Introduction

The Petitioners seek approval from the Incorporation Review Board (IRB) to hold a referendum to incorporate a portion of the Town of Washington as the Village of Washington as a metropolitan Village. The petitioners seek incorporation of the Village to protect the character of the proposed Village, control land uses and development within its boundaries, and preserve the jurisdictional boundaries. Incorporation would positively impact the entire metropolitan area by fostering better governmental relations and preserving the local character amidst an expanding urban landscape.

The Town of Washington is renowned for its natural beauty, charm, strong neighborhoods, and low crime rate. The Town's topography features steep slopes and ridges, rolling hills, and lowland areas that contrast sharply with the City of Eau Claire's flat terrain.

The following sections establish that the Incorporation Petition satisfies all of the necessary criteria and factors to allow for an incorporation referendum. Accordingly, the petitioners request that the Incorporation Review Board approve the Petition and that the circuit court order a referendum and to certify the incorporation of the Village.

Strong Public and Community Support for Incorporation

The incorporation has garnered overwhelming support from Town residents and leaders from surrounding municipalities, reflecting a shared commitment to a collective vision and proactive community and land use development. Incorporation would benefit the Town of Washington and the surrounding areas, enhance autonomy for Town residents, and provide a stronger framework for local governance.

Stakeholder and Public Engagement in the Incorporation Process

Lost acreage, non-unanimous annexations, and the placement of higher density city developments on annexed Town territory changing the landscape of the Town of Washington reignited a community conversation about annexation and incorporation. As a result, in December of 2023 and March of 2024 the Town Chair addressed residents in the Town newsletter to answer questions regarding annexation, extraterritorial jurisdiction, and possible incorporation into a village. As a result, Board members and staff heard from residents through phone calls, letters, and emails who encouraged the Town to explore becoming a village.

At the January 24, 2024, Town Board meeting, Becker Professional Services spoke to the Board regarding incorporation feasibility. On April 18, 2024, the Town Board approved hiring Becker Professional Services to evaluate case studies and to hold listening sessions with Town residents. Town residents were sent postcards inviting them to an Incorporation Listening Session at the Town Hall on June 18, 2024. 211 Town residents attended. The Town Board polled those in attendance with slips of paper, asking people to respond to the question "Do you favor filing a petition for incorporation?" The written responses were strongly in favor; 92 – Yes, 2 – No, and 6 – need more information.

After receiving community feedback, the Town Board unanimously voted to authorize the Administrator and consultants to take all necessary steps to incorporate a portion of the Town into a village. As a result of this meeting and overwhelming community support, Robert Solberg and Jackie Vold moved forward as the representative and the alternative representative,

respectively, with the incorporation petition, and gathered the requisite number of signatures to commence incorporation, which is incorporated in Appendix M.

Residents in both the proposed Village and in the remnant Town areas approached Town officials as to how they could assist in the process. The required signatures for the petition were obtained in only a few days with hundreds coming forward to sign. In addition, 58 resident landowners in the remnant Town came to the office to sign a document showing support of the incorporation.

The Town has been providing updates on the incorporation process to residents through informational meetings, two of which were held on September 10 and 12, 2024, and through the Town newsletter and website.

Community Development Support and Growth

Washington residential and commercial development remains strong, making the community a hub for family living and recreation. Washington is home to manufacturing, retailers, small businesses, and parks centralized near the main thoroughfare of State Highway 93, with quality subdivisions extending both to the east and west. Washington has made investments in this area to carry on the tradition of highly sought after neighborhoods, beautiful landscapes, and recreational opportunities. Improvements have included residential and commercial on-site wastewater treatment facilities, interconnected recreational paths, a park and well positioned open spaces. The Town Board acknowledges the importance of these residential subdivisions and retail areas in enriching the community and leading to desirable growth.

While the Town is requesting a large area for incorporation, over 2,800 acres of land (27% of the territory) is impacted by water, through shoreland zoning, or steep slopes, limiting the area suitable for new development. The remaining territory beyond the densest square mile is expecting significant development within the next three years and beyond as much of the developable open land is zoned for transition from agriculture to developed land uses. There are significant market pressures to develop. Washington prefers a more clustered approach to development, aligning with the topographic and environmental challenges of developing in the area as well as resident preferences.

As a metropolitan village, Washington can determine its own destiny without the limitations placed on towns. This would include protection of boundaries, zoning authority, shoreland zoning authority, complete platting authority, extraterritorial zoning, and thriving economic development.

Reasons for Seeking Incorporation

The electors and freeholders in the territory to be incorporated have submitted the Incorporation Petition for numerous reasons. The key reasons are highlighted below, but the driving force behind the incorporation petition is preserving the community's identity and protecting its future as an independent governmental entity.

1. The area proposed for incorporation is an existing community of approximately 5,423 residents functioning for all practical purposes as a village. The residents of the proposed incorporation area strongly identify with the local government and culture they know as Washington and want to preserve and maintain high quality municipal services in a fiscally responsible and operationally responsive manner.

2. The residents of the area proposed for incorporation would gain full local control of zoning and land use for all property in the incorporated area and would no longer be subject to extraterritorial jurisdiction that limits development. Extraterritorial land division regulations from neighboring cities create large minimum lot sizes that effectively prohibit development within large portions of the Town. This curtails private property rights and means the Town and property owners cannot exercise autonomy.
3. As a Village, Washington would no longer be under County zoning control. This was a contentious issue in 2022, when the Town Board recommended rezoning land within the Town for a proposed rural subdivision that was consistent with the recently reviewed and revised Town and County Comprehensive Plans, the County Zoning Ordinance, and the County Farmland Preservation Plans and an Extraterritorial Jurisdiction (ETJ) Intergovernmental Agreement with the City of Eau Claire. Yet, the County Planning and Development Committee and County Board ignored the recommendations for approval by their own staff and Comprehensive Plan and denied the request.
4. Incorporation will also eliminate the extra costs and time delays of multi-jurisdictional review by the Town, County and City for zoning and land use matters.
5. Incorporation will create permanent boundaries. This will provide a direct benefit to planning future infrastructure and development. Incorporation will reduce the inefficiencies that arise in the provision of services due to annexations by an adjacent city. It will also eliminate the loss of land and tax base from annexations.
6. Incorporation will protect the tax base by ensuring that annexations do not occur, which will allow the new Village to retain its low tax rate and continue to provide services at no less than the current level.
7. Currently the Town has very limited tax increment financing powers and city approval is required for any tax increment districts within the extra-territorial area. Incorporation would allow for the use of a full suite of financial instruments for larger infrastructure and facility projects to accommodate development demand.
8. An important reason for incorporation is to protect and enhance the Town's identity, character, and further improve its ability to be an economic engine in northwest Wisconsin. The Town is unique and is a highly sought after area in the real estate market. The Town has had success in supporting residential and commercial development but has been held back by the limitations inherent to town government. Limitations include regulation by other governmental entities that may prohibit development unless annexed or that increase development costs in terms of time and money spent with no increased benefits to the Town or the developer. Incorporation will also ensure that any major investments the Town makes in infrastructure, land acquisition for public and private use, and all other such investments will be protected.

Impact of Annexations

Annexation is a community concern. Since 2005, over 1,800 acres (2.8 square miles) have been annexed from the Town of Washington. Annexations from neighboring municipalities and subsequent city development has made long range Town planning very difficult and uncertain, has changed the landscape and uniqueness of the community, and has proved very costly to

the Town. Annexations have fragmented the community, created Town islands in Eau Claire and city islands in the Town affecting government efficiency.

The Town of Washington has been affected by 203 annexations, primarily to the City of Eau Claire, with a smaller number to the City of Altoona. The tables below show the annexations that have occurred over the past twenty years. Altogether over 1,811.34 acres of land have been annexed from the Town of Washington to adjacent municipalities over the past twenty years alone. Figures 1 and 2 below shows historical annexations from Washington to Eau Claire, 2005 – 2025 and annexations from Washington to Altoona, 2005 – 2025.

Incorporation Review Process

The incorporation process involves three main approvals before the proposed Village can formally incorporate. First, since this is a petition for a metropolitan village, the circuit court must determine that the proposed incorporated area satisfies the following criteria:

1. The territory is at least four-square miles. Wis. Stat. § 66.0205(5).
2. The population is at least 2,500. Wis. Stat. § 66.0205(3).
3. The territory includes at least one square mile of land with at least 500 residents. Wis. Stat. § 66.0205(3).

On July 23, 2025 the Eau Claire County Circuit Court held a court hearing with the Honorable Jon Theisen presiding. The Town of Washington and the City of Eau Claire were the only parties to the case. All parties stipulated that the proposed incorporated area, as amended by stipulation, met the circuit court standards. Judge Theisen determined that the Petition satisfied the above criteria and referred the Petition to the Incorporation Review Board for further review, with a modified legal description of the territory stipulated to by the parties. The order is incorporated as Appendix N. The revised legal description approved by the circuit court is included as Appendix O.

Next, the Incorporation Review Board must evaluate the following criteria to determine if the standards of state law have been met and an incorporation referendum can be held.

1. Whether the incorporated territory is reasonably homogeneous and compact, considering the natural boundaries, “natural drainage basin, soil conditions, present and potential transportation facilities, previous political boundaries, boundaries of school districts, shopping and social customs.” Wis. Stat. § 66.0207(1)(a).
2. “The territory beyond the most densely populated square mile shall have the potential for residential or other urban land use development on a substantial scale within the next 3 years.” §66.0207(1)(bc).
3. The IRB must also determine that incorporation is in the public interest after considering the following factors:
 - a. “The present and potential sources of tax revenue appear sufficient to defray the anticipated cost of governmental services at a local tax rate which compares favorably with the tax rate in a similar area for the same level of services.” Wis. Stat. § 66.0207(2)(a).
 - b. “The level of governmental services desired or needed by the residents of the territory compared to the level of services offered by the proposed village ... and the level available from a contiguous municipality” that has intervened. Wis. Stat. § 66.0207(2)(b).
 - c. “The impact, financial and otherwise, upon the remainder of the town from which the territory is to be incorporated.” Wis. Stat. § 66.0207(2)(c).
 - d. “The effect upon the future rendering of governmental services both inside the territory proposed for incorporation and elsewhere within the metropolitan community.” Wis. Stat. § 66.0207(2)(d).

If the Incorporation Review Board determines that the petition complies with Wis. Stat. § 66.0207, then the Incorporation Review Board approves the proposed incorporation for referendum, and the circuit court orders an incorporation referendum. Wis. Stat. §§ 66.0207(1) and 66.0211(1). If a majority of votes at the referendum are in favor of incorporation, the circuit court clerk certifies that fact with the Secretary of Administration, and then the Secretary of Administration issues a certificate of incorporation. Wis. Stat. § 66.0211(5).

SECTION 1 (a):

HOMOGENEITY AND COMPACTNESS

The territory proposed for incorporation complies with the standards applied by the Incorporation Review Board as set forth in Wis. Stats. §66.0207 by being both homogeneous and compact. The proposed village is homogeneous and compact in terms of natural resource attributes, the built environment, and related socio-economic activities that occur within the territory. The following section establishes that the incorporation satisfies this requirement.

Compactness and Homogeneity Analysis

The territory proposed for incorporation, while fragmented with three islands due to annexations which made them discontinuous, is reasonably compact with mostly regular boundaries shaped by existing political boundaries and a segment of an interstate highway. Excluding any portion of the incorporation territory would result in a discontinuous remnant Town of Washington. The proposed incorporation boundary creates a reasonably compact new Village as well as a remnant Town that is contiguous forming a regular boundary with the new Village.

The densest square mile of the incorporation territory is not intended to be the core of the new Village. The core of the new Village will be the rapidly developing STH 93 corridor with connected residential neighborhoods on either side served by business parks and retail/commercial areas along the highway. While the incorporation territory has topographical challenges for connectedness, the local and county road network of the incorporation territory serves to collect traffic from the outer areas and bring it to the core quite effectively – another demonstration of the compact and homogenous nature of the territory. Many of the businesses that are in the incorporation territory are located along this central corridor forming the Village core.

The people who reside in the incorporation territory chose to live or build there because they do not want to live in a high-density urban landscape. They prefer the less dense clustered approach that provides access to the natural environment while still being connected to nearby employment, shopping and services. This lifestyle preference results in community members being relatively homogeneous, not necessarily demographically, but in terms of what they want from their living environment and that being a common interest internally shared. This preference shows up in consumer marketing lifestyle segmentation analysis.

The distribution of the population, while showing that 40% live in the denser northern area adjacent to Eau Claire, 60% live primarily within 5 minutes of the Village core – the intersection of STH 93 and CTH II. The incorporation territory is developing a pattern of dense population and land uses around the core that diminishes with distance from the core – a typical urban density decay function that further demonstrates the area is reasonably compact and homogeneous.

The population is also connected by shared social customs which comes from being part of the same school district and the social and sports organizations that connect to/interact with the school district. Washington students attend a limited set of schools within the school district of which they comprise a significant portion of the student population. This is what creates the shared social experiences and customs that contribute to homogeneity for those residing in the incorporation territory.

Land use and development trends indicate an urbanizing area that is experiencing orderly, not scattered, fragmented, or haphazard development which would be the case if the area was not homogeneous. Land uses are grouped together in an orderly and logical manner relative to the proposed municipal boundary. The range of land uses, commercial/retail enterprises serving residents, active social organizations and resident identification with the incorporation territory all support the fact that the incorporation territory is both compact and homogeneous.

Regional Context

The Town of Washington is 54 square miles, shown on Map 1, and has a 2025 Wisconsin DOA population estimate of 7,788. The Town is bounded to the north by the cities of Eau Claire and Altoona and the Town of Seymour, the Town of Lincoln to the East, the towns of Clear Creek and Pleasant Valley to the south and Town of Brunswick to the West.

Map 1: State and County Locational Reference for Incorporation Territory

Source: Eau Claire County Planning and Development

The Town of Washington territory proposed for incorporation is approximately 20.5 square miles and contains approximately 5,423 persons shown on Map 2.

Map 2: Proposed Incorporation Area

Scale map of Washington's proposed incorporation territory shown in green. Source: Real Land Surveying

Map 3 provides a perspective of the proposed incorporation area relative to municipal neighbors.

Map 3: Local Context of Incorporation Territory

The incorporation territory is part of the Eau Claire metropolitan community. The proposed Village of Washington will be adjacent to the City of Eau Claire and will form the southern end of the metropolitan community that extends north to the City of Chippewa Falls and includes the City of Altoona, and the Village of Lake Hallie. The Village of Washington will border the

Town of Brunswick to the west, the Town of Pleasant Valley to the south and the remnant Town of Washington to the east.

Figure 3: Table Comparing Eau Claire Metropolitan Communities by Population and Area

Metropolitan Community Municipalities	Population	% of Metro Community	Area square miles	% of Metro Community by Area
City of Eau Claire	74,039	66.2%	34.14	40.4%
City of Altoona	9,835	8.8%	4.7	5.6%
City of Chippewa Falls	15,202	13.6%	11.86	14.0%
Village of Washington (future)	5,423	4.7%	20.5	24.2%
Village of Lake Hallie	7,512	6.7%	14.14	16.7%
Total	111,828		85.34	

Map 4 provides an expanded perspective of the proposed incorporation area relative to the larger metropolitan area.

Map 4: Regional Jurisdictions Comprising the Eau Claire Metropolitan Community

The Town and the Village will be members of the West Central Wisconsin Regional Planning Commission (WCWRPC) and the Chippewa-Eau Claire Metropolitan Plan Organization (MPO). The metropolitan planning area is shown below.

Map 5: Chippewa-Eau Claire Metropolitan Planning Area Includes the Incorporation Territory

Source: Chippewa-Eau Claire Metropolitan Planning Organization

Components of the Incorporation Territory

The incorporation territory consists of a number of distinct components including high density urban development in the north, scattered lower density clustered residential development, commercial and industrial development along STH 93, other areas of gently rolling farmland and on each side of the territory rugged, steeply eroded terrain drained by streams, creeks and rivers that can pose flooding hazards and barriers to development. In addition to the variety of areas within a reasonably compact 20 square miles, the territory also includes three islands within the City of Eau Claire. One of the islands is part of the densest square mile within the incorporation territory.

Despite the variety and range of development types and the fragmentation caused by annexations away from the Town of Washington, Town residents and businesses strongly identify with Washington as a place distinct from the City of Eau Claire and the City of Altoona and do not wish to have the same development patterns. Additionally, the diversity of terrain also distinguishes the incorporation territory from Eau Claire and Altoona which were built up on the relatively flat plains of the Eau Claire and Chippewa Rivers.

Regional Boundary History

The boundaries of civil jurisdictions in Eau Claire County were originally in constant flux since October 6, 1856, when the county initially consisted of just one town, the Town of Eau Claire. Three months later, the Town of Eau Claire Board, acting as the Eau Claire County Board, created the Town of Half Moon Lake, which no longer exists. Shortly after, the County Board further divided the original Town of Eau Claire, creating the towns of Bridge Creek and Brunswick.

The first citizen petition to create a new town occurred in November 1860, when property owners petitioned the Town of Half Moon (which had by then dropped "Lake" from its name) to divide its territory and form the Town of Oak Grove. Oak Grove no longer exists, as it was absorbed a few years later by the incorporating City of Eau Claire.

On January 2, 1866, the Town of Washington was created from what remained of the Town of Eau Claire after the formation of Oak Grove, West Eau Claire (formerly Half Moon), North Eau Claire, Brunswick, Pleasant Valley, Otter Creek, Lincoln, and Bridge Creek. The boundary of the new Town of Washington largely followed Township, Range, and section lines based on the previously established town boundaries. The only natural boundary was a 2-mile stretch of the Eau Claire River just east of Altoona, which remains part of the Town's boundary today.

Four years later, the remaining Town of Eau Claire incorporated as the City of Eau Claire, annexing parts of the towns of North Eau Claire, West Eau Claire, and Oak Grove.

The Town of Washington originally covered an area of 66 square miles with a population of 1,489 by 1910. It was bordered by the City of Eau Claire and the Town of Seymour to the north, the Towns of Clear Creek and Otter Creek to the south, the Town of Lincoln to the east, and the Town of Brunswick and the City of Eau Claire to the west.

The City of Altoona, initially platted as East Eau Claire in 1881, was carved out of the Town of Washington and renamed Altoona, gaining city status in 1887. At that time, it was considered the smallest city in the United States.

The next incorporation was the Village of Fairchild which was formed from a part of the Town of Fairchild in 1880. The City of Altoona followed on April 5, 1887, created from a part of the Town of Washington. The Village of Fall Creek was incorporated in 1906, and the City of Augusta in 1922. No further incorporations have occurred over the past 103 years and there remain just 5 incorporated municipalities in Eau Claire County.

Proposed Village Boundary

The petitioners are proposing to create the first new municipality in Eau Claire County in over 100 years. The proposed Village boundaries follow existing political boundaries, including school district boundaries as well as physical and natural features. Map 3 above illustrates Washington's boundaries in relation to neighboring jurisdictions. The area proposed for

incorporation represents about one third of the Town, leaving a large remnant town to the east and south of the incorporation territory.

Natural Features of the Territory

The border of the proposed incorporation territory aligns with the natural features of the area. This is illustrated on the following maps outlining the topography, watersheds, drainage, natural areas, wetlands and floodplains.

The following map depicts the Town's topography, highlighting its northwest-southeast orientation of steep slopes and valleys. These ridges and slopes contrast sharply with the flat terrain of the City of Eau Claire, emphasizing the incorporation territory's distinctive natural beauty and homogeneous character. This unique landscape draws visitors, bikers, runners, and hikers who utilize the slopes for recreation.

Map 6: Topographic Map

The proposed Village of Washington lies within two adjacent watersheds, the Lowes-Rock Creeks watershed on the west and Otter Creek watershed on the east. In years past these creeks powered the area's economy with several grist mills located along each. Although their mouths are less than 5 miles apart, Otter Creek drains into the Eau Claire River just before its confluence with the Chippewa River while Lowes Creek drains into the Chippewa River just past its confluence with the Eau Claire River. Lowes Creek is classified by the Wisconsin Department of Natural Resources as an "Outstanding and Exceptional River or Stream" (*Source Waters currently designated as ORWs and ERWs are listed in chapters NR 102.10 (ORWs) and NR 102.11 (ERWs) of Wisconsin's Administrative Code 102.11(1)(d)7*). Surface water resources

influence the physical development of an area, provide recreational opportunities, and enhance the aesthetic quality of the area. The following two maps show the watersheds and drainage pattern for the incorporation territory.

Map 7: Watersheds and Drainage

There are few wetlands in the incorporation territory except in the floodplains of Lowes Creek or Otter Creek. Narrow bands of land along both Lowes Creek and Otter Creek are designated as either “floodway” or “flood fringe” by the Federal Emergency Management Agency (FEMA). The “floodway” is the land nearest a river or a creek where flood waters would run with force, whereas the “flood fringe” is the area that would be merely inundated. The following map shows surface water features and indicates depth to groundwater.

Map 8: Water Table and Surface Water

The proposed boundary is rational, follows existing political boundaries and physical and natural features and creates a compact and homogenous area.

Municipal Services of the Territory

A detailed description of municipal operations and services is provided in this submittal in Section 2(b), Level of Services.

Cohesion and Unity

Description of the Area Proposed for Incorporation

The proposed Village of Washington is located in northwest Eau Claire County near the I-94/ STH 93 corridors, in the south portion of the Chippewa-Eau Claire Metropolitan area. The landscape of the territory includes both urban and suburban characteristics. The area north of I-94 is the most densely developed with a commercial corridor along London Rd and STH 93 and multi-family and single-family housing. The southern portion contains an industrial facility and a commercial corridor along STH 93 and single-family housing development.

The character of the territory proposed for incorporation is compact, homogenous and distinct from the adjacent municipalities. The incorporation territory contains community, civic, religious, educational, and recreational facilities and services to serve its population. Incorporation prevents the territory and community from further fragmentation and undesired changes in character.

Socio-Economic Features of the Territory

Population Characteristics

The population of the incorporation territory is estimated from a housing count to be 5,423 persons or 69% of the Town of Washington's Wisconsin Department of Administration 1/1/2025 estimate of 7,788. The following tables and maps provide insight into the characteristics of the population residing within the territory as well as a comparison between the cities of Altoona and Eau Claire.

Figure 4: Comparison of Population Characteristics

Population Characteristics	City of Altoona	City of Eau Claire	Incorporation Territory	Remnant Town
Population Estimates	8,506	69,098	5,423	2,365
18 years and over	76.50%	82.40%	77.8%	76.0%
65 years and over	15.30%	16.10%	18.9%	19.0%
Male	56.35	48%	48.6%	48.4%
Female	43.65%	52%	51.4%	51.6%
Median HH Income	\$77,002	63,882	\$70,253	\$77,561
Less than \$10,000	4.4%	4.40%	3.4%	3.7%

Map 9: Population Density

Further insight into population characteristics can be found in the marketing industry. Marketing firms use a method of targeting consumers for advertising based on their income and lifestyle characteristics. Households that share similar incomes and lifestyles tend to cluster

geographically. Map 10 below shows the geographic distribution of these consumer lifestyle segments in the Eau Claire area and including the incorporation territory.

Map 10: Consumer Lifestyle Subsegments

Map 10 indicates that most of the incorporation territory is relatively homogeneous from a lifestyle perspective comprising subsegments A2 and A3 and distinct from the lifestyle segments in the City of Eau Claire. These segments are profiled below in Figure 5.

Figure 5: Spacious Suburbs & High Earning Families

A3

High-Earning Families

Part of Comfortable Living

High-Earning Families boasts the highest mean and median income of the three Comfortable Living sub-segments, as well as a sizable percentage of households consisting of families with children 5 and up. These areas are clustered around cities, with a larger average family size and household size than their counterparts.

Individuals living in these neighborhoods are typically very well educated, with 50.8% of the population holding a bachelors degree or higher. Vehicle ownership is the highest of any subsegment, with 94.9% of households owning a vehicle. The poverty rate is understandably low, at only 2.2% of households, while the homes are quite large, with a high number of rooms per housing unit and an estimated median value of over \$350,000.

With its high median income, high percentage of home ownership, and family-oriented nature, High-Earning Families can be viewed as a slightly less wealthy version of the Opulent Homesteads subsegment, which is a part of Affluent Environments (F4).

Housing Units

Economy and Employment

The Town of Washington is home to a diverse range of businesses that significantly contribute to local employment and economic vitality, making it a desirable place to live, work, and enjoy everyday life. The Town's thriving business community, which includes retail shops, restaurants, and various service providers, offers a wide range of amenities and conveniences for residents. This robust economic environment not only supports existing local employment but also attracts new businesses, individuals, and families seeking a vibrant and thriving community.

The Town's balanced mix of commercial activity and recreational spaces fosters a lifestyle that appeals to both individuals and families who value professional opportunities coupled with a high quality of life. The proposed incorporation boundaries support and encourage the growth of the many businesses located within the proposed Village. Achieving village status will further enhance economic development opportunities, enabling the Town of Washington to fast-track local projects and stimulate small business growth, ultimately driving economic prosperity across the entire region.

There are two business parks within the incorporation territory. They are located across CTH II from each other on the east side of the intersection of CTH II with STH 93.

Trilogy Business Park

Seven lots are available for commercial development located on the south side of CTH II.

Figure 7: Trilogy Business Park

Lot 5 of the Trilogy Business Park has been sold and in May of 2025 owners began the process to construct two commercial buildings; one building will have up to 10 business sites and the other will have up to 6 business sites.

Trillium Business Park.

Lots available for commercial development are located on the north side of CTH II.

Figure 8: Trillium Business Park

Businesses

The Town of Washington offers an array of shopping, employment, and social opportunities that cater not only to its residents but also to the broader region. With a dynamic and diverse culinary and retail landscape, the Town of Washington is a destination that draws both locals and visitors alike.

From the authentic flavors of La Poblanita, a cherished Mexican restaurant and grocery store, to the warm hospitality of Olympic Flame, a local favorite for Greek cuisine, the Town's dining options are as varied as they are delicious. For those seeking a unique experience, Infinity Beverages Winery & Distillery offers not just exceptional wine and spirits but also immersive tours, tasting events, and a versatile event space for special gatherings.

Down to Earth, a family-owned garden center, further contributes to the Town of Washington's community by offering an event space, as well as hosting classes and events focused on gardening and sustainability. These establishments demonstrate that while the Town of Washington shares ties with the greater Eau Claire metropolitan area, it boasts its own distinct economic vibrancy, reinforcing its identity as a unique community with a strong sense of place and belonging.

Figure 9: Down to Earth

The diversity of services and businesses in the Town of Washington goes beyond mere convenience—they are integral to crafting a unique identity within the larger metropolitan context. As the Town continues to grow and evolve, the presence of these essential amenities strengthens its position and offers residents both the charm of small-town life and the benefits of metropolitan proximity.

Social Opportunities

The Town of Washington offers a diverse array of social opportunities that foster a strong sense of community, belonging, and involvement which is ingrained in town culture. The Town hosts a variety of events that bring residents together, such as the annual meal and fundraising event with the Township Fire Department (TFD) -Washington Fire Station. The fire station holds open houses, equipment demonstrations, and participates in local parades. Washington also participates in events at the Eau Claire County Fairgrounds such as the Eau Claire County Fair where it sponsors a community pancake breakfast.

Neighborhood associations play a vital role in strengthening community ties. Corydon Park, Sunny Meadows, Lowes Creek Estates, and Tamarack Lane organize events that encourage social interaction among residents. Social opportunities extend to residents of Eau Claire London Square Apartments, who benefit from amenities like fitness centers, community gardens, and shared spaces. Heritage Court Memory Care also fosters a supportive environment through community dining and social activities.

Local businesses contribute significantly to the Town's social fabric. For instance, Slate Boutique, Kahvi Coffee, and Strong Soul collaborate to host the Annual Mother's Day Market, featuring multiple vendors. Down to Earth hosts multiple events throughout the year, including a winter farmers market. Additionally, the Eau Claire Water River Shed Coalition plays a crucial role in educating the community on environmental stewardship.

The Town of Washington's tradition of social cohesion and community vitality dates back decades. Historical records, such as the Washington Financial Report from 1941-1942, reveal the issuance of numerous retail licenses for various goods and services, indicating a vibrant and caring community even then. These records highlight the Town of Washington's long-standing commitment to fostering an active, supportive, and engaged community.

Figure 10: Five & Two Cafe

Figure 11: Slate Boutique & Kahvi

The Town also offers a diverse array of facilities catering to both recreational and community-focused needs. Educational institutions like Immanuel Lutheran High School, College, and Seminary provide foundational learning and spiritual growth. Families can take advantage of early learning centers such as the UWEC Children's Nature Academy and Nature's Cove Early Learning Center. For older residents, Heritage Memory Care Community offers dedicated care and social engagement.

Recreational opportunities are plentiful, with Lowes Creek County Park and the Lowes Creek Youth Baseball League providing outdoor activities for all ages.

The area is also home to several religious institutions, including Jehovah's Witness, The Haven Church, St. Mark Lutheran Church, Bethesda Lutheran Church, and the Eau Claire Hispanic Seventh-Day Adventist Church, all of which serve the spiritual needs of the community.

To keep residents informed about the wide range of social and recreational activities, the Town's website acts as a central hub, providing up-to-date information on community events, important announcements, and essential services. From details on upcoming projects and activities to guidelines on licenses, garbage collection, recycling, and elections, the website ensures residents stay informed and connected.

In addition to its digital resources, the Town of Washington keeps its residents engaged through bi-annual newsletters. These newsletters, distributed to every address in the Town and available online, provide insights into community affairs, local government updates, and much more. A bulletin board at the Town Hall further supplements these efforts, offering flyers and notices about local events.

Recreational Opportunities

The Town of Washington offers an extensive range of recreational activities designed to foster community engagement and promote a healthy lifestyle. Whether it's catching a little league game complete with lively concessions, exploring mountain biking trails, or taking a leisurely walk with your dog on scenic paths, there's something for everyone.

Winter brings opportunities for snowshoeing, cross-country skiing, and snowmobiling ensuring year-round outdoor fun. The Bracketteers Snowmobile Club offers groomed and marked trails throughout Washington and neighboring towns. Approximately 100 club members are residents of Washington. See map below.

Map 13: Snowmobile Trails in Incorporation Territory

The Town of Washington is home to the famous Ferguson's Orchards, a beloved destination that draws over 100,000 visitors each season. Ferguson's Orchards offers a quintessential fall experience with activities such as apple and pumpkin picking, wagon rides, corn maze adventures, grand slingshot challenges, and gem mining. These seasonal events are not only fun but also serve as a significant attraction, bringing together both residents and visitors from the broader region.

Figure 17: Ferguson's Orchards

In addition to Ferguson's Orchards, the Town features a county park with a reservable picnic shelter, a parcourse fitness course, and a range of recreational activities that encourage an active lifestyle. These offerings help strengthen community bonds and enrich the town's vibrant social fabric, making the Town of Washington a lively and welcoming place for all. For a comprehensive list of community-organized events and recreational activities see Figure 14.

