The Honorable Tony Evers
Governor, State of Wisconsin
115 East State Capitol
Madison, WI 53702

Dear Governor Evers:

I am pleased to submit the 150th *Wisconsin Insurance Report* covering calendar year 2018 activities.

This report provides you with details regarding the industry's participants and the Office of the Commissioner of Insurance's (OCI) activities.

Insurers and insurance agents play an important role in Wisconsin's economy. Wisconsin's tradition of sound solvency regulation, combined with robust consumer protections, continue to support a healthy insurance market. Wisconsin is the fifth largest insurance market in the country. There are over 152,000 agents licensed to do business in Wisconsin and over 37,000 of those are Wisconsin residents. Over 2,000 companies, 330 domiciled in Wisconsin, are vying for a share of Wisconsin's insurance market. This competitive environment allows for a consumer-friendly marketplace with choices among all lines of insurance, resulting in some of the lowest insurance premiums in the country.

In 2018, OCI effectively handled over 18,000 consumer inquiries and complaints and continued to provide important consumer information for Wisconsin citizens. We continuously update our website to increase access to current information and improve the usability of OCI's services, such as the consumer complaint portal. We increased participation in the company complaint access portal – reducing the response time for consumers and cutting mailing and printing costs.

As we make our way through 2019, OCI continues to increase and enhance its social media presence as an avenue to improve community engagement. We are actively pursuing opportunities to expand consumer outreach through community activities and partnerships with other state agencies as we work to connect the dots for the benefit of Wisconsin's insurance consumers.

Respectfully submitted,

A handwritten signature in black ink that reads 'Mark V. Afable'.

Mark V. Afable
Commissioner

* By chapter 56, section 32, General Laws of 1870, the Secretary of State was Commissioner of Insurance ex officio until 1878. The Commissioner of Insurance was made elective in 1881. In 1911 the Commissioner of Insurance was made appointive instead of elective.

Introduction

The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure the insurance industry meets the insurance needs of Wisconsin citizens responsibly and adequately. In short, our job is to ensure the insurance industry lives up to its promises and the industry has the financial resources to fulfill promises into the future.

The importance of fair, effective, and timely regulation of the insurance industry offers OCI a special challenge in meeting its public mission of leading the way in informing and protecting the public and responding to their insurance needs.

In order to fulfill its mission, OCI must perform the following duties:

- Review insurance policies sold in Wisconsin to make sure they meet the requirements in Wisconsin law.
 - Conduct examinations of domestic and foreign insurers to ensure compliance with Wisconsin laws and rules.
 - Monitor the financial solvency of licensed companies to make sure that consumers have the insurance coverage they expect when they need it.
 - Issue licenses to the various parties involved in selling and marketing insurance products.
 - Research special insurance issues to understand and assess their impact on Wisconsin.
 - Provide technical assistance on legislation and promulgating administrative rules to interpret insurance laws.
 - Educate the public through the creation of consumer education pieces and the distribution of public information.
 - Operate a state life insurance fund, and an injured patients and families compensation fund insuring health care providers for medical malpractice.
 - Assist consumers with their insurance problems.

II. Executive Initiatives

Regulatory Developments

The Office of the Commissioner of Insurance (OCI) was created by the legislature in 1870 and vested with broad powers to ensure the insurance industry responsibly and adequately meets the insurance needs of Wisconsin citizens. Wisconsin has a tradition of sound regulation combined with strong consumer protections.

Wisconsin's insurance marketplace is reflective of the competitive environment, which keeps insurers conducting business in Wisconsin. The healthy and competitive nature of the insurance industry helps keep insurance rates in Wisconsin among the lowest in the country.

OCI is responsible for regulation of all aspects of the insurance industry in Wisconsin. In regulating the private insurance market, OCI's major accomplishments in 2018 include:

- Licensing 1 new *domestic* insurer and 1 domestic insurer changed company type.
- Licensing 14 *nondomestic* insurers, 3 warranty plans, 15 property service contract providers, 1 life settlement providers, 1 motor club, and 3 vehicle protection product providers.
- Examining 42 domestic insurers and analyzing more than 1,914 financial statements.
- Conducting 13 internal reviews consisting of desk audits and market conduct analysis of companies in 11 lines of business. Conducting 149 interdepartmental desk audits.
- Responding to more than 18,000 consumer inquiries and 3,562 written consumer complaints.
- Increased participation in the company complaint access portal to 670 companies.
- Signed participation agreements to assist in 2 multi-state Market Conduct Exams and acted as a lead state in one multi-state Market Conduct Exam.

Educating and Informing the Insurance Consumer

Consumer education is critical in a competitive insurance market. Informed consumers have an incentive to invest in the effort to identify the insurance products that best fit their needs and budgets. OCI continues to review, update, and add to its list of consumer publications, and staff provide consumer education at numerous public speaking events.

OCI also reaches out to traditionally underserved populations. Staff is tasked with developing relationships, educating consumers, and providing assistance in the case of a disaster.

Using Technology for Insurance Regulation

OCI continues to improve state regulation and service through technology, by implementing web applications that enable constituents to access information and conduct business. The commitment to technological improvements is a key strategy in the agency's business plan.

Affordable Care Act

OCI places great value in working to provide information about and promote access to health insurance, which helps maintain a healthy Wisconsin citizenry. OCI continued to work with various stakeholders including representatives of the federal government, consumers, agents, insurance companies, and other state agencies to protect health care consumers.

Lean Government Initiatives

OCI continues to incorporate Lean and process improvements into everyday activities and all agency projects. OCI staff are encouraged to take the web-based training that is available in STAR ELM as well as the Yellow Belt courses through DOA.

During 2018, OCI focused on a large initiative which identified numerous areas for process improvement projects. From the areas identified, OCI chose to start

with a project that will impact not only the entire Financial Bureau, but will have implications for Mail, Central Files, and Market Regulation. The project will span all of 2019 and includes electronic document management, electronic filing of documents, and automated workflow. Beginning in 2019, metrics will be captured throughout the duration of the project.

Advisory Boards, Committees, and Councils

Wisconsin law, s. 15.04, Wis. Stat., provides that heads of independent agencies may create and appoint such councils and committees as the operation of the agency requires. Insurance law, s. 601.20, Wis. Stat., authorizes the Commissioner to create advisory councils and committees to assist in dealing with regulatory issues. The Commissioner is to provide, by rule, for the creation, governance, duties, and termination of any council or committee that is established. The expert advice provided to the Commissioner through these councils results in more efficient regulation of the insurance industry to the benefit of insurance consumers and insurers.

