December 23, 2009

Thank you for your interest in the State of Wisconsin.

This is the Continuing Disclosure Annual Report for the fiscal year ending June 30, 2009 (2009 Annual Report).

The 2009 Annual Report provides information on different securities that the State issues and fulfills the State's continuing disclosure undertakings. These undertakings of the State are intended to help dealers and brokers comply with Rule 15c2-12 under the Securities Exchange Act of 1934. As of this date, the State has filed the 2009 Annual Report with the Municipal Securities Rulemaking Board (MSRB) through the MSRB's Electronic Municipal Market Access (EMMA) system. EMMA receives, and makes available to the public, continuing disclosure documents and related information that is provided by issuers and obligated persons.

Official Statements for securities that the State issues during the next year may incorporate parts of this 2009 Annual Report by reference.

Organization of the 2009 Annual Report

The 2009 Annual Report is divided into eight parts. The first two parts present general information.

- Part I presents the State's continuing disclosure undertakings. A Master Agreement on Continuing Disclosure (Amended and Restated July 1, 2009) establishes a general framework. Separate addenda describe the information to be provided for specific types of securities.
- Part II presents general information about the State, including its operations and financial results. This part includes the General Purpose External Financial Statements portion of the audited Comprehensive Annual Financial Report for the fiscal year ending June 30, 2009. This part also includes the results of the 2008-09 fiscal year and information on the biennial budget for 2009-11.

The remaining parts present information about different types of securities that the State issues.

- Part III General obligations (including bonds, commercial paper, and extendible municipal commercial paper)
- Part IV Master lease certificates of participation
- Part V Transportation revenue obligations (including bonds and commercial paper)
- Part VI Clean water revenue bonds
- Part VII Petroleum inspection fee revenue obligations (including bonds and extendible municipal commercial paper)
- Part VIII General fund annual appropriation bonds (including bonds and variable rate notes)

Please note that certain terms may have different meanings in different parts.

Ratings on the State's Securities

The following chart presents a summary of the long-term ratings currently assigned to different types of securities that the State issues.

		Moody's	Standard &
	Fitch	Investors	Poor's
<u>Security</u>	<u>Ratings</u>	Service, Inc.	Ratings Services
General Obligations	AA-	Aa3(1)	AA
Master Lease Certificates of Participation	A+	$A1^{(1)}$	AA-
Transportation Revenue Bonds	AA	Aa3	AA+
Clean Water Revenue Bonds	AA+	Aa1	AA+
Petroleum Inspection Fee Revenue Bonds	AA-	Aa3	AA
General Fund Annual Appropriation Bonds	A+	A1(1)	AA-

⁽¹⁾ On March 17, 2008, Moody's Investors Services, Inc. changed its rating outlook on the State's general obligations, master lease certificates of participation, and general fund annual appropriation bonds from "stable" to "negative".

How to Get Additional Information

If you are interested in information about securities that the State issues, please contact the Capital Finance Office. <u>The Capital Finance Office is the only party authorized to speak on the State's behalf about the State's securities.</u>

The Capital Finance Office maintains a web site that provides access to both disclosure and non disclosure information.

www.doa.wi.gov/capitalfinance

The Capital Finance Office posts to this web site monthly general fund cash flow reports. The Capital Finance Office also posts to this web site all information and material event filings that it makes with each nationally recognized municipal securities information repository.

We welcome your comments or suggestions about the format and content of the 2009 Annual Report. The general telephone number of the Capital Finance Office is (608) 266-2305. The e-mail address is **DOACapitalFinanceOffice@wisconsin.gov.**

PART III

GENERAL OBLIGATIONS

This Part III of the 2009 Annual Report provides information about general obligations issued by the State of Wisconsin (**State**).

Total Outstanding Balance (12/15/2009)	\$6,222,792,744
Amount Outstanding of Fixed-Rate Obligations	\$5,591,616,744
Amount Outstanding of Variable-Rate Obligations	\$ 631,176,000
Percentage of Outstanding Obligations in the form of Variable-Rate Obligations	10.14%
Ratings ^(a) (Fitch/Moody's/Standard & Poor's)	
Bonds	$AA-/Aa3^{(b)}/AA$
CP Notes/EMCP	$F1+/P-1^{(b)}/A-1+$

^(a) The ratings presented are the ratings assigned to the State's general obligations without regard to any bond insurance policy. No information is provided in the 2009 Annual Report about any rating assigned to any general obligations based on any bond insurance policy.

The State of Wisconsin Building Commission (**Commission**) supervises all matters concerning the State's issuance of general obligations. The Capital Finance Office, which is part of the State of Wisconsin Department of Administration's Division of Executive Budget and Finance, is responsible for managing the State's borrowing programs.

The law firm of Foley & Lardner LLP provides bond counsel services to the State for the issuance of general obligations. The State has issued general obligations in the form of bonds, notes, commercial paper notes, and extendible municipal commercial paper. The Secretary of Administration is the registrar and paying agent for general obligations issued in book-entry-only form. There is a different registrar and paying agent for the following two series of general obligations, which were issued in fully-registered form:

Name of Obligation	Name of Registrar/Paying Agent
G.O. Bonds of 1990, Series D	U.S. Bank National Association
(Higher Education Bonds)	
G.O. Bonds of 1991, Series B	U.S. Bank National Association
(Higher Education Bonds)	

Deutsche Bank Trust Company Americas serves as issuing and paying agent for the commercial paper notes, and U.S. Bank Trust National Association serves as issuing and paying agent for the extendible municipal commercial paper.

Requests for additional information about general obligations of the State may be directed as follows:

^(b)On March 17, 2008, Moody's Investors Services, Inc. changed its rating outlook on the State's general obligations from "stable" to "negative".

