AGENCY DESCRIPTION

The board is responsible for protecting and preserving the scenic beauty and natural character of the lands within the project boundary. The riverway project encompasses nearly 80,000 acres of public and private lands along the final 92 miles of the Wisconsin River. The board issues permits for construction, timber harvests, utility facilities and other activities that comply with the applicable performance standards. The board is composed of nine citizen members who serve staggered three-year terms. The Governor appoints three "at-large" members who must represent recreational user groups and serve subject to Senate confirmation. The remaining six members represent each of the riverway counties and are nominated by the respective county boards and then appointed by the Governor. The board employs an executive director and an office associate. The board receives technical assistance from the Department of Natural Resources and is attached to the Department of Tourism for administrative purposes.

MISSION

The mission of the board is to protect and preserve the scenic beauty and natural character of the Lower Wisconsin State Riverway through administration of a program to control land use and development. However, in concert with the program to control land use and development, due consideration shall be given to the rights of landowners and the freedom to exercise the rights associated with land ownership.

The challenge facing the board is to maintain the fragile and delicate balance between protection and preservation of the scenic beauty and natural character of the Lower Wisconsin State Riverway and protection and preservation of the rights of landowners and local residents within the boundaries of the Lower Wisconsin State Riverway.

Lower Wisconsin River State Riverway Board

PROGRAMS, GOALS, OBJECTIVES AND ACTIVITIES

Program 1: Control of Land Development and Use in the Lower Wisconsin State Riverway

Goal: Protect the scenic beauty and natural character of the lower Wisconsin River valley.

Objective/Activity: Effectively administer regulations and permits.
