AGENCY DESCRIPTION

As of June 30, 2014, the board managed approximately \$105.1 billion in assets. The trust funds of the Wisconsin Retirement System comprise nearly 93 percent of the funds under management. With assets over \$98.1 billion, the Wisconsin Retirement System is currently the 9th largest public pension fund in the United States and the 28th largest public or private pension fund in the world.

The board also manages the state investment fund, which invests the cash balances of state agencies, over 1,100 local governments and the Wisconsin Retirement System on a commingled basis. Funds are managed to protect principal, provide liquidity and enhance returns. In addition, the board manages several smaller trust funds. Each has investment objectives to fulfill specific financial needs.

The board is comprised of nine trustees, selected as follows:

- Five public members appointed by the Governor with the advice and consent of the Senate to staggered six-year terms. Four of these five members must possess at least ten years of investment experience.
- One member representing a local government that participates in the Local Government Investment Pool. This member is appointed by the Governor with the advice and consent of the Senate to a six-year term and must meet prescribed statutory eligibility criteria.
- Two members must be Wisconsin Retirement System participants. One member is appointed by the Teachers Retirement Board from among Wisconsin Retirement System teacher participants and the other is appointed by the Wisconsin Retirement Board from among Wisconsin Retirement System nonteacher participants, for six-year terms.
