XXXV. MINIMUM INTERNAL CONTROL STANDARDS (MICS) AND RULES OF PLAY.

- A. MICS and Rules of Play in General. This subsection applies to all forms of Class III gaming except event wagering and remote wagering.
1. The Tribe shall promulgate rules of play and minimum internal control standards for all Class III games conducted by the Tribe pursuant to this Compact. Such rules and standards shall set forth an expected hold percentage for each game, reasonably ensure the fairness of the playing of the game, reasonably ensure that revenue is adequately counted and accounted for in accordance with generally accepted accounting principles for casinos, shall be consistent with industry standards and practices, and ensure compliance with the Compact. The Tribe shall comply with rules of play and minimum internal control standards established pursuant to this Section.
 2. Rules of Play. Prior to operating any game for which rules of play have not been established under this Compact, the Tribe shall adopt rules of play for such game and provide a copy of such rules to the Department. The Tribe may operate such game pursuant to such rules fourteen (14) days after the Tribe provides a copy of the rules to the Department, provided that such rules are substantially similar to rules in effect in another gaming jurisdiction within the United States. Within ninety (90) days of receipt of the rules, the Department shall submit any objection it may have to any rule or rules by serving a written notice of objection on the Tribe. All such objections shall be based upon the criteria set forth in subparagraph A.5.b. The notice of objection shall state with specificity the reasons therefor with reference to such criteria, and shall propose an alternative rule for each rule which is the subject of an objection. Within thirty (30) days of submission of any objection, the Department and the Tribe shall meet in an attempt to resolve the objection. If the objection is not resolved within twenty (20) days of such meeting, either the Tribe or the Department may serve upon the other a demand for arbitration pursuant to paragraph A.5 below. The Tribe may continue to utilize any rule subject to an objection by the Department while the procedures set forth in paragraph A.5. below are completed, unless the objection is based, in whole or in part, upon the fact that the rule substantially and

materially deviates from rules in effect in gaming jurisdictions within the United States.

3. **Minimum Internal Control Standards.** The Tribe shall maintain minimum internal control standards that are at least as stringent as the minimum internal control standards established by the National Indian Gaming Commission. Within ninety (90) days of receipt of such standards, the Department shall submit any objection it may have to any standard or standards by serving a written notice of objection on the Tribe. All such objections shall be based upon the criteria set forth in subparagraph A.5.b. below. The notice of objection shall state with specificity the reasons therefor with reference to such criteria, and shall propose an alternative standard for each standard which is the subject of an objection. Within thirty (30) days of submission of any objection, the Department and the Tribe shall meet in an attempt to resolve the objection. If the objection is not resolved within twenty (20) days of such meeting, either the Tribe or the Department may serve upon the other a demand for arbitration pursuant to paragraph A.5. below. The Tribe may continue to utilize any standard subject to objection while the procedures set forth in paragraph A.5. are completed.
4. **Amendment of MICS.** Either party may propose a change or amendment to the MICS, or propose a new area to be subject to the MICS, at any time during the term of this Compact. The new proposed MICS and any MICS or changes to the MICS proposed thereafter, shall be subject to the objection and arbitration process set forth in paragraphs 2., 3., and 5. until the proposed MICS are either not objected to by either Party or are selected by the Arbitrators.
5. **Appeal of MICS.** Either party may appeal any part of the rules of play, minimum internal control standards, proposed amendments or additions to a three-member arbitration panel:
 - a. The panel shall consist of three members, one of whom shall be a C.P.A., and one of whom shall be experienced in the regulation of gaming, which criteria may be met by substantial experience with regulatory compliance issues while employed by a regulated entity. The same person may satisfy both criteria. Of the three arbitrators, one will be chosen by the Tribe, one chosen by the Department, and the third chosen by the other two panel members. No person who has performed services, or whose firm has performed services, for either the Department or the Tribe in the preceding year, may serve on the panel.

- b. For rules of play established pursuant to paragraph A.2, the panel shall select from the two proposals submitted by the Parties the one which best assures: (a) the fairness of the playing of the game that the rules seek to regulate; (b) that the game is conducted consistent with industry standards and practices; (c) compliance with relevant provisions of the Compact and, unless addressed by procedures adopted pursuant to paragraph A.3; (d) that the revenue generated from the playing of the games is adequately counted and accounted for in accordance with Generally Accepted Accounting Principles for casinos. For MICS established pursuant to paragraph A.3., the panel shall select from the two proposals submitted by the Parties the one which best assures: (a) that the revenue generated from the playing of the games is adequately counted and accounted for in accordance with Generally Accepted Accounting Principles for casinos; (b) a system of internal controls consistent with industry standards and practices, and (c) compliance with relevant provisions of the Compact.

