BULLETIN 09-14-2018

Pay Period 19 Processing

The State Controller's Office is working with STAR to resolve an issue with the payroll budget check process for pay period 19. Therefore, the loading of the payroll journals into the general ledger will be delayed.

We will send out a notification once the budget check process has been completed and the payroll journals have been loaded.

If you have any questions, please contact Karolyn Cassidy at karolyn.cassidy@wisconsin.gov.
