## Independent auditors' report

To the Wisconsin Department of Transportation State of Wisconsin Madison, Wisconsin

#### REPORT ON THE FINANCIAL STATEMENTS

We have audited the accompanying financial statements of cash receipts and disbursements of the Wisconsin Transportation Revenue Obligation Program (the "Program"), for the fiscal years ended June 30, 2018 and 2017, and the related notes to the financial statements which collectively comprise the Program's statements of cash receipts and disbursements as listed in the table of contents.

#### MANAGEMENT'S RESPONSIBILITY FOR THE FINANCIAL STATEMENTS

Management is responsible for the preparation and fair presentation of these financial statements in accordance with the cash basis of accounting described in Note 2; this includes determining that the cash basis of accounting is an acceptable basis for the preparation of the financial statements in the circumstances. Management is also responsible for the design, implementation, and maintenance of internal controls relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

#### **AUDITORS' RESPONSIBILITY**

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America and the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditors consider internal control relevant to the Program's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Program's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### OPINION

In our opinion, the financial statements referred to above present fairly, in all material respects, the statements of cash receipts and disbursements of the Wisconsin Transportation Revenue Obligation Program for the years ended June 30, 2018 and 2017, in accordance with the cash basis of accounting as described in Note 2.

#### BASIS OF ACCOUNTING

We draw attention to Note 2 of the notes to the statements of cash receipts and disbursements, which describes the basis of accounting. This financial statement is prepared on the cash basis of accounting, which is a basis of accounting other than accounting principles generally accepted in the United States of America. Our opinion is not modified with respect to that matter.

#### **OTHER MATTERS**

#### **Required Supplementary Information**

Management has omitted the management's discussion and analysis that accounting principles generally accepted in the United States of America require to be presented to supplement the financial statements. Such missing information, although not a part of the financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the financial statements in an appropriate operational, economic, or historical context. Our opinion on the financial statements is not affected by this missing information.

#### · Other Information

Our audit was conducted for the purpose of forming an opinion on the statements of cash receipts and disbursements of the Program as a whole. The financial information listed in the table of contents as supplementary information is presented for purposes of additional analysis and is not a required part of the financial statements.

The supplementary information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. Such information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the supplementary information is fairly stated in all material respects in relation to the financial statements as a whole.

The schedule of program revenue on page 33 has not been subject to the auditing procedures applied in the audits of the statements of cash receipts and disbursements and, accordingly, we do not express an opinion or provide any assurance on the schedule.

#### OTHER REPORTING REQUIRED BY GOVERNMENT AUDITING STANDARDS

In accordance with *Government Auditing Standards*, we have also issued our report dated November 2, 2018 on our consideration of the Program's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of our testing of internal control over financial reporting and compliance and the results of that testing, and not to provide an opinion on the internal control over financial reporting or on compliance. That report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the Program's internal control over financial reporting and compliance.

# NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2018 AND 2017

#### 1. NATURE OF PROGRAM

The State of Wisconsin Transportation Facilities and Highway Projects Revenue Obligation Program (the "Program") originated in June 1986 pursuant to the adoption of the General Resolution, as amended, by the State of Wisconsin Building Commission (the "Building Commission"). The Program provides financing for the construction, maintenance and repair of certain major highway projects and administrative facilities. The program is currently authorized to issue the following revenue obligations:

Transportation Revenue Bonds (the "Revenue Bonds") issued for the Program are pursuant to the General Resolution. The Program has issued, and may issue in the future, Revenue Bonds that are revenue obligations of the State, payable solely from the Redemption Fund created by the General Resolution.

The Commercial Paper Notes (the "CP Notes") originated in April 1997 pursuant to the adoption of a Program Resolution, as amended, by the Building Commission. The Program has issued, and may issue in the future, CP Notes that are revenue obligations of the State, payable solely from the Subordinated Debt Service Fund created by the General Resolution.