The 2009 Annual Report includes information and defined terms for different types of securities issued by the State. The context or meaning of terms used in this Part III of the 2009 Annual Report may differ from those of the same terms used in another part. No information or resource referred to in this 2009 Annual Report is part of this 2009 Annual Report unless expressly incorporated by reference.

Build America Bonds

As of December 15, 2009, the State has issued two series of general obligation bonds (taxable) that are "qualified build America bonds" pursuant to Section 54AA of the Internal Revenue Code of 1986, as amended (Code). These bond issues include the \$54,535,000 State of Wisconsin General Obligation Bonds of 2009, Series B (Taxable) and the \$225,825,000 State of Wisconsin General Obligation Bonds of 2009, Series D (Taxable). Based on the credit allowed for "qualified Build America Bonds", the State has elected to receive from the United States Treasury on each payment date a direct payment in the amount of 35% of the interest payable by the State on such date for such general obligation bonds. Owners of these general obligation bonds (taxable) will not receive any tax credits or other tax benefits with respect to their ownership of such bonds.

SECURITY PROVISIONS FOR GENERAL OBLIGATIONS

Security

The Wisconsin Constitution pledges the full faith, credit, and taxing power of the State to its general obligations and requires the Legislature to provide for their payment by appropriation.

The Wisconsin Statutes establish additional protections and provide for the repayment of all general obligations. The Wisconsin Statutes establish, as security for the payment of all debt service on general obligations, a first claim on all revenues of the State. Further, a sufficient amount of those revenues is irrevocably appropriated, so that no subsequent legislative action is required to release them, and those amounts are held in segregated funds or accounts.

The Wisconsin Statutes also provide that the validity of general obligations shall not be affected by any defect in their contracting, that all instruments evidencing general obligations are valid and incontestable, and that any legislative, judicial, or administrative determination that proceeds of general obligations may not be spent shall not affect their validity.

The State has never defaulted in the punctual payment of principal or interest on any general obligation and has never attempted to prevent or delay a required payment. The State has reserved no right to reduce or modify any terms affecting the security or source of payment of its general obligations.

In the event of default, the Wisconsin Constitution guarantees recourse by allowing suit to be brought against the State to compel payment. Statutory provisions expedite the bringing of suit. Further, in the event of a final judgment against the State, payment will be made as specifically provided, together with interest at a rate of 10% per annum until the date of payment.

The Wisconsin Statutes also provide that, if payment has been made or duly provided for by the date that a general obligation becomes due for payment, interest ceases to accrue, and the general obligation is no

longer outstanding. If any general obligation is not presented for payment, the money held for its payment shall be administered under the unclaimed property statutory provisions.

Flow of Funds to Pay Debt Service on General Obligations

The General Fund stands behind the payment of debt service on all general obligations. Should the General Fund have insufficient resources to pay debt service, there is a single irrevocable and unlimited appropriation from all revenues of the State for timely payment on all general obligations. It is this appropriation, which pledges all revenues of the State for payment of debt service due from any program using general obligation proceeds, that enables the State to issue a general obligation that is undifferentiated by the purpose for which proceeds are used.

For budgetary control purposes, different internal funds flows apply to general obligations, depending on whether they are issued as bonds or notes, and in some cases depending on the purpose for which they were issued.

With respect to general obligation bonds, all funds necessary for timely payment of principal and interest are deposited in the Bond Security and Redemption Fund at least 15 days in advance of the due date. If an impoundment payment required in connection with operating notes is payable within 45 days before the due date, then the payments are deposited in the Bond Security and Redemption Fund at least 45 days in advance of the due date.

With respect to general obligation notes, funds for the payment of principal and interest are deposited in a separate and distinct account created in the Capital Improvement Fund for the repayment of notes. Proceeds of general obligations may also be used to retire notes. The Wisconsin Statutes specifically provide that if, at any time, there is not on hand in the Capital Improvement Fund sufficient money for the payment of principal and interest on general obligation notes, then the Department of Administration shall transfer to the Capital Improvement Fund, from an irrevocable and unlimited appropriation as a first charge upon all revenues of the State, the amount necessary to make the payment of principal and interest on general obligation notes when due.

Interest on the outstanding commercial paper notes and extendible municipal commercial paper is paid when due. It is collected in the same manner as other general obligation notes and is deposited quarterly in advance with the respective issuing and paying agent on the first business day of February, May, August, and November.

Purposes of General Obligations

The Wisconsin Constitution provides that the State may issue general obligations for three categories of borrowing. The first is to acquire, construct, develop, extend, enlarge, or improve land, waters, property, highways, railways, buildings, equipment, or facilities for public purposes. The second is to make funds available for veterans housing loans. The third is to fund or refund any outstanding State general obligations. Subject to constitutional limitations about purposes and amounts, procedures governing the use of the borrowing authority are to be established by the Legislature. There is no constitutional requirement that the issuance of general obligations receive the direct approval of the electorate.

Limitations on Issuance of General Obligations

All general obligations issued by the State fall within a debt limit set forth in the Wisconsin Constitution and the Wisconsin Statutes. There is an annual limit of three-quarters of one percent, and a cumulative limit of five percent, of the aggregate value of all taxable property in the State. Currently, the annual limit is \$3,839,339,873, and the aggregate limit is \$25,595,599,155. A funding or refunding bond issue does not count for purposes of the annual debt limit, and a funded or refunded bond issue does not count for purposes of the cumulative debt limit. Accrued interest on any general obligation that is not paid during the fiscal year in which it accrues is treated as debt and taken into account for purposes of the debt limitations. See Table III-4 in "DEBT INFORMATION".

