March 9, 2017

Honorable Scott Walker 115 East State Capitol Madison, WI 53707

Members, Joint Committee on Finance Members, Joint Committee on Audit State Capitol Madison, WI 53708

Senate Chief Clerk Jeffrey Renk B20 Southeast State Capitol Madison, WI 53708

Assembly Chief Clerk Patrick E. Fuller 17 West Main Street, Suite 401 Madison, WI 53703

Mr. Robert Lang, Legislative Fiscal Bureau One East Main Street, Suite 301 Madison, WI 53703

Dear Governor Walker, Legislators, Chief Clerk Renk, Chief Clerk Fuller and Mr. Lang:

Attached please find the State of Wisconsin Contractual Services Purchasing Report for Fiscal Year 2016 (FY16) pursuant to §16.705(8), Wis. Stats. Please note that the FY16 report covers the period during which the state transitioned from WISMART to STAR as its principal financial management system. Therefore, a combination of WISMART and STAR data was used to provide complete FY16 reporting.

The report also includes information on cost-benefit analyses produced by state agencies during FY16. Wisconsin Act 89 requires state agencies to conduct a cost-benefit analysis prior to any proposed contractual service procurement over \$50,000. A summary of the 315 cost-benefit analyses produced during FY16 is included in this report.

Should you have any questions about this report, please contact me at (608) 264-6109.

Sincerely,

James M. Langdon Administrator

Summary of Fiscal Year 2016 Cost-Benefit Analyses and Recommendations	13
Fiscal Year 2016 Cost-Benefit Analyses	16
Fiscal Year 2016 Continued Appropriateness Analyses	25

### **Contact:**

Rick Hughes, Director State Bureau of Procurement Department of Administration 101 East Wilson, 6th Floor P.O. Box 7867 Madison, WI 53707-7867

### Introduction

#### Summary

- Overall contracting totaled \$653.0 million in FY16.
- State agency contracting totaled \$506.6 million in FY16.
- University of Wisconsin System, including UW Madison, contracting totaled \$146.3 million in FY16.
- State agencies produced 315 cost-benefit analyses in FY16.

### **Statutory Background**

**Contractual Service Procurements.** §16.705(8), Wis. Stats., provides that DOA "shall, annually on or before October 15, submit to the governor, the joint committee on finance, the joint legislative audit committee and the chief clerk of each house of the legislature for distribution to the appropriate standing committees under s. 13.172 (3), a report concerning the number, value and nature of contractual service procurements authorized for each agency during the preceding fiscal year".

**Cost-Benefit Analyses**. §16.705(8), Wis. Stats., provides that "the report shall also include, with respect to contractual service procurements by agencies for the preceding fiscal year:

- "(a) A summary of the cost-benefit analyses completed by agencies in compliance with rules promulgated by the department under sub. (2).
- (b) Recommendations for elimination of unneeded contractual service procurements and for consolidation or resolicitation of existing contractual service procurements."

**Division of Legal Services**. Pursuant to section 16.004(15)(bm), the DOA Division of Legal Services assists in efforts to reduce the state's use of contracted employees. In order to meet this mission, the Division of Legal Services meets weekly with the State Bureau of Procurement to review and discuss enterprise-wide contracts and DOA contracts, and provides consultation to the State Bureau of Procurement on CBA issues. The Division of Legal Services also provides direct assistance to executive branch agencies on contract matters to help agencies negotiate, amend, consolidate or terminate contractual services to gain efficiencies and to lower state costs.

#### **Data Sources**

The State transitioned to a new accounting system, the State Transforming Agency Resources (STAR) system, during FY16. Therefore, the contractual services expenditure data provided in this report was extracted from two systems for FY16, WiSMART and STAR, as reflected in the table on page 3 of this report. WiSMART was the State's accounting system until October 1, 2015 for all state agencies except the Department of Transportation which utilized WiSMART for all of FY16.

Prior to the implementation of STAR, several agencies including the Departments of Workforce Development, Corrections, Health Services, Transportation and UW System used separate systems and some used different account codes. In STAR, all agencies use the same account codes. In the Account Code detail beginning on page 6, the data shown is for the last three quarters of FY16 to reflect the data extracted from STAR.

The report data excludes spending authorized outside of §16.75, Wis. Stats., such as interagency or municipal spend, conservation, fellowships and scholarships, services provided in conjunction with building or road construction projects, §16.855 and Chapter 84 respectively, and Chapter 36 research or instructional services. This report includes the following account code categories of expenditures for services:

7480000	Housekeeping & Janitorial Services
7650000	IT Services Private Companies
7700000	Professional Services Management Consultant
7720000	Professional Services Medical

### **Summary of Fiscal Year 2016 Cost-Benefit Analyses and Recommendations**

### **Background**

§16.705(2)(a), Wis. Stats., contains a requirement for agencies, except the University of Wisconsin System, to conduct a uniform cost-benefit analysis of each proposed contractual service procurement involving an estimated expenditure of more than \$50,000 in accordance with the standards prescribed in the rules. To that end, DOA published administrative rules—Wis. Adm. Code Chapter Adm. 10.035, 10.037, 10.038—that specify the manner and form of cost-benefit analyses (CBA) that must be conducted by agencies prior to entering into service contracts greater than \$50,000.

