Introduction

This document is part of the *State Single Audit Guidelines*, and it should be used only in context of the *Guidelines* as a whole. The *Guidelines* consist of two parts: the main document, which describes the state’s single audit policy in general terms, and the department-specific appendices, which detail audit requirements for programs from the respective departments. An auditor planning an audit needs to consult the main document and the appendices for each of the departments that provided funding to the auditee. For example, if the auditee received funding from the Department of Workforce Development (DWD) and the Department of Health Services (DHS), the auditor will need the main document, the DWD appendix, and the DHS appendix.

1.1 Programs subject to an audit

The Wisconsin Technical College System (WTCS) has not excluded any of its programs from audit coverage.

1.2 Designated state major programs