Authorization of General Obligations

Within prescribed limitations, the Wisconsin Constitution assigns to the Legislature, acting by vote of a majority of the members elected to each of the two houses, all matters relating to the issuance of general obligations. The quorum in such votes is 60% of the membership. Among these assigned powers is the authority to establish the purposes (uses) and fix the amounts for which general obligations may be issued.

To date, the Legislature has authorized the issuance of general obligations for 100 distinct borrowing purposes and has limited the amount of general obligations that may be issued for each purpose. In practice, as a part of the budget, these amounts are adjusted to accommodate newly budgeted activity. As of the date of this 2009 Annual Report, approximately 30 of the distinct borrowing purposes essentially have no remaining borrowing authority. The Legislature has delegated to the Commission responsibility to establish the form and terms of the issuance and sale of these general obligations. Table III-1 describes the amounts authorized and issued for each borrowing purpose.

(December 15, 2009)

 $^{^{(}a)}$ Interest earnings reduce issuance authority by the same amount.

 ${\bf Source:\ Wisconsin\ Department\ of\ Administration.}$

⁽b) Accrued interest on any obligation that is not paid during the fiscal year in which it accrues is treated as debt and taken into account for purposes of the statutory authority to issue debt.

DEBT INFORMATION

The State has issued general obligations on the dates and in the amounts shown in Table III-2. The table also includes the outstanding balances as of December 15, 2009, and may not include previously issued general obligations that did not have an outstanding balance as of that date.

Table III-2 OUTSTANDING GENERAL OBLIGATIONS BY ISSUE (As of December 15, 2009)

Tables II-29 and II-32 in Part II of this 2009 Annual Report

Table III-4 LIMITATION ON AGGREGATE PUBLIC DEBT THAT MAY BE CONTRACTED

The aggregate debt contracted in calendar year 2009 shall not exceed the lesser of (a) or (b):

(a)	3/4 of 1% x \$511,911,983,100		\$ 3,839,339,873
(b)	5% x \$511,911,983,100 Deduct: Net Indebtedness 1/1/2008	\$25,595,599,155 (6,146,978,112)	
			\$19,448,621,043

The amount of \$511,911,983,100 shown above is the aggregate full market value of all taxable property in the State for the year 2009 as certified by the Department of Revenue.

The amount of \$6,146,978,112 shown above is the net indebtedness as of January 1, 2009 as certified by the Legislative Audit Bureau.

The lesser of (a) or (b) is \$3,839,339,873. Aggregate debt contracted in the calendar year 2009 shall not exceed this amount.

Table III-5 ANNUAL DEBT LIMIT COMPARED TO ACTUAL BORROWING

			Borrowing
	Annual Debt	Actual	as Percentage
Calendar Year	Limitation	Borrowing	of Limitation
2000	\$2,147,411,186	\$538,795,000	25.1%

⁽a) Revenue Supported Debt represents general obligation debt of the State issued to fund particular programs and facilities with the initial expectation that revenues and other proceeds derived from the operation of the programs and facilities will amortize the allocable debt without recourse to the General Fund.

⁽b) Includes the Transportation Fund and certain administrative facilities for the Department of Natural Resources.

⁽c) Includes university dormitories, food service, intercollegiate athletic facilities, certain facilities on the State Fair grounds, and capital equipment acquisition.

⁽b) Reflects a General Obligation Bond sold to the State Environmental Improvement Fund that matured June 1, 2008; however, at the option of the purchaser the maturity date can be extended for six month periods (for all or a portion of the outstanding amount) with such extensions not extending beyond December 1, 2029.

VARIABLE RATE OBLIGATIONS

The State has issued, and there currently remain outstanding, both general obligation commercial paper notes (CP Notes) and extendible municipal commercial paper (EMCP).

Commercial Paper Notes

The State has appointed Goldman, Sachs & Co. and Merrill Lynch, Pierce, Fenner & Smith, Incorporated (Merrill Lynch) to serve as **Dealers.** Merrill Lynch was acquired by Bank of America Corporation in a merger which closed on January 1, 2009. With the consummation of the merger, Merrill Lynch is an indirect wholly-owned subsidiary of the Bank of America Corporation. The State has appointed Deutsche Bank Trust Company Americas to serve as **Issuing and Paying Agent** for the CP Notes, and The Depository Trust Company (DTC) serves as **Depository** for the CP Notes.

The State has obtained a **Liquidity Facility** in the form of a line of credit, which is provided through a **Credit Agreement**, as amended, between State Street Bank and Trust Company and California State Teachers' Retirement System (collectively, **Liquidity Facility Providers**) and the State. The principal portion of the Credit Agreement is currently \$233 million.

Table III-12 summarizes, for each authorized and outstanding series of CP Notes, the principal amount initially issued, the date of initial issuance, and the principal amount outstanding as of December 15, 2009.

Table III-12 SUMMARY OF OUTSTANDING GENERAL OBLIGATION CP NOTES (December 15, 2009)

Series of CP Notes	Amount Issued	Date of Initial Issuance	Amount <u>Outstanding</u>
2005 Series A	\$100,350,000	December 14, 2005	\$ 81,928,000
2006 Series A	123,510,000	August 2, 2006	116,712,000
		Total Outstanding:	\$198,640,000

Additional CP Notes may be issued pursuant to action of the Commission, but the aggregate amount of CP Notes outstanding may not exceed the principal amount of the Liquidity Facility.

Description of CP Notes

Each CP Note is dated the date it is issued. It is issued as an interest-bearing obligation in a denomination of \$100,000 or increments of \$1,000 above \$100,000.

The CP Notes are not callable prior to maturity.

Each CP Note matures from 1 to 270 days from its issue date. Also, no CP Note may be issued with a maturity date later than the expiration date of the Liquidity Facility or any substitute Liquidity Facility.

