## WISCONSIN DEPARTMENT OF CORRECTIONS

Governor Tony Evers / Secretary Kevin A. Carr

Kathy Blumenfeld, Secretary-designee
Department of Administration
101 East Wilson Street
Madison, WI 53707-7864

September 15, 2022
Dear Secretary-designee Blumenfeld:
I am pleased to submit the Wisconsin Department of Corrections' (DOC) 2023-2025 biennial budget request. DOC is again taking a cost-to-continue approach with a focus on funding needed to ensure public and community safety and the safety of staff and persons in our care, retain and recruit additional staff to meet safety and department needs, maintain operations and quality of care in our institutions, and perform basic maintenance and repairs This proposal reflects the Department's efforts to be innovative, efficient and prudent in its use of state resources.

The budget request focuses on workforce investment, which continues to be a top priority for both Governor Evers and of me and the department. It aims to bolster the DOC's most important asset to continuing to bolster safety in our institutions and our communities-our staff-by supporting temporary add-ons that are currently being paid to staff, like security and health services personnel, that provide direct care to the men and women in our facilities. This proposal also focuses on improving staff ratios through funding for the recruitment of new DOC employees.

I look forward to working with you and your staff as you develop the Governor's 2023-2025 biennial budget.

Kevin A. Carr, Secretary
Department of Corrections

## Decision Item (DIN) Title - Ongoing Funding for Emergency Add-on to Recruit and Retain Security Positions

#### Abstract

NARRATIVE

The Department of Corrections requests ongoing funding to support the ongoing annual impact of the $\$ 5 /$ hour high-vacancy add-on for correctional officers, which was approved by the Joint Committee on Employment Relations in the 2021-23 compensation plan. The Department also requests additional ongoing funding to support the permanent continuation of emergency pilot add-ons for critical correctional officers and nursing positions, which was approved by the Department of Administration's Division of Personnel Management after the approval of the compensation plan. The continuation and ongoing funding of these add-ons is critical to recruiting and retaining personnel in correctional institutions.

## Decision Item (DIN) - 5801

## Decision Item (DIN) Title - Law Enforcement Investigation Reimbursement

## NARRATIVE

The Department of Corrections requests a statutory language change to reimburse local governments for law enforcement investigative services, and a corresponding reallocation of funding in FY24 and FY25.

# DEPARTMENT OF CORRECTIONS <br> 2023-25 Biennial Budget Statutory Language Request 

Topic: Law Enforcement Investigative Services Reimbursement

## Current Language

Current law provides the Department of Corrections (DOC) with authority to reimburse counties containing state prisons or juvenile correctional facilities for certain actions or proceedings involving prisoners in state prisons or juveniles in juvenile correctional facilities.
§16.51(7) Audit claims for expenses in connection with prisoners and juveniles in juvenile correctional facilities. Receive, examine, determine, and audit claims, duly certified and approved by the department of corrections, from the county clerk of any county in behalf of the county, which are presented for payment to reimburse the county for certain expenses incurred or paid by it in reference to all matters growing out of actions and proceedings involving prisoners in state prisons, as defined in s. 302.01, or juveniles in juvenile correctional facilities, as defined in s. 938.02 (10p), including prisoners or juveniles transferred to a mental health institute for observation or treatment, when the proceedings are commenced in counties in which the prisons or juvenile correctional facilities are located by a district attorney or by the prisoner or juvenile as a postconviction remedy or a matter involving the prisoner's status as a prisoner or the juvenile's status as a resident of a juvenile correctional facility and for certain expenses incurred or paid by it in reference to holding those juveniles in secure custody while those actions or proceedings are pending. Expenses shall only include the amounts that were necessarily incurred and actually paid and shall be no more than the legitimate cost would be to any other county had the offense or crime occurred therein.
§20.410(1)(c) Reimbursement claims of counties-containing state prisons. A sum sufficient to pay all valid claims made by county clerks of counties containing state prisons as provided in s. 16.51(7).
§20.410(3)(c) Reimbursement claims of counties containing juvenile correctional facilities. A sum sufficient to pay all valid claims made by county clerks of counties containing state juvenile correctional facilities as provided in s. 16.51(7).

