INDEPENDENT AUDITORS' REPORT

Report on the Financial Statements

We have audited the accompanying financial statements of cash receipts and disbursements of the Wisconsin Transportation Revenue Obligation Program (the "Program"), for the fiscal years ended June 30, 2017 and 2016, and the related notes to the financial statements, which collectively comprise the Program's statements of cash receipts and disbursements as listed in the table of contents.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Program's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the statements of cash receipts and disbursements of the Wisconsin Transportation Revenue Obligation Program for the years ended June 30, 2017 and 2016, in accordance with the cash basis of accounting as described in Note 2.

Basis of Accounting

We draw attention to Note 2 of the notes to the statements of cash receipts and disbursements, which describes the basis of accounting. This financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

Change in Reporting Entity

As discussed in Note 1, the Wisconsin Transportation Revenue Obligation Program combined the cash receipts and disbursements of the Revenue Bonds and Commercial Paper Notes which issued separate statements of cash receipts and disbursements in prior years. Our opinion is not modified with respect to that matter.

Other Matters

Required Supplementary Information

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. Our opinion on the financial statements is not affected by this missing information.

Other Information

Our audit was conducted for the purpose of forming an opinion on the statements of cash receipts and disbursements of the Program as a whole. The financial information listed in the table of contents as supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements as a whole.

The schedule of the program's revenue on page 33 has not been subject to the auditing procedures applied in the audits of the statements of cash receipts and disbursements and, accordingly, we do not express an opinion or provide any assurance on the schedule.

Other Reporting Required by *Government Auditing Standards*

In accordance with *Government Auditing Standards*, we have also issued our report dated November 8, 2017, on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Program's internal control over financial reporting and compliance.

NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2017 AND 2016

1. NATURE OF PROGRAM

The Wisconsin Transportation Revenue Obligation Program (the "Program") provides financing for the construction, maintenance and repair of certain major highway projects and administrative facilities. The Program is currently authorized to issue the following revenue obligations:

The State of Wisconsin Transportation Facilities and Highway Projects Revenue Obligations (the "Revenue Bonds") originated in June 1986 pursuant to the adoption of the General Resolution, as amended, by the State of Wisconsin Building Commission (the "Building Commission"). The Program has issued, and may issue in the future, Revenue Bonds that are revenue obligations of the State, payable solely from the Redemption Fund created by the General Resolution.

The Commercial Paper Notes (the "CP Notes") originated in April 1997 pursuant to the adoption of a Program Resolution, as amended, by the Building Commission. The Program has issued, and may issue in the future, commercial paper notes that are revenue obligations of the State, payable solely from the Subordinated Debt Service Fund created by the General Resolution.

All Revenue Bonds and CP Notes are issued pursuant to Subchapter II of Chapter 18 of the Wisconsin Statutes, as amended and a General Resolution and Series Resolutions adopted by the Building Commission. The Department has statutory authority (as amended) as of June 30, 2017, to issue a total of $3,931,472,900 of revenue obligations (excluding refunded Revenue Bonds), in order to partially finance the costs of the authorized projects, in addition to proceeds from State of Wisconsin ("State") general obligation debt, federal aid and other money in the State Transportation Fund. Of that statutory amount, the Program has authority to issue CP Notes in an aggregate outstanding principal amount not to exceed $275,000,000. As of June 30, 2017, the Wisconsin Department of Transportation (the "Department") has remaining statutory authority to issue $86,305,980 of additional revenue obligations.

Receipts provided from motor vehicle registration fees and certain other vehicle registration-related fees are used to service borrowing obligations, with debt service for Revenue Bonds having a first lien pledge of receipts and debt service for CP Notes having a subordinate pledge of receipts. The Department is responsible for managing the construction projects and the collection of motor vehicle registration fees and certain other vehicle registration-related fees.

