Mandatory generic & Step therapy	Applicable – If a brand drug is dispensed when a generic equivalent is available, you are responsible for the brand copayment plus the difference in cost between the brand and generic, unless your physician specifically instructs to “dispense as written.” This difference is not applied to the out-of-pocket limits noted above.	
Specialty drugs**	Specialty drugs are prescription legend drugs that we determine to be: (a) associated with a high level of clinical management and/or patient monitoring; (b) associated with special handling or distribution requirements; or (c) generally high cost.	

This is a brief summary of benefits created from a sales quote presentation. Finalized benefits will take precedence over any benefit information presented in this outline.

* Includes preventive screenings as required by the United States Preventive Services Task Force (USPSTF)

** Some services may require prior authorization. Please go to our website aspirusarise.com for further information.

***Out-of-network services are subject to maximum allowable fees. The maximum allowable fee may be less than what the health care provider bills and you may be responsible for the difference between what the health care provider bills and the maximum allowable fee (often referred to as “balance billing”). These amounts do not apply to the overall deductible and out-of-pocket maximums noted above.

Note: Balance billing will not occur if emergency room services are obtained out-of-network, or when you obtain an approved referral, from Aspirus Arise, to utilize an out-of-network provider for services.