Each CP Note bears interest from its date of issuance, at the rate determined at the date of issuance, payable at maturity. Interest is computed on the basis of a year having 365 or 366 days and the actual number of days elapsed. Payment of each CP Note is made to the Depository and then distributed by the Depository.

Liquidity Facility

In order to provide liquidity for the payment of the principal of and interest on maturing CP Notes, the State has entered into the Credit Agreement with the Liquidity Facility Providers.

Pursuant to the Credit Agreement, the Liquidity Facility Providers are severally and not jointly obligated, subject to certain conditions, to make **Advances** in amounts equal to their respective percentages of the line of credit from time to time on any business day during the term of the Credit Agreement, only for providing funds to pay the principal of and interest on the CP Notes on the maturity date thereof to the extent that proceeds of other CP Notes or other moneys on deposit in the Note Fund for the CP Notes are

not available. The respective percentages are currently 51.72% for State Street Bank and Trust Company (**State Street**) and 48.28% for California State Teachers' Retirement System (**CalSTRS**). The aggregate principal amount of all Advances made on any date may not exceed the principal portion of the Credit Agreement (currently \$233 million), as such amount may be increased or decreased from time to time. Also, the principal portion of the Credit Agreement cannot be less than the sum of the outstanding CP Notes plus the aggregate principal amount of all outstanding Advances provided by the Liquidity Facility Providers.

The Credit Agreement currently terminates on March 23, 2013. The Credit Agreement provides that the termination date may be extended, if the parties agree.

The State has delivered one or more promissory notes (**Promissory Notes**) to each Liquidity Facility Provider, evidencing its obligation to repay all Advances. Each Promissory Note is a general obligation of the State.

Description of the Liquidity Facility Providers

The following information concerning State Street and CalSTRS has been provided by representatives of State Street and CalSTRS, respectively, and has not been independently confirmed or verified by the State. No representation is made herein as to the accuracy or adequacy of such information or as to the absence of material adverse changes in such information subsequent to the date hereof, or that the information given below or incorporated herein by reference is correct as of any time subsequent to its date.

State Street Bank and Trust Company

State Street is a wholly-owned subsidiary of State Street Corporation (**Corporation**). The Corporation (NYSE: STT) is a leading specialist in providing institutional investors with investment servicing, investment management, and investment research and trading. With \$12.04 trillion in assets under custody and \$1.44 trillion in assets under management, the Corporation operates in 27 countries and more than 100 markets worldwide. The assets of State Street at December 31, 2008 accounted for approximately 97% of the consolidated assets of the Corporation. At December 31, 2008, the Corporation had total assets of \$173.63 billion, total deposits (including deposits in foreign offices) of \$112.23 billion, total loans and lease finance assets net of unearned income, allowance and reserve for possible credit losses of approximately \$9.13 billion and total equity capital of \$12.77 billion.

State Street's Consolidated Reports of Condition for Insured Commercial and State Chartered Savings Banks FFIEC 031 for December 31, 2008, as submitted to the Federal Reserve Bank of Boston, are incorporated by reference in this Part III of the 2009 Annual Report and shall be deemed to be a part hereof.

In addition, all reports filed by State Street pursuant to 12 U.S.C. §324 after the date of this Part III to the 2009 Annual Report shall be deemed to be incorporated herein by reference and shall be deemed to be a part hereof from the date of filing of any such report.

Additional information, including financial information relating to the Corporation and State Street is set forth in the Corporation's Annual Report or Form 10-K for the year ended December 31, 2008. The annual report can be found on the Corporation's web site, www.statestreet.com. Such report and all reports filed by the Corporation pursuant to Section 13 or 15(d) of the Securities Exchange Act of 1934, as amended, after the date of this 2009 Annual Report are incorporated herein by reference and shall be deemed a part hereof from the date of filing of any such report. The Corporation's web site is not incorporated by reference into this Part III of the 2009 Annual Report. The Credit Agreement is an obligation of State Street and not of the Corporation.

Any statement contained in any document incorporated or deemed to be incorporated by reference herein shall be deemed to be modified or superseded for purposes of this Part III of the 2009 Annual Report to the extent that a statement contained herein or in any subsequently filed document that also is or is

deemed to be incorporated by reference herein modifies or supersedes such statement. Any statement so modified or superseded shall not be deemed, except as so modified or superseded, to constitute a part of this Part III of the 2009 Annual Report.

State Street hereby undertakes to provide, without charge to each person to whom a copy of this Part III of the 2009 Annual Report has been delivered, on the written request of any such person, a copy of any or all of the documents referred to above which have been or may be incorporated in this Part III of the 2009 Annual Report by reference, other than exhibits to such documents. Written requests for such copies should be directed to Investor Relations, State Street Corporation, One Lincoln Street, Boston, Massachusetts 02111, telephone number 617-786-3000.

Neither State Street nor its affiliates make any representation as to the contents of this Part III of the 2009 Annual Report (except as to this section to the extent it relates to State Street), the suitability of the CP Notes for any investor, the feasibility or performance of any project or compliance with any securities or tax laws or regulations.

California State Teachers' Retirement System

CalSTRS is a component unit of the State of California, organized and operating under the laws of the State of California, including the Teachers' Retirement Law, constituting Part 13 of Division 1 of Title 1 of the Education Code of the State of California, commencing at Section 22000 (Law), as amended. The Law establishes the Teachers' Retirement Board (Board), which has the sole and exclusive fiduciary responsibility over the administration and investment of funds held in the Teachers' Retirement Fund (Fund), in which the bulk of the assets of CalSTRS are held. School districts and other agencies employing members of CalSTRS are required to make monthly contributions to the Fund in an amount equal to 8.25% of the total of the salaries upon which members' contributions are based. All full-time certificated employees in the public school system from kindergarten through the community college level are required by law to be members of CalSTRS. CalSTRS provides defined retirement, survivor, and disability benefits to all members based on the final compensation attained by the member, the age of retirement, and the term of service, and other factors.