Lowes Creek Baseball has been a proud part of the Town of Washington community for over 55+ years, offering a safe, supportive, and development-focused environment for young athletes. 20 little league teams and 8 T-ball teams with 350+ players play here. Baseball has deep roots in the region. In recent years, Lowes Creek Baseball has experienced record enrollment numbers, reflecting the rising interest in baseball and the demand for quality youth sports programs. In fact, the league is exploring the possibility of securing 30-50 acres in the Town to expand.

Park and Recreation Sites in the Town of Washington:

- Horlacher Park - Lowes Creek Youth Baseball League and conservancy area
- Three wildlife areas for passive recreation along E. Hamilton Avenue.
- Corydon Park
- Tamarack Pool & Park – Condominium Residents
- Trillium Town Park & Trails – Town of Washington
- Lowes Creek County Park
- Lowes Creek Access Davis Dr
- Lowes Creek Access Lowes Creek Court
- Seven Mile Creek Park T of Washington
- Horlacher Park - T of Washington
- Trilogy Conservation Area

Schools

Public Schools

School districts play a role in forming community social structures and impact people's decisions on where to reside. The proposed incorporation territory and school district boundaries display uniformity and compactness. This continuity helps build a sense of unity and belonging among students and their families. Students located within the proposed incorporation boundary will attend one of three elementary schools (Robbins, Meadowview, or Putnam Heights), and then one of three middle schools (South or Delong) and one high school (Memorial)

By keeping consistent school district boundaries with one school district, children from both new developments and long-established neighborhoods attend the same schools, participate in the same activities, and form friendships that cross geographic and social lines. This helps to break down barriers and create a more integrated and harmonious community.

Although the Town of Washington is served by three school districts - the Altoona School District, the Fall Creek School District, and the Eau Claire Area School District (ECASD), the incorporation territory is almost entirely within the Eau Claire Area School District (ECASD). Map 16 depicts the school districts for the proposed Village and remnant Town of Washington as well as the boundary communities.

Map 15: School Districts

The ECASD is comprised of 13 elementary schools, 3 middle schools, and 2 high schools. No schools in the ECASD are located within the incorporation territory.

A description of school district enrollment statistics is provided below in Section D.

Private Schools

UW Eau Claire Children's Nature Academy

The Children's Nature Academy is a five-star NECPA accredited program serving the students, faculty and staff at the University of Wisconsin- Eau Claire and the Chippewa Valley community. The center has been in the Town of Washington at 1190 Priory Road since 2012.

The Academy enrolls children of university students, faculty, and staff, as well as from the community. University of Wisconsin-Eau Claire students receive priority enrollment. They register children wanting 4K with extended care while the public school district registers children wanting only 4K. The Academy serves also as a childcare facility for children 6 weeks old – 12 years old.

Due to the many environmental settings in the Town, the connections between indoors and out flows naturally at the UW-Eau Claire Children's Nature Academy. Children are immersed in a learning experience where nature meets development to support each child.

Volunteer Fire Department

Fire protection services would be provided by Township Fire Department, Inc. a Wisconsin non-stock, not for profit Corporation under Chapter 181 of the Wisconsin Statutes.

Prior to 1955, fire protection of rural areas around the City of Eau Claire was provided by the Eau Claire City Fire Department. A fee of \$150 an hour was charged to the surrounding towns by the City. When a fire developed, one truck with 150 gallons of water and three firefighters would respond.

On January 14, 1955, a meeting was held to establish Township Fire Department, Inc., and to authorize the purchase of trucks and equipment. The towns in the organization were Seymour, Washington, Union and Brunswick. The officers for the newly formed Township Fire Department, Inc. were elected: Henry Graff, President; Charles Milward, Secretary; Arthur Donaldson, Treasurer and board members Robert Rossman and Herman Dahl. Dave Olson was named the first Chief of the department.

On February 4, 1956, the department opened a Central Fire Station, Station #2, in the Town of Washington on London Rd. In 1986, the Town of Washington built a new fire station on Horlacher Lane. In 2003, a new Washington municipal complex was built to house all municipal operations under one roof including Washington Fire Station #2.

Like the other towns of Township Fire Department, Inc., the Washington Fire Station became the cornerstone of community service and community social activities. Residents came together to serve their neighbor in times of need and host many community events.

Figure 26: Washington Firefighters Chicken Feed

For many years the Town hosted an annual Charcoal Chicken Feed to display equipment and provide community camaraderie. Residents looked forward to this event every year as it was always very well attended.

Washington continues to pull the community together with an Annual Open House. This year the Town Road Department partnered as hosts, and both look forward to next year. It was a day of equipment displays, toy firefighter helmets and badges, and storm water Plinko. Fun was had by all.

The Washington Fire Station also hosts a Pancake Breakfast at the annual Eau Claire County Fair. This event is a celebration of youth, families and community. The Eau Claire County Expo Center is located along STH 93 and is central to Washington.

List of Businesses

There are approximately 165 businesses located within the incorporation territory covering a wide range of industries, further establishing strong shopping and social customs in the incorporation area. The only known seasonal businesses are 2 of the three orchards within the territory. The third orchard operates a glass studio which makes it a year-round operation.

Ordinances

The Town of Washinton's Municipal Code, adopted under the authority of towns with village powers addresses the governance including planning, land use, and subdivision regulations. The complete municipal code may be found at <https://townofwashington.wi.gov/government/ordinances/>. This code is expected to serve as the foundation for the new Village of Washington municipal code until such time as it can be modified to serve the new Village's purposes, if necessary. Below is a table of contents for the Town's code.

- TITLE 1 – POLICY AND ADMINISTRATION
 - CHAPTER 1 – GENERAL PROVISIONS

 - ARTICLE 1 - SUBDIVISION CODE

Town of Washington Subdivision Code

The Town of Washington has a Subdivision Code to regulate land subdivisions and plats within the Town. This code complements the Eau Claire County Code, promotes the public health, safety and general welfare, furthers the orderly layout and use of land, facilitates adequate provision for transportation, recreation, sewerage, and other requirements, provides for proper ingress and egress, insures proper legal description and proper monumenting of subdivided land, and facilitates the subdivision of larger tracts into smaller parcels of land.

The proposed incorporation territory is the fastest growing area of the Town. The subdivision code promotes continuity, compactness, and connectivity. It serves as an important land use regulation by ensuring the orderly development of unplatted and/or undeveloped land. These regulations set forth reasonable standards to ensure that new development will be an asset.

Zoning and Land Use

The Town of Washington is under Eau Claire County zoning. The Town and Eau Claire County Planning and Development Department have worked in tandem relative to planning zoning and land use over the years. The Town Plan Commission consulted with county planning staff with the development of the original Town of Washington Comprehensive Plan in 2008 and again during the Town's comprehensive plan update 2018. Since the inception, the county's position relative the county's comprehensive plan is to replicate the Town's plan. A more detailed description of the Town Comprehensive Plan is provided in Section H.

Washington's Comprehensive Plan drives zoning and land use. While Washington is under Eau Claire County Zoning, the Town is an active and integral part of the process. The Town Board hears and provides a recommendation on all rezoning and conditional use applications at the local level before the matter is considered by the County. Characteristically, the Town recommendation is followed, however; the county can not approve a rezoning application in which Town recommends denial.

The Eau Claire County Land Use and Development Ordinance include the following:

ZONING DISTRICTS

- 18.12 Zoning Map
- 18.13 Agricultural Preservation (A-P)
- 18.14 Agriculture-Residential (A-1)
- 18.15 Agriculture-Residential (A-2)
- 18.16 Agricultural (A-3)
- 18.17 Floating Agricultural-Residential (A-R)
- 18.18 Agriculture Conservation-Residential (AC-R)
- 18.19 Rural Homes (RH)
- 18.20 Residential Large Lot (R-L)
- 18.21 Residential Single-Family (R-1)
- 18.22 Residential Two-Family (R-2)
- 18.23 Residential Multi-Family (R-3)
- 18.24 Commercial Neighborhood (C-1)
- 18.25 Commercial General (C-2)
- 18.26 Commercial Highway (C-3)
- 18.27 Light Industrial (I-L)
- 18.28 Industrial-Heavy (I-H)
- 18.29 Forestry Exclusive (F-1)
- 18.30 Forestry Limited (F-2)
- 18.31 Planned Unit Development (PUD)
- 18.32 Nonmetallic Mining Overlay
- 18.33 Use Table

USE REGULATIONS

- 18.42 Adult Establishments
- 18.43 Camping Units
- 18.44 Essential Services
- 18.45 Hazardous Waste Handling, Storage, & Disposal Facilities
- 18.46 Home Occupations, Home Businesses, & Cottage Industries
- 18.47 Housing
- 18.48 Manufactured Home Communities
- 18.49 Nonmetallic Mineral Extraction

- 18.50 Non-Commercial Raising of Animals & Birds
- 18.51 Recycling & Municipal Waste Drop-Off Stations, Resource Recovery Facilities, & Resource Recovery Processing Facilities
- 18.52 Short-Term Rentals
- 18.53 Telecommunications Facilities
- 18.54 Temporary Structures and Uses
- 18.55 Wind Energy Systems
- 18.56 Solar Energy Systems
- DEVELOPMENT STANDARDS
- 18.71 Access Management & Driveways
- 18.72 Building Height
- 18.73 Fences & Screening
- 18.74 Landscaping & Tree Preservation
- 18.75 Lot Development
- 18.76 Outdoor Lighting
- 18.77 Parking & Loading
- 18.78 Signs
- 18.79 Sound
- SUBDIVISION REGULATIONS
- 18.87 Design & Construction Standards
- 18.88 Conservation Subdivision
- 18.89 Required Improvements

The proposed incorporation territory is designated as mixed use, rural residential, commercial, or transition in the comprehensive plan which aligns with the following zoning designations:

- 18.20 Residential Large Lot (R-L)
- 18.21 Residential Single-Family (R-1)
- 18.22 Residential Two-Family (R-2)
- 18.23 Residential Multi-Family (R-3)
- 18.24 Commercial Neighborhood (C-1)
- 18.25 Commercial General (C-2)
- 18.26 Commercial Highway (C-3)

The applicable residential zoning districts allow for a minimum lot size of 18,000 sq ft with most suburban subdivisions at 1 acre +/- . The Town subdivision ordinance requires on-site community wastewater treatment systems in most situations and allows for responsible compactness and greater density. Commercial zoning districts encourage business location along transportation collectors or corridors at a minimum lot size of 8,000 sq ft. Many of the zoning districts speak to the compatibility of new development with that of surrounding development in the context of land use, parcel size, set-backs, building size and height, and density.

The application of the comprehensive plan, zoning code, and subdivision ordinances, leads to a compact, cohesive and homogenous proposed incorporation territory outside of the Town's primary agricultural community. After incorporation, the Village would use the County zoning regulations as an interim zoning code while it develops its own zoning ordinance to effectively regulate land use and development.

Extraterritorial Jurisdiction (ETJ)

While land use in the proposed incorporation territory is regulated by Washington and Eau Claire County it is also subject to the City of Eau Claire Extraterritorial Jurisdiction (ETJ) as seen on Map 23. The incorporation territory is outside of the City of Altoona's ETJ, and therefore, not shown on map.

Map 23: Eau Claire Extraterritorial Jurisdiction Impacting the Incorporation Territory

Prior to 2010, Eau Claire imposed a ten-acre minimum lot size requirement on parcels in the Town impacting Town development patterns. Since then, portions of Washington have been regulated by an ETJ Area Land Use Plan. This plan utilizes the Sewer Service Area boundary line as the geographical instrument distinguishing the regulations for land use.

For parcels within the Town of Washington and within the City's sewer service area ("SSA"), the following land division standards apply:

- a. Residential land divisions: one single-family lot per ten acres.
- b. Each lot shall have a legal on-site sewerage treatment system and private water well.
- c. Building sites shall be located to have minimum impact to environmentally sensitive areas and on land less suited for agriculture.
- d. The remaining undeveloped area of the parcel shall require a conservation easement or other form of protection precluding further development until urban services can be provided.

e. The lot layout for the parcel shall provide for efficient subdivision for future higher densities.

f. The following exemptions apply

a. Infill lots that meet certain criteria.

b. *Lots served by a sewer connected to a common wastewater treatment system* approved by the State of Wisconsin. Such lots must meet City of Eau Claire standards and be part of a cooperative boundary agreement requiring current and future owners to annex to the City of Eau Claire at the time that any adjoining contiguous parcel is annexed.

c. *Lots are in an area subject to a Cooperative Boundary Agreement* between the Town of Washington and the City of Eau Claire that expressly permits land divisions at densities greater than one single-family lot per 10 acres.

Outside the SSA, but within the extra-territorial jurisdiction the following policies apply:

a. Residential land division density

i. Rural Residential (RR) and Rural Transition (RT) areas: 1 dwelling unit/2 acres.

ii. Rural Preservation (RP) and Rural Transition (RT) areas: 1 dwelling unit/5 acres.

b. Exceptions:

i. Infill lots previously subdivided.

ii. Conservation subdivisions in RP and RT areas may have up to 1 single-family lot/5 acres of potentially developable land and minimum lot size of 1 acre.

iii. Conservation subdivisions in RR and RRC (Cluster) shall have a minimum lot size of 1 acre and at least 40% of the potentially developable land within the parent parcel shall be placed under a conservation easement or comparable protection.

iv. Lots in areas subject to an intergovernmental agreement or cooperative boundary agreement.

The exercise of ETJ by the City of Eau Claire usurps Town land use, zoning and planned development and the cohesiveness and compactness desired by local elected officials and the community. The incorporation into the Village of Washington will protect the unique character, quality, and identity experienced by residents and the community and recognized and desired by prospective landowners and businesses throughout the region.

Official Map

In 2016, the Board adopted an Official Map. Recognizing the significance of the STH 93 corridor in the shaping of Washington, the Board acted to ensure a planned road system and park to complement the area and serve future subdivision creation. After its inception, the map guided the development of the Trillium Estates, Trilogy, and Willow Creek Estates with remaining capacity on a seventy-six-acre tract of land on STH 93 and Walnut Rd. The STH-93 corridor is at the core of the proposed incorporation territory.

Land Use Trends

The Town has experienced steady growth in recent years, which is expected to accelerate. The Town of Washington has been averaging 27 building permits per year for the past six years. This represents 10% of all the building permits issued in the County, but excluding Eau Claire and Altoona, this represents 25% of all new construction in the County.

The Town of Washington has the third highest number of building permits per year of all the municipalities in Eau Claire County, surpassed only by the cities of Eau Claire and Altoona and significantly exceeding the City of Augusta and the Villages of Fairchild and Fall Creek.

In 2024, a 260-acre residential subdivision was approved by the Town and County, Firenze Estates. In 2025, the road system was installed, and residential home construction has begun.

In 2025, the Town and County approved a 74-acre residential subdivision. It is anticipated that construction of Cliff Properties East will begin in the spring of 2026. Additionally, there is another 85-acre residential subdivision in process.

A commercial planned unit development was approved by the Town and County in the Trilogy Business Park in 2025. Two commercial structures will be built with up to 16 businesses.

The map below shows Firenze Estates, Cliff Properties East, and Trilogy Business Park – Legacy in Motion Mall in the incorporation territory.

Land Supply/Developable Acres

The incorporation territory contains approximately 12,448 acres (19.45 square miles). Approximately 2,863 acres of land (27%) within the incorporation territory is unbuildable due to public lands, wetlands, shoreland zoning, steep slopes, environmental corridors, and managed forest lands. There are approximately 6,146 acres of vacant parcels within the incorporation territory. After accounting for already developed land and undevelopable land, approximately 4,487 acres of vacant and potentially developable land remain. The average of 27 homes per year consumes close to 40 acres after taking into account roads, stormwater management and open space. The large subdivisions recently approved and those in process suggest the

average pace of building could increase significantly over the next three years, especially if ETJ land use restrictions are no longer in place.

The Chippewa – Eau Claire Metropolitan Planning Organization (MPO) is responsible for transportation planning for the metropolitan community, and this requires them to project household growth in order to predict growth in traffic and need for improved transportation facilities. The map below shows the projected household growth from the 2020 Long Range Transportation Plan. The incorporation territory is projected to be one of the fastest growing parts of the metropolitan community.

Map 25: Regional Projection of Household Growth for the Chippewa – Eau Claire Metropolitan Planning Area

Source: Chippewa - Eau Claire MPO; 2020 Long Range Transportation Plan

Similarly, the MPO projects employment growth, and again, the core of the incorporation territory is shown as among the few traffic analysis zones in the region to project growth of more than 500 employees. See Section 1(b). Territory Beyond the Core.

Transportation System Facilities

The transportation system of the Town of Washington consists of a network of state, county, and Town roads connected to the adjacent interstate highway system. Thanks to its strategic location at the intersection of I-94 and STH 53, Washington experiences a significant daily influx of vehicle traffic. This high volume has attracted numerous businesses to the corridor, providing shopping opportunities for both travelers and residents of the Eau Claire metropolitan area – the largest shopping mall in the metro area is here, Oakwood Mall.

Map 26 shows the major transportation facilities in the Town. Specifically, these are:

- Interstate Highway (I) 94
- United States Highway (USH) 12
- State Highway (STH) 93
- State Highway (STH) 53
- County Highways – CTH S, CTH F, CTH II, CTH I
- Town Roads

Usage of the road network is measured with traffic counts. Traffic counts are reported as the number of vehicles expected to pass a given location on an average day of the year, a value known as the "annual average daily traffic" (AADT). The AADT is calculated based on a short-duration traffic count, usually conducted over 48 hours at the location. In the Town of Washington, the AADT provides crucial insights into traffic patterns, which in turn affect road budgets, travel time and local economic development. High AADT values can indicate robust economic activity and accessibility, attract businesses and enhance commercial prospects. I-94 is a physical boundary to the proposed Village on the east and has an estimated 22,700 average daily car trips.

Washington has 132.89 miles of county and Town roads; 34.18 miles of county roads and 98.71 miles of Town-maintained roads. The Town road network accounts for 1,350 traffic signs, 1 bridge, and 335 culverts. Town roads within the incorporation territory will be transferred to the new Village and will continue to function as they currently do, ensuring accessibility within the proposed boundaries remains unchanged. The connections between local, county, and federal roads create robust regional connectivity, facilitating daily commutes and efficient travel for residents and visitors alike. The road network within the incorporation territory performs in the top ABC level of service as shown on Map 29.

The drive-time rings map, Map 32, indicates that most residents of the incorporation territory can access the rapidly developing Town core within 5 minutes, and any resident of the territory can do so in under 10 minutes. Internal circulation and connection to the core are important factors for homogeneity and compactness, however access to the world external to the incorporation territory is also important to residents. The interstate highway system is accessible within 5 minutes for nearly all residents and most of the cities of Eau Claire and Altoona are within a 10-minute drive of territory residents and the entire metro area including downtown Chippewa Falls within a 20-minute drive.

Transportation facilities do not fragment the incorporation territory, or present psychological or social barriers for residents because enough streets cross these major facilities to allow residents to move throughout the Town. On the contrary, the road network within the

incorporation territory serves to efficiently connect residents to one another, the Town core, and the greater metropolitan region and beyond.

The Town is also encouraging bicycle and pedestrian path connections from subdivisions to the regional trail network, including the regional trail that parallels STH 93.

Trillium Estate 93 Bike Trail Connectors

Map 31: Traffic Volume

Source: Chippewa - Eau Claire MPO; 2020 Long Range Transportation Plan.

Map 32: Drive-time Rings from Core of Incorporation Territory

Note that the Town core (STH 93 and CTH 11) is just a 5-minute drive for most of the population of the incorporation territory and a 10-minute drive provides access to nearly all of Eau Claire and it only takes 20 minutes to get to downtown Chippewa Falls.

Pedestrian and Bicycle

Walkers and bikers currently utilize the Town's existing roadways and 3 off-road trails. The off-road trails run along STH 93 from the City of Eau Claire to Walnut Rd with connections to trails in the Trillium Estates Subdivision and the Trilogy Subdivision. On quiet country roads, including Town roads and many county trunk highways, minimal improvements are needed to create excellent bicycling routes. Very low-volume rural roads (those with ADTs below 700) rarely require special provisions like paved shoulders for bicyclists. State trunk highways and some county trunk highways, which tend to have more traffic and a higher percentage of trucks, may benefit from the addition of paved shoulders. Paved shoulders should also be seriously considered in areas where low-volume Town roads are experiencing new suburban development. All new subdivisions within the proposed Village are required to have connections to nearby bike paths. This is an example of Washington staying connected to the metropolitan area in proximity to trails regionally. The incorporation territory is also mapped to be part of the regional bike network that is to be developed over the next few decades.

Washington is also a part of the Chippewa Valley Bike Routes. The regional 20-route system totals 211 miles and uses color-coded and numbered signage to help bicyclists navigate the designated routes throughout the Chippewa Valley. Users may select any line within the map to identify the route number and there are also numbered end points to highlight the extent of

each route. Users also have the ability to click the My Location widget to see their location within the map while using a mobile device as you travel and utilize the system of routes.

Map 33: Chippewa Valley Bike Routes

Transportation System Supports Homogeneity and Compactness

While the incorporation territory has topographical challenges for connectedness, the local, county and state road network of the incorporation territory serves to collect traffic from the various residential neighborhoods and bring it to the commercial core quite effectively – a demonstration of the compact and homogenous nature of the territory. 80% of the population of the incorporation territory lives within 5 minutes' drive time of the Village core – the intersection of STH 93 and CTH II. Many of the businesses that are in the incorporation territory are located along the STH 93 corridor forming the Village core. Despite the incorporation territory being nearly 20 square miles, every resident is able to drive to the Village core in less than 10 minutes.

The budding regional bike trail network is being built locally connecting the various neighborhoods within the Village core, facilitating resident interaction between neighborhoods and fostering a sense of a Washington community. Additionally, the topographical challenges of the incorporation territory make it a biking destination for the entire metropolitan community, which adds to the pride residents have of where they live.

Town of Washington Comprehensive Plan

The Comprehensive Plan is the locally produced policy document that describes a municipality's goals and objectives as they relate to development policies. All other local policy documents and decisions having land use impacts are required to be consistent with the comprehensive plan. Comprehensive plans must be updated every ten years. Below is a summary of relevant goals and objectives from the Town's Comprehensive Plan, last updated in 2018.

The comprehensive plan was prepared before there was consideration of incorporating a portion of the Town and the plan focused on preserving the rural character of the majority of the Town without specific consideration for the rapidly developing Town core and future incorporation territory, which can be more generally characterized as a suburban village in nature rather than rural in character.

The new Village will use the current Town comprehensive plan as its guide until it is able to prepare a comprehensive plan of its own reflecting the unique character of the incorporation territory.

1. Vision Statement:

The Town of Washington is a safe, active, and diverse community with farming roots and a strong commitment to high quality of life for all residents. The Town includes a mix of urban, rural, and recreational areas in a setting of great natural beauty. The desire for quality development is carefully balanced with the need to protect and conserve natural features, including watersheds.

2. General Goals:

- *Protect and improve the health, safety, and welfare of residents in the Town of Washington.*
- *Preserve and enhance the quality of life for the residents of the Town of Washington.*
- *Protect and reinforce the community character of the Town of Washington*

3. Transportation Goals:

- *Provide a safe, efficient, multi-modal, and well-maintained transportation network for all residents, farmers, area businesses, and emergency vehicles.*
- *Be prepared to address other transportation modes required by Wisconsin's Comprehensive Planning law.*

4. Housing Goals:

- *Plan for safe, affordable housing to meet existing and forecasted housing demands.*
- *Plan for a range of housing that meets the needs of residents of various income, age, and health status.*
- *The Town encourages the development of affordable single-family housing, which may be accomplished by promoting and encouraging smaller lot sizes and conservation /cluster subdivisions, where appropriate.*
- *The Town encourages development of multi-family apartment buildings, senior housing, and special needs facilities within the Town in appropriate locations in proximity to the*

City of Eau Claire and Altoona. These types of housing development should be located where residents can safely walk or bike to community services and neighborhood retail and service establishments.

5. Energy, Utilities & Community Facilities Goals:

- *Maintain high quality services, utilities, and facilities*
- *Phase new development in a manner consistent with future land use plans, public facility and service capacities, and community expectations.*

6. Agricultural, Natural and Cultural Resources

- *Reinforce the Town's rural character by preserving agricultural land, farm operations, sensitive environmental areas, wildlife habitat, rural vistas, and local cultural resources.*
- *Minimize land use conflicts between farm and non-farm uses, as well as between farms.*

7. Economic Development

- *Maintain a predominantly agricultural-based economy within the Town.*
- *Other commercial and industrial businesses not compatible with the rural character of the Town will be encouraged to locate near urban locations, or rural hamlets, where adequate transportation facilities exist to serve more intensive business developments.*

8. Land Use

- *Ensure a desirable balance and distribution of land uses is achieved which reinforces the Town's character and sense of place.*
- *Balance land use regulations and individual property rights with community interests.*

9. Community Design Principles

- *Ensure high quality site and building designs within the community to uphold property values and reinforce the character of the Town.*
- *Enhance the community's character, minimize impacts to adjacent uses, and reflect sound site design, aesthetic, and engineering principles.*

As a Village, Washington would gain autonomy over its zoning and land use regulations, removing it from County control. This became particularly contentious in 2022, when the Town Board approved the rezoning of land within the Town for a proposed rural subdivision. This decision was aligned with the recently updated Town and County Comprehensive Plans, the County Zoning Ordinance, the County Farmland Preservation Plans, and an Extraterritorial Jurisdiction (ETJ) Intergovernmental Agreement with the City of Eau Claire. Despite this, the County Planning and Development Committee and County Board disregarded their own staff's recommendations and the Comprehensive Plan, ultimately denying the rezoning request.

For most of Washington's history, it has existed as a primarily rural community with suburban districts. However, as the City of Eau Claire has grown, and as adjacent communities such as Altoona also became urbanized and grew, the Eau Claire metropolitan area came to include Washington. As a result, market pressure is dictating that lands in Washington transition to higher density of use – for example, from agriculture to residential, business, industrial, commercial and park uses. Development is occurring simultaneously throughout the Town; not just in one or two places. Current construction projects include the Trilogy Subdivision, Cliff properties, West - Aries Ct, and Talmadge Rd. These active construction projects will provide subdivisions and homes for the growing population.

Incorporation would eliminate the added costs and delays associated with the multi-jurisdictional review process involving the Town, County, and City of Eau Claire for land use decisions.

Additionally, incorporation would establish permanent boundaries, which is crucial for efficient planning of future infrastructure and development. This would mitigate the inefficiencies in service provision caused by annexations by neighboring cities, thereby preserving and enhancing the Village's taxbase. Currently, Town landowners within 3 miles of the City of Eau Claire and 1.5 miles of the City of Altoona are subject to regulation by the respective city, Eau Claire County, and the Town of Washington. As a Village, landowners would be governed solely by Village regulations, reducing regulatory burdens and ensuring representation in the governance of their land. The following maps depict existing zoning, shoreland zoning, land use as well as future land use.

Map 34: Incorporation Territory Zoning Map

Map 35: Shoreland Zoning Map

Map 36: Future Use Land Map

Public Facilities – Sewer and Water

The Town has shown that well and septic development, even at relatively higher densities, are effective water treatment and water source options. Both the Town and Village plan to allow on-site community wastewater treatment systems, which effectively treat wastewater where it is generated and recharge the groundwater for subdivisions greater than 20 units.

The Town has successfully operated such a pilot system in the Trilogy subdivision for about four years, while Lake Hallie has used similar systems for much longer with positive results (see Appendix A for system performance reports). The Trilogy subdivision has since added a second system to support the Trilogy Business Park. By utilizing these systems instead of piping waste to a regional treatment plant that discharges into the Chippewa River, ending up in the Gulf of Mexico, this water treatment option recharges to the aquifer from which the water came, and appropriately addresses the transitional nature of the incorporation territory without the need for urban densities to make extensive public infrastructure feasible.

Currently, 3 new community septic systems are being installed in Firenze Estates for a 260-acre residential subdivision.

Eau Claire Urban Sewer Service Area

The northern portion of the proposed incorporation territory lies within the Eau Claire Sewer Service Area (SSA). In 2011 the Town of Washington and the City entered into an Intergovernmental Agreement regarding lands within the Urban Sewer Service Area. This agreement was negotiated with a municipal partner who already had land use control over the entire area through its extraterritorial jurisdiction, which extends for 3 miles beyond Eau Claire's municipal boundary, encompassing nearly the entire incorporation territory. The agreement provided a means for largely Town regulated development outside of the SSA and bought time to protect the rest of the Town.

Since that agreement was made a little over ten years ago, 844 acres of land have been annexed by the City. These actions negatively affect the social cohesiveness and community identity of residents who have built their lives around the idea of living in an area where they can have larger lots, less density, and access to nature while still being part of a community with an identity separate from the City of Eau Claire and the development patterns necessitated by the cost of connecting to a centralized wastewater treatment system.

A total of 34% of the area (6.67 square miles out of 19.45 square miles) within the incorporation territory lies within the area allowed to be served by the Eau Claire sanitary sewer system. This equates to 1,524 out of 2,433 parcels in the proposed incorporation territory. This is land that, if connected to Eau Claire urban services would require such development densities as to significantly change the character of the community that has already developed there.

Map 37: Incorporation Territory Parcels Within the Eau Claire Sewer Service Area

The Town of Washington is committed to providing a range of density options to serve the lifestyle choices desired by residents within the metropolitan community while generally protecting the unique character of the community even as population grows. The Town has demonstrated that well and septic development – even at relatively higher densities can be accomplished safely without contaminating water supplies. Inspection of septic systems is required every 3 years.

For subdivisions greater than 20 housing units, the Town requires community wastewater treatment systems that provide effective treatment of wastewater and the recharging of the aquifer. These systems are being considered for incentives to support a variety of densities throughout the new Village.

New subdivisions are also required to dedicate a 10' utility easement on each side of each street. The map below shows the areas that have already made this dedication.

Community wastewater treatment systems are a proven safe and effective method to treat wastewater on-site and replenish area resources.

Figure 36: Conventional Septic

Figure 37: Septic Tank

Figure 6: A conventional septic system relies on a septic tank to settle and filter solids before releasing still-contaminated effluent to the soil for microbial treatment.

expense, there are also monthly costs to maintain the system properly and to provide for future component replacements. These costs are estimated at about \$80/month per household.

One type of community system that is being used in both the Town of Washington and the Village of Lake Hallie is a Fixed Activated Sludge Treatment (FAST) system that fully treats the effluent within the septic tank and discharges clean water to the environment.

Conventional septic systems have traditionally cost between \$2,000 - \$5,000 per single-family home to install in the Mid-West. However, with higher material and labor costs recently, system costs in the \$4,000 - \$12,000 range are not uncommon.

FAST systems can cost between \$15,000 and \$20,000 to install. In addition to the initial expense, there are also monthly costs to maintain the system properly and to provide for future component replacements. These costs are estimated at about \$80/month per household.

