Hello,
Town of Waterford has DNR wildlife area, farmland/agriculture, Tichigan Lake/Fox River, Wetlands and Woodlands. We are renowned for great fishing and a pristine environment. I would conclude that we do not meet the court standards for incorporation because the Town is Rural. We have no plans for substantial development and no improvements are needed.

Town of Waterford has no debt which could change with incorporation. It was mentioned that we could incur a \$30 million debt related to the Sanitary District. We have no water service; residents have private wells. Again, we do not meet the criteria for incorporating as an isolated and/or metropolitan community.

We have everything we need: Police Dept, Town Hall, public works. We do not need our residents,(human and wildlife) subjected to needless disruption and destruction. I vote NO on this issue.

Thanks in advance for your kind consideration.