The Commissioner and staff members also serve on various councils and boards, thus aiding Wisconsin residents by providing advice and suggestions on matters related to insurance regulation.

OCI is involved with the following boards, committees, and councils:

Birth to 3 Program Interagency Coordinating Council

The Wisconsin Birth to 3 Program Interagency Coordinating Council (ICC) was established by the Governor of Wisconsin to advise and assist the Department of Health Services (DHS) in the performance of the responsibilities established under Part C of the Individuals with Disabilities Education Act. ICC's mission is to advise, review, analyze, and monitor the implementation of the state's early intervention system, maintain a forum for communication relative to early intervention, and make recommendations to DHS regarding the effective implementation of the early intervention system.

Governor's Committee for People with Disabilities

In 1948, a Governor's committee was established with one goal: to improve employment opportunities for people with disabilities. The group's mission was broadened in 1976 to cover many aspects of disability in Wisconsin, and the group became the Governor's Committee for People with Disabilities (GCPD) which is dedicated to enhancing the health and general well-being of disabled citizens in Wisconsin. The committee consists of the Lt. Governor and not more than 20 other members, including six members appointed from specific statutory councils: the Council on Blindness, the Council for the Deaf and Hard of Hearing, the Council on Developmental Disabilities, the Council on Mental Health, the Council on Alcohol

and Other Drug Abuse, and the Council on Physical Disabilities. The majority of members are people with disabilities.

Governor's Council on Financial Literacy

This council was created in Executive Order #92, March 30, 2005, and continued by Governor Walker in Executive Order #24, April 6, 2011. The council consists of 25 members or less, with a chairperson and two vice chairpersons selected from within the group. The council is directed to collaborate with OCI and other government agencies, private entities and non-profit organizations, consider and implement research and policy initiatives, and serve as a sounding board for the Office of the Governor and the Office of Financial Literacy in the Department of Financial Institutions to provide guidance and develop strategies to improve financial literacy among Wisconsin's citizens. The council also promotes the statewide financial literacy awareness and education campaign entitled Money Smart Week® Wisconsin.

Governor's Steering Committee on Autonomous and Connected Vehicle Testing and Deployment

Governor Scott Walker, under Executive Order #245, created the Steering Committee on Autonomous and Connected Vehicle Testing and Deployment. The committee operates as a non-statutory committee under Section 14.019 of the Wisconsin Statutes, for the purpose of advising the Governor in a coordinated effort on how best to advance the testing and operation of autonomous and connected vehicles in the state of Wisconsin. The Department of Transportation, with assistance from other state agencies, produced a final report containing the Steering Committee's findings and recommendations to the Governor on June 29, 2018.

Additionally, the Steering Committee includes the following members of the Wisconsin State Legislature: two representatives selected by the Assembly Speaker; two senators selected by the Senate Majority Leader; one representative selected by the Assembly Minority Leader; and one senator selected by the Senate Minority Leader.

Governor's Task Force on Opioid Abuse

Wisconsin Insurance Plan Governing Committee

The Wisconsin Insurance Plan is a risk-sharing plan for property insurance companies created by s. Ins 4.10, Wis. Adm. Code. Wisconsin State Council on Alcohol and Other Drug Abuse

The council was created in the Office of the Governor in August 1970 to provide leadership and coordination regarding alcohol and other drug abuse (AODA) issues confronting the state. The bill expanded the duties and the membership of the state council. The State Council on Alcohol and Other Drug Abuse recommends, coordinates, and reviews the efforts of state agencies to control and prevent alcohol and drug abuse. 2017 WISCONSIN ACT 138

Wisconsin Healthcare Stability Plan, reinsurance of health carriers, reallocating savings from health insurer fee

Repeal subchapter VI (title) of chapter 601 [precedes 601.93]; to amend 601.45 (1); and to create 16.5285, 20.145 (5), 49.45 (2p), subchapter VII (title) of chapter 601 [precedes 601.80], 601.80, 601.83, 601.85 and subchapter VIII (title) of chapter 601 [precedes 601.93], Wis. Stat.

Act 138 creates a \$200 million reinsurance program called the Wisconsin Healthcare Stability Plan (WIHSP) to be established and administered by OCI, subject to approval of a Section 1332 waiver under the Affordable Care Act (ACA).

Under WIHSP, a health carrier may receive reinsurance payments to offset costs incurred for an enrolled individual's covered benefits in a benefit year, if the costs exceed an anticipated amount. For 2019, the program provides coverage for claims between \$50,000 and \$250,000. The state would pay between 50-80 percent of those costs up to \$200 million. Eligible health carriers must request payments in accordance with the requirements established by OCI.

Act 138 also requires the commissioner to submit a report to the Governor by December 31, 2018 on implementing other Section 1332 waivers.

(Effective February 29, 2018)

Act 192 requires insurers offering life insurance and annuity products to perform a comparison of those in-force policies and contracts against the social security administration death master file on at least a semi-annual basis. Act 192 also requires insurers complete a good faith effort to confirm potential matches and to locate beneficiaries where a match has been confirmed.

(Effective April 5, 2018)

2017 WISCONSIN ACT 241

Insurance policy renewal in an affiliate and the use and contents of certificates of insurance

Amend 631.36 (4) (b); and to create 628.34 (14) and 631.39, Wis. Stat.

Act 241 specifies that an insurer may renew a property or casualty insurance policy with coverage to be provided by an affiliate. The affiliated insurer must be part of the same holding company system and hold a certificate of authority to write that line of business in Wisconsin. The terms of the policy must

be at least as advantageous as the insured's current policy or the insurer must provide a renewal with altered terms notice under Section 631.36(5). At least 60 days prior to the renewal date, the insurer must provide the policyholder notice of the renewal with an affiliate including information about the affiliated insurer, confirmation no interruption in coverage will take place, explanation of premium calculation using the rates of the affiliate, and the affiliate's A.M. Best or similar rating. Specific notice is also required if the premium will increase by 25 percent or more. If the policy is written by a mutual insurer, notice is required when the policy is being renewed in a stock company and that notice must alert the policyholder that they will no longer have the rights granted to them as a mutual policyholder.