All Revenue Bonds and CP Notes are issued pursuant to Subchapter II of Chapter 18 of the Wisconsin Statutes, as amended and a General Resolution and Series Resolutions adopted by the Building Commission. The Department has statutory authority (as amended) as of June 30, 2018, to issue a total of \$4,055,372,900 of revenue obligations (excluding refunding Revenue Bonds), in order to partially finance the costs of the authorized projects. Projects are also funded, in part, with proceeds from State of Wisconsin ("State") general obligation debt, federal aid and other money in the State Transportation Fund. Of that statutory amount, the Program has authority to issue CP notes in an aggregate outstanding principal amount not to exceed \$275,000,000. As of June 30, 2018, The Wisconsin Department of Transportation (the "Department") has remaining statutory authority to issue \$210,205,980 of additional revenue obligations.

Receipts provided from motor vehicle registration fees under Section 341.25 of the Wisconsin Statutes and certain other vehicle registration-related fees, as collected by the Trustee ("Program Income") are used to service borrowing obligations, with debt service for Revenue Bonds having a first lien pledge of receipts and debt service for CP Notes having a subordinate pledge of receipts. The State has covenanted in the General Resolution that it will charge motor vehicle registration fees and certain other vehicle registration-related fees sufficient to pay principal and interest on the Revenue Bonds as they become due, to pay program expenses, to maintain the Debt Service reserve requirement, and to pay principal and interest on CP Notes. Remaining Program Income is transferred to the Department free of the lien pledge of the General Resolution.

The Department is responsible for managing the construction projects and the collection of motor vehicle registration fees and certain other vehicle registration-related fees.

As part of the State's reporting entity, the Program's financial information is included in the State of Wisconsin Comprehensive Annual Financial Report.

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Cash Receipts and Disbursements Basis of Accounting—The statements of cash receipts and disbursements present the Program's cash receipts and disbursements, which is a comprehensive basis of accounting other than accounting principles generally accepted in the United States of America. Under this basis of accounting, cash receipts are recorded when received and disbursements are recorded when paid. The cash and investments balance is presented at cost.

The Department has entered into trust agreements, as amended, with The Bank of New York Mellon Trust Company, N.A. (the "Trustee"), relating to the creation and administration of the Bonds. The Bonds series which are currently active include: 2005 Series A, 2007 Series 1, 2008 Series A, 2009 Series B (Taxable), 2010 Series A, 2010 Series B (Taxable), 2012 Series 1, 2012 Series 2, 2013 Series 1, 2014 Series 2, 2015 Series 1, 2015 Series A, 2017 Series 2, and CP Notes: 1997 Series A, 2006 Series A and 2013 Series A. Among other provisions, the trust agreements, in conjunction with the General Resolution, specify those funds to be created and maintained, the timing and flow of monies through the funds, the determination of the debt service reserve requirements (see Note 6) and the procedure to be followed for the redemption of the Bonds and CP Notes. It is the Department's view that the statements of cash receipts and disbursements along with the related notes meet the reporting requirements of the trust agreements.

#### Receipts and Disbursements:

Motor Vehicle Registration Fees Retained by Trustee - Motor vehicle registration fees and certain other vehicle registration-related fees retained by the Trustee are recorded at time of impounding, when transfer of possession occurs.

Investment Income - Investment income is recorded when received.

Revenue (or Refunding) Bond Proceeds - Bonds proceeds are recorded as receipts on the date of closing at gross value of the issuance. All related fees are reported as bond issuance costs within disbursements.

Revenue Bond Debt Service - Principal and Interest - Debt service payments on Bonds are recorded when paid.

Defeasance of debt - Represents the amount due on 7/1/18 for bond issuance 2017-1.

Program Expenses - Represents payments for program expenses.

Commercial Paper (Subordinated) Debt Service - Principal and Interest - Debt service payments on CP Notes are recorded when paid. CP Notes payable that mature and are replaced with new CP Notes are not reflected in the statements of cash receipts and disbursements as there is no cash receipt or cash disbursement.

