to that amended definition, an Authorized Department Representative reduced the Stabilization Fund Amount to \$0.00 on January 29, 2019.

Use of Monies in the Operating Expense Fund

The Trustee shall withdraw from the Operating Expense Fund the amounts, and pay to the parties, designated in writing by an Authorized Department Representative for the payment of issuance and administrative expenses related to the Bonds, Swap Payment Obligations, and Credit Facility Payment Obligations.

Payments to the State

Any amounts remaining in the Appropriations Fund or any other funds or accounts established under the 2003 Indenture after payment of all Bonds, Swap Payment Obligations, and Credit Facility Payment Obligations shall be paid to the State.

Funds Held in Trust

All money held in any of the Indenture Funds are held in trust in the custody of the Trustee subject to the provisions of the 2003 Indenture which permit their disbursements for specified purposes. All money and securities held in Indenture Funds are subject to the first lien of the 2003 Indenture and are not subject to any

lien, attachment, garnishment, or other claims or proceedings by other creditors of the State or any third party (under the 2003 Indenture the money and securities are subject to the lien of the Trustee described under “SUMMARY OF THE 2003 INDENTURE; The Trustee”).

Investments

The Trustee agrees to continuously invest and reinvest money on deposit in the Indenture Funds in Qualified Investments as directed in writing by the State, which the State agrees to provide. Investments made with money on deposit in the Indenture Funds may be made by the Trustee through its own bank investment department and:

- will have maturities or be readily marketable prior to maturity in the amounts and not later than the dates as may be necessary to provide funds for the purpose for which the money in any account is to be used,
- will be held by or under the control of the Trustee,
- will at all times be considered a part of the 2003 Indenture Fund (and in the case of the Debt Service Fund, the account therein) for whose benefit the investment was made,
- will have any loss attributable to them charged to the 2003 Indenture Fund (and in the case of the Debt Service Fund, the account therein) for whose benefit the investment was made, and
- in all other cases, will have any interest or profit derived from them retained in the 2003 Indenture Fund (and in the case of the Debt Service Fund, the account therein) from which the investment was made.

The Trustee shall not be responsible or liable for any loss resulting from such investment, except to the extent caused by its negligence or willful default.

Discharge of 2003 Indenture

The 2003 Indenture and the estate and rights granted by it ceases, determines, and is void if:

- (a) the State has performed all its obligations under the 2003 Indenture and the applicable Bond Purchase Agreement,
- (b) all Trustee’s Expenses and the expenses of any other paying agent which have accrued and will accrue through the final payment of the Bonds have been paid or arrangements satisfactory to the Trustee for their payment have been made,
- (c) provision for the payment of all Outstanding Bonds has been made to the satisfaction of the Trustee in one or more of the following ways:
 - (1) by paying or causing to be paid, when due, the principal of, and premium, if any, and interest on, all Outstanding Bonds,
 - (2) by irrevocably depositing with the Trustee, in trust for such purpose, at or before maturity, cash in an amount sufficient to pay or redeem (when redeemable) all Outstanding Bonds including unpaid interest which has accrued on the Bonds and will accrue through the final payment or redemption of the Bonds (assuming that any Variable Rate Bonds bear interest rate at the Maximum Rate for any period for which the interest rate is not then known) and any redemption premium,
 - (3) by delivering to the Trustee, for cancellation, all Outstanding Bonds, or
 - (4) by depositing with the Trustee, in trust, Defeasance Obligations that mature in an amount that will, together with the income or increment to accrue on them but without reinvestment, be sufficient to pay or redeem (when redeemable) all Bonds at or before their respective maturity dates, including interest which has accrued on the Bonds and will accrue through the final payment or redemption

of the Bonds (assuming that any Variable Rate Bonds bear interest rate at the Maximum Rate for any period for which the interest rate is not then known) and any redemption premium,

- (d) a notice of redemption which includes the Redemption Notice Information and which is not contingent upon satisfaction of any condition has been given as required by the 2003 Indenture if any of the Bonds are to be redeemed before their maturity (or if a notice of redemption cannot then be given as provided in the 2003 Indenture, then the State has given the Trustee, in a form satisfactory to the Trustee, irrevocable instructions to provide a notice of redemption which includes the Redemption Notice Information to the Registered Owners of any Bonds to be redeemed when a notice of redemption can be timely given under the 2003 Indenture),
- (e) if the payment of the Bonds has been provided for under (c)(2) or (c)(4) above, the Trustee (1) has been furnished with an Opinion of Bond Counsel to the effect that the actions taken under the 2003 Indenture will not adversely affect the validity of any Bonds and (2) has given notice to the Registered Owners of the Bonds at the Registered Owner's Address of the actions taken under subsection (c) above,
- (f) if the payment of the Bonds has been provided for under (c)(4) above, an opinion from an independent certified public accountant has been provided to the effect that the funds available or to be available in the escrow for the payment of the Bonds will be sufficient to pay the principal of, premium, if any, and interest on the Bonds, and
- (g) any additional requirements set forth in the 2003 Indenture or a Supplemental Indenture with respect to the applicable Series of Bonds have been satisfied.

On the occurrence of the events described in (a) through (g) above, the Trustee is authorized and directed:

- to execute and deliver all appropriate instruments evidencing and acknowledging the satisfaction of the 2003 Indenture, and
- to assign and deliver to the Department of Administration any money and investments in any Indenture Fund (except money or investments held by the Trustee for the payment of the principal of, and premium, if any, and interest on, any Bonds).

Notwithstanding any other provision of the 2003 Indenture which may be contrary to the provisions set forth above, all money and Defeasance Obligations which are set aside and held in trust pursuant to the provisions of the 2003 Indenture for the payment of the principal of, and premium, if any, and interest on, Bonds will be applied to and used solely for the payment of the principal of, and premium, if any, and interest on, the particular Bonds with respect to which it was so set aside in trust. The income derived from Defeasance Obligations held by the Trustee under the 2003 Indenture which are not needed for the payment of the principal of, and premium, if any, or interest on, the Bonds is to be disposed of in a manner which, in the Opinion of Bond Counsel, will not adversely affect the validity of any Bonds.

Notwithstanding a discharge of the 2003 Indenture as provided in clause (c)(2) or (c)(4) above, resulting in the Owners of Bonds having a claim for the payment of their Bonds solely from the cash and Defeasance Obligations so set aside, the 2003 Indenture will continue to govern the method of making payments of principal of, and interest on, the Bonds, the registration, transfer, and exchange of Bonds, the circumstances under which the Bonds may be redeemed, and similar matters.

Defaults and Remedies

Events of Default

The occurrence and continuance of any of the following events is an Event of Default under the 2003 Indenture:

- failure to pay when due the principal of (whether at maturity, upon redemption or otherwise), or premium, if any, or interest on, any Bonds or any Parity Swap Payment Obligations, except to the extent that such failure is due to an Event of Nonappropriation;
- failure to pay as required by the terms of the 2003 Indenture any Subordinated Swap Payment Obligations or Credit Facility Payment Obligations, except to the extent that such failure is due to an Event of Nonappropriation;
- failure to pay when due the tender price on any Bond upon mandatory or optional tender for purchase as provided in the 2003 Indenture, except to the extent that such failure is due to an insufficiency of appropriated funds to make such payment with respect to any Bonds for which there is no liquidity facility; or
- the State defaults in the due and punctual performance of any other of the covenants, conditions, agreements, and provisions contained in the Bonds, the 2003 Indenture, or any Supplemental Indenture on the part of the State to be performed and the default continues for 30 days after written notice specifying the default and requiring that it be remedied has been given to the State by the Trustee, which may give the notice in its discretion and must give the notice upon receipt of a written request of the Owners of at least 25% of the aggregate principal amount of any Series of Bonds then Outstanding that it do so, *provided* that if the default is one which can be remedied but cannot be remedied within that 30-day period, the Trustee may grant an extension of the 30-day period if the State institutes corrective action within that 30-day period and diligently pursues that action until the default is remedied.

Remedies

Upon the occurrence of any Event of Default the Trustee may take whatever action at law or in equity it deems necessary or desirable (1) to collect any amounts then due under the 2003 Indenture, or the Bonds, any Swap Payment Obligations, or any Credit Facility Payment Obligations, (2) to enforce performance of any obligation, agreement, or covenant of the State under the 2003 Indenture or the Bonds, of a Credit Issuer under any Credit Facility issued or entered into with respect to any Bonds, or of the grantor of any other collateral given to secure the payment of any Bonds, or (3) to otherwise enforce any of its rights; *provided*, however, actions against the State shall be limited to those permitted by the Statutes and the Constitution of the State.

None of the remedies under the 2003 Indenture is exclusive of any other remedy or remedies. Each remedy given under the 2003 Indenture is cumulative and is in addition to every other remedy that is given or that now or hereafter exists at law, in equity, or by statute.

No delay or omission in the exercise of any right or power accruing upon an Event of Default impairs the right or power or is a waiver of or acquiescence in any Event of Default. Every right and power given by the 2003 Indenture may be exercised from time to time and as often as may be deemed expedient.

No waiver of any Event of Default extends to, or affects, any subsequent or other Event of Default or impairs any rights or remedies consequent thereon.

Nothing in the 2003 Indenture is intended as a waiver by the State of its sovereign immunity, any procedural requirements for any remedy, or any defenses available to it.

Right to Direct Proceedings

Except as the 2003 Indenture or a Supplemental Indenture may otherwise provide with respect to rights of Credit Issuers to act in the stead of Bondowners, the Owners of the Bonds have the right to direct the exercise of any rights or remedies under the 2003 Indenture, and the method and place of conducting all proceedings to be taken in connection with the enforcement of the 2003 Indenture. The 2003 Indenture provides that, so long as the applicable Bond Insurer is not in default under its Bond Insurance Policy, it will be treated as the Owner of the 2003 Series A Bonds, the 2008 Series C Bonds, or certain 2008 Series B Bonds for all purposes of declaring

defaults directing remedies, and dealing with the Trustee under the 2003 Indenture. A Supplemental Indenture authorizing the issuance of a Series of Additional Bonds may provide for a Credit Issuer to have such rights with respect to a Series of Bonds entitled to the benefits of its Credit Facility. See “**SUMMARY OF THE 2003 INDENTURE; Certain Rights of Credit Issuers**”.

The directions of the Owners of Bonds are to be: (a) contained in a request which is signed by the Owners of at least a majority of the aggregate principal amount of each series of Bonds then Outstanding and delivered to the Trustee, (b) in accordance with law and the provisions of the 2003 Indenture, and (c) accompanied by indemnification of the Trustee as is provided in the 2003 Indenture.

Application of Funds

Upon an Event of Default or an Event of Nonappropriation, any Appropriated Funds received or held by the Trustee will, subject to the provisions of the 2003 Indenture relating to Credit Facilities, be applied as follows:

- FIRST: To the payment of (1) the costs and expenses associated with the Trustee’s carrying out its obligations with respect to the Event of Nonappropriation or the exercise of any remedy related to an Event of Default, including reasonable compensation to the Trustee and its attorneys and agents, and (2) any Trustee’s Expenses.
- SECOND: To the payment of interest, principal, and premium, if any, then due on the Bonds (other than Bonds called for redemption for the payment of which money is held pursuant to the provisions of Article 9 of the 2003 Indenture) and Parity Swap Payment Obligations, in the order of the maturity of the payments of interest, principal, and premium, if any, and Parity Swap Payment Obligations then due ratably and, if the amount available is not sufficient to pay in full interest, principal, premium, and Parity Swap Payment Obligations due on any particular date, then first to the payment of interest and Parity Swap Payment Obligations ratably, according to the amounts due, to the persons entitled to it without discrimination or privilege and second to the amount of principal and premium, ratably, according to the amounts due, to the persons entitled to it without discrimination or privilege.
- THIRD: Subject to the provisions of the 2003 Indenture described under “**SUMMARY OF THE 2003 INDENTURE; Appropriated Funds and Funds and Accounts; Use of Monies in the Subordinated Payment Obligations Fund**”, to the payment of Subordinated Swap Payment Obligations and Credit Facility Payment Obligations then due in the order of the maturity of such payments and, if the amount available is not sufficient to pay in full the Subordinated Swap Payment Obligations and Credit Facility Payment Obligations due on any particular date, then to their payment ratably, according to the amount due, to the persons entitled to it without discrimination or privilege.
- FOURTH: To the payment of any other sums required to be paid by the State pursuant to any provisions of any of the 2003 Indenture.

Whenever money is to be applied as described above, the money is to be applied at the times the Trustee determines, having due regard for the amount of money available for application and the likelihood of additional money becoming available for application in the future. Whenever the Trustee applies such funds it will fix the date (which will be an Interest Payment Date unless it deems another date more suitable) upon which the application is to be made and on that date interest on the amounts of principal paid ceases to accrue.

Any monies derived from an appropriation may only be applied in a manner consistent with its appropriation.

Remedies Vested in Trustee

All rights of action (including the right to file proofs of claim) under the 2003 Indenture or under any Bonds may be enforced by the Trustee without the possession of any of the Bonds or the production of them in any trial

or other proceeding relating to them. Any suit or proceeding instituted by the Trustee is to be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants the Registered Owners. Any resulting recovery or judgment is for the benefit of the Registered Owners of the Outstanding Bonds, the Swap Providers, and the Credit Issuers in accordance with the terms of the 2003 Indenture.

Rights and Remedies of the Bondowners

No Bondowner, Swap Provider, or Credit Issuer has any right to institute any suit, action, or proceeding in equity or at law for the enforcement of the 2003 Indenture, for the execution of any trust created under the 2003 Indenture, for the appointment of a receiver, or for any other remedy, unless

- an Event of Default has occurred of which the Trustee has been notified as provided in the 2003 Indenture or of which the Trustee is deemed to have notice by the terms of the 2003 Indenture,
- the Trustee has received a request to do so and has been offered a reasonable opportunity either to proceed to exercise the powers granted in the 2003 Indenture or to institute an action, suit, or proceeding in its own name,
- the Trustee has been offered indemnity as provided in the 2003 Indenture, and
- the Trustee thereafter fails or refuses to exercise the powers granted in the 2003 Indenture or to institute an action, suit, or proceeding in its own name.

No Bondowner, Swap Provider, or Credit Issuer has any right to affect, disturb, or prejudice the security of the 2003 Indenture by its action or to enforce any right under the 2003 Indenture except in the manner provided in the 2003 Indenture, and all proceedings at law or in equity are to be conducted in the manner provided in the 2003 Indenture for the equal and ratable benefit of all the Bondowners, Swap Providers, or Credit Issuers in accordance with the priority provided in the 2003 Indenture. Nothing in the 2003 Indenture, however, affects or impairs the right of Bondowners, Swap Providers, or Credit Issuers to enforce the payment of the principal of, and premium, if any, and interest on, any Bonds, Swap Payment Obligations, or Credit Facility Payment Obligations, respectively, at and after their maturity or the obligation of the State to pay the principal of, and premium, if any, and interest on, the Bonds issued under the 2003 Indenture, Swap Payment Obligations, or Credit Facility Payment Obligations, respectively, to Bondowners, Swap Providers, and Credit Issuers, respectively, at the time and place, from the source, and in the manner expressed in the 2003 Indenture and the Bonds (if applicable).

