

CDBG HOUSING REFRESHER TRAINING

**OCTOBER 8-9, 2019
MARSHFIELD, WI**

Wisconsin Department of Administration
Division of Energy, Housing and Community Resources

INTRODUCTIONS

- David Pawlisch, Bureau Director, DEHCR
- Tamra Fabian, Grants Specialist-Advanced
- Stanley Kaitfors, Grants Specialist-Advanced
- Miriam Anderson, Grants Specialist-Advanced

GENERAL PROGRAM REQUIREMENTS

POSITIVE POLICY CHANGES AND MANUAL UPDATES

- Lead costs granted
- Quarterly reporting for active Grantees-now annual
- Initial homeowner's insurance premium now an eligible project expense
- Contractor Dwelling Certification – not required by program
- 10% leeway for contractor bids
- Asbestos testing can be granted
- Affidavit of Partial Reduction not required
- Homeowner may obtain a market analysis or appraisal if they disagree with value of the property (not an eligible CDBG expense)

GENERAL PROGRAM REQUIREMENTS

- Applicant/Household must be Low-and-Moderate Income (LMI) at or below 80% of the county median income for their county of residence
- Homeowner's insurance required
- Property taxes must be paid to date*
- Adequate equity to complete the project*
- Rehab work must address all health and safety issues*
- Every project file must have a statutory checklist filled out and signed
- Every applicant must be provided the "Protect Your Family from Lead," pamphlet and a signed receipt must be kept in the project file

*Emergency repairs do not need to meet this criteria

GENERAL PROGRAM REQUIREMENTS

- **THINGS TO REMEMBER-INITIAL APPLICATION**
 - Application must be signed by all owners living in household
 - Application must ask “Are you a U.S. Citizen or a Qualified Alien?”
 - Must contain marital property statement: No provision of a marital property agreement (including a Statutory Individual Property Agreement pursuant to Sec. 766.587, Wis. Stats.), unilateral statement classifying income from separate property under Sec. 766.59, or court decree under Sec. 766.70 adversely affects the creditor unless the creditor is furnished with a copy of the document prior to the credit transaction or has actual knowledge of its adverse provisions at the time the obligation is incurred.
 - Provide applicants with information about the CDBG process

GENERAL PROGRAM REQUIREMENTS

THINGS TO REMEMBER

- Mortgages are recorded prior to work starting
- All owners of the property must sign the mortgage- including life estate and land contracts
- Life estates are eligible - if the applicant resides in the property and the Deed states the applicant retains a life estate interest in the property
- Land contracts are eligible with properly recorded land contract
- Properties listed for sale, or are in foreclosure are not eligible
- Properties in bankruptcy are not eligible until discharge
- Insurance on the property must cover all outstanding mortgage amounts

GENERAL PROGRAM REQUIREMENTS- ELIGIBLE PROJECTS

Eligible Projects Include:

- Owner occupied rehabilitation
- Homebuyer assistance
 - Down payment and closing costs
 - Down payment is 1 to 1 match
 - Down payment is up to 50% of the required down payment and up to 10% of the purchase price
 - Minimum \$1,000.00 homebuyer contribution
 - No purchase price maximum
 - Must meet HQS

These are no-interest deferred payment loans until the housing ceases to be the borrower's primary place of residence or is sold.

GENERAL PROGRAM REQUIREMENTS- ELIGIBLE PROJECTS- CONTINUED

Rental Rehabilitation loans

- Used to rehabilitate or create LMI rental housing units. Loans are 0% interest and monthly payments must begin within 60 days of rehabilitation completion.
 - Affordability period is a minimum of five years and repayment terms are negotiated by Grantee
- 51% of units must be occupied by LMI tenants unless owner occupied duplex-then just one unit must be occupied by LMI
 - Repayment is deferred until no longer own or occupy

DETERMINING HOUSEHOLD SIZE

DETERMINING HOUSEHOLD SIZE

- Do not need to be related
- Include everyone living in household
- Limited exceptions

