#### **Purpose**

This document outlines the policies and procedures for processing travel expenses for DOA, DOA-supported agency employees, and non-state employees. It provides definitions of roles, detailed explanations of expense types, links to job aids, and secondary source material.

# **Policy**

- 1. The Department of Administration (DOA) requires a uniform record of all travel costs to conform to state travel policies and achieve equity in travel reimbursement to its employees and attached agencies. These rules and policies are based on the State Controller's Office policy, the DOA Division of Personnel Management (DPM) <u>Uniform Travel Schedule Amounts (UTSA)</u>, state statutes, and DOA policies.
- 2. <u>STAR (PeopleSoft)</u> is the agency's system for processing all state employee travel expense vouchers. The employee creates an expense report in STAR, and it is approved by the employee's HR supervisor. Expenses claimed in the STAR Expense Module must be entered so those reviewing the claim can determine whether they are in compliance with reimbursement rules. Please note that no more than one month's worth of expenses should be submitted on an expense report.
- 3. Employee travel expense reimbursements are paid through the payroll system on the employee's paycheck. Payment through the payroll system allows calculation of required withholdings for items that are considered taxable.
- 4. Non-state employee travel is not processed through the STAR Expense Module. Non-state employees will claim expenses on the Non-State Employee Travel Voucher expense form (DOA-6107E). The expenses will be reimbursed via payment request (direct charge) in the STAR Accounts Payable Module. For travel expenses incurred by travelers not set as a supplier within STAR, please email DOA BFM Travel Claims for further information on expense reimbursement.

# **Role Definitions**

User Role Name	Role Description
Expense Employee	Enters/modifies expense reports
Assigned Proxy	Enters/modifies expense reports on behalf of another employee
Expense Approver	Audits and approves expense reports

#### **Business Process**

  - B. Refer to the <u>Expense Type Requirements</u> section for information on what is required for each expense type. <u>Please note, Out-of-State Travel Authorization forms are only required for DOA employees.</u>
  - C. Review <u>chartfield</u> to ensure proper coding is used for each expense line.
- 2. Receipts must be scanned and attached/uploaded in STAR. Per instructions below, when receipts are required, they need to be sent to BFM for audit and retention as the original record.

- 3. Budget check will run in an automated batch process hourly each day on expense reports that are submitted for approval.
  - A. If errors occur, contact your <u>assigned accountant</u>.
- 4. The employee HR supervisor may approve, send back, put on hold, or deny an expense report.

**Approved:** The expense report will move on to the pre-pay auditor.

**Send Back:** The expense report will be returned to the employee for correction. The supervisor will need to add a comment indicating what corrections need to be made.

**Hold:** The supervisor may resolve pending issues before approving.

**Deny:** The expense report will be closed. The employee will not be able to further modify the existing report and would need to create a new report for these expense.

- The approver will submit the travel expense report to the program area payment processor to create a
  payment request (direct charge) in STAR following the <u>AP Payment Request Business Process</u>. For travel
  expenses incurred by travelers not in the STAR supplier files, please email <u>DOA BFM Travel Claims</u> for further information on expense reimbursement.

# **Job Aid: Creating an Expense Report**

Summary: This document provides a step-by-step guide to create and submit an expense report in STAR.