Waivers of Events of Default

Subject to the provisions of the 2003 Indenture relating to Credit Facilities, the Trustee may waive any Event of Default under the 2003 Indenture and its consequences and must do so upon receipt of a request to do so from the Registered Owners of a majority in aggregate principal amount of all Bonds then outstanding in respect of which the failure to pay the principal of, or premium, if any, or interest on, which has resulted in an Event of Default or of the Owners of a majority in principal amount of each Series of Bonds then Outstanding in the case of any other Event of Default. Notwithstanding the preceding sentence, the Trustee may not waive any Event of Default in the payment of the principal of, or premium, if any, or interest on, any Bond unless prior to the waiver all arrears of principal, or premium, if any, and interest on, the Bonds for which appropriations have been made, and all expenses of the Trustee in connection with the Event of Default have been paid or provided for.

The Trustee

The Trustee accepts and agrees to perform the duties of the Trustee under the 2003 Indenture upon the terms and conditions set forth therein.

The Trustee is entitled to payment or reimbursement of its Trustee's Expenses. Upon the occurrence of an Event of Default or an Event of Nonappropriation, but only upon the occurrence of an Event of Default or an

Event of Nonappropriation, the Trustee has a lien with right to payment prior to payment on account of the principal of, and premium, if any, and interest on, any Bond, any Swap Payment Obligation, and any Credit Facility Payment Obligation upon the Trust Estate and any other collateral securing the Bond, any Swap Payment Obligation, and any Credit Facility Payment Obligation for the payment of the Trustee's Expenses. To the extent permitted by the Statutes and Constitution of the State, the Trustee shall be entitled to payment or reimbursement from the State to indemnify the Trustee for, and to hold it harmless against, any loss, liability, or expense incurred without negligence, willful misconduct, or bad faith on its part, arising out of or in connection with the acceptance or administration of the 2003 Indenture, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties under the 2003 Indenture.

If an Event of Default or an Event of Nonappropriation occurs of which the Trustee is required to take notice or of which it has been given notice, the Trustee agrees to give written notice of the Event of Default or Event of Nonappropriation by first-class mail to the Owners of all Bonds then Outstanding at the Registered Owner's Addresses.

The Trustee may, and upon receipt of a request to do so from the Owners of a majority of the principal amount of Bonds then Outstanding and upon indemnity being provided as required by the 2003 Indenture must, intervene on behalf of the Owners of Bonds in any judicial proceeding to which the State is a party and which in the opinion of the Trustee and its counsel has a substantial bearing on the interests of the Owners of Bonds. The rights and obligations of the Trustee described in this paragraph are subject to the approval of a court of competent jurisdiction.

Successor Trustee; Resignation or Removal of the Trustee; Successor or Temporary Trustee

Any corporation or association (a) into which the Trustee may be converted or merged, (b) with which the Trustee may be consolidated, (c) to which the Trustee may sell or transfer its trust business and assets as a whole or substantially as a whole, or (d) resulting from a conversion, sale, merger, consolidation, or transfer to which the Trustee is a party becomes successor Trustee under the 2003 Indenture and is vested with all the title to the Trust Estate and the Trustee's interest in the 2003 Indenture and all the trusts, powers, discretions, immunities, privileges, and all other matters as its predecessor was without the execution or filing of any instrument or any further act, deed, or conveyance on the part of any of the parties to the 2003 Indenture, anything in the 2003 Indenture to the contrary notwithstanding.

The Trustee and any successor Trustee may at any time resign from the trusts the 2003 Indenture created by giving 30 days written notice by registered or certified mail to the State and the Registered Owners. A resignation takes effect upon the appointment of a successor or temporary Trustee by the Registered Owners or the State and the successor or temporary Trustee's acceptance of its appointment.

The Trustee may be removed at any time without cause (a) at the direction of the State (so long as no Default or Event of Default under the 2003 Indenture has occurred, whether or not continuing) or (b) by an instrument or concurrent instruments in writing signed by the Registered Owners of a majority of the aggregate principal amount of the Bonds then Outstanding and delivered to the Trustee and the State. A removal takes effect upon the appointment of a successor or temporary Trustee by the Registered Owners or the State and the successor or temporary Trustee's acceptance of its appointment.

In case the Trustee resigns, is removed, is dissolved, is in the course of dissolution or liquidation, is taken under the control of a public officer, has a receiver appointed for it by a court, or otherwise becomes incapable of acting under the 2003 Indenture, a successor may be appointed by an instrument or concurrent instruments in writing signed by the Owners of a majority of the aggregate principal amount of the Bonds then Outstanding. In case of a vacancy the State by an instrument executed and signed by an Authorized Department Representative in accordance with applicable law may appoint a temporary Trustee to fill the vacancy until a successor Trustee

has been appointed by the Owners of Bonds in the manner described above. Any temporary Trustee appointed by the State immediately and without further act is superseded by the Trustee appointed by the Owners of Bonds. Every Trustee so appointed must be a trust company or a bank in good standing having a reported capital and surplus of not less than \$10 million or having assets under administration of not less than \$200 million if there is an institution willing, qualified, and able to accept the trust upon reasonable and customary terms and have the qualifications required by the Enabling Act.

Every successor Trustee appointed under the 2003 Indenture will execute, acknowledge, and deliver to its predecessor and to the State an instrument in writing accepting its appointment under the 2003 Indenture, and thereupon the successor, without any further act, deed, or conveyance, will become fully vested with all the estates, properties, rights, powers, trusts, duties, and obligations of its predecessor. Its predecessor agrees, nevertheless, on the written request of the State or of its successor, to execute and deliver an instrument transferring to its successor all the estates, properties, rights, powers, and trusts of the predecessor under the 2003 Indenture. Every predecessor Trustee agrees it will deliver to its successor all securities, money, investments, and other property held by it in any Indenture Fund, a list of all checks or other fund transfers which the Trustee has issued or made but which have not been paid on the date the successor trustee becomes the Trustee under the 2003 Indenture, a copy of the Registration Books certified by the Trustee to be correct, executed originals of all letters of credit, policies of bond insurance, or other Credit Facilities relating to the Bonds, all printed but unissued Bonds, all Bonds in the Trustee's possession which are to be but have not been destroyed, executed originals of all indemnity bonds relating to the Bonds, a list of all stop transfer orders held by the Trustee, and such other documents and information as the successor trustee reasonably requests. If any instrument in writing from the State is required by any successor Trustee for more definitely and certainly vesting in the successor the estate, rights, powers, and duties vested or intended to be vested in the predecessor the State agrees to execute, acknowledge, and deliver any and all requested instruments in writing on request. The instrument appointing a successor under the 2003 Indenture will be filed and/or recorded by the successor Trustee in each filing or recording office where any document providing collateral security for the 2003 Indenture has been filed and/or recorded.

In the event the Trustee is changed, the predecessor Trustee which has resigned or been removed ceases to be trustee of the Indenture Funds and bond registrar and paying agent for principal of, and premium, if any, and interest on, the Bonds, and the successor Trustee becomes the Trustee, the bond registrar, and paying agent.

It is the intent of the State and the Trustee that the 2003 Indenture does not violate the law of any jurisdiction (including particularly the State) denying or restricting the right of banking corporations or associations to transact business as Trustee in that jurisdiction. It is recognized that in case of litigation under the 2003 Indenture, and in particular in case of the enforcement on an Event of Default, or in case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights, or remedies granted to it under the 2003 Indenture or hold title to the Trust Estate or take any other action which may be desirable or necessary in connection therewith, it may be necessary for the Trustee to appoint an additional individual or institution as a separate or co-trustee.

Supplemental Indentures

Supplemental Indentures Not Requiring the Consent of Bondowners or Swap Providers

Subject to the provisions of the 2003 Indenture relating to Credit Facilities, the State and the Trustee may, without the consent of or notice to the Bondowners or Swap Providers, enter into Supplemental Indentures which are not inconsistent with the terms and provisions of the 2003 Indenture in order:

- to provide for the issuance of Additional Bonds;
- to cure any ambiguity or formal defect or omission in the 2003 Indenture;

- to grant to, or confer upon, the Trustee for the benefit of the Bondowners any additional rights, remedies, powers, or authority that may lawfully be granted to or conferred upon the Bondowners or the Trustee, *provided* that such amendment does not adversely affect the rights or interests of any Swap Provider;
- to subject additional revenues, properties, or collateral to the 2003 Indenture; or
- to supplement the 2003 Indenture in any other way which, in the judgment of the Trustee, is not to the material prejudice of the Trustee, the Bondowners, or any Swap Provider.

Supplemental Indentures Requiring the Consent of Bondowners and Swap Providers

In addition to Supplemental Indentures described above that may not require consent, the State and the Trustee, with the prior written consent of the Owners of a majority of the aggregate principal amount of each Series of Bonds then Outstanding and each Swap Provider, may enter into Supplemental Indentures as the State and the Trustee deem necessary and desirable for the purpose of modifying, altering, amending, adding to, or rescinding, in any particular, any of the terms or provisions contained in the 2003 Indenture or in any Supplemental Indenture. No Supplemental Indenture, however, may permit (a) an extension of the stated maturity or a reduction in the principal amount of, reduction in the rate or extension of the time for paying interest on, a reduction of any premium payable on the redemption of or a reduction in the amount or extension of the time for any payment required by any sinking fund or principal fund applicable to any Bonds without the consent of the Owners of all the Bonds that would be affected by the action to be taken, (b) the creation of any lien prior to or, except in connection with the issuance of Additional Bonds, on a parity with the lien of the 2003 Indenture, without the consent of the Owners of all Bonds at the time Outstanding, or (c) a reduction in the aggregate principal amount of Bonds the Owners of which are required to consent to any Supplemental Indenture without the consent of the Owners of all Bonds at the time Outstanding that would be affected by the action to be taken.

If at any time the State requests the Trustee to enter into such a Supplemental Indenture, the Trustee agrees, upon being satisfactorily indemnified with respect to expenses, to send notice of the proposed execution of the Supplemental Indenture by registered or certified mail to the Registered Owner of each of the Bonds at the Registered Owner's Address subject, for so long as the Bonds are in Book Entry System, to the applicable Letter of Representations. The notice will briefly set forth the nature of the proposed Supplemental Indenture and state that copies of it are on file at the Designated Trust Office of the Trustee for inspection by the Registered Owner of any Bond. If, within 60 days or any longer period prescribed by the State following the mailing of the notice, consent of the Owners of a majority of the aggregate principal amount of each Series of Bonds then Outstanding has been obtained, no Registered Owner of any Bond has any right to object to any of the terms and provisions of the 2003 Indenture or their operation, in any manner to question the propriety of the execution of the Supplemental Indenture or to enjoin or restrain the Trustee or the State from executing the Supplemental Indenture or from taking any action pursuant to the provisions of the Supplemental Indenture. Upon the execution of any Supplemental Indenture as provided in the 2003 Indenture, the 2003 Indenture is modified and amended in accordance with it.

The Supplemental Indentures executed in connection with the issuance of the 2012 Bonds, the 2016 Series A Bonds, the 2020 Bonds, and the 2021 Bonds provide that, by their acceptance of the 2012 Bonds, 2016 Series A Bonds and 2020 Bonds, respectively, the Owners of the 2012 Bonds, 2016 Series A Bonds, 2020 Bonds, and 2021 Bonds shall be deemed to have consented to any future Supplemental Indenture that provides that the consent of Owners of a Series of Bonds is not needed to authorize a Supplemental Indenture that does not affect the Owners of such Series.

Certain Rights of Credit Issuers

The 2003 Indenture provides that, so long as the Credit Issuer with respect to a Series of Bonds is not in default under its Credit Facility, the Credit Issuer may have certain rights, including but not limited to the rights: (1) to

be subrogated to the rights of the Owners of Bonds of such Series that are paid by its Credit Facility and to have those Bonds continue to be treated as Outstanding under the 2003 Indenture; (2) to be treated as the Owner of the Bonds of such Series for such purposes as the Supplemental Indenture may provide (including for purposes of directing the exercise of remedies under the 2003 Indenture); (3) to limit the future issuance of Additional Bonds; and (4) to prohibit Supplemental Indentures without its consent. The 2003 Series A Bonds are insured under a Bond Insurance Policy issued by Financial Security Assurance Inc. (now known as Assured Guaranty Inc.), which has been granted certain of the rights described above with respect to the 2003 Series A Bonds.

No information is provided in this Part VII of the 2024 Annual Report about any credit rating currently assigned to the obligations of any Credit Issuer for any Outstanding Bonds.

Miscellaneous

Any consent, request, direction, approval, objection, or other instrument required by the 2003 Indenture to be signed by Bondowners may be in any number of concurrent writings of similar tenor. Proof of the execution of any consent, request, direction, approval, objection, or other instrument is sufficient for any of the purposes of the 2003 Indenture and is conclusive in favor of the Trustee with regard to any action taken by it, if it contains or is accompanied by (1) a certificate of any officer in any jurisdiction who by law has power to take acknowledgments within that jurisdiction to the effect that the person signing the writing acknowledged before him the execution thereof or (2) an affidavit of any witness to the execution. The ownership of Bonds and the amount, series, numbers, and other identification of them and the date on which they were held are conclusively proved by the Registration Books.

Unless provided to the contrary in the 2003 Indenture, all notices, certificates, or other communications under the 2003 Indenture are deemed given when delivered or mailed by first-class mail, postage prepaid, addressed to the parties at the addresses set forth in the 2003 Indenture.

If any date on which an obligation of the Trustee or the State is to be performed falls on a day that is not a Business Day, then the payment or fulfillment of the obligation may be made on the next succeeding Business Day with the same effect as if made on the date due except that (1) a Supplemental Indenture authorizing a Series of Additional Bonds may provide that interest on such Additional Bonds continues to accrue to the date of actual payment, and (2) in the case of the end of a Fiscal Year, such payment or fulfillment shall be made on the preceding Business Day.

SUMMARY OF THE 2009 INDENTURE

The following is a summary of certain provisions of the 2009 Indenture, which relates to the 2009 Indenture Bonds. The summary does not purport to be complete, and reference is made to the full text of the 2009 Indenture for a complete recital of its terms, including the defined terms used therein.

The following summary may also use terms that are similar to, but could slightly vary from, terms used in the summary for the 2003 Indenture. The term “Bonds” in the following summary refers to 2009 Indenture Bonds.

The Appropriation Obligations

Issuance of Appropriation Obligations

The State may issue one or more Series of Appropriation Obligations under the 2009 Indenture from time to time, without limit as to aggregate principal amount except as provided in the Act. Prior to or contemporaneously with the issuance of any Appropriation Obligations, there must be filed with the Trustee: (1) a Supplemental Indenture executed by the Department on behalf of the State and by the Trustee authorizing the Appropriation Obligations, designating them as either Bonds or Notes, specifying their terms, and providing for the disposition of the proceeds of their sale, (2) a copy of the Authorizing Certification executed by the Secretary or his or her designee authorizing the execution and delivery of the Supplemental Indenture and the

issuance of the Appropriation Obligations, (3) an Opinion of Bond Counsel to the effect that the execution and delivery of such Supplemental Indenture and the issuance and sale of the Appropriation Obligations have been duly authorized in accordance with the Act and the 2009 Indenture, and (4) a request and authorization to the Trustee by the Department on behalf of the State and signed by an Authorized Department Representative requesting the Trustee to authenticate and deliver the Appropriation Obligations.