DETERMINING HOUSEHOLD SIZE

Included in household

Not included in household

College student away at school

Unborn child

Construction worker away from home in the summer or other times of year

Adult and foster children

Shared custody children who reside in home at least 50% of the time

Live in aide

Room mates

DETERMINING INCOME

DETERMINING INCOME- PART 5 ANNUAL INCOME

- 24 CFR 5.609
- Gross income, whether earned or unearned of all household members that is anticipated for next 12 months

DETERMINING INCOME

Include	Not to Include
Wages, salaries, tips etc.	Earned income of children under 18
Business income (farm, rental income, self-employed)	Foster care payments or income from a live-in aide
Income from interest or dividends	Special pay for Armed Forces exposed to hostile fire
Retirement, pensions, annuities, and Social Security, VA benefits	Student financial aid
Unemployment, disability, SSI, Worker's Compensation, W2, TANF Includes children under the age of 18	Earnings in excess of \$480 for each full-time student 18 years old or older (excluding the head of household or spouse). The first \$480 will be included in the income.
Maintenance, child support, gambling winnings, & reoccurring gifts (regardless of use)	One-time gifts

See Chapter C, Determining Income, in the CDBG Implementation Manual for a complete list.

DETERMINING INCOME EARNED INCOME

Verification methods

- Employer Verification (VOE)
- Pay stubs
 - Past 3 months of wages (including overtime, bonuses, etc.)

EARNED INCOME DETERMINING INCOME CALCULATION

Calculating wages

Hourly rate x # hours worked x weeks worked=gross wages

\$18.00(hourly rate)x40(hours worked)x52(weeks worked) = \$37,440

\$37,440 amount to include with income calculation

DETERMINING INCOME

CALCULATING EARNED INCOME

OVERTIME PAY

Include overtime (OT) and bonuses

Three (3) hours overtime every week for 12 weeks in the summer.

Calculate the OT rate-assuming OT rate is 1.5 the regular hourly rate and \$18.00 is regular hourly rate

$\$18.00 \times 1.5 = \27.00 OT rate

Calculate the income earned on OT

$\$27.00 \times 3 \times 12 = \972.00 annual OT earnings to be added to income and included in income calculation.

DETERMINING INCOME CALCULATING EARNED INCOME

If hours vary use the average hours worked

Pay Period 1	40 hours
Pay Period 2	37.5 hours
Pay Period 3	<u>29 hours</u>
Total hours worked	106.50

Total hours worked divided by number of pay periods using = average hours

$106.50 / 3 = 35.5$ average hours

Hourly rate x average hours x pay periods per year = gross

$\$18.00 \times 35.5 \times 52 = \$33,228.00$ gross wages amount to include in income calculation

DETERMINING INCOME CALCULATING EARNED INCOME

Can also use the average earnings in lieu of average hours

Pay Period 1	\$1000.00
Pay Period 2	\$875.00
Pay Period 3	<u>\$575.00</u>
Total	\$2450.00

Total wages divided by number of pay periods = average wages $\$2450/3 = \816.66

Average wages x pay periods in one year=gross wages

$\$816.66 \times 26 = \$21,233.33$ gross wages amount to include in income calculation

This method is helpful if hourly wage varies

DETERMINING INCOME SELF-EMPLOYMENT

Use

- Federal tax returns
- Quarterly reports

The average of last three years of federal or quarters

Use net income

Can allow for depreciation

DETERMINING INCOME SELF-EMPLOYMENT

Total earnings/number of years

Year	Earnings
2018	\$25,000
2017	\$18,500
2016	<u>-\$7,800</u>
Total earnings	\$43,500 (negative earnings = 0)

Divide by # of years 3

Average earnings \$14,500 use for income calculation

DETERMINING INCOME UNEARNED INCOME

Verification Methods

Current benefit statement

Current Award letter

Verify directly with agency
paying benefit

*Bank statement showing
deposit is not adequate

**Use Gross amount-no
deductions**

DETERMINING INCOME CALCULATING UNEARNED INCOME

Monthly benefit x # of payments

- Social Security monthly gross benefit \$1050.00
- Medicare premiums \$95.00
- Calculate the annual income from Social Security
 - $\$1050 \times 12 = \$12,600$ Amount to include in income calculation
- Use gross benefit amount
 - No deductions
 - Exclude overpayment collection
 - Increases expected within 12 months must be included (COLA for SS)

DETERMINING INCOME UNEARNED INCOME

- Unearned income that varies in payment amount should use the annual average.
- Example
 - Child support
 - Unemployment

DETERMINING INCOME- ASSET CALCULATION

DETERMINING INCOME ASSETS

WHAT'S INCLUDED*

Cash or non-cash items that can be converted to cash.

