Cautionary Information

Users of this information should be cautioned about several points:
--

The General Fund financial information in this document has been prepared using what is believed to be the best available data as of its date. The tables in this document have been prepared using the same procedures used to prepare similar information for the State of Wisconsin Continuing Disclosure Annual Report, Official Statements prepared for specific securities, or reports filed in conjunction with various securities. This information is, however, preliminary in nature and subject to change.

- This information is unaudited and is not a “financial statement.” None of the data presented here has been subjected to customary fiscal period closing procedures or the procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments.
- This information speaks only as of the date on which it was prepared. The State is not obligated to update any of this information unless so required by undertakings related to its Continuing Disclosure Annual Report.
- Information classified as “actual”, and any difference from any prior estimate, does not signify a change to official estimates. Any official revenue or expenditure re-estimates that do occur will be separately identified and, if material, appropriately noted.
- The information is not intended to reflect the State’s projected budgetary balance for fiscal year 2022-23.
- Projections of results for dates after the date this information is prepared are forward looking. Actual results will almost certainly differ.
 - It is important to note that cash flow projections are expressed on a *cash basis* while the tax revenue collection estimates released by the Department of Revenue (**DOR**) and the Legislative Fiscal Bureau (**LFB**) are expressed on a *budgetary basis* and net of any refunds.
 - Projections are not adjusted to reflect actual revenues and expenditures and routine variability in the timing of receipts and disbursements but may be adjusted to reflect unique events.
 - Projections of remaining fiscal year cash flow may be adjusted when necessary to reflect unforeseen events or additional revised forecasts of the General Fund condition statement, including, but not limited to, the fiscal effects of the COVID-19 pandemic.
- Data in the tables of financial information are subject to revision and reclassification for prior periods. This is particularly true for revenue data, where proper classification depends on tax returns which are received and processed significantly after the tax payments are received through electronic transfers.
- Some information is presented on a cash basis of accounting while other data is presented on a budgetary or agency-recorded basis. Users should not compare information that is presented on one basis of accounting with information that is presented on a different basis of accounting.
- Comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month. In addition, comparison of year-to-date annual General Fund financial information also has many inherent problems due to the potential of different revenue and budget provisions for each fiscal year.
- The presence of information here does not imply the State of Wisconsin made any determination as to its materiality.
- None of the information in these tables of financial information is required by the State of Wisconsin’s continuing disclosure undertakings pursuant to Securities and Exchange Commission (**SEC**) Rule

15c2-12; however, this information is being filed with the Municipal Securities Rulemaking Board's **(MSRB)** Electronic Municipal Market Access **(EMMA)** system as an additional / voluntary filing.

- This information is not, and does not replace, a listed event required by SEC Rule 15c2-12.
- This information is not, and does not replace, the annual financial information required by SEC Rule 15c2-12.

State of Wisconsin COVID-19 Update (June 26, 2023)

The following contains general discussion on COVID-19 and updates to the COVID-19 discussion that was included in the State of Wisconsin Continuing Disclosure Annual Report, dated December 23, 2022 (**2022 Annual Report**). As described in the 2022 Annual Report, the State cannot currently predict the ultimate economic and fiscal impact that past experiences, and any future continuation, of the COVID-19 pandemic will have on the State's revenues, expenditures, reserves, budget, or financial position. There can be no assurances that the continuing or unforeseen impacts of the COVID-19 pandemic, or other changes in the State economy, will not materially adversely affect the financial condition of the State. The State intends to file reports as it determines are appropriate from DOR or LFB that address State revenues, expenditures, and financial position with the MSRB through its EMMA system.

General Information and Vaccinations

The Wisconsin Department of Health Services (**DHS**) continues to work to get COVID-19 vaccines to Wisconsinites. All State individuals ages 6 months and older are eligible for the vaccination. As of May 17, 2023, approximately 62% of Wisconsin residents were fully vaccinated, and approximately 21% of Wisconsin residents had received the updated dose.

Following a challenge to one of various prior executive and emergency orders related to the COVID-19 pandemic, the State Supreme Court ruled on March 31, 2021, that the Governor did not have the authority to declare multiple emergencies, spanning more than 60 days, relating to the COVID-19 pandemic. Consequently, there are no state-wide mask mandates or restrictions on public gatherings in effect. Any future actions to impose state-wide restrictions would likely have to be approved by the Legislature prior to implementation, limiting the ability of the Governor to impose restrictions in response to the COVID-19 pandemic. However, the Court's ruling did not address pandemic-related orders imposed at the county or local level. While some counties and local governments have been recommending the use of masks when inside buildings with reference to guidance from the U.S. Centers for Disease Control and Prevention, most of those efforts have ended with the two most populous counties ending their mask mandate on March 1, 2022.