Financial data for June 30, 2009 are taken from the audited financial statements for the fiscal year ended June 30, 2009 (**Financial Statements**). The latest CalSTRS' Comprehensive Annual Financial Report available is for the fiscal year ended June 30, 2008. Financial data for fiscal years ended after 2009 are incorporated by reference in this section and shall be deemed to be a part hereof.

As of June 30, 2009, the Fund had net assets held in trust for pension benefits with a market value of approximately \$118.4 billion, compared to approximately \$161.5 billion as of June 30, 2008. As of September 30, 2009, total investment assets had a market value of approximately \$130.3 billion (unaudited).

CalSTRS is independently rated "AA/A-1+" by Standard and Poor's, a Division of the McGraw-Hill Companies, Inc. (S&P), "Aaa/P-1" by Moody's Investors Service, and "AA+/F1+" by Fitch Ratings.

CalSTRS will provide without charge and upon request, a copy of its Financial Statements. Requests to CalSTRS for the Financial Statements should be directed by mail to State Teachers' Retirement System, P.O. Box 163740, Sacramento, California 95816-3710, Attention: Credit Enhancement Program, or by email to cepinquiries@calstrs.com. The most recent Financial Statements, Comprehensive Annual Financial Report and other information regarding CalSTRS can be viewed at www.calstrs.com; however, this web site is not incorporated by reference into this Part III of the 2009 Annual Report.

The foregoing information has been provided by CalSTRS and is not intended to serve as a representation, warranty, or contract modification of any kind.

Extendible Municipal Commercial Paper

General obligation extendible municipal commercial paper (EMCP) is similar to CP Notes; however, rather than liquidity being provided by a bank or credit facility, the maturity date is extended in case there is a

disruption in market liquidity for the EMCP. The State has appointed Goldman, Sachs & Co. and Merrill Lynch to serve as **Dealers**. The State has appointed U.S. Bank Trust National Association to serve as Issuing and Paying Agent for the EMCP, and DTC serves as Depository for the EMCP.

On February 1, 2008, the State issued a single series of EMCP that replaced outstanding multiple series of EMCP that had been issued between calendar years 2000-2006. Table III-13 summarizes, for each authorized and outstanding program under this single series of EMCP, the principal amount initially issued, the date of initial issuance, and the principal amount outstanding as of December 15, 2009.

Table III-13 SUMMARY OF OUTSTANDING GENERAL OBLIGATION EMCP (December 15, 2009)

Series of EMCP	Amount <u>Issued</u>	Date of Initial <u>Issuance</u>	Amount <u>Outstanding</u>
Tax-Exempt Notes	\$452,189,000	February 1, 2008	\$ 422,236,000
Tax-Exempt AMT Notes	4,445,000	February 1, 2008	-0-
_		Total Outstanding:	\$ 422,236,000

Additional Authorized Notes

The State may increase the principal amount of Notes outstanding, upon adoption by the Commission of one or more Authorizing Resolutions, to fund various general governmental purposes and veterans housing loans. With respect to an initial issuance, specific instructions must be provided to the Issuing and Paying Agent before a Dealer may increase the principal amount of Notes outstanding. The total amount of Notes authorized to be outstanding pursuant to the program resolution is \$950 million. The Notes will not be given a series designation based on any initial issuance date.

Description of EMCP

Each EMCP note is dated the date it is issued. It is issued as an interest-bearing obligation in a denomination of \$100,000 or increments of \$1,000 above \$100,000. Interest is computed on the basis of a year having 365 or 366 days and the actual number of days elapsed. Payment of principal of and interest on each EMCP note is made to the Depository and then distributed by the Depository.

Each EMCP note matures on its **Original Maturity Date**, which may range from 1 to 180 days from its original issue date, unless the State exercises its option to extend the maturity date. In that case the EMCP note will mature on its **Extended Maturity Date**, which will be the date that is 270 days after its original issue date.

If the State exercises its option to extend the maturity date, notice of this extension must be provided to the Depository in accordance with the Depository's operational requirements.

Each EMCP note bears interest from its original issue date until the Original Maturity Date at the rate determined on the original issue date, payable on the Original Maturity Date, unless the maturity date is extended, in which case interest will be paid on the date described below. If the State exercises its option to extend the maturity date of an EMCP note, then the extended EMCP note will bear interest after the Original Maturity Date at the Reset Rate and be payable on the dates described below.

If the maturity date of an EMCP note is extended, accrued but unpaid interest to the Original Maturity Date will not be paid on the Original Maturity Date but will be payable on the following date (or any earlier redemption date):

(1) if the Original Maturity Date is before the 15th day of the month, interest will next be payable on the first **Business Day** (which is a day on which banks located in Madison, Wisconsin and in each of the cities where the Principal Office of the Issuing and Paying Agent and Dealers are located are not required or authorized by law or executive order to close for business and on which the New York Stock Exchange is not closed) of the next month, or

(2) if the Original Maturity Date is on or after the 15th day of the month, interest will next be payable on the first Business Day of the second succeeding month after the Original Maturity Date.

For example, if the Original Maturity Date is November 14, interest will be first payable on the first Business Day of December, and if the Original Maturity Date is November 15, interest will be first payable on the first Business Day of January.

Each EMCP note bears interest from the Original Maturity Date at the **Reset Rate** and is payable first on the date described above and thereafter on the first Business Day of each month and on any redemption date or the Extended Maturity Date.