The Department combined the cash receipts and disbursements of the Revenue Bonds and CP Notes, which had issued separate financial statements in prior years. This change was made to reflect all revenues obligations of the Program, and the Program's statutory authority, as discussed in the previous paragraph, and had no effect on the cash receipts and disbursements reported in prior years.

As part of the State's reporting entity, the Program's financial information is included in the State of Wisconsin Comprehensive Annual Financial Report.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash Receipts and Disbursements Basis of Accounting - The statements of cash receipts and disbursements present the Program's cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, cash receipts are recorded when received and disbursements are recorded when paid. The cash and investments balance is presented at cost.

The Department has entered into trust agreements, as amended, with The Bank of New York Mellon Trust Company, N.A. (the "Trustee"), relating to the creation and administration of the Bonds: 2005 Series A, 2007 Series 1, 2008 Series A, 2009 Series B (Taxable), 2010 Series A, 2010 Series B (Taxable), 2012 Series 1, 2012 Series 2, 2013 Series 1, 2014 Series 1, 2014 Series 2, 2015 Series 1, 2015 Series A, and 2017 Series 1, and CP Notes: 1997 Series A, 2006 Series A and 2013 Series A. Among other provisions, the trust agreements, in conjunction with the General Resolution, specify those funds to be created and maintained, the timing and flow of monies through the funds, the determination of the debt service reserve requirements (see Note 6) and the procedure to be followed for the redemption of the Bonds and CP Notes. It is the Department's view that the statements of cash receipts and disbursements along with the related notes meet the reporting requirements of the trust agreements.

Receipts and Disbursements:

Motor Vehicle Registration Fees Retained by Trustee - Motor vehicle registration fees and certain other vehicle registration-related fees retained by the Trustee are recorded at time of impounding, when transfer of possession occurs.

Investment Income - Investment income is recorded when received.

Bond Proceeds - Bonds proceeds are recorded as receipts on the date of closing at gross value of the issuance. All related fees are reported as bond issuance costs within disbursements.

CP Note Proceeds - Proceeds are recorded as receipts on the date of closing at gross value of the issuance when new CP Notes are issued by the program to finance highway related project costs. CP Notes maturing and subsequently reissued during the year are not reported as cash receipts and disbursements in the financial statements. All related fees are reported as issuance costs within disbursements.

Redemption Fund/Debt Service - Principal and Interest - Debt service payments on Bonds are recorded when paid.

Program Expenses - Represents payments for program expenses.

Subordinated Debt Service Fund/Debt Service - Principal and Interest - Debt service payments on CP Notes are recorded when paid. CP Notes payable that mature and are replaced with new CP Notes are not reflected in the statements of cash receipts and disbursements as there is no cash receipt or cash disbursement.

2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Net Premium Paid/(Discount Earned) on Investments - The net of the premium paid on investments purchased at more than face value and the discount earned on investments purchased at less than face value.

Highway Program Expenditures - Highway program expenditures are recorded when paid by the Program to the Transportation Fund of the State of Wisconsin.

Bond Issuance Costs - Costs associated with issuing Bonds and CP Notes, such as legal, financial advisor and accounting fees, are recorded when paid. For Bonds issued late in the fiscal year, subsequent payment of the related issuance costs may occur and be reported in the fiscal year following issuance of the obligations and recording of the proceeds.

Defeasance of Debt - Bonds are periodically retired before their maturity by the Program. In a current refunding, a disbursement is recorded when the refunded Bonds are paid, which may differ from when the refunding Bond proceeds are received. In an advance refunding, a disbursement is recorded at the settlement of the refunding Bonds when the payment to an escrow account occurs and the Program has defeased its obligation. The refunded Bonds are fully retired at a later date using the investments of the escrow account.