Net Premium Paid (Discount Earned) on Investments - The net of the premium paid on investments purchased at more than face value and the discount earned on investments purchased at less than face value.

## NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2018 AND 2017

#### 2. SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Highway Program Expenditures - Highway program expenditures are recorded when paid by the Program to the Transportation Fund of the State of Wisconsin.

Bond Issuance Costs - Costs associated with issuing Revenue Bonds and CP Notes, such as legal, financial advisor and accounting fees, are recorded when paid. For Revenue Bonds issued late in the fiscal year, subsequent payment of the related issuance costs may occur and be reported in the fiscal year following issuance of the obligations and recording of the proceeds.

Defeasance of Debt – Revenue Bonds are periodically retired before their maturity by the Program. In a current refunding, a disbursement is recorded when the refunded Revenue Bonds are paid, which may differ from when the refunding Revenue Bond proceeds are received. In an advance refunding, a disbursement is recorded at the settlement of the refunding Revenue Bonds when the payment to an escrow account occurs and the Program has defeased its obligation. The refunded Revenue Bonds are fully retired at a later date using the investments in the escrow account.

#### 3. CASH AND INVESTMENTS

The Program's investment policies are governed by the General Resolution and Wisconsin Statutes. The Program is authorized to invest in direct obligations of or obligations guaranteed by the United States, obligations of agencies created or sponsored by an Act of Congress, obligations of any state or municipality that are rated in either of the two highest rating categories by a nationally recognized bond rating agency, bankers acceptances and certificates of deposit from banks with combined capital and surplus aggregating at least \$100 million whose securities are rated within the two highest rating categories assigned by a nationally recognized rating agency, corporate commercial paper given the highest rating by S&P Global Ratings and Moody's Investors Service, Inc., and a fund whose assets consist of direct obligations or obligations guaranteed by the United States or obligations of agencies created or sponsored by Congress. Program assets are to be invested in the highest yielding authorized securities, with maturity or redemption dates coinciding as closely as possible with cash flow and liquidity needs of Program operations.

During fiscal years 2018 and 2017, the Program's assets were held in deposit accounts or invested in a money market fund, U.S. Treasury securities, and federal agency securities by the Trustee. The money market fund invests exclusively in obligations of the U.S. Treasury, including Treasury bills, bonds and notes. Program assets are reported at cost, which approximates fair value.

Investments of the Program are subject to various risks:

- Custodial credit risk is the risk that, in the event of failure of the counterparty (e.g., broker-dealer) to a transaction, the Program will not be able to recover the value of investments or collateral securities that are in the possession of another party. Securities of the U.S. government and its agencies were registered and held by the Program's agent in the Program's name. The deposit account is FDIC-insured up to \$250,000 but is not collateralized. Money market funds are not insured or collateralized.
- Credit risk is the risk that an issuer of an investment will not fulfill its obligation to the
  holder of the investment. This risk is measured by the assignment of a rating by a
  nationally recognized statistical rating organization, such as S&P Global Ratings,
  Moody's Investors Service, Inc., and Fitch Ratings. As of June 30, 2018, the deposit
  account was rated Aa1 by Moody's and AA- by S&P and Fitch. S&P's rating for U.S.
  government securities was AA+. All remaining investments were rated AAA.

# NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2018 AND 2017

#### 3. CASH AND INVESTMENTS (Continued)

- Concentration of credit risk may be a concern if investments in any one issuer represent 5 percent or more of net Program assets, excluding investments issued or explicitly guaranteed by the U.S. government and investments in mutual funds, external investment pools, and other pooled investments. Concentration of credit risk is not addressed in the investment requirements. As of June 30, 2018, 12 percent of the Program's assets were held in a deposit account 87.5 percent of the Program's assets were invested in federal agency securities and 0.5 percent in money market funds; however, this fund solely invests in U.S. government securities.
- Interest rate risk involves the potential price fluctuations in a bond that are caused by changes in the general level of interest rates. Generally, the longer the maturity on an investment, the greater the sensitivity of its fair value to changes in market interest rates. The current portfolio has minimal interest rate risk as the longest maturity is July 2, 2018.
- Foreign currency risk is the risk that changes in currency exchange rates will
  adversely affect the fair value of an investment. Foreign currency holdings are not
  specifically addressed in the Program's investment requirements; however, no
  investments denominated in foreign currency were held by the Program as of
  June 30, 2018.