The Reset Rate will be a rate of interest per annum determined by the following formula:

$$(1.35 \text{ x BMA}) + \text{E}$$

As used in the formula, the *BMA* variable will be Securities Industry and Financial Markets Association Index, or *SIFMA* Index, which previously was referred to as The Bond Market Association Municipal Swap Index, or *BMA* Index. This index is calculated weekly and released each Wednesday afternoon, effective Thursday. The *E* variable will be a fixed percentage rate expressed in basis points that is determined based on the ratings assigned to the EMCP (**Prevailing Ratings**), as follows:

	Prevailing Ratings		
	Moody's Investors	Standard & Poor's	E Variable
<u>Fitch</u>	Service, Inc.	Ratings Services	(basis points)
Ε1.	D 1	A 1.	100
F1+	P-1	A-1+	100
F1	_	A-1	150
F2	P-2	A-2	200
F3	P-3	A-3	300
Lower than F3 (or	Lower than P-3 (or	Lower than A-3 (or	400
rating discontinued)	rating discontinued)	rating discontinued)	

If at any time any rating agency announces that a lower rating is under consideration for the EMCP, then the Prevailing Rating from such rating agency will not be the rating then assigned to the EMCP; rather, it will be the next lower rating of such rating agency. If the Prevailing Ratings would indicate different E variables as a result of split ratings assigned to the EMCP, the E variable will be the arithmetic average of those indicated by the Prevailing Ratings.

The Reset Rate applicable to any EMCP note will be determined weekly by the Issuing and Paying Agent based on the *BMA* variable and the Prevailing Ratings as of 11:00 a.m. (New York time) on its Original Maturity Date and each Thursday thereafter and will apply through the following Wednesday.

REVENUE-SUPPORTED GENERAL OBLIGATION DEBT

General

Although all general obligations issued by the State are supported by its full faith, credit, and taxing power, a portion of these general obligations are issued with the expectation that debt service payments will not impose a direct burden on the State's taxpayers and its general revenue sources. Beneficiaries and users of revenue-supported programs and facilities pay fees and other amounts that are estimated to be at least sufficient to pay or reimburse the General Fund for the amount paid for debt service related to these revenue-supported programs and facilities.

Table III-6 identifies the amount of outstanding general obligations designated as revenue supported. The programs and facilities funded with these general obligations support debt service payments on approximately \$1.428 billion of State general obligations outstanding on December 15, 2009. Furthermore, Table III-11 shows that revenue-supported debt service payments were approximately 24.7% of the total debt service cost for the fiscal year ending June 30, 2009.

Veterans Housing Loan Program

The veterans housing loan program, operated by the State of Wisconsin Department of Veterans Affairs (DVA or Department of Veterans Affairs), is one revenue-supported general obligation bonding programs of the State. Lending activities under the veterans housing loan program began in 1974. The program is currently funded by general obligations that are either Tax-Exempt Veterans Mortgage Bonds or Taxable Veterans Mortgage Bonds, collectively referred to as Veterans Mortgage Bonds. The repayment of veterans housing loans funded with proceeds of the Veterans Mortgage Bonds are estimated to be at least sufficient to pay or reimburse the General Fund for the amount paid for debt service related to the Veterans Mortgage Bonds.

Approximately \$278 million in aggregate principal amount of Veterans Mortgage Bonds remain outstanding on December 15, 2009. As outlined later in this section, there are different special redemption provisions for the Tax-Exempt Veterans Mortgage Bonds and each series of Taxable Veterans Mortgage Bonds. Tables III-18 through III-24 in this Part III of the 2009 Annual Report include unaudited financial and statistical information and related notes that may be helpful in describing the operation of the veterans housing loan program.

Veterans Housing Loan Program Requirements

A veteran who wishes to purchase, build, or purchase and rehabilitate a home that satisfies certain cost or value limitations in relation to the veteran's income may apply for a veterans housing loan, which is also considered to be a primary mortgage housing loan. This loan may be for the purchase of an existing home, for a construction loan, for refinancing the balance due on a construction period loan, bridge loan, or other financing with a term of 24 months or less, or for a combined purchase and rehabilitation loan of up to 95% of the home's value for a term not exceeding 30 years. A loan application is reviewed first by a local lending institution and then by DVA. If the application is approved, the local lending institution originates the loan as agent for DVA and acts as loan servicer thereafter. There are numerous other standards required to be satisfied as part of underwriting. The loan must be secured by a first, or primary, mortgage on the home, and the shelter-cost ratio must generally be less than 25% of income. This ratio may go up to as much as 33% under certain favorable credit circumstances or must be reduced if certain credit risks are present. The originator of the home loan may charge the veteran an origination fee of one point (approximately two points in the case of a construction loan and three points on the rehabilitation portion of a purchase-and-rehabilitation loan).

Home Improvement Loan Program

In addition to veterans housing loans that are considered primary mortgage housing loans, as described above, DVA also makes loans through the Home Improvement Loan Program (HILP) that are funded with proceeds of Taxable Veterans Mortgage Bonds, with prepayments of loans previously funded with Taxable Veterans Mortgage Bonds, or with funds from the Insurance Reserve Account in excess of amounts needed to satisfy the insurance reserve requirement. This program has a maximum loan amount of 90% of the equity in the home and is processed through county veterans service officers rather than lending institutions. HILP loans have terms of 5, 7, 10, or 15 years and have different loan interest rates for differing terms and differing loan-to-value ratios. HILP loans in excess of \$3,000 are secured by either a first or second mortgage on the improved property and require a minimum equity position of 10% after considering the HILP loan. HILP loans under \$3,000 may be guaranteed by a guarantor or secured by a first or second mortgage. HILP loans use the same basic underwriting standards as the veterans primary mortgage housing loans but do not include loan-servicing charges.