Act 241 also adds to the list of prohibited practices ways to fraudulently use or furnish a certificate of insurance. Act 241 also clarifies that no person may prepare, issue, request or require a certificate of insurance that purports to alter, amend or extend insurance coverage.

(Effective April 5, 2018)

2017 WISCONSIN ACT 305

Coverage of prescription eye drop refills

Amend 609.83; and to create 632.895 (16t), Wis. Stat.

Act 305 requires every health plan that provides coverage for prescription eye drops cover a refill of prescription eye drops when a refill is requested after 75 percent or more days have elapsed since the last prescription was distributed.

(Effective January 1, 2019)

2017 WISCONSIN ACT 313

Disclosures to the commissioner of insurance and other changes to the insurance laws

Amend 626.31 (1) (b); and to create 601.465 (1m) (d), 601.465 (2m) (e) to (i), 601.465 (3) (e), 610.80 and 645.31 (16), Wis. Stat.

Act 313 eliminates the requirement for insurers to file annual medical malpractice data with the commissioner.

Act 313 amended Section 601.465 to clarify that privileged information under this Section is not subject to open records laws or to discovery in a private civil action, neither the commissioner nor any person acting under the commissioner's authority may be compelled to testify in any private civil action, and privilege is not waived if the commissioner shares information consistent with the Section.

Act 313 requires the filing of a corporate governance annual disclosure by an insurer or insurance holding company system every June 1. The disclosure and any related materials are confidential.

Act 313 also allows the commissioner to take action when an insurer has corporate governance deficiencies placing the insurer in a financially hazardous condition.

Act 313 revises the 10-member requirement for the Workers Compensation Rating Committee to allow for up to 12 members and not fewer than 8 members. For insurer members of the committee, there remains an even split between stock insurer and mutual insurer members.

Act 355 also modifies the requirements for LAB to perform audits of the Read to Lead Development Fund and the Milwaukee County Mental Health Board and mental health programs and services in Milwaukee County.

Administrative Rules

In 2018, OCI promulgated the following changes in the Wisconsin Administrative Code. The full text of each promulgated rule change is available on the OCI website at <https://oci.wi.gov/Pages/Regulation/RulesPromulgated.aspx>.

Ins 25.13, Wis. Adm. Code—Relating to an exception to the annual privacy notice requirements and affecting small business

The rule updates the financial requirements related to annual distribution on a licensee's privacy notice as required under the Gramm Leach Bliley Act (PL 102-106) in 12 U.S.C. § 6803. The rule updates the requirements to reflect changes under the Fixing America's Surface Transportation Act, (PL 114-94) in 15 U.S.C. § 6803 (f), that permitted an exception from providing consumers an annual privacy notice disclosing the licensee's practices for protecting consumer financial and health information. This rule created a narrow exception for insurers doing the business of insurance in this state only if the insurer can meet two requirements: (1) that the licensee does not share nonpublic personal information except as permitted in certain statutory exceptions and, (2) that the licensee's business practices with regards to their disclosure of nonpublic personal financial information have not changed since their most recent disclosure of their privacy policy sent to their customers. The exception from annual notification is permitted only until the insurer no longer meets either of the aforementioned requirements. This rule's narrow exception balances the need to keep Wisconsin's insurance market competitive, by ensuring regulatory consistency with federal privacy laws while also creating a clear set of conditions that protect consumers by requiring updated disclosure of privacy policies when business practices change.

(Effective March 1, 2018)

In 2018, OCI had the following emergency rule in effect. The full text of each emergency rule change is available on the OCI website at <https://oci.wi.gov/Pages/Regulation/EmergencyRules.aspx>.

Chapter Ins 19, Wis. Adm. Code—Relating to the Wisconsin Healthcare Stability Plan and affecting small business.

The proposed emergency rule implements the requirements for the Wisconsin Healthcare Stability Plan (WIHSP), a reinsurance program under a 1332 federal waiver that was created by 2017 Wis. Act

138. Chapter Ins 19, Wis. Adm. Code, is created to implement the two key components of the WIHSP: (1) to establish process to annually set the payment parameters for the following benefit years; and (2) to establish the reporting requirements for eligible carriers with paid claims during a given benefit year that are eligible for reinsurance payment from WIHSP.

Consistent with the authorizing statute, the emergency rule clarifies OCI's requirements for insurers offering individual comprehensive health insurance on the federally facilitated marketplace and offered generally in the state. The benefits covered by compliant plans must provide coverage consistent with the Patient Protection and Affordable Care Act of 2010, as amended, (PL 111-148), including coverage of preexisting conditions, essential health benefits, and Wisconsin health insurance mandates, that are provided without discrimination or imposition of annual or lifetime limitations.

The emergency rule delineates the claim submission process by establishing claim reporting requirements, timing and content of quarterly and annual reports, and final reconciliation of claims data. The rule also identifies the review and audit process of submitted claims and establishes timelines for submission of data and other information required by OCI. The information gathered by OCI will be used in aggregate to complete required reporting to the federal government and notices to eligible carriers. Claims eligible for reinsurance during the benefit year may be submitted to OCI for reinsurance payment in accordance with the payment parameters for that benefit year. Reinsurance payments to eligible carriers are to be issued by August 15 of the subsequent benefit year

(Effective December 3, 2018)

III. Legislative Relations and Communications

The Legislative Liaison/Public Information Officer oversees OCI's public information and communication (PIC) section. PIC provides advice on executive matters affecting the agency's goals and initiatives, directs the agency's legislative initiatives and communication activities, and provides advice on technical insurance-related issues.

Public Information and Communications

This section has primary responsibility in developing and maintaining OCI's consumer publications, providing information and materials on OCI's website, engaging in education and outreach, and providing basic and essential services such as forms management.

In accordance with the agency's communication plan, OCI's website, oci.wi.gov, and Twitter account, @wisconsinoci, are managed within PIC. Industry and constituents readily utilize information and support available via this interface. OCI has an internal review process to ensure OCI's website is consistently reviewed to ensure users are accessing the most up-to-date information.

OCI is required by statute to administer and maintain a Forms Management program. All office forms and brochures, regardless of format or method of delivery, are reviewed for statutory requirements and agency standards. An inventory and history file is kept for each form, brochure, and special report. This material is composed, distributed, and made available via digital and paper means.