- Checking account (6 months average)
- Savings account (current balance)
- Cash, investments, retirement funds, IRA, 401K, stocks, bonds, mutual funds, rental property or capital investments, etc.
- Cash value of life insurance
- Personal property held as investments

*this list is not all inclusive

DETERMINING INCOME ASSETS

Verification Methods

- Third party verification
- Source documents
- Do not need six months of statements
 - Can verify six-month average with financial institution

DETERMINING INCOME ASSETS

HOW TO CALCULATE INCOME FROM ASSETS

Calculating Asset Income Under Part 5

Family Assets

Asset Value

Rental property

Small rental property that grosses \$6,500/year (expenses to keep up the property are \$3,400/year). The property has a fair market value of \$69,000, but they have a mortgage on the property in the amount of \$35,000. The average closing costs in a real estate transaction is 8% in the area.

Savings account

Savings of \$5,000 that earned \$179 in interest during the past year.

Stock

100 shares of stock in “Why Buy it, Inc.,” with a face value of \$4.25 per share, that have not shown a dividend in years. The cost to sell the stock would be about \$76.

HUD Passbook rate is 2%.

Calculating Asset Income – Exercise (continued)

ASSETS

Asset Description	Current Cash Value of Assets	Actual Income from Assets	
Rental Property	\$28,480	\$3,100	
Savings Account	\$5,000	\$179	
Stock	\$349		
3. Net Cash Value of Assets.....	\$33,829		
4. Total Actual Income from Assets.....		\$3,279	
5. If line 3 is greater than \$5,000, multiply line by 2% (Passbook Rate) and enter results here; otherwise, leave blank.....		\$677	
The asset income to be used in the annual income calculation is \$3,279 since the actual income from assets is greater than the imputed income.			

ASSET INCOME CALCULATION EXPLANATION

Rental Property

The cash value of the property is calculated as follows:

Market value	\$69,000
Less mortgage	\$35,000
Less sales costs (\$69,000 X .08)	\$5,520
Cash value	\$28,480

The income earned is the net income (\$6,500 – \$3,400) of \$3,100.

Savings Account

- The information is provided.

Stock

- The cash value of the stock is the sales proceeds (100 shares x \$4.25/share = \$425) less the cost to sell (\$76). It generates no dividend income. Because the total cash value of the assets exceeds \$5,000, calculate the imputed income by multiplying the cash value by the HUD Passbook Rate (\$33,829 x .02 = \$677). This is less than the actual income earned of \$3,279.

Calculating Asset Income Under Part 5 – Example

Assets	Asset Value
Checking account	\$870 average 6-month balance with an interest rate of 2.7%.
Inheritance	Received an inheritance of \$30,000 that he used to buy a new car for \$12,000; pay off his \$3,000 credit card bill; and open a mutual fund account (which has no associated account costs) to invest the remaining \$15,000 at an annual interest rate of 5.3%.

The HUD Passbook Rate is 2%.

Asset Description	ASSETS	
	Current Cash Value of Assets	Actual Income from Assets
Checking account	\$870	\$23
Mutual fund	\$15,000	\$795
3. Net Cash Value of Assets	\$15,870	
4. Total Actual Income from Assets.....		\$818

5. If line 3 is greater than \$5,000, multiply line by 2% (Passbook Rate) and enter results here; otherwise leave blank.

5. \$317

The asset income to be used in the annual income calculation is \$818 since the actual income generated by the assets is greater than the imputed income.

ASSET INCOME CALCULATION

EXPLANATION

Checking account

- The income from the checking account is calculated based on the 6-month balance and the interest rate ($\$870 \times .027 = \23).
- **Inheritance**
- A car owned for personal use is not considered an asset. However, the mutual fund is an asset. $\$15,000 \times .053 = \795 .
- Because the total cash value of the assets exceeds \$5,000, the HUD Passbook Rate must be used to calculate the imputed income from all assets combined. In this case, $\$15,870 \times .02 = \317 . The actual income earned (\$818) is greater, however, so that amount must be used in the calculation of annual income for this family.

