State of Wisconsin eSUPPLIER upcoming bid posting.pdf
147 KB

To Whom It May Concern:

The State of Wisconsin, through the Enterprise Sourcing Section, will be posting Request for Bid 28292. The purpose of this Request for Bid (RFB) is to provide interested parties with details to enable them to prepare and submit a bid for model year 2019 or newer Passenger, Law Enforcement Vehicles and Light Duty Trucks / Cab & Chassis.

We have been asked to add you to the list of vendors who may be interested in responding to RFB 28292.

Please review the attached document on how to register in eSupplier and sign up for the NIGP codes listed for this RFB. If you have signed up in VendorNet in the past, you will need to register in eSupplier. Only vendors who are registered in Wisconsin e-Supplier Portal are guaranteed to receive notice of State of Wisconsin solicitation opportunities in their commodity or service area as registered.

Best Regards -