Figure 38: FAST Wastewater Treatment System Installation

Figure 4: A FAST wastewater treatment system processes and treats the wastewater to clean it before the effluent is released to the ground.

Figure 39: FAST Wastewater Treatment System

A fixed activated sludge treatment - FAST system treats water with microbes contained in activated sludge and energized by a continuous flow of air.

The Town worked with the developer of the Trilogy subdivision to allow a community wastewater treatment system to be installed in 2022. The performance of the system is being monitored by the Town. The system is performing well as evidenced by the system inspection reports included in Appendix A

Public Facilities - Storm Water Management, MS4 Permit

A portion of the Town of Washington is a permitted Municipal Separate Storm Sewer System (MS4) Municipal community. The permit covers the portion of the Town that is in the federally-designated Urbanized Area. The incorporation territory contains a portion of this urbanized area and therefore, would be an MS4 community.

Washington is part of a consortia of municipalities in west central Wisconsin called Rain to Rivers. It is a partnership between several local and county governments who are all required to have MS4 permits to regulate storm water. Rain to Rivers also receives support and assistance from UW-Extension, and the Wisconsin Department of Natural Resources. Rain to Rivers facilitates the coordination of permit requirements for information and education programs. A cooperative agreement is in place between members that identifies the scope of the group's tasks and responsibilities. The Rain to Rivers of Western Wisconsin 2025 Work Plan and Budget was adopted on December 12, 2024, and contributing members track all annual education and outreach activities and events in their jurisdiction using a live matrix.

Maps 38: Rain to River Members

Figure 3: Local governments belonging to the Rain to Rivers regional partnership.

Stormwater management facilities are required for any land development proposal. For all residential developments in the Town, the developer is responsible for the routine and extraordinary inspection, maintenance, and repair of the storm water management practice(s) and drainage easements for 5 years after the Storm Water Permit termination from Eau Claire County

After 5 years post-Storm Water Permit termination by Eau Claire County, the Town of Washington is responsible for performing inspection, maintenance, and repair of the storm water management practices and drainage easements. The cost of inspection, maintenance and repair by the Town is the responsibility of the titleholder(s) and is levied against lots as a special charge. Existing stormwater management facilities in the incorporation area is shown on Map 39 and are as follows:

- Trillium Stormwater Facility
- Trilogy Stormwater Facility
- Tamara Dr Stormwater Facility
- Corydon West Stormwater Facility
- Meadowbrook Stormwater Facility
- Trillium Drainage Easement
- Lowes Creek Court Drainage Easement
- Hidden Valley Wetland Area, Hidden Valley Subdivision
- Deerbrook Drainage Easement
- Talmadge Rd Drainage Easement
- Terre Bone Trl Drainage Easement
- Fouser Farm Rd Drainage Easement
- White Owl Ln Drainage Easement
- Brynwood Drainage Easement
- Creekside Court Drainage Easement

Map 39: Stormwater Management Facilities in the Incorporation Territory

The new Village of Washington will continue the Town of Washington's heritage of helping to protect the region's surface water quality. A testament to this heritage can be found on the website Rain to River – Wise Choices for Cleaner Waters - <https://www.raintorivers.org/>, a partnership organization created to help improve the quality of surface water in western Wisconsin. The website features the Town of Washington as a model to others for how it is regulating the quality of surface water from developing land.

Figure 40: Rain to Rivers Dashboard

Public Utilities Transmission, Distribution, Communication

The incorporation territory is well served by other non-municipal public utilities for electric, natural gas, and telecommunications services. Additionally, the Town requires that utility easements be placed in all new subdivisions to accommodate public utilities. Map 40 shows the subdivisions that currently have utility easements.

Map 40: Subdivisions with Utility Easements

Electric Service

The incorporation territory is served by two electric utilities with overlapping service areas – Xcel Energy/Northern States Power serves the northern half of the incorporation territory and the City of Eau Claire and City of Altoona while the Eau Claire Energy Cooperative serves nearly all the incorporation territory north to I-94.

Figure 41: Utility Rates

Current Utility Rates

Cents/kWh	Commercial	Industrial
U.S. Average	12.85	8.06
WI IOU Average	13.25	8.55
Xcel Energy	10.45	9-11
Eau Claire Energy Cooperative	12.90	N/A

Source: U.S. Energy Information Administration, Xcel Energy, Eau Claire Energy Cooperative (2025)

Map 41: Electric Utility Service Areas Incorporation Territory

Source: Public Service Commission of Wisconsin, Becker Professional Services

Several 69 kilovolt (kV) power lines providing electric power to the southern part of the Eau Claire region cross the incorporation territory connecting substations as shown on the map below. There are two electric substations within the incorporation territory.

Map 42: Electric Transmission Lines and Substations within Incorporation Territory

Natural Gas Service

The incorporation territory is served by Xcel Energy/Northern States Power for natural gas service. There are no natural gas transmission lines that cross the incorporation territory. A single natural gas transmission line that terminates at a distribution gate at Tower Dr and US 53 on the north side of Eau Claire serves the entire Eau Claire area.

Map 43: Natural Gas Service Areas

Telecommunications Services

The incorporation territory has a number of utilities providing land line/cable telephone and internet services. Nearly the entire territory is within the Eau Claire exchange (ATT/SBC) while parts of the southern border area are within the Cleghorn Exchange (CenturyTel). A very small portion of the southeast most corner of the territory is within the Fall Creek Exchange - see Map 44.

Spectrum covers nearly all of the territory with fiber optic cable, while 24/7 Telecom Inc also provides fiber optic cable service to the northwest area of the territory, both at speeds of 1,000 Mbps. ATT/SBC provides copper cable with 10 Mbps speed to the northern part of the territory.

Map 44: Telephone Utility Exchanges

Access to high-speed internet is vital for all residents of Washington and the surrounding area. The Town of Washington collaborated with Charter Communications (Spectrum), the Town of Pleasant Valley, and Eau Claire County to apply for the WI Public Service Commission 2022 Broadband Expansion Grant to secure high-speed internet for unserved and underserved areas within the Town of Washington. The Towns and County committed \$392,400, Marshfield Clinic contributed \$10,000; and Charter committed to fund 72% of the project cost. In 2023, Charter began the field work for this project, which is slated to be completed in 2025 and will ensure all households in Washington have access to broadband services. Map 45 below shows the extent of the coverage of this funding.

Map 45: Residential Coverage Provided by PSC Broadband Expansion Grant

Source: Public Service Commission of Wisconsin; Broadband Grant Footprint.

Mobile telecommunications services are provided through a well-distributed set of cell towers within and around the incorporation territory. Three cell towers are located within the incorporation territory. The major service providers – ATT, Verizon, T Mobile and Sprint are all well represented on the towers, See Map 46.

Map 46: Cell Tower Locations Within and Around the Incorporation Territory

Source: CellMapper.net, Becker Professional Services

SECTION 1.(a).J Landfills

This section is for landfills – there are no existing or closed solid waste landfills within the incorporation territory.

Irregular Borders

Most of the incorporation territory will have regular borders, following township lines on the west and south and the interstate highway on the east. The north boundary will have irregular borders due to annexations to Eau Claire that have occurred through the years. Additionally, the acquisition of the Washington Sanitary Heights District by the City of Eau Claire in the 1980s has, in part, led to three “islands”, one of which is long, winding and highly irregular. The acquisition allowed these Town areas served by the district to remain in the Town.

Irregular borders and managing service delivery go part and parcel with being adjacent to a city. The Town is accustomed to coordinating with the City of Eau Claire, Eau Claire County, Township Fire Department, Inc. for the benefit of residents for decades. The arrangements for roads, winter maintenance, law enforcement, EMS and fire would remain the same for the Village.

Map 47: Irregular Border Northwest Parcels with City Sewer or Water

Map 48: Irregular Border Central Parcels with City Sewer or Water

Map 49: Irregular Border Northeast Parcels with City Sewer or Water

Map 50: Irregular Border Islands Parcels with City Sewer or Water

SECTION 1 (b):

TERRITORY BEYOND THE CORE

The territory beyond the most densely populated square mile as specified in [s. 66.0205 \(3\)](#) or [\(4\)](#) shall have the potential for residential or other land use development on a substantial scale within the next three years. The Board may waive these requirements to the extent that water, terrain or geography prevents such development.

Population Estimate of Village

It is anticipated that the Village population will be 5,423. This was estimated using a quarter-section by quarter-section survey of residentially classed structures, identifying whether those structures are single-family or multi-family and if multi-family, the number of units. The number of housing units in each quarter section was multiplied by the average number of people per household in owner-occupied (2.82 persons per household) and renter-occupied housing (1.62 persons per household) sourced from the 2020 U.S. Census. The details of this analysis can be found in Appendix B.

The chart in Figure 42 below shows population trends for each of the political subdivisions within Eau Claire County. The trends include projections of population made by the Department of Administration, Demographic Services Center. It must be noted that the methodology used by DOA to project population at the minor civil division level tends to underestimate growth projections in rapidly growing areas such as the Eau Claire region. For example, in many places, the 2025 population estimates already exceed the 2030 population projection that was prepared in 2024.

Figure 42: Historical and Projected Population Eau Claire County Minor Civil Divisions

DOA Code	Place Name	Split	1970 Census	1980 Census	1990 Census	2000 Census	2020 Census	2025 Estimate	2030 Projection	2040 Projection	2050 Projection

Source: Wisconsin Department of Administration, Demographic Services Center.

The Town of Washington has the third largest population of all the political subdivisions within Eau Claire County, and until 2020, it was second only to the City of Eau Claire in population. The growth of Eau Claire and Altoona has come at the expense of developable land being shifted from Washington to those municipalities. The newly incorporated Village of Washington would become the largest village in Eau Claire County.

Figure 43: Eau Claire County Town Population Growth Trends 1970 - 2050

Figure 44: Town of Washington Growth Trends Relative to Eau Claire County Villages

Figure 45: Town of Washington Growth Trends Relative to Eau Claire County Cities

SECTION 1.(b).B

The section is for isolated village petitions and is not applicable to this submittal.

Developable Territory

Vacant and developable territory beyond the densest square mile has potential for substantial urban development within the next 3 years.

The densest square mile of the incorporation territory in a literal sense is a square mile that is not contiguous to itself.

Map 51: Densest Quarter Sections Comprising One Square Mile in Town of Washington

The densest contiguous square mile is shown below as Map 52. This map also shows an area Petitioners have designated as the Village core for the new Village of Washington. While the area designated as the Village core is not the densest square mile, this is the area considered the core of the incorporation territory given its current population and potential for rapid development upon incorporation.

The incorporation territory contains approximately 12,448 acres (19.45 square miles). Approximately 2,863 acres of land (27%) within the incorporation territory is unbuildable due to public lands, wetlands, shoreland zoning, steep slopes, environmental corridors, and managed forest lands. There is a total of approximately 6,146 acres of vacant parcels within the

Map 52: Densest Contiguous Square Mile and Village Core

incorporation territory. Approximately 27% of this area is undevelopable, leaving approximately 4,487 acres of vacant and potentially developable land. However, when zoning is considered, 2,105 of those acres are in Exclusive Agriculture or Agricultural Preservation zoning leaving approximately 2,382 acres of vacant and developable land with appropriate zoning. This creates significant opportunities for potential residential and other development within the next three years and beyond.

Additionally, the area within the Eau Claire ETJ and SSA is highly desirable and will likely develop quickly as City land division restrictions are eliminated by the incorporation. There are approximately 397 acres of vacant and potentially developable land within the incorporation territory and within the Eau Claire sewer service area. See the Irregular Borders section of the previous chapter for maps showing where Eau Claire services are currently provided. Over the past 5 years, an average of 27 homes per year have been constructed (mostly outside the SSA), consuming almost 40 acres once the larger lots, open space, streets, utilities and stormwater have been accounted for. This is with the current land restrictions in place for parcels within the SSA.

The current supply of vacant potentially developable land within the SSA of the incorporation territory is enough to supply 10 years of residential development at the recent historical pace. Incorporation will remove the development restrictions within the SSA, likely significantly increasing the pace of development.

While there remains a fair amount of land in the territory beyond the core, the proposed incorporation boundary presented in the Petition strikes a reasonable balance between a reduced territory beyond the core and a fragmented remnant Town. This approach creates the most rational boundary while minimizing the amount of land in the territory beyond the core.

Vacant and developable territory beyond the Town Core has potential for substantial urban development within the next 3 years. See Maps 53-55.

The incorporation territory contains approximately 12,448 acres (19.45 square miles). Approximately 2,863 acres of land (27%) within the incorporation territory is unbuildable due to public lands, wetlands, shoreland zoning, steep slopes, environmental corridors, and managed forest lands. There is a total of approximately 6,146 acres of vacant parcels within the incorporation territory. Approximately 27% of this area is undevelopable, leaving approximately 4,487 acres of vacant and potentially developable land. However, when zoning is considered, 2,105 of those acres are in Exclusive Agriculture or Agricultural Preservation zoning leaving approximately 2,382 acres of vacant and developable land with appropriate zoning. This creates significant opportunities for potential residential and other development within the next three years and beyond.

Additionally, the area within the Eau Claire ETJ and SSA is highly desirable and will likely develop quickly as land division restrictions are eliminated by the incorporation. There are approximately 397 acres of vacant and potentially developable land within the incorporation territory and within the Eau Claire sewer service area. See the Irregular Borders section of the previous chapter for maps showing where Eau Claire services are currently provided. Over the past 5 years, an average of 27 homes per year have been constructed (mostly outside the SSA), consuming almost 40 acres once the larger lots, open space, streets, utilities and stormwater have been accounted for. This is with the current land restrictions in place for parcels within the SSA.

The current supply of vacant potentially developable land within the SSA of the incorporation territory is enough to supply 10 years of residential development at the recent historical pace. Incorporation will remove the development restrictions within the SSA, likely significantly increasing the pace of development.

While there remains a fair amount of land in the territory beyond the core, the petitioners believe that the proposed incorporation boundary presented in the petition strikes a reasonable balance between a reduced territory beyond the core and a fragmented remnant town. We believe this approach creates the most rational boundary while minimizing the amount of land in the territory beyond the core.

Map 53: Vacant and Potentially Developable Parcels within the Incorporation Territory.

Map 54: Non-Developable Land

The map above shows the extent of non-developable land. Lands identified as non-developable include currently developed parcels, public lands, wetlands, shoreland zoning, steep slopes, environmental corridors, and managed forest lands.

Map: 55 Future Land Use

Note: Much of the vacant developable land is zoned rural transition.

Availability of Sewer and Water

The Town of Washington has developed a policy of allowing community waste-water treatment facilities as described in Section I Public Utilities Sewer & Water of the Homogeneity and Compactness chapter. Developers within the SSA, wishing to develop vacant parcels will be able to evaluate two options for providing wastewater treatment services and choose the most suitable option. Given the expected cost of extending Eau Claire sewer, it is likely that most development opportunities within the SSA will opt for the community wastewater and well option.

SECTION 2 (a):

TAX REVENUE

The present and potential sources of tax revenue appear sufficient to defray the anticipated cost of governmental services at a local tax rate, which compares favorably with the tax rate in a similar area for the same level of services.

TAX REVENUE

The current and potential sources of tax revenue are sufficient to defray the anticipated cost of governmental services. The local tax rate compares favorably with the tax rate in a similar area for the same level of services. The tax rate for the proposed Village is estimated to be \$2.00 per \$1,000 of valuation. See the following charts for 2026 proposed budget for the Village and Town of Washington.

The proposed Village budget assumes all current employees will work for the newly incorporated Village. The Town will reimburse the Village for thirty percent (30%) of wage rates, by agreement, except for the clerk/treasurer and building & grounds employee. The Town will have its own part-time clerk/treasurer. The Town clerk/treasurer will have office space at the Village's municipal complex.

The proposed Village budget includes police, fire, ambulance, building inspector, and community planning services and a community wastewater system and economic development funds.

All buildings, associated buildings and office equipment, and Rest Haven Gardens Cemetery will be under ownership of the Village. See Figure 55 for a breakdown of public works and election equipment will be owned. There are no special taxing districts within the incorporation territory.

Village of Washington 2026 Proposed Budget

Figure 46: Proposed Village Budget

Source: Town of Washington

The proposed budget for the new Village in 2026 has been carefully crafted based on the best available data and projections. While the figures should closely resemble the final budget for 2026, adjustments for inflation will be necessary, particularly in wage and associated fringe accounts. Notably, the budget for law enforcement, allocated for a full-time officer, will need to increase from \$140,000 to \$220,000 to ensure adequate coverage. Provisions have also been made for legal and planning expenses to facilitate the organizational process. However, there is other uncertainty as well, as it hinges on the yet-to-be-determined levy limit for the Town in 2026.

FUND BALANCE

The Town of Washington has a general fund balance policy establishing a minimum balance; \$500,000 unassigned working capital reserve and \$250,000 assigned to streets. The Town Board, by resolution, adopted a financial policy authorizing the Board to assign amounts for a specific purpose. Washington's current fund balance is projected to be \$2,150,000; The assigned and unassigned fund balance is 75% of total expenditure. It is anticipated that the Washington fund balance will not be impacted by the incorporation.

DEBT SERVICE

The Town of Washington total debt is \$0. Under Wisconsin law, general obligation debt is limited to 5% of the total equalized valuation of the municipality. Washington's statutory limit is currently \$60,589,615. Therefore, there is considerable debt capacity. The proposed Village compares very favorably regarding equalized assessed value to current cities and villages throughout the State of Wisconsin. This shows that the proposed Village would have more than enough tax base to continue to support the Village service levels that the Town of Washington currently provides.

MUNICIPAL TAX RATE

The Town of Washington currently has the lowest tax rate in Eau Claire County at \$1.10/\$1,000 assessed value. The following table is a 5-year history of Washington's and other municipal neighbor's tax rate, which does not include other taxing districts including the school district, technical college, Eau Claire County, and the State of Wisconsin.

Figure 47: Comparable Tax Rates / \$1,000 Assessed Value

Municipality	2025	2024	2023	2022	2021
C. of Altoona	\$5.47	\$6.21	\$5.96	\$7.01	\$6.56
T. of Brunswick	\$1.45	\$1.45	\$1.44	\$1.43	\$1.95
C. of Eau Claire	\$8.22	\$7.85	\$7.66	\$7.28	\$8.24
T. of Pleasant Valley	\$1.92	\$1.94	\$1.96	\$1.73	\$2.18
T. of Washington	\$1.10	\$1.09	\$1.62	\$1.61	\$1.61

Source: Eau Claire County Beacon Municipal Tax Statements

Figure 48: Estimated Tax Rate for the Village and Town, Based on Proposed Budgets

	Village 2025	Town 2025
Assessed Value*	\$850,088,706	\$399,900,272
Property Tax Levy	\$1,700,000	\$500,000
Tax Rate per \$1000 Assessed Value	\$2.00	\$1.25

* Note: Based on 2025 Assessed Value Source: Town of Washington

The calculations on the following charts and tables utilize the 2024 tax figures for taxes collected in 2025. The new Village and Town tax rates are based on budget estimates for 2026. The new Village's tax rate would be \$2.00, and the new Town's tax rate would be \$1.25.

2024 Town Home Assessment	2025 Town of Washington Total Tax Bill	2025 Total Tax Bill Eau Claire	Total Difference		2025 Town of Washington Tax Portion (9%)	2024 City of Eau Claire Portion (41%)
	<i>Total Net Tax Rate \$11.41 per \$1,000</i>	<i>Total Net Tax Rate \$18.53 per \$1,000</i>	Difference		<i>\$1.10 per \$1,000 assessed value</i>	<i>\$8.22 per \$1,000 assessed value</i>
\$170,000	\$1,940	\$3,150	+\$1,210		\$187	\$1,398
\$350,000	\$3,994	\$6,486	+\$2,492		\$385	\$2,877
\$500,000	\$5,705	\$9,265	+\$3,560		\$550	\$4,110
\$750,000	\$8,558	\$13,898	+\$5,340		\$825	\$6,165
\$900,000	\$10,269	\$16,677	+\$6,408		\$990	\$7,398

Figure 51: Tax Example with Incorporation

2024 Town Home Assessment	2025 Town of Washington	2025 New Village of Washington	2025 New Town of Washington		2024 Total Tax Bill EC
	<i>\$1.10 per \$1,000 assessed value</i>	<i>\$2.00 per \$1,000 assessed value</i>	<i>\$1.25 per \$1,000 assessed value</i>		<i>\$8.22 per \$1,000 assessed value</i>
\$170,000	\$1,940	\$2,093	\$1,965		\$3,150
\$350,000	\$3,994	\$4,309	\$4,046		\$6,486
\$500,000	\$5,705	\$6,155	\$5,780		\$9,265
\$750,000	\$8,558	\$9,233	\$8,670		\$13,898
\$900,000	\$10,269	\$11,079	\$10,404		\$16,677

Estimate of Equalized Value

The equalized values of the remnant Town and the incorporated Village would be sufficient for both municipalities to generate tax revenue and maintain existing services. Below shows the estimated equalized values of the Town and Village, and compares them to other Eau Claire County municipalities. As shown in the table, the remnant Town would still have an equalized value greater than the Town of Brunswick.

Figure 52: 2024 Comparison of Equalized Values of Surrounding Municipalities

Municipality	County	2024 Population	Equalized Value
C. of Altoona	Eau Claire	9,627	\$1,316,862,000
T. of Brunswick	Eau Claire	1,991	\$ 308,126,000
C. of Eau Claire	Eau Claire	70,651	\$8,479,857,200
T. of Pleasant Valley	Eau Claire	4,009	\$ 723,709,200
T. of Washington (current)	Eau Claire	7,773	\$1,317,779,000
T. of Washington (proposed)*	Eau Claire	2,533	\$ 434,867,707
V. of Washington (proposed)*	Eau Claire	5,423	\$ 882,911,293

SECTION 2.(a).D Special Purpose Districts

This section is for special purpose districts and is not applicable to this submittal.

SECTION 2.(a).E Service Agreements

All existing agreements for services are expected to be transferred to the new Village of Washington. As mentioned in the discussion of the budget, the scope of law enforcement services is expected to increase, which has a budgetary impact.

Current agreements for intergovernmental or private services include:

- Snow Plowing Agreement with City of Eau Claire, see Appendix D
- Ambulance Service Contract with the City of Eau Claire, see Appendix E
- Animal Control Agreement with the Eau Claire Community Humane Association, see Appendix F
- Property Assessment Services Agreement with Appraisal Services, see Appendix G

See fuller discussion of these services in Level of Services Section D.

5-YEAR CAPITAL IMPROVEMENT PLAN

The Town of Washington currently has a 5-Year Capital Improvement Plan (CIP) that encompasses road projects, park projects, general municipal projects, and equipment replacement. The Capital Improvement Plan identifies not only projects and equipment but also funding sources. Both the new Village and the remnant Town would have a 5-year CIP.

The Village and Town will share the Washington Municipal Complex that houses operations at a single location including administration, public works and fire. In 2022 the community room was enlarged by 40%. It is not anticipated that additional facilities would be within the next 10 years. For the purposes of election administration, the Town would rent a facility for election day voting within the Town limits, negating the need for facility capital improvements.

SECTION 2 (b):

LEVEL OF SERVICES

The level of governmental services desired or needed by the residents of the territory compared to the level of services offered by the proposed village or city and the level available from a contiguous municipality which files a certified copy of a resolution as provided in s. 66.0203(6), Wis. Stats.

Description of Services

The Town of Washington currently provides services to the residents that are less than an urban scope of services but, are village-like according to residents. These services include full-time administrative services, local tax collection, road re-construction and maintenance, storm water facility maintenance, parks and recreation maintenance, cemetery management, enhanced law enforcement and parking enforcement through the Sheriff's Office, fire protection through the Township Fire Department, EMS service through Emergicare and by contract with the City of Eau Claire Fire Department, and animal control by the Eau Claire Community Humane Association. Solid waste collection is provided by contractors under individual contract with property owners. Land use planning, County parks, and courts are provided by Eau Claire County.

Property assessment services are provided under contract with a private firm. Services are provided out of a modern Town administration facility that also serves as the Township Fire Department - Station #2.

Approximately one-third of the incorporation territory is within the City of Eau Claire urban service area and could be connected to water and sewer services upon annexation and utility extension construction. Such connections require higher density development to recover the cost of extension and service. As specified by ordinance, the incorporating territory would continue the Town of Washington policy of installing community wastewater treatment systems. Town parcels connecting to the Eau Claire sewer service and water is prohibited by the City of Eau Claire.

The Town of Washington employs 6 full-time employees, 1 part-time employee and 3 seasonal employees.

Service Departments

Administrator (full-time) – the Town of Washington is managed by a professional Town Administrator who is the chief administrative officer of the Town and is responsible for the coordination, direction, administration and management of the Town affairs, including but not limited to, personnel administration, financial management, property management, employee supervision, direction and evaluation, purchasing, and policy implementation and coordination consistent with Board policy and the Town Municipal Code.

Clerk/Treasurer (full-time) – The Clerk/Treasurer fulfills statutory roles of Town Clerk and Town Treasurer as set forth in Wisconsin State Statutes and is responsible to provide prompt and efficient administrative support for the Town Administrator and Board. Additionally, this position is key in maintaining a positive relationship with the Town of Washington residents and other individuals requesting information from the Town office.

Deputy Clerk/Treasurer (part-time) – The Deputy Clerk/Treasurer is responsible for aiding the Town Clerk/Treasurer in fulfilling the statutory duties of a municipal clerk and treasurer as set forth in Wisconsin Statutes, primarily performing duties relating to accounts payable, payroll and benefits and maintaining accurate Town financial records.

Road Department (full-time) – is directly supervised by the Town Administrator and consists of a foreman and two full-time crew members and 2 seasonal members. The road crew is responsible for maintaining over 200 lane miles of Town roads, the third highest lane mile maintenance of any jurisdiction in Eau Claire County – behind only the county itself and the City of Eau Claire. The road department is responsible for road, roadside, bridge, culvert, storm water facility maintenance and repair, ditch mowing and tree removal, traffic control signs, snow removal, sweeping, storm damage cleanup, and regular and preventative maintenance of all Town vehicles. They also work in conjunction with contractors on all Town road construction projects.

Town Maintenance Employee (full-time) – is responsible for the maintenance of buildings, grounds, cemetery, parks, roads, and equipment and the operation of trucks and equipment for the successful operation of the municipal facilities and infrastructure.

Becoming a Village will require the incorporation territory to provide a few additional services that were previously provided by others such as land use planning – the new Village will be responsible for preparing its own comprehensive plan and administering its own zoning ordinance. The Village can do this by employing staff or contracting for service.

The new Village will employ the entire Town staff and contract with the Town of Washington to provide Town administration services. The same contracts for services the Town currently have will be extended to the new Village.

The new Village will consider adding other positions on a case-by-case, as needed basis with a Planning/ Zoning/Community Development role being critical. The Town of Washington has a long history of productive collaboration with neighbors for services. This collaboration will continue with incorporation as demonstrated by the letters of support from neighboring communities found in Appendix H. The table below provides details about the level of services for the remnant Town and proposed Village.

Figure 54: Summary of Service Changes Resulting from Incorporation

System & Services	Current Status	After Incorporation	
	Town of Washington	Town Remnant	Proposed Village of Washington
Law Enforcement	Provided by Eau Claire County Sheriff	No proposed change	Eau Claire County Sheriff's Office Agreement to discuss future enhanced services for incorporation territory
Fire Protection	Provided by Township Fire Department, Inc	No proposed change	Township Fire Department – new Village will become a member of TFD
EMS Service	Provided by Emergicare and ECFD	No proposed change	Township Fire Department and Eau Claire Fire Department
Schools	Three different School Districts. 1. Eau Claire County 2. Fall Creek 3. Altoona	No proposed change. Portions of the remnant Town will still be in all three school districts	Eau Claire School District
Garbage & Recycling	1. Earthbound Environmental Solutions 2. GFL Solid Waste Midwest 3. Harter's/Trash on Trucks 4. Waste Management	No proposed change. Private contracts for service	Private contracts for service:
Sewer & Water	A portion of the Town is served by City of Eau Claire Wastewater System; remainder on private well and septic or private community wastewater treatment	Remnant Town will not be part of the Eau Claire sewer service area; all wastewater treatment will be by septic or community system. All water will be from private wells	A portion of the new Village will be served by City of Eau Claire sewer service area; remainder on private well and septic or private community wastewater treatment
Building Permits & Inspections	Eau Claire County Planning and Development Department	No proposed change.	Eau Claire County Planning and Development agreement to discuss planning, building permit, and inspection services for the incorporation territory.

Snow Plowing	Town of Washington	The Town will contract the New Village of Washington.	Village of Washington
Storm Water Facility Maintenance	Town of Washington	The Town will contract with the New Village of Washington.	Village of Washington
Road maintenance	Town of Washington	The Town will contract with the New Village of Washington	Village of Washington
Parks and Trails	Town of Washington	The Town will contract with the New Village of Washington	Village of Washington
Cemetery	Town of Washington	Ownership and management will be by the New Village of Washington	Village of Washington
Animal Control	Town of Washington and the Eau Claire Community Humane Association	No proposed change	Village of Washington will contract with the Eau Claire Community Humane Association
Subdivision & Zoning Ordinances	Town of Washington & Eau Claire County	No proposed change	The new Village would initially adopt similar ordinances as the Town of Washington and the Eau Claire County zoning ordinance until they can be amended.
Elections	Town of Washington	New wards would be established, and elections administered by Town Clerk	New wards would be established, and elections administered by Village Clerk
Licensing and Permits	Town of Washington	No proposed change	Village would adopt similar ordinance as the Town of Washington
Leadership & Authority	Town Board	No proposed change: the Town continues to have an independent Town Board with its current full authority.	Village Board - newly elected officials who live in the new Village: A Village president and Village trustees.
Postal Addresses	Addresses listed as Eleva, Eau Claire and Altoona	No proposed change. Town administration will be housed at existing facility which will be the new Village Hall.	New Village will request the US Postal Service to change addresses to Village of Washington, 54701.
Residency	Town of Washington	No Change: residency remains in the Town of Washington.	Residency would be the new Village of Washington.

SECTION 2.(b).B Resident Satisfaction with Current Services

Intervenors Sewer and Water Services

Residents in the incorporated area are satisfied with the current level of services which would be offered by the Village, as evidenced by the strong level of support for incorporation. Residents during public information sessions have made clear they do not desire additional services, such as sewer utility services.

Map 56: Eau Claire Sewer System Map

Map 57: Eau Claire Sewer System Map showing Town of Washington Islands

Buildings and Cemetery

Municipal facilities are located at 5750 Old Town Hall Road; within the incorporation territory. This includes three buildings; a municipal complex, an equipment storage building, and a materials storage building. The municipal complex houses the administrative offices, community room, public works operations, and fire station. Both the Town and Village would utilize these building for Town and Village operations.

Additionally, a municipal cemetery, Rest Haven Gardens, is located adjacent to the Washington Municipal Complex. The cemetery would be managed and operated by the Village.