DETERMINING INCOME CERTIFICATION

- Person certifying income must sign and date
- Income certification is good for one year
- If mortgage is not signed within one year of income certification, income must be reverified
- Must attach income limits for county in which property is located
- Attach all calculations and back up documentation to income calculation and certification

CONFLICT OF INTEREST

DEHCR

Division of Energy, Housing and Community Resources

CONFLICT OF INTEREST-WHAT DOES IT MEAN?

No covered person who is in a position to participate in a decision-making process or gain inside info with regard to CDBG assisted activities, may obtain a financial interest or benefit from the activity, or have an interest in any contract, subcontract or agreement with respect thereto, or the proceeds thereunder, either for themselves or those with whom they have family or business ties during their tenure or one year thereafter.

CONFLICT OF INTEREST

Family means:

- Spouse, fiancée/fiancé, children and step- children, brothers & brother in law, sister, & sister in law, parents and parents in law.
- Any one with more than 50% of their support from that person

CONFLICT OF INTEREST- WHO IS COVERED?

Applies to:

Any person who is an employee, agent, consultant, officer, or elected or appointed official of state, unit of local government, or designated public agency or sub recipient.

CONFLICT OF INTEREST- HOW DO WE DETERMINE?

- A list of covered persons (for example, Mayor, member of the Housing Committee, City Council member) must be included on the application form. The applicants must answer this question regardless of whether there is a relationship or not.
- The Grantee must work with their local attorney to identify the list of covered persons. Covered persons must be identified with their proper name(s).

CONFLICT OF INTEREST -IF A POTENTIAL EXISTS

- Inform applicants with a potential Conflict of Interest that his/her name will be disclosed at a local council or housing meeting
- Covered person should not attend the meeting
- Present loans (if applicable), then disclose names and nature of possible conflict
- Ask all in attendance if there are any objections
- Grantee's attorney must provide an opinion that the potential conflict does not violate State or local law
- Send all information to your DEHCR representative
- Do not sign any loan closing documents until approval from DEHCR is received

ENVIRONMENTAL REVIEW AND SECTION 3

PRESENTED BY MIRIAM ANDERSON

ELIGIBLE REPAIRS & HOUSING QUALITY STANDARDS (HQS) INSPECTION

WHAT ARE ELIGIBLE REPAIRS?

ELIGIBLE REPAIRS

Do not need to meet HQS

Needed and Necessary

- Health and Safety
- Accessibility
- Energy Efficiency

ELIGIBLE REPAIRS RECONSTRUCTION

- Demolish existing unit and rebuild a housing unit on the same lot in substantially the same manner
- Replacing the existing unit with a new or standard manufactured housing unit (not modular)
 - Slab only

ELIGIBLE REPAIRS RECONSTRUCTION

- Grantee must prepare a cost estimate comparison to repair the unit or demolish and rebuild or replace with manufactured unit
- Lower cost option is usually the selected option
- Consider needs of the family
- Must consider zoning and local building codes

Contact DEHCR for guidance

ELIGIBLE REPAIRS & HQS INSPECTION

Must be
documented on the
HQS inspection
form

HQS is used to
ensure that every
room in the home
has been inspected

List the reason for
fail-why are we
fixing or replacing

List the remedy

Do not leave boxes
blank
Pass, fail,
inconclusive

Write specs with
the assistance of
the HQS

ELIGIBLE REPAIRS & HQS

Pictures of the property

- Interior and exterior
 - Show area or items in need of repair or replacement
 - General photos showing the condition of the home

ELIGIBLE REPAIRS & HQS INSPECTION

Can refer to other agencies to assist with repairs or assessments

- Weatherization programs
- Focus on Energy to provide energy assessment
 - Assists with development of specs
 - Eligible CDBG project expense
- Subject matter experts

ELIGIBLE REPAIRS- WHAT'S NOT ELIGIBLE?