## Proposed Change

This change would allow DOC to also reimburse local municipalities for law enforcement investigative services.
§16.51(7) Audit claims for expenses in connection with prisoners and juveniles in juvenile correctional facilities. Receive, examine, determine, and audit claims, duly certified and approved by the department of corrections, from the county clerk of any county in, city, village, or town, on behalf of the county, city, village, or town,
which are presented for payment to reimburse the county reimbursement for certain expenses incurred or paid by it in reference to all matters growing out of actions and proceedings involving prisoners in state prisons, as defined in s. 302.01, or juveniles in juvenile correctional facilities, as defined in s. 938.02 (10p), including prisoners or juveniles transferred to a mental health institute for observation or treatment, when the. The department shall reimburse a county under this subsection for expenses relating to actions or proceedings that are commenced in counties in which the prisons or juvenile correctional facilities are located by a district attorney or by the prisoner or juvenile as a postconviction remedy or a matter involving the prisoner's status as a prisoner or the juvenile's status as a resident of a juvenile correctional facility and for certain expenses incurred or paid by it the county in reference to holding those juveniles in secure custody while those actions or proceedings are pending. The department shall reimburse a county, city, village, or town under this subsection for expenses relating to law enforcement investigative services that it provided for an incident involving a prisoner in a state prison or a juvenile in a juvenile correctional facility within its jurisdiction. Expenses shall only include the amounts that were necessarily incurred and actually paid and shall be no more than the legitimate cost would be to any other county had the offense or crime occurred therein.
§20.410(1)(c) Reimbursement claims of counties or municipalities containing state prisons. A sum sufficient to pay all valid claims made by county clerks of counties ${ }_{2}$ cities, villages, or towns containing state prisons as provided in s. 16.51(7).
§20.410(3)(c) Reimbursement claims of counties or municipalities containing juvenile correctional facilities. A sum sufficient to pay all valid claims made by county clerks of counties, cities, villages, or towns containing state juvenile correctional facilities as provided in s. 16.51(7).

## Effect of the Change

These changes will modify statutes to allow DOC to reimburse local law enforcement agencies for investigative services and provide a funding source.

## Rationale for the Change

DOC currently reimburses certain local governments for law enforcement investigative services but does so without a dedicated funding source. This change would provide DOC with clear authority to reimburse local governments for actual expenses associated with law enforcement investigative services and provide a funding source.

Proposal under s. \(16.42(4)\) (b)1.: \(5 \%\) change in each fiscal year
FY:
FY24
Agency: DOC-410
Exclusions: Federal Debt Service

Columns A-G were prepopulated for agencies to reflect state operations adjusted base and reductions agreed to by DOA and LFB. See Appendix H for instructions on how to complete these templates.
Proposed \$ and Proposed FTE columns reflect total agency proposed spending and positions for indicated fiscal year. These amounts should include standard budget adjustments (SBAs), any proposed reallocations or reductions to meet the target, and any other requests that the agency would want considered under this proposal

Appropriations with zero dollars and zero FTEs are not loaded into the template. If you have any questions, contact your SBO analyst.
IF YOUR AGENCY PLANS TO TAKE THE SAME CUTS OVER BOTH YEARS, YOU SHOULD ONLY FILL OUT ONE GRID FOR 0\% GROWTH AND ONE GRID FOR 5\% REDUCTION, THEN CHANGE "FY24" TO "FY24 AND 25 ".

Proposal under s. 16.42(4)(b)2.: 0\% change in each fiscal year
FY: FY24
Agency: DOC-410
Exclusions: Federal
Debt Service
Columns A-G were prepopulated for agencies to reflect state operations adjusted base and reductions agreed to by DOA and LFB. See Appendix H for instructions on how to complete these templates.
Proposed \$ and Proposed FTE columns reflect total agency proposed spending and positions for indicated fiscal year. These amounts should include standard budget adjustments (SBAs), any proposed reallocations or reductions to meet the target, and any other requests that the agency would want considered under this proposal.

Appropriations with zero dollars and zero FTEs are not loaded into the template. If you have any questions, contact your SBO analyst.
IF YOUR AGENCY PLANS TO TAKE THE SAME CUTS OVER BOTH YEARS, YOU SHOULD ONLY FILL OUT ONE GRID FOR 0\% GROWTH AND ONE GRID FOR 5\% REDUCTION, THEN CHANGE "FY24" TO "FY24 AND 25".

Target Reduction \(=\)

Proposal under s. 16.42(4)(b)1.: 5\% change in each fiscal year
FY:
FY24
Agency: DOC-410
Exclusions: Federal
Debt Service
Columns A-G were prepopulated for agencies to reflect state operations adjusted base and reductions agreed to by DOA and LFB. See Appendix H for instructions on how to complete these templates.
Proposed \(\$\) and Proposed FTE columns reflect total agency proposed spending and positions for indicated fiscal year. These amounts should include standard budget adjustments (SBAs), any proposed reallocations or reductions to meet the target, and any other requests that the agency would want considered under this proposal.

Appropriations with zero dollars and zero FTEs are not loaded into the template. If you have any questions, contact your SBO analyst.
IF YOUR AGENCY PLANS TO TAKE THE SAME CUTS OVER BOTH YEARS, YOU SHOULD ONLY FILL OUT ONE GRID FOR 0\% GROWTH AND ONE GRID FOR 5\% REDUCTION, THEN CHANGE "FY24" TO "FY24 AND 25".
