Executive Summary

The annual risk management benchmarking report includes workers' compensation, property and liability statistics for fiscal year 2016 (FY16). Metrics within this benchmark report will assist State of Wisconsin agencies with understanding loss history, identifying trends and developing prevention strategies.

In FY16, all data was captured as of the first week of August of the current year to consistently demonstrate true claim counts. For historical reference, the exhibit shown depicts WC claim counts valued as of the first week of August of each respective fiscal year (illustrated in blue). Lag WC claims reported beyond the first week of August of each respective fiscal year are illustrated in red.

Year to date, the State of Wisconsin experienced a 1.8% decrease in the number of employee workplace injury claims as the number of claims decreased from 2,726 in FY15 to 2,677 in FY16. The state experienced an 8.8% decrease in total claims over the past five years. The number of lost time and hazardous duty claims, which result in lost work time of more than three days, reduced from 580 in FY15 to 578 in FY16, representing a 0.3% decrease. Over the last five years the number of lost time and hazardous duty claims has decreased 10.3%.

It is important to note that the State of Wisconsin is a 100% WC paid loss program and expenditures reflect the total paid to date from all dates of loss. To better illustrate WC annual expenditures by claim date of loss, please reference new table found on page 22. Depending on the severity of each claim outcome, the expenditure may continue throughout the lifetime of the claimant. Prevention is the key to cost containment. Studies have also shown that injured workers who participate in modified duty programs have better claim outcomes.

The cost of work comp claims increased 23% from \$18,471,110 in FY15 to \$22,710,755 in FY16. A significant motor vehicle accident occurred at the end of FY15, which resulted in over \$1.9 million paid in FY16. Temporary and permanent wage replacement costs increased 12.9%, while medical costs increased 26.5% in FY16. Since BSRM inception as a program revenue operation in FY93, temporary and permanent wage replacement costs have increased by 8.8% from \$5,767,296 to \$6,274,570 while medical costs have increased 153.1% from \$6,123,250 to \$15,498,894. As the number of claims continues to decrease, we project continued increases in claim costs for FY17 due to the consistent increases in medical charges and further development of complex open lost time claims.

The number of state agency property claims, excluding automobile claims, experienced a decrease of 2.3% from 177 in FY15 to 173 in FY16. Over the last five years the number of claims decreased 30.8%. Year to date, total paid decreased 70.1% from \$27,456,015 in FY15 to \$8,208,543 in FY16. The substantial decrease in property payments resulted from fewer new large losses and closure of large excess insurance claims. The number of state property automobile claims decreased 10.9% from 211 in FY15 to 188 in FY16. The number of state liability claims decreased 1.2% from 257 in FY15 to 254 in FY16.

It is imperative that focus remains on property loss control as well as on providing a safe workplace, holding agency managers, supervisors and employees accountable for following safety rules and regulations. One significant event such as a fire or automobile accident can be catastrophic. We request you please review the results for your agency and share this information with management. We look forward to partnering with you to promote and enhance safety and risk control. This includes providing a safe working environment for Wisconsin employees and protecting state property. Thank you for your continued commitment in striving for state risk management excellence.

Jason Gates
Director of State Risk Management

Glossary

Injury and Illness Definitions

Hazardous Substance

Person is exposed to a possible harmful substance and the route of exposure is not via a sharps injury.

Lifting, Moving or Restraining Load

The event causing the injury is primarily due to exerting a force against a load.

Machinery, Equipment or Tool

Contains hand held tools, devices with moving parts and motorized equipment not licensed for road use.

Motion of Individual

Includes any event where a person engages in bodily motion that in itself causes an injury.

Object

The event causing the injury is primarily due to an encounter with a physical structure, object, or projectile where no vehicle, machinery or heavy equipment is involved.

Person(s)

The event causing the injury is primarily due to an encounter with a person(s) where there is no vehicle involved.

Physical Hazards

Emit energy of one form or another such as heat, cold, noise, electrical hazard, radiation, lighting or ventilation.

Plant or Animal

The event leading to the need for medical attention is primarily due to the body's physiological reaction to a plant- or animal- derived substance.

Repetitive Motion

The event causing the injury is primarily due to a duty that involves repetitive motion.

Sharps

The event causing the injury is primarily due to potential exposure to a substance by injection due to an injury with a contaminated object that penetrates the skin, mucous membrane, or eyes.

Slip, Trip, or Fall

The event causing the injury is primarily due to a loss of balance, perhaps due to a slip, trip, or stumble that leads to a fall or near fall.

Vehicle / Other Miscellaneous Modes of Transportation

Includes any event where a person is injured during a vehicle accident, whether the person is inside or outside of the vehicle. The vehicle is used primarily for transportation and does not include motorized equipment.

Other Applicable Information

Fiscal Year:

Fiscal Year for the State of Wisconsin:

FY 2016 = 07/01/2015 – 06/30/2016

FY 2015 = 07/01/2014 – 06/30/2015

FY 2014 = 07/01/2013 – 06/30/2014

FY 2013 = 07/01/2012 – 06/30/2013

FY 2012 = 07/01/2011 – 06/30/2012

Important Notes:

1. Incidence rate is not a true measure of comparing performance between different agencies. Instead, it helps in determining progress within each agency over the years. See notes below for clarification to any fluctuations in incidence rate of the departments.
2. Historically in fiscal years prior to 2015, BSRM compiled data for the Benchmark Report valued as of the first week of August of each respective fiscal year. This accurately depicted claim counts at the end of each fiscal year at that period in time. However, this methodology does not capture new claims created after the first week of August of each respective year. Beginning in FY 2015, all data was updated during the first week of August of the current fiscal year to reflect actual claim counts at current status for all fiscal years shown.
3. Prior to fiscal year 2015, UW System reported total hours worked over calendar year periods. Beginning in FY2015, total hours worked are shown over fiscal year periods for 2012 – 2016.
4. The Legislature data includes data from all legislative bureaus and as such, the incidence rate beginning in FY 2011 is skewed from the previous years' data. Also, the Legislative Audit Bureau is no longer listed separately, effective FY 2011 and is now included in the Legislature data.
5. The Judicial Commission, Judicial Council and Justice Assistance loss data was added to Justice beginning in FY 2011.
6. In FY 2012, the Department of Regulation and Licensing was renamed the Department of Safety and Professional Services (DSPS). Also, a majority of the Department of Commerce employees were incorporated into DSPS. Other employees transferred to the Department of Administration (DOA) and the Department of Agriculture, Trade, and Consumer Protection (DATCP). The remaining employees went to another new agency, the Wisconsin Economic Development Corporation (WEDC), which is a public-private corporation that replaced the state Department of Commerce (Commerce). The WEDC employees will not be considered state employees for the purposes of the report.
7. In FY 2016, the Child Abuse and Neglect Prevention Board separated from the Department of Children and Families. The Elections and Ethics Commission was also developed, formally known as the Government Accountability Board.
