Michael Heifetz, Director
Division of Executive Budget and Finance
WI Department of Administration
101 E. Wilson Street, 10 th floor
Madison, WI 53703

Dear Mr. Heifetz:

Attached is the Department of Administration's (DOA) Biennial Budget proposal for the 2015-17 biennium. DOA's proposal is primarily comprised of standard budget adjustments and reestimates, in compliance with State Budget Office guidelines.

I look forward to working with the State Budget Office to shape a budget proposal that reflects the Governor's goals for the 2015-17 biennium.

Sincerely,

Mike Huebsch
Secretary

## AGENCY DESCRIPTION

The department is headed by a secretary who is appointed by the Governor with the advice and consent of the Senate. The department provides budget, management, technology and administrative services to state agencies; supports the Governor by preparing executive budget proposals; provides broad administrative support and a variety of program services to state agencies; manages all state office buildings, the Capitol and the Executive Residence; coordinates land management, housing and energy policy and programs; and oversees and regulates state gaming programs. The department is also the administrator of Wisconsin's Section 529 College Savings Program, offering the EdVest and Tomorrow's Scholar plans.

## MISSION

The department's mission is to lead state government, through innovative cost-effective solutions and partnerships, to grow Wisconsin.

## PROGRAMS, GOALS, OBJECTIVES AND ACTIVITIES

Note: Goals, objectives and activities have been modified.

## Program 1: Supervision and Management

Goal: Improve the operating efficiency of the department's fleet and other major fleets through interagency action.

Objective/Activity: Undertake initiatives to operate an appropriately sized state fleet.
Goal: Create procurement training opportunities.
Objective/Activity: Develop procurement training for executive management, supervisors and vendors to ensure contracting integrity, improve competition and increase value for state taxpayers.

Goal: Develop improved procurement documents and procedures.
Objective/Activity: Improve templates, terms and conditions, and other documents to make bidding easier for small businesses and strengthen contract safeguards for state taxpayers.

Objective/Activity: Streamline state purchasing procedures to provide for more efficient use of state resources and make bidding easier for small businesses.

Goal: Develop an improved procurement Web site.
Objective/Activity: Consolidate procurement information into one user-friendly, comprehensive Web site for agency and vendor customers.

Goal: Continue to support and improve efficiency including grant management for local and tribal governments in the following areas: land information, coastal management, municipal boundary review, incorporations and plat.

Objective/Activity: Increase existing communication with customer base to ensure program guidelines are met in a timely manner and seek to educate new customers on state services and process.

Goal: Simplify state budget and accounting structure to streamline process and save staff time statewide.
Objective/Activity: Simplify budget and accounting processes.
Goal: Assist local governments in the investment of funds through the State of Wisconsin Investment Board. The current investment pool totals approximately $\$ 3$ billion.

Objective/Activity: Provide a cost-effective mechanism for local governments of all sizes to interact in a financial manner with the State of Wisconsin and to provide a timely vehicle for investment of government funds.

Goal: Continue to provide college savings plans for the benefit of Wisconsin residents and also nationwide, as allowed by Section 529 of the Internal Revenue Code.

Objective/Activity: Maintain and increase levels of participation by offering high-quality and lower cost investment choices available to the program as an institutional investor. Direct a statewide outreach and marketing effort for the program to create awareness of college costs, savings methods, financial literacy and related information for families.

Goal: Promote improved recruitment practices and retention of target group employees that ensure a diversified workforce within the department.

Objective/Activity: Implement action item components of the department's new affirmative action plan.
Goal: Develop strategies and action steps to address critical hiring needs and retirement vulnerabilities.
Objective/Activity: Implement action item components of the department's new workforce plan.
Goal: Build safe, maintainable, energy-efficient and sustainable buildings for state agencies and institutions.

Objective/Activity: Design building construction projects to achieve a level of energy efficiency that meets or exceeds the commercial code requirement by at least 10 percent, so long as such measures are costeffective on a life-cycle basis.

