

# Webster Schools Stacked Plan 2017-18

## Single Plan

### Health Savings Account (HSA)

- Every year the District deposits \$1,000 into your individual HSA account.
- You can contribute an additional \$2,350 into the HSA per year tax free. If you are over age 55, you can contribute \$3,350.
- This money can be used to pay for medical expenses or saved for future use.
- All money goes into the HSA tax free, grows tax free and comes out tax free as long as its spent on qualified medical expenses.
- When you retire or leave the District the HSA money follows you and is yours to keep.

### Health Reimbursement Account (HRA)

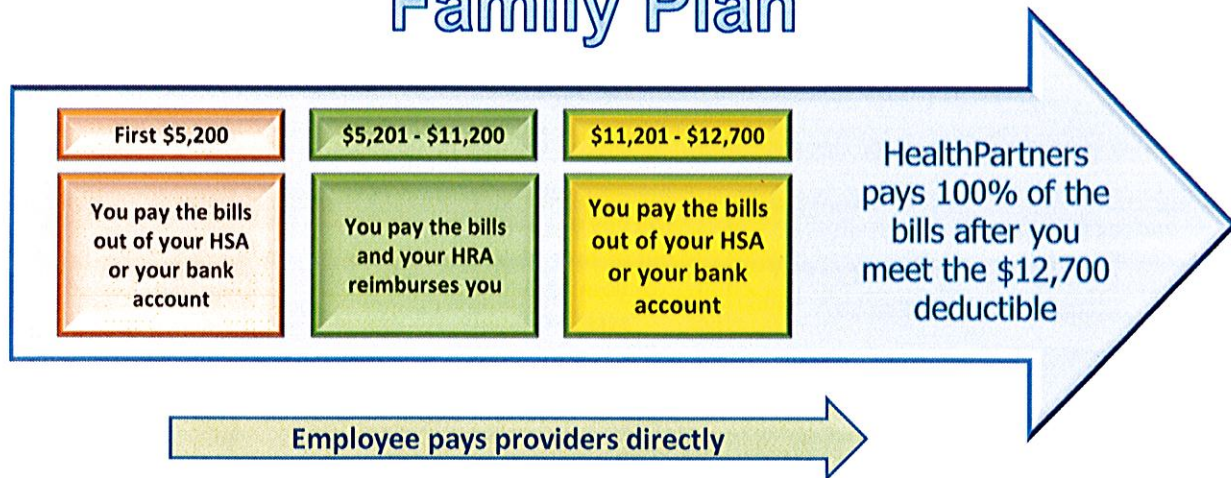

- After you spend \$2,600 towards your deductible the District's HRA kicks in and pays \$3,000 toward your deductible.
- The HRA money is sent directly to you as a check or you can setup direct deposit.
- You are responsible for paying your provider directly.
- After the HRA is exhausted, you are responsible for the remaining \$750 deductible.

### Questions?

- Call (952) 883-7000 and talk to a Member Services representative from 7 AM to 7 PM Monday through Friday or visit [healthpartners.com](http://healthpartners.com).
