POLICY: **ED 04-2013**

TITLE: **Allocation limits for job creation.**

EFFECTIVE DATE: **July 1, 2013**

OVERVIEW:
Description: Amount allowed per job created.

Purpose: Apply consistent amount of grant allowed per job when making grant award. The former Department of Commerce had a policy of $20,000 per job. For instance, if the grant award was for $500,000, then the minimum number of jobs created/retained would need to equal 25 ($500,000/$20,000). The new amount shall be increased in an effort to encourage Units of General Local Government (UGLG's) and businesses program participation.

Policy:
The maximum amount allocated per job to be created shall be increased to $35,000 per job, which is consistent with the U.S. Department of Housing and Urban Development (HUD) rules and regulations found at *24CFR570.209 (b)(1)(i)*.