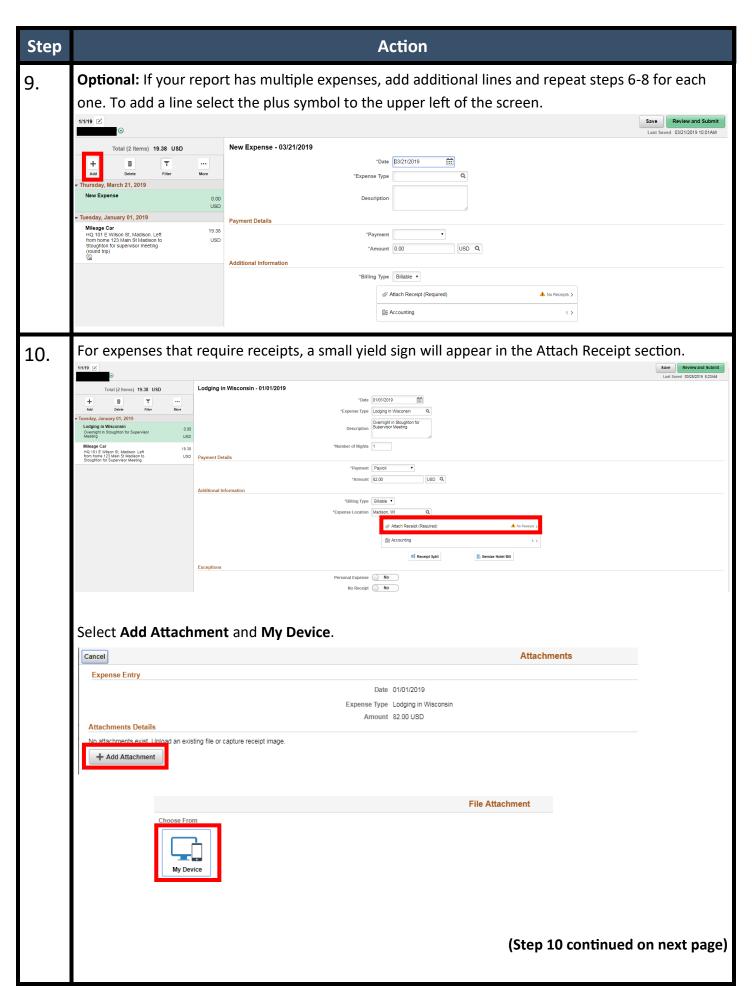

7. Fill out Date, <u>Expense Type</u>, Description, Payment Type (<u>ALWAYS</u> choose Payroll), and amount fields. If your Expense Type requires additional fields or attachments, please fill them out/add them as well.