Insurance Education and Outreach

The mission of OCI is to lead the way in informing and protecting the public and responding to their insurance needs. A key component to fulfill the mission is to engage and empower individuals with knowledge of insurance laws. OCI understands the value of insurance education and fosters communication to raise awareness while understanding the needs of different audiences. Education and outreach efforts serve as a vital link between OCI and the people it serves. In-person activities are routinely conducted by the Commissioner, Deputy Commissioner, Legislative Liaison/Public Information Officer, and the Education and Outreach Specialist. In addition to the formal speaking requests, OCI finds value in outreach activities to identify how OCI can effectively respond to the public regarding their insurance needs.

OCI recognizes the state of Wisconsin has many unique populations and strives to establish meaningful relationships that will inform and motivate the public

interest in the value of the agency and Wisconsin's insurance laws. Outreach activities occur at various levels and include communities, government organizations, non-profit groups, tribes, veterans, youth organizations, and others. Additionally, OCI aids industry professionals and educators through presentations and educational materials.

Major Accomplishments

PIC's strategic plan and goals resulted in thousands of consumer contacts over the course of 2018. Other accomplishments included:

- Continued to study the impact and issues of state insurance regulation on individual consumers and populations that have unique needs including senior citizens, tribal members, veterans, residents impacted by disasters, low income, k-12 students, and educators.
- Provided insurance education to underserved populations, including those in urban and rural locations.
 - » Developed working relationships with community support organizations on tribal, county, and federal levels.
 - » Provided outreach and education to veterans and those organizations that provide services to current veterans and those transitioning from the military.
 - » Lent technical expertise to organizations that promote financial literacy.
- Presented consumer information on changes to administrative rules and consumer buying tips.
- Expanded consumer education by updating major publications. Thousands of consumers download OCI's publications each year.
- Continued to study the issues surrounding major health insurance reform plans and continued efforts to preserve state regulatory authority. Discussed the health insurance landscape including issues and problems facing consumers, providers, legislators, and the industry.

- Issued 34 press releases to inform consumers about insurance issues and notify the public of significant regulatory actions.
- Maintained a Twitter account, @wisconsinoci, for updates on consumer publications, insurance bulletins, press releases, insurance news, and events attended by OCI. In 2018, OCI's Twitter account earned over 132,507 impressions.

Companies in Liquidation or Rehabilitation

Ambac Assurance Corporation Segregated Account, in Rehabilitation

Ambac Assurance Corporation Segregated Account was placed in rehabilitation on March 24, 2010. This rehabilitation was under the supervision of Judge Richard G. Niess of the Circuit Court for Dane County, Wisconsin.

Ambac Assurance Corporation (“Ambac”), headquartered in New York, New York, is the successor to American Municipal Bond Assurance Corporation, which was incorporated in Wisconsin on September 29, 1970. The company operates as a financial guaranty insurer, and its principal business is the guaranty of timely payment of principal and periodic interest when due on credit obligations. The company is licensed in all U.S. states, the District of Columbia, Guam, Puerto Rico, and U.S. Virgin Islands.

In the mid-1990s, Ambac began offering financial guaranty insurance on riskier, higher-margin private “structured finance” investments, including residential mortgage-backed securities (“RMBS”) and collateralized debt obligations of asset-backed securities (“CDOs of ABS”). When the riskier insured structured finance investments began to deteriorate en masse during the economic crisis of 2008, Ambac’s projected future liabilities grew while its credit ratings and statutory surplus plummeted. Consequently, its prospects for writing new business evaporated, it stopped writing new policies, and it initiated an informal run-off.

These events created a hazard for policyholders. At the time of rehabilitation, Ambac’s investment portfolio assets had a market value of approximately \$8 to \$9 billion, plus an estimated \$1.5 to \$2 billion in future unearned premiums discounted to present value. The inopportune sale of Ambac’s long-term, then undervalued assets would have resulted in a “fire sale” as opposed to a fair and equitable distribution for the benefit of all policyholders.

Absent restructuring efforts, there was an increasing risk that policyholders who presented short-tail claims in the early years would have received payment for a larger percentage of their claims than policyholders who presented claims in the more distant future.

As part of the restructuring and with the approval of the Office of the Commissioner of Insurance, Ambac established an optional segregated account pursuant to s. 611.24, Wis. Stat., effective March 24, 2010

for the purpose of segregating certain segments of its liabilities and consenting to the subsequent rehabilitation of the Segregated Account under Chapter 645 of the Wisconsin Statutes. Policies allocated to the Ambac Assurance Corporation Segregated Account (“Segregated Account”) are primarily those policies with material projected impairments, including the books of RMBS, most of which were expected to mature within approximately four years, and certain CDOs of ABS policies, most of which were not expected to mature for twenty or more years, as well as certain other policies with provisions that could result in loss of control rights or demands to pay non-economic, accelerated damages at the expense of other policyholders of Ambac. Ambac allocated to the Segregated Account all liabilities assumed as reinsurer under reinsurance agreements. To support the Segregated Account, Ambac also allocated to it a \$2 billion secured note (which has now been fully paid) and a last-dollar reinsurance policy limited only by the assets of, and a minimum surplus as regards policyholders of \$100,000,000 in the General Account of Ambac. Ambac also allocated to the Segregated Account its limited liability interest in Ambac Credit Products, LLC, Ambac Conduit Funding LLC, Aleutian Investments LLC, and Juneau Investments LLC.

Ambac was appointed as a Management Services Provider to the Segregated Account under a Management Services Agreement for so long as such agreement is in effect. Nothing prevented the Segregated Account from retaining additional service providers. In addition, pursuant to the terms of a Cooperation Agreement, Ambac and the Segregated Account have agreed on certain matters related to decision making, information sharing, tax compliance, and allocation of expenses.

On April 21, 2014, following receipt of certain favorable rulings from the IRS, the Rehabilitator filed a motion in the Circuit Court of Dane County, Wisconsin for approval of certain proposed amendments (the “Amendments”) to the plan of rehabilitation, which were approved by the Rehabilitation Court on June 11, 2014. These Amendments modified the mechanism for handling claims under the rehabilitation plan. Instead of a combination of cash payments and interest-bearing surplus notes pursuant to the original plan, holders of Permitted Policy Claims received a combination of cash payments (“Interim

Payments”) and deferred amounts established equal to the remaining balance of such claims (“Deferred Amounts”). Payments of Deferred Amounts were to be made at such times as the Rehabilitator deemed appropriate, in his sole discretion, based on an analysis of estimated liabilities, available claims-paying resources and other considerations relevant to equitable treatment of claims and the best interests of policyholders. With the exception of adjustments for certain under-collateralized transactions, Deferred Amounts accreted at an effective annual rate of 5.1%. Permitted General Claims were entitled to receive Junior Deferred Amounts accreting at 5.1% per year, instead of junior surplus notes bearing interest at 5.1%, as specified by the original rehabilitation plan.