Deposit of Proceeds to Funds and Accounts

Proceeds of a Series of Appropriation Obligations are deposited into the funds and accounts created under the 2009 Indenture or otherwise applied, as provided in a Closing Statement executed by an Authorized Department Representative and furnished to the Trustee. The Closing Statement specifies the purchase price of the Appropriation Obligations and:

- (a) the amount, if any, representing accrued interest on the Appropriation Obligations to be deposited in the Proceeds Interest Account;
- (b) the amount, if any, representing Funded Interest to be deposited in the Proceeds Interest Account;
- (c) the amount, if any, representing proceeds of Funding Obligations to be used to pay principal of Outstanding Notes, to be deposited in the Proceeds Funding Account(s) related to those Notes; and
- (d) the amount, if any, to be deposited in any other fund or account or to be otherwise transferred as provided in the Closing Statement.

The Closing Statement further specifies the application of such monies.

General Terms and Provisions of Appropriation Obligations

Liability of the State Subject to Annual Appropriation

The Appropriation Obligations, Swap Payment Obligations, and Credit Facility Payment Obligations, together with any interest thereon, shall be special and limited obligations of the State, payable solely out of the Appropriated Funds. The Appropriation Obligations, Swap Payment Obligations, and Credit Facility Payment Obligations are valid claims of the Registered Owners, Swap Providers, and Credit Issuers, respectively, only against the Trust Estate and other Appropriated Funds. The Trustee agrees to hold the Trust Estate and apply the Appropriated Funds only as provided in the 2009 Indenture, except to the extent otherwise specified by law in an appropriation. The State is not generally liable on the Appropriation Obligations or any other Indenture Obligations. Neither the general credit nor the taxing power of the State or any political subdivision thereof is pledged to the payment of the Indenture Obligations. The Indenture Obligations do not constitute an indebtedness of the State or any political subdivision thereof within the meaning of any constitutional or statutory debt limitation or restriction.

Registered Owners Treated as Owners

Except as a Supplemental Indenture may otherwise provide (including with respect to a Credit Issuer as described under “**SUMMARY OF THE 2009 INDENTURE; Certain Rights of Credit Issuers**”), the State and the Trustee may treat the Registered Owner of any Appropriation Obligation as its absolute owner (whether or not the Appropriation Obligation is overdue) for all purposes. Neither the State nor the Trustee shall be affected by any notice to the contrary.

Other Indenture Obligations

The 2009 Indenture provides that the State may enter into one or more Swap Agreements from time to time, without limit as to aggregate notional amount, and may enter into such Credit Facility Agreements as the Department shall determine are necessary or appropriate to obtain Credit Facilities with respect to the Indenture

Obligations. The Swap Provider under any Swap Agreement must (a) have a rating of at least “AA” (without regard to any qualifier), or its equivalent, from any Rating Agency at the time of execution of the Swap Agreement or (b) provide a guaranty as a credit support document under the Swap Agreement from a credit support provider that shall have a rating of at least “AA” (without regard to any qualifier), or its equivalent, from any Rating Agency at the time of execution of the Swap Agreement and the guaranty, except that the State’s counterparty or counterparties (or its or their credit support provider or providers) under a Swap Agreement or Swap Agreements having an aggregate notional amount equal to no greater than 33% of the principal amount of the Bonds then Outstanding may have a rating of “A” (without regard to any qualifier), or its equivalent, from any Rating Agency at the time of execution of the Swap Agreement (and, if applicable, the guaranty).

For any Swap Agreement, Credit Facility Agreement, Swap Payment Obligations, or Credit Facility Payment Obligations to be recognized as such for purposes of the 2009 Indenture, there must be filed with the Trustee (1) a copy of an Authorizing Certification executed by the Secretary of the Department or his or her designee authorizing the execution and delivery of the Swap Agreement or Credit Facility Agreement or the procurement of the Credit Facility, (2) a certificate of an Authorized Department Representative, which shall (a) in substance identify the Swap Agreement, Credit Facility Agreement, or Credit Facility as being a Swap Agreement, Credit Facility Agreement, or Credit Facility, as the case may be, within the meaning of the 2009 Indenture and (b) certify that any applicable requirements of the Act have been satisfied with respect to the Swap Agreement, the Credit Facility, and/or the Credit Facility Agreement, and (3) a copy of the Swap Agreement, the Credit Facility, and/or the Credit Facility Agreement, as the case may be.

General Covenants

Payment of Indenture Obligations

The State represents, warrants, and covenants that so long as any of the Appropriation Obligations are Outstanding or any Swap Payment Obligations or any Credit Facility Payment Obligations exist, it will deposit, or cause to be paid to the Trustee for deposit, in the Appropriations Fund, but solely from the Appropriated Funds, amounts sufficient to promptly pay the principal of, and premium, if any, and interest on, the Outstanding Appropriation Obligations and the Swap Payment Obligations and Credit Facility Payment Obligations as the same become due and payable.

Performance of Duties under the 2009 Indenture and the Appropriation Obligations

The State represents, warrants, and covenants that it will perform its obligations under the 2009 Indenture, any Appropriation Obligations executed, authenticated, and delivered under the 2009 Indenture and all its proceedings relating to the issuance of the Appropriation Obligations. The State further represents, warrants, and covenants that it is duly authorized under the Constitution and laws of the State, including the Act, by and through the Department, to issue the Appropriation Obligations, to execute the 2009 Indenture, and to pledge and assign the property described in the 2009 Indenture in the manner and to the extent set forth in the 2009 Indenture. The State represents that all action on the part of the State and the Department for the issuance of the Appropriation Obligations and the execution and delivery of the 2009 Indenture have been effectively taken and the Appropriation Obligations in the hands of the Registered Owners, the Swap Payment Obligations, and the Credit Facility Payment Obligations are and will be valid and enforceable obligations of the State contracted by the Department according to the terms of the 2009 Indenture and the Act.

Nonimpairment

Subject to the right of nonappropriation and the right to rescind, repeal, or amend an appropriation by the Legislature, the State represents, warrants, and covenants that it will not enter into any contract or take any action impairing the rights of the Trustee, the Registered Owners of the Appropriation Obligations, any Swap Provider, or any Credit Issuer under the 2009 Indenture, the Appropriation Obligations, a Swap Agreement, or any Credit Facility Agreement. Subject to the right of nonappropriation and the right to rescind, repeal, or

amend an appropriation by the Legislature, the State will not limit or alter its powers to fulfill the terms of any agreements made with Registered Owners or in any way impair the rights and remedies of Registered Owners until the Appropriation Obligations, together with interest and all costs and expenses in connection with any action or proceeding on behalf of the Registered Owners, are fully met and discharged.

Budget Process and Appropriations

The State shall direct the appropriate officers of the Department to take all appropriate actions within their power to assure that (beginning with the 2011-12 fiscal year) the Annual Appropriation Amounts with respect to the Indenture Obligations are annually appropriated. The Secretary or his or her designee shall:

- (a) while any Appropriation Obligations are Outstanding, or Swap Agreements or Credit Facilities are in effect, ensure that the budget request prepared under Section 16.42 of the Wisconsin Statutes for each such Fiscal Year includes the Annual Appropriation Amount relating to such Appropriation Obligations (which, in the case of Notes, shall include only interest with respect thereto, and not principal), Swap Payment Obligations, or Credit Facility Payment Obligations in that Fiscal Year;
- (b) in the event a Budget Bill for any such Fiscal Year fails to include the Annual Appropriation Amount, promptly provide a written notice to the Governor and the presiding officer of each house of the Legislature, stating the nature of the deficiency and seeking an amendment of such Budget Bill or requesting other action to ensure the satisfaction of the State's moral obligation;
- (c) in the event a Budget Bill for any such Fiscal Year fails to include the Annual Appropriation Amount, promptly provide a written notice to the Trustee, each Rating Agency, each Swap Provider, and each Credit Issuer stating the nature of the deficiency;
- (d) in the event a Budget Bill for any such Fiscal Year that fails to include the Annual Appropriation Amount is signed into law by the Governor, promptly send a letter to the Governor and the presiding officer of each house of the Legislature seeking the introduction of a separate bill making the necessary appropriation;
- (e) upon an Event of Nonappropriation, promptly provide a written notice thereof to the Trustee, each Rating Agency, each Swap Provider, and each Credit Issuer;
- (f) in the event a Swap Termination Payment becomes due and there are insufficient funds available from Appropriated Funds under the 2009 Indenture or from other legal sources provided by the State to pay the Swap Termination Payment, promptly send a letter to the Governor and the presiding officer of each house of the Legislature seeking the introduction of a separate bill authorizing an additional appropriation; and
- (g) upon an Event of Nonappropriation arising from the failure of the State to issue Funding Obligations in an amount sufficient to pay the principal of any Notes when it becomes due, promptly send a letter to the Governor and the presiding officer of each house of the Legislature seeking the introduction of a separate bill making an additional appropriation for such payment.

The Secretary of Administration has covenanted that, in the event the Secretary exercises his or her authority under Section 16.53(10)(a), Wisconsin Statutes, to establish a priority schedule for payments, he or she will give payments of appropriation obligations of the State (including the Appropriation Obligations, Swap Payment Obligations, and Credit Facility Payment Obligations) the highest possible priority permitted by law.

Trustee Notices Regarding Budget Process and Appropriations

The Trustee may at any time request that the Secretary certify that he or she has performed his or her obligations under the 2009 Indenture described above under clause (a) of "**SUMMARY OF THE 2009 INDENTURE; General Covenants; Budget Process and Appropriations**" and that no event described above in clause (b), (c), or (e)

under “**SUMMARY OF THE 2009 INDENTURE; General Covenants; Budget Process and Appropriations**” has occurred, and the Secretary shall promptly provide such certification. The Trustee shall promptly provide written notice to the following parties of the occurrence of certain events, as follows:

- (a) Upon failure to receive the certification requested by the Trustee with regard to compliance with clause (a) above under “**SUMMARY OF THE 2009 INDENTURE; General Covenants; Budget Process and Appropriations**”, to the Governor and the presiding officer of each house of the Legislature, with a copy to the Secretary, each Rating Agency, each Swap Provider, and each Credit Issuer;
- (b) Upon receipt of the notice described in clause (c) above under “**SUMMARY OF THE 2009 INDENTURE; General Covenants; Budget Process and Appropriations**” or failure to receive a certification requested by the Trustee that no event described in that clause has occurred, to the Governor and the presiding officer of each house of the Legislature, with a copy to the Secretary, each Rating Agency, each Swap Provider, and each Credit Issuer; or
- (c) Upon receipt of the notice described in clause (e) above under “**SUMMARY OF THE 2009 INDENTURE; General Covenants; Budget Process and Appropriations**” or failure to receive a certification requested by the Trustee that no event described in that clause has occurred, to the Governor and the presiding officer of each house of the Legislature, with a copy to the Secretary, each Rating Agency, each Swap Provider, and each Credit Issuer.

Event of Default

The State covenants that, should there be a Default or an Event of Default, the State will fully cooperate with the Trustee, the Registered Owners, the Swap Providers, and the Credit Issuers to the end of fully protecting the rights and security of the Registered Owners, the Swap Providers, and the Credit Issuers.

Appropriated Funds and Funds and Accounts

Establishment of Funds and Certain Accounts

The 2009 Indenture creates and establishes with the Trustee the following funds:

- Appropriations Fund,
- Operating Expense Fund,
- Debt Service Fund,
- Subordinated Payment Obligations Fund,
- Stabilization Fund, and
- Rebate Fund.

The 2009 Indenture also establishes in the Debt Service Fund a Debt Service Account for each Series of Appropriation Obligations and each Swap Agreement, a Proceeds Funding Account for each Series of Notes to be funded or refunded through the issuance of Funding Obligations, and a Proceeds Interest Account. Sinking fund accounts for any Series of Appropriation Obligations having sinking fund installments may be established within the Debt Service Account for such as provided in a Supplemental Indenture. (However, the Stabilization Fund will not be activated unless and until the State adopts a Supplemental Indenture establishing a Stabilization Fund Amount, the Subordinated Payment Obligations Fund will not be activated unless and until the Secretary or his or her designee executes and delivers an Authorizing Certification providing for Swap Payment Obligations – which could give rise to Subordinated Swap Payment Obligations – or Credit Facility Payment Obligations, and no Proceeds Funding Account will be created unless and until a Series of Notes is issued.)

The 2009 Indenture provides that any monies derived from an appropriation of the Legislature may only be applied in a manner consistent with its appropriation.

On the last Business Day of each Fiscal Year, the Trustee shall transfer all monies remaining in the Appropriations Fund, the Operating Expense Fund (except for amounts therein funded from proceeds of Appropriation Obligations or other obligations of the State issued for such purpose), the Debt Service Accounts, and the Subordinated Payment Obligations Fund (1) to the Stabilization Fund, (2) to the State, or (3) upon a determination by the Department that such monies are subject to an appropriation for the next Fiscal Year, to the Appropriations Fund, as directed in writing by an Authorized Department Representative.

No Stabilization Fund Amount has been established for the 2009 Indenture.

Deposits into and Use of Monies in the Appropriations Fund

The Trustee shall receive for immediate deposit into the Appropriations Fund the Deposit Amount and any additional Appropriated Funds transferred to the Trustee by the State or by any Swap Provider pursuant to the terms of a Swap Agreement as follows:

- On the first Business Day of each Fiscal Year for which a Budget Bill has been enacted, the State shall pay the Deposit Amount to the Trustee for deposit in the Appropriations Fund, from amounts appropriated pursuant to Section 20.505(1)(bq) of the Wisconsin Statutes, or any successor provision thereto. On the first Business Day of each Fiscal Year, in the event a Budget Bill for that Fiscal Year has not yet been enacted, the State shall pay to the Trustee the full amount up to the Deposit Amount that is available pursuant to the carry-over of existing appropriations from the prior Fiscal Year pursuant to Section 20.002(1) of the Wisconsin Statutes, and on the Business Day following the subsequent enactment of such a Budget Bill creating additional Appropriated Funds, the State shall pay to the Trustee, for deposit in the Appropriations Fund, the amount, if any, by which amounts appropriated thereby exceed amounts previously paid to the Trustee in such Fiscal Year for deposit therein, *provided* that the total paid to the Trustee shall not exceed the Deposit Amount.
- No later than 30 days following the enactment of any separate bill providing for an appropriation available for the payment of Appropriation Obligations, Swap Payment Obligations, and/or Credit Facility Payment Obligations (including any appropriation of funds to pay Notes for the payment of which Funding Obligations are not issued), for payment of issuance or administrative expenses, or for funding a deposit to the Stabilization Fund in that Fiscal Year, the State shall pay to the Trustee for deposit in the Appropriations Fund amounts appropriated thereby.
- No later than 30 days following the enactment of a Budget Bill, the State shall pay to the Trustee the amount of any Swap Termination Payment that is a Parity Swap Payment Obligation, and which was included in the calculation of Annual Appropriation Amount for that Fiscal Year, to the extent that Appropriated Funds are available.
- Immediately upon receipt, the State shall transfer to the Trustee, for deposit in the Appropriations Fund, any amounts appropriated pursuant to Section 20.505(1)(it) of the Wisconsin Statutes, or any successor provision, not otherwise deposited into the Indenture Funds under the terms of a Swap Agreement.
- At any time during each Fiscal Year that any Appropriated Funds previously transferred to the Trustee are insufficient for the requirements of the Indenture Funds, the Trustee shall notify the State of such insufficiency and the State shall promptly pay such amount to the Trustee, but solely from Appropriated Funds, for deposit in the Appropriations Fund.
- The State may, at any time, at its option, transfer to the Trustee for deposit in the Appropriations Fund for further distribution into any of the Indenture Funds and accounts described below, Appropriated Funds in addition to the Deposit Amount or other amounts required above.