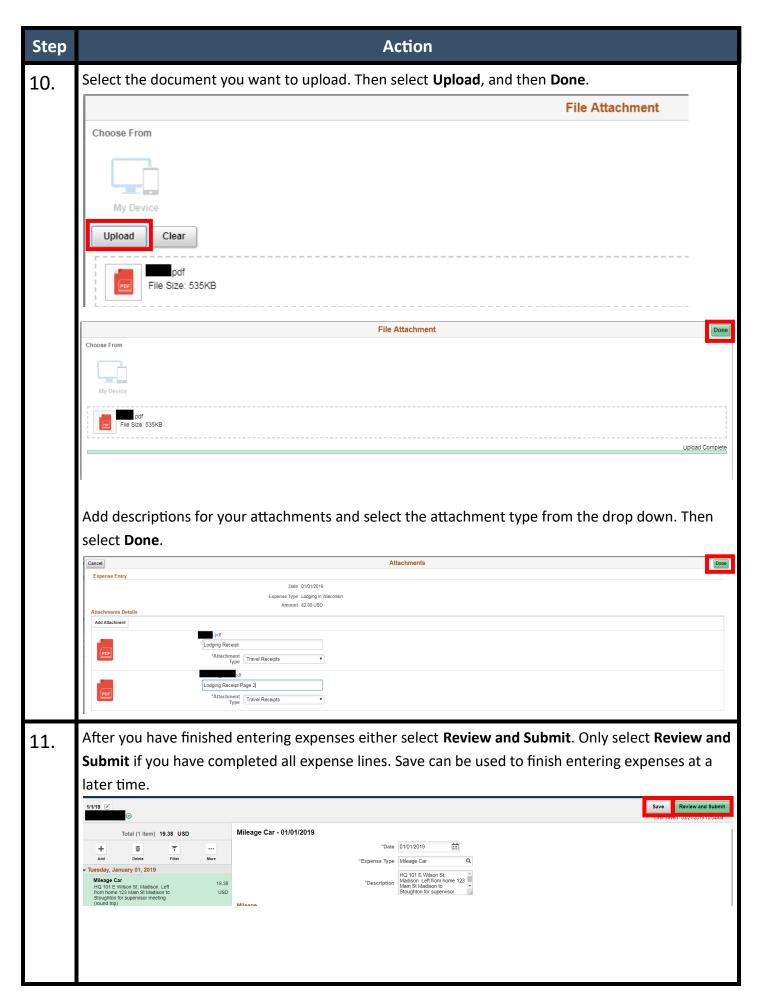

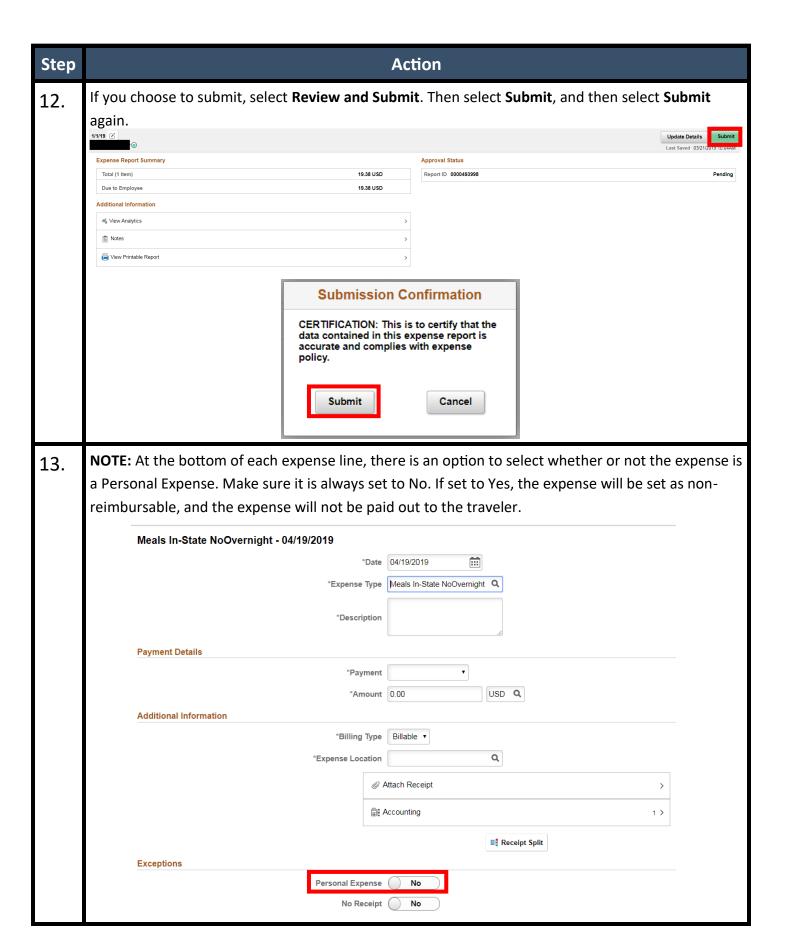

8. **For Transactions 60 Days or older:** Add justification in Exception Comments. (This field is a requirement for expenses older than 60 days.) Please note that if your report becomes over 60 days old after it has been resubmitted for changes, you do not need to add the tax penalty. When prompted by STAR put "Originally submitted within 60 days." into the comment box.

<u>Please see job aid on page 12</u> for how to add the tax penalty lines if your expense report was originally submitted 60 days after the expense was incurred.