In conjunction with amending the rehabilitation plan, the Rehabilitator increased Interim Payments. The 25% level specified in the original rehabilitation plan was increased to the level of 45%. Hence, the rehabilitation plan, as amended, provided that, (i) holders of Permitted Policy Claims will receive Interim Payments in cash equal to 45% of their claims, and (ii) the Segregated Account will record Deferred Amounts on its books in favor of the respective holders in an amount equal to 55% of such claims, which will accrete at an effective annual rate of 5.1%.

On July 19, 2017, Ambac Financial Group, Inc. and Ambac Assurance Corporation reached a consensual agreement (hereinafter also Transaction) with certain creditors holding large positions in Ambac Assurance Corporation’s outstanding senior surplus notes and deferred payment obligations of the Segregated Account.

Wisconsin’s Office of the Commissioner of Insurance believed the Transaction was in the best interests of all policy beneficiaries and stakeholders and provided for a durable exit from rehabilitation for the Segregated Account, which would merge with and into the General Account of Ambac Assurance Corporation. The Rehabilitator believed this Transaction, including the consideration to be provided to the deferred payment obligation holders and the senior surplus note holders, was superior to maintaining the status quo and continuing the rehabilitation over many years in the hope of achieving a better result. Ambac Assurance Corporation’s General Account had paid all valid General Account

policy claims in full. This treatment was expected to continue following the Segregated Account’s exit from rehabilitation and merger with and into the General Account.

Through his counsel, the Wisconsin Commissioner of Insurance, in his capacity as Rehabilitator, filed a motion with the Circuit Court for Dane County, Wisconsin for approval of the Transaction and the final order and discharge in the matter of the rehabilitation of the Segregated Account on September 25, 2017. A hearing on this motion was scheduled for January 4 and 5, 2018. On January 22, 2018 the Circuit Court of Dane County, Wisconsin, approved the second amended plan of rehabilitation for the Segregated Account. On February 12, 2018, the Transaction was consummated with 99% participation of the creditors and on the same date the Segregated Account merged with and into the General Account of Ambac Assurance Corporation. Judge Richard G. Niess of the Circuit Court of Dane County, Wisconsin issued a final order and discharge effective June 22, 2018.

The Transaction provided a settlement of claims incurred on or before September 30, 2017 that consisted of the following: 40% cash, 41% senior secured notes, 12.5% recycled senior surplus notes, and a 6.5% discount. All future claims are to be paid in full, in cash, and on time. In order to improve the terms of the settlement for claimants generally, Ambac Financial Group, Inc. received a settlement consisting of 52.2% senior secured notes, 42.9% recycled senior surplus notes, and a 4.9% discount.

As of February 12, 2018, the Segregated Account had disbursed approximately \$6,366,000,000 to policyholder trustees and claim submitting agents, and approximately another \$606,000,000 in commutation payments, including the issuance of \$53,000,000 in surplus notes at par value, on \$6,971,569,560 of permitted policy claims and amounts paid or permitted to bondholders under commutations.

Partnership Health Plan, Inc., in Liquidation

Partnership Health Plan, Inc. (Partnership Health Plan), a Wisconsin health maintenance organization insurer, was placed into rehabilitation by Dane County Circuit Court, State of Wisconsin, on January 18, 2013. The rehabilitation proceeding was commenced against Partnership Health Plan after it lost its contract with the Wisconsin Department of Health Services (DHS) to provide Family Care Partnership services.

Partnership Health Plan was headquartered in Eau Claire, Wisconsin, and had business in force only in Wisconsin. Partnership Health Plan contracted with the Department of Health Services to provide managed health and long-term care support to participants in the Family Care Partnership Program, a comprehensive program of services for older adults and people with physical disabilities. The 1,394 members were transitioned into either another partnership program or another long-term care program overseen by DHS effective January 1, 2013.

The insurer was ordered to be liquidated by Dane County Circuit Court, State of Wisconsin, on July 25, 2013.

The Court appointed Richard A. Hinkel as Special Deputy Liquidator of Partnership Health Plan, Inc.

On July 29, 2013, 450 notices were mailed to members, creditors, and other parties whose interests may in some way be affected by the liquidation. The deadline for filing claims with the liquidator was January 31, 2014. There were 49 proof-of-claim forms filed and they were reviewed to determine amounts payable, if any. To date payments totaling \$1,718,542 have been made to creditors.

All claims have been reviewed, and those that have been allowed have been paid. On October 2, 2018, a final distribution of \$4,064,730.67 was made and the liquidation was closed on October 18, 2018.

Bureau of Market Regulation

In 2017 the Bureau of Market Regulation (Bureau) underwent a reorganization. The Bureau formed new units to specifically provide for market analysis and review of rate and form filings. Additionally, the three lines of insurance were consolidated into one Consumer Affairs unit to investigate consumer complaints. Under the new structure the Bureau consists of five sections: Consumer Affairs, Rates & Forms, Market Analysis, System Support and Agent Licensing. Agent licensing activities are described in a separate section.

The Bureau of Market Regulation is responsible for the administration and enforcement of laws and rules relating to all market conduct activities of insurers and agents. In order to complete its duties, the Bureau conducts market analysis and targeted market conduct examinations of insurers in the areas of underwriting and rating; marketing, advertising and sales; claims; form review; and policyholder services and grievances. In 2018, the Bureau investigated and resolved 3,562 written consumer complaints and inquiries and answered over 18,000 telephone inquiries. The Bureau also received 2,919 rate and rule filings and 4,761 form filings and well as 627 advertising material filings.