On May 11, 2023, the federal Public Health Emergency for COVID-19 has ended. The State and the Federal government may take additional actions, including legislation, to address the effects of the COVID-19 pandemic. The State is unable to predict the form, likelihood, or effect of any such legislation or government action, which may be material.

The impact of the COVID-19 pandemic on the State economy will depend on a variety of factors, including the effectiveness of vaccines, vaccination rates throughout the State and the potential spread and virulence of any COVID-19 variants.

General Notes to the Financial Information

- **Impact of COVID-19.** See the section entitled “State of Wisconsin COVID-19 Update” and various endnotes at the end of this report for information on actions the State has taken in response to this pandemic.
- **Executive 2023-25 Biennial Budget.** The Governor’s executive biennial budget for the 2023-25 biennium was released on February 15, 2023. The executive budget has been introduced in both houses of the Legislature and referred to the Joint Committee on Finance (JCF) for review. LFB is working on the initial review of the Governor’s executive budget for the 2023-25 biennium. Information on the Governor’s executive budget for the 2023-25 biennium is available from the Capital Finance Office; see the Additional Information section.
- **Updated General Fund Condition Statement and General Fund Tax Collections – Fiscal Year 2022-23.** The tables in this report include actual and projected receipts and disbursements for fiscal year 2022-23. The following tables (i) compare the actual fiscal year 2021-2022 General Fund condition statement to the estimated fiscal year 2022-23 General Fund Condition Statement as provided in the enacted 2021-23 biennial budget (**2021 Wisconsin Act 58**), as modified to reflect DOR’s updated individual income tax withholding tables that were effective January 1, 2022, a report released by the Department of Administration (DOA) on November 21, 2022 (**November 2022 DOA Report**), a report released by LFB on January 25, 2023 (**January 2023 LFB Report**), and a report released by LFB on May 15, 2023 (**May 2023 LFB Report**), and (ii) compare the actual fiscal year 2021-22 General Fund tax collections as reported in the Annual Fiscal Report to the estimated fiscal year 2022-23 General Fund tax collections as provided in 2021 Wisconsin Act 58, as modified to reflect the DOR updates to individual income tax withholding tables that were effective January 1, 2022, the November 2022 DOA Report, the January 2023 LFB Report, and the May 2023 LFB Report.
- **Actual Fiscal Year 2022-23 General Fund Tax Revenues and Disbursements.** Compared to projections, the actual fiscal year 2022-23 General Fund tax receipts (cash basis) for the period ending May 31, 2023 were lower by approximately \$671 million. Compared to the same period for fiscal year 2021-22, General Fund tax receipts (cash basis) were lower by approximately \$340 million for the period ending May 31, 2023. Regarding fiscal year disbursements, the actual fiscal year 2022-23 General Fund disbursements (cash basis) were lower than projections by approximately \$2.3 billion for the period ending May 31, 2023. Compared to the same period for fiscal year 2021-22, disbursements were lower by approximately \$698 million for the period ending May 31, 2023.
- **Receipt and Expenditure of ARPA Funds.** Actual and projected General Fund cash balances reflect receipt, as of March 31, 2023, of approximately \$2.5 billion of ARPA federal funds. As of March 31, 2023, the State had allocated all of these funds and expended approximately \$1.2 billion of the ARPA federal funds.

Projections and estimates for the remaining projected fiscal year 2022-23 General Fund cash flows do not reflect any specific disbursement, but rather generalized assumptions for disbursement of these funds.
- **Recently Enacted Legislation.** On June 20, 2023, Governor Evers signed into law 2023 Wisconsin Act 12 that will, among other provisions, (i) change the methodology for how shared revenue is allocated to Wisconsin municipalities, (ii) repeal the personal property tax, (iii) allow for the City of Milwaukee to adopt an ordinance imposing a municipal sales and use tax of 2.0%, and (iv) allow for the Milwaukee County to adopt an ordinance imposing an additional county sales and use tax of 0.4%.

**CASH BALANCES IN FUNDS AVAILABLE FOR
TEMPORARY REALLOCATION^{(a)(g)}
July 31, 2020 to May 31, 2023 — Actual
June 1, 2023 to June 30, 2023 — Projected
(Amounts in Millions)**

The following two tables show, on a monthly basis, the cash balances available for temporary reallocation. The first table does not include balances in the Local Government Investment Pool (LGIP) and the second table does include such balances. Though the LGIP is available for temporary reallocations, funds in the LGIP are deposited and withdrawn by local units of government, and thus are outside the control of the State. The monthly average daily balances in the LGIP for the past five years have ranged from a low of \$2.799 billion during October 2018 to a high of \$6.632 billion during July 2022. The Secretary of Administration may not exercise the authority to use temporary reallocation if doing so would jeopardize the cash flow of any fund or account from which a temporary reallocation would be made.