Village Equipment Assets

Figure 55: Village Equipment

Village	Town
2023 4500 Dodge Dump & Plow	2006 Rosco Sweeper - Kick Broom

Election Badger Book - 4 units	
Election ES&S Tabulator	
Election Booths – 15 units	

Service Agreements

The Town of Washington has secured several Memorandums of Understanding from current service providers agreeing to negotiate terms of service with the new Village in the event of a successful incorporation. The MOUs include:

- Township Fire Department for fire protection services
- Eau Claire County Sheriff's Office for law enforcement services
- Eau Claire County Planning and Development for planning and development services

The MOUs can be found in Appendices I - K.

The City of Eau Claire currently provides EMS to the entire Town. The City has indicated that it does not believe the current EMS agreement would apply to the incorporated Village of Washington, but the Town and Petition representatives vehemently dispute that. The current EMS agreement does not have any provisions prohibiting assignment of benefits. It is well settled law that “a party to a contract may assign his benefits under the contract (assuming no express provisions to the contrary).” *United Contractors, Inc. v. Cantrall*, 42 Wis. 2d 464, 467, 167 N.W.2d 220, 222 (1969). Therefore, the Town could assign a portion of its benefits (receiving EMS in the territory) to the Village. The Village can then reimburse the Town for the costs of receiving those benefits. To be clear, it is not the Town’s intention in this document to state every basis for its contention that the current EMS agreement would apply to the incorporated Village. The Town’s only purpose is to explain that this conclusion is not fairly debatable.

Law Enforcement

The Town of Washington currently contracts with the Eau Claire County Sheriff's Office for basic law enforcement services. The Town is currently negotiating with the County Sheriff for enhanced law enforcement services within the incorporation territory. See Appendix I for a copy of a draft Memorandum of Understanding.

The Eau Claire County Sheriff's Office divides the county into patrol areas. Washington is included in two patrol coverage areas: one west and one east of STH 93. At minimum staffing levels, both areas are staffed 24 hours per day along with a far eastern county area. During ideal staffing levels, Washington is a stand-alone coverage area.

Figure 56: Law Enforcement Service Calls/Incidents

Top Twenty 2019 - 6/30/2024, Town of Washington						
Service Provided by Eau Claire County Sheriff's Office						
						Thru 6/30
Service Call/Incident Type	2019	2020	2021	2022	2023	2024

Warrant Pickup	19	10	14	16	26	9
Traffic - Complaint	42	31	25	15	23	7

Crime does not top the list of law enforcement service calls or incident responses. In the Town of Washington, protecting people and property, assisting with emergency response, providing information and maintaining public safety are the top activities engaged in by law enforcement provided by the Eau Claire County Sheriff's Office. While crime is present to a small degree, it does not affect the sense of personal safety that most Town residents experience.

Fire Protection

The Town of Washington currently contracts with the Township Fire Department, Inc (TFD). The Town has an agreement with TFD to provide fire protection services with the new Village. See Appendix K for a copy of a draft Memorandum of Understanding.

The Township Fire Department is a corporation formed by five towns to provide mutual fire protection services. The members include the towns of Seymour, Washington, Union, Pleasant Valley and Brunswick. There are five stations – one in each town with the following equipment:

Figure 57: Township Fire Departments

<u>Station 1 – Seymour</u> Engine 11 Tender 16 Special Rescue 15 Brush Truck 13 Special Rescue Boat	<u>Station 2 – Washington</u> Engine 21 Engine 22 Tender 26 Tender 226 Special Rescue 25 Brush Truck 23 Special Rescue Boat	<u>Station 3 – Union</u> Engine 31 Engine 32 Tender 36 Special Rescue 35 Brush Truck 33
<u>Station 4 – Pleasant Valley</u> Engine 41 Tender 46 Special Rescue 45 Brush Truck 43 UTV Rescue	<u>Station 5 – Brunswick</u> Engine 51 Tender 56 Special Rescue 55 Brush Truck 53	

The Township Fire Department has an operating budget of approximately \$874,000 dollars. 61.8% of the budget is derived from contributions made by member towns on the basis of their

proportionate share of equalized value within each town. The towns also contribute toward the capital needs of the company based on a proportionate share of the population. Other major sources of revenue include income from leasing tower space (14%), State of Wisconsin 2% insurance refund (13%) and state and federal grants (5.5%). The Town of Washington provides the largest member contribution, representing 22% of the budget.

The 2024 budget resolution, 2023 income statement and balance sheet, amended articles of incorporation and amended bylaws are provided in Appendix L.

Map 56 Township Fire Department Stations

EMS

The below municipalities contracts with Eau Claire for ambulance. Figure 58 provides the number of EMS (ambulance) incidents by year. The response times for Washington incidents was less than 10 minutes for years 2021-2024.

Figure 58: Number of Ambulance Incidents by Year

SECTION 2 (c):

IMPACT ON THE REMAINDER OF THE TOWN

The impact, financial and otherwise, upon the remainder of the Town from which the territory is to be incorporated.

Service Impacts

The Town and Village will maintain existing services to both entities through a “mutual services agreement.” It is anticipated the Town will contract for all municipal services through the Village. Therefore, the fiscal and service impact of incorporation is expected to be minimal. The existing Town provides all the services that are traditional and customary for incorporated communities, so no additional property tax money would need to be raised to pay for increased services.

Political Impacts

It is uncertain if establishing a new Village of Washington will have any noticeable political impact on the surrounding municipalities. It is expected that the surrounding municipalities will experience an adjustment period as the new Village Board is created. Relationships with the surrounding municipalities will be eased by the fact that there will be no changeover in staff as the proposed Village and remnant Town will share administrative staff. The new village will create another municipal entity in Eau Claire County, as well as another contributor to the region.

Environmental and Land Use Impacts

Incorporating a portion of the Town will create a new Village with a greater level of authority than the existing Town. The new Village of Washington will have the ability to control its zoning (without county approval authority) and land division decisions. The new Village could exercise extraterritorial jurisdiction over surrounding unincorporated areas. The new Village will border the towns of Brunswick, Pleasant Valley, as well as the remnant Town of Washington, and cities of Altoona and Eau Claire. Incorporation is not expected to impact any of these local governments as the new Village will likely not be interested in managing itself for aggressive growth and expansion. In fact, it is expected that the new Village of Washington and the remnant Town of Washington will continue to work closely together on land use and environmental issues.

Development pressures in and around the proposed Village and the remnant Town will continue regardless of the governmental status. The proposed Village area has and will continue to experience increased urban development due to it being a part of the Eau Claire region. It is not expected that there will be any adverse environmental impacts by incorporating a portion of the Town.

There are no special purpose districts.

Financial Impacts to Town

The Town of Washington remnant area clearly has sufficient equalized value (\$406 million) and population (2,526) to enable Town government to provide desired services. The remnant Town of Washington's tax rate is expected to be \$1.25 per \$1,000 of valuation.

Map 58: Remnant Town of Washington.

Town of Washington 2026 Proposed Budget

Figure 59: Town Proposed Budget

PROPOSED TOWN 2026 BUDGET SUMMARY

SECTION 2 (d):

IMPACT ON THE

METROPOLITAN COMMUNITY

The effect upon the future rendering of governmental services both inside the territory proposed for incorporation and elsewhere within the metropolitan community. There shall be an express finding that the proposed incorporation will not substantially hinder the solution of governmental problems affecting the metropolitan community.

General

The current Town of Washington has been a cooperative and productive member of the Eau Claire/Altoona metropolitan area as evidenced by the many cooperative agreements for services and environmental protection. The new Village of Washington will continue the Town's tradition of cooperation with its neighbors for the benefit of the metropolitan community. The proposed incorporation will not substantially hinder the solution of governmental problems affecting the metropolitan community.

One of the biggest impacts to the metropolitan community will be the establishment of a municipality along the southern border of the City of Eau Claire – a municipality committed to lower density clustered subdivisions that can be served safely without connection to centralized wastewater treatment. This type of development pattern will make a wider range of housing options possible within the metropolitan community with environmental benefits such as local groundwater recharge.

Additionally, there has not been an incorporation in Eau Claire County for over 100 years, a period that has seen the population grow nearly 4 times over. The presence of a new village in the metropolitan community with a different type of development pattern will likely benefit the long-term stable growth of the overall metropolitan community and increase the range of housing types available to the greater community.

The letters of support received from jurisdictions within the metropolitan community speak to the positive impact the formation of the Village of Washington will have, see Appendix H.

Cooperation with Area Jurisdictions

The proposed Village of Washington will play a more significant role in the metropolitan community, working closely with neighboring municipalities as a partner to address intergovernmental challenges. The Village of Washington is committed to making decisions that not only serve the best interests of its residents but also contribute positively to the broader metropolitan community. Washington has a strong history of collaborating with surrounding communities to deliver efficient services and support regional initiatives such as stormwater management and regional trails and recreation.

The new Village is interested in contributing to a thriving region that benefits everyone, and the success of Washington will contribute to the overall success of the region. The Village would be committed to expanding recreational, cultural, economic, and social infrastructure, recognizing that these enhancements will not only benefit Village residents but also improve the quality of life across the region.

Most of the existing regulations, plans, and ordinances of the Town of Washington are expected to be adopted by the proposed Village. This includes, but is not limited to, the zoning ordinance, land division ordinance, stormwater and erosion control ordinances and plans, comprehensive plan (or applicable portions thereof), building codes, street and roadway ordinances, park ordinances, public safety ordinances, and other miscellaneous regulations. Minimal changes in regulatory concerns are anticipated. The primary regulatory impact will be positive: becoming a Village will streamline the process by eliminating duplicated regulations

from multiple governmental entities that currently review developments due to shoreland zoning, subdivision review, and the designation of officially mapped roads within the area planned for the new Village.

Incorporation will foster greater unity between the proposed Village of Washington and neighboring municipalities on intergovernmental issues. As a partner within the metropolitan community, the proposed Village of Washington is committed to positively influencing the provision of services, protecting environmental resources, expanding economic and social infrastructure, and addressing intergovernmental challenges collaboratively.

Emergency Services

Police protection

The current law enforcement and parking enforcement services for the Town are provided by the Eau Claire County Sheriff's Office. In 2024, an agreement was established to enhance these services, ensuring dedicated patrols and law enforcement activities. A deputy will be specifically assigned to the Village for 4 to 5 hours per shift, totaling a minimum of 20 hours per week. These patrol hours will generally occur between 6:00 a.m. and 6:00 p.m., including weekends, although they may be adjusted to accommodate special events or specific law enforcement needs. Additionally, the assigned deputy will attend regular monthly Village Board meetings to ensure ongoing communication and collaboration.

The Eau Claire County Sheriff's Office will maintain supervisory control over the personnel providing these services, ensuring consistency and adherence to the established law enforcement standards.

Fire Protection Services

Fire Protection Services - Township Fire Department

Station #3 – Town of Union

Station #4 – Town of Pleasant Valley

Station #5 – Town of Brunswick

EMS

The City of Eau Claire currently provides emergency medical services (EMS) ambulance service and EMS first responder services are provided through Emergicare. Prior to 2008, all municipalities in Eau Claire County, except for the City of Eau Claire, received EMS from Gold Cross Ambulance. In 2008, the Eau Claire Fire Department proposed a plan to offer EMS to municipalities in the county. This initiative aimed to improve service quality, address Mayo Hospital and Sacred Heart Hospital's desire to gradually end their subsidies to rural ambulance services, and secure the investment in EMS infrastructure, equipment, and staffing made by the Eau Claire Fire Department. Consequently, the municipalities of Altoona, Fall Creek, Brunswick, Seymour, Union, Washington, Lincoln, Ludington, and two towns in Dunn County contracted with the Eau Claire Fire Department for EMS services. Gold Cross Ambulance continued to serve a few towns in Eau Claire County and the surrounding area. Since then,

Gold Cross Ambulance was acquired by Mayo Ambulance Service, which still provides EMS to some towns in Eau Claire County and numerous areas from Rochester, MN, to Eau Claire County. Mayo Ambulance Service also continues to handle ambulance transport between medical facilities and nursing homes in Eau Claire and the surrounding region.

Housing Diversity

According to the U.S. Census, the Town of Washington experienced 5% increase in housing units from 2010 to 2020, adding 152 units during this period. Recently the Town has been averaging 27 building permits per year which is a faster pace than in the previous decade.

Washington offers a diverse range of housing types and ownership options to accommodate its residents. The available housing includes single-family homes, duplexes, mobile homes, apartments, townhouses, condominiums, and retirement complexes. These housing options are categorized under various zoning classifications: single-family residential (R-1), two-family residential (R-2), multiple family residential (R-3), and mobile home parks (conditional use of parcels zoned R-3).

The ownership options in Washington are equally varied, encompassing owner-occupied homes, rentals, condominiums, and leased housing. This wide array of housing choices ensures that people of all ages and income levels can find suitable living arrangements in Washington. This diversity benefits not only the local community but also the broader region. The larger lot sizes and cluster configurations available in Washington provides lifestyle options to metropolitan community residents that are not possible on lots connected to urban services.

There are three condominium associations within the Town. One is a 24-unit complex on Alf Court called Sunny Meadows, a 16-unit complex on McElroy Court called Foxwood Condominiums, and the last on Tamarack Lane (a private road), which has 24 individual home condos and 4 condos that are 2 units connected. They have an annual picnic and a community swimming pool with a clubhouse.

Trillium Estates is a conservation subdivision with walk/bike trails that connect with the STH 93 walk/bike path; and Kahvi Coffee House Café, Slate Boutique, Strong Soul gym, Shook Family Dental, and Spears Pain and Rehabilitation Clinic are located in the neighborhood. Trilogy is also a conservation subdivision with a trail that connects with the STH 93 path. They also have an onsite community wastewater treatment facility that serves 38 homes.

The proposed Village of Washington will enhance housing diversity within the metropolitan area by offering a broader range of housing options. This approach aims to preserve the natural beauty of the landscape while expanding opportunities for suburban living.

Consistency of Policy, Regulatory, Service Issues

The new Village of Washington will maintain consistency with surrounding communities through the continued implementation of existing plans, policies, and ordinances. As detailed throughout this submittal, incorporating a portion of the Town of Washington into the Village of Washington will further enhance the progress already made on regional and metropolitan issues.

This application demonstrates that the incorporation of the Village of Washington will have a positive impact on the metropolitan community and will enhance the services currently provided by the Town to its residents. The City of Altoona has agreed not to contest the incorporation. This application shows that the incorporated Village can offer great services to its residents at a low cost. The success of current collaborative efforts between the Town and neighboring municipalities will be furthered by this incorporation, as it will enable the proposed Village to contribute equally to regional initiatives.

Incorporation will have a positive impact on the metropolitan community. Residents and property owners in the proposed Village of Washington are strongly committed to maintaining autonomous governance of their land and to promoting planned growth in the area. The proposed Village will be empowered to strengthen its land use decisions by utilizing all the tools available to an incorporated Village. The incorporation of the Village of Washington will benefit the entire metropolitan community.

CONCLUSION

The area proposed for the Village of Washington meets all the requirements of Wis. Stats. §66.0207. The area is compact and homogenous and does not include more territory than has the potential for development on a substantial scale within the next three years, excluding wetlands and steep slopes. Excluding any part of the incorporation territory will create a disconnected remnant Town. The area has sufficient equalized value to defray the anticipated cost of services at a tax rate which compares favorably to other communities in the area. The proposed village can provide the level of services desired and needed by the residents of the territory and that there would be little to no impact on the remainder of the Town. And finally, the Village of Washington would become a like partner in finding solutions to governmental issues affecting the metropolitan community and help facilitate solutions to those problems. For all these reasons the Petition representatives ask the Incorporation Review Board to approve the incorporation of the Village of Washington, Eau Claire County, Wisconsin.

Incorporating the Town of Washington will provide it with greater autonomy and a stronger framework to address local needs and aspirations. This incorporation will benefit the entire metropolitan area by improving governmental relations and preserving the Town's unique character.

The proposed area for the Village of Washington fully complies with Wisconsin Statutes. The area is compact and uniform, with adequate private utility services to support municipal boundaries. Consequently, the proposed Village can adequately meet residents' service needs.

Therefore, on behalf of the territory, they request the Incorporation Review Board to approve the incorporation of the Village.

Ambulance Services Agreement

AMBULANCE SERVICE AGREEMENT – Town of Washington

This **AGREEMENT for AMBULANCE SERVICE** is made and entered into this 29th day of November, 2018, by and between the **CITY OF EAU CLAIRE**, a Wisconsin municipality with its principal offices located at 203 S. Farwell Street, Eau Claire, Eau Claire County, Wisconsin 54701 ("CITY"), and the **TOWN OF WASHINGTON**, a Wisconsin municipality with its principal offices located at 5750 Old Town Hall Road, Eau Claire, Eau Claire County, Wisconsin 54701, ("WASHINGTON")(collectively, "PARTIES"); and

WHEREAS, this Agreement constitutes intergovernmental cooperation authorized by Wis. Stat. § 66.0301; and

WHEREAS, WASHINGTON desires to provide emergency medical services to its citizens, pursuant to Wis. Stat. Cha. 256, and Wis. Adm. Code Cha. DHS 110 through 113, as amended from time to time, as may be applicable herein, through contract with CITY; and

WHEREAS, CITY and WASHINGTON have historically engaged in intergovernmental cooperation in a similar manner; and

WHEREAS, such intergovernmental cooperation is desirable for the PARTIES due to improved emergency care and economic efficiencies provided through such cooperation.

NOW, THEREFORE, for and in consideration of the mutual agreements herein contained and other good and valuable consideration, CITY and WASHINGTON agree as follows:

1. **DESCRIPTION OF SERVICES:** CITY shall provide emergency ambulance service in WASHINGTON. For purposes of this agreement, "emergency ambulance service" shall be defined as that ambulance service which is necessary to respond to a condition that in the opinion of the person, his/her family or whoever calls for and/or attend the person, requires immediate medical attention, but shall specifically exclude non-emergency transfer calls.

2. **TERM:** The term of this agreement shall commence at 12:01 a.m. on January 1, 2019 and shall continue until 12:00 a.m. on December 31, 2028, unless terminated as provided in this agreement.

3. **EQUIPMENT AND STAFFING OF AMBULANCE:** CITY currently maintains four (4) fully or combination staffed ambulances and a reserve fleet available to provide service to CITY, WASHINGTON, and other communities of the Greater Eau Claire Area. CITY shall endeavor to provide a response from time of dispatch to requests for emergency medical services covered by this Agreement within fifteen (15) minutes to at least ninety percent (90%) of all requests for emergency medical services covered by this Agreement. Present and future staffing and equipment levels shall be determined by CITY.

4. PAYMENT AND BILLING: Ambulance Services. CITY shall be solely responsible for invoicing and collection of all fees for ambulance service pursuant to its schedule of costs, including mileage. CITY shall invoice a non-resident (Regional EMS Resident) ambulance fee in the amount of \$200.00 for each person receiving ambulance services in WASHINGTON during the term of this Agreement, and compliance with all of its material terms by PARTIES. Said fee shall be in addition to the fee amount charged to Eau Claire residents receiving ambulance services in Eau Claire as established in the Eau Claire Fee and License Schedule. The fee amount charged to Eau Claire residents is subject to change at the discretion of CITY.

Fee. WASHINGTON shall pay to CITY the following per capita fees each year for ten (10) years based on the population of WASHINGTON. The estimated population of WASHINGTON shall be initially determined by the Wisconsin Demographic Services Center as of 1/1/2018; and adjusted annually as revised by the Wisconsin Demographic Services Center. CITY shall bill WASHINGTON January 1 of each year of this agreement with payment to be made by WASHINGTON within thirty (30) days. The per capita fee schedule for WASHINGTON is the following:

2019: \$2 per capita	2024: \$12 per capita
2020: \$4 per capita	2025: \$12.50 per capita
2021: \$6 per capita	2026: \$13.00 per capita
2022: \$8 per capita	2027: \$13.50 per capita
2023: \$10 per capita	2028: \$14.00 per capita

City shall reimburse to WASHINGTON a fee of \$10 per EMS call for every EMS call in which an WASHINGTON first responder responds and assists City crews on an EMS incident within WASHINGTON.

5. HOLD HARMLESS CLAUSE: PARTIES each shall indemnify and hold the other parties hereto harmless from all liabilities, judgments, costs, damages and expenses, actions, or causes of action, including reasonable attorneys' fees and other costs and expenses of litigation which may be asserted against, be charged to, or recovered by reason of or on account of damage to the property of any person; injury to or death of any person; misrepresentation; violation of any law, regulation, requirement or demand of any governmental authority; or any breach of any contractual provision of whatever kind with any third party, arising from that party's performance of its duties under this agreement. It is the intention of PARTIES that each party shall be solely responsible for its own acts, actions and activities under this Agreement.

6. SERVICES AND SUPPLIES: CITY shall provide services and supplies for emergency use as determined by CITY'S Fire Department, and shall establish a reasonable charge to each ambulance user for providing such services and supplies. For purposes of this paragraph, supplies for emergency use shall be defined as those medical supplies which are deemed necessary by the personnel who are staffing ambulances to provide adequate care for the critical emergency scene and during transport to medical facilities.

7. RE-EVALUATION OF CONTRACT, TERMINATION: PARTIES understand that this is a contract of definite term and commitment for ten (10) years. It is understood that in the event of non-renewal, PARTIES may need time to make alternative arrangements. PARTIES shall evaluate the services provided under this Agreement during June of 2028. Agreed-upon changes shall commence on January 1 of 2029 or other date as mutually agreed upon by PARTIES. Either party may elect to terminate this Agreement prior to its conclusion and must give notice to terminate this Agreement by written notice to the other party delivered by first class mail to the municipal clerks, postmarked no later than June 1 of each year of the Agreement with termination of the agreement occurring at the conclusion of the year in which proper notice is given. Termination of this Agreement by either party shall terminate this Agreement as to all parties.

8. AMENDMENTS, FULL TEXT OF AGREEMENT: All agreements and understandings have been embodied in this Agreement and no changes shall be made herein except in writing and duly signed by the authorized representatives of the respective parties.

9. FIRST RESPONDER PROGRAM. WASHINGTON shall maintain a first responder program to assist CITY response in WASHINGTON. The program shall follow the State of Wisconsin emergency medical service training guidelines, as may be amended from time to time, and shall include an automatic defibrillator program.

IN WITNESS WHEREOF, the parties have executed this agreement on the date first above written.

Animal Control Agreement with the Eau Claire Community Humane Association

3900 Old Town Hall Road
Eau Claire, WI 54701
715-839-4747
www.eccha.org

2024 - 2031 Municipal Animal Control Agreement

Between
Town of Washington
And
Eau Claire County Humane Association

IT IS HEREBY AGREED between the Town of Washington (hereinafter referred to as the Municipality and the Eau Claire County Humane Association, Inc. (hereinafter referred to as the Humane Association) that:

I. ANIMAL CONTROL

- A. Pursuant to sec. 173.03 Stats., the Municipality authorizes Humane Officers employed by the Humane Association to carry out the powers and duties of Humane Officers set forth in sec. 173.07, Stats., including without limitation, enforcing animal control ordinances.
- B. The Humane Association agrees to hire and be responsible for the employment, salary and benefits of the Humane Officer(s) who shall at all times act under the direction of the Humane Association pursuant to this agreement.
- C. The Municipality designates Janelle Henning as its liaison with the Humane Association. Requests or directives from this person(s) shall be deemed by the Humane Association as authorized by the Municipality.
- D. The Humane Association further agrees to provide all services in this section seven (7) days a week between the hours of 8:30 am -5:00 pm (except as specifically noted) including:
 - 1. Responding, as appropriate, to all calls and complaints from residents or officials of the Municipality or the Law Enforcement Communications Center regarding stray animal and animal nuisance problems within the municipality.
 - 2. Collecting and impounding all stray, abandoned or other animals, as defined in sec. 173.13(1), Stats. reported and in custody in the Municipality.
 - 3. Attempting to capture injured stray animals that are reported to the Humane Association.
 - 4. Providing a live-trap loan service to Municipal residents.
 - 5. After hours emergency calls will be forwarded to the appropriate Humane Association staff member, through the Eau Claire Non-emergency call center, when help is needed after-hours.
- E. The Municipality and its various departments, employees and agents agree to report to the Humane Association, as soon as possible, any: 1) any reported or observed cases of animal neglect or abuse; 2) any stray dogs or cats observed; 3) carcasses of deceased dogs and cats located, with identification if known.

II. IMPOUNDMENT

- A. The Humane Association agrees to accept for impoundment pursuant to sec. 173.13, Stats.:
 - 1. All stray, abandoned or other animals as defined in sec. 173.13 (1), Stats., delivered to the Humane Association by the Municipality.

2. Stray and abandoned animals found in the Town of Washington, delivered by citizens (Private Citizen Impound) pursuant to sec. 173.13 (1)(c).
 3. Animals captured and collected under Article I (D) above.
- B. Any animal impounded pursuant to this contract shall be returned to its owner or owner representative, or otherwise disposed of, pursuant to sec. 173.23, Stats.
 - C. If the animal is returned to its owner, the daily boarding fees and any reasonable and necessary veterinary costs incurred for the animal shall be paid by the owner to the Humane Association. The impoundment fees (call fee and mileage) will be paid by the Municipality. The Humane Association will provide the owner's name and address to the Municipality so that the Municipality may, in turn, collect the impoundment fees from the owner.
 - D. If the animal is not returned to its owner, the impoundment (call fee and mileage), daily boarding, euthanasia (if applicable) and any reasonable and necessary veterinary fees incurred (within the maximum seven (7) day mandatory impoundment period) for the animal shall be paid by the Municipality.

III. LICENSING

- A. Pursuant to sec. 174.065(1), Stats., the Municipality hereby designates employees of the Humane Association as Deputy Collecting Officials of the municipality for the purpose of selling dog licenses to persons residing in the Municipality and to whom an unlicensed dog is released. The Humane Association shall remit all licenses and license fees so collected to the Municipal Collecting Official, upon request from that Official.
- B. The Municipality agrees to furnish, upon request of the Humane Association, all necessary license forms and tags for use at the Shelter.
- C. The Municipality agrees to verify the issuance of licenses to the Humane Association by telephone or letter as necessary.
- D. In order to facilitate the maintenance of lists of licensed dogs, the Municipality agrees to remit to the County Clerk all fees and receipts for dog licenses sold to date no later than April 30, June 30, and September 30 of each year, with the final remittance by the following January 31.
- E. Optional Delinquent License Collection Service: Upon the request of the municipality and upon receiving a list of delinquent licenses from the municipality, the Humane Association will make two attempts (written or phone contact) to collect said licenses. The municipality will pay the Humane Association \$5.00 for each attempt to collect a delinquent license.

IV. COMPENSATION FOR SERVICES

- A. The Municipality shall compensate the Humane Association a yearly fee that will be calculated using the following per resident fee structure. Each year, no later than January 31, the Municipality shall give the Humane Association an exact population amount of residents. The number of residents will be multiplied by the following fee to determine the annual cost of service that the Municipality must pay to the Association. The Association will bill the municipality in quarterly installments for the fees.

2024 = \$1.10 per resident
 2025 = \$1.25 per resident
 2026 = \$1.30 per resident
 2027 = \$1.40 per resident
 2028 = \$1.45 per resident
 2029 = \$1.50 per resident
 2030 = \$2.00 per resident
 2031 = \$2.00 per resident

V. GENERAL ADMINISTRATIVE PROVISIONS

- A. The terms of this agreement shall be for eight years commencing January 1, 2024 and ending December 31, 2031.
- B. If either party should be in default under any of the provisions, terms and conditions of this agreement and such default shall continue to exist after receipt by the defaulting party of thirty (30) days' written notice, the other party may terminate its performance under this agreement without prejudice to its right to recover damages against the defaulting party.
- C. The Humane Association agrees that it will not assign this agreement or any part thereof without the prior written consent of the Municipality.
- D. In the event that any provision of this agreement shall be held invalid or unenforceable, no other provision of this agreement shall be affected by such holding, and all other remaining provisions of this agreement shall continue in full force and effect pursuant to the terms hereof.
- E. This agreement shall be governed by and construed under the laws of the State of Wisconsin. This agreement is made at Eau Claire County, Wisconsin, and venue for any legal action to enforce the terms of this agreement shall be in Eau Claire County Circuit Court.
- F. Notices under this agreement shall be in writing and delivered or mailed as follows:
- Upon the Humane Association to:
- Executive Director
Eau Claire County Humane Association
3900 Old Town Hall Road
Eau Claire, WI 54701
- Upon the Municipality to:
- Ms. Janelle Henning
5750 Old Town Hall Road
Eau Claire, WI 54701
- G. This agreement shall not be modified except by mutual consent of the parties, executed in writing, with the same formalities as this instrument.
- H. The entire agreement of the parties consisting of three (3) typewritten pages is contained herein. This agreement supersedes any and all prior oral agreements and negotiations between the parties relating to the subject matter thereof.

Property Assessment Services Agreement with Appraisal Services and Data Processing Systems Inc.

AGREEMENT

This agreement is by and between the **Town of Washington** located in Eau Claire County in the State of Wisconsin; and **Appraisal Services and Data Processing Systems, Inc.** (A.S.D.P.S., Inc.), 2025 Fairfax Street, Eau Claire, Wisconsin.

The services to be performed under this agreement are:

1. The 2024, 2025, 2026, 2027 and 2028 annual maintenance assessments of all real and personal property in accordance with Chapter 70 of the Wisconsin Statutes.
2. Procedures to be used to conduct the 2024, 2025, 2026, 2027 and 2028 assessments shall consist of sales and permit analysis, visual inspection of real properties as necessary, valuation of all real and personal properties, preparation of changes for assessment rolls and change notices, mailing of change notices, attendance at Open Book and Board of Review proceedings, and the preparation and submission of all assessment reports. This does not include any attorney fees relating to the assessment of property and appeals. All legal costs will be paid by the Town.
3. The 2028 annual assessment will also include a revaluation. All locally assessable property in the Town of Washington will be revalued to A.S.D.P.S., Inc. best estimate of full value in accordance with Chapter 70 of the Wisconsin State Statutes. For the 2024, 2025, 2026 and 2027 assessment years normal maintenance assessments will be conducted. This agreement may be amended should the year of revaluation need to be accelerated due to Wisconsin Department of Revenue requirements.

The fee for providing these services and the payment schedules are shown on the attached sheet.

Metropolitan Community Support for Incorporation

- Intergovernmental Agreement With Altoona Not to Object
- Letter of Support from Town of Pleasant Valley
- Letter of Support from Town of Union
- Letter of Support from Town of Seymour
- Letter of Support from Village of Lake Hallie
- Letter of Support from Town of Brunswick

INTERGOVERNMENTAL

AGREEMENT

This Intergovernmental Agreement ("Agreement") is entered into by and between the Town of Washington, a Wisconsin municipal corporation ("Town") and the City of Altoona, a Wisconsin municipal corporation ("City") (each, a "Party" and collectively, the "Parties").