THIS LIST IS NOT EXHAUSTIVE AND IS PROVIDED AS AN EXAMPLE

Non-cosmetic-no remodeling

- Just because it isn't pretty-doesn't mean it needs to be replaced
- General painting (lead hazards and finishing of necessary work excepted)

Non-attached structures

- Exceptions for
 - Lead based paint hazards
 - Structurally unsound-danger of collapse
 - Other health and safety issues (bad electrical wired to house)

Landscaping

- Exceptions for
 - Drainage-water away from home

Personal Property

- Washers/dryers/dehumidifier/dishwasher/window A/C., etc..
- Stoves and refrigerators are eligible

ELIGIBLE REPAIRS-WHAT'S NOT ELIGIBLE?

THIS LIST IS NOT EXHAUSTIVE AND IS PROVIDED AS AN EXAMPLE

- Premium grade materials
- French doors, steel roofing material, Granite or Quartz countertops, etc.
 - If a unit has these items installed, then like for like replacement may be considered
- General cleaning and chore service (clean gutters, wash siding, etc.,)
- Pest control for insects
 - Pest control for serious infestation for bats, mice, rats, or other potentially harmful vermin is an eligible expense

ELIGIBLE REPAIRS-WHAT'S NOT ELIGIBLE?

THIS LIST IS NOT EXHAUSTIVE AND IS PROVIDED AS AN EXAMPLE

- Items for therapeutic purposes
 - Walk in bathtubs (alternations to existing tubs excluded)
 - Jacuzzi tubs
- New construction
- Additions or finishing of space
- Includes egress windows-unless for overcrowding
- Additions must be last resort
 - EXCEPTIONS for overcrowding or accessibility
 - Consider conversion of other space
 - Not just for convenience (too much furniture in a smaller bedroom and now in a wheelchair)

REPAIRS EXCEEDING \$50,000

Send request for approval to DEHCR

- Pictures
- Specs and inspector estimates
- Awarded/selected contractor bid
- Any tests conducted
- HQS
- Project Review by Administrator/Grantee must include equity calculation
- Include family size and number of bedrooms

ELIGIBLE REPAIRS

**Must address health and
safety issues before
providing any other repairs**

SPECIFICATIONS

SPECIFICATIONS

Grantee/Administrator must have master specifications they use to develop project specs

SPECIFICATIONS

Why is it important to be specific?

- Contractors all bid on the same type and quality of materials
- Homeowner knows the type of material they will be receiving

SPECIFICATIONS

Inspector must provide cost estimate for specs

- To determine if project is feasible (equity)
- To determine if bids received are reasonable
 - Under bidding
 - Over bidding

SPECIFICATIONS

- All testing must be done before putting out to bid
- Adjust specs based on test results
- Homeowner must sign specs before putting out for bid

SPECIFICATIONS MUST CONTAIN

Finished product expectation-for example

- Exterior rated steel insulated entry door (non decorative)
- U value of windows
- Type of wood
- Who is responsible for the finish? Is it painted? Who will paint?

SPECIFICATIONS MUST CONTAIN

How should the areas affected by repairs be left?

- Who is responsible for cleanup?
- Does the repair include
 - Repairing surfaces disturbed back to original condition such as painting and trim work?
 - New drywall-who will paint?
 - Seeding after septic install?

Type of material to be used-standards

Do not use brand names

SPECIFICATIONS

Must be signed by homeowner

- Provides clarity
 - Type of work to be done
 - Type of materials to be used
 - What isn't being done

EQUITY

EQUITY

To ensure the Grantee's funds are as secure as possible, ALL debt against the property must not exceed 120% of the after-rehabilitation value.

120 % EQUITY CALCULATION (AFTER REHAB VALUE)

Need to know

- Fair market value (from taxes)
- Cost of repairs
- % of repairs Grantee determines is return equity
 - *Normally not 100% of rehab cost*
- All debt against the property

HOW TO CALCULATE 120 % EQUITY CALCULATION

Fair market value (from property taxes)	\$100,000
Cost of repairs (\$50,000)* (Note that \$30,000 are lead costs)	
Value of repairs (40% of cost) $\$50,000 * 40\%$	<u>\$ 20,000</u>
After rehab value	\$120,000
120% of after rehab value $(\$120,000 * 120\%)$	\$144,000

HOW TO CALCULATE 120 % EQUITY CALCULATION

120% after rehab value	\$144,000
------------------------	-----------

Liens/judgments

1 st mortgage	\$125,000
--------------------------	-----------

CDBG proposed mortgage	<u>\$ 20,000</u>
------------------------	------------------

Total liens against property	\$145,000
------------------------------	-----------

Is this property eligible?

