Future IT Sourcing Experts
(this could this be you!)

What Do We Do?

The Enterprise IT Sourcing section of the Bureau develops competitive procurements, manages statewide contracts, and is also responsible for large contracts of the Division of Enterprise Technology (DET). Examples of IT Sourcing contract categories include:

- Computer hardware and peripherals
- Enterprise software
- IT services
- IT temporary professional services
- Internet services
- All statewide printing
- Telecommunications

What Else Do We Do?

We also manage these duties:

- Training
- Consultation
- High Risk IT Request Approvals
- RPA's
- Procurement Plans
- Participating Addendums, Engagement Addendums
- Collective Purchasing Agreements
- IT Exception Authority (DOA only)

Who Do We Support and How?

- State and local government
- Delegated agencies and end users
- DET and DOA-IT
- DOA CAPS or other supported agencies when requested