- The State may direct the Trustee to transfer amounts from the Stabilization Fund to the Appropriations Fund as described below under “*SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Stabilization Fund*”.

The Trustee, promptly after receipt of the Deposit Amount in the Appropriations Fund, shall transfer an amount thereof designated in writing by an Authorized Department Representative, consistent with the amount used in the computation of the Deposit Amount, to the Operating Expense Fund and shall transfer the balance into the Debt Service Fund for distribution into the Debt Service Accounts as designated in writing by an Authorized Department Representative. The Trustee, promptly after receipt of any other monies in the Appropriations Fund, and at any time thereafter as needed to fund the following Indenture Funds, shall make payments into the following Indenture Funds, but only to the extent consistent with the appropriation thereof by the legislature, and as to each Indenture Fund only within the limitations in the 2009 Indenture described below with respect thereto:

- FIRST: Into the Operating Expense Fund, the amounts designated in writing by an Authorized Department Representative to be deposited in the Operating Expense Fund;
- SECOND: Into each Debt Service Account, to the extent, if any, needed to increase the amount in such Debt Service Account so that it equals the interest and principal (whether at maturity or upon mandatory redemption) for the related Series of Bonds due on each Payment Date, the interest for the related Series of Notes due on such Payment Date, or the amount of any Parity Swap Payment Obligations, if any, due on each Payment Date, after taking into account amounts available for that purpose in the Proceeds Interest Account;
- THIRD: Into each Debt Service Account for Notes, to the extent, if any, needed to increase the amount in such Debt Service Account so that it equals the principal (whether at maturity or upon mandatory redemption) for the related Series of Notes due on each Payment Date, after taking into account amounts available for that purpose, and amounts expected to be deposited and available for that purpose, in the Proceeds Funding Account;
- FOURTH: Into the Subordinated Payment Obligations Fund, the amount of any Subordinated Swap Payment Obligations and Credit Facility Payment Obligations due on each Payment Date; and
- FIFTH: Into the Stabilization Fund, the amount designated in writing by an Authorized Department Representative to be deposited for such Fiscal Year into the Stabilization Fund.

Any remaining Appropriated Funds shall remain in the Appropriations Fund until June 30th of each Fiscal Year. On May 1st of each year the State shall determine the extent to which there are available monies on deposit in the Appropriations Fund, the Debt Service Accounts, and the Subordinated Payment Obligations Fund that will not be needed for the purposes thereof for the balance of that Fiscal Year (taking into consideration funds available in, and funds expected to be deposited and available in, the Proceeds Interest Account or a Proceeds Funding Account for such purpose), and the State shall direct the Trustee to apply such monies prior to the end of the Fiscal Year in an amount up to the Scheduled Optional Redemption amount set forth in any Supplemental Indenture pursuant to which Appropriation Obligations have been issued, to the optional redemption of such Appropriation Obligations. To the extent that Scheduled Optional Redemption is not achieved in any Fiscal Year, the shortfall shall be added to the remaining amounts of Scheduled Optional Redemptions on a prorated basis, rounded to the nearest authorized denomination of the applicable Series of Appropriation Obligations, and the Scheduled Optional Redemptions shall be modified accordingly.

Deposits into and Use of Monies in the Debt Service Fund

The Trustee shall deposit into the Proceeds Interest Account, from time to time, (1) proceeds of Appropriation Obligations required to be deposited therein and (2) any other amounts that are subject to continuing

appropriations and are provided by the State with instructions to deposit such amounts into the Proceeds Interest Account. The Trustee shall deposit into the appropriate Proceeds Funding Account, from time to time, proceeds of Funding Obligations required to be deposited. The Trustee shall deposit into the appropriate Debt Service Accounts in the Debt Service Fund the amounts required to be transferred thereto from the Appropriations Fund, the Subordinated Payment Obligations Fund, and the Stabilization Fund.

The Trustee shall withdraw from the applicable Debt Service Account, the Proceeds Interest Account, and the applicable Proceeds Funding Account on or prior to each Payment Date an amount equal to:

- (a) The unpaid interest due on the Appropriation Obligations on each Interest Payment Date and shall cause the same to be applied to the payment of said interest when due.
- (b) The amount of each Parity Swap Payment Obligation due on each Payment Date and shall cause the same to be paid to the applicable Swap Provider (*provided* that any Swap Termination Payment that is a Parity Swap Payment Obligation will be paid no later than 30 days after enactment of the Budget Bill or other bill providing an appropriation available for its payment).
- (c) The Principal Installment of the Bonds due on each Payment Date and shall cause the same to be applied to the payment of the Principal Installment of such Bonds when due.
- (d) The principal due upon optional redemption of the Appropriation Obligations on each Payment Date and shall cause the same to be applied to the payment of such principal when due, *provided* that, prior to distributing notice of any such optional redemption (other than (1) Scheduled Optional Redemptions described in “**SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Appropriations Fund**”, (2) an optional redemption of Notes for which sufficient funds are available in the applicable Proceeds Funding Account, or (3) an optional redemption with respect to which the redemption notice states that such redemption is contingent upon the availability of sufficient Appropriated Funds both to pay the Redemption Price and to satisfy the requirements of (A) and (B) below), an Authorized Department Representative has certified that the total of (A) amounts remaining on deposit in the Debt Service Fund (other than amounts on deposit in the Proceeds Interest Account which are expected to be needed in future Fiscal Years and amounts on deposit in any Proceeds Funding Account), and (B) amounts remaining under the appropriation made for that Fiscal Year pursuant to Section 20.505(1)(bq) of the Wisconsin Statutes, or any successor provision, are sufficient to meet the requirements of the Debt Service Fund for the balance of the Fiscal Year (without taking into account any principal payments required to be made with respect to Notes). For all purposes of determining the sufficiency of amounts in or payable into the Debt Service Fund or any account therein, interest on any Variable Rate Appropriation Obligations for any portion of the balance of the Fiscal Year for which the interest rate has not been determined shall be calculated at the Maximum Rate, the amount of any Parity Swap Payment Obligations that would be payable under Swap Agreements that provide for a variable rate to be paid by the State shall be calculated at an annual rate equal to the maximum rate provided for therein (or if no maximum is provided for, shall be determined at a rate equal to the rate that would result if the index provided in such Swap Agreement were at 15% per annum), interest accruing on any overdue Parity Swap Payment Obligation at a variable rate shall be calculated at an annual rate equal to the maximum rate provided for therein (or if no maximum is provided for, a rate of 15% per annum on the amount of the overdue Parity Swap Payment Obligation), and interest on any Funding Obligations that would be assumed to be issued under clause (e) of the respective definition of “Annual Appropriation Amount” under “**GLOSSARY**” shall be calculated based on the assumptions set forth in such clause (e).
- (e) The principal of any Notes due on each Payment Date and shall cause the same to be applied to the payment of the principal of such Notes when due.

Prior to the Payment Date of a Principal Installment, any amount then on deposit in a Debt Service Account shall, if so directed in writing by an Authorized Department Representative, be applied by the Trustee to the purchase of Bonds of the Series and maturity for which such Principal Installment was established in an amount not exceeding that necessary to complete the payment of the unsatisfied balance of such Principal Installment. Any such purchase of Bonds shall be made at a price not exceeding the applicable sinking fund Redemption Price or principal amount of such Bonds plus accrued interest.

Prior to the Payment Date of principal of any Note, any amount then on deposit in the applicable Proceeds Funding Account shall, if so directed in writing by an Authorized Department Representative, be applied by the Trustee to the purchase of Notes of the Series to which such Proceeds Funding Account relates. Any such purchase of Notes shall be made at a price not exceeding the applicable sinking fund Redemption Price or principal amount of such Notes plus accrued interest (which accrued interest may be paid from the related Debt Service Account or the Proceeds Interest Account).

At any time, any amount then on deposit in a Debt Service Account of the Debt Service Fund shall, if so directed in writing by an Authorized Department Representative, be applied by the Trustee to another Debt Service Account to the extent not needed for purposes of the Debt Service Account in which it was originally deposited. Transfers shall be made from any Debt Service Account for the payment of principal on a Series of Notes only to the extent that the amount in the Debt Service Account from which the transfer is made would be sufficient (determined as described in paragraph (d) above) after giving effect to such transfer. In addition, if for any reason a Debt Service Account of the Debt Service Fund shall contain excess monies after a Payment Date, such excess may be held in such Debt Service Account as a credit against the requirements of such Debt Service Account for the balance of that Fiscal Year, transferred to another Debt Service Account, or returned to the Appropriations Fund, as an Authorized Department Representative shall direct. Any such amount shall be transferred to a Debt Service Account for Notes only to the extent of interest to come due on the Notes of the related Series during the current Fiscal Year (and amounts may be transferred to a Debt Service Account for Notes to provide for payment of principal to come due on the Notes of such Series only as described above).

The Trustee shall, if an Authorized Department Representative so directs, transfer monies in the Proceeds Interest Account to the Operating Expense Fund or to the Stabilization Fund to increase or replenish the Stabilization Fund Amount therein. Any such direction shall be accompanied by a certificate of an Authorized Department Representative to the effect that such monies will not be needed to pay interest on the Appropriation Obligations and that any increase in the Stabilization Fund Amount is reasonable.

In connection with a defeasance of any Appropriation Obligations, the Trustee shall, if an Authorized Department Representative so directs, withdraw from the applicable Debt Service Account, from the Proceeds Interest Account (other than amounts therein expected to be needed in for the payment of other Appropriation Obligations or Swap Payment Obligations), or (in the case of Notes) from the applicable Proceeds Funding Account all or any portion of the amounts accumulated therein with respect to debt service on the Appropriation Obligations being defeased and deposit such amounts in escrow to be held for the payment of the principal amount or Redemption Price and interest on the Appropriation Obligations being defeased. No such withdrawal shall be made unless immediately thereafter the Appropriation Obligations being defeased shall be deemed to have been paid pursuant to the 2009 Indenture as described under “**SUMMARY OF THE 2009 INDENTURE; Discharge of 2009 Indenture**” below.

Except to the extent that such application would be inconsistent with the appropriation of said amounts by the Legislature, and except as described under “**SUMMARY OF THE 2009 INDENTURE; Defaults and Remedies; Application of Funds**” below, payments from the Debt Service Fund shall be made ratably by the Trustee according to amounts due in respect of interest on each Appropriation Obligation, each Principal Installment for Bonds, and each Parity Swap Payment Obligation without preference of one Appropriation Obligation or Parity Swap Payment Obligation over another, and without regard to the deposit of amounts in a particular Debt

Service Account (except with respect to payment of principal on Notes, which shall be paid only from the applicable Proceeds Funding Account or other Appropriated Funds appropriated for that purpose).

Deposits into and Use of Monies in the Subordinated Payment Obligations Fund

The Trustee shall deposit into the appropriate Subordinated Payment Obligations Fund the amounts required to be transferred thereto from the Appropriations Fund and the Stabilization Fund as described under “**SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Appropriations Fund**” and “**Deposits into and Use of Monies in the Stabilization Fund**”.

Throughout each Fiscal Year on any Payment Date on which the amount on deposit in the Debt Service Fund is insufficient for the purposes thereof, the Trustee shall withdraw from the Subordinated Payment Obligations Fund and transfer to the Debt Service Fund the amount needed to make up the shortfall. On (a) June 10th (or if June 10th is not a Business Day, the Business Day next succeeding June 10th) of each Fiscal Year, but only if the amounts on deposit in the Debt Service Fund are sufficient to meet the requirements thereof for the balance of the Fiscal Year (determined in the manner described above under “**SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Debt Service Fund**”), or (b) such earlier date on which an Authorized Department Representative, at the State’s option, certifies that the total of (1) the monies on deposit in the Debt Service Fund and available for such purpose and (2) the amounts remaining under the appropriation made for that Fiscal Year pursuant to Section 20.505(1)(bq) of the Wisconsin Statutes, or any successor provision, are sufficient to meet the requirements of the Debt Service Fund for the balance of the Fiscal Year (determined in the manner described above under “**SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Debt Service Fund**”, but without taking into account any principal payments required to be made with respect to Notes), then the Trustee shall withdraw from the Subordinated Payment Obligations Fund the amount of any Subordinated Swap Payment Obligations or Credit Facility Payment Obligations which are due and owing on such date and shall cause the same to be paid to the applicable Swap Provider or Credit Issuer.

Except to the extent that such application would be inconsistent with the appropriation of said amounts by the Legislature, payments from the Subordinated Payment Obligations Fund shall be made ratably by the Trustee according to the amounts due in respect of each Subordinated Swap Payment Obligation and Credit Facility Payment Obligation without priority or preference of one Subordinated Swap Payment Obligation or Credit Facility Payment Obligation over another.

Deposits into and Use of Monies in the Stabilization Fund

The Trustee shall deposit into the Stabilization Fund, from time to time, (1) proceeds of Appropriation Obligations directed to be deposited therein pursuant to a Closing Statement as described above under “**SUMMARY OF THE 2009 INDENTURE; The Appropriation Obligations; Deposit of Proceeds to Funds and Accounts**”, (2) other amounts provided by the State with instructions to deposit such amounts into the Stabilization Fund, and (3) the amounts required to be transferred thereto from the Appropriations Fund, the Proceeds Interest Account, or any other Indenture Funds as described under “**SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Appropriations Fund**”, “**Deposits into and Use of Monies in the Debt Service Fund**”, and “**Establishment of Funds and Certain Accounts**”.

Throughout each Fiscal Year on any Payment Date on which the amount on deposit in the Debt Service Fund is insufficient for the payment of principal of, and interest on, Bonds, interest on Notes and Parity Swap Payment Obligations and amounts drawn from the Subordinated Payment Obligations Fund are not sufficient to make up the shortfall, the Trustee shall withdraw from the Stabilization Fund and transfer to the Debt Service Fund the amount needed to make up the shortfall.

Throughout each Fiscal Year until June 10th (or if June 10th is not a Business Day, the Business Day next succeeding June 10th) of the Fiscal Year, the State may, at its option, but is not required to, direct the Trustee to withdraw from the Stabilization Fund and transfer to (1) the Debt Service Account for a Series of Notes the amount needed to make up any shortfall in such Debt Service Account for the payment of principal of such Notes or (2) the Subordinated Payment Obligations Fund the amount needed to make up any shortfall in such Indenture Fund for the purposes thereof. On June 10th (or if June 10th is not a Business Day, the Business Day next succeeding June 10th) of each Fiscal Year, the Trustee shall withdraw from the Stabilization Fund and transfer (1) to the Debt Service Account for a Series of Notes the amount needed to make up any shortfall in such Debt Service Account for the payment of principal of such Notes, but only to the extent that amounts in the Stabilization Fund will not be required to be used to fund the remaining Debt Service Accounts to meet the requirements thereof for the balance of the Fiscal Year (determined in the manner described above under “*SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Debt Service Fund*”), and (2) to the Subordinated Payment Obligations Fund the amount needed to make up any shortfall in such Indenture Fund for the purposes thereof, but only to the extent that amounts in the Stabilization Fund will not be required to be used to fund the Debt Service Fund to meet the requirements thereof for the balance of the Fiscal Year (determined in the manner described above under “*SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Debt Service Fund*”).