3. CASH AND INVESTMENTS

The Program's investment policies are governed by the General Resolution and Wisconsin Statutes. The Program is authorized to invest in direct obligations of or obligations guaranteed by the United States, obligations of agencies created or sponsored by an Act of Congress, obligations of any state or municipality that are rated in either of the two highest rating categories by a nationally recognized bond rating agency, bankers acceptances and certificates of deposit from banks with combined capital and surplus aggregating at least $100 million whose securities are rated within the two highest rating categories assigned by a nationally recognized rating agency, corporate commercial paper given the highest rating by S&P Global Ratings and Moody's Investors Service, Inc., and a fund whose assets consist of direct obligations or obligations guaranteed by the United States or obligations of agencies created or sponsored by Congress. Program assets are to be invested in the highest yielding authorized securities, with maturity or redemption dates coinciding as closely as possible with cash flow and liquidity needs of Program operations.

During fiscal years 2017 and 2016, the Program's assets were held in deposit accounts or invested in a money market fund, U.S. Treasury securities, and federal agency securities by the Trustee. The money market fund invests exclusively in obligations of the U.S. Treasury, including Treasury bills, bonds and notes. Program assets are reported at cost, which approximates fair value.

3. CASH AND INVESTMENTS (Continued)

The following tables summarizes the cost and fair market value for each of the investments:

	June 30, 2017		June 30, 2016	
Investment	**Cost**	**Fair Value**	**Cost**	**Fair Value**
Bank of New York Cash	$ 297,606	$ 297,606	$ 535,939	$ 535,939
Bank of New York Cash Reserve (deposit account)	119,070,592	119,070,592	128,498,966	128,498,966
Money Market Funds:				
• Dreyfus Treasury Cash Management	59,854,508	59,854,508	50,928,420	50,928,420
• Fidelity Institutional - Treasury Portfolio	1,166,018	1,166,018	1,354,282	1,354,282
• Goldman Sachs Financial Sq Funds	104,322	104,322	550,062	550,062
Federal Agency Securities:				
• Freddie Mac Discount Notes	33,312,654	33,431,000	-	-
• Federal Home Loan Bank Discount Notes	56,722,773	56,807,001	-	-
• Federal National Mortgage Association Discount Notes	-	-	57,930,533	58,073,000
• United States Treasury Note/Bond	110,793,338	110,789,843	93,432,259	92,320,838
Total	$381,321,811	$381,520,890	$333,230,461	$332,261,506

Investments of the Program are subject to various risks:

- Custodial credit risk is the risk that, in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, the Program will not be able to recover the value of investments or collateral securities that are in the possession of another party. Securities of the U.S. government and its agencies were registered and held by the Program's agent in the Program's name. The deposit account is FDIC-insured up to $250,000 but is not collateralized. Money market funds are not insured or collateralized.

- Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the holder of the investment. This risk is measured by the assignment of a rating by a nationally recognized statistical rating organization, such as S&P Global Ratings, Moody's Investors Service, Inc., and Fitch Ratings. As of June 30, 2017, the deposit account was rated Aa1 by Moody's, AA- by S&P and AA by Fitch. S&P's rating for U.S. government securities was AA+. Fitch rated one money market fund with an A. All remaining investments were rated AAA.

3. CASH AND INVESTMENTS (Continued)

- Concentration of credit risk may be a concern if investments in any one issuer represent 5 percent or more of net Program assets, excluding investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments. Concentration of credit risk is not addressed in the investment requirements. As of June 30, 2017, 31 percent of the Program's assets were held in a deposit account. 53 percent of the Program's assets were invested in federal agency securities and 16 percent in money market funds; however, this fund solely invests in U.S. government securities.

- Interest rate risk is the risk that changes in market interest rates will adversely affect the fair value of an investment. Generally, the longer the maturity of an investment, the greater the sensitivity of its fair value to changes in market interest rates. The Freddie Mac (FHLMC) Discount Notes will mature on July 3, 2017.

- Foreign currency risk is the risk that changes in currency exchange rates will adversely affect the fair value of an investment. Foreign currency holdings are not specifically addressed in the Program's investment requirements; however, no investments denominated in foreign currency were held by the Program as of June 30, 2017.

Fair Value Measurements

The Program categorizes the fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant observable inputs; Level 3 inputs are significant unobservable inputs.