Goal: Optimize infrastructure and secure information.
Objective/Activity: Implement a security awareness training program for all state employees.
Objective/Activity: Implement the enterprise security program and roadmap.
Objective/Activity: Establish and centralize a baseline security profile for state-owned endpoints.
Goal: Innovate state government thru information technology.
Objective/Activity: Develop a cloud management strategy and architecture.
Objective/Activity: Develop a BI strategy and roadmap, and increase agency adoption.
Goal: Expand eGovernment services and access.
Objective/Activity: Modernize existing eGovernment services and launch new services for constituents.

## Program 3: Utility Public Benefits and Air Quality Improvement

Goal: Lead the nation in the development and implementation of energy policies that enhance the state's economy and safeguard the most vulnerable residents.

Objective/Activity: Deliver quantified financial returns on public investments in energy improvements.
Objective/Activity: Effectively manage the Wisconsin Home Energy Assistance Program using resources from the Low-Income Home Energy Assistance Program and Low-Income Public Benefit funds.

Objective/Activity: Effectively manage the low-income weatherization program using resources from the U.S. Department of Energy, Low-Income Home Energy Assistance Program and Low-Income Public Benefit funds.

## Program 4: Attached Divisions and Other Bodies

Goal: Ensure the timely and effective processing of hearing requests and the completion of administrative actions.

Objective/Activity: Ensure that Food Stamp and Medical Assistance hearing requests will be processed timely and administrative actions are completed.

Objective/Activity: Ensure that Department of Corrections' hearing requests are processed timely.

## Program 5: Facilities Management

Goal: Increase the efficiency of building operations and management.

Objective/Activity: Establish and maintain a vacancy rate of less than 5 percent in department-owned buildings.

Objective/Activity: Achieve lease cost savings of 5 to 10 percent or statewide goal of $\$ 2.8$ to $\$ 5.6$ million annually.

## Program 7: Housing Assistance

Goal: Increase the supply of safe and affordable housing for low-income renters in Wisconsin.
Objective/Activity: Provide funds to build affordable and accessible units to be rented to low-income households.

Goal: Increase accessibility and availability of housing and supportive assistance to homeless persons. Objective/Activity: Provide funds to assist homeless and at-risk households.

## Program 8: Division of Gaming

Goal: Maintain a high, but nonintrusive, regulatory presence and approach in the oversight of all Division of Gaming programs.

Objective/Activity: Maintain high-quality vendor investigations.
Objective/Activity: Conduct payment and compliance audits of casinos.

Note: Based on fiscal year. Program seven goals are based on program year cover April 1 thru March 31 of the subsequent year.
${ }^{1}$ Implemented and went live with OpenBook, the state's transparency Website that makes state operations expenditures more accessible to the general public. Also developing and testing the use of SharePoint for electronic approval of agency fiscal year closeout forms (Form 78s).
${ }^{2}$ Completed the implementation of the budget system redesign project, which replaced an antiquated mainframe system with a more flexible and versatile product. The final module provided functionality to complete the statutorilyrequired final Chapter 20 appropriation schedule reflecting all legislative actions for the 2013 legislative session and begin preparation for the 2015-17 biennial budget development Also fully implemented the use of SharePoint for Form 78 electronic approval.
${ }^{3}$ Program and investment management transitioned in October 2012 from Wells Fargo Funds Management to TIAACREF Tuition Financing, Inc. (TFI). TFI acts as overall program manager and handles the direct-sold Edvest plan. Voya Investment management is subcontracted to run the Tomorrow's Scholar plan, available only through financial advisors and fee-only planners. The management contract with TFI also includes the responsibilities for the statewide outreach and marketing component. Average year-to-year growth of accounts was greater in 2013, due in part to initial marketing activity for both plans under new management, the announcement of more investment choices and a reduction of fees charged to participants. As a measure of growth, total accounts are a better stand than the assets they hold, which can and do fluctuate with the financial markets. However, the program's large asset base (approaching $\$ 4$ billion) adds stability, allowing for lower-cost investment and participant expenses.