RECITALS

- A. The Town of Washington intends to initiate the process to incorporate a portion of the Town into a village.
- B. The Parties have discussed the area that the Town would seek to incorporate and that the City would not oppose the boundary so long as certain conditions are complied with.
- C. The Parties desire to enter into this Agreement regarding the territory which will be included in an incorporation petition of the incorporated village and the City's non-objection to that boundary.
- D. The Parties desire to further begin the process of resolving longstanding boundary disputes between the Town and City with respect to incorporation and annexation of territory from the Town to the City.

AGREEMENT

In consideration of the mutual promises, covenants, and agreements set forth in this Agreement, the Parties agree as follows:

1. Incorporation Petition.

- a. The Town agrees that any petition for incorporation will only include territory highlighted in green on the attached Exhibit A, with the understanding that all such territory is south of I-94, with the exception of the town islands and a small portion of territory to the west of Rudolph Road.
- b. If the Town files a petition seeking to incorporate a portion of the Town of Washington and such petition complies with Section I(a) above, the City agrees not to (a) file any resolution with the Eau Claire County Circuit Court indicating the City desires to annex territory designated in the Town's incorporation petition; (b) commence litigation adverse to the Town which relates to the incorporation; or (c) otherwise challenge, object to, or oppose the Town's proposed incorporation petition.

2. **Boundary Agreement**

- a. As further consideration for this Agreement, the Parties agree to engage in good-faith negotiations for a boundary agreement between the Town and City with the goal of entering into such an agreement within (1) year of the date of this Agreement.

3. **Default & Remedies.**

- a. In the event either Party breaches or fails to comply with this Agreement, the non-breaching Party may seek specific performance of this Agreement in addition to other remedies available at law or in equity.
 - b. In the event the Town breaches this Agreement and the City therefore performs any of the actions listed in Section 1(b) above, the Town agrees such actions by the City shall not constitute a violation of this Agreement and waives its right to and agrees not to challenge said actions on the basis of any required timeline or statute of limitations for the same.
4. **Term.** This Agreement shall commence on the date of the last signature below (the "Effective Date") and continue until there is final adjudication of an incorporation petition referenced in this Agreement, including the conclusion of any appeals arising out of decisions concerning such an incorporation petition. Notwithstanding the foregoing, this Agreement shall terminate if no such incorporation petition has been filed by June 30, 2026.
 5. **Binding Effect.** This Agreement shall bind and accrue to the benefit of all successors of the Parties. This Agreement is for the exclusive benefit of the Parties and their successors and assigns and shall not be deemed to give any legal or equitable right, remedy, or claim to any other person or entity.
 6. **Amendment.** This Agreement may only be amended by the mutual written consent of the Parties, subject to the requirements of law.
 7. **Good Faith and Fair Dealing.** The Parties agree to cooperate in good faith to implement and comply this Agreement.
 8. **Governing Law & Venue.** This Agreement shall be governed by, construed, interpreted, and enforced in accordance with the laws of the State of Wisconsin. The Parties agree that

any dispute arising out of this Agreement shall be venued in the Wisconsin Circuit Court of Eau Claire County and agree to be subject to the jurisdiction of the same.

9. **Entire Agreement.** The entire agreement of the Parties with respect to the subject matter hereof is contained in this Agreement. This Agreement supersedes any and all oral representations and negotiations regarding the subject of this Agreement between the Parties.
10. **Authority.** Each Party represents that it has the authority to enter into this Agreement and that all necessary procedures have been followed to authorize this Agreement. Each person signing this Agreement represents and warrants that he or she is duly authorized to do so.
11. **Counterparts.** This Agreement may be executed in one or more counterparts and, if executed in more than one counterpart, the executed counterparts shall each be deemed to be an original, but all such counterparts shall together constitute one and the same instrument. Delivery of an executed Agreement may be made by facsimile or electronic mail and any counterpart so delivered shall be deemed to have been duly and validly delivered and be valid and effective for all purposes.

[SIGNATURES ON FOLLOWING PAGES]

IN WITNESS WHEREOF, the parties have executed this Agreement.

RE: LETTER OF SUPPORT FOR THE TOWN OF WASHINGTON'S PETITION
TO INCORPORATE AS A VILLAGE

To Whom It May Concern:

I write on behalf of the Town of Pleasant Valley Town Board to express our strong support for the Town of Washington's petition to incorporate as a village. As a neighboring town, we share a deep commitment to fostering regional growth, enhancing local governance, and ensuring that residents have a strong voice in the character of their towns.

The initiative to incorporate the majority of The Town of Washington as a village is a testament to the collective vision and dedication of its residents and leaders. We have seen overwhelming resident support for this effort, and we believe that this move will bring numerous benefits not only to the Town of Washington but also to the surrounding municipalities, including ours. By becoming a village, the Town of Washington will gain greater autonomy and a more robust framework for addressing local needs and aspirations.

We also believe that the incorporation of the Town of Washington will benefit the entire metropolitan area in terms of governmental relations and the preservation of local character in the face of the aggressively expanding city government. The Town of Washington's incorporation would create another municipal counterbalance to the disproportionate weight that the City of Eau Claire has carried within the metro community.

Our support for this initiative is grounded in the other following key considerations:

1. Enhanced Local Governance on Land Use: Incorporation as a village will empower the Town of Washington to make land use decisions within the extra-territorial jurisdiction areas it currently does not control.

2. Economic Development: Village status often brings increased opportunities for economic development. As a village, the Town of Washington will be better able to plan and expedite local projects, particularly for small business development, which will help drive economic growth for the entire region.
3. Collaborative Opportunities: As a village, the Town of Washington will be better positioned to collaborate with neighboring municipalities on regional initiatives. This will enhance our collective ability to address shared challenges and leverage common opportunities.
4. Improved Services and Infrastructure: The Town of Washington has a long history of productive collaboration with its neighbors for shared services. We believe this will continue, and with incorporation, the Town of Washington and the Village of Washington, will allow them to better manage and improve local services and infrastructure, directly benefiting residents and businesses, and therefore continue its legacy of community cooperation.
5. Existing and ongoing collaboration: The Town of Washington has worked closely with the Town of Pleasant Valley for many years.

- The longest relationship is Township Fire Department Inc (TFD). The Town of Washington has been an integral part of the success of TFD which has served the communities of Brunswick, Union, Seymour, Pleasant Valley and Washington since 1955.
- A more recent collaboration is the expansion of fiberoptic internet services in sections of the Towns of Washington and Pleasant Valley. The Towns of Washington and Pleasant Valley worked closely with Charter Internet and a grant from the PCC was awarded to complete these efforts.
- The Towns of Washington and Pleasant Valley have a long history of collaborating on road maintenance projects by sharing equipment and employee labor as needed.

We expect the Town of Washington and the future incorporated Village of Washington to continue these collaborations well into the future.

We are confident that the incorporation of the Town of Washington as a village will strengthen the town's ability to continue its long history as a well-governed, vibrant, and prosperous community into the future. The Town of Pleasant Valley is committed to supporting this process and looks forward to continuing our strong partnership with the Town of Washington as it embarks on this important journey.

Please feel free to contact me if you require any further information.

Sincerely,

p.p.

To Whom It May Concern:

I write on behalf of the Town of Union to express our strong support for the Town of Washington's petition to incorporate as a village. As a neighboring town, we share a deep commitment to fostering regional growth, enhancing local governance, and ensuring that residents have a strong voice in the character of their towns.

The initiative to incorporate the majority of The Town of Washington as a village is a testament to the collective vision and dedication of its residents and leaders. We have seen overwhelming resident support for this effort, and we believe that this move will bring numerous benefits not only to the Town of Washington but also to the surrounding municipalities, including ours. By becoming a village, the Town of Washington will gain greater autonomy and a more robust framework for addressing local needs and aspirations.

We also believe that the incorporation of the Town of Washington will benefit the entire metropolitan area in terms of governmental relations and the preservation of local character in the face of the aggressively expanding city government. The Town of Washington's incorporation would create another municipal counterbalance to the disproportionate weight that the City of Eau Claire has carried within the metro community.

Our support for this initiative is grounded in the other following key considerations:

1. Enhanced Local Governance on Land Use: Incorporation as a village will empower the Town of Washington to make land use decisions within the extra-territorial jurisdiction areas it currently does not control.

3. Economic Development: Village status often brings increased opportunities for economic development. As a village, the Town of Washington will be better able to plan and expedite local projects, particularly for small business development, which will help drive economic growth for the entire region.

4. Collaborative Opportunities: As a village, the Town of Washington will be better positioned to collaborate with neighboring municipalities on regional initiatives. This will enhance our collective ability to address shared challenges and leverage common opportunities.

5. Improved Services and Infrastructure: The Town of Washington has a long history of productive collaboration with its neighbors for shared services. We believe this will continue, and with incorporation, the Town of Washington and the Village of Washington, will allow them to better manage and improve local services and infrastructure, directly benefiting residents and businesses, and therefore continue its legacy of community cooperation.

6. Collaborative Fire Department: Township Fire Department, Inc. was established in 1955 and is a Wisconsin nonstock corporation formed by the Towns of Seymour, Washington, Union, Pleasant Valley and Brunswick. The Towns have agreed to Bylaws for Township Fire Department, Inc., which are a type of contract with respect to the operation of the corporation. In 1983, a "First Responder" unit was organized called Emergicare. The success of both organizations is testimony to years of continued organizational community service.

We are confident that the incorporation of the Town of Washington as a village will strengthen the town's ability to continue its long history as a well-governed, vibrant, and prosperous community into the future. The Town of Union is committed to supporting this process and looks forward to continuing our strong partnership with the Town of Washington as it embarks on this important journey.

Please feel free to contact me if you require any further information.

Sincerely,

Town of Union Chair

LETTER OF SUPPORT FOR THE TOWN OF WASHINGTON'S PETITION TO INCORPORATE AS A VILLAGE

Debra Grinde
Clerk
Town of Brunswick
Eau Claire County

To Whom It May Concern:

I write on behalf of the Town of Brunswick to express our strong support for the Town of Washington's petition to incorporate as a village. As a neighboring town, we share a deep commitment to fostering regional growth, enhancing local governance, and ensuring that residents have a strong voice in the character of their towns.

The initiative to incorporate the majority of The Town of Washington as a village is a testament to the collective vision and dedication of its residents and leaders. We have seen overwhelming resident support for this effort, and we believe that this move will bring numerous benefits not only to the Town of Washington but also to the surrounding municipalities, including ours. By becoming a village, the Town of Washington will gain greater autonomy and a more robust framework for addressing local needs and aspirations.

We also believe that the incorporation of the Town of Washington will benefit the entire metropolitan area in terms of governmental relations and the preservation of local character in the face of the aggressively expanding city government. The Town of Washington's incorporation would create another municipal counterbalance to the disproportionate weight that the City of Eau Claire has carried within the metro community.

Our support for this initiative is grounded in the other following key considerations:

1. **Enhanced Local Governance on Land Use:** Incorporation as a village will empower the Town of Washington to make land use decisions within the extra-territorial jurisdiction areas it currently does not control.
2. **Participation in the Township Fire Department** greatly enhances our response rates for service as it has for decades.
3. **Economic Development:** Village status often brings increased opportunities for economic development. As a village, the Town of Washington will be better able to plan and expedite local projects, particularly for small business development, which will help drive economic growth for the entire region.

Appendix I

Memorandum of Understanding for Law Enforcement Services

Memorandum of Understanding between the Eau Claire County Sheriff's Office and Town of Washington

This purpose of this memorandum of understanding ("MOU") is regarding the possibility of the Eau Claire County Sheriff's Office (Sheriff's Office) providing enhanced law enforcement services to the Town of Washington (Town). This agreement is between the Eau Claire County Sheriff's Office and the Town of Washington and is entered into this 19th day of December, 2024.

SERVICES PROVIDED BY THE PARTIES

- A. The Sheriff's Office currently provides law enforcement services for Eau Claire County.
- B. The Sheriff's Office currently provides parking enforcement to the Town of Washington and receives the revenue received for fines as a result of citation(s) issued.
- C. The Town currently leases storage space to the Sheriff's Office for two (2) SWAT vehicles.
- D. The Town currently provides a meeting room and break room facilities for the Sheriff's Office and Regional SWAT Team during times when the Town property is not in use.

PURPOSE OF THE MEMORANDUM OF UNDERSTANDING

- A. The Town wishes to obtain enhanced law enforcement services provided by the Sheriff's Office within the Town's boundaries.
- B. It is the intent of both parties to explore the possibility of negotiating the terms of and entering into a contract between the Sheriff's Office and the Town for the Sheriff's Office to provide contracted for enhanced law enforcement services to the Town.

AGREEMENT

In consideration of the Services Provided by the Parties, Purpose of the Memorandum of Understanding, and mutual benefits provided hereunder, the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

1. The parties will explore the possibility of negotiating the terms of and entering into a contract between the Sheriff's Office and the Town with the terms to contain the rate for an hours per week basis that acknowledges the ability of the Sheriff to reassign the assigned deputy to respond to emergency situations elsewhere within the county.

2. It is the intent of the parties to include in said contract the existing mutual services that are currently in place between the Town and Sheriff's Office as described in this MOU.
3. The cost for providing the contracted for enhanced law enforcement services to the Town will take into consideration wages and benefit rates, fine revenue estimates, and facility utilization rates.
4. It is the intent of both parties to finalize the final contract in 2025.
5. If no contract is entered into by both parties, this memorandum will expire on December 31, 2025.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding, which is effective as of the date of execution, and by so signing certify that they authorized by their respective authority to enter into this MOU on their entities' behalf.

Memorandum of Understanding for Planning and Development Services

Memorandum of Understanding
Eau Claire County Department of Planning and Development and Town of Washington

This memorandum of understanding ("MOU") regarding services by the Eau Claire Department of Planning & Development (P&D) is entered into this 20th day of August, 2024 between the Town of Washington ("Town") and P&D.

RECITALS

- A. P&D currently provides land use planner and reports for the Town.
- B. P&D currently provides all building inspections for the Town.
- C. The Town is in the process of evaluating incorporating a portion of the Town into a village.

AGREEMENT

In consideration of the Recitals and mutual benefits provided hereunder, the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

- 1. The parties will work on an agreement for above services in the event that a portion of the Town incorporates into a village.
- 2. The cost for providing these services to the Village will be based on wage rates and fee revenue estimates.
- 3. The parties will work to finalize said agreement in 2024.

IN WITNESS WHEREOF, the parties hereto have executed this Memorandum of Understanding as of the year and date first set forth above, and by so signing, certify that they authorized by their respective parties to enter into this MOU on their behalf.

Memorandum of Understanding for Fire Protection Services

Memorandum of Understanding Township Fire, Inc. and Town of Washington

This memorandum of understanding ("MOU") regarding future membership of Township Fire Department, Inc. ("Township Fire"), is entered into this 22nd day of July, 2024 between the Town of Washington and Township Fire, Inc.

RECITALS

- A. Township Fire provides fire protection services for several towns in Eau Claire County.
- B. The Town of Washington ("Town") is a member of Township Fire.
- C. The Town is in the process of evaluating incorporating a portion of the Town into a village ("Village").
- D. The Town wants to ensure that if a portion of its territory incorporates into a Village that all of the current territory will remain served by Township Fire and that the future village would become a member of Township Fire.
- E. Township Fire desires to have both the Town of Washington and any future village be part of Township Fire.

AGREEMENT

In consideration of the Recitals, and the mutual promises, obligations and benefits provided hereunder, the receipt and adequacy of which are hereby acknowledged, the parties agree as follows:

- 1. In the event that a portion of the Town incorporates into a Village, Township Fire will provide fire service to the remainder of the Town and to the Village created from the Town. The costs for providing fire protection service to the Town and Village will be apportioned according to Township Fire's standard formula for apportioning the costs of fire protection services to its members.
- 2. The parties will work to amend Township Fire's bylaws, articles of incorporation, and any other documents to include both the Town and Village as members of Township Fire.
- 3. The parties will work cooperatively to make any other needed changes to Township Fire's operations to include the future Village as a member and provide fire protection services to the Village.

IN WITNESS WHEREOF, the parties hereto have executed this Agreement as of the year and date first set forth above, and by so signing this Agreement, certify that they have been duly authorized by their respective entities to execute this Agreement on their behalf.

RESOLUTION AMENDING BYLAWS OF
TOWNSHIP FIRE DEPARTMENT, INC.

The Board of Directors of the Township Fire Department, Inc., hereby amends the Bylaws of Township Fire Department, Inc. as follows:

The Bylaws attached hereto shall constitute the Bylaws of the Township Fire Department, Inc., replacing Bylaws adopted March 24, 1962. The Bylaws dated March 24, 1962, are hereby specifically repealed and replaced by the attached Bylaws.

Adopted this 28th day of AUGUST, 1989.

TOWNSHIP FIRE DEPARTMENT, INC.
BOARD OF DIRECTORS:

Garth P. Ryder, President

Douglas Kranig, Vice President

Dale Southard, Secretary

Ralph Guettinger, Treasurer

Robert Donaldson, Director

AMENDMENT

VOL 467 PAGE 665

BE IT RESOLVED that Section One (1) Article Ten (10) of the Articles of Incorporation of TOWNSHIP FIRE DEPARTMENT, INC. be amended to provide as follows:

1. (a) ACTIVE MEMBERS: Active membership in the corporation shall be limited to townships located in Eau Claire County, Wisconsin, or in adjoining counties which have been accepted, unanimously, into membership and who have made such contribution as may be established by the by-laws or the Board of Directors which members so qualified shall have one vote for each full Two Hundred Thousand Dollars (\$200,000.00) of equalized valuation (as determined in accordance with Section 70.61 of the Wisconsin Statutes) and remaining major fraction thereof of corporation fire service area within the member township, but in no case shall a township have less than one vote. This weighted vote based on equalized value shall apply only to the operating budget. On all non-operating budget matters, each active member township shall have one vote.

(b) OWNERSHIP: Ownership of all corporate property shall, at all times, vest with the active members and shall be under the control and management of the Board of Directors.

(c) PROPORTIONATE CONTRIBUTION:

1. OPERATING BUDGET: The operating budget contribution by active members shall at all times, be established on a proportionate basis which basis shall be determined and established by the Board of Directors from time to time after considering the portion of the active member's protected equalized value in relation to the total equalized value protected by the corporation within its total fire service area.

2. CAPITAL ASSETS: The capital asset contribution by active members shall, at all times, be established on a proportionate unit basis which unit basis shall be determined and established by the Board of Directors from time to time. Such proportionate contribution, based on units, shall be the basis for

distribution in the event of the withdrawal of a contributing member or upon the dissolution of the corporation. Except as provided in this amendment, no active member shall forfeit its proportionate capital asset interest which it may have in the assets of the corporation as reflected by its capital asset contribution.

(d) MINIMUM CONTRIBUTION: No active member shall be accepted or retained as a member unless its proportionate capital asset contribution is made so as to provide for equitable distribution in the event of a withdrawal of a member or the dissolution of the corporation.

(e) WITHDRAWAL OF ACTIVE MEMBER: Any active member may, with the unanimous consent of the Board of Directors, withdraw from membership in which event it shall be entitled to a distribution equal to eighty (80) percent of its proportionate capital interest in the assets of the corporation either in money or in kind.

In the event any member desires to withdraw without the unanimous consent of the Board of Directors, such member may withdraw from membership voluntarily by giving written notice to the secretary and to the president of the corporation no later than August 1 of the year next preceding the year of its proposed withdrawal. The value of such proportionate share shall be determined by the Board of Directors as of the effective date of the notice; and such proportionate share in the assets shall become payable in money or in kind, without interest in five equal annual installments commencing one year from the effective date of the notice.

(f) DISSOLUTION: Dissolution of the corporation may be effected upon the unanimous vote of all active members in which event the assets of the corporation shall be distributed either in kind or after liquidation, to the members on the basis of the proportionate capital asset contribution interest made by active members.

(g) TERMINATION OF MEMBERSHIP: The termination of membership of any active member can be effected upon the unanimous vote of the remaining active members without

BYLAWS

TOWNSHIP FIRE DEPARTMENT, INC.

INTRODUCTION

TOWNSHIP FIRE DEPARTMENT, INC., is a non-stock, non-profit fire department consisting of townships that are members thereof, each of which townships are represented on the Board of Directors and are governed by the Articles of Incorporation, applicable laws of the State of Wisconsin, and the Bylaws. The fire fighters of TOWNSHIP FIRE DEPARTMENT, INC., shall provide fire protection and related safety services to the member towns and are governed by the orders and directions of the Board of Directors.

SECTION 1 OFFICES

The principal office of the corporation in the State of Wisconsin shall be located in the Town of Washington, County of Eau Claire. The corporation may have such other offices, either within or without the State of Wisconsin, as the Board of Directors may designate or as the business of the corporation may require from time to time.

SECTION 2 MEMBERS

Article 1 Annual Meeting

During February of each year, the Board of Directors shall set a date during the month of March or April for an annual meeting of the members. The annual meeting shall be open to the public, and each member township shall be given one equal vote on issues brought before the meeting, unless the Articles of Incorporation provide for a different vote due to the subject matter of the issue. Motions may be made, seconded and voted upon only by the Town Chairmen or their delegates, although discussion may be open to the floor in the discretion of the presiding officer.

Article 2 Special Meetings

Special meetings of the members, for any purpose or purposes, may be called by the President and he shall call a special meeting upon the request of three or more Directors. All procedures applicable to the annual meeting shall be followed at special meetings.

Article 3 Place of Meeting

The Board of Directors may designate any place for annual or special meetings.

Article 4 Notice of Meeting

Notice stating the place, day, and hour of special meetings and the purpose or purposes for which the meeting is called shall be given to Town Chairmen by written notice or by telephone twenty-four (24) hours in advance.

Article 5 Quorum

A majority of the members of the corporation entitled to vote shall constitute a quorum at a meeting of members.

Article 6 Member Defined

For purposes of these Bylaws, the term, "member", refers to the Towns of Washington, Pleasant Valley, Brunswick, Seymour and Union.

SECTION 3 BOARD OF DIRECTORS

Article 1 General Powers

The business and affairs of the corporation shall be managed by its Board of Directors.

Article 2 Number, Tenure, and Qualifications

The number of Directors of the corporation shall be Five (5). Each member township shall have one Director. The Town Chairman of each member township shall automatically represent his township on the Board of Directors, and shall serve unless he appoints, with his Town Board's approval, someone else to represent his township on the Board of Directors. Each Director shall serve as a Director at all times while he is Town Chairman, or at all times that the person who appointed him/her remains Town Chairman.

Article 3 Regular Meetings

The Board of Directors shall hold regular, monthly meetings, and shall provide, by resolution, the time and place for the holding of such meetings.

Article 4 Special Meetings

Special meetings of the Board of Directors may be called by or at the request of the President or any three Directors.

Article 5 Notice

Notice of any special meeting shall be given at least twenty-four (24) hours previous thereto by written notice, by telephone, or in person, unless such notice is waived by all Directors.

Article 6 Quorum

Three Directors shall constitute a quorum for the transaction of business at any meeting of the Board of Directors; but, though less than such quorum is present at a meeting, a majority of the Directors present may adjourn the meeting from time to time without further notice.

Article 7 Majority Vote

Except as provided otherwise by the Articles of Incorporation, the business of the Board of Directors shall be conducted by majority vote of the Directors present. However, all items of business referred to in the Articles of Incorporation shall be decided by the rules and procedures set forth in the Articles of Incorporation.

Article 8 Removal

Any appointed Director who is not a Town Chairman may be removed from office by resolution of the Town Board of the township he/she represents, without cause.

Article 9 Vacancies

In the event that any vacancy occurs on the Board of Directors, the Town Chairman of the affected township shall automatically serve on the Board of Directors. If there is no Town Chairman, the remaining Town Board members of that Township shall select a Director to represent that Township until a new Town Chairman takes office.

Article 10 Compensation

The Board of Directors, by affirmative vote of a majority of the Directors then in office, and irrespective of any personal interest of any of its members, may establish reasonable compensation of all directors for serving as a Director.

Article 11 Presumption of Assent

A Director who is present at a meeting of the Board of Directors or a committee thereof at which action on any corporate matter is taken shall be presumed to have assented to the action taken unless his dissent shall be entered in the minutes of the meeting or unless he shall file his written dissent to such action with the person acting as the Secretary of the meeting before the adjournment thereof.

SECTION 4 OFFICERS

Article 1 Number

The principal officers shall be a President, a Vice President, a

Secretary, and a Treasurer, each of whom shall be elected by the Board of Directors. Such other officers and assistant officers as may be deemed necessary may be elected or appointed by the Board of Directors.

Article 2 Election and Term of Office

The officers elected by the Board of Directors shall be elected by the Board of Directors at the first meeting of the Board of Directors after the Spring election of the odd numbered years.

Article 3 Removal

Any officer or agent elected or appointed by the Board of Directors may be removed from said office by the Board of Directors whenever, in its sole judgment, the best interests of the department will be served thereby.

Article 4 Vacancies

A vacancy in any principal office because of death, resignation, removal, disqualification, or otherwise, shall be filled by the Board of Directors for the unexpired portion of the term.

Article 5 President

The President shall be the principal executive officer of the department and, at the direction of the Board of Directors, shall in general supervise and control all of the business and affairs of the department. He shall, when present, preside at all meetings of the members and of the Board of Directors. He may sign, with the Secretary or any other proper officer of the department thereunto authorized by the Board of Directors, any deeds, mortgages, bonds, contracts, or other instruments necessary to properly carry out any transactions or other business authorized by the Board of Directors. (See also Section 5.).

Article 6 Vice President

In the absence of the President, or in the event of his death, inability, or refusal to act, the Vice President shall perform the duties of the President and, when so acting, shall have all the powers of and be subject to all the restrictions upon the President.

Article 7 Secretary

The Secretary shall:

(a) Keep the minutes of the members' and of the Board of Directors' meetings in one (1) or more books provided for that purpose;

(b) See that all notices are duly given in accordance with the provisions of these bylaws or as required by law;

(c) Be custodian of the corporate records and of the seal of the department, and see that the seal of the corporation is affixed to all documents the execution of which on behalf of the department under its seal is duly authorized and required;

(d) In general, perform all duties incident to the office of Secretary and such other duties as from time to time may be assigned to him by the President or by the Board of Directors.

Article 8 Treasurer

Unless the Board of Directors requires otherwise, the Treasurer shall have charge and custody of and be responsible for all funds and securities of the department; receive and give receipts for moneys due and payable to the corporation from any source whatsoever; deposit all such moneys in the name of the department in such banks, trust companies, or other depositories as shall be selected in accordance with the provisions of these bylaws; and, in general, perform all of the duties incident to the office of Treasurer and such other duties as from time to time may be assigned to him by the President or by the Board of Directors.

SECTION 5 CONTRACTS, LOANS, CHECKS, AND DEPOSITS

Article 1 Contracts

The Board of Directors may authorize any officer, officers, agent, or agents, to enter into any contract or execute and deliver any instrument in the name of and on behalf of the corporation, and such authorization may be general or confined to specific instances.

Article 2 Loans

No loans shall be contracted on behalf of the corporation and no evidences of indebtedness shall be issued in its name unless authorized by or under the authority of a resolution of the Board of Directors. Such authorization may be general or confined to specific instances.

Article 3 Checks, Drafts

All checks, drafts, or other orders for the payment of money, notes, or other evidence of indebtedness issued in the name of the corporation shall be signed by such officer, officers, agent or agents, of the department by or under the authority of resolution of the Board of Directors or as provided in Section 4 herein.

Article 4 Deposits

All funds of the corporation not otherwise employed shall be deposited from time to time to the credit of the department in such banks, trust companies, or other depositaries as may be selected by or under the authority of the Board of Directors.

SECTION 6 FISCAL YEAR

The fiscal year of the corporation shall begin on the 1st day of January and end on the 31st day of December in each year.

SECTION 7 SEAL

The Board of Directors shall provide a department seal which shall be circular in form and shall have inscribed thereon the name of the department and the words "Corporation Seal, Wisconsin."

SECTION 8 AMENDMENTS

Article 1 Board of Directors

The Board of Directors may from time to time, by vote of a majority of its members, adopt, amend, or repeal any and all of the bylaws of this corporation except such bylaws as may have been adopted by the members of this department.

Article 2 Members

The members may from time to time, by vote of a majority, adopt, amend, or repeal any and all of the bylaws of this corporation.

Adopted this 28th day of AUGUST, 1989.

_____, Secretary

_____, President

STATE OF WISCONSIN

CIRCUIT COURT

EAU CLAIRE COUNTY

In the Matter of INCORPORATION
OF A PORTION OF LANDS COMPRISING
THE TOWN OF WASHINGTON,
EAU CLAIRE COUNTY,
As a Village Pursuant to the Provisions of
Chapter 66 of the Wisconsin Statutes

Case No. 2025CV163

ORDER REFERRING INCORPORATION PETITION TO INCORPORATION REVIEW BOARD

WHEREAS, a Petition for Incorporation of a Portion of Lands Comprising the Town of Washington, was filed in the Circuit Court for Eau Claire County; and

WHEREAS, a hearing as required under the provisions of §66.0203(3), Stats., was held on July 23, 2025; and

WHEREAS, prior to the hearing, the City of Eau Claire was admitted as a party pursuant to §66.0203(5), Stats. and filed with the Circuit Court a certified copy of a resolution of willingness to annex adopted pursuant to §66.0203(6), Stats.; and

WHEREAS, the Petitioners appeared by Attorney Rick Manthe, and,

WHEREAS, the City of Eau Claire appeared by Attorneys H. Stanley Riffle and Blake Herbison; and

WHEREAS, the Court having conducted its statutory review of the petition under §66.0205, Stats., enters the following Order:

IT IS ORDERED that the standards under §66.0205, Stats., are met by the incorporation petition.

IT IS FURTHER ORDERED that the petition be referred to the Incorporation Review Board pursuant to § 66.0203(8)(b), Stats.

BY THE COURT

This is a final order from which appeal may follow as a matter of right under Wis. Stat. § 808.03(1).

CIRCUIT COURT

EAU CLAIRE COUNTY

**IN THE MATTER OF INCORPORATION
OF A PART OF THE TOWN OF WASHINGTON**

Case No. 25-CV-163

ORDER

Based on the stipulation between the Petitioners and Intervenor, City of Eau Claire, it is hereby ordered that Exhibit A of the July 22, 2025 stipulation regarding the legal description shall replace the legal description referenced in paragraph 8 of the petition for incorporation and attached to the petition for incorporation as "Appendix B."

STATE OF WISCONSIN CIRCUIT COURT EAU CLAIRE COUNTY

IN THE MATTER OF INCORPORATION
OF A PART OF THE TOWN OF WASHINGTON

Case No: 25-CV-163

STIPULATION

The Petitioners and Intervenor, City of Eau Claire, by their respective counsel, stipulate that the attached legal description (contained in "Exhibit A" attached hereto), is the correct legal description for the territory subject to the Petition filed herein, and should be substituted, in its entirety, for the legal description referenced in paragraph 8 of the Petition and attached to the Petition as "Appendix B." This stipulation and attached Exhibit A is intended to replace and supersede the stipulation filed by the parties on July 21, 2025.

Respectfully submitted this 22nd day of July 2025.