Endnotes

- (a) Please refer to the cautionary statements at the beginning of this document. The cautionary statements are an integral part of this report. None of the data presented here has been subjected to customary fiscal period closing procedures or other procedures used in the preparation of a financial statement, including verification, reconciliation, and identified adjustments. In addition, comparison of monthly General Fund financial information has many inherent problems. Unforeseen events (including even a change in weather conditions) or variations from underlying assumptions may cause a decrease in receipts or an increase in disbursements from those projected for a given month.
- (b) The projections and estimates for the 2022-23 fiscal year (cash basis) reflect the 2021-23 biennial budget (2021 Wisconsin Act 58) and the May 2023 LFB Report. Projections and estimates do not reflect any specific disbursement, but rather generalized assumptions for disbursement, of remaining ARPA federal funds. Temporary reallocations of cash are not included. See the section entitled "State of Wisconsin COVID-19 Update" for information on actions the State has taken in response to this pandemic and the potential impacts of the pandemic on the State. Projections and estimates also do not reflect 2023 Wisconsin Act 12.
- (c) The General Fund cash balances presented in this schedule are not based on generally accepted accounting principles. The General Fund includes funds designated for operations and capital purposes of certain proprietary programs of the State's universities. Receipts and disbursements of such funds for the designated programs and the disbursement of such funds for other purposes are reflected in the cash flow. A use of the designated funds for purposes other than the proprietary programs is, in effect, a borrowing of such funds. Therefore, at any time that the balance in the General Fund is less than the balance of such designated funds, the State is obligated to replenish the designated funds to the extent of the shortfall. These designated funds ranged from \$1.3 billion to \$1.8 billion for fiscal year 2020-21 and from \$1.5 billion to \$2.2 billion for fiscal year 2021-22, and are anticipated to range from \$1.5 billion to \$2.2 billion for fiscal year 2022-23. In addition, the General Fund holds deposits for several escrow accounts pursuant to court orders or federal rulings. These funds have averaged and are expected to continue to average approximately \$25 million during each fiscal year.
- (d) The Statutes provide certain administrative remedies to deal with periods when the General Fund is in a negative cash position. The Secretary of Administration may temporarily reallocate cash in other funds to the General Fund in an amount up to 9% of the gross general-purpose revenue appropriations then in effect (approximately \$1.8 billion in fiscal year 2022-23) and may also temporarily reallocate for a period of up to 30 days an additional amount up to 3% of the general-purpose revenue appropriations then in effect (approximately \$593 million in fiscal year 2022-23). If the amount of available to the General Fund is not sufficient, the Secretary of Administration is authorized to set priorities for payments from the General Fund and to prorate or defer certain payments.
- (e) Reflects no operating notes issued or assumed to be issued for fiscal years 2020-21, 2021-22, or 2022-23.
- (f) Changes are sometimes made after the beginning of the fiscal year to the projected revenues and disbursements. Depending on when these changes occur, there are situations in which prior estimates cannot be changed and the result is a large variance. This column includes adjustments, if any, to the variances to more accurately reflect the variance between the estimated and actual amounts.
- (g) The amounts shown reflect a reduction in the aggregate cash balances available to the extent any fund had a negative balance and temporary reallocations were made from such fund.
- (h) This category includes intergovernmental transfers. The amount of these transfers may vary greatly between fiscal years, and therefore, this category may not be comparable on a historical basis. In addition, reflects receipt, as of March 31, 2023, of approximately \$2.5 billion of ARPA federal funds.

- (i) Certain transfers between General Fund appropriations are recorded as both revenues and expenditures of the General Fund. The amount of these transfers may vary greatly between fiscal years, and therefore this category may not be comparable on a historical basis.
- (j) The amounts are from the Annual Fiscal Report (unaudited, budgetary basis) for fiscal year 2021-22, dated October 14, 2022.
- (k) The estimates reflect 2021 Wisconsin Act 58 but do not reflect DOR's updated individual income tax withholding tables, effective January 1, 2022. Estimates also do not reflect 2023 Wisconsin Act 12.
- (l) The amounts shown are fiscal year 2021-22 general purpose revenues and program revenues taxes as recorded by State agencies. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (m) The amounts shown are fiscal year 2022-23 general purpose revenues and program revenue taxes as recorded by State agencies. There may be differences between the tax revenues shown in this report and those that may be reported by DOR from time to time in its monthly general purpose revenue collections report; the DOR report (i) only includes general purpose revenues or taxes that are actually collected by DOR (and not by other State agencies), and (ii) may include accruals or other adjustments that may not be recorded by State agencies until a subsequent month.
- (n) The amounts shown are fiscal year 2021-22 expenditures as recorded by State agencies.
- (o) The amounts shown are fiscal year 2022-23 expenditures as recorded by State agencies.
