## Community Development Block Grant Emergency Assistance Program (CDBG-EAP)

Wisconsin's Community Development Block Grant Emergency Assistance Program (CDBG-EAP) is funded by the US Department of Housing and Urban Development (HUD). To apply for assistance under this program, affected communities must meet the qualifications outlined in the federal regulations under the Housing and Community Development Act (HCDA) of 1974, as amended, which includes documenting that CDBG-EAP funds are used for the benefit of eligible low to moderate income individuals residing in non-entitlement cities, villages and non-urban counties. The funds may be used to assist with homeowner rehabilitation.

In response to the recent storm events in southeast Wisconsin (beginning on July 12, 2017) and southwest and west central Wisconsin (beginning on July 19, 2017) the Division of Energy, Housing and Community Resources (DEHCR) has developed the following application process for providing housing rehabilitation and replacement assistance to the twenty counties included in Governor Walker's State of Emergency Executive Orders #248 and #249. To be eligible to apply through this expedited process, the applicant must be a lead county in the CDBG Regional Housing Program serving the communities affected by the disaster event.

**For all other disaster assistance requests, the standard EAP Application process is available.**

DEHCR staff are available to provide assistance in completing the application.