Exhibit A

Village of Washington Proposed Boundary

(As of July 22, 2025)

Land located in Sections 25, 26, 27, 31, 32, 33, 34 and 35, all in Township 27 North (T27N), Range 9 West (R9W), in Sections 1 thru 18, all in Township 26 North (T26N), Range 9 West (R9W) and in Sections 6, 7, 8, 16, 17 and 18, all in Township 26 North (T26N), Range 8 West (R8W) being part of the Town of Washington, Eau Claire County, Wisconsin comprised of 4 parcels and being further described as follows:

Parcel A

Beginning at the southwest corner of Section 18, T26N, R9W;

1. Thence S.89° 38' 06"E. 2307.32 feet to the south quarter corner of Section 18, T26N, R9W;
2. Thence S.89° 38' 10"E. 2637.39 feet to the southeast corner of Section 18, T26N, R9W;
3. Thence N.89° 44' 13"E. 2638.48 feet to the south quarter corner of Section 17, T26N, R9W;
4. Thence N.89° 45' 23"E. 2657.78 feet to the southeast corner of Section 17, T26N, R9W;
5. Thence N.87° 52' 08"E. 2634.24 feet to the south quarter corner of Section 16, T26N, R9W;
6. Thence N.87° 49' 19"E. 2606.58 feet to the southeast corner of Section 16, T26N, R9W;
7. Thence S.88° 15' 17"E. 2761.42 feet to the south quarter corner of Section 15, T26N, R9W;
8. Thence S.88° 16' 13"E. 2761.36 feet to the southeast corner of Section 15, T26N, R9W;
9. Thence S.89° 29' 39"E. 2636.04 feet to the south quarter corner of Section 14, T26N, R9W;
10. Thence S.89° 29' 52"E. 2634.32 feet to the southeast corner of Section 14, T26N, R9W;
11. Thence S.89° 31' 38"E. 2637.66 feet to the south quarter corner of Section 13, T26N, R9W;
12. Thence S.89° 32' 12"E. 2635.39 feet to the southeast corner of Section 13, T26N, R9W;
13. Thence N.89° 57' 54"E. 2669.49 feet to the south quarter corner of Section 18, T26N, R8W;
14. Thence S.89° 51' 19"E. 2681.22 feet to the southeast corner of Section 18, T26N, R8W;

15. Thence N.89° 33' 22"E. 2647.78 feet to the south quarter corner of Section 17, T26N, R8W;
16. Thence N.89° 33' 04"E., along the south line of the SE¼ of said Section 17, a distance of 950.86 feet more or less;
17. Thence N.53° 53' 03"E. 570.66 feet more or less to a point 66 feet from the southwesterly right of way line of U.S.H. 53;
18. Thence N.38° 56' 43"W., parallel with said southwesterly line, 111.74 feet more or less;
19. Thence N.51° 03' 17"E. 66.00 feet more or less to said southwesterly line;
20. Thence S.38° 56' 43"E. 115.00 feet more or less to an angle point in said southwesterly line;
21. Thence S.74° 06' 13"E. 29.52 feet more or less to an angle point in said southwesterly line;
22. Thence S.38° 56' 43"E., along said southwesterly line, 463.75 feet more or less to its intersection with the south line of said SE¼ of Section 17;
23. Thence N.89° 33' 04"E. 862.79 feet more or less to the southeast corner of said Section 17;
24. Thence S.88° 32' 37"E., along the south line of Section 16, T26N, R8W, 1637.16 feet to a point in the right of way of Interstate 94;
25. Thence N.48° 04' 12"W., along a line that is NOT the reference line for Interstate 94, a distance of 1431.75 feet;
26. Thence northwesterly, along a line that is NOT the reference line for Interstate 94 and along the arc of a curve concave northeasterly, the long chord which bears N.41° 54' 29"W. 799.90 feet and having a radius of 3725.96 feet;
27. Thence N.35° 44' 45"W., along a line that is NOT the reference line for Interstate 94, 6016.63 feet;
28. Thence northwesterly, along a line that is NOT the reference line for Interstate 94 and along the arc of a curve concave southwesterly, the long chord which bears N.40° 02' 51"W. 2598.86 feet and having a radius of 17324.21 feet;
29. Thence N.44° 20' 56"W., along a line that is NOT the reference line for Interstate 94, 6363.87 feet;
30. Thence northwesterly, along a line that is NOT the reference line for Interstate 94 and along the arc of a curve concave southwesterly, the long chord which bears N.58° 06' 06"W. 2724.18 feet and having a radius of 5729.58 feet to the east line of the SW¼-NE¼, Section 1, T26N, R9W;
31. Thence S.01° 11' 44"W., along said east line 159.64 feet;
32. Thence S.33° 37' 32"W. 672.77 feet more or less;
33. Thence S.07° 33' 38"W. 417.78 feet more or less to the east-west quarter line of said Section 1;
34. Thence S.88° 02' 01"E., along said quarter line 1268.96 feet more or less to the beginning of a meander line said point lying N.88° 02' 01 "W., along the boundary line, 76 feet more or less from the bank of Otter Creek;
35. Thence S.08° 56' 06"E., along said meander line, 508.18 feet;
36. Thence S.60° 31' 47"E., along said meander line, 450.32 feet more or less to the end of said meander line on the east line of said Section 1, said point lying S.00° 50' 12"W., 225 feet, along the boundary line, from the bank of Otter Creek;

37. Thence S.00° 50' 11"W., along the east line of said Section 1, a distance of 469.66 feet to a point on the north right of way line of County Highway I and the beginning of a curve;
38. Thence southwesterly, along said north line and along the arc of a curve concave southeasterly, the long chord which bears S.72° 06' 57"W. 204.73 feet and having a radius of 1029.93 feet
39. Thence S.81° 05' 57"W., along said north line, 115.07 feet;
40. Thence southwesterly, along said north line and along the arc of a curve concave southeasterly, the long chord which bears S.54° 25' 01"W. 222.65 feet and having a radius of 1064.93 feet
41. Thence S.19° 13' 54"W., along said north line, 137.89 feet;
42. Thence S.41° 32' 11"W., along said north line, 285.32 feet;
43. Thence S.33° 52' 27"W., along said north line, 150.00 feet;
44. Thence S.42° 38' 32"W., along said north line 101.31 feet more or less to its intersection with the northeasterly line of U.S.H. 53;
45. Thence N.44° 04' 25"W., along said northeasterly line, 431.95 feet;
46. Thence N.24° 39' 54"E. 367.05 feet;
47. Thence N.88° 09' 59"W. 81.03 feet;
48. Thence S.42° 49' 11"E. 11.59 feet;
49. Thence S.26° 29' 50"W. 302.69 feet more or less to the northeasterly line of U.S.H. 53;
50. Thence N.44° 04' 25"W., along said northeasterly line, 1.67 feet;
51. Thence S.26° 37' 59"W. 961.49 feet;
52. Thence N.88° 26' 03"W. 1073.74 feet more or less to the west line of the SW¼-SE¼, Section 1;
53. Thence N.01° 35' 52"E., along said west line and the west line of the NW¼-SE¼, Section 1, a distance of 2055.01 feet;
54. Thence S.39° 27' 29"E. 205.71 feet;
55. Thence southeasterly, along the arc of a curve concave northeasterly, the long chord which bears S.39° 37' 37"E. 68.73 feet and having a radius of 11652.19 feet;
56. Thence S.39° 47' 46"E. 9.11 feet more or less to an easterly line of Certified Survey Map Number 2143 recorded in Volume 11, Page 332;
57. Thence S.34° 47' 46"W. 120.80 feet more or less to an inside corner of said Certified Survey Map;
58. Thence S.43° 35' 21"E. 656.67 feet to an inside corner of said Certified Survey Map;
59. Thence N.46° 24' 38"E. 221.26 feet more or less to the southwesterly right of way line of U.S.H. 53;
60. Thence N.42° 32' 48"W., along said southwesterly line, 250.44 feet more or less to an angle point in said southwesterly line;
61. Thence N.46° 50' 42"W., along said southwesterly line, 303.57 feet more or less to an angle point in said southwesterly line;
62. Thence N.72° 54' 32"W., along said southwesterly line, 120.20 feet more or less to the beginning of a curve in said southwesterly line;

63. Thence northwesterly, along said southwesterly line and along the arc of a curve concave northeasterly, the long chord which bears N.39° 40' 56"W. 98.14 feet and having a radius of 11619.19 feet;
64. Thence N.39° 26' 25"W., along said southwesterly line, 243.68 feet more or less to its intersection with the west line of the NW¼-SE¼;
65. Thence N.01° 35' 52"E., along said west line and said southwesterly line of U.S.H. 53, 59.20 feet more or less to an angle point in said southwesterly line;
66. Thence N.44° 04' 25"W., along said southwesterly line, 141.49 feet more or less to the beginning of a curve in said southwesterly line;
67. Thence northwesterly, along the arc of a curve concave northeasterly, the long chord which bears N.41° 05' 53"W. 304.20 feet and having a radius of 2930.03 feet to the east-west quarter line of said Section 1;
68. Thence N.88° 01' 13"W., along said east-west quarter line, 787.73 feet more or less to a point 1095.27 feet from the monumented center of said Section 1;
69. Thence N.43° 01' 41"W. 54.71 feet more or less to the north right of way line of Old Town Hall Road;
70. Thence N.87° 53' 44"W., along said north line, 206.80 feet more or less to the intersection with the east right of way line of Graff Road extended northerly;
71. Thence S.01° 19' 09"W., along said extension and along said east line, 1331.20 feet more or less to its intersection with the north line of Lot 1, Certified Survey Map Number 148 recorded in Volume 1, Page 180 extended easterly;
72. Thence N.87° 57' 07"W., along said extension and along said north line, 389.45 feet more or less to the northwest corner of said Lot 1;
73. Thence S.00° 40' 02"W., along the west line of said Lot, a distance 607.37 feet to a point 66 feet from the south line of said Lot 1;
74. Thence S.87° 51' 51"E., parallel with the south line of said Lot, 358.53 feet more or less to the east line of the SW¼-SW¼ of Section 1;
75. Thence S.01° 59' 44"W., along said east line, 66.00 feet to its intersection with the north line of Lot 2 of said Certified Survey Map Number 148 extended easterly;
76. Thence N.87° 54' 48"W., along said extension and along said north line, 760.01 feet more or less to the northwest corner of said Lot 2;
77. Thence S.01° 04' 07"W. 312.75 feet to the southwest corner of said Lot 2;
78. Thence S.88° 54' 11"E., along the south line of said Lot 2 and its extension easterly, 755.04 feet more or less to the east line of the SW¼-SW¼;
79. Thence S.01° 59' 44"W. 391.86 feet more or less to the southeast corner of said SW¼-SW¼;
80. Thence N.88° 22' 29"W. 1358.49 feet to the southwest corner of said Section 1;
81. Thence S.88° 44' 37"W. 1325.54 feet to the southwest corner of the SE¼-SE¼, Section 2, T26N, R9W;

83. Thence N.88° 51' 57"E. 1323.40 feet to the northeast corner of the SE¼-SE¼;
84. Thence N.02° 18' 49"E. 1332.85 feet to the east quarter corner of said Section 2;
85. Thence S.88° 59' 18"W. 1321.27 feet to the southwest corner of the SE¼-NE¼, Section 2;
86. Thence N.02° 25' 24"E., along the west line of said SE¼-SE¼, 38.23 feet more or less to the centerline of Old Town Hall Road;

87. Thence S.88° 55' 45"W., along said centerline, 368.68 feet;
88. Thence S.02° 25' 17"W. 33.06 feet to the south line of Old Town Hall Road;
89. Thence S.88° 55' 45"W., along said south line, 2227.78 feet;
90. Thence N.02° 49' 11"E. 552.67 feet to the south line of Interstate Highway 94;
91. Thence S.89° 28' 46"E., along said south line, 594.54 feet to an angle point in said south line;
92. Thence N.82° 55' 18"E. 507.28 feet to an angle point in said south line;
93. Thence S.80° 24' 55"E. 573.00 feet to an angle point in said south line;
94. Thence N.79° 06' 46"E. 840.29 feet to an angle point in said south line;
95. Thence N.70° 13' 02"E., along said south line, 115.60 feet to its intersection with west line of said SE¼-SE¼, Section 2;
96. Thence N.02° 25' 24"E., along the west line of said SE¼-SE¼, 146.83 feet more or less to the reference line of Interstate 94;
97. Thence S.80° 45' 53"W., along said reference line, 203.65 feet more or less to the beginning of an arc in said reference line;
98. Thence westerly, along said reference line and along the arc of a curve concave northerly, the long chord which bears S.86° 11' 23"W. 2166.76 feet and having a radius of 11459.19 feet;
99. Thence N.88° 23' 07"W., along said reference line, 2258.88 feet more or less to a point N. 01° 38' 22"E. from the west corner of Lot 1, Certified Survey Map Number 1679 recorded in Volume 9, Page 107;
100. Thence S.01° 38' 22"W. 115.90 feet to said west corner;
101. Thence S.46° 33' 17"E., along the southwesterly line of said Lot, 481.68 feet to an angle point in said southwesterly line;
102. Thence S.54° 02' 45"E., along the southwesterly line of said Lot, 288.09 feet to an angle point in said southwesterly line;
103. Thence S.76° 29' 30"E., along said southwesterly line, 79.48 feet to the southwest corner of Lot 2, Certified Survey Map Number 1679;
104. Thence N.03° 11' 14"E. 500.47 feet to the northwest corner of said Lot 2;
105. Thence S.88° 22' 56"E. 26.71 feet to an angle point in the north line of said Lot;
106. Thence S.84° 44' 27"E. 551.11 feet to an angle point in the north line of said Lot;
107. Thence S.89° 30' 02"E. 724.82 feet to the northeast corner of said Lot on the east line of the SW¼-NW¼ of Section 2;
108. Thence S.02° 50' 56"W., along said east line, 553.59 feet more or less to the south right of way line of Old Town Hall Road;
109. Thence S.89° 47' 11"W., along said south line, 219.35 feet more or less to a jog in said south line;
110. Thence S.00° 12' 49"E., along said jog, 24.51 feet more or less;
111. Thence S.87° 19' 48"W., along said south line, 1092.94 feet more or less to the west line of NW¼-SW¼, Section 2;
112. Thence N.03° 11' 33"E., along said west line, 50.54 feet more or less to the east quarter corner of Section 3, T26N, R9W;
113. Thence N.88° 35' 46"W., along the extension easterly of a south line of Parcel F Certified Survey Map Number 42 recorded in Volume 1, Page 41, a distance of 1332.94 feet to and inside corner of said Parcel F and the northwest corner of Lot 8, plat of Brynwood;

114. Thence S.03° 01' 55"W. 668.43 feet more or less to a southeast corner of Parcel F;
115. Thence N.88° 09' 47"W. 99.77 feet more or less to the northeast corner of Lot 1 Certified Survey Map Number 729 recorded in Volume 4, Page 13;
116. Thence S.03° 05' 31"W. 668.26 feet to the southeast corner of said Lot 1 on the north line of the SW¼-SE¼, Section 3;
117. Thence S.87° 58' 28"E. 99.39 feet more or less to the northeast corner of said SW¼-SE¼;
118. Thence S.03° 05' 43"W., along the east line of said SW¼-SE¼, 250.07 feet more or less to a point 250 feet south of the north line of said SW¼-SE¼;
119. Thence N.88° 07' 17"W., parallel with said north line, 960.00 feet more or less to the easterly right of way line of S.T.H. 93;
120. Thence N.40° 04' 04"W., along said east right of way line, 336.14 feet more or less to the north line of said SW¼-SE¼;
121. Thence N.88° 07' 17"W., 140.04 feet more or less to the northeast corner of the SE¼-SW¼;
122. Thence N.88° 16' 03"W., along the north lines of said SE¼-SW¼ and SW¼-SW¼, Section 3, a distance of 2627.95 feet more or less to the northwest corner of said SW¼-SW¼;
123. Thence S.01° 24' 55"W. 1310.36 feet to the northwest corner of Section 10, T26N, R9W;
124. Thence S.00° 53' 58"W. 1314.44 feet to the northwest corner of the SW¼-NW¼, Section 10 and to the beginning of a meander line at the end of the boundary line that bears S. 87° 39' 09"E., along the north line of said SW¼-NW¼, 95 feet more or less to the thread of an unnamed tributary to Lowes Creek;
125. Thence S.45° 31' 11"W., along said meander line, 757.83 feet to a point on the easterly right-of-way line of South Lowes Creek, said point lying N.45° 31' 11"E. 25 feet more or less from the thread of an unnamed tributary to Lowes Creek;
126. Thence S.01° 34' 15"W., along said meander line, which ends at said thread, and along said easterly line, 106.62 feet;
127. Thence S.16° 28' 50"E., along said easterly line, 47.93 feet;
128. Thence S.23° 20' 44"E., along said easterly line, 86.76 feet more or less to the beginning of a curve in said easterly line;
129. Thence southeasterly, along said easterly line and along the arc of a curve concave northeasterly, the long chord which bears S.45° 49' 10"E. 543.61 feet and having a radius of 596.62 feet;
130. Thence S.72° 55' 17"E., along said easterly line, 189.80 feet more or less to the beginning of a curve in said easterly line;
131. Thence southeasterly, along said easterly line and along the arc of a curve concave southwesterly, the long chord which bears S.63° 53' 45"E. 212.29 feet and having a radius of 676.62 feet;
132. Thence S.53° 07' 37"E., along said easterly line, 64.19 feet more or less to its intersection with the south line of the NW¼ of said Section 10;
133. Thence N.87° 23' 19"W. 338.60 feet more or less to the east quarter corner of Section 9, T26N, R9W;

134. Thence S.87° 57' 41"W., along the south line of the NW¼, Section 9, a distance of 379.00 feet more or less to its intersection with the westerly right-of-way line of South Lowes Creek Road;
135. Thence N.16° 43' 11"W., along said westerly line, 214.74 feet;
136. Thence S.87° 57' 41"W. 194.52 feet;
137. Thence S.00° 53' 58"W. 208.00 feet more or less to the south line of said NW¼;
138. Thence S.87° 57' 41"W., along said south line, 1894.05 feet to the northeast corner of the SW¼ of said Section 9;
139. Thence S.00° 18' 57"E., along the east line of said SW¼, 2647.28 feet to the southeast corner of said SW¼;
140. Thence S.88° 02' 22"W. 2642.12 feet to the southwest corner of said Section 9;
141. Thence N.89° 04' 56"W., along the south line of the SE¼ of Section 8, T26N, R9W, 1906.92 feet;
142. Thence N.01° 07' 29"W. 762.12 feet;
143. Thence S.89° 57' 54"W. 212.07 feet;
144. Thence N.00° 58' 53"E. 444.46 feet;
145. Thence S.89° 26' 19"W. 495.22 feet more or less to the west line of said SE¼;
146. Thence N.00° 56' 51"E., along said west line, 66.08 feet;
147. Thence N.89° 23' 23"E. 665.26 feet;
148. Thence N.89° 29' 28"E. 1969.50 feet to the southwest corner of the NW¼-SW¼ of Section 9, T26N, R9W;
149. Thence N.00° 37' 33"E. 1322.67 feet to the west quarter corner of said Section 9;
150. Thence N.00° 06' 08"E., along the west line of said Section 9, a distance of 290.50 feet more or less to the southwest corner of said Wood Crest Highlands 2nd Addition;
151. Thence N.88° 33' 52"E. 633.86 feet more or less to the southwest corner of Certified Survey Map Number 144 recorded in Volume 1, Page 174 and the southeast corner of Wood Crest Highlands 2nd Addition;
152. Thence N.88° 23' 51"E. 683.18 feet to the southwest corner of said Certified Survey Map Number 2245 recorded in Volume 12, Page 143 and the southeast corner of Certified Survey Map Number 999, recorded in Volume 5, Page 204-205;
153. Thence N.88° 25' 21"E. 726.08 feet to an angle point in the south line of said Certified Survey Map Number 2245;
154. Thence N.83° 52' 51"E. 252.46 feet to the southeast corner of said Certified Survey Map Number 2245;
155. Thence N.01° 34' 32"W. 249.88 feet more or less to the northeast corner of said Certified Survey Map Number 2245;
156. Thence N.88° 24' 33"E., along the southerly right-of-way line of Rainetta Drive and its extension easterly, 307.21 feet more or less to the east line of the SE¼-NW¼, Section 9;
157. Thence N.00° 18' 57"W., along said east line, 550.20 feet more or less to the northerly right of way line of Evergreen Terrace;
158. Thence northeasterly, along said northerly line and along the arc of a curve concave southeasterly, the long chord which bears N.52° 09' 14"E. 88.01 feet and having a radius of 173.00 feet;
159. Thence N.66° 53' 20"E., along said northerly line, 182.49 feet;

160. Thence northeasterly, along said northerly line and along the arc of a curve concave northwesterly, the long chord which bears N.62° 13' 08"E. 143.62 feet and having a radius of 882.00 feet;
161. Thence N.57° 32' 56"E., along said northerly line, 181.55 feet more or less;
162. Thence N.87° 08' 22"E., along said northerly line, 1322.41 feet more or less to its intersection with the west right of way line of South Lowes Creek Road;
163. Thence N.11° 00' 08"W., along said west line, 370.61 feet;
164. Thence N.78° 30' 43"E. 392.93 feet;
165. Thence N.11° 00' 17"W. 402.60 feet;
166. Thence S.78° 30' 43"W. 392.91 feet more or less to the west right of way line of South Lowes Creek Road;
167. Thence N.11° 00' 08"W., along said west line, 469.77 feet more or less to an angle point in said west line;
168. Thence N.11° 02' 38"W., along said west line, 602.62 feet more or less to an angle point in said west line;
169. Thence N.14° 22' 38"W., along said west line, 657.70 feet more or less to an angle point in said west line;
170. Thence N.52° 50' 23"W., along the southwesterly line of South Lowes Creek Road, 78.29 feet more or less to an angle point in said southwesterly line;
171. Thence S.88° 41' 18"W., along the south line of South Lowes Creek Road, 1204.62 feet more or less to an angle point in said south line;
172. Thence N.78° 05' 55"W. along the southwesterly line of South Lowes Creek Road, 96.46 feet more or less to the beginning of a curve in said southwesterly line;
173. Thence northwesterly, along said southwesterly line and along the arc of a curve concave northeasterly, the long chord which bears N.63° 15' 10"W. 390.53 feet and having a radius of 762.10 feet;
174. Thence N.48° 24' 26"W., along said southwesterly line, 306.50 feet more or less to the north corner of Lot 2, Certified Survey Map Number 1037, recorded in Volume 5, Page 274;
175. Thence N.01° 14' 06"E. 954.15 feet more or less to the northeast corner of Certified Survey Map Number 1960, recorded in Volume 10, Page 343 on the east-west quarter line of Section 4, T26N, R9W;
176. Thence N.88° 42' 51"E., along said east-west quarter line, 651.31 feet more or less to the southwest corner of the SW¼-NE¼, Section 4;
177. Thence N.01° 22' 52"E., along the west line of said SW¼-NE¼, 625.22 feet more or less to the south right of way line of Interstate 94;
178. Thence N.89° 35' 38"E., along said south right of way line, 865.00 feet more or less to an angle point in said south line;
179. Thence N.87° 18' 12"E., along said south right of way line, 436.24 feet more or less to northwest corner of Certified Survey Map Number 3570 recorded in Volume 20, Page 141 on the east line of said SW¼-NE¼;
180. Thence N.02° 00' 28"E., along the east line of said SW¼-NE¼, 369.98 feet more or less to the north right of way line of Interstate 94;
181. Thence N.87° 20' 57"W., along said north line, 445.52 feet more or less to an angle point in said north line;

182. Thence S.89° 35' 53"W., along said north line, 858.77 feet more or less to its intersection with the east line of the SE¼-NW¼, Section 4;
183. Thence N.01° 22' 52"E., along said east line and the east line of the NE¼-NW¼, Section 4, a distance of 440.28 feet more or less to its intersection with the south line of Meadow Lane;
184. Thence N.87° 40' 48"W., along said south line, 225.17 feet more or less to the northeast corner of Lot 19, Block 1, Lowes Creek Meadows Subdivision;
185. Thence S.00° 51' 12"W. 250.00 feet to the southeast corner of said Lot;
186. Thence N.89° 08' 48"W. 199.93 feet to the southwest corner of said Lot;
187. Thence N.00° 51' 09"E. 255.12 feet more or less to the northwest corner of said Lot;
188. Thence N.87° 40' 48"W., along the south line of Meadow Lane, 65.87 feet more or less to the beginning of a curve;
189. Thence northerly, along the southwesterly line of Meadow Lane and along the arc of a curve concave northeasterly, the long chord which bears N.42° 40' 47"W. 248.90 and having a radius of 176.00 feet;
190. Thence N.02° 19' 12"E., along the west line of Meadow Lane, 70.73 feet more or less to the northeast corner of Lot 16, Block 1, Lowes Creek Meadows Subdivision;
191. Thence N.89° 05' 48"W. 209.79 feet to the northwest corner of said Lot 16;
192. Thence S.00° 54' 12"W., along the west line of said Lot 16 and along the west line of Lot 17, Block 1, Lowes Creek Meadows Subdivision, 340.90 feet more or less to an angle point in the west line of said Lot 17;
193. Thence S.36° 57' 12"W., along said west line, 453.50 feet to the beginning of a meander line of Lowes Creek;
194. Thence N.34° 10' 12"W. 99.53 feet more or less to the end of said meander line and to a point on a line parallel with the west line of the SE¼-NW¼ and NE¼-NW¼ of said Section 4, said parallel line being 115.5 feet east of said west line;
195. Thence N.01° 05' 22"E., along said parallel line, 562.23 feet more or less to a point 327.33 feet north of the south line of said NE¼-NW¼;
196. Thence S.88° 50' 54"W., parallel with the south line of said NE¼-NW¼, 115.50 feet to the west line of said NE¼-NW¼;
197. Thence N.01° 05' 22"E., along said west line, 71.47 feet more or less to the east right of way line of Lowes Creek Road;
198. Thence northerly, along said east line and along the arc of a curve concave westerly, the long chord which bears N.13° 05' 25"E. 66.13 feet more or less and having a radius of 572.31 feet more or less, to its intersection with the south line of Lot 9, Block 1, Lowes Creek Meadows Subdivision extended westerly;
199. Thence S.89° 05' 48"E., along said extension and along said south line, 330.93 feet more or less to the southwest corner of Lot 15, Block 1, Lowes Creek Meadows Subdivision;
200. Thence N.01° 13' 12"E. 120.00 feet to the northwest corner of said Lot 15;
201. Thence S.89° 05' 48"E. 303.75 feet more or less to the northeast corner of said Lot 15;
202. Thence northerly, along the west right of way line of Meadow Lane and along the arc of a curve concave westerly, the long chord which bears N.02° 35' 01"W. 120.22

and having a radius of 1762.80 feet, to the southeast corner of Lot 13, Block 1, Lowes Creek Meadows Subdivision;

203. Thence N.89° 05' 48"W. 295.77 feet more or less to the southwest corner of said Lot 13;

204. Thence N.01° 13' 12"E. 120.00 feet more or less to the northwest corner of said Lot 13;

205. Thence N.02° 07' 12"W., along the east lines of Lots 7 and 6, Block 1, Lowes Creek Meadows Subdivision, 360.50 feet more or less to the northeast corner of said Lot 6;

206. Thence N.89° 05' 48"W., along the north line of said Lot 6 and its extension westerly, 357.09 feet more or less to the west right of way line of Lowes Creek Road;

207. Thence N.01° 05' 22"E., along said west line, 114.13 feet more or less to a point that is 173 feet south of the north line of the NW¼-NW¼, Section 4;

208. Thence N.89° 34' 18"W., parallel with said north line, 677.39 feet more or less to a point 713.4 feet west of the east line of said NW¼-NW¼;

209. Thence S.01° 05' 22"W. 65.19 feet more or less to a point that is east of the intersection of the thread of Lowes Creek and a line that is 764.4 feet west of the northeast corner of said NW¼-NW¼, as measured along the north line of said NW¼-NW¼, and parallel with the east line of said NW¼-NW¼;

210. Thence N.89° 34' 20"W. 49.95 feet more or less to said intersecting point;

211. Thence N.01° 05' 22"E., along said parallel line, 238.18 feet more or less to said north line of the NW¼-NW¼;

212. Thence N.89° 35' 02"W., along said north line, 449.92 feet more or less to the beginning of a meander line along Lowes Creek;

213. Thence N.00° 39' 24"W., along said meander line, 107.70 feet more or less to the end of said meander line on the northwesterly line of Neuser Estates;

214. Thence N.76° 43' 38"E., along said north line, 219.70 feet more or less to an angle point in said northwesterly line;

215. Thence N.43° 13' 57"E., along said northwesterly line, 500.00 feet more or less to the southwesterly right of way line of Lowes Creek Road;

216. Thence N.46° 46' 03"W., along said southwesterly line, 44.75 feet more or less to its intersection with the west right of way line of Cummings Avenue extended southerly;

217. Thence N.00° 45' 27"E., along said extension 89.48 feet more or less to the intersection of the west right of way line of Cummings Avenue with the northeasterly right of way line of Lowes Creek Road;

218. Thence N.46° 46' 03"W., along said northeasterly line of Lowes Creek Road, 402.07 feet more or less to its intersection with the west line of Lot 2, Certified Survey Map Number 464 recorded in Volume 2, Page 303, extended southerly;

219. Thence N.00° 45' 16"E., along said extension and along said west line of Lot 2, a distance of 308.08 feet more or less to the northwest corner of said Lot 2;

220. Thence S.89° 36' 38"E., along the north line of said Lot 2 and its extension easterly, 362.14 feet more or less to its intersection with the east right of way line of Cummings Avenue;

221. Thence S.00° 42' 58"W., along said east line, 252.72 feet more or less to the northwest corner of Lot 2, Certified Survey Map Number 578 recorded in Volume 3, Page 116;

