

EJ Egghart

CPA and CEO

Kodee

ej@kodee.net

EJ Egghart, CPA, MBA, CEO at Kodee Software in California and is certified in Cybersecurity by AICPA.

Her twenty years of experience working as an auditor and consultant began in a national accounting firm and continued in her own accounting firm, Egghart and Associates in Nevada. Her dream for creating a technology-based firm to connect people and business processes with technology, was initiated in 2011 using talents from U.S and Korea to start Kodee Software. As Kodee Software expands and adapts to the swift changes in technology, one thing remains the same in Kodee, unwavering conviction to make a software that will consistently enhance the lives of clients in Indian Country. EJ is a licensed CPA in States of California and Nevada.
