Kathy Blumenfeld, Secretary-Designee
Department of Administration

## Subject: 2023-25 Biennial Budget Request

Dear Secretary-Designee Blumenfeld:
Enclosed is the Department of Natural Resources proposed 2023-25 biennial operating budget. It reflects our desire to operate within the Department of Administration's zero-growth budget policy guidance.

The proposed budget, consisting of $\$ 575.2$ million for Fiscal Year 2024 and $\$ 575.0$ million for Fiscal Year 2025, does not include any GPR increases other than those tied to the full funding of positions. It also includes an overall staffing request of $2,544.43$ FTE.

My staff and I look forward to discussing and providing any additional information you may need on this budget proposal.

Sincerely,

Preston D. Cole, Secretary

## AGENCY DESCRIPTION

The Legislature created the department in 1967 by combining closely related conservation functions and combined them with newly emerging environmental protection programs. The department is administered by a secretary who is appointed by the Governor with the advice and consent of the Senate. The Natural Resources Board establishes policy for the department and consists of seven citizen members who are appointed by the Governor with the advice and consent of the Senate. The department is organized with a headquarters office in Madison, six regional offices and over 165 other field stations and offices. The central office staff assists the secretary in directing the regions, which carry out the field operations of the department. Over 70 percent of the department's personnel operate from field stations outside of Madison.

The department coordinates the preservation, protection and regulation of the natural environment for the benefit of the people of this state and its visitors. Included in its objectives are water and air quality maintenance; water supply regulations; solid and hazardous waste management; fish and wildlife management; forest management and protection; providing parks and recreation opportunities; lake management; wetland, shoreland and floodplain protection; and law enforcement.

The department also coordinates federal, state and local aid programs of the U.S. Fish and Wildlife Service, U.S. Forest Service, U.S. Environmental Protection Agency (EPA) and other federal agencies; and administers federal funds available for outdoor recreation, thereby taking a lead role in planning state outdoor recreation facilities. It administers state aid programs for local outdoor recreation and pollution abatement.

## MISSION

The mission of the department is to protect and enhance our natural resources (air, land, water, wildlife, fish, forests and the ecosystems that sustain all life); provide a healthy, sustainable environment and a full range of outdoor opportunities; ensure the right of all people to use and enjoy these resources in their work and leisure; work with people to understand each other's views and to carry out the public will; and, in this partnership, consider the future and generations to follow.

## PROGRAMS, GOALS, OBJECTIVES AND ACTIVITIES

## Program 1: Fish, Wildlife and Parks

Goal: Provide the highest quality state park experience, resource stewardship, nature education and service for visitors to the Wisconsin State Parks System.

Objective/Activity: Expand the opportunities available to visitors through development of additional properties and recreational facilities.

Goal: Maintain adequate levels of fish stocking in Wisconsin waters, particularly Lake Michigan which is almost totally dependent on stocking.

Objective/Activity: Stock fish produced at state fish hatcheries in accordance with approved fish quotas.
Goal: Help customers comply with state and federal endangered species laws by providing fast, efficient and high-quality endangered resources reviews.

Objective/Activity: Maintain average turnaround time for endangered resources reviews of seven or fewer business days.

Goal: Improve testing and sampling processes for Chronic Wasting Disease (CWD).
Objective/Activity: Reduce turnaround times for CWD testing.

## Program 2: Forestry

Goal: Ensure that the privately-owned forests in Wisconsin are managed to sustain environmental, social and economic benefits.

Objective/Activity: Annually increase the number of acres enrolled in the Managed Forest Law program and increase outreach efforts toward previously unengaged forest landowners.

Goal: Implement Wisconsin's Trillion Tree Pledge
Objective/Activity: Work toward planting trees and conserving acreage as part of Wisconsin's Trillion Tree Pledge.

Goal: Reduce damage to homes resulting from fires in the wildland-urban interface.
Objective/Activity: Improve wildland fire response time.

## Program 3: Public Safety

Goal: Maintain or improve safety for outdoor recreational activities.
Objective/Activity: Reduce accidents related to hunting and fishing, and those involving boats, snowmobiles and all-terrain vehicles.

## Program 4: Environmental Management

Goal: Protect public health and the environment while providing economic growth by efficiently administering the Wisconsin Pollution Discharge Elimination System (WPDES) wastewater permit program.

Objective/Activity: Maintain the WPDES permit backlog at less than 10 percent.
Goal: Protect public health and safety and the state's groundwater resources by ensuring wells are constructed according to department regulations.