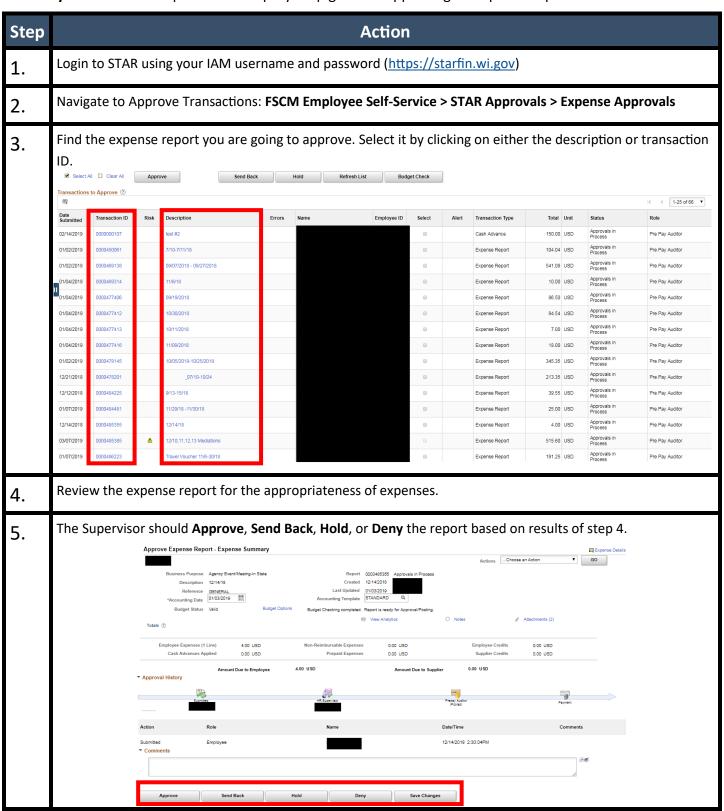

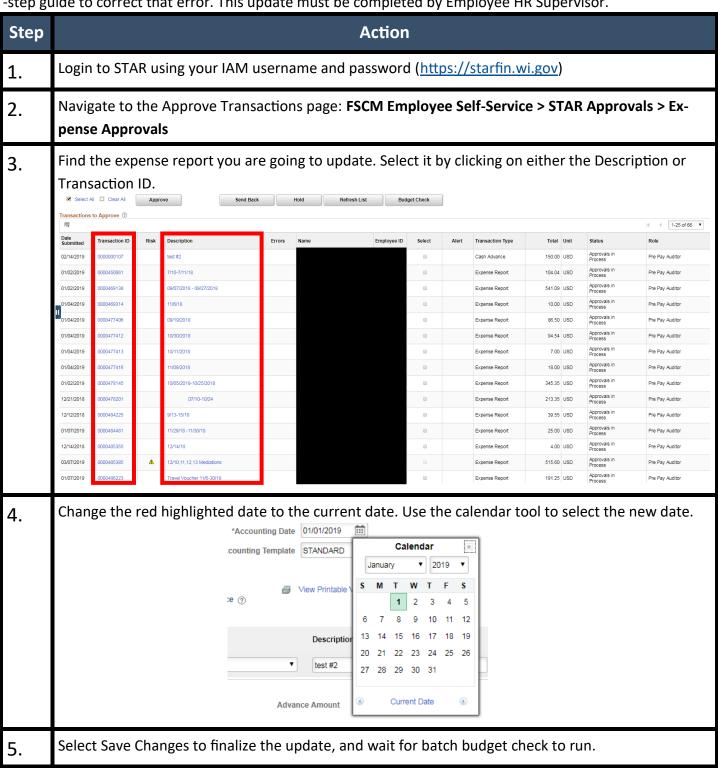

# Job Aid: Approving an Expense Report

Summary: This document provides a step-by-step guide to approving an expense report in STAR.