Mortgage Interest Rates

It has been the policy of DVA to set the interest rate charged to a veteran at a level sufficient to pay the debt service on the Veterans Mortgage Bonds funding the loan, the cost of program administration, and if deemed necessary, a loan loss reserve (which since 1985 has been charged to fund the Insurance Reserve Account described below).

In setting the interest rate, DVA has previously chosen to provide a subsidy for veterans primary mortgage housing loans, and some HILP loans, funded with some, but not all of the Taxable Veterans Mortgage Bonds. The result is that the lending rate may be lower than the true interest cost rate on the Taxable Veterans Mortgage Bonds issued to fund those loans.

With respect to veterans housing loans, DVA has not determined whether any subsidy or similar arrangement will be available to such loans funded with future issues of Taxable Veterans Mortgage Bonds. With respect to HILP loans, DVA has a policy that requires the interest rate established for any HILP loan to include a minimum mark-up over the cost of money to make such loan, which would include a mark-up over the true interest cost rate on any future Taxable Veterans Mortgage Bonds issued to fund HILP loans. This policy includes provisions that DVA must complete in advance if it desires to deviate from this policy.

Default Risks and Other Information

Veterans Mortgage Bonds issued prior to 1985 assumed a certain level of prepayments in estimating program cash flow. No prepayments have been assumed in the nominal amortization of Veterans Mortgage Bonds issued since 1985. Based on asset and liability balances as of June 30, 2008 and existing DVA assumptions, the cash flow of the mortgages on June 23, 2008 was sufficient to meet future debt service payments. A loan under the veterans housing loan program may be assumed only by another qualifying veteran.

After deducting a servicing charge (.375% per annum), the participating lender deposits the veteran's monthly loan repayments and any prepayments into the Veterans Mortgage Loan Repayment Fund, a segregated statutory fund. An irrevocable appropriation is provided by law as a first charge on assets of the Veterans Mortgage Loan Repayment Fund in a sum sufficient to provide for the repayment of principal of, premium, if any, and interest on State general obligations issued to fund the program.

Program loans financed with Veterans Mortgage Bonds are not required to be insured or guaranteed (casualty insurance coverage is, however, required). Instead, the default risk with respect to such loans is borne by the program. The ability of DVA to dispose of defaulted properties and realize the amount of the outstanding principal balances of the related loans has varied in recent years depending upon the location of the properties within the State and their physical condition upon foreclosure. Although DVA expects that it will continue to experience liquidation losses, it also expects that such losses will not require recourse to the State's General Fund but rather will be covered by the Insurance Reserve Account within the Veterans Mortgage Loan Repayment Fund. As of October 31, 2009, of the 2,485 outstanding primary mortgage housing loans financed by the veterans housing loan program, there were 34 loans in an aggregate principal amount of approximately \$3.2 million for which payments were 60 days or longer past due. The insurance reserve requirement (4% of the principal amount of outstanding loans) is currently satisfied. See Table III-22 for more complete details concerning delinquencies.

Special Redemption; Tax-Exempt Veterans Mortgage Bonds

The State had outstanding as of December 15, 2009, approximately \$174 million of Tax-Exempt Veterans Mortgage Bonds. All Tax-Exempt Veterans Mortgage Bonds are subject to special redemption before maturity (even if not subject to optional redemption as provided above), at the option of the Commission, on any date, in whole or in part, at a redemption price equal to par (100% of the principal amount to be redeemed), plus accrued interest to the date of redemption, from:

- Prepayments of veterans housing loans funded from or attributed to *any* series of Tax-Exempt Veterans Mortgage Bonds.
- Payments on veterans housing loans, or interest or income on investments in certain accounts, including money available from the Insurance Reserve Account, in excess of amounts required to meet scheduled debt service on all Tax-Exempt Veterans Mortgage Bonds and other costs associated with the veterans housing loan program.

These redemption provisions listed above are commonly referred to as a "cross-call". In addition, other special redemption provisions (such as unexpended proceeds) may apply to certain series of Tax-Exempt Veterans Mortgage Bonds. In the event of a partial redemption, the Capital Finance Director shall direct the maturities and amounts of the Bonds to be redeemed.

Prepayments of mortgages originated with or attributed to any series of Taxable Veterans Mortgage Bonds may not be used for special redemption of Tax-Exempt Veterans Mortgage Bonds, and prepayments of mortgages originated with or attributed to any series of Tax-Exempt Veterans Mortgage Bonds may not be used for special redemption of Taxable Veterans Mortgage Bonds.

Table III-14 presents a summary of the outstanding Tax-Exempt Veterans Mortgage Bonds as of December 15, 2009. Table III-25 presents further detailed information on these outstanding Tax-Exempt Veterans Mortgage Bonds that are subject to special redemption.

Table III-14
SUMMARY OF OUTSTANDING
TAX-EXEMPT VETERANS MORTGAGE BONDS SUBJECT TO SPECIAL REDEMPTION
(December 15, 2009)

		Original Principal Amount Subject to	Outstanding Principal Amount Subject to	Range of Interest Rates on
<u>Series</u>	Dated Date	Special Redemption	Special Redemption	Outstanding Bonds
1993 Series 6	10/15/93	\$ 20,000,000	\$ 5,275,000	5.30%
1998 Series E	10/15/98	6,155,000	1,925,000	4.75-4.80
1999 Series 1	05/01/99	15,790,000	3,965,000	4.80-5.30
2003 Series 2	04/01/03	13,740,000	12,055,000	3.50-5.00

2007 Series 2	10/31/07	16,735,000	16,065,000	3.63-4.50
2007 Series 3	10/31/07	3,835,000	3,790,000	5.00
2008 Series 1	6/26/08	17,975,000	17,635,000	2.60-4.75
			\$ 173,990,000	

The State has historically received, and expects to continue to receive, prepayments of veterans housing loans funded with Tax-Exempt Veterans Mortgage Bonds. See Table III-26 for a summary of the prepayments received over the past three years. The State may use, and has from time to time used, veterans housing loan prepayments to make new veterans housing loans. If the State determines that it is not feasible to make new veterans housing loans, then the State intends to use these prepayments to purchase or redeem Tax-Exempt Veterans Mortgage Bonds, as determined by the Commission.