On the first Business Day of each Fiscal Year an Authorized Department Representative may direct the Trustee to transfer amounts in the Stabilization Fund in excess of the Stabilization Fund Amount to the Appropriations Fund for further distribution to the Indenture Funds described above. On the last Business Day of any Fiscal Year, an Authorized Department Representative may direct the Trustee to transfer amounts in the Stabilization Fund in excess of the Stabilization Fund Amount to the State.

In connection with a defeasance of any Appropriation Obligations, the Trustee shall, if an Authorized Department Representative so directs, withdraw from the Stabilization Fund, and deposit in escrow to be held for the payment of the principal amount or Redemption Price and interest on the Appropriation Obligations being defeased, all or any portion of the amount therein in excess of the Stabilization Fund Amount after giving effect to the defeasance of such Appropriation Obligations. No such withdrawal shall be made unless immediately thereafter the Appropriation Obligations being defeased shall be deemed to have been paid pursuant to the 2009 Indenture as described under “*SUMMARY OF THE 2009 INDENTURE; Discharge of 2009 Indenture*” below.

Amounts in the Stabilization Fund may be used for the final payment at maturity or upon earlier redemption of all remaining Outstanding Appropriation Obligations. While the State has not funded and does not currently expect to fund the Stabilization Fund under the 2009 Indenture, it may do so in connection with the issuance of Additional 2009 Indenture Bonds.

Deposits into and Use of Monies in the Operating Expense Fund

The Trustee shall deposit into the Operating Expense Fund (1) proceeds of Appropriation Obligations directed to be deposited therein pursuant to a Closing Statement as described above under “*SUMMARY OF THE 2009 INDENTURE; The Appropriation Obligations; Deposit of Proceeds to Funds and Accounts*” and (2) the amounts required to be transferred thereto from the Appropriations Fund or the Proceeds Interest Account, or any other Indenture Funds as described under “*SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposits into and Use of Monies in the Appropriations Fund*” and “*Deposits into and Use of Monies in the Debt Service Fund*”.

The Trustee shall withdraw from the Operating Expense Fund the amounts, and pay to the parties, designated in writing by an Authorized Department Representative for the payment of issuance and administrative expenses

related to the Appropriation Obligations, Swap Agreements and Swap Payment Obligations, and Credit Facilities and Credit Facility Payment Obligations.

Deposits into and Use of Monies in the Rebate Fund

The Trustee shall deposit into the Rebate Fund (and, if applicable, into the account therein designated by the State), from time to time, any amounts provided by the State with instructions to deposit such amounts into the Rebate Fund. The Trustee shall withdraw from the Rebate Fund (and, if applicable, from the account therein designated by the State) from time to time such amounts as the State may direct for payment of arbitrage rebate obligations with respect to the Appropriation Obligations or for transfer to such other fund or account as the State may determine.

Payments to the State

Any amounts remaining in any Indenture Fund after payment of all Appropriation Obligations, Swap Payment Obligations and Credit Facility Payment Obligations shall be paid to the State.

Funds Held in Trust

All money held in any of the Indenture Funds are held in trust in the custody of the Trustee subject to the provisions of the 2009 Indenture that permit their disbursements for specified purposes. All money and securities held in Indenture Funds are subject to the first lien of the 2009 Indenture and are not subject to any lien, attachment, garnishment, or other claims or proceedings by other creditors of the State or any third party.

Investments

The Trustee agrees to continuously invest and reinvest money on deposit in the Indenture Funds in Qualified Investments as directed in writing by the State, which the State agrees to provide. Money in a Proceeds Funding Account shall be invested only in securities issued by the United States or one of its agencies, securities fully guaranteed by the United States, or other Qualified Investments permitted for such funds under the Act. Investments made with money on deposit in the Indenture Funds will be held by or under the control of the Trustee and may be made by the Trustee through its own bank investment department. Investments will have maturities or be readily marketable prior to maturity in the amounts and not later than the dates as may be necessary to provide funds for the purpose for which the money in any account is to be used. Any interest or profit or any loss attributable to investments will be credited to or charged against the 2009 Indenture Fund (and in the case of the Debt Service Fund or the Rebate Fund, the account therein) in which the invested monies were deposited. The Trustee shall not be responsible for any loss resulting from any such investment, except to the extent caused by its negligence or willful default.

Discharge of 2009 Indenture

The 2009 Indenture shall be discharged if:

- (a) the State has performed all its obligations under the 2009 Indenture,
- (b) all Trustee's Expenses that have accrued and will accrue through the final payment of the Appropriation Obligations have been paid or arrangements satisfactory to the Trustee for their payment have been made,
- (c) provision for the payment of all Outstanding Appropriation Obligations has been made to the satisfaction of the Trustee in one or more of the following ways:
 - (1) by paying the principal of, and premium if any, and interest on, all Outstanding Appropriation Obligations,
 - (2) by irrevocably depositing with the Trustee an amount sufficient to pay or redeem (when redeemable) all Outstanding Appropriation Obligations, including interest on the

Appropriation Obligations to the final payment or redemption of the Appropriation Obligations (assuming that any Variable Rate Appropriation Obligations bear interest at the Maximum Rate for any period for which the interest rate is not then known) and any redemption premium,

(3) by delivering to the Trustee, for cancellation, all Outstanding Appropriation Obligations,

(4) by depositing in trust with the Trustee, or an escrow agent that meets the requirement of the 2009 Indenture, Defeasance Obligations that mature in an amount that will, together with investment income but without reinvestment, be sufficient to pay or redeem (when redeemable) all Outstanding Appropriation Obligations at or before their respective maturity dates, including interest on the Appropriation Obligations to the final payment or redemption of the Appropriation Obligations (assuming that any Variable Rate Appropriation Obligations bear interest at the Maximum Rate for any period for which the interest rate is not then known) and any redemption premium, and by complying with any other conditions set forth in the Supplemental Indenture that authorized such Appropriation Obligations, or

(5) with respect to Appropriation Obligations of a particular Series, in such other manner as the Supplemental Indenture authorizing that Series may provide,

(d) a notice of redemption which is not contingent upon satisfaction of any condition has been given as required by the Supplemental Indenture that authorized such Appropriation Obligations if any of the Appropriation Obligations are to be redeemed before their maturity (or, if a notice of redemption cannot then be given as provided in the applicable Supplemental Indenture, then the State has given the Trustee irrevocable instructions to provide such a notice of redemption),

(e) if the payment of the Appropriation Obligations has been provided for as described under (c)(2) or (c)(4) above, the Trustee (1) has been furnished with an Opinion of Bond Counsel to the effect that the actions taken under the 2009 Indenture will not adversely affect the validity of any Appropriation Obligations and (2) has given notice to each Registered Owner of the Appropriation Obligations at the Registered Owner's Address of the actions taken as described under clause (c) above,

(f) if the payment of the Appropriation Obligations has been provided for as described under (c)(4) above, an opinion from an independent certified public accountant to the effect that the funds available or to be available in the escrow for the payment of the Appropriation Obligations will be sufficient to pay the principal of, and premium, if any, and interest on, the Appropriation Obligations,

(g) any Swap Payment Obligations and any Credit Facility Payment Obligations have been paid, or provision satisfactory for their payment has been made (1) as provided in the applicable Swap Agreement or Credit Facility Agreement or (2) otherwise to the satisfaction of the applicable Swap Provider or Credit Issuer, and

(h) any additional requirements set forth in a Supplemental Indenture with respect to the applicable Series of Appropriation Obligations have been satisfied. The First Supplemental Indenture and Third Supplemental Indenture require that, as condition to any deposit described under clause (c)(4) above being treated as providing for the payment of any 2009 Series A Bond, 2017 Series B Bond, or 2019 Bond, the Trustee shall have been furnished with an opinion of Bond Counsel to the effect that the payment of the 2009 Series A Bond, 2017 Series B Bond, or 2019 Bond from such deposit, in accordance with the terms of such deposit, will not adversely affect the exclusion of interest on any 2009 Series A Bond, 2017 Series B Bond, or 2019 Bond from gross income of the owner thereof.

On the occurrence of the events described in clauses (a) through (h) above, the Trustee is authorized and directed to execute and deliver instruments evidencing and acknowledging the satisfaction of the 2009

Indenture, and assign and deliver to the Department any money and investments in any Indenture Fund (except money or investments held by the Trustee for the payment of the principal of, and premium, if any, and interest on, any Appropriation Obligations or for the payment of arbitrage rebate obligations with respect to Appropriation Obligations).

All money and Defeasance Obligations which are set aside and held in trust pursuant to the provisions of the 2009 Indenture for the payment of the principal of, and premium, if any, and interest on, the Appropriation Obligations will be applied to and used solely for the payment of the principal of, and premium, if any, and interest on, the particular Appropriation Obligations with respect to which it was so set aside in trust. The income derived from Defeasance Obligations held by the Trustee under the 2009 Indenture that is not needed for the payment of the principal of, or premium, if any, or interest on, the Appropriation Obligations is to be disposed of in a manner which, in the Opinion of Bond Counsel, will not adversely affect the validity of any Appropriation Obligations.

Notwithstanding a discharge of the 2009 Indenture as described in (c)(2) or (c)(4) above, resulting in the Registered Owners of Appropriation Obligations having a claim for the payment of their Appropriation Obligations solely from the cash and securities so set aside, the 2009 Indenture will continue to govern the method of making payments of principal and interest on the Appropriation Obligations, the registration, transfer, and exchange of Appropriation Obligations, the circumstances under which the Appropriation Obligations may or must be redeemed or tendered, and similar matters.

Defaults and Remedies

Events of Default

The occurrence and continuance of any of the following events is an Event of Default under the 2009 Indenture:

- (a) failure to pay when due the principal of, or premium, if any, or interest on, any Appropriation Obligations or any Parity Swap Payment Obligations, except to the extent that such failure is due to an Event of Nonappropriation;
- (b) failure to pay as required by the terms of the 2009 Indenture any Subordinated Swap Payment Obligations or Credit Facility Payment Obligations, except to the extent that such failure is due to an insufficiency of Appropriated Funds to make such payment;
- (c) failure to pay when due the tender price on any Appropriation Obligation upon mandatory or optional tender for purchase as provided in the 2009 Indenture, except to the extent that such failure is due to (1) an insufficiency of appropriated funds to make such payment with respect to any Appropriation Obligations for which there is no liquidity facility or (2) the Credit Issuer under a liquidity facility being relieved of its obligation to pay the Tender Price due to an Event of Nonappropriation or to a failure to pay that is due to an Event of Nonappropriation or to any other insufficiency of Appropriated Funds to make such payment; or
- (d) the State defaults in the due and punctual performance of any of the other covenants, conditions, agreements, and provisions on the part of the State to be performed pursuant to the Appropriation Obligations or the 2009 Indenture (including any Supplemental Indenture) and the default continues for 30 days after written notice specifying the default and requiring that it be remedied has been given to the State by the Trustee, which may give the notice in its discretion and must give the notice upon receipt of a written request of the Registered Owners of at least 25% of the aggregate principal amount of any Series of Appropriation Obligations then Outstanding that it do so, or as otherwise provided in a Supplemental Indenture. However, if the default is one which can be remedied but cannot be remedied within that 30-day period, the Trustee may (except as limited by a Supplemental Indenture) grant an

extension of the 30-day period if the State institutes corrective action within that 30-day period and diligently pursues that action until the default is remedied.

Remedies

Upon the occurrence of any Event of Default the Trustee may take whatever action at law or in equity it deems necessary or desirable (1) to collect any amounts then due under the 2009 Indenture or the Appropriation Obligations, any Swap Payment Obligations, or any Credit Facility Payment Obligations, (2) to enforce performance of any obligation, agreement, or covenant of the State under the 2009 Indenture or the Appropriation Obligations, of a Credit Issuer under any Credit Facility issued or entered into with respect to any Appropriation Obligations, or of the grantor of any other collateral given to secure the payment of any Appropriation Obligations, or (3) to otherwise enforce any of its rights. However, actions against the State shall be limited to those permitted by the Statutes and the Constitution of the State.

Nothing in the 2009 Indenture is intended as a waiver by the State of its sovereign immunity, any procedural requirements for any remedy, or any defenses available to it.

Right to Direct Proceedings

Except as a Supplemental Indenture may otherwise provide with respect to rights of Credit Issuers to act in the stead of Registered Owners, as described under “**SUMMARY OF THE 2009 INDENTURE; Certain Rights of Credit Issuers**” below, the Registered Owners of the Appropriation Obligations have the right to direct the exercise of any rights or remedies under the 2009 Indenture, and the method and place of conducting all proceedings to be taken in connection with the enforcement of the 2009 Indenture. The directions of the Registered Owners of Appropriation Obligations are to be contained in a request which is signed by the Registered Owners of at least a majority of the aggregate principal amount of the Appropriation Obligations then Outstanding and delivered to the Trustee, and accompanied with indemnification of the Trustee as is provided in the 2009 Indenture.

Application of Funds

Upon an Event of Default or an Event of Nonappropriation, any Appropriated Funds received or held by the Trustee will be applied as follows:

- FIRST: To the payment of (1) the costs and expenses associated with the Trustee’s carrying out its obligations with respect to the Event of Nonappropriation or the exercise of any remedy related to an Event of Default, including reasonable compensation to the Trustee and its attorneys and agents, and (2) any Trustee’s Expenses.
- SECOND: To the payment of interest, principal, and premium, if any, then due on the Appropriation Obligations (other than Appropriation Obligations called for redemption for the payment of which money is held pursuant to the provisions of the 2009 Indenture described above under “**SUMMARY OF THE 2009 INDENTURE; Discharge of 2009 Indenture**”) and Parity Swap Payment Obligations, in the order of the maturity of the payments of interest, principal and premium, if any and Parity Swap Payment Obligations then due ratably, and, if the amount available is not sufficient to pay in full interest, principal, premium, and Parity Swap Payment Obligations due on any particular date, then first to the payment of interest and Parity Swap Payment Obligations ratably, according to the amounts due, to the persons entitled to it without discrimination or privilege and second, to the amount of principal and premium, ratably, according to the amounts due, to the persons entitled to it without discrimination or privilege. However, (1) funds in a Proceeds Funding Account shall be used first for the payment of principal of the related Series of Notes, and (2) principal of Notes shall be payable from any funds other than funds in the related Proceeds Funding Account only after all other obligations described in this clause Second have been paid.

- THIRD: Subject to the provisions of the 2009 Indenture described in “**SUMMARY OF THE 2009 INDENTURE; Appropriated Funds and Funds and Accounts; Deposit Into and Use of Monies in the Subordinated Payment Obligations Fund**”, to the payment of Subordinated Swap Payment Obligations and Credit Facility Payment Obligations then due in the order of the maturity of such payments and, if the amount available is not sufficient to pay in full the Subordinated Swap Payment Obligations and Credit Facility Payment Obligations due on any particular date, then to their payment ratably, according to the amounts due, to the persons entitled to it without discrimination or privilege.
- FOURTH: To the payment of any other sums required to be paid by the State pursuant to any provisions of the 2009 Indenture.

Whenever money is to be applied as described above, the money is to be applied at the times the Trustee determines, having due regard for the amount of money available for application and the likelihood of additional money becoming available for application in the future. Whenever the Trustee applies such funds it will fix the date (which will be an Interest Payment Date unless it deems another date more suitable) upon which the application is to be made and on that date interest on the amounts of principal paid ceases to accrue.