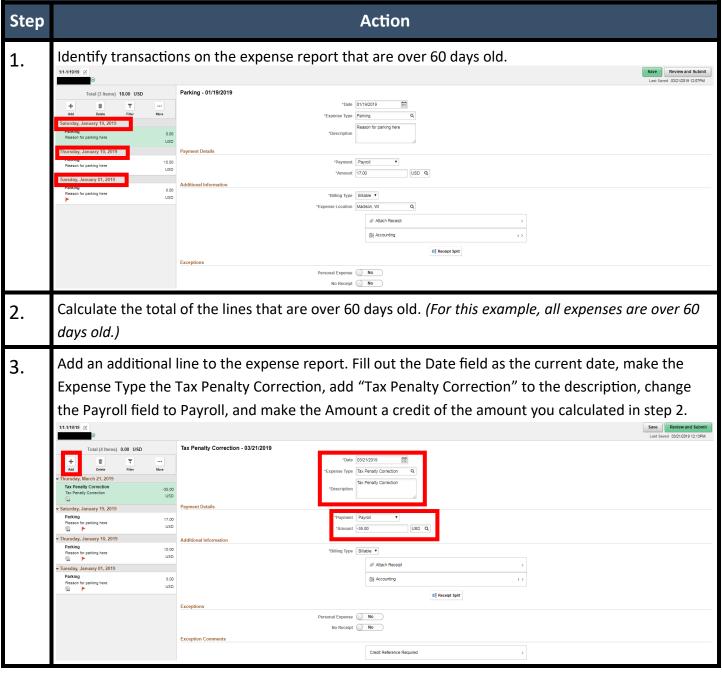

**Summary:** Accounting periods close at the end of each month. At the beginning of a new month you will receive an error if you try to submit an expense report in a closed period. This document provides a step-by -step guide to correct that error. This update must be completed by Employee HR Supervisor.

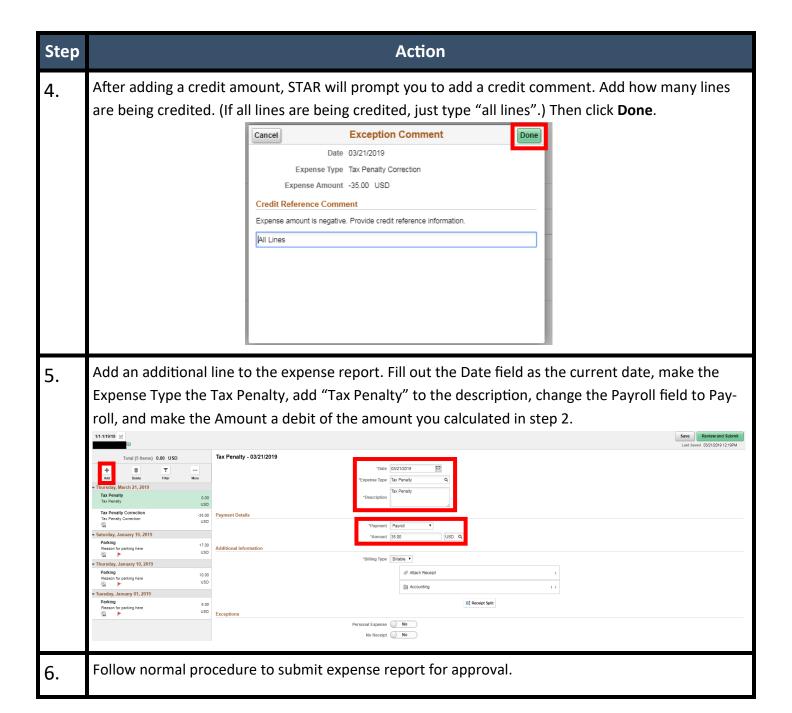

# **Job Aid: Adding Tax Penalty Lines**

**Summary:** The Internal Revenue Service (IRS) requires that expenses be accounted to your employer within a reasonable period of time. The IRS defines a reasonable period of time as being "within 60 days after they were paid or incurred". Therefore, all expenses originally submitted by an employee 60 days after they were incurred must add the Tax Penalty and Tax Penalty Correction lines to their reports. This document provides a step-by-step guide to add these lines. Please note that if your report becomes over 60 days old after it has been resubmitted for changes, you do not need to add the tax penalty. When prompted by STAR put "Originally submitted within 60 days." into the comment box.

# **Expense Type Requirements**

Below is a detailed description of how and when to use each expense type when creating a travel expense report in STAR.

<u>Not Listed Below:</u> The business purpose is required for each expense claim. If a trip or event has multiple claims and one business purpose, the business purpose only needs to be recorded on the expense report once.