The Program has the following fair value measurements as of June 30, 2017 and 2016:

	Fair Value Measurements Using:		
	Level 1	Level 2	Level 3
Investments – June 30, 2017:			
Federal Home Loan Bank Discount Notes	$ 56,807,001	$ -	$ -
Freddie Mac Discount Notes	33,431,000	-	-
United States Treasury Note/Bond	110,789,843	-	-
Total investments by fair value level	$ 201,027,844	$ -	$ -
Investments – June 30, 2016:			
Federal National Mortgage Association Discount Notes	$ 58,703,000	$ -	$ -
United States Treasury Note/Bond	92,320,838	-	-
Total investments by fair value level	$ 151,023,838	$ -	$ -

4. BONDS

Revenue obligations in the form of Revenue Bonds are collateralized by a first lien pledge of income derived from vehicle registration fees under Section 341.25 of the Wisconsin Statutes and certain other vehicle registration-related fees, as collected by the Trustee ("Program Income"). The State has covenanted in the General Resolution that it will charge motor vehicle registration fees and certain other vehicle registration-related fees sufficient to pay principal and interest on the Bonds, as they become due, to pay program expenses, to maintain the Debt Service reserve requirement, and to pay principal and interest on CP Notes. Remaining Program Income is transferred to the Department free of the lien pledge of the General Resolution. The State is not generally liable on the Revenue Bonds nor are the projects financed by the Revenue Bonds pledged as collateral.

A summary of the revenue obligations in the form of Revenue Bonds outstanding as of June 30, 2017 and 2016 is as follows:

	2017	2016
Transportation Revenue Bonds, 1998 Series A, fixed interest rate of 5.5%, interest payable semiannually, annual principal payments of variable amounts through 2016	$ -	$ 8,825,000

Transportation Revenue Bonds, 2008 Series A, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2018	16,140,000	23,640,000
Transportation Revenue Bonds, 2009 Series B (Taxable), varying fixed interest rates from 4.15% to 5.84%, interest payable semiannually, annual principal payments of variable amounts through 2030	134,125,000	140,740,000
Transportation Revenue Bonds, 2010 Series A, fixed interest rate of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2021	21,165,000	50,005,000

4. BONDS (Continued)

Transportation Revenue Bonds, 2010 Series B (Taxable), varying fixed interest rates from 4.7% to 6.0%, interest payable semiannually, annual principal payments of variable amounts through 2031	123,925,000	123,925,000
Transportation Revenue Bonds, 2012 Series 1, varying fixed interest rates from 3.5% to 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2032	207,040,000	272,235,000
Transportation Revenue Bonds, 2012 Series 2, varying fixed interest rates from 4.0% to 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2024	116,400,000	116,400,000
Transportation Revenue Bonds, 2013 Series 1, varying fixed interest rates from 4.0% to 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2033	207,375,000	259,680,000
Transportation Revenue Bonds, 2014 Series 1, varying fixed interest rates from 4.5% to 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2034	162,280,000	244,465,000
Transportation Revenue Bonds, 2014 Series 2, fixed interest rates of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2027	94,130,000	94,130,000
Transportation Revenue Bonds, 2015 Series 1, varying fixed interest rates of 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2029	189,685,000	207,240,000
Transportation Revenue Bonds, 2015 Series A, varying fixed interest rates from 3.0% to 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2036	225,000,000	225,000,000
Transportation Revenue Bonds, 2017 Series 1, varying fixed interest rates 5.0%, interest payable semiannually, annual principal payments of variable amounts through 2037	284,520,000	-

4. BONDS (Continued)

Total principal amount of Bonds outstanding at June 30	1,999,595,000	1,989,795,000
Less: current maturities		
Available bond proceeds for current refunding	29,980,000	-
Program Income Deposits	103,350,000	102,395,000
Subtotal	133,330,000	102,395,000
Principal of Revenue Bonds outstanding at June 30 due beyond one year	$ 1,866,265,000	$ 1,887,400,000

At June 30, 2017, the Program had cash and investments totaling $29,980,000 from Revenue Bond proceeds to be used to retire principal payments due July 1, 2017.

