Cautionary Information

Users of this information should be cautioned about several points:

The General Fund financial information in this document has been prepared using what is believed to be the best available data as of its date. The tables in this document have been prepared using the same procedures used to prepare similar information for the State of Wisconsin Continuing Disclosure Annual Report, Official Statements prepared for specific securities, or reports filed in conjunction with various securities. This information is, however, preliminary in nature and subject to change.

- This information is unaudited and is not a "financial statement." None of the data presented here has been subjected to customary fiscal period closing procedures or the procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments.
- This information speaks only as of the date on which it was prepared. The State is not obligated to update any of this information unless so required by undertakings related to its Continuing Disclosure Annual Report.
- Information classified as "actual", and any difference from any prior estimate, does not signify a change to official estimates. Any official revenue or expenditure re-estimates that do occur will be separately identified and, if material, appropriately noted.
- The information is not intended to reflect the State's projected budgetary balance for fiscal years 2025-26 and 2026-27.
- Projections of results for dates after the date this information is prepared are forward looking. Actual results will almost certainly differ.
    - It is important to note that cash flow projections are expressed on a *cash basis* while the tax revenue collection estimates released by the Department of Revenue **(DOR)** and the Legislative Fiscal Bureau **(LFB)** are expressed on a *budgetary basis* and net of any refunds.
    - Projections are not adjusted to reflect actual revenues and expenditures and routine variability in the timing of receipts and disbursements but may be adjusted to reflect unique events.
    - Projections of remaining fiscal year cash flow may be adjusted when necessary to reflect unforeseen events or additional revised forecasts of the General Fund condition statement.
- Data in the tables of financial information are subject to revision and reclassification for prior periods. This is particularly true for revenue data, where proper classification depends on tax returns which are received and processed significantly after the tax payments are received through electronic transfers.
- Some information is presented on a cash basis of accounting while other data is presented on a budgetary or agency-recorded basis. Users should not compare information that is presented on one basis of accounting with information that is presented on a different basis of accounting.
- Comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month. In addition, comparison of year-to-date annual General Fund financial information also has many inherent problems due to the potential of different revenue and budget provisions for each fiscal year.
- The presence of information here does not imply the State of Wisconsin made any determination as to its materiality.
- None of the information in these tables of financial information is required by the State of Wisconsin's continuing disclosure undertakings pursuant to Securities and Exchange Commission **(SEC)** Rule 15c2-12; however, this information is being filed with the Municipal Securities Rulemaking Board's **(MSRB)** Electronic Municipal Market Access **(EMMA)** system as an additional/voluntary filing.

- This information is not, and does not replace, a listed event required by SEC Rule 15c2-12.
- This information is not, and does not replace, the annual financial information required by SEC Rule 15c2-12.

GENERAL FUND INFORMATION; General Fund Cash Flow

Compared to projections, the actual fiscal year 2026-27 General Fund tax receipts (cash basis) for the period ending September 30, 2026 were lower by approximately $39 million. Compared to the same period for fiscal year 2025-26, General Fund tax receipts (cash basis) were higher by approximately $406 million for the period

ending September 30, 2026. Regarding fiscal year disbursements, the actual fiscal year 2026-27 General Fund disbursements (cash basis) for the period ending September 30, 2026 were higher than projections by approximately $529 million. Compared to the same period for fiscal year 2025-26, disbursements were higher by approximately $653 million for the period ending September 30, 2026.

Tables on the following pages provide updated actual General Fund information for the 2025-26 fiscal year through June 30, 2026 and for the 2026-27 fiscal year through September 30, 2026, which are presented on either a cash basis or an agency-recorded basis, and projected General Fund information for the remainder of the 2026-27 fiscal year, which is presented on a cash basis.

The projections and estimates for the 2026-27 fiscal year reflect 2025 Wisconsin Act 15 and the January 2026 LFB Report, but do not reflect the May 2026 LFB Memo, the August 2026 LFB Memo, and the Annual Fiscal Report for the 2025-26 fiscal year. The comparison of monthly General Fund information that is presented on a cash basis has many inherent problems. Unforeseen events or variations from underlying assumptions may cause a decrease or increase in receipts and disbursements from those projected for any specific month. The following tables may show negative balances on a cash basis. The State can have a negative cash balance at the end of a fiscal year.

(a) Temporary reallocations of cash are not included.

(b) The General Fund cash balances presented in this schedule are not based on GAAP. The General Fund includes funds designated for operations and capital purposes of certain proprietary programs of the State's universities. Receipts and disbursements of such funds for the designated programs and the disbursement of such funds for other purposes are reflected in the cash flow. A use of the designated funds for purposes other than the proprietary programs is, in effect, a borrowing of such funds. Therefore, at any time that the balance in the General Fund is less than the balance of such designated funds, the State is obligated to replenish the designated funds to the extent of the shortfall. The anticipated range of these designated funds for the 2025-26 fiscal year is not available and will be included in future disclosures once available. In addition, the General Fund holds deposits for several escrow accounts pursuant to court orders or federal rulings. These funds have averaged and are expected to continue to average approximately $25 million during each fiscal year.

(c) The Wisconsin Statutes provide certain administrative remedies to deal with periods when the General Fund may be in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the general-purpose revenue appropriations then in effect with an additional amount up to 3% for a period of up to 30 days. The resulting amounts available for temporary reallocation for the 2025-26 fiscal year (based on 2025 Wisconsin Act 15) are approximately $2.042 billion and $681 million, respectively. If the amount available for temporary reallocation to the General Fund is not sufficient, then the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.

Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month.

[b] The estimates for the 2025-26 fiscal year reflect 2025 Wisconsin Act 15, but do not reflect the January 2026 LFB Report and the May 2026 LFB Memo.

[c] Changes are sometimes made after the beginning of the fiscal year to the projected revenues and disbursements. Depending on when these changes occur, there are situations in which prior estimates cannot be changed which may result in large variances. This column includes adjustments to the variances, if any, to more accurately reflect the variance between the estimated and actual amounts.

(b) The projections and estimates for the 2026-27 fiscal year (cash basis) reflect 2025 Wisconsin Act and the January2026 LFB Report, but do not reflect the May 2026 LFB Memo, the August 2026 LFB Memo, and the Annual Fiscal Report for the 2025-26 fiscal year.

CASH BALANCES IN FUNDS AVAILABLE FOR TEMPORARY REALLOCATION[a][b]
July 31, 2024 to September 30, 2026 – Actual
October 31, 2026 to June 30, 2027 – Projected[c]
(Amounts in Millions)

The following two tables show, on a monthly basis, the cash balances available for temporary reallocation. The first table does not include balances in the Local Government Investment Pool **(LGIP)** and the second table does include such balances. Though the LGIP is available for temporary reallocations, funds in the LGIP are deposited and withdrawn by local units of government, and thus are outside the control of the State. The monthly average daily balances in the LGIP for the past five years have ranged from a low of $4.256 billion during November 2021 to a high of $8.596 billion during March 2026. The Secretary of Administration may not exercise the authority to use temporary reallocation if doing so would jeopardize the cash flow of any fund or account from which a temporary reallocation would be made.

[a] None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments. In addition, comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month.

[b] The amounts shown reflect a reduction in the aggregate cash balances available to the extent any fund had a negative balance and temporary reallocations were made from such fund.

[c] The projections and estimates for the 2026-27 fiscal year (cash basis) reflect 2025 Wisconsin Act 15 and the January 2026 LFB Report, but do not reflect the May 2026 LFB Memo, the August 2026 LFB Memo, and the Annual Fiscal Report for the 2025-26 fiscal year.