#### Fair Value Measurements

The Program categorizes the fair value measurements within the fair value hierarchy established by generally accepted accounting principles. The hierarchy is based on the valuation inputs used to measure the fair value of the asset. Level 1 inputs are quoted prices in active markets for identical assets; Level 2 inputs are significant observable inputs; Level 3 inputs are significant unobservable inputs.

The Program has the following Level 1 fair value measurements as of June 30, 2018:

	June 30, 2018	June 30, 2017
Investments		
Federal Home Loan Bank		
Discount Notes	\$ 25,057,000	\$ 56,807,001
Freddie Mac Discount Notes	-	33,431,000
United States Treasury Note/Bond	<u>216,227,888</u>	<u>110,789,843</u>
Total investments by fair value level	\$ 241,284,888	\$ 201,027,844

Treasury Securities – State and Local Government Series of \$248,301,050 represent special purpose securities issued by the Department of the Treasury with fixed yields to allow the Program to escrow resources for the future retirement of defeased revenue bonds. The securities are valued at cost, as the securities are held to maturity in accordance with the requirements of the escrow and no market exists for these securities.

# NOTES TO STATEMENTS OF CASH RECEIPTS AND DISBURSEMENTS FOR THE FISCAL YEARS ENDED JUNE 30, 2018 AND 2017

#### 4. BONDS

Revenue Bonds are collateralized by a first lien pledge of Program Income. The State is not generally liable on the Revenue Bonds nor are the projects financed by the Revenue Bonds pledged as collateral.

A summary of the revenue obligations in the form of Revenue Bonds outstanding as of June 30, 2018 and 2017 is as follows:

#### 4. BONDS (Continued)

Additional series of obligations may be issued on par with the Revenue Bond series outstanding and collateralized by an equal charge and lien on the Program Income. However, no additional series may be issued unless, among other things, Program Income, including interest, for 12 consecutive months within the preceding 18-month period is at least 2.25 times the maximum aggregate principal and interest requirement in any bond year for all outstanding Revenue Bonds.

Future maturities of Revenue Bonds payable as of June 30, 2018 are as follows:

Fiscal Year Ending June 30,		
2019	\$ 10	3,235,000
2020	22	7,150,000
2021	24	6,730,000
2022	13	3,820,000
2023 – 2027	58	3,680,000
2028 – 2032	50	3,685,000
2033 – 2037	25	6,105,000
2038	1	<u>1,005,000</u>
	<b>\$2,06</b>	5,410,000

The 2009 Series B (Taxable) and 2010 Series B (Taxable) Bonds are "qualified build America Bonds" pursuant to Section 54AA of the Internal Revenue Code of 1986, as amended. The State expects to receive 35% of the interest payable to bondholders from the United States Treasury. Interest subsidies from the United States Treasury received in connection with these "build America Bonds" are not pledged to the payment of principal, interest, or redemption price on the Bonds and are not reported as income to the Program. The \$4.5 million subsidy for interest due January 1 and July 1, 2018, was received and deposited in the State Transportation Fund. The subsidy was reduced by \$322,775 as required by the Budget Control Act of 2011 (federal budget sequestration).