Additional series of obligations may be issued on par with the Revenue Bond series outstanding and collateralized by an equal charge and lien on the Program Income. However, no additional series may be issued unless, among other things, Program Income, including interest, for 12 consecutive months within the preceding 18-month period is at least 2.25 times the maximum aggregate principal and interest requirement in any bond year for all outstanding Revenue Bonds.

Future maturities of Revenue Bonds payable as of June 30, 2017 are as follows:

Fiscal Year Ending June 30,	
2018	$ 133,330,000
2019	111,500,000
2020	120,735,000
2021	130,630,000
2022	136,050,000
2023 - 2027	592,695,000
2028 - 2032	507,515,000
2033 - 2037	256,135,000
2038	11,005,000
	$1,999,595,000

The 2009 Series B (Taxable) and 2010 Series B (Taxable) Bonds are "qualified build America Bonds" pursuant to Section 54AA of the Internal Revenue Code of 1986, as amended. The State expects to receive 35% of the interest payable to bondholders from the United States Treasury. Interest subsidies from the United States Treasury received in connection with these "build America Bonds" are not pledged to the payment of principal, interest, or redemption price on the Bonds and are not reported as income to the Program. The $4.5 million subsidy for interest due January 1 and July 1, 2017, was received and deposited in the State Transportation Fund. The subsidy was reduced by $.03 million (6.9%), as required by the Budget Control Act of 2011 (federal budget sequestration).

5. DEFEASED REVENUE BONDS

From time to time, the Program bonds to defease older Revenue Bonds in order to generate debt service savings. The proceeds from the issuance of Revenue Bonds, together with assets transferred from the refunded bond series, are deposited with an escrow agent in a separate Escrow Account. These funds are invested by an escrow agent in U.S. Treasury obligations and certain other government securities so that sufficient monies are available to pay the principal, interest and redemption price of the defeased Revenue Bonds.

A summary of the debt service savings and economic gain (present value of debt service savings) as a result of refunding transactions during the fiscal years ended June 30, 2017 and 2016 follows:

Refunding Issue	Debt Service Savings	Economic Gain
2017 Series 1	$ 13,145,714	$ 12,547,708
2015 Series 1	$ 23,817,151	$ 20,482,348
2014 Series 2	$ 8,217,454	$ 6,656,361

Defeased Revenue Bonds, totaling $392.4 million as of June 30, 2017, are not included in the outstanding Revenue Bonds summarized in Note 4. Also, the related securities in the Escrow Accounts are not included in the Program's cash and investments balance. Once defeased, no related activity in the Escrow Accounts is reported in the Program's Statements of Cash Receipts and Disbursements. The following is a summary of these defeased Bonds at June 30, 2017.

The Bonds defeased by 2014 Series 2 that remain outstanding were as follows:

6. DEBT SERVICE RESERVE FUND REQUIREMENT

The General Resolution creates a Reserve Fund for the Revenue Bonds; however, the balance as of June 30, 2017 is zero. The State, pursuant to each Series Resolution, specifies the Debt Service Reserve Requirement ("DSRR"), if any, for each series of Bonds. The individual DSRRs for each series of outstanding obligations are combined to determine the aggregate DSRR for the Reserve Fund. If all of the obligations cease to be outstanding, then the aggregate DSRR is reduced by the individual DSRR attributable to that obligation. Since 2003, the State has not specified a DSRR for any obligation that has been issued. Furthermore, the State does not currently expect to specify a DSRR for any future Series of additional Revenue Bonds; however, the State reserves the right to change its practice and specify a DSRR for any future series of additional obligations.

