## Purpose

This document outlines the policies and procedures for processing travel expenses for DOA , DOA-supported agency employees, and non-state employees. It provides definitions of roles, detailed explanations of expense types, links to job aids, and secondary source material.

---

## Policy

1. The Department of Administration (DOA) requires a uniform record of all travel costs to conform to state travel policies and achieve equity in travel reimbursement to its employees and attached agencies. These rules and policies are based on the State Controller’s Office policy, the DOA Division of Personnel Management (DPM) [Uniform Travel Schedule Amounts \(UTSA\)](#), state statutes, and DOA policies.
2. [STAR \(PeopleSoft\)](#) is the agency’s system for processing all state employee travel expense vouchers. The employee creates an expense report in STAR, and it is approved by the employee’s HR supervisor. Expenses claimed in the STAR Expense Module must be entered so those reviewing the claim can determine whether they are in compliance with reimbursement rules. Please note that no more than one month’s worth of expenses should be submitted on an expense report.
3. Employee travel expense reimbursements are paid through the payroll system on the employee’s paycheck. Payment through the payroll system allows calculation of required withholdings for items that are considered taxable.
4. Non-state employee travel is not processed through the STAR Expense Module. Non-state employees will claim expenses on the [Non-State Employee Travel Voucher expense form \(DOA-6107E\)](#). The expenses will be reimbursed via payment request (direct charge) in the STAR Accounts Payable Module. For travel expenses incurred by travelers not set as a supplier within STAR, please email [DOA BFM Travel Claims](#) for further information on expense reimbursement.

## Role Definitions

User Role Name	Role Description
Expense Employee	Enters/modifies expense reports
Assigned Proxy	Enters/modifies expense reports on behalf of another employee
Expense Approver	Audits and approves expense reports

## Business Process

### Employee

1. Employee creates expense report in STAR.
  - A. A separate travel reimbursement expense voucher is needed for each business purpose that the employee had during the claim period.
  - B. Refer to the [Expense Type Requirements](#) section for information on what is required for each expense type. Please note, [Out-of-State Travel Authorization forms are only required for DOA employees.](#)
  - C. Review [chartfield](#) to ensure proper coding is used for each expense line.
2. Receipts must be scanned and attached/uploaded in STAR. Per instructions below, when receipts are required, they need to be sent to BFM for audit and retention as the original record.
3. When original receipts and/or an [Out-of-State Travel Authorization](#) are required, attach them to the print-out of the finalized expense report and send via interdepartmental or US mail to:

Department of Administration  
Bureau of Financial Management - Travel  
PO Box 7869  
Madison, WI 53703

### Employee HR Supervisor

1. The employee HR supervisor will receive an email notification that an expense report is awaiting approval.
2. The supervisor is responsible for reviewing expense reports for:
  - A. Appropriateness of the expense/travel
  - B. Attachment of original receipts
  - C. [Accuracy of chartfield values](#)
3. Budget check will run in an automated batch process hourly each day on expense reports that are submitted for approval.
  - A. If errors occur, contact your [assigned accountant](#).
4. The employee HR supervisor may approve, send back, put on hold, or deny an expense report.

**Approved:** The expense report will move on to the pre-pay auditor.

**Send Back:** The expense report will be returned to the employee for correction. The supervisor will need to add a comment indicating what corrections need to be made.

**Hold:** The supervisor may resolve pending issues before approving.

**Deny:** The expense report will be closed. The employee will not be able to further modify the existing report and would need to create a new report for these expense.

### Pre-pay Auditor (BFM)

1. The pre-pay auditor will receive an email notification that an expense report is awaiting approval.
2. The pre-pay auditor is responsible for reviewing expense reports for:
  - A. Adherence to DPM [Uniform Travel Schedule Amounts \(UTSA\)](#) guidelines, state statutes, and departmental guidelines
  - B. Accuracy of chartfield values
  - C. Receipt of required supporting documentation
  - D. Attachments/receipt of the [Out-of-State Travel Authorization](#), if required
3. The pre-pay auditor may approve, send back, put on hold, or deny an expense report.

### Non-State Employee

1. Non-state employees will claim travel expenses on the [Non-State Employee Travel Voucher Expense Form](#). Original receipts will be attached as necessary. The request will be submitted to the program area approver.
2. The approver will submit the travel expense report to the program area payment processor to create a payment request (direct charge) in STAR following the [AP Payment Request Business Process](#). For travel expenses incurred by travelers not in the STAR supplier files, please email [DOA BFM Travel Claims](#) for further information on expense reimbursement.
3. The program area payment processor will send the travel expense report with the payment request number and attached receipts and documentation via interdepartmental or US mail to:

Department of Administration  
Bureau of Financial Management  
PO Box 7869  
Madison, WI 53703
4. BFM will process the payment request (direct charge) and payment will be issued to the traveler.

# Job Aid: Adding Tax Penalty Lines

**Summary:** The Internal Revenue Service (IRS) requires that expenses be accounted to your employer within a reasonable period of time. The IRS defines a reasonable period of time as being “within 60 days after they were paid or incurred”. Therefore, all expenses originally submitted by an employee 60 days after they were incurred must add the Tax Penalty and Tax Penalty Correction lines to their reports. This document provides a step-by-step guide to add these lines. Please note that if your report becomes over 60 days old after it has been resubmitted for changes, you do not need to add the tax penalty. When prompted by STAR put “Originally submitted within 60 days.” into the comment box.

Step	Action
1.	<p>Identify transactions on the expense report that are over 60 days old.</p> 
2.	<p>Calculate the total of the lines that are over 60 days old. <i>(For this example, all expenses are over 60 days old.)</i></p>
3.	<p>Add an additional line to the expense report. Fill out the Date field as the current date, make the Expense Type the Tax Penalty Correction, add “Tax Penalty Correction” to the description, change the Payroll field to Payroll, and make the Amount a credit of the amount you calculated in step 2.</p> 

Step	Action
------	--------

4. After adding a credit amount, STAR will prompt you to add a credit comment. Add how many lines are being credited. (If all lines are being credited, just type "all lines".) Then click **Done**.

5. Add an additional line to the expense report. Fill out the Date field as the current date, make the Expense Type the Tax Penalty, add "Tax Penalty" to the description, change the Payroll field to Payroll, and make the Amount a debit of the amount you calculated in step 2.

6. Follow normal procedure to submit expense report for approval.

# Expense Type Requirements

Below is a detailed description of how and when to use each expense type when creating a travel expense report in STAR.

Not Listed Below: The business purpose is required for each expense claim. If a trip or event has multiple claims and one business purpose, the business purpose only needs to be recorded on the expense report once. The business purpose can be added in the description, expense line descriptions, or as an attachment.