- c. To the extent practicable, the parties shall stipulate to all facts not reasonably in dispute. At the request of either party, the panel may take testimony from witnesses if it determines that such procedures are necessary for an informed resolution of the controversy. The formal rules of evidence shall not apply to witness testimony, and the panel shall determine the permissible scope and extent of any proffered testimony, but the panel shall observe basic principles of relevancy, materiality and probative value. Any and all proceedings may be conducted telephonically or through a video conference. The arbitrators shall conduct the arbitration in accordance with the Rules for Non-Administered Arbitration (2000 Rev.) of the CPR Institute for Dispute Resolution (CPR), 366 Madison Ave., New York, NY, 10017, or any other arbitration rules mutually agreed to by the Parties, to the extent they are not inconsistent with any provision contained herein, but the arbitration shall not be conducted by or through the CPR. Each party shall simultaneously submit, at a time determined by the panel after the factual record is finalized, a written statement in support of its position. The panel shall decide the matter within thirty (30) days of receipt of the testimony and written submission and issue a written decision. The decision of the panel shall be final and non-appealable. The parties shall equally split the cost of the panel, and bear its own cost of the proceedings.

B. Event Wagering/Remote Wagering MICS and Rules of Play.

1. Amendments to MICS and Rules of Play directly related to event wagering or remote wagering shall be made only by mutual agreement of the Parties. The Party proposing the amendment shall submit a copy to the receiving Party. The Parties shall enter into good faith negotiations regarding such proposed amendments within thirty (30) days of the receiving Party's receipt of the proposed amendments, except that the State shall have no obligation to negotiate regarding proposed amendments to MICS and Rules of Play governing events occurring in Wisconsin or involving Wisconsin teams that do not occur on land owned by the Tribe or held in trust for the Tribe by the federal government. Disputes regarding the obligation to negotiate in good faith under this provision shall be resolved under the provisions of Section XXIII (Dispute Resolution).

15. Section XXXVI is re-titled and amended to strike subsections A-E (which were moved to the new Section XXXV). The remainder is renumbered and amended as follows:

XXXVI. DATA REPORTING.

- A. Data Collection System. The Parties agree that the Tribe shall report information from its slot accounting systems to the Data Collection System ("DCS") maintained by the State. The Parties acknowledge that participation in the DCS satisfies the obligations of the Tribe to provide the State with slot accounting data in electronic format. The Parties shall meet and confer regarding any proposed modifications to the hardware, software and reporting formats utilized by the DCS which would affect the manner in which the Tribe reports the information. Each party agrees that it will comply with reasonable requests by the other to make changes to hardware, software or reporting formats which would affect the manner in which the Tribe reports the information where such requests are based on changes in technology or are otherwise necessary to allow the State to maintain electronic reporting pursuant to this Section, and are consistent with the intent of this paragraph. The Tribe and the State acknowledge that the DCS is intended to be operated as a uniform statewide system applicable to all Wisconsin Indian tribes. The State and Tribe further acknowledge that the DCS is intended to facilitate the transfer of data required under this Compact and is not intended to provide the State with substantive rights of access beyond those in the Compact. Nothing in this section permits the State or shall be interpreted to

permit the State electronic real-time access to any data maintained at the Tribe's Class III facilities.

B. Revenue Reporting for Table Games and Event Wagering. No later than 14 days after the conclusion of the previous gaming month, the Tribe shall submit to the Department, in an electronic format maintained by the Tribe, the following daily revenue information for that month:

As a result, the State agrees to consult and cooperate with the Tribe on an on-going basis, through the Secretary of the Department of Transportation, or designee(s), to improve road access and public safety from State Highway 29 to the Tribe's Class III gaming facility. The consultation shall include appropriate officials of the Tribe, State, federal, and local government with jurisdiction over transportation facilities affected. Such consultations shall address improvements in access to the facility; roadway improvements to address anticipated type and volume of traffic; public safety roadway improvements including emergency vehicle access; cost allocations for roadway improvements as well as potential availability of federal, state, tribal and local revenues and mechanisms to obtain such funds; land acquisition; and other related issues as appropriate.