Objective/Activity: Perform a detailed inspection, during the construction phase, of 10 percent or more of the wells constructed each year.

Goal: Protect public health and safety by ensuring public water systems are properly operated and maintained.

Objective/Activity: Perform a detailed inspection at every community public water system at least once every three calendar years and at every noncommunity public water system at least once every five calendar years.

Goal: Improve air quality and public health in Wisconsin while efficiently administering air permit programs.
Objective/Activity: Expeditiously issue air construction permits, while meeting the needs and requirements of the permit applicant and the public.

Goal: Facilitate the beneficial reuse of previously abandoned and/or contaminated property.
Objective/Activity: Remediate parcels of abandoned/contaminated property and make them available for redevelopment.

## Program 8: Internal Systems

Goal: Improve department responsiveness and transparency.
Objective/Activity: Respond to most, if not all, simple open records requests within ten business days.
Goal: Reduce the number of lost workdays due to worker's compensation injuries.
Objective/Activity: Support and train department staff and supervisors on safety procedures and policies and encourage a culture of safety within the agency.

## Program 9: External Services

Goal: Reduce permit processing times.
Objective/Activity: Continue to reduce the amount of time that is required to review a permit application and issue a decision.

Goal: Expand on-line sales of licenses.
Objective/Activity: Continue to increase the percentage of hunting, fishing and trapping licenses purchased on-line.

## PERFORMANCE MEASURES

## 2021 AND 2022 GOALS AND ACTUALS

| Prog. No. | Performance Measure | $\begin{aligned} & \hline \text { Goal } \\ & 2021 \end{aligned}$ | $\begin{aligned} & \text { Actual } \\ & 2021 \end{aligned}$ | $\begin{aligned} & \text { Goal } \\ & 2022 \end{aligned}$ | $\begin{aligned} & \text { Actual } \\ & 2022 \end{aligned}$ |
| :---: | :---: | :---: | :---: | :---: | :---: |

## Decision Item (DIN) - 5472

## Decision Item (DIN) Title - Contaminated Sediment Bonding

#### Abstract

NARRATIVE

The department requests $\$ 4.0$ million of additional bonding authority to clean up contaminated sediments in Lake Michigan and Lake Superior or their tributaries. This funding, along with other nonfederal sponsor contributions, would match federal agency programs like the EPA Great Lakes Restoration Initiative (GLRI), Great Lakes Legacy Act, and US Army Corps of Engineers Continuing Authority Program.

## Decision Item (DIN) - 5843

## Decision Item (DIN) Title - Stewardship Lapse Correction

## NARRATIVE

The department requests statutory language which stipulates that any unused funds from the $\$ 8$ million/yr. Forestry Account transfer to the Capital Improvement Fund shall lapse back to the balance of the Forestry Account at the end of each fiscal year. This proposed change would remain in effect for the entirety of the newly reauthorized Stewardship program (through FY 2026).

The proposed lapse would not apply to funds that have been committed/encumbered, but not yet spent, including:

- DNR, Natural Resources Board, Governor, and Joint Committee on Finance (JFC) approved projects have not yet been closed; and
- $\quad$ Projects requiring JFC passive review per s. 23.0917(6m) extending beyond the end of a fiscal year.

## Decision Item (DIN) - 5911

## Decision Item (DIN) Title - Urban Nonpoint \& Municipal Flood Control Bonding

## NARRATIVE

The department requests an additional $\$ 4.0$ million of bonding authority for the Urban Nonpoint Source and Storm Water Management (UNPS) Program and the Municipal Flood Control and Riparian Restoration (MFC) Program. The additional bonding would assist municipalities with the costs of reducing flooding, storm water management, and improving water quality and habitat.

## Decision Item (DIN) - 5913

## Decision Item (DIN) Title - Targeted Runoff Management (TRM) Bonding

#### Abstract

NARRATIVE

The department requests $\$ 6.5$ million in additional bonding authority for small-scale and large-scale targeted runoff management (TRM) projects and for notice of discharge (NOD) cost-sharing grants to governmental units working with owners and operators of livestock operations to meet required pollution controls. Additional bonding would enable the Department to implement agricultural performance standards and prohibitions statewide, and to achieve the water quality goals of "total maximum daily loads" or TMDLs in targeted watersheds as required in Section 303(d) of the federal Clean Water Act (CWA).