Any monies derived from an appropriation may only be applied in a manner consistent with its appropriation.

Remedies Vested in Trustee

Any suit or proceeding instituted by the Trustee is to be brought in its name as Trustee without the necessity of joining as plaintiffs or defendants the Registered Owners. Any resulting recovery or judgment is for the benefit of the Registered Owners of the Outstanding Appropriation Obligations, the Swap Providers, and the Credit Issuers in accordance with the terms of the 2009 Indenture.

Limitation on Rights and Remedies of the Registered Owners

No Registered Owner of Appropriation Obligations, Swap Provider, or Credit Issuer has any right to institute any suit, action, or proceeding in equity or at law for the enforcement of the 2009 Indenture, for the execution of any trust created under the 2009 Indenture, for the appointment of a receiver, or for any other remedy, unless

- (a) an Event of Default has occurred of which the Trustee has been notified as provided in the 2009 Indenture or of which the Trustee is deemed to have notice by the terms of the 2009 Indenture,
- (b) the Trustee has received a request to do so and has been offered a reasonable opportunity either to proceed to exercise the powers granted in the 2009 Indenture or to institute an action, suit, or proceeding in its own name,
- (c) the Trustee has been offered indemnity as provided in the 2009 Indenture, and
- (d) the Trustee thereafter fails or refuses to exercise the powers granted in the 2009 Indenture or to institute an action, suit, or proceeding in its own name.

No Registered Owner of Appropriation Obligations, Swap Provider, or Credit Issuer has any right to affect, disturb, or prejudice the security of the 2009 Indenture by its action or to enforce any right under the 2009 Indenture except in the manner provided in the 2009 Indenture and all proceedings at law or in equity are to be conducted in the manner provided in the 2009 Indenture for the equal and ratable benefit of all the Registered Owners, Swap Providers, or Credit Issuers in accordance with the priority provided in the 2009 Indenture. Nothing in the 2009 Indenture, however, affects or impairs the right of Registered Owners, Swap Providers, or Credit Issuers to enforce the payment of the principal of, and premium, if any, and interest on, any Appropriation Obligations, any Swap Payment Obligations, or any Credit Facility Payment Obligations, respectively, at and after their maturity or the obligation of the State to pay the principal of, and premium, if any, and interest on, the Appropriation Obligations issued under the 2009 Indenture, the Swap Payment Obligations,

or the Credit Facility Payment Obligations, respectively, to the Registered Owners, the Swap Providers, and the Credit Issuers, respectively, at the times and places, from the sources, and in the manner expressed in the 2009 Indenture and the Appropriation Obligations, the Swap Agreements, and the Credit Facility Agreements.

Waivers of Events of Default

The Trustee may waive any Event of Default under the 2009 Indenture and its consequences and must do so upon receipt of a request to do so from the Registered Owners of a majority in aggregate principal amount of each Series of Appropriation Obligations then Outstanding, except as a Supplemental Indenture may otherwise provide with respect to rights of Credit Issuers to restrict such waivers (see “**SUMMARY OF THE 2009 INDENTURE; Certain Rights of Credit Issuers**”). However, the Trustee may not waive any Event of Default in the payment of the principal of, or premium, if any, or interest on, any Appropriation Obligations unless prior to the waiver all arrears of principal, premium, if any, and interest on the Appropriation Obligations for which appropriations have been made, and all expenses of the Trustee in connection with the Event of Default, have been paid or provided for.

The Trustee

Acceptance of the Trusts

The Trustee accepts and agrees to perform the duties of the Trustee under the 2009 Indenture upon the terms and conditions set forth therein.

Trustee’s Expenses and Indemnification

The Trustee is entitled to payment or reimbursement of its Trustee’s Expenses. Upon the occurrence of an Event of Default or an Event of Nonappropriation, the Trustee has a lien upon the Trust Estate for the payment of the Trustee’s Expenses, with right to payment prior to payment on account of any Appropriation Obligation, any Swap Payment Obligation, and any Credit Facility Payment Obligations. To the extent permitted by the Statutes and Constitution of the State, the Trustee shall be entitled to payment or reimbursement from the State to indemnify the Trustee for any loss, liability, or expense incurred without negligence, willful misconduct, or bad faith on its part, arising out of or in connection with the acceptance or administration of the 2009 Indenture, including the costs and expenses of defending itself against any claim or liability in connection with the exercise or performance of any of its powers or duties under the 2009 Indenture.

Notice to Registered Owners if an Event of Default or an Event of Nonappropriation Occurs

If an Event of Default or an Event of Nonappropriation occurs of which the Trustee is required to take notice or of which it has been given notice, the Trustee agrees to give written notice of the Event of Default or Event of Nonappropriation by first-class mail to the Registered Owners of all Appropriation Obligations then Outstanding at the Registered Owner’s Addresses.

Intervention by Trustee

The Trustee may, and upon receipt of a request to do so from the Registered Owners of a majority of the principal amount of Appropriation Obligations then Outstanding and upon indemnity being provided as required by the 2009 Indenture the Trustee must, intervene on behalf of the Registered Owners of Appropriation Obligations in any judicial proceeding to which the State is a party and which in the opinion of the Trustee and its counsel has a substantial bearing on the interests of the Registered Owners of Appropriation Obligations. The rights and obligations of the Trustee described in this paragraph are subject to the approval of a court of competent jurisdiction.

Successor Trustee; Resignation or Removal of the Trustee; Successor or Temporary Trustee

Any corporation or association (1) into which the Trustee may be converted or merged, (2) with which the Trustee may be consolidated, (3) to which the Trustee may sell or transfer its trust business and assets as a whole

or substantially as a whole, or (4) resulting from a conversion, sale, merger, consolidation, or transfer to which the Trustee is a party shall become successor Trustee under the 2009 Indenture without the execution or filing of any instrument or any further act.

The Trustee may at any time resign by giving 30 days' written notice by registered or certified mail to the State and the Registered Owners. The Trustee may be removed at any time without cause (1) at the direction of the State (so long as no Default or Event of Default under the 2009 Indenture has occurred, whether or not continuing) or (2) by an instrument or concurrent instruments in writing signed by the Registered Owners of a majority of the aggregate principal amount of the Appropriation Obligations then Outstanding and delivered to the Trustee and the State. A resignation or removal takes effect upon the appointment of a successor Trustee by the Registered Owners or a temporary Trustee by the State and the successor or temporary Trustee's acceptance of its appointment.

In case the Trustee resigns, is removed, is dissolved, is in the course of dissolution or liquidation, is taken under the control of a public officer, has a receiver appointed for it by a court, or otherwise becomes incapable of acting under the 2009 Indenture, a successor may be appointed by an instrument in writing signed by the Registered Owners of a majority of the aggregate principal amount of the Appropriation Obligations then Outstanding. In case of a vacancy the State may appoint a temporary Trustee to fill the vacancy until a successor Trustee has been appointed by the Registered Owners of Appropriation Obligations in the manner described above. Any temporary Trustee appointed by the State shall be superseded by the Trustee appointed by the Registered Owners of Appropriation Obligations. Every Trustee so appointed must be a trust company or a bank in good standing that is a member of the Federal Deposit Insurance Corporation, having a reported capital and surplus of not less than \$10 million or having assets under administration of not less than \$200 million (if there is an institution willing, qualified, and able to accept the trust upon reasonable and customary terms), and having the qualifications required by the Act.

Separate Trustee or Co-Trustee

The 2009 Indenture provides for the appointment of a separate trustee or co-trustee if desirable or necessary in connection with litigation under the 2009 Indenture, or in case the Trustee deems that by reason of any present or future law of any jurisdiction it may not exercise any of the powers, rights, or remedies granted to it under the 2009 Indenture or hold title to the Trust Estate.

Supplemental Indentures

Supplemental Indentures Not Requiring the Consent of Registered Owners

The State and the Trustee may, without the consent of or notice to the Registered Owner of Appropriation Obligations, Swap Providers, or Credit Issuers, enter into Supplemental Indentures which are not inconsistent with the terms and provisions of the 2009 Indenture:

- (a) to provide for the issuance of Appropriation Obligations;
- (b) to cure any ambiguity or formal defect or omission in the 2009 Indenture;
- (c) to grant to or confer upon the Trustee any additional rights, remedies, powers, or authority that may lawfully be granted to or conferred upon the Registered Owners, Swap Providers, Credit Issuers, or the Trustee, so long as such amendment does not adversely affect the rights or interests of any Registered Owner, Swap Provider, or Credit Issuer that has not consented to such amendment;
- (d) to subject additional revenues, properties, or collateral to the 2009 Indenture;
- (e) to surrender or condition the exercise of any right or power granted to the State in the 2009 Indenture; or

(f) to supplement the 2009 Indenture in any other way which, in the judgment of the Trustee, is not to the material prejudice of the Trustee, the Registered Owners of Appropriation Obligations, any Swap Provider, or any Credit Issuer that has not consented to such supplement.

Supplemental Indentures Requiring the Consent of the Registered Owners and Swap Providers

In addition to Supplemental Indentures described above that may not require consent, the State and the Trustee, with the prior written consent of the Registered Owners of a majority of the aggregate principal amount of each Series of Appropriation Obligations then Outstanding and each Swap Provider, may enter into Supplemental Indentures as the State and the Trustee deem necessary and desirable for the purpose of amending any of the terms or provisions contained in the 2009 Indenture (including any Supplemental Indenture). No Supplemental Indenture, however, may permit (1) an extension of the stated maturity or reduction in the principal amount or Redemption Price of, a reduction in the rate or an extension of the time for paying interest on, or a reduction in the amount or an extension of the time for any payment required by any sinking fund applicable to any Appropriation Obligations without the consent of the Registered Owners of all the Appropriation Obligations that would be affected by the action to be taken, (2) the creation of any lien prior to or (except in connection with the issuance of Appropriation Obligations or the incurrence of Credit Facility Payment Obligations or Swap Payment Obligations) on a parity with the lien of the 2009 Indenture, without the consent of the Registered Owners of all Appropriation Obligations at the time Outstanding, or (3) a reduction in the aggregate principal amount of Appropriation Obligations the Registered Owners of which are required to consent to any Supplemental Indenture, without the consent of the Registered Owners of all Appropriation Obligations at the time Outstanding that would be affected by the action to be taken.

If at any time the State requests the Trustee to enter into such a Supplemental Indenture, the Trustee shall send notice of the proposed execution of the Supplemental Indenture by registered or certified mail to the Registered Owner of each of the Appropriation Obligations at the Registered Owner's Address. The notice will briefly set forth the nature of the proposed Supplemental Indenture and state that copies of it are on file at the Designated Trust Office of the Trustee for inspection by the Registered Owner of any Appropriation Obligation. If, within 60 days or any longer period as is prescribed by the State following the mailing of the notice, consent of the requisite Registered Owners has been obtained, no Registered Owner of any Appropriation Obligation shall have any right to object to any of the terms and provisions of the 2009 Indenture or their operation, in any manner to question the propriety of the execution of the Supplemental Indenture or to enjoin or restrain the Trustee or the State from executing the Supplemental Indenture or from taking any action pursuant to the provisions of the Supplemental Indenture. Upon the execution of any Supplemental Indenture as provided in the 2009 Indenture, the 2009 Indenture shall be modified and amended in accordance with it.

Certain Rights of Credit Issuers

The 2009 Indenture provides that a Credit Issuer with respect to a Series of Appropriation Obligations may have certain rights, including the rights: (1) to be subrogated to the rights of the Owners of Appropriation Obligations of such Series that are paid by its Credit Facility, and to have those Appropriation Obligations continue to be treated as Outstanding under the 2009 Indenture; (2) to be treated as the Registered Owner of the Appropriation Obligations of such Series for such purposes as the Supplemental Indenture may provide; (3) to limit the future issuance of Appropriation Obligations (other than Funding Obligations, which a Credit Issuer may not limit); (4) to prohibit Supplemental Indentures affecting such Series of Appropriation Obligations without its consent; and (5) to limit waivers of Events of Default without its consent.

Miscellaneous

Consent of Registered Owners

Any instrument required by the 2009 Indenture to be signed by Registered Owners may be in any number of concurrent writings of similar tenor. Proof of the execution of any such instrument is sufficient for any of the

purposes of the 2009 Indenture if it contains or is accompanied by (1) a certificate of any officer in any jurisdiction who by law has power to take acknowledgments within that jurisdiction to the effect that the person signing the writing acknowledged before him the execution thereof or (2) an affidavit of any witness to the execution. The ownership of Appropriation Obligations and the amount, series, numbers, and other identification of them and the date on which they were held are conclusively proved by the Registration Books.

Notices

Unless provided to the contrary in the 2009 Indenture, all notices or other communications under the 2009 Indenture are deemed given when delivered, received by facsimile or e-mail, or mailed by first-class mail, postage prepaid, addressed to the parties at the addresses set forth in the 2009 Indenture.

Obligations Due on Saturdays, Sundays, or Holidays

If any date on which an obligation of the Trustee or the State is to be performed falls on a day that is not a Business Day, then the payment or fulfillment of the obligation may be made on the next succeeding Business Day with the same effect as if made on the date due except that (1) a Supplemental Indenture authorizing a Series of Appropriation Obligations may provide that interest on such Appropriation Obligations continues to accrue to the date of actual payment and (2) in the case of the end of a Fiscal Year, such payment or fulfillment shall be made on the preceding Business Day.

GLOSSARY

The following definitions apply to capitalized terms used in this Part VII of the 2024 Annual Report.

2003 Bonds means the 2003 Series A Bonds and the 2003 Series B Bonds.

2003 Indenture means the Trust Indenture, dated as of December 1, 2003, between the State, acting by and through the Department of Administration, under the authority of the Act, and the Trustee, as trustee, as supplemented and amended from time to time.

2003 Indenture Bonds means the 2003 Series A Bonds, the 2012 Bonds, the 2016 Series A Bonds, the 2020 Bonds, the 2021 Bonds, and any Additional Bonds issued pursuant to the 2003 Indenture.

2003 Series A Bonds means the State of Wisconsin General Fund Annual Appropriation Bonds of 2003, Series A (Taxable Fixed Rate).

2003 Series B Bonds means the State of Wisconsin General Fund Annual Appropriation Bonds of 2003, Series B (Taxable Auction Rate Certificates), which were refunded in full with proceeds of the 2008 Bonds.

2008 Bonds means the 2008 Series A Bonds, 2008 Series B Bonds, and 2008 Series C Bonds.

2008 Series A Bonds means the State of Wisconsin General Fund Annual Appropriation Bonds of 2008, Series A (Taxable Fixed Rate), which were refunded in full with proceeds of the 2016 Series A Bonds.

2008 Series B Bonds means the State of Wisconsin General Fund Annual Appropriation Bonds of 2008, Series B (Taxable Floating Rate Notes), which were refunded in full with proceeds of the 2020 Bonds.

2008 Series C Bonds means the State of Wisconsin General Fund Annual Appropriation Bonds of 2008, Series C (Taxable Floating Rate Notes), which were refunded in full with proceeds of the 2020 Bonds.

2009 Bonds means the State of Wisconsin General Fund Annual Appropriation Bonds of 2009, Series A.

2009 Indenture means the Trust Indenture, dated as of April 1, 2009, between the State, acting by and through the Department of Administration, under the authority of the Act, and the Trustee, as trustee, as supplemented and amended from time to time.

