AGENCY DESCRIPTION

The legislative branch of Wisconsin state government, through representatives who are popularly elected to the Senate and Assembly, enacts the laws which govern the state. Two programs provide the basic structure for the Legislature's operation.

Program 1 includes the two houses of the Legislature, the 99-member Assembly and the 33-member Senate. The goals and objectives of this program are to enact the laws which govern society in the state and provide legislative oversight of executive branch activities.

Program 3 includes the legislative service agencies, staff support for operation of the legislative computer and data processing system, and dues for membership in national associations as approved by the co-chairpersons of the Joint Committee on Legislative Organization. The service agencies provide both houses of the Legislature with professional staff assistance in policy development, fiscal analysis, bill drafting, library services, revision of statutes, state auditing and interim session research, as well as support for the information technology infrastructure of the Legislature. The service agencies include the Legislative Reference Bureau, Legislative Audit Bureau, Legislative Fiscal Bureau, Joint Legislative Council and Legislative Technology Services Bureau.