HOW TO CALCULATE 120 % EQUITY CALCULATION

This property is not eligible

- Negative equity
 - \$145,000 total liens/debts against property
 - \$144,000 120% after rehab value

POSSIBLE SOLUTIONS IF NOT ENOUGH EQUITY

- Lead costs granted are not included as part of the lien
- Value of the lead cost are included in the equity calculation
- Review specs and reduce scope of work
 - Health and safety issues have priority
- Reverify amounts owed on property
- Property owner may have an appraisal or market analysis
 - Not an eligible CDBG expense (property owner pays)
 - Must be within six months of application

EMERGENCY REPAIRS

EMERGENCY REPAIRS

What are emergency repairs?

- Pose and imminent threat to health and safety
- Grantee must make this determination

EMERGENCY REPAIRS

Things to consider:

- Equity does not matter
- Full inspection not required
- Must still have working smoke and carbon monoxide detectors

EMERGENCY REPAIRS

Requirements for emergency repairs

- Must have statement from contractor, staff inspector or local official of emergency status
 - Statement from furnace contractor that furnace is not working and not repairable
 - Zoning department issues orders on septic

Must still consider lead based paint when doing work

- Roof leaking-repair roof-no worries
- Wet, damaged, and moldy ceiling drywall from roof leak in a pre-78 home must have a risk assessment or assumption if you repair and must pass clearance

CONTRACTORS

CONTRACTORS

- Never steer or recommend
- Homeowner must be allowed to choose (provided contractor meets minimal criteria).
 - May choose bid within 110% of lowest bid without escrow
 - If homeowner is going to escrow funds-must pay up front with a certified check/money order payable to contractor. Grantee or program administrator will hold the check or money order.

CONTRACTORS

With proper documentation Grantees may exclude contractors from bidding on projects.

- Harassment
- History of not paying sub contractors or suppliers-liens placed against properties

CONTRACTORS AND BIDS

Attempt to solicit three bids

Proof of attempt to solicit bids must be kept in file

- Tracker sheet
- Copies of all bids received
 - Must send denial letters to contractor's not selected

Emergency projects do not require three bids

CONTRACTORS AND BIDS

Thoroughly review all bids received - compare to specifications

- Helps to eliminate items missed
- Opportunity to ask questions before selecting contractor and signing contracts
- On large projects it may be helpful to do a walk-thru with homeowner and awarded contractor(s) prior to work beginning

CONTRACTORS

Paperwork requirements

- Insurance
- Debarment status (check business name & owner name)
- W9 form and contractor information sheet
- Proper license for lead paint work-required
- Local decision for all other licenses

CONTRACTORS

Lien waivers

- Needed for materials and labor
- Should be signed by subs & material supplier
 - General contractor can sign but....
 - Grantee assumes all risk if materials and subs not paid

CONTRACTORS & PAYMENT REQUESTS **DEHCR**

Division of Energy, Housing and Community Resources

Payments requests

- Based on contract amount & change orders
- Must be signed by homeowner, inspector, program administrator
- Must be in proportion to work completed
- Must be accompanied by contractor invoice
 - Description of work completed and dollar amount
 - Signed and dated
- Must have contractor information
 - Name and contact information
 - Letterhead preferred

CONTRACTORS & PAYMENT REQUESTS

DEHCR
Division of Energy, Housing and Community Resources

If payment made for material delivered-Grantee assumes responsibility if work is not completed or materials damaged

CDBG funds cannot pay to

- Correct work done by contractor (unless subtracted from contract amount)
- Damaged or missing materials
- Homeowner labor

CONTRACTORS & PAYMENT REQUESTS

Program administrator and inspector must determine

- If payment request amount is reasonable for work completed
- If work is properly completed and quality is acceptable
- If homeowner is being unreasonable about quality of work completed