2009 Indenture Bonds means the 2009 Bonds, the 2016 Series B Bonds, the 2017 Series A Bonds, the 2017 Series B Bonds, the 2017 Series C Bonds, the 2019 Bonds, the 2023 Bonds, and any Additional Bonds issued pursuant to the 2009 Indenture.

2012 Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2012, Series A (Taxable).

2016 Bonds means the 2016 Series A Bonds and the 2016 Series B Bonds.

2016 Series A Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2016, Series A (Taxable).

2016 Series B Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2016, Series B (Taxable).

2017 Bonds means the 2017 Series A Bonds, the 2017 Series B Bonds and the 2017 Series C Bonds.

2017 Series A Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2017, Series A (Federally Taxable).

2017 Series B Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2017, Series B (Federally Tax-Exempt).

2017 Series C Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2017, Series C (Taxable).

2019 Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2019, Series A (Forward Delivery).

2020 Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2020, Series A (Taxable).

2021 Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2021, Series A (Taxable).

2023 Bonds means the State of Wisconsin General Fund Annual Appropriation Refunding Bonds of 2023, Series A (Taxable).

Accumulated Unused Sick Leave Liability means the State's unfunded liability under Sections 40.05(4)(b), (bc), and (bw) and subchapter IX of Chapter 40, Wisconsin Statutes, as certified by the Secretary of the Wisconsin Department of Employee Trust Funds.

Act or Enabling Act means Section 16.527 of the Wisconsin Statutes, as from time to time amended.

Annual Appropriation Amount means, with respect to the 2003 Indenture, for any Fiscal Year which is the first Fiscal Year of a Biennium, an amount equal to the sum of the amounts in the following clauses (a) through (g) for such Fiscal Year, plus the amount in the following clause (h), and for any Fiscal Year which is the second Fiscal Year of a Biennium, an amount equal to the sum of the amounts in the following clauses (a) through (g) for such Fiscal Year or for the immediately succeeding Fiscal Year, whichever is greater, plus the amount in the following clause (h):

- (a) the amount of principal of 2003 Indenture Bonds Outstanding coming due during the Fiscal Year;
- (b) the amount of principal of 2003 Indenture Bonds Outstanding to be redeemed (whether pursuant to mandatory or optional redemption provisions) during the Fiscal Year, with the amount to be redeemed pursuant to optional redemption determined based on the schedule or formula, if any, set forth in the Supplemental Indenture pursuant to which the Additional 2003 Indenture Bonds are issued, for the Fiscal Year;

- (c) interest to be paid during the Fiscal Year with respect to Fixed Rate 2003 Indenture Bonds Outstanding;
- (d) interest that would be payable during the Fiscal Year with respect to Variable Rate 2003 Indenture Bonds Outstanding, determined at the maximum rate specified with respect thereto;
- (e) the maximum amount of any Swap Payment Obligations (other than Swap Termination Payments) that would be payable during the Fiscal Year under Swap Agreements that provide for a variable rate or rates to be paid by the State to the Swap Provider; *provided*, that any payment that is determined without limit as to amount shall be determined at a rate equal to the rate that would result if the index provided in such Swap Agreement were at 15% per annum;
- (f) the maximum amount of Credit Facility Payment Obligations due during the Fiscal Year except to the extent included in (a) through (e) above;
- (g) estimated administrative expenses, if they will be payable from the Operating Expense Fund during the Fiscal Year; and
- (h) the amount of all Swap Termination Payments which are unpaid and owing as of the September 1 immediately preceding the commencement of the Biennium which includes the Fiscal Year with respect to which the Annual Appropriation Amount is being determined, plus interest to accrue on such Swap Termination Payments to the date on which they are reasonably expected to be made, *provided* that for interest determined based on a variable rate, interest shall be calculated at the maximum rate permitted in the Swap Agreement and if no maximum rate is specified, a rate of 15% per annum;

and means, with respect to the 2009 Indenture, for any Fiscal Year that is the first Fiscal Year of a Biennium, an amount equal to the sum of the amounts in the following clauses (a) through (i) for such Fiscal Year, plus the amount in the following clause (j), and for any Fiscal Year that is the second Fiscal Year of a Biennium (beginning with the 2012-13 fiscal year), an amount equal to the sum of the amounts in the following clauses (a) through (i) for such Fiscal Year or for the immediately succeeding Fiscal Year, whichever is greater, plus the amount in the following clause (j):

- (a) the amount of principal of Outstanding 2009 Indenture Bonds maturing during the Fiscal Year;
- (b) the amount of principal of Outstanding 2009 Indenture Bonds scheduled to be redeemed pursuant to mandatory or Scheduled Optional Redemptions during the Fiscal Year;
- (c) the amount of interest to be paid during the Fiscal Year with respect to Outstanding Fixed Rate Appropriation Obligations;
- (d) the amount of interest that would be payable during the Fiscal Year with respect to Outstanding Variable Rate Appropriation Obligations, calculated at the Maximum Rate with respect thereto for any portion of such Fiscal Year for which the interest rate has not been determined;
- (e) the amount of interest that would be payable during the Fiscal Year with respect to Funding Obligations, assuming that any Outstanding Notes maturing during or prior to such Fiscal Year are retired on the maturity date thereof through the contemporaneous issuance of Funding Obligations in an aggregate principal amount determined by the Department to be sufficient to provide funds to pay the principal amount of such maturing Notes, which Funding Obligations mature on the last day of such Fiscal Year and bear interest, payable on the last day of such Fiscal Year, at a rate of 15% per annum;
- (f) the amount, if any, certified by an Authorized Department Representative to be the expected principal amortization in such Fiscal Year for Funding Obligations described in clause (e) above;

- (g) the maximum amount of any Swap Payment Obligations (other than Swap Termination Payments) that would be payable during the Fiscal Year under Swap Agreements that provide for a variable rate or rates to be paid by the State to the Swap Provider, with any payment that is determined without limit as to amount being calculated at a rate equal to the rate that would result if the index provided in such Swap Agreement were at 15% per annum;
- (h) the maximum amount of Credit Facility Payment Obligations due during the Fiscal Year, except to the extent included in clauses (a) through (g) above;
- (i) the estimated amount of administrative expenses that will be payable from the Operating Expense Fund during the Fiscal Year; and
- (j) the amount of all Swap Termination Payments that are unpaid and owing as of the September 1 immediately preceding the commencement of the Biennium that includes the Fiscal Year with respect to which the Annual Appropriation Amount is being determined, plus interest accrued and to accrue on such Swap Termination Payments to the date on which they are expected to be made (with interest based on a variable rate calculated at the maximum rate permitted in the Swap Agreement, or if no maximum rate is specified, at a rate of 15% per annum).

Appropriated Funds means (a) with respect to the 2003 Indenture, all amounts appropriated by law pursuant to Sections 20.505(1)(br), 20.505(1)(iq), and 20.505(1)(it) of the Wisconsin Statutes, or any successor provisions, from year to year with respect to the Bonds, Swap Payment Obligations, and Credit Facility Payment Obligations; (b) with respect to the 2009 Indenture, all amounts appropriated by law pursuant to Sections 20.505(1)(bq), 20.505(1)(iw), and 20.505(1)(it) of the Wisconsin Statutes, or any successor provisions, from year to year with respect to the Indenture Obligations, any other amounts appropriated by law for payment of the Indenture Obligations, and (c) any other amounts appropriated by law for payment of the Bonds, Swap Payment Obligations, and Credit Facility Payment Obligations.

Appropriations Fund means the fund by that name established pursuant to the respective Indenture.

Appropriation Obligations means, with respect to the 2009 Indenture, bonds or notes of the State issued, authenticated, and delivered pursuant to the 2009 Indenture.

Authorized Department Representative means the person identified in a written certificate which is signed by the Secretary of Administration, which contains a specimen of the Authorized Department Representative's signature, and which has been delivered to the Trustee. Authorized Department Representative includes any alternate or alternates designated in the certificate in the same manner. An Authorized Department Representative or alternate may be an employee of the Department.

Authorizing Certification means a written certification of the Department of Administration pursuant to section (5)(a) of the Act, as it may be amended in accordance with the terms of the respective Indenture, executed by the Secretary of Administration or his or her designee and delivered to the Governor, authorizing the execution and delivery of the 2003 Indenture or 2009 Indenture and the Bonds, or authorizing the execution and delivery of a Supplemental Indenture and one or more Series of Bonds.

Biennium means the two-Fiscal Year period beginning July 1st of each odd-numbered year.

Bond Counsel means legal counsel whose legal opinions on municipal bond issues are nationally recognized.

Bondowner means the Registered Owner of a Bond.

Bond Insurance Policies means, collectively, all policies of municipal bond insurance issued by the Bond Insurers insuring the Bonds.

Bond Insurers means (a) with respect to the 2003 Series A Bonds, Financial Security Assurance Inc. (now known as Assured Guaranty Inc.), and (b) with respect to any Series of Additional Bonds, any Person that issues a Bond Insurance Policy insuring such Series of Bonds, as identified in the applicable Supplemental Indenture.

Bonds means the bonds of the State issued pursuant to the 2003 Indenture, including the 2003 Series A Bonds, the 2012 Bonds, the 2016 Series A Bonds, the 2020 Bonds, the 2021 Bonds, and any Additional Bonds issued pursuant to the 2003 Indenture, and obligations designated by the Department as “Bonds” in a Supplemental Indenture to the 2009 Indenture.

Book Entry Form or **Book Entry System** means, with respect to the Bonds, a form or system, as applicable, under which (1) the ownership of beneficial interests in the Bonds may be transferred only through a book entry system and (2) physical bond certificates in fully registered form are registered only in the name of a Depository or its nominee as Registered Owner, with the physical bond certificates immobilized in the custody of the Depository.

Budget Bill means, for any Biennium, (1) the executive budget bill or bills described under Section 16.47 of the Wisconsin Statutes, or any successor provision thereto, introduced into either house of the legislature of the State, as introduced, (2) the budget bill as adopted by either house of the legislature of the State, and (3) the budget bill as approved in whole or in part by the Governor and enacted into law.

Business Day means a day which is not (1) a Saturday, Sunday, or legal holiday, (2) a day on which commercial banks are required or authorized by law to be closed in the State or in the city of the Designated Trust Office, or (3) a day on which The New York Stock Exchange is closed for the entire day or federal reserve banks are closed. A Supplemental Indenture authorizing a Series of Additional Bonds may provide for a different definition when used with respect to such Additional Bonds.

Closing Statement means the certificate signed by an Authorized Department Representative in connection with the issuance of Bonds, containing instructions regarding the disposition of proceeds of the Bonds, as required by the respective Indenture.

Credit Facility means any standby or direct pay letter of credit, standby bond purchase agreement, line of credit, surety bond, insurance policy (including any Bond Insurance Policy), or other insurance commitment or other agreement or ancillary arrangement (other than a Swap Agreement), satisfactory to the State, that is provided by a commercial bank, insurance company, or other entity to pay or further secure payment of debt service on Bonds or the purchase of Bonds upon tender.

Credit Facility Payment Obligations means all payment and reimbursement obligations of the State to a Credit Issuer in connection with any Credit Facility securing all or a portion of any Bonds.

Credit Issuer means the issuer of a Credit Facility, including a Bond Insurer.

DTC means The Depository Trust Company, a limited purpose trust company organized under the laws of the State of New York.

Debt Service Account means each Debt Service Account of the Debt Service Fund established pursuant to the respective Indenture.

Debt Service Fund means the fund by that name established pursuant to the respective Indenture.

Default means the occurrence of an event which, with the lapse of time or the giving of notice or both, is an Event of Default.

Defeasance Obligations means, with respect to the 2003 Indenture, noncallable U.S. Government Obligations or obligations issued by one of the agencies of the United States of America, not redeemable at the option of the State or anyone acting on its behalf prior to maturity. The 2003 Indenture provides further restrictions on Defeasance Obligations in connection with the defeasance of the 2003 Series A Bonds, and provides that a

Supplemental Indenture authorizing a Series of Additional Bonds may include further restrictions on Defeasance Obligations in connection with the defeasance of such Series of Additional Bonds. **Defeasance Obligations** means, with respect to the 2009 Indenture, the investments identified as such in a Supplemental Indenture authorizing a particular series of Appropriation Obligations, and with respect to the 2009 Bonds, 2016 Series B Bonds, 2017 Bonds, and 2019 Bonds means noncallable U.S. Government Obligations or obligations issued by one of the agencies of the United States of America not redeemable at the option of the State or anyone acting on its behalf prior to maturity.

Department or Department of Administration or DOA means the Department of Administration of the State.

Deposit Amount means the amount certified by the Secretary of Administration as the net amount reasonably expected to be needed during the applicable Fiscal Year to pay principal of Bonds (whether at maturity or by redemption prior to maturity and including any amount set forth in a schedule or formula, if any, set forth in a Supplemental Indenture pursuant to which Additional Bonds are issued), interest on Bonds or, with respect to the 2009 Indenture, Notes, and any Swap Payment Obligations (other than Swap Termination Payments), and to pay administrative expenses. The amount certified shall take into account amounts held by the Trustee in the Proceeds Account, but shall not take into account amounts held by the Trustee in the Stabilization Fund, that may be applied to such payments. The amount certified shall also take into account the effect of any reasonably expected refunding of Bonds or, with respect to the 2009 Indenture, Notes.

Depository means any securities depository that is a clearing corporation within the meaning of the New York Uniform Commercial Code and a clearing agency registered pursuant to the provisions of section 17A of the Securities Exchange Act of 1934, operating and maintaining, with its Participants or otherwise, a Book Entry System to record ownership of beneficial interests in the Bonds and to effect transfers of the beneficial ownership in the Bonds in Book Entry Form.

Designated Trust Office means the corporate trust office designated by the Trustee.

Event of Default has the respective meaning attributed to it under “**SUMMARY OF THE 2003 INDENTURE; Defaults and Remedies**” and “**SUMMARY OF THE 2009 INDENTURE; Defaults and Remedies**”.

Event of Nonappropriation means the insufficiency of Appropriated Funds in any Fiscal Year to pay when due all principal, redemption premium, and interest on the Bonds and all Parity Swap Payment Obligations.

Fiscal Year means the 12-month fiscal period commencing on July 1st of each year and ending on June 30th of the succeeding year.

Fitch shall mean Fitch Ratings and its successors and assigns.

Fixed Rate Bonds (or **Fixed Rate** when used with respect to Bonds) means any Bonds, the interest rate on which is established (with no right to vary) at a single numerical rate for the remaining term of such Bonds.

Funded Interest means proceeds of the Bonds deposited with the Trustee to pay interest on Bonds or any Parity Swap Payment Obligations.

Funding Obligations means, with respect to the 2009 Indenture, Bonds or Notes issued under the 2009 Indenture for the purpose of funding or refunding Notes at or prior to their maturity (and, to the extent provided in the related Authorizing Certification, to pay any issuance or administrative expenses or Funded Interest with respect thereto as authorized by the Act).

Governor means the governor of the State.

Indenture Funds means the funds created under of the respective Indenture.

Indenture Obligations means with respect to the 2009 Indenture, Appropriation Obligations, Swap Payment Obligations, and Credit Facility Payment Obligations.

Interest Payment Date means any date specified in the respective Indenture or a Supplemental Indenture for the payment of interest on Bonds.

