Note: If you have a pop-up blocker installed in your browser, be sure that it is turned off while filling out the information for the creation of your RPA. If you click the back button in your browser with the pop-up blocker on, you may not be prompted to save your progress, which could result in losing information you had previously entered.

Note: You will be automatically logged out after your screen has been idle for 20 minutes. Be sure to save your information often to avoid losing anything.

Note: The process for posting to the Public Notices site has not changed and will not be impacted by this website. You must still post notices through the same procedure you have been using up until this point.

Note: CAPS will submit all RPA requests on behalf of its supported agencies. CAPS agencies should still create user accounts in the RPA system to track the progress of their request.

Phases include: Agency Draft, Agency Revision, Receiving, Assignment Phase, Procurement Manager, Section Chief, Deputy Division Administrator, DOA Division Administrator, Chief Information Officer, Governor, Contract Number, and Approved. Once your RPA has been submitted, you will have additional tabs you can access. The number of tabs displayed will depend on the information that was filled out in the initial request.