Market Conduct Annual Statement

The Market Conduct Annual Statement (MCAS) was developed through the National Association of Insurance Commissioners (NAIC) with the input of state regulators and representatives from the industry. The MCAS is an analysis tool that states can use to review market activity of the entire insurance marketplace in a consistent manner and to identify companies whose practices are outside normal ranges. The project collects data on an industry-wide basis and is comprised of four major components: a Life & Annuity statement, a Property & Casualty statement, a Long-Term Care statement, and a Health statement. The Life & Annuity statement is further divided into four lines of business: Individual Life Cash Value Products, Individual Life Non-Cash Value Products, Individual Fixed Annuities, and Individual Variable Annuities. The Property & Casualty statement is further divided into two subsections: a Private Passenger Automobile section and a Homeowner's section. The Long-Term Care statement is divided into three lines of business: Stand-Alone, Life Hybrid, and Annuity Hybrid. The Health MCAS was adopted on August 29, 2016 during the NAIC Summer National Meeting. Health MCAS data was collected for the first time beginning with the 2017 data year. For the

2018 Life & Annuity MCAS, licensed companies with at least \$50,000 in subject life premium and/or annuity considerations were required to participate in the project in Wisconsin. OCI received 453 life statements and 257 annuity statements. For the 2018 Property & Casualty MCAS, licensed companies with at least \$50,000 in subject homeowner's and/or private passenger automobile premium were required to participate in the project in Wisconsin. OCI received 270 private passenger automobile statements and 258 homeowner's statements. For the 2018 Long-Term Care MCAS, licensed companies with any in-force LTC Stand-Alone, Life LTC Hybrid, or Annuity LTC Hybrid business were required to participate in the project in Wisconsin. A total of 178 companies participated in the project by filing statements with OCI.

Level 1 and Level 2 Market Analysis

Wisconsin conducted analysis on seven insurance companies for 11 lines of business: credit, group accident and health, group annuity, group life, homeowner's, individual accident and health, individual annuity, individual life, long-term care, Medicare supplement, and private passenger auto. The analysis followed a uniform process that included the review of information collected in the financial statements and other NAIC databases to identify companies for additional review. Examiners conducted the additional reviews, identified companies for further action, and recorded the results of the reviews in the NAIC Market Analysis Review System (MARS). Examiners then used a comprehensive guide to complete a more detailed analysis of the identified companies in up to 21 areas of review. This process was used to identify companies for further review up to and including market conduct examinations.

2018 Major Accomplishments

- Provided over 150 domestic company market regulation analysis reports for the Bureau of Financial Analysis and Examinations.
- Signed participation agreements to assist in two multi-state collaborative Market Conduct Exams by providing state-specific information and assistance to the lead states. Acted as a lead state in one multi-state collaborative Market Conduct Exam.
- Increased participation in the company complaint access portal to 670 companies. The system has significantly streamlined our complaint process for both consumers and companies. Companies can view, track, and respond to their consumer

complaints online. This portal increased efficiencies within the agency by reducing mailing and printing costs as well as reduced the response time for consumers to an average 7.4 days.

- Continued to work closely with the Centers for Medicare & Medicaid Services (CMS) to facilitate insurer, agent, and consumer questions regarding ongoing changes to the Federal Affordable Care Act.
- Participated in the NAIC Market Certification Working Group to help facilitate the development of market conduct certification standards.
- Reviewed comprehensive health insurance policy form filings and performed health insurer desk audits in order to ensure they are complying with both federal and state requirements.
- Participated in the Market Conduct Annual Statement program, collecting and analyzing data on claims, complaints, and underwriting in life, annuities, homeowner's and auto insurance and using the data in our market analysis process.
- Provided technical assistance and support in the updating and revision of a variety of consumer publications available from OCI.
- Participated in the Wisconsin Insurance Plan and the Wisconsin Automobile Insurance Plan meetings, quarterly meetings with the Worker's Compensation Rating Bureau and the Department of Workforce Development, and provided technical assistance to Wisconsin Emergency Management.
- Served on the following NAIC committees, task forces and working groups: Market Information Systems Task Force, Producer Licensing Working Group, the Interstate Insurance Product Regulation Commission, the Market Analysis Procedures Working Group, the Certification Pilot Working Group, and the Market Conduct Examination Standards Working Group.

Trends in Complaints

In 2018, the greatest number of inquiries and complaints received by OCI were related to property and casualty insurance, closely followed by health insurance. Among property and casualty inquiries and complaints received, the majority were related to automobile insurance. Among health insurance inquiries and complaints received, the majority were related to group and individual accident and health insurance coverage. The most common topics across all product lines were claim handling and policyholder service. Other topics of note were Medicare Advantage products, short-term medical policies with limited coverage, and limited benefit plans. Additionally, consumers contacted OCI regarding self-funded employer health plans, over which OCI has limited jurisdiction. Complaints and inquiries related to life insurance and annuity products were less frequent, and generally concerned consumer dissatisfaction with, or confusion regarding, universal life insurance policies. As in prior years, OCI also continued to receive complaints and inquiries related to premium increases for long-term care insurance coverage.

The following tables summarize the Bureau's complaint data. Table I shows a comparison of complaint

activity over the last six years. A complaint is defined as a written expression of dissatisfaction with an insurance company or agent. Contact may initially be received either in person, by telephone, by e-mail, or in writing, but to be considered a formal complaint that initiates an investigation, a complaint must be in writing. The data presented is based upon formal complaints.

In addition to the formal complaints, the Bureau also handled over 18,000 general inquiries or requests for information in 2018. Most inquiries were by telephone, the remainder were written communications, including e-mail, and in person.

Table II shows 2017 and 2018 complaints by type of insurance. When reviewing this information, it is important to note that a complaint may involve more than one type of insurance.

Table III shows the area of insurance operations that generated the complaint. As with Table II, a complaint may involve more than one area of insurance operations. Just less than 50% of the complaints involved claim problems. Policyholder service was the second most common reason for filing a complaint.

The Bureau keeps track of the amount of money recovered by complainants who filed a complaint with our office. From January 1 through the 4th quarter of 2018, the office assisted complainants in recovering \$3,881,197 from insurers as follows:

Complainants may request an additional complaint review following the outcome of the Bureau's initial complaint investigation if the complaint was not resolved to the complainant's satisfaction or if the complainant would like new information to be considered. The additional complaint review also gives the complainant an opportunity to have their complaint reviewed by advanced level staff or a supervisor. Table V below reflects the number of requests for additional complaint review. Due to the low number of such requests, trend analysis is difficult. However, one goal of this review process is to ensure consumers are provided a complete and detailed explanation of the outcome surrounding their complaint.