7. CP NOTES

A summary of the CP Notes outstanding as of June 30, 2017 and 2016 is as follows:

	2017	2016
Commercial Paper Notes of 1997, Series A	$ 20,458,000	$ 31,468,000
Commercial Paper Notes of 2006, Series A	11,260,000	21,985,000
Commercial Paper Notes of 2013, Series A	57,005,000	63,675,000
Total CP Notes Payable as of June 30	$ 88,723,000	$ 117,128,000

The CP Notes consist of interest-bearing obligations issued in initial denominations of $100,000 and additional increments of $1,000 above $100,000. The CP Notes are issued pursuant to Subchapter II of Chapter 18 of the Wisconsin Statutes as amended, Section 84.59 of the Wisconsin Statutes, the General Resolution, a Program Resolution and Series Resolutions adopted by the State of Wisconsin Building Commission. The CP Notes are revenue obligations of the State, payable solely from the Subordinated Debt Service Fund (see Note 8). The State is not generally liable on the notes, nor are the projects financed by the notes pledged as collateral.

7. CP NOTES (Continued)

In order to assure the timely payment of principal and interest on the notes, the State has entered into a Second Amended and Restated Credit Agreement, dated April 20, 2016, (the liquidity facility agreement) with State Street Bank and Trust Company (the "Credit Agreement") As of June 30, 2017, the commitment amount is $120,000,000, an amount not less than CP note principal outstanding at that time. This Credit Agreement expires April 20, 2019, but may be extended upon agreement of both parties. The Credit Agreement describes events which, if they occur, would cause early termination.

The CP Notes will mature no later than 270 days from the date of issuance provided that a liquidity facility agreement is in effect. No CP Notes may be issued with a maturity date after the stated expiration of the liquidity facility agreement or after the stated date of a substitute liquidity facility agreement. The principal of and interest on the notes will be paid at maturity and the CP Notes are not callable prior to maturity. The State expects to pay the principal on the notes with the proceeds of additional notes until the State provides permanent financing through the issuance of long-term obligations. Each note bears interest from its date of issuance, at the rate determined on the date of issuance (which may not exceed 12% per annum).

As of June 30, 2017, the CP Notes of 1997, Series A had maturities ranging from July 6 to August 3, 2017 and a weighted average interest rate of .8983%. The CP Notes of 2006, Series A had maturities of July 6, 2017 with a weighted average interest rate of .8758%. The CP Notes of 2013, Series A had maturities ranging from July 6 to July 11, 2017 and for a weighted average interest rate of 0.9582%.

As of June 30, 2016, the CP Notes of 1997, Series A had maturities ranging from July 5 to July 20, 2016. The CP Notes of 2006, Series A had maturities ranging from July 7 to July 20, 2016. The CP Notes of 2013, Series A had maturities ranging from July 7 to July 19, 2016. The weighted average interest rate for notes 1997, Series A and 2006, Series A was 0.48%. The 2013, Series A notes had a weighted average interest rate of 0.4758%.

8. SUBORDINATED DEBT SERVICE FUND

The General Resolution creates a Subordinated Debt Service Fund which is intended to be used to provide for the payment of principal and interest on the notes from Program Income deposited into this fund. The pledge of such Program Income to make payments for CP Notes is subordinate to the pledge of Program Income payments for outstanding Bonds.

9. ADMINISTRATIVE EXPENSES

The Program is not charged for certain departmental administrative expenses incurred by the State of Wisconsin related to the operation of the Program. All such costs are charged to the Transportation Fund of the State of Wisconsin. Costs charged to the Program include Revenue Bonds and CP Notes expenses of the trustee, audit fees and other direct expenses of the Program.

(1) This is the amount of Program Revenue for which the State has undertaken to provide continuing disclosure and the amount of Program Revenue that will be used for determining the debt service coverage ratio and the additional bonds test.

(2) IRP - The International Registration Plan is a multi-state compact for collecting and sharing large truck registration fees. Under the IRP, the registration fees on trucks involved in multi-state commercial activity are collected by the state in which the company is headquartered and are split between the participating states on the basis of proportionate mileage.