CONTRACTORS & PAYMENT REQUESTS

- Program administrator and inspector must be able to
 - Adjust payment amount if work is not adequate or completed
 - Act as a mediator between homeowner and contractor
 - Be fair and impartial
 - Facilitate project resolve

CONTRACTORS AND CHANGE ORDERS

CHANGE ORDERS

- Should be unforeseen-rotting studs in wall, rotting sill plate, etc.
- Not because contractor failed to measure, did not visit site, etc.
- Must be signed by
 - Contractor
 - Homeowner
 - Inspector
 - Program Administrator

LEAD BASED PAINT

If a home was built before 1978, there is a good chance it has lead based paint. In 1978, the federal government banned consumer uses of lead-containing paint, but some states banned it even earlier. Lead from paint, including lead-contaminated dust, is one of the most common causes of lead poisoning.

LEAD BASED PAINT (LBP)

- All projects exceeding \$25,000 must have a risk assessment in a pre 78 home - if paint is being disturbed
- Must include LBP work areas on the HQS form and in project specifications
- All rehab in a pre 78 home that disturbs painted surfaces must be completed using appropriate lead safe practices and must pass clearance
- Homeowner must be given a copy of the clearance report

LBP GRANTS

- Risk assessment with visual must test for and identify lead-based paint in all Pre 78 homes
- LBP can still be assumed but then no grant
- Any repairs that disturb lead-based paint must be granted-does not need to be a hazard or abatement
- All LBP tests and clearances are grants

LBP AND CONTRACTORS

- Contractors must have proper credentials to work on homes that disturb lead-based paint (Lead Safe Renovator) or Abatement Contractor if intent is to abate
 - Must be issued by State of Wisconsin
- Contractors must follow lead laws and rules
- CDBG funds can reimburse contractors for the cost of training

LBP AND CONTRACTORS

Program Administrator must ensure the contractor

- Has required credentials
 - Must keep proof in file
- Is following lead safe requirements

ASBESTOS

ASBESTOS

Material that test positive >1% of asbestos is considered asbestos containing material

- Asbestos certified contractor required for removal
- Must take material to specific waste facility
- Proof of proper disposal (manifest)

ASBESTOS

- Material that is to be disturbed or removed must be tested or asbestos is assumed
 - Testing costs can be granted
 - Must use asbestos certified contractor
- Only the following items do not contain asbestos
 - Wood, glass, metal, fiberglass

TEMPORARY RELOCATION

TEMPORARY RELOCATION

- Used to temporarily relocate household during some types of construction
- Household expected to return to unit
- Eligible CDBG expense - not mortgaged to household
- Owner occupants and tenants are eligible
- Grantee must develop a relocation plan for the household prior to relocation-household must sign

RELOCATION

Eligible expenses-must have receipts - stipends and mileage excluded

- Meals- if hotel room does not have kitchenette
- Mileage-additional mileage due to temporary relocation (school/job)
- Laundry costs
- Short term rental
- Hotels
- Lodging costs in lieu of hotels
 - Stipend to stay with family or friends
 - Campsites - household preference and weather permitting
- Use State rates
https://dpm.wi.gov/PublishingImages/Pages/HR_Admin/Class-and-Comp-HR-Admin/PocketTravel%20Guide.pdf

RELOCATION

- Keep costs to a minimum
- Return household to unit as quickly as possible

PROGRAM INCOME/REVOLVING LOAN FUNDS (RLF)

DEHCR

Division of Energy, Housing and Community Resources

RLFs are repaid dollars and interest earned from CDBG projects

- Monthly loan payments (principal and interest)
- Loan payoffs
- Bank interest

PROGRAM INCOME/REVOLVING LOAN FUNDS (RLF)

- Recorded in the working account transaction journal
- RLF revenue is split 85/15 rehab to admin will change to 83/17 rehab to admin

PROGRAM INCOME/RLF

Must be spent/obligated before using Regional funds

- Regional RLF must be spent before requesting grant funds
 - Program income earned from prior CDBG Housing Grants must be applied to the active CDBG Housing Grant
- Non-regional RLF must be committed or obligated before using regional funds
 - Documentation must be kept in client file that non-regional funds are not available for use
 - Cannot “save” funds for emergency projects

