

STATE CONTROLLER'S OFFICE – BULLETIN 07-09-2018

Wisconsin Department of Administration – Division of Executive Budget and Finance

BULLETIN 07-09-2018

Full Control on Appropriations

We have loaded and reconciled the Fiscal Year 2019 budget. Please review your agency's biennial budget amounts in STAR and make allotment line updates as appropriate. Non-Project agencies will have until Friday, August 10th, to adjust their appropriations in STAR. Project agencies will have until Friday, August 24th, to adjust their appropriations in STAR. After these dates, we will be implementing full control on Chapter 20 appropriations.

Please note that the FY2018 close should take priority during this time of year. However, if your agency has completed their review and processed all necessary allotment adjustments, your business unit can be put on full control earlier. If you choose to go on full control earlier, please send an email to the following address DOASCOBUDGET@wisconsin.gov.

If you have any concerns or questions regarding these dates, please contact Karolyn Cassidy at karolyn.cassidy@wisconsin.gov.