#### **Crossover Refunding**

During 2017, the Program refunded the 2020 through 2030 maturities from the 2009 Series B and 2022 through 2031 maturities of the 2010 Series B Bonds totaling \$236,520,000 by issuing \$368,595,000 of Transportation Revenue Bonds, 2017 Series 2. Proceeds of \$248,301,500 from the Transportation Revenue Bonds, 2017 Series 2 were used to purchase U.S. Government and Local Government Series securities that were placed in an irrevocable trust for the purpose of generating resources to retire \$21,423,431 of interest due on the 2017 Series 2 Bonds through July 1, 2020, 2009 Series B principal of \$112,595,000 on July 1, 2019 (the crossover date for the 2009 Series B Bonds), and 2010 Series B principal of \$123,925,000 on July 1, 2020 (the crossover date for the 2010 Series B Bonds). Because the Program continues to be responsible for interest payments on the 2009 Series B and 2010 Series B Bonds through the crossover dates, the Program recorded the irrevocable trust assets of \$248,301,500 as assets restricted for debt service, and both the 2009 Series B, 2010 Series B and 2017 Series 2 Bonds are included as revenues bonds payable of the Program and included in the above future maturities of the Revenue Bond until their respective crossover dates.

The following is a summary of the principal amounts called and the related crossover date of the Bonds at June 30, 2018.

#### 5. DEFEASED REVENUE BONDS

From time to time, the Program issues bonds to defease older Revenue Bonds in order to generate debt service savings. The proceeds from the issuance of Revenue Bonds, together with assets transferred from the refunded bond series, are deposited with an escrow agent in a separate Escrow Account. These funds are invested by an escrow agent in U.S. Treasury obligations and certain other government securities so that sufficient monies are available to pay the principal, interest and redemption price of the defeased Bonds.

A summary of the debt service savings and economic gain (present value of debt service savings) as a result of refunding transactions (including the crossover refunding, as discussed in Note 4) during the fiscal years ended June 30, 2018 and 2017 follows:

Refunding Issue	Debt Service Savings	Economic Gain
2017 Series 2 (FY18)	\$ 22,488,365	\$ 21,283,133
2017 Series 1 (FY17)	\$ 13,145,714	\$ 12,547,708

Defeased Revenue Bonds, totaling \$561.9 million as of June 30, 2018, are not included in the outstanding Revenue Bonds summarized in Note 4. Also, the related securities in the Escrow Accounts are not included in the Program's cash and investments balance. Once defeased, no related activity in the Escrow Accounts is reported in the Program's Statements of Cash Receipts and Disbursements. The following is a summary of these defeased Bonds at June 30, 2018.

#### 6. DEBT SERVICE RESERVE FUND REQUIREMENT

The General Resolution creates a Reserve Fund for the Revenue Bonds; however, the balance as of June 30, 2018 is zero. The State, pursuant to each Series Resolution, specifies the Debt Service Reserve Requirement ("DSRR"), if any, for each series of Bonds. The individual DSRRs for each series of outstanding obligations are combined to determine the aggregate DSRR for the Reserve Fund. If all of the obligations cease to be outstanding, then the aggregate DSRR is reduced by the individual DSRR attributable to that obligation. Since 2003, the State has not specified a DSRR for any obligation that has been issued. Furthermore, the State does not currently expect to specify a DSRR for any future Series of additional Bonds; however, the State reserves the right to change its practice and specify a DSRR for any future series of additional obligations.

#### 7. CP NOTES

The CP Notes are revenue obligations of the State, payable solely from the Subordinated Debt Service Fund (see Note 8). The State is not generally liable on the CP Notes, nor are the projects financed by the CP Notes pledged as collateral.