**PAYOFFS
PAYMENTS
SHORT SALES
FORECLOSURES
REDUCTIONS**

PAYOFFS

- Provide payoff quote in writing
- Double check payoff quote
- Satisfaction must be submitted for recording within 30 days of full payoff WI §708.15(5)(a)
- Can record satisfaction or return to homeowner/lender/title company to send for recording
- If Grantee is recording satisfaction- collect fee to record document

PAYMENTS

- Owner occupied loans are 0% interest and do not require monthly payments
- Rental loan payments are 0% interest
- Grantees cannot refuse to accept monthly payments
- Grantees must have adequate record keeping to accurately track client payments and balances

BANKRUPTCY

- Not the same as a foreclosure
- Does not mean the mortgage is lost
- Grantee should contact their attorney to handle

SHORT SALE

Occurs when an offer to purchase on a home is not enough to cover all liens and seller expenses

SHORT SALE

May be a good option to accept in order to

- Prevent a foreclosure
- Ensure some funds are returned to the CDBG program

SHORT SALE

Grantee can negotiate a short sale

- Consider the following
 - Is the list price reasonable?
 - Is the offer reasonable?
 - How long has home been on market?
 - Are all parties willing to take a reduction in their proceeds?

FORECLOSURE

Is a legal action for a lender to recover the amount owed on a mortgage.

FORECLOSURE

- Grantees should refer any foreclosure notices/correspondence received to their attorney
- CDBG loans are usually in a junior lien position, CDBG funds are usually lost in a foreclosure
- Grantees may file a personal lien against the property owner, to try and recoup CDBG funds
- Grantee usually writes off CDBG mortgage after a foreclosure
- Usually no need to prepare a satisfaction
- Must have proof of foreclosure in client file

SUBORDINATIONS

A subordination is a request from a lender that the CDBG mortgage be in a junior position to their mortgage on the property

- This can occur when property owner would like to refinance a mortgage that is already superior to the CDBG mortgage (1st position)
- Can also occur for a new mortgage
- Combination of superior mortgage and new mortgage
- Lenders like to be in first position because they will be the first paid in the event of a sale or foreclosure. The first position mortgage is usually the most secure.
- Grantee must have a subordination policy that is given to applicant at time mortgage is signed or prior to mortgage signing.

SUBORDINATIONS

DEHCR recommends that the Grantee subordinate in the following cases:

- The monthly housing costs will be reduced;
- To obtain a lower interest rate;
- To prevent a foreclosure action;
- To finance additional rehabilitation on the primary residence;
- Other exceptions may be made on a case-by-case basis with the permission of DEHCR.

PROGRAM OUTLOOK

PROGRAM OUTLOOK

CDBG RLF program income held at local level is increasing

- Cash on hand has increased by approximately 8.2 million dollars since March 2016
- Multiple layers of RLF's (Town, Village, County, Region) duplicates efforts and can be confusing for providers from other programs and agencies and applicants

HUD has an expectation that RLF's "re-loan" the RLF balance annually

PROGRAM OUTLOOK

The State of Wisconsin has a shortage of affordable housing units

- Creates a significant barrier for LMI working families

Affordable housing not being created by private funds

- Overlooked because of high development and construction costs
- Developers unable/unwilling to cover these costs without passing on costs to renter or buyer

PROGRAM OUTLOOK

DEHCR would like to work with Units of Local Governments (UGLGs) to create affordable housing units.

In order to create a pool of funds to accomplish this DEHCR is considering discontinuing the Small Cities CDBG RLF Housing Program.

- All RLF funds would be returned to the State
- All eligible applicants will be served by the Regions – with no lapse in service

PROGRAM OUTLOOK

The funds will be awarded on a competitive basis to UGLG's to develop units or subgrant funds to eligible sub-recipients to develop.

- Entitlements are not eligible for these funds.
- Funds will be granted or provided as a forgivable loan.

PROGRAM OUTLOOK

- Can be used in support of new housing
 - Infrastructure
 - Land acquisition, clearance, and demolition
 - In limited situations new construction
- Can be used to convert existing structures into affordable housing
- Income limits and affordability period will apply
- Rental units must have 51% of projects/units occupied by LMI households
- Rent cannot exceed the HUD established FMR for the geographical area