Issuance Expenses means fees and expenses incurred or to be incurred by or on behalf of the State, the Trustee, or Bond Counsel for the Bonds in connection with the issuance and sale of the Bonds including, but not limited to, underwriting costs (whether in the form of discount in the purchase of the Bonds or otherwise), fees and expenses of legal counsel (including Bond Counsel, counsel to the Trustee, and counsel to the Purchaser), fees and expenses of financial advisors, feasibility consultants, and accountants, rating agency fees, fees of the Trustee, printing costs, recording expenses, fees and expenses related to any Credit Facility or Swap Agreement in connection with the Bonds, fees and costs related to exchange listings, and costs associated with the acquisition of securities for any defeasance escrow and for verifying the sufficiency of any defeasance escrow and any other fees, costs, or expenses in connection with the respective Indenture or the Bonds as determined by an Authorized Department Representative.

Maximum Rate means, with respect to the 2003 Indenture, the lesser of (a) 15% per annum or such higher rate as the State may establish with a Rating Confirmation or (b) the maximum rate of interest permitted by the laws of the State. The State previously established a higher maximum rate with respect to some 2003 Indenture Bonds that are no longer outstanding. **Maximum Rate** means, with respect to a Series of Variable Rate Appropriation Obligations under the 2009 Indenture, the rate per annum established in or pursuant to the Supplemental Indenture authorizing such Appropriation Obligations as the maximum interest rate that may be borne by such Appropriation Obligations at any time.

Moody's means Moody's Investors Service, Inc. and its successors and assigns.

Notes means, with respect to the 2009 Indenture, Appropriation Obligations designated by the Department as "Notes" in the Supplemental Indenture pursuant to which they are issued.

Operating Expense Fund means the fund by that name established pursuant to the respective Indenture.

Opinion of Bond Counsel means an opinion in writing signed by legal counsel who shall be nationally recognized as expert in matters pertaining to the validity of obligations of governmental issuers.

Opinion of Counsel means an opinion in writing signed by legal counsel who may be an employee of or counsel to the State and who shall be satisfactory to the Trustee.

Outstanding, when used with reference to 2003 Indenture Bonds, means all 2003 Indenture Bonds which have been authenticated and delivered by the Trustee under the 2003 Indenture except:

- Bonds or portions of Bonds after (1) payment at maturity or redemption prior to maturity (unless the 2003 Indenture or a Supplemental Indenture otherwise provides in the case of Bonds that have been paid with Credit Facility proceeds for which the Credit Issuer has not been reimbursed) or (2) delivery to the Trustee by the State for cancellation pursuant to the 2003 Indenture,
- Bonds for the payment or redemption of which there has been irrevocably deposited with the Secretary of Administration or Trustee, in trust, cash or Defeasance Obligations in accordance with the requirements of the 2003 Indenture and the Act.
- Bonds in lieu of which other Bonds have been authenticated upon transfer, exchange, or replacement as provided in the 2003 Indenture, and
- for purposes of any agreement, acceptance, approval, waiver, consent, request, or other action to be taken under the 2003 Indenture by the Registered Owners of a specified percentage of principal amount of Bonds, Bonds held by or for the account of the State.

and means, when used with reference to the 2009 Indenture, all 2009 Indenture Bonds or Appropriation Obligations which have been delivered by the Trustee under the 2009 Indenture except:

- Appropriation Obligations after (1) payment at maturity or redemption prior to maturity (unless a Supplemental Indenture otherwise provides in the case of Appropriation Obligations that have been paid with Credit Facility proceeds for which the Credit Issuer has not been reimbursed) or (2) delivery to the Trustee by the State for cancellation pursuant to the 2009 Indenture,
- Appropriation Obligations for the payment or redemption of which there has been irrevocably deposited with the Trustee, in trust, cash or Defeasance Obligations in accordance with the requirements of the 2009 Indenture and the Act, as described under “**SUMMARY OF THE 2009 INDENTURE; Discharge of 2009 Indenture**”,
- Appropriation Obligations in lieu of which other Appropriation Obligations have been authenticated upon transfer, exchange, or replacement as provided in the 2009 Indenture,
- Appropriation Obligations not presented or tendered on the maturity, redemption, or tender date, and for the payment, redemption, or purchase of which sufficient funds have been deposited with the Trustee,
- Appropriation Obligations not treated as Outstanding pursuant to the Supplemental Indenture that authorized such Appropriation Obligations (and in this regard, the First Supplemental Indenture provides that 2009 Series A Bonds in lieu of which other Appropriation Obligations have been issued upon surrender of the 2009 Series A Bonds for partial redemption are no longer treated as Outstanding); and
- for purposes of any action to be taken under the 2009 Indenture by the Registered Owners of a specified percentage of principal amount of Appropriation Obligations, Bonds, or Notes, any Appropriation Obligations held by or for the account of the State (unless all Appropriation Obligations, Bonds, or Notes, as the case may be, are so owned).

Owner or Registered Owner, when used with reference to a Bond, means the person who is the registered owner of a Bond, except that the respective Indenture or a Supplemental Indenture may provide that, for certain purposes, a Credit Issuer is treated as the Owner of Bonds secured by its Credit Facility, as described under “**SUMMARY OF THE 2003 INDENTURE; Certain Rights of Credit Issuers**” and “**SUMMARY OF THE 2009 INDENTURE; Certain Rights of Credit Issuers**”.

Parity Swap Payment Obligations means Swap Payment Obligations exclusive of all Swap Termination Payments, except for Swap Termination Payments the amount of which was included in the calculation of Annual Appropriation Amount for a Fiscal Year for which a Budget Bill has been enacted (but not including appropriations continued from the prior Fiscal Year pursuant to Section 20.002(1), Wisconsin Statutes).

Participant means a broker-dealer, bank, or other financial institution for which DTC or a successor Depository holds Bonds from time to time as a securities depository.

Payment means the payment of all, or part of, the Unfunded Prior Service Liability and Accumulated Unused Sick Leave Liability.

Payment Cost means any cost of the Payment and the issuance of the Bonds, including but not limited to paying accrued or Funded Interest, Issuance Expenses, making deposits to reserve funds, paying administrative expenses, paying the costs of credit enhancement, or making payments under any Swap Agreement or Credit Facility.

Payment Date means a date on which payment of a Principal Installment or Redemption Price or interest with respect to any Bonds or payment of any Swap Payment Obligations or Credit Facility Payment Obligations shall be due and payable.

Person means an individual, a corporation, a limited liability company, a partnership, an association, a joint stock company, a joint venture, a trust, an unincorporated organization, or a government or any agency or political subdivision thereof.

Principal Installment means, as of any date of calculation and with respect to any Series of Bonds, so long as any Bonds thereof are Outstanding, (1) the principal amount of Bonds of such Series due on a certain future date for which no sinking fund installments have been established, or (2) the unsatisfied balance of any sinking fund installments due on a certain future date for Bonds of such Series, or (3) if such future dates coincide as to different Series of Bonds, the sum of such principal amount of Bonds and of such unsatisfied balance of sinking fund installments due on such future date.

Proceeds Account means the Proceeds Account of the Debt Service Fund established pursuant to the 2003 Indenture, and the Proceeds Funding Account and Proceeds Interest Account of the Debt Service Fund established pursuant to the 2009 Indenture.

Purchaser means the initial purchaser of a Series of Bonds, whether one or more.

Qualified Investments means, with respect to the 2003 Indenture, any of the following obligations to the extent the same are at the time legal for investment of funds of the State under the Act or under other applicable law (provided that as long as any 2003 Indenture Bonds are insured by a Credit Issuer, Qualified Investments may be further limited as required by the Credit Issuer):

- direct obligations maturing within ten years or less from the date of settlement, of the United States or its agencies, corporations wholly owned by the United States, the international bank for reconstruction and development, the international finance corporation, the inter-American development bank, the African development bank, the Asian development bank, the federal national mortgage association, or any corporation chartered by an act of Congress,
- securities maturing within ten years or less from the date of settlement, guaranteed by the United States or, where the full faith and credit of the United States is pledged or, where securities are collateralized by government-insured investments or, where the securities are issued by a corporation created by act of Congress and related by such act,
- unsecured notes of financial and industrial issuers maturing within five years or less from the date of settlement and having one of the two highest ratings given by a nationally recognized rating service, but if the corporation issuing such notes has any long-term senior debt issues outstanding which also have been rated, the rating must be one of the three highest ratings so given,
- certificates of deposit issued by banks located in the United States and by savings and loan associations, savings banks, and credit unions located in the State,
- banker's acceptances accepted by banks located in the United States,
- commercial paper maturing within one year or less from the date of investment and rated prime by the national credit office, if the issuing corporation has one or more long-term senior debt issues outstanding, each of which has one of the three highest ratings issued by Moody's or S&P, and
- any other obligation or security which constitutes a permitted investment for money of the State under the Act or other applicable law;

and means with respect to the 2009 Indenture, any investments that are at the time legal for investment of funds of the State under the Act or under other applicable law, subject to any limitations that may be set forth in a Supplemental Indenture.

Rating means one of the rating categories of a Rating Agency maintaining a rating of the Bonds.

Rating Agencies or Rating Agency means Moody's, Fitch, S&P, or any other rating agency requested by the State to maintain a Rating on any of the Bonds.

Rating Confirmation means, with respect to the 2003 Indenture, a letter from each of at least two Rating Agencies then providing a Rating for the Bonds confirming that the action proposed to be taken by the State will not, in and of itself, have the effect of reducing the underlying Rating then applicable to the Bonds or of causing any such Rating Agency to suspend or withdraw the underlying Rating then applicable to the Bonds.

Redemption Notice Information means information in a written and dated notice from the Trustee which:

- identifies the Bonds to be redeemed by the name of the issue (including the name of the State and any Series designation), CUSIP number, if any, date of issue, interest rate (for Fixed Rate Bonds), maturity date, and any other descriptive information the Trustee deems desirable to accurately identify the Bonds to be redeemed and, if only a portion of some Bonds will be redeemed, the certificate numbers and the principal amount of those Bonds to be redeemed,
- identifies the date on which the notice is published and the date on which the Bonds will be redeemed,
- states the price at which the Bonds will be redeemed,
- states that interest on the Bonds or the portions of them called for redemption will stop accruing from the redemption date if funds sufficient for their redemption and available for that purpose are on deposit with the Trustee on the redemption date,
- states that payment for the Bonds will be made on the redemption date at the Designated Trust Office of the Trustee during normal business hours upon the surrender of the Bonds to be redeemed in whole or in part,
- identifies by name and phone number a representative of the Trustee who may be contacted for more information, and
- in the case of redemption of a Series of Bonds for which such a notice is authorized, states that such call for redemption is contingent upon the availability of Appropriated Funds to pay the Redemption Price thereof in full or upon the satisfaction of other conditions.

For so long as a Series of Bonds is in a Book Entry System, Redemption Notice Information also includes the information and procedures described in the applicable Letter of Representations.

Redemption Price means, with respect to any Bond issued pursuant to the 2003 Indenture, 100% of the principal amount thereof plus the applicable redemption premium, if any, payable upon redemption thereof and, with respect to any Appropriation Obligation issued pursuant to the 2009 Indenture, the amount required to be paid upon the redemption of such Appropriation Obligation pursuant to the Supplemental Indenture authorizing such Appropriation Obligation.

Registered Owner's Address means the address, which a Registered Owner may change upon written request to the Trustee, of the Registered Owner of any Bond as it appears in the Registration Books.

Registration Books means books maintained by the Trustee on behalf of the State at the Designated Trust Office of the Trustee for the purpose of recording the registration, transfer, exchange, or replacement of any of the Bonds.

S&P means S&P Global Ratings, a division of S&P Global, and its successors and assigns.

Secretary or Secretary of Administration means the Secretary of the Department.

Series means all Bonds or Notes designated as a Series in an Authorizing Certification, and any Bonds or Notes authenticated and delivered on original issuance in a simultaneous transaction, and any Bonds or Notes thereafter authenticated and delivered in lieu of or in substitution of such Bonds or Notes.

Stabilization Fund means the reserve fund by that name established pursuant to the respective Indenture.

Stabilization Fund Amount means, for the 2003 Indenture, such amount as may be deemed reasonable and designated in writing by an Authorized Department Representative; provided that the Stabilization Fund Amount shall not be reduced unless the State obtains (i) a Rating Confirmation with respect to such reduction and (ii) the written consent to such reduction from each Swap Provider that is party to a Swap Agreement under which a transaction that was entered into prior to April 1, 2008 remains in effect. This definition reflects provisions of the amendment to the 2003 Indenture completed pursuant to the Sixth Supplemental Trust Indenture, dated as of January 29, 2019 and, for the 2009 Indenture, the amount, if any, established by a Supplemental Indenture. There are currently no Swap Agreements under which a transaction was entered into prior to April 1, 2008 in effect.

State means the State of Wisconsin.

Subordinated Payment Obligations Fund means the fund by that name established pursuant to the respective Indenture.

Subordinated Swap Payment Obligations means all Swap Payment Obligations payable by the State except Parity Swap Payment Obligations.

Supplemental Indenture means any trust indenture which has been duly executed and delivered by the State and the Trustee amendatory of the respective Indenture or supplemental to the respective Indenture, but only if and to the extent that such trust indenture is authorized under that Indenture.

Swap Agreement means any agreement or ancillary arrangement between the State and a Swap Provider relating to the Bonds and identified by the Department pursuant to the respective Indenture, including indexing agreements, interest exchange agreements, or any other similar transaction.

Swap Payment Obligations means, for any period of time, all net amounts payable by the State (including Swap Termination Payments payable by the State) under any Swap Agreement.

Swap Provider means the State's counterparty under a Swap Agreement.

Swap Termination Payment means, with respect to any Swap Agreement, any settlement amount payable by the applicable Swap Provider or the State by reason or on account of the early termination of such Swap Agreement, together with any interest thereon. The term Swap Termination Payment shall not include net unpaid amounts up to the Swap Agreement termination date which would have been payable by the Swap Provider or the State, as the case may be, pursuant to the terms of the applicable Swap Agreement irrespective of the early termination of such Swap Agreement.

Trust Estate means the property conveyed to the Trustee pursuant to the Granting Clauses of an Indenture.

Trustee means The Bank of New York Mellon Trust Company, N.A., as successor to Deutsche Bank Trust Company Americas and U.S. Bank National Association, and its successors as trustee under each Indenture.

Trustee's Consent means the prior written consent of the Trustee.

Trustee's Expenses means the reasonable and necessary fees and expenses of the Trustee with respect to the respective Indenture or the Bonds and those for any legal, accounting, financial, or other experts reasonably retained by the Trustee. **Trustee's Expenses** also include the fees, charges, and expenses of any additional paying agent for the Bonds.

Unfunded Prior Service Liability means the State's unfunded prior service liability under Section 40.05(2)(b), Wisconsin Statutes, as certified by the Secretary of the Wisconsin Department of Employee Trust Funds.

U.S. Government Obligations means obligations which are direct, full faith and credit obligations of the United States of America or are obligations with respect to which the United States of America has unconditionally guaranteed the timely payment of all principal or interest or both, but only to the extent of the principal or interest so guaranteed.

Variable Rate Bonds means any Bonds which bear a variable interest rate or rates that are not established at the time of calculation at a single numerical rate for the remaining term of such Bonds.