222. Thence S.88° 42' 00"E., along the north line of said Lot 2, 263.82 feet;
223. Thence S.00° 43' 54"W., parallel with the east line of said Lot 2, a distance of 343.84 feet more or less to a point 33 feet south of the south line of said Lot 2;
224. Thence N.89° 35' 50"W., parallel with said south line, 98.83 feet more or less;
225. Thence S.00° 57' 57"W. 169.08 feet more or less to a point that is N.55° 32' 19"E. 18.10 feet from a point on the northeasterly right of way line of Lowes Creek Road, said point being on the northeasterly right of way line of Lowes Creek Road and being 203.11 feet southeasterly of the northeast corner of Lowes Creek Road and Cummings Avenue;
226. Thence S.55° 32' 19"W. 18.10 feet to said point;
227. Thence S.46° 46' 03"E., along the northeasterly right of way line of Lowes Creek Road, 609.56 feet more or less to the west right of way line of Cottonwood Drive;
228. Thence N.00° 34' 13"E., along said west right of way line, 460.58 feet more or less to a point that is 494.28 feet north of the south line of the SW¼-SW¼, Section 33, T27N, R9W;
229. Thence N.89° 34' 06"W., parallel with said south line, 296.54 feet;
230. Thence N.00° 34' 04"E., parallel with the west right of way line of Cottonwood Drive, 822.01 feet more or less to the north line of said SW¼-SW¼;
231. Thence S.89° 38' 09"E. 329.58 feet more or less to the northeast corner of said SW¼-SW¼;
232. Thence N.00° 34' 13"E. 1316.68 feet more or less to the northeast corner of the NW¼-SW¼, Section 33;
233. Thence N.89° 42' 11"W. 692.36 feet more or less to the centerline of Cummings Avenue;
234. Thence S.00° 45' 19"W., along the extension of said centerline, 33.00 feet more or less to the south right of way line of Mitchell Avenue;
235. Thence N.89° 42' 11"W. 659.03 feet more or less to the west right of way line of Nimitz Street;
236. Thence N.00° 37' 12"E., along said west line, 207.06 feet more or less to the southeast corner of Lot 8, Block 4, King's Addition;
237. Thence N.89° 45' 08"W. 297.75 feet more or less to the southwest corner of said Lot 8;
238. Thence N.00° 37' 12"E. 139.50 feet more or less to the northwest corner of said Lot 8;
239. Thence S.89° 45' 08"E. 297.75 feet more or less to the northeast corner of said Lot 8;
240. Thence N.00° 37' 12"E., along the west line of Nimitz Street, 139.50 feet more or less to the southeast corner of Lot 6, Block 4, King's Addition;
241. Thence N.89° 45' 08"W. 297.75 feet more or less to the southwest corner of said Lot 6;
242. Thence N.00° 37' 12"E., along the west lines of Lots 6 and 5, Block 4, King's Addition, 279.01 feet more or less to the southeast corner of Lot 15, Block 4, King's Addition;
243. Thence N.89° 45' 08"W., along the south line of said Lot 15 and its extension westerly, 357.75 feet more or less to the northeast corner of corner of Lot 5, Block 3, King's Addition on the west right of way line of Halsey Street;

244. Thence S.00° 37' 12"W. 139.50 feet more or less to the southeast corner of said Lot 5;
245. Thence N.89° 45' 08"W. 297.76 feet more or less to the southwest corner of said Lot 5;
246. Thence N.00° 37' 12"E., along the west lines of Lots 5, 4, 3 and 2, Block 3, King's Addition, a distance of 543.01 feet more or less to a point on the west line of said Lot 2 that is 15 feet south of the north line of said Lot 2;
247. Thence S.89° 45' 08"E., parallel with said north line, 297.76 feet more or less to the east line of said Lot 2;
248. Thence S.00° 37' 12"W. 124.50 feet more or less to the southeast corner of said Lot 2;
249. Thence S.89° 45' 08"E. 357.75 feet more or less from said southeast corner, across Halsey Street and the north line of Lot 16, Block 4, King's Addition to the northeast corner of said Lot 16;
250. Thence N.00° 37' 12"E., along the east lines of corner of Lots 17 and 18, Block 4, King's Addition 279.01 feet more or less to the south right of way line of Mitscher Avenue;
251. Thence N.89° 45' 08"W., along said south line, 357.75 feet more or less to the west right of way line of Halsey Street and the northeast corner of Lot 1, Block 3, King's Addition;
252. Thence S.00° 37' 12"W. 139.50 feet to the southeast corner of said Lot 1;
253. Thence N.89° 45' 08"W. 297.76 feet to the southwest corner of said Lot 1;
254. Thence N.00° 37' 04"E., along the west line of said Lot 1, across Mitscher Avenue and along the west line of Certified Survey Map Number 3548 recorded in Volume 20, Page 91, 342.61 feet more or less to the northwest corner of said Certified Survey Map Number 3548;
255. Thence S.89° 42' 22"E. 297.75 feet more or less to the northeast corner of said Certified Survey Map Number 3548;
256. Thence N.00° 37' 12"E., along the west right of way line of Halsey Street, 142.75 feet more or less to the intersection with the south line of Lot 16, Block 2, King's Addition;
257. Thence S.89° 42' 22"E., along said extension, 60.00 feet to the east right of way line of Halsey Street;
258. Thence N.00° 37' 12"E., along said east line, 142.75 to the northwest corner of said Lot 16;
259. Thence S.89° 42' 22"E. 297.75 feet to the northeast corner of said Lot 16;
260. Thence N.00° 37' 12"E. 142.75 feet to the southeast corner of Lot 18, Block 2, King's Addition;
261. Thence N.89° 42' 22"W. 297.75 feet to the southwest corner of said Lot 18;
262. Thence N.00° 37' 12"E. 142.75 feet to the northwest corner of said Lot 18;
263. Thence S.89° 42' 22"E. 297.75 feet to the northeast corner of said Lot 18;
264. Thence N.00° 37' 12"E. 285.50 feet more or less to the northeast corner of Lot 20, Block 2, King's Addition;
265. Thence N.89° 42' 22"W. 297.75 feet to the northwest corner of said Lot 20;
266. Thence S.00° 37' 12"W. 142.75 feet to the southwest corner of said Lot 20;

267. Thence N.89° 42' 22"W. 60.00 feet the west right of way line of Halsey Street and the northeast corner of Lot 8, Block 1, King's Addition;
268. Thence S.00° 37' 12"W. 142.75 feet to the southeast corner of said Lot 8;
269. Thence N.89° 42' 22"W. 297.75 feet to the southwest corner of said Lot 8;
270. Thence N.00° 37' 12"E., along the west lines of Lots 8 and 7, Block 1, King's Addition, 285.50 feet more or less to the northeast corner of Lot 20, Block 1, King's Addition;
271. Thence N.89° 42' 22"W. 302.13 feet to the northwest corner of said Lot 20;
272. Thence S.00° 47' 08"W., along the east right of way line of Patton Street, 40.22 feet more or less to its intersection with the north line of Lot 26, First Assessor's Plat Town Of Washington extended easterly;
273. Thence N.89° 47' 21"W., along said extension and along said north line, 381.31 feet more or less to the northeast corner of the west half of said Lot 26;
274. Thence S.00° 08' 38"W., along the east line of said west half of Lot 26 and along the east line of the west half of the north half of Lot 27, First Assessor's Plat Town Of Washington, 98.13 feet more or less to the southeast corner of said west half of the north half of Lot 27;
275. Thence N.89° 51' 22"W., along the south line of the north half of said Lot 27 and its extension westerly 396.20 feet more or less to its intersection with the west right of way line of State Street;
276. Thence N.00° 37' 07"E., along said west line, 136.60 feet more or less to the southeast corner of Lot 37, First Assessor's Plat Town Of Washington;
277. Thence N.89° 42' 24"W., along the south line of said Lot 37, a distance of 580.84 feet more or less to the northeast corner of the plat of Evergreen Park;
278. Thence S.00° 22' 53"W., along the east line of said Evergreen Park, 367.83 feet more or less to the northwest corner of the plat of Forest Glen Estates;
279. Thence S.89° 44' 29"E. 579.51 to the northeast corner of said Forest Glen Estates;
280. Thence S.00° 36' 24"W. 199.99 feet to the southeast corner of Lot 10, Forest Glen Estates;
281. Thence N.89° 44' 00"W. 268.00 feet to an inside corner of said Forest Glen Estates on the east line of Lot 12, Forest Glen Estates;
282. Thence S.00° 36' 10"W., along the east line of said Forest Glen Estates, 142.33 feet more or less to an angle point in the north right of way line of Westover Road
283. Thence S.89° 44' 24"E., along said north line, 6.00 feet to its intersection with the west line of Lot 41, First Assessor's Plat Town Of Washington extended northerly;
284. Thence S.00° 27' 03"W., along said extension, 15.86 feet more or less to a point 35 feet north of the south right of way line of Westover Road;
285. Thence S.89° 44' 24"E., parallel with said south line, 268.19 feet more or less to the east line of said Lot 41 extended northerly;
286. Thence S.00° 34' 03"W., along the west right of way line of State Street, 307.05 feet more or less to the northeast corner of Lot 50, First Assessor's Plat Town Of Washington;
287. Thence N.89° 48' 29"W., along the north line of said Lot 50, a distance of 667.59 feet more or less to the southwest corner of Lot 14, First Assessor's Plat Town Of Washington;

288. Thence N.00° 20' 01"E., along the west line of said Lot 14, a distance of 267.59 feet more or less to the south right of way line of Westover Road;
289. Thence N.89° 44' 24"W., along said south line, 441.00 feet more or less to the east line of Lot 11, First Assessor's Plat Town Of Washington;
290. Thence S.00° 20' 01"W., along said east line, 226.72 feet more or less to a point 40 feet north of the south line of said Lot 11;
291. Thence N.89° 43' 54"W., parallel with said south line, 90.00 feet more or less to the west line of said Lot 11;
292. Thence N.00° 20' 01"E., along said west line, 226.71 feet more or less to the south right of way line of Westover Road;
293. Thence N.89° 44' 24"W., along said south line, 399.52 feet more or less to a point 234.25 east of the east right of way line of Ellis Street;
294. Thence S.00° 21' 36"W. 266.65 feet more or less to a point on the north line of Lot 21, First Assessor's Plat Town Of Washington, said point being 234.06 feet east of the east right of way line of Ellis Street;
295. Thence S.89° 43' 54"E., along said north line and the north line of the plat of Garden Park, 898.01 feet more or less to the northeast corner of Garden Park;
296. Thence S.00° 30' 32"W. 785.35 feet more or less to the southeast corner of Lot 15, Garden Park;
297. Thence N.89° 43' 37"W. 190.88 feet to the northeast corner of Lot 17, Garden Park;
298. Thence S.00° 29' 11"W. 285.94 feet to the southeast corner of Lot 18, Garden Park;
299. Thence N.89° 45' 18"W. 33.20 feet to the northeast corner of Outlot 1, Garden Park;
300. Thence S.00° 29' 31"W., along the east line of said Outlot 1 and its extension southerly, 300.92 feet more or less to its intersection with the south line of Grover Road;
301. Thence N.89° 45' 31"W., along said south line of Grover Road, 286.29 feet more or less to its intersection with the west line of Lot 1, Garden Park extended southerly;
302. Thence N.00° 37' 25"W. 425.98 feet more or less to an inside corner on the west line of Lot 3, Garden Park;
303. Thence N.89° 42' 25"W. 229.51 feet more or less to a point 360 north of the south line Lot 21, First Assessor's Plat Town Of Washington and 210 feet west of the east line of said Lot 21;
304. Thence S.00° 31' 25"W., parallel with the east line of said Lot 21, a distance of 426.14 feet more or less to the south right of way line of Grover Road;
305. Thence N.89° 45' 31"W., along said south line, 484.10 feet more or less to its intersection with the west right of way line of Ellis Street extended southerly;
306. Thence N.00° 34' 45"E. 66.23 feet more or less to the intersection of the north right of way of Grover Street and the west right of way line of Ellis Street;
307. Thence N.89° 40' 30"W., along said north line 280.90 feet more or less to the west line of Lot 19, First Assessor's Plat Town Of Washington;
308. Thence N.00° 34' 05"E., along said west line, 473.56 feet more or less to the south right of way line of Dorbe Street;
309. Thence N.89° 55' 00"W., along said south line, 17.68 feet more or less to the east line of Lot 17, First Assessor's Plat Town Of Washington;

- 310. Thence S.00° 22' 49"W., along said east line, 214.19 feet more or less;
- 311. Thence N.89° 48' 51"W. 110.00 feet to a point 110 feet west of said east line;
- 312. Thence N.00° 22' 49"E., parallel with said east line, 172.00 feet more or less to the south line of Dorbe Street;
- 313. Thence S.55° 22' 58"W., along said south line, 72.83 feet more or less to the beginning of a curve in said south line;
- 314. Thence southwesterly, along said south line and along the arc of a curve concave northerly, the long chord which bears S.72° 48' 43"W. 134.26 feet and having a radius of 224.12 feet;
- 315. Thence N.89° 45' 32"W., along said south line, 49.42 feet more or less to the northeast corner of Certified Survey Map Number 545 recorded in Volume 3, Page 52;
- 316. Thence S.00° 26' 30"W. 178.29 feet to the southeast corner of said Certified Survey Map;
- 317. Thence N.89° 43' 24"W. 167.10 feet to the southwest corner of said Certified Survey Map;
- 318. Thence N.00° 25' 34"E. 79.93 feet to an inside corner on the west line of said Certified Survey Map;
- 319. Thence N.89° 43' 24"W. 20.00 feet to the east line of Lot 16-A, First Assessor's Plat Town Of Washington;
- 320. Thence S.00° 25' 34"W., along said east line, 103.41 feet more or less to a point 35 feet north of the south line of said Lot 16-A;
- 321. Thence N.89° 45' 31"W., parallel with said south line, 127.08 feet more or less to the west line of said Lot 16-A;
- 322. Thence N.00° 24' 43"E., along said west line, 201.65 feet more or less to the south right of way line of Dorbe Street;
- 323. Thence N.89° 45' 32"W., along said south line, 290.78 feet more or less to the east right of way line of Stein Boulevard;
- 324. Thence S.00° 24' 43"W., along said east line and its extension southerly, 416.00 feet more or less to the south right of way of Grover Road;
- 325. Thence N.89° 01' 25"W. 9.01 feet more or less to the northwest corner of the plat of Corydon West Subdivision;
- 326. Thence S.00° 55' 32"W. 636.07 feet to the southwest corner of said Corydon West Subdivision;
- 327. Thence S.89° 45' 31"E. 1265.02 feet to the southeast corner of said Corydon West Subdivision;
- 328. Thence N.00° 21' 29"E., along the east line of Corydon West Subdivision, 367.71 feet more or less to the intersection with the north line of Lot 4, Block 1, plat of Corydon Park extended westerly;
- 329. Thence S.89° 45' 31"E., along said extension and said north line, 215.84 feet more or less to the northeast corner of said Lot 4;
- 330. Thence S.00° 21' 29"W. 89.40 feet to the southeast corner of said Lot 4;
- 331. Thence N.89° 45' 31"W. 150.00 feet to the southwest corner of said Lot 4;
- 332. Thence S.00° 21' 29"W. 278.40 feet to the southwest corner of Lot 7, Block 1, Corydon Park;
- 333. Thence S.45° 25' 31"E. 493.85 feet to the westerly corner of Lot 12, Block 1, Corydon Park;

334. Thence N.44° 34' 29"E. 130.00 feet to the northerly corner of said Lot 12;
335. Thence S.45° 25' 31"E. 100.00 feet to the easterly corner of said Lot 12;
336. Thence S.44° 34' 29"W. 130.00 feet to the southerly corner of said Lot 12;
337. Thence S.45° 25' 31"E. 30.00 feet to an angle point in the west line of Corydon Park;
338. Thence S.00° 24' 36"W., along said west line and the east line of the west 480 feet of the SE¼-SW¼, Section 32, T27N, R9W, 1509.90 feet more or less to the south line of said SE¼-SW¼;
339. Thence N.89° 49' 36"W., along said south line and along the north line of the NW¼-NW¼, Section 5, T26N, R9W, 1140.53 feet more or less to the northeast corner of the west half of said NW¼-NW¼;
340. Thence S.00° 16' 54"W., along the east line of said NW¼-NW¼, 898.93 feet to the northerly right of way line of Interstate 94;
341. Thence northwesterly, along said northerly line and the arc of a curve concave northeasterly, the long chord which bears N.67° 25' 47"W. 1007.49 feet more or less and having a radius of 5554.65 feet;
342. Thence N.26° 03' 34"W., along said northerly line, 59.66 feet to the beginning of a curve in said northerly line;
343. Thence northwesterly, along said northerly line and the arc of a curve concave northeasterly, the long chord which bears N.60° 07' 36"W. 308.23 feet more or less and having a radius of 5519.65 feet;
344. Thence N.00° 01' 18"W. 117.69 feet more or less along said northerly line to the beginning of a curve in said northerly line;
345. Thence northwesterly, along said northerly line and the arc of a curve concave northeasterly, the long chord which bears N.55° 36' 10"W. 430.03 feet more or less and having a radius of 5419.65 feet;
346. Thence N.53° 19' 45"W., along said northerly line, 125.25 feet more or less to an angle point in said northerly line;
347. Thence N.86° 17' 55"W., along said northerly line 220.51 feet more or less to an angle point in said northerly line;
348. Thence N.53° 19' 45"W. 146.69 feet more or less to the beginning of a curve in said northerly line;
349. Thence northwesterly, along said northerly line and the arc of a curve concave southwesterly, the long chord which bears N.55° 12' 18"W. 512.58 feet more or less and having a radius of 7829.49 feet to the intersection with the west line of the plat of Partridge Run extended southerly;
350. Thence N.00° 11' 37"E., along said extension line, 1001.30 feet more or less to the southwest corner of Partridge Run;
351. Thence S.89° 53' 18"E. 233.72 feet to the southwest corner of Lot 5, Partridge Run;
352. Thence S.89° 48' 53"E. 235.00 feet to the southeast corner of said Lot 5;
353. Thence N.00° 11' 07"E. 205.00 feet to the northeast corner of said Lot 5;
354. Thence S.89° 48' 53"E. 2.52 feet more or less to the southeast corner of Lot 4, Partridge Run;
355. Thence N.00° 11' 07"E. 861.99 feet to the northeast corner of Partridge Run;

356. Thence S.89° 43' 23"W., along the south right of way line of Grover Road, 1244.59 feet more or less to the east right of way line of Glen Crest Court;
357. Thence S.00° 25' 48"E., along said east line, 120.00 feet to the beginning of curve;
358. Thence southerly, along said east line and along the arc of a curve concave westerly, the long chord which bears S.00° 38' 55"E. 99.97 feet and having a radius of 60.00 feet to the northeast corner of Lot 3, plat of Glen Crest;
359. Thence S.34° 14' 15"E. 270.91 feet to the southeast corner of said Lot 3;
360. Thence S.89° 34' 12"W. 331.47 feet to the southeast corner of Lot 2, Glen Crest;
361. Thence N.53° 30' 16"W., along the west line of said Lot 2, a distance 58.40 feet to an angle point in said west line;
362. Thence N.00° 05' 37"W., along said west line 103.00 feet to an angle point in said west line;
363. Thence N.31° 05' 37"W., along said west line 127.00 feet more or less to the southeast corner of Lot 10, plat of Ohm's Acres;
364. Thence S.89° 57' 17"W. 202.41 feet to the southwest corner of said Lot 10;
365. Thence S.00° 02' 36"E., along the east right of way line of Partridge Run, 5.46 feet to its intersection with the south line of Lot 1, Ohm's Acres extended easterly;
366. Thence S.89° 57' 24"W., along said extension and along said south line, 256.52 feet more or less to the southwest corner of said Lot 1;
367. Thence S.00° 02' 35"E., along the west line of Lot 2, Ohm's Acres, 59.96 feet more or less to the southeast corner of Certified Survey Map Number 1198 recorded in Volume 6, Page 208;
368. Thence S.81° 46' 05"W. 287.62 feet more or less to the southwest corner of said Certified Survey Map;
369. Thence S.16° 17' 03"W., along the east line of the plat of Forest Knoll, 650.00 feet more or less to the northerly right of way line of Interstate 94;
370. Thence N.60° 42' 38"W., along said northerly line, 889.06 feet more or less to its intersection with the former west right of way line of Old Grover Road;
371. Thence S.14° 35' 06"W., along said former west line 258.34 feet more or less to its intersection with the reference line for Interstate 94;
372. Thence N.60° 43' 45"W., along said reference line, 617.96 feet more or less to its intersection with the west line of the SW¼, Section 31, T27N, R9W;
373. Thence S.00° 00' 30"W. 2222.30 feet more or less to the northwest corner of Section 6, T26N, R9W;
374. Thence S.00° 14' 48"W. 2805.14 feet to the west quarter corner of said Section 6;
375. Thence S.00° 19' 22"W. 2651.79 feet to the northwest corner of Section 7, T26N, R9W;
376. Thence S.00° 11' 00"W. 2637.36 feet to the west quarter corner of said Section 7;
377. Thence S.00° 11' 00"W. 2637.36 feet to the northwest corner of Section 18, T26N, R9W;
378. Thence S.00° 02' 17"E. 2649.84 feet to the west quarter corner of said Section 18;
379. Thence S.00° 32' 14"W. 2642.27 feet to the point of beginning.

Said parcel include all lands between the described meander lines and the adjacent creeks.

Excepting from the above-described parcel the following:

Beginning at the Northwest Corner of said Section 15, T26N, R9W;

Thence S01° 49'00"W along the West line of said NW1/4 of the NW1/4, 61.62 feet to the south right of way line of County Highway II;

Thence continuing S01° 49'00"W along the West line of said NW1/4 of the NW1/4, 1232.74 feet to the Southwest corner of said NW1/4 of the NW1/4;

Thence S86°54'13"E along the South line of the NW/4 of said Section 15, 1306.45 feet to the Westerly right of way line of South Lowes Creek Road;

Thence continuing S86°54'13"E, along said South line, 67.49 feet to the easterly right of way line of South Lowes Creek Road;

Thence continuing S86°54' 13"E, along said south line, 819.23 feet to the "Tree Line";

Thence N03°05'26"E 22.80 feet;

Thence N60°19'34"E 248.00 feet;

Thence N00°30'53"W 172.24 feet;

Thence N16°01 '53"W 284.68 feet;

Thence N38°53'39"W 129.28 feet;

Thence N43°19'55"W 255.06 feet;

Thence N75°58'02"W 107.65 feet to the southeast corner of Lot 5 of Certified Survey Map Number 2002 recorded in Volume 11 of Certified Survey Maps, Page 21, as Document No. 847804;

Thence N86°38'30"W, along the south line of said Lot 5, 722.69 feet to the easterly right of way line of South Lowes Creek Road;

Thence N00°16'46"E, along said easterly right of way line, 100.14 feet to the southwest corner of Lot 1 of Certified Survey Map Number 1903 recorded in Volume 10 of Certified Survey Maps, Page 214, as Document No. 823581;

Thence continuing N00°16'46"E, along said Easterly right of way line, 268.03 feet;

Thence N50°53'19"E 65.31 feet to the southerly right of way line of County Highway II;

Thence N02°53'43"W 66.06 feet to the northerly right of way line of County Highway II;

Thence N53°39'51"W, along the easterly right of way line of South Lowes Creek Road, 58.57

feet;

Thence N00°22'41"E, along said easterly right of way line, 198.97 feet to the Northwest corner of Lot 1 of Certified Survey Map Number 1621 recorded in Volume 8 of Certified Survey Maps, Page 352, as Document No. 766133;

Thence N00°22'41"E, along said easterly right of way line, 738.35 feet;

Thence along the arc of a curve concave westerly having a radius of 644.60 feet and whose chord bears N12°28'12"W 286.68 feet;

Thence along the arc of a curve concave westerly having a radius of 1055.94 feet and whose chord bears N25°19'50"W 0.45 feet to the north line of the SW1/4 of the SW1/4 of said Section 10;

Thence N87°09'41"W, along said north line, 75.61 feet to the westerly right of way line of South Lowes Creek Road;

Thence continuing N87°09'41"W, along said North line, 1137.02 feet to the Northwest corner of the SW1/4 of the SW1/4 of said Section 10;

Thence S02°40'22"E, along the West line of said SW1/4 of the SW1/4, 1318.54 feet to the North right of way line of County Highway II;

Thence continuing S02°40'22"E, along said West line, 4.42 feet to the point of beginning.

Parcel B:

Commencing at the north quarter corner of Section 35, T27N, R9W; thence S.89° 58' 07"E., along the north line of the NE¼ of Section 35, a distance of 1321.52 feet to the northeast corner of the NW¼-NW¼ of Section 35; thence S.00° 01' 01"W., along the east line of the NW¼-NW¼, 33.00 feet to its intersection with the south line of Hamilton Avenue and the point of beginning;

380. Thence S.00° 01' 01"W., along the said east line, 944.81 feet more or less to its intersection with the east line of Gateway Drive;

381. Thence N.45° 11' 16"W., along said east line, 201.81 feet;

382. Thence northerly, along said east line and along the arc of a curve concave northeasterly, the long chord which bears N.23° 55' 33"W. 537.01 feet and having a radius of 740.43 feet;

383. Thence N.02° 39' 49"W., along said east line, 35.52 feet more or less to its intersection with the south line of Lot 1 Certified Survey Map Number 914 recorded in Volume 5, Page 39 extended easterly;

384. Thence N.89° 38' 21"W., along said extension and along said south line, 433.54 feet more or less to the southwest corner of said Lot 1;

385. Thence N.00° 12' 32"E. 273.94 feet to the northwest corner of said Lot 1 and the south right of way line of Hamilton Avenue;

386. Thence N.89° 58' 07"W., along said south line, 526.02 feet to its intersection with the east line of the NE¼-NW¼, Section 35 and the northeast corner of Certified Survey Map Number 407 recorded in Volume 2, Page 218;

387. Thence S.00° 07' 04"E., the east line of said Certified Survey Map Number 407 and the east line of said NE¼-NW¼, 1282.17 feet to the northeast corner of the SE¼-NW¼, Section 35
388. Thence S.00° 07' 54"E., along the east line of said SE¼-NW¼, 1081.19 feet more or less to its intersection with U.S.H. 53 reference line;
389. Thence northwesterly, along said reference line and along the arc of a curve concave southwesterly, the long chord which bears N.52° 31' 53"W. 774.08 feet and having a radius of 5729.65 feet;
390. Thence N.56° 23' 18"W., along said reference line, 2437.86 feet more or less to the west line of Section 35, T27N, R9W;
391. Thence S.00° 16' 43"E., along said west line of Section 35 a distance of 221.74 feet more or less to the southwesterly right of way line of U.S.H. 53;
392. Thence N.57° 41' 01"W., along said southwesterly line, 295.05 feet more or less to the southeasterly line of Alf Avenue;
393. Thence S.43° 07' 08"W., along said southeasterly line, 118.62 feet to its intersection with the east line of Cypress Street;
394. Thence S.00° 12' 22"E., along said east line, 354.31 feet to the southwest corner of Certified Survey Map Number 3049 recorded in Volume 17, Page 127;
395. Thence N.89° 45' 01"E. 330.52 feet to the southeast corner of said Certified Survey 3049;
396. Thence S.00° 16' 43"E., along the west line of Section 35, a distance of 260.00 feet more or less to a point 4 feet north of the south line Lot 5, Block 1, Alf's First Addition;
397. Thence S.89° 45' 01"W., parallel with said south line, 330.19 feet more or less to the east line of Cypress Street;
398. Thence S.00° 21' 08"E. 7.83 feet more or less, along said east right of way line of Cypress Street to the extended south line of Brian Street;
399. Thence N.89° 50' 52"W. 176.00 feet more or less along said south line of Brian Street to the west line of Lot 17, Block 2, Robbinsdale Subdivision;
400. Thence S.00° 21' 08"E. 149.70 feet more or less, to the southwest corner of said Lot 17;
401. Thence S.89° 53' 38"E., along the south line of Lot 17 and its extension easterly, 176.00 feet more or less to the east line of Cypress Street;
402. Thence S.00° 21' 08"E., along said east line, 405.50 feet more or less to a point 132 feet north of the southwest corner of Lot 8, Block 1 Alf's First Addition;
403. Thence S.89° 42' 38"E., parallel with the south line of said Lot 8, a distance of 175.01 feet to a point 175 feet east of the west line of said Lot 8;
404. Thence S.00° 21' 08"E., parallel with said west line, 132.01 feet to the south line of said Lot 8;
405. Thence N.89° 42' 38"W., along said south line, 175.01 feet to the east line of Cypress Street;
406. Thence S.00° 21' 08"E., along said east line and its extension southerly, 66.44 feet more or less to the south line of McElroy Street;
407. Thence N.89° 47' 09"W., along said south line, 964.05 feet more or less to a point 6.05 feet west of the southerly extension of the east line of Lamont Street;

408. Thence S.00° 21' 07"E., parallel with the west line of the SE¼-NE¼, Section 34, T27N, R9W, 30.00 feet;
409. Thence N.89° 47' 09"W. 26.95 feet more or less to said west line;
410. Thence S.00° 21' 07"E., along said west line, 502.01 feet to the northeast corner of the NW¼-SE¼, Section 34, T27N, R9W;
411. Thence N.89° 46' 36"W. 1319.55 feet more or less to the northeast corner of the NE¼-SW¼, Section 34, T27N, R9W;
412. Thence N.89° 47' 27"W., along the north line of said NE¼-SW¼, 650.00 feet more or less to the southeast corner of Certified Survey Map Number 2419, recorded in Volume 13, Page 158, and the west right of way line of S.T.H. 93;
413. Thence N.04° 23' 26"W. 441.99 feet more or less to a northeast corner of Lot 2 of said Certified Survey Map Number 2419 and the southeast corner of Mall Drive;
414. Thence N.88° 13' 08"W. 60.35 feet to the southwest corner of Mall Drive;
415. Thence N.04° 23' 26"W. 62.68 feet to the northeast corner of said Lot 2;
416. Thence S.89° 50' 12"W., 221.12 feet to the northwest corner of said Lot 2;
417. Thence S.00° 09' 54"E. 54.85 feet to an inside corner on the west line of said Lot 2;
418. Thence N.88° 13' 08"W. 34.10 feet to a northwest corner on the west line of said Lot 2;
419. Thence S.04° 27' 24"E., along the west line of said Lot 2, a distance of 146.38 feet more or less to the north line of Lot 10, Block 5, Second Assessor's Plat To The Town Of Washington;
420. Thence N.87° 48' 30"W., along said north line and its extension westerly, 232.67 feet more or less to the west right of way line of London Road;
421. Thence S.19° 06' 58"E., along said west line, 329.81 feet more or less to its intersection with the south line of Lot 3, of said Certified Survey Map Number 2419 extended westerly;
422. Thence N.89° 46' 36"W., along the north line of said NE¼-SW¼, Section 34, a distance of 214.45 feet more or less to the southeast corner of Lot 53, Blakeley's Addition;
423. Thence N.00° 14' 35"W., along the east line of said Lot 53, a distance of 600.49 feet more or less to the intersection with the westerly extension of the south line of Lot 6, Block 5, Second Assessor's Plat To The Town Of Washington;
424. Thence N.89° 51' 15"E., along said extension and along said south line 269.57 feet more or less to a point 197.08 feet east of the southwest corner of said Lot 6;
425. Thence N.00° 24' 09"W. 125.10 feet more or less to the north line of said Lot 6;
426. Thence N.88° 42' 51"W., along said north line and its westerly extension, 296.58 feet more or less to the west right of way line of London Road;
427. Thence N.00° 37' 31"E., along said west line, 61.14 feet more or less to the northeast corner of Lot 42, Blakeley's Addition;
428. Thence N.89° 28' 28"W. 297.00 feet to the northwest corner of said Lot 42;
429. Thence S.01° 35' 27"W. 132.04 feet more or less to the north line of Lot 43, Blakeley's Addition;