In addition to requiring the completion of CBAs, statutes require DOA to report certain information as part of its annual contractual services report to the Legislature. Specifically:

- §16.705 (8) (a), Wis. Stats., requires that DOA submit a "summary of the cost-benefit analyses completed by agencies in compliance with rules promulgated by the department."
- §16.705 (8) (b), Wis. Stats., requires that DOA provide "recommendations for elimination of unneeded contractual service procurements and for consolidation or resolicitation of existing contractual service procurements."

Act 89 CBAs are used by agencies to compare the estimated costs of contracting for services with the estimated costs of using state employees to perform a specific task. Agencies complete CBAs prior to contracting for services. In some cases, agencies have used CBA results to determine it is not appropriate to contract out. As such, the reader is cautioned that the production of a CBA does not mean a contract was eventually issued for the contemplated service.

#### **Summary and Analysis of FY16 Cost-Benefit Analyses**

Agencies completed 315 CBAs and 407 continued appropriateness analyses (CA) during FY16. The Department of Administration (35), Department of Children and Families (33) and the Department of Corrections (29) produced the highest volumes of CBAs. A complete listing of FY16 CBAs including agency, estimated total state cost and estimated total contractor cost appears on page 16. A listing of CAs by agency appears on page 25. Readers should contact the agency responsible for the CBA or CA for more information.

By statute, CBAs include narrative descriptions of quality, technical expertise, and timeliness considerations. CBAs also provide the total estimated costs of service delivery through both state employees and contractors. Estimated state employee costs include estimated wage and salary, fringe benefits, administrative overhead and other operating costs. Estimated contracting costs include estimated contract price, contract development and monitoring and one-time conversion costs.

Wisconsin's 2013-2015 Biennial Budget included a provision that agencies do not need to complete a cost-benefit for the following contractual services:

- Services that federal or state law requires to be performed by contract.
- Services that must be provided per a contract, license or warranty, by the original equipment manufacturer or publisher.

- Services that cannot be performed by state employees because the state lacks the required infrastructure.
- Web-based software application services that are delivered and managed remotely.

The State Bureau of Procurement will continue to assist agencies in communicating the exceptions.

The following table provides dollar ranges of the listed amounts of state employee and contracting costs for all FY16 CBAs:

FY16 Cost-Benefit Analyses, by dollar range

	Estimated State	Estimated Contractor
	<b>Employee Costs</b>	Costs
\$0 or n/a	0	0
\$1 - \$24,999	0	0
\$25,000 - \$49,999	7	2
\$50,000 - \$74,999	2	9
\$75,000 - \$99,999	3	2
\$100,000 - \$199,999	30	24
\$200,000 - \$299,999	27	23
\$300,000 - \$399,999	74	56
\$400,000 - \$499,999	87	60
\$500,000 - \$599,999	6	33
\$600,000 - \$699,999	8	37
\$700,000 - \$799,999	9	5
\$800,000 - \$899,999	19	14
\$900,000 - \$999,999	3	7
\$1,000,000 - \$1,999,999	25	28
\$2,000,000 - \$2,999,999	7	10
\$3,000,000 +	8	5
Total	315	315

More than three-fourths of all CBAs were related to services for information technology efforts. Other common services sought among agencies included health, environmental and social services. In most cases, however, services related to the particular mission of an agency or campus.

#### Recommendations

- 1. **Information Technology Services Provider Contract.** Agencies should continue to examine the availability of state employees before contracting for information technology services providers. The State Bureau of Procurement will continue to examine the appropriateness and breadth of services available on information technology services provider contracts.
- 2. **Inter-Agency Solicitations**. FY16 CBA data indicates that agencies tend to contract for services that advance their individual missions. However, agencies are encouraged to examine the data to determine whether other agencies are contracting for similar services. Significant cost savings may be available by combining volume. The State Bureau of Procurement is available to advise on or, in some cases, lead solicitations that cross multiple agencies.

3.	<b>Intra-Agency Solicitations</b> . Large agencies should determine whether similar service solicitations will be issued by different programs within the agency. In those cases, effort should be undertaken to issue a single solicitation to combine volume and generate optimum cost savings.

### Fiscal Year 2016 Cost-Benefit Analyses