Prior to calendar year 2002, it had been the working policy of the Department of Administration, on behalf of the Commission, to call Tax-Exempt Veterans Mortgage Bonds for special redemption based on the highest estimated market price, while taking into consideration the Legislature's mandate that the veterans housing loan program be self-amortizing. Since that time, this working policy has been modified from time to time to address both (1) the impact special redemption cross-calls have on the cash flow that supports all Veterans Mortgage Bonds, and (2) compliance with applicable federal tax law restrictions. During calendar year 2009, the Tax-Exempt Veterans Mortgage Bonds that were called for special redemption were those with the highest interest rates. This working policy may be further modified from time to time and is subject to change at any time.

The most recent redemption of Tax-Exempt Veterans Mortgage Bonds occurred on November 1, 2009, as summarized in Table III-15. During calendar year 2009 other special redemptions of Taxable Veterans Mortgage Bonds occurred on March 1, June 1, July 1, and August 1, 2009. In addition, the State has provided notice for a special redemption of Tax-Exempt Veterans Mortgage Bonds in the aggregate amount of \$2 million to occur on January 1, 2010.

Table III-15 NOVEMBER 1, 2009 SPECIAL REDEMPTION TAX-EXEMPT VETERANS MORTGAGE BONDS

Bond Issue	Maturity Date	Coupon	Redemption Amount
1993 Series 6	2016	5.30%	\$2,035,000
1999 Series 1	2020	5.30	450,000

Special Redemption; Taxable Veterans Mortgage Bonds

The State had outstanding, as of December 15, 2009, approximately \$104 million of Taxable Veterans Mortgage Bonds.

Taxable Veterans Mortgage Bonds are subject to special redemption prior to maturity, at the option of the Commission, on any date, in whole or in part at a redemption price equal to 100% of the principal amount to be redeemed, plus accrued interest to the date of redemption, from:

- Unexpended proceeds from only that series of Taxable Veterans Mortgage Bonds, as provided in the respective authorizing resolution.
- Prepayments of veterans housing loans or HILP loans, or interest or income on investments in certain accounts, funded from or attributed to only that series of Taxable Veterans Mortgage Bonds, as provided in the respective authorizing resolution.

In the event of a partial redemption, the Commission shall direct the maturities of the Taxable Veterans Mortgage Bonds and the amounts thereof so to be redeemed; however, the Commission has stated in the respective Official Statements that it intends to apply amounts from these sources as a pro rata redemption on all applicable outstanding maturities of the Taxable Veterans Mortgage Bonds, subject to rounding, to reflect approximately the unexpended proceeds or prepayment from either veterans housing loans or HILP loans.

Prepayments of veterans housing loans or HILP loans originated with or attributed to a series of Taxable Veterans Mortgage Bonds may not be used for special redemption of any other series of Taxable Veterans Mortgage Bonds. Prepayments of mortgage loans or loans originated with or attributed to any series of Tax-Exempt Veterans Mortgage Bonds may not be used for special redemption of Taxable Veterans Mortgage Bonds.

The State has historically received, and expects to continue to receive, prepayments of veterans housing loans and HILP loans funded with Taxable Veterans Mortgage Bonds. See Table III-26 for a summary of these prepayments received over the past three years. The State may use prepayments of veterans housing loans and HILP loans funded with Taxable Veterans Mortgage Bonds to make new veterans housing loans and HILP loans. If the State determines that it is not feasible to make new veterans housing loans or HILP loans, then the State intends to use these prepayments to purchase or redeem Taxable Veterans Mortgage Bonds, as determined by the Commission

The Commission has made several special redemptions of Taxable Veterans Mortgage Bonds from these prepayments. The Commission most recently made such a special redemption of Taxable Veterans Mortgage Bonds on November 1, 2009, as summarized in Table III-16. During calendar year 2009 other special redemptions of Taxable Veterans Mortgage Bonds occurred on February 1, June 1, July 1, and August 1, 2009. In addition, the State has provided notice for a special redemption of Taxable Veterans Mortgage Bonds in the aggregate amount of \$3 million to occur on January 1, 2010.

See Table III-17 for an aggregate summary of all special redemptions (from prepayments and unexpended proceeds) that have occurred on Taxable Veterans Mortgage Bonds.

 $^{^{\}rm (a)}$ Does not include bonds issued solely to fund ${\scriptsize HILP}$ loans.

116

Source: Departments of Administration and Veterans Affairs

⁽b) Reflects the true interest cost rate for the associated series of bonds.

⁽c) Includes an add-on to cover lender's fees, DVA administrative costs, and a reserve for self-insurance.

⁽d) A subsidy resulting from refunding savings is being used to cover the difference between the debt service on the bonds and cash flow from the mortgages. In addition, the subsidy covers the lender's fees, DVA administrative costs, and a reserve for self-insurance.

⁽e) In setting the interest rate charged to the borrower for a loan made with the proceeds of certain Taxable Veterans Mortgage Bonds, DVA has chosen to apply a subsidy from the primary mortgage home loan program. The result is that the lending rate may be lower than the true interest cost rate on the respective Taxable Veterans Mortgage Bond issue.