430. Thence N.89° 51' 50"W., along said north line, 178.00 feet more or less to the east line of Lot 36, Blakeley's Addition;
431. Thence N.00° 02' 11"W., along said east line, 368.58 feet more or less to the southeast corner of Lot 35, Blakeley's Addition;
432. Thence N.33° 02' 54"W., along the west line of said Lot 35, a distance of 400.44 feet more or less to a point which is 50 feet south of the northwest corner thereof;
433. Thence N.05° 57' 49"E., along the west line, 50.00 feet more or less to the north line of vacated Brian Street;
434. Thence N.89° 38' 04"W. 100.71 feet;
435. Thence N.01° 38' 58"W., parallel with the east line of Lot 12, Blakeley's Addition, 232.52 feet more or less to the north line of said Lot 12;
436. Thence N.89° 38' 37"W., along said north line, 141.46 feet more or less to a point 330 feet east of the east right of way line of Fairfax Avenue;
437. Thence N.00° 04' 12"W., parallel with said east line, 100.00 feet;
438. Thence N.89° 38' 37"W., parallel with the south line of Lot 11, Blakeley's Addition 129.66 feet more or less to a point 200 feet east of the east right of way line of Fairfax Avenue;
439. Thence N.00° 03' 37"W., parallel with said east line, 230.01 feet more or less to the north line of Lot 10, Blakeley's Addition;
440. Thence N.89° 38' 37"W. 200.01 feet to the northwest corner of said Lot 10;
441. Thence S.87° 14' 47"W. 66.21 feet to the northeast corner of Lot 1, Block 1, plat of Oak Park Acres;
442. Thence N.88° 45' 46"W. 132.00 feet to the southeast corner of Lot 5, Block 1, Oak Park Acres;
443. Thence N.00° 02' 46"W., along the east lines of lots 5 and 6, Block 1, Oak Park Acres, 265.00 feet to the northeast corner of said Lot 6;
444. Thence N.88° 45' 46"W. 236.00 feet to the southeast corner of Lot 7, Block 1, Oak Park Acres;
445. Thence N.00° 02' 46"W., along the east lines of Lots 7 and 8, Block 1, Oak Park Acres, 395.00 feet more or less to the south line of Section 28, T27N, R9W;
446. Thence S.88° 45' 46"E., along said south line, 401.02 feet more or less to the southwest corner of Section 27 T27N, R9W;
447. Thence S.89° 48' 43"E., along the south line of said Section 27, a distance of 33.00 feet;
448. Thence N.00° 08' 19"W., parallel with the west line of said Section 27, a distance of 152.85 feet to the southwest corner of Certified Survey Map Number 3591 recorded in Volume 20, Page 192;
449. Thence S.89° 48' 40"E. 119.85 feet to a corner on the south line of said Certified Survey Map;
450. Thence N.00° 12' 10"W. 20.00 feet to an inside corner on the south line of said Certified Survey Map;
451. Thence S.89° 50' 03"E. 350.52 feet to the southeast corner of said Certified Survey Map;
452. Thence N.00° 20' 24"W. 135.69 feet to the northeast corner of said Certified Survey Map;

453. Thence N.88° 41' 17"E. 124.09 feet to the southeast corner of Certified Survey Map Number 122 recorded in Volume 1, Page 146;
454. Thence N.00° 08' 19"W., along the west right of way line of Blakeley Avenue, 316.77 feet more or less to the south right of way line of Corona Avenue;
455. Thence N.89° 26' 19"W., along said south line and its extension westerly, 626.99 feet more or less to the west line of said Section 27;
456. Thence N.00° 08' 19"W., along said west line, 983.65 feet more or less to a point that is 1617 feet north of the southwest corner of said Section 27, said point being the southwest corner of the plat of Beverly Hills Subdivision;
457. Thence N.88° 34' 41"E., along the south line of said Beverly Hills Subdivision, 503.02 feet more or less to the southeast corner of Lot 5, Block 10, Beverly Hills Subdivision;
458. Thence N.00° 08' 19"W. 488.15 feet more or less to the southwest corner of Lot 12, Block 6, Beverly Hills Subdivision;
459. Thence N.88° 34' 41"E. 124.00 feet to the southeast corner of said Lot 12;
460. Thence N.00° 08' 19"W. 70.00 feet to the northeast corner of said Lot 12;
461. Thence S.88° 34' 41"W. 124.00 feet to the northwest corner of said Lot 12;
462. Thence N.00° 08' 19"W. 490.00 feet to the southwest corner of Lot 20, Block 6, Beverly Hills Subdivision;
463. Thence N.88° 34' 41"E. 124.00 feet to the southeast corner of said Lot 20 on the west right of way line of Blakely Avenue;
464. Thence N.00° 08' 19"W., along said west line, 498.94 feet more or less to the south right of way line of U.S.H. 12;
465. Thence N.85° 32' 11"E., along said south line, 704.78 feet more or less to its intersection with the centerline of London Road;
466. Thence S.00° 25' 41"W., along said centerline, 180.10 feet more or less to its intersection with the north line of Lot 12, Block 4, Beverly Hills Subdivision extended easterly;
467. Thence S.85° 32' 11"W., along said north line and its extension, 183.59 feet more or less to the northwest corner of said Lot 12;
468. Thence S.00° 25' 41"W., along the west line of Lot 12, Lot 11 and Lot 10, Block 4, Beverly Hills Subdivision, 153.60 feet more or less to a point 2 feet south of the northwest corner of said Lot 10;
469. Thence S.89° 55' 38"E. 149.92 feet more or less to a point on the east line of said Lot 10, located 6 feet south of the northeast corner of said Lot 10;
470. Thence S.89° 34' 19"E. 33.00 feet to the centerline of London Road;
471. Thence S.00° 25' 41"W., along said centerline, 203.87 feet more or less to angle point in said centerline;
472. Thence S.00° 01' 19"E., along said centerline, 185.07 feet more or less to its intersection with the north line of Lot 10, Block 8, Beverly Hills Subdivision, extended easterly;
473. Thence S.88° 32' 41"W., along said north line and its extension, 173.01 feet more or less to the northwest corner of said Lot 10;
474. Thence S.00° 01' 19"E. 132.00 feet to the southwest corner of Lot 9, Block 8, Beverly Hills Subdivision;

475. Thence N.88° 32' 41"E., along the south line of said Lot 9 and its extension easterly, 173.01 feet more or less to its intersection with the centerline of London Road;
476. Thence S.00° 01' 19"E., along said centerline, 244.90 feet more or less to its intersection with the south right of way line of Henry Avenue extended easterly;
477. Thence S.67° 44' 41"W., along said extension and along said south line, 186.85 feet more or less to the northwest corner of Lot 11, Block 12, Beverly Hills Subdivision;
478. Thence S.00° 01' 19"E. 66.00 feet to the southwest corner of said Lot 11;
479. Thence N.88° 34' 41"E., along the south line of said Lot 11 and its extension easterly 173.01 feet more or less to its intersection with the centerline of London Road;
480. Thence S.00° 01' 19"E. 1991.54 feet more or less to the south line of Section 27 T27N, R9W;
481. Thence S.89° 48' 40"E., along said south line, 933.48 feet more or less to its intersection with the east right of way line of S.T.H. 93;
482. Thence S.53° 27' 11"W., along said east line, 95.21 feet to an angle point in said east line;
483. Thence S.20° 38' 43"W., along said east line, 68.47 feet to an angle point in said east line;
484. Thence S.00° 19' 37"E., along said east line, 208.17 feet to an angle point in said east line;
485. Thence N.87° 24' 33"W., along said east line, 78.37 feet to an angle point in said east line;
486. Thence southerly, along said east line and along the arc of a curve concave easterly, the long chord which bears S.04° 23' 36"W. 559.40 feet and having a radius of 1835.08 feet;
487. Thence S.04° 22' 26"E. 1295.41 feet more or less to the intersection with said east line and the westerly extension of the south line of Lots 1 and 2, Block 1, plat of J. H. McElroy's Addition;
488. Thence S.89° 45' 05"E., along said extension and along said south line, 386.86 feet more or less to the southeast corner of said Lot 1;
489. Thence N.00° 12' 35"W., along the east line of said Lot 1, a distance of 70.53 feet more or less to the south right of way line of McElroy Street;
490. Thence S.89° 45' 20"E., along said south line, 581.21 feet more or less to the northwest corner of Lot 11, Block 2, J. H. McElroy's Addition;
491. Thence S.00° 13' 33"W., along the west line of said Lot 11, a distance of 205.00 feet;
492. Thence S.89° 45' 20"E., parallel with the south line of McElroy Street, 164.11 feet more or less to the east line of said Lot 11;
493. Thence N.00° 15' 16"E., along said east line, 205.00 feet to the south line of McElroy Street;
494. Thence S.89° 45' 20"E., along said south line, 719.25 feet more or less to its intersection with the centerline of Lamont Street extended southerly;

495. Thence N.00° 12' 55"W., along said extension and along said centerline, 462.62 feet more or less to its intersection with the south line of Lot 2, Block 2, Robbinsdale Subdivision extended westerly;
496. Thence S.89° 47' 05"E., along said extension and along said south line, 330.12 feet more or less to the southeast corner of said Lot 2;
497. Thence N.00° 12' 04"W. 142.00 feet to the northeast corner of said Lot 2;
498. Thence N.89° 47' 06"W., along the north line of said Lot 2 and its extension westerly, 330.15 feet more or less to its intersection with said centerline of Lamont Street;
499. Thence N.00° 12' 55"W., along said centerline and its extension northerly, 182.12 feet more or less to its intersection with the north right of way line of Brian Street;
500. Thence N.89° 46' 17"W., along said north line, 495.24 feet more or less to the east line of Lot 3, Block 2, Second Assessor's Plat To The Town Of Washington;
501. Thence N.00° 25' 19"W., along said east line 1295.65 feet more or less to the south right of way of Hamilton Avenue;
502. Thence S.89° 15' 26"E., along said south line, 434.03 feet more or less to its intersection with the southwesterly right of way line of U.S.H. 53;
503. Thence S.79° 51' 45"E., along said southwesterly line, 229.65 feet to an angle point in said line;
504. Thence S.57° 44' 18"E., along said southwesterly line, 431.40 feet to its intersection with the west line of Lot 4, Block 2, plat of Alf's First Addition;
505. Thence S.00° 24' 52"E., along said west line, 71.57 feet more or less to the northeast corner of Lot 6, Block 2, Alf's First Addition;
506. Thence N.89° 44' 52"W. 264.00 feet to the northwest corner of Lot 7, Block 2, Alf's First Addition;
507. Thence S.00° 24' 52"E. 297.00 feet to the southwest corner of said Lot 7 on the north right of way line of Alf Avenue;
508. Thence S.89° 44' 52"E., along said north line, 549.17 feet more or less to the southeast corner of Lot 3, Block 2, Alf's First Addition;
509. Thence N.00° 24' 52"W., along the east line of said Lot 3, a distance of 188.99 feet more or less to its intersection with said southwesterly line of U.S.H. 53;
510. Thence S.57° 44' 18"E., along said southwesterly line, 244.53 feet more or less to its intersection with the north right of way line of Alf Avenue;
511. Thence N.43° 07' 08"E., along said north line and its extension northeasterly, 367.37 feet more or less to its intersection with the southwesterly right of way line of the easterly U.S.H. 53 frontage road;
512. Thence S.56° 10' 14"E., along said southwesterly line, 1918.82 feet more or less to its intersection with the southeasterly right of way line of Horlacher Lane extended southwesterly;
513. Thence N.33° 27' 24"E., along said extension and along said southeasterly line, 358.20 feet more or less to the beginning of a curve on said southeasterly line;

514. Thence northeasterly, along said southeasterly line and along the arc of a curve concave southeasterly, the long chord which bears N.43° 57' 15"E. 108.65 feet and having a radius of 298.16 feet;
515. Thence N.54° 27' 06"E., along said southeasterly line 532.91 feet;
516. Thence northerly, along said southeasterly line and along the arc of a curve concave northwesterly, the long chord which bears N.27° 10' 00"E. 127.34 feet and having a radius of 138.89 feet;
517. Thence N.00° 07' 06"W., along the easterly line of Horlacher Lane and its extension northerly, 634.94 feet more or less to its intersection with the north right of way line of Hamilton Avenue;
518. Thence N.89° 57' 54"W., along said north line, 243.23 feet more or less to a point 577.50 feet west of the east line of the SE¼-SW¼, Section 26, T27N, R9W;
519. Thence N.00° 21' 05"E., parallel with said east line, 282.00 feet;
520. Thence N.89° 57' 53"W., parallel with the south line of said SE¼-SW¼, 132.00 feet;
521. Thence N.00° 21' 05"E., parallel with said east line, 15.00 feet;
522. Thence N.89° 57' 55"W., parallel with the south line of said SE¼-SW¼, 132.00 feet;
523. Thence S.00° 21' 30"W., parallel with said east line, 297.00 feet to the north line of Hamilton Avenue;
524. Thence N.89° 57' 52"W., along said north line, 103.10 feet;
525. Thence N.00° 21' 30"E., parallel with said east line, 148.50 feet;
526. Thence N.89° 57' 52"W., parallel with the south line of said SE¼-SW¼, 103.10 feet;
527. Thence S.00° 21' 30"W., parallel with said east line, 148.50 feet to the north line of Hamilton Avenue;
528. Thence N.89° 57' 54"W., along said north line, 131.37 feet more or less to a point 1463.9 feet east of the west line of Section 26;
529. Thence N.00° 23' 22"E. 297.00 feet;
530. Thence N.89° 57' 53"W. parallel with the south line of the SW¼-SW¼, Section 26, a distance of 254.00 feet;
531. Thence S.00° 15' 44"W., parallel with the east line of said SW¼-SW¼, 297.00 feet to the north line of Hamilton Avenue;
532. Thence N.89° 57' 53"W., along said north line, 122.28 feet more or less to a point 132 feet east of the east right of way line of Drier Road;
533. Thence N.00° 02' 07"E., parallel with said east line, 152.00 feet;
534. Thence N.89° 57' 53"W., parallel with the north line of Hamilton Avenue, 132.00 feet more or less to said east line of Drier Road;
535. Thence S.00° 02' 07"W., along said east line 152.00 feet more or less to the north line of Hamilton Avenue;
536. Thence N.89° 57' 53"W., along said north line, 226.13 feet more or less to a point 40 feet east of the east line of Lot 10, plat of Oak Grove Addition;
537. Thence N.00° 03' 07"E., parallel with the east line of said Lot 10, a distance of 181.00 feet;
538. Thence N.89° 57' 53"W., parallel with the north lines of Lots 10 and 11, Oak Grove Addition, 143.10 feet to the west line of said Lot 10;

539. Thence S.00° 03' 07"W. 181.00 feet to the southwest corner of said Lot 10;
540. Thence N.89° 57' 53"W., along the north line of Hamilton Avenue, 296.10 feet more or less to the west line of Oak Grove Addition;
541. Thence N.00° 40' 07"E., along said west line, 182.00 feet;
542. Thence N.89° 57' 53"W., parallel with the north line of Hamilton Avenue, 251.91 feet more or less to the east right of way of Pine Lodge Road;
543. Thence N.00° 10' 22"E., along said east line, 174.01 feet more or less;
544. Thence S.89° 57' 53"E., parallel with the south line of said SW¼-SW¼, Section 26, a distance of 253.41 feet more or less to the west line of Oak Grove Addition;
545. Thence N.00° 40' 07"E., along said west line, 118.36 feet more or less to the southwest corner of Lot 4, Oak Grove Addition;
546. Thence S.89° 56' 53"E., along the south line of said Lot 4 and its extension easterly, 187.89 feet more or less to its intersection with the east right of way line of Acorn Drive;
547. Thence S.00° 03' 07"W., along said east line, 278.29 feet more or less to the southwest corner of Lot 8, Oak Grove Addition;
548. Thence S.89° 57' 53"E., along the south lines of Lot 8 and 12, Oak Grove Addition, 406.20 feet more or less to the west right of way line of Drier Road;
549. Thence S.00° 03' 07"W., along said east line, 29.00 feet more or less to a point 167 feet north of the north right of way line of Hamilton Avenue;
550. Thence S.89° 55' 26"E., parallel with the south line of said Section 26, a distance of 198.00 feet;
551. Thence N.00° 03' 07"E., parallel with Drier Road, 130.00 feet;
552. Thence S.89° 55' 26"E., parallel with the south line of said Section 26, a distance of 25.35 feet;
553. Thence N.00° 03' 07"E., parallel with Drier Road, 16.50 feet;
554. Thence S.89° 55' 26"E., parallel with the south line of said Section 26, a distance of 100.00 feet;
555. Thence N.00° 03' 07"E. 323.20 feet;
556. Thence N.89° 55' 26"W. parallel with the south line of said Section 26, a distance of 257.54 feet more or less to the east line of Drier Road;
557. Thence N.00° 02' 45"E. 147.92 feet to the southwest corner of Certified Survey Map Number 1629 recorded in Volume 8, Page 368;
558. Thence S.89° 57' 22"E. 150.00 feet to the southeast corner of said Certified Survey Map;
559. Thence S.00° 02' 45"W., along the east line of Lot 1, Certified Survey Map Number 152 recorded in Volume 1, Page 186, a distance of 115.02 feet more or less to a line 33 feet north and parallel with the north line of the plat of Watton Acres;
560. Thence S.89° 57' 22"E., along said parallel line, 438.50 feet more or less to its intersection with the west line of Lot 18, Watton Acres extended northerly;
561. Thence S.00° 25' 07"W., along said extended line, 17.00 feet to a line 16 feet north and parallel with the north line of Watton Acres;

562. Thence S.89° 57' 22"E., along said parallel line, 508.00 feet more or less to a line 16 feet west and parallel with the west line of the plat of Springfield Addition;
563. Thence N.00° 17' 54"E., along said parallel line, 567.39 feet to its intersection with the north right of way line of Harless Road;
564. Thence northwesterly, along said north line and along the arc of a curve concave northerly, the long chord which bears N.78° 50' 01"W. 193.25 and having a radius of 613.93 feet;
565. Thence N.69° 46' 42"W., along said north line, 294.24 feet;
566. Thence northwesterly, along said north line and along the arc of a curve concave southerly, the long chord which bears N.79° 35' 17"W. 643.54 feet and having a radius of 1888.57 feet;
567. Thence N.89° 26' 29"W., along said north line, 66.00 feet more or less to its intersection with the east line Lot 2, Block 3, plat of Golfview Addition extended northerly;
568. Thence S.00° 02' 44"W., along said extension and along said east line, 232.50 feet more or less to the southeast corner of said Lot 2, Block 3;
569. Thence N.89° 18' 16"W. 131.90 feet more or less to the southwest corner of said Lot 2;
570. Thence N.00° 37' 54"E., along the west line of said Lot 2 and its extension northerly, 203.03 feet more or less to its intersection with the centerline of Harless Road;
571. Thence N.89° 22' 06"W., along said centerline, 476.59 feet more or less to a point 39.90 feet east of the east line of Lot 1, Block 1, Golfview Addition;
572. Thence N.00° 10' 25"E., parallel with said east line, 244.45 feet more or less to the north line of Block 1, Golfview;
573. Thence S.89° 18' 11"E., along said north line and the extension easterly of said north line, 671.87 feet more or less to the west line of Lot 3, Block 2, Golfview Addition;
574. Thence N.00° 02' 44"E., along the west line of said Lot 3, a distance of 185.42 feet more or less to the northwest corner of said Lot 3;
575. Thence S.89° 18' 11"E., along the north lines of Lots 3 and 4, Block 2, Golfview Addition, 387.95 feet more or less to the northwest corner of Lot 5, Block 2, Golfview Addition;
576. Thence S.55° 59' 29"E., along the north lines of Lots 5, 6, 7, 8 and 9, Block 2, Golfview Addition, 881.20 feet more or less to the northeast corner of said Lot 9, Block 2;
577. Thence S.00° 21' 45"W., along the east line of said Lot 9 and its extension, 217.97 feet more or less to the south right of way line of Harless Road;
578. Thence westerly, along said south line and along the arc of a curve concave northerly, the long chord which bears N.89° 20' 31"W. 3.11 feet and having a radius of 677.80 feet to the northwest corner of Certified Survey Map Number 1228 recorded in Volume 6, Page 266;
579. Thence S.00° 17' 42"W. 523.01 feet to the northeast corner of Lot 12, Watton Acres;

580. Thence N.89° 57' 22"W., along the north line of Watton Acres and the centerline of Drier Court, 722.24 feet more or less to the intersection with the west line of Watton Acres extended northerly;
581. Thence S.00° 26' 18"W., along said extension and west line, 324.39 feet to the southwest corner of Lot 3, Watton Acres;
582. Thence S.89° 57' 13"E., along the south line of Watton Acres, 723.03 feet to the southeast corner of Lot 11, Watton Acres;
583. Thence S.00° 17' 54"W. 15.00 feet more or less to the southwest corner of Lot 26, Springfield Addition;
584. Thence S.89° 57' 53"E., along the south line of Springfield Addition and the south line of Certified Survey Map Number 3471 recorded in Volume 19, Page 287, a distance of 445.46 feet more or less to the southeast corner of Outlot 1 of said Certified Survey Map Number 3471;
585. Thence N.00° 17' 39"E. 198.08 feet to the northeast corner of Outlot 1 of said Certified Survey Map Number 3471;
586. Thence S.89° 56' 58"E., along the south lines of Lots 20 and 19, Springfield Addition, 132.00 feet to the southeast corner of said Lot 19;
587. Thence S.00° 17' 25"W. 495.03 feet to the southwest corner of Lot 10, Springfield Addition;
588. Thence S.89° 57' 57"E. 198.36 feet more or less to the southeast corner of Certified Survey Map Number 1370 recorded in Volume 7, Page 165;
589. Thence S.00° 24' 44"W. 5.25 feet to the southwest corner of Certified Survey Map Number 588 recorded in Volume 3, Page 134;
590. Thence S.89° 58' 07"E. 131.98 feet to the southeast corner of said Certified Survey Map Number 588;
591. Thence S.00° 16' 23"W. 27.75 feet to the south line of Section 26;
592. Thence S.89° 58' 06"E., along said south line 209.03 feet more or less to a point on a line parallel with the west line of the east 3/4 of the SW¼-SE¼;
593. Thence S.00° 16' 23"W., along said west line and its extension southerly, 33.00 feet to the south right of way line of Hamilton Avenue;
594. Thence S.89° 58' 07"E., along said south line, 782.26 feet to the point of beginning.

Parcel C:

Commencing at the northeast corner of Section 27, Township 27 North, Range 9 West; thence S.00° 09' 10"W. 2627.07 feet to the east quarter corner of said Section 27; thence N.89° 32' 11"W. 951.97 feet to a point on the south line of the SE¼ of the NE¼ of said section 27 and the point of beginning;

595. Thence S. 89° 32' 11"E., along said south line, 50 feet more or less to the thread of Otter Creek;
596. Thence northerly, along the thread to its intersection with a line that is N.89° 43' 44"W. from Point "A", said Point "A" being N.21° 04' 49"E. 348.46 feet from the point of beginning.

597. Thence S.89° 43' 44"E. 60 feet more or less to said Point "A";
598. Thence continuing S.89° 43' 44"E. 40.00 feet;
599. Thence N.29° 22' 45"E. 229.92 feet;
600. Thence N.43° 44' 57"W. 207.59 feet;
601. Thence N.02° 44' 20"W. 221.92 feet to the south right of way line of U.S.H. 12;
602. Thence N.82° 30' 21"E., along said south line 2.79 feet;
603. Thence N.07° 23' 58"E. 135.73 feet, more or less, to a point on the north right of way line of U.S.H. 12;
604. Thence S.82° 36' 27"W. 55.53 feet, more or less, along said north line to an angle point in said north line;
605. Thence N.01° 10' 07"E. 6.44 feet, more or less, along said north line to an angle point in said north line;
606. Thence S.86° 02' 50"W. 61.58 feet, more or less, along said north line to an angle point in said north line;
607. Thence S.78° 33' 34"W. 59.71 feet, more or less, along said north line to an angle point in said north line;
608. Thence N.81° 40' 10"W. 138.24 feet, more or less, along said north line to an angle point in said north line;
609. Thence S.63° 00' 58"W. 103.21 feet, more or less, along said north line to an angle point in said north line;
610. Thence S.85° 32' 23"W. 59.52 feet, more or less, along said north line to an angle point in said north line;
611. Thence N.84° 39' 26"W. 236.45 feet, more or less, along said north line to an angle point in said north line;
612. Thence S.65° 48' 44"W. 118.12 feet, more or less, along said north line to an angle point in said north line;
613. Thence N.87° 54' 32"W. 119.73 feet, more or less, along said north line to an angle point in said north line;
614. Thence S.85° 06' 07"W. 50.01 feet, more or less, along said north line to an angle point in said north line;
615. Thence S.81° 05' 35"W. 146.74 feet, more or less, along said north line to an angle point in said north line;
616. Thence S.85° 54' 56"W. 155.35 feet, more or less, along said north line to an angle point in said north line;
617. Thence S.53° 42' 22"W. 18.72 feet, more or less, along said north line to an angle point in said north line;
618. Thence S.86° 00' 28"W. 472.19 feet, more or less, along said north line to a point of intersection with a line bearings S.25°25'E., from a reference point on the east line of the SE1/4-NW1/4 of Section 27, T 27 N, R 9 W, said reference point being 281.4 feet south of the northeast corner of said SE 1/4-NW 1/4;
619. Thence S.25° 25' 00"E. 125.62 feet more or less to the south right of way line of U.S.H. 12;
620. Thence S.85° 58' 44"W. 49.06 feet more or less, along said south line;
621. Thence S.79° 53' 49"W. 136.10 feet more or less, along said south line;

622. Thence S.89° 00' 24"W. 311.01 feet more or less, along said south line to the east line of former U.S.H. 53 (as marked and traveled in 1965) and now known as South Hastings Way;
623. Thence southerly, along said east line and along the arc of a curve concave westerly, the long chord which bears approximately S.19° 24' 24"W. 128.00 feet and having a radius of 300.00 feet;
624. Thence S.46° 42' 43"E. 324.06 feet more or less, along said east line;
625. Thence S.54° 02' 52"E. 69.31 feet more or less, along said east line to the southeasterly line of Storrs Avenue;
626. Thence N.53° 44' 45"E. 399.87 feet more or less along said southeasterly line;
627. Thence S.36° 28' 19"E. 259.60 feet;
628. Thence N.53° 46' 05"E. 193.00 feet;
629. Thence S.68° 37' 55"E. 399.43 feet;
630. Thence S.16° 52' 23"E. 265.74 feet;
631. Thence S.58° 17' 27"E. 165.69 feet more or less, to the south line of the SW¼ of the NE¼ of Section 27;
632. Thence S.89° 32' 11"E. 210.49 feet more or less to the southwest corner of the SE¼ of the NE¼, Section 27;
633. Thence S.89° 32' 11"E. 375.00 feet to the point of beginning.

Parcel D:

Commencing at the southwest corner of Section 25, Township 27 North, Range 9 West; thence S.89° 57' 25"E. 300.00 feet along the south line of the southwest quarter of Section 25 to the point of beginning;

634. Thence S.89° 57' 25"E., along said south line 1225.04 feet to "Point A";
635. Thence continuing S.89° 57' 25"E., along said section line, 30 feet more or less to the thread of Otter Creek;
636. Thence northerly along said thread of Otter Creek to its intersection with the south line of Certified Survey Map Number 585 recorded in Volume 3, Page 129;
637. Thence N.89° 57' 04"W., along said south line, 10 feet more or less to the southwest corner of said Certified Survey Map Number 585, said corner being N.17° 36' 27"W. 648.91 feet from Point "A";
638. Thence N.00° 05' 06"W., along the west line of said Certified Survey, 102.60 feet;
639. Thence N.75° 10' 26"W. 392.06 feet to Point "B";
640. Thence S.00° 16' 58"E. 28 feet more or less to the thread of Otter Creek;
641. Thence westerly along said thread to its intersection with a line that is S. 00° 30' 17"W. from Point "C", said point being N.89° 57' 00"W. 619.73 feet from said Point "B";
642. Thence N.00° 30' 17"E. 48 feet more or less to Point "C"

643. Thence continuing N.00° 30' 17"E. 500.00 feet more or less to the north line of the SW¼ -SW¼ of Section 25;
644. Thence N.89° 57' 04"W., along said north line, 324.32 feet more or less to the northeast corner of the SE¼-SE¼ of Section 26, T27N, R9W;
645. Thence S.89° 57' 11"W., along the north line of said SE¼-SE¼, 650.48 feet more or less to its intersection with the east line of Block 1, Bauer's First Addition extended northerly;
646. Thence S.01° 02' 13"W. 267.37 feet more or less to the northeast corner of Block 1, Bauer's First Addition;
647. Thence N.89° 57' 47"W., along the north line of said Block 1, a distance of 148.00 feet to the northwest corner of the east 148 feet of said Block 1;
648. Thence S.01° 02' 13"W. 143.01 feet more or less to the intersection of the west line of the east 148 feet of Block 1 and its extension southerly with the centerline of Clay Street;
649. Thence N.89° 57' 47"W. 149.00 feet more or less along said centerline to the east line of Orange Street;
650. Thence S.01° 02' 13"W., along said east line, 167.51 feet more or less to a point on said east line 742.5 feet north of the south line of the SE¼-SE¼ of Section 26;
651. Thence S.89° 57' 47"E. more or less 297.00 feet;
652. Thence S.01° 02' 13"W. 148.50 feet;
653. Thence N.89° 57' 47"W. 297.00 feet to a point on the east line of Orange Street, 594 feet north of the south line of the SE¼-SE¼;
654. Thence S.01° 02' 13"W., along the east line, 148.44 feet more or less to its intersection with the north line of Lot 3, Block 2, Bauer's First Addition extended westerly;
655. Thence S.89° 57' 47"E., along said extension and along said north line of Lot 3 approximately 445.00 feet to the northeast corner of said Lot 3;
656. Thence N.01° 02' 13"E., along the west line of Rose Street, 216.03 feet to a point 216 feet north of the south line of Harold Street;
657. Thence S.89° 57' 47"E., parallel with said south line, 292.44 feet more or less to a point 217 feet west of the east line of the SE¼-SE¼ of Section 26;
658. Thence S.00° 25' 52"W., parallel with said east line, 216.01 feet more or less to the south line of Harold Street;
659. Thence N.89° 57' 47"W., along said south line, 79.71 feet more or less to the northwest corner of Lot 2, Block 3, Bauer's First Addition;
660. Thence S.00° 02' 13"W. 206.25 feet more or less to the southwest corner of Lot 2, Block 3, Bauer's First Addition;
661. Thence S.89° 57' 47"E., along the north line of Lot 5, Block 3, Bauer's First Addition and Lots 7, 8 and 9, Block 3, Bauer's Second Addition, 595.30 feet more or less to the northwest corner of Lot 10, Block 3, Bauer's Second Addition;
662. Thence S.00° 25' 52"W., along the west line of said Lot 10 and its extension southerly, 239.24 feet more or less to the point of beginning.