* HUD allocation may be reduced
${ }^{1}$ The program loses more than 20,000 accounts each year as distributions pay for qualified higher education expenses. A phenomenon first seen in 2012 continues: increasing numbers of accounts are used up in the first years of college attendance rather than over four or five years. More Wisconsin students are attending college, but face increased expenses, both here and at institutions nationwide. The program's outreach effort has added social media to the mix with promising results. However, recognizing that market events and investor behavior could affect total participation, these forecast goals are moderately optimistic.

# Decision Item (DIN) - 7100 <br> Decision Item (DIN) Title - One-Time GPR Authority For HUD Repayment 

#### Abstract

NARRATIVE

The department requests $\$ 8,108,500$ in one-time GPR funding in FY 2015-16 to provide for the repayment of funds to a federal grantor agency.

The U.S. Department of Housing and Urban Development (HUD) has determined that four projects funded by the State's Community Development Block Grant (CDBG) award were ineligible activities and must be repaid. The four projects and the repayment amounts associated with each project are: 1. Village of Pleasant Prairie, $\$ 12,323,532.81$ 2. Juneau County, $\$ 2,656,330$ 3. Village of Kronenwetter, $\$ 225,000$ 4. Village of Plain, $\$ 1,006,000$

The total amount of ineligible projects is $\$ 16,210,862.81$. The Center for Technology Commercialization, formerly known as the Wisconsin Entrepreneurs Network, has made a payment to the state in the amount of $\$ 500,000$, which reduces the required repayment amount associated with the Juneau County project from $\$ 2,656,330$ to $\$ 2,156,330$.

The State requested, and HUD approved, that the repayments would be provided as follows: 1. Voluntary grant reduction of half of the total repayment associated with projects 1-3. This will result in a reduction of $\$ 7,602,456.40$ to the State's federal fiscal year 2014 CDBG award. 2. Payment of half of the total repayment associated with projects 1-3 and the Village of Plain repayment to be made from an appropriation of GPR funds requested in the 15-17 biennial budget.

# Decision Item (DIN) - 7200 <br> Decision Item (DIN) Title - Facilities Operations and Maintenance Fuel and Utilities Re-estimate 

## NARRATIVE

The Department requests an increase of $\$ 1,517,500$ PR-S and $\$ 1,613,000$ PR-S authority in the first and second year, respectively, in its facility operations and maintenance appropriation, and of \$7,800 PR-S and $\$ 8,800$ PR-S authority in the first and second year, respectively, in its parking appropriation for increased fuel and utilities expenses.

The Division of Facilities Management is responsible for building management, maintenance, and tenant occupancy services for 30 State office buildings, totaling approximately 4 million square feet of space. While fuel and utility costs have increased over 13\% since FY 2007-08, the Division has not received an increase in base funding for such costs during that period. Using FY 2007-08 fuel and utilities costs as the department's estimate of the base amount of spending authority in ss. 20.505 (5) (ka) and 20.505 (5)(kb), Stats., for fuel and utilities, the appropriations had a combined shortfall of approximately $\$ 1.9$ million for FY 2013-14 and a combined average shortfall of $\$ 1.1$ million over the three-year period FY2011-12 to FY 2013-14.

Using projections for fuel and utility cost increases provided by Global Insights, and using a $2 \%$ increase where other projections are not available, an increase of $\$ 1.52$ million for $F Y$ 2015-16 and $\$ 1.61$ million for FY 2016-17 is needed for fuel and utilities, primarily due to projected increases in electricity costs. Parking operations will require increases of $\$ 7,800$ and $\$ 8,800$ for FY 2015-16 and FY 2016-17, respectively.

The following tables demonstrate the historical and projected expenditures upon which this request is based.

The following chart presents the FY08 base, the FY14 expenditures and the three-year average (FY12FY14) expenditures:

# Decision Item (DIN) - 7300 <br> Decision Item (DIN) Title - Risk Management Costs Re-Estimate 

#### Abstract

NARRATIVE

The Department requests an increase of $\$ 7,471,700$ PR-S in each year to the appropriation for risk management claims from $\$ 27,934,500$ to $\$ 35,406,200$.

The Department administers the payment of risk-management claims for losses of and damage to state property, state liability and worker's compensation claims of state employees. Payments of these claims are made from s. $20.505(2)(k)$, Stats. The number of claims and the costs associated with the claims has increased over the past several years.