Independent Review Process

Under Wisconsin law, individuals have a right to an independent review of their health insurer's adverse determination or an experimental treatment determination. These reviews are carried out by Independent Review Organizations (IROs) registered with OCI. Wisconsin's independent review program began in 2002. Beginning in 2012, most health plans were required to follow the independent review process outlined in federal law. All health plans subject to Wisconsin law are required to submit a report to OCI for the prior calendar year that summarizes the insurer's experience under both the Wisconsin and the federal law. The results from the reports for calendar year 2018 are summarized below.

The chart below summarizes the total number of IRO Determinations and the percent of insurers' decisions that were upheld, and the percent reversed in whole or in part by the IROs.

	Total	Upheld	Reversed

2017	274	73.0%	27.0%
2018	314	63.1%	36.9%

For more information on the independent review process, see the consumer brochure *Fact Sheet on the Independent Review Process in Wisconsin*, available on OCI's website at <https://oci.wi.gov/Documents/Consumers/PI-203.pdf>.

Rate Review

The Office of the Commissioner of Insurance is responsible for enforcing the Wisconsin health insurance laws and thereby regulating the commercial health insurance market in Wisconsin. Rooted in the Wisconsin insurance laws is an approach to insurance regulation that supports functional competition. Functional competition is defined as competition wherein all participants, including consumers, have access to the market on a level playing field. Functional competition in the marketplace supports the pricing of health insurance products at premium rates that reasonably reflects the medical costs, demographics and utilization patterns of health care delivery in Wisconsin, and is therefore critical to a well-functioning market. In keeping with the mission of OCI to protect Wisconsin's insurance consumers and fulfill its obligation to enforce the Wisconsin insurance laws, OCI is committed to support the many strengths of the market as it exists today and facilitate continued competition in the market in the years to come.

Prior to September 1, 2011, Wisconsin required that individual health insurance rates used to develop premiums for individual policies be filed with OCI. There was no standard filing format in place. Rates used to develop premiums for group policies were

not required to be filed. Beginning September 1, 2011, Wisconsin required that health insurance rates used to develop premiums for individual policies, including individually underwritten policies sold through associations, and fully insured group policies issued to employers with 2-50 employees (small group policies) be filed with OCI. Filings are required to be submitted in a standardized format. Filings are reviewed for compliance with all applicable laws and regulations, as well as to determine whether there is any indication the premium rates filed are unreasonable. The Wisconsin insurance laws provide that rates are not unreasonable if a sufficient level of functional competition exists in the market. Rate filings made with OCI are generally available for public viewing on the OCI website at www.oci.wi.gov.

The OCI Rate Review Team is responsible for establishing and enforcing rate filing requirements, reviewing comprehensive individual and small group rate filings, and monitoring trends in the Wisconsin comprehensive health insurance marketplace. In 2018, Wisconsin had a competitive comprehensive health insurance market with 15 companies offering individual coverage, 26 companies offering small group coverage, and 25 companies offering large group coverage.

VI. Financial and Statistical Data

Notes to Tables

The financial information was obtained from NAIC database downloaded on May 10, 2019, for those companies filing electronically with NAIC and annual statements filed with OCI for those companies not filing electronically with NAIC. The tables report the financial position of companies licensed to do business in Wisconsin as of December 31, 2018, and the results of their 2018 operations. Companies in rehabilitation and liquidation may not be included in the financial data.

Table A includes individual entities which may possess multiple licenses. An example would be entities which have a Service Contract Provider, Warranty Plan Administrator, and Vehicle Protection Plan license. Risk Retention Groups are required to register with this office pursuant to the Federal Liability Risk Retention Act of 1986. They are not issued a license to write direct business in Wisconsin.

Tables B-I do not contain financial data for the Other Entities Subject to Limited Regulation.

Direct premiums and deposits for life business reported in Tables B and D include direct premiums written; annuity, deposit and other considerations; and policyholder dividends used for renewals and paid-up additions.

Direct premiums written reported in Table E excludes dividends and deposit and other considerations. Direct benefits and dividends paid includes both benefits paid, and dividends paid or applied during the year.

Direct business written in Wisconsin by Domestic Surplus Lines insurers on an unauthorized basis is excluded from Tables B, D, E, and the Wisconsin portion of the Table F. These premiums were included in the nationwide amounts reported in Tables C and F. The total direct business written by Domestic Surplus Lines insurers excluded in the amounts reported in Tables B, D, E, and the Wisconsin portion of Table F was \$1,423,274.

Tables B, D, and G include non-health premiums written and benefits paid reported for Life insurers filing on the health blank. In Table D, the premiums written were included in Other and benefits paid were included in All Other Benefits due to lack of detail of the information filed. Life premiums totaling \$3,349,565 were not included in Table E due to the lack of detail in the information provided.

Direct premiums written in Table E include insurers with negative premiums written. This may result in premiums written for the 20 ranked insurers in certain lines of business to be greater than all insurers writing that line of business.

The amounts in Tables F-I, except ratio amounts, have been rounded to thousands. Ratios in excess of 999% were reported as "999" and ratios less than 0 were reported as "0." Ratio results outside these thresholds are meaningless.

Explanation of Terms Used in Tables

Wisconsin Operations columns report the direct premiums and losses for Wisconsin-only business for 2018.

Nationwide Operations columns report the net premiums and losses for all operations for 2018.

Direct Business refers to business for which the insurer issued an insurance policy and accepted the premium. **Net** business is direct business plus reinsurance assumed and less reinsurance ceded.

Reinsurance is the transfer of risk between insurance companies. Almost all direct writing companies use reinsurance to transfer a portion of the risk associated with its direct policies. Reinsurance assumed is accepting the risk of other insurers, while reinsurance ceded is transferring the risk to other insurers. Some companies specialize in providing reinsurance to other companies versus writing business directly.

Premium Written is usually defined as premium billed by fire and casualty companies. Rules of life insurance accounting require reporting premiums actually collected. Premium written is a measure of sales activity for the year.

Premium Earned is the result of premiums written in the current and previous years and, in some instances, premiums to be written in the future for current coverages. It is approximately the pro rata portion of the premium charged for each policy for the portion of coverage provided within the calendar year.

