

Routes to Recovery Grants provide \$200 million in flexible grants for local government's unbudgeted expenditures incurred this year due to the COVID-19 pandemic, that have not already been covered through existing State of Wisconsin virus response efforts. Grants will cover reimbursements for:

- w

The determination of a local government's **Routes to Recovery Grant** amount is a formula based on the jurisdiction's population, as well as the priority of providing Wisconsin's units of local government no less than \$5,000, regardless of size of the population.

\$10 million of **Routes to Recovery Grants** have also been set aside for Wisconsin's Tribal Partners.

Routes to Recovery Grant Allocation Amounts for Wisconsin's Units of Local Government

Reminder: The **Routes to Recovery Grants** are on-top of the \$1 Billion in resources Governor Evers has already allocated for the state-wide response to COVID-19. These resources include the distribution of testing supplies, PPE, contact tracing, and other valuable resources to communities across the state.

Local Government Type	Name	County	Estimated Population	Routes to Recovery Grant Allocation
City	Abbotsford	In Multiple Counties	2,296	\$ 37,327