An increase of $\$ 6,079,100$ in each year is requested for the appropriation for property claims payments. The average, annual cost of claims during FY 2011-12 thru FY 2013-14 is $\$ 10,047,300$, or $\$ 6,079,100$ more than the $\$ 3,968,200$ of the appropriation's current spending authority that is allocated to property claims.

An increase of $\$ 1,392,600$ in each year is requested to reflect a re-estimate of liability claims paid from the appropriation. The average annual cost of liability claims over the past three years is $\$ 5,224,600$, and is estimated to increase to $\$ 5,500,000$ in FY 2014-15. \$4,170,400 of the appropriation's current spending authority is allocated to liability claims.

No increase is requested in the appropriation's spending authority that is allocated to worker's compensation claims.

## Decision Item (DIN) - 7400

## Decision Item (DIN) Title - Postage Appropriation

#### Abstract

NARRATIVE

The Department requests the creation of a new, continuing Postage Costs appropriation for the payment of agency postage costs; the transfer of $\$ 11,556,300$ PR-S in spending authority from s. 20.505 (1) (kL), Stats., to the new appropriation; and increased agency postage costs spending authority of \$4,581,600 PR-S and $\$ 4,980,600$ PR-S in the first and second year, respectively, for total postage costs authority of $\$ 16,536,900$ and $\$ 16,536,900$.

The Department currently provides for the payment of agency postage costs in s. 20.505 (1) (kL), Stats. Postal services are provided by and the costs paid to non-state postal service providers (i.e., they are pass-thru costs paid by the Department). The department neither establishes nor controls the postage costs. Revenue to the appropriation for these costs is provided by assessments to agencies for their portion of postage costs incurred. Postage costs paid from the appropriation have steadily increased from $\$ 11,556,256$ in $\operatorname{FY} 2007-08$ to $\$ 15,625,445$ in FY 2013-14, and are expected to continue to steadily increase in subsequent years. This has resulted in the utilization of s. 20.505 (1) (kL), Stats., spending authority for postage costs in amounts greater than that which was provided for such purposes.

The Department requests the transfer of $\$ 11,556,300$ in spending authority from s. 20.505 (1) (kL), Stats., to a new, continuing Postage Costs appropriation to provide for needed flexibility to adjust the budget authority to reflect the actual amount of these pass-thru costs. The amount of the transfer is the Department's estimate of the base amount of spending authority in s. 20.505 (1) (kL), Stats., provided specifically for postage costs. $\$ 16,137,900$ and $\$ 16,536,900$ in authority is requested in the new Postage Costs appropriation for FY 2015-16 and FY 2016-17, respectively.

# Decision Item (DIN) - 7500 <br> Decision Item (DIN) Title - Consolidation of Agency Services Appropriations 

#### Abstract

NARRATIVE

The department requests the transfer of spending and position authority in appropriations s. 20.505 (1) (ke), Stats, Telecommunications services; state agencies; veterans services, to appropriation s. 20.505 (1) (kL), Stats., Printing, mail, communication and information technology services; agencies.

Telecommunications services to state agencies are currently budgeted to a separate appropriation, s . 20.505 (1) (ke), Stats. These services have traditionally been analog-based and readily distinguishable from the data-based information technology services provided by the Department to state agencies. As telecommunications services are becoming more data-based, the services are becoming more associated with the data-based, information technology services provided by the Department and more appropriately included s. 20.505 (1) (kL), Stats. This item transfers spending and position authority from s. 20.505 (1) (ke), Stats., to s. 20.505 (1) (kL), Stats, to better reflect on-going changes in telecommunications technology.

# Decision Item (DIN) - 7600 <br> Decision Item (DIN) Title - Self-Funded Portal Appropriation Increase 

#### Abstract

NARRATIVE

The Department requests an increase of \$1,053,000 PR in the first year and \$1,273,000 PR in the second year for the self-funded portal appropriation.