Losses Incurred equals losses paid, plus an estimate at the close of the current year of the amounts to be paid in the future for all unsettled claims as of the financial statement date, less the corresponding estimate made at the end of the prior year. If the estimates were exactly correct, then the incurred losses would be the actual cost of all claims arising from coverage provided during the current year. The estimates would also include amounts for IBNR claims (incurred but not reported). Loss adjustment expenses are also included in the losses incurred for nationwide operations of title companies.

Annuity Considerations is revenue received for annuity contracts during the year. The amount corresponds to premiums written on insurance contracts.

Deposits are amounts placed with the insurer that do not incorporate risk from the death or disability of the policyholder and are more comparable to financial or investment instruments than insurance contracts.

Other Considerations are annuity considerations or other deposits which are not allocated to a specific policy but include an insurable risk.

Net Loss Ratio is equal to net losses incurred plus net loss adjustment expenses incurred, divided by net premiums earned.

Expense Ratio is equal to underwriting expenses divided by net premiums written. The loss ratio is determined based on net premiums earned as losses occur randomly throughout the policy term which matches the period the premiums are earned. The expense ratio is determined using net premiums written, because most underwriting expenses (commissions, home office underwriting, and clerical expenses) are incurred at the time the policy is written, not evenly throughout the policy term.

Wisconsin Direct Loss Ratio is a pure loss ratio equal to the direct losses incurred divided by the direct premiums earned for Wisconsin business. This ratio does not include Loss Adjustment Expenses. For insurers with small direct premiums earned, this ratio may not be a meaningful representation of their overall operations. Negative losses incurred would result from the company overestimating the cost to settle open claims as of the end of the prior year or the receipt of salvage or other recoveries from claims paid in prior years which were in excess of amounts incurred for the current year claims.

VII. Directory of Licensed Insurers

Directory of Licensed Insurers

This directory includes all companies, fraternal benefit societies, associations, and town mutuals licensed or otherwise authorized to transact the business of insurance in this state as of December 31, 2017. (For current information, see OCI's website at oci.wi.gov.) The codes used to designate the kind of company and a brief description of each follows.

CC—Continuing Care Organization

Organized under ch. 647, Wis. Stat. Continuing care organizations provide nursing, medical, or personal care services, and maintenance services, for a period over one year or the duration of a person's life, conditioned upon payment of an entrance fee or a portion of the person's estate. Continuing care organizations file a financial statement, on a GAAP basis, which is audited by an independent CPA.

CMO—Care Management Organization

These are nonprofit entities that have been issued a permit under ch. 648, Wis. Stat. CMOs contract with the Department of Health Services to provide care for members through the Family Care program.

DSL—Domestic Surplus Line

A domestic fire and casualty insurance corporation licensed under ch. 611, Wis. Stat., that has been approved by the Commissioner, pursuant to s. 618.41 (13), Wis. Stat., to do business in Wisconsin only on a surplus line basis, through surplus line agents. These insurers may have policies written on an admitted basis prior to their approval as a domestic surplus lines insurer and are thus eligible for coverage by a guaranty association. Domestic surplus lines insurers file the NAIC Fire and Casualty annual statement blank.

FR—Fraternal Benefit Society (or Mutual Benefit Society)

A domestic benefit society organized and operating under ch. 614, Wis. Stat., or a nondomestic benefit society operating under ch. 618, Wis. Stat. A fraternal benefit society is a nonstock corporation which exists for social, educational, charitable, or religious purposes, and also may sell individual life or health insurance to its members. A fraternal is governed through a lodge system and a representative form of government, and members voluntarily perform charitable, educational, etc., services for other members or the public. Fraternal benefit societies file the NAIC Fraternal Orders annual statement blank.

HMO—Health Maintenance Organization (HMO)

Established under chs. 185, 611, 613, or 618, Wis. Stat., and operates under ch. 609, Wis. Stat. HMOs may be for profit, nonprofit, or a cooperative. An HMO makes available comprehensive health care services (performed by providers contracted by the HMO) to enrolled participants for predetermined fixed payments. An HMO may hire medical service providers as employees or may contract with existing hospitals and clinics to provide services to participants. HMOs file the NAIC Health annual statement blank.

IRO—Independent Review Organization

These entities are certified under s. 632.835, Wis. Stat., to provide independent medical reviews to resolve some coverage disputes between an insured individual and the health insurer. To be certified, the IRO must demonstrate that it is unbiased and that its clinical peer reviewers are qualified and independent.

LAH—Life and Accident and Health Company

May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual company or a stock company. Life and accident and health companies write a wide range of life, annuity, individual, and group health insurance. LSHO—Limited Service Health Organization

Similar to an HMO, except that it provides a limited range of health care services (such as vision or dental) to participants. LSHOs file the NAIC Health annual statement blank.

MC—Motor Club Plan

Established under ch. 616, Wis. Stat. A motor club plan may provide emergency road service, towing, bail bonds, map and touring service, etc., to members. Motor club plans file a financial statement which has been audited by an independent CPA.

PC—Property and Casualty Company

A domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer licensed under ch. 618, Wis. Stat., and may be a mutual or stock company. Fire and casualty companies write a wide range of property and liability coverages and individual and group health insurance. Fire and casualty companies file the NAIC Fire and Casualty annual statement blank. Some nondomestic insurers licensed under ch. 618, Wis. Stat., are called reciprocals. Reciprocals are unincorporated associations, operating through an attorney-in-fact, by which subscribers with similar interests (e.g., lumberyards, dry cleaners) provide fire and casualty insurance to each other through the exchange of insurance contracts. Reciprocals file the NAIC Fire and Casualty annual statement blank.

RS—Rate Service Organization

These entities are licensed under s. 625.31, Wis. Stat., to file rates on behalf of designated insurers. These entities are not licensed insurers and are not authorized to transact the business of insurance.

SCP—Service Contract Provider

Established under s. 616.50, Wis. Stat. A service contract provider is a third party which provides repair, replacement, or maintenance services in connection with the sale of goods from seller to buyer (e.g., automobiles, homes, appliances, etc.). (Warranties by the seller, manufacturer, or provider of service directly to the buyer are exempted from regulation by OCI.) Service contract providers file audited GAAP-based financial statements with OCI. If the service contract provider files an acceptable reimbursement insurance policy to assure its performance, then it is exempt from filing financial statements.

TI—Title Company

May be a domestic insurer organized and operating under ch. 611, Wis. Stat., or a nondomestic insurer operating under ch. 618, Wis. Stat.