A summary of the revenue obligations issued in the form of CP Notes outstanding as of June 30, 2018 and 2017 is as follows:

	<u>2018</u>	<u>2017</u>
Commercial Paper Notes of 1997, Series A	\$ 8,803,000	\$ 20,458,000
Commercial Paper Notes of 2006, Series A	-	11,260,000
Commercial Paper Notes of 2013, Series A	50,005,000	57,005,000
Total CP Notes Payable as of June 30	\$ 58,808,000	\$ 88,723,000

The CP Notes consist of interest-bearing obligations issued in initial denominations of \$100,000 and additional increments of \$1,000 above \$100,000. The CP Notes are issued pursuant to Subchapter II of Chapter 18 of the Wisconsin Statutes as amended, Section 84.59 of the Wisconsin Statutes, the General Resolution, a Program Resolution and Series Resolutions adopted by the State of Wisconsin Building Commission.

To assure the timely payment of principal and interest on the CP Notes, the State has entered into a Second Amended and Restated Credit Agreement, dated April 20, 2016, (the liquidity facility agreement) with State Street Bank and Trust Company (the "Credit Agreement"). As of June 30, 2018, the commitment amount is \$63,000,000, an amount not less than CP note principal outstanding at that time. (Effective November 13, 2017) This Credit Agreement expires April 20, 2019, but may be extended upon agreement of both parties. The Credit Agreement describes events which, if they occur, would cause early termination.

The CP Notes will mature no later than 270 days from the date of issuance provided that a liquidity facility agreement is in effect. No CP Notes may be issued with a maturity date after the stated expiration of the liquidity facility agreement or after the stated date of a substitute liquidity facility agreement. The principal of and interest on the CP Notes will be paid at maturity and the CP Notes are not callable prior to maturity. The State expects to pay the principal on the CP Notes with the proceeds of additional notes until the State provides

#### 7. CP NOTES (Continued)

permanent financing through the issuance of long-term obligations. Each CP Note bears interest from its date of issuance, at the rate determined on the date of issuance (which may not exceed 12% per annum).

As of June 30, 2018, the CP Notes of 1997, Series A had a maturity date of September 6, 2018 and a weighted average interest rate of 1.35%. The CP Notes of 2013, Series A had maturities ranging from August 2 to September 7, 2018 and a weighted average interest rate of 1.4108%.

As of June 30, 2017, the CP Notes of 1997, Series A had maturities ranging from July 6 to August 3, 2017 and a weighted average interest rate of .8983%. The CP Notes of 2006, Series A had maturities of July 6, 2017 with a weighted average interest rate of .8758%. The CP Notes of 2013, Series A had maturities ranging from July 6 to July 11, 2017 and for a weighted average interest rate of 0.9582%.

#### 8. SUBORDINATED DEBT SERVICE FUND

The General Resolution creates a Subordinated Debt Service Fund which is intended to be used to provide for the payment of principal and interest on the CP Notes from Program Income deposited into this fund. The pledge of such Program Income to make payments for CP Notes is subordinate to the pledge of Program Income payments for outstanding Bonds.

#### 9. ADMINISTRATIVE EXPENSES

The Program is not charged for certain departmental administrative expenses incurred by the State of Wisconsin related to the operation of the Program. All such costs are charged to the Transportation Fund of the State of Wisconsin. Costs charged to the Program include Bond and CP Note expenses of the trustee, audit fees and other direct expenses of the Program.

<sup>\*</sup>The CP Notes will mature no later than 270 days from the date of issuance provided that a liquidity facility agreement is in effect. The State expects to pay the principal on the CP Notes with the proceeds of additional CP Notes until the State provides permanent financing through the issuance of long-term Bonds or funds deposited in the Subordinate Debt Service Fund. Each CP Note bears interest from its date of issuance, at the rate determined on the date of issuance(which may not exceed 12% per annum).

<sup>(1)</sup> This is the amount of Program Revenue for which the State has undertaken to provide continuing disclosure and the amount of Program Revenue that will be used for determining the debt service coverage ratio and the additional bonds test.

<sup>(2)</sup> IRP - The International Registration Plan is a multi-state compact for collecting and sharing large truck registration fees. Under the IRP, the registration fees on trucks involved in multi-state commercial activity are collected by the state in which the company is headquartered and are split between the participating states on the basis of proportionate mileage.