The Department operates a self-funded web portal, which provides eGovernment services to the public for transactions conducted with state agencies and other entities. The portal is operated by a contracted entity, and payments are made from the appropriation s. 20.505 (1) (ip), Stats, to the contractor. Payments are also made to the Department for IT-related services provided to the portal. A small transaction fee is charged to users of the portal, and provides for the appropriation's revenue. The service transactions available are pre-approved by the Information Technology Executive Steering Committee (ITESC). The types of transactions available thru Portal continues to grow, as does the number of currently available transactions; however, the current budget authority does not provide for this growth. An increase of $\$ 1,053,000 \mathrm{PR}$ in the first year and $\$ 1,273,000 \mathrm{PR}$ in the second year would provide $\$ 5,733,200$ and $\$ 5,953,200$ in total spending authority, respectively, for the 2015-2017 biennium.

# Decision Item (DIN) - 7700 <br> Decision Item (DIN) Title - Utilization of GPR Relocation Program Funding for Federal Match 

## NARRATIVE

The department requests revisions to s. 20.505 (1) (cg), Stats., relocation assistance, to permit funds appropriated for such purposes to be utilized as match for federal aid, under s. 20.505 (1)(mb), Wis. Stats.

The Department's Division of Energy Services receives many federal grants that have cost matching requirements. Most recently the division utilized Oil Overcharge Restitution Funds (also known as Petroleum Violation Escrow or PVE funds) to meet match requirements; however, PVE funds available for this purpose are anticipated to be fully expended during FY 2014-15. Prior to the use of PVE funds, the division utilized GPR-funded positions to meet match requirements. The department requests to expand the statutory definition of the Relocation Assistance GPR appropriation, s. 20.505 (1) (cg), Stats., to allow those funds to be used as match for federal funds. There is no ongoing fiscal impact or cost associated with this change; however, the inability to provide sufficient matching funds may result in the loss of federal funds from the Department of Energy and other programs/sources.

The Department of Administration requests that the following statutes be revised to expand the definition of the Relocation Assistance Program GPR appropriation to allow these funds to be used as match for the federal funds received by the Division of Energy Services/State Energy Office:
20.505 Administration, department of. There is appropriated to the department of administration for the following programs:
(1) (cg) Relocation assistance. The amounts in the schedule for general program operations under ss. 32.19 to 32.27. It is the intent of the department to utilize the funds in this schedule as match for federal funds received by the Division of Energy Services/State Energy Office, and otherwise as appropriate.
(1)(mb) Federal aid. All moneys received from the federal government not otherwise appropriated under this section, as authorized by the governor under s. 16.54, to carry out the purposes for which received.

## Decision Item (DIN) Title - Transfer PVE Position

#### Abstract

NARRATIVE

The department requests to delete $\$ 261,900$ PR-F and . 30 PR-F FTE in s. 20.505 (1) (md), Stats., oil overcharge restitution funds, and to create a .30 PR-F FTE and $\$ 11,800$ PR-F authority in s. 20.505 (1) (mb), Stats., federal aid.

Oil Overcharge Restitution Funds (also known as Petroleum Violation Escrow or PVE) were derived from a variety of federal court settlements involving controversies over the validity of applying certain price controls on crude oil during the period from early 1974 until early 1981. The PVE funds received by the state from the federal Department of Energy were used for the following: (a) weatherization of buildings and dwellings of low-income, handicapped, or disabled persons; (b) implementation of state energy conservation programs; (c) reduction of energy consumption in schools and hospitals; (d) promotion of conservation by small businesses and by individuals; (e) assistance to low-income individuals with home heating bills; and (f) any other energy-related project which has previously been approved by a federal court or by the federal Department of Energy. The department anticipates these funds will be fully spent by the end of FY 2014-15. The department also administers federal aids in s. 20.505 (1) (mb), Stats., that are spent for similar purposes.

This request would delete the $\$ 261,900$ PR-F expenditure authority, including $\$ 247,500$ supplies and services and special purpose, and . 30 FTE in 20.505 (1) (md), Stats., and create 30 FTE and \$11,800 PR-F authority in s. 20.505 (1) (mb), Stats. There is sufficient federal revenue in s. 20.505 (1) (mb), Stats., to provide for the position.
