COMMENTS:

By incorporating, the residents of the Town of Waterford will have more control of their taxes, wildlife areas, natural terrain and lifestyle. Incorporating does not require that we have many of the services claimed by the Village of Waterford. I want a village that preserves Wisconsin Heritage. "A "village" means an assemblage of houses less than a city, but nevertheless urban or semiurban in its character, and having a density of population greater than can usually be found in rural districts. A very common definition of a village found in the books is as follows: "Any small assemblage of houses, for dwelling or business, or both, in the country, whether situated upon regularly laid out streets and alleys or not."
